

The Wife I Picked Up Is Too Chapter Chapter 949

To Xie Jiuhan's surprise, for the next ten days, Han Jintian and Han Jinlu came to the Xie Manor every day to treat Han Jinlu's legs. At the same time, they could freeloader on the delicacies of the Xie Manor. Although Xie Jiuhan was very dissatisfied with this, he could only tacitly agree to the Han brothers' actions for Feng Qing's sake.

The only thing that made Feng Qing happy was that after this period of treatment, not only could Han Jinlu's legs feel again, but he could also get up and take two steps on his own. However, his legs had not been used for too long, causing the muscles in his department to atrophy. Therefore, even if he could walk, he would have to recuperate for a period of time.

As time passed, the Han brothers no longer treated themselves as guests of the Xie Manor. Every day, when it was close to lunchtime, Han Jintian would go to the kitchen of the Xie Manor and personally order the dishes for the kitchen. Every time this happened, Xie Jiuhan's body would emit a cold aura, like a big tiger whose territory had been occupied. He wished he could bite Han Jintian to death. However, what made Xie Jiuhan helpless was that any dish Han Jintian ordered was Feng Qing's favorite. Seeing this situation, even if Xie Jiuhan was dissatisfied, he could only pretend not to see anything.

After another sumptuous lunch, Han Jintian and Feng Qing left the Xie Manor. Just as they got into the car, Han Jintian opened his phone and checked his Moments. There were already dozens of messages on it. Recently, he and Han Jinlu had been very diligent in posting on Moments. The two of them had the intention of competing again and comparing who posted more on Moments. They were showing off their lunch at the Xie Manor every day and taking all sorts of photos with March. Xing Yue, who was far away in Country F, couldn't come back and could only crazily like and comment on their Moments.

Han Jintian changed into a comfortable position and quickly posted on his Moments with both hands holding his phone. Recently, the rate of updates on his and Han Jinlu's Moments has soared. He wished he could update it ten times a day. The two of them were comparing who had more photos with March and who had eaten more delicacies in the Xie Manor. Xing Yue knew that they had been looking for Feng Qing in the Xie Manor every day recently, so he had been sending envious expressions on their Moments.

Just as Han Jintian finished posting on Moments, a video call request suddenly popped up on his phone screen. Han Jintian took a look and said, "It's Little Seven."

As he spoke, he even glanced at Han Jinlu, who was beside him. At the same time, Han Jinlu waved his phone at him. It turned out that Han Jinlu had also received an invitation to a video call. Han Jintian took a deep breath and pressed the answer button after adjusting his mood. Seeing that he had picked up, Han Jinlu picked up helplessly.

Immediately after, the screen of their phones turned at the same time. A little girl with a head of dirty braids, big earrings, and an oval face appeared on the screen. The little girl's eyes were large, clear, and innocent. As soon as she saw Han Jintian and Han Jinlu on the screen, she couldn't help but pout her pink lips and instantly reveal a pitiful expression. Before she could speak, she had already silently complained to the person on the other end of the phone. Seeing the little girl like this, Han Jintian and Han Jinlu both revealed bitter smiles.

The next second, the little girl's childish voice sounded. "Alright, Han Jintian, Han Jinlu. It turns out that the two of you are eating and drinking outside every day and living a fairy-like life. Have you forgotten the mission to help me find Sixth Sister?"

Han Jintian smiled bitterly. "Little Seven, we've been looking..."

Without waiting for him to continue, the little girl on the phone interrupted, "Hmph, who would believe you? I think you guys have lost your aspirations. You guys are living in the Capital's Xie Manor now. You only know how to post on Moments every day and don't do anything serious. How can you have the time to help me look for Sixth Sister? Even Brother Xing Yue said that he's going to look for you guys to enjoy delicious food."

At this point, the little girl pouted and placed her hands on her waist. She coaxed angrily, "I can tell that not only Brother Xing Yue, but even the two of you don't have my sixth sister in your hearts anymore."

The childish voice echoed in the car, making it impossible to tell if the person who spoke was a boy or a girl. The little girl said with tears in her eyes, "I officially inform you now that I already hate you. I don't expect you to look for Sixth Sister anymore. You've been looking for so many years, but you still haven't found my Sixth Sister. I hate you. From now on, I want to look for Sixth Sister personally. I don't need you anymore."
