Chapter 945

“How long are you going to keep it from me?”

Jared looked at her eyes and read her mind. “No, I-I’m a member of Zane’s organization.” Nicole knew that Jared had guessed

something and would not let her go if she did not say something real.

Jared might have guessed it, but it still surprised him upon hearing it from Nicole’s mouth.

“No wonder you always leave without saying why. Now it all makes sense.” Jared stood by the window and took a long breath.

He was not angry that she was a member of Zane’s organization but that she had not told him all along Nicole walked over. “Jared, I haven’t told you that this is my fault, but I have my own difficulty.”

Jared turned around and held harm. “Tell me what difficulty you have.”

Nicole gasped as her arm hurt

Jared immediately let go of his hand, looking down at Nicole’s injured arm with a frown of concern. “You’re injured?”

Nicole lowered her head and said nothing. Jared immediately told Max to call the doctor.

“It’s okay. I can handle it myself.”

Jared at this moment would not let her be. He shouted at Max, “Don’t go yet?”

He then sat her down on the couch, the anger on his face turning to concern.

Not long after, Max walked in with the doctor. “Mr. Johnston, the doctor has arrived.” “Doctor, her arm is injured. Quickly take a look.” Jared said.

“Okay.” The doctor quickly removed the bandage on Nicole’s arm and then looked at Nicole with surprise when he saw the wound.

“Is this a new laceration? Have you had a gunshot wound before?” The doctor could not hold back his curiosity.

“Yes. It was all healed, but today I accidentally tore it again.” Now that the doctors had seen it, Nicole could only nod in

admission. She saw Jared’s saddened expression in her peripheral vision. ‘I didn’t expect that Nicole had really been shot. I

wonder how she survived the ordeal.’ Jared thought.

“Alas, gunshot wounds aren’t easy to heal. Don’t get hurt again after I bandage it,” the doctor said.

“Use this, doctor.” Nicole took out her original medication and handed it to the doctor.

The doctor looked at Nicole in amazement and then at Jared. “Mr. Johnston?”

“Just listen to her.” Jared knew that Nicole’s medicament was definitely better.

Since Jared agreed, the doctor said nothing. He bandaged the wound with Nicole’s original medicament and left. Jared sat down next to Nicole and took her in his arms with saddened eyes. “I’m so sorry.”

Nicole’s heart melted upon hearing that, all the pains healed by Jared at this moment.

“No. Meeting you is the greatest thing in my life.”

Nicole looked up and their eyes collided, and the two of them started kissing passionately.

Halfway through kissing, Nicole suddenly gasped as he accidentally touched Nicole’s wound.

“I’m sorry for hurting you.” Jared looked apologetic.

“It’s all right. I’m starving. Can you get me something to eat?” Nicole said.
