

Wild Fire 221

Chapter 221 - Sayama

The 5,000 people brought by Ye Guxing are all senior players of level 20 and above, and the equipment is a level 20 silver suit. At this time, Ye Guxing is leading the team to disperse and hunt down Luyang Guild players on the level 15 map.

“Lu Yang’s main force appeared?” Ye Guxing’s expression on his face murmured, “Finally found you.”

“Boss, what are you talking about?” A younger brother asked.

Ye Guxing ignored him and directly sent messages to his heads, saying: “600 of Lu Yang’s main players appeared at the gate of Gutland’s replica. integral.”

The bloodthirsty players who can’t find anyone, like the wild wolves smelling blood, gather in the size of squadrons and squadrons towards the wild wolf valley.

The deputy head of the side Magnet said, “Lone Star Boss, we are not here to reorganize the army, can we go to the leader hills and reorganize the army?”

Ye Guxing said: “The entire army takes too long here. Can you afford this responsibility if you run away?”

The magnet was silent without a word.

Ye Guxing continued: “Not to mention, this group of 600 people, I can defeat them in a wave of charge, and everyone rushes to the orc hills.”

The 500 players of the Night Lone Star headquarters ran towards the Orc Hills in the footsteps of the Night Lone Star.

Entrance to the ruins of Gutland.

Dusty Wine Dump is guarding the door with 600 players of the Iron Brotherhood, and 10 hunters looking out over 3,000 yards send a message every minute.

“Boss, I’ve arrived at the designated location.” Zhuojiu poured out a message to Lu Yang.

Lu Yang was carrying 100 fires to defend the Sayama and said, “I’ve come to the Sayama, and I’ll go to you after I’ve commanded things here.” Lu Yang said.

“So fast!” Xia Yuwei and bitter love half-life and others were a bit surprised, they took 2600 talents to the entrance of the Sayama.

“There is a secret tunnel here,” Lu Yang said.

Use the teleporter in St. Gall to reach Level 25 Map Moon Shadow Town. There is a secret tunnel outside the town, and the other side of the tunnel is the Sayama.

At the top of the Sayama mountain, Hei Yan looked at the road sandwiched between the slopes on the left and right sides and said, “Boss, this is really a good place to kill and set fire.”

Lu Yang laughed, as it happened, a fumes of smoke rose up in the distance, Lu Yang looked, Xia Yuwei, Lan Yu, Bai Shixiong, half-loving half-life, and Sun Yu each led the team towards this quickly.

“Boss, we’re here,” Bai Lang said in a message.

A flash of white light on Lu Yang appeared in the middle of the passage.

“Boss.” White wolf and bitter love half-life ran over excitedly.

Lu Yang looked at his generals and the 2,600 elites behind him and said, "In the past few days, you have worked hard."

The white wolf said, "Boss, you work harder than us."

"Boss, we are ready."

"This time we must turn over the Bloodlust."

...

Each of the 2,400 players was filled with indignation. During this time, the guild's encounters were clear to them. Now they can finally get revenge, and each is full of motivation.

Lu Yang nodded with satisfaction, saying, "Brothers, this is the most crucial battle of our Jagged Brotherhood. It is only the first step to defeat the 5,000 people in the Night Lone Star. This time we will completely beat the bloodthirsty bully. Do n't dare to come and provoke us. "

"Yes." The crowd shouted in unison, uttering through the valley.

"Boss, let's talk, how to fight." White wolf said excitedly.

Lu Yang pointed to the slopes on both sides and said, "Three brothers of white wolves and Xia Yuwei are armed on the right **** with 1200 people. For half a life, Sun Yu is armed with the remaining 1200 people on the left slope."

"Yes," the four said together.

Lu Yang pointed at the 100 fire methods behind him and said, "This is the 100 fire methods I trained individually. Each of them understands the simplified spell of Pyroblast. In a while, they will form a separate team to participate in the battle."

“100 fire methods that will simplify the spell?” Xia Yuwei and others were stunned, they were all very clear about how strong the simplified spell was, and no one expected that Lu Yang quietly established such a team.

“For a while, the 5,000 people of the Night Lone Star were brought into the siege circle by me and the muddy wine. You listen to my command and launch an attack. You must wipe out the 5,000 people of the Night Lone Star and force the bloodthirsty Batian to take a big battle with me.” Lu Yang Said.

“Let’s take the initiative to find the bloodthirsty domineering battle?” Xia Yuwei asked in surprise, originally she thought that Lu Yang was going to kill Ye Guxing’s 5,000 people to boost their morale.

Lu Yang said, “Yes, I am looking for a bloodthirsty battle. Isn’t he looking for me? I have already made appointments for the twilight, the hegemony, the thunder dragon of Beifeng City, and the slang words of Hannibal City. The four men sent troops to fight against Bloodthirsty Domineering. In this battle, as long as Bloodthirsty Domineer brought out the main force, he would be defeated. “

Xia Yuwei frowned and asked: “But we only have 3,000 people.”

Lu Yang said, “Adding 2 forbidden spell mages and 4 hellfire lords, and 25 top wind spell hurricanes, is that enough?”

“2 Forbidden Mages?” Suffering half-life asked in surprise: “Boss, apart from you, do we have Forbidden Mages?”

Lu Yang said, “Yes, he is already armed on the next map of the Golan Heights.”

Mu Yu has gone to the Golan Heights to find Han Yingsan’s sister and Xiaolai who are going to be there.

The hearts of Xia Yuwei and others were relieved. One of the bloodthirsty leagues that Lu Yang, who knew the secondary forbidden spell, almost collapsed. Now there are two forbidden spell masters, and they are more at ease.

Who indulged in my life and said, “Boss, what is Hellfire Lord?”

Lu Yang took out a total of 100 bottles of Guru Chaos and gave them to the madman, saying, "Eat this mixture, there is a certain chance to trigger the effect of adding 1700 intelligence. When the player's intelligence reaches 2000, the hellfire released will evolve into the hellfire lord, The lord has twice the strength of ordinary hellfire. "

Xia Yuwei and others all showed surprised eyes. Whoever insulted me for a lifetime almost drank the mixture with a grab, and after a while, triggered the effect of adding 1700 intelligence ~
www.mtlnovel.com ~ Who insults me The maniac chose to summon Hellfire. A green stone man twice as large as the normal Hellfire fell from the sky and smashed into the ground to bring up a cloud of dust. Then, a ghost-faced hellfire lord standing 8 yards with spiked armor all over stood in the dust. Up.

Xia Yuwei and others have seen the attributes of the Lord of Hellfire, and the white lion said excitedly: "We have three such hellfires?"

Lu Yang said: "Yes, the Lord of Hellfire level 7 will turn into a green bead when he is not playing monsters, and the warlock can throw it again, just like summoning Hellfire."

Lu Yang went on to say: "As for the last hurricane, I'll sell it first, and when that time comes, I promise to surprise you."

Whoever said enthusiastically throughout my life said, "Boss, I have never believed that we can succeed in this moment. We will win this battle."

Everyone nodded.

Lu Yang looked at the time and said, "Everyone you want to defend, I'll look for the muddy wine. If I'm here, Ye Guxing will chase me desperately and give me no chance to release the curse."

Chapter 222 - History of World War I

Xia Yuwei, Bai Xiong, and others immediately led the team into the hillsides on both sides and hid in the grass in accordance with Lu Yang's requirements.

Lu Yang rushed to Gutland quickly, with Level 3 blazing speed, rocket thrusters, flashes and escape daggers. Lu Yang was five or six times faster than normal players, and ran to the gate of Gutland in only 5 minutes. .

"Boss, you're here." Zhuoshu greeted people with excitement and excitement.

Lu Yang asked, "How is your preparation?"

Zhuoju said, "In order to look like it, I let Yeyue listen to the wind and lead people to clear a path in the ruins of Gutland, which can be retreated at any time."

"Very good," Lu Yang said.

Suddenly, Mao Ball sent a message saying, "5,000 people from Ye Guxing came after them, and there is still 5 minutes away from here."

On the mountain, the fur ball looked at the entrance to the orc hills in the distance, and Ye Guxing quickly assembled with 5,000 players.

"The enemy is in Gutland, follow me." Ye Guxing ordered, 5000 people chased after Gutland.

During the march, 5000 people are divided into 10 squares, each of which has 500 players, and each square is divided into 25 teams of 20 people. Each team is equipped with a hunter. The cheetah aura is activated to increase the movement speed by 30%. None of the entire 5,000-person team left behind, almost as instructed.

The reason for this ability is because Ye Guxing kept training these players during this period of time, in order to wait for the day to come.

Since encountering Lu Yang, Ye Guxing was killed three times in a row. The huge bloodthirsty alliance was helpless to Luyang. He even lost his face in front of bloodthirsty domineering.

“Lu Yang, this time I must kill you with my own hands.” Ye Guxing’s expression was sloppy.

After walking through the orc hills and into the Gutland Mountains, just as the night lone star had 100 yards to the entrance to the Gutland ruins, the hair ball suddenly jumped out from behind a large stone in the ruins and shouted: “No, the bloodthirsty men are chasing after each other. Let’s run away.”

At the entrance to the ruins of Gutland, Lu Yang glanced back at the night lone star standing in the brigade, with a look of contempt. This is a vicious dog raised by the bloodthirsty bully.

Although far away from 150 yards, Ye Guxing couldn’t forget the appearance of Lu Yang in his life, his eyes widened instantly.

“It’s Lu Yang.” Ye Guxing’s face showed irresistible anger, took out an acceleration scroll from his backpack and tore it apart, shouted loudly: “Lu Yang is also in this team, all for me Chase, who first killed Lu Yang’s reward credits 30,000. “

5,000 players heard the reward and went into a runaway state instantly. The **** Chaoyang rushed past and quickly approached Luyang with a 100% acceleration.

Lu Yang sneered, waved his hands with muddy wine, and 600 players ran out according to a preset route, saying: “Hunters set up frost traps and freeze traps along the way, disturbing their movement speed.”

The Frost Trap slows down by 50%, which can greatly slow down the enemy’s movement speed, and the Frozen Trap can freeze the enemy in place for 10 seconds, and can even destroy the enemy’s formation.

Ye Guxing first stepped into the trap and entered a decelerating state, unwilling to watch Lu Yang gradually running away, his face shouted shyly on the World Channel: "Lu Yang, you can't run today, I must kill you."

"Only you? Not worth it." Lu Yang also replied on the World Channel.

Night Lone Star is even more angry. After being triggered once, the Frost Trap can only last for 10 seconds. With 100% acceleration, Night Lone Star quickly led the team to follow Lu Yang, but it only caught up to 50 yards. Distance, the acceleration effect disappeared because of time.

However, Ye Guxing is not in a hurry. The cooling time of the acceleration scroll is only 5 minutes, and after opening it again after 5 minutes, he can catch up with Lu Yang and kill him with his own hands.

The deputy Magnet followed the night lone star, frowning and said: "Boss boss, the team is too scattered, we can't chase like this."

Ye Guxing was completely angered by Lu Yang 's sentence that you do n't deserve to be stimulated. In addition, during this period of time, players who kept hunting down Brother Brothers did not put Lu Yang in their eyes at all.

"What are you afraid of? It's better to disperse the team, so that Lu Yang will kill fewer people when he releases the curse, and we can annihilate him at a smaller cost."

Magnets are silent and speechless.

Continued chasing for 2 minutes. Magnet stared at the rising hillside on both sides and said, "Boss boss, this terrain is not right, be careful there is an ambush across."

Ye Guxing looked at the scroll with half of the cooling time, and said madly, "What are you afraid of? I have 5,000 people. He Luyang has become a bereavement dog. Can he organize more people to fight against me?"

The magnet was dumb again and speechless.

Both sides chased after me, and ran into the narrow mountain together after 3 minutes. At this time, the acceleration scroll had cooled down. Looking at Lu Yang just 50 yards in front, Ye Guxing's face showed a wild smile.

Picking up an acceleration scroll again, just as he was about to crush the seal, he found that Lu Yang stopped with 600 people in place.

"Night Lone Star, I want to let you know the cost of killing my Jagged Brotherhood." Lu Yang suddenly raised his right hand.

"Brothers, kill me."

On both sides of Sayama, suddenly the countless players of the Jagged Brothers Alliance, Xia Yuwei, Lan Yu, Bai Xiongxiang, bitter half-life, Han Liu, Sun Yu and others shouted at the same time: "Kill."

Thousands of spells and bows fell into the team of Night Lone Star, and the distance of spells and long-range attacks increased at an angle, while the team of Night Lone Star was below the mountain, and the players who attacked the top of the mountain were not far enough.

Coupled with the sudden attack, Ye Guxing and 5,000 players only felt that Lu Yang's men were all on the narrow hills on both sides. Under the coldness of the liver and the gallbladder, Ye Guxing shouted loudly: "Withdraw, all retreat."

A dagger emitting blue light spun up and flew in front of Ye Guxing. The blue light flashed, and Lu Yang, carrying a big red bird on his shoulder, appeared.

"Now I want to run, it's late." Lu Yang sneered, a spell in his mouth, and a black ripple of 10 yards in diameter appeared at the feet of Ye Guxing and the players around him.

"Flame Storm"

A huge fire storm rose into the sky, knocking Ye Guxing to its original place, and countless more than 1,000 injuries surfaced on Ye Guxing and others.

“Blazing Bird”

The big bird stopped on Lu Yang’s shoulder dived to Ye Guxing and others, and killed Ye Guxing more than 1,000 blood.

Running in front of Ye Guxing is his anti-riding and fighting, specifically to prevent being spiked by Lu Yang. Everyone is studded with blood gems, including Ye Guxing, and is equipped to support him. Blood is also equipped with blood and blood gems, everyone’s blood is above 5000 points.

In the face of Lu Yang’s two consecutive photos, Ye Guxing was not afraid, and shouted, “Healing plus blood.” He ran towards the landing sun against the impact of a meteorite, and the remaining 10 soldiers also launched along with Ye Guxing. charge.

Lu Yang snorted coldly, just as Ye Guxing was about to come in front of him, the spell in his mouth was spoken again.

“Meteorite Impact”

A 10-meter-diameter meteorite landed from the sky on the top of the night lone star, inflicting more than 1,000 damage.

“Resistant Fire Ring”

More than 10 players, such as Ye Guxing, were instantly retreated backwards, just falling in front of the meteorite that was about to land, resulting in a continuous attack effect. Each step back followed by the meteorite attack.

More than 20 treatments behind Ye Guxing worked desperately to add blood to Ye Guxing and others. However, their legal injury photos were much different than Lu Yang. The speed of blood addition could only barely follow the damage of Lu Yang meteorite attack.

The blood of Ye Guxing and others has always been in a state of residual blood, and more than 1,000 points were destroyed as soon as they were increased by more than 1,000 points.

After 3 seconds, Night Lone Star stopped and meteorite attack rushed behind him. At this time, he had 300 points of blood left. The remaining blood of the soldiers around him was around 500 points, and the treatment had just added blood. , The next treatment is 2 seconds later, when Ye Guxing thought he was safe.

“Destroy the Sky”

A red-gold sky fire descended from the sky in the middle of the night Lonely Star.

“3000” (Critical Strike)

Night Lone Star, die!

4 fighters following you, die!

“Lone Star Boss is dead?” Players around the Bloodlust Alliance immediately fell into a panic state.

“Kill, brothers, it’s time for us to take revenge.” Zhuo Jiu Qing ran without Lu Yang’s second-stage flash skills and just ran over from 50 yards with someone.

Every player in the Iron Brotherhood is full of hatred for the Bloodlust Alliance. They are the ones who forcibly grab bosses. They are the ones who wantonly attack the players. They are also the ones who rely on many people to kill and grab equipment.

The hatred of the scattered groups and the hatred after joining the Brotherhood, the 3100 people selected by Lu Yang have extreme hatred against the Bloodlust Alliance.

“Brothers, follow me and avenge.” The white wolf raised his 20-level sword and jumped off the mountain, killing him from the middle.

The White Lion and the White Tiger followed behind the White Wolf, and the 500 melee careers followed the two. The brave men met on the narrow side, and the Baixi Sanxiong took the team with a violent force to directly cut the 5,000 people of the Night Lone Star.

The bloodthirsty alliance was originally ambush and its morale was low. Lu Yang’s side was revenge in the state of mourning. Now he has been cut off from the front and rear command links, and the bloodthirsty alliance has completely fallen into chaos.

On the left side of Sayama, bitterly loving, he saw White Wolf rush down first, raised the weapon in his hand and shouted, “Melee class, follow me.”

Another 500-person team rushed down the mountain. Han Liu and other mage teams and Sun Yu’s hunter team swept for them at the top of the mountain. They succeeded in letting the bitter lovers cut the back team of Ye Guxing again into two sections.

“Everyone is stable. Our rank is higher than them and our equipment is better than them. Do n’t mess with everyone. The back team organizes defense and the front team retreats to minimize injuries.” Ye Guxing’s deputy head magnetist was dumb in the crowd. Shouted.

The whistling sounded.

100 Pyroblasts hit the magnet’s dull body with precision.

“98” ...

