

Chapter 261 - Ancient Magic Cave

Lu Yang returned to the square of Baiguang Town. After a while, the three sisters teleported to the square.

“Brother, we are here.” Han Ying brought his two younger brothers to Lu Yang.

After the last battle, Han Ying’s three siblings all changed into a 20-level suit, which looked particularly energetic.

Lu Yang said, “I’ve broken you up these days.”

Han Fei scratched his head and said, “Brother, it’s boring to be always in the dead king’s palace.”

Lu Yang laughed and said, “Take you to a place today. In the future, you don’t have to go back to the King’s Palace to fight zombies.”

“Where?” Han Fei’s eyes lit up.

“Don’t worry, send your goodies first.” Lu Yang took out his famous bow from his backpack and gave it to Han Yu.

Han Yu took the bow and arrow and said excitedly, “Brother, this weapon is for me.”

“What weapon?” Han Fei asked.

Han Yu sent the attributes to Han Fei and Han Ying, and both sisters were shocked when they saw them.

“Brother, this weapon is legendary and its attributes are too good.” Han Ying said.

Han Yu said, “It must be particularly expensive.”

The legendary weapons at level 30 have a base price of 100,000. At level 30, it is almost difficult to increase the level. Therefore, starting from level 30, players have officially entered the war era. Any good weapon that can be worn at level 30 is also the cheapest. No less than 50,000 cash.

Lu Yang said, “You’re welcome with me. Of course, there is a good thing for my brother. Take it, and there will be guild wars later. You are my sniper. Don’t let down the name of this bow.”

“Yes,” Han Yu said solemnly.

Lu Yang said: “I’ll look at the change of night, it’s handsome.”

After all, Han Yu was a child. He immediately showed a happy expression and changed into Silent Night. The emerald green Silent Night had a wide arch, carved with strange magic symbols on it, and carved an ancient tree giant in the middle of the bow and arrow. Green glow.

“Yes, handsome enough,” Lu Yang said.

Han Yu shook his head shyly.

Lu Yang said with a smile: “Let’s go, go to a place with me, let’s kill the boss.”

Out of Baiguang Town, Lu Yang and his three siblings returned to the forest of fear of the death of the millennium tree demon. Not far behind it, there was a hole.

System prompt: you found the ancient cave

According to the official records of the game, after the ancient demon's head was beheaded with the holy sword by the aborigines, the corpse did not rot, but instead continued to have vigorous vitality and generated a new soul.

Now the new ancient demon has restored his strength and is preparing to lead an army under his control, rushing out of the cave and killing all humans.

Baiguang Town is actually surrounded by mountains on three sides, and these three mountains have been opened by the ancient demons. There are three entrances to the ancient demons cave.

Deep in the Evergreen Forest to the north, Chaos Canyon in the east, and deep forest in the south to which Lu Yang now enters.

Of these three entrances, the deepest forest on the south side is closest to the ancient devil's nest. After entering, you will directly come to the third floor of the ancient demon cave-the Lost Land.

Lu Yanggang entered with his three siblings, and there was a sound of fighting in the distance.

"Brother, there are people here." Han Fei said.

Lu Yang said, "Let's go and see."

Walking along the sound of fighting, all the strange monsters along the way seemed to be attracted by the sound of fighting. Lu Yang came to the position of fighting easily.

in the corner.

Two brothers and sisters of Qingtian Yijian and Zimo Fanchen are surrounded by more than 100 monsters with more than 30 monsters, more than 30 scarlet spiders (elite), more than 30 ghost face

spiders (elite), and more than 40 steel spine spiders (Elite), and in front of it, there is a boss who is waving his claws.

If it weren't for the five Level 7 Eternal Sword Guards, the group would have died.

"Boss, what should I do? The Eternal Sword and Blade Guard can't stand it." Yu Luo shouted silently, the steel spine spider is a remote monster, and the 5 Eternal Sword and Blade Guard's hit blood kept falling, the treatment could not be increased. Come.

Qingtian Yijian is secretly annoyed. If it was not his command error just now, his men would not attract so many blame.

Just when he was at a loss, a green bead rose up in the distance, and the familiar picture surprised Qingtian with a sword.

"Lord of Hellfire"

Han Yingjiao sang, and the turquoise beads rose to a height of 20 yards and suddenly turned into a delay of 13 yards in diameter and emitting a green flame, whistling and crashing into the steel spiny spider group.

The steel thorn spiders that are attacking the team of Optimus One Sword collectively change their targets to attack the Lord of Hellfire.

Qingtian took a closer look at the sword and found that the person who rescued him was a girl in red, who happened to be standing next to Lu Yang.

Lu Yang raised his right hand. After a red fire spirit bead lifted up, a clear hissing sounded.

The Fire Spirit Pearl turned into a 20-yard fire phoenix. After **** fire held hatred, the fire phoenix spit fireballs.

The steel thorn spider is a level 40 elite monster with 300,000 blood. Even so, it has also died a lot under the attack of the Fire Phoenix and Hellfire Lord.

Han Yu kept attacking the steel thorn spiders. Each spider was attached with a treeman seed, and each dead steel thorn spider stood up with two treemen in a burst of green light.

When all 40 steel thorn spiders were dead, 80 tree people stood up on the screen, and the scarlet spiders and ghost-faced spiders besieging Qitian sword turned around and hit the tree people together.

Han Yu said excitedly, "Brother, this summoning treeman has great skills."

Lu Yang said: "Of course, don't forget that this is a legendary weapon."

Han Yu nodded heavily and continued to attack.

On the other side.

One side of Qingtian's sword exhaled a sigh of relief, and everyone had a feeling of the rest of their lives.

"It scared me, and thought it was dead."

"If the equipment explodes ~ www.mtlnovel.com ~ our loss will be hit."

"Yeah, yeah, this group of people are so amazing. The one who leads is Lu Yang."

"So strong."

The conversation between the studio members made Qingtian Yijian feel a little unpleasant. He originally looked down on Lu Yang, but did not expect that he was saved once by Lu Yang.

Soon, the elite monster in front of him was killed, and Qingtian Yijian did not continue to attack the Snowman King, but led him to the side of the Lord of Hellfire, and then brought people to Lu Yang.

“Thank you very much, this time I owe you a favor.” Qingtian said stiffly.

Lu Yang said indifferently: “Don’t be so polite, the road is uneven, do you want to continue?”

Zimo Fanchen said a little later, “No, the strangeness is too difficult. It will attract a large number of people, not our current level.”

Yu Luo asked inquisitively, “Boss Lu Yang, is this beautiful lady beside you the same one on the battlefield who released the Lord of Hellfire.”

Chapter 262 - Improve fire skills

Lu Yang said with a smile: “Yes.”

“So strong.” Players in Optimus Studio sighed.

Qingtian Yijian gave a glance at Han Ying. Somehow, he felt his heart beat a little faster.

“Well, we won’t fight, these five Eternal Sword Guards will send you away. If you say something useful to us in the future, I will definitely return your kindness.” Qingtian Yijian said.

Lu Yang said with a smile: “Then I’m disrespectful. No wonder your kid told me not to let me find the Eternal Sword Guard. It turned out that you were called out.”

Han Fei said: "Your skills are good, you have even played the clown emperor's sss-level mission."

Seeing Han Fei dare not to enlighten him, Qingtian Yijian said, "You are the first thief to complete the challenge of the sss clown emperor that day. I also figured out a solution after watching your video. You are strong."

Han Fei said: "I also learned from watching my brother's video. My brother is really strong."

Qingtian Yijian looked up in surprise at Lu Yang and said, "Are you the first to clear the customs?"

Lu Yang smiled and put on the ring of mysterious dreams, summoned 5 level 7 Eternal Sword Guards to his side.

Lu Yang said: "Thank you for your help. Qingtian Studio has always been in good standing. I hope you can keep the relationship between these three siblings and me."

After the last war, Lu Yang announced that the release of the Hellfire Lord and the player who used the lightning storm were the top mercenaries he had invited from the Mercenary Association. If you let the bloodthirsty bully know that these people are actually friends with Lu Yang, Bloodthirsty bully will become more news.

Qingtian Yijian said: "Be assured, as you said, Qingtian Studio has a good reputation, and we should never say what should not be said."

"There will be a period later." Yu Luo silently and others admired Lu Yang and followed Qingtian's sword away.

Lu Yang arched his hand and watched Qingtian Yijian leave.

Han Fei was surprised to see the five Eternal Sword Guards and said, "It's the first time we have five Eternal Sword Guards."

Lu Yang didn't expect that he was so lucky. If he wanted to summon 5 people, he would have to wait 5 days here, and change to a level map to upgrade them. It was very troublesome. Lu Yang had thought about it but did n't have that time. , Qingtian Yijian helped him a lot.

"Go, let's kill the Snowman King first." Lu Yang said.

Yeti King (boss)

Level: 40

Qi and blood: 700000/1400000

The Snowman King is an aboriginal man in a white fur coat. It is about 2.5 meters in length and belongs to an authentic boss-level monster. However, it is not difficult to kill.

For a long time, everyone thought that the boss of the Snowman King was funny, because he didn't have any special skills, it was easy to kill, and it was very ordinary.

In the last life, a player compiled a ballad, "Snowman King, your stomach is full of water, blood kiss spiders, you are all legs."

After these two bosses died, they only burst out a bunch of potions, nothing else, but they did n't know that Snowman King was not looking at it, but to look for him, good luck, can find special treasures .

Five minutes later, the snowman king's health returned to zero and fell to the ground.

Han Fei looked at it happily, and said depressedly, "Brother, he burst a lot of potions."

"What a bad luck," Han Yu said.

“Don’t worry.” Lu Yang came to the Snowman King, opened his white snowman coat, looked for it, and a hard object was touched by Lu Yang.

Flame ring, description: The heat emitted can be used for heating, and the wearer can release fireball.

“Uh, good rubbish, this level, who has nothing to do with level 1 fireball.” Han Fei said.

Lu Yang said with a smile: “No, no, this is a superb baby. This ring has hidden attributes. After the fire method is put on, all fire skills are +1.”

During the conversation, Lu Yang replaced the ring of flames, and the skill of the fire phoenix in the skill bar was upgraded to level 7. The fire phoenix who was waving his wings in the sky hissed and swelled in a circle.

Han Fei investigated the damage of Phoenix, and it has been increased from 4006 to 5216. He couldn’t help but say, “It’s so strong, brother, let’s look for it and see if we can still fight.”

Lu Yang said, “Look at the opportunity. This map loves special rings. You can hit another one, and my phoenix will reach level 8. But this time, do n’t go in. You are in the orangutan area. One is careless. I’m going to die with a gorilla punched in the face. “

“Gorilla?” Han Fei asked.

Lu Yang nodded and said, “Yes.”

Shortly after the death of the ancient demon, a group of gorillas occupied the cave and became the masters of the cave. After that, the gorilla drank the blood flowing from the ancient demon and became the slave of the new ancient demon after resurrection.

The two most powerful slaves are two gorillas with double heads. One of them releases dark magic, but he is immune to any magic, and the other is a physical attack and immune to physical damage.

Lu Yang said: “The two lord gorillas lead a lot of baby gorillas, said to be small, but each is a elite monster at level 40, and some of them have become boss levels. We can only be a little bit. Kill some. “

The three sisters nodded to understand.

At the entrance of the fourth floor, Lu Yang looked at the strange things in it, and took the lead in jumping down.

System prompt: you found the ancient magic cave square

At the foot of Lu Yang was stepping on something similar to an altar, with steps on each side and a path under the steps.

A group of black gorillas 3 meters high suddenly passed by from a distance. Every time they jumped to the ground, their huge fists would hit the ground heavily, making a loud noise.

Magic Blood Orangutan (Elite)

Level: 40

Qi and blood: 600,000 / 600000

“Uh, it’s scary.” Han Fei said, such a sporty talent made Han Fei, who had always been confident, afraid to provoke him.

“Don’t worry.” Lu Yang waved his magic wand, and the level 8 phoenix fluttered to the top of this group of diamonds ~ www.mtlnovel.com ~ squeak ~ squeak ~ “

Twelve orangutans discovered the phoenix at the same time, and waved their fists to attack, but they were 30 yards apart, and the orangutans couldn’t hit it.

The group of orangutans did not give up, they jumped hard, but unfortunately they only jumped up 20 yards and fell in place.

Fireballs spewed out from the mouth of Phoenix, one by one falling into the gorilla group. The fireballs with splash damage could cover 4 gorillas at a time. Soon, the gorilla's blood volume dropped quickly, and soon died. On the ground.

System prompt: you killed the demon blood orangutan

You have gained 29868 experience

Your reputation in White Light has increased by 63

Lu Yang estimated that if he killed all the orangutans himself, his reputation would reach worship.

After 12 magic blood orangutans were killed, Lu Yang came to the orangutan group and looked at the drop. A drawing made Lu Yang interested.

Chapter 263 - Two-Headed Goblin

Plans: Grim Reaper Ring (Dark Gold)

Level: 30

Damage: 36-60

Strength: +30

Constitution: +30

Additional physical attack: +36

Grim Reaper Suit (1/5)

3 pieces: Physical Attack +50

5 pieces: Trigger the Death Sickle effect and increase 500 additional Shadow damage

Lu Yang said: "I can't think of hitting this baby here, we have good luck in this wasteland."

"Brother, what's in this suit?" Han Yu asked.

Lu Yang said: "The necklace, cape, badge, and two rings are not in conflict with the regular suit."

This is the biggest highlight of this set of equipment, he can perfectly stack with the soldier's faith suit or the thief's killing suit.

Lu Yang came to kill the ancient demons this time, and he also wanted to put together this suit. After putting away the drawings, Lu Yang looked at the other drops, which were not valuable, but some 30 level bronze equipment. Enchanted material.

After killing monsters all the way, after killing King Kong on the entire square, Lu Yang was very fortunate to collect the drawings of the death set. The only way to do this was to open up wasteland. The last time Lu Yang came here, the explosion rate has become quite low.

"Wait for me, I'll go out and play two sets of death equipment." Lu Yang said.

“OK.” The eyes of Han Fei and Han Yu were full of expectations.

Lu Yang laughed at the expressions of the two, flew back to the demon temple with a spell, appeared in the north of the city, and found Han Zhong.

“Master, find 5 people who are working on jewelry, and help me forge this.” Lu Yang said.

Han Zhong took the drawings and looked at them one by one, saying in surprise: “This suit is good.”

Lu Yang nodded and said, “Yeah, I’m going to play Han Fei and Han Yu alone.”

Han Zhong said, “Okay, I’ll arrange to build it.”

For the 40 people recruited by Lu Yang, the jewellery processing has reached the expert level. Although it is the first time to make dark gold-level equipment, the habit of forging the gold-level is not difficult to make these equipment.

Soon, two sets of equipment appeared in front of Lu Yang.

A 30-level set of 5 Dark Gold Grim Reapers adds a total of 676 points of damage, plus a 50-point suit effect, which actually adds 626 points of damage.

“How many gems are there in the warehouse,” Lu Yang sent a message to Tu Feng.

Tu Feng said: “There are more than 5,000 first-level gems.”

Lu Yang said: “Give them all, continue to let them go to jewel, it is not enough.”

“Ok.”

The two agreed to meet in the square. Tu Feng took the gem bag to Lu Yang and said, "This game is a real pit. If you want to bring 3,000 gems, you can only rent a special bag. This bag may be stolen. go."

Lu Yang said with a smile: "Look at it later, the game is more playable."

In the last life, when the game was completely simulated and realistic, it was the real chaos. However, the game company withstood the pressure and the players really felt that they had entered the second world.

After receiving the gem, Lu Yang patted Tu Feng's shoulder and said, "After Jiang Ze's transfer, the guild's logistical pressure has come to you. How about it? There are no problems."

Tu Feng said, "Be assured that everything can be handled."

Lu Yang said: "That's good, I will bring you a few people after a while. They are classmates I know at university. When they are almost the same, I will let Jianghuai come back, and you will go out and bring the group."

Both Mo Long and Lin Dong are credible people. They passed the test of life. Lu Yang was going to be busy for a while and promoted them both.

Returning to the demon temple, after Lu Yang synthesized more than 3,000 gems to level 10, there were only 6 pieces left, of which only 2 were added. Lu Yang inlaid one of the two death capes, and then returned to the ancient demon square.

Brother Han Yingsan is still waiting for him.

Lu Yang took out two death suits and said, "Put on this equipment and see how it works."

