

The Wife I Picked Up Is Too Chapter Chapter 989

The VIP elevator stopped on the 95th floor. The two executives who had stepped into the elevator on the 56th floor just now saw Feng Qing following when they walked out of the elevator. The two of them had never seen Feng Qing before, so they asked curiously, "Young lady, which department are you from? Looking at your level one employee pass, you should be an intern, right? Shouldn't interns be below the tenth floor? Why are you here?"

Feng Qing said without turning back, "I'm here to look for my husband."

With that, she quickened her pace, not wanting to say anything else to the two of them. She turned left and right, as if she was very familiar with the terrain here, and walked straight to the president's office. The two executives looked in the direction Feng Qing left and realized that the security personnel inside did not stop Feng Qing. It was only when Feng Qing stepped into the secretary center that an executive said, "What's going on? Could it be that the company has changed the rules? Since when can the relatives of the secretary center come to the 95th floor at will?"

Another executive said, "Let's go and take a look. Let's see whose relative this young lady is. She came to look for her husband in broad daylight. Something important must have happened at home. Perhaps we can watch a big show or something."

Very quickly, two executives walked into the secretary center one after another. However, they did not see Feng Qing in the secretary center. Su Yu, who was busy, asked when he saw them, "What's the matter?"

An executive said, "Secretary Su, we saw a relative from the secretary center walk in just now. Where did she go?"

Upon hearing this, Su Yu frowned and said in confusion, "A relative from the secretary center? What do you mean by walking in? From just now until now, no one has come in. Moreover, have the two of you forgotten the company's rules? Non-company personnel have no right to enter the 95th floor."

Another executive said in a daze, "That's not right. The two of us clearly saw a thin and petite girl walk in just now. Moreover, the girl is very cute and beautiful. Why didn't anyone come in?"

Hearing them say this, Su Yu finally reacted and said, "Oh, you're talking about her. That's not the relative of our secretary center's employee. You two are mistaken."

The two executives looked at each other. One of the executives asked curiously, "If she's not the relative of your secretary center's employee, then whose relative is she?"

Su Yu smiled mysteriously. "It's a secret!"

The two executives : "???"

--

When Feng Qing passed by the secretary center, she heard from Su Yu that Xie Jiuhan was having a meeting in the conference room. Su Yu wanted to tell Xie Jiuhan, but Feng Qing stopped him. She even specifically instructed Su Yu not to tell Xie Jiuhan that she had come to the 95th floor. Otherwise, with her understanding of Xie Jiuhan, that man would definitely stop the meeting and look for her. That would delay his work and time. This was not what Feng Qing wanted to see. She wanted to be Xie Jiuhan's help, not an obstacle to his career development.

After leaving the secretarial center, Feng Qing went straight to the living area of the president's office to rest. She sat on the sofa and crossed her legs. Then, she took out a small white porcelain bottle from her pocket and unscrewed it to take a look. The moment Xie Ruoyun handed the antidote to her, she had already changed the antidote inside.

Although Xie Ruoyun had also studied a lot of poison in the laboratory in the poison manufacturing area on Sacred Island and could be considered a poison expert who had some success, there was a huge difference between Xie Ruoyun's sense of smell and taste from her. Xie Ruoyun thought that she had taken the antidote, but in fact, she had taken the 'Calamity' that represented Mr. Qingyi in the outside world. The 'Calamity' had a powerful aphrodisiac effect and was also a rare item of considerable value in the black market. Coupled with the fact that Xie Ruoyun had smoked the cigarette that she had drugged, the intensity of the drug and the speed of its effects were naturally self-evident. Therefore, Xie Ruoyun had already lost her rationality on the way back.

However, Feng Qing did not sympathize with her and would not be soft-hearted. Xie Ruoyun deserved all of this. Today, Xie Ruoyun had lost her reputation in front of Xie San and Xie Cheng, and had shown her shameful side to Xie Si and Xie Ba. She would most likely not be put in an important position in the Xie Corporation. This is undoubtedly the worst punishment for her.

At the thought of Xie Cheng, Feng Qing was furious. She felt that her lungs were about to explode from anger. Xie Ruoyun had shot herself in the foot and was not worthy of sympathy at all. However, when

she was being coquettish, everyone escaped and avoided her. Only Xie Cheng protected Xie Ruoyun without hesitation.
