

Wild Fire 181

Chapter 181 - Fire Devil

After the fire, 200 bloodthirsty players were killed and wounded, and only 6 were still standing.

“We won, we won.” Zhang Zibo shouted excitedly.

“Master, you are too good.” Everyone cheered.

Xia Yuwei breathed a sigh of relief. Today’s events have had too much influence on her, which made her unable to slow down for a while.

“Lu Yang, you are right, Zheng Yuan really betrayed us.” Xia Yuwei said lonely.

“Why is Zheng Yuan so stupid? The bloodthirsty alliance just wanted to kill us together.” Zhang Zibo said angrily.

“How do you know Zheng Yuan will betray us?” Xia Yuwei asked.

Lu Yang said: “It is difficult to change the nature of Jiangshan, Zheng Yuan is mean and indifferent. He only cares about his personal interests, and only you and Lan Yu are in his eyes. You are so kind to me. He can be sorry to me. Yang said.

“Brother, how can it be.” Lan Yu blushed.

She Xia Yuwei also rarely showed a shy expression.

“Let’s go quickly, this is not a place to stay long, people of the Bloodthirsty League may kill back.” Zhang Zibo said.

“Want to leave, it’s not that easy.” Fifty yards away, Ye Guxing in a \*\*\*\* tooth suit appeared sneerly.

“Night Lone Star?” Zhang Zibo said in horror: “Why are you here, what can you do alone?”

Ye Ye Leng Xing snorted and waved, around Lu Yang 60 yards away, countless thieves wearing \*\*\*\* tooth suits revealed their figures, the number of people was about 500.

The blood-stained teeth set is scarlet, and the blood-stained teeth on the shoulders of the armor are daunting.

“Lu Yang, we met again, unexpectedly, Qu Han and Yuxue Bawang are just bait, I am the main force to kill you.” Ye Guxing said with a sneer.

“Kill.” The 500 thieves all roared, their voices shaking the wilderness.

“Qu Han and Yuxue Bawang are bait. Are these talents \*\*\*\* guards? This is finished.”

Xia Yuwei’s heart was extremely anxious. She looked at the thief who had leaked the water around them, biting the silver teeth and said, “Master, how long does your meteor fall cool down?”

Lu Luyang said, “6 hours.”

Xia Yuwei and others’ hearts sank again.

“We will make a break towards the back for a while. According to me, the number of them should be very average. If we suddenly break out, there should be no problem sending the master alone.” Xia Yuwei said.

“Agree,” Lan Yu said.

“We have no problem,” Zhang Zibo said.

Lu Lu said with a smile: “Why do you want to run away, don’t worry, I don’t think about these 500 people yet.”

“What?!” Everyone was stunned.

Lu Yang looked at the proud Ye Guxing in the distance and said, “Do you know, I have been waiting for you for a long time. I never thought you could really be a turtle, only when Yuxueba and Qu Han died. appear.”

“What?” Ye Guxing was furious, referring to Landing Yang and cursing: “Dare you dare to die before you die, brothers, give me.”

500 thieves said nothing and rushed towards the landing sun together.

“Master go quickly.” Xia Yuwei shouted.

“Yan ~ Demon ~ Change ~!”

Lu Yang yelled, his body was suddenly enveloped by a blaze of flames, and the flames swelled rapidly, reaching 5 yards high.

“Hello ~!”

A sullen flame troll emerged from the fire.

“Lu Yang!” Xia Yuwei looked at Lu Yang who turned into a stun, and Lan Yu’s small face was full of surprise.

The night lone star and others who rushed over in the distance were even more astonished.

“Meteorite Impact”

Lu Yang, who turned into a five-yard high-yellow monster, held up his right hand, and three crimson meteorites in the sky quickly formed. Facing the first wave of thieves who had rushed to within 20 yards of them, three meteorites flew straight.

The normal size of the crimson meteorite is 10 yards. At a 30% increase in the inflammation, the size of the meteorite has become 13 yards.

With a bang, the meteorite hit the three waves of thieves directly.

“674” “698” “702” ...

The meteorite that fell to the ground killed most of the robbers who hit it directly. Just when they gritted their teeth and thought the skill was over, the meteorite did not crack but rolled straight forward.

“684” “691” “677” ...

The cricket meteorite crushed all the thieves among the three waves. Each thief suffered at least 3 injuries and all died on the ground.

Sitting at the headquarters of the Bloodlust Alliance, I was watching the battle of Bloodlust from the perspective of the Night Lonely Star and saw this scene stunned.

“how can that be!?”

“Boss, Ye Guxing they are going to die,” said a man next to him.

“I don’t believe that he has no time limit for this skill.” Bloodthirsty Bully was furious and pointed at the eight men in front of him. “Come, summon all the men in St. Gall’s city to go to Devil’s Canyon. Today I must kill. Lu Yang cannot. “

“Yes.” The eight army commanders stood up together and called their teams.

Ⅲ The bloodthirsty players in each leveling map received the order, all the monsters and followers stopped, and they returned to the city and flew to Demon Canyon.

He was watching the sudden retreat of the Bloodthirsty players with the strong liquor Qingfeng of the team and the bloodthirsty person pk, and asked curiously: “Strange ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ how are all gone.”

“Boss, there is something weird in it.” Lie Qingfeng said to the old man.

The old man did not speak.

The other side.

Yu Xiongba’s beautiful deputy was not directing her subordinates to fight with the Bloodlust Alliance, and her sudden retreat also surprised her.

“Xiongba brother, the bloodthirsty people suddenly retreat, this is a problem.” Qu did not intend to send a message to Xiongba.

“I received the news here. Bloodthirsty Fighter fought with Lu Yang. The boy didn’t know how to get a special equipment. One person crashed 700 people of Bloodthirsty League. Take everyone to fight desperately with Lu Yang. “Xiongba laughed.

“Oh, then we can’t miss this opportunity.” Qu said unhappy.

“That is of course. How can such a grand event be without me.” The bully laughed and gathered his men immediately.

Uh ...

Devil on the plain.

The 500 thieves of the Night Lone Star have been killed by Lu Yang. In the state of inflammation, Lu Yang's spells have no cooldown time. One person is like a violent kill, and the spells fall on the Night Lone Star one by one. Among the team, nearly 400 thieves were killed.

Night Ye Guxing no longer has the ability to fight back at this time, he only hates himself this time why he did not bring more soldiers to participate in the attack, if there are warrior players, why not charge and other interrupting skills, making Lu Yang so arrogant.

“Lu Yang, my boss won't let you go.” Ye Guxing looked at his men and the equipment that was gradually annihilated by Lu Yang, and yelled madly.

Chapter 182 - Here comes the bloodthirsty bully

In this life, after so long, he can finally hide his strength and revenge quickly.

“Bloodthirst?” Lu Yang killed more than 20 thieves with a blaze of fire and a blazing bird, pointing at Ye Guxing sarcastically: “From today on, I will destroy the bloodthirsty myself. I want you, Bloodbath also has all the garbage of the Bloodthirsty League and will never be eligible to survive in this game. “

Such hateful words were uttered from Lu Yang's mouth, which made Ye Guxing hear the creeps. This kind of hatred emanating from the heart, Ye Guxing couldn't understand the source of Lu Yang's hatred.

Where did he know what kind of ordeal suffered in the last life of Lu Yang, his family was ruined, how many brothers were carrying huge debts, the disappointed eyes of the brothers seemed to be engraved in Lu Yang's head, so that he would never forget to live another life, more What can't be forgotten is the scene where the ancient \*\*\*\* battlefield was surrounded by himself, and the bloodthirsty bully and Liu Jie laughed wildly.

In this life, revenge began from the Bloodlust Alliance and Bloodlust Domineering, and Lu Yang, who turned into a flame monster, flickered to a group of thieves.

“Flame Storm”

“Blazing Bird”

Lu Yang has more than 500 magic injuries, including more than 200 damage for level 3 skills, and he can deal more than 700 damage every time.

Even if the thief at level 13 is covered with 2 blood points and only 1000 points of blood are added, Lu Yang's two sets of skills take away a group of thieves.

I turned and watched another wave of thieves rushing towards him, again a flame storm and a blazing bird hitting him.

Lu Yang, who did not cool down with his skills, truly became a battlefield demon.

顶 The top of Devil's Canyon Mountain in the distance.

I bitterly scratched my head for a long time and said, “Boss has gone violently. The other side has been beaten down. It doesn't make sense for us to come.”

“It's too cool to kill,” said Zhuo Jiu Qing Qing.

“It doesn’t seem to make much sense for us to come.” The white wolf watched Lu Yang depressedly using a fire ring to flee over more than 10 thieves in front of him, followed by five consecutive Skyfires.