"It's great." Han Fei changed into a death suit and increased the damage by 756 points.

Han Yu 's famous bow · Silent Night damage has exceeded 1000 points, put on the death set and add skill damage, you can hit more than 2,000 damage with just one arrow.

“The improvement of strength is too great.” Han Yu said.

Lu Yang said: “If the gems and black iron ore are not enough, this equipment can do more damage.”

If the gems, enchantments, and equipment upgrades are all done, the five-piece set can increase more than 1,000 attack power, but it will cost more than 100,000. If Lu Yang does not have the guild to support, he will not have this ability.

“Brother, let’s kill the boss. I want to try my injury.” Han Yu said.

Lu Yang said with a smile: “OK.”

On the right side of the ancient magic cave square is a corridor. At the end of the corridor, among the group of magic blood orangutans, there is a giant orangutan that is twice as tall as a giant orangutan with two heads on its shoulders.

Two-Headed Goblin (Lord)

Level: 40

Qi and blood: 1600000/1600000

“So big.” Han Fei said in shock.

“Brother, you can fight this.” Han Ying said with a little fear.

Lu Yang said: “Don’t worry, this is a female orangutan, immune to spells, but the physical defense is very poor. After a while, the two-headed blood demon will be handed over to the Lord of Hellfire to fight. “

“Okay,” said the three siblings.

Lu Yang ordered the Fire Phoenix to gradually kill more than 20 orangutans in front of the two-headed blood demon. Two of them are the best orangutans with the same blood volume as the boss. After the kill, 2 golden book pages Fall out.

Enchant Necklace: Quickness, Description: Adds an attack speed +50 to the necklace.

Enchant Ring: Thunder, Description: Attack has a certain chance to trigger the thunder effect, attack speed +200 points.

Lu Yang couldn't help scratching his head and said, “Luck today is not good.”

“What's wrong,” Han Fei asked.

After Lu Yang learned two enchantments ~ www.mtlnovel.com ~ said: “Give me both your necklace and ring.”

“Oh.” Han Fei and Han Yu handed death necklace and death ring to Lu Yang.

Lu Yang clicked on the enchanting skills. This way to disassemble the equipment, Lu Yang's enchanting materials are enough, and his enchanting level has reached the expert level.

After a flash of light, Lu Yang returned the equipment to the two and said, “Look at it for yourself.”

“Oh my god, brother, this is to increase the speed of attack.” Han Fei was very excited.

Han Yu asked, “Brother, is the chance of a thunderstorm high?”

Lu Yang said: "About 10 hits can trigger, I enchanted you with two thunder, the effect is not superimposed on each trigger."

Han Fei said: "In other words, is it possible to increase the attack speed by 400 points at once?"

Lu Yang nodded. If triggered at the same time, the attack speed would become 0.2 seconds. Lu Yang could not help enchanting Han Yu 's famous bow · Night Night to enchant the afterimage. If he attacked at this attack speed, the chance of triggering the afterimage would be very high .

Chapter 264 - Famous Sword · Silver Snow

With super equipment Han Fei and Han Yu, both looked at the blood heads of both heads and showed a eager look.

"Brother, how to fight." Han Fei asked.

Lu Yang thought for a while and said, "There are three skills for female orangutans, Shadow Arrow, Shadow Link and Shadow Oblivion."

Shadow Arrow: The female orangutan spit out a Shadow Arrow, inflicting 10,000 Shadow damage to the target.

Shadow Link: Players are chained together by a chain of shadows, one is hurt and the other is the same

Shadow Annihilation: Darkness damage in the area, players in the area, drop 3000 blood per second.

Although there are only three skills, the scope of the corridor is narrow. If the last two skills are used successively, once the shadow link connects more than 10 players, one shadow annihilation hits three people at the same time, and it will be destroyed.

However, there are only a few people on Lu Yang's side, and he is not afraid of this skill. He said, "The Lord of Hellfire drives a monster. Others wait for my order."

Han Ying controlled the Lord of Hellfire and smashed on the two-headed Gorefiend.

"Hello ~"

The two heads of the two-headed golem snarled at the same time, showing fangs in their mouths, and two fists the size of the excavator turned on Hellfire Lord in turn.

Level 7 Hellfire Lord's defense power is more than 3,000. The double-headed Gorefiend looks powerful but the physical attack is general. Each punch can only kill more than 500 Hellfire Lord's blood.

Lu Yang put on a healing ring, and more than 600 spell injuries kept adding blood to the Lord of Hellfire. After the Lord of Hellfire held it for 2 minutes, Lu Yang said, "Han Fei and Han Yu, come on."

"Good grin." Han Fei quickly ran behind the two-headed Gorefiend, and flew up and down with his double knives.

System prompt: trigger thunder

Trigger a thunder

Two thunder effects were triggered at the same time. For a moment, Han Fei only felt that his hands seemed to be without weight, and the attack speed suddenly accelerated. With a phantom, he struck the two-headed blood demon with a strike speed of 0.2 seconds .

System prompt: Trigger Death Sickle effect

...

In 30 seconds, Han Fei cut out 150 knives, triggering the death sickle effect 10 times. Unfortunately, the double-headed blood demon magic immune, otherwise Han Fei alone can output more than 150,000.

On the other hand, Han Yu 's output was more violent, and the thunder effect was triggered twice as well. Han Yu fired a bow and arrow every 0.2 seconds to hit the head of the two-headed blood demon.

The afterimage effect triggers a chance of 30%. In 30 seconds, Han Yu fires 150 arrows and the afterimage fires 50 arrows.

The afterimage's attack power is the same as the main body attack power, which is equivalent to Han Yu's 200 arrows in 30 seconds *, killing more than 200,000 blood of the boss.

Not long after, the blood volume of the two-headed blood demon was hit to 1 million.

"Roar ~!" The two-headed orangutan snarled at the same time, and a shadow arrow spit out on the second head and hit the hellfire lord.

"6000"

The Lord of Hellfire resists 4,000 magic points without fear, and Lu Yang raises his staff to continue adding blood with the healing ring.

Two minutes later, the blood of the two-headed orangutan was 600,000, and the second head eye glowed purple and black, and a black light chain trapped Hellfire Lord and Han Fei.

Lu Yang shouted, "Han Fei is back."

Han Fei started sprinting, ran back to Lu Yang with a gust of wind, and said with an excited look on his face, "Brother, it was so cool."

Lu Yang laughed.

“Hoo ~!” The two-headed blood demon roared, and there was a burst of black light on the ground, but it only hit the Lord of Hellfire. Without breaking the magic resistance, the Lord of Hellfire blew up one MISS symbol.

After 10 seconds, the black light disappeared, and Han Fei ran behind the double-headed orangutan again, flying with two swords.

The next trigger of the two-headed blood demon will be 1 minute later, at this time he only has 400,000 blood left, and Lu Yang orders five 7-level Eternal Sword Guards to attack together.

The blood volume of the two-headed blood demon fell quickly, and soon, after making an unwilling roar, he fell to the ground, and a silvery white dagger emitting a divine light fell on the ground.

Silver Knife (Legend)

Level: 30

Damage: 136—151

Strength: +30

Dexterity: +28

Additional Attack: +36

Special effects: After hitting the target, there is a chance to attach a frost effect, reducing the target's movement speed by 50% and attack speed by 50%.

Assassin's Sword: (1/2)

2 pieces: Increases 500 damage to demonic creatures

Lu Yang shook his fist vigorously and threw it to Han Fei, saying, "Get it, yours."

"Artifact, artifact." Han Fei scurried up and down excitedly when he saw the attributes of the weapon.

"Send me some attributes," Han Yu said.

Han Fei quickly sent the weapon attributes to Han Yu and Han Ying, both of whom were surprised when they saw it.

"Brother, thank you." Han Fei said excitedly.

Lu Yang was happy to see Han Fei, and he was happier than he got the equipment himself. He said, "You're welcome. I'm lucky this time. The rate of explosion of this weapon is similar to that of famous bow and silent night. It can hit me. I didn't expect that it would seem that land reclamation has the advantage. "

Han Fei nodded again and again.

Lu Yang said: "This weapon is a suit, and the other is on a two-headed King Kong. If we are lucky today, we will be able to graduate your level 30 weapon in one go."

The famous double knives of the last life, very few people can get together. At the most expensive time, the price of a single knife was more than 100,000 credit points. If Han Fei could get a set, he would be able to abuse it alone.

Lu Yang looked at the other items on the ground.

Plans: Felsteel Barriers (Gold)

Level: 30

Defense: 236—268

Stamina: +60

Constitution: +50

Additional defense: +36

Description: The shield design drawing of the ancient shield's heavy shield army. Holding this shield can completely protect the body.

Lu Yang's most wanted is this drawing. Xiao Liang was the last of them to upgrade to the shelter. It has not yet come out ~ www.mtlnovel.com ~ Lu Yang is ready to wait until Xiao Liang comes out to level 30 and let him form A shield armour.

All soldiers in this unit learn iron wall skills, and completely give up attack power and only take charge of defense.

The third item dropped by the two-headed blood demon is a crystal. The transparent crystal is very useful. Level 30 gold-level equipment. The crystal sword, crystal bow and crystal dagger are needed.

After Lu Yang picked it up, he took the two of them back to the center of the square and turned to the right corridor, killing monsters all the way to the entrance of the corridor, a group of demon blood orangutans blocked in front.

Lu Yang ordered the Phoenix to attack, killing the group of orangutans, just like the two-headed Golem Orangutan. There are also two best orangutans here, each of which has dropped the drawings of the magic steel helmet and magic steel leg armor.

Lu Yang gathered up the drawings and took the three siblings to the corridor. On an open ground, a two-headed orangutan with a black body, 6 meters in height and full of muscles was sitting on the ground.

King Kong (Lord)

Level: 40

Qi and blood: 1800000/1800000

Chapter 265 - Ancient demon

The double-headed King Kong has a larger body shape than the Gorefiend, and his fists are even more shiny and metallic.

Lu Yang said, "This monster is special. It is immune to physical attacks. Only spells are effective. You step back."

Normally killing the two-headed King Kong unless you come to a team of elite players with level 40 gold equipment, and you can find a way to defeat the two-headed King Kong after many cooperations.

The physical attack power of the two-headed King Kong is 10,000 points. Pure physical attack can kill a shield battle without iron wall skills with just one fist. Even a heavy strike will definitely die.

The only drawback is that the double-headed King Kong has a low spell defense. However, this shortcoming is almost meaningless for the two-headed King Kong. The super thick blood and high attack power make many teams not kill him half. When it's blood, it's gone.

In the last life, the first team to kill the two-headed King Kong was at level 45, a team of 400 people, and more than 300 talents were killed.

However, Lu Yang didn't need to be so troublesome, ordered Phoenix to fly to the top of the cave, come over the double-headed King Kong, and spit out fireballs and hit the head of the double-headed King Kong.

"4216"

"4318"

"Roar ~!" The two-headed King Kong's two heads roared at the same time, his fists slammed on the ground, and he jumped towards the Phoenix, but when the fist was half a meter away from the Phoenix, the two-headed King Kong rose Stop and fall back to where it was.

"Two-headed King Kong can't fight." Han Ying said in surprise.

Lu Yang smiled and said, "Wait, he'll hang up in a while."

The three siblings nodded and sat down aside with Landing Yang.

"God bless, daggers must be made." Han Fei kept praying.

After 10 minutes, the two-headed King Kong fell to the ground in wailing.

System prompt: You killed King King (Lord)

You have gained 28196 experience

“Brother, King Kong is dead.” Han Fei said excitedly.

Lu Yang nodded and came to the double-headed King Kong with his three siblings. Looking at a black dagger on the ground, Lu Yang said, “We are so lucky, we really burst out.”

Spirit Blade · Starry Night (Legend)

Damage: 135—157

Strength: +30

Dexterity: +28

Additional Attack: +36

Special effects: After hitting the target, there is almost a puncture effect. Ignore the target’s 300 points of armor. Stack 5 layers for 30 seconds.

Assassin’s Sword: (1/2)

2 pieces: Increases 500 damage to demonic creatures

Han Fei received the Spirit Blade on his body, triggering the assassination effect, and the two swords emitted both black and white light at the same time. The reflected Han Fei was like a god.

“Brother, thank you.” Han Fei had a solemn look on his face for the first time.

The meaning of these two weapons is clear in his heart. Anyone who takes these two weapons can instantly become a top-level thief. On the market, there will be no 150,000 credit points, and no one will sell them. Even at higher prices, people will buy them. .

However, Lu Yang gave him the weapon so easily and easily. Obviously, Lu Yang really regarded him as his brother.

Lu Yang said: "You're welcome to me again, and work hard. I can't keep you hidden in the dark. It won't be long before you will become the legionnaires of the defending party. Don't drop the chain for me."

"Brother, don't worry, we won't let you down." Han Fei said.

"Absolutely not." Han Yu said.

Lu Yang said with a smile: "Let's go to the old devil's nest. The last boss is killed. Kill him and see what can burst out."

Picking up the remaining items, a warrior's transfer certificate and a drawing of the magic steel shoulder pads, Lu Yang took the team to the position 30 yards outside the ancient demon's lair.

Ancient devil's lair.

Unlike any previous map, the ancient devil's lair is very special. The cave is not only about 500 square meters. Inside it, there are boss-level double-headed King Kong, double-headed blood demon, and blood kiss spiders.

The player did not wait to enter the ancient demon's lair, and was already attacked by the ancient demon outside the cave with a distance of 20 yards. The ancient demon attacked in the same way as the millennium tree demon, but also spiked from the ground.

It is almost impossible to kill the ancient demons. When the players of the last generation broke into the ancient demons' lair to kill the ancient demons, they were all level 50.

The most produced items in the Ancient Devil's Cave are college notices, which are transfer certificates. It was also at that time that players began to transfer in large numbers.

“You wait here, I will let you in when you let in, pay attention to your feet at any time to see my position.” Lu Yang said.

“Ok.”

Let the Phoenix fly into the air, Lu Yang walked into the cave 20 yards away, and suddenly, his foot was shaking.

Lu Yang flared with flames at his feet and quickly took a step forward. Just where he had just passed, a 1-meter-tall white spike spiked out of the ground.

According to the data released by the studio, the ancient demon’s attack speed was once every 1 second, Lu Yang had a fierce speed and ran at a speed of 10 meters per second, and the ancient demon could not hit him.

At the entrance of the cave, Lu Yang took out the green heart in his hand, opened the void, and walked in.

Upon entering the door, two two-headed King Kong guarded the entrance of the cave, raised their black bright fists at the same time, and struck Landing Yang.

“Miss”

In a state of nothingness, immune to physical attacks, Lu Yang’s body was suddenly surrounded by flames, and a gurgling sound turned into a 5-yard-high flame.

“The Great God of Fire ...”

An obscure mantra was read out, and a huge crimson meteorite from the cave ceiling fell from the sky.

“Meteor Falls”

All the monsters in the center of the meteorite were stunned for 5 seconds.

Taking this opportunity, Lu Yang threw out the escape dagger, jumped into the strange group, flashed white again, and Lu Yang jumped to the ancient demon.

The body of the ancient demon is the same rotten flesh, 5 meters high and 15 meters wide, almost covering the corners of the cave.

The beheaded part had now turned into a blood-red pustule, with countless eyes covered on it, and the black-gray body was everywhere with blood-red tubes protruding. Each tube was shrinking as if in Breathe oxygen.

Ancient Demon (Lord)

Level: 40

Qi and blood: 2000000/2000000

Lu Yang hid in the corner ~ www.mtlnovel.com ~ It was just blocked by the ancient monster's body. Only a monster in front of him could enter here to attack him.

Lu Yang raised his right hand and added 5 layers of burning to the ancient monster. The fire spirit beads turned into phoenixes. One by one, the fireballs burst on the ancient monster, inflicting more than 4,000 damage.

“Light of Dreams”

Lu Yang read a spell in his mouth, pointed it at a blood kiss spider in front of him and released it. According to the rules of the “Second World” game, the lord monster cannot be summoned by players, but some players did a test in the previous life.

If you use the light of dreams against the lord strangely, the level difference is not more than 10, the target lord will be temporarily confused by the player, and stop the action on the hand.

After 5 seconds, a dizzy symbol appeared on the blood kiss spider's head in front of him. Now, as long as he is not close to him, the blood kiss spider will be in this state for 10 seconds.

