

Wild Fire 1101

## Chapter 1101 - Lu Yang Rescue

“The boss is telling the truth. There are too many scrolls for this group of people, and their giant wolf form moves especially fast, especially those shadow blood wolves. The movement feels like 650% of the limit.” Said.

Salman’s dignified expression appeared on his face, saying, “It seems that these people should be the elite of the Jagged Brothers Alliance, and 6 Yang specially sent out the sneak attack.”

Rant said annoyed: “Exactly, I brought thousands of people to defend today, and I felt that something bad was going to happen. I didn’t expect 6 Yang to send this group of people. It’s not that I don’t care about defense. It’s because the enemy is too powerful Now. “

Salman said: “It doesn’t matter, we can take it back again. The enemy has a special occupation, and we also have a special occupation. This time I brought both the Theocratic Corps and the Sky Master Corps.”

“Oh.” Lanter’s face showed joy, and said excitedly: “Great, that will definitely take back the main city.” & 1t; i> & 1t; / i>

Salman glanced proudly at the city wall and said, “Look at me, see how I can take back the main city, everyone is ready to attack the Beicheng District.”

“Yes.”

...

The leaders of several legions around him shouted in unison.

“How to fight? Boss?” Asked the chief of a legion.

Salman glanced at the arrogance of the defense on the city wall, and his opponent said, “The war between us and 6 Yang in the old big 6 did not show our strength. This time we finally had the opportunity to prove for ourselves. We must let 6 Yang know how powerful we are. “

“In a while, the first team of giant elephant warriors and bison warriors moved the first wave of offense, sending heaven masters and magicians under the city walls, and then watching their performance was enough.” Salman said.

“Okay.” His men agreed without hesitation, and they all knew how strong the two professions of the Celestial Master and Divine Master were. & 1t; i> & 1t; / i>

“I was the first to attack,” said Shaluk, head of the giant elephant warrior.

“Well, if you take down the main city, I will let the boss reward you.” Rand said.

Shahruk nodded and shouted, “Brothers, as I attack, make atonement for what happened before.”

“Kill!” After ten thousand giant elephant warriors and ten thousand bison warriors rushed down towards the city.

“Throw the scrolls and kill them,” shouted the pride of the city.

Because of the need to defend the four gates, there were thousands of players in the other three gates, which resulted in only 80,000 people defending the north gate.

Although there are a large number of people, they cannot all be thrown on the wall. Otherwise, once a curse comes over, an attack can kill most of the wolf fighters on the wall, so only 20,000 people participate in the attack on the wall. & 1t; i> & 1t; / i>

But even if there were only 20,000 people, a large number of scrolls were thrown down, which caused enough troubles for Shaluk and others to attack the city.

But even so, the giant elephant warrior and the bison warrior still desperately ran down the city, making the pride of the city head feel a bit of awkwardness.

“Boss, why do the enemies keep killing each other?” One of his men threw the scroll, and said to the pride.

“Watch out for attacks, don’t look at me.” Furiously frowned.

The men had no fun and continued to throw the scrolls, but what they didn’t know was that as they kept throwing the scrolls, the Indian players who were desperately rushing over the attack distance without showing their attack distance became more and more tight, gradually moving towards Get closer to the city.

Salman said to the magician leader around him: “Put your skills.”

“Yes.” The wizard stepped forward, although he seemed to be walking slowly, but his movement was very fast, as if he could walk several tens of meters per step, no one knew what was going on. & 1t; i> & 1t; / i>

In less than 1 minute, Sherman and the 1000 Wizard team were walked to a distance of 100 from the battlefield.

“Great Resurrection”

“Great Resurrection”

...

The 1000 people used resurrection at the same time. In a split second, all the tens of thousands of giant elephant warriors and bison warriors who had died in battle were resurrected.

“Fuck, this group can be resurrected, throw me scrolls.” With pride and speechlessness, he saw this group resurrection method for the first time.

Sherman looked at the scrolls dropped on the wall, with a look of mockery on his face, and said, “Great protection.”

“Great Protection”

“Great Protection”

...

Countless light curtains appear on players such as giant elephant warriors and bison warriors, leaving less than 30% of the damage left by the magic scrolls thrown out. & 1t; i> & 1t; / i>

“This is the ability to add magic resistance. How can it be so resistant?”

“No, the spell scroll can’t move.”

...

The members of the wolf guard on the city’s head looked at the lofty sentiments.

With a tense expression of pride, he shouted, “Brothers, don’t worry, they don’t have a soil mage, and they can’t come to the wall.”

Salman heard an arrogant shout, with an ironic smile on his face, and said to the Master of Heaven, Haines, “It’s your turn.”

“Look at me.” Hahns was a small human player, and he waved his hand and brought the 1000 Celestial Master to the front.

“Boss, there are reinforcements from the enemy’s army,” said one of his men, pointing at Hahns and others to the pride.

“Who are these people, and why is everyone holding a horn?” Hahns furrowed his brows.

Hahns seemed to be able to read lips, raised his head proudly, put his horn in his mouth, and said, “Truth in heaven, let it go.”

“Tick Tick Tick Tick”

“Tick Tick Tick Tick”

...

Strange music sounded in the venue, just when the pride and others were confused, 8000 ropes led 8000 giant elephant warriors to rise quickly under the city.

“Fuck.” Hahns speechless, scolded: “This is the sky, what do you do, what skills do you want the city wall, do you just climb the wall without a second?”

“What do you do, boss?”

“What else can you do with them, summoning the Shadow Wolf, roaring, ready to kill these stupid elephants.” Hao Wanwan shouted.

“Ready to fight,” Hahns shouted.

“Transformation”

“Transformation”

“Transformation”

...

“roar”

“roar”

...

“Summon Shadow Wolf”

“Summon Shadow Wolf”

...

20,000 members of the Wild Wolf Guard instantly changed into giant wolf form, summoned the shadow wolf, and at the same time raised the roar to increase the attack power by 30,000. At a time, 20,000 wolves on the field became 60,000.

Sharuk was originally a vice chairman. He was demoted to the rank of giant elephant warrior because of a mistake in the war. Although he was still around Tianlong, Sharuk was full of anger at the 6 Yang and the Iron Brotherhood.

Today is a chance for revenge. Shah Luk is full of joy. After all, the other party is a wolf, he is an elephant, and his body shape is not a level. Just when he was fantasizing with the giant elephant warrior army to level the giant wolf, the rope took him Came to the wall. & 1t; i> & 1t; / i>

“Brothers, come in ...” Shahrak didn’t wait to shout out the attack word, and after seeing the roaring skill, the body became a scarlet wolf of 3 meters and a shadow wolf of the same 3 meters high.

“Kill them,” shouted Pride.

30,000 shadow blood wolves rushed to the giant elephant warrior who fell on the head of the city. The wolf and the elephant fought together. Both sides were 130 level dark gold equipment, but it was obvious that 20,000 shadow blood wolves on the 6 side were 3 Turned players, and less than 1000 of the giant elephant warriors are three-turn white jade war elephants, the results are self-evident, the giant elephant warriors were killed and injured.

Loving and arrogant, he shouted with a laugh: “But that’s the case, the giant elephant warrior is just like this, it’s totally unbeatable.”

City dropped.

Salman looked embarrassed and cursed: “If my cursed mage is here, why is it that you are so a little bit so mad?”

His spell-casting mage has 30,000 people, but most of them are scattered among tens of thousands of teams responsible for the main force output, upgrading and fighting monsters, and the rest are gathered in Wuyue City. There are only 10 spell-casting mages around him, but he Not afraid to release the first wave of attacks, fearing that there is a magical defense scroll on the opposite side, canceling the curse.

“Hahns, it’s up to you,” Salman said.

Hahns smiled, and said, “No problem, Sky Master Corps, attack me.”

1000 Master Tiantian moved forward neatly.

Salman shouted to Haarns, “The giant warrior above the resurrection city.”

“Great Resurrection”

“Great Resurrection”

...

A light shone on the city’s head, and the giant elephant warriors such as the dead Shaluk were revived.

“Offensively, kill the enemy,” shark shouted.

Shocked with pride, shouted: “Kill them, continue to attack, no matter how many times they can be resurrected, kill them and blast their equipment.”

The 20,000 shadow blood wolves attacked with all their strength, but in this way, the situation under the city could not be mastered.

However, in terms of lofty sentiments, since the enemy can reach the top of the city, he will definitely continue to attack the city and will not do other things. Unfortunately, what he does not know is that India still has a bug profession like Sky Master.

Hahns came to the city with 1000 people. At this time, he had sent more than 80,000 people to the city, and he would not care about the future.

“Brothers, follow me into the city and pierce the wall.” Haarns uttered a spell and walked towards the hard wall.

Haines, who was supposed to have hit the wall, entered the wall without any obstacles, and then he pierced through the other side of the wall. There were 1000 players like him.

“Hidden” Harnes whispered, his body turned into nothingness, and he sank into the air.

“Stealth.”

...

The same is true of the other 1000 people. The originally crowded corner of the wall was gone.

“Target city’s main house, recapture the main city.” After typing in the simulation group, Harnes led the team forward.

On this way, the players who were not involved in defending the main city were hiding in the Tibetan barracks to prevent the enemy’s curse attack, so there was no one outside the city wall.

Soon, Haines came under the high walls of the city’s capital.

There are only a few hundred mad warriors in charge of the defense of the city’s main government. They are all two-turn professions, no three-turns, and the war ahead is fierce. They are staring at the front. Before no one breaks into the city, they do not need to worry about someone secretly attack the main city. & 1t; i> & 1t; / i>

After all, the high wall of the main city hall is 60 meters high!

“The enemy is weird. It can be resurrected indefinitely. This skill is too powerful.”

“What’s the use, our boss and 30,000 shadow blood wolves easily abuse them.”

“The Shadow Blood Wolf is not that strong. Don’t forget, the wolves they summon are time-limited. Once the time is up or they die, they cannot be summoned until the skills have cooled down.”

“Hey, the sentry tower will be built soon. As soon as the boss comes, everything will be resolved.”

...

When the players in the Jagged Brothers League were chatting, no one noticed that Haines took the 1000 people to use the wall penetration again and entered the city's main house.

"Hey, finally come in." Hahns looked proud.

"Boss, don't kill them." Asked the mad wolf guard looking at the city. & 1t; i> & 1t; / i>

"Kill them, I'll change the guild badge on the shrine, don't let them affect me." Harnes said proudly.

"Yes," the 1000 people shouted collectively.

"Who?" This neat roar made the hundreds of mad wolf guards guarding the city's main house turn to the city's main house if they were struck by lightning, but they saw that 1000 enemies had entered the city's main house.

"No, they have to change badges, stop them, throw the scrolls," a player shouted.

"It's late." Harnes sneered.

1000's men chanted the spell at the same time.

"Soul Binding Kill"

1000 soul rope with purple light traps all the wolf fighters on the head of the city, and a lot of blood is lost.

"Damn, I can't take out the scroll." & 1t; i> & 1t; / i>

“The hands are stuck.”

“How can’t the medal be unlocked?”

...

Hines laughed and walked to the oracle, saying, “Is the medal incapable of unlocking the skills of my Heavenly Master, you lose.”

God Harnes went to grab the badge on the oracle, and at this time, a flash of light flashed, and 6 Yang and Hei Yan and other 100 forbidden spell masters fell into the city’s mansion.

“What did you just say?” When Yang Yang teleported, he heard only two words lost.

“You? Are you?” Hahns was frightened, and he recognized 6 Yang at a glance.

“I’m 6 Yang.” There was a hint of anger on 6 Yang’s face, and his left hand was pressed down.

“Meteor Falls”

A huge group of fire meteors flew from the sky, hitting 1000 people like Harnes. & 1t; i> & 1t; / i>

“boom”

The fire meteor exploded, forming a huge shock wave.

“2618796” (critical strike)

“2598768” (Critical Strike)

...

After a critical hit, all 1000 people were killed.

When the flames disappeared, so did people.

“Boss, I’m here.” Plenty of enthusiasm ran back with 1000 people, just now he heard reports from his subordinates, all 1000 enemies sneaked into the inner city, scared, he quickly mobilized 1000 shadow blood wolf and ran away. Come here, but before I arrived, I saw 6 Yang.

6 Yang looked at the expression of pride and anxiety and said, “This is not to blame you. Who can think that Tianlong has found a large number of transfer methods for the two hidden professions, the Celestial Master and the Divine Master. Let’s not talk about this first. I’m on the wall, I’ll help you stabilize the situation first.”

“Thank you, boss.” Ashamed and ashamed.

6 Yang said to Hei Yan and other 100 mages behind him, “Go up to the northern city wall and prepare to use the forbidden spell.”

“Yes.”

The 1000s summoned their mounts, and the 6th sun summoned the flying carpet and landed on the north wall.

Just after landing, Shahrak on the city wall was just resurrected for the fourth time. He was jumping up and down and shouting and attacking. 80,000 people were resurrected shortly after his death, leaving the blood wolf legion on the city head to a hard fight.

“Damn, our people have died too much. We mobilized the mad wolf guards. We are responsible for the resurrection and let the blood wolf fighters go to rest.” The deputy commander shouted.

“I want to run, I won’t give you a chance.” Shaluk shouted with a grimace: “Offensively, beat them with a goo.”

The inner city was attacked by the enemy, and the enemies on the wall could not be killed, and the reinforcements were still in the foreseeable future. This made the fighting wolf guard feel anxious, but they did not waver, and they were still fighting desperately. & 1t; i> & 1t; / i>

“Brothers hold on, we must not embarrass the boss or embarrass the Brotherhood of the Iron Blood.”

“Our brothers are the first formed special legion formed by the Brotherhood of the Iron Blood, for the honor of our Wolf Guard.”

“For the Wild Wolf Guard, kill ~!”

“Iron Brotherhood, kill ~!”

...

The roar burst out from the heads of the regiments, captains and ordinary wolf fighters, and the wolf guards, who were already in low morale, suddenly reborn.

As the Wolves Guard struggled to withstand the enemy’s attack, a familiar whisper of a forbidden mage came from behind him.

“Great Fire Ancestor, listen to your servant’s prayer ...”

“Great ancestor of the cold wind, please listen to your servant’s prayer ...” & 1t; i> & 1t; / i>

“...”

After 100 forbidden spells chanted spells at the same time, the sound of melodious sounds, and the sight of thunder clouds moving in the sky made them extremely excited.

The crowd looked back.

“It’s Hei Yan, it’s our cursed mages of the Iron Brotherhood.”

“That’s great, we held on.”

While they were excited, suddenly, someone saw the 6 Yang standing in the sky on a flying carpet.

“It’s the boss.”

“Boss is here.”

“Brothers, fight.”

“Iron Brotherhood ~ Kill!”

“Kill ~!”

“For the boss, kill ~!”

... & 1t; i> & 1t; / i>

A burst of roar overwhelmed the shouts of Shaluk and others.

6 Yang took the wand and took the flying carpet to the top of the city wall. He looked at the two sides fighting under the city wall and had no expression on his face.

“That person is 6 Yang?” Rand asked.

“It’s him, we have to find a way to kill him, then we can make a great contribution.”

“Kill him, who has any good way?”

“Let the shooter team move forward and kill him.”

Salman said to the shooter next to him: “Send a team of people and attack him.”

“Um.” The captain of the shooter quickly ran towards 6 Yang with dozens of people.

“What a 6 Yang can do, prepare for the Great Resurrection.” Sherman shouted.

6 Yang sneered, and slowly landed on the gate of the city wall, with a spell in his mouth.

“The flames burn out”

For a moment, all players within 2000 meters around 6 Yang were attacked by fire.

“1106986”

“1219876”

“2289866” (critical strike)

Suddenly, the damage suddenly burst from the heads of players above and below the city Damn, how can the damage be so high. “

“Treat, cure quickly.”

“Don’t we have major protection? Why is it useless?”

...

On the front line, the magicians were killed in a large number. They thought that the large protection can block magic attacks, but they did not know that 6yang had a 9th level demon heart, reducing the magic resistance by 70%.

#### Chapter 1102 - Civil strife

This kind of situation that originally thought it could defend the enemy’s attack, but actually did not defend it, is most likely to cause a crash.

In a large national battlefield, a little hesitation may cause the death of tens of thousands of people, not to mention the situation of actively resisting the curse.

It only lasted for 10 seconds. Players within 1000 meters were killed, except for a few mages, paladins, and thieves.

The mad wolf guard watched 6 Yang just appeared, destroyed so many players from the enemy, and burst into enthusiastic cheers.

At this time, the spell of Hei Yan and others under the city was completed.

“Meteor Fire Rain”

“Icy Roar”

“Space-Time Cutting”

...

Countless secondary forbidden spells flew into Salman’s camp 1000 meters away, completely disrupting the enemy’s formation.

Immediately after that, light burst from the sentry tower in the inner city.

“Han Yu brought an artifact team to reinforce him.” Han Yu flew out of the inner city with three bone dragons, which was a clear sign of his death.

Next to Han Yu were 50 individuals such as Xia Yuwei, Shen Mengyun, Zhang Zicheng, Jiang Yunfan, and Wan Zihao. This is the total number of artifacts currently owned by the Jagged Brothers Alliance. It can be seen that 6 Yang attaches great importance to this battle.

It may not be clear to others, but Salman, as the current first vice chairman of Tianlong, can still recognize those important members of the 6 Yang side.

“No, the enemy’s artifact forces are coming, this battle is not good.” Salman said.

“So what do we do?” Rand asked.

“Call for reinforcements. A 6-year-old who possesses the heart of the devil can fight. We cannot attack. Now we can only wait for the boss to bring the main force to help, otherwise, we all have to throw equipment here and retreat.” Herman said.

Rant was anxious and said, "There must be few enemies. Let's attack together with our four gates."

Salman shook his head and said, "There are 10 million people in the city, and I only have 10 million people in your hand. You see, my people can't win the battle with them. This fight can't be played like this, all back. Listen to my order, retreat 2 kilometers away and wait for reinforcements."

The remaining 60,000 people slowly retreated, meeting 40,000 people, including the resurrected Shahruk, 2 km away.

Salman called Tianlong and asked, "Boss, are your reinforcements here? I need reinforcements urgently."

"What's wrong?" Tianlong asked.

Salman said: "6 Yang brought all 50 artifact players in his hand to the city of the majesty, as well as the forbidden mage and the wolf warrior army, I can not attack."

"What? 50 artifact players are here." Tianlong showed a surprised look. The artifact is a guild terminal combat power. If it is not an emergency, it will not easily be brought out, but this time all 6 Yangs are brought out. Apparently, Tianlong understands that 6 Yang is going to fight him this time.

"Damn, this bastard, I can conclude that this war must have been premeditated. I haven't even prepared 5 million people here. I have to deal with Zhou Tianming's attacks again and again, and I want to gather large troops, at least half a day, but it is already late at night, 6 Yang is almost a bastard. Tianlong cursed.

"What can I do?" Saruman said anxiously: "The large army of 6 Yang must be not far behind. They pass through the city of the Holy Spirit and say that they can reach the city of the Mahatma for two hours. We cannot give them a great opportunity to enter the city of the majesty, otherwise it will be difficult to regain the city of the majesty."

Tianlong said: "I know, so I still order the players to join the three main cities around the city of the majesty, and I will support you every 10,000 people, you are ready, I will support you after the dispatch."

Salman didn't expect that Tianlong would give him such a big problem. Although it was easy to gather 110,000 people, it was difficult for him to centrally dispatch. Here, it was better for the Brotherhood of Iron Blood to fight. To fight 6 Yang, it cost him his life.

"Boss, can you send a few more vice presidents to support me, I'm afraid I'm not strong enough," Salman said.

"If you don't say, I will also send someone. Aishwarya, Karina, Amitaba are in charge of the north and east gates surrounding the city of Mahatma. You are in charge of west gate."

"Yes." Salman was relieved.

Tianlong hung up Salman's phone and immediately dialed Liu Jie's phone. He asked politely, "Is it out? I paid 500 million."

Liu Jie said: "Don't you hear the shouting and killing, I have already started the siege with 50 million people gathered earlier.

He shared his vision with Tianlong.

From the perspective of Liu Jie, Tianlong saw that Liu Jie really was attacking the Tianjian Fortress with a large number of players.

Liu Jie said: "This war is weird. It can be concluded that 6 Yang did not attack suddenly, but had a premeditated plan."

Tianlong asked, "Is there a lot of people defending the Tianjian Fortress?"

Liu Jie said: "It's not just a lot of people. The information I got from my insiders is 30 million people."

"Asshole." Tianlong yelled. He originally hoped that the 6th Yangcang would start the war. He could take care of Wuyue City, Mahatma City, and Jiuxing Alliance. How could there be more people defending

Tianjian Fortress, but I did not expect that 6 Yang was really premeditated, and there were still 30 million people guarding the Tianjian Fortress.

“How about, can you fight it?” Tianlong asked.

Liu Jie said: “It depends on you. If your attack is urgent, there is a possibility that I will fight it down. If your attack is too easy, 6 Yang can send troops to this side at any time.”

Tianlong was speechless for a while. He also wanted to rely on Liu Jie to get 6 Yang to send troops back, and said, “Don’t worry about me, I hope you will attack with all your strength and force 6 Yang to send you more main forces.”

Liu Jie said: “Rest assured, for the 500 million, I will do my best, you can also cheer up.”

Liu Jie closed the intercom, looked at the murky wine on the city head, and screamed angrily on his face: “Hit me, be sure to break this Tianjian fortress to me. There are only 3 million people, which absolutely can’t stop us. “

The African Legion has been trained by Liu Jie. Among them, there are more than 50 special legions with African characteristics. This time all of them were brought by Liu Jie to carry out attack exercises. However, this attack left Liu Jie’s heart speechless. He already felt Come out, unless it reaches the 140 or 150 level, as long as there is a Titan Dwarf musket, he will never have a chance to break the sky sword fortress.

Among the 3 million people, 20 million people are dwarf muskets. These people are not standing inside the city walls but behind the shooting holes, which makes Liu Jie’s curse-free army unused.

Above the ramparts.

Zhuo Jiu was very satisfied with the defense of the Tianjian Fortress. According to the requirements of 6 Yang, he added a credit of 20 million to transform the city wall.

Originally there was a defensive forbidden spell on the city wall, but now soldiers are attacking inside the city wall, the forbidden spell cannot be hit, and ordinary attacks are difficult to hit them. Unless the enemy's equipment is much better than them, the Titan Dwarf musket is the same Level defense is invincible.

same.

The same is true of the Tiger Mouth Fortress. One step up to the sky to watch and hide inside the city wall, and the Iron Blood Brother League players who rely on the shooting hole can only look forward to sighing, not even 50 meters near the city wall.

"What can I do?" Asked Deng Tianchou, who just hung up Tianlong's phone.

The Vice President's Soul Slayer offers a plan. "Boss, why don't we attack every half an hour, let the Brotherhood of Brotherhood have no rest time, and fight until they are tired and do not have a fight for their minds."

Stepped to the sky and said, "That's all it can be."

Tianlong called the two and found six people including Glacier and Dragon Slayer through special space.

"What's going on with you?" Tianlong asked.

Glaciers and Dragon Slayers are at a loss at this time. Even the craziest Dragon Slayers are like frosted eggplants.

Camel saw no one to speak. He said: "We are still gathering players, but there are not many people willing to help. At present, we have more than 10 each talent, the largest is 150,000, and the least is 12 Million. "

"Okay, it's good to have this number." Tianlong said.

The Black Cross said: "There are quite a lot of people, but there are all from 100 to 130, and most of them are 120, and the 6 Yang hits this time are all 130, and they are all dark gold equipment. We do not know what to do with it."

Tianlong sneered in the heart, he knew that these people were useless, all waste, but now they still need to rely on these people to delay the main force of 6 Yang, he said quietly with the wind: "Don't be afraid, I have already given Liu Jie and one step to heaven I called, and both of them promised me to attack with full force. At present, the two have dragged 60,000 brothers of the Iron Brotherhood, unable to attack. "

"6 million people?" Glaciers and Dragon Slayers were a little surprised.

Tian Long nodded and said: "Not only that, I dragged the 5 million people of 6 Yang Yang's vice chairman Zhou Tianming in Wuyue City."

"5 million people?" Glacier and others were surprised again.

Tian Long said: "According to our newsletter, 6 Yang is taking 50 million main force to the city of Mahatma. Only 30 million people stay here, as well as the players under the three traitors. 6 of you hit them, there is still a lot Chance of winning. "

Glacier and others looked at each other.

"But our strength is too weak, even if 6 Yang is only 30 thousand yuan, we are still afraid to beat." Camel Changdao said.

The Black Cross nodded.

Tian Long frowned and said, "Then you might as well give the main city to 6 Yang. People have already hit your doorstep and sent hundreds of thousands of people to hit you. They will not give you a chance to negotiate." If you don't fight, then the main city that you spent tens of millions of dollars to build will become someone else's. "

Glacier came to his senses and said, "Yes, right and left are dead. It's better to fight together, there is still a chance."

The camel's long sword came to his senses and said, "Yes, you should fight with them once."

Tian Long nodded with satisfaction and said, "As long as you can hold some of the main force of 6 Yang, I gathered players to fight against 6 Yang. I have more than 200 3 million players, killing dozens of 6 Yang It 's easy for ten thousand people. Think about it. By then, not only will you drive back Six Yang, you will also annex the main city of the three traitors, and all the main cities outside the city of Dingzhou. This is such a big pie. . "

The Dragon Slayer warrior stood up and scolded, "I don't want those main cities, I want those three \*\*\*\* to die."

"Yes, we want revenge, we can't make them so comfortable," Glacier said.

"Go, let's take the initiative to attack, to block the attack of the Jagged Brothers Alliance." Said the Dragon Slayer.

"Okay, go together."

...

Six people set a plan and exited the special space.

There was a sneer on Tianlong's face. He knew that when 6 Yang defeated, it was when he annexed 6 Yang in all the main cities outside Dingzhou City and all the main cities in Jiuxing Alliance.

What Tianlong didn't know was that when he thought he had counted everything, he forgot to count his inside.

The hidden dangers that had been buried in the old morale as early as 6 years ago have not yet been solved by Tianlong, and this hidden danger is the caste system in India since ancient times.

On the bright side, India has long since abolished this system, but even in games, this system still affects players once.

For example, the highest caste is Brahmin, a religious member who can become a monk, and the second level is Kshatriya, a local military nobleman and official in India.

The third level is the barks, which are civilians, and the fourth is the Dhara, which means slaves and pariahs.

Even in 2040, India is still a conservative country. It is absolutely impossible for a Brahmin caste to intermarry with a Dhara. Even if they are intermarried with a Vaishir, they will be imprisoned or even killed by the family. !!

Caste, caste!

This is a class buried in the hearts of Indians that can never be leveled up. There is a physicist in Europe who once solved the concept of class with a simple concept of physics.

How can we generate kinetic energy?

It is because the world has high and low levels to generate kinetic energy. Water falls from the ground to the ground, and naturally has a potential. Therefore, power is a certain thing in this world that can never be eliminated.

Of course, this theory prevails in India, but abroad, especially in the United States and small countries such as Denmark, Norway, and Finland, especially in Europe, the concept of high and low is almost non-existent.

why?

Take Australia as an example. Although he is a white supremacy country, the workers responsible for cleaning up urban waste here have annual salaries of several hundred thousand Australian dollars, which are higher than those of white-collar workers, and those who move bricks have more than two hundred thousand Australian dollars. There are far fewer office workers than them.

The Danish Prime Minister, who rides a bicycle to work every day, has no bodyguards and accompanying vehicles. People there have fixed wages, earn more and pay more taxes, earn less and pay less taxes, and give money to those who have no money, as well as free medical treatment.

This series of things has made many Indians know from the Internet that there is not only a country like India in this world, but only a country like India has such a serious caste system.

It is for this reason that many low-caste players who are accustomed to and numb and directed by people with high castes have rebellious psychology.

Three of them were the most fierce. The first one was named Dalvy, a big beauty, but she was a pariah of the lowest caste.

When she was just born, a woman in India lost money and had to pay 10 million gifts to the man when she was married. This led to many Indian girls being killed as soon as they were born.

Dalvey was almost killed when she was just born, and when she relied on herself to make money and sing on the internet, she was admitted to college. Originally, she wanted to have a vigorous love in school, but she did not expect that because she was a low caste, To all kinds of unjustified humiliation and attacks.

Some people accused her of being a thief, some accused her of misconduct, and even wanted to be wrong with her. But when she rebelled, she was accused of seduce others by her own initiative, which led to the school punishing her. Davy was completely heartbroken for this country.

Later, she entered the game. Now that there are so many low castes in India suffering unfair treatment, she wants to establish a guild belonging to low caste players or a guild without a caste system.

The second one is Ba Qiang. He and Davye had similar experiences, but he was even bitter, because he fell in love with a woman with a high caste, and the other party fell in love with her. The two even secretly ran to a caste without caste. The associations in the system went into contact, but the woman's parents knew about it. As a result, the girl was imprisoned, whipped, and regarded as a shame on the family.

Ba Qiang's results were also very miserable. His parents used the power in his hands to drive him out of the school and became a graduate student who did not get a diploma. His poor mother was directly furious and his father could not afford serious illness. I can work on the construction site during the day and make money in the game at night to support my family.

The third is Padu, a girl who is a high caste, but she does not like the caste system and wants to pursue freedom.

Originally, they had their own free country in the game. With the integration of the 48 main cities by Tianlong, Baqiang, Dalvi, and Padu had to surrender to Tianlong, but Tianlong re-divided them into the caste system. The low caste did not even qualify as a large captain, which caused them to explode.

It's just that their own strength is far from being able to resist Tianlong, so they turned to 6 Yang, and they asked for help during the old Six Kingdoms war. However, at that time, although 6 Yang agreed to help them, they did not choose that time because He had to face the Sky-Eye Alliance at that time and could not be distracted.

For example, today, even if Dragon dared to establish a main city in the Northeast region, it was tantamount to sending his head to the innermost side of his tiger. 6 Yang didn't bite him to death, so I'm sorry for such a good condition Shengxiong City.

6 Yang let lofty sentiments be responsible for the defense. He entered a special space and pulled Ba Qiang and other three into the space.

"Hello, Chairman 6 Yang." Ba Qiang, Dalvey and Patho saluted to 6 Yang together.

6 Yang said with a smile: "You're welcome, this time we succeed, we are one family."

Ba Qiang asked, "President 6 Yang, are you really willing to give us the management of Indian players?"

6 Yang smiled and said, "Do I still have the ability to manage Indian players?"

Chapter 1103 - Hidden outbreak

Lu Luyang never thought of interfering with the management of Indian players, because he was not greedy for rights and was not interested.

He said to the three Baqiangs: "Still in accordance with the previous agreement, when I lay down Tianlong, I allow you to set up your own legion. At that time, the owners of each of the main Indian cities that I have sealed will have a 10% share and will fight in the future. At that time, the main city you laid down will also have an independent income of 50%, and I will never let it go. "

Ba Qiang, Dahlwei, and Prado showed a surprise look. The three originally thought that Lu Yang's promise was only a means of enveloping them. However, they did not expect that Lu Yang gave them this promise again. This is equal to their future peace of mind. From Lu Yang, who leads a huge amount of money every month, how can they not be excited.

"Chairman Lu Yang, you are really too generous, I am willing to fight for you." Ba Qiang said.

"I do too," said Davy.

"I would, too," said Paddu.

Lu Yang raised the three with a smile and said, "I hope you can work hard to upgrade. Although we are people from two countries, I hope that we will become friends with each other. I also hope that each of my friends can have their ideals. Life. "

Luo Baqiang gritted his teeth and said, "I must let my brothers not be bullied by those people in the game."

Lu Yang nodded and asked, "How many people can you gather now?"

The three Ba Baqiang looked at each other and said one by one.

"About 500 people."

"About 300 people."

"About 200 people."

All three were ashamed.

Lu Luyang said, "How many people are not there, but how many people you can use your strengths to gather, and believe that your own ideals are just, that is enough."

He once conducted a survey. In India, the proportion of the caste population of Brahman, which is the first, and Kshatriya, which is the second, are 15%, and the remaining 85% are Vaishas and Sudras.

This is also the proportion in the game. A caste with only 15% of the population is trying to rule the remaining 85% of the population.

If it could be done in ancient times, but in modern society, with the ideals of equality and freedom for everyone, it is impossible.

The reason why India itself is not strong is that the 15% of Indians do not dare to let the remaining 85% of Indians have too much culture. Otherwise, this country would have rebelled long ago.

In the past, India controlled the network and controlled the invasion of civilization. As the game played the national war and the New World era, the people of the Indian Datura and Vaish caste saw the civilian life of developed countries such as Europe, China, and the United States. Firewood that has dried to the extreme has become hot.

I now have a little ignition, or a Mars to ignite him. As long as I ignite him, it can form the potential of Ebara.

Lu Luyang said, "When you launch your friends, the things I give you will not change. How much you can get depends on your own ability and your Indians' own determination."

Ba Baqiang, Daerwei and Patho nodded together.

"The fire has already ignited in our hearts, only we need to ignite him, at that time, Tianlong will be burned to ashes by this fire." Ba Qiang said.

Lu Luyang said, "Go, I believe you can do it."

Qian Baqiang nodded and withdrew from the special space.

Lu Yang looked at Dalv.

Dalvey bowed slightly, saying, "There are countless women in India who have been treated unfairly. I will fight for them. In reality, it is not allowed, but if it is not allowed in the fantasy, then what is the point of our being alive."

Lu Yang said with satisfaction: "Go, persuade those girls, they should be as strong as you, you will become their idol."

"Yes." Dalvey exited the special space.

Lu Luyang looked at the last Patho, and he smiled and said, "Patho, you are an ambitious girl."

Papado's eyes were a little flustered and he said, "I don't understand what you mean."

Lu Luyang said, "Don't pretend, I know what your ideal is, but if you want to reach that height, you need to put in more effort."

Uncle Patou's eyes appeared unwilling and asked, "Just because I'm a woman?"

Lu Yang nodded and said, "Yes, because you are a woman, but you are a woman and you have your advantages. If you can be fraternal and lead your Indian players to live a rich life, they will support you. "

"Do you mean to make them rich?" Patho looked curious.

Lu Yang nodded and said, "Yeah, just make them rich."

"Is this useful?" Partu was somewhat unconvinced.

Lu Yang said, "Did you know that any leader in history will be welcomed as long as he can bring a wealthy life to the subjects below, even if he is a dictator. The German one is far away, the nearest one is On the small island next to Huaxia, why did the vegetable seller vote more than a million votes in the second place when he was elected president? Because he promised that by choosing him, everyone could make money. "

Although Lu Yang didn't know much about India, Tu Feng will send someone to check in detail for everyone who has a relationship with him. The previous Baqiang and Dahlwei had no problems. Their net worth was innocent and ordinary. But this Padou 's Identity, but with an incredible family background.

It 's a pity that this family is gone, and her family is the only one left. If she wants to realize the glory of her grandfather and get the support of enough people, she chooses the game is a very good choice.

Padu thought about it and said, "I will try to do it."

Lu Yang nodded and said, "Go, first go to those who are like you, fight for them, then fight for ordinary players."

“Yes.” Patho exited the special space.

Lu Yang sighed. He originally wanted to play Liu Jie after taking revenge with Liu Jie. However, he did not expect that a game could really bring such a big change to the world. Even he had to change himself and follow the trend.

“Oh, Tianlong, you shouldn’t be born in India. Originally, you were a good opponent. Unfortunately, you are an old thing destined to be destroyed by the tide of the times.” Lu Yang murmured to himself and quit A special space.

“Boss, we are here.” Xia Yuwei and Jiang Ze and other vice presidents appeared beside Lu Yang.

Lu Lu asked: “Has 500,000 people arrived?”

“Here we are, we can start a war at any time.” Xia Yuwei said.

Xu Luyang was relieved in his heart and said, “Okay, let’s prepare for the attack.”

Everyone nodded, this is a previously released strategy, a new style of play specifically targeted at Tianlong.

世界 [World Channel] Lu Yang: Attention all players in Tianlong. Please leave your main city quickly. The Brotherhood of Iron Blood is about to launch a decisive battle against Tianlong.

[World Channel] Lu Yang: ...

Uh ...

Lu Luyang shouted a dozen times on the World Channel.

“Speaking so early, didn’t he just lay a majestic city?”

就是 “Yeah, where are we in Thunder City, does he have that speed?”

Uh ...

Most Indian players do not believe that Lu Yang can defeat Tianlong, nor do they believe that Lu Yang has the ability to break into the cities outside the three main cities of Heaven, Asceticism and Flying Dragon in a short time.

But there are also players who know it.

傻 “Stupid, didn’t you watch the fighting video just now?” An Indian player cursed at the merchant players who were trying to coax around.

“What’s the matter?” The businessman who just couldn’t speak asked uncomfortably, and just now other people agreed with him, which made him feel very happy.

“What’s the matter? If you don’t leave me, don’t say I didn’t remind you.” The Indian businessman didn’t say the reason, and left the booth.

This is how everyone’s psychology is. The less they say, the more they want to know, and they worry about pulling him to his side.

“Don’t hurry, let’s talk about it first.” A white-skinned Indian player asked.

The merchant player who closed the booth saw a lot of people around him and said, “I do n’t say that it looks like I ca n’t walk anymore, so it’s okay to tell you. You have n’t seen the battle of the Brotherhood of the Iron Blood by the Brotherhood Video it. “

“No, what’s wrong?”