Even if there is more than 5,000 Qi and blood in the magnet, he was instantly killed in the spot ~
www.mtlnovel.com ~ Hei Yan looked at his masterpiece with satisfaction, and directed 100 fire methods to continue to find the next target. These 100 people have arranged missions to specialize in killing the commanders and healing professions of the Bloodlust Alliance.

Among the 5,000-person team of Ye Guxing, there are only 500 people in the treatment profession, and each person has to undertake 9 people's treatment tasks. Because this team is mainly used for killing, the treatment is very little.

In order to prevent Lu Yang's attack, Ye Guxing deliberately placed 300 treatments in the front team. As a result, in the frontal attack of Lu Yang and Zhuoju pouring, most of the 300 occupational injuries were injured.

Without the treatment team, they were instantly slaughtered. Under the same equipment, Lu Yang was like harvesting leeks, and died in less than 5 minutes.

Ye Guxing was resurrected in the nearest main city. He immediately sent a message asking about the situation. When he learned that most of the team had been killed, less than 500 people escaped from the mountain and all the others were surrounded by the mountain. A shout of collapse in Star Chest exited the game.

Chapter 223 - Holy city mess

"Boss, it's not good. Our 5,000-person team was ambushed by Lu Yang." Magnet sent a message to Bloodthirsty Sky in horror.

The bloodthirsty headquarters is waiting for the news. The bloodthirsty bully stood up and asked angrily: "How can you bring 5,000 people, he has only 600 people in Lu Yang, where are the extra people to ambush you? , Where is the night lone star. "

Magnet said in horror: "Boss, Lu Yang is not 600 people, but 3,000 people. The leader of the night lone star revenge eagerly led 5,000 people to chase Lu Yang into the narrow mountain. After being lured by Lu Yang, 5000 people ran 500 people, the rest were trapped inside the Sayama, at this time they were afraid of being sieged. "

"What." The bloodthirsty bully was furious and immediately sent a message to Ye Guxing, only to find that Ye Guxing had gone offline.

“Bastard.” The bloodthirsty Batian shouted shouting, “The magnet is dull, and now I appoint you as the leader. Lu Yang wants to wipe out these 5000 people not so fast. You immediately regroup with the resurrected players. Be sure to entangle me with the 3,000 people in Lu Yang. You must not let him run away. I will personally take someone to help you. “

“Yes.” Magnet closed the dialog box and immediately rectified the rebirth of the resurrection point. Soon, the number gathered to 3,000. After seeing so many deaths, Magnet was extremely angry and led the team back towards Sayama rushed over.

Ⓜ Bloodthirsty headquarters.

Bloodthirsty Batian smashed the coffee table in front of him with an angry punch, saying: “Order, Qu Han and Yuxue Bawang each assembled 10,000 players to go to the narrow mountains to surround Luyang. All the players above level 20 on the eastern map of the holy city are all Meet at the door and follow me. “

“Yes.”

Yu Quhan and Yuxue Bawang each took 10,000 people to upgrade their equipment on a 20-level map in the south and west of the Holy City. After hearing the words, the whole team immediately prepared for the battle. Bloodthirsty Batian personally came to Dongmen to organize the team.

Such a large action, the late twilight of the Zijin Dynasty and the supremacy of the supreme dynasty both found the bloodthirsty domineering action.

“Brother, you really succeeded, I got the news here, bloodthirsty bully can’t sit still in person.” Chi Mu said.

Lu Luyang asked, “How many people are here.”

Wu Xiongba said: “Qu Han and Yuxue Bawang each brought 10,000 people, and Bloodthirsty Batian brought another 10,000 people, both of which were level 20 or above.”

Qian Siyu asked in surprise: "Lu Yang, how many people did you kill the bloodthirsty bully, and how did you make him so angry?"

Lu Luyang said, "I fought an ambush here in Sayama, killing more than 4,000 people."

"It's beautiful," Lei Long said.

Chi Wu asked: "What are you going to do next?"

Lu Luyang said, "How many people can you transfer now?"

Wu Xiongba said: "10,000 people, can be completed within 10 minutes, are all 20 or more."

Chi Mu said: "It's the same with me."

Lu Luyang said: "Okay, the two brothers worked hard to lead Qu Han and Yuba Xia respectively. If the number of bloodthirsty tyrants is only 10,000, I will let him taste a complete defeat."

Chi Wu frowned and asked, "Are you sure, 2,000 of the 10,000 people in Bloodthirsty Headquarters are equipped with pure gold and wear gems all over the body. Can you really fight?"

Lu Luyang said: "Rest assured, this level of equipment is not everything, I have absolute confidence, and, in the war just now, I did not use the flame magic change, nor did I use the forbidden spell."

He Xiongba and Chi Mu were relieved when they heard this, Chi Mu said: "Okay, I will go crazy with you, brother, and I will personally take 10,000 to intercept Yuxue Bawang."

Wu Xiongba said, "I'm going to intercept Qu Han."

"Then Leilong and I started to make troubles in Beifeng City and Hannibal," said the silk language.

Lu Yang smiled and said, "Thank you."

On the battlefield.

Lan Yu and Hei Yan both ran to Lu Yang happily. Lan Yu said with joy on his face: "Brother, we got more than 7,000 pieces of silver-grade equipment over 20 in this battle. "

Lu Luyang said: "First distribute the equipment full of gems to the muddy wine and bitter love for half their lives."

"Yes." Lan Yu and Hei Yan ran forward with the team.

Chu Zhuojie sent a message and said, "Boss, the remaining player of Ye Guxing does not know what happened, and suddenly attacks us."

"I'll take a look." Lu Yang jumped to the top of the narrow mountain with an escape dagger and flash, turned on the rocket launcher and quickly came to the front.

Standing at a high place, Lu Yang found that the remaining 500 people in the Bloodlust League were constantly using magic to attack people such as Zhuoshu, and further away, Magnet was leading more than 3,000 people without formation.

Lu Lu sneered and understood the idea of bloodthirsty domineering, nothing more than to let this group of people entangle themselves, until he personally led someone to chase here.

"Boss, what should we do." Mao Qiu asked aside, he had just changed into a brand new level 20 equipment, all of which were filled with gems, and his attack power increased by more than 100.

Lu Luyang said: "Without the Night Lone Star, this group of people is garbage. Looking at their formation, Magnet does not know how to lead the team, and all the members jumped out of the narrow mountain with me."

At the entrance of Mt. Sayama, white wolves, white lions, muddy wine, and bitter love half-life are gathering in front of them to set up a defensive formation ~ www.mtlnovel.com ~ to confront the bloodthirsty players outside Sayama.

The white wolf turned back to see that his team and Landing Yang all jumped down from the narrow mountain, with a surprised expression in his eyes, and asked, "Boss, are we going to rush out and fight?"

Lu Yang came to the front and said loudly, "Brothers, the bloodthirsty Batian is personally bringing 10,000 people towards us. Before he comes, we will give him a big gift. He wants to let the night The 5,000 people of Lone Star entangle us. He thought we only dared to ambush and didn't dare to confront them head-on. Now, I will let them know that the strength of our Jagged Brotherhood, everyone follows me, rush! "

Lu Yang first rushed out of the team. White wolf, Xia Yuwei, muddy wine, bitter love followed Lu Yang's side, and 30 yards away from each other. The soldiers collectively launched their charge skills. In a flash, the two sides launched a white-bladed battle.

The command received by the remnant team of Ye Guxing was to entangle the 3,000 people in Lu Yang. They had been frightened by the battle just now. Where did they dare to rush inside, they could only release the magic desperately outside, and, People of the Bloodthirsty League never thought that Lu Yang would dare to rush out with the team.

As a result, the sudden charge directly killed the remaining 500 people, and in the distance, due to the geographical difference, the magnets below were dull and it was not clear what was ahead.

Within 500 minutes, all 500 people were killed.

"The priest, the paladin rescued people in situ, and the others recovered in situ." Lu Yang shouted.

After two battles and two defeats, Zhuoju and other people were full of confidence. They immediately rescued the dead brothers and took medicine to restore blood and magic.

After 2 minutes.

Chapter 224 - Battle of Razor Ridge

Lu Yang said: "Everyone sets up their formations and prepares for battle."

"Yes." Zhuo Jiu and Xia Yuwei and others immediately set off.

In preparation for today's battle, Lu Yang began to arrange formations for the Zhuo Jiu and Xia Yuwei, etc., half a month ago.

The entire corps has a team of 100 people, with a professional position, anti-war and anti-riding, the second team of violent wars and thieves, the third team of hunters, warlocks, wizards, priests and healing fourth team.

The 500 people who were destroyed at this time have reported the matter to Magnetism. Unlike Night Lone Star, Magnetism has no organizational ability and no overall view of Night Lonely Star. It was learned that Lu Yang was running with someone. Out of Sayama, I thought his opportunity was here, and I could haunt Lu Yang to find the Bloodthirsty Batian Invitation and shouted loudly:

"Brothers, hurry up, the bloodthirsty boss is coming here with 30,000 people, as long as we are entangled in Lu Yang, it is a great achievement and follow me."

The more than 3,000 people who rushed over with the magnets without light heard the words even more brave, but they did not notice that the entire battle formation has become fragmented. It is true that Lu Yang could not zoom in on the shooting star, but this way In the battle formation, there was only one ending in the face of Lu Yang's 3,000 men who had already set the stage.

“Iron Brotherhood, move forward.” Lu Yang pointed with his hand, and the 3,000 people in the front of the battle line marched neatly toward the front. Everyone’s face was filled with hatred. The entire 70,000 guild was beaten. More than 20,000 people.

What kind of humiliation is this time, how embarrassing the bloodthirsty chase was and how embarrassing they were, only to kill the bloodthirsty league once. It is completely unpleasant. They will return all the humiliation of the previous month.

A map before Mt. Nakayama had a huge slope, shaped like a razor, known as Razor Ridge.

When the magnetite ran out to the middle of the huge slope, Lu Yang’s team appeared neatly at the top of the slope. In the afterglow of the setting sun, the elongated oblique shadow even covered the face of the magnetite.

“It’s Lu Yang’s team.” Magnet Wuguang showed a terrified expression instantly. How could he never imagine that Lu Yang dared to walk to this place and looked back at his formation. The magnet had no gloss and no blood on his face.

“Iron Brotherhood, kill.” Lu Yang held up his staff, and the meteorite smashed one by one from the sky.

“Kill.” The three males of the Bai family rushed into the enemy position with 200 melees in a sagittal shape and cut the scattered pieces of Magnet 3000 who were scattered in half. The muddy wine dumped and others took cover and killed them.

Lu Yang stood on the top of the slope, looking at the Magnetless Corps, who did not even have the ability to fight back, a sneer appeared on his face.

The battlefield is a strange term for everyone in this game, but it is very familiar to Lu Yang.

In the last life, when everyone was discussing whether the priests and mage teams should be placed in the second or third row, the player called the game soldier saint took the lead to propose a battle array.

There are 18 kinds of array methods such as sagittal sagittal shape, wild goose shape, horn shape, and rectangular shape. Each type is combined with different professional combinations. With the same equipment on both sides, one method can be used to outperform the other.

Luyang was also the boss of a guild at that time. The guild battles of thousands or even 5,000 people played more than once. For the formation method, it was a first glimpse of the door. This time it was used here to kill chickens.

“Boss, you play too much.” Zhuo Jiu shouted in the mock group.

“Bad them in one round, too easy,” shouted Bai Lang.

Lu Luyang said: “Don’t fall in love, the bloodthirsty team will be completed. We have less than an hour to prepare to retreat with me.”

I was talking.

Jiang Ze sent a message saying, “It’s not good. Members of the Brotherhood Alliance have heard that we and the Bloodthirsty Batian have to fight, I can’t stop them.”

Lu Yang opens the guild channel.

“Brothers, the boss has taken someone to fight with the bloodthirsty alliance, we can’t sit here and wait for the boss.”

“Boss, there are few people on the boss side, so he can’t let him be defeated by the Bloodthirsty League.”

“Who goes, sign up.”

“I go.”

“1.”

Uh ...

Swipe thousands of messages in a blink of an eye.

Lu Yang's heart was shocked. These talents have more than ten levels, knowing that they can't fight, they still have to help, we can see how trust these people have in Lu Yang.

“Brothers, listen to me, I am Lu Yang.” Lu Yang spoke on the guild channel.

The entire channel quiets down instantly.

“Do n't come for the time being, everyone's level is too low, we were too weak before, and the pressure of the bloodthirsty league is so great, I ca n't bring too many people to the level, now, I have won the vanguard of bloodthirsty hegemon I killed these 5,000 people twice each. Just rest assured that you are here, and after this time you have won, I will give you ample room for upgrading. Please believe me. “

More than 20,000 players who stayed in the Jagged Brothers League understood Lu Yang's painstaking efforts before, and he could not help but scold Lu Yang before pulling a mouth.

A player said shamefully, “Boss, even if we let us be cannon fodder, give us something to do. If we do nothing, we have no face to stay in this guild ~ www.mtlnovel.com ~ Yes.”

“We recognize it as cannon fodder.”

Lu Luyang's heart was touched again by these players, saying, “Are you really willing to be a cannon fodder?”

“Yes, boss, where do you say, we will follow you.” Said a player called the long-blooded sword.

Lu Yang looked at the time. At this time, the bloodthirsty team should finish finishing, and said, "I'll give you 10 minutes to gather at Level 15 Troll Forest. How many people can come and count."

Jiang Ze sent a message to Lu Yang and asked, "What shall we do there?"

Lu Luyang said: "I want you to help me seduce the enemy to go deeper. I have been thinking about how to cheat the bloodthirsty domineering. If there are two or three thousand people, the bloodthirsty domineering can be almost fooled."

Jiang Ze said: "You wait, I will lead the team myself."

外面 Outside the east gate of St. Gall.

血 Bloodthirsty Batian is finishing the team and got the news of the two previous defeats. Bloodthirsty Batian has been furious. "How can the three teams of Can Yue, Han Jiangxue, and Zephyr not reach."

"Then they are too far away, don't worry, Magnet Guangguang is entangled in Lu Yang, but he can't run."

"This time, I will personally kill Lu Yang, completely destroying his guild." Bloodthirsty Batian gritted his teeth and said.

"Rest assured, Lu Yang is just the last counterattack before his death. As long as we have 30,000 players above level 20 converging to Sayama at the same time, the Iron Blood Brothers Alliance can only be dissolved, and no one will want to join such a guild in the future." Said Yuema South Bank.

“How are Qu Han and Yuxue Bawang preparing?” Bloodthirsty Batian asked.

“After the organization of the staff, Qu Han took the east map to Yingyue Valley, and Yuxue Bawang took the west map to the rocky canyon. From these two places, you can pierce the peaks on both sides of the narrow mountain, and you can reach it within an hour. Said Southbank.

“Let him two speed up again, they must reach the narrow mountain within 30 minutes,” said Bloodthirsty Batian.

Map of the eastern side of the holy city.

Qu Han was running with the team and got the news of the south bank of Yuema. Qu Han shouted loudly: “Hurry up, the thieves have found no new shortcuts. Do n’t care how much blood is lost, you can jump where you ca n’t run. jump.”

In order to save time, Qu Han ordered the team not to take the avenue, and all took the small road. The thieves running ahead were responsible for opening the road, but the 30 thieves responsible for opening the road were all standing still.

“Why not answer?” Qu Han asked.

“Qu Han, look at the front.” Deputy Chief Rou Yu pointed at the 10,000 players who suddenly appeared in front of him.

“Everyone stops.” Qu Han raised his right hand to stop the team, and looked at the domineering domineering in the middle of the opposite team, saying, “Xiondo, what do you mean.”

Yan Xiongba said sharply: “Qu Han, I will give you two choices, either fight with me now, or you will stop honestly.”

Wu Quhan’s formation has been scattered, where dare to fight against the male domineering, gritted his teeth and said: “The whole team.”

Wu Xiongba snorted and ordered the team to set up an offensive formation.

Han Ququn sent a message to Bloodthirsty Batian and said, "Boss, I was stopped by the 10,000 tyrants."

什么 "What." The bloodthirsty Batian asked in shock: "What's going on."

"The tyrants stopped the Taniguchi of Shadowmoon Valley with 10,000 people of the Supreme Dynasty, and let me choose to either fight or stay there." Qu Han said.

"Bastard." The bloodthirsty bully was furious, and sent a message to the bully, saying "bully, do you want to start a full-scale war with me, you are looking for death."

He Xiongba responded with a word, "Get out."

血 The bloodthirsty domineering was extremely angry, but there was no way to vent. He pointed to the south bank of Yuema and said, "The whole team, I will personally support Qu Han and destroy the miscellaneous hegemony."

After enthusiastically asking about the situation, he frowned and said, "Okay, let me know."

血 Bloodthirsty Batian said: "Also, tell Yuba Bloodlord, surround me with Lu Yang, and I will go to him if I destroy the male."

The Yuba Bloodbath is about to run to the rocky canyon. After receiving the order, he shouted loudly, "Accelerate and rush into the canyon. This time, our first effort is ours."

Suddenly, the twilight old man at the entrance of the rock wall gorge led 10,000 players to stop in front of Yuxue Bawang.

"Brother, where are you going?" The old man asked slowly with a smile.

“Stop.” Yuxueba immediately raised his right hand to stop the team, and pointed at the old man in the twilight, “Old man, what do you mean.”