Chapter 266 - Red Mist Legion Enlistment Notice

It happened that the ancient demon and other monsters were awakened. The two two-headed King Kong behind the Blood Kiss Spider were angry and rushed into the corner to attack Lu Yang. Can only growl in anger.

The ground trembled, and Lu Yang knew that the spike was coming, stepped back, and easily avoided the spike attack.

At this point, the distance between him and the blood kiss spider was only 4 yards. If he approached the blood kiss spider by 2 yards, the blood kiss spider would wake up, so Lu Yang now has only 2 yards to move.

This kind of evasion at the extreme distance seems to be dancing on the tip of the knife, and if you accidentally splatter blood, it is Lu Yang's best, and Lu Yang can give the blood kiss spider a dreamy light every time he evades. .

After 20 seconds, the emerald heart has cooled down, and Lu Yang opens the emerald heart into nothingness.

Ancient demon's spikes pass through Lu Yang one by one, but they are all MISS symbols.

At this time, Lu Yang continued to control the blood kiss spider with the mysterious ring. Behind the blood kiss spider, countless two-headed King Kong and two-headed blood demon had gathered. However, they were all blocked behind and could not hit Lu Yang. .

“Come in, pay attention to the spikes in your feet.” Lu Yang sent a message to the third brother of Han Ying.

The three have been watching the situation inside the cave entrance, watching Lu Yang constantly dodging the three people are also very anxious, heard the summoned three people immediately ran in.

Hellfire Lord’s defense is high, the ancient demon attack can only be slightly broken. The two-headed blood demon has a boss-level damage that is much worse than the lord level, and the blood is only 400,000 points. Hellfire lord resists 4 no problem.

“Taunt” Han Ying issued an order.

The Lord of Hellfire roared and pulled four double-headed Gorefiends to the door. Han Fei and Han Yu each held legendary weapons in their hands and attacked while avoiding the spikes on their feet, killing a double-headed blood on average in 3 minutes. Demon (boss).

Soon, the three of Han Ying cleared a large space, and the blood kiss spider in front of Lu Yang was also led away. The scope of Lu Yang’s activities was much larger.

Taking this opportunity, Lu Yang ran out of the corner, raised his right hand, and fell on the body of the Bone Demon Lord for 5 consecutive burns.

Turning around to avoid a spike, Lu Yang read a spell, and a reddish meteorite fell from the sky.

With a bang, the meteorite was in the body of the ancient demon lord, and then the meteorite rolled forward along the body of the ancient demon.

“208” “64” “68” “66” ...

The meteorite disappeared after 8 consecutive times. As the final boss of the ancient devil's lair, the ancient demon is a dual-resistant monster. Although Lu Yang can't deal high-end damage, with the combined damage of the meteorite impact, each attack can also destroy the boss. 800 points of blood.

Coupled with the attack of the Phoenix, half an hour later, the blood of the ancient demon fell to 1 million. On the other side, Han Fei and Han Yu had eliminated all boss monsters.

"Brother, I'm here." Han Fei started sprinting and came to the ancient demons, attacking while running. Suddenly, a thunder effect was triggered. Han Fei's arms were like a phantom.

The ancient monster had only one such attack method. Soon, his health was beaten to 0, and a harsh sound sounded, and the ancient monster's body collapsed.

"Huh, I'm exhausted." Lu Yang stood in place and took a breath, hitting a boss for 2 hours for the first time, and was always in a state of high concentration, Lu Yang's spirit was very tired.

Han Fei and Han Yu were also very uncomfortable. The two kept running and attacked, and they were lying tired on the ground at this time.

"Brother, this boss is the hardest one I have ever played." Han Fei said panting.

Lu Yang said: "It will be easy in the future, mainly because the nest is too small and the blame is too dense, and there will not be so many blame next time you refresh it."

Standing up from the ground, Lu Yang came to the ancient demon, and the excitement of picking up equipment suppressed all fatigue.

Red Mist Legion Enlistment Notice

When Lu Yang saw this thin piece of paper, Lu Yang could not help but uttered a roar.

Red Mist, here is actually the Red Mist Legion's enlistment notice. If there is any equipment in the world that is stronger than the top-level items such as the heart of the demon, Lu Yang believes that this Red Mist Army order.

The Red Mist Army, the most buggy unit in the history of the "Second World" game, whoever transfers to become a Red Mist Army fighter. Strength, endurance, and physical fitness increase by 5 points each level. Among the learned skills, taunt becomes red. Mist is bloodthirsty.

Red Mist Bloodthirsty (Level 1)

Type: Sonic

Attack Range: 30 yards

Description: Release a bloodthirsty sound wave around you, increase your 1000 defense power, and let the target forcibly attack yourself for 5 seconds. It cannot be dispelled. Ignore magic.

Even a god-level player, roared by Redmist Bloodthirsty, has to be restrained for 5 seconds, and the flashing can not be used.

This is not the most powerful one, the strongest is Red Mist Warrior's next move.

Red Mist Cyclone (Level 1)

Type: Physical

Attack range: 5 yards

Description: After being attacked, Red Mist soldiers have a 20% chance to passively release Red Mist Cyclone, damaging 1066 points.

It can be said that as long as the Red Mist soldier's health and defense are high enough, and jump into the crowd and roar, everyone within 30 yards will definitely die within 5 seconds.

In the most famous battle of the last world, a player with a demon heart in Europe was jumped around by Red Mist soldiers under the protection of 300 elites.

Within 5 seconds, the soldiers of the Red Mist turned more than 60 times in a row, and the player with the heart of the demon was killed by the whirlwind, and the heart of the demon fell out.

Lu Yang remembers it so clearly because he also possesses the heart of the demon god. It can be said that the Red Mist Warrior is any nemesis player with artifacts.

In the last life ~ www.mtlnovel.com ~ countless people on the Internet asked how to join the Red Mist Army, but every fighter who joined the Red Mist Army did not disclose how to join, and after everyone joined, this method was invalidated. It's no use revealing it.

"Brother, what's wrong with you?" Han Ying asked with concern when he saw Lu Yang's appearance.

Lu Yang said excitedly: "I got a baby. When you Liang Xiao comes out of the shelter, we will have another master of the same level as me, even better than me."

"So strong." Han Fei jumped excitedly.

Lu Yang said, "Yes, wait, Xiao Liang will surprise you."

"That's great, Brother Xiao Liang finally stood up." Han Fei said brightly.

Among the brothers, Xiao Liang is old and everyone lives together. Xiao Liang always lets Han Fei have good things. In the hearts of Han Fei and others, Xiao Liang is second only to Lu Yang.

Before Xiao Liang played the game, he always could n't understand. The three sisters were actually very anxious, but they didn't dare to urge Xiao Liang, because he was uncomfortable. Now that they have a way, the three sisters are happy for Xiao Liang.

Chapter 267 - Harvest

Lu Yangzhen put the Hongwu Legion's enlistment notice in his backpack and sent a message to Xiao Liang saying "how, where did it go?"

Shelter on three levels.

Xiao Liang is using Poison Mist skills. Xiao Liang, who has a black blood suit, carries a large shield and sprays poison on the map. The strange anti-physics and anti-magic in the shelter are not anti-poison. He only hit the third in one day. Floor.

"Wow haha, boss, this poisonous mist is so easy to use, I am too easy to upgrade here in the shelter." Xiao Liang proudly said.

Lu Yang said with a smile: "Come on, come out and give you a good thing."

"What." Xiao Liang asked, his eyes brightened.

Lu Yang said, "You will know when you come out."

Xiao Liang mourned for a while. He knew that the good things Lu Yang told him must be a very rare treasure in the game.

“Boss, I must come out within half an hour.” Xiao Liang said vigorously.

Lu Yang laughed, closed the chat box and continued to look at other items. The better ones were a mad warrior transfer certificate, a priest transfer certificate, and two magic steel suit drawings, all of which were put in his backpack. One of the things that made him a little confused was the ancient demon’s eyeball, which had no head or tail, and Lu Yang didn’t know what it was used for.

Lu Yang and his three siblings walked around the entire ancient devil’s lair. Other boss-level double-headed King Kong and blood kiss spiders burst a lot of good things. Lu Yang gathered the drawings of the magic steel suit and found 2 Zhang Sheng Knight’s transfer certificate, and the rest of the bronze and black iron equipment were decomposed into enchanted materials by Lu Yang.

“Get here today, let’s go back and take a break.” Lu Yang said.

“Then we will go back to the transfer task.” Han Feiyue said eagerly.

With the legendary equipment, the assassin’s double knife and famous bow · Silent Night will start the transfer job, Lu Yang said: “Go, if you don’t understand me, you will come back to help your sister after the transfer.”

“I see.” Han Fei and Han Yu returned to St. Gall.

Han Ying was left in the southern forest by Lu Yang, and five Eternal Sword Guards were also handed over to Han Ying by Lu Yang to let him play emerald crystals in the forest.

Lu Yang found the mayor of Baiguang Town.

When the bald mayor saw Lu Yang coming, he ran to the front in excitement and asked, “I feel the breath of ancient demons in you, our hero, did you kill the ancient demons?”

Lu Yang nodded and said, "Yes."

"Can you give him his eyeball, I want to use it for research." The mayor of Baiguangzhen said excitedly.

"Of course you can." Lu Yang gave the ancient demon eye to the mayor.

System Prompt: Your reputation in White Light has increased to Exalted

"Our hero, what do you want to buy, fighting the ancient demons all year round, I have a lot of good things here."

A trading box appeared in front of Lu Yang.

Plans: Unstoppable Defense Band (Gold), Unique

Plans: Unstoppable Defense Badge (Gold), Unique

Plans: Cloak of Unstoppable Defense (Gold), Unique

Plans: Unstoppable Defense Necklace (Gold), Unique

Lu Yang sighed. No wonder they all said that a successful land reclamation will greatly enhance a guild. Even the gold-level drawings can be bought. This unique attribute at a glance knows that it will never be refreshed after purchase. Only people can get it.

"This isn't President Lu Yang of the Brotherhood League. How come to Baiguang Town alone." A familiar voice came from afar.

Lu Yang glanced over the side, and the person he recognized was the oldest fellow in the cold room. He was ruthless in winter. His guild belongs to the middle class, and he is also developing on the northwest side of St. Gall. There is no conflict with Lu Yang for the time being.

Lu Yang said, "Let's do a task."

"Are there any gains?" Leng Dong asked with ruthless eyes.

It is impossible for Lu Yang to tell him his own affairs, let alone tell him free of charge. Lu Yang had a ruthless look at Leng Dong. He never thought that he would say so.

"It's nothing, just a normal task." Lu Yang arched his hand, took out the city roll and left.

Leng Dong relentlessly saw Lu Yang disappear, his smiling eyes gradually turned into a sneer, and said, "Wait."

City of St. Gall.

Lu Yang returned to the north smithy, and many girls gathered at the door.

"He's the uncle who broke the mission of the SSS-level Joker Emperor a while ago."

"very handsome."

"So temperamental."

Lu Yangxun almost didn't hold back, Han Zhongben was embarrassed and gave Lu Yang an angry look.

"Master, you have more and more fans." Lu Yang entered the room and said to Han Zhong.

After the last Joker Emperor challenge mission, Han Zhong was quickly found by players because he opened a store to sell equipment on the north side of the city.

Countless people want to worship Han Zhong as a teacher, and countless fans want to fall in love with Han Zhong.

In the face of such “enthusiastic” 16-year-old girls, Han Zhong almost tortured collapsed, how could a 40-year-old man find a daughter to fall in love, but he has been in the jungle for a long time, I do not know how To deal with this problem, I recently found a way to choose to turn a blind eye.

These girls also have characteristics. After school is fixed every night, Lu Yang can see it every night. Today, it seems that there are more people than before.

“What do you want to come back to? Have something to say, and leave quickly after you finish speaking.” Han Zhong said unhappily.

Lu Yang almost couldn't hold back. He took out the magic steel suit and unstoppable defense suit from the backpack and handed it to Han Zhong. bright.”

“I see, Xiao Tao and Xiao He come here.” Han Zhong shouted.

“Hey, here it is.” The two boys agreed to run over in unison, and when they saw Lu Yang, they bowed and shouted in unison, “Boss is good.”

Han Zhong said: “The level of these two has just risen to the expert level, a bit of talent.”

Lu Yang knew that the two boys were the first recruited members of the technical school and said, “Yes, keep working hard.”

“Yes.” The two worshipped Lu Yang to the extreme, watching Lu Yang exercise every day as if masochistic, as well as Lu Yang's towering muscles and a guild built from scratch.

“Go forging, let me see your two skills.” Lu Yang said, his forging and jewellery level were masters in the last life, and there was no problem in pointing them out.

The two did not expect to be valued by Lu Yang, and excitedly brought Lu Yang back to the forging room and forged it seriously.

With the drawings and detailed introduction, it is not too difficult to forge a set of equipment ~
www.mtlnovel.com ~ The only difficulty is that the forging is 100% effective.

Often the equipment produced by a player has only about 90% of the attributes, because he has not mastered the details.

Lu Yang was very experienced in this aspect of control. After teaching the two to do something, the level of forging of the two has improved significantly.

“Boss, you are too good, you can even understand forging and jewelry.” Tao Jingming said in surprise.

Lu Yang said, “You work hard to get two masters or **** forges and jewelry masters out of our brothers.”

“Um.” The two nodded hard together.

After half an hour, the two forged the magic steel sleeve and the unrelenting sleeve. Lu Yang inspected it and found that it was 100% attributed equipment.

“Nice, beautiful.” Lu Yang praised.

They both scratched their heads in embarrassment.

“Boss, I’m here.” Xiao Liang ran into the forging room in a gust of wind.

Chapter 268 - Ancient beast head

Lu Yang took out the Red Mist Army's enlistment notice from his backpack and said, "Take this."

"What is this?" Xiao Liang asked curiously.

"This is the second-generation top-tier warrior transfer certificate. It is better than the War Theological Academy and the King's Guard. After entering this academy, I can't beat you." Lu Yang said.

Xiao Liang scratched his head, returned the notice to Lu Yang, and said, "Boss, don't give it to me. Look at the brothers who have higher talents and give them to me. I'm too stupid."

Lu Yang was touched by Xiao Liang again and said with a smile: "Brother, hold it with peace of mind, and with me, you will definitely cultivate you into a real master."

Xiao Liang thought for a while and said, "All right, I listen to you."

Lu Yang took 500 gold coins from his backpack and gave them to Xiao Liang, saying, "To enter the college, you need to learn skills to spend money, not enough to tell me."

"So expensive, boss." Xiao Liang hesitated again.

Lu Yang said: "Normally, the skills and money of this college are directly proportional, and any amount of money is worth spending."

Xiao Liang's expression became solemn. 500 gold coins is equal to 150,000 credit points. This money made Xiao Liang feel Lu Yang's expectations.

"Let's go, I'll go with you, by the way I buy some materials." Lu Yang said.

The enrollment of the Red Mist Corps is in the Holy City Arena, next to the prosperous commercial district in the east of the city. Lu Yang wants to see if he can find a baby.

After two months of development, the Chengdong Business District has become particularly prosperous, with more than 5,000 players stalling here every day and more than 100,000 players trading here.

The largest store in the entire neighborhood is the Song of Blood and Fire Pharmacy Store established by Lu Yang. The 6-storey pharmacy is very eye-catching.

Lu Yang took Xiao Liang to walk in the neighborhood, came to the entrance of the drug store, and found that a new auction house, the Integrity Auction House, had been opened across the street.

“Welcome, boss Zhang, please hurry in.” Ye Guxing smiled as he stood at the gate.

Lu Yang frowned and said, “The industry of the bloodthirsty league?”

Xiao Liang said: “A while back, this is still a shop called Fenghuo Legend player. I didn’t expect him to sell it to Bloodlust.”

The song of Blood and Fire pharmacy is booming, and even the surrounding business has improved a lot. Even if the store is not rented out, it can make a considerable profit. It is almost impossible to sell the store.

“Let’s go and see, you go first, and find me in time if there is a problem.” Lu Yang said.

“Oh.” Xiao Liang said.

When he came to the side of the blood agent store, Lu Yang became a player with a thick eyebrow while no one was using a camouflage coat, and followed the crowd to the door of the auction house.

“Welcome, welcome, please come in, pick whatever you want.” Ye Guxing didn’t find Lu Yang at all.

Lu Yang asked, "What are you selling here?"