“have not seen.”

“How can I have time to sell things?”

Uh ...

The player who collected the booth heard this, and then he was relieved and said, “Let me tell you, Lu Yang has a 100,000 Phantom Blood Wolf Guard in his hand.”

“Shadow Blood Wolf Guard?” Everyone was puzzled.

The player who closed the booth continued: “This Phantom Blood Wolf Guard has countless 80,000 people killed and wounded in Sharuk who hit 20,000 on the city wall. This is not the main thing. The main thing is that these people move very fast. , I heard it is 650% of the ultimate speed. “

“How is this possible?” Said the player who did not leave before saying unbelief.

“Hey, don’t believe it, think about it, Lu Yang wanted to sneak attack, at least to set off in Huai’an City, even if the God of War I had surrendered long ago, they could quickly pass Jiangping City, Kingzhou, the Holy Spirit and then Mahatma City, these three main city players have to run for more than 4 hours on a regular horseback ride, but you can see how long it took from Lu Yang to declare war to the 100,000 people’s invasion of the Mahatma City. “Asked the merchant who closed the booth.

Everyone shook his head.

“Just say it, we’re all dying.”

“Yeah yeah.”

Uh ...

The businessman who collected the booth smiled and said, "Tell you, it took only half an hour, and the four hours took half an hour to complete. How fast are they moving, do you still use me?"

Besides, a friend of mine participated in the defense of the city of the majesty, and he personally told me that the enemy moves too fast and the attack power is too high, and each shadow blood wolf can summon two shadow wolves with attack power. More than 80,000.

At their moving speed, it only took 2 hours from the city of the majesty to the farthest city of the earth. Do n't leave now, wait for them to come, we sell things in the city, can we beat them, or I can run past them, but don't leave. "

Everyone suddenly realized.

"Hurry up and hide in the small village in the surrounding safe area."

"Yes, yes, hurry."

Uh ...

The businessman who saw the booth saw that everyone around him was moved, and even those who had previously refuted him were leaving. He said with a smile: "Don't hurry, it is best to go to Tianlong's bank and warehouse. Quickly get back all the things you have in him, otherwise, haha, once the city is broken and the warehouse is opened by the brothers of the Iron Blood Brothers, your things will not be lost, I do n't believe Tianlong was able to pay back then After all, there are tens of thousands of merchants who store things here. "

All the businessmen suddenly realized.

"Thank you brother for telling us, go to the bank to pick up things."

"Hurry up, but that's all my net worth, can't just be gone."

Uh ...

Thousands of merchants in the thunderous city rushed to the banks and warehouses, but the merchant who was about to leave was smiling and went to another market in the city and continued to create confusion.

人 This person is not someone else. It is the boring Tu Feng who personally led the spy unit to the enemy's main city to destroy it.

“Tianlong, this trick is enough for you to die.” Tu Feng muttered to himself.

As the chairman of a super guild, with 13 main cities as super lords, Tianlong has done a normal financial business in his territory.

His guild and his own name, allow all players to deposit gold coins in the bank he opened, and give the depositing player a high 5% interest.

Normally, the interest rate of the Bank of India is only 3.75%, which is still a one-year fixed deposit interest rate. It can be stored in Tianlong, but the current interest rate is 5%. How can this keep those ordinary players from getting excited and a lot of players trust Tianlong, deposited the money in their bank.

Wu Tianlong then used the gold coins handed to him by tens of millions or even hundreds of millions of players to exchange them for cash to do business in real life.

Whether it is speculation in real estate, small loans, or even investing in stocks, he wants people to be connected, and money to have money, which is almost always stable.

也是 The items stored in his bank warehouse are also such deposits of a mortgage nature. If they are to be taken out, they must have an appointment time of 3 days.

Before, everyone didn't quite believe in this model of Tianlong, but after many people did this, Tianlong took out another Rs 10 crore as a security deposit, and the enthusiasm of the players came up.

只有 Only some villages in the New World have warehouses, but these villages are likely to be breached, and the safest places are nothing more than capable super guilds.

Yun Tianlong didn't quite agree with this method at first, but as his strength became stronger and stronger, he found that this model was very good.

With his guild and character already in cash as a guarantee, players can store top-level equipment here, such as pure water bottles, ninth element ball, and other rare equipment, especially the rare equipment bought and sold by merchants. When it is not sold, He will exist here.

Then he can use it, he can lend these equipment to his subordinates, on the one hand to play difficult copies, on the other hand to upgrade.

Tapping a copy can increase a great success rate, and upgrading can also speed up the speed of playing monsters. This is a win-win situation, so Tianlong did it.

The players agreed, but who would have thought that the seemingly powerful Denon would be easily defeated by Lu Yang.

Now, all the main cities in Tianlong are under the claws of the 100,000 Wolves Guard. With the support of the city of majesty, they can launch sudden attacks on any of the remaining 13 main cities.

In each main city, there are a large number of buildings such as banks, warehouses, auction houses, pharmacies, equipment stores, hotels, etc. If you go into any place, you will be in front of Tianlong.

天 If Tianlong is willing, he can sell all player buildings except the main city house and the outer city wall.

At the time, when he decided to attack Tianlong, Lu Yang and everyone had not thought about this layer. After Qi Yun learned about this, he told Lu Yang. A simple analysis made Tianlong look like a powerful guild. It was fragile.

nowadays.

The merchants and players of all the main cities under the Tianlong Dragon are crowded in banks and warehouses, demanding to get back their money and items.

“Give me my money and pay me back.”

给 “Give money, you Tianlong said personally, get your own money at any time by ticket.”

“Why don’t you give me any money? Take the money. I want my money.”

“Give money.”

Uh ...

This is the situation of the banks in the major cities. Each major city has hundreds of thousands of players blocked at the bank’s door to ask for gold coins.

The same goes for the warehouse.

Wuyue City.

Wu Tianlong sat in the city’s main government building, listening to the sweaty report of the chairman of the bank’s management bank and warehouse.

“Boss, think of a way, more than 10 main cities and tens of millions of players are asking for gold coins. How can we have so much money?”

“Boss, more than 100,000 people have requested to get back the equipment that exists here, but there are less than 10,000 pieces in the warehouse, and the rest are in the hands of the brothers.”

Uh ...

Tianlong was stunned He never thought that he would encounter such a situation. When he relied on these two organizations to make money for him, Tianlong was so excited that he thought that he had found a one that could make money forever The business that made him last forever.

Who can think of it, in a blink of an eye, it became a deadly poison that killed him.

“How many gold coins do we have now?” Tian Long asked his big housekeeper, his lover Grace.

Grace said: “There are less than 8 million.”

“Why is this so?” Tianlong stunned, this is not enough to send money to those players.

Grace said, “You forgot that you invested in another real estate before, and a lot of money was invested.”

Xi Tianlong slaps his head and slaps his head, and said, “Damn, Lu Yang, this bastard.”

Grace looked at Tianlong and said, “What you don’t think about now is how to pay back the money, but you should fight a victory and drive Lu Yang out of the city of the majesty. That is the permanent solution, otherwise, Your position is still unstable. “

Tianlong was a little flustered and nodded and said: “Yes, I should fight, I should immediately find a way to kill Lu Yang, tell Aishwarya, Karina and Amitba to accelerate the gathering of players, I will be in the city of heaven and Lu Yang is decisive. “

Grace nodded, took out the phone and called the three.

## Chapter 1104 - Full battlefield

When Tianlong urgently prepared for war, on the other side, the main mansion of Mahatma City.

Lu Yang was listening to Tu Feng who had just returned to report the fighting situation in front of him, and the white lion Xia Yuwei and others were by his side.

“Haha, it’s a laugh, Tianlong really digs his own grave. When the situation of the war is unclear, he dares to engage in this kind of finance.” Said bitter love for a long time.

“This time he really accomplished us, feel like he will be crashed by the player’s cash?” White Lion said.

Only by Tu Feng’s description, everyone can imagine the situation in which Tianlong’s major main city banks have been scrambled for cash by numerous players.

Lu Luyang said, “He really deserves it and gave us such a good opportunity.”

Tu Feng said, “Boss, we’d better release the passionate 100,000 crazy wolf now and divide it into 100,000 groups, of which 70,000 revolutions of the wolf guard as the attack, 33 million revolutions of shadow The blood wolf is the main force. “

Lu Yang nodded and said, “Yes, let these 100,000 people, each with a goblin robot in the 10,000 team, attack the main city at any time, and build the sentry tower at any time. As long as the construction is successful, the three of us have the right to transmit the New World. The staff of the staff flew over with a 300 forbidden mage, and casually giving a forbidden spell to a main city would destroy most of him. “

He did not taste the corpse and ran to Lu Yang, saying, “Boss, we apply to carry a goblin robot and cooperate with the lofty spirit to launch an attack.”

He has 500 phoenixes and 5,000 fire crows under his command. His strength is extremely powerful. Even if Lu Yang is faced with Germany, he has no certainty to win.

Lu Yang said, "Okay, then you have to carry half of the sentry tower, and you can carry the other half of the sentry tower with lofty sentiment. The two of you, Germany, don't taste the corpse and lead the attack on the city of Frost all the way along the dragon city. Lead the team from the city of innocence all the way up to attack the city of the earth, harassing and attacking the enemy, preventing them from gathering into a large army. "

"Yes." De Bu tasted the corpse and nodded with pride, both of them left the main city government excitedly.

I came to the door, said with a smile of pride and kindness, and said to De Bu tasted the corpse: "Look at us, get upset, find an opportunity to kill them, and make them more panic."

"Haha, I think so too, come on together." De Bu taste corpse said.

Uh ...

Tianlong aspect.

Aishwarya is mobilizing a large number of players in the city of dragons. At present, there are 50,000. When he is outside the city and is preparing to reach 100,000 men to march to the city of Mahatma, he flies in the sky in the distance. A lot of black spots.

"Vice President, look at the sky, it seems that a large group of things are flying over." A subordinate said.

Aishwarya looked into the sky, and soon she could see what was coming. 500 Phoenix Druids and 5,000 Skyfire Ravens Druids were quickly approaching the wall.

怎么 "How come there are so many phoenixes and crows, what are these things?" Aishwarya frowned.

In the sky, he turned into a Phoenix Druid leader and flashed red wings. Who is the defender of this main city. “

Aishwarya is an archer. He set up an arrow and aimed at Debu Taste. At the same time, his opponent shouted, “Ready to defend.”

Then she said to De Bu taste the corpse: “I am Aishwarya, the temporary city owner of Dragon City, and one of the 18 vice presidents of Tianlong. If you have the courage, come and attack me.

De Bu tasted the corpse when he saw tens of thousands of players under the city wall. This time he took the initiative to appear here, not to attack the city of dragons, but to match his lofty sentiments and let his 100,000 wolf guard You can quickly cross the southern side of Dragon City and enter the interface of the city of difficulty.

“Brothers, follow me into Flying Dragon City, the goal is arbitrary, be careful not to die.” De Bu tasted the shout.

“Yes.”

5005500 people immediately crossed the city wall and entered Flying Dragon City, flying towards the city’s main government.

“Well, they are going to attack the city’s main government, and follow me to defend.” Aishwarya could not help but take the troops to attack the city of the majesty, and rushed into the dragon city with 50,000 people.

Inside the dragon city.

Hundreds of thousands of players are gathering at the bank’s door, asking for gold coins.

“Hey, it’s lively enough, then we won’t fight here, let’s hit the main city hall directly.” De Bu tasted the corpse and flew to the main city house.

“Melt bomb”

巨大 A huge crimson fireball flew towards the player above the city.

“Damn, I’m a warrior, shooter, kill him soon,” shouted the warrior player who was defending on the city wall of the main capital.

Dozens of archers hurried over and fired bows and arrows at Germany’s tasteless corpse.

He did not try to evade the corpse immediately, and easily escaped the bow and arrow. He returned to a height of 120 meters and shook his head.

The puppet shooter’s attack distance is 100 meters. If the air combat class wants to attack, it will inevitably enter the range of the archer.

But archers can’t fly in the sky like Phoenix, so as long as the current air combat profession does not fight against the enemy, the enemy can only do nothing about them.

Aishwarya just entered the city’s main house through the teleportation array and came to the wall, watching Germany’s circling flying overhead overhead, scolding: “Come down with courage.”

He didn’t taste the corpse and said, “I’m not stupid. Why go on, if you have the courage, go and attack the city of the majesty. I will come down when you leave.”

“Asshole.” Aishwarya was so angry that she could do nothing about Germany.

“Gone, let’s go to other places to set fire and kill people.” De Bu tasted the corpse and continued to transfer. There are only two teleportation arrays in a main city, one is the main city house, and the other is a safe area. As long as you avoid these two places, the rest Anywhere they attack.

At this point, the city of the dragon has been fired. 5,500 druids used the melting bomb to launch attacks in places other than the safe area in the city. The players in the city scattered and fled, and the players gathered at the bank's door were more excited to ask for bills.

When Aishwarya was helpless to prevent the attack of the dead body everywhere in the city, the other side of the city, with a 100,000 crazy wolf guard, easily broke through the few blocking players outside the dragon city, and entered the Within the city of hardship.

“Vice-Chairman, just 100,000 enemies suddenly attacked us and rushed across the area between the city of dragons and the city of innocence.” A subordinate called Aishwarya.

“100,000 people?” Aishwarya panicked.

“Yes, one of our thieves hiding from the side has not been attacked. He is sure that it is 100,000 people.” Huihui reported.

“Not good.” Aishwarya knew what Lu Yang was going to do with the Druid Army and the Wolf Guard, and he immediately called Tianlong.

“What is it?” Tianlong has just arrived in the city of paradise, and is preparing to make Karina take 100,000 people to the city of the majesty to support Salman.

Aishwarya said: “Boss, Lu Yang has air power, the number is about 5,000 people.”

“Air power, what do you mean?” Tianlong puzzled.

Aishwarya said: “It is a profession that can fly in the air and can attack. Among them are 500 phoenixes and 5,000 skyfire crows. The attack power is very strong. It seems that they are all three-turn professions. On strength, at least one person can kill 5 players of the same level. “

“What?” Tianlong stood up fiercely. The three-turn profession itself was strong or a flying profession. Knowing how the war fought, Tianlong knew very well how much the 5,500 flying professions could play.

“How come, what are these people doing now?” Tianlong asked.

Aishwarya said: “Just now, the enemy’s flying profession sneaked into the city of dragons. I took them out, but the enemy took advantage of this opportunity and the 100,000 Wild Wolf Guard broke through the defense between the city of dragons and the city of innocence. Position, into the territory of the city of innocence. “

“Asshole.” Tianlong was furious and cursed: “What do you eat, how can you let the enemy’s crazy wolf guard enter the city of innocence.”

Aishwarya looked ashamed and said, “Sorry, it was my failure. I didn’t expect that Lu Yang did not want to fight against us, but to bring us down.”

Wu Tianlong was so anxious that he could only hang up and order Karina to enter the city of innocence with the 100,000 people she had just assembled.

2 km outside the city of Nothingness.

She stood in the middle of the mountains, looking at the city in the distance, took out the goblin robot from her backpack, and began to build the sentry tower.

“Boss, why don’t you attack? There are already enemies in the city.” One of his men asked.

嘿 “Hey, what are we anxious about, how about these people completing the garrison, I’ll see if I can give you a big summoning, as long as the summoning is successful, the enemy will be easily destroyed.” Said proudly.

“Big summoning? When did you learn?” His men blinked.

He gave him a head of pride and said silently: "Stupid, I mean summoning the boss and the forbidden army. After building the sentry tower, summon the boss and 99 forbidden wizards. A wave of skills is not available. It's over. "

"Ah, oh, what do you mean?" I was embarrassed.

He was too lazy to look at his stupid brother. When the sentry tower was completed, he immediately called Lu Yang.

"Boss, the sentry tower has been constructed. I would like to ask the Forbidden Curse Master to come to support." Said with pride.

"I'm here in person." Lu Yang looked at 299 forbidden mages, such as Hei Yan and Luo Siyu, standing in the city's government house, and said, "Ready to fight the city of innocence with me."

"Yes." Hei Yan and Luo Siyu said together.

Lu Yang, Hei Yan, and Luo Siyu all simultaneously took out the New World Teleportation Scepter, clicked to launch, a flash of light flashed, and 300 forbidden mage disappeared from the city's mansion.

At the location of the outpost, the light appeared.

Lu Luyang and 299 forbidden mages appeared beside the sentry tower.

"Boss," said respectfully.

Lu Yang looked to the distance, and found that the city in front of it is the city of innocence, and said, "Offensive, we 300 people will release the curse to protect you."

"Yes." Pride turned into a shadow blood wolf, roared, and shouted: "Crazy Wolf Guard, attack."

“Woohoo ~!”

叫 The sound of 100,000 wolves rang, and the ground suddenly shook. The defensive players above the city of Difficulty looked at the outside of the west city wall at the same time, and found that a large number of shadow blood wolves rushed out of the forest and rushed towards the city head.

“Enemy attack.”

“Found 100,000 Wild Wolf Guards.”

“Quick defense.”

Uh ...

Players on the ramparts shouted.

Karina quickly jumped to the west wall using flashing skills. He was a space mage. Seeing the situation under the wall, it turned out that 100,000 giant wolves were running towards the wall.

“Get ready, shoot at a distance of 100 meters,” Karina shouted.

“Yes.” The shooters and mages on the city’s head raised their weapons.

Under the city walls.

She looked at the player’s face with a disdainful expression on the head of the city and said, “Earthquake, prepare.”

“No. 1 is ready.”

“No. 2 is finished.”

“No. 3 is complete.”

Uh ...

“It’s 30th.”

Shouted the 30 shadow blood wolves.

She looked at the 100-meter area and shouted: “Okay, listen to my order, let it go.”

“Earthquake”

“Earthquake”

“Earthquake”

Uh ...

30 30 consecutive Earthquakes, with a width of 10 meters from a distance of 100 meters, quickly protruded forward, and quickly extended to the wall.

When the first Dilong Earthquake appeared, the loyalty jumped up with 30 men, and as Dilong Earthquake appeared, they ran up.

At the same time, the clouds in the sky on the wall suddenly became heavy.

Karina shouted, “Beat me, kill them.”

“Vice-Chairman, look at the sky,” said a head of the army to Karina.

Karina was anxious to command, listening to the words of her men and looking at the sky, only to find that the sky was already overcast.

不好 “No, the enemy has a forbidden spell unit, the Paladin opens the magic aura, and the magic apocalypse is used immediately, and the city will quickly hide into the Tibetan barracks.” Karina shouted.

The voice just fell.

人 Lu Yang and Hei Yan, who stood 1,000 meters outside the city, completed the secondary forbidden spell.

“Meteor Falling Rain”

“Icy Roar”

“Space-time cutting”

Uh ...

300 secondary forbidden spells swept across the entire Western Wall of the City of Difficulty.

With this opportunity, Wu Haoqing and thousands of ghosted blood wolves took the opportunity to line up along the dirt \*\*\*\* formed by the earth dragon quake, and quickly rushed to the wall at a speed of 650%.

“Summon the Shadow Wolf.”

“Summon the Shadow Wolf.”

Uh ...

The shadow blood wolf that climbed to the city head immediately summoned the shadow wolf, and then launched a roar and jumped off the wall to pounce into the city to fight.

Karina just jumped off the city wall to avoid the curse. Facing the attack of the Brotherhood of the Iron Blood, he could only order the player to counterattack as much as possible in the city.

At this stage of the game, it is no longer a good choice to defend the main city. The best option is to decisively fight in the wild or to block the enemy outside a certain level like Wuyuecheng, otherwise it will be passively beaten.

Especially since the city of innocence is on the side of Tianlong that is closest to the east and the end of the New World, how did Tianlong never think that the city of innocence will be met by Dingzhou City, which was far away from the iron blood brother alliance Offense.

There is no place on the wall to prevent the curse, nor is there enough width for them to defend. In the face of Lu Yang’s attack with the curse army and the lofty wolf army attack, Karina was beaten. Defeat.

For less than 20 minutes, I don’t know who shouted.

“Run, you can’t beat it.”

句话 This sentence triggered a chain reaction. Karina, who had just retreated to the safe zone, broke up and was completely destroyed by the crazy wolf guard.

Lu Yang was preparing to take a second wave of attacks with members of my forbidden mage group, but found that the enemy had collapsed.

“Oh, sure enough, this trick is too cruel, I shouldn’t use it so early.” Lu Yang shook his head and said.

Hei Yanyan stood by a black line in his forehead and said, "Boss, you are really too hard."

Lu Yang shrugged his shoulders and called the man with pride, saying: "Leaving 10,000 crazy wolf guards to clean the battlefield, the remaining 90,000 people continued to attack and attacked the blessed city with 30,000 people. City of Thunder and City of Earth. "

"Yes." Just now, with pride and enthusiasm, he took down the city's main mansion and said immediately.

出 "Out of town, you take ten thousand people to leave the battlefield to clean up the old 10, the rest attacked with me." Shouted pride.

The 90,000 wolf guards rushed out of the city immediately, and the players who were shouted as the old 10 took the rest of the wolf guards to \*\*\*\* the property in the city.

The other side.

When the heroic city attacked the City of Difficulty, De Bu Wei Zou left the city of the dragon with 5,500 flying members and went straight to the city of cold wind.

There is a large number of Indian players gathering in the suffering city in the middle. It is boring to find the dead body and not to find that one. He also chose to attack the main cities such as cold wind, frost and holy trees.

Inside the ascetic city.

Amoebat is gathering a large number of players. At this time, 300,000 people have been assembled. Although this speed is already fast, the Iron Wolf Brothers' Wolves and Archdruids are faster. After all, it has just passed. One hour.

Within the city.

米 Amoebal looked at his men unhappily, yelled: "All hurried out of the city, ready to go to the city of the majesty to fight."

Ba Baqiang and his 500 brothers hid in the crowd Ba Qiang was discussing with a deputy head at this time.

"Brother, do with me. Only by overthrowing Tianlong can we have a chance." Ba Qiang said as he walked.

Deputy Chief Wu frowned and said, "Overthrow the Denon? This is okay. I already have an idea to help Landing to overthrow the Denon. Will it be rejected by domestic players?"

"Hey, why do you want to spur them? Do they not know what happened to Tianlong? Look at you, you obviously have the strength of the regiment leader, but only let you be the deputy regiment leader, and care about so many things. The order, one by one, is simply letting us die." Ba Qiang said.

Deputy Chief Wu said, "But we are too few. I can only let my thousands of people listen to my arrangements."

He Baqiang said, "What are you afraid of? My brothers are contacting the deputy heads who are as powerful as you and don't give them a chance. Soon, we can gather hundreds of thousands of people."

Deputy Chief Wu was still hesitant.

Baqiang went on to say: "It's not just me, Dalvey and Patho both lobby players in the city of heaven and the city of dragons. This is just a game. Don't you also become a slave in the game?"

The deputy head of Qiu looked angry and scolded, "Who wants to be a slave, isn't it a fight, I've done it."

Chapter 1105 - Betrayal

Luo Baqiang said excitedly: "This is my good brother. When it succeeds, I will make you the master of the main city."

Deputy Chief Wu shook his head and said, "Let's talk about success, I don't think there's a good chance."

He Baqiang said with a smile: "Rest assured that we must succeed this time, and our task is not to fight against the main force of Tianlong. That is what the Brotherhood of Iron Blood should do. All we need to do is to destroy it at a critical moment."

"Damage?" The deputy head asked curiously.

Luo Baqiang nodded and looked at the distance and said, "We are one part of this work, and the other two parts will depend on Dalvey and Paddu."

Uh ...

The city of heaven, outside the city.

At the assembly place of 30,000 members of Wu Tianlong's forbidden mage group, Davy was staring at a man next to her with red and swollen eyes.

"For me, do you really want to do it?" Darwin asked forcefully.

The man's name is Shaqi, a low-caste but extraordinarily lucky player. At the same time, he is also the only space-time mage who knows the destruction of the super-forbidden space among Tianlong's 30,000 forbidden spells.

Time and Space Destruction has the same power as the Ninth Hell, and can control super skills within a range of 2,000 meters. Once released, it will cause equal damage to all players around it. At the same time, forbidden magic!

Davy's purpose is very simple. She deliberately seduced Shaqi. As long as Tianlong and the Iron Blood Brotherhood fought with millions of people, when the dragon ordered his curse group to release magic, she let Shaqi and his men Throwing the space-destroying super-forbidden spell into the team of forbidden spells on the dragon's side will break the forbidden spells on the dragon's side, and at the same time, it will greatly weaken the strength of the dragon.

Lu Shaqi faced Daerwei's crying eyes, and the last line of defense originally in his heart also collapsed, staring at Daerwei's eyes, and said, "For you, I am willing to be abandoned by this world, as long as you are."

Dalvey knew she was successful. She approached Saki and gave a kiss.

Sha Qiming knew that this was a virtual world, but he was still immersed in it. Not long after, Sha Qicai felt that Yiren had returned to a distance of 30 centimeters from him, and his face was full of shame. This look made Sha Qi more Can't stop it.

"My dear, I will be responsible for you," Saki said excitedly.

Dalvey nodded shyly and said, "As long as you are willing to help me, you will be successful."

Wu Shaqi said, "I have hundreds of brothers of the forbidden spell wizard. They have always suggested that I leave Tianlong and want to follow me. I will find them and they will definitely help me."

"That's great." Davy said excitedly, he knew Shaqi had this ability.

Shaqi frowned and said, "But we still have too few people, even if I can take my hundreds of spell-casting mages like me to betray, killing all the spell-casting mages under Tianlong, but Tianlong Not only has 30,000 forbidden mage, but also a large number of special troops, all of which are of the high caste and will not betray him. "

Wu Tianlong has more than 10 million players who can fight. Of these people, 2 million are players of the high caste.

Wu Tianlong gave them the best treatment. A good transfer certificate was given to these two million people first, and a good skill book was given to these two million people first. All the blood was given to these people.

Low caste players like Shaqi, who have forbidden curses, got it because of their luck. Therefore, the real combat power of Tianlong is 2 million people. It really fought, even if it was defeated in a battle. Two million people can help Tianlong regain everything.

Dalvey said: "Don't worry, his top players are nothing more than the healing team, mage team, melee team and long-range shooter team. Baqiang has convinced the shooter group. When you release your skills here, more than a dozen Thousands of shooters will target the healer, the shooter, and the mage, killing the enemy's healing and remote output.

As for the special army of Tianlong, Baqiang's attack is on the one hand, and on the other hand, Padu will help us get some of the special army. "

"What?" Saki asked in surprise: "Padu is just like you, can she convince the special army?"

Dalvey said: "Yes, Padu has long been our comrade-in-arms. Our goal is to overthrow Denon so that all low-caste players in the game will no longer be enslaved by them. Our greater goal is , To completely lift the caste system in India and let those who think they are high caste die. "

For the first time, Saki knew about Davy's dream. Some were surprised by Davy. Although he didn't like Davy as he is now, she was too strong, but Saki still decided to help Davy without hesitation. she was.

"I'll contact my friends right now and get them prepared," Shaqi said.

Dalvey nodded, sent a message to Padu and Baqiang, and said, "The curse forbidden spell master."

Ba Baqiang replied, "The Campus Army will get it."

Luan Padu did not speak, at this time she was negotiating with a special legion leader under Tianlong in a special space.

“Sister Pardu, why should we listen to your order to betray the dragon?” Collie, head of the Burning Master, looked at Pardu with a shrewd look.

The Burning Lantern Mage, India’s unique mage legion, is known for its flame damage. It holds a lotus flower in its hand and releases a pure flame. This flame cannot be dispelled, and the invincible and mage’s ice armor cannot be dispelled.

The damage has a doubling effect. Once they are released, they can cause extremely high damage in a very short period of time. It is one of the special legions of Tianlong who has a moderately high strength.

This legion never appeared before, because Cory was not originally a dragon, but one of the dragon’s domestic enemies, but Corley was defeated and forced to merge into his guild by the dragon.

At that time, Coley agreed in order not to be chased by Tianlong, but he knew that Tianlong would gradually separate him from his players. Sure enough, Tianlong started his operation immediately after the two guilds merged.

He turned Corley into a deputy chairman with only an empty name. His men were transferred from one post to another. Those transferred players slowly gathered around Corley, and Corley was not vegetarian. Using the remaining money in his hand, he bought the second-round certificate of the Burning Lantern Masters, re-signed a contract with them, and he gave money to support these brothers. At this point, the 5,000 Burning Lantern Masters were obedient to Coley.

Tianlong later learned about Corley’s situation, but he did not take the Lantern Master as one thing, because there were many special regiments under him, more or less, less or less, didn’t care, and there had been no They sent to the battlefield.

Because they did not fight with Lu Yang, these people in Cory have been preserved, and their ranks are higher than those of the elite group under Tianlong.

Papado knew this, so he dared to come to Collie and said, “I know you want to regain power, sister, I gave you this opportunity.”

Coley smiled and asked, "What ability do you have to give me this opportunity? You are under Tianlong, but you are just a senior player without a professional contract."

Padu smiled beautifully and said, "What if I said I didn't sign on purpose?"

"So what, compared to Tianlong, you are just an ant on the ground. His elephant doesn't need to deliberately step on you," Corley said.

Padu said: "Join me and stand on the shoulder of a dinosaur. Do you think he can still kill me?"

"Dinosaurs? Where did the dinosaurs come from? Are you talking about Lu Yang?" Coley asked.

Padu smiled mysteriously and said, "Who don't you ask first, I'll ask you if you want to regain the rights. If you are willing to help me, I will give you 50% of the income of the main city."

"50% of the revenue of a main city?" Collie looked at Padu in surprise and said, "Are you sure you have this strength?"

Supporting 5,000 people, even taking them to make copies to make money, still makes Corley a little difficult to maintain, he has reached the point where he can't support it.

Padu said, "Of course, that person has promised me, and I can divide the main city owner. Now it's up to you."

Corley thought for a while, and still shook his head and said, "No, you have to tell me everything, and then I will decide what to do, otherwise I won't agree."

Partu felt almost the same and said, "In fact, we had contact with Lu Yang as early as the National War. But at that time, both of us thought the timing was inappropriate and did not overthrow Denon. Today, Denon runs to Luyang by himself. His side just gave Lu Yang the opportunity to cooperate with us. "

Kelly didn't feel the accident, and said angrily, "You really colluded with Lu Yang. I'll tell Tianlong."

Padua looked at Corley and picked up the phone, but he didn't mean to stop it, just looked at Corley with a smile.

Kelly was surprised, and asked, "Are you not afraid I told Tianlong?"

With a hint of sarcasm, Padua said, "Why, has President Collie been reduced to this level, defeated and deprived of everything by Tianlong, and now he is actively taking the dog for Tianlong?"

"Who do you say is a dog?" Collie was furious.

He was not afraid, and said sternly, "You are calling now, the dog that I look down on. I think you misunderstood me."

Kelly didn't expect a girl with a sharp tooth to this point, so she just put down the phone and said, "But you can't win at all."

Padu said, "Who says that you can't win, do you think I have only one person, not only me, the forbidden spell corps under Tianlong, and most of the low caste legions that they despise, have agreed with us? All right."

Cory surprised, saying, "How is this possible?"

为什么 "Why isn't it possible?" Patou asked back.

Kohli thought about it and found that it is really possible. Although he was deprived of his rights, he can more truly feel the impact of the game on the players from the bottom. The invasion of foreign cultures has made low-caste players in India. They had a strong resistance.

When usually teaming up, the low caste's defense and treatment will be rebuked when their output is wrong. This was absolutely impossible when there was no war in the country. How dare the low caste poor Say them?

“The world has now reached this stage. This is not something we can suppress by relying on power. We can only follow this trend. You don’t want to be annihilated because of it,” he said.

“I don’t want to bear this infamy, but how can I be friends with people of the high caste in the future,” said Collie.

He Padua asked, “Do you still have friends with your high caste now?”

Collie was asked about the pain point. When he was capable, he was full of friends, everyone called him a brother, but he was defeated by Tianlong, and when he asked for help from those “brothers”, they all closed their doors. Later, the guild merged. “Brother” saw him, and no one considered him a brother at all. This incident was deeply stimulated by Cory.

“Okay, I promised, my 5000 Burning Light Master, I will send them out to participate in the war.” Corley said angrily.

“Okay.” Padu said excitedly: “As long as this war is won, you must have a main city. If you can reach more people, President Lu Yang said, whoever lays down several main cities, there will be Income from several main cities. “

“I’ll contact my hand now.”

“Waiting for your good news.” Padu bowed slightly, then withdrew from the special space, and he went to find the next legion leader.

Uh ...

“Chairman Lu Yang, at this stage, 70,000 people in the Kangbasi Army, 500 people in the Forbidden Charm Mage, and 5,000 people in the Lantern Army decided to counterattack Tianlong with us.” Padu reported to Lu Yanghui.

里面 Inside the main palace of the city of Mahatma.

Lu Yang forced a fist and shared the news to White Lion and Xia Yuwei.

“Tianlong is dead this time.”

“Haha, I guess Tianlong could never think of it. There are so many hidden dangers inside him. This time the collective outbreak, I bet that Tianlong is dead.”

Uh ...

Everyone laughed.

Lu Luyang said, “Yes, Tianlong is really dead this time. Our opportunity to unify the whole Northeast is really here.”

The forbidden spell group releases their skills in groups of 10 people, and the distance is not more than 500 meters. If these 500 people are responsible for sneak attack at the same time, one person can force 10 forbidden spell wizards to stop casting, and even throw the skills to their own team. inside.

On the battlefield, the inside is the most vulnerable. Once the internal treatment is killed, a hole will soon be torn open, and defeat will become a foregone conclusion.

Lu Luyang said, “Let’s go now, and drive the 500,000 people gathered by Salman to the city of paradise, where they will fight against Tianlong.”

“Yes,” the crowd said together.

Wu Tufeng said: “Boss, at this stage we are a little bit empty inside. Is it possible to let the players in the back group leave a part to defend our main city?”

主 The main capital of each main city is too fragile. As long as the guild badge of His Majesty is changed, the main city will change its name.

At the back of the Brotherhood of the Iron Blood, the old man sits behind him. The heads of the army such as Liquor Qingfeng and Xie Bin cooperate with him to gather a large number of players. Every 10,000 people are sent to the city of the majesty. Morong stepped up to repair the teleportation team of the city of Mahatma.

Although there are a large number of front-line players, there are already 700,000 to 800,000 people. In a few hours, one million people can be gathered in the city of Mahatma.

But in this way, there were only a few hundred players in the six main cities including Xuanzang Eight City, Tiger Mouth, and Chiyang City inside the Tianjian Fortress. The defensive strength was not enough of.

Once a small guild wants to rebel, thousands of people can lay down the main city.

Lu Luyang said, "Don't worry, we don't have enough people, but there are others who can help guard the city."

Wu Tufeng said in surprise: "Do you mean Korean?"

Lu Luyang said: "Yes, I have ordered Li Wenxing to gather his players, in each of our main cities, at any time to prevent accidents."

After more than a month, Li Wenxing has gathered a large number of Park Renyi to leave, and considers the useless guild players. At present, there are nearly one million, and the levels are between 110 and 120, which has become a serious issue. Combat effectiveness.

Tu Feng said: "Hey, I bet Tian Long will find Park Renyi and let him stay in the spy in Xuanzang Eight City to encourage Korean players to attack us. If Li Wenxing is prepared, these spies will be killed. "

Lu Yang said: "I also had this idea. I wanted to see how many people wanted to rebel. To this end, I kept Hao with 100,000 people hidden in Dingzhou City to support the main city in trouble at any time. "

Wu Tufeng sighed and said, "Boss you think well."

Lu Luyang said: "Let's go, let's meet this Salman and see what capital he has. He dare to fight against us outside the city of the majesty. In the field war, I have never lost."

"Haha." White lions and bitter lovers laughed On the battle in the wild, the Brotherhood of the Iron Blood has never been afraid, because these people have gradually grown up in the field war.

"Ready to fight."

"Ready to fight."

Uh ...

A dozen or so follow-up vice presidents each issued orders, requesting their army to immediately prepare for battle outside the city.

Salman has just gathered 500,000 people and is thinking about whether to fight against Lu Yang. After listening to his reports, the Jagged Brothers players who are 5 kilometers away have stood up and made preparations for attack. Salman looked surprised.

He quickly called Tianlong and said, "Reporting to the boss, it seems that Lu Yang is going to have a decisive battle with me. His 500,000 people outside the city have started activities."

Wu Tianlong was being burned by Lu Yang's Mad Wolf Guard and the Great Druid Army to defend the blessed city. The Mad Wolf guard attacked the city of Thunder and the city of Thunder.

You send too many people, the command is laborious, and you are not flexible. They send fewer people. They use a wall attack to make you invincible. Tianlong set several traps to eliminate these 100,000 people. This Tianlong is sad.

“Who the commander of this crazy wolf guard is, and how can he have such a high commanding talent?” Tianlong scolded angrily.

#### Chapter 1106 - Big battle

Where does he know that as a commander of the Wolf Guard, he has been studying with Lu Yang for a long time, and this time out of the city, Lu Yang told him, don't be greedy for cheap, their task is just harassment, any big results He did not do it, so even if he saw the opportunity, he would not attack, but only responsible for harassment.

