

Wild Fire 281

Chapter 281 - Opening of the party

Lu Yang said with a smile: "When did the boss lie to you, go back, find a place to practice dance, don't be shameful tomorrow, I don't dance well, I'm sorry to reward you with a transfer certificate."

"Yes, there is a transfer certificate. I went back to practice." Vulcan M16 ran first.

The others also hurried away from their practice programs.

Lu Yang started to practice while nobody was there. He also prepared a show at this party-dancing.

Well, to put it bluntly, play.

Not only is it fun to upgrade the monsters, but it is also fun for the brothers to come together for a funny party. Although the boss must always be invincible, sometimes he must have an entertaining heart.

Interacting with all members not only allows them to have a more sense of belonging to the guild, but also makes the relationship between the head of the group and ordinary members closer, and it will be more harmonious in the future.

the next day.

In order to get ready for this show, Lu Yang deliberately asked for a day off, and he was busy with Jiang Ze and Zhuoshu Qingren and others in the game.

There are more than 100,000 people in the whole guild, and Lu Yang is ready to let them participate collectively. To this end, Lu Yang deliberately found the official and applied for a special place for the evening party.

The official was taken aback by Lu Yang's application. Before, they never thought that there would be a large party of 100,000 players in the game. The official reported this to the high-level. The decision made by the high-level was very fast and free. Lend the Chengnan Grand Theater to Lu Yang once for his outstanding contribution to the game.

Lu Yang immediately forwarded this message to all members, and the already-excited Jagged Brothers League was even more morale.

Five p.m.

Nearly 100,000 members of the Jagged Brothers Group have withdrawn from the Red Fortress, with 20 people as a small team, 120 as a medium-sized team, and 600 as a large team neatly heading towards the Chengnan Grand Theater.

Players who were resting in the holy city were startled when they saw the army of the Brotherhood of the Iron Blood one after another walking towards the south of the city.

Especially the old man, the male domineering, the bloodthirsty domineering, and the undead black sword, they thought that Lu Yang would fight the undead black sword.

The old man in the twilight summoned Lu Yang to a special space.

"What's the matter?" Lu Yang asked, and he was preparing for his dance.

"Brother, why do you gather so many people, you, you don't want to fight black blood." Chi Mu asked nervously.

Lu Yang blinked and said, "No, who told you."

Xiongba said: "You have gathered 100,000 members on the holy city side. Black blood scared you and asked us for help."

Lu Yang laughed sarcastically and said, "Don't let him worry, I'm holding a celebration party this time, not a fight?"

"Celebrity party?" Both Qi Mu and Xiong Ba were stunned.

Lu Yang said: "Yeah, to win such a big victory, I have to take my brothers together and be happy. You two can't see it, and the opening dance is about to begin."

Both Chi Mu and Xiong Ba drew up a full stomach draft, and were waiting for Landing Yang to persuade him when he talked, but Lu Yang actually said that he was going to hold a party. Chi Wu felt speechless and said, "I will not go It 's too busy to open up wasteland. "

"Me too, you play it yourself." Xiongba said.

Both of them were confused by Lu Yang's behavior, and they didn't know how to say it. Even Chi Mi used buzzwords, and he was annoyed to curse.

"I wish the two land reclamations go well, I will continue to dance." Lu Yang withdrew from the special space.

Late twilight looked at the disappeared Lu Yang and shook his head: "This young man is really young and arrogant. He will be arrogant when he achieves a little."

Xiongba said: "Just engage in these useless things, you go to inform the bloodthirsty bully and black blood."

"Alright." Late twilight summoned Black Blood and Bloodthirsty Domineering into a special space. At this time, the two were gathering all the troops they could gather to prepare.

“What’s going on, what exactly does Lu Yang mean?” Bloodthirsty Batian asked.

“If he wants to fight, I fight with him, you don’t even think about it.” Hei Xue said with a sullen expression.

Chi Duo scratched her head, tangled for a long time, and said, “Don’t be angry, two people may be upset when I say something, but ...”

“But what do you say?” Black Blood was anxious to get accurate information.

“Lu Yang said he is hosting a party tonight, these people are going to the party, not fighting.” Chi Mu said.

The kick of “I X” Bloodthirsty Weather was on the table in front of him, and he wanted to scold Lu Yang but didn’t know what to scold.

Indeed, Lu Yang was just holding a party and did not tear up the armistice agreement. They were just worrying and worrying about themselves.

However, such anxiety also made them afraid to stop their members from gathering even if they knew that Lu Yang was holding a party, because once Lu Yang attacked the black-blooded fortress overnight under the guise of holding a party, that black The blood is gone.

“Lu Yang, I will kill you sooner or later.”

...

Grand Theatre backstage.

“A sneeze, black blood and bloodthirsty domineering must be secretly scolding me.” Lu Yang just told Xia Yuwei and Zhuojia and others what happened.

“Haha, they must have been annoyed by the boss.” White Wolf said.

“It is estimated that tonight the Necromancer did not dare to let members disband and upgrade.” Zhuo Jiu Qing said.

Everyone who was still breathing in their hearts was all right.

Lu Yang said, “Let’s go, let’s enjoy the performance and let the bloodthirsty and Necromancer continue to be nervous.”

Everyone laughed and stood behind the stage.

The curtain opened, and Lu Yang took a collective appearance with the guild shares of turbid wine and Jiang Ze. In front of the 100,000 brothers in the audience, Lu Yang impassionedly told the history of the guild’s growth from scratch and attracted the members’ blood. Endlessly.

“Today, when we get together and have fun, the boss here puts the words here. Today, not only the performances on stage have prizes, but also the draw section ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Who wins the prize with luck, the boss I reward He has a piece of dark gold level 30 equipment. “Lu Yang said loudly.

The cheers of the audience reached the highest level. The level 30 equipment is extremely difficult to obtain even the black iron level. The silver level can only be obtained through the epic book. Gold is almost invisible, let alone the dark gold level equipment they have never seen.

“There is only one purpose today. Everyone has fun and enjoyment, because everything in the guild today is created by all of you, and the guild is everyone.” Lu Yang finished his speech.

The crowd stepped down and started dancing.

Fifty captain-level players stood on the stage and performed the dance of battle songs. These 50 people were all heavy armored occupations, wielding swords, hitting shields, and shouting, so that the audience was exuding strong male hormones.

The second is singing

The third is dancing

...

On the fifth show, the cheers of 100,000 members waved higher and higher. There were lively and funny shows in the show, especially group-level group dances such as muddy wine pouring.

#### Chapter 282 - Birth of the Queen's Minions

People like Zhuo Jiu Qing, Bai Shixiong, and bitter love half-life will not dance, but they also let go of the dance they saw in front of them. Since they do n't dance, they dance according to what they do n't. Instead, this dance caused The effect is more warm.

"The white wolf boss dances badly."

"Boss of turbid wine, let's go down and laugh at me."

"Boss, you double turned."

...

Lu Yang was also overjoyed on the jury stage. When they finished dancing, it was Xia Yuwei's next turn.

While the audience was still thinking about it, Xia Yuwei in a beautiful costume appeared in the center of the stage with two dancers.

People such as Zhuojia and Bailang were giggling on the side of the stage to discuss each other's dance, but when they saw Xia Yuwei, they were all holding back.

Butterfly gown, towering bun, flamed red lips and the contempt of the most famous king, the disdainful look looked at the audience with Xia Yuwei's dancing posture. Everyone who felt Xia Yuwei's eyes, whether men or women, seemed to be current hit.

"Oh my gosh, my heart beats faster and faster." Zhuoju poured out.

Mao Qiu looked at the appearance of the muddy wine pouring down, and covered his face, saying, "Boss, it's too shameful, get up."

Zhang Zibo laughed and said, "It's okay. I've known you for more than ten years, and I still can't stand her eyes."

The white wolf took a breath and said, "Why didn't you chase her?"

Zhang Zibo smiled bitterly and said, "Look, am I worth her?"

White wolf err, didn't hesitate to say it. Obviously, even with a rich family, it is difficult to tame a woman with such a beautiful appearance, such intellect, such a net worth, and such eyes.

"It's really evil, I've seen Yu Wei's performance, I'm afraid I won't be tempted by other women in my life." Zhuo Jiu Qing said.

Not only did the turbid wine pour out with such thoughts, 100,000 people in the audience had such thoughts.

"No, my heart can't stand it."

“How could there be such a beautiful woman in the sky.”

“I want to record this video, she should be known to the whole world.” A player turned on the record button, and recorded Xia Yuwei’s dance video throughout the process. Just after the end, he couldn’t help posting it to the Internet, with the text: We Rose Queen of the Iron Brotherhood.

at dusk.

Numerous players who blame the city for rest are hanging out on the forum.

“The bloodthirsty poinsettia is so beautiful.”

“Come on, Luo Siyu is a beautiful woman, and her hot figure is a perfect match with the fire method.”

“I still like Qu Unintentional. The woman’s pride is so touching that I am hooked on him.”

...

In the just-concluded battle of the five guilds, players shifted from discussions by Lu Yang and others to the goddesses of the major guilds.

“The women you said are all war five scum. Watch the video, goddess.” A player shared the video to the surrounding players.

In the video, Xia Yuwei’s disdainful eyes that were dancing made everyone shot.

When it comes to pride, where can you get Xia Yuwei’s pride? On body, Xia Yuwei’s long legs against the sky make everyone lost, and on the face, this peerless face is enough to become a nation-wide admiration.

“Lao Tzu is going to resign. I will join the Jagged Brothers League.” A player clicked to exit the guild and ran towards the headquarters of Jagged Brothers.

“In this life, I only follow Queen Rosa, and I am willing to fight for her.” Another player also cancelled the guild contract.

The boss of the nearby guild looked stupid and said, “Brother, you can’t do this. You are the first master of our guild. I pay you.”

The player said apologetically, “Sorry, please forgive me for giving up everything for my love, I will give you the money back, goodbye.”

...

A storm suddenly hit all the main cities and all guilds of the entire human race. No one had expected the storm to come so suddenly and violently, because a woman like Xia Yuwei appeared to people for the first time in her most elegant appearance Eyes.

Recruitment site for the Jagged Brotherhood.

The two recruiters who were left by the lottery are watching the guild party in a video.

“Goddess, tomorrow I will apply to hang to Xia Yuwei’s team.” Fang Tianhuaji said.

“I’ll go too,” Hengyu said.

“We are going too.”

The two Brother League members were startled when they heard a group of roars, looked up, but found that there were already fierce players around them.

“Er, what can’t you kill in the main city?” Fang Tianhuaji asked.

“We want to join, please join.” The fierce yelling around turned into a lamb in a moment, and the two of them looked flattering and uncomfortable.

“What’s the situation.” Hengyu stood up and took a look, but found that they were surrounded by thousands of players.

“I’m dizzy. Did you guild dissolve, or did you disperse before?” Hengyu asked.

“No, we voluntarily retired. Joining the Brotherhood is a requirement. We have to join Xia Yuwei’s men.”

“Yes, we all want to join Xia Yuwei.”

...

Countless players shouted in unison, so that Hengyu and Fang Tianhuaji realized that this was unusual. The two did not have this permission and contacted Jiang Ze quickly.

Jiang Ze was stupid when he saw the scene from Hengyu. He came to Lu Yang and said, “Boss, something happened.”

“What’s wrong?” Lu Yang asked.

Jiang Ze sent the video to Lu Yang, saying: “Suddenly thousands of players appeared at the recruitment office to join Xia Yuwei’s Majesty.”

After watching the video, Lu Yang was also a bit embarrassed. He remembered that when Xia Yuwei established the guild in the last life, there was a Queen’s servant army. These people all joined Xia Yuwei when they recruited them, but, The scale is not so large and not so proactive.

Where does he know that this dance video has been uploaded to major domestic websites at the same time, and the traffic has exceeded 10 million in just half an hour. In the "Second World" official forum, it has become the top search list. One.

Xia Yuwei's attention has reached the star level, and is no longer an ordinary game player.

"What to do," Jiang Ze asked.

Lu Yang said, "Let's take Yu Wei to deal with it."

Behind the stage.

Xia Yuwei is helping to direct. When he saw the video sent by Lu Yang, the 18-year-old beauty was also confused.

"Boss, what should I do." Xia Yuwei encountered this situation for the first time ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~

Lu Yang said: "We do not accept these people, they will also think of other ways to join in, we can only first They compiled, and then they started from scratch, and you performed well to your Majesty. "

"But their purpose is not pure." Xia Yuwei said blushing.

For the first time, the queen of roses rose so timidly.

Lu Yang said, "Isn't your purpose pure? Yu Wei, you should know how beautiful you look. There will be more people who pursue you in the future. Among these people, there will be your friends, classmates, and subordinates. Can you make a clear distinction between them and never associate? "

Xia Yuwei's eyes were confused and she shook her head and said, "I can't do it."

Lu Yang said, "If you can do it, you should go to Hengshan."

Xia Yuwei chanted: "Boss, what time is it, you still tease me."

Lu Yang said with a smile: "Since you can't do it, keep your own mentality. They chase you is their thing. They are under your control and it is your thing. This is called public and private."

Chapter 283 - Blue Feather is Shen Mengyao

The young queen of roses, looking at Lu Yang's eyes, has become adored and said, "Okay, I know how to do it, then I'll leave it to the boss, and wait for you to choose someone and give it to me."

Lu Yang watched Xia Yuwei turning away and there was no speech in her heart, as if a cool wind was blowing over with two leaves.

There is a sentence how to say, the church disciples starve to death, and a sentence how to say, the Yangtze River after the waves pushed the front wave, the front wave died on the beach.

Lu Yang has this feeling now.

Jiang Ze asked curiously, "Why did Yu Wei leave."

Lu Yang said dejectedly: "She means that since there is a selection work in advance, let us do it, and then send it to him after the selection."

Jiang Zeyi didn't hold back for a moment, and said, "You belly-taught black boy taught a belly-taught female apprentice, you are miserable."

Lu Yang sighed and said, "Let's go, let's rush to deal with this matter. I'm still waiting to see Lan Yu's performance after the process."

Recruitment Office.

More and more players gather.

"Why not come to solve it, why are you so inefficient?"

"I'm the first master of the prophecy guild. Other guilds have asked me and me not to go. You are too negligent."

...

In the face of a crowd of 26 or above masters, Heng Yu and Fang Tianhuaji are not offended.

"No way, the guild held a gala party today. The video you saw was just uploaded. The brothers have all gone to the party, so we left the lottery by lot." Hengyu said.

"This guild is really good. The guild also organizes evening parties," said a master.

"It is rumored that the Brotherhood of the Brotherhood of Iron and Blood fights for justice and loves his subordinates, and it really is not blown out." Another said.

"It looks like the overall atmosphere of this guild is really good."

In the conversation, Lu Yang came with Jiang Ze, Tu Feng, and 50 recruited players from a distance.

"Boss of the Iron Blood Alliance is here." I don't know who shouted, and everyone rushed towards Landing Yang, but in the face of Lu Yang, none of the masters dared to make any disrespectful move and came to a position 5 meters away from Lu Yang Stopped.

This is not because Lu Yang is the president of the guild, but because of the power that Lu Yang killed all the way to win the violent fire emperor who has won tens of thousands of wars in a row, no one dare to face it.

“Boss, we apply to join the Jagged Brotherhood.” A 28-level player said.

“I want to join too.”

...

Countless voices came from all directions.

Lu Yang said with a smile: “If you want to join, you can, but the brotherhood alliance has a strict income. Now you have your own team. There are 50 people on my side who are responsible for reviewing. Anyone who has passed can join the guild.”

The crowd just showed joy, but Lu Yang suddenly exclaimed, “However, the Brotherhood of Iron Blood speaks of brotherhood. Even if you join the guild and do not speak of romance, you will be retired, you know?”

“Yes,” everyone said in unison.

