

# My Wife is a Hacker by Summer

Chapter 907

□ □ □

Chapter 907

"Nicole, I really don't understand what you're talking about?" Chloe looked like she had been wrongly accused.

"Okay, then I will tell you; the diamond you asked me to give to Grandpa is not a Dresden Green Diamond, but an ordinary one. Now, do you hear me?" Now Nicole's mood had all been ruined, and she looked at Chloe with a frosty look in her eyes.

"How is it possible? Henry bought it from abroad, and I saw him put it in the box with my own eyes. There is no mistake."

"I know you have taken the diamond for yourself. You're a thief." Chloe's eyes reeked of emotions, as if it was real, as she said.

Nicole did not expect her to make a false counter-charge. She laughed in exasperation.

"You really are an actress. If I wasn't a party to this, I might have believed your acting.

"I didn't expect you to be this kind of person, stealing the diamond and not admitting it. It is a disgrace that the Riddle family has someone like you."

“This is a serious matter, and Grandpa knows about it now. So if you don't go and admit your mistake to Grandpa, bear the consequences. Also, as things now seem to implicate Henry, I'm interested to see how he will react when he finds out about it.”

Nicole turned around and left, not giving Chloe a chance to admit her mistake.

/my-wife-is-a-hacker-by-summer-

“I will see what you can find out. Don't intimidate me with Henry, thinking I'm a three-year-old.” Chloe

poured the red wine down

her neck and then looked at Jared in the distance.

'No one can take you away from me, not even Nicole.'

Nicole had just come back to Jared's side when two people walked in the

door. She recognized one of them as Mr. Riddle Sr.'s butler.

"Alfred, what brings you here? Where's Grandpa?"

Nicole looked behind him.

“Miss Nicole, Mr. Riddle Sr. asked me to give you this, saying it is a betrothal gift for you and your fiancé.”

Nicole glanced at Jared,

then took the gift box from the butler's hands and opened it.

Inside the box was a key.

Nicole looked at the butler.

“Mr. Riddle Sr. knows that you like the sea, so he specially bought a house by the sea. Here is the key,” the butler said.

"Tell Grandpa I like it very much and thank him." Nicole's heart warmed, and she looked at Jared and smiled.

"This is a betrothal gift from my grandpa." Jared looked at her dotingly and nodded, and everyone at the scene spontaneously applauded and congratulated her.

Only some people from the Riddle family applauded but were jealous in their hearts.

Chloe, in particular, was green with envy.

Norah saw that Chloe and Nicole were talking earlier. But now Chloe was alone. So she walked over.

“Long time no see, Chloe.” Chloe followed the voice. Not expecting it to be Norah, she glanced away disdainfully.

"What are you doing over here?" "I saw you drinking alone here and came over to keep you company." Norah had a friendly look on her face.

“I don't need your company. I heard your biological parents were hospitalized after a car accident. What are you doing here instead of being at the hospital with them?” Chloe said sarcastically.

“I’m here concerned about you, of course. I heard that the diamond you asked Nicole to give to Grandpa was switched, so I

guess someone must have tampered with it, right?”

Norah spoke in a light-hearted manner about something that no one else knew about yet.

Chloe’s attitude immediately turned serious.

“Who told you about this?” Chloe wanted to frame Nicole, but she did not want anyone else to know about it.

“You don’t need to know who I heard it from, but knowing Nicole as I do, she wouldn’t swap the diamond. So…” Norah then looked her in the eyes.