The vice presidents under Tianlong are bothering about this matter. For the first time, they encountered such annoying enemies with high sentiments, fast speed, high damage, strong assault ability, huge territory, millions of players, but they just took They have no way.

Grace calmly said, “Sir President, we should now discuss how to deal with these 500,000 people in Lu Yang. Since the other party decides to dominate harassment, we can only divide some people to guard against their harassment, and the vast majority Decisive battle with Lu Yang. “

Tianlong responded and said, “Yes, I'm going to have a decisive battle with Lu Yang. In any case, we must win this battle, order Salman to retreat, and the rest will follow me out of the city, we will face Lu Yang. . “

“Yes.”

Uh ...

With the order of Tianlong, players from several main cities such as Ascetic City, Flying Dragon City, and Paradise City gathered, except for 300,000 people who are responsible for defending lofty sentiments, and the rest gathered in the city of the majesty.

Vice Chairman Grace said, "Sir President, should you look for Park Renyi and let him launch his spy?"

Wu Tianlong said: "It makes sense, Park In-yee owes me affection, and it's time to return some."

He took out the phone and called Park In-Yi.

"Dididi"

Park Ren-yi, who was storming outside the Skysword Fortress, saw the phone ringing, picked it up and saw that it was Tianlong's call, and immediately pressed the connection button, saying, "Tenron Brothers, what's the matter? I'm storming the Skysword Fortress. "

Tianlong's heart warmed up and said, "Good brother, I'm here to ask for your help. I know you must have left a lot of spies in Xuanzang and Eighth City. Can you let them create chaos in the city and force Lu Yang's men to retreat? go back."

Bian Pu Renyi did not immediately agree that these people had managed to insert the nails into a new Korean guild in Xuanzang eight cities. If it was so exposed, his last strength in Xuanzang eight cities would be gone.

Tong Tianlong knew that Park Renyi was reluctant, and said, "Brother, I have reached the point of life or death, otherwise I won't find you. You must help me in this matter."

Biao Pu Renyi gritted his teeth and said, "Okay, I'll stop these nails and help you, wait."

Tong Pu Renyi hung up the phone, then entered a special space, and invited seven people. These seven people were a vice chairman, two deputy heads, and four deputy team leaders of the Wenxing Guild.

The light flashed.

The three of them entered a special space and saw Park Ren-yi, all bowed down and said, "Boss."

Park Renyi nodded and said, "The 7 of you are the best in the Wenxing Guild. Now I want you to start a war with your players immediately. It is best to lay down two main cities and force Lu Yang to send someone to intercept. you guys."

Seven people were surprised at the same time.

"Boss, if we do this, we must reveal our identities. After this war, no matter what, we will not be able to stay in Xuanzang Eight Cities." One said.

Park Renyi said, "I know, but this must be done. Go."

Chi Changyu, who has been a vice chairman, said, "Hello President, how about letting me encourage Li Wenxing, the chairman of the Star Association, he is a Korean. Now that he has such a good opportunity, he has no reason not to agree. . "

Park Renyi said, "Are you sure?"

Chi Changyu said: "I have 80% certainty that he will agree. If successful, these 1 million people, although they cannot defeat Lu Yang, can make him have to withdraw the same number of players, or even more players. Tianlong has a chance of winning. Become bigger. "

Park Renyi said, "You can try it, but don't show it easily."

"Yes," Chi Changyu said.

"A few of us also encouraged Li Wenxing's other men." Another spy said.

Park Renyi said, "Go."

He withdrew from the special space, called out to Tianlong, and said, "Soon, there will be turmoil in Luyang. You should take advantage of this opportunity, it may only be once, don't waste it."

"Good brother, interesting enough, I'll wait for your news." Tianlong hung up the phone and shouted in excitement: "The army continues to advance, I will fight Lu Yang to death."

After the previous war, Tianlong was trembling, and finally found a key point to win, which made him extremely excited.

"Boss, the enemy attacked my city from three directions." His subordinates immediately reported to Lu Yang.

Lu Yang was walking outside the city with half a million people. Hearing the news, a sneer appeared on his face, saying, "Tianlong has a good plan. He wants to persecute us to defend the city of the majesty. How can I obey him? , The army continued to advance and attack the city of paradise. "

"Yes."

Uh ...

2.5 million people continue to move forward.

Lu Yang knew very well that no matter what the battle line is, in the field, as long as it is the defensive side, it is the passively beaten side.

No matter how good your defense is, you always have a weakness. If the enemy discovers this weakness, you will have to move the entire army as a whole. But the transfer of hundreds of thousands of people can not be done in a simple sentence or two. This requires a lot of preparation.

Lu Yang doesn't want to do this preparation work, he wants Tianlong to do it!

The defense of the majestic city has 100,000 130-level shooters with Titan Dwarf muskets and 200,000 120-level players. As long as Lu Yang blocks the dragon's main force, the rest of the ascetic city and the dragon city support players will fight for a while and a half Don't come down to the city of Mahatma.

What's more, the rear players are under the leadership of the old man in the twilight, and they continue to increase their troops to the city of the majesty, and 30,000 people go to the front every 30 minutes. Lu Yang has time.

The team responsible for exploring the news immediately discovered the movement of the Iron Brotherhood. After learning that Lu Yang still has no defense, he finally chose to compromise and ordered the players in the other two main cities to fly to the city of heaven and out of the city. set.

In order to be able to win the war with absolute strength, Tianlong had to let go of himself and comfort the players of the lower castes. At the same time, he personally called those who were not seen by him before and let them also bring People came to fight.

Among them is Corley!

"Hey, Tianlong finally asked for me." Collie hung up the phone and muttered to himself with a smirk on his face.

He sent a message to Padu and said, "I have been invited to the war. How many special corps have you gathered?"

Padu was negotiating with the heads of two other special legions at this time. Compared with the previous negotiations, this negotiation was very simple.

"Yurian, Aksie, you two owed me a favor during school. The two of you said that no matter what I asked for, you two would agree to me, right." Looking at the two boys in front of her.

Chiulian and Akse, who have been bullied in school before, are protected by Padu, who is the chairman of the student union.

They are also high castes, but the two are poor, and they are not so prone to the low castes, especially being bullied by other high castes. The two regard Padou as an object of love in their hearts, and they are also respected by them. .

"I said, whenever you ask me to do anything, I will support you unconditionally." Yulian said, holding her chest.

"Sister Partu, let's talk, we just listen to you." Akshay said.

Padu said: "I ask you two with your 500 special legions to obey my command from now on, no longer loyal to Tianlong."

"I promise."

"I promise."

The two men did not hesitate at all. The special legions of the two men were also not found by Tianlong, but by the two men.

The two were originally not members of the guild under Tianlong. They were players who were helplessly merged with Tianlong after being defeated by other guilds.

—个 The army of these two men is called Ghost-faced Ashura, and the three-turned Ashura is the blood of the God of War. Their strongest skill is called Hell Demon, which can become a demon with two heads and four arms.

At the cost of sacrificing magic resistance, the physical damage suffered is only 10% of the normal, the attack power is increased by 30%, and the attack power is extremely powerful.

Another one is called Hurricane Mage. The number of people is also 500. A three-turn Hurricane Mage can release a large range of damage skills. Hurricane, the damage is equal to the player's spell damage, with a reduction in movement speed, or an increase in movement speed effect, duration Related to its own mana.

He joined Yurian, Aksie, and Korila into the group she and Baqiang and Darviel said, "Everyone I can reach is there, three special legions."

Ba Baqiang pulled the three of Combas, Kuta and Bahawi into the group, saying: "These three have 100,000 people."

Dalvey pulled Shaqi into the group and said, "I have 500 members of the Forbidden Mage."

Kelly, Compas, Sage, and others looked at each other and were shocked beyond words.

"One tenth of the combat power of Tianlong is here. It is difficult for Tianlong to lose even in this war." Coley said.

Shaqi said: "I didn't expect Corley will come. Since you are here, I believe we have won this time."

Coley laughed and said, "Yes, as long as I can defeat Denon once and let the players in India know that Denon has no hope of winning Lu Yang, I can let my original players return to me."

Kombas and Ba Qiang were convinced of this, because the reason for the failure of Cory was because of too much justice, which caused his staff to run out of money and was consumed by Denon. Later, Denon did not dare to fire Corley, because Fighting for justice, the original guild players respect him very much.

Padu said: "We have enough people, so I will pull in President Lu Yang and let him take charge of the overall situation."

"it is good."

“No comments.”

“I also want to meet the legendary president.”

Uh ...

A few people agreed.

Lu Yang was sitting on the flame chariot and suddenly found that Padu sent an invitation to a special space. He said to Xiao Liang around him, “I’ll go to a special space.”

“Um.” Xiao Liang nodded, and Great Shield was protecting Lu Yang. Although there are no enemies around him now, no one can guarantee whether there is any force. Players carrying the heart of killing the gods suddenly attack.

A level of killing gods above level 7 can completely take the first rank of the admiral in the army.

The light flashed.

Lu Yang appeared in a special space, and just saw Patou, Ba Qiang and others.

He Padu stepped forward, bowed slightly, and said, “President Lu Yang, fortunately, the three of us brought over 100,000 people.”

Lu Yang looked at Collie and Shaqi, and arched his hand and said, “Fortunately.”

Padu stepped forward and introduced Lu Yang one by one. When the introduction was completed, Luyang’s face showed an astonished expression.

“If Tianlong is willing to use you sincerely, how can I win so easily.” Lu Yang said.

Kelly and Satchi and others showed helpless smiles.

Koli said, "President Lu Yang, you said this to our hearts. If Tianlong treats us sincerely, we really want to have a good fight with you."

Company said: "It is my dream to be able to fight against the world's top guilds. Unfortunately, I don't have this opportunity."

Lu Yang laughed and said, "I don't want to fight with you, but we can communicate well. You are very much like my brother Zhou Tianming. All the money was bought for his men. Everything is for his brothers. Otherwise, , Your 70,000 civilian players cannot all be level 130. "

Combas sighed and said, "You really know me."

Lu Yang said, "Of course, that's how I got up with my brothers. Everyone, as long as you follow me sincerely, I will never treat you badly. Before, I said to Padu, Baqiang, and Dalvey. If you can win the main city, 50% of the income of this main city is yours. I can do it. "

"What if I can win six main cities?"

Lu Luyang said, "These 50% of the six main cities are yours."

"Aren't you afraid I'll be bigger?" Coley asked.

Lu Yang laughed and said, "I never say anything. In the future, you want to grow big and want to fight with me. That is the future, but as long as I promise, I will do it."

Kelly sighed and said, "Tenry is half your bravery and won't end up in this end."

Lu Yang shook his head with a smile and said, "There are good things to tell you, in the future, Tianlong is gone, and the Northeast region is mine. If you want, I will take you out of the Northeast region and attack the entire world of the new continent. At that time, my standards remained the same. Who lays down the main city and owns 50% of the income of that main city? "

Compas and Corley and others completely convinced, looked at each other, and bowed to Lu Yang together, saying, "We are willing to follow you."

Lu Luyang nodded and said, "Okay, let's talk about the game and see \*\*\*\* Tianlong."

Koli said, "President Lu Yang, I would like to remind you first that you should pay attention to the inside, I have news, and the remaining forces of Park Renyi may attack you."

Lu Yang smiled and said, "Do you know, I have built a 33-story building in Korea that is the same as the Iron Brotherhood."

Kelly and others were surprised.

"What do you mean?" Coley asked.

Lu Yang said, "At present, one million Korean players in the Xuanzang Eighth City of our country have officially joined the Wenxing Guild formed by Li Wenxing. In other words, one million Koreans are defending Xuanzang Ba for me. city."

Cole and Compas and others are dumbfounded.

Lu Yang went on to say: "I never let Li Wenxing reveal my identity before. I just wanted to find the spy Park Renyi installed in me, and this time I caught them."

Padu said: "You want to be comprehensive."

Lu Yang smiled and said, "If you really work for me, I will also build a studio city for you in India, so that you can also drive a million people to work for you."

The eyes of Partu and Corley were all bright. They all knew that Lu Yang had established a studio city. This studio city had also been interviewed officially. At that time, Lu Yang said that to build such a studio city, he The one-time cost is about 5 billion credits, and billions of credits are paid annually as salary.

At that time, they all saw the professional players in the studio city and their relatives living in this perfect city, and they were all envious.

Koli said, "President Lu Yang, tell me, what should you do?"

Lu Luyang said: "In fact, this thing is also simple. When you really fight, you can just follow my order to attack from the back, basically you can be sure that one attack can make Tianlong defeat."

"Yes," said Collie and Compas and others.

"Be prepared, we will see you on the battlefield when I hear from you." Lu Yang arched again and withdrew from the special space.

Xun consciousness returned to the body, without waiting for a response. On the other side, Li Wenxing sent a message.

"Boss, I caught a spy here, it is my vice chairman." Li Wenxing said.

Lu Yang couldn't help laughing, typing and asked, "How high is the level, how many people are there?"

文 Li Wenxing said: "At present, there is only one person who talks to me, but I feel that they should have several people, but the others are not high enough."

Lu Luyang said: "Good job, hold him first, promise him, and seduce all his men to me. When the battle is over, it will be a success."

“Yes.” Li Wenxing ended the call and smiled at Chi Changyu in front of him. “Brother, I promised you this request. Xuanzang Eight City is our Korean, and Lu Yang must not be taken over.”

Chang Chichangyu knew this result long ago, he didn't care about it at all, and said excitedly, “So, do you agree?”

Li Wenxing said: “Of course, the purpose of establishing the guild is to occupy the eight cities of Xuanzang, but I am mainly a player between level 110 and 120. I am not strong and the equipment is not good. I am afraid I can't keep it. “

Xu Chichangyu said: “Don't worry, as long as I can defend this wave of attacks, I can find Tianlong to equip you.”

## Chapter 1107 - Paradise steppe

“Looking for Tianlong?” Li Wenxing looked at Chi Changyu with a critical look, and asked, “It looks like you are Tianlong's subordinate.”

Chang Chi Changyu shook his head and said, “I'm the chairman of Park Renyi.”

文 Li Wenxing was agitated in his heart. What he wanted to find most was the spy left by Park Renyi, which happened to be this time.

“That's it.” Li Wenxing thought for a while and said, “Let's gather the players first, and you can also gather the players you can gather together. Let's both sides together, wait for the signal from Park Renyi, we will attack the Iron Brotherhood, but , After the fight, you must leave. “

“Okay, happy.” Chi Changyu said, “If you don’t say, I will go, haha.”

文 Li Wenxing secretly sent the matter of Chi Changyu to Lu Yang. He regretted that he had reported too early, but the rescue was still timely.

After receiving the news, Lu Luyang just gave him back a word that I trust you, and continued to move forward with 500,000 men.

At this time, the entire northeast region has been chaotic.

Xi Tianyao is attacking the Nine Star Alliance. God of War I, Pope I, and Sad Fanqiufeng are well prepared to cooperate with Tianyao to attack.

On the side of the Nine Star Alliance, the remaining six people, such as Glacier and Dragon Slayer, were not prepared before. The intrusive attack disrupted their rhythm, and they could not effectively and quickly gather players together.

As soon as Lu Yang arrived at the city of the majesty, Tianyao lay the city of victory and destroyed the teleportation team. Tianyao used the World Channel in the city to shout, saying that as long as he withdrew from the Nine Star Alliance guild, the Iron Brotherhood would not Investigate, you can also have a chance to join the Iron Brotherhood.

In this way, many ordinary players who were not ready to fight with Lu Yang, especially those marginal players, have withdrawn from the guild.

At this critical juncture, it doesn’t matter if one or two quit the guild, but hundreds or thousands of quit guilds. The prompts for quitting are flashing on the guild channel, and many people with unwilling willpower have given up the idea of participating in the war. Although they did not quit the guild, they did not go to war.

Even if they have arrived at the scene, they saw the powerful strength of the Brotherhood of Iron Blood, and the overwhelming players rushed away quietly.

This led to the fact that the six guild leaders such as Glacier were defeated by the Iron Brother Brothers once, and when they reassembled, they lost a lot of players.

On the battlefield.

“How is this possible, how is this possible, where is my person? Where is my person?” The Dragon Slayer warned unwillingly.

Wu Tianyao looked at the players outside the city of war who had gathered less than 150,000 people, with a disdainful expression on his face.

“It’s just you guys who want to fight with me, really looking for death.” Tian Yao said.

The dragon-slaying soldier yelled: “I don’t believe that Tianlong will defeat. As long as we live and drag you on, Tianlong will defeat you because of the number advantage.”

Wu Glacier said, “Yes, that’s when we counterattack you.”

The Black Cross cursed: “Don’t think that sneak attacks on us will be a good deal to win us. This war is still long.”

“Tianyao, when I hit Dingzhou City, I will say the same to you, and see how you answer then.” The bullfighter scolded.

Uh ...

Xi Tianyao looked at the glacier and others and laughed loudly, “Since you are looking for death, then I will complete you and the whole army will attack.”

“Iron Brotherhood, kill ~!”

“Kill ~”

Uh ...

With the shouting of blood, 300,000 people of the Iron Brotherhood, under the command of Xu Cailiang, launched an attack on these 100,000 people from three directions.

The other side.

上面 Above the plain of heaven.

2 2 kilometers away from the city of paradise, Tianlong gathered more than 1 million players and set up a formation outside the city.

In his formation, the cursed mage regiment did, as Lu Yang had previously thought, 30,000 people were assigned to various positions among the 1 million people.

Although dispersed, before the war, these people gathered together as a team of every 1,000 people, surrounded by anti-war and treatment protection, waiting for orders at any time.

In the middle position, just behind Tianlong, Shaqi and the other 5 heads of the forbidden mage team, each with 500 people, a total of 3,000 people, etc. Wait there, they are the ace of Tianlong's ace, and among the forbidden mage The best-equipped and most-damaged group of people forbid spellcasters.

Wu Shaqi looked around and sent a message in the group, explaining his position.

“Hey, these 3,000 people will be handed to Brother Shaqi. I am at the forefront of the special army. It looks like I will fight for a while. My men and I will die first.” Corley said.

Padu asked: “Tianlong is deficient enough to let you die.”

Koli said, "Chairman Lu Yang, don't mind me killing some of you when I fight, my Burning Lantern Master's attack power is quite strong."

Lu Luyang said, "Of course you don't mind. Protect yourself and don't be discovered by Tianlong in advance."

He Baqiang said: "It's not too fast for me and Combas to attack. We can't talk to ordinary players about these things now, we need to say temporarily on the battlefield."

Company said, "Please forgive me."

The situation in Luyang Nature Road said, "No rush."

Yurian said: "I have no problem here, I can attack at any time."

Axie said, "I have no problem with it."

Uh ...

After listening to the opinions one by one, Lu Luyang said, "When there is a fight, I will respond to changes and I will inform you in advance."

"Yes," everyone said.

"Boss, there are people who can see Tianlong in 5 kilometers ahead, there are 1 million people there, all of them are level 130 players." Han Feihuibao said.

Lu Yang nodded and said: "This kid is fast enough, it really is a super guild, and the details are different."

"Hey, playing less and playing more is my favorite," said White Lion.

Lu Yang smiled and said: "Look at it, you will witness the collapse of Tianlong with your own eyes, continue to move forward and prepare for the battle at a distance of two kilometers."

"Yes."

Vice-chairmen such as Xia Yuwei and bitter love half-life left Lu Yang immediately and returned to their respective legions to make the final preparations for the upcoming battle.

This time the play is different from before. Lu Yang cannot use Taiji array, because it is a siege battle. Once the enemy relies on the main city to defend, Lu Yang's offense will turn into an egg hitting a stone.

进攻 Attacking with the formation method will cause the overall inflexibility, so players who rush to the city will become living targets and will be violently attacked by the enemy.

Moreover, there are too few people in the Jagged Brothers Alliance, and this array is not suitable, so this time he put out a conventional array composed of numerous small tiger heads and ground arrays, in order to quickly launch an attack Formations, attacking weak areas of the enemy.

Yun Tianlong has been waiting for Lu Yang to put out a Tai Chi array. Since Lu Yang used this array last time, he has found Liu Jie and others, and jointly came up with a way to crack this array.

The Taiji formations are fortified with layers of defenses, but there are two positions that are constant after all, that is, the formation of the two formations, Lu Yang and Xu Cailiang. As long as one of the two races is killed, this formation is not flexible. .

Wu Tianlong was prepared to use his superior firepower to let the cursed mage rip open three mouths from three directions, while letting the assassination team rush into the Taiji array, forcibly killing Xu Cailiang or Lu Yang, especially Xu Cailiang.

Furthermore, even if it is impossible to kill, as long as they are distracted for a while, the Taiji array will not work.

What Chen Ke didn't expect from Tianlong was that Lu Yang didn't use Taiji array, which made his initial preparations useless.

Two When the two were preparing to fight on the other side, on the other side, they were pulled back to the studio late at night, just after finishing the installation, and Dubin, who entered the live broadcast, was late.

观众 "Dear viewers, everyone, I am Dubin. I did not expect that Lu Yang had a sudden attack, or it was late at night, I fell asleep and was pulled back. Don't be surprised." Dubin said.

There was also a beautiful girl, Tong Tong, who just finished her make-up for the live broadcast. She resisted drowsiness and said, "This time it was really unexpected. In the city of Mahatma in India, the persecuted Denon rushed to fight. "

Dubin said: "It should not be an accident. It is Lu Yang's premeditated plan. Let's restore the history of this war.

Prior to receiving the news, the Dragon Slayer fighters attacked Lu Yang without any success, but Lu Yang wrote a decisive battle book for a comprehensive war.

Nine Star Alliance members did not know that Tu Long had attacked Lu Yang, and no one was prepared, but Lu Yang was able to launch a raid immediately.

At the same time as he launched the raid, the three presidents closest to the Nine Star Alliance and Lu Yang turned mutiny. God of War I, Sad Fan Qiufeng and Pope I also gathered players early, and accompanied Lu Yang's men most in the first time. Tianyao, one of the three vice-presidents hit, attacked the city of victory.

Luyang here ordered Hao Wanzong to take the 100,000 Wolves Guards to raid the city of the majesty, and within an hour of landing, Lu Yang took the follow-up 300,000 people into the city of the majesty.

With pride and delicacy, the two men each led the army to wander around the 11 main cities under Tianlong, waiting for the opportunity to attack. It can be seen how complete and classic Lu Yang's preparation is this time, which can be written into a textbook. The surprise attack. "

Hitomi said: "Yes, it's really classic, not only the attack is smooth, the sky sword fortress and the tiger's mouth are also defensively impenetrable. Liu Jie and Deng Tiantian can't attack even if they attack. You can only watch Lu Yang step by step. Cannibalize the Nine Star Alliance. "

Dubin said: "It's time to watch this decisive battle, but this decisive battle is not easy. There are 1 million people on Tianlong, and they are all 130. Lu Yang has only 500,000 people. The numbers on both sides are different. Double. "

Pu Tongtong said: "I believe Lu Yang must have any reliance, otherwise he would never dare to hit 1 million with 500,000."

Dubin said: "Hope, I also want to know what Lu Yang is relying on. Look at the scene. The two sides are about to start a war."

On the battlefield, both Lu Yang and Tianlong completed the final battle preparations.

Lu Yang asked Mu Yi to drive a chariot, came to the front, looked at Tianlong 200 meters away, and said, "Tianlong, we finally officially started the war."

Tian Long did not show weakness, and ordered his men to drive a chariot to a position 30 meters away from Lu Yang. He sneered and said, "Lu Yang, you have the courage to dare to start a war with several of us at the same time. Tianjian fortress and tiger mouth, if these two places are breached, you will die. "

Lu Yang laughed and said, "Don't tease, these two places are impossible to be breached. In order to defend, I spent hundreds of millions of dollars to increase the defense power of those two forts, and also created dozens of them. Ten thousand dwarf dwarf rifles, as long as such defensive rifles exist, there will be no problem in these two places.

"That's not necessarily true. I don't believe that the players who defended the city in those two places can persist for two days, night and night. Don't forget, your side is late at night, and our side happens to be afternoon. I'm more than enough to hit you." Tianlong said .

Lu Luyang said: "Since the establishment of my brother-in-law brothers alliance, my brother has no concept of time, only the concept of victory or defeat. He will not go offline without winning."

Tianlong said, "Hey, is that right? Even if you have no problems, do you know that Xuanzhuang and Eight Cities under you are about to be snatched away immediately, a player named Li Wenxing secretly gathers millions? Korean players are waiting for this day to launch a sneak attack. Lu Yang, your hometown is unstable. This time you will fail. "

Wu Tianlong said using a big horn. As soon as this sentence came out, the players of 500,000 brothers and sisters became turbulent in an instant.

Lu Yang raised his hand and a big screen appeared on the sky. The above was a video of 6 people chatting with Li Wenxing and Chi Changyu. He used the big speaker and chose to release it.

In the screen.

Wu Chi Changyu said excitedly to Li Wenxing: "It's great, Tianlong has just heard the news, let's launch an attack immediately, President Li Wenxing, please take care of you this time."

Xu Chi Changyu gave Li Wenxing a bow.

Li Wenxing looked at Chi Changyu with a smile and sat comfortably in a chair and drank a cup of tea, saying, "This tea is really delicious."

After hearing this, Wu Chi Changyu stood up and looked at Li Wenxing blankly, and said, "Why don't you issue an attack order?"

文 Li Wenxing put down the tea cup, stood up and said, "Yeah, it's time to give an order for war."

Wu Chi Changyu was relieved, but at this moment, Li Wenxing shouted, "Come, do it."

Suchi Changyu and his six deputy heads suddenly appeared 21 thieves of time and space, each of whom was surrounded by three people.

“Time Killing”

21 faint blue lights flashed, Chi Changyu and others were killed. Li Wenxing watched Chi Changyu’s unwilling eyes reveal a sneer, turned around and watched the live broadcast standing on the side looking up to the shimmering chest. The video says.

“Li Wenxing and all Korean players in Xuanzang and Eight Cities promise that they will never betray the Jagged Brothers Alliance. I, Li Wenxing, and the Xingxian Guild will have 1 million Korean players loyal to Jiefang Brothers and Lu Yang. If necessary, Li Wenxing will go to the battlefield at any time. “

“Hum”

Uh ...

Noisy whispers rang out in the camps on both sides of the Iron Brotherhood and Tianlong.

“I’m going, the boss is overwhelming. When did you actually set up a Korean army with 1 million people?”

“Boss is a \*\*\*\* of war, and he was prepared for it, haha, Tianlong is really a big fool.”

“Haha, Tianlong is stupid.”

Uh ...

After the worship, the players of the Iron Brotherhood ridiculed the dragon.

Tian Tianlong’s side is in a great dilemma.

“How did the boss do it?”

“The enemy and his own are indistinguishable.”

“This morale is gone.”

“Shame.”

Uh ...

Wu Tianlong’s face turned into a chicken liver color, and his fingers shy and yelled: “I have 1 million people here, Lu Yang, and today I will let you know the taste of failure, Salman, attack.”

“Brothers, follow me to attack.” Salman roared, with his 100,000 elites, the first to attack the Brotherhood of the Iron Blood.

Lu Luyang said to bitter love for half a life: “Take 100,000 people and fight them off.”

“Iron brothers alliance, kill ~!” A bitter roar of bitter love, drove out of the chariot first, 100,000 players behind him immediately launched an attack.

In terms of morale, the Brotherhood of Iron Blood has an advantage, but the advantage is not obvious, because Tianlong has an advantageous force, and they don’t think they will defeat.

Wu Tianlong continued to shout: “Sharuk, attack with 100,000 people.”

“Brothers, follow the attack.” Shahrak roared, and led the attack with 100,000 people.

Lu Luyang said to Xia Yuwei, “Take 100,000 people and kill them.”

“Yes.” Xia Yuwei took Zhang Zibo and others out of the queue, pulled out the slender bayonet in her hand, and shouted, “Iron Brotherhood.”

“Kill!”

Twenty thousand people rushed out of the position and hurled fiercely at Sharuk’s men.

Lu Yang feels that the time is almost up. Although the map in the game is very broad, two teams of 100,000 attack at the same time, which has occupied most of the map, and has also caused his men to be caught in a brief panic, resulting in both Lu Yang and Tianlong. Can’t immediately let the rest of the people participate in the war. If you want to open up the battlefield again, you need to bypass the map to attack. Without the formation, we can proceed.

Taking advantage of this opportunity, Lu Yang sent a message in a simulated group of Baqiang and Daerwei and said, “Ready to attack.”

“Yes.”

“Yes.”

Uh ...

Several people responded.

Corley is in the first line of attack by Salman, but he is not in the first row now, but is arranged in the middle of the mage team. He smiled and said, “Chairman Lu Yang, I can start at any time. attack.”

Lu Luyang said: “No hurry, try to take your men back, don’t participate in the war, and when they are ready, I will immediately inform my men and join you in the guild.”

“Okay,” said Collie.

Lu Luyang said to Hei Yan behind him: “Be prepared, the first wave of 100 people, forbidden to attack 100,000 people in Sharuk.”

“The First Squad of the First Regiment of the Forbidden Mage Regiment, the secondary forbidden curse is ready.” Hei Yan shouted.

100 people came out, and the spell was spoken at the same time. On the other side, Tianlong was the same, and both sides began to ban curse.

#### Chapter 1108 - Crashed Denon

For a while, countless forbidden spells came down in the middle of the battlefield. The two players at war, while facing the attack of the enemy, faced the forbidden spells above their heads.

The healing professions of both parties have been spelled out, and various healing range healing skills are under the protection of powerful shield battles, desperately adding blood to the surrounding players.

Lu Yang stood on the high ground with the Earth Mage using the Earthquake to establish a high platform. He can clearly see the following battle conditions. In this pure strength competition, the Iron Brotherhood is significantly stronger than the Tianlong side in the same level and equipment. .

The team is as big as the whole team, and as small as a team of 20 people. The Brotherhood of Iron Brothers rarely cooperates with each other, and there is no fear of dying out of equipment and giving way to avoiding injuries.

萨 On the Salman side, although the players are fierce in offensive, the battle line is normal. The small cooperation between several players can still be played, but the overall cooperation of more than 20 people is almost non-existent.

Wu Tianlong also stood on a high platform. In the face of this situation, he was not in a hurry, but continued to order his men to attack.

“I have a magician legion that can revive tens of thousands of people at a time. Hey, Lu Yang, I want to let you see how powerful I am.” Tianlong said proudly.

“Her President, do we now order the Theologian Legion to put skills?” Grace asked.

On the battlefield, 200,000 brothers of the Jagged Brothers defeated 100,000 of the other at the cost of 50,000, and Salman and Shahruk showed signs of collapse at the same time.

“Rosshan and Shalman, each with 100,000 offensives, and the Theocratic Army, waited for the two sides to fight. Immediately resurrected Salman and Shahruk’s men. The second wave of the Forbidden Legion was ready to be released.” Tianlong ordered Road.

“Yes.”

Rosham and Schalman rushed out of the army with 200,000 people and rushed towards the battlefield.

“Boss, do we need reinforcements,” the White Lion asked.

Lu Luyang’s eyes were firm and he said to Liu Yunpeng next to him, “Take your 100,000 war tauren, ready to launch an attack.”

“Yes.” Liu Yunpeng arched his hand. He didn’t shout the offensive slogan, but just ordered his men to follow him.

As soon as the first wave of the attack, Liu Yunpeng's war tauren entered the front line of the reserve team, 100,000 people lined up in 3 rows, with a distance of 5 meters between each two, just like a meat grinder.

Lu Yang's opponents said the remaining vice-chairman: "Attack from both sides, ready to attack."

"Yes."

The remaining 200,000 players, under the leadership of various vice presidents, scrambled from both sides of the battlefield.

Wu Tianlong laughed at the news and said, "Since Lu Yang's entire army has attacked, we have also attacked the entire army and completely defeated him."

战 The battlefield on both sides began to move forward as a whole.

500,000 on one side and 1 million on the other. Soon, the two side corps started fighting.

At this time, in the middle of the battlefield, the players on the Dragon team were about to die. Lu Yang watched as Tianlong ordered his wizard group to start moving forward.

"Liu Yunpeng, attack." Lu Yang shouted.

"War tauren, attack." Liu Yunpeng slammed the totem on the ground, roared, and rushed forward.

The 100,000 tauren followed behind him, striding forward at the same time, and the ground began to shake violently.

Lu Yang took advantage of this time to send a message to Collie and said, "Kill the Legion of the Wizard."

“Hey, I’m waiting for them.” Collie shouted to the 500 brothers around him: “Brothers, listen to my order, aim at the theologian legion.”

“The Wizardry Legion?” His men looked at Corley one after another.

“Boss, are you wrong? How do you fight the magician legion, that’s your own person.” A deputy commander said.

“My shit, when did I become my own with Tianlong? Let me tell you, I have surrendered Lu Yang. Now, we work for Lu Yang, listen to my orders, and aim at the theologian army.” Curry shouted. .

“Yes.”

Uh ...

500 people responded in succession, and turned to look at the magician legion that came over. Because, just now, Coley had let the magician legion retreat in the war, so they are now at the end of the team.

的 The magician legion that came over was less than 50 meters away from them, and did not notice the danger coming.

“Great Resurrection, get ready.” The Master of the Wizard’s Legion shouted.

1,000 wizards raised their staff at the same time and began to meditate silently, but at this moment, Collie suddenly roared.

“Tianlong, go to hell, Burning Lantern Master, attack.”

500 light-burning mages who have been prepared for the skill at the same time are holding up the lotus light with their right hands, and their left hand is pointing at the legion of magicians.

“Raging Lotus”

“Raging Lotus”

Uh ...

More than 500 angry lotuses burst into the ranks of the wizard. The beautiful red-gold fire lotuses are fascinating and scalp.

The Raging Fire Lotus is a special attack skill. The initial damage is 85% of the magic damage, the second is 105%, the third is 125%, and the diameter range is 50 meters.

For only a moment, two-thirds of the 1,000 wizards were killed, and the remaining one-third stood on the spot.

Wu Tianlong was even more stunned, he yelled uncontrollably: “Coley, what are you doing, are you betraying the whole India?”

Coley laughed and cursed: “You represent India? You incompetent waste, you are not qualified to represent India, you only represent the high caste.”

“Damn, Salman, kill them fast, curse the mage, immediately destroy the enemy in front of Salman, stop their attack.” Tianlong shouted.

的 The 3,000 cursed mages standing behind Tianlong took out their staff to read the spell. They all knew that the 200,000 people in front could not be resurrected. The front legion of the Iron Brotherhood would easily break through the line of defense.

But when they released the spell, Shaqi stood in the middle of the forbidden mage group, sighed, lowered his head, and continued to groan.

“The great ancestor of time and space ...”

Wu Shaqi began to release the super curse of time and space destruction. Originally this curse took 2 minutes, but Lu Yang passed it to him on the spot, and changed the release time of the curse to segment release.

The so-called staged release means that after standing in one place, while no one is working, read the spell out half, and then while everyone is waiting, he starts to improve his magical energy, and then take advantage of nobody. Speak while paying attention.

This is a compulsory skill for every enchanted mage in the last life. Saki has already read the last paragraph before, and only the last 10 seconds can be released to complete it, just as fast as some players who release the secondary forbidden spell.

The members of the forbidden mage team around him didn't notice Shaqi's behavior at all, because everyone looked at the front intently, preparing to release the skills, but just 10 seconds later, 3,000 mages were about to release their respective subordinates. While cursing, Saki suddenly raised his staff.

With Saki as the center, a large number of space-time elves appeared within a range of 2,000 meters. The mages who were about to release the curse found that the energy accumulated in their hands suddenly disappeared.

"Saki, what are you doing?" Hernek, the head of the curse mage regiment under Tianlong, asked incredulously.

The other mages around the puppet also looked at Shaqi in shock, because only Shaqi could destroy this time and space.

Wu Shaqi looked at the stunned expression of the players around him, and said sorry, "Sorry, I can't choose."

As soon as the chanting voice fell, the destruction of time and space erupted. Within a range of 2,000 meters centered on Shaqi, numerous time-space fissures passed horizontally, vertically, and diagonally.

None of the 3,000 forbidden mages among them were spared, all of them were spiked on the spot!

Wu Tianlong is also within the scope of his skills. Fortunately, he has a high level of blood gems and a large number of blood gems. This has saved him a life, but it also made him stunned and unbelievable.

他 When he hurriedly escaped the curse range and looked back, there was only Shaqi left in his curse mage position.

“My cursed mage group, my cursed mage group, Shaqi, you dare to kill me.” Tianlong screamed angrily at Shaqi.

Wu Shaqi smiled indifferently and said, “It’s not just me, Tianlong, you are too unpopular, don’t blame me.”

While Shaqi was talking, the 500 cursed mages who listened to his orders aimed at the same time that Tianlong’s men had not sent out to participate in the war, and were preparing to finally destroy Lu Yang’s last killer, a dozen special legions, a total of 100,000 people.

“Icy Roar”

“Meteor Fire Rain”

“Space-time cutting”

Uh ...

500 secondary injunctions fell among 100,000 people, and the tens of thousands killed were panic-stricken.

“Treatment will be added to the blood, you run away.” Tianlong shouted.

“It’s too late to want to run at this time.” Combas stood up and shouted, “Brothers, rebelled with me, changed the attack mode to all attacks, the shooter eliminated the treatment, and the rest attacked with me. “

“Kill.” 70,000 low-caste players, modify the attack mode at the same time, roaring towards those usually high-caste players rushing past.