Thousands of people quickly lined up into 50 teams and registered in accordance with the instructions of reviewing players. Those who were below level 20 cleared away a large number of people.

Some players complained, but did not dare to presumptuously.

Grand Theatre.

The performance has reached the last few shows, and Lan Yu saw that Lu Yang still didn't return, and she couldn't help feeling a little lost.

"I'm sorry Xiaoyu, I blame me badly." Xia Yuwei said sorry.

Lan Yu shook her head and said, "I don't blame you. No one expected that there would be such a sudden situation. I am the last performer and I have time."

The programs passed one by one, and finally, when the next one was Lan Yu, Lu Yang's seat was still empty.

When Lan Yu was disappointed that Lu Yang would not return, the door opened in the distance and Lu Yang returned to the Grand Theater.

"Lu Yang is here." Xia Yuwei said to Lan Yu excitedly: "You are ready to go on stage, I will ask the boss for the results."

"Um." Lan Yu hurried to prepare.

Lu Yang ran back with a blazing speed and a rocket thruster. After that, he let Jiang Ze watch as he ran back.

At the end of the guild, he had to make a concluding remarks. In addition, more importantly, he wanted to watch Lan Yu's show. Seeing that he just caught up, Lu Yang was relieved.

"Boss, how is things going?" Xia Yuwei came to Lu Yang and asked in a low voice.

Lu Yang said, "It's all settled. You just have to wait for the reception. Right, I gave your new army a name."

Xia Yuwei was happy that Lu Yang helped him solve the problem and asked, "What name?"

"Queen's servant." Lu Yang said.

Xia Yuwei bit her red lips and said, "Boss, you have no virtue."

Speaking of the word queen from other populations is admiration, and speaking from Lu Yang's mouth is pure ridicule, and the servant army is a derogatory term.

Lu Yang said: "It's not the boss that I lack morals, but you have to be prepared. Spouts on the Internet and other guilds will not leave Germany to you. This derogatory title will soon spread across the Internet. You have to What you did is how to fight a few beautiful battles and make this derogatory title the devil in the hearts of all enemies, the object of ordinary people's awe, you know? "

Xia Yuwei took a deep breath and said, "Boss, why do you seem like Zhizhu is holding everything?"

Lu Yang said in his heart that the two generations experienced so many setbacks. If he were still a gimmick, wouldn't he be alive.

"Let's watch the show. It's Lanyu, but I'm looking forward to Lanyu's performance." Lu Yang said.

Xia Yuwei couldn't help but feel relieved when she saw Lu Yang's smile, as if Lu Yang was there, all the problems were not the same.

However, the sound of music just remembered, Xia Yuwei found that Lu Yang's expression became so bewildered, and even a little panic.

"Boss, what's wrong with you?" Xia Yuwei asked.

If Lu Yang didn't hear it, his eyes were on the blue feather standing on the stage ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ he just heard the music. Not long ago, Shen Mengyao's accompaniment for KTV dancing was exactly this

.

Poison and Honey

This music is a nostalgic old song. Young people today rarely listen to it. Lu Yang is a little confused how Shen Mengyao would choose this song.

However, the next second, when Lu Yang saw Lan Yu's dance, his brain was buzzing, just like Huang Zhongda Lu, making Lu Yang unable to hold himself.

The same right hand was slightly bent, the wrist flipped with the music, and the body took two steps to the left with the music.

At this moment, Lan Yu and Shen Mengyao overlap on the stage.

Lu Yang almost didn't hold back his mouth. Why didn't he realize that he was so stupid? Shen Mengyao and Lan Yu were the same person at all.

The blue feather she loved in the last life was Xia Yuwei, whom he loved deeply. If he knew earlier and reacted earlier, how could there be the tragedies that followed.

A tear, somehow brushed across Lu Yang's cheek.

Chapter 284 - Punishment of love

On the stage, every move and every look on Lu Yu looked at Lu Yang so affectionately, as if all the thoughts were put into this dance to express Lu Yang.

She likes Lu Yang, likes to be taken care of by Lu Yang, and likes his mighty majestic appearance to shield her from the wind and rain at any time. She also likes Lu Yang's domineering and fearlessness. In the face of the 30,000 bloodthirsty attack, she is carrying 3,000 The soldiers beat the bloodthirsty bully and bowed his head.

Each time Lan Yu stood by Lu Yang, she saw Lu Yang waving Fang Yan, and Lu Yang's confident smile made her very stable, as if any difficulties could be resolved before Lu Yang. .

“This bad brother, why only treat people as sisters?” Lan Yu thought delicately in her heart: “Let me show you how beautiful this girl is today.”

Lan Yu followed the dance toward the front of the stage, which made the audience cheer and scream.

Xia Yuwei applauded and followed the screaming. Suddenly, she noticed that Lu Yangzheng was staring at Lan Yu silently, and something like tears struck her cheeks.

“Boss, you are crying.” Xia Yuwei asked in surprise.

Lu Yang lowered his head, wiped his eyes, and said, “Why?”

“I saw it just now. You cry when Xiaoyu dances, you have a problem.” Xia Yuwei said proudly.

Lu Yang said silently, “I’m happy, don’t guess at it, look, Xiao Yu is here.”

Lan Yu not only walked to the front of the stage, but also jumped off the stage and came to Lu Yang’s side, stroking her long hair with her right hand, showing a general look of discharge to the landing sun, her teeth biting her red lips, and shaking her hair to Lu Yang Here comes a side kill.

In the last life, Lu Yang was indifferent to Lan Yu because he deeply loved Shen Mengyao. This time, Lu Yang knew that Shen Mengyao was Lan Yu and no longer had any estimate. Please cover your heart with your right hand and make a middle arrow pose.

People around Xia Yuwei, Zhuo Jiu Qing in the background, and Baixi Sanxiong screamed at the same time, and the 100,000 members behind them even shouted loudly.

“Boss is in love.”

“Wow haha, we have a Madam Zhaizhuang from our brotherhood.”

“We are the regular army. That’s called the lord lady.”

...

Numerous coquetts made the thin-skinned blue feather shy, but the joy in her heart outweighed everything.

“This bad guy.” Lan Yujiao glanced at Lu Yang, turned back to the stage, and continued to complete her dance.

On the one side, Xia Yuwei saw all these surprises and opened her mouth. She knew Lan Yu’s intentions clearly and recognized Lu Yang. However, Lu Yang had kept a distance before, but she did not expect to agree today.

“Boss, do you really like Blue Feather?” Xia Yuwei asked.

Lu Yang did not answer Xia Yuwei’s words, but said proudly, “Yu Wei, prepare your money in a while.”

“Why?” Xia Yuwei asked.

“The wedding gift money.” Lu Yang pointed to Lan Yu and pointed to himself.

Xia Yuwei rolled her eyes and said, “Boss, don’t make trouble, this is an online game.”

Lu Yang thought about it and decided to tell the truth to Xia Yuwei, saying, “If I tell you, Lan Yu and I are classmates in the university, do you believe it?”

Xia Yuwei’s eyes widened in surprise and said, “How is this possible?”

“Is Lan Yu Shen Mengyao?” Lu Yang said.

Xia Yuwei's big eyes showed a terrified look, and said, "How do you know?"

Suddenly Xia Yuwei came to her senses and pointed to Luyang Yang. "You are Lu Yu's classmate Lu Yang, the bad guy who took her around half the dormitory before sending her back."

Lu Yang proudly said, "It's me."

Xia Yuwei took a deep breath, and it took a while to calm her mood, and said with a sigh, "I have nothing to say about this fate, and Yao Yao knows it, and will be particularly happy."

Lu Yang gave a smirk expression, and said, "Don't tell her first, I am teasing her."

Xia Yuwei smiled and said, "You're bad."

"Then do you agree or do you disagree?" Lu Yang asked.

"You said that, do I still have a choice?" Xia Yuwei also smiled.

After Shen Mengyao on the stage danced, she walked towards the audience with joy, she didn't know that Lu Yang and Xia Yuwei had already calculated it together.

At the end of the performance, the party was a complete success. Lu Yang not only led a party with everyone, but also scared the Bloodthirsty Alliance and Necromancer once. The main thing was that he discovered that Blue Feather was Shen Mengyao.

A brief summary, Lu Yang issued the newly revised guild reward system.

The entire guild was divided into three levels by Lu Yang, ordinary members, senior members and elite players.

Ordinary members participate in the construction of the guild and exchange resources for guild points to promote the senior members of the club. Senior members have a special person responsible for upgrading equipment and levels, as long as they pay guild points.

As for the elite members, players need to participate in the battle to get enough points to be promoted. The advantage of becoming an elite member is that you can use the points to redeem a set of gold and dark gold equipment for free.

The guild of Lu Yang has more than 100,000 people. After reassessing the points, there are 15,000 elite members, more than 30,000 senior members, and more than 60,000 ordinary members.

As soon as this evaluation rule came out, the entire guild fell into madness, and the mood of wanting to fight was even higher than ever. Ordinary members worked hard to upgrade their level. Some people brought upgrades, which was much faster than their own upgrades, let alone There is also equipment available.

Lu Yang stood on the stage and said loudly, "Boss, I still say that. There are many good things in the guild. As long as everyone regards the Brotherhood of the Iron Blood as their own home, all of them unite and work hard to build materials, help them collect materials, Go to the battlefield and follow the schedule. The boss will give you whatever you have. Of course, my wife can't give it. "

Everyone laughed.

Lu Yang also laughed, while the blue feather on the stage was blushing, but his heart was extremely happy.

The party ended, and Zhuo Jiu, Xia Yuwei, Bai Xi's three males, and half-loving half-life left the Grand Theater in an orderly manner.

A few of them went offline, and most of them opened the guild points task and went to collect the materials according to the list above.

Lan Yu originally wanted to run away. The bravery on the stage has used all the courage of Lan Yu. I don't know how to face Lu Yang's Lan Yu now. I just want to run away. Unfortunately, Lu Yang let her run away.

Quiet venue backstage.

Lu Yang looked at the blue feather who was at a loss as she said, "Little girl, hide from me."

"No, I didn't hide." Lan Yu argued ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ But compared with Lu Yang's eyes, Lan Yu lowered her head again.

Lu Yang said, "Xiao Yu, can you be my girlfriend?"

Lan Yu looked up in shock at Lu Yang and said, "Brother, are you really telling me?"

Lu Yang said earnestly: "Xiao Yu, give me a chance and make me love you more, can you?"

Lan Yu did not hesitate to embrace Lu Yang's arms, but before he could hold it, a rebounding force Lu Yang Lu Yang collapsed and flew.

System prompt: You are suspected of making illegal actions against players, warn once

The intense pain in the bone marrow made Lu Yang speechless, and said depressed: "Sister, can you open the system to restrict me and hug me, so come over, according to the rules of the system, I will be punished by 100% pain."

Lan Yu watched Lu Yang hitting the wall and spit out his tongue playfully, and said happily, "Brother, this is the first time you're so embarrassed, I'm too terrible."

Let you always refuse me before, this is God is helping me punish you, Lan Yu secretly thought.

## Chapter 285 - Great crisis

Lu Yang clenched her forehead helplessly, thinking in her heart that this girl was definitely taking revenge. A bad idea came out, pretending to be injured, and said, "Come and help me, I'm almost hurting."

Shen Mengyao stepped in front of Lu Yang, walked in front of Lu Yang, leaned down and looked at Lu Yang, and said proudly: "Bad brother, don't think I don't know what you want to do, no way."

Watching Shen Mengyao run away happily, Lu Yang thought with dismay that the dead girl was too smart, but she was useless no matter how smart she was.

"See how I can pack you tomorrow." Lu Yang thought proudly.

the next morning.

Lu Yang came to the playground of the girl's dormitory full of spring breeze and just saw Shen Mengyao and Chu Yu.

"Early." Lu Yang greeted.

"Early." Shen Mengyao said happily.

"What is so happy." Lu Yang asked.

"I have a boyfriend." Shen Mengyao said shyly.

Chu Yu, Zhang Meng and Liu Shuang looked at Lu Yang with infinite sympathy. When they thought that Lu Yang would be extremely sad, Lu Yang said with surprise: "Really?"

Shen Mengyao nodded and said, "Yes."

"Is your boyfriend a long Yushu? It's windy, romantic, eyebrows, and heroic." Lu Yang asked.

Shen Mengyao's eyes were a little confused. She had never thought about Lu Yang's appearance. After thinking about it, she said, "Should be, probably."

The three Chu Yus are even more confused.

"Is Lu Yang sad and silly?" Liu Shuang asked.

"Maybe. Sudden bad news and mental breakdown are normal." Zhang Meng said.

"Poor, poor." Chu Yu said.

Lu Yang was very dissatisfied with Shen Mengyao's answer, saying: "A pretty girl like you must be a handsome boyfriend. Is he handsome?"

Shen Mengyao said sweetly: "It's really handsome, but I like his mighty look."

Lu Yang's heart was so beautiful, she asked, "When did you start to like him?"

"A month ago, he always cared for me and looked after me so much," Shen Mengyao recalled.

Lu Yang said, "Is it like me, so take care of you."

“Crybaby, you know how to bully me.” Shen Mengyao hurriedly went to the instructor’s side.

Lu Yang thought with pride, dead girl, when the incident came to light, see what you would do.

The three Chu Yu came over.

“Lu Yang, are you okay?” Zhang Meng asked.

Lu Yang looked at the three concerned eyes and said, “It’s okay, let’s go to military training.”

The three thought that Lu Yang was overly sad, and it was not good to say anything else, but the instructor came and went back to stand in line.

A day passed by hurriedly, and on this day, Lu Yang ran to bully Shen Mengyao whenever he had a chance, which led Shen Mengyao to bulge his mouth when he saw Lu Yang.

Lu Yang laughed.

at dusk.

After the military training, Lu Yang leisurely walked beside Shen Mengyao and continued to ask Shen Mengyao how to evaluate her boyfriend.

main entrance.

Lamborghini sports cars came galloping, and the squeaking of the tires from the sharp brakes made everyone at the school gate couldn’t help looking at the sound.

Lu Yang also looked over and found that Jiang Ze just jumped off the car and beckoned, “I’m here.”

Jiang Ze hurried over and said, "My dear brother, you are still so leisurely. Hurry back with me, something is wrong."

"What's wrong?" Lu Yang asked in surprise.

"Get in the car and talk, it's too late to talk nonsense." Jiang Zella landed in the car and ran on the accelerator.

"What's so anxious, have the Bloodlust and Black Sword of Necro come over?" Lu Yang asked.

"It's more horrible than that." Jiang Ze said on the steering wheel, "The video of Yu Wei dancing has exceeded 500 million views worldwide, and our recruiting office has been crowded by players who rushed over. This day has time More than 50,000 people want to join our guild. You are not in the crowded scene. They all demand to go to Her Majesty Xia Yuwei. "

Lu Yang said with a smile: "Yu Wei's charm is so great."

"You are still laughing. This is a big event. If you don't handle it well, Yu Wei will easily pull them out to set up a self-employed union. Some people have already called out to let Xia Yuwei build an independent help, and countless people responded." Jiang Ze said.

Jiang Ze went on to say: "Also, I received news that the old man in the twilight released the wind in the guild. No matter what the price was, he would recruit the drunk wine to his majesty and give him an annual salary of 300,000.

There is also Xiongba. I heard that Xiongba himself had a discussion with Bai's Sanxiong in the arena. He also used the hidden mode. He must have recruited three of them.

If Xia Yuwei is gone, it is likely to cause a chain reaction, and Zhuojiu and Bai Shixiong will leave our guild. "

Lu Yang saw Jiang Ze excitedly and said, "Don't worry, slowly say, what else is there?"

Jiang Ze said: "I heard that the Bloodlust Alliance and bitter love have been in contact for half a life. Those elite players under our hands, such as Hongyefeiwu and Black Notes, have also been recruited by other guilds, and they are paid better than we are here."