多个 More than 10 thieves were beaten and flew to a place 13 yards away. Before they stopped, five flames fell in the sky, falling just above the heads of the more than 10 thieves.

Level 3 Skyfire can deal more than 2,100 damage under the blessing of French injury. When there are many people, the damage is evenly distributed. The 5th group Skyfire has more than 10,000 damage. Even more than 10 thieves were killed on the ground.

Sun Yu sat cross-legged on the ground, eating moon-marked venison, and applauded when he saw the scene, “Boss, come on.”

“We can’t go to the theater,” White Wolf said depressedly.

“Uh, in fact, we still have another use.” Zhuoju said.

“Why.”

“Pick up equipment.”

“...”

After 10 minutes.

Only one Night Lone Star remained alive on the battlefield, and 500 Bloodfang Thieves died in Lu Yang’s fury, and a piece of equipment was dropped on the ground.

“Lu Yang, the Bloodlust Alliance will never let you go.” Ye Guxing said hysterically.

“You’re the oldest.” Lu Yang sneered, and a blast blasted, killing Ye Guxing to the ground.

“Win, we win.” Zhang Zibo looked at everything in front of him in disbelief.

Wu Lanyu looked at Lu Yang in shock, as if looking at a \*\*\*\* of war.

“Brother, you are so handsome.” Lan Yu shouted.

Lu Yang yelled in the sky and reborn until now, the anger in Lu Yang’s heart finally vented a little bit.

Xi Xia Yuwei looked at Lu Yang in confusion, walked to Lu Yang in front of her teeth, and asked her head, “Can you tell me, how did you know Ye Guxing brought someone to attack you?”

“Boss, here we are.” The outside knife and the twilight reaper showed their figures in the distance.

Farther away, Sun Yu, Zhuo Jiu Qing, and others are running towards here.

Lu Luyang pointed to the mad knife and said, “I have arranged for people to stare at the headquarters of the Bloodlust League, and they saw Zheng Yuan walk into the door of the Bloodlust League headquarters.

The Bloodthirsty League then sent Night Lone Star to lead the 500 Elite Thieves lurking here one night in advance, but did not know that his group of so-called Level 13 Elites seemed to the two 18-level thieves, the mad knife and the twilight reaper, to follow Invisibility makes no difference. “

The mad knife outside the congestion showed a proud expression, and was very satisfied with this lurking.

Xia Yuwei showed a bitter expression, and said, “I can’t believe that Zheng Yuan is such a person. I am Xia Yuwei willing to gamble and lose. Today I officially disbanded the guild, and give me three days, and I will bring the Hanbing Studio into yours. In the guild. “

“Ah, join the master’s guild?” Zhang Zibo asked in surprise.

As Xia Yuwei was about to speak, Lu Yang stopped: “Don’t reply to me so eagerly, I won’t force you to join my guild, but if you decide to join, a few of you will sign a three-year long contract.”

“Can you show us the contract?” Xia Yuwei asked.

Lu Yang sent the contract sample to Xia Yuwei and others, who also held a proportion of shares.

Xi Xia Yuwei, Lan Yu and others were able to let Hanbing Studio occupy 7 fortresses in the last life. Their own management ability is still good, and it is worth Lu Yang to pay so.

“Brother ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Your ambition is not small.” Lan Yu said mischievously after seeing the contract.

Lu Yang smiled and did not speak.

Xi Xia Yuwei and others discussed it. In the end, Xia Yuwei said to Lu Yang: “On behalf of the studio, I agreed to your request and signed this three-year contract with you.”

“Welcome to it.” Lu Yang opened his arms and welcomed: “In the future, I will let everyone in you be the commander of the army.”

Yunzhuo asked, “Boss, have you decided to establish a guild?”

Lu Luyang said, “When we return to the city, we will establish a guild.”

“It’s great.” Zhuo Jiu Qing and Bai Shi Sanxiong and others said excitedly.

“Do you need financial support? A few of us can provide 1,000 gold coins,” Xia Yuwei asked.

“Not for now,” Lu Yang said.

With the support of the sea tide suit and the blood \* store, Lu Yang’s money is increasing every day by the number of thousands of gold coins, and it is not a problem to support a small guild.

大家 “Everyone picks up equipment, these are the capital that we recruit the first batch of elite players.” Lu Yang said.

“Boss, this is a premeditated plan.” The white wolf laughed.

Lu Yang and the others laughed. After picking up the falling equipment, just as Lu Yang was about to leave with someone, suddenly, Sun Yu and Mao Qiu, who were in charge of sending a distant post, warned at the same time.

“Boss, there are a large number of players from the east of 2000 yards. They are bloodthirsty men.”

“There are also a large number of bloodthirsty people 2000 yards west.”

“There are also a large number of bloodthirsty people in the north.”

“No, we are surrounded.”

“Boss, what should I do?” Zhang Zibo asked.

Lu Yang pointed to Demon Canyon and said, “The entrance to this canyon can only accommodate 10 players walking side by side. Follow me to arm there, and we will have bloodthirsty domineering for a while.”

This is Lu Yang’s previous retreat. Once someone chased him in, he would lead people into Devil’s Canyon.

Both sides of the gully canyon are high mountains. Not many players know how to use this kind of bug. As long as Lu Yang is covered with flames at the entrance of the canyon, hairballs and others are on both sides of the cliff. This is an unbreakable fortress.

“Boss, mixing with you is my most proud choice.” White Wolf said excitedly.

He and his team quickly retreated to the top of the canyon. Lu Yang released the fire wall technique and extended 30 yards from the canyon entrance.

Up to 800 fire walls of damage, no one can walk in.

外面 outside the canyon.

After a short while, Bloodthirsty Bold took 8000 players to a 50 yard position outside the canyon, and 8,000 people stood neatly in a square.

The bloodthirsty domineering looked at Lu Yang standing at the top of the canyon, and his eyes cast a look of hatred.

“Lu Yang, we finally met.” Bloodthirsty Batian said.

“I have been waiting for this day for a long time, bloodthirsty domineering.” Lu Yang said coldly.

血 The bloodthirsty bully stared at Luyang, and said, "I now give you two choices, either, apologize to the full service, surrender my bloodthirsty league, or I will kill you to retreat."

"Kill." 8,000 people roared in unison, towering.

"Who, who is this? The shouting voice is so loud that my ears are almost deaf." To the east of the Bloodthirsty League, the old man with a smile appeared with 5,000 players.

"Boss, the late elderly of the Zijin Dynasty is here." The resurrected Ye Guxing reported.

"Look here." Bloodthirsty Batian led the team to the old man, and came to the position 50 yards away from the old man, and he asked coldly, "Late, what are you doing here?"

"I have come to persuade the old man to ask for peace. I want to say that the enemy should be solved or not, this matter is forgotten." The old man said lately.

"Late, you are so confused." Bloodthirsty Tiantian smiled and said, "Lu Yang killed nearly 1,000 members before and after. I must kill him today. If you want to stop me, don't blame my bloodthirsty league. Launch a full-scale war against your Zijin Dynasty. "

"It doesn't matter, fight early and fight late, you have to fight, isn't it?" The old man continued to say cheerfully.

The top players in more than ten studios, such as Qingfengfeng, Silver Wolf, and Luosiyu behind the twilight, raised their weapons at the same time.

"Kill ~!" The momentum shouted by more than 5,000 players is not weaker than Bloodlust.

血 Bloodthirsty Batian's eyes narrowed into a seam, and the weapon in his hand was raised, and more than 8,000 players of the Bloodthirsty League immediately set up a battle formation.

战争 The war between the two sides is imminent. As long as any one of the bloodthirsty and late twilight makes an attack to clean up, there will be an abnormal 10,000 people war.

At this moment, another thousands of players in the distance appeared in the sky, Bloodthirsty Domineering and Chi Du at the same time lowered their arms and looked at the distance.

Bian Xiongba went to the middle of the two teams with Qu Wuyi and 5,000 complacent, and said with a laugh: "Two presidents, what is this?"

"Xiongba, what are you doing." Bloodthirsty Batian frowned.

"The bloodthirsty domineering, I owe him a favor for the Luyang inside. How about my face this time?" Xiongba said aggressively.

血 Bloodthirsty Batian's brow was even tighter, and he sent a message to his subordinates, saying, "Gather your troops, all to Demon Canyon."

"You dominate the bully and forget it, you are afraid that you will not succeed when I am a bloodthirsty bully." The bloodthirsty bully was furious.

Bian Xiongba took the team to the old man in the twilight, looked at the bloodthirsty bully scornfully and said, "What do you say?"

The strength of the two men, Xiong Ba and Chi Du, adds up to 10,000, and the Bloodthirsty Ba is suddenly hesitant.

Chiwu gave Xiongba a look and said to Bloodthirsty Batian: "Brother, we might as well take our team separately, bring so many people out, and spend too much money. We might as well upgrade, right?"

