

The Wife I Picked Up Is Too Chapter Chapter 973

Feng Qing's senses were sharp. Although she didn't know who Xie Ruoyun was sending a message to, she could tell from Xie Ruoyun's sneaky look that she was definitely doing something shameful. She could even see nervousness and panic in Xie Ruoyun's eyes.

Xie Ruoyun did not notice that Feng Qing was secretly observing her. At this moment, her attention was all on her phone. She subconsciously pursed her lips and typed, "Is it good for me to drug Young Madam personally?"

Long Yuning replied, "Feng Qing is going to the Heaven and Earth Hall. What has what happened to her in the Heaven and Earth Hall got to do with you?"

Seeing that Xie Ruoyun did not reply, Long Yuning hurriedly sent a message and added, "Don't worry, I've already spent a huge sum of money to bribe a servant in the Heaven and Earth Hall. I originally planned to let this servant drug her, but since you're also going, you'll do it yourself. This way, you can ensure that nothing goes wrong. When the time comes, I'll even let that servant take the blame for you. That person will say that Du Yu drugged Feng Qing. That way, you won't be suspected and no one can do anything to you."

Xie Ruoyun took a deep breath. She recalled the matter she had discussed with Long Yuning in the private clubhouse and recalled the email that was sent from the Seven Stars Continent. Coupled with the fact that the Xie family had been targeted by the Xing family in the Seven Stars Continent, it was unknown when this situation of losing tens of millions every day would change. If it continued like this, as a member of the Xie family's collateral branch, she would probably never be able to pursue her studies in the Seven Stars Continent's medical school that she had dreamed of for her entire life.

The culprit behind all of this was Feng Qing. Feng Qing was the one who had offended Xing Wudi and brought so much trouble to the Xie family. It was also Feng Qing who had delayed her life and destroyed her original plan to go to the Seven Stars Continent. Most importantly, she had known Long Yuning since she was a child. At that time, she had already tacitly agreed that Long Yuning would become the madam of the Xie family when she grew up. Therefore, she had always maintained a good relationship with Long Yuning. Her goal was to one day be able to follow Long Yuning's coattail and stand at the core of the Xie family.

However, she didn't expect Feng Qing to appear out of nowhere and intercepted Long Yuning when her wish was about to be fulfilled. This made Xie Ruoyun's efforts go to waste, which also indicated that her foresight was useless. This was why she could not accept Feng Qing as the madam of the Xie Family. She was an outstanding individual on the Sacred Island, and was praised and admired by many people. Her foresight and IQ was definitely good at making decisions. But Feng Qing used reality to slap her in the face, telling her that her foresight and IQ had made the wrong decision. How could she accept this? No one is allowed to defeat her pride. Xie Ruoyun would definitely not let herself lose to a woman she looked down on. Thinking of this, Xie Ruoyun gritted her teeth and replied, "Alright, I'll do it."

About an hour later, Feng Qing's car slowly stopped at the entrance of the Heaven and Earth Hall. The servant opened the car door and Xie Ruoyun and Feng Qing got out of the car. Just as she stood firm, Feng Qing heard someone call her. Xie Ruoyun subconsciously turned around and saw three men appear neatly in front of her. They were Xie San, Xie Ba, and Xie Si. However, before Xie Ruoyun could react, she realized that a fourth person was walking over from afar. When she looked over, she was petrified on the spot. Xie Ruoyun rubbed her eyes in disbelief. She had just seen that the person walking over was actually her biological father, Xie Cheng.

Looking at Xie Cheng's serious expression, Xie Ruoyun was stunned on the spot. Only her trembling pupils could show how shocked she was. Xie Ba and Xie Si were Feng Qing's secret guards now. It was not strange for them to appear here with Little Wu, but why were Xie San and her father here? This was really beyond her expectations.

Seeing that everyone was looking at her, Xie Ruoyun pretended to be calm and said, "Dad, why-why are you here? Shouldn't you be working at the corporation?"

Xie Cheng replied, "Young Madam asked Xie San and me to come over. Didn't you plan to ask the master from the Seven Stars Continent to help the Xie Corporation today? Young Madam values this matter very much, so she hopes that Xie San and I can come here to help."

Upon hearing this, Xie Ruoyun felt uncomfortable. Her face was filled with haze, and the corners of her eyes twitched from time to time. She clenched her fists. Her biological father was here, so how could she carry out her plan? If they found out, wouldn't she...?