The silver wolf came to the front, and a sword cut out a flame, pointed at Yuxue Bawang, and said, “Be respectful, this is the president of the Zijin Dynasty.”

The bath tyrant said: “An old man, why should I respect him, late, you give me away, offend my bloodthirsty league, be careful our boss to trouble you afterwards.”

Chi Mu still smiled and said: “Strange, I brought the team here to upgrade, but you took 10,000 people to attack me, and said that I offended the bloodthirsty league, how can you take it cheap?”

Where the bloodbath king of the bath was the opponent of the old man in the twilight, some conversations prevailed, and the caller of the bloodthirsty barbarian was helpless.

“Boss, the old man in the twilight stopped me outside the rocky wall with ten thousand players. I will not fight.”

“What.” Bloodthirsty Batian couldn’t sit still this time. He never expected that Late Twilight would also deal with him, and sent a message to him to ask: “What do you mean.”

System prompt: The other party has blocked you

“Asshole.” The bloodthirsty weather is crazy.

Leaning Ma Nanan asked: “What happened again.”

血 Bloodthirsty Batian yelled, “Fuck the old man with twilight stopped the Bloodbath King at the entrance of the rocky wall with 10,000 people. I contacted him and he blocked me.”

Yuema South Bank frowned and said, "Obviously, Xiongba and Chiwu have allied with Lu Yang. They did not immediately conflict with us. They are looking at our ability. If we do not have the ability to eliminate Lu Yang, they will Hands on, if we beat Lu Yang, the two will immediately withdraw. "

"Okay, since the two of them want to play, I will play with them. When I destroy Lu Yang, I will kill these two **** and gather how many people." Bloodthirsty Batian asked.

"The cold river snow, the waning moon, and the westerly wind have all arrived, and 10,000 people have gathered together and are working on the whole team," said Yuema South Bank.

"Without the entire team, just follow me to kill the past, Magnet has entangled Lu Yang at the Sancha junction in front of Razor Ridge." Bloodthirsty Batian ran towards the mountain with 10,000 people.

On the battlefield, the magnetless team was smashed by 3,000 people brought by Lu Yang. However, the multiple killings actually aroused the fierceness of the bloodthirsty players, and the equipment was changed to a poor level. The equipment reassembled and continued to attack Lu Yang.

The height of Razor Ridge was high. Lu Yang looked at the situation on the battlefield. On the surface, the lack of magnetism held Lu Yang firmly, but in fact, the absence of magnetism did not reveal that there was a 1,500 person behind Lu Yang. The team never participated in the battle ~
www.mtnovel.com ~ On the other side, on the right side of the Sancha intersection, Jiang Ze and Tu Feng were bringing players from the Iron Brotherhood towards this side.

"Boss, our people are here." Jiang Ze sent a message to Lu Yang and said.

"How many people are here," Lu Yang asked.

"Thirty-three, everything online is here," Jiang Ze said.

Lu Yang said: "Tough work for you, take the team into the sides of the narrow mountain to defend, wait for my news."

"Okay," Jiang Ze said.

I watched Jiang Ze take the 10,000 people to Razor Ridge, and Lu Yang told Xia Yuwei around him, "These people will be our backbone to become the first full-service guild."

Xia Xiayuwei nodded. He never thought that a game can produce so many emotions. This kind of act of giving back to death without asking is impossible.

Lu Luyang continued: "Jiangba and Chiwu have just sent me a message. Both of them have arrived at the intended location and stopped the 10,000 people led by Qu Han and Yuxue Bawang."

"It's great." Xia Yuwei said in surprise: "This way our stress will be much less."

Lu Luyang smiled and shook his head, saying: "The real war has just begun. Bloodthirsty Domineerer rushed over with 10,000 people, and said that for half an hour, he would reach the narrow mountain."

"What shall we do?" Xia Yuwei asked.

"Rushed down and completely broke down the 5,000 people, and then we retreated back to Sayama." Lu Yang said.

"Okay." Xia Yuwei raised her sword and shouted to the 1500 players behind her: "All members pay attention, follow me, kill."

Magnet thought that it had entangled Lu Yang's 3,000 people. Just when he felt complacent that half an hour later would welcome the Bloodthirsty Domination Award, Xia Yuwei took 1,500 people from the side into the battlefield.

"Kill." Xia Yuwei opened the charge and entered the enemy line, and raised her long sword with a flame effect during the charge.

"Flame Slash"

A thief player who hit the opponent in one fell swoop, dealing 1200 damage and killing the thief in place.

Zhang Zibo, who was next to Xia Yuwei, raised a long shield and opened 3 long swords for Xia Yuwei. Xia Yuwei swept the long sword in her hand.

"Arc Moon Cut"

Lan Yu, who followed in the distance, lifted up his staff and uttered a spell in his mouth.

"Cursed Binding Kill"

Three misty tentacles appeared under the feet of the three enemies, and they were trapped in place and unable to move.

"Cure"

White mists fell on the heads of Xia Yuwei and Zhang Zibo.

"Good job, Xiao Yu." Zhang Zibo said.

Lan Yu smiled proudly.

Lu Yang blasted a player ready to attack Blue Feather with a blast, and said loudly, "Don't fall in love, end the battle as soon as possible."

Lan Yu watched Lu Yang admiringly and continued to fight behind him. Magnet did not expect that Lu Yang and the vital forces would be beaten instantly.

After 5 minutes, the main battlefield ended the battle, and a small part of the remaining magnets fled away.

Lu Yang shouted, "Resurrect the dead brother. After 2 minutes, the back team will change to the front team. Zhuo Jiu and Bai Shixiong took the team back into the mountain. Xia Yuwei and Sun Yu took the team with me."

"Yes."

Simple and effective commands make it easier to coordinate complex battlefields with large numbers of players.

Two minutes later, the 3,000-person team began to retreat in an orderly manner. When Magnetism led the team back, they found that Lu Yang had retreated to Razor Ridge and was about to enter the Sayama.

"Come with me, even if we die, we will drag them on." Magnet shouted loudly.

Magnet only wanted to catch up with Lu Yang quickly, but he just ran to the top of Razor Ridge, and a frost appeared under his feet.

The system prompts: You triggered the Frost Trap, slowed by 50%, and lasted 10 seconds.

Lu Yang looked at the slowed-down Magnet and waited with a sneer. Such a trap, he ordered the hunters in the regiment to set one every 50 yards, and the Magnet didn't have the chance to catch up with him.

Inside Sayama.

Jiang Ze and Tu Feng have already arranged 13,000 players of the Brotherhood of Iron and Blood. Seeing Lu Yang returning with the team, the two rushed down to meet the mountain.

“This battle was beautiful, and Magnet was completely defeated by you.” Jiang Ze said.

More than 10,000 players around him saw Lu Yang’s majestic attack with muddy wine and others, all of them were terribly excited.

“Boss mighty.”

“Boss mighty.”

...

Zhentian’s shout made Lu Yang very happy, and said loudly, “Brothers, thank you for coming to support, but I want to say that this time I am sorry for you, and I want you to make a bait for our 3,000 people. “

The hot-blooded sword said: “Boss, what do you say about us, since we are here, there is no fear of dropping the equipment.”

“Yes, we are not afraid.”

...

Lu Yang raised his hands to signal the quietness of the crowd, and said, “Now Bloodthirsty Batman personally took over 10,000 people and chased him over here. My request for you is to try to hold Bloodthirsty Batman as long as you can. 5 minutes, I am grateful. “

Jiang Ze said: "You can rest assured that we will do the show well."

Lu Yang nodded and said, "The bloodthirsty domineering is not stupid. To make him fooled, we must make a lot of sacrifice. In this way, we can amplify his pride and make him think that Lu Yang is afraid of me. Strive hard to chase. "

In order to make him die, Lu Yang must first be mad. The ultimate goal of Lu Yang is to lead the bloodthirsty hegemon to the foot of the Sierher Mountains on the Golan Heights. He will not be easily fooled, and only under such a slaughter situation will he and his men fall into a state of madness.

Half an hour later, the dust that covered the sky was raised in the distance from the narrow mountain, and the 10,000 bloodthirsty players gradually approached from a distance under the leadership of the bloodthirsty tyrant.

Magnet Wuguang invited the general to run towards the bloodthirsty domineering, and in front of him, Magnet said excitedly: "Boss, Lu Yang's 3,000 people were entangled in the Sayama, one did not run."

The bloodthirsty tyrant was exposed, and with one hand, 10,000 bloodthirsty players walked neatly towards the mountain under his command.

At the gate of the mountain, Bloodthirsty Batian saw Lu Yang standing on the top of the mountain, and his eyes met. Lu Yang saw the general anger that he wanted to kill him from the eyes of Bloodthirsty Batian.

"Lu Yang, you have repeatedly opposed me, and today I will let you know that it costs me to offend." Bloodthirsty Batian waved his hand, and 3,000 of the 10,000 players came to both sides of the narrow mountain, throwing a long cable in his hand Hanging on the rock wall, 3,000 people climbed along the rock wall.

"They didn't actually break through the middle." Xia Yuwei said.

Lu Yang smiled indifferently. He had already guessed that Bloodthirsty Batian was prepared this time, and arched hands to Bloodthirsty Batian. , Sorry, I'm not interested in watching now, goodbye, we will have a period later. "

After speaking, Lu Yang disappeared at the top of the Sayama Mountain. The magnet next to him exclaimed, "Boss, he wants to run."

Bloodthirsty Batian frowned and said, "Send your team to rush in and give me a test of hostility."

"Yes." Magneto waved his team and rushed into the mountain, but as soon as he entered, he was attacked by more than 10,000 players led by Jiang Ze.

There is not much single damage, but under the attack of a large number of players, the remaining 3,000 people in Magnet's hands still suffered a large amount of damage, not to mention they saw more than 10,000 people in the mountain, and they turned and ran away in fear.

Magnet Guangguang first ran back to Bloodthirsty Batian and said, "Boss, there really is an ambush in it. I just went in and took a look ~ www.mtlnovel.com ~ Lu Yang was not carrying 3,000 people, and there seemed to be 10,000 in it. Many people look. "

"What?" Bloodthirsty Batian frowned.

Yuema Nanan said: "How many levels are there and how much damage?"

Magnet recalled without light, saying, "It doesn't hurt much, it feels like some trumpet, killing us is very laborious."

Yuema South Bank thought for a moment and said, "There are about 20,000 guilds left in Lu Yang's guild. He cannot have more than 10,000 players at level 20. If you are right, more than 10,000 people in this place should be more than ten levels of trumpet. "

Can Yue said: "Boss, good opportunity, Lu Yang must want to ambush us in the narrow mountain. He thought that the low level can also hit us by relying on the terrain, but did not expect that we were climbing up the rope this time, from the 3,000 people who climbed from both sides were masters with a full-body level 20 silver suit, and these 3,000 people could penetrate more than 10,000 of him. "

Han Jiangxue said, "When the battle begins, I am willing to take 3000 people into the narrow mountain and fight against Lu Yang."

Bloodthirsty Batian said, "Okay, that's it."

Chapter 227 - Hurricane

Soon, 3,000 people climbed up the narrow mountain and rushed up from both sides.

Lu Yang looked at the other party who rushed over, and arched Jiang Ze, Tu Feng, and the **** sword. "Three brothers, please."

Zhuojiu and Xia Yuwei and other 3,000 people arched their hands together. They all knew that this battle would be a unilateral slaughter.

More than 10,000 trumpets with no level 10 or more, facing 3,000 players in level 20 full body silver suits can only die willingly.

"We will do our best to give you time and hurry up." Jiang Ze shouted.

"Brothers, let's go, let's live on," shouted more than ten thousand people.

Lu Yang almost didn't hold back his tears, and shouted, "Zhuo Jiu and Bai Shixiong are the front team and retreat to the foot of Mount Serger."

The white wolf sighed, forcing the thought of rushing back and taking the team with the muddy wine, Lu Yang, Xia Yuwei, and Sun Yu led the back team and slowly withdrew from the battlefield.

On the top of the slope, when Xifeng Wu drunk was rushing into Jiang Ze's team with madness, he saw at a glance that Lu Yang was leaving the mountain with some people.

"Boss, Lu Yang ran away." Xifeng said without a message.

"What?" Bloodthirsty Batian frowned and asked, "What's going on?"

Xifeng said without drunk, "I saw Lu Yang with 3000 people exiting Sayama, what should I do?"

"You must not let him run away." Bloodthirsty Batian pointed at the entrance of the narrow mountain and shouted, "Han Jiangxue and Can Yue, each of you led 1,000 people to charge me in."

"Yes." Han Jiangxue and Canyue shouted together, and each of them waved and led 2,000 men out of the army into the mountain.

As soon as they entered the pass, the two rushed to the sides of the narrow mountain like bamboo shoots, hitting up and down with the westerly wind on the top of the mountain.

Although Jiang Ze ordered the team to put on a defensive formation, and the front row was also full of shield soldiers, none of the soldiers could block the full attack of the bloodthirsty players, often two can kill one.

A team of ten thousand people quickly defeated.

Jiang Ze shouted, "Brothers, we must hold to the defense line and give the boss time."

Han Jiangxue sent a message to Bloodthirsty Batian, saying, "Boss, I am convinced that Lu Yang has run away. Their nominal second leader Jiang Ze and Tu Feng brought people to prevent us from chasing them, and to Lu Yang they ran away. time."

Bloodthirsty Batian asked: "How are you fighting?"

"I'm pursuing it with all my strength. These people are very easy to kill. They are all low-level trumpeters," Can Yue said.

Bloodthirsty Batian said to the south bank of Yuema, "You rushed in with the remaining 3,000 people and completely defeated them."

"Yes," said Yuema South Bank.

The up-and-down pinch of 5,000 people has made it difficult for Jiang Ze and Tu Feng to parry, and 3,000 people have rushed in. The team of Jiang Ze and Tu Feng has completely lost their ability to resist, and the rest is only the fate of being slaughtered.

The bloodthirsty players who rushed in did not expect that these people in front of them would be so easy to kill. One by one, two by one, the killing became more and more excited, so that the team such as Han Jiangxue, Wanyue and West Wind were drunk Long and crazy.

The south bank of Yuema was a bloodthirsty think tank that participated in the offense. Fireball one after another killed the other players and made him crazy.

Bloodthirsty Batian has been worried about Lu Yang playing tricks. When he received the news of Yuema's south bank, he couldn't sit still anymore, raised his long knife and shouted, "Golden Legion, follow me."

The remaining 2,000 players are all top players in gold suits. This group is the bloodthirsty Guardian.

Jiang Ze and Tu Feng saw the bloodthirsty tyrants enter, and both of them showed relaxed expressions and glanced at each other. Jiang Ze said: "We finally completed the task."

Tu Feng looked at the brothers who had been slaughtered in Manshan and said, "It's too bad to die."

Jiang Ze slapped Tu Feng on the shoulder and said, "I believe in Lu Yang, he will not let these people die in vain."

The bloodthirsty Batian entered the battlefield, his eyes became red, and he directed the Golden Legion to pierce through the narrow mountain vertically, just meeting with Yue Yue and Han Jiangxue who were hunted down from both sides.

Looking at Lu Yang, who can still see people in the distance, Bloodthirsty Batian took out the acceleration scroll to smash the seal and shouted, "Crush with me and destroy the Bloodthirsty Alliance."

"Kill." The bloodthirsty players have killed their eyes, and more than 10,000 people chased after the landing.

According to the official rules of the game, members of the two sides are prohibited from using items such as city rolls when the Corps fights. Bloodthirsty Batian knows that Lu Yang can't run.

Lu Yang was at the end of the team, watching a crowd of bloodthirsty chasers chasing him, his face sneered.

"The bloodthirsty bully, you finally came."

Out of the narrow mountain, 5 minutes away, Lu Yang took the team to the foot of the Sierher Mountains in the Golan Heights.

The summit of Mount Sergeher is very flat, as if the Foshan peak was cut off by people. The whole mountain is very long, as if a giant lies on the Golan Heights.

The turbid wine poured down to the foot of the mountain, and said in surprise, "Old man, there is no way ahead."

Lu Yang said, "Don't run away without a road. Putting up the line, we are here to meet the enemy."

There was no hesitation in the muddy wine dumplings and the Baixi Sanxiong, who took the shield battle and anti-riding to the front and set up a defensive posture.

“Boss, are we going to fight the bloodthirsty alliance?” White Wolf asked.

Lu Yang said, “Yes, here we are.”

Xia Yuwei looked at the only 3,000 people on her side and the more than 10,000 people who were gradually approached by Bloodthirsty Domineering, with a reluctant expression on her face.

Bloodthirsty Batian took a team of 10,000 people to stop at a distance of 50 yards from Luyang, watching Luyang and others blocked at the foot of the mountain, and confirmed that Luyang could not run away. laughing out loud.

“Lu Yang, you run, why don’t you run this time.”

Yuema’s south bank also had blood red eyes, and said, “Boss, let me defeat Lu Yang with a wave of 3,000 people.”

“Just give me 2,000.” Han Jiangxue shouted.

