

## The Wife I Picked Up Is Too Chapter Chapter 951

Upon hearing Di Haoming's words, Han Jintian teased, "Little Seven, if you were to be a strong man, won't we all become man of steel?"

With that, he said, "You, don't be a brat all day long. Just stay in the Di Palace obediently and be a little princess. If you don't cooperate with that crazy father, not only will you be punished, but the entire Seven Stars Continent will be in a mess because of him."

Di Minghao said firmly, "That's impossible. I will definitely not compromise with that perverted father again. I want to be an upright man, not a doll all day long. I also want to be like other boys and play freely outside. I don't want to be locked in a princess's room every day and be a little princess isolated from the world."

At this point, Di Minghao pouted and said with a look of disdain on his face, "Think about Fourth Brother. He's been treated as a girl since he was young. And now he's gay. I can't accept it. I want to be a normal person. I originally hoped that you would help me find Sixth Sister, but now, it looks like I can only rely on myself. As long as I make a move, I can definitely find Sixth Sister faster than you."

As the three of them spoke, Di Minghao finally finished changing his clothes. He spun on the spot and revealed a cute and satisfied smile. Then, he waved at the phone screen and said, "Second Brother, Third Brother, tell Big Brother that we'll meet outside soon."

With that, he hung up the phone without waiting for Han Jintian and Han Jinlu to react. Clearly, the little fellow was already prepared, but they didn't know if he could successfully escape from the Di Palace.

Han Jintian put down his phone and said, "If I remember correctly, this is the twentieth time Little Seven has clamored to escape from the Di Palace. I bet he won't even be able to walk out of the villa."

Han Jinlu pondered for a moment and said, "I feel that Little Seven is very determined this time, and he should have been planning for a long time. I reckon he should be able to walk to the pool in the courtyard this time and be carried back to the princess's room by the bodyguards."

Upon hearing this, Han Jintian immediately smiled and slapped his thigh. Even Han Jinlu couldn't help but smile. As he smiled, Han Jintian's eyes were dyed with a hint of loneliness. "It's been hard on Little Seven. He has to bear what he shouldn't have at his age every day. However, it can't be helped. Who asked us to have such a perverted father?"

At the mention of that perverted man, the atmosphere in the car instantly froze. Their biological father was an out-and-out pervert. He was a lunatic, a pure lunatic. However, such a man was the only overlord in the entire Seven Stars Continent. As long as he stomped his feet, he could cause the entire Seven Stars Continent to tremble. As long as he was willing, he could easily cause the entire world's financial market to tremble.

Han Jintian, Han Jinlu, and Xing Yue had all interacted with this crazy father. They thought that they could be a loving father and a filial son, but after interacting for a few hours, they realized that their biological father was a pure lunatic.

That man, who had huge strength in the Seven Stars Continent, had never cared about his sons. That crazy man only cared about one person in his heart, and that was his wife, Feng Yiru, and the daughter Feng Yiru had given birth to for him. Feng Yiru's fourth, fifth, and seventh children had all grown up by

the man's side, and the sixth child was his only daughter. Ever since that man found out that Feng Yiru had given birth to a daughter for him, apart from building a few super luxurious princess rooms for his daughter in the Di Palace, he had also spent a huge sum of money to build a crystal paradise in the Seven Stars Continent. However, what he did not expect was that after the huge crystal paradise was built, that man had yet to find his daughter.

In order to satisfy his desire for his daughter, this man, whose heart was already distorted and perverted, actually forced his fourth son to wear a princess dress since he was young. Later on, when his seventh son was born, he forced his seventh son to also wear a princess dress.

Fortunately, Little Four and Little Seven were both talented and smart children. They did not really treat themselves as girls because they wore female clothes since they were young. They knew their gender very well. However, it was very embarrassing for them to wear female clothes, but they could not resist the will of his father. As long as their father saw that they were not wearing female clothes, their father would fall into a crazy state. He could get as crazy as he could. Every time he flared up, it would even implicate the entire Seven Stars Continent, causing all the forces in the Seven Stars Continent to be in chaos.

In order to not let this overlord of the Seven Stars Continent fool around, the seven heads of the Seven Stars Continent could only beg the two 'little princesses' to wear female clothes.
