

## The Wife I Picked Up Is Too Chapter Chapter 936

After looking into Xing Yue's eyes for a while, Xing Wudi asked, "Young Master Xing Yue, why are you looking for me?"

Xing Yue's lips curled up slightly. "Master Xing, aren't you the rare genius youth in the Seven Stars Continent? Aren't you the so-called resourceful President? Guess why I'm looking for you?"

Unlike Han Jintian and Han Jinlu, Xing Yue's voice was filled with mockery and provocation when he spoke. However, his words made Xing Wudi feel even more puzzled. Hence, he probed again, "It should be late at night on Young Master's side, right? You aren't sleeping just to have a full video call with me. Could it be that you want me to withdraw the matter of suppressing the Xie Corporation too?"

Even though he was tens of millions of kilometers away and even though the person in front of him was only Xing Yue's virtual hologram, Xing Wudi could still feel a surging and powerful aura from Xing Yue. If it was in ancient times, Xing Yue would be an imposing, strong, and benevolent emperor. Although the aura on his body was powerful, it always gave people a scorching feeling, as if he was a sun that wanted to melt everyone. Xing Yue's special temperament was innate and could not be imitated even if others wanted to.

The corners of Xing Yue's mouth suddenly curled up into a brilliant smile. "Be more confident and get rid of the 'want' part. I didn't sleep at night and even came to look for you for a meeting. I'm not here to discuss anything with you. I'm asking you to immediately cancel all the suppression on the Xie Corporation."

With that, Xing Yue said, "Do you understand?"

Xing Wudi frowned and said without surprise, "All these years, the Xie Corporation has been making all sorts of deals with the Seven Stars Continent. At one point, they had taken a lot of advantage of all sorts of projects. Although I'm targeting the Xie Corporation, Xia country is supporting the Xie Corporation after all. I..."

Before he could finish speaking, Xing Wudi reacted and changed the topic. "Young Master Xing Yue, are you doing this for Feng Qing too?"

Upon hearing this, Xing Yue's holographic image walked up to him. He was only two punches away from Xing Wudi. Looking at the tall and strong Xing Yue and his strong muscles, Xing Wudi felt a suffocating aura pressing down on him. Before he could react, two different auras pressed towards him. In an instant, Xing Wudi had the illusion that he had fallen into an ice cave and the surrounding walls were pressing down on him.

Xing Yue said, "Xing Wudi, don't tell me you don't know that Qingqing is already married. You covet a married woman and even used methods to play with her husband behind her back. You even almost killed her husband at sea. Don't you think your actions will make the Xing family very dangerous?"

Han Jinlu said coldly just then, "Just because Xie Jiuhan is Qingqing's husband, you want to find trouble with the Xie Corporation in all sorts of ways and even found a good excuse for yourself. Then, when you did these things, did you think about the consequences you would bring to Qingqing? Do you know that your actions make her a thorn in everyone's side on Sacred Island?"

Han Jintian clenched his fists and gritted his teeth as he shouted at Xing Wudi, "Xing Wudi, tell me the truth. Has it been too long since someone beat you up, so your butt is itchy?"

Sweeping his gaze across the three of them, Xing Wudi sneered and said, "I naturally know what I've done. The moment I decided to suppress the Xie Corporation, I had already expected the consequences. And I only have one goal, and that is to force Feng Qing to come to the Seven Stars Continent obediently."

Xing Yue raised his eyebrows. "Force Qingqing to go to the Seven Stars Continent?"

Xing Wudi nodded and said, "That's right. Everything I've done is actually just because I want Feng Qing to come to the Seven Stars Continent. As for you three young masters, no matter what your relationship with Feng Qing is or how good your relationship is, none of you can make me give up on suppressing the Xie Corporation, much less stop me from forcing Feng Qing to come to the Seven Stars Continent."

Han Jinlu said in a deep voice, "Why do you have to force Feng Qing to the Seven Stars Continent? Please give us a reasonable reason."

The corners of Xing Wudi's mouth twitched as he said, "From the conversation just now, I can tell that the three of you are very concerned about Feng Qing, but my feelings for Feng Qing are different from yours because I love her!"

From the attention and love Xing Yue and the other two had for Feng Qing just now, Xing Wudi could tell that these three young masters had an extraordinary relationship with Feng Qing. Moreover, the

protective attitude the three of them had towards Feng Qing was more like the kind of protection an older brother had for his younger sister. However, no matter what their relationship was with Feng Qing, it did not stop him from continuing to love Feng Qing.