With a smile, Lu Yang patted Jiang Ze's shoulder and said, "Brother, believe me, they won't leave."

Jiang Ze asked: "Why?"

Lu Yang said, "I believe that the brothers I recruited by myself are not those who give up their brotherhood for money. They cannot be bought with money."

Jiang Ze froze and looked at Lu Yang with surprise. He didn't know where Lu Yang came from.

"You really have to be prepared. Others may not leave, but Xia Yuwei may really have to leave. I can't contact him in the game. He didn't go online today." Jiang Ze said.

Lu Yang still shook his head and said, "Let's go, let's go online and talk."

Inside the game.

Recruitment Office.

"We ask to join the Jagged Brotherhood."

"You don't accept us, we set up our own guild ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Xia Yuwei's exclusive guild."

"We are the Queen's Servants, and we build our own guild for the Queen."

...

Nearly 100,000 players were crowded at the recruitment site. Tu Feng, who was responsible for recruiting, was watching these people helplessly with 50 players.

Jiang Ze took the landing and watched in the distance.

“See it. This is what it looks like. Many people who joined last night have resigned because of the promotion rules we set, and they feel it takes too long.” Jiang Ze said.

Lu Yang nodded and said, “It looks like I’m useless to come forward. This is purely Xia Yuwei’s personal charm. Why should we go? This matter will be discussed after Yu Wei goes online.

Jiang Ze nodded.

“Where are they?” Lu Yang asked.

“It’s leading the wasteland,” Jiang Ze said.

“Let’s go and see.”

## Chapter 286 - Unbreakable Jagged Brotherhood

Red fortress.

Countless fire monsters are attacking from five exits, 20 paladins in full-body demon suits are blocking the front, and countless players in the back are attacking with all their strength.

However, the people who normally should be responsible for leading the muddy wine dumplings and fur \*\*\*\* disappeared.

Inside a special space.

Zhuo Jiu Qing is staring at a player called Qi Swatch, cursing: "What do you mean, how can you bring our five brothers to meet with President Twilight."

Mao Qiu scolded: "It's our five brothers who made you a friend, and you hurt us."

The swatches bowed their heads embarrassedly and did not speak.

The old man in the twilight said with a smile: "Don't blame him, I just adore the names of the five brothers and specifically asked him to help him make friends."

Zhuo Jiu said, "Sorry, you are the dignified chairman. We are just unknown soldiers.

As the leader of the First Army of the Jagged Brothers Alliance, he met privately with the bosses of other guilds. He was still at the level of the old man. If it was passed to Lu Yang, Zhuojiu could imagine how serious the consequences would be.

The old man in the twilight looked at the five in surprise. He did not expect the five to go so decisively, and quickly said, "Five brothers, can you listen to me and then leave."

"What is it," asked Zhuoshu frowning.

The old man in the twilight said with a sad face: "I'm here to save the five brothers. Your guild is about to have a major event right away. Xia Yuwei's reputation is on par with Lu Yang, and he will soon surpass Lu Yang. You are about to face division, and you do n't need black blood and bloodthirsty hegemonic attacks at this time, you are finished. "

Hairball sneered: "So what."

The hidden knife on the side said: "The five brothers are all people with real skills, and we want to recruit you to join the Zijin Dynasty."

Said mad knife: "Sorry, I'm not interested."

"If that's the case, our five brothers will be gone," said Zhuo Jiu pouring his hand arching.

The old man in the twilight said loudly, "I will give you an annual salary of 300,000 yuan, and the other brothers are deputies. Each one will earn 150,000 yuan. How about it?"

The money was moving, and he looked at Zhuo Jiu and others with a stiff body and smiled proudly.

Zhuo Jiu turned around and looked at the old man, and said, "Thank you, the old man, but sorry, we won't go."

Chi Mu stood in astonishment and said in disbelief, "It is too little money, and we can discuss it again."

Zhuojiu shook his head and said, "Er. Guan Er once said that there is no permanent person in the world of life, neither a gentleman."

As soon as the words fell, the five men of muddy wine disappeared into a special space at the same time, leaving only the old man who was stunned in the place and the hidden sword cursed with anger.

Back to Red Fort.

Mao Qiu said over the shoulder of Zhuojiu, "Happy, brother, what you said just now is so happy, I think so too."

Yeyue listened to the wind and said, "Everyone pulls the seven-color board black. Such people don't have to pay any more in the future. Something."

“That is, it almost hurt the reputation of our five brothers.” Vulcan M16 frowned.

“What a reputation.” Lu Yang said looking at the five.

The five members of Zhuojiu looked over their heads, just to see Lu Yang and Jiang Ze came over not far away.

The five bowed their heads at the same time.

Zhuoshu bit his teeth and decided to be frank, lest this matter be uncomfortable.

“Boss, some of our brothers made friends by mistake and were drawn to the special space by the seven-color board to meet the old man in the twilight.”

Lu Yang said, “The old guy must be looking for you to recruit you.”

Mao Qiu said so solemnly for the first time: “The old guy paid 300,000 annual salary for Zhuoshu, and we each had 150,000, but you can rest assured that we are not the ones who see the money and refuse.”

Said mad knife said: “Yes, we all refused.”

Lu Yang took a deep breath and said, “I really did not read you wrong.”

Yeyue listened to the wind and said, “Will the five of us be able to buy through money? Boss, don’t worry, you treat us like brothers, and we will never betray you.”

Zhuo Jiu said, “Yes, gentlemen love their money. We will never touch the money made by betraying brothers and bosses.”

When Jiang Ze heard the conversation between the five people, he looked at Lu Yang in surprise. How could he never imagine that Lu Yang could recruit such a kind brother.

Lu Yang laughed and said, "I really want to have a good drink with the five, but we are not in one city."

"What a drink, take our three brothers." White wolf ran over from a distance.

"Where have you been and how did you come here?" Mao Qiu asked.

The white wolf said: "Don't mention it, the old boy with the tyrant dominates and must fight with our three brothers before we win."

The eyes of people like Zhuojiu are a little unnatural.

White Tiger patted White Wolf's head and said, "At this time, PK didn't say the point."

The White Lion also glared at the White Wolf and said, "Boss, the hegemony recruited our three brothers just now. However, we refused. Don't worry, our three brothers are not betrayed brothers for money."

"This is an appetite, just now we also rejected the old man." Mao Qiuha laughed.

The White Lion froze, and then laughed and said, "The \*\*\*\* are so desperate to split our Brotherhood of Iron and Blood. It's so despise for us."

Lu Yang looked at them gratefully and said, "Thank you brothers for your help."

The white lion said: "Boss talks a lot, this is what we should do, we should have been back long ago, but the three of us wanted to explore the details of the bully, which only delayed the time."

Zhuo Jiu poured out a laugh and said with a laugh, "It's really a loss for his wife and a troop."

Everyone laughed.

“Well, I love bitterness for half my life. Why didn’t they come?” Asked White Wolf.

Lu Yang said with a smile: “Having a bitter love is chatting with Bloodthirsty Domineering.”

“Fuck ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ What do you think of bitter love for half your life, and actually talked to Bloodthirsty Batian, did he forget who saved him in the first place?” The fur ball was anxious, it was the night lone star who took People chase them down, if not for Lu Yang’s help, their baby would have been snatched away.

Everyone was in a hurry.

Lu Yang said with a smile: “Don’t worry, I let the bitter love half-life promise to talk to Bloodthirsty Bully.”

“What?” Everyone looked at Lu Yang at the same time.

Lu Yang said with a smile: “Bitter love called me when I heard the news, and I asked him to pretend to agree to the bottom of the bloodthirsty league.”

“It’s pretty much the same,” Mao Qiu said.

Lu Yang said with a smile: “Relax, you will never betray us for half a lifetime. How proud is Han Liu? If you dared to betray half a lifetime, do you think that Han Liu will still look at him?”

Zhuo Jiu said, “It is estimated that people like Bloodthirsty Domineering can never understand why they will not buy bitter love for half their lives.”

Everyone laughed again.

## Chapter 287 - Xia Yuwei's answer

Not long after, people who love bitterly and Han Liu and others ran back as promised.

He came to Lu Yang with a bitter love for a long time and said with a smile: "Boss, I'm back, I've got a lot of information, and I have explored the place where Dragon Breath has been studied."

Lu Yang said in surprise: "Your boy, you can ask such secret things."

I am so proud of my bitter love.

Han Liu blushed and said, "This guy used me as an excuse and made me a girlfriend for a long time, bitter love, you wait for the offline, and see how I can clean up you."

A bitter love half-life pointed at Landing Yang and said, "It's not me, the boss taught me."

Han Liu's eyes hit Lu Yang with a dagger, and he gritted his teeth and said, "Boss, is this the case?"

Lu Yang watched bitterly for half a life and said, "Why did your kid sell me like this? I taught you for a long time."

The bitter love half-heartedly bowed his head.

Han Liu saw Lu Yang admit it, and said angrily, "Boss, you can count even me, you are too wicked."

Lu Yang quickly apologized for his courtesy, and finally made a bunch of promises to let Han Liu calm down, and everyone watching laughed.

After laughing, everyone was relieved to look at each other happily.

“It’s great. There is no shortage of people. We are still the same brotherhood of iron and blood.” Mao Qiu said.

No one agreed.

Said mad knife said: “There is still a Xia Yuwei, I don’t know what she will choose. The recruitment office supports 100,000 people to support him to establish a new guild. As long as he nods, he can pull tens of thousands from the guild. live.”

“He would dare to do this, I can’t spare her.” Zhuo Jiu said indignantly.

Lu Yang said: “Don’t think too much, let’s continue to fight against each other, everyone, so many people want to break us up and prove that we are already strong enough to scare them. As long as we are together, there is nothing to cope with. “

Everyone nodded and led their teams, but everyone was curious about Xia Yuwei’s choice.

They didn’t know that Xia Yuwei was under tremendous pressure at this time.

In a magnificent villa, Zhang Zibo anxiously walked around the living room, looking at the meeting room on the second floor from time to time.

“Don’t turn around, okay, I’m dizzy when I turn around.” Zheng Yuan, who hadn’t appeared for a long time, leaned Erlang’s legs to Zhang Zibo.

Zhang Zibo said, “I’m dying. What are my fathers and uncles doing? They know that we will never leave the Jagged Brotherhood.”

Zheng Yuan said sarcastically: "I don't understand what is good under the fence. Now that I have such a good opportunity, some of us are willing to pay again, how good it is to open a guild."

Zhang Zibo shook his head, and he was not speculative. He didn't have to talk to Zheng Yuan and other selfish people.

...

Small conference room on the second floor.

Six people including Xia Yuwei's father Xia Yuanshan, Zhang Zibo's father Zhang Linhu, Zheng Yuan's father Zheng Bai, and Shen Mengyao's father Shen Jingchuan were sitting around an oval table to play a video of the recruitment of 100,000 people in the game asking for the Queen's Guard. .

"Dad, what do you mean?" Xia Yuwei endured to read and asked.

Xia Yuanshan said solemnly: "Don't you always want us to invest in you? We decided to invest 60 million credits in you together to help you create a new guild."

The news has quietly spread over the world. Countries around the world will collectively support "Second World" and will soon launch a series of money-making projects. This is a big cake.

Xia Yuanshan and others are regretting that they did not invest in Xia Yuwei at the beginning. It happens that Xia Yuwei has gained great popularity in the game and let them see the opportunity.

"Yu Wei, we believe you will be able to build a strong guild. Come on, don't let down your father and uncle's expectations." Zheng Bai said with a smile.

Xia Yuwei gave everyone a bitter smile and said, "Sorry, I'm afraid I will live up to your expectations. I won't form a guild by myself."

The joyous atmosphere suddenly became tense.

Xia Yuanshan couldn't help but asked angrily: "Why, give me a reasonable explanation?"

"Yeah, niece, we give you 60 million for free, how you want to spend it." Zheng Bai said.

Shen Jingchuan said: "Don't worry, listen to Yu Wei's statement, she must have her reasons."

Xia Yuwei said: "First, Lu Yang is my friend. I won't betray him this way. Second, I can't beat him."

"What?" Xia Yuanshan looked at Xia Yuwei in surprise.

Zheng Bai said: "I also know about the Brotherhood of Iron and Blood. You performed so well in the Five Wars and Five Jies, niece, you don't need to be arrogant."

Zhang Linhu said, "I heard Zibo say that you are very capable. If you create a guild, I will ask Zibo to come out and help you."

Shen Jingchuan said, "Yaoyao will help you too. Now is your best chance to leave. We have studied it. The Necromancer and the Bloodlust Alliance are watching each other. Even if you take someone away, Lu Yang dare not come. Run after you. "

Xia Yuwei shook her head with a bitter smile and said, "Uncles and fathers, I'm not arrogant. You don't know the details of the Jagged Brothers Alliance, nor do you know Lu Yang's power.

If I take someone out to establish a guild, Lu Yang will definitely not stop me and will send me a lot of equipment and manpower. This is what he said to me after winning the bloodthirsty league. "

"Daughter, you didn't have the manpower to leave at that time, and now 100,000 people have taken the initiative to bring it to you for driving ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ What are you afraid of?" Xia Yuanshan asked angrily.

Xia Yuwei said: "I'm afraid of being calculated by Lu Yang. The five battles and five victorious battles were not won by our strength, but won by Lu Yang's scheme. To be honest, I don't have Lu Yang's ability. If Lu Yang clashes, I will definitely lose. "

Zheng Bai said, "Niece, we gave you 60 million yuan. You can't spend so much money in the game. How can a grass-root Lu Yang compare with you, and you can kill him with money?"

Xia Yuwei said, "Have you forgotten the Necromancer and the Bloodlust Alliance?"

Everyone was speechless.

Xia Yuwei went on to say: "You gave me 60 million and thought you were a lot, but you didn't know that Lu Yang now pays more than 2 million to his men every month and gives us 19 people 1% shares. These are There are contracts, and many other things you can't imagine. These involve the secrets of the guild. I cannot say. "

"Don't look at the 100,000 people who are willing to drive me, but they are just a bunch of black people. I can tell you that if Lu Yang is willing, in half a day, he can defeat such a guild, which is not a level at all."

## Chapter 288 - The Queen is Coming

Xia Yuanshan, Zheng Bai, and others looked at each other with surprise eyes. Xia Yuwei's answer was completely different from what they expected before. What they thought before was that Xia Yuwei was ecstatic to see the 60 million credit points they funded, and they all wanted Well, how to use a kind and loving expression to persuade Xia Yuwei.

At the same time, they also made sound contract terms. Each of the six companies that invested contributed 15% of the new guild, and the remaining 10% was used as a reward for Xia Yuwei to lead the guild.

In their view, this is a huge gift to Xia Yuwei, but now Xia Yuwei is resolutely unwilling, which makes everyone on the scene including Xia Yuanshan very uncomfortable.

“Yu Wei, what do you plan to do next, leave these 100,000 people alone?” Xia Yuanshan said coldly.

Xia Yuwei said indifferently: “I will discuss with Lu Yang, and he will give me a proper solution.”

For Lu Yang, her little apprentice has tremendous trust.

Xia Yuanshan sighed and said, “I don’t agree. Xia Yuanshan’s daughter, even if you play a game, you have to ask others what you are playing.”

Xia Yuanshan slammed the bronze paperweight on the table under the anger, and Zheng Bai and others hurried forward to persuade him.

“Niece, look at your father and apologize.”

“We fully support you in this matter, don’t be discouraged.”

“A rare opportunity.”

...

Xia Yuwei looked at Zheng Bai and others with a cold expression, and said, “One word of advice, let’s die. The old man is the chairman of the board of directors of Zijin Group, and the bully is the chairman of Jiuhe Group. Both of them must respectfully respect their brothers in front of Lu Yang and obey the command of Lu Yang when fighting. You are too underestimated. “

The emergence of the names of Zijin Group and Jiuhe Group gave Xia Yuanshan and others a shocked expression. Zijin Group is a well-known international trade consortium with business in more than 60

countries around the world. Jiuhe Group is even more A huge consortium formed by generations of in-laws, neither of which can be compared by Xia Yuanshan and others.