The number of guilds of Xiong Ba and Chi Du together adds up to more than 150,000. The total number of bloodthirsty alliances is only 80,000. One person can not deal with the two guilds.

When the two sides were deadlocked, a fourth team appeared in the distance to dress up the first one as a thief. It was the dark blood that had not appeared for a long time.

“Blood-thirsty, I’ll help you.” Black Blood entered the bloodthirsty side with a team of 5,000 people.

The ratio of people on both sides became 13 to 10,000.

“I’m not late.” Black Blood sneered at Xiong Ba and He Du. During this time, Black Blood was crushed by the two guilds of He Du and Xiong Pa. They had to be pushed to the south of St. Gall to run their business. Time to come to trouble with Lu Yang.

血 The bloodthirsty bully laughed and said, “It’s not too late, you’re here at the right time.”

“Hegemony, twilight, I still say that, either you go, or our four guilds formally go to war.” Bloodthirsty Batian raised his arm again ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Black Blood also raised his arm.

血 Bloodthirsty League and Yong \* two men and horses at the same time picked up their weapons and posed an offensive posture.

Xiong Ba and Chi Du both looked at each other. This time the two came to make an appointment, defeated the scattered group, and forced the black blood away. The upgrade sites of Xiong Ba and Chi Du began to overlap with the Bloodlust Alliance. Bloodthirsty domineering, but the increase in black blood puts Xiongba and Chiwu into a disadvantage.

At the current level, in such a large battlefield with a large number of players, the personal ability of players is infinitely reduced. Even if Lu Yang masters the high-level play of inflammation and magic, there are more than 2,000 blood. The defense power is 1000 times that of the opponent, and 1 point of blood will be forced.

There are 2,000 shooters in a team of 13,000 people, and Lu Yang will be killed instantly when he is one person, not to mention that there are various professions such as mage, warrior, warlock in the team, which can cause great damage to Lu Yang.

I can say that whoever has fewer people will lose money.

上方 Above Demon Canyon.

Lu Luyang looked at the more than 20,000 people gathered from the Quartet, and was surprised. He didn't expect Xiongba and Chiwu to come back to help him.

“Boss, what shall we do now?” Bai Lang and others asked.

“Don't move for the time being, I will send a message to Chi Wu and Xiong Ba.” Lu Yang established a simulation group to pull Xiong Ba and Chi Wu into them.

“Two brothers, why are you here?” Lu Yang asked.

“Brother, surprise is not a surprise.” Chi Mu said jokingly.

Wu Xiongba said: “My brother owes us a favor. We are here for you, but we have to fight against Bloodthirsty Batian.”

Chapter 184 - Beheading

“You can't hide it, boy and I have already formed an alliance to deal with Bloodthirsty Domineering. This time the opportunity is good. Let's try it out.” Xiongba said.

“Only part of the people we brought this time were elite and too hasty.” Chi Mu said hesitantly.

“I have a plan that will allow you to defeat the bloodthirsty team.” Lu Yang said.

“What plan?” Twilight asked.

"I have a skill called Skyfire, which allows me to attack the Bloodthirsty Domineering at this distance. You two are ready, I kill the Bloodthirsty Domineering, and you will lead the team to attack immediately, how about it?" Lu Yang said.

"I still have this skill." Xiongba didn't have any expression on his face, but his eyes looked excitedly at the old man next to him.

"I agree, as long as you kill the Bloodthirsty Domineering, we will immediately lead the team to attack." The old man in the twilight said in a message.

"Then it's settled, and the bloodthirsty alliance will be completely destroyed." Xiongba said.

"No problem." Lu Yang retreated to the flat ground on the top of the mountain, out of the sight of the bloodthirsty players.

"Boss, Lu Yang disappeared, probably to escape." Ye Guxing immediately told his bloodthirsty bully when he heard his report.

Bloodthirsty Ba Tian frowned, looking coldly at Xiong Ba and Chi Du said, "This is what you asked for."

The words just fell, and suddenly, three crimson flames fell from the sky, and the bloodthirsty domineering arm was raised in the middle.

"Destroy the Sky"

Bloodthirsty Bloody has a total of 3300 points of blood, which is very resistant to warriors. He also has 6 treatments to add blood at any time behind him. The purpose is to prevent him from being attacked. However, Lu Yang's Skills fell from the sky, and nobody on the bloodthirsty side paid attention to it.

Skyfire's single damage has 2100 points. Three consecutive Skyfires fall on the head of Bloodthirsty Almost Simultaneously, and Bloodthirsty Nightfell instantly dies.

“Kill ~!” The old man suddenly roared, his arm waved, and 5000 players behind him rushed towards the Bloodlust Alliance.

At the same time, Xiongba also pointed at the dark-blooded team and shouted, “Kill ~!”

Black Blood was surprised by the sudden death of Bloodthirsty Domineering, and before he responded, three Skyfires collectively landed on his head.

The blood volume of the black blood was only over 1,800 points, and the first fire of the sky killed him on the ground.

Suddenly, both Bloodthirsty and Yong \* had no leader.

Ye Guxing scolded himself for miscalculation. Although he had seen Lu Yang’s extinction fire, he did not expect to be able to hit such a long distance.

“Brothers, take revenge on the boss and kill me.” Ye Guxing shouted, and led his men toward the team of the Zijin Dynasty.

The same is true for the Black Blood side, and a battle of more than 20,000 people has begun on the Demon Plain.

The soldiers of both sides launched the charge at the same time from a distance of 30 yards. The priest team behind them seemed to be infinite blue, and desperately used instant skills to add blood to their soldiers.

Qianshan Xue, the newly recruited god-level shooter of the Zijin Dynasty, took 800 archers to a distance of 45 yards.

“The shooter has an elevation of 65 °, and scatter arrows, shoot!”

Thousands of bows and arrows were fired from the side of the Zijin dynasty, and fell precisely among the fighters of the Bloodlust Alliance.

“Mage, Qi Ding Pyroblast, 9 o’clock direction, made a gap for me.” Luo Siyu issued a loud voice.

1,000 fire mages aiming at 9 o’clock at the same time, first use Qi Ding Shenxian skill to activate the instant effect and use Pyroblast.

1,000 fireballs intensively hit the bloodthirsty team at 9 o’clock.

“boom”

...

A huge gap was opened, and Liquor Qingfeng waved a big sword in his right hand and shouted, “Brothers, follow me.”

More than 200 soldiers broke through the line and stormed into the Bloodlust Alliance.

Ye Guxing has been tested by the scattered group war. He is in danger, and the commanding team competes with the spirits and breeze. He quickly fills the gap and relies on the advantage of the number to fight against the old man.

If you continue to fight like this, the Bloodlust Alliance will have 3,000 more people than the Zijin Dynasty. Sooner or later, you can win this battle. However, there will be problems with Yong \*, who is responsible for defending the Bloodlust Alliance’s wings.

After the black blood was killed, the Vice-Chairman Yangtze Lake Mito took over and did not command such a large offensive and defensive battle. He could only passively defend against the hegemonic attack. Unfortunately, he did not persist for 10 minutes. In this way, the first army commander Han Feng led 500 soldiers into the Yong \* Center to kill a large number of mage.

“Vice-Chairman, the Master League is under attack, what shall we do?” One leader asked Jiang Dao.

The three swords of the rivers and lakes watched the mage protected at the center being killed by the male bully like a livestock in a cage. He lost all his squares in his heart and shouted in panic, “Go and protect the mage regiment, everyone will help.”

It was this order that made Yong \* completely collapse, and the bully saw the opportunity, and ordered the troops to all press on, and they continued to defeat Yong \*, which revealed the flanks of the Bloodlust Alliance.

“Brothers, kill me.” Qu, the vice president of the beauty, unintentionally led 1,000 players, a group of 33 people, attacking in the shape of a goose towards the side of the Bloodlust Alliance.

“Not good, Yong \* collapsed.” Ye Guxing discovered the flanking problem instantly, and had no time to ask the bloodthirsty bully, and immediately issued a command: “Retreat, everyone retreats west of the Demon Plain.”

On the battlefield, the Bloodlust Alliance and the Black Blood both retreated in two directions. Would the two men, Xiong Ba and Chi Du, miss such a good opportunity and immediately lead the team to kill them.

Above the canyon.

Xia Yuwei, Zhuojia Qinglian and Bai Shixiong all watched the battle below with bright eyes.

Lu Yang asked, “Are you envious?”

The white wolf said, “Boss, can the guild you build in the future have the same size?”

Lu Yang said, “Of course, it won’t take long for each of you to become the leader of the army ~  
www.mtlnovel.com ~, be prepared, and you will be busy by then.

“That’s great,” White Wolf said excitedly.

