

The Wife I Picked Up Is Too Chapter Chapter 966

“Over the past few days, I’ve sent that master a few emails. That master happened to be in the Capital, so I rushed over. However, if I want to ask that master to work for Ninth Master, I’m afraid it won’t be resolved with a call.” After writing down the contact information, Xie Ruoyun added.

“Oh? It looks like your friend is very arrogant?” Feng Qing raised her eyebrows.

“To be honest, I plan to look for this master in two days and personally visit him to ask him to help Ninth Master. If he’s unwilling, I’ll kneel down to him on the spot until he agrees,” Xie Ruoyun said confidently.

“Yes, I didn’t expect you to be so concerned about Jiuhan. You’ve worked hard.” Feng Qing was amused by Xie Ruoyun.

“Young Madam, you’re being too polite. As a member of the Xie family, we should do our best for the Xie family. It’s our honor to share Ninth Master’s worries,” Xie Ruoyun said.

“Alright, when Little Jiu Jiu comes back, I’ll tell him your thoughts.” Feng Qing nodded.

“Then I’ll trouble Young Madam. If there’s nothing else, I’ll go back first,” Xie Ruoyun replied respectfully. The reason why she came to look for Feng Qing was mainly because she wanted Feng Qing to help her pass on the message. Whether Feng Qing would do this or not was Feng Qing’s own business. It was fine if Feng Qing passed it on, but if she forgot or deliberately did not pass it on, it would be Feng Qing’s negligence as the madam of the Xie family.

After Xie Ruoyun left, Feng Qing took out her phone and sent a message to Little Wu. "Follow Xie Ruoyun."

...

After Xie Ruoyun left the Xie Manor, she went straight to her residence in the Capital. After a while, Little Wu replied, "She didn't go anywhere else. There's no abnormality at the moment."

Feng Qing thought for a while and replied, "Hide well and monitor her for three hours. If she doesn't move within three hours, you can come back."

However, just as the three hours were about to end, Little Wu saw a silver luxury car slowly drive out of the underground garage where Xie Ruoyun lived. Little Wu was hiding in a dark corner. She was wearing special sunglasses and could easily see the glass of the car with the black film. Hence, she saw Xie Ruoyun sitting in this silver luxury car.

Looking in the direction of the silver luxury car, Little Wu sent a message to Feng Qing. "Something happened. Xie Ruoyun left the place by car."

In less than two seconds, Feng Qing replied, "Follow and take a look. Be careful."

The next second, Little Wu found a black modified motorcycle from nowhere. After cooperating with her, she sped in the direction Xie Ruoyun left like a black bolt of lightning.

After Xie Ruoyun got out of the car, she stepped into the VIP elevator. Privacy was very good in a clubhouse like this. There was a parking space and an elevator entrance. When they got on the elevator, no one knew which floor they had gone to. The elevator door opened and Xie Ruoyun walked out. She looked around and after confirming that no one was following, she walked straight to the deepest private room in the corridor. At the door, she swiped a card on the door. Then, the private room door opened. Xie Ruoyun looked around again before walking into the room.

After walking into the private room, Xie Ruoyun saw Long Yuning sitting inside. Before she could sit down, Long Yuning asked, "Is it done?"

Xie Ruoyun sat on the sofa and saw Long Yuning pour her a cup of green tea. She picked up the teacup and sniffed it, revealing a look of enjoyment. Then, she slowly took a sip and said, "Yes, the tea here is not bad. Don't worry, I've already left the contact information to Feng Qing. As for whether she will contact the other party, this is not something I can control. Although I don't like her very much, she's the madam of the Xie family after all. I can't force her to do anything."

Long Yuning was wearing a tight denim suit and a white hat on her head. She was dressed sexily. Just the watch on her wrist was worth at least a million. After she returned from Country F, her life started to go downhill. Not to mention her reputation being ruined, she was even almost fired by the Sun dance troupe. It was only after she begged the regiment commander for forgiveness repeatedly that she was barely kept. However, the chief position that originally belonged to her was given to someone else. The regiment commander wanted her to be an ordinary dancer in the Sun dance troupe. She had fallen from a high place. How could she be willing to be ignored at the bottom? The huge difference was unacceptable. In the end, she had no choice but to leave the troupe.
