

## The Wife I Picked Up Is Too Chapter Chapter 934

Upon hearing this, the representatives in the conference room were shocked. The names of Xing Yue and the other two immediately appeared in their minds. Then, everyone turned their eyes to Xing Wudi and looked at him with curious eyes. In the Seven Stars Continent, the three names Xing Yue, Han Jintian, and Han Jinlu were basically on the list of people who could not be offended, even in the Seven Stars Continent. This was because these three names only belonged to the children of the overlord of the Seven Stars Continent, and these three people had a very bad relationship with that overlord. Even if the three of them came together, they would not meet their father. Even if they were forced to meet, the outcome would only be chaos and unhappiness.

The three young masters suddenly wanted to video call Xing Wudi. This made the representatives very puzzled, not knowing what was going on. Looking at the staff who came in, Xing Wudi, who was sitting at the head of the table, was also confused. He had no idea why these three people wanted to video call him. Hence, he asked, "Are you sure the other party is Xing Yue, Han Jintian, and Han Jinlu?"

The staff nodded like he was pecking rice. "That's right. Master Xing, please come with me to the holographic room."

Xing Wudi took a deep breath. Although he didn't know what was going on, he could only put down his work and follow the staff to a special room in the building. This was the holographic video room. After the staff blocked all the surrounding windows and activated the holographic equipment, he hurriedly retreated.

Xing Wudi sat on the office chair and saw Xing Yue, Han Jintian, and Han Jinlu appear in front of him and on both sides. He realized that the three of them seemed to be interrogating the criminal, and he was the 'criminal'!

Xing Wudi's silver pupils constricted slightly, and his eyebrows knitted together. Just from this posture, even though he did not say anything, it made Xing Wudi angry.

Four people and eight eyes looked at each other through the holographic system. For a moment, the atmosphere froze. If it was anyone else who came here, they would probably be scared silent by this aura and break out in cold sweat.

In the end, Xing Wudi was the first to speak. "I was in a meeting when I received news that the three of you wanted a video call. Are the three of you very free? Why are you all in a hurry to look for me? Could it be that you've discovered a new continent?"

Xing Wudi's holographic image was standing not far in front of him. Just as he finished speaking, he saw Han Jintian, who was also a holographic image, rush forward and punch Xing Wudi's face. However, Xing Wudi stood on the spot and did not move. He allowed Han Jintian's fist to pass through his holographic image. Xing Wudi's holographic image trembled for a moment, but it quickly returned to normal. Han Jintian was extremely angry and glared at Xing Wudi.

"Xing Wudi, let me ask you, have you been staying in the Seven Stars Continent during this period of time? If that's the case, don't run around. I'll personally go to the Seven Stars Continent to look for you in three days. My hands have been itchy recently, so I can practice with you." Han Jintian cracked his knuckles as he spoke.

However, Xing Wudi ignored him. His silver eyes looked straight at Xing Yue and Han Jinlu. As the saying goes, a dog that bites doesn't bark. A noisy person like Han Jintian was usually not very scary, but people like Xing Yue and Han Jinlu, who were silent and taciturn, were the most terrifying. Especially Han Jinlu,

although he looked at him with a smile, it made his hair stand on end. Xing Wudi knew that a person like Han Jinlu was the real ruthless person. He was probably thinking about how to deal with him.

On the other hand, Xing Yue still had the style of a soldier. He stood straight and did not smile. His standard square face had always been sunny, but today, Xing Yue looked at him with a cold gaze.

Seeing the three of them questioning him, Xing Wudi sneered. "I don't think I've seen the three of you recently. If I haven't seen you, I haven't offended you, right?"

Upon hearing this, Han Jintian sneered and said, "What's so great about you? You're the head of the Xing family in the Seven Stars Continent. You're young and promising and have the power to rule the world. You're so capable that you can cover the sky. How can a person like me, who's unknown in the Seven Stars Continent, be in your eyes?"

Xing Wudi frowned. Han Jintian's mocking words made him even more puzzled. Hence, he said, "Second Young Master Han, you're joking. Although you rarely enter the Seven Stars Continent, you'll always be the recognized second young master of the Seven Stars Continent. No matter how powerful I am, I'll only be able to carry your shoes."