“Daughter, is your information accurate?” Xia Yuanshan asked.

“Will I tell such a lie that is broken after an investigation? I will investigate it myself. I have gone to Lu Yang. It is because of this incident that you will not find me anymore.” Xia Yuwei turned and left. Floor conference room.

After waiting at the door, Xia Yuwei let out a long breath, and competed with her father and five uncles. Xia Yuwei was still a little scared inside. She was very fortunate that she finally took control and did not accept the 60 million.

“Yu Wei, you didn’t agree, I told you that we must not leave the Jagged Brotherhood.” Zhang Zibo asked Xia Yuwei when he went out.

Xia Yuanshan and others inside the house were surprised again when they heard it.

Xia Yuwei glanced at Zhang Zibo with Wang’s contempt eyes and said, “Am I the kind of person?”

Zhang Zibo froze and said in surprise: “I knew you wouldn’t agree, it’s great.”

Xia Yuwei said: “Let’s go, the boss must be in a hurry and come online with me to handle this matter.”

Zhang Zibo nodded happily, Xia Yuwei didn’t leave, and his burden was finally let go.

Zheng Yuan looked at Xia Yuwei in astonishment. He couldn’t understand why Xia Yuwei refused the 60 million credits given by the elders and ran forward excitedly and asked, “Yu Wei, why don’t you agree, I convinced me Dad contributed 10 million. “

Xia Yuwei looked at Zheng Yuan without speaking, but left with a smile, ten million, what is in the game.

in the game.

Lu Yang was leading the team to upgrade at the Red Fort, and a prompt reminded that Xia Yuwei was online.

This is the friend reminder function. Everyone, such as Zhuojiu and White Lion, is friends with Xia Yuwei, and they all got news to look at Lu Yang. At the same time, the heads and captains of the regiments who belonged to Xia Yuwei also turned their eyes to Lu Yang.

Many have a good relationship with Xia Yuwei, and even anxiously sent a message to Xia Yuwei to ask her opinions, whether to leave the guild or stay in the guild, which determines the future of many people.

Xia Yuwei didn't reply and started a video call directly to Lu Yang, saying, "Boss, I'm back."

Lu Yang saw Xia Yuwei lying on the bed at the St. Gall City Hotel and posted a video herself. Xia Yuwei's hot body was clearly visible under her light pajamas.

"Sister, please change your pajamas before sending me, boss, I'm also a man." Lu Yang joked.

"Ah ~" Xia Yuwei found her embarrassment and quickly closed the video to change clothes. After 30 seconds, Xia Yuwei reconnected.

"Boss, you dare to say this, I can't spare you in my life." Xia Yuwei said angrily, if not for fear of Lu Yang's anxiety, how could she make such a mistake.

Lu Yang said quickly: "I promise not to say, promise, absolutely not to say."

Under repeated guarantees, Xia Yuwei only spared Lu Yang, and explained what happened at home today with Lu Yang in detail.

Lu Yang guessed that Xia Yuwei would suffer today, but did not expect that his parents would invest in it.

Lu Yang didn't expect that Xia Yuwei would be so frank with him, which moved his heart even more. Obviously, Xia Yuwei regarded him as a true friend, and really regarded the Brotherhood of Iron Blood as home.

"Yu Wei, you have worked so hard, believe me, your stay in the Jagged Brotherhood is a right choice. In the future, your achievements will be much higher than if you started the guild yourself." Lu Yang said.

"I believe in the boss." Xia Yuwei said happily.

Suddenly, Xia Yuwei was a little worried and asked, "Boss, what about the 100,000 people at the recruitment office, I don't know what to do."

If anyone now sees Xia Yuwei, the queen of roses, who is elegant and noble, with a look of contempt, she will have such a childish expression, and she will be stunned and wonder how it is good. Even Zhang Zibo and Shen Mengyao have not seen Xia Yuwei's expression.

Lu Yang said with a smile: "This matter can't be simpler, you can solve it with just one look."

"A look?" Xia Yuwei asked curiously.

"You do as I said, and leave everything else to me." Lu Yang taught Xia Yuwei little by little the solution she had previously thought of.

"Boss, can you do it?" Xia Yuwei looked at Lu Yang with a confused look.

"I'll take someone with you, there is absolutely no problem." Lu Yang said.

Recruitment Office.

"Where is the goddess Yu Wei, why hasn't she come online yet? Is your brother-in-law brotherhood not allowing him to build an independent gang, threatening her."

“You will not surrender Xia Yuwei anymore, we have settled your Jagged Brotherhood.”

...

After a day ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ The players gathered here not only have not decreased, but more and more, not only the players from St. Gall, but also Beifeng City, Hannibal City, Sea Emperor City and more Far from the ancient city of thorns players come here.

Tu Feng looked at this situation with the 50 players in the recruitment office helplessly. The original war made the Brotherhood of Iron Blood more popular and wanted to join, but now this situation is blocked.

“What can I do, Boss Tu.” A recruited player asked.

Tu Feng thought, I also want to know what to do. Just when I was about to speak to signal everyone to hold on, suddenly, a purple streamer fell from the sky, and Xia Yuwei in a purple dress fell on the recruitment platform.

“It’s Xia Yuwei.”

“Queen Yuwei is here.”

“My goddess.”

...

One hundred thousand players excitedly shouted and rushed towards Xia Yuwei.

## Chapter 289 - Perfect solution

Just when they arrived 10 yards from the high platform, a golden chain blocked everyone out.

“Goddess Yu Wei, please establish a guild, we are willing to fight for you.”

“Goddess I love you.”

...

If 100,000 players are crazy, there is a great momentum in the concert of the four great kings in the 1990s.

Xia Yuwei was indifferent to the confession of the 100,000 players in the audience. With an contemptuous look, she swept the audience with grace, and the 100,000 players in the audience were quiet for an instant.

“You all say you love me, but let me betray my faith and leave the Jagged Brotherhood. Do you think how the world would look at me?” Xia Yuwei’s elegant and noble voice passed into everyone’s ear.

One hundred thousand people were stunned in their place. Their love for Xia Yuwei far exceeded that of themselves, and no one was allowed to hurt Xia Yuwei.

Xia Yuwei went on to say: “Iron Brotherhood has its own share, and I am also one of the shareholders. You really want to join my Majesty. As it happens, I am preparing to establish a 10,000-strong guard, which is qualified. Just go to the recruitment of the Jagged Brotherhood, and half a month later, I will choose among all the newcomers. “

At the same time, dozens of guild presidents such as Old Man, Dominion, Black Blood, and Bloodthirsty Bullet, who were watching the live broadcast, smashed into the table with sorrow.

“Xia Yuwei actually has a stake in the Jagged Brothers Alliance.” The old man in twilight said in surprise.

“Fuck, it failed again.” Hei Xue cursed.

In this upsurge, in fact, dozens of guilds, such as Late Twilight and Dominion, were pushing behind the scenes. What’s even more amazing is that these dozens of guilds participated in it without any discussion.

The purpose is to weaken Lu Yang.

Unfortunately, they never thought that Xia Yuwei’s willpower was so firm, far from the 16-year-old girl who looked outside.

Watching the 100,000 players rushing to the recruitment site of the Brotherhood of Iron and Blood, the old man in the twilight said bitterly, “We are helping to establish a super guild in Luyang.”

Xiongba didn’t care to say, “What is the use of many people, no equipment drawings, no potion formula, no enchanting materials, no matter how many people, it is just a casual group.”

He nodded slowly, he was in favor of the words of the hegemon. He didn’t say anything more and left separately. In fact, they didn’t need to say more. In the next step, Lu Yang will be their target.

In St. Gall, there is a super guild Necromancer Black Sword which is very unpleasant, and the appearance of a more united super guild is absolutely not allowed.

Office of the Brotherhood of the Iron Blood in St. Gall.

More than 20 people including Zhuojiu Pour and Bai Shi Sanxiong were watching Xia Yuwei with excitement.

“Yu Wei, it’s really good that you didn’t leave.” Zhuojiu said on behalf of everyone.

Xia Yuwei smiled and said, "You haven't left, isn't it enough that I left?"

On the way back, Lu Yang told Xia Yuwei about the collective purchase of the senior members of the Jagged Brotherhood by the major guilds.

"Fortunately, we didn't leave, we are still family."

"Happy, this is really too happy, it's really an honor to be able to meet you," Zhang Zibo said.

"Haha, this is an honor for all of us." White Wolf said.

Lu Yang said sincerely: "The external forces did not let us fall apart, but made us believe more in each other. I thank you for your trust in me."

The white wolf said: "Boss, this is what we should do, but this time we can't just let it go, black blood and bloodthirsty domineering are just fine, this bully and twilight are too jerk."

Lu Yang said with a smile: "Rest assured that no one can stop the rise of our Jagged Brotherhood this time, and they will pay for it."

Han Ying, Han Fei, Han Yu and Mu Yu walked in from the door.

Bai Lang and others looked at Lu Yang in surprise at the same time.

"Boss, they, are they?" Zhuojiu had a feeling of excitement, and his heart was excited.

Lu Yang said: "You guessed it right, four of them are my brother and sister, all my family in real life."

Han Fei said: "I would like to ask your advice in the future."

Zhuo Jiu said in a stunned state, "Boss, you are hiding too deeply. Some of them are great gods."

Silver Knife Han Fei became famous in the World War I fortress, and the title of Space Killing God spread widely. People of the Bloodlust League once murmured at the same song that was also a space thief. He can't do it, he will lose against the silver sword.

Yin Feng Han Yu also became famous in the first battle, and the killing stunts of 100 yards made anyone change the style of Yin, because 100 yards is beyond the sight of many people, and offending Yin Feng may not even know how to die.

It is self-evident that Red Night Han Ying has not defeated the Lord of Hellfire without him in the first Battle of Mount Shelhe. Mu Yu, the Thunder Mage, has repeatedly used the forbidden lightning storm to help the Iron Brother Brothers win the battle.

"Boss, with four of them joining, our strength has improved a lot." White Lion said.

"What a single person is, show you this." Lu Yang waved.

Han Fei and Han Yu put the bag in their hands on the table, and Zhuoju and others came forward to investigate.

"Dark gold-level death ring, necklace, and guards, I finally saw you." The white wolf took out a whole set and directly put it on his body.

"There are also magic steel suits and impeccable suits, both of which are 100 sets," said the turbid wine with surprise.

So far, the drawings hit by the guild include warrior output courage sets, death sets, defensive magic steel sets and unassailable sets, mage fire sets, and rogue assassin suits sent by late ~~ One part is responsible for building one part, and the other is responsible for building one part by Han Zhong. However, the materials required to make the magic steel cover, death cover and impeccable cover are too difficult to find, and only 9 of them have been created after 9 days.

White wolves and others have got the courage suit before, but they prefer the dark gold death suit, because the death suit can perfectly stack with the courage suit, and increase the attack power by 626 points.

Lu Yang said: "This first 300 sets of equipment are evenly distributed among your five teams. I will gradually equip you with gems and enchantments after a while. From tomorrow, we will fully open up the red fortress. After you send the equipment, After getting the transfer certificate to complete the transfer task, I was asked if I didn't understand. Sun Yu and Hei Yan stayed. "

A total of 10 transfer certificates, Vulcan M16 and Han Liu and others ran to transfer each other, and those who transferred to Zhuojiu and Bailang were responsible for bringing equipment to the red fortress to issue equipment.

In the blink of an eye, only Sun Yu, Jiang Ze, Hei Yan and Tu Feng, and sister Han Ying were left in the room.

"Boss, what is it?" Sun Yu asked standing next to Mu Yu. Peers of the same age easily became friends. Just now Sun Yu and Mu Yu added friends to each other.

## Chapter 290 - Lu Yang Fawei

Lu Yang asked, "Start tomorrow, take 20,000 people from your regiment to Fenglei Heights."

Sun Yu asked with a bright eye: "There is the junction between the old man and us, and there are a lot of people who are up there."

Lu Yang said: "Both call me out, and we will have the final say in the north."

“Yes,” Sun Yu said.

Tu Feng asked, “Will Twilight accept us to do this?”

Lu Yang said with a sneer: “The man who dug me secretly is also involved in Xia Yuwei’s affairs. If I don’t clean him up, he will intensify.”

Sun Yu said: “Boss, as long as the late people dare to fight with me, I will definitely wipe them out.”

Among the 6,000 players who reached the 30th level in the whole group, Sun Yu had 1,200 people, accompanied by more than 50 top masters such as black notes and red leaves flying, Sun Yu was very powerful.

Lu Yang nodded and said, “I believe you can do it, but this time the purpose of the killing is only to create confusion. Your real purpose is to kill the wind element lord on the thunder high ground and the elite wind element guardians around it. The magic core on them. “

“Boss rest assured, I will complete the task.” This is what Sun Yu admires Lu Yang for the most. He always does nothing for the enemy.

Lu Yang said: “Tell you a secret in advance, the wind element magic core can open the most rare wind and lightning hunter transfer career in the service.”

“Thank you, boss.” Sun Yu ran out happily.

Lu Yang told Jiang Ze: “There is news from the recruitment office. After review, there are more than 50,000 players who have met the standard. Tomorrow, you will personally take these 50,000 people to the Redwood Forest near Black Rock City.”

Jiang Ze asked: “Dominant territory? Will he give in like the old man in the twilight?”

Lu Yang said: "He dare not budge. The 50,000 people you bring are lunatics who are determined to join Xia Yuwei. Zhengchou has no chance to show Xia Yuwei. If there is any dissatisfaction with the hegemon, you will fight."

"They are all masters of level 25 and above. When they fight, they will become elite members to join Xia Yuwei's qualifications. Even if the hero is brave, it is worthwhile to weigh this battle."

Jiang Ze said with a smile: "The bully must be mad at you."

Lu Yang said: "We will not let this place out after we occupy it. My purpose is not to get angry with the hero, but to have an elite Hydra every day. Yes, the drop of Hydra from the Hydra is a necessary condition for learning Dragon Breath. "

Jiang Ze nodded and said, "I understand what you mean."

"Hei Yan, you go with the Fire Hundreds, but don't learn Dragon Breath, I have something better for you in a while." Lu Yang said.

"Good boss." Hei Yan said.

Regarding Hei Yan's transfer career, Lu Yang had long thought about it, that is, Master Hei Yan, the transfer certificate is on the boss of the Red Fortress.

Lu Yang said to his sister Han Yingsan and Mu Yu, "You continue to go to the ancient magic cave to draw drawings and emerald crystals."

"Yes," the four said together.

Watching all the people leave, Lu Yang punched on the table in an angry punch. Today is really dangerous. The two teams of Zhuojiu and Baishi Sanxiong have a very high reputation in the guild. If they are dug out, the guild At least half of them walked away, which was even more hurt than Xia Yuwei's escape.

Fortunately, their true brothers who talked about morality didn't leave, but this matter couldn't be ignored. Lu Yang decided that he must let the \*\*\*\* pay the price.

Early the next morning.

Just when the old man was just awake, Liefeng Qingfeng's phone number came over and said in a panic, "Boss, something serious happened. 20,000 people of the Iron Brotherhood, led by Sun Yu, occupied Level 20 of the northern part of St. Gall. In the leveling zone between the 30 levels, all the players we had upgraded there were killed."

"What?" The old man in the twilight sat up quickly and said, "tell me carefully what's going on."

Liquor Qingfeng hastily said, "Beginning at 7 am this morning, Sun Yu suddenly took 20,000 brothers of the Jagged Brothers to the leveling area on the north side of St. Gall. There was originally occupied by our 3 legions. I do n't know why. A clash broke out, and a group of 1,000 soldiers was killed by Sun Yu's team."