Ye Guxing laughed and said, "Everything, from equipment to potions, drawings and various recipes, there will be an auction here, will you check it out?"

Lu Yang said, "Yes."

"The entry deposit is 500 gold coins," Ye Guxing said.

This is the rule of the auction. Fearing that some people will bargain and finally do n't buy and disrupt the market, Lu Yang took out 500 gold coins from his backpack and gave them to the other party.

"Oh, this is the receipt. You can get it. You will use this to exchange money for me at the end of the auction." Ye Guxing played the role of treasurer in a wonderful way.

"Okay." Lu Yang thought, this night lone star is really versatile, but unfortunately, this person should not follow the bloodthirsty domineering.

When I walked into the auction house, I saw that the lobby on the first floor looked like 1,000 square meters, and nearly a hundred guests were watching in front of the counter.

The counter is divided into five types: medicines, formulas, equipment, drawings, skill books and special items.

"I wanted to buy a drawing. Why would a 10-level silver suit cost 20 gold coins? It's too expensive."

"The drug formula is really expensive. A +30 intelligence formula requires 5 gold coins."

...

Many guests are complaining, but some guests are discussing with their followers. Generally, such guests are managers of major guilds. In fact, these recipes are not sold to casual players, but to the guild. of.

Obviously, the bloodthirsty auction house is doing high-end sales.

Lu Yang visited each counter, and when he came to the corner with special items, an ancient animal head stopped Lu Yang.

“Does the brother want this ancient beast head, only 100 gold coins?” A salesperson said with a smile.

Lu Yang knows this salesperson, called the golden abacus, which is the money bag of Bloodthirsty Domineering in the game, and he is quite intelligent.

“Can you show me, I like to collect some weird things.” Lu Yang said.

“Of course, this ancient beast head is the equipment we hit on a lord monster. I do n’t know what to do here. If you know that the 100 gold coins are bought, it is very cost-effective.” The gold abacus still smiled.

Lu Yang took the head of the ancient beast and looked at it. The head was small, only half the size of a palm. The head of the ancient beast had two buffalo horns, which looked similar to Level 2 evil Warcraft.

Ancient beast head, description: A head with strange information, as if some secret is hidden inside.

Lu Yang smiled and returned the ancient animal head, and said, “Forget it, it’s too expensive. I just have a hobby for personal collection. He is not worth 100 gold coins.”

In fact, this avatar was found by a bloodthirsty bully in a level 5 demon tomb, and it didn’t explode from the lord monster. Several senior officials studied it for a long time and found no relevant information. They were thrown into the guild. Corner of the warehouse.

The gold abacus opened the auction house and found many special items in the warehouse, including one,

The ancient beast's head is exquisitely crafted, exuding a faint divine glow ~ www.mtlnovel.com ~ In the flickering idea, the gold abacus was brought out, and the price of 100 gold coins was also placed.

After opening the store, this piece of equipment really attracted a lot of customers, but when they heard that they sold 100 gold coins, they gave up.

The gold abacus recalled the situation when he took out this equipment and promised Bloodthirsty Domineering to sell at a high price, and couldn't help saying to Lu Yang: "This friend, how much are you willing to pay for it?"

Lu Yang said: "One gold coin, he doesn't look like a valuable thing, it just looks good."

The gold abacus was lost for a while, and he shook his head and said, "At least 20 gold coins, otherwise I would not sell."

Lu Yang took out 20 gold coins from his backpack and said, "That's it."

The golden abacus blinked and looked at Lu Yang with some confusion. He felt as if something went wrong.

After giving the ancient animal's head to Lu Yang, he reacted instantly and said excitedly, "You know the secret of this ancient animal."

A smile on Lu Yang's face said, "You guessed it."

Chapter 269 - Guild Strength Enhancement

Not too bothered about the golden abacus stunned in place, Lu Yang turned around and came to the door. After returning a deposit of 500 gold coins from Ye Guxing, he walked towards the transmitter in a good mood.

“Baby, this time I made a lot of money.” Lu Yang shouted excitedly.

The bloodthirsty Batian received an interview in the last life. When answering what made him most regretful, the bloodthirsty Batian once said that he didn't figure out the head of the ancient animal earlier was one of his biggest regrets.

Ancient beast head, as long as 10 bottles of blood of God of War are found, the ancient beast head will restore its original appearance.

This is an item similar to the Wind Elf. Raise him to level 300. Each level increases 5 additional attribute points for the player.

When you reach level 30, you will get a skill called Ancient Demon Transformation, which increases blood and blood by 3000 points for 30 minutes.

Even in the last life, before Lu Yang's death, there were less than 10,000 players with an ancient demon head in full service statistics, which shows how precious this item is.

Lu Yang had already thought about it, and gave it to Xiao Liang to further enhance his strength.

“Boss, the Red Mist Army needs to be challenged to join the army. If I kill 10,000 monsters within a week, I can't go back temporarily.” Xiao Liang sent a message.

Lu Yang asked: “Are there any difficulties?”

Xiao Liang scratched his head and said, “It's not hard to blame. I have a black suit, and it's good to just poison it.”

Lu Yang said with a smile: "That's good, concentrate on playing."

Closing the chat box, Lu Yang ran along the Black Stone Highlands all the way to the Red Fortress. There were players from the Brotherhood of Iron and Blood all along the way. Everyone saw Lu Yang stopped and admired and greeted Lu Yang.

"Boss."

"Boss."

...

In their minds, Lu Yang's status is irreplaceable. This is not obtained through money or other benefits, but through battles.

Lu Yang beckoned all the way to the red fortress gate after passing through the army grounds. It was already late at this time. The muddy wine dumping and others had retreated from the front of the battlefield and handed the demon suit to the men who led the team at night, ready to go. line.

However, before going offline every night, they would report to Lu Yang about the situation on that day. When they saw Lu Yang coming, Jiang Ze, Zhuo Jiu, and Xia Yuwei and others stood up to welcome each other.

"Boss," Zhuoshu poured out greetings.

Lu Yang nodded and asked, "How are you playing today? Are there any problems with your staff?"

The statistics on the drawings and materials are reported by Jiang Ze, and people such as Zhuojiu are responsible.

Zhuo Jiu said, "Many brothers have reached the 26th level. This is indeed a good place to upgrade."

“If the shift is upgraded day and night, the first batch of 3,000 people will rise to level 30 in about a week.” Xia Yuwei said.

When the player reaches level 30, the experience required for each level is the sum of all previous experience. Ordinary players want to upgrade for at least one month.

Lu Yang said with satisfaction: “Yes, in this case, we will have a party a week later.”

Everyone was scratching their heads, and they were a bit uncomfortable with Lu Yang’s jumping thinking.

“Boss, good progress has nothing to do with the evening, what do you want to do.” Bailang asked warily.

Lu Yang said with a smile: “Don’t make this expression. In order to promote team harmony and create a beautiful, united, and progressive iron brotherhood in the future, I decided that all our guild members would come together for a big party, and the captain Players above the level must show a show. As for what show, feel free. “

The white wolf and the muddy wine looked helpless.

Xia Yuwei looked at Lu Yang gratefully and said, “Boss, you don’t need to make a party for me.”

Lu Yang shook his head and said, “I have thought about this when Zhuojia came up with the idea of letting you dance. You see, only you dance alone, and it’s gone after the end. It’s more embarrassing. We all perform, So much fun. “

“Boss, you kill me. Forget it, where can I perform?” Mao Qiu didn’t want to live.

“Yeah, I don’t want to live anymore.” Said the knife.

“Sometimes I commit suicide,” said the Twilight Harvester.

...

“Oops, I forgot to say that in the past two days, I just hit something called a notice, as if there were hunters, as well as thieves and soldiers.” Lu Yang took out five notices and spread them out as fan fans wind.

“I wipe, I have to dance. My nickname is Dance King.” Mao Qiu jumped up and said with a look on his face.

“Even dancing is definitely the first level, guarantee not to humiliate the boss.” Twilight Harvester said.

...

The transfer certificate cannot be refused by any player, and 19 people collectively agree.

Lu Yang said with satisfaction: “It’s pretty much the same, boss, I’m going to give you equipment so hard.”

Dark gold five-piece death set, unstoppable defense set, magic steel set and various enchantments were also issued by Lu Yang.

“Boss, how many bosses did you kill, these are all treasures.” Zhuoju said with surprise.

Lu Yang said: “The lord has killed 3, the boss has more than 10, and the elite can’t count.”

Zhuo Jiu and Xia Yuwei and others couldn’t help taking a breath, and the lord-level monster was singled out by Lu Yang. This was something they didn’t dare to imagine.

Lu Yang said: “Tell my brothers that there will be various awards for the party one week later. Anyone who wins can choose a set of equipment at will and I will give it to him for free.

“It’s going to be lively next night,” bitter love said for a long time.

Lu Yang looked at Han Liu who hadn’t spoken, and said, “You can’t run, you have to perform a show.”

Han Liu rolled his eyes and stretched out his voice, “Yes ~, boss ~.”

The fire law transfer certificate can’t be bought at the current stage, and Han Liu can’t perform the show.

Everyone laughed.

“Brother ~, has been despised by Sister Han Liu.” Lan Yu said playfully.

Lu Yang hummed indifferently. After so long contact, Lu Yang found that Han Liu was actually a girl who was cold outside and hot inside, but she was not good at talking ~ www.mtlnovel.com ~ She didn’t joke at this level care.

Lu Yang took out another pastor transfer certificate from his backpack and said, “Girl, look at this.”

“Pastor’s transfer certificate.” Lan Yu said in surprise.

Lu Yang said, “After one week, give my brother a good dance, otherwise I won’t give it to you.”

Lan Yu suddenly raised her mouth and said, “Bad guy, bully.”

Yeyue listened to the wind and the dumb handsome guy cried out in situ.

“Boss, I want it too.”

Lu Yang said: "While going, the fire method and the soldier's certificate are given to you, how can I let the boss evenly distribute it."

There were 19 people in total, and Lu Yang only had 8 certificates in total, which was not enough points and could only be distributed under this name.

Yeyue listens to the wind and the dumb handsome guy is not a chicken belly guy, they always thought that Lu Yang was so good at Lan Yu after chasing her, so he came out to help set off the atmosphere.

Chapter 270 - Late defeat

Lu Yang went on to say: "I plan to make these drawings for the 13,000 brothers who followed us for free. You will prepare the list and give it to Jiang Ze. During this time, Jiang Ze will arrange the brothers to find the permanent gold ore and magic iron Ore and various other materials. "

Jiang Ze nodded and said, "Rest assured, when the brothers reach the 30th level, I will prepare the equipment for them."

Lu Yang went on to say: "Other members can use the guild points to redeem and encourage them to collect more materials."

In this way, the cost of equipping the entire guild members will be greatly reduced.

After the meeting, Lu Yang took a break off the assembly line.

On Sunday morning, Lu Yang bought War God Blood and gave the ancient beast statue activation to Xiao Liang. Then, he played another day of bosses and stopped until school on Monday.

I have to say that killing bosses is addictive!

“Lu Yang, have you come, Yao Yao will give you breakfast today.” Chu Yu secretly called Lu Yang at the door, and Liu Shuang and Zhang Meng were on the sidelines.

Lu Yang said, “It’s coming, it’s coming.”

“Our sisters have sacrificed a lot for you. It would be miserable if Yaoyao knew the three of us.” Chu Yu said.

Lu Yang said, “How about going to Youlai at noon?”

Chu Yu nodded with satisfaction and said, “That’s it.”

After hanging up, Chu Yu winked and said, “Yao Yao, let’s go to eat first.”

Shen Mengyao was busy packing the quilt, and she got up late again and said, “Go ahead first, I will be here soon.”

Zhang Meng and Liu Shuang both laughed and ran out together.

Outside the dormitory.

Liu Shuang said, “Is it not good for us to do this, and sold Yao Yao for a big meal.”

Zhang Meng said: “Don’t just think about eating. Lu Yang is a good person. I think of Yao Yao. How can we match it up? Don’t forget, such a handsome guy is chased by many girls.”

Chu Yu said, “Very right.”

The three nodded together, indicating that everything was for the happiness of Yao Yao, but in fact, the big meal was the main thing.

After 10 minutes.

Shen Mengyao ran out of the dormitory and was preparing to run to the cafeteria. Lu Yang came over with a delicious breakfast and said, "Beauty, what are you doing?"

Shen Mengyao was hungry. When he saw Lu Yang coming with breakfast, his eyes lit up immediately and he said, "Lu Yang, you are such a good person."

Lu Yang handed breakfast to Shen Mengyao, and the two chatted for another morning, but the boys around were jealous but they couldn't figure out why Shen Mengyao looked at Lu Yang differently.

In fact, Shen Mengyao was also curious. When she found that she was with Lu Yang, she always felt relaxed and comfortable, as if the person around her was very familiar with her.

"Lu Yang, where can I practice dancing around here?" Shen Mengyao asked.

Lu Yang said, "What's wrong."

Shen Mengyao said, "I want to find a place to practice dance."

"Do you want to perform at the school's opening ceremony?" Lu Yang didn't realize that Shen Mengyao was Lan Yu. "The school has a dance hall, so you can go there."

Shen Mengyao shook her head and said, "There are too many people there, and I want to find a place with few people."

Lu Yang had never seen Shen Mengyao dance in the last life, and his mouth had a curved line, saying, "I will take you to a place after the military training in the afternoon."

KTV, the noisiest and most private place.

After school in the afternoon, Lu Yang and Shen Mengyao came to a relatively large KTV entrance near the school.

“What are we doing here?” Shen Mengyao asked.

Lu Yang said, “There are the least people here. Come with me.”

Opened a private room at the bar, Lu Yang said, “How about, there are fewer people here.”

Shen Mengyao was the first time to come to KTV when he was so big. Xiaolian looked around with a nervous and curious expression and said, “It looks pretty good.”

“What dance do you want to practice?” Lu Yang asked.

Shen Mengyao’s face turned red. Her original intention was that after Lu Yang took her to a place, she would practice it alone. She never thought that someone would watch her jump beside her. She did not dare to let Lu Yang leave.

After thinking and thinking, he said to Lu Yang, “I don’t jump well. You must not laugh at me.”

Lu Yang’s admiration was too late, saying: “Absolutely not.”

If Shen Mengyao usually looks like an elf-like beauty, when she dances with music, Lu Yang feels a pierced heart.

Shen Mengyao’s dance is not that glamorous, but like a white lotus against the green leaves in the lotus pond, beautiful people can’t remove their eyes without any profane thoughts.

A dance is over.

Shen Mengyao asked, "How am I jumping."

Lu Yang said with admiration: "Pretty, very pretty."

"Fortunately, okay, the basic skills didn't drop." Shen Mengyao breathed a sigh of relief, thinking of the brother Lu Yang in the game to let her dance, Shen Mengyao raised her mouth.

"What's wrong," Lu Yang asked.

"I have a lacking guy who treats me well and bullies me." Shen Mengyao asked.

"Uh." Lu Yang said, "It looks like that person is me."

Shen Mengyao found it to be true, and said, "Tell me how to deal with people like you."

I don't know why, Shen Mengyao kept hiding in her heart, but couldn't help but talk to Lu Yang.

Lu Yang was inexplicably jealous and said, "Is that person your relative?"

"No, the bad guy always made me call her brother, but she always took good care of me. She thought about everything for me, but she always bullied me." Xia Yuwei said.

Lu Yang was even more jealous and said, "Maybe that person is in love with you, otherwise he won't treat you like this."

Shen Mengyao blushed ~ www.mtlnovel.com ~ said: "No, someone asked him, he said that in reality there are like girls."

"Do you like him then?" Lu Yang asked suddenly.

Shen Mengyao lowered her head, nodded slightly, and said, "Like, beside him, I have a special sense of security."

Lu Yang couldn't listen to what Shen Mengyao said afterwards. For two hours on KTV, Shen Mengyao talked to him about another person she admired from beginning to end.

Until she was sent back to the dormitory, Lu Yang walked alone outside the campus at night, surrounded by the dark and humming sounds, and the dim street lights accompanied him, making Lu Yang feel lonely.

Just when Lu Yang was sad and sad, Lu Yang's cell phone rang and saw that it was Jiang Ze. When he pressed the connect button, Lu Yang asked, "What's the matter."

"Brother, something is wrong," Jiang Ze said.

"what happened?"

Jiang Ze said: "The old man is lost."