“Let’s go, too. The battle is over, and the bloodthirsty and black blood forces are completely destroyed.”  
Lu Yang said.

“Um.” Everyone nodded in agreement.

Walking along the Devil’s Canyon for a distance of 3,000 yards, Lu Yang broke out of the scope of the scroll and flew back to the city of St. Gall using the return scroll.

Lu Yang sent a message to Xiong Ba and Chi Du, saying, “I’ll wait for you back in St. Gall.”

“The two of us are back,” Chi Wu laughed.

Lu Yang asked in surprise: “Did you two go after?”

“A group of disabled soldiers, just let the men hunt down. Come to Fengxianlou, I’ll wait for you here.”  
Xiongba smiled and sent a coordinate to Lu Yang.

“Fengxianlou?” Lu Yang still heard such a place for the first time and followed the map.

## Chapter 185 - Establish a guild

On the prosperous street in the east of the city, a three-storey oriental classical building stands among a number of European-style buildings, which seems so abrupt.

Blue bricks, green tiles, gold lacquered columns and the huge Fengxian Tower on the plaque.

Lu Yang just walked under the plaque, next to the window on the second floor, and the old man waved at Landing Yang and shouted, "Come up."

Lu Yang entered the door and went to the private room on the second floor. Chi Mu and Xiong Ba were waiting for him with a smile.

"Brother, today it is really thanks to your extermination of fire that killed Bloodthirsty Domineering and Black Blood, let us successfully win this battle." Xiongba said with a laugh.

This battle cost the bloodthirsty bully and black blood a lot. The equipment of elite players and ordinary players has dropped a lot, and there is no way to slow it down in a short time. This has won many upgrades for the male and the elderly. Control of the venue.

Lu Yang said: "I should thank you. Without you, I wouldn't go so easily this trip."

Chi Mu shook his head and said, "I've seen the terrain. Even if we don't go, you can't die. With your magic wounds, none of the bloodthirsty alliances can walk through the fire walls at the entrance of the canyon. Your boy is terrific. "

Lu Yang smiled and defaulted to the words of twilight.

"Brother, although we won the battle this time, neither the Bloodthirsty Domineering nor the Black Blood will be so good at rest, you must be prepared, they will kill you even more." Xiongba said.

"How about entering my guild, as long as you promise, I will let you be the vice chairman and the head of the 3 legions, to ensure that the bloodthirsty domineering will not dare to move you." Chi Du suddenly interrupted.

Xiongba said: "I think so too, and have no interest in entering my guild."

The two major guilds in the city of St. Gall throw out olive branches at the same time. Most people have accepted it, but Lu Yang can only shake his head because his goal is Liu Jie.

“Thank you for your kindness. I have gathered a group of people to prepare for my own gang.”

Neither Chi Wu nor Xiongba had any unexpected expressions, and Chi Wu said with emotion, “Sure enough.”

The bully groaned and said, “Since you want to establish your own gang, then we are not good at persuading you. What is our alliance?”

Lu Yang’s eyes lit up and he said, “Of course that’s fine. I’m afraid the two bosses wouldn’t look down on the president of my little guild.”

The old man in the twilight said with a smile: “Brother, depending on your strength, if the town arm shouts, you can recruit as many players as you can imagine.”

Today’s battle, Lu Yang’s killing of 700 bloodthirsty tyrants alone will soon be known to the full service, and the name of Lu Yang Fashen will be preached in the game.

Most of the scattered groups that were previously collapsed are hostile to unscrupulous gangs like Bloodthirsty and Black Blood. The new hatred and the old hatred make them see Lu Yang as honey as bees.

Even if only a fifth of hundreds of thousands of scattered members enter Luyang’s guild, Luyang will become one of the largest guilds in St. Gall.

Chi Mu and Xiong Ba discussed this issue before Lu Yang came, and the alliance was the best way the two thought of.

“Okay, that’s it.” There was a formal treaty for the alliance, and a full service announcement. Lu Yang stood up and said to the two, “I’ll go and establish a gang and conclude an alliance.”

Saying goodbye to the two, Lu Yang stepped out of Fengxian Tower and came to a residential house in the south of the city. This is an abandoned house that was unoccupied. The Luyang floor of the previous life used it as the secret base of the guild.

The three males of the Bai family, the turbid wine, the Xia Yuwei, and the blue feather are waiting in the room for Lu Yang's arrival. Today's war has made everyone here yearn for the guild.

"Boss, you are back." Sun Yu said.

"What do you say about the twilight and the tyrants?" Zhuoju asked.

Lu Yang said, "The two of them want to ally with us."

"Allied?"

"Yes, at noon tomorrow, I will formally establish a guild." Lu Yang said.

"Great, with the boss's prestige, we will certainly be able to recruit a lot of players." Said bitter love for a long time.

Lu Yang said: "If the gang is successfully established, each of you will own 1% of the shares. In the future, the guild will make money, and I will pay you dividends according to the shares."

The five-member team of Baixi's three males, the drunken pours five brothers, the half-loving half-life group of five, and Xia Yuwei, plus Sun Yu, totaled 19 people and counted as 19% of the shares.

"Boss, money doesn't matter, we develop the guild first." Bai Lang said indifferently.

"We're not short of this money," said Zhuo Jiu Qing Qing.

"Uh, if you lack money, I can inject capital." Han Liu said on behalf of bitter love for a long time.

“We can also provide some gold coins.” Xia Yuwei said.

Lu Yang said silently, “Co-authored me to recruit a bunch of rich second-generation ah, you can not give me the poor man to help the Lord.”

Everyone laughed.

Lu Yang also laughed and said: “The money is not used for the time being. I need your name. After a while, I will go offline and log in to the official website to publish the news.”

Except for Xia Yuwei, all others have a rank of 19, Lu Yang is the first in the rank list, and others rank second to 16th.

“If you let the full-service players know that we, the people, will join the gang, they will definitely join.”

“Hey, here I have the video of the boss killing 700 bloodthirsty men alone, and the video of the boss killing bloodthirsty tyrants and black blood. Let this out, and our momentum will definitely get full attention.” Said White Wolf.

Lu Yang said: “Very well, everyone acts independently and has close contact with the news.”

at dusk.

On the official website, a video smashed the entire forum.

In the video, Lu Yang and his team were blocked by the Bloodthirsty Alliance’s Yuba Xie over 200 players at the entrance to the Devil’s Cave.

The inferiority in numbers and the betrayal of Zheng Yuan’s betrayal have caused countless people’s hearts to hang in their throats. In the eyes of countless people, Lu Yang has become the spiritual leader of ordinary people against the evil guild. The blood alliance was killed, and they believed that the

bloodthirsty alliance could be defeated one day. This situation was even more intense after the scattered groups were defeated.

Just when everyone couldn't help but want to close the video and didn't want to see Lu Yang killed ~  
www.mtlnovel.com ~ Lu Yang miraculously released a curse, killing 200 bloodthirsty players in one move.

The players celebrated with their foreheads, but did not wait for a few minutes. Ye Guxing surrounded Lu Yang with 500 thieves.

Just when everyone thought that Lu Yang would die this time, Lu Yang suddenly turned into a 5-yard-high flame demon and blasted the night lone star's 500 thieves with a spell.

"It's cool, it's so cool."

"It is worthy of being the best master in the uniform, good job."

There was praise in the official forum, but questions were also raised.

"Is it true? It won't be made."

As soon as the voice fell, it was found that the end of the video was muddy wine pouring, Baishi Sanxiong and others stood in a row, each opened their backpacks, which were filled with \*\*\*\* tooth suits.

At the end, there is one more sentence.

"Tomorrow at 12 noon, Lu Yang will establish a guild at the gang applicants in St. Gall, and look forward to your arrival."

Chapter 186 - Dead Party Jiang Ze

“Lu Yang wants to establish a guild?”

“The hatred of the scattered group can finally be reported. After playing this game and not playing, I will also have to compete with Landing Yang and Bloodlust.”

“Follow the landing sun.”

...

Countless players commented below this video. They are either members of a casual group or ordinary players who have long been bullied by guilds such as the Bloodlust League.

Inside the abandoned house in St. Gall, south of the city.

Lu Yang, Zhuo Jiu, and others are discussing the specifics of building a gang.

“Boss, there are 200,000 message players on the forum. Our guild will not recruit 200,000 people all at once.” Sun Yu said.

“So much?” Asked Zhuoshu in surprise.

“It’s not surprising that there were millions of people before the scattered groups, and it’s normal for 200,000 people to enter the guild of Luyang now.”

“If there are so many, how can we manage it.” Bai Lang said dumbfounded.

Lu Yang said with a smile: “We don’t need everyone. The first time we recruit players with a level of 8 or higher, we don’t want anyone lower than 8.”