The bloodthirsty bully laughed even more madly, and said, “No, no, you are so boring. I want to let Lu Yang know one thing. When the absolute strength appears, any carving insect tricks will be crushed and crushed. Members prepare. “

With the right hand of Bloodthirsty Domineering raised, the 10,000 bloodthirsty players surrounded by a half-moon shape pose at the same time.

“Kill!” Bloodthirsty Batian roared, pointing his finger at Lu Yang’s team.

Ten thousand players behind him shouted at the same time, the team towards Chaoyangyang rushed forward, and others such as Duoju Qingxiang and Xia Yuwei showed nervous eyes.

The attack of 10,000 people on the plain ~ www.mtlnovel.com ~ filled their hearts with pressure, and at this time, no one noticed.

System prompt: Player silver knife joins the team

System prompt: Player Red Night joins the team

...

A series of five system prompts suggested that Mu Yu, Han Ying's three siblings, and Xiao Liang joined Lu Yang's team.

Looking at the enemy about to rush into 30 yards, Lu Yang suddenly raised his right hand and shouted, "Hurricane, rise!"

At the top of Mount Selhe, the three sisters Han Ying and Xiao Liang who had been waiting at the top of the mountain had ordered Cangyu to launch a hurricane.

On the battlefield.

Suddenly the gale raged, and the violent gale even made some people unstable, even when everyone didn't know what happened.

Twenty-five blue hurricanes suddenly lined up 50 yards in front of Lu Yang. The distance between each two hurricanes was 60 yards. The bloodthirsty team rushed over and was immediately involved in the hurricane.

Chapter 228 - attack!

“What skill is this, and how can I lose 100 points of blood per second.”

“It hurts so much, the treatment is adding blood.”

The Bloodthirsty Charge team was in chaos during the hurricane.

Everyone, including Zhuo Jiu Qing Piao and Bai Lang, was ready to die, but everyone was shocked to see this scene.

“Boss, what’s going on.” Zhuo Jiu asked confusedly.

Lu Yang traced an arc in his mouth and said, “This is a mysterious gift I prepared for Bloodthirsty Domineering. Don’t worry, the gift is not over.”

Lu Yang raised his arm again and shouted, “Lord of Hellfire, fall.”

Standing on the top of the mountain, Lu Zhaoyu, Lin Feng and Han Ying raised their right hands at the same time, and three turquoise beads quickly rose into the sky, and then the beads expanded rapidly and became the size of a house.

The whistling sounded, and three boulder fell into the center of the position of the bloodthirsty players.

“Hello ~!”

Three Ghost-faced Hellfire lords up to 8 yards and full of spiked armor stood up in the smoke.

Whoever reacted to it when I saw it here, I hurried over and released the fourth Hellfire Lord.

“What the **** is this, why is it more than 20,000 blood, mage, hunter, long-range profession hit me.”

Countless skills fell on the four Hellfire lords, but all of them were -1 blood, even the gold player at level 20 could not break the defense in the face of the hellfire lord who should have been summoned at level 50.

“Boss, these four hellfire lords are too strong.” Bai Lang shouted excitedly.

Lu Yang said, “This is not over.”

“and also?”

“Did you forget what I told you about the curse mage?” Lu Yang said.

“You really have a curse master,” said White Wolf.

“You treat me as a lie.”

Xia Yuwei nodded with people like Zhuojiu.

Lu Yang laughed and said, “Boss, I never lie, this is the basic principle of being a boss. I’m optimistic, let you see what is the thunder curse.”

Lu Yang sent a message to Mu Yu and said, “Little girl, it’s your show.”

At the top of Mount Selje, Mu Yu, who is thin and sing, has chanted a spell for 5 minutes. Now it is crucial to hear Lu Yang’s order. Mu Yu speeds up the spell suddenly. After 1 minute, Mu Yunian Finished the last scale.

The bloodthirsty team has been cut into five parts under the hurricane attack, each of which has about 2,000 people.

Over the top of the center of the Golden Legion, it was originally overcast. At this time, the clouds became thicker, as if it had the actual weight.

“Lightning Storm”

Suddenly, countless cyan thunderbolts fell from the heavy clouds and hit the players of the Golden Legion.

“-934”, “-997” ...

The lightning storm does not only attack once, but continuously attacks this area for 30 seconds.

The Golden Legion of the Bloodthirsty Domineering was suddenly hit hard. What Lu Yang did not know was that in the Golden Legion, there were many killers of the Bloodthirsty Domineering, including mages who knew templar magic and mages who knew dragon magic.

Such a mage often does not have physical fitness in order to investigate the ultimate damage, and all the gems on his body are added with intelligence and magic damage. In this way, although the damage is high, the blood is very little.

It was not a problem to have a large regiment to cover before, but under the attack of the hurricane, the priests took care of themselves and the lightning storm kept attacking. These wizards were killed in the first place, and even a high level of magic was not released. .

Bloodthirsty Batian watched the Golden Legion that was charged in with heavy casualties, his heart was bleeding, and he shouted excitedly: “Retreat, all the members back.”

At least 5,000 of 10,000 people were caught up in the hurricane, and it was so easy to get out of it. Under the congestion, there was a mess.

Lu Yang raised his right hand and shouted, “Iron brothers, advance 20 yards in a group, attack long-range, and melee defense.”

“1” Lu Yang shouted every step, reminding his men not to be impulsive.

“2”

...

Everyone at “20” shouted the numbers neatly with Landing Yang. When he shouted 20, the next time, the subconsciously shouted collectively.

“kill”

Countless magic, bows, and darts were thrown into the bloodthirsty Alliance players in the hurricane array, the blood loss of 100 points per second, plus Lu Yang’s attack, more than 5,000 bloodthirsty players in the hurricane array quickly died.

More terrible than death is the momentum. With this wave of Lu Yang’s attack to win, the morale of the entire fraternal alliance reached its limit. From the beginning it was impossible to now firmly believe that they will win.

“Inflammation”

Lu Yang roared into a flame of 5 yards in the flames, his right finger pointed to the sky, 10 consecutive 13 yards of meteorites fell into the crowd from the air and rolled forward.

The enemies in the hurricane were not much blood. Under the powerful magical wounds of Lu Yang, 10 meteorite impacts successfully rolled out an 80-yard wide road.

Lu Yang shouted with one finger in front of him: “Brothers, kill me.”

“Kill ~!”

The turbid wine pours and the three males of Bai's cries screamed and led the team into the heartland of the Bloodlust League. The hurricane moved forward at the same time, crushing the Bloodlust players at a speed of 2 meters per second.

Bloodthirsty Batian looked furious at his subordinates. He had never encountered such a situation until now. He had a hunch and was about to lose.

"Boss, we have to quit to reorganize the formation, and we will lose again if we fight like this." Yuema's blood on the south bank ran back, shouting in fear to Bloodthirsty Batian.

Bloodthirsty Batian red eyes angered: "No. ~ www.mtlnovel.com ~ I still have about half of the people who have not entered the hurricane, I don't need to escape the whole team."

Yuema South Bank said excitedly: "Boss, it's not a matter of numbers. The opponent's skills are too evil. Hurricane loses 100 points of blood for 1 second, and the Lord of Hellfire can't move at all. Our main force, the Golden Army It was also banned by the opponent's thunder forbidden seconds, and now all of our subordinates have been defeated, and they are battering at all. "

"I won't go, just fight here." Bloodthirsty Batian shouted loudly: "Command the dead players to regroup and let the magnets come without light to bring people over. Even if I use people, I have to pile up dead land Yang. "

A huge fire meteor swept across the sky with a bang, and fell heavily 60 yards in front of Bloodthirsty.

With Fire Meteor as the center, all players within 20 yards will die!

"Boss mighty." Everyone in the Iron Blood Brothers Alliance recognizes this skill, which is Lu Yang's signature flame-based pseudo-forbidden spell-Huoling.

"Brothers, follow me and kill the bloodthirsty troops." Lu Yang took the lead in bursting out the gunpowder, and when he looked up, he just saw the bloodthirsty bully.

Chapter 229 - Penetrate the enemy line

With four eyes facing each other, Lu Yang's face was sneer, while the bloodthirsty domineering look at Lu Yang's eyes was frightened in hatred.

The bloodthirsty bully never imagined that Lu Yang could lead someone through his team, at this time there were fewer than 500 men around him, and no one was around.

"Boss, hurry up." Yuema south shore pointed at a soldier next to him and shouted, "Luanfeng Peak, take your man to defend."

The called Luanfeng was the leader of these 500 players. He immediately walked to the front and led the team to set up a defensive formation. The bloodthirsty bully shouted angrily: "What are you afraid of, I have 10,000 people, Lu Yang, today you die deal."

Lu Yang gave a sneer and applauded, "Your curtain call is a good speech. It can be used as the biggest joke of the" Second World "this year, brothers, kill me."

"Blood-thirsty, I see where you are going." The white wolf roared, rushed into the enemy camp and pointed directly at the mountain peak. At the same time as the charge intensified, the white wolf slashed the weak point neck of the mountain peak, hitting 6.4 times Killing the damage, killed Luanfeng in the spot.

Luanfeng's men thought that the white wolf was a fool, and they were waiting for him to be resisted by Luanfeng and then besieged together. I did not expect that the white wolf was so brave that he killed Luanfeng in one fell swoop.

The White Lion and the White Tiger took this opportunity to shout, "Kill."

The morale of Lu Yang was so strong that everyone rushed towards the bloodthirsty team, and as soon as they contacted, the Luanfeng team without the command couldn't resist the signs of collapse.

Both Bloodthirsty Batian and Yuema's south bank looked dumbfounded, and they did not expect that Lu Yang, such a civilian guild, could also have such a clever player.

"Boss, you go quickly, you won't be too late," shouted Yuema South Bank.

The bloodthirsty bully knew that he couldn't die, and said in a panic, "You're going to block someone, you must block them. I'll assemble the troops."

Six crimson meteorites in the sky suddenly dropped from the sky, and countless countless bloodthirsty side healing professions.

Lu Yang was 5 yards tall, clearly seeing that Bloodthirsty Batian turned and fled in a panic, with a sneer on the corner of his mouth.

"I want to go now. It's too late."

With a flash of white light, Lu Yang appeared in the Bloodthirsty Batian's formation, and escaped with a dagger in his hand. A blue streamer passed over the Bloodthirsty Batian's side and flew to him.

Blue light flashed, Lu Yang's body up to 5 yards appeared, watching the small bloodthirsty domineering on the ground, Lu Yang hit a punch on the ground.

"Flame Storm"

More than 20 players around Bloodthirsty Batian were stunned to the ground.

"Blazing Bird"

Bloodthirsty Blood has fallen by half.

“Meteorite Impact”

A meteorite fell on the head of Bloodthirsty, and the blood of Bloodthirsty was still one quarter.

“Resistant Fire Ring”

The Bloodthirsty Batian was collapsed, and as the meteorite retreated, it was attacked.

“Add blood, add blood, you can’t let the boss die.” Yuema South Bank shouted in horror.

More than a dozen priests released healing on Bloodthirsty Bully at the same time, and the blood of Bloodthirsty Bully kept rising and falling.

After 3 seconds, Bloodthirsty Batian stood firm, and there was only one trace of blood left. At this time, a sky fire landed on the head of Bloodthirsty Batian.

“3600”

Bloodthirsty bully, die!

“The bloodthirsty bully is dead.”

“The bloodthirsty bully is dead.”

The Brotherhood of the Jagged Brothers shouted in unison, trembling the plains, and the Bloodthirsty Party who was fighting Lu Yang was even more flustered.

“Add blood.”

“Shield war treatment, a thief sneaked in.”

“Mage, where do you fight, whoever killed me, I stunned everyone.”

...

The three commanders, Han Jiangxue, Can Yue and Westerly, died on the battlefield for the first time. The heads of the thousand commanders in the next level of commanders were also silently killed by the 100 fire methods led by Hei Yan.

Bloodthirsty Commander's command system completely collapsed, and the players were fighting individually. The attack points could not be concentrated to allow the various healing teams in Lu Yang to have enough time to add blood to the frontline players. In the case of sufficient drugs, Lu Yang's injuries were very slight, while the bloodthirsty side suffered heavy casualties.

As the hurricane advances, the Bloodlust Alliance gradually enters a collapsed state, and the four Hellfire lords come together. Once three lords trigger the Fist of Flames at the same time, all players within 20 yards will die.

Mu Yu, Han Ying's three siblings, and Xiao Liang all jumped from the top of the mountain. Mu Yu's fork-like lightning hit more than 30 players with each attack, and the group attack ability was stronger than Lu Yang.

“Now everyone changes their equipment. Following the 500 people around Bloodthirsty Batian's equipment is pretty good. I will give you 2 minutes to pick up your own.” Lu Yang said.

“Boss mighty.” White wolf and Zhuoju and others cheered and took the team to pick up equipment.

On the other side.

The tyrant and the twilight old man are still leading the team against the two bloodthirsty team of ten thousand people.

"I don't know how well Lu Yang played, whether he won or lost." The old man dialed the telephone and asked, "Is there anything moving on your side, didn't you fight?"

Xiongba said: "It should be Lu Yang who has the upper hand over there, and Qu Han is a little restless."

"I'm in a hurry, it's been more than 20 minutes." The old man asked.

While the two were anxiously waiting, Lu Yang sent a video to the two. In the picture, Lu Yang incarnates a 5-meter-high flame demon and uses the escape dagger to come to the front of Bloodthirsty Domineering. Continuous skills are used to fight bloodthirsty Batian spiked in place.

"The bloodthirsty bully is dead." The old man with his eyes widened in surprise.

Lu Yang pointed the video to the scene and said: "I have won the Bloodthirsty Domineering ~ www.mtlnovel.com ~ They are harvesting their remnants. The two brothers must support it, win, and equip I'll give you 40%."

"Brother, you said that, I'm welcome." The old man said late with a laugh.

Xiongba said: "Relax, we will stop Qu Han and Yuxue Bawang for you. Unless they defeat our troops, neither of us will go to the front line to support."

"Thank you." Lu Yang closed the video and shouted at the men who had already re-equipped the equipment. "Brothers, follow me back. The Bloodlust Alliance will no longer have support. We will win this battle and revenge. coming."

"Kill." 500 people changed their formation and rushed in from behind the Bloodlust Alliance team with Lu Yang as the arrow. They stood high, and the situation on the battlefield became clearer. At this time, the most fierce battle was dozens of remnants of gold. Hundreds of players led by the Legion were fighting deadly against the regiment.

“Kill me, the bloodthirsty boss will bring someone back immediately, we must hold on, the boss will not treat us badly.” A paladin of the Golden Legion shouted.

Thinking of the bloodthirsty domineering generosity, the momentum of the surrounding players suddenly increased, and the attack on Xia Yuwei who was facing them was even more violent.

Chapter 230 - Use meter again

“Brothers, don’t let the other team members flatten us. You are my Xia Yuwei’s guards. Follow me and break them.” Xia Yuwei’s clear voice echoed in the ears behind his head like a long knife. Life has a courage to desperately die for Xia Yuwei.

“Kill, for our Boss Yuwei.” A soldier roared and rushed towards the opponent in a scream of anger, like white wolves. The three skills of charge, flame, and weak attack set off at the same time, even hitting a 6.4-fold violence Strike, kill a gold-level player with silver-level equipment.

“Hansha?” Xia Yuwei looked at this familiar soldier in surprise, but he never thought that Hansha had such strength.

“The priest team added blood to me and couldn’t let Hansha die.” Lan Yu’s healing technique continued to fall on Hansha’s head.

Xia Yuwei reacted and pointed at his opponent with his right hand and shouted, “Follow me, kill.”

Xia Yuwei’s team as a whole launched a charge forward, relying on the power of Hansha’s sword to **** back the original momentum.

As the battle between the two sides was anxious, six crimson meteorite fell from the sky.

“Meteorite Impact”

Familiar voices made people such as Lan Yu and Xia Yuwei excited, and at the same time, they also made the remaining players of the Golden Legion panic.

“Why did Lu Yang appear from behind us?”

“Separate some people and block Lu Yang.”

Lu Yang looked at the gold-equipped mage he was talking to, and spoke a spell in his mouth. After 2 seconds, a sky fire landed on the player’s head.

“4800” (Critical Strike)

The gold player and two surrounding players died at the same time and lost command of the enemy to make a mess. The Bai Xi Sanxiong took the opportunity to crush the team and penetrated the opponent to join Xia Yuwei.

“Thank you,” Xia Yuwei said.

The White Lion said: “It should be, mainly by the boss.”

Everyone laughed, and Lan Yu’s look at Lu Yang was even more adored.

Lu Yang stepped forward and said: “There are less than 4,000 enemies left. Everyone will follow me to make a horizontal charge once and completely destroy them.”

“Yes.”

A group of bloodthirsty players who had been fighting for themselves suddenly found that they were attacked by their side and completely collapsed.

After being scattered, Lu Yang ordered Bailang and Zhuojiu to chase and kill the whole team. For a whole 30 minutes, most of the 10,000 people in the Bloodlust League were killed and only a few hundred people fled.

Standing at the foot of Sayama, Lu Yang looked at the equipment and the smiling faces of Zhuo Jiu, Xia Yuwei and others, and said, "Brothers, we won."

"Won!"

"Won!"

Cheers from 3,000 people rang through the valley.