The old man twilight frowned and asked, "Sun Yu? Is that apprentice of Lu Yang, is there any further action he can take?"

Liquor Qingfeng said: "Sun Yu asked the head of the 3 Corps to tell you a word, saying that after the iron blood brothers alliance in the northern part of St. Gall was occupied, the people of the Zijin Dynasty were forbidden to come again."

Crowd frowned for a moment, then breathed a sigh of relief, and said, "I know, let's just forget about this, Lu Yang is retaliating against me."

Liquor Qingfeng did not speak on the phone side, because he was a little upset about the twilight. He dug the corners of his allies and encouraged his allies to stand on their own. These things are not good to say, although this is the reality.

"What about the leveling sites of the 3 Legions?" Lie Qingfeng asked.

He said, "Let's talk when I'm online."

in the game.

Chi Mu just went online, didn't wait to talk to his subordinates, and was suddenly pulled into a special space by the hegemon.

"Brother, what's wrong," asked Twilight.

"This Luyang is too much. He even sent 50,000 people to the Sequoia Valley, not far from the Black Rock Fortress, and said that after they occupied there, I sent people to the theory, and they all killed me back." Xiongba said angrily.

He twilighted for a moment and said, "Looks like we all know about the angle-digging, this kid is revenge on us."

"You've been attacked too?" Xiongba asked.

"Hey, Lu Yang sent his main general Sun Yu with 20,000 people to run away a legion in the northern highlands. I killed more than 1,000 people." Chi Du said.

The hegemony's anger calmed down and asked in surprise: "What on earth is Lu Yang doing, does he want to break with the two of us?"

Chi Mu thought for a while and said, "It shouldn't be that the three of us depend on each other. He's mostly warning us this time. Forget it, let's be two of us."

Xiongba said, "Why is this Lu Yang so narrow-minded, which game guild has not been dug by other guilds? Why is Lu Yang so big-tempered, really when he has a lot of people, is it amazing?"

Chi Mu persuaded: "Be patient, after all, it is a child. It is normal to be young and vigorous. At least he did not occupy our territory, proving that he is still rational."

Xiongba frowned and said, "I'm afraid that the people under him are irrational. You don't know. The people who came to me were his newly recruited Queen's Servants. Lu Yang gave rules that he had participated in the foreign war of the Jagged Brotherhood at level 25 In order to join Xia Yuwei's Majesty, Jiang Ze, with these 50,000 people, can't wait to fight against me now. I'm preparing for it. "

Chi Wu quickly said: "Brother, you must hold back, these 50,000 people did not spend a penny of Lu Yang, they voluntarily fought and bought equipment out of their own pockets. In order for Xia Yuwei to fight against you, this kind of battle You can't afford it ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ This is what Xiongba worry about, saying, "What can I do to let him occupy Sequoia Valley? It only takes 2 hours to attack my fortress from there. Now I dare not open up the wasteland fortress with all my strength. "

Chi Wu reluctantly said, "Brother, let me know, don't fight anymore. In the past two days, you have to bear it. After a while, I will find a way to let Lei Long and Lisi talk to help persuade."

Xiongba's original intention was to find the twilight to put pressure on Lu Yang together, but twilight admits that he withdrew from the special space without saying a word.

Black Rock Fortress.

The domineer watched the vaguely visible members of the Jagged Brothers Alliance in Sequoia Valley distantly punching the city head.

Qu inadvertently asked: "What did Chi Mu say?"

"That old \*\*\*\* won't help me," Xiongba said.

"Boss, then we can't fight." Huan Feng asked.

"Whatever you fight, fight with me, just when the group doesn't exist." Xiongba said.

## Chapter 291 - Lava Lord

In the Sequoia Valley.

A group of players followed in full strength behind Jiang Ze.

“Boss Jiang Ze, did our president really say that you can join Her Majesty Yuwei in a fight?” A bald warrior watched with excitement from more than 50 players in the distance. More than 50 people successfully killed 200 people of the Bloodlust Alliance, and Jiang Ze was informed that he could run for Xia Yuwei’s Queen’s Guard.

Jiang Ze said: “Just having qualifications for election, Yu Wei only needs 10,000 people, and you have 50,000 people.”

“I wipe, I will be selected after 15 days. No, I will attack the fortress of the hegemony.”

“Destroy the hegemon, grab the fortress and give it to Goddess Yuwei as a gift.”

...

The emotions were turbulent, and Jiang Ze, who was watching his head full of black lines, hurriedly stopped these people and said, “Don’t make a fool, and then say blindly that I fire you all.”

“Boss, you speak.” A group of hot-blooded teenagers suddenly turned into obedient babies, each frowning.

Jiang Ze said: “That’s right, they all take the team to upgrade, wait until the black and white brothers detect the information before making a decision.”

Mentioning the two men, the surrounding people couldn't help but change their faces and went back to lead the team.

Before long, beside the open space under the scorching sun, a glowing player suddenly appeared, as if walking out of the sun.

At the same time, a dark shadow appeared under the shade of the tree, and the two respectfully said to Jiang Ze, "Boss, we are back."

Jiang Ze nodded with satisfaction. The two were known as light and dark thieves. One was transferred from an ordinary thief to a white rainbow thief that can be hidden in the light. One was transferred to a shadow thief that can be hidden in any shadow. This is this. Two of the best players among a group of players.

However, neither of them could beat Jiang Ze. Jiang Ze, who held the death messenger, was transferred to the Necromancer, possessing a soul-searching skill. As long as a human was within 20 yards of him, he could perceive each other.

Unless the other is an undead, and as it happens, both brothers are human.

When Jiang Ze just accepted the order to lead the team this morning, the two refused to accept it, and Jiang Ze PK was hidden by Jiang Ze in nowhere, and now he dare not have any disrespect for Jiang Ze.

"Well, what's the news?" Jiang Ze asked.

"Xiongba gave up the battle with us, leaving some people outside the fortress, and some people entering the fortress to wasteland." Bai Hong thief said looking up at Weiguang.

"Does the bully admit counseling?" Jiang Ze, who is known as a fierce and arrogant bully, will admit counseling, which makes Jiang Ze anxious.

The shadow thief Xia Ye Chenfeng said: "Hey, I was not far away from him at that time, the bully was so angry that he had a temper against his men. Is he really as powerful as the legend outside?"

Jiang Ze said with a smile: "Perhaps your Queen's Guard is too big, and the hegemon does not dare to confront you."

"Boss, what shall we do next?" Asked looking up at Weiguang.

"Daguai upgrades and collect materials, we nailed it here, until the tyrant took the initiative to find the boss to admit his mistake." Jiang Ze led the team quietly to the Hydra.

"Yes," the two said together.

On the other side, the same words were also spoken in Sun Yu's mouth. After seeing the late Third Army retreating from Fenglei Heights as a whole, Sun Yu ordered 100 thieves to stealthily inquire about the news, and took the others into Fenglei Heights to fight the magic core.

On the 100-yard high wall in the middle of the red fortress, Lu Yanggang climbed to a 40-yard height with a rope, and received a message from Sun Yu and Jiang Ze.

"Count your two acquaintances." Lu Yang nodded contentedly, escaping with a dagger in his hand.

The escape dagger with a blue light spins up at high speed. When it rises to a height of 30 yards, the blue light flashes, and Lu Yang holds a dagger in the sky at 70 yards. In front of him is a smooth city wall that can not be caught within 5 yards. Below is the abyss that must die after falling.

Just when Lu Yang was about to fall, a white light flashed, and Lu Yang continued to flash upward for 30 yards. When Lu Yang appeared again, it was just flush with the top of the city wall.

The rope was thrown out in the middle of the female wall. Lu Yang pulled it hard, his body flew towards the city wall.

“An enemy attack, an enemy attack, an enemy invades.” A dark dwarf found Lu Yang and shouted loudly.

Blackrock Dwarf (Elite)

Level: 40

Qi and blood: 250000/250000

More than 200 dwarves rushed towards the landing wall in the city wall. Lu Yanggang jumped on the wall and a sound of wind sounded.

More than 20 dwarves collectively launched their charge skills at Lu Yang. Just before they rushed to Lu Yang, Lu Yang launched a verdant heart and his body turned into a green illusion.

A sense of dizziness came, and Lu Yang was stunned by the dwarf who rushed in front of him, but the dwarves could not attack Lu Yang in a state of nothingness.

Just as Dwarves landed around Yang and waited for the end of nothingness, a clear hissing sounded, and Phoenix was summoned by Lu Yang and flew away.

More than 200 dwarves collectively chased the phoenix toward the distance.

Lu Yang breathed a sigh of relief by leaning against the wall and said, “It’s dangerous, I almost hung up, and it’s still a bit reluctant.”

System prompt: you found a crater

This is the play mentioned in the Raiders of the previous generation. Lu Yang got up at four in the morning and climbed along the outer wall of the red fortress for 3 hours before coming here.

Where he is now is the top of the Red Fort, and is also the location of the final boss.

It is rumored that the Dark Iron Dwarf Tribe accidentally got a celestial meteorite thousands of years ago. This meteorite is so hard that no flame can melt him.

In order to forge it into an artifact, some people devoted it to the Dark Iron Dwarf. Black Rock Mountain was once an active volcano. Although it is quiet now, as long as it is dug into the depths to draw out the magma, the high temperature of the magma will definitely melt this extraterrestrial meteorite .

The black iron dwarf king is obsessed with extraterrestrial meteorites ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ and took the whole tribe to Heishi Mountain. Sure enough, the interior of the mountain is exuding high temperature, and there must be magma flowing underground.

The Dark Iron Dwarf King ordered 100,000 Dark Iron Dwarves to dig up Black Rock Mountain. One year later, they successfully dug out the magma. When the Dark Iron Dwarf was excited, a lava troll emerged from the magma.

The lava troll caused a volcanic eruption, half of the 100,000 black iron dwarves were killed and injured, and the rest were enslaved by the lava trolls. The black iron dwarves on the city walls were the descendants of the dwarves enslaved.

The reason why Lu Yang did not attack is because these dwarves have follow-up missions, as long as they kill the final lava trolls and rescue them, they can trigger.

“Roar ~!” A roar came from a distance, Lu Yang glanced, and a 10-meter-tall lava troll slowly rose from the magma.

“Damn slave, how dare you bother me to rest.” A reddish light appeared in the hands of the lava troll. After sweeping the phoenix and the dwarf in front, all the phoenix and more than 200 dwarves died.

“Lava will occupy the world ~” Lava troll roared loudly.

## Chapter 292 - Magic Wand

Lava Lord (Lord Level)

Level: 40

Qi and blood: 1600000/1600000 (20000000/20000000)

This is the final boss of the Red Fortress. It ranks second among the four lord monsters of the same level. In the information of the previous life, the Lava Lord has a total of 4 skills.

**Blazing Laser:** Releases a laser beam at the target, causing 8000 damage per second to the target for 10 seconds.

**Lava Wrath:** Every 30 seconds, the Lava Lord gains strength through the lava under his feet, adding 50% additional spell damage and infinite stacking.

**Doomsday Meteor:** Summons a fiery meteor from the sky to attack a target area of 50 yards, inflicting 10,000 damage.

**Volcanic eruption:** The lava lord summoned the lava from the Black Rock Mountain to the ground, and the target in the lava suffered 3000 points / second damage.

Although Lava Lord has less blood, each skill can cause great damage to players within range.

The boss of the previous bloodthirsty alliance opened up wasteland until the 40th level gathered 60 dark gold equipment masters barely hit the past.

The reason why it is so difficult is the 2 skills of Lava Lord Lava Fury, which is a buff skill. Although it can be stolen by the player and converted to himself, it can only steal 2% at a time, and it needs to be stolen 25 times. .

After stealing, the skill can only last for 5 seconds, and a regular mage can only use one skill after stealing. This leads to the fact that if the mage steals the skill, there is no output, and if the skill is not stolen, it will be destroyed twice.

However, for others, this problem did not exist for Lu Yang. Just as 200 black iron dwarves ran into the range of the lava lord, the power of the lava lord automatically increased according to the number of enemies.

Lu Yang saw the number in the brackets disappear gradually, panting, and after moving his body, he turned on the blazing speed and ran towards the lava lord under the blessing of twice the speed.

The lava lord's body had returned to half, and he saw Lu Yang come out again.

"Damn slave, let human beings invade here, I will burn you to ashes."

The lava lord pointed his right finger at Lu Yang, and a hot beam of laser blasted towards the landing sun. Lu Yang hurriedly sideways to avoid while calling out a fire phoenix with the spell in his mouth.

The crimson laser moved very fast. Just when Lu Yang couldn't avoid being scanned, Lu Yang jumped up, using the forward force to pose in a jumping forward roll, avoiding the laser attack.

The phoenix flew into the air and continuously spit out fireballs in his mouth to attack, but the first hatred of the lava lord was on Lu Yang, and he constantly used a fiery laser on Lu Yang.

Lu Yang steals spell spells while evading skills, stealing 1 layer of Lava Fury every 1 second.

At the 25th floor, Lu Yang waited for 3 seconds before stealing. After avoiding a hot laser, after 30 seconds, the lava lord again gained a 50% increase in damage.

Lu Yang took this opportunity to drink a bottle of magic potion to continue stealing.

...

When stealing for the 11th time in a row, Lu Yang's spell damage increased by more than 500%. At this time, Lu Yang changed his method. Each time he stole a layer, he released a Pyroblast, and the effect disappeared in the next second. Lu Yang read the spell again to steal.

"12864" (Critical Strike)

Lu Yang's output per second is equivalent to the output of a small team of 20 people. In less than 5 minutes, the Lava Lord's health has dropped to 50%.

"Humans, you have to pay for your stupidity." Lava Lord roared, and suddenly the top of the scorching sun was covered by a shadow.

Lu Yang looked up and saw a huge epidemic falling from the sky falling from the sky, and Lu Yang quickly threw out the escape dagger.

The escape dagger with the power of space met the doomsday meteor and easily penetrated it. At this time, the doomsday meteor was less than 30 cm away from Lu Yang's body.

Lu Yang had no idea if the escape dagger had penetrated the doomsday meteor. If not, he would have failed to escape. In that case, he would surely die.

However, at this time, Lu Yang didn't have much time to think. With the gaming experience of the previous life, Lu Yang bet he would succeed.

With a flash of blue light, Lu Yang appeared in the 30-yard sky, and he succeeded.

With a bang, the apocalyptic meteor hit the ground, raising a cloud of dust.

“Roar ~!” The lava lord saw Lu Yang escape, and roared, and his right finger released a fiery laser to Lu Yang in the air.

Lu Yang’s white light flickered before falling on the ground before the red beam arrived, and the spell was spoken in his mouth—spell stealing.

The Lava Wrath, which had only 1 second left, has become 5 seconds again. At this time, Lu Yang’s Lava Wrath has been superimposed to 1200%.

“30000” (Critical Strike)

Lu Yang hit the Lava Lord’s head with a blast, and hit a horrible figure.

Normally, a normal level 30 player is able to hit 700 damage, which is very good. Lu Yang’s damage is now dozens of times.

The lava troll’s health decreases rapidly.

40%

35%

...

20%

“Human, you have completely angered me and tasted the magma.” The lava troll raised his hands above his head and uttered a spell in his mouth.

This is the prelude to the last volcanic eruption of the lava troll, which takes a total of 10 seconds.

“Inflammation”

Lu Yang yelled and turned into a 5 yards high flame demon, taking this opportunity to keep saying the spell, the meteorite impacted one by one and hit the lava troll. At the same time, once the lava’s fury reached the last At that time, Lu Yang immediately stole a layer of skills and always remained in a state of lava fury.

“33280” (Critical Strike)

“35686” (Critical Strike)

“37988” (Critical)

...

In 10 seconds, Lu Yang hit nearly 400,000 injuries, and the lava troll only had more than 300,000 blood. Before he could release a volcanic eruption, Lu Yang was directly killed on the ground.