Chapter 271 - Super Guild Necromancer Black Sword

"What?" Lu Yang had no time to grieve, and asked quickly: "How is that possible, and how can Twilight be defeated."

The late Zijin Dynasty is a super guild with 150,000 people, with 30,000 players reaching level 20 and 50,000 players around level 18.

And he was against 7 medium guilds, and the level reached 20 was only 20,000 people. Lu Yang also asked whether Chi Wu would help, Chi Wu dismissed those little guilds.

Jiang Ze reluctantly said: “Just now, 8 guilds such as Chill and Jianwu Sky, Death Breath, etc. decisively battled in the wild. At the critical moment, Black Blood and 10,000 level 20 players sneaked in from behind, hitting Twilight One. Be caught off guard.

Late tragic defeat, returned to the safe area after being killed, now the fortress is occupied by black blood, late twilight asks us for help, everyone is waiting for you to go online. “

“I’ll go back right away.” Lu Yang couldn’t bear his sorrow, and stopped a taxi to rush back to the studio.

10 minutes later.

Lu Yang logged in to the game and returned to the city of St. Gall from the demon temple to the private room on the second floor of Fengxian Tower.

Pushing the door open, Jiang Ze was accompanied by the twilight, the strong spirits, the tyrant and the unintentional, seeing Lu Yang coming, and twilight said excitedly: “Brother, you can count on the line, this time you have to help my brother.”

“What’s going on,” Lu Yang said.

Chi Mu sighed and said, “I regret it. If you and the hero dominate the fortress development earlier, I won’t let the black blood **** sneak in.”

Liquor Qingfeng said angrily: “The black blood that **** saw us fighting against the guilds such as Jianwu Cangqiang, secretly launched a sneak attack, and also countered our guild’s Junzhan Tiantian Studio. We were defeated on three sides.”

Xiongba said: “Just now, Black Blood announced to the public that 9 guilds such as Yong *, Jianwu Sky, and Death Breath have merged to form a new guild, known as the Necromancer Black Sword.”

Jiang Ze said: “I counted the number of members of the combined Undead Black Sword as many as 200,000, and as many as 20 or more players as many as 30,000. They are already the largest guild in St. Gall.”

Lu Yang was anxious. This incident hasn't happened in the last life. Although several small guilds have merged, there is no large guild of this size.

"Where are they now?" Lu Yang asked.

Qu Wuyi said: "At this stage, the entire north and northeast of the holy city is occupied by the dead black sword. The black blood himself and the other 8 presidents are gathering at the fortress with the main force, and they are opening up wasteland."

The old man in the twilight said anxiously, "This time, I have to rely on the help of two younger brothers. I can't regain the fortress by myself."

Lu Yang said, "I'll help with this busy work, you can rest assured."

No matter from morality or in fact, Lu Yang can't let Late Twilight finish. If he's finished, only he and Xiong Ba will be able to fight the bloodthirsty tyrant and the black blood.

Xiongba said: "I temporarily give up the fortress development, and my 20,000 people can come to help at any time."

Lu Yang said, "I'll go back here to gather."

Chi Du shot the table and said, "I have nearly 20,000 players above level 20, the equipment has been replenished, and we will fight back. I don't believe I can really capsize in the gutter."

Liquor Qingfeng said angrily: "I must kill the **** of Jun Zhantian by myself. I dare to betray the guild at this time and take away a large number of elites."

Lu Yang said, "I'm going to prepare. One hour later, we will gather in Qingfeng Prairie."

Leaving Fengxianlou, Lu Yang and Jiang Ze returned to the Red Fortress. At this time, the muddy wine dumping and others already knew about the late defeat, and gave the demon suit to the deputy, waiting for Lu Yang's news.

Seeing Lu Yang coming, Zhuo Jiu and others greeted him.

"Boss, are we going to fight?" Bai Lang asked eagerly.

Lu Yang said: "We and the old man in the twilight are all glorious and all are damaged. We must fight this battle, and how many people can be assembled now."

Jiang Ze said: "In addition to 3,000 elites, we can gather 10,000 people, all above 20."

Lu Yang said: "In this case, we are taking 10,000 people into the battle this time, leaving 3,000 people in the family to continue to upgrade, always ready to join the battle as reinforcements, and tell our brothers that this battle will kill a reward of 10 guild points."

"Yes." Xia Yuwei and Zhuo Jiu and others arranged separately.

Half an hour later, 10,000 people were assembled at the spot. The 3,000 people who did not participate in the battle stood on the other side, with a depressed face. Each of the 10,000 people who were qualified to participate in the battle was excited.

Death set, unremitting set, warrior's loyalty set, and mage's fire spirit set. On the guild warehouse, 500 points can be exchanged for 1 piece. It can take a long time to collect 1 piece of material for mining and peeling.

Now there are battles to get points quickly, everyone wants to join the battle immediately.

Lu Yang stood on the high platform of the soldiers' field and watched 10,000 men satisfactorily. In front of them were five people including Zhuo Jiu, Xia Yuwei, White Lion, half-loving half-life, and Sun Yu. Behind them, they were members of their own team. .

Further back, there are more than 100 top players such as black notes and red leaves flying hired by Lu Yang with a monthly salary of 10,000. Then, it is followed by 2,000 of the 3,000 who defeated the Bloodlust Alliance by follower Lu Yang. Finally, it is new Players who advance to level 20.

At this point, everyone was wearing a full set of 20 silver-level equipment, and the station was neatly looking extraordinary.

The oldest qualification for chubby sake pours, saying on behalf of everyone: "Boss, the 10,000 main forces of the guild are assembled and can be triggered at any time."

Lu Yang nodded, and suddenly said loudly, "Playing a game is a cool word. What is the best thing to do? Fighting, killing, and killing our bullies with our brothers are the best.

Earlier, we won the Bloodlust Alliance, and now there is a black sword of Necromancer. Black blood is even more **** than bloodthirsty domineering ~ www.mtlnovel.com ~ If you defeat him We will definitely ally with Bloodthirsty Bully, and we will be miserable at that time.

This time, for ourselves and for the last time, the old man who helped us defeat the Bloodlust, we must fight this battle. "

The war warrior is famous. Only in this way can everyone's strength be used in one place. After a simple speech, Lu Yang led the team from the red fortress and went all the way towards the breeze grassland.

On the other side.

The old man gathers 50,000 players outside the east gate of the city of St. Gall, of which 20,000 are above level 20, and 30,000 are above level 18, and the army is marching towards the breeze prairie.

The tyrant ordered 20,000 men to return to the city and gather outside the west gate of St. Gall, all members above level 20.

The entire city of St. Gall was chaotic. The two guilds gathered more than 50,000 players at the gates of the two cities, and countless people wondered what happened.

More countless media follow-up reports on this. Unlike Lu Yang's sudden attack, this prepared battle made major media feel the charm of Second World for the first time.

Chapter 272 - 100,000 General Assembly Battle

Flower fortress.

A special fort in the plain northeast of St. Gall, stuck between St. Gall and the other three main cities.

Behind the fortress is a level 30 beast-type NPC, which is the best material production place for players to make leather armor. Occupying this place will get countless benefits and is the player's indispensable place.

At this time, on the exterior wall of the fortress, the nine presidents of the newly established St. Gard's First Guild Necropolis Black Sword were vigorously discussing the future.

"Haha, the old guy in the twilight couldn't think that we would invite the Black Blood Brother to help, this time he lost miserably." Jian Wu Cangqiang's president Yijian Hengtian said.

"There were more than 30,000 pieces of equipment in this battle, and we made a lot of money."

"Thank you Black Brothers."

Everyone expressed their thanks.

Heixue said with a humble face: "Everyone carry love, without your direct restraint, I would not be fatal in the back."

The Death Breath Guild's president, Grim Reaper, said: "Late twilight lost so badly this time, it is estimated that it will not be able to recover for a long time."

"The 30,000 pieces of equipment cannot be replaced overnight."

The fearless Titan, the chairman of the Soul Trembling Association, said: "We will not be afraid when he recovers his strength, occupying the entire north and northeast upgrade points. In less than a month, we can dominate the city of St. Gall, even the bloodthirsty bully It all depends on how we look. "

The presidents of several guilds nodded together. Just when they were proud, suddenly, the black-blooded vice president Jin Diao ran up.

"According to reports from brothers in the city of St. Gall, the old man assembled 2020 players, 3018 players, and the tyrant came with us with 20,000 players."

"What?" Black Blood frowned.

The bosses of the various guilds stood up in panic.

Intrepid Titan said, "Isn't the hero dominated by the Bloodthirsty Domineering in the Black Rock Fortress, why did he come here?"

"Late, this is to fight with us, a total of 70,000 people, it's not easy to handle." Yi Jianhengtian frowned.

"Our players above level 20 are only 30,000, and the other trumpet players above level 15 are only 50,000."

For a time, the nine bosses of the Necromancer black sword were worried.

Hei Xue said: "Don't worry, we can't fight the alliance between them, but I can also find allies."

"Who?" Everyone asked.

"Blood thirsty." Hei Xue said with a smile.

"Yeah, although we didn't associate with Bloodthirsty Batian, but the last time the male domineering and twilight put him together, this time this good opportunity, he will not miss it." Fearless Titan said.

"But we all don't know Bloodthirsty, and there is no way to contact him," said Yi Jianhengtian.

The black blood said, "You forgot, I have, and the bloodthirsty bully still owes me a favor, I will communicate with him."

Speedy Death said: "This is great, if the bloodthirsty alliance joins, we win."

Seeing several guild bosses agreeing, Hei Xue said with a smile: "However, I have a condition. You have to entrust me as a representative. I can't help but agree with the bloodthirsty bully."

Yi Jianhengtian said: "Since everyone has merged into a guild, you will naturally listen to your arrangements when you negotiate. You go, we have no opinion."

"I have no opinion," others said.

It was at this moment that Black Blood waited. He agreed to join these 8 guilds to attack the old man in the twilight. He wanted to be the master of the black sword of the undead. Now he is successful.

Black Rock Fortress.

Bloodthirsty Batian watched the male tyrant go away without chasing him, but returned to St. Gall's city to watch the opera with interest.

“Boss, can we just let the bully go like this? How good to let the twilight defeat.” Yuxue Bawang asked.

Bloodthirsty Batian said: “You can’t let it go. Now St. Gall is in the most delicate period. We must not be aggressive in our work. Be careful to tempt late twilight and take the initiative to give up the northeast region and pinch us together with the male.”

Yu Xie Ba Tian suddenly realized, “It’s dangerous, if we merge them together, we will be in danger.”

Yuema Nanan said: “Now it’s okay, it’s the undead black sword’s turn, and the tyrant and late twilight are 70,000 in total. Maybe Lu Yang will also take part in the war. Three fight one, and the undead black sword is absolutely carried. Can’t stop asking us for help. “

The idea of Bloodthirsty Domineering also exists.

A drop of noise came, and Bloodthirsty looked at the call from Black Blood and said with a smile, “Look, say that Cao Cao and Cao Cao are here, and Black Blood begged me to come.”

After dialing the phone, Bloodthirsty Batian asked: “Brother Black Blood, what are you looking for?”

The black blood said, “Find an alliance with you, how about it, kill me with the twilight and the hegemony, you occupy the south and I occupy the north.”

The bloodthirsty Batian laughed and said, “I’m not interested.”

Black blood stunned and asked in a panic, “Why.”

Bloodthirsty Batian said: “You are now obviously asking me to help you defend against the hegemony and twilight attacks. You won’t do me any good. You lose, but I still do no good. Why should I help you?”

Black Blood guessed that Bloodthirsty Doom would not be so easy to send troops, but since he had the idea of sending troops, it would be easy to handle.

“For the price, I will give you a 10% stake in this fort.” Hei Xue said.

Bloodthirsty Batian said: “50%, less than this I will not send troops.”

“I’ll give it all to you, up to 30%, no matter how much I would rather take someone out of here to fight another fortress.” Black Blood said a little unhappy.

The bloodthirsty domineering scratched his head. What he didn’t like was to deal with this kind of underworld triad. He didn’t even understand the negotiation and had no difficulty at all.

“Okay ~ www.mtlnovel.com ~ I’ll take 30,000 people to help you, we will defeat the hero and twilight in one fell swoop,” said Bloodthirsty Batian.

Shutting down the interphone, Bloodthirsty Batian issued an order saying: “Order Can Yueyue, Han Jiangxue and Xifeng Wuzuo each take 10,000 people to take the dark path to the ancient tree forest to meet.”

The bloodthirsty army that has been assembled for a long time has been lying in the flower language forest on the east side of the city of St. Gall. As long as you take the dark path on the east side and pass the ancient tree forest, you can reach the south wall of the flower language fortress.

“Xiongba, twilight, let the two of you oppose me last time. God help me this time to see how I destroyed the guild of the two of you.” And Yuema South Bank walked towards the conveyor.

“Boss, do you want to bring Qu Han and Ye Guxing this time, they are both still idle.” Yuxue Bawang asked.

Bloodthirsty Batian Leng said in a loud voice: “Ye Gu Xing is a defeated general who lost his helmet and armor. Which team will serve his deployment. As for Qu Han, let him stay idle.”

Ye Guxing can understand it, but Yuba Xiawang still does not understand why the bloodthirsty tyrant put Qu Han on duty after the last battle, and was about to ask again, but found that Yuema's south bank quietly posed to him. Wave your hand.

Chapter 273 - Tragic battle

Half an hour later.

On the breeze grassland, the old man and the hegemon combined together, and more than 70,000 players marched on the grassland.

There are countless visiting players on both sides of the unit.

"Why is Lu Yang so slow?" The old man frowned.

"Not waiting for him, it is estimated that he can only come to about 5,000 people, we attacked ahead of time." Xiongba said.

"Boss, fight, there are so many brothers, they rushed together and won." Yin Dao said.

Crow gritted her teeth and said, "Wait, the whole team has accelerated."

The original 70,000 troops on foot ran up, the hunters opened the aura, and the heads of the regiments unifiedly accelerated the scrolls.

Half an hour later, Lu Yang took his troops to Qingfeng Prairie, and at this time, the hegemony and twilight had led the team to the front of Huayu Fortress.

“Black blood, I give you two choices, either you get out of the fortress to compensate me for this loss, or you can’t get a foothold in this game.” The old man in the twilight pointed angrily at 10 yards away with 10 Ten thousand people face the black blood.

“Late twilight, did you come out on the first day to confuse me? I took your fortress and I was not afraid of revenge. I will be able to win it.” Hei Xue said with a sneer.

The old man in twilight was furious and pulled out his two-handed sword and shouted, “The whole army attacked, grab the fortress.”

More than 50,000 players rushed towards the black blood collective on the plain, and the scene was spectacular.

Black Blood looked at the old man who took the lead, and raised his right hand, shouting, “Today is the moment when our Necromancer Black Sword became famous, brothers, kill.”

The eight chairmen who had already waited in no hurry, each took 8,000 players to launch a chargeback, and the two sides instantly fought together.

Players who are also at level 20 are also in silver-level suits. With the same professional mix and skill level, both parties rely on courage and numbers.

“Lord of Hellfire, let it go.” Old Man Twilight issued an order.

The eight warlocks behind him raised their right hands at the same time and rose to a height of 50 yards. Hellfire fell from the sky and struck the team of the black sword of the undead. The black sword of the undead was in chaos.

“Chong.” The old man saw a gap and directed the army to attack with the Lord of Hellfire as a breakthrough.

“Sacrifice and sacrifice, give me control of these 8 hellfire lords.” Hei Xue shouted.

Eight punishment sacrifice also came to the location 50 yards from the lord of hellfire, read the spell in their mouths, eight rays of light were released from the sacrifice, and hit eight lords of hellfire in the distance.

The Lord of Hellfire was entangled in the chains of the Holy Light, roaring and trying to break free but stuck in place.

“What kind of skill is this?” Old Man asked, surprised.

Black Blood laughed wildly: “This is the dreary chain of the transferred priest. Late, if you stop here, your guild will undoubtedly lose today.”

The old man in the twilight gritted his teeth and shouted, “Rose Rain, is there any way to stop the priests?”

“The distance is not enough. At least 15 yards must be moved forward to release the spell.” Luo Siyu said.

“Silver wolf, take your studio forward 15 yards.” The old man in the twilight shouted.

“Yes.”

Silver Wolf rushed into the battlefield with 2 centurions (transferred fighters) and more than 200 men.