The 30,000 archer aimed at the treatment in the field, shooting arrows at random, and tens of thousands of healing occupations were hit by numerous hash arrows and fell to the ground.

Wu Tianlong was dumbfounded, looking at his team who was completely confused, and said, “How can this be, how can this be.”

Grace was also dumbfounded.

Sha Luke also 懵.

The vice presidents of the frontline, Aishwarya, Rosham, and Amitba, were dumbfounded.

“Rebellion, rebellion, these low castes dared to rebel.” Tianlong stared and scolded: “Stand up and destroy them, we have many people, don’t be afraid.”

Even if there were tens of thousands of artificial counterattacks, the raid on Tianlong was just the same on both sides.

The problem now is that the players on the Dragon team can’t tell who is the teammate or the enemy.

For 100,000 man-made counters, it is difficult to distinguish between ordinary low-caste players such as Combas, except those who are obviously burning light masters such as Corley.

Moreover, the fighting mode used in this large-scale war is the guild mode, which guarantees that a guild person will not be accidentally injured, but you want to kill those betrayers. The guild mode will

not kill them, and can be modified into the overall attack mode. , And will accidentally hurt other teammates.

The Tianlong party is completely messed up!

Lu Yang's war tauren were hard to cope with. In the face of this situation, Liu Yunpeng found that the resistance to them was very slight. He shouted with a smile: "War tauren, slamming the hammer."

"Scramble to the ground"

"Scramble to the ground"

Uh ...

The 100,000 war tauren banged their totems frantically before the battle. Two seconds later, the 100,000 war tauren turned on the ground hammers and arranged in three rows, advancing forward like a meat grinder.

Wu Tianlong's men couldn't resist anymore and began to crash completely. For a while, countless players scattered and fled.

Lu Yang drove the battlefield to the front line. He was looking for Tianlong. Although he wanted to use a flying carpet, he could fly to the sky at this time. Even if the enemy defeated, he could not aim at him with hundreds of shooters.

But if you fly to an altitude of more than 100 meters, the people below will become small dots, you can't see clearly, but it's better to find it like this.

Xi Luyang took Hei Yan and Xiao Liang and other Guard members for a long time to find, but unfortunately, none of them could find Tianlong.

"Boss, don't look for it, it's already disrupted, first down the paradise city before talking." Hei Yan said.

Lu Luyang said, "Well, gather the team and attack the city of paradise."

Xiao Liang and Hei Yan sent messages to other vice presidents. After ten minutes, Xia Yuwei and bitter love came to Lu Yang with half a million people.

"Boss, I can only gather so many people, it's already upset." Xia Yuwei said.

Lu Luyang said, "It's not easy to gather so many people. It's hard for both of you. Follow me and lay down the city of heaven."

"Yes," the two said together.

Once the two sides have officially fought together, it is almost impossible to separate the players who are fighting each other. Everyone has red eyes, not letting the other end up, and the runaways also want to run quickly, and they are in a panic. Of the 500,000 people, 100,000 can return to the team, and Lu Yang is thankful.

Soon, 100,000 people came to the city of heaven with Lu Yang.

On the head of the city, there are less than 10,000 players in the city of paradise defending, and the defender is officially Shaluk, the former vice chairman of Tianlong, was defeated by Lu Yang during the National War. .

"Damn, where are they going, why don't they use the teleporting scroll to come back." Sharuk said anxiously.

He forgot that in order to fight this battle, Tianlong carefully designed to resurrect his soldiers at the nearest resurrection point after the death of the soldiers, and then continue to participate in the battle, and the resurrection point was 5 minutes away behind the Tianlong army.

Now the players on the Dragon team who are dead are being resurrected, but the resurrection point has been turned into a pot of congee, because Corley and Combas and others are also resurrected. The

Dragon team has been unable to distinguish between teammates and enemies, many Many people have been killed by their own people, and they have changed to all attacks. No matter who it is, as long as he kills him, he kills others.

When skills can be used, how can there be so accurate, hit the target every time, sometimes hit other people, and other people immediately joined the melee.

Tianlong is still being chased and killed by his own people at this time. Combas and Baqiang, Coley and Padu, Dalvi and Saki are taking a lot of players to bite Tianlong and thousands of people. He killed Tianlong, blew up his equipment, and got a great job in Lu Yang.

Lu Yang pointed at Shaluk on the city and said: "Abandon the city of paradise, I will let you leave with your men, otherwise don't blame me."

Shaluk gritted his teeth and cursed, "I will never run away."

"Okay." Lu Yang also shouted nonsense with Shaluk, shouting: "Siege on all sides, Brother Brotherhood, kill ~!"

He was the first to drive towards the battlefield with a chariot, and the Iron Brother Brothers player behind him stormed with the landing sun.

There were only more than 20,000 men guarding the city, and 100,000 attacked the city. They attacked from four directions, and the main city was soon beaten down.

Luyang is standing at the head of the northern wall. The city of heaven is next to Wuyue City. If this main city can be knocked down, 300,000 people in Zhou Tianming's hands can be released immediately.

"Requires his men to come immediately outside the city of paradise to gather, if they come to report, the rewards are 100 points." Lu Yang said.

"Yes." Vice-chairmen such as bitter love half-life and Xia Yuwei immediately conveyed the order.

Lu Yang sent a message in the simulation group and asked, "Where are you, Padu, Koli, Compas, Baqiang and Dalvey?"

Padu said, "We are hunting down Tianlong."

Lu Luyang said, "Don't chase him for the time being. You several people will immediately contact the team leader and deputy chairman of Tianlong who can win, and take advantage of this opportunity to \* drop Tianlong's guild."

"I'll contact Wuyue City, where there are 200,000 low caste players," said Padu.

"I will go too, I have friends there." Ba Qiang said.

Lu Luyang said: "If you two can win the Moonless City, I will immediately reward you both with one main city."

"Thank you, boss." Both Patou and Ba Qiang ran quickly to Wuyue City.

Wuyuecheng is in chaos at this time. On the west, Zhou Tianming attacked with 300,000 people on the west.

Wuyue City's main defense forces are all on the west side, and the corresponding east side has no walls. If someone attacks from the east side, Wuyue City can only be filled with human heads.

瓦 Jawa, who is responsible for defending the city, is the most trusted vice chairman of Tianlong and one of the strongest people. However, facing this situation, Jawa does not know what to do.

Didi Didi

The sound of the intercom sounds.

Jawaha picked it up and saw that it was from Tianlong. He immediately pressed the connection button and asked, "His Excellency, what's the matter?"

Wu Tianlong said excitedly: "Be sure to defend Wuyue City. The garbage of the low caste has rebellion. You must be careful of the 200,000 people under your control. If there is a man-made reaction, you will be expelled from the guild immediately."

Jawaha was quite lost in the heart. He originally thought that Tianlong would send someone to support him, but he didn't expect to let him use the existing people in his hand to continue.

"Mr. Chairman, Wuyuecheng is now in the most critical moment. I hope you can help more than 200,000 high caste players come to help, otherwise, the number of low castes is more than the number of high castes. There are traitors," Jawaha said.

Wu Tianlong said: "I can't assemble players for you now. I want to gather again to fight against Lu Yang. You must stick to it."

Wu Tianlong is now surrounded by songs. Players in the remaining main cities learned that Tianlong was defeated, and even more madly urged Tianlong's banks and warehouses to pay money and return equipment.

## Chapter 1109 - Moonless City Rebellion

Pride and devotion still create chaos in major cities without sacrificing corpses, and launch raids. If it is not for the commanders of several high castes under Tianlong who are more powerful and block the pride, at least he will be attacked by four City, but now the results are also very brilliant, loyalty and devotion to the corpses sneakily attacked 2 main cities, sold a lot of assets in the city.

In order to defeat Lu Yang, Wu Tianlong can only throw himself into a desperate fight with Lu Yang desperately. If Lu Yang cannot be driven back to the Holy Spirit Fortress, he will never have a chance to win.

Jawaha also knows Tianlong's current situation, he can only grit his teeth and say, "Her Excellency President, I must do my best to defend the fort."

He turned off the communicator and turned to look at the legions around him, saying: "Palabas, Madhavan, Darrell, Absek, four of you have 200,000 low caste players, just now You also know what happened, and at this time President Tianlong was betrayed by the low castes.

拉 Parabas frowned and said, "I know these low-caste people can't be trusted."

不要 "Don't talk nonsense. To keep the Moonless City, we need the help of those low castes." Darrell said.

Madhavan said: "Yes, we must not let the low caste players in the city collude with Lu Yang."

Jawaha asked, "Is there any good idea?"

Abhishek said: "Let 's supervise each other. There is no better way now. Just look at these people and they honestly go to the wall to participate in the battle. But pretty powerful. "

Jawaha looked at the expressions of other people and found that there was no good idea. Then he said, "It can only be done, it's hard for the four of you, each with his subordinates to guard them closely, and tell them by the way. The walls are being held, and the president will definitely reward them more. "

"Yes." The four of Madhavan nodded and returned to the city.

Wuyue City, in a square 2,000 meters away from the West City Wall, 200,000 people are being divided into four squares, and they are assembled on the open space to stand by.

These are all low-caste players. They had worked hard with Brother Brothers for several hours before blocking Zhou Tianming's Ming Wang Jun from the moonless city.

"Hey, Jagged Brotherhood is just that."

“Brothers are good, we did it.”

Uh ...

The 200,000 people are chatting happily. They are very excited to block Lu Yang. However, in the area where the head of the group is located, no one smiles, they all sit still.

Those who do n't know think they are resting, but in fact they are in a special space, and the people who invited them are not others, but people like Paddu, Koli, Baqiang, and Dalvey.

“Baqiang, your boy became a traitor, why did you pull us?” Wu Yuecheng, the first legion of the low caste, called the strongest war \*\*\*\* of the low caste, Karp questioned angrily.

There are more than 20 commanders beside him.

He Baqiang smiled and said, “I have never been loyal to Tianlong, so why did the traitor say?”

“Then we are not traitors either,” Capu said angrily.

Luo Baqiang sneered and said, “Is not a traitor? You are really a loyal minister of Tianlong, but did Tianlong take you as a subordinate?”

“What do you mean?” Karp asked a little morbidly.

“What do I mean?” Ba Qiang opened his arms and looked around the leaders around him, saying, “All of you here are aware of people. Who doesn't know how much Capu has made for Tianlong in the past two years. It was by relying on your army that defeated more than a dozen guilds such as Coley, John, and Ajade. “

Combas said, “Yeah, which was not your first charge and you took the offensive with your brothers. With your credit, you should have been the vice president long ago, but in fact, you are just one The

deputy commander of the real power, if it wasn't for Lu Yang, you have a chance to get out of the mountain. "

Karp is speechless. The facts are indeed what Ba Qiang and Compas have said. From the time of the old mainland of China, each time Dragons battled out, Karp took the player with the lower caste to the front and the opposite. .

Players with low castes have low levels and poor equipment, but in this case, Karp can still block the enemy's offense and even win the opposite.

Such a master of tactics and the iron-blooded general supported by his subordinates, because of his identity as the lowest caste, Sudhara, were jealous and scorned by the high-caste deputy heads of Tianlong.

At the beginning, Tianlong reused Karp, but after he was knocked down in 48 main cities across India, he began to alienate Karp, and gradually weakened his rights. Finally, he gave a well-known deputy army Long, no one under him.

I want to say that Capu does not have resentment in the heart, that is impossible, but Tianlong has already laid down the whole territory of India, and it is meaningless for Capu to complain.

Why Lu Yang could easily defeat India during the National War. On the one hand, Lu Yang's warships are stronger and can really play a decisive role, but it is Tianlong who abandoned a large number of low-caste top tactical masters such as Karp. , Along with those of the lower castes, has weakened them a lot.

In contrast, Lu Yang's battle was to follow Lu Yang to lay down the main forces of the Iron Brothers Alliance in Huaxia. Zhou Tianming, Bai Xiong, and other superb command masters. Lu Yang not only did not clean them, but tied them with interests. Tianyao, Liangyun, and lofty sentiments were originally top rivals who were hostile to him.

相 In comparison, Lu Yang seems so natural when he wins!

Collie said: "Kapu, I respect you, and you also saw that before Lu Yang came in, you were still a famous and deputy deputy regiment chief. It was because Tianlong could not keep it. I'll send a message to you, please come out and help.

But think about it, if Lu Yang loses, will you continue to be the famous and unrighted deputy army commander?

Think about how Sharuk and Salman humiliated you, don't tell me that you are willing to be humiliated by them. "

"Asshole." Karp looked at Corley angrily, cursing: "You are not a high caste, what is the difference between you and them."

Kelly laughed and said, "Who doesn't know how I defeated Kelly. If I, like Tianlong, \*\*\*\* the blood of you low caste players, will I be defeated?"

Kapu was speechless.

He Baqiang said, "Kap, stop fighting for Denon. This is not a matter between you and Denon, but a matter of hundreds of millions of Indian players."

Carp frowned, and asked, "What do you mean?"

He Baqiang said, "Do you think that with the power of Denon, he can lead Indian players to victory in this New World War?"

Cape said nothing.

Dalvey said: "Look at what Tianlong has done, and rely on his personal fame to lend a lot in the game. There is no idea for the future of Indian players. He only thinks about the individual."

Padu went on to say: "Our surroundings not only include Lu Yang, but also the more powerful Liu Jie, as well as a step-by-step Chinese ascent.

Even if Lu Yang is defeated, he is just returning to the city of the Holy Spirit, but Tianlong has escaped this calamity. It is just the funds he absorbed from the players. In the case of his defeat, such a \*\*\*\* hole can Make him bankrupt.

When that happens, what should Indian players do? Can anyone but us be able to bring them together and protect them? "

Kapu is a little tempted. Those players with high castes do not want to protect them, but those players with low castes cannot watch them being bullied when they are capable.

"Alas." Karp sighed. He also knew that Tianlong was facing a dilemma. The so-called authorities were stunned by the onlookers, and everyone could see it. Even if Tianlong could return Lu Yang to the city of the Holy Spirit, Tianlong could absorb the player' s capital investment before Such a large black hole is no longer affordable by Tianlong, and Tianlong is sure to die.

"You guys, what do you want me to do?" Karp asked.

"Open the door of Wuyuecheng, and let the people from the Brotherhood of Iron Man come in." Padu said.

Kapu looked at Padu in surprise and said, "No, absolutely not."

"Why not?" Coley asked.

"This ..." Karp couldn't say.

Padu said: "Stop leaving room for Tianlong, take the initiative to make peace with the Iron Brotherhood. President Lu Yang promised us that as long as we are not against him, he is willing to let us develop independently. In the future, we will fight the Northeast region. All of our main cities give us 50% of the revenue. "

“Really?” Karp was a little unbelieving.

“I know you don’t believe it, look at this.” Padu took out an electronic contract and sent it to Karp.  
“This is a contract we have with the Jagged Brothers.”

Kapu read it carefully and found that it was really like this, sighing and saying: “Big effort, in order to win over you, Lu Yang is giving you billions of rupees every year.”

Ba Qiang said: “This is why we would rather follow Lu Yang than help Karp. This is just a game and does not involve the national level. We have no reason to serve someone who has been exploiting us. Since everyone can Win-win, why don’t we give our lower caste players a better gaming environment? “

Carp thought.

A dozen heads behind him said, “Boss, let’s do it.”

“No longer with Tianlong, that \*\*\*\* is not worth our hard work.”

就是 “That is, look down on us, and let us take the lead and fight desperately with the enemy.”

“Take us wrong, why would you talk to him?”

Uh ...

Kapu finally nodded and said, “Well, I promise you.”

Collie said: “It’s refreshing enough, Lu Yang said. As long as you are willing, he will let you be the deputy chairman with real power. How many people can come to you, all depends on personal ability, congratulations brother, ready 20 Ten thousand people. “

Kapu smiled lost and said, "I hope Lu Yang is a person worthy of us to follow."

Padu said: "Trust me, when you see Lu Yang, you will know that he is a person worth following. The temperament of that person is unique."

Kapu lost his heart for a while and said, "I'm going back, Parabas and Madhawan, they came to us."

Padu said: "We will send someone to sneak into the Moonless City, give you the badge of the Iron Brotherhood, find the opportunity to break into the inner city, replace the badge, or go to the city to open the gate."

Kapu said: "There is a chance here, I will inform you immediately."

After speaking, he withdrew from the special space, and at this time, four people, including Parabas, were standing in front of him, looking at him with skeptical eyes.

拉 Parabas frowned and asked, "Kapu, who were you just talking to?"

Kapu was sitting cross-legged on the ground, he looked up at Parabas, and said unhappily: "Who can I talk to, I just hit the wall for hours, what happened to my sleep?"

Madhawan looked at Karp suspiciously for a while, thought, and said, "I hope so."

"What is hope?" Karp stood up angrily, glaring at Madhawan and asking, "What on earth do you want to say?"

Madhawan and Parabas want to say that a lot of low caste players from the outside have betrayed. We both suspect that you have also betrayed, but this can't be said. After saying that Karp did not want to rebel, he was forced to rebel. When the two did not know how to answer At the time, Darrell smiled in.

别 "Don't be angry, Brother Karp, they don't mean anything else, you don't have any general knowledge with them. The four of us are here to comfort everyone and talk hard for the boss." Darrell said.

Abschek went on to say, "Brothers, you have worked hard, you have worked hard, the boss said, he will not forget your efforts."

十几 Kap behind a dozen heads and countless players, no one cares about Abhishek, the scene became embarrassing for a while.

Kapu asked: "Say less of these useless, what about our equipment? After playing for several hours, my brother's 130 level equipment is incomplete, why not give us equipment?"

Abschek and others glanced at each other secretly, the equipment was already ready, but the low-caste betrayal that just occurred, and Jawaha immediately suspended the supply of equipment.

拉 Parabas thought about it and said, "It's coming, it should be delivered soon. You don't have a fight now, and you don't need to worry so much."

Kapu said: "Okay, I'm not in a hurry, then I will take my brothers and wait here. What should you do, don't stay with us, we are not equipped anyway, just rest."

After speaking, Kapu Pan sat on the ground, closing his eyes and keeping his eyes closed, and more than 10 heads sat with Kapu Pan on the ground without saying a word.

The deputy heads of the original surveillance team saw this scene and came over one after another.

"What the hell, hurry back and lead the team."

"Who asked you to rest and didn't want to do it?"

Uh ...

Shen's reprimand made Karp open his eyes and looked at the deputy heads and said, "Go away, who will allow you to speak."

More than 10 deputy heads are high castes. The purpose of their visit is to monitor the actions of Karp and these heads. However, in terms of positions, they are several levels lower than Karp. Now they are rejected by Karp, all with expressions Very upset, but helpless.

Ms. Darrell gave them a wink and let them retreat, saying, "Brother Karp, don't be excited. I'll call the equipment and you rest yours."

"Some of you will return to their respective positions." Carp said with closed eyes, and then stopped speaking, but secretly, he sent a message to his head.

"Go back to their respective positions, check their equipment, and collect a 130-level dark gold equipment used by 30,000 people, of which 10,000 are mage, ready to launch a raid."

10 heads stood up and returned to their respective positions.

Let Darrell and Parabas and others breathe a sigh of relief from seeing this scene. At least it now seems that Karp and these people have no idea of mutiny, but are full of complaints about not adding additional equipment after the battle.

✚ When Karp was preparing here, Padu reported the situation to Lu Yang, and Lu Yang immediately called Zhou Tianming.

"The 200,000 people led by Kapu in Wuyue City have succeeded in countermeasures, leaving a 50,000-strong elite team to prepare for the total offensive." Lu Yang said.

"Great, Karp just stopped me for 200 hours with 200,000 people. This person is a master. Hey, Tianlong is really over. Such people don't follow him. What ability can he hold up." Zhou Tianming said with a smile.

Lu Luyang said, "Once the city of Wuyue is occupied, I will immediately come out to support it. I will destroy Tianlong in one fell swoop."

"Yes." Zhou Tianming said seriously.

Lu Yang closed the interphone, at this time he was forming a team outside the city of heaven.

"Boss, the lineup is a bit long, and our defense ability is getting lower and lower." Xia Yuwei said.

After breaking through the city of the Holy Spirit, Lu Yang successively occupied the city of the majestic city and the city of paradise. In this way, not to mention the other, the war supply alone stretched for several hours. Tu Feng's professional transport readiness Players need to transport equipment and potions from the warehouse base camp of Yizhou City Mahatma City.

Fortunately, the equipment is that the Brotherhood of the Iron Blood has always been winning. The 130-level equipment seized can make up for the loss of most players' equipment, but the supply of potions is very difficult.

药剂 This kind of potion is not the kind sold in the store, but an advanced potion made by the player, which can replenish a lot of life and magic, and can save the player's life at critical moments.

"Should we pause the offensive and wait for the equipment to come over?" Tu Feng asked.

Lu Yang shook his head and said, "No, we will fight this decisive battle even if there is no medicine supply. We do n't have it, and Tianlong will not have it. Please check with me which main city the warehouse where Longlong's equipment and medicine is stored. "

This is the absolute confidentiality of each guild. Tu Feng tried many ways before and couldn't find it. Just when Tu Feng frowned, he called with pride.

Lu Yang just heard the sound of pride and laughter.

“Wow, haha, boss, on the way between the city of cold winds and the city of asceticism, I killed a team that transported equipment and potions, and it was a great harvest.”

Lu Luyang and Tu Feng looked at each other at the same time.

“Ascetic City, the enemy’s warehouse base must be in Ascetic City.” Tu Feng said.

Lu Yang nodded and said to the arrogance: “At all costs, to break into the ascetic city and build a sentry tower, I will personally attack the ascetic city.”

Chapter 1110 - Karp officially rebels

“Yes,” said with pride.

Lu Yang closed the phone and said to the cursed mages such as Hei Yan and Luo Siyu: “Gather all the teleportation scepters in my hand, and then find a mage who knows how to release the curse. I sneak attack on the city of asceticism.”

“Yes.” Hei Yan and Luo Siyu nodded.

At present, there are a total of 3 new world teleportation scepters in the Brotherhood of the Iron Blood. In addition, Song Sisi lent two to Lu Yang, and Song Yunyi lent two to Lu Yang. Lu Yang has a total of seven and can transfer 700 people to one host at a time. city.

陆 When Lu Yang organized the manpower here, on the other side, he started his acting journey with pride.

At the junction of the Ascetic City and the City of Cold Winds, a large number of players have gathered at this time. When Tianlong learned that the team carrying the equipment was sneaked in at the junction of the two cities, he knew that Lu Yang had found his base camp in Ascetic City. City, so hoarding a large number of players at the junction of the city of ascetic and cold wind.

With arrogance and unwillingness to enter the front, he decided to make a detour and attack, from the right side of the city of asceticism, to the boundary of the city of blessing, into the range of the city of asceticism, letting Tianlong's wish completely fall through.

“Be sure to keep the ascetic city, all my equipment is there.” Tianlong shouted excitedly.

Ascetic City, one of Tianlong's two important warehouses, which stores all the high-level equipment recently struck by Tianlong. Originally his role was to prevent the city of Mahatma from being attacked, and it could be used to transport equipment from the rear.

Where can Tianlong think that Lu Yang's raid was so violent, a wave of attacks destroyed the city of the majesty and heaven.

He can only be glad that he did not listen to his men and set up the warehouse in the city of Mahatma, otherwise Lu Yang would have taken the equipment away.

“Who can tell me, what should I do now?” Tianlong yelled at the vice-chairmen such as Salman and Aishwarya.

There are nearly 20 million super guilds, and there are tens of millions of players who can participate in the war, but among these people, 85% of the low castes.

Now there are a lot of rebellions among players of the low caste. Lu Yang may launch an attack at any time. The defense of Wuyue City is at stake, and the warehouse base of Ascetic City is exposed again.

Tianlong's high caste players who can participate in the war are only over 1 million. However, these people need to guard against lofty attacks on other main cities, and there are a large number of people in Wuyue City. They also need to guard against the rebellion of their millions of low caste players. Senseless.

Salman, Aishwarya, Shaluk and other vice-chairmen are also embarrassed. They are all encountering this situation for the first time. Who would have thought that the fortress that seemed so strong originally collapsed from the inside.

Think about their vice-presidents of the high caste, how they used to treat the players of their lower castes, and they were all cold.

No one can solve the problem at hand. This is a two-year accumulation, and the anger brewing among low caste players has erupted collectively.

“Boss, something happened.” Salman said coldly.

“What is it?” Tianlong asked angrily.

Salman said with some collapse: “One step Dengtian and Liu Jie both withdrew the attacking player at the same time, and no one is holding Lu Yang in the Tianjian Fortress and the Tiger Mouth Fortress.”

“What?” Tianlong exasperated.

He immediately took out the interphone and called Liu Jie. Unfortunately, the interphone could not get through, and he called one step to reach the sky. It also couldn't get through. When he called Park Renyi, it was connected this time.

Park Renyi said, “Brother, don't say anything. My people are still in the Sword Fortress, and I will support you to the last moment.”

Bian Tianlong was relieved and said angrily, “Fuck Liu Jie has that one step to the sky. If I survive this time, I won't spare them.”

Qi Pu Renyi didn't speak, just sighed, the onlookers were clear, everyone saw that Tianlong's failure was doomed, and there was no external force to change it.

Unless they can enter the tiger's mouth or the sky sword fortress, the defense of these two places makes Park Renyi look sighing. How could he never think that Lu Yang had made such a big deal to defend his own gate? Energy and money.

Xi Tianjian fortress city head.

Luzhuo looked at Liu Jie, who was retreating, and said to the leader of the army, such as Mao Qiu and Yeyue Tingfeng, "You bring 200,000 people to support the boss. I have 400,000 people left."

During this time, Lu Yang asked the old man to send a large number of 120 healing and Templar to the city head. These two occupations, one can use the quantity to make up for the quality, and the other started the punishment angel mode, ignoring physical defense attacks.

The Tianjian fortress is very stable. Now Liu Jie retreats, and the turbid wine is relieved. He only leaves the 100,000-130 musketeers, and the remaining 200,000 130-level players. The turbid wine thinks that it can be sent to Shengxiong City battle.

"Yes." Mao Qiu and Yeyue said together.

On the other side, Liang Yun, who was standing at the tiger's mouth fortress, was also an idea with Zhuzhuo. He ordered his 200,000 level 130 players to support the city of Mahatma.

Lu Yang was learning the news and said with a laugh: "This time we have won."

"Hey, even if Liu Jie and they don't retreat, they can support people after they have healed and punished the knights. The castle is so sturdy, and winning is already inevitable." Said bitter love for a long time.

Lu Luyang said, "I don't have to wait for the 400,000 people first, Xia Yuwei. I'll leave it to you. I'll go to the ascetic city."

"Yes," Xia Yuwei said.

Today's Xia Yuwei is no longer the little girl of that year, but a top player who can stand on his own and even replace Lu Yang to exercise the power of a guild. In the Iron Brotherhood, his prestige is more than that of turbid wine, white lion and Zhou Tianming. Even higher.

Of course, because she is online, most of the otakus who play games have caused this result, but Xia Yuwei's own strength is also very powerful.

In a mountain 10 kilometers outside the east gate of the ascetic city, the sentry tower was built with pride and joy, and the light flashed. Lu Yang took 700 players including Hei Yan and Rose Rain out of the light.

"Boss," said respectfully.

Lu Yang asked, "How is it?"

"The defense of the ascetic city is very tight. It is estimated that at least 200,000 people are staying in the city, all of them are of high caste, and their skin is whiter than one." Said with pride.

Zhi Heyan and others had a black line in the forehead.

Lu Luyang said, "Forget it, our attitude on the offensive side made Tianlong mistakenly think we were going to \*\*\*\* his equipment library. In fact, we shared the pressure with Wuyuecheng and beat me."

"Yes." Pride and arrogance immediately commanded 100,000 men to prepare for the attack.

From here, there are a large number of Indian players outside, especially the spies under Tianlong. Soon, Tianlong knew what Lu Yang had brought in.

"Damn, Lu Yang really fancy me here, with me out of the city, I will fight against Lu Yang again." Tianlong roared.

"Boss, we have investigated, and Lu Yang's main force has not left, these people must be the lofty wolf guards." Salman said.

"But do you have a solution for these 100,000 people?" Tianlong asked angrily.

副 Salman and Aishwarya and other vice presidents couldn't answer. They really learned how powerful the Wolf Guard was.

Although this team has low defense power, their high machine power and high attack power, as well as so many scrolls, made Salman tormented by them, and with lofty command, they besieged it. This group of people had not succeeded for a few hours, but they let the other party kill many people.

“Boss, but you still can't take the main force to find Lu Yang in a decisive battle. I suggest finding a curse-killer unit. In any case, as long as our main city is not breached and there are not a large number of deaths, we can support Wuyue City at any time. Now that he has the ability, he has no more hands to attack our other main cities.” Sharuk said.

As long as the moonless city is not lost, the ascetic city is not lost, Sharuk and others think they can survive, but within the moonless city, one of the high caste players teleported in secretly uses time and space stealth skills. Dodging the sentry of all high-caste players in India, came to these 200,000 low-caste players.

He found Karp, and handed the emblem of the Iron Brotherhood into Karp's hands, saying, “My mission is complete, and I have 20 sets of 130 dark gold-level equipment in my backpack. Whoever wants it.”

Karp took the badge and frowned and asked, “Are you alone?”

The time and space thief said, “Sorry, I'm the only one. Let's attack quickly.”

Kapu looked at Darrell and others who were watching them not far away, and said, “Look at me here, you can make Zhou Tianming's offense outside the city more aggressive.”

“No problem.” The space-time thief sent a message to Padu, and Padu found Lu Yang, who immediately called Zhou Tianming.

“Iron brothers alliance, kill ~!” Zhou Tianming personally stormed with 250,000 people, killing the high caste players who defended the city.

“Damn it, defend me, increase manpower, you must not let them attack the wall.” Jawaha shouted.

“Boss, let the treatment of those low castes come up and share our pressure.” A chief of the army cried.

“Good idea.” Jawaha immediately called and called Darrell. “Let Karp gather all the men under him to treat the city wall, and let him come over, and stay with me. I will monitor him personally.”

Ms. Darrell breathed a sigh of relief. He hung up the phone and walked in front of Karp, saying, “Brother, can you find out all the healing professions and help us?”

Kapu said: “You will choose people. Most of my treatment occupation equipment is complete. Yes, I will gather them and let them pass.”

The healing profession has always been adding blood at the end of the battlefield, and the chance of being attacked is low. Even if he is dead, his teammates can immediately help pick up the equipment.

Kapu had 30,000 treatments under his hands, but now only 10,000 of these treatments are equipped, and the remaining 20,000 are handed over to the mage.

He asked his subordinates to collect treatments artificially, and Wuru asked, “What’s going on in front of me? Feeling so fierce?”

He said: “I don’t know what kind of wind is being pumped by Zhou Tianming, but he has increased his attack intensity, and the treatment on the city head is not enough.”

Cape sneered and said, “Why not equip us and send us up?”

He said: “Isn’t it because you’re too tired?”

Kapu sneered again, saying, "Don't you trust us, so don't dare let us go up."

He thought, that's what happened, but he couldn't say it. He laughed and said, "Well, you're more attentive. Who doesn't know who you are."

Kapu laughed and said, "Jawaha isn't stupid. He treats you. Take it to the city."

3 A total of 30,000 people walked out of the queue and regrouped, but in these treatments, 20,000 people were mages.

When these people were in the team, Karp was in a state of horror and secretly sent a message to his head: "Once they were discovered by Darrell, we killed them immediately."

Dozens of heads stared at Darre with the same nervousness. Unfortunately, Darre did not send a letter at all. He just glanced briefly at the other three with these treatments and three heads toward the wall. Going around, which also includes Karp.

Along the way, Capu was sneering. If Darrell would normally be in contact with players of the lower caste, they would immediately discover his clumsy means. None of them could be found in Darrell. How much look down on low caste players.

Soon, the team marched to a place only 500 meters away from the inner city. Here, we can clearly see that there are only hundreds of defensive players on the wall.

Kapu took the team step by step through the gate of the city, and when he reached a straight distance from the gate of the city, he knew the time was up.

"Brothers, listen to my orders and attack the city's capital." Karp roared suddenly.

"Kill!"

The long-prepared 20,000 methods and 10,000 treatments aimed at the city's main government at the same time, and rushed madly.

Four Darrells looked at this scene in anger.

“How dare you Karp.”

“Carp, you dare to rebel.”

“You're crazy.”

Uh ...

Carp looked at the four with a sneer and said, “Let the four of you die too.”

几十 Dozens of mages behind him aimed at the four Darrells at the same time. A magic skill covered them. These elites easily killed the four Darrells.

There are only a few hundred people defending the outer wall of the main city of Wucheng. In the face of a raid launched by 30,000 people, only one wave of cover attack will wipe out the players on the city head.

When Karp rushed into the inner city with a person, a flash of light flashed. Jawaha hurriedly teleported tens of thousands of people. When he saw Karp standing on the wall, Jawaha was furious: “Ka How dare you rebel.”

Karp was even more angry, pointing at Jawaha and cursing: “Jawaha, you stupid pig, I have endured you for a long time. Do you think that keeping Wuyue City depends on your wise command? You are extremely stupid Stupid pig, you would have lost Wuyue City long ago without my help. I was betrayed by you. Fortunately, today I will show you how stupid you are. Hit me and kill this group. Trash high caste.”

“Kill ~!” The 30,000 low-caste players who had already been full of energy, desperately launched an attack on the city’s main government.

Jawaha yelled quickly: “Stop them and protect the oracle badge.”

After speaking, he immediately called Tianlong and said, “It’s not good, Your Excellency, Karp, with 200,000 rebellion.”

Wu Tianlong heard this sentence as if struck by lightning and scolded: “What are you doing to eat, why did you make him rebel?”

Jawaha is also depressed, because he has not done anything, just let people watch Karp, not to equip him, his rebellion has nothing to do with him.

“Boss, I guess he was persuaded by the group of Padua. I really don’t blame me, and I didn’t give them additional equipment. They didn’t pose a threat to me, but with 200,000 enemies, it still made me a little upset Please send someone to support me first and help me clear them out. ”

“Damn, I will mobilize people, you hold on,” Tianlong said.

Jawaha let out a sigh of relief, hung up the phone, and looked at the city head. He sneered and said, “Kapu, soon the main force of President Tianlong will come over. You are a waste. Without us, see if you can jump. When. ”

Cape sneered and said, “Really, look behind you.”

As soon as the chanting voice fell, a space-time thief suddenly appeared behind Karp. Karp was standing next to the shrine at this time. The space-time thief broke the badge with a punch, and then installed the badge of the Iron Brotherhood.

Immediately after the badge was changed, Jawaha opened the main city interface and sold the city’s teleportation array to the system, adding 10,000 gold coins to Lu Yang’s account.

Jawaha looked at this scene in stun and said with an unbelievable face, "Time and space thief, you, why do you sometimes time and space thief?"

Karp sneered and said, "Did you really think that I have been idle for more than half a year? Jawaha, I have always wanted to find Tianlong to settle accounts. This time and space thief is just a meeting ceremony. Right. "

5 5500 Great Druids in the sky, under the leadership of Debu Taste, etc., quickly strove to the main city, came to the top of the 170,000 low caste players, and threw away the storage bags in their hands.

我们 "We are the 3rd Special Legion of the Brotherhood of the Iron Blood-The Great Druid Army. I am the leader of the army. You do n't taste the corpse. This is the 150,000 sets of 130 level gold equipment that the president sent me."

In order to fight this war, Lu Yang also stored a lot of equipment in the warehouse, but this 150,000 sets were the last 150,000 sets he could take out, and the others were sent by him.

I can say that Lu Yang is also at the end of the crossbow. Now it depends on the two sides to fight a few more defeats first. Whoever fails the most, whoever can't bear it first, will lose the war.

A head of the regimen looked up at Xiang Debu to taste the corpse and said, "Thank you, I am Singh, the head of the first regiment, and I say hello to you on behalf of Karp."

He said with a smile, "Everyone is a brother in the future. Don't be polite, there is no high or low in Huaxia, everyone is equal."

In a word, Singh and other heads and ordinary players are happy. Who wants to live in a space mocked by others, it is even more pleasant in an equal life.

Singh immediately ordered his men to change their equipment. In less than 20 minutes, the team was completely assembled.

## Chapter 1111: Lu Yang Rescue

“The boss is telling the truth. There are too many scrolls for this group of people, and their giant wolf form moves particularly fast, especially those shadow blood wolves. The movement speed feels like 650% of the limit.” Said.

Salman’s dignified expression appeared on his face, saying, “It seems that these people should be the elite of the Jagged Brothers Alliance, and Lu Yang sent out the sneak attack elite.”

Rant said angrily: “Exactly, I took thousands of people to defend today, and I expected that something bad would happen. I didn’t expect Lu Yang to send this group of people. It wasn’t that I didn’t care about defending. The enemy was too powerful Now.”

Salman said: “It doesn’t matter, we will take it back again. The enemy has a special occupation, and we also have a special occupation. This time I brought both the Theocratic Corps and the Sky Master Corps.”

“Oh.” Rand’s face was happy, and he said excitedly: “Great, that will definitely take back the main city.”

