

Wild Fire 2586

Chapter 2586: Dark Phoenix

“Death to those who trespass the temple~!”

“Run away~!”

“The warriors of the ancient gods, kill~!”

...

In the hall of the temple, the shouts of the Yanling guards, Zuo Feng’s group, and the clansmen of the ancient gods came one after another.

Lu Yang flew to the door of the hall with a sneer at the corner of his mouth. Looking at Zuo Feng and the others fleeing frantically, as well as the Ancient Protoss who were fighting against the Yanling guards, he directly turned into a fire element, hiding from the warring parties and the enemy. The orange-yellow fireball of the main **** order in the sky passed through the hall and garden, and came to the main hall behind.

Although Zuo Feng couldn’t see Lu Yang’s position, the Fiery Demon God of Darkness could sense Lu Yang, and he shouted, “Lu Yang is flying ahead, hurry up and catch up with him.”

“Bring me here.” Luo Feng’s body glowed with blue light, and he led He Xin and more than a dozen people to jump continuously, avoiding the main god-level spell and jumping into the back garden.

Lu Yang just changed from the state of the fire element back to the human form, looked at the group of people behind him, and said with a smile, "It's really tricky for you group of people to get together."

"Lu Yang, today is your day of death, and my sister's life will be repaid." He Xin Jiao shouted, and a golden flame burned all over her body and rushed towards Lu Yang. In mid-air, a golden body of holy light formed on her body. The strength has soared to the first level of the lower god.

Luo Feng and others also entered a state of prosperous, their strength reached the first level of the lower gods, and they rushed over in a semi-circle behind He Xin.

"Just forcing him to enter the temple at the back, there is a more terrifying mechanism in it. The Blazing Flame Demon God doesn't know the layout of the mechanism. He will die if he enters." Zuo Feng's voice sounded in the distance.

Lu Yang smiled and looked at Zuo Feng, who did not dare to rush up, and searched carefully among the group of people. Sure enough, on the right side of He Xin, he saw a girl with braided braids with nine-color phantom lights all over her body. This person It was the dream **** king that Lu Yang and the Blazing Demon God had guessed.

"Can you be sure that it is the body of the Dream King?" Lu Yang asked.

The Blazing Demon God shook his head in Lu Yang's conscious space and said, "The Dream God King has more grandsons than the Dark God, and is best at hiding himself. He will only reveal himself when his life is in danger."

"Understood, when I hit him when he was afraid, he showed up." Lu Yang secretly launched the Great Nirvana Technique, and rushed up to meet He Xin,

As soon as he arrived in front of him, He Xin slapped Lu Yang with his palm. Just before Lu Yang's body collapsed, he threw the six golden soul cores out of his hand.

"boom"

“boom”

“boom”

...

Although the power of the quasi-god-level soul nuclear explosion could not hurt He Xin and the others, the powerful impact force could make them flying in the air unstable and scattered.

Lu Yang was slapped on the head by He Xin’s holy flame golden body, and his body was blown to pieces, but the Great Nirvana Technique made Lu Yang recover instantly, and in an instant, Lu Yang appeared behind the girl with braids.

“Death to me.” A lower-level god-level soul core appeared in Lu Yang’s hand, and he slapped it on the girl’s nine-color shield.

“Save me.” The braided girl covered her body with frightened hands, and the divine power in her body overflowed wildly, supplementing her shield.

At such a close distance, Lu Yang could even see the upward curvature of the girl’s mouth. He sneered and let Luo Feng’s blade of time and space cut his body into thousands of pieces, because the lower **** level The soul core exploded.

“Ah~~~!” The shrill screams spread throughout the palace, and with the huge mushroom cloud rising, a scorched woman’s body fell to the ground.

“Seventh sister.” He Xin shouted in horror, and when the holy light came out of his body, he was about to rescue the woman who was in focus, but at this moment, Lu Yang stopped in front of him.

“It’s so helpful to rescue people.” Lu Yang smashed He Xin’s Jin with two hammers, causing her to be unable to release the healing light at all.

“Go away, if you dare to kill my seventh sister, I will smash all your relatives to pieces.” He Xin counterattacked frantically.

Lu Yang is not He Xin’s opponent at all when he is not transformed. Every time he is beaten by He Xin, his body will be shattered, but Lu Yang can be quickly resurrected every time. He smiled at He Xin and said, “It really is for the sake of You will do whatever you can, but you’d better open your eyes to see clearly what your seventh sister is.”