“Dreadnought Titan and a sword swept the sky, the two presidents please shoot.” Black Blood exclaimed.

“Good grin.” Fearless Titan lifted the sledgehammer, and roared towards his silver wolf with a roar.

A sword swept across the sky, and he jumped up and struck another centurion. Both sides were heavy shields and spears. In the narrow terrain with the blood of the priest and the surrounding people, no one could do more. .

Xiongba was on the sidelines, preparing to find an opportunity to attack, just as he was about to launch an attack.

Not far from the ancient tree forest, the three men, Can Yue, Han Jiangxue, and West Wind without drunk, stood up and shouted, "Blood-thirsty, kill."

With the acceleration scroll turned on, 30,000 bloodthirsty soldiers rushed into the wings of the tyrant army instantly.

Bloodthirsty Batian stood on a high slope, watching the sunken male team that was hit instantly, and said with satisfaction: "All of them killed me, one is not left."

Xiong Ba and Chi Du did not expect that Bloodthirsty Domineering would appear here, and Xiongba could not help him, and hurriedly led his team to defend against Bloodthirsty Domineering.

"The whole army attacked the Bloodlust Alliance, and killed with me." The tyrant was outraged, and led the team towards the waning moon.

Qu inadvertently followed him on the side, and on the other side was the third vice president of the hegemon, Fantasy Front. All three were second-turn fighters. They were inserted into the bloodthirsty team in the form of Feng Ya, and the soldiers behind him were players. Rush into the battlefield.

Can Yueyue, Han Jiangxue, and Xifeng Wuzui looked at each other and killed together towards the hegemony. The three were also second-turn soldiers and were not afraid of the hegemony's might.

The bully saw that Yue Yue rushed to take the initiative to attack him. In his personal technique, the bully stably defeated the Yue Yue. However, in the battle of the large army, the bully was surrounded by enemies and was at an absolute disadvantage.

After a few rounds, the bully found that the treatment behind him could not keep up with the blood, but he retired with the team and the bully side became passive again.

Can Yueyue and Han Jiangxue fought more and more bravely, and the dominant hegemony formation was unstable, as if there were signs that they might be penetrated at any time.

The main reason for this is that the bloodthirsty league has just killed a large number of healing professions in a sneak attack and has made the bully passive.

“Brothers, hold on. We must not allow the formation to be penetrated. The back of the Zijin Dynasty is behind us. We must not allow the back of the brother to face the enemy’s spear.” Xiongba shouted loudly.

Most of the male players who follow the hegemony are tough guys. None of them escaped when they knew they would die, and they steadily resisted the bloodthirsty offensive.

The only thing that Xiongba prays for now is that Lu Yang’s team can quickly reach the battlefield, even if there are only 5,000 people, it can greatly relieve his pressure.

The tragic old man is most worried about his 8 hellfire lords.

The number of his troops is 50,000, which is 10,000 less than the Necronic Black Sword. Although the level is higher than that of the Necronic Black Sword, at this level, there is no advantage. Instead, it is defeated by the opponent’s comprehensive attack Signs.

Unless Silver Wolf can advance 15 yards, so that Luo Siyu’s fire method team can drop the punishment priest, but these 15 yards are like heaven, Luo Siyu let the fire method team set fire to kill fearless Titan and one sword across the sky ~ www.mtlnovel.com ~ But the Paladins around them opened their magic anti-halo and used their bodies to resist.

Similarly, the mage group on the side of the black sword of the undead is also trying to kill the silver wolf. Most of the players in his studio were killed in the process of protecting him.

Just when the old man was anxious to kill the priest, and the black blood sneered, a stream of light swept across the sky.

A punishment priest who was responsible for controlling the Lord of Hellfire suddenly felt a loss of energy in his body, looked down, and found it unbelievable that he had a long black arrow in his chest.

“Hello ~!”

The hellfire lord who was out of control roared and rushed forward.

“What’s going on, who shoots the arrow?” Black Blood said in horror.

Late twilight is also surprised, looking back, 100 yards away, a player in a gray cloak is holding a long bow that emits a sacred light and is drawing the second arrow.

And beside this player, Lu Yang was raising his right hand and shouting, “Iron brothers, kill!”

Chapter 274 - Space thief

10,000 players above level 20 roared loudly and rushed towards the side of the black sword of the undead.

“It’s Lu Yang!” Late Twilight said in surprise.

“So many people need 10,000 reinforcements.” Silver Wolf said excitedly.

“Reinforcement of the Iron Brotherhood has arrived, brothers, it’s time to counterattack, kill.” The old man in the evening cried loudly.

The black blood saw Lu Yang’s expression of embarrassment. If it was not defeated by Lu Yang, he would not have to flee around nowhere to settle down.

“Golden Eagle, take me to stop the Brotherhood of Iron and Blood. What’s more than 10,000 people, I crushed him likewise.” Hei Xie gritted his teeth.

“Yes.” The Golden Eagle brought 20,000 people from the headquarters to face Lu Yang.

“Yong * brothers, who killed us so miserably, is the Jagged Brothers Alliance, it is Lu Yang, who follows me, who killed Lu Yang boss rewarded ten thousand cash.” Jindiao shouted loudly.

“kill.”

Overlooking from a high altitude, 10,000 people on Lu Yang’s side and 20,000 people on Yong * ‘s side collided together instantly like a steel torrent.

“Mu Yu, lightning storm.” Lu Yang said.

Mu Yu nodded softly, standing behind Lu Yang, Mu Yu, who was about to finish the spell, pointed at the middle unit of the gold sculpture with his hand.

“Lightning Storm”

Mu Yujiao sang, and countless lightnings fell from the air, hitting the troops of the Golden Eagle.

“The Chinese army was scattered, avoiding that area,” Jin Diao shouted.

After several researches on the lightning storm, the major guilds found his shortcomings, low single damage and unable to move.

Black Blood thought about Lu Yang's return before the battle, so he specially arranged a defensive play. The black blood of the Chinese army plus blood troops are all paladins, at the same time open the invincible skills, without opening the magic free 50% of the skills, scattered to escape open.

Zhuo Jiu and Xia Yuwei and others saw a gap and led the team to gain an advantage, but the Golden Eagle was fearless. Relying on the crowds to reorganize the formation, the two sides were again stuck.

Seeing this, Lu Yang read a spell in his mouth, a gap was opened in the clouds, and a fiery red meteor crashed into the former army of the Golden Eagle.

"3866" (Critical)

A number of injuries lighted up, and the former soldier of the Golden Eagle was hit with a large gap. The white wolf saw the Golden Eagle in front of the crowd at a glance, and the two-handed sword ignited a fire.

"5626" (Flame + Critical Strike + Charge)

The three played a combined 6.4 times critical strike, and the white wolf slashed the golden carvings of the best-in-class equipment.

"Kill ~!"

The white tiger and the white lion shouted in unison, the heaviest morale on the battlefield. The white wolf beheaded the local commander, and all members of the Brotherhood of the Iron Blood ran away. Even the priest could not wait to change his career to participate in the attack.

Yong * lost the commander's formation, and the second commander Mo Yanyingfei who stood 60 meters behind him quickly took the baton and continued the team, but his defeat was revealed.

In front of the old man, the last two punishment priests who trapped the Lord of Hellfire were the last two. The remaining six were killed by Han Yu, who did not know where to shoot the bow and arrow.

The resurrected Lord of Hellfire allowed the old man to stabilize his formation and start counterattacking the town of Black Sword.

“Boss, Black Blood can’t handle it anymore.” Yuxue Bawang said.

Bloodthirsty Batian said, “I see it.”

“What to do, the black blood loses, and it doesn’t make sense for us to win.” Yuxue Bawang said.

Bloodthirsty Batian sneered and said, “Don’t worry, keep watching.”

1000 yards away.

Lu Yang felt inexplicably hostile and looked at the Bloodthirsty Domineering side.

Suddenly, Lu Yang felt a wave of space around him, a ripple appeared around Lu Yang, a flash of blue light, a dagger broke through the space and inserted into Lu Yang’s throat, and then a thief with a sneer on his face appeared at the same time.

This sword is fast and fierce, so that Lu Yang has no time to use flashing skills. Subconsciously, Lu Yang opens a green heart.

The body instantly became emptier, and the space assassin thought that a sword that had to be hit passed through the body at the moment when he resisted Lu Yang’s throat.

“Miss”

The space assassin looked surprised, as if he couldn’t believe that he would miss a sword.

Lu Yang's mouth spelled out that a black ripple appeared within 10 yards of the space assassin's feet.

"Flame Storm"

The sky-high light column lights up, but no harm is done. When the light is gone, Lu Yang looks at the location of the thief, and disappears without a trace.

"Fuck." Bloodthirsty Distantly beat the table angrily.

Yuema South Bank frowned, saying, "Li Ge actually missed, this is the first time he missed it."

"Fortunately, Lu Yang." Bloodthirsty Batian said.

"Boss, that assassin is ours." Yuxue Bawang asked confused.

Bloodthirsty Batian glanced at him without saying a word, Yuema Nanan said: "This is a studio master recruited by the boss a month ago. The last time they went to Luoyue City to help other branches to fight, Come back. "

Oh, bloodbath, oh.

Yuema South Bank said: "Boss, let's dispatch special forces."

Bloodthirsty Batian looked at the near-defeated domineering force and the other undead black sword that was about to defeat, and said, "Ghost, Reincarnation, Pinyan, Allure, Night Rain, and Black Dream, your six families will charge me forward. Collapsed the dominant team. "

"Yes." The three men and three women who had been standing behind Bloodthirsty Batian at the same time sneered.

“We waited a long time for this day, and finally we can fight directly with Lu Yang.” One step at a time, he pulled out a snake-shaped sword.

“Yeah, the last revenge must be rewarded this time.” Reincarnation Tianyan held the yellow beast bone wand with resentment on his face.

“How are you doing this?” Yipinhongyan provokedly holding two scarlet daggers.

“How can we disagree with the beauty of the red-faced lady.” The allure demon sneered with a long bow.

“How is it better than ~ www.mtlnovel.com ~ Hei Meng Die Ye asked with a meteor hammer.

“Six of us killed more people than anyone else. What about losing 100,000 credit points to the winner?” Yipinhongyan said.

“That’s it.” Yeyu Bajiao suddenly accelerated, and the two-handed one-handed sword led the members of his studio into the dominant team.

“Whirlwind”

The gust of wind rolled up, and a whirlwind of blades caused by the rotation of the night rain bananas swept across.

The team on the left side of the bully is inextricably linked by the leader of the first group, Gray Smoke Circle, and the team of the Bloodthirsty League.

Facing the sudden whirlwind gray smoke ring shouted, “The shield was blocked, and the mage stopped him.”

More than 10 shield battles rushed towards Yeyu Bashao, but they just rushed in front of him.

“3864” “3888” ...

A series of damage figures appeared, and more than 10 shield battles fell collectively to the ground and died for 2 seconds.

Chapter 275 - Special forces

“Boss, he is immune to magic, and his spell attacks are invalid.” A mage shouted.

“What?” The grey smoke circled with panic in his eyes, and shouted, “Shooter, give me seconds for him.”

The 50 full-body gold-equipped shooters in front of the gray smoke circle collectively aimed their bows and arrows at the night rain plantain. Just as they were preparing to shoot, dozens of white snakes climbed from their feet and caught their arms.

“Ah ~, what is this and how can there be snakes.” The archers were in a mess.

The white snake entangled the player’s arm, and even the archer struggled to get rid of it, he could not struggle. At such a close range, the archer could not shoot with the bow and arrow. They only had a dagger in their hands.

Some people reacted to attack the white snake with a dagger, while others kept shaking their arms in fear.

The gray smoke ring shouted, “The priest disperses.”

Dozens of sacred rays fell on the archers, and the white snakes released the archers' arms and receded.

"Huh, it scared me," said an archer.

"Hell, what is this skill?" Said another archer.

"Fortunately, it has dispersed."

Just when the archers were relieved, suddenly, they found that dozens of white snakes were not dead but gathered together.

The white light flickered, and the Allure Demon suddenly emerged from the light with a snake-shaped sword, and buried himself in the archers.

"White Snake Seal"

Centered on the allure demon, dozens of white light snakes rushed around. Each white snake bite an archer, controlled it in place and couldn't move. The allure demon took the opportunity to slash and kill.

"The priest disperses quickly," shouted the gray smoke ring.

The 30 priests on the right priest group were about to use their skills to disperse their skills again.

"Look at my Siege Hammer"

A huge chained meteor hammer shot from afar, and the priest group couldn't escape being hit.

"5000" (Critical Strike)

...

After a piece of smoke and dust, a large pit with a diameter of 10 yards was punched around the hammer, and more than 20 priests were killed on the spot.

“23, I kill the first person.” Hei Meng died with a sneer.

“Not necessarily.” Yeyu Bajiao roared and said, “Give me.”

After losing the healing and the help of the shooter, the whirlwind of Yeyu Banana successfully broke the shield battle of the gray smoke circle. Facing all the high-defense and low-fighting violent battles and rogue occupations, Yeyu Banana is like ground meat Normally, the forward charge made a gap in the formation.

“42.” The whirlwind skills of Yeyu Bashao disappeared, holding the two swords and shouting, “Yeyu Studio, kill ~!”

The 20 players who followed behind Rainy Banana entered the flock like wolves and swarmed around the gray smoke ring.

“Not good, the formation has been breached.” The gray smoke ring quickly commanded the alternate shield wars around him, “make up the formation, you can not let the enemy break through.”

“Boss, then there is no one around you,” said a shield war.

“I’m anti-riding, I can use invincible self-protection at critical moments, don’t worry about me.” Shouted the gray smoke ring.

The shield battle gnashed his teeth and rushed to the front to fill the position with the 50 soldiers around him. It was worthy of blocking the bloodthirsty troops that rushed in later, but many bloodthirsty people were still included.

The grey smoke ring just breathed a sigh of relief. Suddenly, a phantom appeared on his side. A red poinsettia and a double-bladed knife were inserted precisely in the grey smoke ring without armour.

“3426” (Critical Strike)

The gray smoke ring was left with blood and fell into a coma for 5 seconds.

A ruthless look appeared on the poinsettia’s beautiful face, and just as he was about to end the gray smoke ring with a second knife, a divine light appeared.

“+2868”

A beautiful knight standing in the crowd held her right hand high, and the second holy light was about to fall. At the same time, the gray smoke circle that had reacted launched the invincible ability.

A sacred light emerged from his body, forming a protective circle. Looking at the poinsettia with a panic look, the gray smoke ring sneered and said, “I guess you are coming to attack me, but you are going to miscalculate this time. Now. “

Poinsettia’s panicked expression suddenly disappeared, and she switched to a mocking expression, saying, “Is it?”

“The annihilation of the Holy Light”

In the distance, a player wearing a gray cloak covered his finger with a gray smoke ring. The dark light appeared from his hand and hit the invincible gray smoke ring.

System prompt: Invincible was dispelled

“What?” The gray smoke circle watched in horror as the invincible skills gradually dissolving and terrified. This is invincible skills. It cannot be attacked. It is a symbol of the Paladin and was dispelled.

“You can die, elegy.” Poinsettia Yan perched in front of the gray smoke ring, as if his wife had entered her husband’s arms, the two daggers came out side by side, and at the same time inserted into the gray smoke ring’s neck.

“2876” (Critical)

“2886” (Critical Strike)

The evil shadow thief’s finishing skills can only be triggered once a day, and the gray smoke ring fell unwillingly to the ground.

“Smoke ring.” The Paladin beauty in the distance shouted in horror, extremely angry.

“No need to call the beauties, I’ll send you to join him.” Not far away, the magician holding the yellow beastbone staff took off his cloak, magic formed in his mouth, and a gigantic flame emerged from him, condensing in the air to illusion into a dragon.

“Dragon Breath”

The dragon opened its mouth, and the crimson flames drowned 30 paladins around him like lava.

By the end of the skills, 30 people had disappeared.

“Reincarnation of you asshole, and grab my head again.” Hei Meng said with an unhappy meteor hammer.

“It’s better to grab the head if you have time to complain ~ www.mtlnovel.com ~ The **** of the Qingcheng Demon has secretly killed over 50 people.”

“Fuck, you know that the demon is not a good bird, brothers, rush with me, kill the hero and find the boss, please go.” Hei Meng died at night said.

This bloodthirsty special force has 120 players in 6 studios, 12 of whom have special skills, and others are also superb.