Salman glanced proudly at the city wall and said, “Look at me, see how I can take back the main city, everyone is ready to attack Beicheng District.”

“Yes.”

Uh ...

The chiefs of the army around him shouted in unison.

“How to fight? Boss?” Asked the head of a legion.

Salman glanced at the pride of the defense on the city wall, and his opponent said, "The war we had with Lu Yang in the old continent did not show our strength. This time we finally had a chance to prove for ourselves. We Let Lu Yang know how powerful we are."

"In a while, the first team of giant elephant warriors and bison warriors launched the first wave of attacks, sending the heavenly master and the magician under the city wall, and then watching their performance was enough." Salman said.

"Okay." They promised without hesitation, they all know how strong the two professions of the Celestial Master and Divine Master are.

"I was the first to attack," said Shaluk, head of the giant elephant warrior.

"Okay, if you take down the main city, I will let the boss reward you." Rand said.

Sha Luke nodded and shouted back, "Brothers, as I attack, atonement for the past."

"Kill!" More than 10,000 giant elephant warriors and 10,000 bison warriors rushed down towards the city.

"Throw the scrolls and kill them," shouted the pride of the city.

Because of the need to defend the four gates, he has arranged thousands of players in the other three gates, resulting in only 80,000 defenders in the north gate.

Although there are a large number of people, they cannot all be thrown on the wall. Otherwise, once a curse comes over, an attack can kill most of the wolf fighters on the wall, so only 20,000 people participate in the attack on the wall.

But even if there are only 20,000 people, a large number of scrolls are thrown down, which makes Shaluk and other people attacking the city suffer enough.

But even so, the giant elephant warrior and the bison warrior still desperately ran down the city, making the pride of the city feel a bit of awkwardness.

“Boss, why do the enemies keep killing each other?” One of his men threw the scrolls and said to the pride.

注意 “Watch out for attacks, don’t look at me.” Furiously frowned.

The men had no fun and continued to throw the scrolls, but what they didn’t know was that as they kept throwing the scrolls, they were so impassioned that they didn’t find that the Indian players who had been attacked by the attacking distance were getting more and more tight. Get closer to the city.

Salman said to the magician leader around him: “Put your skills.”

“Yes.” The wizard stepped forward, although he seemed to walk slowly, but he moved very fast, as if he could walk out of dozens of meters at each step. No one knew what was going on.

In less than 1 minute, Sherman took the 1000 Wizards to a location 100 meters away from the battlefield.

“Great Resurrection”

“Great Resurrection”

Uh ...

1,000 people use resurrection at the same time. In a flash, tens of thousands of giant elephant warriors and bison warriors who had died in battle were all resurrected.

“Fuck, this group can be resurrected, throw me scrolls.” Pridelessly speechless, he saw this group resurrection method for the first time.

Shalman looked at the scrolls dropped on the wall with a mocking look on his face, and said, “Great protection.”

“Great Protection”

“Great Protection”

Uh ...

Countless light curtains appear on players such as giant elephant warriors and bison warriors, leaving less than 30% of the damage caused by the magic scrolls thrown out.

“This is the ability to add magic resistance. How can it be so resistant?”

不好 “No, the spell scroll can’t move.”

Uh ...

The members of the Wolves Guard on the head of Tancheng looked at the lofty sentiments.

Wu Hao’s expression was tense, and he shouted, “Brothers, don’t worry, they don’t have a soil mage, and they can’t come to the wall.”

Salman heard an ardent shout, with an ironic smile on his face, and said to the Master of Heaven, Haines, “It’s your turn.”

看 “Look at me.” Harnes was a small human player, and he waved his hand and brought 1,000 Sky Masters to the front.

“Boss, there are reinforcements from the enemy’s army.” One of the men pointed at Harnes and others to the pride.

“Who are these people, and why does everyone hold a horn?” Furiously frowned.

Harnes seemed to be able to read a lip, raised his head proudly, put the trumpet in his mouth, and said, “Through the sky, let it go.”

“Tick Tick Tick Tick Tick”

“Tick Tick Tick Tick Tick”

Uh ...

Strange music sounded in the venue. Just when the pride and others were confused, 8,000 ropes and 8,000 giant elephant warriors quickly rose up and down the city.

靠 “Fuck.” Pride and speechless, scolded: “This is the sky, what do you do, what kind of skills do you want the city wall to do, do you just climb the wall?”

“What do you do, boss?”

“What else can you do with them, summoning the Shadow Wolf, roaring, ready to kill these stupid elephants.” Hao Qing Wan shouted.

“Ready to fight,” shouted pride.

“Transformation”

“Transformation”

“Transformation”

Uh ...

“Roar”

“Roar”

Uh ...

“Summon Shadow Wolf”

“Summon Shadow Wolf”

Uh ...

20,000 members of the Wild Wolf Guard instantly changed into giant wolf form, summoned the Phantom Wolf, and launched a roar to increase 30,000 attack power. At a time, 20,000 wolves in the field became 60,000.

Lu Shaluk was originally a vice chairman. He was demoted to the head of the giant elephant warrior corps because of a mistake in the war. Although he was still around Tianlong, he still angered Lu Yang and the Iron Brotherhood in his heart.

Today is a chance for revenge. Shah Luk is full of joy. After all, the other party is a wolf, he is an elephant, and his body shape is not a level. Just when he was fantasizing with the giant elephant warrior army to level the giant wolf, the rope took him Came to the wall.

“Brothers, come in ...” Shahruk didn’t wait to shout out the attack word. After seeing howling skills, the body became a scarlet wolf of 3 meters and a ghost wolf of the same 3 meters high.

“Kill them,” shouted Hao Qingwan.

30,000 shadow blood wolves rushed to the giant elephant warrior who fell on the city. The wolf and the elephant fought together. Both sides were level 130 dark gold equipment, but it was obvious that Lu Yang’s 20,000 shadow blood wolves were 3 Turned players, and less than 1,000 of the giant elephant warriors are three-turn white jade war elephants, the results are self-evident, the giant elephant warriors were killed and injured.

She screamed and laughed, “but this is so, the giant elephant warrior is just so vulnerable.”

Gaocheng dropped.

Salman looked embarrassed and cursed: “If my cursing mage is here, why make you so mad?”

He has 30,000 spell-casting mages, but most of them are scattered among tens of thousands of teams responsible for the main force output, upgrading and fighting monsters, and the rest are gathered in Wuyue City. There are only 10 spell-casting mages around him, but he Not afraid to release the first wave of attacks, fearing that there is a magical defense scroll on the opposite side, canceling the curse.

“Harns, it’s up to you,” Salman said.

Harns smiled on his face and said, “No problem, Legion Division, follow me.”

1000 Heavenly Masters move forward neatly.

Salman shouted to Haarns: “The giant warrior above the resurrection city.”

“Great Resurrection”

“Great Resurrection”

Uh ...

A ray of light was shining on the head of Wucheng, and the giant elephant warriors such as the dead Shaluk were resurrected in situ.

“Attack, kill the enemy.” Sharuk shouted.

He was stunned and shouted, “Kill them, continue to attack, no matter how many times they can be resurrected, kill them and blast their equipment.”

20,000 shadow blood wolves attacked with all their strength, but in this way, the situation under the city could not be mastered.

From the point of view of lofty sentiments, since the enemy can get to the top of the city, he will definitely continue to attack the city and will not do other things. Unfortunately, what he doesn't know is that India still has a bug profession like Sky Master.

Hahns came to the city with 1,000 people, at this time he had sent more than 80,000 people to the city, after which things will not be under his control.

“Brothers, follow me into the city, through the wall.” Haarns uttered a spell and walked towards the hard wall.

Haines, who was supposed to have hit the wall, entered the wall without any obstacles, and then he pierced through the other side of the wall. There were 1,000 players like him.

哈 “Hidden” Harnes whispered, his body turned into nothingness, and disappeared into the air.

“Stealth.”

Uh ...

同样 The same is true for the other 1,000 people. The originally crowded corner of the wall was gone.

“Target city’s main mansion, recapture the main city.” After typing in the simulation group, Harnes led the team forward.

On this way, the players who were not involved in defending the main city of the Iron Brotherhood were hiding in the Tibetan barracks to prevent the enemy’s curse attack, so there was no one outside the city wall.

Soon, Harnes came under the high walls of the city’s main mansion.

There are only a few hundred mad warriors in charge of the defense of the city’s main government. They are all two-turn professions, no three-turns, and the war ahead is fierce. They are staring at the front. Before no one breaks into the city, they do n’t need to worry about someone. Secretly attack the main city.

After all, the high wall of the main city building is 60 meters high!

“The enemy is so strange. It can be infinitely resurrected. This skill is too powerful.”

“What’s the use, our boss and 30,000 shadow blood wolves easily abuse them.”

“The shadow blood wolf is not so strong, don’t forget, the wolves they summon have a time limit. Once the time is up or they die, they cannot be summoned until the skills have cooled down.”

嘿 “Hey, the sentry tower will be built soon. As soon as the boss comes, everything will be resolved.”

Uh ...

As the players of the Brotherhood Brothers chatted, no one noticed that Harnes took 1,000 people through the wall penetration again and entered the city's main government.

“Hey, finally come in.” Hahns looked proud.

“Boss, do not kill them.” Asked the mad wolf guard watching the city.

“Kill them, I'll change the guild badge on the shrine, don't let them influence me.” Harnes said proudly.

“Yes,” 1,000 people shouted collectively.

什么 “Who?” This neat roar made the hundreds of mad wolf guards guarding the city's main house turn to the city's main house if they were struck by lightning, but they did not know when they had entered the city's main house.

不好 “No, they have to change their badges, stop them and throw the scrolls,” a player shouted.

“It's late.” Harnes sneered.

1000 men say the spell at the same time.

“Soul Binding”

1,000 soul ropes with purple light trapped all the wolf fighters on the city's head, and a lot of blood was lost.

“Damn, I can't take out the scroll.”

“The hand is stuck.”

“How can't the medal be unlocked?”

Uh ...

Harns laughed and walked to the oracle, saying, “Is the medal incapable of unlocking the skills of my Heavenly Master, you lose.”

Harns went to get the badge on the shrine. At this moment, a flash of light flashed, and Lu Yang and Hei Yan and other 100 members of the forbidden mage regiment landed in the city's mansion.

“What did you just say?” When Lu Yang teleported, he heard only two words lost.

“You? Are you?” Hahns was frightened, and he recognized Lu Yang at a glance.

“I am Lu Yang.” Lu Yang's face showed a anger, and his left hand was pressed down.

“Meteor Fall”

A huge group of fire meteors descended rapidly from the sky, in the middle of 1000 people such as Harnes.

“Boom”

The beacon meteor exploded, forming a huge shock wave.

“2618796” (critical strike)

“2598768” (Critical Strike)

Uh ...

After a critical hit, all 1,000 people were killed.

人 When the flames disappear, so do the people.

“Boss, I’m here.” Plenty of people ran back with 1,000 people. He just heard a report from his men that all 1,000 enemies sneaked into the inner city, and he hurriedly mobilized 1,000 shadow blood wolves and ran away. Here, I saw Lu Yang before I arrived.

Lu Yang looked at the expression of worry and pride and said, “This is not to blame you, who can think that Tianlong has found a large number of transfer methods for the two hidden professions, the Celestial Master and the Divine Master. Let ’s not talk about this. I’m going to the city wall, I’ll help you stabilize the situation first. ”

“Thank you, boss.” Ashamed and ashamed.

Lu Luyang said to 100 mages, including Hei Yan behind him, “Go up to the north wall and prepare to launch a forbidden spell.”

“Yes.”

Each of the 100 people summoned the mounts, and Lu Yang summoned the flying carpet to quickly land on the north wall.

I just landed, and Shahrak on the city wall was just resurrected for the fourth time. He was jumping up and down and shouting and attacking. 80,000 people were resurrected shortly after his death, leaving the blood wolf army on the city’s head to a hard battle.

“Damn, our people are dying too much. We call up the Wild Wolf Guard, and we are responsible for the resurrection and let the Blood Wolf fighters go to rest.” The deputy head shouted.

“I want to run, I won’t give you a chance.” Shaluk shouted sternly: “Offensively, beat them with a goo.”

The inner city area was attacked by the enemy, and the enemies on the wall could not be killed. The reinforcements were still in the foreseeable future, which made the fighting wolf guard feel anxious, but they did not waver, they were still fighting desperately.

“Brothers hold on, we must not embarrass the boss, we must not embarrass the Brotherhood of the Iron Blood.”

“Our brothers are the first formed special legion formed by the Brotherhood of the Iron Blood, for the honor of our Wolf Guard.”

“For the Wild Wolf Guard, kill ~!”

“Iron Brotherhood, kill ~!”

Uh ...

The roar of shouts shouted from the heads of the regiments, captains, and ordinary wolf fighters, and the wolf guards, who were already low in morale, suddenly came alive.

As the Wild Wolf Guards tried to resist the enemy’s attack, a familiar whisper of a forbidden mage came from behind him.

“Great ancestor of flames, listen to your servant’s prayer ...”

“Great Father of the Cold Wind, listen to your servant’s prayer ...”

“...”

More than 100 forbidden mages chanted spells at the same time, pressing their sweet sounds, and the sight of wind and thunder clouds moving in the sky made them extremely excited.

Everyone looked back.

“It’s Hei Yan, it’s our cursed mages of the Iron Brotherhood.”

“Great, we’re holding on.”

While they were excited, suddenly, someone saw Lu Yang standing in the sky on a flying carpet.

“It’s the boss.”

“Boss is here.”

“Brothers, fight.”

“Iron Brotherhood ~, kill ~!”

“Kill!”

“For the boss, kill ~!”

Uh ...

A burst of roar overwhelmed the shouts of Shaluk and others.

Lu Yang took the wand and took the flying carpet to the top of the city wall. He looked at the two sides at war and under the city wall without any expression on his face.

“That person is Lu Yang?” Rand asked.

就是 “It’s him, we must find a way to kill him, then we will make a great contribution.”

“Kill him, who has any good way?”

让 “Let the shooter team move forward kill him.”

Salman said to the shooter around him: “Send a group of people to attack him.”

“Um.” The captain of the shooter took dozens of people to run quickly toward the landing sun.

“What can a Lu Yang do? Prepare for the Great Resurrection.” Sherman shouted.

Lu Yang sneered, and landed slowly on the gate of the city wall.

“Devil’s Flame Burned Out”

For a moment, all players within 2,000 meters of Lu Yang were attacked by fire.

“1106986”

“1219876”

“2289866” (Critical Strike)

Suddenly, the damage of the film suddenly emerged from the heads of players above and below the city.

“Damn, how can it hurt so high.”

“Treat, cure quickly.”

“Don’t we have great protection? Why is it useless?”

Uh ...

The magicians who were on the front line were killed in a large number. They thought that the large protection could block magic attacks, but they didn’t know that Lu Yang had a 9th-level demon heart, reducing the magic resistance by 70%.

Chapter 1112 - Ascetic City Break

Singer said, “Brothers, let’s not support the boss first. All of us will attack the moonless city walls, open the gates, and welcome the main force of the Brotherhood of the Iron Blood.”

“Kill!”

“I don’t want to endure those with high castes any longer.”

“Let them pretend.”

让 “Let them stand high.”

“Dam them.”

Uh ...

150,000 people rushed to the city wall without a rule and were blocking the 100,000-high caste player of the Jagged Brotherhood on the wall. They were snored in the face of this sudden attack.

In less than half an hour, Singh rushed to the city wall with people, came to the gate tower, turned the winch, and raised the bluestone city gate.

At this point, Wuyue City is broken!

“Iron Brotherhood, kill ~!” Zhou Tianming first drove a chariot into the city gate, and behind him was the 300,000 Ming King Army of Iron Brotherhood.

At the same time, with the defeat of Wuyue City, it also announced that the Alliance of the Iron Blood Brothers against Tianlong entered a new stage.

From then on, players of the Brotherhood of Iron Blood no longer need to pass through the three main cities of Suiyuan, Ningzhou, and Holy Spirit from Yizhou City to enter the city of the majesty, but can be teleported directly to Huai’an City and pass through Wuyue City enters the realm of Tianlong.

The time consumed in the middle distance has been shortened by four-fifths!

“Speed to clean up the enemy players in the city, and I say hello to the brothers.” Zhou Tianming watched the wall cleanup and told his brother that he ran to the city’s mansion to find Singh and Karp.

“Thank you both for your help,” Zhou Tianming said politely to the two.

Kapu and Singh are a little ashamed, and really want to talk about them, they belong to India.

Zhou Tianming saw the minds of the two, and did not point out, saying, "I don't know which Karp brothers, you are really a master. They blocked me for six hours."

There was a hint of color on Kupper's face, and he said, "I'm the defensive side, I'm only taking advantage."

Zhou Tianming said: "No, no, no, this is real strength, not only under your tactical command, but also under your opponent's \*, without your iron-blooded command like you, there will be no brothers who dare to desperate below."

Karp is even more proud. He found that when he did not play against Zhou Tianming, Zhou Tianming was a very comfortable person. He said with a smile: "I hope Vice President Zhou Tianming will take care of him in the future, we brothers will follow you. ."

Zhou Tianming laughed and said, "No, no, we are the brothers of the boss. He will not treat you differently. Believe me, he will be a good boss countless times stronger than Tianlong."

Furthermore, the scope of the New World is so large, we should look outside the Northeast region. The boss told us that no matter who you lay down the main city, you have 50% of the income of the main city. This is the same treatment as our brothers. Exactly the same. "

Uh ...

The two chatted while they came to the east wall of Wuyue City.

As soon as he was about to enter the city, Zhou Tianming thought about how to word and talk with Carp, and now he feels that he is in the right direction.

He knows Karp's ability. If such a master joins the Jagged Brotherhood, it will be a great improvement for the guild, and this person is very prestigious among the low caste players in Tianlong, and can gather more India. Player.

Kapu was a defeated player, but Zhou Tianming touched him like this. He looked outside the city and asked, "What else do I need to do?"

Zhou Tianming asked: "I heard that you have a good relationship with the civilian players in the main cities. I hope you can help me persuade them."

Karp smiled and said: "Without concealing you, just when I betrayed Tianlong and was kicked out of the guild by him, the low caste heads in the remaining main cities of his men all sent me messages and asked me, What should they do. "

Zhou Tianming's eyes brightened and he asked, "Do you have such a big influence?"

Kapu smiled proudly and said, "I have helped them many times, so they have a little friendship with me. I didn't say it before. Now I can persuade them to surrender to the Jagged Brotherhood."

"That's great." Zhou Tianming said excitedly.

看 "Look at me." Karp opened a special space and invited the heads of the lower castes in 8 main cities, including the City of Flame, City of Frost, and City of Earth.

Zhou Tianming also entered a special space, and while Karp recruited people, he told Lu Yang what happened.

Lu Luyang said immediately, "Pull me in too."

"Yes." Zhou Tianming initiated an invitation to Lu Yang.

The light flashed.

Lu Yang entered a special space, and just as Capu recruited everyone.

“President Lu Yang?”

“Lu Yang?”

Uh ...

The heads of the 10 delegations knew Lu Yang.

Lu Yang Gongshou said, “Thank you for being here.”

The 10 Indian heads looked at each other.

“Kapu, what do you mean?” An Indian head asked.

Kapu said: “I should have known about the surrender of the Jagged Brotherhood.”

“I know, but what do you mean when you call us all and bring the chairman of the Brotherhood of Iron Blood, do you want to harm us?”

Karp said, “Why did you harm you? How did Tianlong treat us? You do n’t know. Our low castes are not human in their eyes. It is time to change. We ca n’t continue this way. . ”

This sentence hit the audience and said that there was no one to speak for a while.

Kapu went on to say: “President Lu Yang promised me, who can win the main city and own 50% of the income of the main city, and also allows us to establish a new guild. What else can you do?”

印度 An Indian head looked at Lu Yang and asked, “Chairman Lu Yang, what Karp said is true? Are you really willing to give us 50% of the income of the main city?”

Lu Yang said: "There is no falsehood. I can't manage Indian players. I also need you all to manage it here. My responsibility is to ensure that everyone has a good upgrade environment. If you are willing to establish your own guild, you will set up a guild. I am willing to join the Jagged Brothers League, and I also welcome with both hands, the position is vice chairman.

哪 Which main city you can lay down, I will give you 50% of the income of this main city, it is permanent. I control this land for one day and I will give you one day. "

10 people looked at each other with excited expressions on their faces. The heads of these groups were paid very low monthly because they were of low caste and it was difficult for them to get good equipment and special items.

大多数 Most of their families are also poor, and more of the lower castes are rural people. If they can get 50% of the income of a main city, they will become the hero of the family and allow the family to live a very good life.

Kapu felt almost the same, and said sharply, "I have surrendered, what are you waiting for?"

10 A few people looked at each other, and one head immediately said, "I agree."

"I agree."

"I agree."

Uh ...

All at once, more than 10 people agreed.

Lu Luyang was very excited. He didn't expect that a Karp could play such a big role. Every leader here has tens of thousands of 120 players. Now these people are rebellious, and Tianlong is completely finished.

Lu Luyang said, "Okay, I thank you. This is a new contract. Please sign it."

More than 10 electronic contracts were transmitted to the heads of these regiments. After careful reading, they found no problems. They signed their names, which means that more than 600,000 120 players betrayed Tianlong and became comrades in the Iron Brotherhood.

These people are all players who have assembled online. Nowadays, Tianlong's men are unable to make ends meet. He can only arrange 120 level players to participate in defending the city. Now it is equal to Tianlong arching the main cities to himself.

"Sir Lu Yang, now we have become your subordinates, you issue an order, what should we do." Asked a head.

Lu Luyang said: "Siege the city immediately and knock down your respective main cities."

"Yes," said a dozen people together.

Lu Yang withdrew from the special space, and he said in the simulation group: "Xia Yuwei, Zhou Tianming, bitter love half-life, Sun Yu, Jiang Ze, and Bai Shixiong, immediately took all the legions and surrounded the city of asceticism."

"Yes." Xia Yuwei and others immediately responded.

Lu Luyang said to the pride and enthusiasm around him: "Let's go, too. We will meet Tianlong at the front. He has reached the end of the end, and we will send him the last trip."

"Yes." He nodded arrogantly and ordered his men to advance towards the city of asceticism.

There are many spies outside the city, and Tianlong learned the news of Lu Yang's official trip to the ascetic city as soon as possible.

"Okay, I have been fighting guerrillas before, but now I dare to attack directly and see how I can clean up you." Tianlong said with a grimace.

He is now on the verge of madness, Wuyue City is lost, Zhou Tianming brought 300,000 people into his territory.

普 Cape, the leader of the lower caste who can fight the most, has betrayed 200,000 people, and Corley has also betrayed, even many special legions in the high caste have betrayed.

Now Tianlong has only one of his lonely widows. He doesn't know why things turn out like this, he no longer knows who to believe.

Karina, Aishwarya, Salman, Sharuk, Shallman and others gathered around him, and they were a little overwhelmed by such a dragon.

Once upon a time, Tianlong was so confident that he led them to defeat all the hostile guilds in India and become the Indian hegemon.

From the beginning of the international war, since they met Lu Yang, they have been failing constantly. After entering the new continent, they thought that all this could change, because their location happened to be the most perfect land.

Wuyue City's natural barriers allow them to develop with confidence, and there are allies with strong backgrounds like Park Renyi and Li Rongde.

Ke, even so, they can only watch Lu Yang defeat Li Rongde, Park Renyi step by step, and beat them to this situation.

“Boss, that 100,000 people have no ability to attack the city. Our main defense now is the main force of the Brotherhood of the Iron Brothers coming from the city of paradise. We are very passive,” Salman said.

Tian Tianlong stared at Salman with a grim eyes, and gritted his teeth and asked, “Salman, I don't treat you thinly, why should you betray me?”

Salman was dumbfounded and said, "Her President, I never thought of betraying you."

"No, you are a traitor, you must be a traitor, otherwise why would you let me let the enemy go to attack the city, you are expelled, go up and kill me." Tianlong growled.

Karina and Aishwarya and others hurried forward to dissuade Denon.

"Boss, don't be excited."

"Let's meet Lu Yang first." Karina winked at Salman and let him leave first.

Salman reluctantly, can only turn around and leave the main city.

Wu Tianlong ignored Salman, and he immediately took people out of the ascetic city. Originally, a large number of players gathered outside the city, ready to fight back to the city of paradise.

After Tianlong arrived, he mobilized 300,000 people and ran towards the east. Just when Tianlong had just arrived at the east side of the city wall, he just met Lu Yang with a 100,000 crazy wolf guard standing on the flying carpet.

"Lu Yang, you bastard, I will fight against you." Tianlong stood on the chariot, roaring at Landing Yang.

300,000 high caste Indian players, while roaring and posing offensively.

Lu Luyang looked at this scene with a faint smile on his face and said using a big speaker: "Tianlong, let's talk, don't fight."

Wu Tianlong angered: "What else can I talk to you about? Either you die or I live!"

Lu Yang shook his head and said, "Tianlong, give up. You have no chance. Now you can withdraw. I can let you leave decently."

Wu Tianlong said angrily: “Haha, joke, what do I have no chance, I still have a few main cities, millions of players, I am afraid ...”

I didn't wait for him to finish.

System Tip: Fire City is Occupied by the Iron Brotherhood

System Tip: Frost City is Occupied by the Iron Brotherhood

Uh ...

The news that four main cities were broken in a row made Tianlong startled.

“From today, I Ramcha officially joined the Jagged Brotherhood.”

“From today, I de Ugan, officially joined the Jagged Brotherhood.”

Uh ...

At the same time, a group of 13 Indian heads posted news on the World Channel. At the same time, the low caste players and high caste players that Tianlong was gathering were stunned.

“So many people have betrayed.”

“What exactly happened here?”

“Shall we continue to fight for Denon?”

Uh ...

Most of the low caste players don't know what to do, and Tianlong and those of the high caste don't know what to do.

“Why, why all betrayed me?” Tianlong said blankly.

“What the \*\*\*\* is this? What the \*\*\*\* is this?” Tianlong collapsed.

“No, you can't betray me. I'm Kshatri of the high caste. I have so much money. You can't betray me, you ...” Tianlong said nothing in the last sentence, but people have stopped moving.

Lu Luyang looked at the familiar scene. It happened to the old man, and also happened to Mai Lizhe. This was anxious and fainted.

Karina and Shah Luke and others did not appear to have such a situation, all of a sudden panic.

“What can I do?”

“This.....”

Uh ...

Lu Luyang looked at the panicked Karina and others, and said, “I give you a chance to wait for Tianlong to wake up. I will not attack you now.”

Karina looked at Lu Yang in surprise, and said, “What are you talking about?”

Lu Yang said, “I'm the chairman of the Brotherhood of Iron and Blood. Although I and Tianlong are enemies, this is a game. It's not a life-and-death enemy in the real world. I won't persecute them too much. Sorry, I'm taking it.”

Karina said, "Thank you President Luyang, I'm offline now."

After speaking, Karina quit the game, and Aishwarya and other vice presidents also quit the game, leaving only a few legionnaires to stay in place.

Lu Yangfei returned to the side of lofty sentiments and said, "Let's retreat, just wait for the news now."

"Boss, you are too kind to them." Said with pride.

Lu Yang smiled, didn't speak, and retreated to the city of flying dragons with an arrogant 100,000 people. At this time, the city of flying dragons was already the main city of the Iron Brotherhood.

While Lu Yang was waiting, most of the players under Tianlong were finally convinced by Baqiang and Kapu and others, and officially joined Kapu and Baqiang and others. The 13 main cities under Tianlong also only The last ascetic city remained.

Lu Yang originally thought that Tianlong would be online again within a few hours, but this time Lu Yang was somewhat surprised that Tianlong was not online, because Tianlong was blocked by the player who was seeking debt and was unable to go online.

Until the afternoon of the next day, Tianlong finally convinced them to return to the game, but at this time, Tianlong found that the world had changed.

Carkap, Baqiang, Dalvey, Padu, and Corley and more, with more than 5 million low caste players, are besieging under the ascetic city.

Behind Kapu and Baqiang is the main force of the 2.6 million brothers led by Lu Yang. Facing the endless enemies, Tianlong still did not admit defeat, but made him extremely angry, he saw Capturing down the city cursed: "You traitor, asshole, you will go to hell."

Karp sneered, cursing back: "Tianlong, you idiot, you have today. Lao Tzu is here to avenge you, don't you look down on our low caste players. Among the 5 million people standing in front of you, 4.5 million

are Low caste, today I will let you see how powerful our low caste players are, the entire army pays attention and attacks.”

“Kill!”

“Kill these high castes.”

“Kill Denon.”

Uh ...

Of the 4.5 million people, 800,000 people participated in the first wave of siege. Under the siege on all sides, the ascetic city was in danger.

Because Tianlong has less than 600,000 people at this time, the rest of the high caste players see that Tianlong is not working, and they have chosen not to go online.

Lu Yang stood on the chariot of flames, watching this scene in the distance, and said with emotion: “See, this is what the great man once said, the power of the people.”

White Lion and Zhou Tianming nodded.

Lu Yang said: “This is also a warning to us. At any time, we cannot ignore ordinary players, because our group of people climbed from the bottom, they will always be your strongest backing, as long as they have , We will not lose.”

Everyone nodded.

## Chapter 1113 - Lu Yangtong 1 Northeast

Everyone nodded.

Lu Yang looked at the battlefield ahead, at this time a team of nearly 30,000 spell-forbidden mages were violently bombarding the city.

More than 10,000 of them belonged to the Iron Brotherhood, and the other 20,000 were supported by Song Yunyi and Song Sisi.

On the other hand, looking at Tianlong, the number of forbidden mage warriors is scarce. Most people see that Tianlong is no longer able to perform, and they no longer perform their contractual obligations. They do not appear on the city walls.

“The city is broken, Brother Brothers, kill ~!” The white lion roared and rushed towards the gate with hundreds of thousands of people.

Within the city.

Wu Tianlong sat in the city's main house, his face was dim, and Karina accompanied him, saying, “Boss, let's quit the game first.”

Wu Tianlong grinned and said, “There is no place to retreat, I'm done.”

Karina said firmly, “No, we still have a chance. As long as you leave with the main force like Park In-eok, we have a chance to come back.”

Wu Tianlong shook his head and said, “When I quit this game, I will face years of jail. Sorry Karina, I didn't give you more.”

Karina looked at Tianlong with horror and said, “Why did you go to prison? You didn't break the law?”

Tianlong said with a sorrowful smile: "I used my credit to collect money among players and do business in reality, but my credit was bankrupt and the main city was gone. I could n't pay it back. This is not a simple application for bankruptcy. I can go back. "

The method of raising money for him is illegal and huge. He has already committed the crime of illegal fundraising, and he will be in prison.

Karina collapsed and cried, saying, "I can't let you go to prison like this."

Tian Long shook his head and said, "Don't worry about me. Then listen to me. The guild will give them to you and Salman. After I go to prison, the guild will be forced to dissolve. You will take the rest and follow us. The player went outside the Northeast region, the map of the middle, and the other guilds in India were there. Go and find them. They are also the high caste. They will help you, find opportunities, and avenge me. "

Karina shook her head in tears, but before she said anything, Tianlong went offline. She followed the offline, but found that dozens of heavily armed policemen were standing at the door, and Tianlong had been handcuffed.

Wu Tianlong said to Karina with resentment: "Back in the game, take revenge for me."

Karina nodded, she returned to the game, but at this time, the city of ascetic has been fully attacked, the last hundreds of thousands of dragons of the dragon, was also defeated, and poorly, even a footing main city is gone.

Salman asked: "Karina, why is the boss offline?"

Karina cried and said: "The boss was taken away by the police. He asked us to gather players to go to the central part of the New World to regroup and revenge."

没 "Yes, we should avenge him," Salman gritted his teeth.

“Gather the players,” Karina said.

Uh ...

Ascetic City.

Xi Tufeng soon received a message from Karina and Salman. He said to Lu Yang, “Boss, Tianlong has been captured by the police.”

“What?” Lu Yang was a little surprised, but nodded again, and said, “Should be arrested, absorbed so many people’s funds, but all lost all at once. He will not only be arrested, but also face several years. Imprisonment. “

Corley, Padu, and Ba Qiang, who stood in front of Lu Yang, looked a little ugly.

Lu Luyang said, “You don’t need to care. This is because he does not respect you, the majority of players, and it is the inevitable end of your so-called caste problem.”

Padu said softly: “It’s just a bit of emotion. I can’t imagine that Tianlong will end in this end. No matter what he is, we only need to work hard in the direction we think is right.”

The words she said made both Cole and Ba Qiang look firm.

Lu Yang clapped his hands and said, “Okay, now it’s time for me to fulfill my promise. All of you here, whoever lay down the main city, will become the city owner.”

Eyes of Koli and Ba Qiang all lighted up. There were 13 main cities, including Kapu, and only 5 were beaten by the Jagged Brothers Alliance, and the rest 8 were shot by them.

The city of cold winds won by Padu.

Ba Baqiang won the city of blessings.

Dalway took the Frost City.

Shaqi won the city of flames.

Karp has won the Moonless City, but Lu Yang has sealed him to the city of the dragon. His 10 or more heads gathered to win the city of thunder and earth, but these two main cities were also Lu Yang gave it to Karp.

Singh won the City of the Holy Tree.

“From today on, you guys are the main owners of these main cities. At the same time, you are also the vice-chairmen of the Indian Chapter of the Brotherhood of My Iron and Blood.”

“Thank you, President Luyang,” said Padu and Koly, and everyone showed an excited look on their faces. All they needed was this position.

Lu Luyang said, “You go to recruit players, and strive to recruit more players under Tianlong.”

“Chairman Lu Yang, can you leave more than 100,000 elite players?” Padu asked.

Lu Lu asked: “What’s wrong?”

“Most of the more elite 1 million players under Tianlong will follow Karina and Salman, and only a small number of people will stay. Most of the rest of us are not equipped with equipment and techniques. It takes a lot of elite players to lead them to level up. “Padu said.

Lu Yang smiled. Originally, he had the idea of garrison. He left such a large area unoccupied, and returned it to Padu intact after the fight. Lu Yang was not too stupid.

However, this Padou looks a bit smart and took the initiative to raise the issue. He said: "I will leave a group of people who will enrich your guild and be responsible for managing finances and personnel review." Lu Yang said.

"That's great," said Paddu and Collie, who had no opinion.

Today's Lu Yang, what they want to do is only a sentence, they can only obey Lu Yang's arrangement unconditionally.

"Go and get busy," Lu Yang said.

Padu and others left.

Lu Yang took out the teleportation scepter and flew outside the city of Spirit Wind, next to the sentry tower built by Xia Yuwei. Here, there is still no solution for the Nine Star Alliance.

As soon as the puppet landed, Lu Yang saw Tianyao and White Lion waiting.

Lu Lu asked: "How is it here?"

Tianyao said: "It's over soon, this is their last main city. The news of the defeat of Tianlong came, and the side of Nine Stars collapsed. Now your support troops are coming, Dragon Slayer and We were chased away by the glacier, and we are probably running away in another ten minutes. "

Lu Yang nodded and looked away. Sure enough, Glacier's team number was very small. Hundreds of thousands of iron brother brothers rushed to the city wall. At this point, all the main cities established by the Nine Star Alliance were all Lu Yang. Take it down.

Lu Luyang took someone to the wall to wait for the counterattack of the Jiuxing Alliance, but he waited for a long time, but no one counterattacked.

The news of Xi Tufeng was long overdue. Huihui reported: "Glacier and others gave up, and they all quit the game."

Lu Yang, Tu Feng, and others all smiled. Obviously, Glacier and others lost the main city, and after a day and night of war, players have long lost the courage and patience to fight, and have quit the game. The war against the Nine-Star Alliance was a complete victory and was successfully concluded!

"Win!"

"Win!"

Bitterly love half a life and shouted by white lions and others.

Uh ...

The players cheered.

Lu Luyang looked at their smiles and said, "Leave the deputy as a team, and the rest will follow me to the Tianjian Fortress. Liang Yun, I have notified and passed together."

"Yes." The bitter love half-life and white lions and other people smiled. Obviously, the war was won, and it was time to discuss rewards.

Xi Tianjian fortress main city.

Lu Luyang gathered together with the vice-chairmen of Zhuojiu, Liangyun, White Lion, Zhou Tianming, vice-chairmen of the Orcs such as Tianyao, and vice-chairmen of the Elves such as Liangyun.

There are 33 people in total, each with a smile on his face.

Lu Luyang sighed and said, "No way, brothers, you can't invite everyone out to celebrate with drinks. There are too many enemies around us. We can only celebrate in the game."

"Boss, where are these words, brothers care about those things." Zhuoju laughed.

"Just the boss."

"It's enough to win."

Uh ...

Everyone laughed.

Lu Yang also laughed and said, "I didn't expect that I could one day unify the entire Northeast region. Do you know that the Northeast region occupies 11% of the new continent? In the future, we only need to hold the sky sword fortress and the tiger mouth to death Ah, you can rest assured that you can upgrade."

From now on, as long as you hold the Skysword Fortress and Tiger mouth, the upgrade of the Iron Brotherhood will no longer encounter the interference and sneak attacks of hostile guilds. He can let them quickly improve their personal level, which is his happiest.

The rest of the New World, like the Northeast, can only protect two places by protecting two places, and no one can be found.