“He’s my seventh sister. We’ve lived together for ten years, so don’t think about dividing us.” He Xin’s attack became more and more violent.

Lu Yang’s body was shattered again, but after absorbing 30% of He Xin’s attack energy again, he resurrected from He Xin’s left rear, put his arms around her golden body and said, “Look carefully at your seventh sister. , my blow just now was at the level of a low-level god, and it stands to reason that she is dead, but look at her, she is still alive and well.”

He Xin activated her perception ability. In an instant, she was a little stunned, and even shivered uncontrollably, because not only did the seventh sister in her mouth not lose her vitality, but she was surging more and more, that kind of huge The breath of life, even hers is incomparable.

“Seventh sister, you...?!” He Xin asked blankly.

“I-I’m fine, I have fragments of the **** of dreams in my body, and the **** of dreams just merged with my body.” The scorched woman quickly returned to her original appearance, and the braided braids were particularly eye-catching.

This time, it was Lu Yang’s turn to be stunned. He stared at the braided woman and said, “Dream God King, you shouldn’t be such a grandson, are you already exposed, and you still use this routine.”

“Lu Yang, what do you mean, why do you say he is the king of dreams?” Luo Feng asked with a frown not far away.

Lu Yang glanced at him, shook his head with a smile, and said, “It’s too late to explain, the formation you set up is a bit tricky, if your formation is formed, I might not be able to escape, go back to yourselves.

Study it and see if what I said is true or false, this seventh sister of yours is the deity of the Dream God King, he is using you, be careful not to let him kill.”

“Nonsense, quickly activate the formation and kill Lu Yang and the Blazing Demon God.” The braided woman screamed.

“It’s only a minute away, He Xin, entangle him.” Luo Feng yelled.

He Xin was shocked and rushed towards Lu Yang, but Lu Yang landed on the ground and stomped his right foot.

“Om~!”

An orange-red light slowly swept across the audience, from the front hall to the back garden to the back hall. Suddenly, the entire Temple of Doom shook violently, and the ground began to sink crazily, leaving only one root with a length and width of only 10 cm. cm square column.

The distance between every two pillars is 30 meters. The original temple, which was not very large, actually expanded thousands of times. In the deepest part of the main hall, on a huge pillar, there is a golden treasure chest.

“The Divine Phoenix Golden Essence is in that box.” The Blazing Demon God was a little excited and said, “Don’t use flying, just run over the way you practiced in the illusion before.”

Lu Yang nodded, looked left and right, made sure that Zuo Feng and others were far away from him, and quickly jumped towards the pillar in front of him.

“Grab him, don’t let him grab the baby.” The girl with braids shouted anxiously. UU Reading

He Xin, Luo Feng and the others looked at each other and jumped into the air, but just as they were about to kill Lu Yang, a terrifying magic wave came.

“Neigh~!”

A shrill cry sounded, and a phoenix with black and red flames flew out from the ground, shooting black flames at them.

“God King Rank~!” He Xin, Luo Feng and the others were shocked and quickly gathered together and flew backwards, but the more they flew, the faster the black phoenix chased, and the black **** king rank fireball released became more and more many.

“Luo Feng, use the time and space spell to take us away.” He Xin shouted.

“I can’t use it. There is a prohibition of the god-king rank here. Unless the time-space **** king is released, but if he releases it, it will be a super teleportation, and we will all be teleported out.” Luo Feng said anxiously.

“The warriors of the ancient gods, follow me to attack and kill these **** bastards.” The leader of the ancient gods rushed over from a distance with the clan, and the target was Luo Feng and others.

He Xin and the others thought that all the warriors of the ancient gods were dead, but no one thought that the ancient gods were still alive.

“There are so many spells of the main god-level, and so many flame spirit guards, and they still can’t keep them.” Zuo Feng was stunned.

He Xin shouted: “Zuo Feng, let the God King of Time and Space release the spell, we have to leave here, or we will all die.”

The dark phoenix had already caught up with them, and Luo Feng dared not insist any longer, and hurriedly called out the God King of Dark Time and Space in the Fragment of the Heart of Time and Space.

“Om~!”

A blue light flashed, and seventeen people including He Xin and Luo Feng were instantly teleported out of the Temple of Doom. The dark phoenix had no self-awareness. Seeing that the enemy had disappeared, he immediately turned his attention to the ancient gods.

Lu Yang just breathed a sigh of relief, but five dark phoenixes suddenly appeared in front of him, and there were more and more dark phoenixes in the distance!
