

## The Wife I Picked Up Is Too Chapter Chapter 970

Xie Jiuhan looked at the woman opposite him with a teasing expression. When this woman was fierce, she was like a kitten, cute and fierce. However, the man did not say anything, he just picked up a piece of fish and stuffed it into the woman's mouth.

Feng Qing did not stand on ceremony and bit down. The man's two slender fingers were instantly bitten. The woman's white and tough teeth bit his fingers and even deliberately exerted some strength. However, when her front teeth hurt from biting, the man's eyebrows did not move. Feng Qing bit the man's fingers and snorted angrily. She did not expect this man's skin to be so thick!

After biting for a while, Feng Qing finally lost interest after seeing that the man was unmoved. She let go of the man's finger and ate the fish in her mouth. After eating for a while, Feng Qing suddenly said, "By the way, Xie Ruoyun came to the Xie Manor today."

Xie Jiuhan was expressionless, as if he was not interested at all. Feng Qing could only continue, "Ruoyun told me that she has a friend in the Seven Stars Continent's Research Institute who is a master in machinery, weapons, and nuclear weapons. Therefore, she wanted to introduce this master to you, planning to let this master help you complete that project. She even left behind the master's contact information."

After hearing Feng Qing's words, Xie Jiuhan's face was filled with disdain. He put down his chopsticks and snorted coldly. "Do you think I need her to worry about controllable nuclear fusion technology with my strength?"

Feng Qing continued, "Ruoyun also said that if you're busy, I should contact that master as the madam of the Xie family. It could be considered as sharing your worries."

Xie Jiuhan's expression instantly turned cold. He said in a gloomy voice, "Tell Xie Ruoyun that I don't need the help of some bullsh\*t master from the Seven Stars Continent, and as the madam of the Xie family, you don't have to lower yourself to look for that bullsh\*t master. Don't you believe in your man?"

Feng Qing's clear eyes looked at the man seriously. "Of course I believe in my husband."

At this moment, she only had eyes for Xie Jiuhan. It was as if with this man in her world, she could no longer hold anything else. Xie Jiuhan also obtained more confidence from Feng Qing. The man nodded. "Yes, wait for my good news. I definitely won't disappoint you."

With that, the two of them fell silent for a while. After taking a bite of beef, Xie Jiuhan suddenly called out softly, "Qingqing."

Feng Qing subconsciously raised her head. "Huh?"

At this moment, her mouth was filled with fish meat, and her cheeks were slightly puffed up. She was as cute as a little squirrel that was eating, making people want to pinch her face.

Feng Qing heard Xie Jiuhan say in a gentle and low voice, "I want you to remember something forever. Can you promise me?"

Feng Qing asked curiously, "What is it?"

"Remember, your man is omnipotent!" Xie Jiuhan said firmly.

Light swirled in Feng Qing's clear eyes. She narrowed her eyes and revealed a smile that was like a flower. Of course, she knew her man's ability and knew that nothing in the world could stump this man. Even if there was now, it would be destroyed quickly. In her eyes, Xie Jiuhan was the Mechanical God of the Xia Academy of Science. He was the King of Hackers who dominated the Internet. He was the King of Killers, Netherworld. This man's talent, genes, and abilities far exceeded her imagination. He was an existence she would always want to chase after and look up to.

Feng Qing said seriously, "Little Jiu Jiu, you can do whatever you want. Moreover, I want you to always remember one thing, and that is that I will always support you behind your back. I believe in you."

With that, she said, "But I still have to do this. Xie Ruoyun has already said so much. If I don't do something, I'll really be letting down my status as the madam of the Xie family."

The corners of Xie Jiuhan's mouth curled up slightly because he could see a sly glow in Feng Qing's eyes. With his understanding of Feng Qing, he knew that this woman must be scheming something again. This time, Xie Jiuhan did not stop her. Instead, he chose to acquiesce with a dotting expression. Then, he picked up another piece of fish for her.

After dinner, Feng Qing took out her phone and opened WeChat. Only then did she see the message Han Jinlu had sent her. She asked Han Jinlu to check. Half an hour later, Han Jinlu sent the information of the investigation to Feng Qing. After looking at the information, Feng Qing was immediately stunned on the spot. She mumbled in disbelief, "Du Yu? Why is it him?"