Liu Jie's northern area needs to defend at least 8 main cities at the same time. This is a considerable problem for Liu Jie. The energy and money he has to pay will be desperate for most people.

This is even more the case in the central part of the country, which is completely risk-free. Each main city can only do its best to increase the defense force of its own main city, such as artillery, which is quite labor- and financial-intensive.

But these problems, Lu Yang did not have all!

Lu Luyang said, "Everyone has contributed a lot to this battle. Now, let's discuss it. How can we reward you?"

Sun Yu asked excitedly: "Boss, what's good?"

Lu Luyang said, "Of course, who wants to go to India to taste the taste of being sought after."

Everyone's eyes brightened.

"Boss, what do you mean, make it clear." Xia Yuwei asked.

Lu Luyang said: "Obviously, India has already been beaten down by us. Someone needs to manage them. Who is interested?"

"I." For half a life.

"I." Liang Yun.

"I." Zhou Tianming.

Uh ...

More than half of the people are interested.

Lu Luyang said with a smile: "Let's do this, one person for three months, each person manages three main cities. Whoever goes first will decide by lot."

"Boss, where are we stationed and how many people are we taking?" Xia Yuwei asked.

Lu Luyang said: "The first batch of 600,000 people are all elite. All of you can draw lots. If you don't go, you can give it to your brothers."

Luzhuo is the most loyal to Lu Yang. Obviously he wants to defend the Tianjian Fortress and cannot go to the main city of India for fun, but after hearing this, he also went to draw.

As for why there are so many people, the reason given by Lu Yang is very simple. I am afraid that the remaining players of Tianlong will cause chaos. Of the 600,000 people, 300,000 will remain in Wuyue City, and 300,000 will remain in the city of the Holy Spirit. .

Soon, the lottery was completed, and the elders Zhou Tianming, Liang Yun, and Late Evening were elected.

Lu Yang commanded: "Although you are going to play, you must restrain your men. You must not buy or sell in India. If anyone dares to do so, no matter how much credit he has previously, immediately clear him out of the guild. "

"We try our best." Zhou Tianming said together.

Lu Luyang said: "The next one is the Jiuxing Alliance, Yu Wei, it's up to you."

"What is it?" Xia Yuwei had a bad hunch.

Lu Yang smiled and said: "I thought for a long time, who to send to the Nine Star Alliance to recruit players, in the end, you are the most suitable."

"Why?" Xia Yuwei already guessed the reason.

Lu Luyang said: "Who makes you a goddess, the greater the ability and the greater the responsibility, the more you go there to ease the anger of the players."

“No, I don’t have that ability.” Xia Yuwei said uneasily.

Lu Yang smiled and said, “Don’t blame me for making my own decision. I have already promised it for you. Starting tomorrow, you will be officially recognized as the spokesperson for” Second World “and the” Second World “global promotion goddess.”

“Wow!”

“It turned out to be Yu Wei!”

“This is great.”

Uh ...

They have heard this endorsement before, this is an endorsement that only 5 girls in the world are eligible for.

The first requirement is to be beautiful, the second requirement is to have knowledge, the third requirement is to have a certain status in the game, and the fourth requirement is to have a high EQ. In these conditions, Xia Yuwei is the best choice, so it is not The Second World that Lu Yang went to find, but the official found Lu Yang on his own initiative.

Lu Yang immediately agreed. Although he did not discuss with Xia Yuwei first, Lu Yang knew that Xia Yuwei must like this position very much, and that was a place where she could give full play to her ability.

“Well, I promise.” Xia Yuwei’s joy overflowed in words.

Lu Yang said with a smile: “In the future, your task will be heavy. Not only will you manage the guild, but you will also be responsible for shooting many official videos and photos of the Second World. You must be mentally prepared.”

“Rest assured, there are Zhang Zibo, Light and Dark Thief and Hansha who helped me, no problem.” Xia Yuwei said.

Lu Yang said, “That’s the case. There are two remaining problems, one is the defense of the Tianjian Fortress, and the other is the defense of the Tiger Mouth Fortress. My idea is to defend the two with the muddy wine and the white lion. , Two of you, each holding 500,000 people. “

I was equal to one-third of the main force of the Brotherhood of the Iron Blood was taken away by the two, but this group did not have any opinions.

No way, in the northern region bordering Luyang, Liu Jie has killed six northern regions. With the help of Park Renyi, the entire northern region has been included in his management. The sphere of influence is nearly 1.5 times that of Lu Yang. It is possible to attack the Sky Sword Fortress.

The tiger fortress in the south, ascended the sky, annexed 6 guilds with the same power, not alliances, but real annexation, and became a super guild with 6 main cities and no enemies within 5 hours of the road. However, the closest distance to the main city of Luyang was only 2 hours.

Similarly, this is also a place that needs to be watched day and night. There are great areas in South Korea, the Nine Star Alliance, and India. Who wants to do that chore? Besides, most of them do not have that ability.

When they joined the Jagged Brothers Alliance, the biggest reason was that they were defeated in the war with Tian Yao and Liu Jie. When Lu Yang went, they were still able to gather players. This became the vice chairman of the Jagged Brothers Alliance. But in terms of ability, they are completely inferior to those of Zhuojiu, Baixiong and Zhou Tianming.

In the end, Lu Yang divided the 3 million absolute main force into six people: Zhuojiu, White Lion, Zhou Tianming, half-bitter love, Tian Yao, and Xia Yuwei. The rest were all responsible for rebuilding the new army.

During the next half month, Lu Yang was bringing his players to organize things in the Northeast, and during this time, a lot of shaking events occurred in the entire New World.

The first is that Lu Yang defeated Tianlong, the first president of India with millions of players ~ and after his son was trapped in jail, his lover Karina and first-hand Salman took Nearly one million Indian high caste players fled and entered the central region.

The second thing is that Liu Jie unified the north and became the only super guild in the northern region. It has more than 100 main cities, more than 60 more than Lu Yang, and a player population across all races in the world, including Africa People-oriented.

According to official survey data, there are more than 600 million African players in it, and people from other countries add up to less than 50 million.

The third thing is that the merger of the Central Plains region has come to an end. It can hold the main city and can also form a large force. There are more than 300. It can be said that the Central Plains region of the new continent officially entered the melee era. Gives a very Chinese name-warlord melee.

As for the fourth thing, it is officially released several patches, the first patch is about the city main government.

This war made the official realize that a player who built the main city cost tens of millions, but in the end, he might be attacked by an enemy air force squadron or a small army of 100,000 people like pride. Collapsed.

This is irresponsible for players who are willing to build the main city. Therefore, the newly revised main city attack and defense battle, the main city palace has become a closed area, and the shrine is buried in the secret room below the main city palace. Players want to think To change the guild badge on the shrine, you need to enter the back room, which can only accommodate 500 people at a time.

Changing the badge is no longer a matter of changing the line. Instead, after seizing the secret room, you must continue to hold the secret room for 2 hours. After 2 hours, according to the number of game players in the secret room, the more party is the siege player. You can change the badge, otherwise you can't change it.

The fifth modification is the most deadly. It is officially stipulated that the medicine made by studying the pharmaceutical skills at Tianyuan Shencheng is used within 20 minutes after each use, and the effect is halved.

At this point, Lu Yang's new skill, Ninth Hell, has officially become a chicken rib skill. Unless Lu Yang can quickly rise to level 160 or above, he can't release it for 3 minutes.

The sixth modification is that in view of the fact that the legal profession is too powerful, the official release of magic free blood is officially at the cost of reduced physical defense and reduced blood volume, but they are completely immune to magic.

Inside the main palace of Ludingzhou City.

Bian Luyang has just seen these changes. For the past half a month, his main task has been to stabilize the interior and prevent any form of rebellion.

Patho and Kohli did their work perfectly. Only a few small-scale rebellions occurred throughout India, and they formally merged into the Jagged Brotherhood, which gave Lu Yang a sigh of relief and confirmed the side of the Great Noodle Empire. The name really deserves it.

A nation that has been accustomed to being enslaved in history, and it is easy to get rid of this slavery. Who has made them a member of the Commonwealth, and regards the Queen of England as their queen?

Lu Yang shook his head, but after having one-tenth of the Indian players, the benefits soon became apparent.

Of the people Karenna took away, less than 5,000 were forbidden mage, and the rest were countered by Padu and Saki.

More than 20,000 cursed mages entered their clan, and it is reasonable to say that the normal speed was not so fast. However, Tianlong previously raised funds illegally in the private sector, causing his guild to go bankrupt and liquidated. Freedom.

Paddu and Cory have a certain status among the high caste players. Coupled with the temptation of interest, these more than 20,000 people soon became their subordinates, which is equivalent to Lu Yang's more than 20,000 bans. Curse Mage.

The only pity is that during the battle between Lu Yang and Tianlong, Song Yunyi's main city was breached by Liu Jie, which caused Song Yunyi to withdraw from the hegemony and focus on the business.

Lu Luyang apologized to Song Yunyi, after all, it was Song Yunyi who lent him more than 10,000 forbidden curses, otherwise he would not fail so miserably.

But Song Yunyi didn't care about it. His father had settled the new generation head of the Kangbang family. He was also identified as the hot choice for the next generation of heads. Therefore, Song Yunyi didn't waste much time. In the game.

When these banned mages were sent, Song Yunyi told this matter to Lu Yang and the family, so his defeat was not unexpected. Although he lost, he handed over the banned mage group. Give it to Lu Yang, it is equal to Lu Yang's men more than 10,000 forbidden spells.

Therefore, the total number of Lu Yang's cursed mage regiments has reached 50,000. Lu Yang has divided these people into various legions.

Lu Yangfei returned to Tianyuan God City. Now the game has entered the next stage. All players in the New World know that Lu Yang, who has unified the Northeast region, will definitely attack, and so will Liu Jie.

But with Liu Jie, the west is facing the Saudi royal family who is in deep contradiction with him, because Liu Jie belongs to the Skyeeye Alliance, and the Skyeeye Alliance intervened twice in the civil war of Saudi players. Jie held a long confrontation.

Beneath Saudi Arabia, it is North Africa with an uncertain attitude towards Liu Jie, which makes Liu Jie need not worry about the Saudi royal offensive for the time being.

Below Liu Jie is an organization established by players from Germany and France. Guild players in these two countries have greater resentment against Liu Jie than Lu Yang, because it was the original German First Guild and French First Guild. The betrayal led Liu Jie to lead 3 million black players in Africa and swept through the two richest countries in Europe, resulting in players in these two countries being poor for a little over half a year before they came over.

The guilds established by these two small countries are facing a difficult problem. After the unified guild left, they entered the new continent and they were divided into many small guilds.

没有 There is no powerful player who can integrate their countries together to form a unified combat power.

Although every time Liu Jie wants to attack them, all the guilds in their two countries will work together, but as long as Liu Jie does not fight, they will spread apart. There is a more important problem, that is, the players in these two countries. In the established guild, a large number of players are not Germans and French, but Middle Eastern and South Americans.

下面 Below these two countries, there are guilds established by players from many countries, such as Spain on the left, Italy in the middle, and South Africa on the right.

Lu Yang wants to go out of the northeast region and destroy Liu Jie. The forces that he can win are now none.

It is not that these people do not hate Liu Jie, but they know that they dare not let the Jagged Brothers Alliance destroy Liu Jie. If Liu Jie is also defeated, Lu Yang will become the strongest force in the entire New World. With Lu Yang alone, You can break them one by one.

For this reason, the forces of all parties in the New World are now showing an ambiguous trend. If Lu Yang and Liu Jie are not involved, the parties are fighting. Once Lu Yang and Liu Jie are involved, then the Central Plains has the main city north. Super guilds will come together to discuss how to deal with them in Tianyuan God City.

Lu Yang originally wanted to send troops to fight with Liu Jie once, let him roll away from the sky sword fortress, but as soon as he took action, he stepped out of the sky to get out of trouble, and other forces followed suit to find opportunities. And continue to upgrade with his men.

This time he came to Tianyuan God City, one of the purposes is to cope with the treasure map incident. The transfer certificate and blood in the game can be dug out through the treasure map.

Ordinary treasure map, can dig up transfer certificate, advanced treasure map can dig bleeding veins, and at the same time can dig out the skill book of the summoned beast.

推出 In the game, the game can be played for your favorite summoner, and the hunter can add skills to the pets he has caught and pets hatched from pet eggs.

Lu Yang can also add skills to his phoenix, but the chance of digging out of the transfer certificate and the power of the blood is too low. The price of the treasure map soars one day at a time. At present, it has risen to the level of 300 yuan. Already.

However, the probability obtained by the analysis of many studios at present shows that an average of 20 treasure maps can be used to issue a second transfer certificate, but the second transfer certificate cannot be worth 6,000 yuan, even if it is a time and space thief transfer certificate, it is not so expensive. Now, you can buy up to 1,000 yuan.

Therefore, although many people type out the treasure maps, not many people dig them, which makes the streets of Tianyuan God City have a lot of people selling treasure maps. Some people have calculated that there are probably millions of copies. Treasure Map.

Lu Yang, with Tu Feng and his affiliated logistics units, came to the gate of the shopping street in Tianyuan God City. He said to everyone: "After entering, buy all the treasure maps, talk to those merchants, 250 yuan each, if you sell All inclusive, or do n't buy it. "

Wu Tufeng said, "Boss, this is a lot of money, is it appropriate?"

Lu Lu smiled and said, "You'll know in a while."

Tu Tufeng gritted his teeth and said, "Well, let's buy it."

It is nothing more than a few hundred million. With Luyang's current capital, it is no problem to buy it and lay down the entire northeast region. Luyang is like Tianlong to absorb player funds, but the difference is that Luyang has established an investment company. There are formal procedures.

Lu Yang can predict the time of the next 7 years, so he plans to open an investment company for another 7 years.

The first investment was in Danjiang City. After a series of reforms, the country next to the border region of Danjiang City finally implemented reform and opening up.

However, no one dared to invest money in that place for so long. Although it was a seaside city, a large number of sea-view houses could be built and villas could be built, but no one dared to invest money because of the recent reform and opening up.

Lu Yang asked Qi Yun to invest in the name of a Wall Street investment company, and invested tens of billions of credits at a time. No one knows that of this money, Lu Yang spent only one third of his own money and the other three cents. Second, money collected from domestic sources was invested in the past.

算 Even so, he still has a lot of money in his hand, so he came to buy the treasure map. When he was shopping, Mo Long called.

"Boss, not far from our studio building, the newly built building even opened the studio of" Second World "." Mo Long said.

Lu Lu smiled, and asked curiously, "Who is going to open a studio with us. Isn't this a hiccup?"

Mo Long said, "I've inquired, it's a step up."

Lu Yang took a deep breath and said with a smile: "I'm looking for his trouble. He dare to come to my trouble first. You are waiting for me, and I will go and see."

After speaking, Lu Yang withdrew from the special space and found the black-and-white that was being inspected in the game city. He led a group of people to accompany Landing Yang to the outside.

Just less than 100 meters from the game city, that is, behind the street diagonally across the studio building, a young man around 30 was leading a group of people to chat with several officials. These officials knew Lu Yang and were old. Friend.

Mo Long saw Lu Yang come over and said, "Boss, the man around 30 years old, led by Zhang Hong, is the chairman of the Tongtian Guild. The name in the game is one step to the sky. I just learned that, and That step in the game is the same person. "

Lu Yang sneered and said, "Let's go. We'll go in a while. They all hit the door, and we can't show weakness."

He waved his hand, and took the black and white and Mo Long to the position of stepping up to the sky. Before they approached, the officials who met Lu Yang saw him and came over with a smile.

"Brother Lu Yang, we have met again." Several officials greeted one after another.

Lu Yang smiled and shook hands with them one by one, and asked jokingly: "What are you doing?"

They are all old acquaintances. An official said with a smile: "Isn't this a new investor? Coincidentally, it's a business with you and also a game studio. I will introduce it to you. You two know each other and say Maybe they can help each other in the future. "

I did n't wait to finish talking, Zhang Hong came over with a smile, took the initiative to reach out and said to Lu Yang, "President Lu Yang, thank you."

Lu Yang looked at Zhang Hong and said, "What's your chance to tell me, old friend."

Puppet officials said cheerfully, "It turned out that the two had known each other for a long time. That's great, haha."

Lu Yang smiled and shook his head, and said, "Of course I know, this person has been beating around my tiger mouth fortress for several months, can I not know him? Right, one step up into the sky."

When Zhang Hong was surprised, he didn't expect that Lu Yang actually recognized him, smiled, and said, "I can't think that President Lu Yang investigated me very carefully. Yes, I just stepped into the sky."

The officials on both sides are dumbfounded. They no longer pay attention to the game, but also pay attention to the dynamics of Lu Yang in the game. After all, this is related to the lives of more than 200,000 people in the development zone. If Lu Yang's company has problems, these 200,000 people will be a huge Hidden dangers.

Therefore, they also knew that Lu Yang was being attacked by Liu Jie and a man named One Step Ascension, but they never thought that the person who came to attack was the one who bought the land in the development zone and built the house. Completed a series of step-by-step registration procedures.

这 "This, this ..." The official just speaking looked awkward.

Lu Luyang patted him on the shoulder and said, "It's okay, there is an enemy around, and I have more motivation. Otherwise, I won too easily."

The puppet officials were relieved.

Stepping up to the sky with a smile, he said, "It is indeed President Lu Yang. Sure enough, but I have never thought of going to the platform with you, but the price is cheap here. Besides, you do what you do, I do what I do, who we No delay. No. "

Lu Luyang said, "That's right, so good luck."

Then he said to several officials: "It's busy here, go to my seat if you have time."

“OK, OK.”

Uh ...

Some officials started to sweat.

Lu Yang turned back and returned to the studio, the black and white around him asked: “Boss, shall we let him open the studio so easily?”

Lu Yang snorted coldly and said, “How can it be so easy, he wants to open a studio, can I tolerate him? However, this kid was prepared. Maybe there is secret support from Liu Jie or other forces. Otherwise, it would be difficult for him to build such a 10-storey building. “

Black and White said, “What should I do?”

Lu Luyang said, “You are the biggest intelligence boss in my reality. I ask you to check it out and see if anyone in our guild has been bought by him. If so, give it to me.”

“It’s a bit difficult, 200,000 people,” said Bai Hei.

Lu Yang said: “Simple, one way can detect who is a loyal minister and who has betrayed me. You first buy the equipment and secretly install the eavesdropper to me in the office of Zhang Hong and his main staff. “

“Yes,” said Black and White.

Lu Luyang returned to his office, put on a helmet, and entered the game. At this time Tu Feng had already bought the treasure map.

“Boss, I bought more than 2 million treasure maps. I divided them into 12 categories according to the map.” Tu Feng said.

Lu Luyang said: “On these treasure maps, only the treasure maps of the four maps of Cross Slope, Seven Star Array, Taohua Island, and Four Elephant City were left. The remaining treasure maps were all sold for 200 yuan.”

“Sold for 200 yuan?” Tu Feng was surprised.

Lu Yang said, “Yes, let me tell you, the maps I just said are all maps that can dig up transfer certificates and blood vessels. Most of the maps shown in the treasure map are garbage maps. . “

Tu Tufeng’s eyes brightened and he was pleasantly surprised, “Boss, you are terrific. Of the millions of treasure maps, these four places occupy one third.”

Lu Yang said: “It is not 100% of the transfer certificate and blood power. You can do as much as you can. You take this game with 100 players who are absolutely loyal to the Iron Brotherhood. Remember, you must not. Let them spread, this secret, I want to exchange for something. “

“What a big secret to exchange?” Tu Feng asked in surprise Lu Yang said: “A traitor hidden in our guild.”

He said what happened to Zhang Hong just now. With the sharpness of Tu Feng, he instantly guessed that someone must have betrayed the Brotherhood of Iron Blood. Even if it is not now, someone will soon be unable to withstand the large amount of money given by the sky Temptation.

“Yes, this person must be removed, boss, I must keep this secret, it will not affect the operation in black and white.” Tu Feng said.

Lu Luyang said, “Go, I’ll contact other people.”

The ten-story building that is now stepping up to the sky is in the decoration stage. With the caution of stepping up to the sky, Lu Yang can be sure that it is impossible to enter normally. It can only be done with a friend who knows you well.

Tomorrow Decoration Company.

In the general manager's office, Lu Yang looked at Li Mingri and said, "Brother, I need you to do me a favor."

Lu Yang is the benefactor of Li Mingri. Before that, Li Mingri's decoration company was going to close down. He also owed nearly 3 million cash to the bank. This money was not up to him. It was Lu Yang who offered to Li Mingri to decorate him. The opportunity of the company building made him through this difficult time. After that, all the newly built houses in the headquarters of the Brotherhood of Iron and Steel were decorated with Li Mingri's house. From Lu Yang alone, Li Mingri earned tens of millions. cash.

The reason why he is so good is that Li Mingri is a person who knows how to be grateful, but at that time Lu Yang didn't think about using him, but just thinking that it might be useful in the future, so he arranged that Li Mingri opened it in the name of someone else. Several renovation companies.

Chapter 1115 - Celestial City High Experience Mission

Just when Lu Yang went to look up there, he just met a decoration company run by Li Mingri.

明 Li Mingri said excitedly: "Boss, you can talk where it is useful to me. I didn't go to jail, and I still have the status I have today. You gave it, as long as it was not killing and setting fire, I will do everything."

Lu Yang smiled and said, "You can't do it if you do it. Just one thing. One of my enemies in the game, this one-step climb is a house decorated by your construction team. After a few days, it's not Do you want to have tiles inside? I want you to go in and work with a few of my people. "

"No problem, I'll arrange it. Boss, don't worry, we haven't met each other today. I don't know anything. Your people will report in a few days and let him call my relatives." Li Mingri said.

Lu Yang smiled and said, "Okay, then we haven't met each other, I'm leaving."

明 Li Mingri bowed deeply and sent Lu Yang to the door. Then he returned to the office and called out to his men.

The other side.

Black and White bought advanced equipment through channels. Three days later, he personally changed his face and took 6 people to step into the building.

He stepped down into the room and dormitory of the six deputy chairmen and 20 main army commanders under his command and put down the eavesdropper.

"Goodjob"

A black and white message was sent to Lu Yang, which was burned after reading.

Lu Luyang was looking at hundreds of thousands of second-transfer certificates and tens of thousands of bloodline certificates with Tu Feng and others at this time, which were dug out of the millions of treasure maps.

Wu Tufeng said excitedly: "There are more than 600,000 second-transfer certificates. This is a harvest. It is too rich."

Lu Yang smiled and said: "Put it in the guild warehouse and sell it at par. Players can use guild points to offset up to two-thirds of the price, and elite players can redeem one for free with points."

Xu Tufeng was surprised, and said, "The money is thrown out like water."

Lu Yang laughed and said, "Don't worry, we will soon be able to make money. After all, our guild has a limited number of guilds, and so many guild points. What are you afraid of?"

“Make sense,” Tu Feng said.

“Let’s go, then buy.” Lu Yang and Tu Feng entered the shopping street of Tianyuan God City for the second time.

At this stage, there are hundreds of millions of players entering the Tianyuan God City. Although the God City is large enough to meet these players in the city, most players are concentrated in several areas.

The first one is the mission area, where there are 18 daily missions. Some people gather in the missions to sell some arrays, potions and equipment, but most of them are gathered in the shop street.

The shop street is famous because there is a hotel here, someone specially releases the treasure map news. Players can look for the thief king and robbers to fight the treasure map according to the news released by these hotel guests.

Not far from the hotel is the blacksmith shop, ready-to-wear pavilion, and jewelry store. Players can’t buy or sell things without these Sanyos. Therefore, a shopping street naturally forms here.

Lu Yang and Tu Feng took them to find treasure maps on the commodity street. It took only three days. There was a large row of people selling treasure maps at the door of the hotel. There were thousands of them.

“So many people!” Said one of his men.

Lu Yang said: “After all, the population base of Tianyuan God City is there, and it is normal. You go and buy it. You are optimistic. Don’t sell it back to you three days ago.”

Everyone laughed and said, “Boss who can’t, we have marked those few people.”

Lu Yang laughed and waved to them. All the people around him were used to playing with him. He hadn’t talked much, and he didn’t care.

Lu Yang didn't go to the shop, he went to the booth and looked at the summoned beast. Lu Yang still has a stunt that he hasn't taught to others. This is the synthesis of summoned beast.

Take Phoenix as an example. The most advanced Phoenix Summoning Beast can have up to 5 skills, but if you synthesize, you have a chance to have more skills, but a greater chance is to synthesize waste.

And after the synthesis of the summoned beast, attack qualifications, defense qualifications, physical qualifications and other attributes are all disrupted, and their growth is also messy.

But if the synthesis is successful, there will be a superb summoning beast, with all the qualifications, growth and skills are extremely powerful.

In the last life, Lu Yang knew some skills of synthesizing beasts. In this life, he was ready to hone.

However, if you want to hone this skill, you need a lot of money. After all, summoning baby beasts is not common. After fighting in the wild and killing monsters, you have a chance to drop pet eggs.

He looked around in the shopping street and found that none of the pet egg sellers were expensive. If he practiced at the price they sold, he could spend all the cash in Lu Yang's hands. He decided to think for himself Get it done.

Remember that among all pets, there is a pet that is the least valuable, but he is the most practical. This pet is called a spiny beast.

This summoning beast has no too special skills. There is only one skill called rebound damage. The effect is 100% rebound target damage, whether ranged, melee or mage.

Many forbidden mages of the last life have been overcast by this summoned beast. If the summoned beast that hates the mage most is judged, this can be ranked in the top three.

Lu Yang turned into an ordinary player using a camouflage coat, put on a mount, and ran towards the cross \*\*\*\* west of Tianyuan God City.

Passing the sunset ridge, which is the cross slope, outside the Tianyuan God City, has become a new battlefield for players.

Because all the players from all over the world are accommodated here, many people who can't get used to each other before are settled in Tianyuan God City.

死 When you die once in Tianyuan God City, the tokens on your body will disappear. If you want to enter again, you need to go to the 130th level to copy a token. Therefore, it is a glorious thing to kill the other party.

When Lu Yang ran outside the city, he saw a lot of Jagged Brothers players fighting with Pu Renyi's men. It seems that Jagged Brothers had the upper hand, and he didn't manage it.

Soon, he came to the cross slope, where he saw the spiny beast.

喂 "Hey, new here, there are already a lot of people here, please change your place." The girls who are not tall, with short hair, look a little proud but particularly cute, came over, pointing at Landing Yang.

For a moment, Lu Yang only thought about the following things, but did not notice that he had violated other people's territory. He looked around and found that they were all a group of ordinary players who had just reached level 130. They were equipped with gold level and very ordinary.

"What are you looking at, say you?" The girl was angry at Lu Yang ignoring him, and the girl was not tall, only one meter six five, Lu Yang was one meter eighty five, 20 cm tall. Lu Yangping The sight glance made the girl feel more angry and couldn't help but put her hands on her waist.

The players who were originally playing monsters came one after another and stood behind the girls, all looking at Lu Yang with vigilance.

Lu Yang can kill these people with a series of tricks, but he feels very fun. The chairman of his dignified brotherhood, known as the first person in the game, was yelled by a little girl.

“What’s your name?” Lu Yang asked.

“What do you mean, ah, my mother is not interested in you, hurry up.” The girl waved her hands in disgust.

Lu Yang smiled and said, “It doesn’t mean that, so you can join me in the group. I am a mage. With me, you can upgrade faster.”

“Your equipment is OK?” The girl was a little emotional. The profession behind him was dominated by melee and physics. There were only 5 mages.

Lu Luyang said, “You won’t know if you hit me in a while. If it’s not good, you kick me again.”

Girls have some changes in Lu Yang’s impression and said, “Well, then I will come in with you, my name is the cute goddess and see how you behave.” The girl said proudly.

Lu Yang almost didn’t hold back, looked at the players behind him, and suddenly, these big men blushed one by one.

Lu Luyang said, “Your name is special.”

“What’s your name?” The girl sent a team invitation to Lu Yang.

Lu Yang chose to hide his name and said, “My name is Qianqiu Bandai. Our two names are good, cute goddess, Qianqiu Bandai.”

The queen glanced at Lu Yang’s name and found it was hidden. She glanced at Lu Yang momentarily and said, “I don’t want to know without telling you.”

光芒 The light flashed in the map, and a large number of 130-level monsters refreshed. Among them, there were spiny beasts, but the main enemy was the hot ape.

Howling

Level: 130

Qi and blood: 000

With a low blood volume, the hot apes have very high defense and magic resistance, and their physical attack is very strong.

注意 “Attention, the hot apes pull over and kill one by one, don’t blame ...” The last word of the cute goddess did not finish.

A crimson fire shadow fell among a group of hot apes.

“Flame Storm”

“Blazing Bird”

“Resistant Fire Ring”

“Meteorite Impact”

“Destroy the Sky”

Uh ...

After a simple set of combos, more than 20 hot apes were killed.

The cute goddess opened her mouth and said incredibly, "How high are your injuries, how did you do that?"

Lu Yang smiled back and said, "Good luck, I picked up some treasures, and the French injuries are slightly higher."

"Uh." The cute goddess was silent, but all the men behind him were sweating. Obviously, if this fire mage wanted to kill them, it was just a set of skills. They were glad that they had not done too much. .

Lu Lu asked: "You are doing the hot ape mission, hurry up and pick up things, be careful that others take it away."

"Oh, okay." The cute goddess rushed over and said diligently, "Master, can you take us a little longer?"

Lu Luyang said, "I can take you for a while, but after I get 5 eggs of the spiny beast, I have to leave."

"That thing is very difficult to kill, we didn't hit him, all of us were killed by the anti-injury." Said the cute goddess.

Lu Yang smiled and said, "Simple, not so difficult, let's continue playing."

"Oh." The cute goddess nodded and fought with Lu Yang.

The range of the cross \*\*\*\* is very large. The overall shape is a cross. Lu Yang's position is in the lower left corner of the cross slope. After killing for half a day, Lu Yang got 5 spiny beast eggs.

During this period, Lu Yang was somewhat surprised that this cute goddess was not small, she was the chairman of a guild, and she also had a main city, not far from the sky.

"You don't look like a guild president," Lu Yang said.

The cute goddess spit out her tongue at Lu Yang and said, "Why, what's wrong with me? I'm very powerful."

Lu Luyang said, "Your equipment, as well as your equipment, looks a little weak."

The cute goddess sighed and said pitifully: "No way, my dad's prodigal son lost all his money, and the rest of my daughter is pitiful and no one else can but rely on it. This guild still asks me Those good buddies, good sisters, they paid for and set up with me, of course, not equipped. "

Lu Yang contacted this lovely goddess for a long time, and at a glance, he saw that this was a ghost elf, and 90% of his words were not believable, especially when the picture was so pitiful.

"Say, what are you trying to do?" Lu Yang asked.

The cute goddess is still pitiful, and bowed her head in aggrieved expression, "I have no intention."

Lu Yang smiled and said, "My five pet eggs are all in hand. Don't you say I'm leaving."

After speaking, Lu Yang turned around and left. The cute goddess saw Lu Yang really wanted to run, and hurriedly ran to Lu Yang. He said with a smile: "There is something, there is something wrong with others.

Lu Lu asked with a smile: "Say, what's the matter?"

The cute goddess asked: "Master, I don't think you have a guild badge. It should be a player without a guild. Why not join our guild and get good treatment?"

Lu Yang was speechless, and the chairman of an iron brother brother alliance went to a small guild to be a thug.

"This is not okay, in fact, I have a guild, but the badge is not worn, I am a Brotherhood of Iron and Blood, there are too many enemies here, I do not want to cause trouble." Lu Yang said.

“Fuck.”

“gosh.”

Uh ...

幫 The group of little guys behind the cute goddess are speechless. How strong the Jagged Brothers Alliance is, they are also the Chinese players who have profound experience.

“No wonder you are so strong.” The cute goddess said excitedly, and said with a sad look: “Master, can you come and take us from time to time, both Chinese, our guild is miserable. . “

Lu Yang was curious and asked, “What’s wrong?”

The cute goddess pretended to wipe her tears, “There are too many bad people around, and they want to annex us.”

A boy beside him came out and said to Lu Yang: “It’s true. The step around us is too powerful. If it is not for the German player who wants to attack the step at all times, the distance between us is another 5 hours. It ’s been a long time since we were hit, and we are indeed struggling. ”

Lu Luyang thought about it and said, “I can’t teach you much, it can only be a self-protection trick.”

“What tricks?” The cute goddess and a lot of male players have bright eyes.

Lu Yang said with a smile: “Simple, you give 50% of the income of the main city to the German chariot of the strongest guild in Germany, you go to their president von Steig, who is short of money now, he will be willing Protect yours. “

“50% income.” The cute goddess was excited.

Lu Yang said, "You little fan of money, it's almost half a year since you built a main city. Your investment has already been earned. Why is it 50% worse? Taking out so much money can keep you safe for more than half a year. "

"How about six months later?" The cute goddess asked.

Lu Luyang said, "It depends on how far you can develop in this half year."

After speaking, Lu Yang stopped talking, and smiled at the cute goddess, and flew back to Tianyuan God City with a token.

"Let's go now." The cute goddess looked upset and said angrily, "My old lady is so cute."

The boy beside him said: "Don't get angry because of this, this person sees that the position of the Brotherhood of Iron Blood is high-level, don't mess with him."

Cute goddess bit her lip and thought, and said, "It's late, it's already provoke, I must let him help us solve this problem."

"How can you find him?" The boy asked.

The lovely goddess said: "If I guessed right, the person we just met is Lu Yang, the chairman of the Brotherhood of the Iron Blood."

"Lu Yang?"

"impossible!"

Uh ...

The cute goddess said: "Even if it is not Lu Yang, it is also a person of the level of Heiyan. I have my own way to find her. Starting today, we are here to find a way to kill the assassin beast and collect it when the pet egg bursts out. He will not come again. "

Uh ...

The other side.

Lu Yanggang returned to Tianyuan God City and gave the spiny beast eggs to Lan Yu and Xia Yuwei.

"Why is this egg used?" Xia Yuwei asked.

Lu Yang said: "Choose incubation, then follow me to take them to upgrade from level 0 to more than 100?" Xia Yuwei asked.

Lu Luyang said: "There are shortcuts, isn't there a formula book in the warehouse, go with me to the warehouse, after Yi Rong, one person with four storage bags will go to the palace with me to do the task."

I was still in that official position. After Lu Yang and Xia Yuwei hatched the spiny beasts, a group of them took out a large number of array books from the warehouse and came to the gate of the palace.

"Choose a logistic task, give him whatever array he wants, and give him more than 20,000 experience for each task he completes, allowing the summoned beast to upgrade quickly." Lu Yang said.

Xia Yuwei, they are all doing this task for the first time, and after hearing it, they are curious. The official task is the fastest task, but it is also the most expensive task.

Bian Luyang took them for a while to raise the level of the summoned beast to level 100. Unlike players, the experience required to upgrade the summoned beast is much lower.

"What shall we do next?" Xia Yuwei asked.

Lu Luyang said, "Come with me for a copy."

Wu Tianyuan Shencheng has a lot of tasks that can be experienced quickly. If it was not Park Renyi and Tianlong who were delayed, Lu Yang would have taken them to do this task.

In Tianyuan City, there is a task called Exorcism, mainly to kill the evils in the copy.

According to the official game rules, to complete this task, you need to kill all the monsters in a copy, and then find the deepest evil spirit.

Chapter 1116 - Fixed coordinate teleportation token

But in the previous life, with the efforts of the players, these copies have been cracked and various shortcuts have been found.

Lu Yang led the team to the northwest side of Tianyuan God City, and through the path of reincarnation, he entered a new map-Hell's Hell.

Xiumingfu hell, this is a place with the strongest Chinese elements. Inside this palace, there is the palace of the King of Yan, and in front of the palace of the King of Kings, there is a heavenly master Zhongji.

Lu Yang came to Zhong Kui. He was wearing a red-clad Zhong Kui, with a beautiful long beard, wearing a purple crown, wearing a big red robe, holding a jasper gourd on his left, and a ghost cutting sword on his right.

"Young man, I have a task here. Would you like to accept it?" Zhong Yan asked sharply.

Xiumingfu Hell is a 140-level map. No one has come yet. Lu Yang is the first one to arrive.

"Please." Lu Yang said respectfully.

“There is a starving dead ghost in the sable hole outside Tianyuan God City. Go and get him back for me,” Zhong said.

System prompt: You have accepted the task of catching ghosts by Zhong Ling. Goal: starve to death.

Lu Yang built a sentry tower in situ. He is the captain and he took the task. Xia Yuwei and the four of them also took the task.

“Let’s go, we go to Sable Cave.” Lu Yang took out the token, flew back to Tianyuan God City, ran outside the city, and quickly found Sable Cave, and the group walked in.

System prompt: You found a sable hole

The monsters in the sable hole copy are mainly sables that can release purple lightning. It is not difficult to kill, but there are many sables and it is a waste of time to kill.

Lu Yang said: “Jump from here, count for 7 seconds, let yourself fly towards the east, then count for 12 seconds, tilt to the north, and finally count for 5 seconds, tilt to the south.”

Sable Cave is a bottomless cave. From the entrance, there is a long \*\*\*\* winding down, and Lu Yang jumps down.

After Xun made several moves in a row, he opened the parachute on the cloak and easily landed on the bottom of the copy. Just when he saw a starved ghost with a thin skin and a blue cloak all over his body.