“This will reduce the number of qualified players, and it is expected that only 50,000 or 60,000 people will be able to join.” Xia Yuwei said.

Lu Yang said: “No matter how many people you are, the three of the Bai’s three males, Zhuojiu, Xia Yuwei, and bitter half-life are the heads.”

“Yes.” Several people said excitedly together.

Bai Lang said: “It is the first time to lead so many people, I don’t know if I can manage it, who has any good way?”

When it comes to the specific method of leading a group, everyone is confused, and everyone here has no experience in leading a group.

Xia Yuwei frowned and said, “Don’t underestimate the difficulty of establishing a guild. 100,000 to 100,000 hearts. It is not easy to bring them together. To find a way to take them to upgrade and upgrade their equipment, the most difficult thing is to let them follow the command uniformly. . “

Zhang Zibo said: “The reason for the failure of our previous guild creation is here, and President Lu Yang must be careful.”

Lu Yang said with a smile: “I thought about this, I will open the guild warehouse first to establish the guild. We have battled with black blood and bloodthirsty hegemony. I got many sets and spare parts of level 8. I will use the points system to let players in the meeting use points to buy these equipment to increase their cohesion. The way to increase points is to participate in the war.

In terms of upgrades, I have several good upgrade maps. For players who have reached a certain level of points, I will lead them into these maps to quickly upgrade the level. “

This is the best method recognized by management associations in the last century and the best way to select talents. Lu Yang once established a guild and has a thorough understanding of this.

“This method is really good.” Xia Yuwei said.

That night.

Lu Yang explained in detail the work outline and the specific management methods for Zhuojiu Qingren and Xia Yuwei and others after the establishment of the gang.

These are the experiences summarized by him in the last life, and some are summarized by other guilds. Zhuojiu and Baixiong are masters who are not tame, and generally recommend not listening, but Lu Yang said it. These words are reasonable, they can't find any refutation, which makes them even more admired by Lu Yang.

Late at night, after several people were offline, Lu Yang also quit the game and took off his helmet. Han Yingsan Xiaomu and Mu Yi and Xiao Liang both sat beside him and looked at him.

"What are you doing looking at me like this?" Lu Yang asked with a smile.

"Brother, you are so handsome. One person defeated more than 700 bloodthirsty fighters, and also saw bloodthirsty fighters and the black blood himself. We all saw the video." Mu Yi said.

"Boss, will Jianjian help us tomorrow?" Xiao Liang asked.

Lu Zhaoyu and Chen Feng are eager to try.

Lu Yang shook his head and said, "Don't take part in this matter. Remember, you should not disclose your origin and identity to anyone. You are one of my amazing soldiers. It is not the time yet."

This is the idea that Lu Yang has been in his head since his rebirth, using Gao Wan in the game as the guild leader and leading the guild to fight.

Using the slum brothers as surprise soldiers, on the one hand, make money, and on the other hand, hide and upgrade in the dark.

There is also a unit, Lu Yang's classmates, who will serve as the management in the game and take over the complicated and trivial tasks from Zhuo Jiu Qing and others.

While talking.

Lu Yang's cell phone rang. Taking a look, Lu Yang couldn't help but smile, picked up the phone and pressed the connect button.

"Don't you look at the time, call me at this time, you're free." Lu Yang opened a blast and let Xiao Liang, Han Ying and others look at Lu Yang's eyes changed.

"I wipe, I haven't played with it." The reply on the other side of the phone was even more embarrassing.

Lu Yang felt indescribable warmth, and it wasn't anyone else who called, it was Jiang Ze, his dead party in high school for three years.

Speaking of Jiang Ze, I have to say that this product is a wonderful work. I had two sets of clothes in high school for three years, and I washed all white and did not buy a new one.

Eating is even simpler. You can buy steamed buns, gruel and pickles for all three meals.

In 2040, when prices soared, Jiang Ze spent only five yuan a day, which is a miracle.

At the time, the whole class looked down on Jiang Ze, and he avoided him more or less when playing together. Jiang Ze himself was a bit introverted and his friends were less social.

Lu Yang lived in school for a while because his parents went out to work for a long time ~  
[www.mtnovel.com](http://www.mtnovel.com) ~ Just happened to be in Jiangze shop.

Although Lu Yang's home is not rich, he can still eat breakfast with meat anyway. Therefore, when the two go to the cafeteria, Lu Yang always distributes half of the meat to Jiang Ze.

Some people dared to bully Jiang Ze, and it was Lu Yang who took his brother to Jiang Ze to take the lead. In this way, it lasted for 3 years.

In the past 3 years, Lu Yang always thought that Jiang Ze was a poor student and his family was poor, but when he was about to graduate, Jiang Ze told the truth to Lu Yang.

In fact, Jiang Ze is the heir of a shipping company with a net worth of nearly 100 million, but this product was kidnapped from childhood and left a shadow in his heart, which is why he lives so frugally.

I am grateful for Lu Yang's help in the past three years. When Lu Yang established the guild in the last life, Jiang Ze lent unconditionally millions of credit points to Lu Yang. Later, Lu Yang had an accident. He also supported Lu Yang's resurgence. Unfortunately, the man who had previously kidnapped Jiang Ze was released from prison, and once again found a chance to kidnap Jiang Ze and kill Jiang Ze.

"Brother, you're still alive, it's great." Lu Yang's eyes are a bit moist. In this life, he will never let any brother around him be harmed again.

## Chapter 187 - Jagged Brotherhood

"What's wrong with me?" Lu Yang restrained tears and said grinningly.

"The day after tomorrow classmates will help me to end my life." Jiang Ze said.

Lu Yang smiled and said, "It's really decided to pursue the goddess of our class. Your kid is developing very fast."

"Day." Jiang Ze was poked at the weakness, and said anxiously, "I have been secretly in love with her for three years, and you are not unaware of it. Besides, there are so many people chasing her in our class, I am afraid that she will not come. I organized an entire class. You have to help me find a way. "

Lu Yang said: "No problem, I will help you catch your goddess."

"I know you're interesting." Jiang Ze has relied on Lu Yang for the past three years. He has a lot of peace of mind when Lu Yang is by his side, and is about to hang up. Suddenly Jiang Ze remembers and asks, "You play" Second World is not. I heard this game is very interesting. "

"Played for more than half a month."

"Take me, I just returned from the sea with my dad." Jiang Ze said proudly.

Lu Yang said with a smile: "No problem, these two days have been a bit busy, waiting to meet."

"I have to practice my confession for the past two days, and I will meet and talk the day after tomorrow." Jiang Ze hung up the phone.

Lu Yang laughed and hung up the phone. When he met Jiang Ze for a while, Lu Yang was ready to surprise him.

The next day, at 10 am, Lu Yang put on a helmet and entered the game.

The gang was established in the King's Hall. When Lu Yang came to the place, countless players gathered outside the King's Hall.

Lu Yang glanced roughly, about 50,000 or 60,000 people.

"What's the situation, how so many people." Lu Yang murmured, he sent a message to the simulation group and asked: "Where are you, how many people are there at the door."

Next to the guild applicant, people such as Zhuojiu Qingren and Xia Yuwei were surrounded by hundreds of players with wry smiles.

“Boss, you are here. Hurry up. All these people outside are going to join the guild. Hurry up and set up the guild.” Zhuo Jiu Qing and Xia Yuwei and others said together.

With an excited expression on Lu Yang’s face, he said, “You let them make way out for me, I will go in.”

In less than 3 minutes, the player at the door of the King’s Hall volunteered to concede a 5-yard wide avenue.

Zhuo Jiu Qing Duan, Xia Yuwei and others came out with more than 20 players and came straight to Lu Yang.

Zhuoju poured in to Lu Yang, and said loudly, “This is Lu Yang, our boss.”

“Boss, boss.”

...

Countless players shouted together, so that players in St. Gall’s city looked in the direction of the King’s Hall in confusion.

Lu Yang didn’t speak. Looking at the players on the left and right sides, he flung the cloak straight into the channel that the players on both sides gave up.

Facing the eyes of tens of thousands of players on both sides, Lu Yang’s face didn’t have a wink, let alone a little fear, instead, his face was full of self-confidence.

For a moment, Lu Yang was as confident as he is today. With this team, he has the capital to defeat Liu Jie. In the near future, he is confident to lead the guild into the first guild of St. Gall.

More capable to dominate the world!

Entering the King's Hall, Lu Yang came to the Guild applicant and clicked to establish a gang.

The system prompts: It takes 3000 credits to establish a gang, please confirm.

Lu Yang turned in 10 gold coins, and clicked to confirm.

System prompt: Congratulations on your successful establishment of your guild. Your guild number is 68888. Please enter a name.

The name of the guild of the last generation of Lu Yang was called the Brotherhood of Iron Blood. In this life, Lu Yang also called this name.

"Iron Brotherhood."

