Chapter 1186

'I see.' Harvey twitched his lips. 'Nicole did not mention this to me, and just like that, I've been embarrassed.'

Meanwhile, Jared had sent Nicole off to the laboratory.

"We're here. I'm going in now." Nicole was about to step out of the car when Jared stopped her.

"Did you forget something?" Jared leaned in closer with his cheek.

Nicole looked at him shyly and gave him a quick peck on the cheek. Then, she waved at him, "Bye."

'I'll pick you up tonight,' he said.

Nicole nodded and walked up to the entrance. Just as Jared was about to leave, Harvey's car drove pass.

Harvey immediately recognized Jared's car, and he muttered, "Don't tell me he's here too."

Hearing his muttering, Kelly asked, "Mr. Harvey, what were you saying?"

"Nothing. Let's get down." Harvey glanced at Kelly, got out of the car and walked up to the entrance.

Nicole was swiping her card at the door when Harvey walked up to her and greeted, "Morning."

"Morning, you've arrived pretty fast, I see." Nicole said, not surprised at all to see Harvey.

"Why didn't you tell me that Kelly will be coming along as well?" Harvey whispered to Nicole.

"Why?" Nicole looked at Harvey with her brow raised. At that moment, Kelly came over with her face beaming. "Good morning, Miss Riddle."

"Morning." Nicole replied with a smile.

'Let's get in.' Nicole left Harvey behind and walked in with Kelly.

Harvey could not say much. He only followed them from behind. Those he did not know who Harvey was would have thought of him as their personal bodyguard.

The three of them made their way into the building, with Nicole striding off to her office while Kelly and Harvey followed behind

her. When they had arrived at the office, Nicole sat down and prepared to work.

Harvey looked at her and asked, "What should I do?"

"You?" Nicole looked at Harvey. "You can go ahead and find something else to do. Just don't bother me. That's all."

'Hey. I'm the successor of the Ellison Group. Are you going to cast me aside just like that?' Harvey said, feeling that Nicole was being dismissive of him. 'She did not even give me a chance to show her my skills.'

‘No, that is not the point. I honestly do not know what kind of task to assign to you.’ Nicole brought her hands with her palms

turned upwards and looked at Harvey.

"Okay," he replied. "Perhaps I was being a little pushy there. You guys can continue with your work.’

As soon as Harvey was done talking, he walked to the corner opposite of Nicole's and sat down. ‘It's great that there's nothing

for me to do. I can just sit here quietly and admire her from here."

"Okay.’ Nicole turned her computer and began working while Kelly sat in front, assisting her.

After half an hour had passed, Harvey asked Nicole, "Hey, how about a coffee break?"

Nicole looked up, "Sure."

Harvey got up and walked out of the office to prepare a cup of coffee for Nicole. It was then that Ike entered Nicole's office from the other side.