Quickly, Xia Yuwei and Lan Yu also jumped down and landed next to Lu Yang.

Starving Death Ghost (Special Strange)

Level: 140

Qi and blood: 00

This is a strange monster with only 800,000 blood. It is said that he is strange because there is only so little blood at this level, which proves that this ghost has less real blood, but the same, this ghost has very high defense and magic resistance.

Unless it is like Lu Yang who has the burning heart flame skills, the rest will not be able to move at all, but there is no absolute, such as the lunged beast summoned by Lu Yang.

A sting beast with 1 million health will only have one skill, called Absolute Rebound. He loses as much blood as the opponent.

"I am ~ hungry ~!" The starving ghost rushed towards the landing sun.

The stabbing beast immediately stood in front of the starving ghost and attacked him.

"-1"

The stabbed beast has a whole blood, and it can't even break the defense of the starving ghost, but it has successfully attracted the attention of the starving ghost.

The starving dead ghost turned his paw and patted the spiny beast.

"Absolute rebound"

The stinger of the stabbed beast suddenly became longer.

1096878

1096878

The stabbing beast dies, the starving ghost dies!

"It's done!" Xiao Liang asked.

Lu Yang picked up the soul orb on the ground and said with a smile, "Yeah, it's done."

"Uh, it's easy," Xiao Liang said.

Xia Yuwei frowned and asked, "It's that simple, how much experience will you give?"

Lu Luyang said, "Follow me and you will know."

He took out the teleportation scepter and flew back to Hell's Hell, and returned to Zhong Yan to turn in the soul orb. Lu Yang said, "I have completed my mission."

Zhongye said with satisfaction: "Yes, you are doing well."

System prompt: You have completed the task of Zhong 檀, you have gained 5.568798 million points of experience

"More than 500,000 experiences at a time?" Xia Yuwei said with surprise.

Lu Luyang said: "The mission experience is increased one by one, up to the 10th, and the most experience is given, probably more than 700,000. What's good, right?"

Wu Xia Yuwei said: "This task is too good. If you run normally, you can go back and forth for about 10 minutes, and you can give more than 500,000 experience to one task, which is more than double the speed."

Lu Yang smiled and said, "This is still at a low level. The higher the level, the more experience you have, and killing such ghosts can be very easy to use."

"Is each ghost such a small amount of blood?" Xiao Liang asked.

Lu Luyang said: "No, there is a lot of blood, but at most it will not exceed 8 million. Such a task is a team of 10 people, each with a spine beast, the upgrade speed will be much faster."

Xi Xia Yuwei said, "I will let my brothers catch the beasts."

Lu Luyang said: "Follow me on the mission first. There are a total of 12 copies. I will take you one by one to let you know how to take the shortcut."

These shortcuts are currently only known to Lu Yang. It is easy to pass quickly. He took Xia Yuwei and others to run 12 copies in two hours.

Then he sent a copy of the video to the vice presidents such as Zhuojiu and White Lion, asking them to take people to grab the beasts first.

On the cross slope, there are already many players, players from all countries in the world. In the face of this congestion, many players like to use PK to solve problems, but today, these PK players have a bit of a head.

At the entrance of the cross slope, hundreds of thousands of players from the Brotherhood of Iron and Steel, ran as a unit, neatly rushing over, and all the other guild players who had scared all quit the cross slope.

Uh ...

The other side.

Lu Luyang did not participate in the operation. He returned to the New World by himself and flew to the Consortium of Realms using a teleportation scepter.

如今 Now, this place has become the boundary of the Iron Brotherhood. Lu Yang is safer to walk here. He came to the Prince of the Worlds.

“Hey, my friend, welcome to the World Realm Consortium.” Prince World Realm greeted him.

Lu Lu asked with a smile: “Is there anything good in the near future, I need some special items.”

Prince Wanjie thought for a while and asked, “Are you interested in teleporting the scepter with fixed coordinates?”

Lu Luyang’s eyes lighted and he asked, “Do you have a drawing of this thing?”

当然 “Of course.” Prince Wanjie said, “This is our baby, it’s new today.”

Fixed coordinate teleportation token is a simplified version of the New World teleportation token. The coordinates that can be transmitted are only 3 places, and 10 can be transmitted in the past. The cooling time is 30 minutes each time.

If this thing is available, players in the guild will be able to brush the clock 撻 task will become very easy, he quickly asked: “How can I get the drawing of this scepter.”

Prince Wanjie said, “You can buy now.”

Lu Luyang was surprised and said, “Thank you so much. I want 500 drawings.”

“Haha, you really are a big customer.” Prince Wanjie sold to Luyang 500 drawings of fixed coordinate transmission scepter.

Lu Yang took out the teleportation scroll, flew back to Chiyang City, found Mu Yi, handed 500 drawings to him, and said, "Let people make teleportation scepters at once, the more the better."

"Yes."

Wu MUYI immediately let people learn to make a teleportation scepter, and the materials for making the teleportation scepter were not particularly rare materials. Lu Yang asked Mu Yi to buy in large quantities and collected all the materials.

"Hey, brother, this time we are getting rich, this fixed teleportation scepter can be too big." Mu Yi said.

Lu Luyang said: "Of course, you send the scepter you made to the guild warehouse and let the brothers use points for free."

"How many points?" Mu Yi asked.

Lu Luyang said, "5000 points."

Wu MUYI: "..."

At present, there are many people who have more than 5,000 points in the Iron Brotherhood. Lu Yang is giving away those high-scoring players with a scepter, but if they buy this scepter, their points will basically be used up.

After all, this is a teleportation scepter. You need to learn how to make jewelry after you have reached the master level, and then you can reach the master level 7 to make it. It has very high production requirements.

According to the current market price, things are scarce and expensive. Only Lu Yang can make it in the entire game. Such a transfer token can sell at least 30 gold coins, which is 9,000 yuan, so this point is not much.

Soon, the first teleportation scepter was completed and was sent to the guild warehouse by Mu Yi. Players who liked to browse the guild warehouse immediately found the scepter.

Fixed coordinate transmission token (dark gold)

Level: 0

Description: 3 coordinates can be set and transmitted freely, cooling time is 30 minutes.

“Which experience is being brushed on, this thing is a treasure.”

“Hurry up, wipe, 5000 points, too expensive.”

“Change it too, hurry up, you’ll be snatched away in a while.”

As soon as the words fell, the scepter was bought.

“Well, I’ll go.”

“Who works so fast.”

“I didn’t grab it, it’s just 1 second.”

Uh ...

In the guild channel, players fry.

“Boss, is there any such scepter.”

“We want to buy too.”

“Buy.”

Uh ...

Lu Yang looked at the messages they sent. They were all said by the elite group of the guild. He replied with a smile: “Don’t worry, I have a recipe here, but it is not easy to make it. Please wait patiently, soon The batch is made. “

“Boss mighty.”

“can it be cheaper.”

“Get out of the way, free of charge for guild points, but also cheaper, don’t add confusion to the boss.”

Uh ...

I did not wait for Lu Yang to explain, someone scolded those people back for Lu Yang.

“The requirements for points can be too high. Earlier, redemption of bloodline and second-round certificates have spent almost the points.”

“You all have points to exchange money, why do you want money?”

“Don’t make trouble, do the task honestly.”

Uh ...

I was spitting again, and the player's face was a bit unstoppable, so he didn't continue talking.

Lu Luyang looked at the player's name, he sent a message to Tu Feng, and said, "Watch this person."

"what happened?"

Lu Luyang said: "The treatment I gave is good enough, and he wants money, it must be a financial problem. This kind of person is most likely to be used by others to make him stare at him."

Wu Tufeng said, "I'll find out."

Lu Yang closed the talker and said in the guild channel: "Everyone does more guild tasks, and the points will increase quickly. In short, everyone works hard, and I will try to give you as much treasure as possible."

He didn't blame those players who wanted to take advantage. Now the composition of the Jagged Brothers League is a bit mixed, but it's generally good. Lu Yang doesn't want to accidentally hurt some brothers because of one or two of his sentences.

Closed the intercom, Lu Yang found Grant in the game, at this time Grant and Anna, Davis and others were still making various scrolls for Lu Yang.

Now, Grant, Anna and others have developed a new method for making scrolls. They can make a blank scroll first, and then let the player cast it into the scroll to complete the production. This greatly saves labor costs.

Grant saw Lu Yang with a smile on his face and said, "President Lu Yang, what are you doing to me?"

He has been very comfortable here in Lu Yang, with high salary, high salary, no one bothers him, and can delve into the magic scroll.

Lu Luyang said, "Your castle has been built. Let me ask you about the decoration."

Anna and Davis and others lay down their work and came over excitedly.

“Boss, you are so handsome.” Anna said happily.

Grant said gratefully, “President Lu Yang, I really want to go to my castle. Seriously, here you are, let me forget that I am an Englishman. I really want to live here forever.”

Lu Yang laughed and said, “If you guys can work here for ten years, I will give you this castle, and I will do it.”

Grant and others were pleasantly surprised.

“No, boss, really?” Davis asked.

Lu Yang said, “I haven’t counted what Lu Yang said.”

嘿 “Hey, we must have worked for 10 years, and it is much more comfortable living here than in Britain.” Grant said.

Lu Lu laughed and said, “Retire the game first. Let’s study the decoration first. The construction team has arrived.”

好 “Oh, let’s go a few of them, one for each room.” Grant greeted.

More than a dozen people all put down their work. After exiting the game, they found Lu Yang and went to decorate the castle together.

The decoration of the castle is very simple. This is a castle in the classical style itself. The designer Lu Yang invited is also a British designer. Grant told them briefly that these people understand the decoration requirements.

陆 While Lu Yang was talking with someone, on the other side, inside the top floor of the new 11-story Tongtian Studio office building, Zhang Hong was holding a telescope to monitor the dynamics of Landing Yang.

He saw the castle a few months ago, when he came here secretly to observe the Iron Brotherhood.

The castle's architecture is obviously different from the traditional Chinese architecture. At first glance, he noticed that there was a problem in it. Sure enough, it turned out that there was indeed a problem in it.

At the time, there were rumors in the game that the Brotherhood of the Iron Blood invited a few British people in strange costumes, or Lu Yangbao plane to invite back.

But then, foreigners came to this game company one after another, including K and Black Friday, and the news was not so sensational. Many people speculated that Lu Yang was paying back those players who were willing to follow him. They all invited.

However, this time Lu Yang attacked the Brotherhood of the Iron Blood, the Wolf Team relied on hundreds of thousands of scrolls to win a main city, which made Liu Jie and Deng Dengtian pay special attention to this.

One step up to the sky decided to set up a studio next to Lu Yang. On the one hand, Liu Jie and several others in the Sky Eye Alliance encouraged and supported. On the other hand, one step up to the sky also wanted to rely on this support to bring some of Lu Yang's elite into the hands. All dug up.

Obviously, the elites arranged here by Lu Yang have a lot of internal information of the Jagged Brothers Alliance, including copies of Raiders, drop locations of special items, and burst locations of transfer certificates, all of which are urgently needed.

After so many days, he sent his men to investigate the interior of the Jagged Brothers Game City, and finally found some secrets. The first was the foreigners he saw in his telescope. Unlike other foreigners, they specialize in making scrolls. .

In other words, the Brotherhood of Iron Blood can successfully attack Tianlong this time. On the bright side, it is the credit of the crazy wolf legion. In fact, it depends on these dozens of scroll masters.

If these dozens of people can be dug up, so that they can also have the ability to make scrolls, and let a special legion break into the hinterland of the Brotherhood of the Iron Blood, you can easily smash a main city, and then form a center blooming fighting method. Quickly let Lu Yang collapse from within.

“Wen Xin, go out and find an opportunity to talk to these foreigners who Lu Yang personally touched to see if they are interested in joining us and tell them that the salary is double that given by the Iron Brotherhood.” Zhang Hongye Said a woman behind.

文 Zhang Wenxin, Zhang Hong 's first female general, specializes in stealing information for Zhang Hong. He is 29 years old, has a beautiful appearance, does not have a thick makeup, and looks very royal.

“Yes Zhang Wenxin said, she turned and walked out of the room, walked the back door and took a detour, and came to the game town of the Iron Brotherhood.

Zhang Wenxin did this before. All the information was also learned from the family members of the players in Game City.

Coincidentally, Davis Davis walked out alone, sitting on the street drinking milk tea and eating lunch. For a traditional British, Davis always thought that the best food in the world was fried fish and Fried hoof, the best drink is coffee and beer.

But since he came to Huaxia and Game City, he only saw what is delicious and delicious. This is one of the reasons why Davis doesn't want to go back at all. The food he eats here is really delicious. It was so delicious that he ate it for months, and found that he hadn't eaten all the delicious food yet.

“Chinese cuisine is really too much, happy.” Davis took a big mouthful of spicy mix, and then drank most of the milk tea.

“Happy, cool.” Davis growled.

This makes the slim boss of the shop laugh and the chattering flowers tremble, and the players who eat around also laugh and laugh.

Davis didn't care about it at all, and said proudly: "Seven young people, I'm a boss-made lady, it's much better than yours, haha."

惊讶 The player named Qi Shao and the players around him were all surprised, and some people's eyes were jealous.

"No, Madam, you made her special." Qi Shao looked depressed.

#### Chapter 1117 - Clean up traitor

The boss's face turned red, and Davis took a sip, explaining to the seventh young man: "Don't listen to him nonsense, I just add some more peppers to him."

Davis laughed, Qi Shao and others laughed, and a bunch of people enjoyed themselves. Their favorite thing was to come to this restaurant for dinner, because the boss is a very beautiful little girl, and his father is a For Cantonese-style Chinese food, the store was originally small, and only children from the university town came to order takeaway, and the business was average.

Since the Iron Blood Brothers Union settled its headquarters here, the population of this place has suddenly increased by more than 300,000 people. This small shop has become larger and larger. Eventually it has become a luxurious Chinese restaurant. There is also a Luyang restaurant in this restaurant. Shares.

Lu Yang has a requirement for the store here. The food must be clean and hygienic, delicious and beautiful. This is one of the places where all his brothers eat, relax, and entertain. There must be no fussiness. Happening.

Of course, Lu Yang did not decorate them for free. One of the requirements for them was to be responsible for monitoring outsiders and checking for news.

In fact, the boss is also one of the many employees who serve Lu Yang, and has a record with Tu Feng.

文 Zhang Wenxin looked at this scene from a distance. Originally, she thought that Davis could not speak Chinese. I did not expect that these people spoke Chinese so neatly.

She came over with a smile, sitting opposite Davis, and said, "I first saw a foreigner who speaks Chinese so well, handsome, what country are you from?"

Davies was eating, and when he saw Zhang Wenxin, he felt his eyes light up, but then a wave was created in his heart.

When Lu was just renovating, Lu Yang told them that they would soon be dug by hostile guilds.

Davis is not stupid. Now the form in the game is very clear. The Brotherhood of Iron Blood is destined to become one of the hegemony of the new world.

At present, even 40% of the map exploration of the New World has not been completed, but the Brotherhood of the Iron Blood has blocked the only two entrances to the Northeast region, which is equivalent to having absolute protection.

These people eat, live, and treat well here in Luyang. Even if someone is willing to pay a higher price for them to go, who can stand as invincible as the Iron Brotherhood?

So, Davis and Grant said at the time that whoever digs them will never leave. Davis also learned a Chinese language called Oath and the Iron Brotherhood!

The woman in front of her eyes, although she is very beautiful, but obviously, this is an outside person, first of all he has to determine whether this person is a spy.

Even if she is not a spy, Davis has no idea of becoming a friend with her, because the boss is watching not far away.

She has been chasing her boss for a while, but she learned Chinese so fast because she only learned to chase her boss. It seems that the iceberg will be thawed. If something goes wrong at this time, it will be too sad.

“Sorry, I only have my most beautiful boss lady in my eyes, and I can’t see other women anymore, oh, who is talking to me.” Davis borrowed Shakespeare’s words and modified them a little.

Suddenly, Qi Shao and the others in the store all laughed and laughed. The boss lady was shy and self-sufficient, and said shamefully, “Have you got a right shape?”

Davis looked at the escaping boss, and folded his fists at the shouting Qi Shao and others. “Thank you for your support, thank you.”

Zhang Wenxin was dumbfounded, she sat there awkwardly, gritted her teeth, and left angrily.

Wu Qishao took a close look at Zhang Wenxin’s back and said, “Brothers, pay attention to this woman in the future. He is not here for the first time, but he has been there many times recently.”

“You’re right.” Black and white suddenly appeared behind Qi Shao and others, making Qi Shao and others snoring.

“Hey, why are you here?” Qi Shao asked.

Black and White said: “This woman is a step up to the sky. I have monitored him for a few days. It really came to buy our people. You just did a good job.”

Wu Qishao secretly relieved and said, “It should be, for the Brotherhood of Iron and Blood.”

来到 When I came here, when they were training, black and white was one of their instructors. These people saw the ability of black and white with their own eyes. They only have one evaluation of black and white, don't mess with it!

Later, because black and white were their instructors, and black and white were a lot of them, these people called black and white as black masters, and then later they knew that black and white were Lu Yang's bodyguard leader and controlled the security team of hundreds of people in the game city.

Davis also has a deep understanding of black and white. He is very afraid of black and white. According to Davis, those of us who engage in magic are born with special perception ability. Standing next to black and white makes him feel deeply. Murderous, and heavy grievances.

“Ha, I'll go back first.” Davis was ready to run.

Black and White said, “Don't worry, Davis, what did he just tell you?”

“Ah?” Davis blinked and quickly repeated what he had just said. Seventh Young waited for a nod, which made black and white feel relieved.

“Go back,” said Black and White.

“Bye bye.” Davis ran away.

Black and white speechless, murmured to himself: “Is magic so magical, I haven't killed many people, so afraid of what I do.”

He heard a few words faintly, and his heart shivered.

Lu Yang was in the game and soon received the information from black and white. He didn't care about Zhang Wenxin's infiltration. He had the idea to let Zhang Wenxin find something so that he could step up to the sky to steal his information more actively.

It happened that Tu Feng also came to report the situation.

“Boss, the previous player who complained in the guild that you did not provide them with a fixed coordinate transmission scepter for free has found out. You guessed it, this person is going to be a traitor.” Tu Feng said quietly.

Lu Lu asked: “What’s going on?”

Tu Feng said, “This person is called Pei Zicheng. He is an old player and a leader level. The reason why he said this is because he is a good gambler, and all the money we have earned is used for gambling. After paying off the net worth, he still owes a bunch of debts. He is short of money to pay. “

Lu Luyang said, “People at the head level, with a salary of 7,000 yuan, can still owe so many gambling debts, this kid is stupid enough.”

Wu Tufeng said, “According to my investigation, he is likely to be loaned by a routine. Most of his monthly salary is repaid with interest, and the rest of the money is struggling to eat.

The people who lent him routinely also found out that it was the man named Zhang Hong who stepped into the sky in one step. “

Lu Lu asked: “Can you be sure he has betrayed us?”

Wu Tufeng said: “I’m not sure here yet, I need the support in black and white.”

Lu Luyang said to Black and White, “Check it out, check it out.”

“Yes,” Black and White said immediately.

里面 Inside the game.

Lu Yang exhaled angrily, he was a little angry, on the one hand was angry with Zhang Hong's lack of morality, on the one hand was angry with this lack of eyes called Pei Zicheng.

He said to Tu Feng: "Put everything we get into the guild warehouse, and let the subordinates continue to exchange."

This is the fourth batch of transfer certificates and blood power obtained through the treasure map. Many guilds and players know this news.

According to rumors, the Brotherhood of Iron Blood has obtained hidden maps that can obtain a lot of transfer certificates and blood power. The guilds of the New World who are interested in hegemony have installed spies in the Brotherhood of Iron Blood.

There are also many people who paid for the middle-level or above of the Jiefang Brothers League. These people reported to Tu Feng or Lu Yang as soon as possible, without success.

But this time Pei Zicheng, the gambler, seems to be rebellious!

What Lu Yang hates most is this kind of gambler who has no principles and no bottom line, and the Jagged Brothers League has not yet won the entire game.

Now it's only a victory in the 130th stage. If the Brotherhood of the Iron Blood does n't work hard, when the enemy first rises to the 140th level and has the dark gold equipment of the 140th level, Lu Yang cannot rely on these two fortresses. Live.

Especially in the case of a large number of flying druids, plus a fixed-point teleportation scepter, if someone locates in a large amount in the old mountains in the mountains of the Iron Brotherhood, once the enemy suddenly attacks, it will still be 140. Advanced players above the level, then the Jagged Brothers League is over.

Lu Yang is always on the alert, but some of the players below have started gambling, which is not a good phenomenon.

Xun Luyang decided to issue a written notice to all people after Pei Zicheng was finished. If the strength was unqualified, he would lay off these people to avoid being harmed by them in the future, but Liu Jie would be killed.

陆 While Lu Yang was closely monitoring Pei Zicheng here, on the other side, Pei Zicheng didn't know he had been spotted in black and white.

During the day, after he was busy in the game, at night, he quit the game, and while no one noticed, he walked out, but did not take two steps, and met Sun Xiang, one of the security members.

“Isn't this Zicheng? Where are you going?” Sun Xiang asked curiously.

Pei Zicheng was startled, and quickly smiled and said, “I want to go for a walk.”

Sun Xiang walked to Pei Zicheng's side, patted him on the shoulder with a smile, and also helped him to turn the collar, and said, “You are afraid of what I do, let's go.”

“Hey, hey.” Pei Zicheng turned and walked away. He was relieved, but his heart was beating.

Xi Sunxiang looked at his back and laughed mockingly, secretly said: “It's really a fool. I just want to be a spy because of my quality.”

Pei Zicheng quickly walked to the side wall of the gate of the game city, got into a black car, and entered the city's largest KTV-the Queen's KTV.

Stuck in the most expensive private room, Zhang Hongzheng smoked his cigar and watched Pei Zicheng, who was downcast entering the door.

“Zicheng, how is it? Did you find any news?” Zhang Hong asked.

Pei Zicheng said: "Not yet, I'm afraid I'll find an opportunity to talk to higher-level people tomorrow. This time, the Brotherhood of the Iron Blood guarded the news of how they got these transfer certificates and the power of blood, even the army. No one at the senior level is clear."

Zhang Hong smiled and walked to Pei Zicheng and said, "Brother, you are not perfunctory."

"Absolutely not." Pei Zicheng said quickly: "General Zhang, how dare I lie to you."

Zhang Hong said: "It's good to know, you have already followed me, and you will not have the opportunity to go back. Give you another three days, be sure to find out what they did."

"Yes, yes ..." Pei Zicheng said in fear.

里面 Inside the studio.

Lu Yang and Black and White and Tu Feng clearly heard the chat between Zhang Hong and Pei Zicheng, which made all three very angry.

When Sun Xiang just turned Pei Zi into his collar, he put the latest foreign eavesdropper bought in black and white into his collar, but he did not expect to hear this.

"Boss, should we call the police?" Tu Feng asked.

Lu Luyang said: "Don't worry, I'm calling the police now. I'm too cheap for this Zhang Hong. I have to let him squat in prison for ten years."

"Tomorrow Pei Zicheng will definitely ask the Vice President, or some special players, who have a good relationship with Pei Zicheng, his old superior is Tian Yao, you call him over." Lu Yang said.

Tu Tufeng nodded, took out the phone and called Tianyao. Tianyao, who was leading the team in the game, heard that it was offline to see Lu Yang, and felt a little unusual, immediately quit the game and came over.

“Boss, what’s the matter?” Tian Yao asked.

Lu Yang put the recording just to Tianyao.

Wu Tianyao was dumbfounded and said, “The one talking inside is Pei Zicheng?”

Lu Yang nodded.

Xi Tianyao said quickly: “This matter has nothing to do with me. I will never betray the Brotherhood of the Iron Blood.”

Lu Yang shook his head and patted his shoulder and said, “Where do you say, I doubt you can call you over. You are a director of the Iron Brother Brotherhood’s authentic shareholding. We have been in business for so long. I wonder Are you human, don’t say that in the future. “

Bian Tianyao almost sweated, and was relieved when he heard Lu Yang say, “What can I do.”

Lu Luyang said: “I doubt that Pei Zicheng will find you tomorrow. If he asks you, you tell him truthfully how I got it.”

Tong Tianyao said for a moment, “Why is this?”

Lu Luyang said, “You just do what I say, and I will tell you how to do it later.”

“Yes.” Tian Yao nodded blankly, he now sincerely admires Lu Yang, and he already knows that Lu Yang has a net worth of 400 billion US dollars.

He is just a game player. Qi Yun’s top business professionals have bowed their heads to Lu Yang, and he has nothing to do with it.

Furthermore, Lu Yang's heritage is too deep. In just two years, there are so many people around him to help, Han Zhong and his four sons, black and white mercenaries, Xia Yuwei, Zhang Zibo, and Shen Mengyao's family, Jiang Ze's father, and A god-man like Qi Yun.

Now even he is counted as Lu Yang's lineage, because six of his cousins and cousins are serving in the Jagged Brothers Alliance, and he is also a director of the Jagged Brothers Alliance. In his opinion, Lu Yang is a monster. Don't mess with him.

All night, Tianyao didn't sleep well. Until the next morning, he was facing the line on the panda's eyes.

Fortunately, his panda eyes could not be reflected in the game, otherwise he would be killed, but he did not sleep overnight last night, and he woke up to one thing, that is, Lu Yang really trusted him. This kind of cleanup It's all up to him to do the portal.

If it was handed over to others, he would leave a message among the many vice presidents, and he would never say clearly in his whole life.

As he was thinking, the speaker rang.

“Dididi”

He picked it up and talked, but Lu Yang guessed it, Pei Zicheng came to him.

按下 He pressed the intercom, resisted the extreme anger in his heart, and accompanied Pei Zicheng to “remember” the past while sending a message to Lu Yang.

“Go to the city's mansion immediately,” Lu Yang said.

Xi Tianyao quickly flew to the city's main house, where Lu Yang, Tu Feng, and black and white were all. Tian Yao pointed at the phone and said, “Well, if it wasn't defeated then, it's us who unified the Northeast.

Pei Zicheng said, "Well, boss, how did Lu Yang get so many transfer certificates, and the brothers want to get it for themselves."

Lu Yang and Black and White and Tu Feng heard clearly.

Lu Yang typed and said, "Tell him."

Bian Tianyao thought for a while and said, "It's okay to tell you, but don't tell your kid, this is the absolute secret of the guild."

Pei Zicheng was very excited, and said, "I know I know, I must not talk nonsense, I know it alone."

Wu Tianyao said: "It is a treasure map. Digging the treasure maps of a few specific maps will have a great chance to produce transfer certificates and blood."

He told Pei Zicheng about those places.

"Thank you, boss, I'll dig it out, I will share your money." Pei Zicheng hung up the phone excitedly.

Lu Luyang said to Black and White, "Listen to Pei Zicheng and Zhang Hong."

"Yes." Black and white exited the game, he was in the monitoring room, and immediately listened to Pei Zicheng and Zhang Hong.

Pei Zicheng quit the game and found a place where no one was. He excitedly called Zhang Hong immediately, but he didn't know that there was a black-and-white eavesdropper in his collar, just to hear the conversation between the two clearly.

"Good job." Zhang Hong said excitedly: "That's what happened No wonder someone sells treasure maps at low prices, all by Lu Yang."

Pei Zicheng said happily: "General Manager Zhang, you promised me, and I helped you this time, you will forgive me my debt, and we will clear it up in the future."

Zhang Hong sneered and said, "Pei Zicheng, do you dream? How can there be such a good thing, I tell you, you have betrayed Lu Yang now, and you want to return to the Iron Brotherhood as your loyal player? You just Be my spy honestly. "

Pei Zi was dumbfounded, and his whole body was cold and sweaty and said, "You promised me, you didn't say that."

Zhang Hong sneered and said, "Yeah, it was the beginning, now it is now, you better give me some insight."

Pei Zicheng didn't know how to hang up the phone, he only knew that he was finished.

The other side.

Lu Luyang sighed and said to Black and White, "Catch me that waste."

"Yes." Black and White led out, and found Pei Zicheng on the corner of the emergency staircase in the studio.

"Let's go," Black Edge said.

Pei Zicheng saw the black and white, panicking heart, and 哆嚟 asked: "Hey, you, what are you looking for?"

Black and White took the eavesdropper from behind his collar and said, "What else can it be? Let's go. I don't need to remind you who you just called."

Pei Zicheng passed out immediately!

## Chapter 1118 - Vampire Graveyard

President's Office.

Pei Zicheng stood in front of Lu Yang in horror, his whole body dripping with cold sweat and shaking.

Lu Lu asked coldly, "How much do you owe?"

"100,000," Pei Zicheng said.

Lu Yang gritted his teeth and cursed, "100,000 yuan will let you sell our relationship, how cheap are you?"

Pei Zicheng collapsed on his knees, crying, "Boss, I know I'm wrong, I know I'm wrong."

Lu Yangqi didn't hit one spot and said to Tianyao: "Help him up and let him sit and talk."

Wu Tianyao hated and walked to Pei Zicheng, pulled him up, and cursed: "Just owe me so much money, can you ask me if I can't give it to you? As for a traitor? See how you look today."

Pei Zicheng sat on the sofa in shame and said, "Boss, I'm going to surrender myself to the Public Security Bureau."

Lu Luyang said, "I think your boy has a little conscience, but don't surrender yourself to this matter. In addition, I will give you 1 million."

给 “Give me one million?” Pei Zicheng was surprised.

Lu Lu said, “This is your salary for two years in prison.”

“Two years’ wages in prison?” Pei Zicheng was a little stunned.

Lu Luyang said, “Zhang Hong is in charge of what news you want. You should report it to me honestly. When I decide to report him, I ask you to surrender to the Public Security Bureau. The money is for your family.”

“I, I don’t.” Pei Zicheng said.

“Mixed accounts.” Lu Yang pointed at Pei Zicheng and cursed, “Your parents don’t support you. I haven’t told them in the past two years that you went in for me. Your parents are more angry, and you do n’t Prison, after 2 years you don’t want to return to the Jagged Brotherhood? How can you support your family and what else do you do to make money? “

“I, can I come back?” Pei Zicheng was stunned.

Lu Luyang said: “I said, I will not leave a brother, but I hope this is the last time in your life that you have betrayed me.”

Pei Zicheng collapsed and wept, and repeatedly prayed for Lu Yang’s forgiveness.

Lu Luyang was too lazy to talk to him, and said to Black and White and Tu Feng: “People handed to Tu Feng’s men and watched, Tianyao keep busy with your business, I will think about the follow-up of this matter.”

Bian Tianyao nodded with the people in black and white and took Pei Zicheng away.

Lu Luyang locked the glass door, then put on a game helmet, and returned to the game. At this stage, the players of the Brotherhood of Iron Blood are still stabbing the beast eggs.

Wanting to quickly rise from level 130 to level 140 is a very difficult thing in itself, and it is even more difficult to add a spiked beast.

Lu Yang wanted to make his subordinates obtain the spiny beast eggs quickly, but the explosion rate of this thing was only one-500th.

He thought about it, and decided to think of another way. Suddenly, he patted his head and cursed: "How to forget this thing, it is Pei Zicheng's trouble."

Lu Yang took out the phone and called Mu Yi, saying: "Find 20 living players to the guild hall of Tianyuan God City, and I will take them to do the story mission."

的 The plot points in the game can not only be used to learn the art of change, but also to learn some special skills. One of them is to buy things at a relatively low price from a wandering NPC merchant outside Tianyuan God City.

Lu Yangfei returned to Tianyuan God City and returned to the Guild Hall. He saw 20 people standing neatly there.

"Boss." The person headed was called Mudge, and Lu Yang had some impressions on him.

Lu Luyang said: "Your boy is good, he has become the leader."

Mudge was a little surprised, saying, "Boss, you remember me."

Lu Luyang said, "Why don't you remember that you were recruited by the sixth batch of technical schools? I am still one of the examiners. Did n't you recruit me in person?"

She was so excited and said, "Boss, you remember."

“Of course, your kid is good, and can be pushed over by Mu Yi at this time to prove that you have a skill, go with me.” Lu Yang said.

“Yes.” Ma Qile and Le Bian led 19 people behind Lu Yang.

Lu Yang changed his camouflage coat and turned into an ordinary person. He took Mitch and ran the plot from scratch.

Since the elixir made from the refining demon bottle, the plot has become a classic storyline of Huaxia, which tells the story of a scholar and a butterfly fairy.

In the early years, a scholar saved a butterfly entangled in a spider’s web. After some reincarnation, the scholar was reincarnated as a human, and that butterfly turned into a demon and wanted to marry the scholar to repay him.

The scholar Shu stayed with the Butterfly Fairy, but the spider also became a monster. Daoxing was higher than the Butterfly Fairy, and he bit the Scholar again.

The spider’s fangs are highly toxic this time. The scholar is in a coma. If he wants to save the scholar, he must first defeat the spider and force him to surrender the antidote.

Luyang’s task is to kill the spider with the butterfly fairy. For others, it may be difficult to kill the spider, but for Lu Yang, killing the spider is just like playing.

While chatting with Mudge and others, he took them to the spider cave and saw the Black Widow Poisonous Spider.

Millennium Black Widow (Lord)

Level: 140

Blood: 00000000

“Boss, should we call someone over?” Mudge scratched his head and asked, they are professional players in life, and they have very bad skills.

Lu Lu asked with a smile: “I look down on the boss, is it a 140-level lord, I single him out just like playing.”

“Call the Aquarius Holy Warrior” Lu Yang casually, a body of bronze Aquarius Holy Warrior appeared beside him.

“Glass Bottle”

The Aquarius holy warrior raised his water bottle and aimed at the black widow spider. A cyan light appeared and shrouded it.

System prompt: Black Widow’s movement speed is forcibly reduced to 30%

“Hello ~!”

A howl came from the mouth of the Black Widow, and he rushed towards the Aquarius Holy Warrior. As long as the distance was 50 meters, he could launch an attack.

“Meteor Fall”

As soon as he ran to a distance of 50 meters, a huge red-red meteor fell in the sky, centering on the body of the black widow.

“Boom”

A fierce crimson detonation wave blasted out from the body of the black widow.

“2187686” (Critical Strike)

A dizzy symbol appeared on the swarthy widow’s head.

“Blazing Heart Flame”

A fiery white flame hit the black widow’s heart.

“112000000”

The huge damage made Mudge and others look surprised.

“Lava Eruption”

“Fire Sword”

“Cross of Flame”

Uh ...

In addition to the skill of beating people like flying Lie Yang, Lu Yang is afraid to hit the black widow out of the scope of the blue bottle, and the rest of the skills are used.

Maggie and others watched the black widow’s blood drop madly, and fell to the ground in less than 10 minutes.

System Tip: You Killed the Millennium Black Widow

Lu Luyang walked in front of the Black Widow and found that a 140-level dark gold staff burst out and threw it to Mudge, saying, "Hold it."

"Thank you, Boss," said Maki excitedly. A 140-level staff needed 3000 points in the guild warehouse.

Lu Luyang said, "Go back, the task is completed, and we move on to the next task."

Finished the mission from Black Widow. The next mission is a more classic Chinese style mission.

Scholars have loved beautiful women since ancient times, but some beautiful women have been transformed by monsters. For example, there is an absolute girl called Half the Sky in a restaurant recently. She covers her half face with black hair, leaving only half of her face, but that is beautiful. The face makes everyone so excited.

However, the official government of Tian Ke Shen Yuan City recently discovered that many men were missing. The government hopes that Lu Yang will help to find out if it has anything to do with this woman.

Lu Luyang entered the hotel, and she really saw a beautiful woman wearing a veil on the second floor, half-bright breasts, half-face.

He was surrounded by more than a dozen men around him.

美女 "Beauty, how about I invite you for a drink."

"Beauty, what's your name?"

"Could you open your hair and let me see your full capacity?"

Uh ...

The dark-haired beauty stood up and looked at the men around him and smiled softly. After spraying a handful of powder, she turned and entered the room.

Xun Luyang chased into the compartment, but found that the person had disappeared, but the men walked towards the outside in a spirited manner.

Lu Luyang took Machi and they followed these men. After walking outside the city for half an hour, they saw a woman at the entrance of a copy called Toad Cave.

The puppet woman blinked and entered the copy.

“Co-authoring this is a monster,” said March.

Lu Luyang said, “You will know when you enter the copy.”

He adjusted the difficulty of the copy to nightmare level. This copy is not only a copy of the plot, but also the location of the poisonous heart upgrade material.

He entered the copy and killed the mobs all the way to the final position. Lu Yang saw the scholar and the dark-haired woman.

But at this time, these scholars showed a horrified look, and were receding towards the back. Just in front of them was the dark-haired half-sky woman. However, at this time, where does this woman have a closed moon shameful appearance, The other half of his face, covered by hair, was an extremely disgusting face that had been devastated by poison.

“Handsome scholars, why are you so afraid of me? Hahahaha” The woman laughed wildly.

“Uh, that’s disgusting,” March said.

Lu Yang watched the plot before it was over, saying: “This woman’s real name is the Virgin of the Golden Toad, but she is actually a refined female toad, but she has not done enough to cultivate into half the

sky, and he has a fine skin of a scholar. Flesh, so he ran to Tianyuan God City, posing as a pretty woman, to attract the attention of those men. “

There was a flash of black light.