System prompt: Congratulations, your guild name is determined to be Jagged Brothers.

The turbid wine is pouring, bitterly loving for half a life, Bai's three males, Sun Yu, Xia Yuwei, Mao Qiu, Lan Yu and others are standing behind Lu Yang at this time.

Lu Yang said, "Brothers, go out and recruit me."

"Okay." Everyone couldn't hold back their excitement.

Came to the main entrance.

Lu Yang stood on the 6th floor and looked at the tens of thousands of players in front of him, saying aloud: "Starting today, the Brotherhood of Iron Blood is officially established."

Nineteen people, such as Zhuojiu, lined up, and the guild recruitment system was opened to officially recruit players.

far away.

Xiongba looked at Lu Yang in the crowd, and said to the old man around him, "I never imagined that there were so many people, this boy's appeal is strong enough."

Chi Mu said with a smile: "This boy is lucky. The scattered group was collapsed by all our guilds. These people have resentment in their hearts. Naturally, they want to rise again. Lu Yang is a bargain."

Xiongba shook his head and said: "It depends on whether he can control such a large guild afterwards. If he does not have the ability, he will not end well."

"Hey, how could he have that ability, is he rich, is there an elite player, now he is full of spirits, but it is only an illusion, when he is really facing the bloodthirsty all-out attack, it is when Lu Yang completely collapsed. Said.

Including the male tyrant and the old man in the twilight, no guild boss thinks that Lu Yang has the ability to support such a huge guild, let alone bloodthirsty bully and black blood.

Bloodthirsty Headquarters.

Bloodthirsty Batian looked at the video from the front and said with a sneer, "I will let you establish a guild, boy, this time I will give you an unforgettable lesson, and you will never dare to enter this game again."

Yuba Bawang asked: "Boss, are we not packing Lu Yang now?"

Bloodthirsty Batian shook his head and said, "Xiongba and Chiwu are waiting for my shot, and I'm not stupid."

"What about the black blood, he and the hegemony have already started a war. If we don't help, the black blood will lose." Yuxue Bawang said.

The bloodthirsty Ba Tian snorted and said, "Without him, where can I buffer time to play equipment?"

In the last battle, Bloodthirsty Batian lost thousands of front-line equipment, which will deal a great blow to his guild. If the male and late twilight attack, Bloodthirsty Batian can rely on his help from other guilds in other main cities to help him. Live, but the loss is too great for him.

In order to avoid this situation, Bloodthirsty Domineer came up with this wicked scheme, but the black blood did not know what to do, and led the team to start a small-scale battle with the heroic domineering on each map.

"That kid is lucky ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ I will not let him go next time." Yuxue Bawang said.

King's Hall.

From morning to late night, Lu Yang, Xia Yuwei and others took almost 15 hours to complete the recruitment.

In the end, Lu Yang recruited 67,000 players, and the number of guild players jumped into the tenth place in St. Gall, one of the top ten guilds.

"This is only the first day. If we continue to recruit tomorrow, the number of our guild will soon be over 100,000." Zhuo Jiu said.

"Recruiting." The white wolf collapsed to the ground and said, "Boss, can you hire someone to take charge of the recruitment?"

"My boss, if you recruit, our level will soon be caught up by other players, and if there is no group action for a long time, the guild players will disperse.

Xia Yuwei nodded in agreement and said, "I agree."

Lu Yang said with a smile: "I have someone in my mind who is responsible for recruiting. Tomorrow everyone will work hard for a long time."

## Chapter 188 - Reunion

the next day.

Lu Yang and Zhuo Jiu continued to recruit players, and as soon as 3 pm, Lu Yang quit the game.

Just after washing here, Jiang Ze's phone called and said, "I'm downstairs in your house, come down."

"I'll be right there." Lu Yang changed his clothes, walked down, and a black Lamborghini sports car stopped at the roadside.

Jiang Ze stood by the car, patted the car cover and said, "My dad bought me a Lamborghini, right."

Lu Yang said, "It's okay." During the previous life, Lu Yang bought better cars and performed missions.

"Your kid is so calm, I want to surprise you," Jiang Ze said silently.

Lu Yang laughed and got into the co-pilot.

They ate at a high-end themed restaurant on the outskirts of the city. Clicking on autopilot, Lamborghini drove away like lightning.

Tengyuan Pavilion, known as the No. 1 restaurant in the province, is actually a high-end themed entertainment club, covering an area of tens of acres, complete with various entertainment facilities, and hot springs, is the main meeting place for celebrities in the province.

Lamborghini entered the gate and looked at it. The square was full of cars. Although Lamborghini was good, it turned into a normal car here.

“These people are really rich,” Jiang Ze said.

“We will have it in the future, don’t care.” Lu Yang said.

Entering the gate, the magnificent decoration of the hotel lobby, a manager came over and asked respectfully: “Do you have a reservation?”

Jiang Ze said: “The private room 106, I booked.”

The hotel manager bowed slightly and said, “It turned out to be Mr. Jiang. Your friends have come a lot. I’ll take you two over.”

“Ok.”

Under the guidance of the hotel manager, Lu Yang and Jiang Ze came to the 106 private room. More than 20 people in the room were sitting at the table and chatting on the sofa. They were all in their teens and looked vibrant.

Lu Yang swept through this group of people, and several familiar faces came into view. Li Rui, Zhao Xu, Jianghuai, and Tu Feng were his high school roommates. They were also good brothers who helped Lu Yang build a gang in the last life. Even Lu Yang had a problem, and the four did not give up, always helping Lu Yang to find a way.

“Lu Yang, why did you come here?” Zhao Xuchong said, beckoning to Landing Yang.

“Punishment, punishment,” Jianghuai shouted.

“Yep.”

A group of people roared, and the atmosphere instantly warmed up.

Lu Yang said with a smile: “It’s all because of Jiang Ze, he has to drive in a sports car, which made me late.”

At the same time, everyone aimed Jiang Ze, including a tall girl in white.

Jiang Ze has never received such attention, and his beloved girl’s gaze swept over, and Jiang Ze instantly flushed.

“This time I really drank a few glasses of Jiang Ze. I didn’t see it. The poor boy who was in high school for three years turned out to be the big tyrant in our class.” A girl said with bright eyes.

“That’s just, you can’t spare him.” Five or six bold girls showed their gaze.

Some jealous boys also joined in, and started to coax.

“Don’t make a fool, don’t make a fool.” Lu Yang stopped the crowd, but looked at the girl in white opposite his eyes and said, “The adult leader always helps Jiang Ze, why don’t you talk today?”

The girl in white was called Fang Yuting, and she looked at Jiang Ze with a quizzical look, and said, “Today, Jiang Ze doesn’t say anything clearly, so he should punish him well. I have helped him for three years.

Jiang Ze was anxious for a moment, and hurriedly described his experience of being abducted as a child and almost dying.

The crowd then understood why he pretended to be poor.

“Now that I’m grown up, I’m physically strong, and have some self-protection ability, so I don’t have to pretend to be poor.” Jiang Ze looked at Fang Yuting.

“Count you through.” Fang Yuting said.

“It can’t be so easy even if he passes.” Lu Yang said.

Fang Yuting looked surprised.

Lu Yang said, “Who borrowed Jiang Ze’s notes for the past three years, who has always given Jiang Ze the questions in these three years, and who bought the medicine for Jiang Ze when he was ill in the past three years? what.”

Men are not as delicate as women. During the past three years at the school, many things happened to Jiang Ze. Lu Yang and his boys in the dormitory could only help a little. Fang Yuting, who is also a female, helped Jiang Ze a lot. Obviously there are countless girls to choose from, but the reason for choosing Fang Yuting, even if Fang Yuting’s family is ordinary.

Lu Yang’s side told them one by one, making everyone here stunned, Fang Yuting herself was stunned, she didn’t even know that Jiang Ze had helped so much in the past three years.

Previously, she was performing the duties of a monitor. Later, she also sympathized and cared for most.

“It turned out that Mr. Jiang had helped Jiang Ze so much,” Zhao Xu said. After so many years in the same dormitory with Lu Yang, he could see Lu Yang’s purpose at a glance.

Tu Feng also read it out, and said deliberately, “Jiang Ze should be in a rhythm that matches his body, so much debt can only be paid for.”

Everyone laughed.

Fang Yuting's face was blushing, and she pretended to be angry: "Even my joke is dare to open it, I really graduated, I can't control you or not."

"Master squad, young people dare not." Jianghuai, Zhao Xu, Tu Feng, Li Rui and Lu Yang said with a smile.

Fang Yuting rolled her eyes angrily and said, "When you were in high school, you were a few tricks. You will be fined one by one for a while. Jiang Ze don't hide, you can't run."

"Okay, I confess punishment." Jiang Ze said immediately.

