

## My Wife is a Hacker Chapter 519

Chapter 519 At this very moment, Nachele's expression had changed.

'Is Chloe really a thief?'

Thankfully she listened to Lloyd and kicked this woman out of the production crew early. Otherwise, if she was to use such a stained actress as part of her final film-"Lukewarm," it may very well crash and burn by word of mouth alone.

As a person who had been extremely demanding of herself, how could Nachele allow such a problem to occur? As Nachele thought of this, her eyes looking at Chloe were so icy that frost could have formed. Chloe did not sense Nachele's disgust toward her. She had already been so agitated by the scene earlier that her brain was overheating, forgetting that the reason she was here was to get Nachele to change her opinion of her. Chloe sneered as she looked at Snow. She hissed mockingly, "I was the one who saw the diamond first. It should've been mine!"

Chloe was the one who saw it first during the auction of the pink diamond, so she thought that it should be hers.

However, after returning home, she did some investigation and found that Harvey had given the diamond to Snow.

After learning that the pink diamond was lost, she quickly searched all around for it. Two days ago, she discovered someone had secretly put it up for sale online, and she bought it back at a very high price! So, it was impossible for her to give it back to Snow!

"Moreover, you've lost the diamond, and I purchased it from someone else. It has nothing to do with you anymore!" "Wh-What sort of logic is this?" Snow did not expect Chloe to say that she had bought it. She immediately turned toward Harvey. Yet, the latter did not even cast a glance her way and instead focused his eyes on the hand Nicole was grabbing. Seeing that he refused to help her, she stomped her feet and yelled at Chloe. "Chloe, I never thought that you were such a person! And here I was listening to you! You piss me off!" She thought, 'This woman purchased my stolen diamond and claimed it as hers. She's totally shameless!' Chloe's expression remained unchanged as she looked on sneeringly at Nicole. Since she had already been found out, there was no need to hide anymore.

"I've noticed this diamond back in Nottingbrook! You should never have been its master. Look at your gaudy dress and that unstable gait as you walk with those high heels. How are you worthy of such a precious, beautiful diamond?" 1 When Snow was told off by Chloe like that, she was totally stunned.

arter 519

She did not expect the getup that she was so proud of was so mercilessly ripped apart by Chloe. Seemingly sensing the people around her looking at her in contempt, her eyes reddened in exasperation. "You!" Yet, before she could say anything else, Chloe mercilessly interrupted her. She looked on pitifully at Snow. "Silly girl, look how Mr. Harvey can't even be bothered to help you, and you actually have the cheek to sit her? Shameless!" Just as when she gleefully insulted Snow until the latter had no way to fight back, an extremely icy voice suddenly rang out behind her. "When it comes to being shameless, you are no better." Nicole clasped Chloe's hand with one hand, and with another, she pulled the diamond ring off Chloe's fingers and casually tossed it to Snow before letting the former go. 'What's going on? Nicole is helping me?!!

Snow looked at the scene unfolding before her in a daze and could not react to it at all for a good while.

## **My Wife is a Hacker Chapter 520**

Chapter 520 Yet, the shiny diamond in her hand told her that she had just been helped by the person she hated the most.

Nicole's speed was very fast, and by the time Chloe had reacted, the diamond ring had already flown into Snow's hand. Chloe immediately screamed as she pounced at Nicole.

"B\*tch, give me back my diamond!"

Everyone was watching the glamorous female star going berserk, and all had a look of shock in their eyes while Alberto almost fainted.

'What the hell is wrong with Chloe today? Why is she doing all these stupid things?'

Damien and Miley standing at the back, saw their enraged daughter with a look of abject horror in their eyes. In their hearts, their daughter was always delicate and noble. She would never go berserk like this! Nicole looked at Chloe, who was like a possessed lunatic, and a look of irritability flashed across her eyes. Yet, before she could even strike back, two arms stretched beside her, stopping Chloe in her tracks.

Lloyd looked at Jared, who had also stretched his hands out, but he did not look at him. But instead, he cast his gaze onto Nicole. His eyes were like a storm of ice and fire.

Chloe looked at Jared's eyes and finally calmed down.

She fearfully looked at everyone around her and saw almost everyone was looking at her with disgust. Nachele, sitting on the side, issued an ultimatum without any hesitation.

"This young lady here is my guest."

Nachelle looked at Nicole as she slowly spoke.

“And since you actually intend to do her harm, please leave this place on your own accord.” ‘Since my son like this girl, I, of course, need to back her up.’ When Chloe heard that, she almost wanted to collapse in despair. She shook her head as she pleaded. “No, you cannot do this to me! It was Nicole, she took the diamond away first! It’s her fault! She’s a shameless thief! You’re being fooled by her! How can you take a country bumpkin as your guest?!”

Before Nachelle could say anything, Lloyd smirked softly as he slowly let go of Chloe’s hand and dropped a bombshell. “A thief? Chloe, I don’t know what gave you the courage to accuse Interpol Agent S, a thief?!” ‘WHAT?’

The eyes of everyone looking at Nicole changed, with a thick layer of fear in them. “The world-famous Interpol Agent S is actually this woman?”

Claus looked at Nicole. A huge look of surprise was etched upon his face. Back then, the boss had casually mentioned this person to him, yet he totally did not expect her to be right beside him. This was almost like a fantasy.

Chloe’s expression turned pale as she looked at Nicole and then back at Lloyd as she sneered. You got to be kidding. How can Nicole be S?”

There was no change in Lloyd’s eyes as he very calmly took out that photo from his pocket. Chloe had just casually glanced at it, but when she clearly saw what was in the photo, her expression froze.

It was actually quite a dated document, and Nicole in the photo was still very young, yet she had that indescribable coldness to her. She was in casual clothes, with the only identification information on it was a simple codename – S.

Gary looked at S, and his expression instantly became very complicated, as if something was struggling inside him. Yet Nicole’s expression did not change at all. She looked at that identification paper in Lloyd’s hand, and a nostalgic look appeared in her eyes. “I never thought that you actually kept this thing for me.”

Nicole said softly. She then looked at Lloyd, her eyes deep yet cold at the same time.

“Unfortunately, I’m no longer S.”