System prompt: You killed Lava Lord (Lord Level)

You have gained 42653 experience

A crimson light flashed, the lava lord’s body became fragmented, and eventually fell to the ground. The magma in the Black Rock Mountain quickly disappeared and a huge pothole appeared.

Lu Yang came to the corpse of the Lava Lord and looked around ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ A crimson staff fell to the ground, exuding a sacred light.

Magic Wand (Famous)

Level: 30

Attack: 36—68

Constitution: +50

Intelligence: +60

Spell Damage: +226

Spell Critical: +50

Spell hit: +50

Special effects: After the spell hits the target, it has a chance to trigger the demon inflammation effect, causing an additional 30 points / second damage to the target per second, which can be stacked for 10 layers for 10 seconds.

Lu Yang lamented and picked up this weapon. There is no one of Fire Master's top 30 weapons, but he was not going to use this. He put it in his backpack and continued to look at the ground.

Chapter 293 - Dark Iron Dwarf Hidden Mission

Admission Letter of the Black Magister

Sure enough, like the last bloodthirsty domineering interview, the admission notice of the black demon guide also burst out.

Of all the transfer occupations, except for the top-level Red Mist Army Corps, the second place is the admission notice of the dark guide.

Anyone who becomes a black wizard, the magic that is released will become a black flame with higher damage. The black \*\*\*\* of the last life can become a black god, just because he transferred to a black wizard.

Although Lu Yang has changed his position, he can still join the black magic guide after getting the black magic guide notice. However, without any hesitation, Lu Yang decided to send this notice to his younger brother Hei Yan.

When you are strong, after all, your manpower is sometimes poor, and only when the people around you are strong can you be really strong.

Continue to look at the falling objects, a black meteorite fell to the ground.

Meteorite, description: A black meteorite.

This is the culprit that caused the entire Black Iron Dwarf family to be enslaved for thousands of years, and it is also a symbol of wealth. Lu Yang first put it into his backpack.

Looking around, Lu Yang found that many black iron dwarfs gathered around him. However, their names were no longer red and hostile, and they aroused green friendliness.

An old black iron dwarf headed to Lu Yang and said respectfully to Lu Yang: "Adventurer, thank you for saving us from the slavery of the Lava Lord. If you hit the Red Fortress siege order, we are willing to respect Bless you as the new owner of the Red Fort. "

Lu Yang took out the siege order from his backpack and asked, "Is this it?"

The old dwarf Morodo said excitedly: "It is him. If you want to control this fortress, please put the siege order into the idol next to the crater."

Lu Yang understands this set of rules. He also occupied a small fortress in the last life. He followed the old dwarf Morodo to a statue next to the caldera. There was a fortress siege slot at the foot of the statue. Lu Yang would attack the city. The order was placed on it.

System prompt: Congratulations to player Lu Yang for successfully occupying the fortress.

Lu Yangqiang resisted his inner excitement and chose to refuse. It is not yet public when he is not in a hurry. He will never make the mistake of the last life.

Among Lu Yang's skill icons, a fortress-like icon appeared. After Lu Yang opened, a purchase box appeared, with more than ten pharmacies, hotels, equipment stores, vaults, parliament halls, rest halls, and back to the city. One building option, the cheapest of which is to build 1,000 gold coins in the rest hall.

This is the most criticized design of the "Second World" in the previous generation. In order to stabilize the overall price of the Second World, the official injection of cash flow is one of the measures. On the other hand, "Second World" carried out game currency. Recycled multiple times.

For the first time, it was to build a fortress!

The fortress plays a very important role in the game. First of all, when the player goes offline to rest, the character does not disappear, but stays in place. If it is in the main city, it will be okay, it will be killed in the wild.

At the beginning, no one thought this design was cumbersome, but when players reached more than 10 levels or even 20 levels, they found that it took 1 to 2 hours to reach the upgrade point.

This caused great distress to the players. Many people don't want to waste this time, but there is no place for offline rest, and the fortress can play this role. The fortress can build a hotel for the player to rest.

Each fortress is built in a level 30 monster zone. As long as the player rests in the fortress, the time wasted every day will be greatly reduced. Based on this one, the fortress will be able to advance into gold every day.

What's more, the fortress can provide various trading services. Many players are too lazy to get the main city to sell materials. The price can be traded almost at the same place. The fortress can be sold for a difference, sometimes even more profitable than a hotel.

There is also the most important thing. The fortress can build its own vault. In the future, there is no need to worry about where to put the material. It can be placed in the vault. It is isolated by a high wall. Unless the fortress is broken, it is the safest place. .

However, building these things is too expensive. A hotel costs 10,000 gold coins and can only accommodate 500 people. Upgrading also costs money.

One silver coin that protects the city wall seems to be cheap. It actually needs 100,000 yuan to circle a small place.

If you want to get a qualified fortress, it will cost at least about 100,000 gold coins. This money is not available to ordinary players. The boss of a large guild also needs to weigh and consider it worth it.

However, once the fortress is successfully operated, it will take less than a year and all expenses can be recovered. The second year will start with net profit.

Lu Yang's current blacksmith shop and pharmacy add up to only 7,000 gold coins per month. These money cannot be used. He used it to pay his salary.

He could only think of another way, but this way he had already figured out, just on this piece of sky meteorite in the backpack.

Morodo, the old dwarf, said to Lu Yang coldly: "Is there anything you can ask me about the Lord of the Great Fortress?"

Lu Yang took the meteorite out of his backpack and said, "I just got this meteorite from the lava lord, and I want to give it to you."

“Really?” Morodo looked at Lu Yang excitedly.

“Of course.” Lu Yang handed the meteorite to Morodo.

System Tip: Respect your reputation in the Dark Iron Dwarf Horde

“Oh ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ Our tribe, you have finally returned to us.” Morodo held the meteorite iron as if he was cuddling his newborn child, and said, “The Lord of the Great Fortress, The Black Iron Dwarf Tribe is willing to provide you with any services in the future. May I ask what we can do for you? “

A quartermaster purchase interface appeared in front of Lu Yang. On this, Lu Yang found the 15th-level gold equipment drawings of the Warrior Department and Mage Department he wanted most.

In the previous life, Bloodthirsty Batian had said this task in an interview. At that time, he got the meteorite and thought that it could be forged into an artifact. Therefore, he has been sending people to find the next place to start the task. However, he reached level 50. could not find it.

The Dark Iron Dwarf who had respected him inside the fortress became more and more indifferent to him, until one day the Bloodthirsty Domineering threw the extraterrestrial iron on the ground because he could not find out why, and rolled into the Dark Iron Dwarf. This triggered the task.

Later, a player ranked one of the most regrettable task rankings, this task ranked 19th.

Lu Yang chose two drawings, each of which bought 50 sets, and then sent a message to Han Zhong, saying, “Master, I am going to expand the size of the smithy.”

Chapter 294 - Fortress building

“It should indeed be expanded. Our tide suits have sold well in the other three main cities. At least 60 people have to be recruited to reach full capacity.” Han Zhong said.

More and more people are entering the game. According to the official real-time data, there are more than 800 million players worldwide.

Lu Yang sent the drawing to Han Zhong and said, "Master, look at this."

Seeing the drawings, Han Zhong was surprised and said, "Grade 15 gold equipment, Xiaoyang, where did you get the energy production?"

Lu Yang said: "It can be mass-produced, as many as required."

Han Zhong thought for a while and said, "At this stage, the earliest batch of players who joined the game have reached level 15. It is precisely when there is a lack of equipment. With this batch of gold equipment, we can make a lot of money."

Lu Yang said, "I mean the same thing. First recruit according to 200 people. The main recruiting place is the slums and the surrounding schools. I can't walk away recently. Master has to trouble you."

Han Zhong said with a smile: "I'm still very kind with Master. Rest assured, I will strictly check and instantly pick you up if you can help you."

"Thank you, Master." Lu Yang said, in terms of training masters, Han Zhong is definitely a first-class master.

"How to solve the problem of the house. When we recruit people, the house is not enough." Han Zhong asked.

A total of 200 people, even if there are 8 people in one room, 25 rooms are required.

Lu Yang said, "The house has been found. It is the dormitory building of the steel mill behind us. The other party agreed to transfer it to us at a low price."

After the relocation of the steel mill in the suburbs, it has become a no-man's land. The house cannot be sold at all. Lu Yang has the intention to acquire it. The steel plant immediately agreed to transfer and the low price for Lu Yang left Lu Yang without think.

Han Zhong said with a smile: "It's comfortable to do business with your kid. Then I'll be fine by the afternoon, so I'll take Xiao Liang and Lu Zhaoyu to recruit people. Don't worry."

"Ok."

Lu Yang turned off the intercom.

JAC suddenly sent a message, saying: "The mercenary association's sales came out this month, and a total of 17,000 gold coins were earned, and we received 3,400 evenly divided among the five."

Lu Yang said for a moment, "So much."

Jianghuai said proudly: "Then I do n't see who is in business. Brother, but I have expanded my business to Hannibal and Beifeng City. The only money I make is because everyone 's level is too low. If everyone 's level is At higher points, I can make more money. "

Lu Yang said: "It's hard for you three, and as the brother's master, 300 gold coins will be given to you three as prize money."

300 gold coins is equal to 90,000 credits, with an average of 30,000 per person.

Jianghuai said: "Don't give money like this. The idea is from you. The manpower is also from the five guilds. We are just errands."

Lu Yang said, "Don't be polite with me. We are now a guild. The reward and punishment scores are clear. You do n't need it. How dare you ask for money after you have done it?"

Jianghuai really couldn't find anything to refute Lu Yang, and thought about it and said, "Well then, I'll take it and go back and talk to my dad."

Lu Yang said with a smile: "What is this, have you ever thought about coming out of the mercenary association and being a regiment commander, the income is more than now."

Jianghuai pondered for a few minutes before answering to Lu Yang: "No, I still feel that I still like to do business. The mercenary association has been organized little by little since the establishment of the association. It really made me so let go. I couldn't bear it. forget it."

"Well, the mercenary association will take care of you in the future." Lu Yang said.

Lu Yang asked Zhao Xu and Li Rui again, and they chose to leave the association.

"You will work for a while, and I will find the right person to replace your position. After a while, I will let Jiang Ze set up a new army. You two will be deputies first, and the staff will be expanded. The two of you will be promoted to the command of the army first." Lu Yang said.

"Enough, brother." The two said in surprise.

Lu Yang smiled. He was always the most interesting to his own brothers. Moreover, the last generation of Jianghuai, Zhao Xu, and Li Rui were all truly trustworthy brothers, which deserves Lu Yang's dedication.

Returning to St. Gall, Lu Yang came to the bank. After Jiang Huai handed the gold coins to Lu Yang, he returned to the Mercenary Association. Lu Yang looked at the time, and they agreed to go online with Xia Yuwei for 20 minutes.

Rarely floating for a moment, Lu Yang strolled around the city to see if there are any good things to pick up.

At 8:30, there were over 20,000 people who cast turbid wine, Xia Yuwei, bitter love half-life and so on according to the agreed time.

“Boss, here we are,” Xia Yuwei said in the simulation group.

“Today, we must open up the wasteland and succeed in the Red Fortress.” The white wolf said happily.

...

Everyone is fighting spirit.

Lu Yang said with a smile: “Okay, let’s work together today. Let’s reorganize the army first.”

“Yes,” 18 people answered together.

20,000 players over level 25 after a night’s rest quickly gathered neatly outside the north gate of the main city, where the number of players was small, but still caused the ideas of major guilds.

However, the major guilds dared to hide quietly from a distance to watch, and no one dared to touch Lu Yang’s brow up close.

After a while, the team was lined up, and everyone was proud.

Lu Yang had some emotions. Once upon a time, his guild members had to take off the guild badge on the chest when they wanted to get out of the gate of St. Gall. Now, 20,000 people are standing here. strength!

“Leave, brothers, let’s upgrade.” Lu Yang shouted, with 20,000 people neatly heading towards the red fortress.

The 20,000 army followed Luyangyang to the northwest, and the union spies returned to their respective presidents. It was learned that Luyang only brought the guild players to a unified upgrade, and could not help but be speechless again.

“This Lu Yang, I start showing off when there are too many people, isn’t it just the players above level 20 and 20 ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ What is it?”

“Sooner or later he will be turned over by the Bloodthirsty League and the Necromancer Black Sword, to see how arrogant he was then.”

...

The vast map of the north and northwest of St. Gall is full of members of the Iron Brotherhood of the small team, seeing 20,000 people marching together, can not help but shout, the pride in my heart is beyond words .

“Hey, this feels really good.” Mao Qiu waved to his members in the distance.

Lu Yang said, “What is this? In the future, our territory will be larger than now.”

Everyone nodded, and they all believed in Lu Yang’s words.

Xia Yuwei asked curiously: “Boss, aren’t Sun Yu and Jiang Ze going to wasteland today?”

“Yeah, the wind elves and death messengers are very strong.” White Wolf said.

Lu Yang said, “This morning I let Jiang Ze take Yu Wei’s Queen’s Guard to the Sequoia Valley, and let Sun Yu take 20,000 players to the north of Fenglei Heights.”

## Chapter 295 - Tough push

“Boss, isn’t that the place of dominance and twilight?” Zhuzhuo asked in surprise.

Lu Yang said, “It will be our place in the future.”

Xia Yuwei, Zhuojiu and others looked at each other and saw the surprise in each other’s eyes.

“Boss, domineering and twilight admit it?” Asked bitter love for a long time.

Lu Yang said: “The two of them have made such a big mistake, how dare they not admit it.”

“Boss, you have a beautiful move, it’s so cool.” Mao Qiu said.

“Finally out of anger,” White Wolf said.

Lu Yang smiled and shook his head. He wanted more than just exporting bad gas. He led the team to the entrance of the Red Fortress.

Zhuo Jiu said, “Boss, let’s replace the player who upgraded last night.”

“It’s a pity that this upgrade point, if you can stay for another 10 days, you can get 2000 people to level 30.” said bitter love for a long time.

Everyone nodded, all a little bit reluctant to kill the five flame trolls.

Lu Yang said, “It’s no pity, we take the side door.”

“Is there a side door?” Asked Zhuoshu in surprise.

“Of course.” Lu Yang didn’t tell him that the lava lord had taken control of the fortress. In order to prevent someone from leaking, Lu Yang decided to hide the secret by himself.

Take the muddy wine and other people into the fortress hall, bypass the five flame trolls and walk to the huge iron facade 10 meters high and 10 meters wide on the right 1000 yards away.

“Boss, is there a way to open this door?” The White Lion asked.

“Of course.” Lu Yang opened the fortress control interface and clicked to open the door.

System prompt: Gate 1 of the fortress is about to open

Gate 1 is the first gate inside the fort, and all other guild’s fort gates are named like this.

The roar sounded, and in the surprised expressions of Xia Yuwei and Zhuojiu, the huge iron gate slowly rose, revealing the whole picture of the outer hall of the fortress.

This is a huge open space close to 100,000 square meters, with countless elite and boss-level black stone skulls and flame demon all over it, there are hundreds of thousands.

Blackstone Skull (boss)

Rank 35

Qi and blood: 300000/300000

“Blackstone skeletons look very strong. Fortunately, the boss gave us the magic steel suit yesterday, otherwise I really have no confidence to resist so many blackstone skeletons.” Bai Hu said.

The black stone skeleton holding the shield on the left, the sword on the right, and the heavy armor is the aborigines who have died for thousands of years. After the lava lord broke the seal, they were summoned to resurrection and guarding the fortress for him. It was his most important unit.

Lu Yang said: "The general attack power of these monsters is above 2,000 points. Many of them also know the skills. Although the magic steel sleeves and impeccable sleeves are not a prerequisite for land reclamation, with this equipment, our land reclamation will become easy. , Everyone can upgrade a lot faster. "

The crowd nodded in admiration.