The crowd laughed loudly.

Suddenly, a few boys walked into the door. The first handsome boy was over one meter tall and came in with a bottle of beer.

"Jiang Ze, we haven't seen each other for a long time, Fang Damei is also there ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ The boy greeted with sunshine.

Jiang Ze frowned when he saw the other party.

Lu Yang sneered.

"Isn't this guy Zhang Ye of the basketball team, why did he come here?" Zhao Xu asked.

"Zhang Ye has been pursuing Fang Yuting. Today, it seems that he intentionally made a difference." Lu Yang said, looking at the five men brought by Zhang Ye.

Lu Yang suddenly remembered that Zhang Ye, a classmate gathering of the previous life, also came. This Zhang Ye's parents were doing business and had a little money, but it was far worse than Jiang Zebi.

Zhang Ye knew that Fang Yuting had been helping Jiang Ze for three years in high school. He thought Jiang Ze was a rival and always asked him for trouble.

At this classmate meeting, Zhang Ye didn't know where to learn about Jiang Ze's allergies to beer. In order to embarrass Jiang Ze, he intentionally respected Jiang Ze with a glass of beer.

Fang Yuting knew that the two had conflicts. When she saw Zhang Ye taking the initiative to reconcile, she also persuaded Jiang Ze. In order to prevent Fang Yuting from being embarrassed, Jiang Ze drank, and suffered an allergic reaction on the spot.

#### Chapter 189 - Fully staffed

However, Zhang Ye was still unclear about Jiang Ze's family background. After Jiang Ze decided to return to normal life, he was no longer afraid of things, and did not let Lu Yang, Zhao Xu and others intervene to help. On the day of discharge, he took more than ten people in person. Blocking Zhang Ye, he was hospitalized for six months.

After the incident, Zhang Ye's family did not dare to call the police. Since then, Zhang Ye has never dared to provoke Jiang Ze. However, Fang Yuting was complained by Jiang Ze's parents. As a result, Jiang Ze and Fang Yuting have not become lovers. .

Now that Lu Yang knows this, how can this life watch such things happen again.

"Jiang Ze, we had some conflicts before, and now we have all graduated, let all the grudges pass. Today, I am here to apologize, and see how the previous things of us are written off in the face of the monitor." Zhang Ye pretended to be sincere. Said.

"You two are my friends, it's great to get along well." Fang Yuting came to the two and said happily.

“Zhang Ye, are you sure you want me to drink beer?” Jiang Ze’s eyes suddenly sharpened.

Zhang Ye was panicked by Jiang Zekan’s heart, but still refused to show weakness, and said, “I sincerely apologize. In the face of the leader of the class leader, you can drink this cup, just one cup.”

Just at this moment, when Fang Yuting could not help but persuaded Jiang Ze to drink this glass of wine, Lu Yang came to Fang Yuting’s side and picked up his mobile phone to show Fang Yuting.

The phone screen reads: Jiang Ze is severely allergic to beer

Fang Yuting looked at Lu Yang in surprise, with doubt in her eyes.

Lu Yang nodded and did not speak, his eyes motioned to Fang Yuting to stop, but Fang Yuting did not understand what Lu Yang meant.

“Okay, I’ll drink it.” Jiang Ze looked at Fang Yuting and raised his glass before drinking.

Fang Yuting quickly grabbed Jiang Ze’s arm and said, “Don’t drink, stupid, why don’t you say it allergic to beer?”

Jiang Ze’s head twitched and he felt Fang Yuting’s little hand, his face went from his cheeks to his ears.

Zhang Ye looked at Fang Yuting and took the initiative to hold Jiang Ze’s hand. He was so angry that when he was about to rush up and pull away, Lu Yang stopped Zhang Ye with one hand.

Zhao Xu, Tu Feng, Li Rui, and Jianghuai stood at the side of Lu Yang at the same time, stopping Zhang Ye and others.

“Here is a reunion of our classmates, please trouble a few outsiders.” Lu Yang said.

“You get out.” Zhang Ye was anxious.

Lu Yang said with a sneer: “Don’t think I don’t know. On the day of graduation dinner, you overheard Jiang Ze talked to his father about allergies to beer in a call with his father. It’s too bad to be a man. Zhang Ye.

Fang Yuting turned to look at Zhang Ye angrily and said, “Do you know that allergies can kill people? Zhang Ye, you are too much. Here is a dinner in our class, please leave.”

“You listen to me explain.” Zhang Ye had to explain, but had nothing to say.

“Let’s go, gentleman, don’t let Fang Yuting look down on you, come to the Japanese leader, come to the Japanese leader.” Lu Yang took Tu Feng and others to take Zhang Ye out of the private room.

If Zhang Ye did this in the last life, Lu Yang must ask him to taste his fist. However, when he was reborn, Lu Yang did things more smoothly and more sophisticated. No.

Several people, Tu Feng and Zhao Xu, understood the meaning of Lu Yang’s actions, but they couldn’t control their tempers. When the door of the private room was closed, Tu Feng asked, “Is that so?”

Lu Yang said with a smile: “When we look back, we look for an opportunity to clean up him again. We cannot disturb Jiang Ze’s pursuit of Fang Yuting’s opportunity.”

Tu Feng patted his head and said, “I’m so angry that I forgot about it. It’s still thoughtful of you.”

At a young age, he can have this sophisticated way of doing things, letting Tu Feng and Zhao Xu and others look at Lu Yang.

Just by the table.

Fang Yuting looked worried at Jiang Ze’s increasingly red face and asked with concern: “Jiang Ze, why is your face red? Did you just drink beer?”

Lu Yang just came back and looked at Jiang Ze's appearance, pretending to be frightened and said, "If you don't let go, Mr. Fang, Jiang Ze will probably breathe artificially."

When the angry people heard this, they suddenly burst into laughter, Fang Yuting was made a big red face by Lu Yang, and quickly released her hand shyly. She was too concerned, and she forgot to take her hand away.

Jiang Ze's face was redder, and he could not help but take a few breaths and said, "I, I'm fine."

Fools can see why Jiang Ze's face is red, Fang Yuting whispered shyly, "You are miserable." Turned around and walked into the girl group, no longer care about Jiang Ze.

Lu Yang came to Jiang Ze and looked at Jiang Ze who was chasing Fang Yuting with his eyes, and said, "Don't look, you mean Fang Yuting understands that she didn't refuse your pursuit. This girl is good, and she will chase slowly in the future. Well, you have a chance. "

Jiang Ze took a deep breath, calmed his mood, covered his throbbing heart, and said, "Thank you, brother."

"You are welcome to do anything with me. In the past three years, Fang's beauty has proved that she is not a poor person who loves the rich. You two can be together. I am happy for you as a brother." Lu Yang said.

The episode is over, the banquet begins, and everyone chats more happily.

Tu Feng, Zhao Xu, Li Rui, and JAC sat down, and a few boys chatted for a while, and the topic quickly turned to the game.

"Who plays" Second World ", this game is very fun, I am already level 10, is a mage, do you want to play together." Zhao Xu said.

"I played, the 10th Paladin, was a small captain in the prophetic guild." Jianghuai said.

“I’m at zero guild, level 10 thief, and also a small captain.” Li Rui said.

Tu Feng said: “I am 11th level, a priest. I was in a scattered group before, but unfortunately I was dissolved.”

Jiang Ze said: “Your grades are so high, I’m only 3, how much are you in Lu Yang, you promised to take me, if you all take me, I should be able to upgrade very quickly.

Lu Yang patted Tu Feng’s shoulder first, and he could see that Tu Feng was very sad about the incident where the scattered group was defeated.

“If I tell you, Lu Yang, who ranks first on the game’s elevation list, is me, you believe it or not.” Lu Yang said.

“I don’t believe it.” Jiang Ze and Tu Feng shook their heads together.

“How can there be such two people as their net names,” Zhao Xu said.

Lu Yang said silently, “It’s me.”

“It’s not a joke.” Tu Feng and Jianghuai and others have become serious, Lu Yang’s name is significant for this game.

Lu Yang said, “I lie to you for what I do.”

The atmosphere was a bit weird and quiet.

Jianghuai lamented: “Okay brothers, it turns out that you are the hidden boss among us.”

“Brother, take revenge for me.” Tu Feng said excitedly.

Lu Yang said: “Revenge is certain. Whatever, come here to help me. I urgently need your help.”

“No problem.” Tu Feng said first, and Zhao Xu and others nodded.

Lu Yang knew they would agree, saying, “I give you 1% of each of you.”

“Stop the shares.” Zhao Xu and Jianghuai and others shook their heads and said.