The so-called special skills are different from the second-turn profession. Players enter the second-turn to learn advanced skills, and special skills are a side-by-side skill that players accidentally learn in the game, such as the magical dragon breath and the life of the evil shadow thief. elegy.

Although this special skill is not a second-turn skill, it has a higher power than the second-turn skill. In addition, they are studio masters and can play a very powerful role.

Last time, the bloodthirsty bully thought it was a victory, and wanted to flood Lu Yang's 3,000 people in a wave of pressure, let these 120 people attack along with the Golden Legion, and was killed by Lu Yang's curse meteor.

This time, the bloodthirsty domineering learned, the special forces have been hiding in the dark, and are used when the battlefield cannot be opened.

Chapter 276 - Silver knife like snow

On the platform.

The Yuxue Bawang watched Hongyan and others easily break through the left side of the male tyrant, and said with surprise: "Hongyan and the Allure Demon succeeded."

The bloodthirsty Batian sneered and looked at the chaotic lineup of the chaotic army. He said, "This time, I have to let the hero know. In front of me, he never deserves the word hegemon. Tell them 6 who killed him and I reward him 100,000 credit points. "

“Yes.” Yuema South Bank immediately issued an order.

On the battlefield, the entire team of 6,000 people on the left was quickly divided into countless small pieces by the influx of bloodthirsty leagues, and the six major studios were leading their teams towards the hegemony in a sagittal battle.

“Haha, the boss has issued an order, brothers, we are closest to the hero, and follow me to kill him.” Hei Meng died in the night and launched a meteor hammer to launch the siege hammer skills. One hammer flew out and hit 30 people in front. With the troops frantically rushed towards the notorious bully.

“Boss, it’s not safe here. You can direct it later.” Huan Feng said.

Xiongba knew what Fengfeng meant, and said angrily: “Lao Tzu has never been a deserter. I’m standing here today to see who has the ability to kill me.”

“The east side has been penetrated, and we have lost.” Qu inadvertently frowned.

“Nonsense, as long as Lu Yang is not defeated, we will still have a chance to win. Order to go on, the ministries insist, even if they are divided, do not run away and give up.” Xiongba said coldly.

Qu Wuyi and Huan Feng knew that the bully was angry and did not dare to persuade them to issue orders.

Xiongba turned his head and looked at Lu Yang and Xiongba in the distance. The two had joined forces to counterattack the black blood, and the town of Necronomicon and Black Sword became as dangerous as he was.

Now both sides will see who crashes first!

The male tyrant collapses, the late flanks will be exposed to Bloodthirsty Batian, the black blood dies, and the bloodthirsty Batian’s flanks will be exposed to Lu Yang.

In the distance, the major domestic media watching this game, whether it is paper media, online media or television media, have fallen into madness.

This kind of large-scale war, which has been peaceful for nearly a century after the Second World War, has never occurred in the game.

The key is that every role here is played by real people. This kind of fighting in the field in person, for honor and dreams, makes everyone see the blood.

Especially when the commanders of the two sides led the killing, a reporter from CCTV, the largest media in China, almost roared with excitement.

“Hot, too hot.”

“This is competition.”

“This is the war of the post-World War.”

“This is a life of blood.”

When reporters quickly recorded the live scene, “Second World” officially opened a live broadcast, and everyone can see the live broadcast of the war in the game for free.

“The black-blooded punishment priest is so handsome, the Lord of Hellfire is under control.”

“The bloodthirsty domineering has nothing to do with it, and it actually attacks on the side.”

“Xiongba deserves his name, really resisted.”

“Who is that Marksman? How can you launch the skill across 100 yards? It’s so cool that he killed 8 punishment priests.”

“Wow, look at the beauties over there.”

“What a beauty.”

“Actually Master Lei, forbidden curse, my God, forbid curse.”

...

in reality.

A paid game channel on TV station. Countless students are watching this battle after school. They cannot enter the game because of their studies, but they can take an hour or two to watch the game.

“If only I can enter the game, I choose to enter the bloodthirsty league, I rub, I want to enter the iron blood brothers.” A high school student originally admired the bloodthirsty domineering decisive decisive, but when he saw the screen suddenly turned When he gave it to a female warrior of the Iron Brotherhood, he was no longer calm.

The appearance of this female warrior can only be described by the country and the people. The look of arrogance, contempt, white skin, and attractive red lips, as well as the graceful and graceful posture, and the domineering of two-handed swords, let every A man was deeply attracted to her.

This person is not someone else, it is the Queen Rosa Xia Yuwei.

It is also from this battle that the name of the rose queen Xia Yuwei was sung among the players. The reason why this name is because Xia Yuwei is really like a prickly red rose, so delicate but so daunting There is no disrespect.

“Yu Wei, the enemy in front is too strong to resist, the brothers can’t attack it.” Zhang Zibo ran back, panting heavily.

Xia Yuwei frowned and looked forward, and with that contemptuous look, countless boys who provoked fell over.

“Hansha, followed to break their battle line.” Xia Yuwei raised her sword and rushed forward again.

For the admiration of Xia Yuwei, Han Sha, a student who triggered the sorrow of Hanmen’s tragedy, took a special elite group trained by him and rushed into Xia Yuwei’s enemy battle line.

Lu Yang watched from a distance, thinking with a smile, that the prototype of the unfavorable Queen’s servant army of the previous life had already appeared.

“Brother, do we want to help the hegemon, he can’t carry it over there.” Mu Yu asked.

Lu Yang said: “Don’t worry, Xiongba is not such a fragile person. He resists, and I have sent someone to help him.”

far away.

The 20,000 hegemons have been eliminated by more than 8,000, and only the last 10,000 people are fighting hard to resist. If the hegemons die at this time, the entire team will be completely destroyed.

Qu inadvertently watched the bloodthirsty Allied legion that was flanked on both sides getting closer and closer to the Chinese army, and could not help but said, “Xiongba, go back to the city first, I’ll stay here for you.”

Xiongba frowned and said, “What do you mean?”

Qu Wuyi said, “You are the soul of the guild. You cannot fight to death. You only need to die once, and our prestige will be greatly affected.”

“Bad accounts, what prestige or prestige is still being talked about at this time, and when I leave, the whole team will collapse. Don’t say such words, concentrate on fighting.” Xiongba angered.

“The boss is really domineering. Since you said so, I’ll take you on the road.” A group of white snakes suddenly emerged from the ground and gathered together ~ www.mtlnovel.com ~ The white light flashed, and the demon monster rushed towards him with a serpentine sword Domineering.

“Old and old.”

Twenty guards guarded the tyrant.

The alluring demon sneered, the snake-shaped sword glowed with dazzling white light, and countless white light snakes flew from the sword.

“White Snake Seal”

More than 20 guards were bitten by white light snakes at the same time, and the seals could not be moved in place, including Qu Wuyi and Hegemon.

“Hey, don’t struggle, unless you disperse, you can only be controlled by me for 10 seconds, domineering, please remember that the person who killed you is me”

The word of the monster was not spoken. Suddenly, two daggers were simultaneously inserted into the stamina of the Qingcheng Demon. One of the daggers was silver and snowy, and the other was as dark as night. It was Han Fei who had just completed the transfer task and came to the battle.

“Remember, the person who killed you was my silver sword, don’t forget.” Han Fei pulled out his dagger and looked at the unwilling Qingcheng Demon.

The Allure Demon didn't think of it. Victory is in front of him. He can solve the hegemony in 3 seconds and disintegrate the Supreme Dynasty team, but he was killed by an unknown player.

"Silver knife, silver knife, seems to have heard it somewhere ..." Qu inadvertently murmured to himself, and suddenly, Qu accidentally reacted and said excitedly: "You are the silver knife who completed the clown emperor's SSS-class mission. . "

Han Fei arched his hand and said with a smile, "It's me."

"Why are you in Lu Yang's team?" Qu intently asked.

"I'm a mercenary," Han Fei said. "I've just been hired by Lu Yang to support. It looks like I'm not too late."

"Are you alone?" Qu inadvertently asked.

"It's enough to have me, wait for my news." Han Fei's body disappeared silently in the air, no trace was found.

"It's strong, this person has changed his job." A soldier of the guard group said unbearably.

Xiongba and Qu didn't bother to say anything, but looked towards the left side not far together.

"Haha, let the demon monster act privately, and actually turned over in the ditch, and the first-class skill to kill the bully is mine." Hei Meng died at night and lifted the meteor hammer and threw it forward. He could be killed by a critical strike. A group of people, who will be crippled without a crit.

"Be careful, that person is very strong, and I haven't resisted even a knife." The allure demon shouted in the channel.

“Oh, we don’t believe it, you are obviously too treacherous.” Ye Yu Bajiao relentlessly taunted, and just saw the Allure Demon use snake technique to go over all of them first to kill the male hegemon, making him jealous.

“Pretend to be big, you just wait for me to have dinner. The bully is mine, Long Breath ...” Reincarnation Tianyan’s skills didn’t wait to be used, he saw his blood suddenly became 0. Point, and fell to the ground without a reaction.

“How is it possible that I have more than 4,000 qi and blood.” Reincarnation Tianyan thought incredulously.

Where does he know that Han Fei is holding the secret knife Silver Snow and Spirit Blade Starry Night, wearing a thief level 30 dark gold death set and a level 30 constant gold set, an enchantment and gem bonus, a total attack power of more than 2000 points, using level 2 Counter-blade easily spike him.

“Tian Yan, why don’t you stop talking.” A bottle of red face frowned.

“I’m dead. Be careful. There is a senior thief on the bully side. I haven’t even held a knife.” Sailor Tianyan said.

“What?” The others looked surprised.

“Everyone is coming to my side, I have high perception ability, we re-formed the team and slowly pushed over.” Yipinhongyan said.

To this extent, the battlefield has been chaotic, and neither side has a specific formation. Almost everyone is fighting or adding blood. In this case, if you want to detect a thief, only the same thief can do it.

Hei Meng sneered in the passing night, picked up the meteor hammer in his hand and continued to attack forward, without taking the poinsettia seriously.

“Brothers protected me and grabbed the blood of Xiongba, and our studio became famous in the first battle.” Hei Meng said with a laugh.

“Kill.” The remaining nine players rushed towards Hei Meng Ye Ye at the same time, but just as they struggled to get out of the battle, a ripple appeared behind Hei Meng Ye Ye.

“Hei Meng is careful behind you.” Yipinhongyan quickly knew.

Hei Meng Ye’s pretend confused face suddenly sneered, “I’m waiting for you.”

The huge meteor hammer was slammed behind him with a bang, and the hammer slammed heavily on the ground to bring up a piece of dust.

“Did you succeed?” A bottle of Hongyan called.

Hei Meng shook his head in the passing night, and just as he was about to speak, the space behind him was slightly swayed.

“Where are you going this time?” Hei Meng turned back with a hammer and smashed it in the night. After picking up a dust, he still didn’t hit it.

In the black space, Han Fei realized in his heart that it was obvious that the soldier had the ability to detect spatial fluctuations.

“In this case, let you try my new skills.” Han Fei appeared from the left-hand side of the dark night, and the Meteor Hammer just ushered in.

Han Fei wasn’t afraid. He leapt backward to avoid skills, and several soldiers following the black dream rushed towards Han Fei’s landing point immediately. However, Han Fei just jumped out of the range of the Meteor Hammer and his body was still in the air. As if being able to step on the space, the volley took advantage of the force and flew towards the oblique upward direction.

Hei Meng died in the night and thought that Han Fei would be dead on the ground. Where can I think that Han Fei can jump in the air again? When he lifted the meteor hammer, he couldn't help but slow down, only to hit Han Fei's landing point behind him.

Han Fei leaped up to 3 yards quickly and easily jumped to the rear of Hei Meng's night. If he landed normally, he would be hit by a meteor hammer. However, Han Fei actually volleyed again and flew to Hei Meng's death. At the moment behind Ye's head, his legs kicked and flew obliquely towards Hei Meng's dead head.

"Blasting Blade"

A clear blue light was shining from the back of the dark night.

"5864" (Vulnerability Attack)

Hei Meng's blood dropped to 0 in an instant, and he fell heavily to the ground.

"Space thief! You are a second-time professional." Yipinhongyan looked at Han Fei in horror.

Han Fei showed a smiling expression on the poinsettia, and her body was hidden into the space.

That's right, Han Fei is a space thief. Any thief who has passed the Clown King's SSS level mission can get the second turn ability of the space thief. On.

"Everyone is coming together, the space thief was not played by us alone." Yipinhong Yan shouted.

Lige is also a space thief. His strength is recognized as the strongest among studio masters. If he is singled out, no one can resist the unpredictable attack of Lige.

One step at a time, Yeyu Bashao quickly led the team towards Poinsettia, Han Fei scratched his head. If the other party got together, he didn't really get off the phone ~ www.mtlnovel.com ~ Just when he was trying to find a way, Yuan A loud shout came.

“Whoever allows you to get together, spread it out for me.” Xiongba volleyed.

“Day to Day”

A golden knife light about 10 yards straight cut in the direction of the poinsettia. In the face of the thunder, the poinsettia stubbornly resisted and led the team to escape.

“Bailey Spikes”

The phantom front with a spear appeared at the poinsettia’s landing point. The spear pierced 50 times in a row like a phantom. The poinsettia ran away in a panic, and it took the cost of the death of two teammates to hold the phantom’s attack.

Han Fei didn’t expect that Xiongba still had such powerful attack skills. He saw that the opponent was disrupted the lineup to use the space ability to quickly join the battle, killing Yu Ye Bajiao and killing one step at a time.

Suddenly, the remaining troops of the six studios were defeated by the killings brought by the hegemony. Poinsettia saw that the defeat had been settled. There was no possibility of recovery. Angrily biting silver teeth and pointing at Han Fei said, “Asshole, Miss Ben remembers you. “

Chapter 278 - Lecture for Xia Yuwei

Han Fei looked at the disappearance of the poinsettia and lost his eyes, and blinked, “He was hit by Phantom Feng, why do you remember me, I didn’t treat him like that.”

The bully laughed and said, "Your boy is miserable and has been followed by a woman. You just wait for him to be chased and killed."

Hao Feng said with a smile: "This woman is not a fuel-saving lamp, you wait."

Han Fei scratched his head silently and asked, "Boss boss, why are you free here?"

Xiongba pointed to the front and said: "Lu Yang and Chi Du's team have penetrated the Necronic Black Sword, the Bloodlust Alliance has withdrawn, and we should withdraw."

"We won." Han Fei asked.

Xiongba shook his head and said, "The war has just begun. Look, we Quartet will be trapped around this fortress in the short term."

On the battlefield.

After Lu Yang and the old man joined together, they always led the team to the remnants of the undead black sword into the ancient tree forest before they stopped.

"Why not chase it?" The old man in the late twilight killed his eyes, and he suffered heavy losses in this battle.

Lu Yang said: "There is an ancient tree forest ahead, and our advantage of rushing in will be lost, and if the other party has an entire army, we may be defeated."

The ancient tree forest has always been famous for its complicated terrain. There are many towering ancient trees. The hellfire collar is large in size. It is inconvenient to walk in the ancient tree forest. Once it is stuck, it will take a long time to break free.

Luo Siyu said: "Boss, forget it, the men have been fighting for nearly 2 hours in a row, and they are exhausted."

The old man in the twilight sighed angrily and said, "It's a lucky bastard, let's go for the bully."

"Don't look for me, I'm here." Xiongba walked over not far away with Qu Qin and Huan Feng.

Liao Du quickly ran for two steps and said gratefully to the hero: "Brother, my brother really thank you. Without your insistence, I would have failed."

Xiongba said sincerely: "The three of us are allies. If you are in trouble, Lu Yang and I must come to support. This is what we should be."

Chi Mu said with emotion: "I didn't expect that Chi Chi could still have two brothers as brothers at this age. It is my blessing. I really want to have a good drink with the two."

Xiongba said: "Not in a hurry. The opportunity is that we solve the immediate problem first, and what to do next."

Chi Mu said: "Look at the idea of black blood and bloodthirsty hegemony. If the two of them want to fight, we will fight with them to the end and see who can't bear it first."

Xiongba said, "I'll carry it with you."

Lu Yang said, "I'll carry it with you."

War is not a certain victory even if it is completely won, but it depends on the long-term fighting ability of both sides. After all, this is a game.

The defeat of the Necromancer Black Sword did not make this newly established guild have internal strife, but made them more united, because they all know that only unity can survive now.

