

The Wife I Picked Up Is Too Chapter Chapter 931

Did the word 'gentleman' exist in Director Han's dictionary? Not only did he not know how to be protective of the fairer sex, but he also wanted to teach her a lesson. Wasn't this too much?

Han Jintian said coldly, "I can give you another chance. Tell me the truth, did Xie Jiuhan bully you? Or did some blind fellow on the Sacred Island provoke you? Oh, I know. It should be because you don't have a background and look petite and weak, so those idiots on the Sacred Island don't like you, the Young Madam. Did someone bully you behind your back?"

Feng Qing did not say a word, but Han Jintian was talking non-stop. His tone was as if he had heard everything that had happened on the Sacred Island. The more Feng Qing remained silent, the angrier Han Jintian became. His words were filled with anger. He was not angry at Feng Qing, but he was angry at his own guess. Thinking that Feng Qing had been bullied, the anger in his heart rose.

Han Jintian had grown up in a wealthy family and had seen many women marry into wealthy families. Without a good background and a strong background to support them, even with their husbands' protection, they did not live very well.

Feng Qing puffed up her cheeks and looked at the chat window between her and Xing Wudi on the phone screen. "I already said that Little Jiu Jiu didn't bully me. Someone else bullied me."

Han Jintian asked, "Someone else? Who is it?"

Feng Qing sighed and replied, "Xing Wudi, the head of the Xing family in the Seven Stars Continent."

Han Jintian knew Xing Wudi, so Feng Qing did not hide it and directly told him the situation. "Xing Wudi is too annoying. When he and Little Jiu Jiu were trading on the sea, he sent the experts of the Seven Stars Continent to attack. Little Jiu Jiu was shot and bled a lot. Moreover, Xing Wudi even used the strength of the Seven Stars Continent to suppress the Xie Corporation completely. Even the employees of the Xie Corporation who wanted to enter the Seven Stars Continent to study and work in a normal manner were rejected by the Xing family for various reasons. The most infuriating thing is that Xing Wudi even said that I'm a calamity!"

Han Jintian on the other end of the phone almost threw his phone away when he heard Feng Qing's aggrieved words. He shouted angrily, "Say that again. Who called you a calamity?"

Feng Qing said pitifully, "Now, everyone on the Sacred Island has guessed that Xing Wudi knows me. They said that it was all because of me that he schemed against Little Jiu Jiu when he was trading with Little Jiu Jiu. If not for me, why would the Xie Corporation be targeted by the Seven Stars Continent? It was also because of me that the development and advanced studies of others were affected. I was pushed to the opposite of everyone. Everyone now treats me as a devastating existence. It's all because of me that the Xie Corporation is in so much unnecessary trouble."

Han Jintian scolded on the other end of the phone, "Bullsh*t! What do you mean by devastating existence? It's obviously Xing Wudi who's cheap!"

With that, he hurriedly asked, "By the way, you said that Xie Jiuhan, that old fellow, is injured. How is his injury? Is he going to die?"

He wasn't really concerned about Xie Jiuhan, but he was worried that if Xie Jiuhan really died, wouldn't Feng Qing become a widow? She might even be labeled as a jinx. He couldn't accept this reputation.

Feng Qing replied, "Under his left rib, he was injured by a bullet. He had seven stitches, and his bleeding has already stopped. The current situation is very dangerous. If the bullet moves up another two inches, the consequences..."

Han Jintian's angry voice sounded. "F*ck, that bastard Xing Wudi is simply a huge jerk. What does he want to do? Is he planning to make you a widow? Feng Qing, hang up the phone. Watch how I deal with that bastard Xing Wudi. I'll definitely teach him a lesson and let him know that not everyone can bully you."

Upon hearing this, Feng Qing did not say anything else. She blinked at the phone interface. Before she could press the hang-up button, the call was hung up by Han Jintian. Feng Qing shrugged and frowned slightly. "That's strange. Why did I say this to Han Jintian and act pitiful?"

After she said what Xing Wudi had done, Han Jintian started to scold Xing Wudi on the phone. This made her feel very warm in her heart. It was this warm feeling that made her feel even closer to Han Jintian in her heart. It felt like she was snitching to her brother, but the more it was like this, the more puzzled Feng Qing became.