The dark-haired woman turned into a giant toad.

Our Lady of the Golden Toad (Lord)

Level: 140

Blood: 00000000

System prompt: Battle begins.

Lu Luyang said, “It’s time for me to get in. You stay away. This thing has some disgusting skills.”

There are 4 abilities in Our Lady of the Golden Toad, the first one is tongue attack, which is very easy to hide, the second one is spit slowing toxin, the third one is scope chronic toxin, which can be superimposed, and the fourth one is scope. Very toxic.

Once he was allowed to spray his skills, there was almost no room for standing on the ground. In the previous life, if he wanted to kill Our Lady of the Golden Toad, he needed to use his skills quickly. He could only kill him before he covered the ground with several layers of poison. Yang doesn’t need to be so troublesome, just don’t let Madam Jin Chan hit.

“Fire Sword”

Lu Yang appeared 9 lightsabers beside him, and aimed at the Jinchan Madonna to attack.

“Blazing Heart Flame”

Lu Yang read the spell, immediately changed to a flying carpet, flew to the sky, and began to fly around Our Lady of Jin Chan.

Uh ...

After half an hour.

System Tip: You Killed Our Lady of the Golden Toad

Lu Yang walked to the Virgin of Jin Chan and picked up Jin Chanzhu. This thing is an item to upgrade the poisonous heart.

He took out the teleportation scepter and flew back to Tianyuan God City with Mudge and others, and found the wandering Taoist on the northeast side of the city.

“Madao, we want to learn skills.” Lu Yang said.

The long-haired horseman was dressed in a Tai Chi plane, two moustaches, looked at Lu Yang, and said, “Yes, I can pay 1 gold coin at the first level.”

Lu Yang took out 200 gold coins and gave it to Mudge, saying, “Go and learn.”

“It’s so expensive.” Ma Qi took the gold coins in pain, opened the learning interface, and the Xianjia shop skills required a total of 10 levels to learn.

After 马奇 ordered, it cost 20 gold coins, and he sent the rest of the coins to his men, saying, “Boss, I’m finished.”

Lu Luyang took out another 1,000 gold coins and gave it to Mudge, saying, “In the future, you 20 people will stay here. Every half an hour, he will brush out the beastly dew, how much to buy.”

Everyone knows that the spirit beast dew is used for the qualification of summoning beasts, causing the price of the spirit beast dew to rise from the original 10 silver coins to 1 gold coin.

Lu Yang needs spirit beasts very much, but he is not a big head. He can't do that kind of thing. There are three ways to get spirit beasts. The first is to fight monsters, the second is to do tasks, and the third is Buy at Xianjia Store.

There are a total of 50 items in the Xianxianjia shop, including precious stones, advanced summoning beast skill books, and spirit beasts.

Normally, the price of a spirit beast is 50 silver coins. If you learn the skill to level 10, the price of the spirit beast will be reduced to 10 silver coins.

There are a total of 200 shops in the shop, and each person can only buy 10 at a time, so Lu Yang asked them to buy them together.

Match and others bought Luyang together after buying 20 of them.

Lu Yang took the token and flew back to Tianyuan God City and returned to the guild. He handed over the spirit beast to Tu Feng, saying, "Every hour after that, they will send 200 bottles of spirit beast to you. Let's start here, and when it's enough for one day, we will send it to the White Lions on average. "

"There is still a lot of money to pay," Tu Feng said.

Lu Yang nodded and said, "I think about it again."

他 In his memory, the spirit beast was only a valuable item before level 160. After level 160, the explosion rate of spirit beast will increase a lot. There are also several special maps that can reveal the spirit beast.

But these maps are currently unable to be singled out by the players. The only one who can single out, and there is a great chance of falling out of Spirit Beast, is only a 160 level map.

Lu Yang thought for a while, called Jin Buhuan, and said, "Prepare yourself and go to some place with me in a while, and maybe stop there for a while."

"No problem," Jin Buhuan said.

Lu Yang hung up the phone, returned to the New World from Tianyuan Shencheng, put on a flying carpet, and flew towards the upper reaches of Yinshui River.

There is always a legend in the villages on both sides of the Yinshui River. On the upper reaches of the Yinshui River, there is a magic tomb of the ghost king, where there are many vampires who specialize in sucking the blood of living people.

Tomb of the Ghost King.

Vampire Graveyard, one of the most famous places in the last century to drop spirit beasts, is also one of the most annoying maps for players.

The vampire inside the tadpole is only afraid of the Holy Spirit spells, but the Holy Spirit classes do not have much damage skills, and the ability to fight monsters is not strong.

In the last life, some players found this place and played vampires with their teammates. It was annoying to find that these vampires had a vampire ability with each attack.

The demon resistance, the material resistance are extremely high, the attack power is high, and the vampire is attached, which makes the vampire here a restricted area. Few people are willing to come here to upgrade.

Later, it was discovered that these vampires are not resistant to toxins, and thieves who know how to use poison, or players who have a poisonous heart, are the easiest to upgrade here.

Lu Luyang took an hour to fly to the vampire cemetery on a flying carpet. This is a huge cemetery that can't be seen at a glance.

The sky here has been covered by dark clouds, and the sun is not visible at all times. The sky is gray, and the ground on the ground is full of black corpse rot. There is no grass on the ground, and only a small amount of ghost king grass exists.

Ghost King Grass is an advanced herb, which is why thieves are willing to come here to fight monsters.

Lu Yang built a sentry tower next to him. After flying back to the main city, he brought Jin Buhuan over. He handed the flying carpet to Jin Buhuan and said, "Take this to fly to the sky, and then launch the poisonous skills to poison these vampires. "

Vampire (elite)

Level: 160

Qi and blood: 0000

He Jin scratched his head without changing his head and said, "Boss, my poison damage is a bit slow to kill them."

Now Jin Buhua 's highly toxic orb has only risen to level 5. After taking in the highly toxic orb, the toxin attack only costs 10,000 points of blood per second.

Lu Yang took Jin Chanzhu from her backpack and said, "Give me the poisonous heart, I will help you upgrade."

"Upgrade the materials." Jin Buhuan quickly gave Lu Yang his venomous heart.

Lu Yang read the spell and returned to the demon temple, using the altar to combine Jin Chanzhu and the poisonous heart, and raised the level of poisonous heart to level 6.

Returning to the vampire graveyard, Lu Yang said, "Look at the attributes."

After the level of God's Heart reaches level 5, each level increases, the attributes will be greatly improved, and the accompanying skills will also increase a lot.

The Lord outputs a kind of demon heart, because the damage itself is high, so the improvement is not so obvious, but the chronic poison of the poisonous heart, the damage is extremely obvious.

Toxic Heart Level 6: Every 3 hours, a Poisonous Orb will be automatically generated. After use, the Poisonous will cause 20,000 damage every second.

This is equivalent to doubling the damage!

"I'm invincible now." Jin Buhuan happily held a poisonous heart.

Lu Lu laughed and said, "You will have to stay here for a while, and I will lend you the flying carpet."

"Thank you, boss." Jin Buhuan said.

Lu Luyang said: "There is a great chance here to drop the spirit beast, and I am here to blame, you and I are responsible for half of the map."

"Yes." Jin Buchang took the flying carpet to the sky, immediately launched the highly toxic orb, and scattered a large amount of toxins under the left side of the vampire graveyard.

The poisonous mist has a very wide range, more than 2,000 meters, and all the vampires around were hurt by toxins. They ran over, but these vampires could not cause damage to the gold flying in the sky.

Lu Yang looked in the other direction, and launched a spell-casting meteor falling rain. A large amount of spell damage fell. He had 70% of spell penetration and was not afraid of the high magic resistance of vampires.

2 hours later.

The vampire on the map was killed, Lu Yang and Jin Buhuan looked at each other, hitting more than 600 bottles of spirit beast, and many gold-level vampire suits.

Vampire Battlegear (Gold)

2 Piece Set: Increase physical attack power by 10%

4 piece set: +2 for vocational skill level in physics

6 piece set: 30% increase in movement speed at night

8-piece set: Lifesteal + 20%

I just killed for 3 hours and burst out a set of vampire suits.

“Boss, this equipment looks good.” Jin Buhuan said.

Lu Luyang said: “It is indeed a good suit, suitable for melee use.”

In fact, this suit is one of the few suits that are most suitable for the use of magic-free professional. Lu Yang does not have magic-free professional players in his hand, but it is good to play more of this suit first, but the amount of spirit beast is still too small Already.

Lu Luyang changed to a mount and ran to the 140-level map. He planned to give his artifact owners the level of the artifact.

At this stage, Lu Yang has three Demon Hearts, all of which are Level 7. They are the highest levels except Lu Yang 's Nine Demon Hearts, and the rest are all Level 6.

I did n't have time before. Many of these maps are in the area where Jiuxing Alliance and Tianlong are located. Now that I have a chance, he decided to help them complete the upgrade materials. With his current strength, it is no problem to brush them up.

Lu Yang took out the telescopic scroll and flew to the city of paradise. At first, the reason why Tianlong named it the city of paradise was because it was next to a place called the gate of heaven. Unfortunately, no one knew how to open it.

The gate of heaven.

Xun Zhen, as his name suggests, is an entrance to heaven, but he is not one who can enter directly to heaven after entering, but is an area between human world and heaven.

He flew to the city of paradise, and when he ran away from the city, he saw that the Indian players in this main city had a very peaceful attitude, no one was noisy, and no one said he wanted to take revenge for Tianlong.

Lu Yang rode to the entrance of the gate of heaven. He ran all the way in camouflage on the way, and did not attract attention.

The gate of heaven is an extremely magnificent gate, more than 30 meters high, with pure white marble columns on both sides, which are inlaid with various fine gems, and on the beam in the upper direction, there are painted many fierce monsters. There are also many angel patterns.

If you want to enter the gate of heaven, you must find the correct way to open the door. Some players in the previous life searched a lot of information and found that the way to enter the gate of heaven is to say a spell.

This spell is hidden in a book in the official library, which contains a detailed description of the gate of heaven.

When this incident was exposed, it caused a great sensation, so Lu Yang still remembers the spell.

站在 He stood at the door and read the mantra in ancient Greek.

As he read his spell, the top carved angel survived, and he pointed at Lu Yang with his hand.

The light flashed and Lu Yang disappeared into place. When he appeared again, he had appeared on a steel platform. Below the platform, there was a strange terrain of half pure land and half a dark land. The two sides were distinct.

System prompt: You found a place of light and darkness

“Kill, kill the \*\*\*\* demons.”

“Eat those angels.”

Uh ...

Shouts sounded from both sides of the map.

Lu Yang looked forward. On the map, there was an angel legion on one side and a demon legion on the other. There were tens of thousands of people on both sides, and they violently collided together.

The levels of these angels and demons are all above 160. Obviously, here is another 160 map.

Lu Yang summoned the mount and flew in the direction of the Demon Legion. Here, flying in the sky is useless, because the legions on both sides, whether they are demon or angel, have wings.

He carefully avoided the Demon Legion, all the way to the side of the camp on the side of the Demon Legion.

Behind the front battlefield of the Demon Legion and the Angel Legion, there is a base camp, and each battle on both sides rushes out of the camp.

Lu Luyang was glad that he came in just at the beginning of the war, which allowed him to easily kill the demon lord alone.

Lu Luyang built a sentry tower on the side of the camp and sent a message to Han Ying, saying: "You and Shen Yiyi each flew to me with 100 fire thunder players."

"Yes," Han Ying said.

Shen Yiyi is Shen Mengyao's cousin and the owner of the Holy Spirit. She was the first relative recommended by Shen Mengyao and Tianyao.

The light flashed.

影 Soon Han Ying flew over with Shen Yiyi and 198 fire-thunder players. Lu Yang told them to wait a moment. He himself used the teleportation scroll to fly back to Chiyang City. He also brought 99 fire-thunder players.

"Boss." 297 Fire Thunder players greet Lu Yang together.

Lu Yang lent his demon heart and purple inflammation suit to his subordinates, pointed to a place not far from the sentry tower, and said, "Go there and bury mines, and each of you will bury 300."

"Thank you, boss." 297 people ran to bury the mine. With Luyang's equipment, their intelligence can be instantly increased to 1.2 million. This way, the thunder that was dropped would cause considerable damage.

"Brother, what is this place?" Shen Yiyi asked curiously.

She blinked with big eyes and looked around. The small appearance made her feel particularly cute. Her personality was different from Shen Mengyao. Don't look at her name as Shen Yiyi, but in fact this is a quirky little girl.

Lu Yang said, "This is an upgrade place for you to play with the heart of the Holy Spirit and the heart of destruction by Han Ying."

Han Ying said in surprise: "Brother, I have been looking for this place for a long time, but I was not here."

Lu Yang shrugged his shoulders and said, "Not only can you reach the heart of destruction here, you can also catch a few good summoners."

所谓 This so-called summoning beast is a summoning beast that has signed a contract with the heart of destruction. It is not the same as an ordinary player's summoning beast. Each summoning beast is a lord class.

Han Ying nodded.

Lu Luyang asked, "How has the 100,000 people managed recently? Are there any problems?"

Han Ying shook his head and said, "They are all obedient and motivated."

Lu Lu smiled and rubbed Han Ying's head with a smile, and said, "The little girl has also become a responsible adult on her shoulders."

Han Ying blushed and said, "OK."

Lu Yang laughed. He knew the situation over there. A bunch of little guys had to do morning exercises like soldiers every day, and then they had to upgrade and hone their skills in the game. It was not so easy to bring. A lot of things were carried by Han Ying themselves, and he didn't tell him.

Many times Lu Yang wanted to help Han Ying to solve them, but they were persuaded by Han Zhong and Xia Yuwei. Originally, Han Ying would lead these 100,000 people in the future. If Lu Yang helps now, he will fight with others in the future. Who will help them when they are there?

Lu Luyang was right when he thought about it, so he didn't say, now it seems that it really helped Han Ying a lot, and the little girl grew up a lot.

陆 While Lu Yang was chatting with the two little girls here, on the other side, the fire and thunder were buried.

Among the hearts of all artifacts, Lu Yang's favorite is the heart of destruction and the heart of death besides the heart of the deities.

Both types of artifacts can summon a large number of combat creatures, which are most suitable for one person playing a map.

Lu Yang and the two little girls chatted for a while, then the men ran back and handed the equipment to Lu Yang, saying, "Boss, we 300 people have buried the mine."

Lu Yang took the equipment back and said, "Hide all behind, I'll pull the lord monster over and let you feel what it feels like to kill the lord monster once."

Everyone laughed.

Xi Luyang drank a bottle of stealth potion and walked into the devil's camp.

Stealth Potion is no longer invincible when it reaches this level of combat. The double-headed fire dog in the demon camp can detect invisible units by smell.

He walked very carefully. It took 10 minutes to escape all the monsters and came to the center of the camp.

In the middle position, two lord monsters are standing there, one is called Weinstein and the other is called Barr.

Wernstein (Lord Level)

Level: 160

Blood: 0000000

Wynstein is more than 30 meters tall. His appearance is like a goat standing upright, with curved heads, gray body, black armor, and a spear in his hand.

Sabbar (Lord Level)

Level: 160

Blood: 0000000

Barbara is also more than 30 meters tall and looks like a buffalo, but he is a buffalo who stands up, has thick arms, and holds a hammer.

两个 The two lord monsters are the lowest-level lords in the demon world, and they are also the two people who need the materials to upgrade the Destruction Heart.

These two lords are not easy to kill, because if you start one, you will start the other at the same time.

Wyanstein's movement speed is fast, and Barr's power is strong. Fortunately, both of them are melee attacks, otherwise, Lu Yang will feel very difficult to face them.

Now it's easy to handle. It only takes one fire thunder to play 297 players. You can use Lu Yang's equipment to release the fire thunder, which equals 1.2 million pure intellectual damage to each mine.

Calculated according to the release of 300 mines by each person. When these mines are put together, they can deal 100 billion damage. The two lords only have 80 billion health. There is absolutely no problem in killing them once.

Lu Yang looked behind him, and after confirming that there was no blame behind him, he aimed at the cow demon Barr in front of him and read the magic in his mouth.

“Blazing Heart Flame”

A raging white flame hit Barr’s heart.

“122000000”

Barr suddenly looked at Lu Yang, roared, waving a giant hammer, and rushed towards him. Wynn, after seeing Barr being attacked, immediately followed him.

“Blazing Fast”

At the foot of Lu Yang, a flame popped up and quickly retreated towards the rear at a speed of 375%. The monsters along the way did not find his position because of Lu Yang’s calculation. Even if there was a calculation error, Lu Yang would throw it out Escape the dagger, or use flashing skills to quickly avoid them.

After 2 minutes, Lu Yang ran back out of the camp. He looked back. Wyan was faster. He passed Barr for 1 minute.

In order to let the two people enter the minefield at the same time, Lu Yang ran sideways for another minute. After the two lords got together, he ran into the minefield again.

Wayne and Barr were 30 meters behind Lu Yang. When Lu Yang saw the two also followed the minefield, he shouted: “Detonate.”

297 people pressed the detonate button at the same time.

There was a violent light flashing, and a huge detonation wave far beyond the power of the meteor blast erupted violently. Even teammates such as Lu Yang and Han Ying were pushed back by a distance of more than 30 meters.

When the light passed, the two 30-meter-high lord monsters had fallen to the ground.

Ji Shenyi blinked her eyes and said blankly, "It's over."

Lu Yang smiled and nodded, and said, "Yeah, what's wrong?"

"It's so simple to fight the lord monster?" Shen Yiyi couldn't believe it. The little girl was raised step by step from a low level. Although someone brought it in the middle, she knew the strength of the lord monster. The next attack of the hand was seconds, or a level 160 blame, which made her feel a big wave.

Han Ying said: "It will be good to slowly get used to it later, our elder brother, powerful and terrible."

Lu Yang clicked on Han Ying's small head, smiled and walked towards the bodies of the two lord monsters, found out the two pieces of the destruction heart, and said, "Go back and synthesize."

"Oh."

Han Ying flew back to the Temple of Destruction with the debris. When she returned, the level of Destruction Heart reached level 7.

"Brother, I have finished upgrading." Han Ying said.

Lu Yang nodded and said, "Keep going in and give you a level of destruction."

"Are you still here?" Han Ying was a little surprised.

Lu Luyang said: "Of course, Destruction Hearts 7 to 9 are upgraded here, but before you go to the next place, you can sign a contract with some demons here."

There are three demonic creatures here that are suitable for signing contracts, all of which are rare elite monsters.

Lu Luyang took Han Ying into the Devil's Camp. In the southernmost camp, he saw the first rare elite-Hell Ares.

Hell God of War with 3 heads, 8 arms, and 6 legs. He is over 30 meters tall. The three heads are very fierce, but they look very handsome. They wear beautiful black armor, which makes people feel when they look at them. He is strong.

At this time, he was being locked in a magical cage. The \*\*\*\* war \*\*\*\* in the cage had a magic chain on each arm and ankle. Hell war \*\*\*\* would suffer great pain even if he wanted to move.

Hell Ares (rare elite)

Level: 160

Qi and blood: 0000

“This looks so powerful.” Shen Yiyi said.

Lu Yang said: “This is a \*\*\*\* of war who has the ability to ignore physical defense attacks, a super melee class, high defense, blood thickness, and strong damage. The only weakness is fear of seals. Once you have seal skills, 90% of them will Being sealed requires your attention in this regard. “

Han Ying nodded and asked, “Thank you, I will cherish him.”

Han Ying used contract signing skills to easily sign a contract with Hell Ares, and then he lifted his control skills and returned Hell Ares to the Destroyed Heart space.

She Shen Yiyi said enviously: “Sister is terrible.”

Lu Lu laughed and said, "Let's go to the second place."

In the middle of the camp, there is a room with huge windows and constantly out of shadow energy.

Lu Yang brought Han Ying into this room. There is a purple jade tiger with wings. The tiger's appearance is also very cool. The whole body is purple, like a jade structure. There are two purple wings on the back.

Purple Flame Eater (Rare Elite)

Level: 160

0000

Lu Luyang said: "This guy can fly in the sky to attack. He has special skills. He has purple shadow damage. He knows secondary forbidden spells. The only thing to note is his physical defense is not high.

Han Ying nodded, signed a contract with him using the heart of destruction, and packed Tian Devourer into the space.

Shen Yiyi said, "Brother, why are the monsters here cooler than one? They don't look as ugly as the demons outside."

Lu Luyang said: "Demons are not all ugly, I promise You will be fascinated by him when you see the next one."

"What pet." Shen Yiyi asked excitedly.

Lu Luyang said, "You'll know when you see it."

This is the summoning beast everyone has dreamed of in the last life. Unfortunately, only players with a heart of destruction can own it, and this one is swiped in a month.

Lu Yang took Han Ying and a few of them to a palace-like room in the lower right corner. As soon as he entered the door, Shen Yiyi's big eyes became heart-shaped. A fallen angel with bandages and dark white hair and wings behind her.

Fallen Angels-Ak Poons (Rare Elite)

Level: 160

Qi and blood: 0000

“Who did you break into my house?” Purns jumped up, and the dark white wings behind him suddenly trembled, leaving him in the air while dropping a few dark white feathers, matching him. The dark white hair, the black armor, and the angel sword in his hand all seemed so charming.

Han Ying's calm face also showed a hint of crimson, saying, “So handsome.”

Lu Yang said proudly: “Okay, this fallen angel is a rare elite among the rare elites. After this arrest, the next time you want to arrest, you will have to wait a month later, and the name is also Not this fallen angel, that is, every fallen angel is unique. “

Chapter 1120 - Destroyed Heart Nine

Han Ying quickly took out the heart of destruction and signed a contract with the fallen angel. Then he did not collect the fallen angel into the space, but stayed outside.

She and Shen Yiyi ran to the archangel together, both showing the expression of the little idiot, which surprised Lu Yang.

Han Ying said happily, “Brother, thank you.”

Yi Shen Yi said, "Brother, I want it too."

Lu Luyang said silently, "He will take you to catch the angel, golden."

She Shen Yiyi shook her head and said, "It's not good-looking."

Lu Luyang was even more speechless, saying, "You little girls, really can't stand the temptation of this rebellion."

Han Ying and Shen Yiyi stuck out their tongues together.

Lu Luyang said: "The fallen angel is a melee and control system summoning beast, and also has a certain amount of spell attack, which is regarded as the most powerful summoning beast of this level."

There is another word that Lu Yang did not say, the fallen angel is the only summoned beast that can be brought to level 190. After level 190, the summoned beast has entered another level.

好 "Well, let's find the next upgrade material for Destroying Heart." Lu Yang said.

"Oh." Han Ying and Shen Yiyi left, holding the fallen angel.

Lu Yang took two little girls and the fire thunder unit to continue to the depths of the demon side, as the depth, you can see the demons wandering on the map everywhere.

These demons are all level 160. Han Ying releases Tian Hu and Hell Ares to participate in the attack, but the most powerful fallen angel is left by her side.

"Uh, Xiaoying, you see, Tian Tian and Hell Ares are very tired, isn't it a change?" Lu Yang asked jokingly.

娄 Han Ying shook his head and said, "No."

"Don't." Shen Yiyi also shook his head with the fallen angel.

Lu Yang continued to be speechless. He could only take people to clean up the mobs, and led them to the 170-level monster area. Near a cave, he found a 10-meter-high monster with two huge silver sickles. , But the body is very strong monster.

Hell Sickle Beast (Lord Level)

Level: 170

Blood: 00000000

Lu Yang replaced his equipment and handed it to the Huo Lei Corps. He waited aside. After an hour, the fire was buried.

"Where are you waiting, I'll pull the other 8 \*\*\*\* sickle beasts." Lu Yang said in exchange for equipment.

There are a total of 9 \*\*\*\* sickle beasts. These 9 all kill the fallen fragments, and together they are enough to upgrade the heart of destruction.

The other 8 \*\*\*\* sickle beasts are not far away. They are all near the cave. Lu Yang turned on the blazing speed and easily pulled the other 8 over, counting the ninth at the cave entrance, which led to the location of the fire thunder.

After a flare of fire, all 9 \*\*\*\* sickle beasts died.

Lu Yang came to the corpse of the sickle beast and saw 9 pieces of excellent gold equipment dropped.

Gintama Helmet (Excellent Gold)

Level: 170

Defense: 8

Demon Resistance: 8

Power: +15120

Stamina: +15120

Constitution: +9000

Additional physical attack: +42397

Additional physical crit chance: +42397

Additional physical penetration chance: +42397

Set: (1/8)

2 Piece Set: Increase physical attack power by 10%

4 piece set: +2 for vocational skill level in physics

6 piece set: knife marks

8-piece set: Sword Shield

This is the top equipment of the Physics Department at level 170.

Lu Luyang said, "It's another super-level item. It's temporarily unused. I put it in the warehouse."

Lu Yang will take a picture of the item and transfer it to the guild warehouse, which immediately causes the players to shake.

"Boss mighty, all have reached level 170 excellent gold equipment."

"Oh my god, level 170, I want."

"Not enough points."

Uh ...

Wu Luyang looked at their chat and laughed again.

Han Ying returned from the destruction space. Just when Lu Yang took the photo, he picked up the fragment of the destruction heart on the ground and raised the destruction heart to level 8.

"Brother, I learned a skill called Infinity Purgatory, I don't know what's the use?" Han Ying said.

Lu Yang smiled and said, "Let's go on and wait for you to release this skill, and you will know what it looks like."

Han Ying shrugged her shoulders, and Lu Yang was used to talking like this. She knew that as long as Lu Yang talked like this, this skill must be powerful and terrifying.

Continued to the level 180 area, when it was here, Lu Yang and his team made it difficult.

When walking on the road, Lu Yang said to Han Ying: "The 9th-level God's Heart Fragment needs to enter a special space. After you enter, you will immediately release the endless purgatory skill to save your life."

"Oh." Han Ying said.

Lu Luyang and his party came to a devil's village and met the great evil magician Lori Peian.

"Huh?" Lori Peian looked at Han Ying in surprise and said, "I actually felt a level 8 heart of destruction in you. It seems that you are the heir of the \*\*\*\* of destruction. Let me see your strength."

A ray of light flashed at the foot of Han Ying. Then, more than 200 people of the same team of Han Ying and Lu Yang were teleported to a canyon full of red sand. There were intersections in each of the eight directions of this canyon.

"For destruction, kill ~!" Eight intersections at the same time throw out countless 10-meter-high demons, they are high in the canyon, you can see how many demons around.

Three Eyed Demon (Elite)

Level: 180

Qi and blood: 0000

"Oh my God, there are hundreds of thousands of them. The blood is so thick." Shen Yiyi said.

Lu Luyang said: "It's not just a whole million. You have to kill the one million demons before you can hit the lord behind and explode 9-level fragments."

"It's hard." Shen Yiyi stuck out her tongue.

Lu Yang said to Han Ying: "Quickly start the destruction mode, use infinite purgatory."

"Um." Han Ying quickly opened the destruction mode, turned into a purple-haired goddess, and spelled out in his mouth.

"Boundless Purgatory"

The entire gray sky instantly turned into fuchsia, and then countless fuchsia rays fell from the sky.

这些 When these skills land on the three-eyed demon, the speed of the fast-moving three-eyed demon is forced to be reduced to 50%.

"Ninth Hell"

Lu Yang turned on the Fire Demon form, launched a super curse, and the surrounding ground suddenly became red, and numerous flames ignited on the monster.

The skills of the two are superimposed, causing more than 3 million damage to the monster every second, and having the slowing ability, which makes them slow down.

Lu Yang said while releasing lava \*\*\*\* on the ground, "The Fire Thunder Corps lay a mine 10 meters in front of me. I did not explode, and I was not allowed to release it."

"Yes." The Thunder Team immediately laid a mine.

Although the three-eyed demon has a large amount of blood, no one can approach Lu Yang's side 30 meters under the combined effect of boundless purgatory and ninth hell.

When the magic was almost gone, Lu Yang took out the spiritual gourd elixir and gave Han Ying one. He also ate one, and the two continued to release magic.

Unlike the past, the medicine can be used before the revision, but after the revision, the effect of the medicine is halved within 20 minutes.

After Lu Yang and Han Ying ate the first elixir, they destroyed one-third of the monsters, and two-thirds did not kill them.

Fortunately, both of them have the ability to quickly return to the magic, and after using each of them, the second use of boundless purgatory and ninth hell.

I barely insisted to the final stage, and by eating three spirits of the calabash xiandan in a row, all these 1 million monsters were killed.

“Hoo, finally killing.” Shen Yiyi relieved.

Lu Luyang said, “How can it be so easy, look at the three intersections ahead.”

“Hello ~!”

Stuck in those three intersections, hundreds of boss-level three-eyed demons rushed out at a time, each with 100 million blood.

Lu Luyang said, “The Fire Thunder Corps is ready, listen to my orders.”

Squinting watching these three-eyed demons about to rush to Lu Yang, Lu Yang said a spell.

“Meteor Fall”

A huge fire meteor landed 30 meters in front of him, and all the hundreds of monsters that rushed over were stunned within the range of fire and lightning.

“Put”

Luyang roared, and 297 fire-thunder mages pressed the detonation button at the same time. Suddenly, a fierce fire flickered, and hundreds of three-eyed demon bosses were killed, not even a single order.

“Pretty.” Shen Yiyi shouted.

The Beacon of Thunder and Fire and others looked at Lu Yang in excitement. Just that stun skill had convinced them to take it orally. They controlled hundreds of three-eyed demons within the scope of the fire and lightning. They did not have this ability.

Lu Yang said: “Ready, the final lord blame is coming out. Ask you, who will dance the old disco?”

Shen Yiyi: “...”

Han Ying: “...”

Beacon Thunders 297: “...”

“Brother, does this have anything to do with the lord?” Han Ying had a black line in his head.

Lu Luyang said, “Yes, if you want to play this lord monster, you need to know the old disco.”

Everyone: “...”

“Hello ~!”

He did not wait for Lu Yang to explain, the demon in front came out, and a giant 30 meters tall came out of the door directly in front of him.

His head is huge, a huge sphere more than 15 meters in diameter, with countless eyes on it.

Thousand Eyed Demon (Lord Level)

Level: 180

Blood: 00000000

“Roar ~!” Under the thousand-eyed demon, a huge mouth roared out.

Everyone: “...”

“Brother, what is this?” Shen Yiyi asked.

Lu Luyang said: “Thousand-eyed demon, this kind of attack is very special, this is a feeling of an official big brother.”

“What kind of feelings?” Asked the head of the Fire Thunder Corps.

Lu Yang smiled and said, “He attacked the whole game by jumping to the sky, looking up, and according to the rhythm of disco, each eye released a laser and was killed when he was hit.”

Everyone: “...”

“Brother, no.” Shen Yiyi said.

Everyone: “Neither will we.”

Lu Luyang said, “It doesn’t matter, I teach you.”

He opened the old disco song and said, "This is a sixty-four step old disco. It is more difficult, everyone is ready, do it with me."

At the time of the last life, I didn't know how many players in this country were stumped by this thousand-eyed demon.

Thousand-eyed devil hangs upside down in the sky, thousands of eyes have various random transfer skills, and no one can find a rule. Until a long time later, a young man accompanied his dad to the disco to dance old disco. Suddenly, he found This action, this melody, this light is exactly like the thousand-eyed demon.

In this way, I have cracked the game of Qianyan Demon. Otherwise, Qianyan Demon's skills are too disgusting, and he will die when he hits, ignoring defense and magic immunity, even the ice guard and invincible.

Lu Yang teaches here, while Han Ying and Shen Yiyi, who are learning on the other side, have black lines in their heads. They are all young people in the new era. Dance is all hip-hop, and they have to play ghost dance steps. Who will learn the old disco.

But they saw Lu Yang jumping so vigorously, and they had no choice but to learn it. Fortunately, the sixty-four steps of the old disco are not too difficult. With a little thought, they can still learn.

After half an hour.

Lu Lu asked: "How about, have you learned it?"

Ji Shen Yiyi looked up at her small head in depression and said, "OK."

Lu Yang looked at the others and nodded.

"Well, I'm going to blame." Lu Yang motioned to everyone to get ready and raised a burning flame of flame on the head of a thousand-eyed demon.

“Damn, I want you to taste the power of death rays.” The Thousand-Eyed Demon jumped up into the sky, and then he hung upside down in the sky, with thousands of eyes turning wildly on his head.

At the same time, each eye emits black light.

Lu Yang turned on the music button and turned on the public function. Suddenly, the elderly disco’s music sounded, and he jumped with his eyes closed without looking at the eyes in the sky.

Every time he jumped, he released a skill in the sky, and Han Ying and Shen Yiyi and others also learned to jump to the ground.

It’s a pity that Shen Yiyi didn’t study well and quickly forgot to dance steps. They were struck by the rays of death, spiked, and the fire and thunder legion died faster. Two thirds died in less than 10 minutes.

Lu Yang closed her eyes without looking at the others, and continued to dance. She continued to dance for half an hour. It took me no idea how many blazing flames, and finally stopped when the system prompted the thousand-eyed demon to die.

He opened his eyes and looked around. Only Han Ying was alive, and the rest were dead.

Lu Luyang said: “It’s miserable enough, it almost wiped out the whole army.”

Han Ying used a cardiac pacemaker to rescue Shen Yiyi. Shen Yiyi rushed out and spit out his tongue when he landed, asking for help.

Lu Luyang said to Han Ying, “Go upgrade.”

Han Ying nodded, picked up the upgrade items, returned to the Temple of Destruction, and when he returned, the heart of Destruction, like his Demon Heart, rose to level 9.

“Brother, I have learned a new skill, called Extinction Hellfire.” Han Ying said.

Lu Luyang said, “You fly to Jin Buchang and kill the vampire with him. I need a lot of spirit beasts and vampire suits.”

“I will accompany you to kill the monsters over the angels.” Han Ying said.

Lu Yang shook his head and said: “Not in use for the moment, the player’s equipment is mainly.”

“Well, I’m going now.” Han Ying took out the teleportation scepter, the light flashed, and disappeared from its place.

Lu Luyang said to Shen Yiyi and the Huolei Army: “Let’s go to the angel side and upgrade Shen Yiyi’s heart of the Holy Spirit.”

Ji Shen Yiyi asked excitedly: “Brother, is there an angel?”

Lu Luyang said, “Of course I have.”

He and his team left the space and returned to the steel platform between the devil and the angel in the same way, and entered the angel area from the right.

Angel area is also unfriendly to humans. Lu Yang took them all the way to kill monsters and came to the angel camp.

Lu Yang handed over his equipment to the Fire Thunder Corps and told them to bury mines. As he waited, Tu Feng called and said, “Boss, Zhang Hong has acted there. Buy us the treasure map. “

Lu Yang stepped aside and said, “It’s okay, let him grab. The treasure map will be revealed sooner or later. We have bought 8 treasure maps and exchanged millions of transfer certificates and blood. enough.”

Xu Tufeng said, "This time Zhang Hong is making a lot of money, and he can make at least a few million every day."

Lu Lu sneered and said, "I just want him to make money. The more he earns, the longer he stays in prison."

Wu Tufeng said, "What to do next?"

Lu Yang said: "Grab a business with him, how much can be grabbed, I estimate that people like him will not give the transfer certificate and blood power to their men, all will sell money, his guild can not develop . "

"I see." Tu Feng said.

Lu Luyang just turned off the intercom and immediately rang. He picked it up and saw that it was Lan Yu's call.

"What's the matter, wife." Lu Yang asked with a smile.

Tianyuan Shencheng, Cross Slope.

Tong Lanyu was watching a girl hugging her and crying, and this girl was not someone else, it was a cute goddess.

"Brother, I have a small towing oil bottle and want to become our affiliated guild." Lan Yu said.

Lu Yang smiled and said, "How is it a little towing oil bottle?"

Lan Yu said: "She was called the cute goddess. I met this when I was leading a team of stabbing beasts here at Cross Slope. She said she was bullied, and no more grades were made, and her property would be divided by her brother. , Begging us to help. "

Lu Luyang covered her forehead and said, "I know this little girl, who was in a team when she was at the cross slope. It looks like she recognized me. You want me to help her."

Lan Yu said, "Yeah, it's pitiful to look at her, and her brother is really annoying Lu Yang laughed and said:" I wanted to bury a few \* beside the sky in one step, Tu Feng I followed her there. Since she also has ideas, you can ask her what she can do for me. "

The cute goddess heard Lu Yang's words and immediately shouted, "Boss Lu Yang, I can help you catch stab beasts, I can provide them in large quantities for 24 hours."

Lu Luyang said: "How much can be provided each day."

"At least 30,000," said the cute queen.

Lu Luyang said, "Let 's do that. If you catch 30,000, I will give you 30,000 yuan."

The cute goddess settled the account and said to Lan Yu with a small mouth, "So little."

Lu Yang said with a smile: "I want a large quantity, at least 10 million, this is a lot of money. If you take it seriously, you can catch 10 million in one month, and earn 10 million in a month. This business is quite rare. "

"I do," said the cute goddess immediately.

Tong Lanyu said affectionately, "You can let go now."

The cute goddess stopped crying, and said with a happy face, "Sister, it is nice to have you."

Lan Yu reluctantly said, "Go and catch your pet."

"I'm going to find you for tea, in fact, my home is also in Donghai City," said the cute goddess.

"Really?" Lan Yu was surprised.

Cute goddess said, "Of course, wait for me."
