

Wild Fire 2588

Chapter 2588: Mutated Divine Phoenix Golden Spirit

“My clan’s treasure, my clan’s treasure, roar~!” The ancient **** clan’s patriarch roared wildly.

The clansmen around them were also very anxious. One of the clansmen who looked like an elder shouted: “Aigulie, you go after him, don’t worry about us, we can survive on our own.”

“But...” The Patriarch of the Ancient God Clan was worried about his people.

“My clan’s treasures are important.” Many clansmen shouted.

“Wait for me to come back.” The patriarch of the ancient gods roared and quickly chased after Lu Yang. After all, it was the strength of the upper gods, and the speed of the pursuit was extremely fast.

When Lu Yang was about to jump in front of the treasure chest, the patriarch of the ancient protoss came to a distance of 50 meters behind Lu Yang. The powerful forbidden magic field prevented the patriarch of the ancient protoss from releasing any spells, so he could only continue to pursue with the body of the upper god.

“Damn human, if you dare to take another step forward, I will kill you.” The patriarch of the ancient protoss roared wildly.

Lu Yang looked back at him, jumped with the explosive flame seeds, frowned and said: “Is the treasure of your clan the Divine Phoenix Golden Spirit? I told you, you were deceived by Zuo Feng and the others, why don’t you believe it? Woolen cloth?”

“Divine Phoenix Golden Spirit?” The patriarch of the Ancient God Clan was stunned for a moment, then reacted and roared: “Impossible, how could it be the Divine Phoenix Golden Spirit? Don’t lie to me, it is obviously the treasure of my clan.”

Lu Yang was speechless, too lazy to pay attention to the patriarch of the ancient gods, and after confirming that there were no other dark phoenixes around, a fire burst out from under his feet, and instantly came to the pillar containing the treasure chest. Destroyed, he directly opened the box and took out a gold, red, and black egg-shaped object.

“Return the treasures of my clan...” The patriarch of the ancient **** clan saw Lu Yang open the treasure chest. Suddenly, he ignored the flames of the dark phoenix behind him and rushed towards Lu Yang, but when he came to Lu Yang, Seeing this Divine Phoenix Golden Spirit, an extremely disappointed look appeared on his face.

“Really, really is the Divine Phoenix Golden Spirit, what about my family’s treasure? My family’s...” The patriarch of the ancient gods looked down desperately, but the treasure chest was empty and there was nothing.

“Hurry up.” Lu Yang was stunned. The crazy behavior of the ancient **** clan’s patriarch directly made the place where he was a target of more than 200 phoenixes, and at the same time, fireballs and flames were spewed towards this side.

He threw an explosive seed at the foot of the ancient **** clan’s patriarch, and directly knocked the stunned opponent to another stone pillar. At the same time, flames erupted from his feet and flew to a stone pillar behind him.

“Run, or we’ll all die here.” Lu Yang shouted at the ancient **** clan’s patriarch, and ran back in the direction he came from.

“Good job, you did the right thing to save him.” The Blazing Demon God said with a smile.

“What’s wrong?” Lu Yang asked.

The Blazing Demon God said: “When you ran away just now, I was afraid that I would distract you, and I didn’t have time to tell you that the ancient gods don’t need the divine phoenix gold essence, they only cultivate their bodies, like the ancient **** clan’s patriarch, even if you use A weapon made of the Divine Phoenix Golden Essence can smash him, but it can’t break his flesh.”

Lu Yang asked, "He also studied Holy Light?"

The Blazing Demon God said: "The ancient gods despised the four stars, they did not believe in flames, holy light, fear of ice, and even less fond of watching the moon. Lord of the earth, we are all actually invaders."

Lu Yang understood and said, "Since the other party doesn't want the Divine Phoenix Golden Spirit, then I didn't save the wrong person."

"Not necessarily, who knows if they will rob the Divine Phoenix Gold Essence to do other transactions." Blazing Flame Demon God said.

Lu Yang felt right, he continued to release the explosive seeds under his feet, and ran towards the entrance at a high speed. When he came, he was afraid that something unexpected might happen, so he did not dare to waste the explosive seeds too much. Now there is no danger. , he used the explosive flame seeds very casually, so that he could jump out a hundred meters in one step, and it didn't take long to come to the area two kilometers away from the entrance, but not far ahead, dozens of lower gods of the ancient gods were on the way. Attacked by nearly a hundred dark phoenixes.

"The human is back, don't let him run away."

"catch him."

...

Dozens of ancient protoss warriors tried their best to dodge while trying to charge Lu Yang, but at this moment, a loud roar came from behind Lu Yang, saying, "Don't intercept him, he doesn't have any of our clan in his hands. Treasure, we let those **** be deceived, this human is my benefactor."

Lu Yang looked back and saw that it was the patriarch of the ancient gods. He smiled and said, "Thank you."

“This time it’s my family’s fault, benefactor, I’m willing to take responsibility, I hope you can give me a chance, we’ll talk outside the big rift, please rest assured, I, Aigule, swear in the name of the earth, I will never treat you There is any disrespect.” said the patriarch of the ancient gods.

“Okay, let’s meet outside the big rift.” Lu Yang also felt that the patriarch of the ancient gods was a good person. At least, after coming to another world for so many years, he saw a lot of creatures from other worlds and abandoned his race for himself. The fact that the patriarch of this ancient **** clan can care about his own clan so much shows that he is a very honest person.

Lu Yang glanced ahead, UU reading [www. uukanshu.com](http://www.uukanshu.com) The ancient protoss warriors who wanted to stop Lu Yang stopped rushing towards him when they heard the words of the patriarch. Instead, they all ran towards the entrance. He accelerated and jumped to the entrance. Location.

The feeling that the magic power could be released again made Lu Yang relieved. He threw a few explosive flame seeds at random, and the attack direction of the dozens of dark phoenixes that were shaken deviates, making it easier for these ancient protoss warriors to run. After that, he became The fire element, escaping the flame spirit guard and the main god-level spell in the hall, flew out of the temple of doom and came to the top of the big crack.

“It’s finally time to rest.” Lu Yang threw the Divine Phoenix Golden Spirit into the Demon Temple, and then slumped on the ground.

The formation of this trip seems simple, but in fact, even if there is 0.001 second of hesitation, he will be hit by the flames of the dark phoenix, and he cannot release spells in the Temple of Doom, that is to say, he is without great Nirvana. In the case of surgery, desperately fighting.

Originally, his plan was to get the Divine Phoenix Golden Spirit without anyone interfering, but the Ancient Protoss came to the scene, and he really almost died!

“How about it, stimulate it.” Blazing Demon God said with a smile.

Lu Yang was a little speechless, and said, “You’re quite open to it.”

The Blazing Demon God smiled and said, "There are more exciting things to come. The Divine Phoenix Golden Spirit you got is no longer the Divine Phoenix Golden Spirit I saw back then."

"What do you mean? Can't use it?" Lu Yang asked.

The Blazing Demon God said: "It's not that it can't be used, it's that life has been bred in this Divine Phoenix Golden Essence. Although I don't know what it is, it contains extremely negative emotions. If you want to use it, you have to be careful. already."

Lu Yang was a little curious, leaving a clone to wait in place, and he himself entered the Demon Temple.
