

## The Wife I Picked Up Is Too Chapter Chapter 935

“Tsk tsk, as expected of the head of the Xing family, your words are pleasant to the ears. However, I don’t dare to call myself the Second Young Master in front of you. If you really treat me as the Second Young Master in your heart, why don’t you kneel down and help me carry my shoes?” Han Jintian’s strange voice sounded, sounding like he was sending him to a “social death”.

The Seven Stars Continent was a technologically advanced society, not an old society. The Han family had a high status in the Seven Stars Continent, and as the second young master of the Han family, Han Jintian was also a high and mighty existence with an extremely high status, but as the head of the Xing family, Xing Wudi did not have to carry his shoes for him.

Xing Wudi said in a deep voice, “Second Young Master Han, let’s be honest. How did I provoke you for no reason?”

At this moment, Han Jinlu said, “Xing Wudi, I can give you a hint. For example, immediately cancel the suppression and targeting of the Xie Corporation.”

Han Jinlu’s voice was lukewarm, but when he said this, he used a commanding tone. Moreover, his voice was secretly filled with anger, as if as long as Xing Wudi did not agree, Han Jinlu would immediately explode.

Xing Wudi was stunned for a moment when he saw Han Jinlu’s gloomy gaze. Then, he quickly came back to his senses. Like Han Jinlu, he could become the head of the Xing family in the Seven Stars Continent at such a young age. He was naturally not someone ordinary people could compare to. He would not let anyone see through his true thoughts. Xing Wudi sat on the chair and casually placed one hand on his thigh. Then, he leaned back straight. After Xing Wudi took a deep breath, his silver eyes swept across

Xing Yue, Han Jinlu, and Han Jintian. He couldn't help but smile and ask, "I didn't expect that the three young masters were actually here to seek revenge for Xie Jiuhan. When did you guys become so close to Xie Jiuhan?"

Han Jintian's voice was filled with disdain. "Don't f\*cking talk nonsense. Who the f\*ck is seeking revenge for that stinky idiot Xie Jiuhan?!"

Xing Wudi was stunned. "Not Xie Jiuhan?"

His brain worked rapidly, and he quickly recalled the Feng family's engagement banquet. He still remembered the scene at that time. Han Jintian and Han Jinlu had also gone to the banquet, and they were both sitting beside Feng Qing at that time. Thinking of this, Xing Wudi roughly understood the situation. Hence, he probed, "You called me over in such a big formation and asked me not to target the Xie Corporation anymore. Could it be because of Feng Qing?"

When he asked this question, Xing Wudi shouted to himself, "That shouldn't be possible, right? When did Feng Qing know them and when did their relationship become so good? She can actually make the three of them put down their prejudices and share a common enemy?"

Xing Wudi didn't dare to say anything about others, but he knew Han Jinlu very well. Although Han Jinlu always had a smile on his face, he was actually extremely scheming and he was good at it. He was like a crypt spider hiding in an underground nest. When he started hunting, he would rush out unexpectedly and drag his prey into a trap he had set in advance. The prey would never understand how it was killed until its death. Even the stupid prey would never know who killed it.

Most importantly, Han Jinlu looked gentle and amiable on the surface, but he was actually a very cold person. He had never been close to anyone. Countless members of the Seven Stars Continent and other families had wanted to rope Han Jinlu in. In the end, not only did they not succeed, but they were also played by him. He was famous for being difficult to deal with in the Seven Stars Continent. Compared to Han Jinlu, Han Jintian was even more extroverted. He had a bad temper, was impulsive and ostentatious, and would attack whenever there was a disagreement. Moreover, Han Jintian had a very strong personality and was covered in thorns. Ordinary people were not in his eyes at all, so it was very difficult to build a good relationship with him.

Even so, this pair of twin brothers was also the target of countless families in the Seven Stars Continent to curry favor with. However, no matter how they roped them in and what benefits they were promised, they still did not move. This pair of enemies had lived in the Han family since they were young. The heads and descendants of the wealthy families in the Capital wanted to build a good relationship with them, but in the end, no one could become their friend. Even Xie Jiuhan, who was also a young hero, had a very cold relationship with this pair of brothers.

In the end, Xing Wudi's gaze stopped on Xing Yue's face. Xing Yue lived in Country F all year round. As the adopted son of the President of Country F, he was very busy every year. He couldn't even handle the internal affairs of Country F, so how could he have the energy to pay attention to what was happening in Xia country? Moreover, he was far away in Country F and had never been to Xia country. Naturally, his relationship with the wealthy families in Xia country wasn't too deep.