"Now that we have these 100 magic steel suits and impeccable fighters, we feel like we can push them through." Mao Qiu said.

Lu Yang said with a smile: "Almost, every two fighters are in a group, and each group is 8 yards apart. You will lead the team to push me over."

"Yes." Zhuo Jiu and others were inspired by Lu Yang's words and went back to lead the team.

Not long after, 100 magic steel shields holding giant half-human heights were neatly lined up in a row under the inner steps of Gate 1, and the spikes on the shields shone a dazzling light in the sun.

The first batch of 10,000 players behind them consisted of long-range occupations such as shooters, priests, milk rides, wizards and warlocks. Other warriors, thieves, punishment knights and other melee occupations were left behind by Lu Yang.

"Boss, you're ready." Zhuoju poured in from the front of the team and said to Lu Yang.

"Open strange." Lu Yang said.

Bai Hu's right-hand dagger slammed on the shield and commanded in the middle: "Shield team, follow me."

100 shield battles neatly raised up the magic steel shield to stand in front of them, and walked towards the black stone skull group ahead uniformly.

“Hello ~!”

A black stone skull wandering in front of him found the shield warrior. His left arm blocked the broken wooden shield against his chest, and his right hand raised a long knife and roared towards the shield team.

The roar of this black stone skull attracted the attention of thousands of skeletons around it. The skull turned to the shield team uniformly. The dark eyes glowed a dazzling yellow light. The roar of the sky rang and the group rushed towards the shield team.

The two sides slammed into each other very quickly, and the sound of the “bang, bang” was extremely loud.

“The Shield team stands back, and is not allowed to step back.” Bai Hu shouted shouting.

The scary face of the nearly 2 person-tall Black Stone Skulls has a great impact on the player’s heart. Many soldiers are well equipped with technical skills but can’t hold the blame, because they can’t overcome the psychological pressure of the frontal enemy.

Lu Yang’s 100 shield battles do not have this problem. In addition to 30 top-level masters of the last generation, the other 70 people are also playing in shield battles with hundreds of battles, frustrated roar, thunder, Hazardous skills such as Arc Moon Cut are released one after another.

“The healing team added blood, and it is absolutely not allowed to die a shield battle.” Ye Yue heard the wind and Lan Yu and 10 other priests commanded in unison.

On average, each shield battle is surrounded by 8 black stone skulls, and the number of the outer circle is more. If you don’t pay attention, you will die.

Many people think that the treatment profession is simple to play. It is nothing more than brain and blood. In fact, the operation of the treatment profession is very complicated. He must keep the target's blood volume at all times and pay attention to control the blue. Responsible for dispersal.

If it is a team of ordinary players who are responsible for adding blood to white tigers and others, it must be a brainless mess, causing a lot of unnecessary magic waste, and it is easy to have no blue in the middle of the game.

The treatments such as Yeyue Tingfeng and Blue Feather did not appear this way. In the group of blood treatment, the cooperation between everyone and everyone can be almost seamlessly connected to ensure that the treatment will not cause excessive blood addition.

This can only be achieved by real high play. Ordinary people have no response speed of a few tenths of a second ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ seconds.

Lu Yang saw that the hatred had stabilized, and shouted loudly, "Long-range attack output, unified use of range skills."

Hunters have scattered arrows, mages have blizzards, flame storms, and warlocks have flame rain. Under a unified attack, thousands of black stone skeletons died on the spot in less than 5 minutes.

Most of the 20,000 people who followed Lu Yang were more than 20 players. Thousands of elite monsters died collectively, which greatly improved their experience.

Lu Yang was very satisfied when he saw the first attack. When the whole regimen recovered, he shouted, "Keep advancing."

...

A whole morning, Lu Yang led the team 100 meters forward, killing tens of thousands of black stone skeletons.

At noon when everyone was resting, Xiao Liang dialed in Lu Yang's intercom.

“Boss, I passed the trial of the Red Mist Army and officially became a Red Mist Army fighter, wow ha ha.”

## Chapter 296 - Hanging the audience

Lu Yangzhen sat up straight and asked, “What skills have been given to you?”

“The Red Mist Bloodthirsty and the Red Mist Whirlwind Chop are all given to me. The Red Mist Whirlwind Chop is level 3, and there is an extra jump that allows me to jump forward for a distance of 30 yards.” Xiao Liang said proudly.

Lu Yang listened stupidly, and asked, “How many levels do you see in the Red Mist Cyclone?”

“Level 3.” Xiao Liang said affirmatively: “Each time you trigger the Red Mist Cyclone, you can deal 5000 damage.”

The top 30 violent battles have a maximum of 7000 points of blood, as long as Xiao Liang roars in the crowd, he will be killed if he cannot hold it for 1 second.

Lu Yang couldn't help asking, “How did you get it? This is so amazing.”

“I triggered a special plot.”

Xiao Liang recalled his Red Mist Trial mission. The final trial was that the old man asked him 27 questions. Xiao Liang couldn't understand a question. However, he wanted to ask Lu Yang but found that he was trapped in a special space and could not communicate with him. The outside world communicates. If it goes offline, the test fails.

In this case, he can only choose by his own heart. In the end, after he chooses, the old man tells Xiao Liang why he asked these questions.

A total of 27 questions, the core of which is to let players choose the same among loyalty, friendship, love, affection, rights, and money. This is a journey of refining.

When Xiao Liang answered the question, the thought in his head was when he was the most lonely and helpless being bullied. Lu Yang blocked the scene in front of him and called his brother. Therefore, Xiao Liang's answer was loyalty.

The old man is not the official NPC, but one of the several giants who created this game. Someone triggered the Red Mist Army to interest the old man and asked the question personally. He was very satisfied with Xiao Liang's answer and specially rewarded him for a Red Mist Whirlwind. +2 permanent skill.

Lu Yang felt deep inside, what kind of brother is there to say.

"Come to the Red Fortress and let the guild brothers see your strength." Lu Yang laughed.

"Coming soon." Xiao Liang thought excitedly, boss, I will never drag you back in the future.

Xiao Liang, who was about to leave the station of the Red Mist Army, suddenly scratched his head and sent a message to Lu Yang, saying, "Boss, there is one more thing."

"What's the matter?" Lu Yang asked.

"The Red Mist Quartermaster is selling a legendary 30-level shield, the Tiger Shield, for 500 gold coins. I don't know if I should tell you." Xiao Liang sent a picture to Lu Yang.

Battle Tiger Shield (Legendary)

Defense: 296—358

Stamina: +60

Constitution: +60

Special Effect: 65% chance of deterrence from being attacked, avoiding 800 physical damage

Description: The narrow side meets the brave, the shield used by the Red Mist Regiment's Third Legion War Tiger.

If Xiao Liang is in front of Lu Yang, Lu Yang must slap his back severely and say angrily: "Buy it, hurry up and ask Master to ask for money, this shield must be bought."

The previous auction price of this shield was as high as 5,000 gold coins. Some people are really willing to spend 1.5 million credits to buy this equipment. Moreover, this shield can be upgraded again, up to level 40, and it is still a legendary weapon.

Any player who receives this shield is equivalent to a steel plate on the battlefield. Physical occupations of the same level cannot completely kill blood, and only the legal system can cause damage to it.

Lu Yang saw the envy of this shield in the last life, and in this life, he had the opportunity to buy it. Lu Yang would never miss it, let alone use it for his brothers.

"Then I bought it, I have enough money." Xiao Liang scratched his head and said, ordered the purchase and sent the equipment information to Lu Yang.

Lu Yang's dangling heart was then let go, and he took a long breath and said, "Frighten me to death. Fortunately, this baby made you buy it, and hurry up."

Red fortress.

Xia Yuwei, Zhuojiu, and others are discussing how to cooperate with clearing the monsters more conveniently in the next step, and they are curious to see Lu Yang laughing and sighing.

Xia Yuwei asked, "Boss, what is it?"

"Are there any actions in those four guilds?" Bai Lang asked.

Lu Yang shook his head and said, "Isn't I tell you that I still have an ace in my hand. In group battles, he is better than me."

Bai Lang and others heard Lu Yang's mention of this person before, and asked in surprise: "Has he completed the transfer?"

Lu Yang said, "Just finished."

"Boss, what career change job is so strong, let him come and see us soon." Zhuo Jiu said excitedly.

The most respected master is the master.

Lu Yang said, "Don't worry, he will be here soon, and he is bringing a legendary shield."

"I'll wipe it." Xia Zhuojiu and Bailang and others didn't need to use bad words to express their inner excitement. Even Xia Yuwei said, "I'll go."

Lu Yang said: "I didn't expect this guy to be so lucky. He even bought a legendary shield from the transferred quartermaster. Wait for him to come and see what a meat grinder on the battlefield is."

Everyone was expecting something.

After 2 hours.

Xiao Liang drove the rocket thruster and jumping skills to the Red Fortress, and just happened to have hit a strange wave at the door. Xiao Liang ran into the door and came to Lu Yang's side.

"Boss, I'm here." Xiao Liang said with a tiger's head in his right hand.

Lu Yang sighed in his heart, this is the baby, and asked, "How much have you defended."

Before joining the Red Mist Trial, Xiao Liang wore a magic steel suit and impeccable suit. Now adding this legendary war tiger shield, he said, "The defense force is 1701 points, and the blood is more than 15,000 points."

Lu Yang said with satisfaction: "Yes, it looks a bit."

Xiao Liang smiled like a praised child, scratching his head and saying, "I also feel strong, boss, where do I rush?"

On the battlefield.

The muddy wine is poured on the outermost side, and the black stone skulls in all three directions are under great pressure. Lu Yang pointed to that side and said, "Take me through that side."

"Yes." Xiao Liang turned and ran towards the turbid wine's pouring flank. As he ran, Xiao Liang's expression gradually became emaciated, the bronze skin was stained with a layer of blood red, and a faint blood mist drifted from Xiao Liang's body. Out.

In the middle of the turbid wine's pouring team, with the deepening of the war group, turbid wine had to draw a part of the team consisting of magic steel warriors and high-level paladins to guard the side to prevent the black stone skeleton from entering the war group to kill the mage and priest.

However, the magic steel warrior has only 25 people on his side, and one side cannot protect the other side, and the muddy wine supports it very hard.

“The Paladins should not be in a hurry to release the sacrifices, and wait until the Moslem Warrior’s hatred is stable before pulling away a few blame, you can’t carry it.” Zhuoju shouted anxiously.

The hair ball released the scatter arrow and said to the muddy wine, “Brother, would you like to say something to the boss, we are under too much pressure, modify the fighting method.”

Zhuo Jiu shook his head and said, “No, this is a strategy set at noon. With a little change, the entire 20,000 people must be re-planned. The wasted time is at least an hour. Let’s stick to it for as long as we can.”

When formulating the strategy at noon, the turbid wine did not expect that he would be so difficult to stay on the outside. When he was gradually unable to support, suddenly, a blood-red soldier jumped from behind him and jumped into the black stone skeleton. In the middle of the team.

“Don’t use this method. This won’t help you. You won’t be able to grab the hatred.” Zhuo Jiu thought that his men saw the emergency situation, and wanted to use this method to attract strange attention and reduce the pressure on the soldiers and paladins.

Just when he thought the warrior would die, all of a sudden, the roar that shook the fortress surprised everyone.

“Hello ~!”

Xiao Liang releases Redmist Bloodthirsty, increases 1000 defense power within 5 seconds, and forces more than 100 Blackstone Skulls within 30 yards to turn his attack on him.

All of a sudden, all kinds of bows, arrows, and long knives shot at Xiao Liang. When the first long knife was cut on Xiao Liang’s armor, the red blood mist condensed around Xiao Liang moved.

Suddenly, the red blood fog turned into a sharp blade with Xiao Liang as the center of rotation, causing 5000 points of damage to all enemies within 30 yards.

This is the passive trigger effect of Red Mist Whirlwind. When the Red Mist Legion soldiers are attacked, the surrounding Blood Mist will automatically counterattack. The chance is 20%. The built-in cooling time is 0.19 seconds.

Therefore, when dozens of black stone skulls attack Xiao Liang at the same time, the 20% trigger chance turns the red blood mist into a real tornado, strangling all black stone skulls within 30 yards at a frequency of 5 triggers per second. .

“4218” “3986” “3999” ...

After 15 seconds, the spinning red storm stopped, the red mist dissipated, and Xiao Liang, holding the shield of the battle tiger, still stood alone in the middle of the field, his blood was almost lost, and he was lying within 30 yards of him. More than 100 300,000 boss-level blackstone skulls.

Seeing this scene, people such as muddy wine dumplings and hairballs couldn't help but swallowed. They once thought about how powerful Yang Yang said, but their limit of imagination is stronger than Lu Yang's range output. It's just a little bit ~ [www.mtnovel.com](http://www.mtnovel.com) ~ It doesn't play a big role in this 300,000 blood monster, but they didn't expect that this person could be as strong as this.

100 boss-level black stone skulls with 300,000 blood, his resistance is almost unbearable. To clean up, it takes thousands of mages to play for dozens of minutes. However, this person alone took 15 seconds. Time is killed.

Mao Qiu asked in amazement: “Brother, are you the boss who said that he was transferred?”

“The boss has lifted me up, and I'm his follower.” Xiao Liang said hello to Zhuo Jiu and others with a smile and said, “Boss asked me to reinforce your side. You don't need to worry about the whole side. Just defend. “

The whole side!

Zhuoju would like to say that you are blowing, there are almost 10,000 black stone skeletons and fire demon, but seeing Xiao Liang's performance just now, he feels that these 10,000 black stone skeletons are really nothing.

“In this way, I will give you 2,000 people and let them upgrade behind you. They can also add blood to you if necessary,” said Zhujiu.

Xiao Liang said, “Okay.”

Chapter 297 - Brush lord

Gate 1 steps.

Lu Yang watched Xiao Liang’s performance with satisfaction.

Unlike the growth items such as the heart of the demon god, the Red Mist Warrior is close to the peak state from the beginning. Only after the level 100, the player’s health will increase significantly, and the Red Mist Warrior’s killing step will gradually slow down.

Now is the strongest period of Red Mist Warriors.

On the battlefield.

The 2,000 people equipped with Zhuoju have already stood neatly, Xiao Liang picked up the shield and rushed into the Black Stone Skull.

The madly spinning red mist storm reappeared, advancing forward at a speed of killing 100 black stone skull bosses in 20 seconds, like a red meat grinder.

The 2000 people who followed were stunned when watching Xiao Liang's monster killing speed. The night moon and the wind responsible for leading the team took 20 people to pick up the equipment dropped by the black stone skull. However, he did not wait for him to find the 100 Of the skeleton soldiers, Xiao Liang has killed the 300th skeleton soldier.

"Brother, slow down, I can't pick it up." Ye Yue heard the wind for the first time and felt that picking things up was also an annoying thing.

"Boss Yeyue, he can't hear it in the strange pile." The younger brother said.

Yeyue silently sent a message to Zhuojiu and said, "Brother, hurry up, send 20 more brothers to help me pick up things."

"What's wrong, is there a high burst rate over there?" The turbid wine disappeared from the side threat, and it was a lot easier to command.

Yeyue said: "It's not that the explosion rate is high, it's that the goods are killing too fast. The 20 of us pick things up and kill the monsters faster."

"I ..." Zhuojiu was speechless, and quickly sent 20 men to help pick things up, and then he sent a message to Xia Yuwei and others in the simulation group.

"Look at me quickly. The boss is telling the truth. The newcomer is really stronger than the boss."

People such as Xia Yuwei and Bai Lang turned their eyes.

In the venue, countless skulls originally gathered on the side of the muddy wine pouring have been cleared at this time, about 30 yards wide and 150 yards long, and all the black stone skeletons have died.

Further ahead, the Red Mist Storm was overwhelming, and more than 1,000 boss-level black stone skulls were killed on the ground.

2000 golden lights flashed at the same time, and the 2000 players behind him upgraded.

