

Wild Fire 2583

Chapter 2583: dream king

Three days later, Donghai City.

The teleportation array in the central square.

More than 50,000 people lined up in ten long queues and walked towards the teleportation array in an orderly manner. The radio stations and street TVs all over the city broadcast the news simultaneously.

“The imperial capital has issued the latest order that all the families of practitioners participating in the war will be transferred to the imperial capital area to arrange their lives together. This time, 20,000 families of the Jagged Brotherhood have been selected. Therefore, 20,000 houses will be vacated. Donghai City will These houses will be re-planned...”

There were ordinary people watching the excitement everywhere near the square, shaking their heads in emotion.

“The one in the imperial capital is really greedy for power. We didn’t see them helping us when we were in trouble. Now that we are getting closer to peace, they have started to play this trick.”

“Who said no, Lao Wang is my neighbor. They have been helping each other with me for ten years. Now they have to separate because of such a thing. The imperial capital is really immoral.”

...

Among the chatting crowd, a dozen or so unremarkable young people watched from the sidelines, it was Zuo Feng and the others.

“Damn, where did Tang Lin go, I don’t feel her existence at all.” Zuo Feng said angrily.

He had already tried his best to fuse the fourth piece of the Devil’s Heart, but it still took a whole day. Then, they returned to the earth from another world, but although they had the heart of time and space Fragments, but their teleportation ability is much worse than that of the Space-Time God King, so it took them an extra day to return to Earth, and when they hid and entered the East China Sea, what they saw was already this one. look like.

“This matter is very strange. It is impossible for Tang Lin to be caught by Lu Yang. It will take Lu Yang at least a day to return from the Antarctic to the East China Sea. Both Zhuojiu and Bai Shi are out of town. Even if Tang Lin doesn’t succeed, It’s impossible to disappear, right?” asked a man in purple clothes next to him, his name was Luo Feng, and he possessed the shard of Thor’s Heart.

“Let’s not talk about Tang Lin, Lu Yang, Zhuojiu, Bai Shi, Xia Yuwei and their relatives are all gone, they must have been transferred to the Devil’s Temple by Lu Yang, if all these people in front of us are gone, we What should I do?” asked a person in fan clothes behind her, her name is He Xin, and she has a fragment of the Heart of Light.

Zuo Feng’s face was ashen. If all the members of the Jagged Brotherhood were gone, then they would not have any leverage to threaten Lu Yang. But if he made a move now, it would be no different from courting death. Lu Yang didn’t need to appear. They could be killed by the great summoning formation above their heads and they fled.

“I have a way, maybe I can catch Lu Yang.” The blazing flame demon **** of darkness in Zuo Feng suddenly said.

Everyone was shocked, Zuo Feng quickly asked, “What can I do?”

The Blazing Demon God of Darkness said: “The Blazing Demon God explored an area called the Temple of Doom in the early years. It was the palace of the previous generation of the Fire God Prince’s heir. For some unknown reason, that God Prince’s heir fell, leaving only a piece of Divine Phoenix Gold. The essence is in it. The Blazing Demon God didn’t need him back then, but Lu Yang now does. You can go

there and arrange it in advance. If Lu Yang wants to get a handy weapon, the Divine Phoenix Golden Spirit is an essential thing. .”

Zuo Feng’s eyes lit up and said, “This is a good idea. Let’s go through it now, and we can’t make mistakes this time.”

Lu Feng, He Xin and the others glanced at him, but they didn’t speak. They disappeared into the crowd along with Zuo Feng.

the other side.

Inside Bandarsburg.

Lu Yang is interrogating Tang Lin. Although Soul Search has thoroughly searched Tang Lin’s memory, there is a place in Tang Lin’s memory that cannot be explored with Soul Search. This is the special ability of the Dream King. , Obviously, one person in Tang Lin’s team got the fragment of the God’s Heart of the Dream God King.

“Tell me the contents of this part of the memory, and I can make your death a little more happy.” Lu Yang smiled and said while looking at Tang Lin.

Tang Lin still had only half of her body left. The terrifying purple-black flames on the chaotic demon flame chain kept burning Tang Lin’s flesh and blood, causing her to suffer inhuman torture all the time.

“I am the chosen person, you can’t do anything to me, even if you kill me, I can still be resurrected, I am the chosen person.” Tang Lin roared frantically with his half-open mouth.

The Blazing Demon God flew out of Lu Yang’s body, frowned and said, “There’s something wrong with this woman.”

Malthus flew out from the body of the turbid wine and said: “The masterpiece of the dream god, this **** should not be dead, but if he has a fragment of a clone, he may not be able to use this trick.”

Lu Yang was a little surprised and said, "Do you mean that the God King of Dreams is in Zuo Feng's team?"

The Blazing Demon God nodded and said, "There is a possibility that he is a villain and does not have a good relationship with our old god."

Malthus said with a sneer: "I even suspect that those who got the fragments of the God King were all those who were bewitched by his dreams."

"I am the chosen son, your actions will eventually be punished~!" Tang Lin suddenly struggled frantically, her voice becoming more and more hysterical.

Malthus sneered and said, "Sure enough, it was the villain. She wanted to use her dreams to spy on Tang Lin's situation, but Tang Lin couldn't fall asleep. The inner magic forced her crazy overdraft body into a coma, this trick can't be seen by others, but we, the element elves, have seen it a lot."

Lu Yang smiled and said, "It seems that this dream king's intentions are unusual. What does he want to do? Collect all the souls and let him absorb them?"

Blazing Demon God said: "At present, it is really possible, kill this woman, or the grandson of Dream God will really spy on Bandarsburg in a while."

Lu Yang nodded, and with a move with his right hand, the three-eyed magic flower flew out from Lu Yang's sleeve, and chewed Tang Lin into his stomach with excitement.

Since eating the leaves and half of the fruit of the ancestor of thousands of flowers at the bottom of the lava lake, the three-eyed magic flower has entered an evolutionary state, and she can no longer be called the three-eyed magic flower, but is moving towards the ancestor of thousands of flowers. The direction of evolution, the peak state is no longer limited to the lower gods, and can be promoted to the middle gods.

This time, if you get the Soul Fragment of the Flower God, the peak state of the Three-eyed Demon Flower can reach the upper god. If you get a few more fragments, it will even have the strength to hit the main **** rank.

“Thank you master, thank you master.” The three-eyed magic flower returned to Lu Yang’s arms and kept stroking Lu Yang’s arm like a kitten.

Lu Yang smiled and said to the Blazing Demon God and Malthus: “The family members of the Jagged Brotherhood will all be able to enter the Demon God Temple tonight, and there will be no flaws on my side. The magic circle, Zuo Feng and the others don’t dare to attack the humans in the main city, I think, I can go to the Temple of Doom.”

“Malthus and I have simulated all the mechanisms inside the Temple of Doom and are ready to enter the illusion. We will tell you how to crack and use the mechanisms one by one,” said the Blazing Demon God.

Lu Yang nodded, sat cross-legged on the ground and closed his eyes!