Xia Yuwei said with emotion: "Thanks to the medicine you sent in advance, if we have not been supported by the potion and the healing unit can always add blood, we will not win."

In this battle, Lu Yang prepared 20 bottles of advanced magic potions and advanced life potions for each person in advance. It is with the support of these potions. On the battlefield, the treatment can add blood to the brothers who have no blood. When the blood is not added in time for treatment, you can take your own medicine to save your life.

The white wolf said, "Boss, how much did you spend?"

Lu Yang smiled and said, "Money is not important. What's important is that we can fight another blood ambush against the bloodthirsty bully."

"Still playing?" Xia Yuwei and Bai Lang and others were surprised.

Lu Yang said: “Yes, you have to fight. The bloodthirsty domineering must not be convinced, and now he is bringing people back.”

“How to fight,” said the white wolf, looking at the terrain of Sayama. “Are we here to ambush?”

“It’s a good place to ambush,” said Zhuo Jiu, pouring out.

Sun Yu said, “Boss, I will take the hunter team to clear the remaining bloodthirsty league players around, so that they do not know that we are here.”

Lu Yang said: “Cleaning is the way it should be, and layout is the way it should be, but we won’t fight here.”

“Not here? Where to go?” Xia Yuwei looked at the steep terrain of the narrow mountain, and he couldn’t think of any other maps that could be ambush around.

Lu Yang looked at the confused expressions of the 19 elites recruited by himself and said, “Teach you a trick and learn something. I call it” Song Dong West “. We don’t hit the Bloodthirsty Batian headquarters. , 10,000 people in Quhan. “

The white wolf couldn’t close his mouth when he heard the arrangement of Lu Yang. In his heart, he only knew about meeting and killed when he met. At most, he would think about how to defeat the opponent’s two or three enemies. However, Lu Yang gave today The lesson he gave him gave him a sense of openness.

Xia Yuwei even felt that her hair was erected all over her, and she couldn’t help thinking that if she hadn’t promised to merge into Lu Yang’s guild, and she would fight against Lu Yang in the future, she would lose out.

Han Liu, Mao Qiu, and others looked at Lu Yang with a feeling of looking up. They just won a battle of winning more by less, and Lu Yang could immediately think of such a play. In their place, they definitely did. No.

I love bitterly for half a life and said with admiration: "Boss, I believe that tomorrow's" Second World "headline, you will be named God of War."

Lu Yang smiled and said, "This compliment I have accepted, I like the name."

Everyone laughed.

Suddenly Lu Yang said solemnly: "Attention everyone, Zhuojiu and Bai Shixiong as the front team, bitter love half-life and Sun Yu as the back team, heading west."

"Yes." The crowd was high.

Orc hills.

Bloodthirsty Batian has been reorganized to more than 7,000 players, and is rushing towards the mountain with the team. Looking at the men who have been equipped with incomplete equipment, Bloodthirsty is extremely angry.

"Hurry up for me, you must catch up with Lu Yang."

Han Jiangxue, Can Yue, Westerly Wind, and Yuema South Bank followed the bloodthirsty Batian ashamedly ~ www.mtlnovel.com ~ Boss, it was all because of Lu Yang's tricks that we killed the eye, this time I must be Learned the lesson, killing the brotherhood of the Jagged Brothers without leaving a piece of armor. "Han Jiangxue said.

"I don't blame you this time, and I didn't expect that Lu Yang actually used 10,000 trumpets as bait to lie to us. It was my intention." Bloodthirsty Batian said.

As a hero, the bloodthirsty domineering can take it down and take the initiative to admit his mistakes, and Han Jiangxue and Canyue and others have moved their faces.

“Thank you for your understanding, but I can’t forgive myself. Please give me a chance. This time, I must personally kill Lu Yang and defeat the Brother League.” Han Jiangxue said angrily, this is his failure since playing the game The worst time.

“Me too.” Can Yueyue’s face was also awkward.

Yuema Nan’an said: “If my estimation is correct, all the special attacks of Lu Yang should enter the cooldown time. We can’t fight those hellfire lords, but kill their masters and let the golden army The special occupation of the army was dispatched. When the battle started, let them attack from the side, and they could defeat Lu Yang in one wave. “

Chapter 231 - Sneak attack on Qu Han

Bloodthirsty Batian nodded with satisfaction and said, “Yes, this plan is good, Han Jiangxue, I give you this opportunity, don’t let me down.”

“Thank you, boss.” Han Jiangxue said.

As soon as the words fell, the player who was exploring the road in front reported, “The bloodthirsty boss, our people just found that Lu Yang took 3,000 people to the mountain, and they ran there again and wanted to ambush us.”

“Asshole.” The bloodthirsty Batian scolded, he did not expect that Lu Yang could be so shameless, and he wanted to ambush him in Sayama.

Yuema South Bank frowned and said, “The plan has changed, and we have to redesign a plan.”

Bloodthirsty Batian said: “No need, Han Jiangxue, you take 1500 people to the left, Canyue you take 1500 people to the right, and climbed me halfway from Sayama. I personally took 4,000 people to the avenue. We At the same time they met in Sayama and launched an attack together. “

The high mountains on both sides of the orc hills belong to the same mountain range as the Sayama. On the three-dimensional map, you can clearly see that you can also reach the top of the Sayama mountain from both sides, but the road is difficult to travel and takes a long time.

“Yes, boss, you wait for my good news.” Han Jiangxue said.

Bloodthirsty Batian said: “Don’t worry, send me a message before the two of you reach the Sayama. I will now march slowly to give you both time.”

“Yes,” Han Jiangxue said with Can Yue.

Yuema South Bank looked at the two men who led the team and said, “Boss, do you want Qu Han and Yuxue Bawang to attack, be careful of Xiongba and Late Twilight.”

The bloodthirsty tyrant snorted coldly and said, “No, there is no conflict of interest between the two, Xiongba and Late Twilight. They can’t fight for me for Lu Yang. This time, it’s nothing more than gesture. As long as I fight After winning Lu Yang, the two naturally retreated. “

Yuema’s south bank frowns deeply. He never felt anything wrong, but he still sent a message to Qu Han and Yuxu Bawang according to the order of Bloodthirsty Tyrant: “The boss ordered you to stand by and don’t initiate conflicts with each other.”

Inside Shadowmoon Valley.

Qu Han sighed at the command and sent a message to the troops in front of him: “Hunters continue to fire flares, beware of thieves attacking.”

At this point in the game, it was already late at night, and a bright moon hung above the Shadow Moon Valley, and the surrounding trees were rustling with the cool wind.

“Well, it’s been almost an hour. It’s better to continue to wait and wait like this.” Luo Yuejian, Qu Han’s deputy, grumbled in dismay.

“Yeah, we are good at offense and not good at defense. If we let the hegemony do it first, we will be in trouble.” Long Blade Elegy is the first head of Qu Han.

Qu Han looked at the domineering party who had become a shadow in the dark, and said helplessly: “The chairman of the bloodthirsty will not let it go. Let’s bear it. This time the two guilds of the Holy City openly confronted us. Obviously we I’ve done too much. I must persuade the boss when this time is over. I can’t do it anymore. “

Both the falling moon sword and the long sword elegy nodded in agreement with Qu Han’s point of view. While Qu Han and others were chatting, a dark cloud floated in the sky, covering the moon, and the night of the figure could still be seen completely. Became unable to see five fingers.

Qu Han frowned. He felt something wrong, but couldn’t say it.

Luo Yuejian on the side said, “Strange, why is this cloud so small, and the moon do not cover it, how can we cover it.”

Qu Han suddenly opened his eyes wide and shouted, “No good, enemy attack, everyone is ready to fight, everyone is ready to fight ...”

The last two words didn’t wait to say, a 20-yard range lightning strike appeared above them.

Four turquoise beads gradually lifted off from the top of the mountain on the side. When the height rose to 50 yards, the turquoise beads became a giant turquoise rock with a diameter of 10 yards.

“Lord of Hellfire”

Four giant rocks with green flames crashed into the middle of Qu Han’s team, bringing up a cloud of smoke and dust.

“Hello ~!”

Four hellfire lords standing 8 yards stood in the crowd with turquoise flames, and fisted to attack at the same time, all fire enemies within 20 yards were killed in seconds.

Qu Han shouted at Xiongba: "Xiaoba, what do you mean?"

The fire lighted up, and three crimson meteorite fell from the air, crushing forward, Lu Yang jumped off the mountain and said, "It's not what he means, it's me Lu Yang."

Qu Han saw a horrified look on Lu Yang's face and said, "Why are you here, aren't you in Sayama?"

"I lied to the bloodthirsty bully." Lu Yang said with a laugh, his right hand shouted.

"Kill ~~" The turbid wine dumped, Bai's three males, Xia Yuwei, bitter love half-life, Sun Yu and others jumped down the mountain with 3,000 people and rushed towards the side of Qu Han.

The bully ignited the torch, and the bully standing in the center of the team pulled out his long sword and shouted, "Kill."

The hegemonic force that had adjusted its formation in the night, 10,000 people rushed neatly towards Qu Han.

Under the pinch of both sides, Qu Han was in an anxiety but was in dire straits, and issued a command: "The Moon Sword is responsible for defending Lu Yang, and the long sword daggers attack the hegemon directly."

Then, Qu Han sent a message to Bloodthirsty Batian and said, "President Bloodthirsty, the male domineer attacked me. Lu Yang took 3,000 people to attack from the side and asked for support."

Bloodthirsty Batian is taking the troops to receive the defeated soldiers while marching in sync with the Hanjiang Xue and the Crescent Moon troops on both sides. Just arrived at Razor Ridge at this time, and heard the news, Bloodthirsty Batian was struck by lightning.

“Nonsense, the spies reported that everyone in him was hiding in Sayama, how could they be with you.”

Qu Han said: “Lu Yang came in person. He has four hellfire lords, completely unable to move, and the hegemon also went to the battlefield in person ~ www.mtlnovel.com ~ I don’t know how long it can last.”

The bloodthirsty Batian roared: “You hold on to me, you must not fail, I will take someone to support you.”

Yuema South Bank was accompanying beside Bloodthirsty Batian, and when he saw the bloodyness of Bloodthirsty Batian, he asked, “What’s wrong.”

“What’s wrong?” The bloodthirsty Batian was furious and said, “I want to kill Lu Yang, I must kill him. The **** is not in Sayama at all. He just reported to Quhan. He took the 3,000 men and the hegemon to converge and attack After Qu Han’s troops, Qu Han is almost finished. “

Yuema’s south bank stood in stunned place and said excitedly: “Boss, we must hurry to support Qu Han. He cannot be wiped out. If he also dies, half of our 30,000 troops have lost their equipment. , We will no longer have the ability to control most of the Lord refreshments around the Holy City. “

“With your nonsense, send a message to Han Jiangxue and Canyue, to Shadowmoon Valley.”
Bloodthirsty Batian said.

There is an hour and a half journey from Razor Heights to Shadowmoon Valley. Along the way, Bloodthirsty constantly asked about the battlefield situation, and each time he got the news, he was extremely frustrated. He couldn’t understand it, how Lu Yang did it. By one hour in half an hour.

Where does he know that the wind elves that burst out in the Demon Palace have been upgraded to level 16 by Sun Yu, and have gained a skill that increases the team player's movement speed by 50% within 3 minutes. The cooling time is 5 minutes, which is actually only The cooling time of 2 minutes is precisely because of this magical wind elf, Lu Yang can reach the battlefield in time.

Looking at the Quhan troops that were gradually defeated in front of him, Lu Yang and Xiongba walked side by side to the Quhan headquarters, which was backed up by 50 yards.

At this point, there were only 300 people around Qu Han, and the others were cut into countless small pieces by the hegemonic troops, and only time left for failure.

Lu Yang said: "Qu Han, give up the resistance, leave one piece of equipment for one person, and I will let you 300 people live."

Xiongba looked at Lu Yang in surprise and didn't speak.

Qu Han also looked at Lu Yang in surprise and said, "What tricks do you want to play?"

Lu Yang said, "Qu Han, I admire you for being a man. People like Bloodthirsty Domineering are not worthy of being your boss. I know you won't change the court, but I still respect you, let's go."

Qu Han was first known 3 years ago, won the national championship in the top holographic simulation fighting game, and later joined the Tianlian Guild to play professional competitions.

This Confederate Guild is the real social guild where Bloodlust Domineering is located. It is also the foundation where he can gather 400,000 players. When Qu Han joined, Bloodlust Domineering was not the chairman of the Guild. That year, Qu Han just signed a new five-year contract with the studio. At this point, Qu Han was forced to play for Bloodthirsty.

In the last life, Qu Han did not agree with the bloodthirsty domineering approach. After colliding with the bloodthirsty dome many times, he was sent to the outside to be the head of a thousand people group. During this period, he did not do anything to bully casual players. In the entire Bloodthirsty League, Qu Han and his subordinates are the only good people.

Lu Yang had some intersection with Qu Han in the last life. He admired him very much. He said, "I Lu Yang talks, you can leave with peace of mind."

Qu Han sighed, dropped the sword in his hand, and said, "I lost this time. Next time we meet, let's fight again."

The 300 people around Qu Han were his guards. When he saw the boss dropping his weapon, he also dropped an item of equipment.

Lu Yang bumped the bully with his arm and said, "Trouble brother, let the brothers make their way out."

When Xiongba waved his hand, the 500 people around him made a way out. Watching Qu Han take his men away, Xiongba whispered, "Brother, you are so poisonous."

Lu Yang smiled and said, "Which strategy did I use?"

Xiongba said: "Qu Han's other men were seriously injured and injured. Only he and 300 people in his headquarters left safely. Bloodthirsty Batian saw what he would think. You are trying to kill Qu Han."

Lu Yang shook his head and said, "It depends on the bloodthirsty Domineering man. If he is open-minded and is a man who can do great things, naturally he will not blame Qu Han. If he is narrow-minded, he will not even have this courage. Still don't go too close to him, lest the guild be broken in the future and be involved. "

The bully shrugged his shoulders and said, "I really can't find a reason to refute this, but I still feel that your boy is wicked."

Lu Yang laughed.

Qu inadvertently stunned Xiongba and motioned to pay attention to it, but Xiongba laughed and said, "Don't worry, my brother Lu Yang and my friends are sincere friends. I want to be brothers in the future. It is also a way to speak freely. . "

“I think so, too,” Lu Yang said.

Qu unintentionally rolled his eyes and said, “I can’t understand the thoughts of men like you. It’s weird. I’ll go check out some gear. Okay, we’re half of us.”

Lu Yang sent Xia Yuwei and the White Lion to follow.

Xiongba said: “Brother, what are we going to do next, or should the army attack and support late?”

Lu Yang shook his head and said, “There is no chance. The three-way army defeated the two roads. If we lose another battle, we can drive him out of the city of St. Gall. He dare not fight again.”

For players with full-scale silver-level equipment above level 30,20, 20,000 equipment has become incomplete, morale has fallen to the extreme, and Bloodthirsty Batian has lost the qualification to continue playing.

Xiongba nodded and said, “It makes sense, then what do we do now.”

Lu Yang said: “Putting on a pose to support the elderly in the twilight, but when we came to Sayama, we ambushed on the side of Sayama.”

If Bloodthirsty Tiantian does not chase Lu Yang and retreat, Lu Yang does not mind letting Bloodthirsty Tiantian temporarily save his strength, so as to prevent the twilight and the male hegemony from becoming too powerful. Can fulfill him.

Xiongba couldn’t help breathing in the air, and said, “Brother, I admire what you can do in your head. This is a terrible strategy.”

Lu Yang laughed. After the development of the “Second World” in the previous life, various wars were endless. The exquisite play, tactics, and strategies were comparable to the Second World War. In such an environment for a long time, A stupid can learn two moves, not to mention Lu Yang is not stupid.

“The whole team retreated. After the hunter team was responsible for the break, they made a look and placed a row of frost traps every 50 yards. The chasing bloodthirsty bully opened the acceleration scroll and couldn’t run fast.” Lu Yang said.

Xiongba nodded and led the team to start the arrangement according to Lu Yang’s plan. When he was on the road, Xiongba said to Lu Yang, “Brother, let’s discuss what’s going on.”

Lu Yang asked, “What’s the matter?”

“I don’t want the profit of this battle and the 20% profit you promised me.” Xiongba said.

Lu Yang said, “This is a considerable wealth ~ www.mtlnovel.com ~ what do you want to exchange with me?”

Lu Yang obtained more than 2,000 pieces of gold equipment and more than 16,000 pieces of silver equipment during the battle against Bloodthirsty Domineering. This battle against Qu Han won more than 17,000 pieces of silver equipment.

The bully said, “I want to exchange you with the Hellfire Lord’s summoning method and the hurricane summoning method.”

The hellfire lord’s strength makes the hegemon covet, and the hurricane is a wonderful weapon for defending the city. The equipment captured this time is some level 20 silver equipment. He can lead the team to fight it. It is only a matter of time. Hell The Lord of Fire and the hurricane’s method of summoning, he didn’t frown, he could only ask for Lu Yang.

