

The Wife I Picked Up Is Too Chapter Chapter 975

Xie Ruoyun gritted her teeth and stomped her feet. "Alright, alright. Young Madam, don't be angry. I'll go to the door and kneel until Master Du Yu agrees to meet you. This will also prove my sincerity to the Xie Corporation!"

With that, she walked to the entrance of the clubhouse without turning back and knelt down in front of the two security personnel. She asked the guard to tell Du Yu that she would be kneeling at the door today. If Du Yu didn't see her, the Xie Corporation wouldn't leave. Anyway, she had already knelt, so she would risk it today.

—

At this moment, in Room 188 of the Heaven and Earth Hall, Du Yu was receiving guests from the Seven Stars Continent. The person sitting in front of Du Yu was the second master of the Xian Family in the Seven Stars Continent, Xian Cheng.

Xian Cheng was Du Yu's good friend. Because he was here, Du Yu didn't care that Young Madam of the Xie family wanted to see him. Moreover, he didn't care who the other party was at all. No matter who it was, they couldn't disturb his interactions with his good friend.

Du Yu sat on the sofa and looked at the information in the notebook in front of him. After hearing Xian Cheng's purpose in looking for him this time, he said in a dry voice, "I didn't expect the Prime Minister to be so sick. You have to capture Madam's relatives to go to the Seven Stars Continent to barely calm his condition? But is this really useful? Is this girl called Feng Qing very similar to Madam Yiru?"

After looking at Feng Qing's information, Du Yu felt that it was a little unbelievable. He was deeply skeptical about capturing this girl called Feng Qing to the Seven Stars Continent to treat the Prime Minister. Would this be effective? He knew the Prime Minister's situation. Even the young masters he and Madam Yiru gave birth to couldn't suppress his illness. Now, he was looking for Feng Yiru's family in Xia country. How much use could it be to the Prime Minister and will it really be useful?

Xian Cheng sighed and said, "Seventh Young Master ran away. The Prime Minister is sleeping in the icehouse all day now. We can only try everything we can. Regardless of whether it's useful or not, we can only let this girl try first. You have to complete the mission."

Du Yu raised his eyebrows and said, "But if you capture Feng Qing and bring her to the Seven Stars Continent..."

Xian Cheng interrupted, "It's unpleasant to say it like this. How can it be called capture? Just give the Feng family a sky-high price that they can't refuse. If they still want power, it's not like we can't give it. In short, no matter the price, we have to bring this girl called Feng Qing to the Seven Stars Continent. Moreover, you can also tell the Feng family that if Feng Qing doesn't have any effect on the Prime Minister's condition, we can send Feng Qing back from the Seven Stars Continent and completely ensure her safety. If she's effective on the Prime Minister's condition, the Seven Stars Continent will also give the Feng family some benefits every year."

At this moment, the phone in the room rang. Du Yu picked up the phone and the security guard who was parked outside said, "Mr. Du, the Xie Corporation's people are kneeling at the entrance of the clubhouse."

Du Yu's expression froze. "What? The First Madam of the Xie Corporation is kneeling at the door?"

The security personnel hurriedly said, "No, it's a follower who came with the First Madam of the Xie Corporation. It looks like a servant girl or something."

Du Yu sneered and said, "Don't disturb me for such a small matter. If they want to kneel, then kneel. Call me again when the First Madam of the Xie Corporation has also knelt."

As the genius scientist of the Seven Stars Continent and as the top talent of the Seven Stars Continent's Research Institute, he had never taken anyone other than the Seven Stars Continent seriously. However, when he put down the phone, he became curious again. He didn't know what the entrance of the clubhouse was like at this moment, so he picked up a tablet from the side and saw the situation in front of the door through the surveillance app. Then, he saw the woman in a gown, and his eyes were instantly attracted to the woman's chest. After looking for a while, Du Yu couldn't help but smile. "I didn't expect that this servant girl actually likes to wear a dress, or is she deliberately wearing this to seduce me?"

Looking at the woman on the screen, Du Yu felt an itch in his heart. He said to Xian Cheng, who was sitting at the side, "Ah Cheng, I want to meet the people from the Xie Corporation."

Xian Cheng took the tablet and looked at it. Then, he gave Du Yu an angry look and said, "If you miss women, just say it directly. Why can't you like anything else? You'll die on a woman's stomach sooner or later."

With that, Xian Cheng stood up and threw the tablet on the sofa. "Forget it, I won't disturb you from going to the arms of a woman. I'll go to the room opposite for a while."
