

My Wife is a Hacker by Summer

Chapter 865

□ □ □

Chapter 865

"What's wrong with women? Does Johnston Group disallow women in the company? Isn't the one standing next to you also a woman?" Nicole misunderstood and thought he was discriminating against women.

'You " Without waiting for Murphy to say anything, Jared brought Nicole to walk past him.

Murphy looked at the two holding hands and was fit to be tied.

"This is so ridiculous."

When they came to Jared's office, Jared made her a cup of coffee.

"You still make the best coffee." Nicole complimented him.

"Sit down for a while. I have a meeting to attend, and I will be back soon," Jared said.

Had he not had to attend a meeting, he would have stayed here to spend more time with her.

"Go get busy. Don't let me hold up your work, or I'll leave.

"Okay, wait for me." With that, Jared took the files and went out.

About ten minutes after Jared left, Henry pushed open the door to Jared's office with Chloe in tow.

Nicole thought it was Jared who had returned and was just about to say hello when, to her surprise, she saw Henry with Chloe right behind him.

Henry sized up the girl in front of him.

"You're Nicole?"

"Yes."

"Why are you here? Where is Jared?"

Henry flushed with displeasure at how she could be in this office.

"He's gone to a meeting." Nicole could see that Henry was not too friendly.

Henry walked past Nicole and sat down on the couch. Chloe shot Nicole a look and sat down next to Henry. Nicole looked at the two of them and also sat down to drink her coffee like before.

Seeing that she was drinking alone and had no intention of serving him water, Henry started to play the elder card.

"Get me a glass of water." Nicole acted like she did not hear him.

She did not even look at him.

"Hey, get me a glass of water." Henry raised his voice.

"Don't call me 'Hey,' and the water is right over there. Get it for yourself if you want." Nicole despised such a patronizing guy.

So she ignored him.

"Don't you know the rules? I'm your elder." Henry rebuked her.

"Who doesn't know the rules?" Jared's voice suddenly came.

Chloe was the first to get to her feet, followed by Henry, who also stood up slowly. He then glanced at Nicole and found that she had not gotten up yet.

Just as he was about to reprimand her, Jared interrupted.

"The coffee is getting cold, right?"

"Yeah, if you'd come back a little later, it would have been completely cold," Nicole said.

It was then that Jared talked to Henry.

"May I help you, Uncle Henry?" Only then did it remind Henry that he was here for business.

He almost forgot about it because of Nicole.

"Jared, there is one thing I need to remind you."

"I have hired Chloe as the brand ambassador for the new product. It was too disrespectful of you to ask someone to take her

away in public. It could hurt the artist's image. If this gets out, it will also impact our new products that will be launched soon."

Henry looked like he was thinking of the company. Jared could tell the undertone of Henry's words, which was clearly blaming him.

"It seems that I'm not capable of taking care of such an important artist here.

Since it is you who hires her, please take her to the branch and take good care of her there, so you won't get angry at me."

At first, Jared was still worried that he could find no excuse to send Chloe away.

Chloe was stunned.

Getting into Jared's company was hard, and she was here just so that she could see Jared more.

She did not want to be sent away just like that. So Chloe looked at Henry as if she had been wronged.

Henry was now in an awkward situation, not expecting that Jared would find himself an excuse in this situation.

"Jared, I didn't mean that, there might be some misunderstanding today. Chloe, hurry up and apologize to Jared." Henry immediately backed down and made Chloe apologize.