Lu Yang thought for a moment and said, “I can sell you the Hellfire Skill Book, and I can teach you how to summon the Lord of Hellfire. You do n’t know the meaning of the hurricane. None of you can do it. Need to overcome the clown emperor’s sss-level challenge first. “

The bully stared at Lu Yang, and when he saw that the other was not fake, he said, “Well, I hope that when the war starts, you can bring me hurricane troops to help me.”

Lu Yang said: "This is okay, you can just pay a full commission."

Chapter 233 - Bloodthirsty Admit

Xiongba laughed and happened to be in front of the narrow mountain, the two of them arranged the players to hide.

The other side.

Bloodthirsty Batian saw Qu Han returning with 300 remnants, and an anger rushed to the head of Bloodthirsty Batian, pointing at Qu Han and cursing: "Where is your team and your people? . "

Lu Quhan said: "Sorry, I lost. When the last 300 of us were left, Lu Yang gave me a condition. If I surrendered and left a piece of equipment, I was allowed to take out my 300 brothers, and I agreed."

血 The bloodthirsty bully was happy and said, "That is, you surrendered."

Gu Quhan said shamefully: "Give me some time, I will gather troops to fight him again, I will defeat him next time."

血 The bloodthirsty bully heart was already mad, and now he was very skeptical of Qu Han's loyalty. He looked at Qu Han coldly and said, "No need, this battle is over, let's go back."

Wu Quhan said, "President, Lu Yang, they just left. We have a chance to catch up."

The enthusiastic Ma Nan'an was also a bit surprised, saying, "Boss, that's it?"

“Shut up.” The bloodthirsty roar yelled and sent a message to Yuxuebawang: “Tell the old man, I will negotiate with them.”

Er Han Jiangxue said excitedly: “Boss, you can’t just let it go. If not, we will call the people from Hannibal and Beifeng City to support us. We haven’t lost.”

Bloodthirsty Batian said: “I just received the news that the filigree language of Hannibal City led 10,000 troops to rob us of the boss on a large scale, and Thunder Dragon from Beifeng City also led 10,000 troops to rob the lord everywhere. Strangely, obviously, the five men, Lu Yang, Chi Du, Xiong Ba, Xisiyu, and Thunder Dragon, have already formed an alliance. This battle cannot be fought for the time being. I have to find a way to deal with these assholes. “

Owl Rock Canyon.

The old man has learned about Lu Yang and Xiongba teaming up to defeat the Quhan Army, and said, “Yuxuebawang told me just now that the bloodthirsty domineer decided not to fight, and he wanted to talk to us.”

He Xiongba sneered and said, “Finally, I know I’ve made people angry. Okay, just talk to him and see what he can say.”

The old man said, “I mean the same, brother Lu Yang, what do you think?”

Lu Luyang said, “You can talk.”

Ciwan said, “Okay, now we are going to retreat separately, and we will gather in the Phoenix Fairy House in St. Gall in 10 minutes.”

End the call.

Lu Luyang turned around and shouted to 3,000 men and women, “Brothers, the bloodthirsty bully conceded, and wanted to negotiate with us for peace, we won.”

“Win? We really won!”

“Boss mighty.”

“we won.”

Uh ...

The players of the entire Brotherhood of Brotherhood have fallen into a state of extreme excitement. Before this battle, no one believed that Lu Yang could win. All the players in the entire guild were willing to fight against Landing Yang, and most of them were holding desperate fights with the Bloodlust Alliance. An idea.

Now, they really won. One battle was 5,000, one battle was 3,000, one battle was 10,000, one battle was three victorious, and the bloodthirsty domineering actively offered to concede.

After 3000 players cheered, everyone’s eyes looking at Lu Yang were full of worship and respect. These people also included Lan Yu.

Lu Yang said on the guild channel: “Brothers, each guild points increase by 150 points in this battle, and more than 30,000 pieces of equipment were seized in three union battles. I put them all on the guild bank for your choice, one silver. At 30 o’clock and 60 at the gold level, everyone can change one at a time. “

“Long live the boss.”

More than 10,000 people in the entire trade union have made a sensation. For these seized equipment, the 3,000 people who participated in the battle beside Lu Yang were basically unusable. They picked up a lot of available equipment at the scene. These equipment were actually For those more than 10,000 cannon fodder brothers.

If it wasn't for their fierce resistance and making an illusion, the Bloodthirsty Domineering would not be fooled, let alone the next two victories. Although they were defeated, they made great contributions. This is Lu Yang's reward to them.

Lu Yang went on to say: "Now everyone is going back to the city to rest and think about what equipment they want to exchange. I'll negotiate with Bloodthirsty Domineering and everyone will wait for my good news."

Xizhuo Jiu Qing and Xia Yuwei and others said together, "Boss, we will go with you."

If you go, it means that they and Lu Yang live and die together. However, Lu Yang doesn't need them to do this surface. This time, each of them proved their loyalty.

Lu Luyang said: "You are also tired this day. Everyone goes back to take a good rest. You have to be prepared. Our task is even more difficult."

"Boss, what plans do you have?" Xia Yuwei asked.

Lu Yang said: "The end of this war, Bloodthirsty Domineer will definitely make a large map to upgrade us. Of course, we are also ranked first on the blacklist of Bloodthirsty Domineering. Deceit bought Xiongba and Twilight will come to deal with me. "

"But ~ www.mtlnovel.com ~ he doesn't know yet, Xiongba will open up the 30-level fortress Heiyancheng tomorrow. It is estimated that there will be half a month to open up the wasteland. When he reacts, the bloodthirsty Batian may not be there. It's time to take care of us, he will only go to the trouble of the bully. "

The first full service to gain the honor of the fortress can bring great development to a guild. Bloodthirsty domineering such honors will be sidelined. He will be under great pressure in the Tianlian Guild.

White wolf scratched his head and said, "Boss, I didn't quite agree with your way of giving the fortress siege to the hero. Now it seems you still have vision."

Lu Yang shook his head with a smile and said, "My alliance with the hegemony will always exist. Even though the unhappy mangle has the stronghold for the first time, he will support the hegemony and bloodthirsty hegemony. We will also support the hegemony, and when the war between the hegemon and bloodthirsty war begins, I will take you to waste red fortresses, and when they are finished, our fortresses have been established and we will not be afraid of anyone at that time. "

建成 After the fortress is completed, the owner of the fortress can make the fortress back to the city scroll. Players of the union can go in and out of the fortress at any time. The fortresses around the fortress are excellent leveling maps, and there are countless copies, elite monsters and lord monsters.

The map around the fortress can allow players to rise from level 30 to level 50. If the fortress is well managed, players trade equipment, buy potions, and take offline breaks in the fortress. The fortress 's net income is more than 100,000 per month. .

Of course, the fortress is also the beginning of the real war in the game. With the increase of supplies and the lack of players' backpacks, a guild's resources are often placed in the fortress's warehouse. Once the fortress is breached, the warehouse is looted first.

Chapter 234 - Great victory

Watching his men return to the city, Lu Yang and Xiongba flew back to the city of St. Gall and came to the private room on the second floor of the Tianxian Tower.

In the room, Bloodthirsty Batian and Xiongba, Xisiyu, and Lei Long were sitting and chatting together. When they saw Lu Yang, Bloodthirsty Batian stood up and shot a look of hatred in his eyes, saying: "Lu Yang . "

"It's me." Lu Yang's eyes were also cold. Even if he resurrected his life and saw the bloodthirsty domineering so close, Lu Yang couldn't help but want to kill him.

Xiongba stood on the side of Lu Yang, right-handedly pressing the hilt of the sword, and there was a big disagreement with the intention of drawing a sword to kill.

The old man in the twilight came to the middle of the two parties with a smile and said, "PK is punished in the city. Come and come. We are negotiating today. Please sit down and let us talk slowly."

Lu Yang snorted coldly, came to the table and sat down, Xiongba sat next to Luyang, Bloodthirsty Batian sat opposite, and Late Twilight sat in the middle, slang and Thunder Dragon sat on the other side.

"The chairman of the bloodthirsty just talked to the three of us. He doesn't want to continue this war anymore, he wants to make peace with us." Said the old man.

Lu Yang said scornfully, "Why, bloodthirsty, do you admit defeat?"

The bloodthirsty bully stared at Lu Yang's eyes and said: "Don't think I dare not fight with you and continue to fight, but it will be a loss to both. I have a proposal that this war is over and everyone will go back and upgrade."

Xiongba sneered and said, "How can there be such a cheap thing, if you say hit and hit, stop and stop?"

Bloodthirsty Batian said, "What else do you want?"

Xiongba said: "Simple, you shouldn't grab bosses in the future. Don't cross the border and know how to be a man."

The essence of this war is that the bloodthirsty bully is bullying, relying on many people to **** upgrade maps and wild bosses, otherwise the male hegemon will not participate in the war, so he was not polite to the bloodthirsty bully when he spoke.

The first time Bloodthirsty Battalion encountered someone daring to speak to him like this, a rage rose and wrinkled the bully and said, "What are you?"

“The bloodthirsty, you really cross the border. If you continue to **** bosses, we can only continue to fight with you,” the old man said slowly.

Lei Long hummed and said, “We have 5 guilds. You have to continue playing, we will play with you to the end.”

The silky words said: “No one is willing to hit without being able to hit, but others are bullied to the door, and we don’t agree with those who do not hit.”

Bloodthirsty Domineer did not expect that Lu Yang’s five guilds could be so unified, and frowned, saying, “Then how do you say this map is divided?”

Late twilight projected a map around St. Gall on the table, pointing to the northeast side of the map and saying, “I’ll upgrade here later.”

The bully pointed to the south and said, “I’m upgrading here.”

Lu Yang said: “I’m northwest, as long as you don’t come to the three of us, we agree to the truce.”

Thunder Dragon and Whispering each pointed out maps of Beifeng City and Hannibal City, and made the same request.

Bloodthirsty Batian said, “Yes, I can’t come to these places.”

Chi Mu said: “Then we are settled, and everyone will live in peace and escalate together.”

“You guys, I’ll say goodbye then.” Bloodthirsty Batian took out the city roll and flew away from Fengxian Tower, where he didn’t want to stay for another minute.

“Boss, did they agree to the truce?” Yuxue Bawang asked.

Bloodthirsty Batian said with a complexion on his face: "Go back with me, upgrade and upgrade the equipment quickly, and lose again in the next war, you all give me away."

The bloodbath fighter and others were like chills, followed by the bloodthirsty fighter and returned to the guild.

Inside the Fengxianlou private room.

Lu Yang, Xiong Ba and others watched the bloodthirsty domineer disappear and leave, laughing.

"It's a good fight, Brother Lu Yang, I really underestimated you before, three battles and three wins, so beautiful." Lei Long praised.

The silk language even looked at Lu Yang's eyes becoming microwaved, saying, "Lu Yang, don't mind telling us how you won."

Chi Mu said: "Yes, I have to listen to it, it's a pity to miss such a wonderful battle."

Lu Yang said with a smile: "Of course you can, if you don't think I'll hit you, I'll tell you."

Would Lei Long and others dislike Lu Yangsun and urge Lu Yang to say it quickly.

After 10 minutes.

Lu Yang briefly talked about how he ambush in the Sayama, the Golan Heights ambush and long-distance running.

The old man in the twilight said: "Sure enough, it is the Yangtze River that pushes the waves forward. I do n't want to be old. I will say that your three tricks can be used. The bloodthirsty defeat to you is not his neglect, but he really fights. But you. "

Lu Yang laughed and said, "Thanks to your help, I can't do this without you."

The old man in the twilight said, "Brother, can you tell us a few things, Hellfire Lord and Hurricane Array, I won't pay before."

"The two of us are willing to pay," Lei Long said.

The whispering nodded again and again.

Lu Yang guessed that some of them would find themselves asking for the Hurricane Rush and the Lord of Hellfire and said, "I will not have any money. You are allied partners. I can tell you about this, but the Hurricane Rush must wait for you. It can be obtained after challenging the Joker Emperor SSS-level missions. The Lord of Hellfire needs a skill book and a mixture of Guru Chaos. If you have a skill book, I will provide you with a total, and I will pay the cost."

The old man in the twilight didn't expect Lu Yang to speak so well, nodded, and said, "Okay, that's all for the matter. We will go to you when we reach the skill book and complete the mission of the clown emperor."

Lu Yang said, "Yes."

Lei Long stood up and said, "Then we won't bother much. These two things will improve the guild too much. I will go back and prepare."

The silk language said: "Thank you Brother Lu Yang for your help, we owe you personal feelings."

Lu Yang said, "You're welcome. Everyone will ride in the same boat. In the future, the stronger you will be, the less bloodthirsty you will be."

"Wish us a few friendships forever ~ www.mtlnovel.com ~ The old man in the twilight said, holding up the wine glass on the table.

They drank a glass of Chinese wine, and they all dispersed. They got news of Hellfire and Hurricane Gust from Lu Yang, and they hurriedly arranged.

Lu Yang was also anxious to do things, and all the brothers of the guild were waiting for him. None of them was offline.

On the north square of St. Gall, 13,000 members of the war are gathering to chat, and the players participating in the battle are excitedly telling about their battle experience.

“Do you know, I killed the South Coast of Yuema with my own hands.”

“You didn’t see it when the hurricane burst was released. It’s so cool, 25 hurricanes trapped 5000 bloodthirsty people.”

“It’s so cool. I’ll follow Boss later.”

“Fan’s revenge is finally paid.”

...

As they chatted, Lu Yang came over from a distance.

Chapter 235 - Reward everyone

“Boss is here.”

“Boss is here.”

The crowd greeted each other, and everyone looked at Lu Yang with worship.

Zhuojiu poured in with Lu Bai and others, and asked, "Boss, what's going on."

Lu Yang said, "Let me go to the square fountain, and you will gather the whole team."

"Yes." Jiang Ze and Zhuoju Qingren and others immediately organized the team, and at the same time, the people automatically gave way.

Lu Yang walked to the middle of the square and jumped onto the high platform of the fountain pool. Looking at the 13,000 men who had completed the team in front of him, Lu Yang felt infinite emotion.

It is these brothers, who have been steadfast to him, followed him to defeat the Bloodthirsty Domineering, watching their excited eyes, Lu Yang said loudly: "Brothers, tell everyone the good news, Bloodthirsty gave up. In the future, we can upgrade with peace of mind without having to worry about being robbed of equipment and bosses. "

Everyone was waiting for this sentence from Lu Yang. In an instant, more than 10,000 people shouted in unison, and the whole city of St. Gall was shocked by this voice.

"Success."

"We succeeded."

"The bloodthirsty bully conceded."

...

In the cheers, some people's eyes were wet, and some people shouted in excitement, and they finally did what the group wanted.

Jiang Ze patted Tu Feng's shoulder. He found Tu Feng crying.

Lu Yang walked to Tu Feng and said, "Brother, where is this place? Next time, I will let Bloodthirsty Batian completely get out of this game and let Bloodthirsty League be completely destroyed."

Tu Feng said in surprise: "You want to destroy the Bloodlust?"

Lu Yang said with a smile: "Of course, I and Bloodlust are already deadly enemies. I will not destroy him, he will also destroy me. In this case, why don't I start first."

After tapping Tu Feng's arm, Lu Yang returned to the high platform, and when his men were quiet, he said loudly, "Brothers, starting today, the guild recruits people on a large scale to tell your friends and brothers, come to my brother-in-law. Alliance, with me and you, no one dares to bully them anymore. In the future, we will upgrade together, play equipment and play games together. Whoever dares to bully us, we will fight back together, you remember, the iron brotherhood, no brother No games! "

"Iron brothers alliance, no brother, no game." Countless people remember the words of landing Yang, just a moment later, more than 10,000 people shouted these words at the same time.

Zhuo Jiu Pour, Xia Yuwei, bitter love half-life, Bai Shixiong, Sun Yu and others stood under Lu Yang, looking up at the expression of Luyang, recalling his words, Zhuo Jiu could not help but said: "Boss This sentence is so contagious. "

"Hey, I dare to pack tickets. The last thing that Bloodthirsty Batian regrets in this life must be a truce agreement with the boss." Bai Lang said.

The phrase "no brother without game" seems to spread the virus among members of the Jagged Brotherhood. Each of them used to wear an icy game helmet to fight alone in the game. Now it is different. Look at the players who are fighting alongside them. Under the pressure of the bloodthirsty league, they did not let them abandon each other. This is not a brother, what is a brother.

From the second day, Lu Yang defeated the Bloodthirsty Alliance in three battles and three successes, shouting that no brothers and no game slogans spread throughout the service. Countless players applied to join the Iron Blood Brothers Alliance. Tu Feng and Jiang Ze recruited 50 people. Can't recruit.

Many players who had retired before also wanted to return to the Jagged Brothers League, but were afraid that the former brothers would complain, but they did not expect that Lu Yang would personally send an email invitation to each of them: in the past, it would be irrelevant. The former brothers' union itself was difficult to protect. Now Have the ability to protect them and welcome them home.

After three days.

The Jagged Brothers Alliance has more than 100,000 members. Standing on the plateau northwest of St. Gall, Lu Yang watched the countless players of his guild battle and upgrade on the map. He was behind the muddy wine, Xia Yuwei, White Lion, and bitter love. Half-life and Sun Yu said, "How does it feel to overlook the world."