Lu Yang said: “Brothers, clear accounts, in order for our friendship to last, you must hold this share. It won’t be long before the game will open the wild fortress battle, control the fortress, players offline to rest, buy A lot of business, such as medicine and purchasing equipment, will be carried out in the fortress. Taxes alone can make the guild earn hundreds of thousands of income every day. “

“So much.” Jianghuai asked in surprise.

“There may be more. If a fortress has 300,000 resident players, the daily consumption of medicines is more than I said.” Lu Yang said.

“So, I will enter the game tomorrow morning, and I will send you a contract in the past. Do n’t be too small. Not all the shares are with me. The top 15 players in the rank list all work in my guild, and they are all occupied by everyone. With 1% of shares, in the later financing, my shares were diluted more. “Lu Yang said.

“Do you need to invest?” Jiang Ze said: “If you need money, I have saved more than 5 million pocket money from my parents in recent years.”

Lu Yang said: “For the time being, do n’t use it. If you have money, replace it with gold coins. Invest in land in the game. After a while, it will rise to a level you ca n’t believe.”

“I listen to you,” Jiang Ze said.

Lu Yang went on to say: "Join the guild tomorrow. Your position is temporarily responsible for logistics, recruiting players, managing accounts, arranging activities, and discovering masters. Don't underestimate such positions. The number of our guilds is likely to break in a short time. 100,000 people, if the logistics management doesn't understand, the guild will be abolished. "

"Rest assured, we will do our best to do it, our brothers will definitely support you." JAC said.

Lu Yang said, "I naturally believe in you."

In the last life, Luyang's guild was created in this way ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ At that time, countless people looked down on Luyang and Jianghuai and others, especially Jianghuai and Tu Feng. They were all little-known captains before, but who Nor did they expect that JAC would be well-organized in logistics management.

Jiang Ze said: "It's better if we enter the game tonight, familiarize with the guild in advance, and it will be easier to take over tomorrow."

Lu Yang said, "That's the best."

The banquet is over.

The crowds returned to their homes. Lu Yang didn't drink too much, and he drank almost no cocktails at the banquet.

At home, Xiao Liang was taking Lu Zhaoyu, Chen Feng and others on a sofa in the lobby on the first floor with a helmet to play.

Xiao Liang returned upstairs, Han Zhong took the third brother of Han Ying and brother and sister Mu Yi in the game.

Lu Yang found a place to sit down and also entered the game.

At this time, it was exactly five o'clock in the evening. Lu Yang added them as friends according to the ID given by Jiang Ze and others. He first took them to level 15 in the game with meteor drop, and then took them to the King's Hall.

## Chapter 190 - Prelude to war

Zhuo Jiuqing and Xia Yuwei and others were suffocating for the guild. When they saw Lu Yang coming back, they all showed excited expressions.

"Boss, you are back." White Wolf said.

Lu Yang pointed at Jiang Ze, Zhao Xu, Tu Feng, Jianghuai, Li Rui, etc. behind him and said: "The five people in the deep sea sky, the nine-headed bird, Tu Dao, Jiangnan Yanyu, and \* Dao are my classmates in reality. In the future, Give them the logistical work, and you will handle the transfer. "

"Good grin." The white lion and Zhuo Jiu and others together showed relief, and each handed over to Jiang Ze and Zhao Xu.

Lu Yang looked at them for a while and laughed. They handed over. Lu Yang opened the guild list and looked up.

Unlike the previous life, Lu Yang was too late to establish the guild, and the masters were recruited by major guilds. In this world, Lu Yang established the guild when it was in service for more than 20 days, or it was established when the scattered groups were defeated. Will definitely be able to recruit many top players.

Sure enough, on the first page, there was a god-level player in Lu Yang's memory—the black note. He was a warlock.

...

9 pm.

The recruitment time was over, Jiang Ze and Zhuo Jiu and others ended the recruitment work. It happened that Lu Yang also read the roster of the team. Among all the 70,000 players recruited, Lu Yang found 224 names from the last generation that he could name. Player.

Let the waiting players disperse first, and Lu Yang took everyone back to the abandoned house in the south of the city.

After sitting, Lu Yang asked, "Is there any problem with the handover work?"

Jiang Ze said: "Everything goes well, tomorrow we can recruit players alone."

Lu Yang nodded and said, "Very well, our task will become very heavy next time, you are stable behind, and we can only play with peace of mind."

"Boss, are we going to fight with Bloodlust?" Bai Lang said eagerly.

Lu Yang smiled and shook his head, and said, "Did you not find out, we should have been very difficult in establishing the guild, but so far, no gang has come to us for trouble."

"It's really strange." Xia Yuwei said that when he established the guild, he had no less conflict with other people.

Lu Yang said, "On the one hand, everyone is waiting to see our jokes."

"Joke?" Everyone frowned.

Lu Yang said: "Yes, it's a joke. Everyone thought that my young and inexperienced children, Lu Yang and you, were incapable of supporting such a large guild. Let you dissolve either for rights or interests. "

"How is that possible," said White Wolf.

The hairball shook his head.

Lu Yang said with a smile: "Why didn't the Bloodlust Alliance fight us back immediately, and why didn't the Black Blood kill our men in the wild? Try not to conflict with us? "

Zhuo Jiu, Xia Yuwei and others thought for a while, and found that it was really like Lu Yang said, everything went smoothly making them hard to imagine.

"Boss, we will never quarrel over money and rights. Playing games is our pleasure. What we enjoy is the sense of galloping in the game and the novelty of entering another world." Said bitter love for a long time.

Han Liu said disgustedly, "I hate this thing before it's too late."

Lu Yang said: "Now whoever finds the fault with us first will usher in the huge anger of more than 70,000 people in our entire guild. The Bloodlust Alliance can now fight us, and the black blood may also defeat us, but they do not want to touch This brow, after all, won us. They won only a miserable victory. After winning, they will face the merciless blow of the hostile guild. "

"No one dares to mess with us now. The presidents of the major guilds are really a bunch of old foxes," said White Wolf.

Lu Yang said, "That's right, it just so happens that I'm also a little fox."

Everyone laughed.

Lu Yang went on to say: "This time will be our best development time. I am not sure how long it will be, so starting tomorrow, Zhuojiu, Xia Yuwei, White Lion, bitter love half-life, four of you will each lead 200 people Players scavenge each major copy to accumulate equipment. It won't be long before the major guilds find that there are no problems within us, and the operation is getting better and better, we will become a fat under the service of a pack of wolves. At that time, if we can If we fight the bloodthirsty alliance, then we can really count on our feet. Otherwise, our guild will collapse in an instant. "

People such as Xia Yuwei and Zhuojiu did not consider such a long-term thing, but after Lu Yang's description, they could fully understand the current situation of the guild.

"Boss, equipment is not a problem. We can solve this soon. We can do this in the wasteland copy. The only problem is the skill book. This thing can't be bought with money. The skills are not complete. If you play against other guilds, you will not be able to gain high-level skills," said Zhuoji Qingping.

The same is a battle. The damage dealt by one side with the skills learned at level 10 and the damage dealt by the skills at level 1 are disproportionate. If both sides have the same equipment and compete for skills, which side has the worse skills, which side will be defeated. .

Lu Yang said: "I have a way to solve the problem of skills. I will retreat and level up tomorrow. We are limited to 10 days. After 10 days, I will bring you a lot of skill books. You will also bring me out. At least 800 players who are equipped with full silver at level 18. "

This kind of request was replaced by other guilds, and their men had long said that it was impossible, but people such as Zhuo Jiu Pour Duan and Bai Lang showed their interest in challenge.

Only Xia Yuwei and Lan Yu's Frozen Studio were a little embarrassed, but did not show it.

"I have a list of people in my hand." Lu Yang sent the black note he found earlier to the list of the great gods of the last generation into the dialogue box of Zhuo Jiu and Xia Yuwei and others.

"The first batch took these people to upgrade first ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Their equipment and grade are relatively high, and I will make other arrangements for them later." Lu Yang said, he could not tell Zhuoju and others that they were Rebirth players can only use this explanation.

"Okay." When voicing wine and other people noticed black notes and other people when recruiting players, in their minds, they also hoped to bring these people first.

Lu Yang said to Jiang Ze, Tu Feng and others, "In your next mission, if you want to discover potential game masters for me, when you need to spend money, you contact a player called the black armor

warrior. His real name is Xiao Liang, my brother who grew up together in reality, has less than 500 gold guild expenses. If you ask him for money directly, I will tell him. “

“You are so rich.” Jiang Ze asked in surprise.

Lu Yang said with a smile: “I don’t have any money. How can I open a guild?”

Zhuo Jiu Qing Yan and Xia Yuwei and others were originally worried that Lu Yang’s guild would not have enough funds to run for a long time. Now they are all relieved and show relaxed expressions.

Lu Yang clapped his hands and said, “Start tomorrow, everyone cheers together, let us prepare a big surprise for everyone who looks down on us.”
