

Wild Fire 2581

Chapter 2581: was attacked

Who would have thought that Lu Yang and the Blazing Devil God would one day be deceived by the spiritual wisdom generated by the soul fragments of the Blazing Devil God, and it was such a simple trick.

Blazing Demon God said: "This piece of my divine soul should be attached to a human being, and he can't have such an IQ himself."

Lu Yang nodded in agreement, and suddenly he reacted, cold sweat fell on his face, and asked, "If you take the chain away, can he sense it?"

Blazing Demon God said, "I can feel it, is there any problem?"

"I'll tell you on the way." Lu Yang grabbed the white-haired orangutan with his right hand, jumped into the air, activated the explosion technique, and flew towards the East China Sea at three times the speed of sound.

The Blazing Demon God was surprised by Lu Yang's state and asked, "What's the matter?"

Lu Yang gritted his teeth and said, "If the other party senses that you have taken the chains, and knows that all the arrangements have been discovered by us, then he will definitely target me in the next step, and the best way to deal with me is to use my family members. and the brothers' families as threats."

If the other party kidnapped Lu Yang's parents and Lan Yu, how should Lu Yang deal with it, did he kill his parents and Lan Yu to gain power? If Lu Yang committed suicide, how could the family survive?

No matter what the other side does, Lu Yang is in a passive situation, so he must return to the Jagged Brothers Alliance as soon as possible to protect his family and the family members of all the Jagged Brothers Alliance soldiers such as Zhuojiu.

“The most urgent order is to gather all your family members and come to my house quickly. Those with the heart of God may target your family members.” Xia Yuwei and Zhou Tianming, all middle-level and above members.

In the signal receiving station of the Donghai Underground City, a girl was listening to various news with headphones on, but no one noticed that she had been secretly tuning the frequency to the frequency of Lu Yang’s communicator. She heard the words clearly from beginning to end.

“Wow~!” The girl made an exaggerated smile, stood up and walked towards the door, which made the other personnel in charge of receiving the signal looked up at her curiously.

“Tang Lin, where are you going?” The head of the communication station is a middle-aged man and an old employee of the Jagged Brotherhood.

“Future.” The girl turned back and smiled, and with a flick of her arm, a dozen people in the station instantly fainted on the table, she sighed and said, “You are very kind to me, but unfortunately, our goals are different.”

The girl called Tang Lin came to the door, stuck her head out and looked left and right. After confirming that no one was there, she closed the door. Then, she created a flame stone out of thin air and wrote a line on it.

“Lu Yang is going to transfer his family.”

Different world.

Next to a lake full of lava, a group of young people are sitting cross-legged on the ground to form a blue and white space circle. Inside the circle is a young man with a blazing flame, and the blazing red light is

gradually entering his body. In the heart area, and at the position of his heart, four pieces of the devil's heart can be seen, beating slowly.

"Concentrate, the fourth shard is not willing to return." A low roar came from the heart of the devil, the same as that of the blazing devil, but the voice was full of violence.

"Don't worry, the flame stone fluctuated, there must be something important, and it involves Lu Yang." The young man did not listen to the heart of the devil, and took out the flame stone from his arms, seeing the contents above, A sneer appeared on his face, and he said, "I said that, if you are one step later, you will not have the chance to eat the Blazing Demon God."

The Fragment of the Devil's Heart saw the content of the flame stone in Zuo Feng's hand, and said angrily: "Zuo Feng, hurry back and grab their family. I can't win a head-on battle with the Blazing Devil God."

"Damn it, I really want to go back, but how can I go now? Who can go?" Zuo Feng slammed his fist on the ground.

He is at the critical moment of fusing the fourth piece of the Devil's Heart. The magic circle around him is to prevent the energy from leaking out when he fuses and being discovered by the otherworldly gods. Therefore, Zuo Feng and the people around him can't walk away. .

A man who was casting a spell outside the magic circle said, "Let Tang Lin do this, he alone captures Lu Yang's parents, it's not a big problem, Lu Yang can't protect everyone immediately, we There's still time."

"It makes sense." Zuo Feng scolded angrily and wrote a sentence on the flame stone.

"Catch Lu Yang's Parents"

Tang Lin was a little surprised to see this line of words, and muttered to herself, "Am I going alone?"

No one could answer Tang Lin's words. She shook her hair and instantly turned into a girl with long flowing hair. Immediately after, a blue-purple light emerged from her body and teleported to the seventh floor of the East China Sea Dungeon.

"Who are you?" A woman's voice sounded, and Tang Lin's sudden appearance made her feel inexplicable.

Tang Lin turned her head to look at the woman. In an instant, the woman was stunned, because Tang Lin looked exactly like her.

"puff"

A vine pierced into the woman's body, and the next second, a huge flower grew on the vine, swallowing the woman in one bite.

"For ordinary people like you, dying is more comfortable than living." Tang Lin sighed and put away the vines, as if she had done a trivial thing.

"Yue, Dad called us over, as if there was something to announce." A crisp voice came from outside the door.

"Come on. UU reading [www.uukanshu.com](http://www.uukanshu.com)" Tang Lin learned the voice and movements of the killed woman, pushed open the door to mix in the crowd, and walked upstairs quickly.

Since the turbulent times, Lu Yang's parents and his master Han Zhong have been arranged to live in the dungeon. Seeing that there are too many orphans, Han Zhong chose many children with good aptitude to stay with him and teach them spells.

Over the years, Han Zhong has nurtured hundreds of children, and there are 22 who are still by Han Zhong's side. The girl named Yue who was killed by Tang Lin is one of them.

Tang Lin obtained the Fragment of the Flower God's Heart and possessed the ability to change. After being placed in the East China Sea by Zuo Feng, she had been thinking about how to catch Lu Yang's parents. Han Zhong's behavior allowed her to find an opportunity.

Every month, Tang Lin imitated one of the girls for several years, until the most recent imitation was the Yue who was killed by her.

Come to the third floor.

Tang Lin saw Lu Yang's parents at a glance, with a smile on her face, and a colorless and odorless poisonous gas emanating from her hands. In an instant, the students fell to the ground one by one, just as Tang Lin thought that Lu Yang's parents and Han Zhong. When they also fell to the ground, a pale white moonlight appeared on the three of them.

"Who dares to hurt my parents?" Lan Yu flashed over, looked at Tang Lin and said, "Yue'er? No, your breath is not right, who are you?"

The white light flashed, and the Moon God actually flew out of Lan Yu's body, transforming his body beside her, staring at Tang Lin and said, "Flower God's breath, be careful, this person is not easy to deal with."

"You're right, it just happened to kill you all." Tang Lin chuckled and rushed towards Lan Yu.

Lan Yu had accompanied Lu Yang in the Void Hall for hundreds of years, and had already honed his combat skills. He also had the blessing of the power of the Moon God. When he fought with Tang Lin, he was not at a disadvantage, but at this time, There was a sharp pain in Lan Yu's abdomen.
