Chapter 2579: meeting of the old gods

After two hours.

Lu Yang came to the sky above the imperial capital. Unlike the previous years, the imperial capital has now completely changed.

The dilapidated imperial capital can no longer be seen, and it has returned to the solemn and imposing Huaxia imperial capital. Various magic towers have been erected, towering into the clouds.

Lu Yang is clear about these changes. After the Space-Time God and the Blazing Demon God met and reached a reconciliation, the Space-Time God ordered a large number of races that had surrendered to him to be transferred to the human world. He is currently rapidly transforming the imperial capital and assisting the imperial capital in defense. , I just didn't expect such a big change.

"Who?" Two humanoid monsters wrapped in black lightning flew over from a distant tower and stopped 10 meters in front of Lu Yang. The trident in their hands pointed to Lu Yang's head at the same time.

Lu Yang spread his hands with a smile and said to the two monsters, "I'm Lu Yang from the East China Sea, what do you two call them?"

"It turned out to be on the side of the Blazing Demon God." The humanoid monster on the left instructed his men to put away their weapons, and clasped their fists to Lu Yang and said, "Meet Your Highness the Blazing Demon God, Terius, the demigod of the Void Race, has been instructed to defend the airspace of the Imperial Capital, please you I'm sorry."

The Blazing Demon God didn't bother to pay attention to him, and continued to sleep in Lu Yang's consciousness.

Trius seemed to know that the Blazing Demon God would not answer him, and said to Lu Yang in a respectful tone: "In the future, the emperor will have more and more warriors of our race and other

warriors of higher races stationed there, come back next time you You can talk to His Highness Fu Yun first to avoid accidents.”

Lu Yang originally wanted to give Fu Yun the Demon Summoning Array, but he seemed to be worrying too much. He smiled and said, “Okay, could you please tell me where Fu Yun is? I’ll find him.”

“Follow me.” Trius led Lu Yang towards a tall purple magic tower not far away, and came to a window at the top of the tower, he said to Lu Yang: “This is a barrier The door, His Highness Fu Yun is inside.”

Lu Yang felt it for a while, but didn’t find any problem. He stepped into the window one step, and a light flickered, and Lu Yang appeared in a huge room.

A dozen humans were standing beside Fu Yun, as if they were arguing about something, when suddenly they saw Lu Yang, and a dozen people were silent at the same time.

Lu Yang instantly felt that something was wrong. Many of the dozens of people smelled of fragments of the \*\*\*\* king. He frowned and looked at Fu Yun and asked, “You are this?”

Fu Yun’s eyes lit up when he saw Lu Yang coming, he quickly walked to Lu Yang’s side, pulled him and said, “Why are you here, I was looking for you, look at these people, I am all over the world. What they found, they represent all the old gods.”

Lu Yang glanced around them. There were white people, black people, and Indians who could be recognized by the clothes. He folded his fists and said, “Hello, everyone.”

“Hmph~!” More than a dozen people were not willing to pay attention to Lu Yang.

“What’s the situation?” Lu Yang asked in a low voice, looking at Fu Yun.

“The reason I came to them is that I want to open a few more portals.” Fu Yun shook his head and said to Lu Yang, “Isn’t there a Void God in me? My idea is to use the power of the Void God to give them to them. Open a few more portals in the area where they are, so that their clansmen such as Thor, the God

of Darkness, and the God of Light can be teleported to the human world to help us protect the earth and protect us humans, but they think my motives are impure. ”

“The hatred between the old gods hasn’t been put down yet, so what kind of cooperation are we talking about?” A white man in American attire sat on a chair, stretched his arms exaggeratedly, and showed a mocking expression.

“Who are you?” Lu Yang asked.

“God of Light~!” A voice burst out from the American man’s body. Obviously, this was not addressed to Lu Yang, but to the Blazing Demon God in Lu Yang’s body.

“The Blazing Flame God, in the final analysis, it’s the war between you and the Void God King, which caused us to become what we are today. Don’t we have a word to say?” A short white woman with thunder and lightning all over her body flew over. The tendency to discharge when the words disagree.

Lu Yang was a little speechless, and said to the Blazing Demon God: “This has become the meeting of the old gods, why don’t you come out and say a few words.”

“What can I say.” The Blazing Demon God sneered and flew out of Lu Yang’s body. The high temperature of the blazing flame instantly stunned everyone present, because the Blazing Demon God’s strength had returned to the lower position. God grade.

“Come out, I have no interest in killing you. Now that we have become like this, don’t talk about the past.” Blazing Demon God said.

Following his words, more than a dozen gods, such as the God of Light, the God of Thunder, the God of Ice, and the God of Earth Spirit, all flew out of the human body beside them. Facing the Blazing Flame God, they lost their angry expressions and turned. and became helpless.

“My members are basically dead. They are all members who have accompanied me to fight for hundreds of thousands of years.” Fengshen said angrily.

“Who’s not like this, stop talking nonsense.” The Void God flew out of Fu Yun’s body, stared at everyone present with a sneer, and said, “Since you chose to devour the origin with me, don’t look for anything else if you fail. Other excuses, we are not people who know how to sympathize with life, otherwise no one can achieve the position of the king of gods, in one sentence, either cooperate or break up.”

More than a dozen gods glanced at each other, and the ice \*\*\*\* said first: “Cooperation, I don’t want to die in the hands of those new gods.”

“Agree.”

“Agree.”

“Agree.”

...

The old gods agreed one by one, which made Fu Yun heave a sigh of relief, smiled at Lu Yang and said, “It’s really time for you to come, and now our earth will definitely be able to defend, right, you haven’t said to come to find it yet. My purpose.”

Lu Yang smiled and said, “I just want to tell you, let those races from other worlds come over and let their own people fight with their own people, just let’s discuss it together.”

At the moment, Lu Yang expressed his thoughts, and Fu Yun and the other old gods agreed without thinking much, because these old gods have a lot of secrets in their hands, which can confuse these descending gods and races, easily to plunge them into civil war.

Again, once these old gods return to another world through the passage of the Void God, it is impossible for them not to leave behind, nor for a race that believes in them, even if it is the Blazing Demon God, in the old and new The main target of the attack in the war, there are still many believers in the other world.

If Lu Yang needs it, he can summon a higher \*\*\*\* to protect him at any time, but Lu Yang has never used it. I believe that these old gods in front of him must have such power.
