

Rebirth of Wild Fire - Chapter 16

Chapter 16 - Lip and Sword

When the two sides confronted each other, another team of players came from a distance, and one of them said with an arrogant tone: "Someone sells equipment? I said there must be poor people selling equipment for money in this game. Rain Wei and Lan Yu, I will definitely buy the equipment this time, no matter how much money I have to change for you to get a good one. "

The people who came here were Xia Yuwei and others who had just leveled up from Spider Cave. People who said this kind of words had no one except Zheng Yuan, who had "confidence in confidence".

Neither Xia Yuwei nor Lan Yu ignored Zheng Yuan. Looking at the group of people gathered in front, Xia Yuwei said anxiously: "The hero and the old man are coming. We are afraid we can't rob them both."

"What?" Zheng Yuan was dumb immediately when he heard these two people. Compared with the two big business sharks, Zheng Yuan's family is just a shrimp, and they don't need to look at him squarely.

"Or let's just forget it, we can't offend these two people," Zheng Yuan said.

Zhang Zibo frowned and said, "Try it, after all, we are going to wasteland level 3 copy. Without equipment, it will be difficult."

Xia Yuwei bit her silver teeth and said, "What are you afraid of? It's just a game."

“But ...” Zheng Yuan still didn’t dare, and said, “Or just forget it.”

“If you are afraid, stay here, I will go by myself.” Xia Yuwei said firmly.

In order to be able to quickly improve her level, Xia Yuwei decided to try it, even if she was confronted with the old man and the hegemony.

“Let’s stay with you.” Lan Yu’s pretty big eyes also showed firm eyes.

Xia Yuwei nodded and took the team to the center of the venue. She was about to ask about the price of the equipment, but she saw that the person selling the goods was Lu Yang, and Xia Yuwei and her team were all holding back.

“Ah? How are you.” Lan Yu’s big eyes were curious.

Lu Yang saw Lan Yu with a smile and said in a blue tone, “Ah, why can’t it be me.”

Lan Yu blinked, and found that the situation in front of him seemed really reasonable. Is it normal for the master of the ranking list to get so many good equipment?

“Also,” Lan Yu said.

Xia Yuwei came to Lu Yang and said, “Thank you for the leveling place provided to us. We have taken note of this at the Ice Studio. If there is a need in the future, we will do our best to help.”

Lu Yang didn’t like Xia Yuwei’s condescending tone, saying, “Helping you is just a matter of hand, you’re welcome.”

“Then can you sell the equipment to me?” Xia Yuwei hit the snake with her stick.

“Little girl, wait a minute,” Qi Mu and Xiong Ba said in unison.

“Everything comes first, so why is this little girl so ignorant of respecting the old and loving the young?” The old man said slowly.

“Little girl, I have bought this thing, you go elsewhere.” Xiongba said arrogantly.

As soon as the words of the two men fell, the scene suddenly became annihilated, and the men of both Chi Mu and Xiong Ba looked at Xia Yuwei and others with bad eyes.

Players around the place were nervous when they saw the situation.

“I won’t fight.”

“No, this is a safe area, but this ice studio is going to be unlucky.”

“I’m afraid they will be sneaked out of the security zone.”

“The two major trade unions add up to 60,000 or 70,000 players, which is terrifying.”

Listening to the words of the people around him, Xiong Ba and Chi Du were very satisfied. When they thought that I would be intimidated by the rain, Xia Yuwei’s mouth showed a smile.

“There are still bullies in the twilight, you two bully people, bully me a little girl.” Xia Yuwei pointed her fingers at the two without redness.

Bully: “...”

twilight:”.....”

“Does the world change so much now, and the little girl is so sharp-eyed?” Chi Wu was ashamed for a while. If Xia Yuwei reasoned with him, Chi Wu could talk to Xia Yuwei for eight hours without

repetition, and the natural master of speech could survive three bankruptcy Down, this experience cannot be experienced by ordinary people.

Hegemony is not weak, poor family background, single-handedly hit a listed company with a market value of 100 billion, this coercion is simply not acceptable to ordinary people.

However, Xia Yuwei was able to withstand it, and coquettishly in front of the two of them, letting them fall back and retreat, Lu Yang had to praise it.

In the past life, a painter described a scene of a domestic guild leader leading his players to participate in the Battle of the Hundred Nations. Among them, sixteen guild presidents appeared in this picture. Among them, Xiongba, Old Man and Xia Yuwei.

Looking at the scene where the trio's eyes are intertwined with sparks, Lu Yang's heart burst into pride.

I did n't have the opportunity to participate in my last life. In this life, no matter if you are one-sided or peerless, you must submit to Lu Yang.

"Well, don't quarrel anymore. I don't care about you, the equipment is here with me. It can't be sold to you. You can't afford it. You can say it's okay, I'll do it." Lu Yang said.

Xia Yuwei, Chi Mu and Xiong Ba turned their attention to Lu Yang at the same time, and invariably asked: "How to sell?"

Lu Yang said: "I won't change the price ~ www.mtlnovel.com ~ You bid, the higher the price, the better."

2 horns daggers, 3 gold coins in the black iron helmet, 10 gold coins in the two-handed sword, 10 gold coins in the bumblebee longbow, 20 gold coins in the baby shield ...

The three looked at Lu Yang silently at the same time. If they had so many gold coins, they had already bought all these equipment. Why stand here and face the others.

The old fox and the old man said kindly, "Little brother, your price is too high. We can't afford it. It's better to be cheaper. How about we make friends."

Xiongba also frowned and said, "This brother, we really can't collect so many coins now, otherwise, how about we exchange other items?"

Lu Yang waited for this sentence. Lu Yang also knew that everyone couldn't afford it at such a high price, so Lu Yang deliberately made everyone think of using other items in exchange.

Why did Lu Yang do this? Because he has the demon heart in his hand, upgrading this thing requires the reputation of other races to be opened, and the reputation of the mission just needs a lot of rare materials.

If Lu Yang does it by himself, other people should be level 15 after collecting these things, so Lu Yang can only use this method.

Lu Yang said: "Since the bosses are so sincere, okay, I totally agree. This is a new list of items. Whoever can provide me with these materials, I will sell things to whom."