Holding 100,000 male soldiers, Lu Yang's lameness can shake the city of St. Gall. The bosses of the top guilds, Xiongba and Late Sight see Luyang also call him a brother, a guild boss like Bloodthirsty Batian, hate However, Lu Yang did nothing to him. This kind of prestige must be envious and jealous by anyone who sees it.

They did not talk about Zhuojia Qing and Xia Yuwei, but the joy on their faces couldn't be blocked. Yesterday, the rewards of ordinary players have been issued, and they are guild points. Now, they have come to Luyang to reward them.

"The guild recruited 100,000 people. Starting today, five of you and your five teams are evenly distributed, and each team leads 20,000." Lu Yang said.

The White Lion said in surprise: "20,000 people?"

Although they haven't discussed it, they have individually calculated that Lu Yang should reward them with 10,000 people, but they never thought that Lu Yang was so generous and gave them 20,000 at a time and did not promote the newcomers to sit with them on an equal footing.

Xia Yuwei asked again: "Lu Yang, do you really want to give us 20,000 each?"

Lu Yang said with a smile: "Of course, starting from today, each of you is the boss with 20,000 brothers. The head and captain of the following are all determined by you. I will not intervene in the management. I only manage 5 of you. . "

This trust made the turbid wine pouring and the white lion give a feeling that the confidant died. This is a game, not real life ~ www.mtlnovel.com ~ If they control the 20,000 people, take them away There is no way for Lu Yang to do this. Many such games have appeared before. The head of the guild took his hand to another guild and caused the previous guild to fail.

"Boss." The turbid wine poured out without knowing what to say.

Lu Yang patted his shoulders with muddy wine and said to the five of them: "The guild is mine and yours, and I promise you that you will definitely do it, and work hard separately. This level is not our limit, let alone My goal is to start the fortress battle in the future. I hope that each of you will not only occupy a fortress, but also let the brothers around you also become the fortress masters. We will make money for all of us.

Lu Yang's words are like the hearts of people like Huaquan Zhuoju and Qingquan, so that each of them has a happy and refreshing feeling.

The white lion laughed and said, "I really didn't see the wrong person. It's true that I followed you boss, cool."

Zhuoju poured his hands and said, "Boss, don't worry, I won't give you a shame when you fight fortress."

The bitter love half-life said excitedly: "Boss, this is the first time I have taken the lead to 20,000 people, I am afraid I am not good."

Chapter 236 - Not forgetting the beginning

Lu Yang patted his shoulder for half a lifetime and said, "Brother, everyone can see that you want to pursue Han Liu, and everyone can see the difference in status between the two of you. Do your best. Don't let down my heart. And don't let down Han Liu's waiting. This is your best chance to stand out.

Take me 20,000 people to build a fortress. With the dividends of the fortress, you have the right to pursue Han Liu. “

My bitter love lingered for a while, and after a while, my face showed a determined expression, saying, “Boss, I will not disappoint your expectations.”

Everyone laughed.

The bitter love half-life showed an embarrassed expression and said, “You all saw it.”

“Hey, not all fools can see it. You look at Han Liu as if the mouse saw cake.” White Lion said.

“I can’t be so uncomfortable.” The bitter love has been depressed for a long time.

The white lion continued to ridicule. Lu Yang came to Xia Yuwei and said, “How about, do you have the idea of establishing a guild yourself? If you have, I will let you take 20,000 people away?”

Xia Yuwei was startled, then shook her head with a smile, and said helplessly: “Forget it, I’ll follow you. I found out that the game can’t be solved by money. Even if the family gave me money to let me establish a guild, I didn’t have any Confidence hit you. In that case, I might as well fight you with others. “

Xia Yuwei is telling the truth. With this month of landing, Xia Yuwei learned something that she hadn’t learned in more than 10 years, the momentum when she killed, the strategy of planning, the vision of commander in combat, and a war genius like Lu Yang. Fight against him unless his head is sick.

And Xia Yuwei has a feeling that Lu Yang is not like a person, but a monster, as if he has to choose someone at any time.

Zhuo Jiu Qing Du and others heard what Xia Yuwei said and did not know how to rebut, but nodded in agreement.

Lu Yang said silently: “I can’t be so scary.”

“Hey, boss, our three brothers fought all over without any opponents, but as a result, all three of them fought, but you said you were scary,” said White Lion.

Zhuo Jiu said, “I went to level 30 map at level 10. I don’t have this ability.”

Lu Yang laughed again, but was relieved in his heart. He was always worried that Xia Yuwei had the idea of establishing a guild alone. This time he was frank with Xia Yuwei and wanted to know Xia Yuwei’s true thoughts. If he really wanted to leave, he would admit that Now, send him 20,000 people as a favor. Thanks to his former helper. If he doesn’t leave, that’s the best.

Now it seems that it is really the best result.

Lu Yang said: “Actually, it’s not difficult to be a guild boss in the game, a legion leader, or a vice chairman. The most difficult thing is to handle the conflicts and disputes that will arise because of interests in the future. “

“Soon, you will make money with the people in your team, but I hope you remember that you don’t forget how much it cost us to set up this guild because we are helping our people fight for benefits.”

“Don’t forget, we were a small guild that might be disbanded at any time and oppressed by the Bloodthirsty League. Today is because we are united. After you each lead a group, there will be countless people complimenting you. People, who is right and who is wrong, do n’t just look at the present, but think about how it will affect the future if you follow the advice he provided. “

This is what Lu Yang wants to tell them the most. The number of disintegrations in the last guild due to conflicts of interests has been innumerable. Lu Yang does not want this situation to occur in his guild.

Xia Yuwei and Zhuo Jiuqing have never thought about this issue before, and they couldn’t help but think when they heard Lu Yang’s words.

Zhuoju said, “Boss, I’ve been taught. If we have a few disputes in the future, we can solve them privately. If we can’t solve them, we will ask you to solve them. I swear that I will never have any brothers. Gap. “

Sun Yu, Xia Yuwei, bitter love for half a life, the white lion swears after imitating the muddy wine.

Lu Yang said: "That's the best, if we can work together, it's the best."

This sentence is not Lu Yang's nonsense. Almost the top 200 people in the previous life were in his guild. As long as they are united, no one can win him.

"By the way, let me tell you something. In order to prevent the bloodthirsty bully and the male bully from digging for someone, I asked Jiang Ze and Hongyefefei, black notes to re-sign over 200 of them. Each of these people has a minimum wage of 10,000 credit Point." Lu Yang said.

"Boss, the salary is too high, I don't deny their strength, but more than 200 people have the price, you have to pay more than 2 million a month." Xia Yuwei said.

Lu Yang said: "No way, I let them sign a contract with a transfer nature, a five-year contract. Other guilds have to compensate 20 million credits if they want to dig people. If they don't give them so much money, they won't sign me. . "

Xia Yuwei asked: "What do we need to do, invest or make money?"

Lu Yang said: "Rest assured, I can hold 2 million a month. I do n't need you for the time being to make money, and I do n't need to invest for the time being. When the guild is stable, I will let you invest a few more.

With the support of three major money-making machines, including Blood Store, Tide Set and Rocket Thruster, Lu Yang has no problem supporting it.

Lu Yang said: "Let's take our own team. In the past few days, we will make the illusion of a normal upgrade. When the wasteland fortress over there is exposed, I will take you to the wasteland fortress."

Xia Yuwei and others sighed again.

Watching Xia Yuwei and others leave, Lu Yang dialed Jin Buhuan and said, “How about ~
www.mtlnovel.com ~ Is there any problem in the operation of the pharmacy?”

Jin Buhuan said: “Recently, many pharmacies have also opened the reputation of the Holy City Quartermaster, and our pharmacy has been upgraded. However, other pharmacies have formulas but do not have pharmacists like us. They can’t grab us. . “

The blood drug store is already the only one in St. Gall’s City. There are more than 800 senior pharmacists and more than 260 pharmacists with hidden ability. The effect of the drug produced can not only meet the requirements of the formula, but many drugs can also increase the effect. , In a dominant position.

Lu Yang said: “There are many ways to obtain the reputation of the quartermaster. It’s not too difficult, but it doesn’t matter. I was counting on him. Please wait for me. I have a few things to deal with in the past few days, and I will find a new formula for you. . “

School starts tomorrow, and Shen Mengyao can be seen immediately. He finally made some achievements. Lu Yang really can’t wait to see her. Regrets of the last life, how can Lu Yang not let him happen again.

It’s just that I do n’t know if Shen Mengyao will be angry when he sees himself. Last time, he slipped over half of his school before sending her back to the dormitory.

Thinking of this, Lu Yang couldn’t help but laughed.

Chapter 237 - Start school

Early the next morning.

Lu Yang changed his clothes, came to the gate of Dongdu University with a smile on his face, and walked into the teaching building through the green shade corridor.

On the first day of freshmen's school, students who took a three-month vacation after the college entrance examination ended up walking into the school with their longing for the new school.

In the classroom of class 1 every year, many new students have come. It's still half an hour before the teacher comes. Many people talk to each other after introducing each other. However, the eyes of the boys mostly focus on a girl sitting in the third row. .

Shen Mengyao, wearing a snow-white short-sleeved shirt with her hair over her shoulders, was chatting with a few new classmates.

Cheerful and lively character, big and clean eyes and suffocating face make her a well-deserved focus in the class.

"It's so lucky to have such a big beauty in my class."

"It's perfect, no flaws can be found."

"I want to chase her, brothers to help."

...

Lu Yang listened to the conversation between the two students at the door and walked into the classroom with a smile. Shen Mengyao was facing the door of the classroom. When she saw Lu Yang, she could not help but open her eyes and said, "It's you."

Lu Yang said with a smile on his face: "It turns out that you are also in this class, what a coincidence."

Shen Mengyao's big eyes seemed to be able to speak. She bit her red lips unconsciously, pointed at Landing Yang and said, "Yes, it's a coincidence, crying ghost."

Lu Yang couldn't help laughing, this girl is still the same as the last life, always so ruthless, and said, "Without such, ah, it will be short as soon as you meet, how can we be old friends."

Shen Mengyao had thought of all kinds of scenes when she saw Lu Yang again. She wanted to righteously accuse him of lack of morality and bully. If Lu Yang dared to resist, he would bring his sister to clean him up. .

"Whoever is an old friend with you, let's talk, how to solve this matter." Shen Mengyao said with a hug *.

Five or six female classmates around stood up together, and Zhang Meng in the bedroom asked with a bad expression: "What's going on, he bullied you?"

Shen Mengyao said something with a little angry expression.

Zhang Meng pointed to Landing Yang and said, "Okay, just now, our sisters still took Meng Yao to find you next to each other in the classroom. You came to your door and said, how to solve this matter."

"Say it, how to solve it." Chu Yu and Liu Shuang pointed at Landing Yang and said, there is a lot of meaning not to stop.

Lu Yang raised his hand and surrendered, saying: "You Laike Restaurant next to the school, please let the beauties glorify at noon, so that you can plead guilty in the face. Butterfly shrimp and lobster can be ordered casually.

You Laike Restaurant is a high-end restaurant that sells seafood from Australia and Canada.

Zhang Meng replaced Shen Mengyao with satisfaction and said, "Since you are so sincere, I will take Shen Mengyao to accept your apology at noon."

Chu Yu and Liu Shuang, two girls in the same bedroom, also nodded together. Liu Shuang said, "It's such a happy decision, you pass the level."

Shen Mengyao stupidly looked at betrayed her three sisters in the same bedroom immediately, and looked at Lu Yang's proud smile, suddenly felt that he was bullied by Lu Yang again.

Seeing Lu Yang step aside and sit down, Shen Mengyao anxiously said to a few sisters: "I haven't agreed yet, why did you agree?"

Zhang Meng said seriously: "Yao Yao, we decided, we must kill him at noon, and then we condemn him while eating."

Then Zhang Meng took out her mobile phone to find the homepage of U Laike Restaurant and pointed at the lobster. "I heard that their roasted lobster is very delicious."

Chu Yu said, "I want to eat butterfly shrimp."

Liu Shuang looked at his 180-pound body, gritted his teeth and said, "I'll eat a few fish heads, and then I will lose weight."

Shen Mengyao bowed her head depressedly. She suddenly felt abandoned by the whole world. She turned her head to look at Lu Yang's proud smile and turned her head in anger.

However, for a moment, Shen Mengyao reacted and said secretly in his heart: Lu Yang wouldn't have thought about it for a long time. How could this guy look like the old mainland Yang of our guild?

Lu Yang looked at Shen Mengyao, and couldn't help but smile. His favorite thing was this small appearance of Shen Mengyao.

"Brother, it's amazing. I just got on with Ban Hua when I first arrived." A fat boy took the initiative to tell Lu Yang.

Lu Yang knew each other. He was one of the dead parties in his college dormitory, called Mo Long, and was a very good brother.

“Lu Yang, the home is local, live here,” Lu Yang said on his own initiative.

“My name is Morong.”

While talking, four boys came over and one of them said, “Mo Long, what are you talking about?”

Mo Long said, “Just right, let me introduce you to each other. This is Lin Dong, Fei Yong, Zhang Qiang, and Huang Xiang. The few of us are in the same bedroom. This is Lu Yang.”

Huang Xiang said with a smile like a spring breeze, “Knowledge is the exchange of points. I have dinner at noon, and I treat you.”

If it is the first time to meet, he will be infected by Huang Xiang’s enthusiasm and think that he is a friend who can make friends, but who can think that the person who sold Lu Yang in the last life is the Huang Xiang in front of him.

I wanted to trust the person in front of me so much. When he was a brother, it was this person who betrayed him.

After that incident, Lu Yang once asked Huang Xiang why he should betray him. At that time, Huang Xiang’s face and the words he said, even if he was reborn, Lu Yang could not forget it.

“Friend? You deserve it too? You’re just a dog I used. I didn’t have a suitable candidate before, so I just sold you to Liu Jie.”

Lu Yangqiang resisted the urge to kill Huang Xiang with one punch ~ www.mtlnovel.com ~ He knew that such a person could not fight, but had to keep it, and wanted to make friends with him sincerely.

This is like the section where Jiang Qian stole the books in the Three Kingdoms, knowing that Jiang Qian was a traitor, Zhou Yu regarded him as a brother, and invited him to sleep in the same bed with his family, so that Jiang Qian would steal Cao Cao by stealing his false papers.

Lu Yang will do this once, and when Liu Jie appears, Huang Xiang will be the deadly knife he gave to Liu Jie.

“Sorry, I can’t go at noon. I invite the beautiful women over there for dinner.” Lu Yang said.

Huang Xiang looked at Shen Mengyao’s eyes brightly and whispered, “Brothers are terrific, but I have to remind you that I heard that the chairman of the Student Union Sun Rui is pursuing Shen Mengyao, we can’t afford that person.”

“Thank you very much.” Lu Yang asked with a smile: “Is there still room in your house?”

Huang Xiang said: “Yes, of course, it is the last one. You will come to me and arrange for you.”

Lu Yang said again, “Thank you.”

“Well brother, it should be.” Huang Xiang said.

Chapter 238 - Wang Rui

A footstep on high heels on the marble floor came from a distance. Soon, a beautiful woman with glasses entered the classroom.

“Silent.” Liu Mo knocked on the blackboard and said, “From today, I’m your guide. My name is Liu Mo. You can call me Teacher Liu.”

“Wow.” Exclamations emanated from the boys, just graduated from the doctoral student, wearing glasses and long black hair, and Liu Mo captured elegant and calmly intellectual beauty captured the hearts of all boys in the class, even girls Many people followed.

Liu Mo was very satisfied with the performance of the students and said, “Beginning in the afternoon, you will have a one-month military training.”

...

After some admonitions, Liu Mo talked for more than two hours. None of the classmates interrupted or made trouble, which made Liu Mo very satisfied.

The knock on the door rang, and five or six boys came in. One of them was dignified and said very smartly: “Mr. Liu, I’m Wang Rui, the chairman of the Student Union.”

“What is it?” Liu Mo asked.

“I’m not the part-time president of Taekwondo. For the next year’s national Taekwondo competition, the coach asked me to go to various classes to see if there were any good seedlings.” Wang Rui said.

Liu Mo said, “Okay, I’m done here too. I’ll give it to you for the time being, and I’ll see the military training clothes.”

Wang Rui sent Liu Mo respectfully away, and went back to the podium to talk about Taekwondo for half an hour.

Lu Yang didn’t hear a word. He only knew that the man in front of him grabbed Shen Mengyao from him.

In the last life, the appearance of Wang Rui made Lu Yang deeply hide his love for Shen Mengyao. In front of Wang Rui, no matter how looks, family, knowledge, ability, Lu Yang did not compare him.

However, later in the society, Lu Yang learned that these things have nothing to do with love shit. On the contrary, many people like Wang Rui are honest hypocrites and often do not show much affection to a girl.

In this life, Lu Yang will no longer watch Wang Rui pursue Shen Mengyao and silently endure. He will actively pursue Shen Mengyao. Anyone who wants to stop him or **** Shen Mengyao from him, Lu Yang will let them see their own Great.

The bell rings.

After finishing his speech, Wang Rui came to Shen Mengyao with a smile and said, "Meng Yao, how about we go to eat together at noon."

Shen Mengyao was weary and said, "No, I still have something to do."