"Don't worry, we will reorganize the attack tomorrow. As long as we find more shield warfare and anti-riding to protect our punishment priests, we will definitely win." Hei Xue said.

The eight presidents nodded in agreement.

Bloodthirsty Batian hurried from a distance and said with apologetic sorrow: "Today we blame us for not paying attention to Lu Yanghui coming an hour late, otherwise I will certainly be able to drag the troops on both sides of them, sorry for the president . "

Bloodthirsty Batian opened an apology and let the presidents of the Necromancer Black Sword rise quickly to say that it has nothing to do.

"Brother Hei Xue just said, we will play one more tomorrow," Yi Jianhengtian said.

"I think so too. Today we have figured out the details of each other. Tonight we will discuss the countermeasures." Bloodthirsty Batian said.

"Okay," said Hei Xue and others.

...

The next evening.

The war entered the second game.

The bloodthirsty coalition researched and understood the Luyang coalition's play and made targeted adjustments. The war that day ended with the defeat of Luyang.

In order to recapture the fortress, the next night, Lu Yang redeployed them. On the third day, they won the bloodthirsty and black blood.

Watching the bloodthirsty and undead black sword's troops retreating into the ancient tree forest, Xia Yuwei came to Lu Yang and said, "Boss, I think the bloodthirsty and undead black sword have reached

their limits. We'll send a guild tomorrow The 3,000 people in it joined, and how did it defeat the Bloodlust Alliance in one fell swoop. "

Lu Yang looked at Xia Yuwei with an excited look and said, "How could there be such an idea."

Xia Yuwei thought that he had come up with a good solution to the current problem, but did not expect that Lu Yang would ask.

"Boss, isn't my idea good?" Xia Yuwei asked.

"The current situation is very good," said Lu Yang.

"So do you mean agree?" Xia Yuwei asked.

Lu Yang shook his head, looked at him, and no one pulled Xia Yuwei to one side, held his hands together, and said, "Do you know why the two camps are so united within each other?"

Xia Yuwei just entered her freshman year and never thought about this kind of problem. She shook her head and said, "I don't know."

Lu Yang said: "That's because they all have common enemies. The enemies of Chi and He, and the hegemony are the Bloodlust Alliance and Necromancy Black Sword. We know that after defeat, the guilds of the three of us will not survive."

"Similarly, the cobbled guilds such as Bloodthirsty and Undead Black Sword can be united together because they have common enemies, me, Twilight and Hero, and they know that if they lose, they will be dead, So, even if both of us are exhausted, we must persist. "

Xia Yuwei said: "In that case, why don't we win the battle in a rush, then the addition of 3,000 people is likely to influence the outcome of the battle, and we can get countless equipment and potions."

“After listening to me ~ www.mtlnovel.com ~ Lu Yang then said:” This war, if I want to win, the boss will have a way to defeat the Necromancer in the next day’s battle, but I did not Do it. “

“Why?” Xia Yuwei asked.

Lu Yang still clenched his fists with both hands, saying: “Lessons from history tell us that if there is no common goal in war, any organization will begin to disintegrate from the inside.

Because they have no enemies and no unified goal, everyone is bewildered, and then look for the next goal that is beneficial to each other.

Hegemony and twilight are just our allies, can you guarantee that one day they will not fight us? “Lu Yang asked.

Xia Yuwei’s ears were humming like Huang Zhongda Lu, as if a door opened to him in advance.

“Are you fighting attrition?” Xia Yuwei asked.

Lu Yang nodded and said, “Yes, I’m fighting the attrition war. When we fight again tomorrow, let the 3,000 people come down, and we exchange 3000 times to continue the upgrade. The longer the fight, the better for us.”

Chapter 279 - Generous apology

Tu Feng was carrying tens of thousands of guild members around the world to dig dozens of materials such as constant gold ore, magic steel ore, and wolf skin.

Lu Yang said: "This war, we will win, because I still have 10 transfer certificates in my hand and I haven't given you the special skills learning methods after the transfer. I have already bought the news.

If I give you a certificate now, you will be able to transfer successfully within half a day. Looking back, there are 10 transfer professions, and 4 of them are the fire method of learning the secondary injunction. "

Xia Yuwei took a deep breath and blew the hair on her forehead, and for a long time she said something like a little daughter, saying, "Boss, you are really unethical."

Lu Yang thought that she had just brainwashed Xia Yuwei to make her admire her like a continuous stream of rivers. I never expected to exchange such a sentence, and she almost fell to the ground.

"You little girl, find out if you can clean it up."

Xia Yuwei smiled and ran away happily.

Lu Yang shook his head with a smile and whispered to himself: "It seems that he really has no prestige to be a boss. He must go back to the research institute's military strategy."

This is a very famous masterpiece from the last generation. It was written by many guild bosses and specifically tells how to lead the guild.

"Yu Wei, what did the boss say?" White Wolf and Zhuo Jiu and others were sitting together and saw Xia Yuwei return and quickly got up to ask.

Xia Yuwei said: "Don't ask, anyway, I think the boss is already looking up. That guy is not a human at all, but a monster. Fortunately, I am his subordinate. If his enemy, I really don't want to live."

Bai Lang and Zhuojiu did not expect that Xia Yuwei and Lu Yangchang would return such a high evaluation after returning.

In fact, today, this thing was asked by Zhuo Jiu and Bai Lang and other people to ask Lu Yang. They all felt that it would not make sense to fight like this and wanted to end it earlier, but a few people did not dare to ask such questions. In the end, the rock-paper-scissors decided that Xia Yuwei lost before she went.

Han Liu said: "Since Yu Wei got a good answer, we don't need to ask, I believe the boss must have his intention."

Xia Yuwei said: "I'm leaving first, the boss will tell you about this tomorrow."

The light flashed and Xia Yuwei flew back to St. Gall.

Several other people also flew back to the main city to rest offline.

The next afternoon.

When Lu Yang went online, he did not wait for his order to convene his men to change defenses, and Jiang Ze's application for 3,000 people was sent over.

"Well, I can't help it. They forced me here." Jiang Ze scratched his head and said with a smile.

Lu Yang said with a smile: "It looks like these 3,000 people have a good relationship with you."

"Fortunately, they are very admired for my strength after the transfer." Jiang Zehaha said with a smile.

Just last night, Jiang Ze was promoted to level 30, holding the legendary saber death messenger to start the transfer task, and became a violent battle.

Lu Yang said: "Okay, then today you will temporarily take these 3,000 people into the battle, but you are not allowed to use one of the death messenger and transfer skills."

"I wipe, brother is going to install 13 this time, you still wouldn't let it." Jiang Ze said.

The knocking of the door sounded, and Zhuoju and the white wolf gathered together and came over.

"Just right."

Lu Yang repeated what he said to Xia Yuwei yesterday with Jiang Ze, Zhuo Jiu, and others, saying, "Your task is to hold the enemy down and force them to fight a protracted war, you know?"

"Okay, okay, I know it." Jiang Ze said depressed, violent battle also has whirlwind skills, he has always wanted to try on the battlefield holding a death messenger with whirlwind to kill people, unexpected, this time no chance Already.

The evening battle came as expected, and the fight continued until late at night. The old man in the twilight was overwhelmed this time. After all, it was the oldest guild with the longest history.

Necronic Black Sword and Bloodlust Alliance did not come down because Yijian Hengtian did not obey the command of Black Blood in time. If not, tonight's fortress is still Necronic Black Sword.

"It's an accident tonight, it's almost gone, we will continue tomorrow." Hei Xue encouraged.

"Yes, everyone must hold on, we must not admit defeat at this time." Bloodthirsty Batian said.

Both sides fought real fire.

Yi Jianhengtian and others responded loudly, and continued the war on the fifth day.

The sixth day ...

The seventh day ...

By the afternoon of the eighth day, Lu Yang was just online, and the old man pulled Lu Yang into a special space.

“What’s wrong?” Lu Yang asked.

The old man in the twilight sighed and said, “Brother, I want to discuss something with you. How will this war stop?”

Lu Yang was a little surprised, and asked, “Did the Black Sword of Necromancer concede?”

Xiongba said: “Just now, the eternal soul of the black blood and bloodthirsty Batiantuo Shenwu tribe, the elder of Fengxianlou, found me and Xiongba, and wanted to temporarily stop this battle.”

“The soul is eternal.” Lu Yang’s eyes exuded a cold light, and he was also an old enemy. One of the six guilds under Liu Jie of the last life, he encountered this early.

However, it is not surprising that the spirit is eternal in the Sea Emperor City, which is one of the four main cities closest to St. Gall.

“What do you think?” Lu Yang asked.

Chi Mu said apologetically, “Brother, I can’t continue to fight, and the guild will be disabled if I continue to fight, so I agree.”

Xiongba said, “I mean the same thing, it’s time to go back and upgrade.”

Lu Yang asked, “What are the conditions for the truce?”

Late twilight is even more embarrassing ~ www.mtlnovel.com ~ said: “I found a fortress on the west side of St. Gall. Don’t hit that fortress. “

Lu Yang's upgrade is on the northwest side. If such a fortress is found, it should be owned by Lu Yang. This was previously negotiated by several people including Lu Yang, Xiong Ba, Chi Du, Bloodthirsty Domineering, and Lei Long and Sisi .

Now, the benefits that belong to Lu Yang have been sold to the Necromancer by the twilight and the hegemon. Lu Yang said unhappily: "You all have decided, what else do you want me to do?"

Late twilight is awkward and difficult to speak.

Xiongba said, "Brother, this is an expedient measure. I promise, when I recover, I will help you to kill the black sword of the dead spirit."

He said, "This is what I mean. In order to make up for you, I have a set of 30 level dark gold equipment drawings of thieves, and 5000 level 3 gems, 30,000 level 1 gems, and 30,000 blood bear skins. you."

Lu Yang sighed helplessly and said, "Two brothers, what else can I say, you have so conceded, I agree."

Chapter 280 - Fifteen-day buffer period

Xiongba was also embarrassed and said, "That's it. I asked them to negotiate."

"Yes," Lu Yang said.

The special space was transformed into a negotiating table. Lu Yang stood with the twilight and the tyrant on the south side. Two rays of light were shining in the east direction of the table.

The two lights on the south side of the table light up, bloodthirsty bully and black blood appear.

“I didn’t expect some of us to meet under such circumstances.” Liu Xiahui, owner of Fengxianlou, smirked in a circle.

Black Blood looked at Lu Yang with hatred. If it wasn’t for Lu Yang’s repeated siege, the old man was defeated by him lately, but Lu Yang ignored the Black Blood at all, and stared at the eternal soul.

“Brother Lu Yang, it’s really a long-awaited name, and it really is great.” Said the eternal spirit with a smile.

Lu Yang said with a smile: “Thank you very much for the compliment. We have a chance to communicate with each other. I also admire the magic spells of Brother God and Spirit.”

The eternal soul of the soul jumped. Although he knew a lot of people in the emperor’s city when he was transferred to the thunder mage, how did Lu Yang know in the city of St. Gall.

“Don’t talk nonsense. We are here to negotiate. Hurry up and sign the contract. We will open up wasteland fortresses.” Heihe said unhappily.

“Okay, we quickly signed the contract, everyone is not idle, it is still important to go back to work quickly,” Chi Mu said.

Xiongba said: “Say ahead, we can’t attack each other within half a month.”

Bloodthirsty Batian said: “Sign it, you don’t need to repeat it once agreed.”

Both Chi Mu and Xiong Ba showed embarrassing expressions at the same time, and both of them were embarrassed to look at Lu Yang.

Lu Yang didn’t say nonsense, he signed a contract and withdrew from the special space.

“Boss, where did you just go?” Xia Yuwei asked Lu Yang, who had disappeared and appeared again.

People like Zhuojiu and Bailang waited for Lu Yang’s order in the room.

“Are we going now?” White Wolf asked.

Lu Yang shook his head and said, “Just now, your boss, I was sold.”

Lu Yang said the truce just after signing the contract.

Zhuo Jiu said angrily, “Late, this **** is too embarrassing. We helped him fight for so many days, and he lost it without us, and now he betrays us for profit.”

Xia Yuwei said, “How can Xiongba have agreed to this condition, it is shameless.”

“I’ll find them to go to theory.” White Wolf said angrily.

Lu Yang quickly grabbed the white wolf and said, “Don’t be angry, didn’t I tell you, this is the reality. At the end of the war, we were studying how to get more benefits for ourselves.”

People such as Zhuojiu and Bailang are young, and it is still difficult to accept such a rampant thing.

“Isn’t it a big loss for us this time? There is a huge organization like the Necromancer Black Sword, and we still have death hatred with them, and they will definitely deal with us first.” Han Liu said.

Lu Yang said: “So, boss, I prepared well before the battle. In the eight days of the battle, we have 6,000 members to level 30. Tu Feng has enough 1,000 sets of 30 occupations. Grade suit.

If we really want to talk about hard power, we are the strongest among these guilds. Not to mention, Chi Wu knew that he had done something wrong, and specifically lost our tens of thousands of gems and tens of thousands of sets of cowhide, as well as a set of thieves. Drawings of grade equipment. “

The people such as Zhuojiu and Bailang eased their expressions.

Xia Yuwei said with admiration: "Fortunately, the boss has foresight, otherwise this time, we will be miserable by the bully and the twilight."

After the Necronic Black Sword slowed down, the first attack was the Brotherhood of the Iron Blood. If Lu Yang did not retain a hand, half a month later, the Brotherhood of the Black Blood would be attacked by the death of the Brotherhood of the Black Spirit without any fight back. force.

"Boss, what shall we do next?" Bai Lang asked uneasily.

Lu Yang said, "Keeping your expression on your behalf means that I will go to the old man to ask for materials. He must quickly give us what he promised us."

The crowd was amused by Lu Yang's cold joke, but Bai Lang still said unpleasantly: "I will go to him now, and I will be furious, Bai will be a personal character."

Watching the white wolf go out, Lu Yang winked at the white lion, the white tiger, and the muddy wine, and told them to follow, so don't let the white wolf make a big noise.

The white wolf really got angry. He did this thing like asking his brother to fight, and finally he became friends with the enemy and threw his brother to the enemy.

So, the white wolf did not give the materials from the beginning to the end, and the spirits and breeze looked good, and the white tigers and other people returned with the materials to the house that Lu Yang bought in the west.

The old man in the twilight stood on the second floor and saw this scene was not angry, but instead labeled the three males of the Bai Family and the turbid wine with the label of immature and young.

However, what he didn't know was that after receiving the materials, Tu Feng immediately ordered his blacksmiths, tailors, and jewelry masters to work overnight.

Jiang Ze also stowed the death messenger and directed the players in the guild to collect materials with Tu Feng. At present, Lu Yang has collected the top 30 gold or dark gold set drawings of soldiers, paladins, mages, and thieves at the level 30, guild There are 100 players who can create life.

With sufficient materials, the equipment is being produced at a rate of 1 piece per hour.

“The shame of this negotiation must be kept in mind that without strength there are no chips at the negotiating table.” Lu Yang said.

“We must keep in mind,” White Wolf said angrily.

“Boss, will we open the wasteland fortress tomorrow?” Xia Yuwei asked.

“All four of their guilds have opened up wasteland fortresses, and we have also opened up wasteland and grabbed the first fortress to suffocate them.” Mao Qiu said.

Lu Yang looked at the crowds and nodded with satisfaction, and suddenly smiled, saying, “The fortification of wasteland is a must, but did everyone forget something?”

“What’s the matter?” Everyone looked at Lu Yang confusedly ~ www.mtlnovel.com ~ Lu Yang said: “Oh, we are all looking forward to some people dancing.”

Xia Yuwei, Han Liu, and Lan Yu looked at Lu Yang eagerly at the same time.

“At this time, you still have this thought, can you grow a snack, boss?” Han Liu couldn’t help but vomit.

“Yeah, now is the time to grab the progress. Let’s postpone it.” Mao Qiu said, scratching his head.

Lu Yang said with a smile: “You remember, we are angry at the upper levels, the brothers below will rarely think about it, they only know that this battle has been won, we should celebrate, plus the previous party proposal, It should happen to be held together. “

“How does this feel like a whimper,” White Wolf said.

Lu Yang patted Bai Lang’s shoulder and said, “Trust me, give me 15 days. After 15 days, I will let you stand in the fortress of the black sword of Necropolis.”

“Really?” White Wolf asked, like a child.