The reputation of Grand Duke Wang had been told by Shen Mengyao before he came to school. One Playboy often talked about a girlfriend while pursuing another. Although the nickname Baima Prince was sent, it was an uncompromising one. Undeducted asshole.

Wang Rui asked with a look of concern: "I'll solve it for you, this school has no problems I can't handle."

Shen Mengyao had nothing at all.

"Sorry, this little idiot is going to eat with me at noon. I have no time to accompany you as a busy man. By the way, your girlfriend Wang Xue and girlfriend Xia Li, have you finished their work." Lu Yang didn't know what Time came to Shen Mengyao.

Wang Rui was standing embarrassed at once, Wang Xue was her current girlfriend, Xia Li was the woman she had just caught, and he had never mentioned it to anyone. However, Wang Rui, the two

women who saw Shen Mengyao, was ready to give up. However, I did not expect that this person was exposed in front of Shen Mengyao.

“What are you talking about, who are you?” Wang Rui was furious, referring to the glare of the landing sun.

“I’m Lu Yang.” Lu Yang’s eyes looked at Wang Rui at that instant.

Suddenly Wang Rui felt a tremor in his soul, and he felt it disappeared immediately. He thought it was his illusion and pointed to Luyang Yang. “Okay, I remember you.”

After speaking, Wang Rui turned and left the classroom. Five or six students who followed Wang Rui walked to Lu Yang and said, “Boy, we Taekwondo Club remember you.”

“Taekwondo, what a thing.” Lu Yang said with a sneer.

“You.” Wang Rui and others did not expect Lu Yang to be so arrogant at this point, but he knew it was in the school.

“You wait for me.”

Watching Wang Rui and others go far, Zhang Meng said angrily: “I thought Wang Rui was a good guy before. It turned out to be a bastard, and there are two girlfriends who have to chase our family.”

Liu Shuang said, “Fortunately, Lu Yang said it, otherwise I would be fooled.”

Shen Mengyao frowned, and said to Lu Yang worriedly, “Why are you breaking this thing, watch out for Wang Rui’s revenge on you.”

Lu Yang said indifferently, “I just can’t get used to such a person, and besides, I’m not apologetic.”

Shen Mengyao was surprised by Lu Yang's calmness and said, "I really don't know if you are really capable or the ignorant are fearless."

Huang Xiang took Mo Long and they came over, and Lu Dingyang's shoulder said, "We have been walking together these days, and Wang Rui shouldn't dare to mess with us."

Mo Long said, "If you really want to fight, who is afraid of whom? The most annoying scum."

Lu Yang said, "Thank you, but don't take part in this matter for now, see you tomorrow."

If Lu Yang did not know that Huang Xiang's purpose was Shen Mengyao, he would certainly appreciate his help. Mo Long, who was sincere, was used by Huang Xiang.

Huang Xiang did not expect that Lu Yang would reject him. He was a little surprised, and for a while he didn't know what to say.

However, Lu Yang ignored Huang Xiang and patted Mo Long's shoulder. He said, "Brother, I don't want to invite you to dinner, but I don't want you to provoke Wang Rui for me now. I will handle it myself."

Moron said, "All right."

Lu Yang smiled and turned to Shen Mengyao and said, "Let's eat."

Zhang Meng and Liu Shuang stood Shen Mengyao and said, "Okay, let's go together."

Shen Mengyao is speechless ~ www.mtlnovel.com ~ The two sisters who are close to each other just want to have a big meal, saying, "Well, I'll just go."

In the second-floor private dining room of Youlaike Restaurant, Lu Yang really ordered a big dinner. Although they were severely slaughtered by Zhang Meng, her sisters in the bedroom must get it as soon as possible to pursue Shen Mengyao, otherwise, this is A bunch of * annoying.

After Liu Shuang ate the 8th fish head, he said to Lu Yang with satisfaction: "I can't see, you are still a very good person."

"I agree." Zhang Meng vaguely bite the lobster.

Lu Yang said: "Thanks a lot for the praise, we often get together in the future. If you want something to eat, please find me. I invite you."

"Then it was such a pleasant decision." Liu Shuang, Zhang Meng and other beautiful women said in unison.

Shen Mengyao reluctantly covered her forehead with her hands. She felt that she had encountered an old-fashioned monster. Wang Rui couldn't catch up with Lu Yang. However, Shen Mengyao was curious. How did this Lu Yang's character match his boss in the guild His personality is so similar, it still has the same name.

However, no one is so narcissistic as to use his own name as the game name.

Chapter 239 - Study

"Yao Yao, what are you thinking about?" Liu Shuang asked, picking up the ninth fish head.

Shen Mengyao covered her forehead and said, "Sister, do you really want to lose weight?"

Liu Shuang angrily said, "Yao Yao, I'm not good with you."

Shen Mengyao hurried to apologize for her regrets, so she got Liu Shuang's forgiveness. Watching her happily eating the ninth fish head, Shen Mengyao said to Lu Yang, "Look at the part where you invited our sister for a big meal. Before Even if it doesn't matter, next time you don't help me to make a siege, I know you are kind, but Wang Rui is really not good at messing with it, I'm afraid he will avenge you. "

Lu Yang said, "How can he avenge me?"

"He's a black belt in Taekwondo. He's a bit of a bad character but he's really good." Shen Mengyao said.

"I agree, just two or three people can't enter him," Chu Yu said.

As soon as the words came out, both Shen Mengyao and Zhang Meng showed worried expressions, but Lu Yang didn't care. Don't say 3, even if 100, give Lu Yang enough time and space to kill them one by one. Taekwondo is only used for physical fitness, the techniques of real jungle fighting are very simple, and the part of the attack is different from the regular game action.

"We have to believe that Wang Rui is a gentleman, and he will never retaliate against me." Lu Yang said with a smile.

in the afternoon.

Under the blazing sun, Lu Yang and other 8,000 freshmen stood neatly on the playground. The school leader held a microphone on the podium to speak.

Military instructors stood in front of their respective classes, and the instructor assigned to Lu Yang's class was called Wang Jing and was a company commander.

From the time of taking over this class, Wang Jing, a special soldier, has developed a strong interest in Lu Yang. He is also a master of jungle field operations. Even if Lu Yang hides it, Wang Jing can see that Lu Yang is extraordinary.

When the principal's speech was over, Wang Jing took the class where Luyang Yang was to to the playground in front of the girl's dormitory. This was their designated military training location. It was right next to the girl's training team where Shen Mengyao was.

During the break, Wang Jing deliberately approached Lu Yang and asked, "Are you interested in being a soldier?"

Lu Yang was drinking water, and Wen Yan smiled and asked, "How did the Beijing instructor ask me this?"

"I feel that you are particularly suitable to be a special soldier, and you will work hard, right," Wang Jing asked.

Lu Yang smiled mysteriously and said, "Fortunately, there will only be some superficial efforts."

Suddenly Wang Jing grabbed Lu Yang's arm. No matter how hard people train, the muscles will not show up when the arm is not strong, but Wang Jing grabs Lu Yang's arm and feels a bit hard.

"You have been specially trained." Wang Jing asked in surprise.

Lu Yanggang wanted to answer. Wang Rui, who was wearing a white Taekwondo uniform, walked around the corner of the dormitory.

"Hello Coach Wang, I'm the president of Taekwondo. At the request of the coach, we asked each team to perform live to see if anyone would like to join Taekwondo." Wang Rui gave a deliberate look at Lu Yang when he spoke.

Wang Jing did not know the contradiction between Lu Yang and Wang Rui, and said, "Yes, now is the time for rest, everyone is standing up."

Mo Long stood beside Lu Yang and whispered, "Be careful, I feel Wang Rui is coming at you."

Lu Yang nodded.

Shen Mengyao looked worried, Liu Shuang said, "What the **** is Wang Rui doing?"

After the two teams stood up, the coach of Wang Jing and the girls' team ordered everyone to do well in place. Wang Rui came to the middle of the two teams and said, "Dear students, today we Taekwondo Club will bring you a performance, Please watch, if you like, we are willing to accept him as a member. "

As soon as Wang Rui waved his hand, the four members of the blue belt practicing Taekwondo came to the middle of the field and faced each other. They looked so lively.

Wang Jing was too lazy to watch. Lu Yang was not interested. He looked bored. After the game was over, Wang Rui returned to the middle of the field and said, "Is there anyone who wants to join our Taekwondo club."

When there were three or four people applying to join the Taekwondo Club, Wang Rui nodded with satisfaction, saying, "Taekwondo is not only for physical fitness, but also for actual combat. Now I will show you, I do n't know which classmate on the scene Willing to try it with me. "

Wang Rui glanced at Lu Yang for a week and said, "This classmate, it's up to you."

Lu Yang knew that Wang Rui was looking for trouble for himself, and he also found a very perfect excuse, so-called self-injustice cannot live, he sought to fight, Lu Yang did not mind teaching him.

"Okay, but I don't know how to do it, I don't know how to do it, if it hurts you," Lu Yang said.

Everyone on the Taekwondo club laughed, and Wang Rui even said with a smile: "Be assured that you can hit whatever you want, you can do whatever you want. I don't mind hurting."

"That's great." Lu Yang slowly stood up and walked to the middle of the venue.

Wang Jing was watching a show, but when he saw Lu Yang about to play, he hurried to the middle of the two and said, "Wang Rui, change someone."

Wang Rui did not expect that Wang Jing would be partial to Lu Yang, frowning and thinking for a moment, and said with a smile: "I'm fine instructor, I just perform it, I won't really hurt this classmate."

Wang Jing thought, I was afraid that you would hurt. Lu Yang's muscles have been shaped. You can't beat it at all, but this cannot be said. When he was anxious, Lu Yang patted Wang Jing's shoulder and said, Just to learn, I also want to see the strength of Taekwondo. "

Wang Jing said poorly, hesitantly, "Yeah."

Shen Mengyao almost rushed out to stop the game just now ~ www.mtlnovel.com ~ Seeing the instructor appeared to think it could be resolved, I did not expect that the instructor actually agreed, or was requested by Lu Yang, which made Shen Mengyao stunned.

Lu Yang gave Shen Mengyao a reassuring look, adjusted his cuffs, and said, "Master Wang Rui, in case I hurt you in a while, don't be angry."

When Wang Rui saw Lu Yang coming into play, he only thought about how to meet Lu Yang. He didn't take Lu Yang's words seriously, and said with a sneer, "Play casually, don't be polite."

Wang Jing just wants to see how Lu Yang's strength is, and he is a referee. Even if there is something, he can stop it. He said, "Let's get started, you two will stop."

As soon as the voice fell, a wind sounded, and Wang Ruizhao landed on Yang's head and turned sideways. If this kick was hit, ordinary people fell to the ground and became unconscious.

Lu Yang had already guarded against Wang Rui's sudden attack, and his body retreated 10 cm subconsciously. Later, without waiting for Wang Rui's feet to stand firmly, Lu Yang suddenly rushed forward and punched Wang Rui's belly firmly.

Wang Rui fell to the ground without a word, as if unconscious.

Chapter 240 - New brother

The members of the Taekwondo club just saw that Wang Rui's kick just burst into warm cheers. Unexpectedly, Wang Rui was knocked to the ground by Lu Yang in the next second. After being shocked, everyone hurried over.

"President, are you okay?"

"President, you wake up."

...

Wang Jing was startled, and rushed into the crowd with another instructor, seeing that Wang Rui was not in a coma but could not move, both were relieved.

Wang Rui tried to stand up but found that he could not move his hands and feet. For a time, he could only look at Lu Yang with anger.

Lu Yang walked in front of Wang Rui and said, "Don't struggle, the human abdomen is hit hard, the abdominal plexus is stimulated and transmitted to the vagus nerve center, which will greatly slow down the heart's activity and rest for half an hour. Well, it's okay."

Wang Jing frowned and said, "Lu Yang, your punch is too harsh."

Lu Yang said, "You know, if I force three more points, his heart will stop. If the punch I just hit was not his stomach but the position above the first cervical vertebra and below the skull, his brain and nerves will cause permanent harm. I have not done anything, and I have been very sympathetic to him."

A murderous spirit spread out on Lu Yang. Everyone in Taekwondo felt the momentum of Lu Yang's killing. No one dared to speak for a while, and even Wang Jing and another instructor were shocked.

"Why is this man so murderous?" Another instructor told Wang Jing.

Lu Yang ignored it and said to Wang Rui lying on the ground waiting for a stretcher: "Friendship reminds you, don't mess with me in the future, next time, you have no such luck."

Only then did Wang Jing understand that the two had long been hateful and gave Lu Yang an angry look and said to the instructors around them: "Let's take the person to the school medical room first. This is not the way."

Another instructor said, "Everyone rests in place and they are not allowed to leave this place. The Taekwondo Club will follow me and carry your president."

A group of people came up to help and left with Wang Rui. Mo Long came to Lu Yang and said, "Brother, master, I can't think of you so powerfully."

Lu Yang said: "Where can I, I'm all blind, who knows he can't carry a punch."

Shen Mengyao hurriedly walked in front of Lu Yang and said, "Okay, Lu Yang, a few of us are so worried about you that you are so good."

Zhang Meng, Liu Shuang, and Chu Yu all ran over.

Lu Yang said, "It's not that I'm terrible. It's that Wang Rui is too bad. I've been hitting it blindly. I don't know if he can't even carry a punch."

"Oh, right? Even the side effects of beatings can be analyzed clearly. You still pretend to be me." Shen Mengyao said angrily.

“Okay, okay, I secretly confessed that he was deliberately stabbing him just now. For this kind of scumbag, he must find him by himself, of course, I must complete him.” Lu Yang said.

Shen Mengyao felt a little sweet inside and said, “Thank you.”

Lu Yang said; “You’re welcome.”

“Lu Yang, come here for me.” Wang Jing ran back, staring at him with a sad expression on the corner of the dormitory building.

Lu Yang made a helpless expression at Shen Mengyao, walked to Wang Jing and said, “What is it, instructor?”

Wang Jing frowned and said, “What the **** is going on.”

Lu Yang said: “You tell me if it’s dense or not, I’ll tell you.”

Wang Jing said, “You say it, I’ll listen to it.”

“For jungle warfare special forces like you, if someone robs your wife and provokes you, what would you do?” Lu Yang asked.

Wang Jing recalled his experience in the jungles of Southeast Asia and said, “I will kill him.”

“That’s right.” Lu Yang pointed to Shen Mengyao and said, “That is my future wife. This Wang Rui is talking about two girlfriends at the same time. Teach him? “

Wang Jing couldn’t help laughing, and said, “Your boy, yes, this matter is fine, but I disagree with the proposal I told you before.”

“Do you serve?”

“One year in school, sophomore transferred to army training for two years, and then passed the Army Officer Academy to become a true special soldier.” Wang Jing said.

“Let me think about it,” Lu Yang said.

As a soldier, Lu Yang had never thought about it before. If he could really enter the army, it would be a good choice. At least, the status of soldiers in this era is very high. And, in the future, what happens in the real world, the army will participate more many.

“I’ll wait for your news. Just give me a reply before the military training is over. I will also report this to my superiors. Let’s go. Let’s go back to continue training.” Wang Jing said.

In order to make this incident quickly forgotten by everyone, Wang Jing launched a brutal military training. All afternoon, including girls, everyone was exhausted and exhausted. I hated having to wash in bed and sleep. .

Of course, the only person who wasn’t tired was Lu Yang, but sweat soaked his clothes and took a break of 5 minutes.

Mo Long gasped and said to Lu Yang: “What kind of physical fitness are you, you are not tired at all.”

Lu Yang said, “I usually exercise more.”

Morong said with emotion, “Sure enough, people are more deadly than popularity, by the way, do you play” Second World “, I am a human race in St. Gall, born natural and chic, already level 15.”

Huang Xiang and Zhang Qiang gathered around them. “Second World” has long been common among students. Almost everyone is playing, and the human race, the beast race, and the elven race each account for a third.

Shen Mengyao listened, her eyes were on Lu Yang. She felt that Lu Yang was too similar to the man he imagined, with the same name and the same way of doing things, but the only difference was his old continent. She was as gentle as her sister, but Lu Yang was a “bad guy”.

“I am also playing ~ www.mtlnovel.com ~ Terran, St. Gall City.” Lu Yang said.

“How many levels are you?” Shen Mengyao asked.

“Oh, I’m not high-ranked, I’m just playing.” Lu Yang said casually.

Shen Mengyao breathed a sigh of relief. She was really afraid that the Lu Yang in front of her was the Lu Yang in the game. If it was, she really didn’t know how to get along. Lu Yang in the game always treated her as her sister. That feeling made her very happy.

Moreover, she deeply admires Lu Yang in the game. He likes Lu Yang’s momentum that repels Fang Yan and crosses the world, and he prefers Lu Yang’s strategy of holding the sacrifice. In fact, she is in love with it. Lu Yang in the game.

Huang Xiang interrupted and said, “I’m already 20 levels, how about I will take you to upgrade, Meng Yao, how many levels you have.”

Everyone turned their eyes to Shen Mengyao, and the boys present were very curious about her level.

Shen Mengyao said: “My level is not high, but I have something to do recently and have no time to play. Please find Chu Yu and Meng Meng.”