"I ... what is the situation, just for a while the number of homicides is almost catching up with us this morning." Shouted bitter love in the group for a long time.

"It's too strong, boss, who is he?" Zhang Zibo asked.

Lu Yang said with a smile: "You know, the black armored warrior, I played the copy with you at the beginning."

Zhang Zibo, Xia Yuwei, Lan Yu and others recalled the stupid black armored soldier at the same time. It happened that Xiao Liang killed dozens of black stone skeletons, revealing his true colors.

"Is this the same person, the change is too great." Zhang Zibo said.

"Brothers, we have to cheer, we can't let the new brother look down." White Wolf said with a \*\*\*\* look at Xiao Liang.

"That's right, letting the new brothers treat us all flat, brothers, all show the housekeeping skills." Zhuoshu shouted.

Vulcan M16 said: "Brothers have stabilized, we 4 fire methods will release the curse together."

"It is a secondary curse." Han Liu silently raised his staff.

A total of four flame mages who received transfer certificates all started hidden tasks in accordance with Lu Yang's instructions and obtained a secondary forbidden spell.

The spells were read together among the four populations, 30 seconds later.

"Monstrous Flames"

Beyond a 200-yard range, countless clusters of flames descended from the sky and landed in the Blackstone Skull causing a lot of damage.

“1166” “986” “999” ...

Damage lasting 30 seconds caused the Blackstone Skulls within range to collectively turn their targets to 4 fires.

Every 8 yards, two people’s steel warriors can’t stop all the black stone skeletons. The muddy wine pours in the center of the team. The sword is inserted into the ground.

“Guardian Angel”

A golden archangel appeared behind the muddy wine pouring down, shining brightly, spilling on all players within 30 yards around him.

System Tip: Increase your defense by 2000

This is a high-level skill that you can learn after transferring to the office. You can only use it once a day for 30 seconds.

The White Wolf took this opportunity to shout, “Brothers, kill me.”

The armored soldiers rushed to the side of the magic steel warrior to block the black stone skull group.

“Look at my sword storm.” The white wolf roared and raised his two-headed sword in a frantic spin.

The 8-yard-wide blade storm just made him block an empty space by himself, and the Black Stone skeleton rushing over was suddenly hurt a lot.

This is a transfer skill for Raging Wars, with a cooldown of 2 hours.

Xia Yuwei and Han Sha also joined the rotation. The two are also transfer careers. The ordinary players who are overwhelmed by high-level magic and advanced skills are enthusiastically enthusiastically joining the attack group.

Not long after, in a space of 200 yards wide and 30 yards long, the Black Stone skeleton was killed and the team as a whole advanced 30 yards forward.

“咚 ~” “咚 ~” “咚 ~”

The thunderous drum sound came from the skeleton team. Six skeleton dragons rushed away from the surrounding skeletons and walked to the front. The black stone skull on the back was pounding on the drum around them.

General Blackrock Land Dragon (Lord)

Level: 35

Qi and blood: 1400000/1400000

“It’s weird. It’s so scary, it’s still the lord level.” Bai Lang said in surprise.

Lu Yang didn’t expect such a thing to happen, watching Di Xinglong’s bones receding and digging at the ground, apparently, this was about to start the charge.

“Boss, what shall we do, resist?” The White Lion asked.

“Can’t carry it, boss, let’s pause for a while and wait until my skills have cooled down.” Zhuoju asked.

Without Xiao Liang, Lu Yang could only suspend the attack, and the six lord-level monsters could only fight one by one, but now they don't have to be so troublesome.

Lu Yang shouted, "Everyone retreated, Xiao Liang turned, and destroyed the six lord monsters for me."

"Yes, boss." Xiao Liang just hit back to the side where the muddy wine was pouring, and heard Lu Yang's words to open the ancient animal's head.

"Hello ~!"

Xiao Liang, who had red blood on his face and horror all over his body, swelled his muscles high and turned into an evil beast with two black curved corners on his head 2 meters high. His blood increased from 15,000 to 26.

Leaping forward, Xiao Liang jumped in front of the first General of Blackrock Land Xinglong, and the attracted General of Blackrock Land Xinglong stabbed at him with a shot.

"1800"

Xiao Liang was not afraid, and continued to run in front of the second General Xinglong, attracted to the third and continued to run.

...

In less than 2 minutes, the five Generals of Dragons were all attracted to hate by Xiao Liang, attacking Xiao Liang with a large number of black stone skeletons.

When Xiao Liang ran in front of the 6th Xinglong Dragon, Xiao Liang stopped in place, watching the surrounding monsters annihilate him, and roared fiercely.

"Red Mist Bloodthirsty"

Yin Hong's blood turned into a mist of blood that spread outwards, causing a strange 30-yard strange attack on Xiao Liang.

The red blood mist rose, and then, spinning frantically, the \*\*\*\* whirlwind reappeared.

At the forefront are the six Generals of the Earth Xinglong who were attacked by Blood Mist first, and were attacked 5 times per second at a rate of 2000 points each time.

The muddy wine standing in the distance was stunned again.

“This is not a brush boss, this is a brush lord.” White Wolf said.

“It's too strong, what kind of profession is this?” Asked bitter love for a long time.

Everyone looked at Lu Yang one after another, but found that Lu Yang had come to their side.

Lu Yang said: “I know what you want to ask, I can tell you, but you must keep it secret. This profession cannot be told to anyone, but if you find it, even if you use 10,000 gold coins, you need to transfer this certificate. Buy it. “

The crowd nodded in a hurry.

“This class is called the Red Mist Legion ...”

Lu Yang briefed Zhuo Jiu and others on the relevant information. When he finished, the black stone skeletons around Xiao Liang were all dead. The remaining six generals of the dragons of the land also became residual blood.

When the general Xinglong wanted to release his skills in the last stroke, Xiao Liang roared again to release the bloodthirsty Red Mist, forcing the opponent to use physical attacks.

After 2 minutes, the 6 Generals of the Earth Xinglong fell to the ground together.

System Prompt: You killed General Earthwalker (Lord)

...

A series of six prompts stunned everyone in the audience, waiting for Xiao Liang to come and react.

Zhuo Jiu said, "Brother, you are so strong, we are stronger with you."

"Yeah, next time you fight with Bloodthirsty Domineering, you will be able to blow them up alone."  
Zhang Zibo said.

The crowd nodded uncontrollably.

Xiao Liang said: "I listen to the boss, he will let me fight whoever I want."

Lu Yang said with a smile: "Jing said stupid things, let's continue and fight for the entire fortress today."

"Yes." The fighting spirit was high.

Also average.

The two brothers Jiang Ze and Guang An who are in Sequoia Valley are leading the team to kill Hydra. To their surprise, ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ The Hydra here is not one brush a day, but one brush every hour. The guild of the last place broke the news and did not tell the truth.

On the wind and thunder high ground, Sun Yu successfully used the speed of the wind elves and the vast wind and thunder plateau to successfully kill the wind and thunder lord. The 100 shooters carefully selected also killed the guardian of the wind element.

In the tree demon forest and the ancient demon cave, three sisters Han Ying and Mu Yu kept killing the millennial tree demon, two-headed blood demon, and two-headed King Kong.

On the map of the northwest and north sides of the vast holy city, more than 50,000 players of the Jagged Brotherhood are looking for various materials, and 20,000 new ordinary members have entered the 5th level to fight gem fragments, and the guild's war machine is running at full speed .

12 o'clock at night.

After a day of fighting, after the players who are used to going online at night to take over the players during the day, Lu Yang brought 19 people including muddy wine and Xia Yuwei to sit around the bonfire in the corner of the fort.

Tu Feng's first report said, "Today, I have hit 3 sets of fire spirit drawings, 3 sets of courage drawings, 10 potion drawings, 8 enchanting drawings ..."

The report made everyone more excited.

Chapter 298 - Han Zhong's decision

White Wolf said: "It's great, so that our equipment output can increase a lot."

There are 8 sets of fire spirit drawings hit by the Guild, and 7 sets of courage drawings. More than 100 forge divisions are making their equipment.

"At this speed, we can make up 10,000 pieces of gold equipment in 8 days." Xia Yuwei said.

The white wolf asked, "Boss, are there any drawings of the equipment of the priest, archer, warlock, and milk rider. My brothers have seen other people have drawings to change, and they have been complaining to me these days."

"This is also the case for us," said Zhujiu and others.

The shooter's suit is in the tyrant's fortress, and the warlock and priest's are in the bloodthirsty tyrant's fortress. These two will never sell the set drawings to Lu Yang.

"I think of a way," Lu Yang said.

At present, the Terrans have opened up wasteland to the fortress, and the progress is not as fast as Lu Yang. It is very difficult to get the drawings here.

However, drawings are not necessarily available only in the fortress.

"I went out for a couple of days, and the two of you cooperated well. When did you push to the inner city? Give me a call. In addition, which of your teams performed well, I will reward them with a baby." Lu Yang said.

"What baby?" Everyone looked at Lu Yang with surprise. So far, Lu Yang said that nothing that is a baby is not the top item.

Lu Yang smiled and took out his wand and demon inflammation from his backpack, and sent the attributes to everyone, saying, "That's it."

"I rub, the legendary fire magic wand, I kneel." Vulcan M16 almost flung on the staff.

Han Liu has always been bored after changing jobs, and she saw a surprised expression when she saw the staff, saying, "On the basis of magic wounds, this staff can increase more than 600 spell damage. It's too strong."

Lu Yang said: "Not only is it powerful, people who get this staff can also enter special magic colleges and learn special burning magics. This is a powerful magic college equivalent to the space thief."

"We have been transferred, can we still study?" Han Liu asked.

Lu Yang said, "Of course you can."

"Boss, I want to." Vulcan M16 has begun to sell cute.

"I want it, too," said Han Liusajiao.

After so long getting along, the character of Vulcan M16 was exposed, and Han Liu became more and more open.

Lu Yang said with a smile: "It's useless to sell cute and sweet. It's better than anyone who kills the most monsters. I'll give it to the team. You can freely distribute it."

"I won't sleep tonight." Vulcan M16 stood up suddenly, turned around and ran out.

"Vulcan you come back to me, ma'am first, do you have any grace?" Han Liu stomped angrily.

Seeing the opportunity for performance for half a life, I quickly patted my chest and said, "Don't be angry, I will be there, I will win the staff."

"Not yet." Han Liu said with a mouthful.

"Brothers, go with me all night." The bitter love beckoned half a lifetime, and the heads and captains who were not offline in the distance ran over.

"Brother Zhuoju, I'm sorry, I'm going to fix this staff." The bitter love held his fist to Zhuoju for a long time.

“Sorry, this is what I want to say to you.” Zhuoju Heihe smiled and stood up to pull people.

White Wolf and Xia Yuwei looked at each other, and each ran back to lead the team. Although they are not the fire method, but the team members have the fire method, this time must fight.

In an instant, there was no one around Lu Yang, and he could only shout in the group: “Friendship first, don’t cause contradictions.”

...

After rest that night.

The next day was Sunday, and Lu Yang didn’t enter the game.

Han Zhong, Lu Zhaoyu and others have completed the recruitment, with a total of 208 people. As the owner of the studio, Lu Yang met them and took them to the newly purchased dormitory building.

The three-story dormitory building is located at the outermost side of the abandoned steel mill. There is also a public basketball court at the entrance. Although the building is not high, it covers a large area with an average of 36 rooms per floor.

Lu Yang transformed the first floor into a large combat area. Except for the load-bearing wall, the rest was broken apart. After simple decoration, it was divided into 4 areas according to the four categories of forging, tailoring, leathermaking, and jewelry. Players in each category were in the same Inside a zone.

The second and third floors are dormitories, which are used for rest when players are tired. The second floor is for boys and the third floor is for girls.

In this recruitment, in view of the difficult life skills of tailors and leather making, Lu Zhaoyu and Han Zhong discussed with Han Zhong and recruited a group of female cross-stitch masters, a total of 80 people.

In order to better manage this group of people, Lu Yang brought Han Zhong and other people and more than 60 people recruited into the small building. Han Ying is in charge of managing the girl team. Xiao Liang, Lu Zhaoyu, and Chen Feng each take charge of an area. , Han Zhong overview.

Seeing that everyone was settled, Lu Yang and Han Zhong commanded the workers to install several large red characters on the iron blood studio on the third floor.

Two arms clenched together to form a fist hang on the front of the building as a studio badge.

Han Zhong stood sighing and said, "Xiao Yang, Master has a feeling of dreaming. We actually started a company by playing games, and we have reached such a large scale."

Lu Yang recalled Liu Jie's huge war headquarters in the last life. There were three buildings, each of which could hold 1,000 people.

"Where can I go, Master? In the future, we will recruit more people, not only artisan workshops, but also our own studio team. We can truly participate in the war at any time when we start a war."

Han Zhong nodded ~ [www.mtlnovel.com](http://www.mtlnovel.com) ~ and said, "I believe you can do it. Among the children I recruited are 12 beggars. Although they are young, they are all buildable materials. I am going to send them Cultivate. "

Lu Yang didn't know these people carefully, and was surprised to hear Han Zhong's words, but then he reacted and said excitedly, "Master, have you decided to stay?"

"Um." Han Zhong said with a smile.

As a downcast mercenary who was forced to avoid hunting, Han Zhong, who was already penniless and scarred, never thought he would live so comfortably one day, earning millions of dollars without any danger. .

With her three children, Han Ying and his three sisters not only enjoyed a stable life every day, but Lu Yang also found them a tutor to improve their knowledge.

Han Zhong has no regrets other than his wife's revenge. In terms of revenge, Han Zhong followed Lu Yang's suggestion and did not have to avenge himself. With that effort, it's better to focus more on training three children and killing it can be solved by spending money.

Therefore, he decided to assist Lu Yang as best he could, and these 12 children were the first step in his actions.

#### Chapter 299 - Sleepy Dungeon

What Lu Yang was most worried about was that Han Zhong wanted to avenge himself personally. His enemies Lu Yang and his three siblings almost died before killing each other. Han Zhong became disabled because of this. He did not want to repeat the tragedy of the previous life .

"It would be great if you could think so, Master." Lu Yang said.

Han Zhong said with a smile: "You boy, you are so good to me. Can I not listen to your suggestions? It's strange to say that you will feel kind when you first meet me. I will be responsible for training you."

Lu Yang said: "Great, I'm short of staff."

With the gradual expansion of the guild, Lu Yang's weaknesses without roots are gradually exposed. Fortunately, he has high school classmates and brotherhood alliances in the game to help, but after a year, the guild expands again. At that time, Lu Yang will face a situation without trusted people.

Now with Han Zhong's help, one year later, Lu Yang will have 12 more masters who are not only loyal but also stronger than others like Zhuoding.

"Dad, brother, what are you talking about, so happy." Han Ying stepped out of the building. After 2 months of rest, although Han Ying's face was still mature, he was a little more young. This is the most happy thing that Han Zhong, who was freed from hatred, saw.

Lu Yang smiled and said, "What about chatting, are you all arranged?"

Han Zhong did not tell his third sister that he was going to take revenge alone, and Lu Yang was not prepared to tell the third sister.

"It's all arranged, and we're practicing tailoring in the game." Han Ying said.

"Yes, is there any spirit?" Lu Yang asked.

"Of course there is now, energetic, what is it." Han Ying said happily.

"Call Mu Yu to join me in the game, and I will take you two to a place." Lu Yang said.

"Okay, I'll go now." Han Ying returned happily.

Lu Yang looked at Han Ying's back and said to Han Zhong, "This is so good."

Han Zhong nodded, feeling very happy.

Back to the second floor.

Lu Yang found his room and put on a helmet to enter the game. He appeared in the hotel. Just when he went out, he saw Mu Yu and Han Ying wearing black capes.

“What are you two doing?” Lu Yang asked.

Mu Yu quickly made a gesture of silence, and whispered, “Sister Han Ying is afraid of being seen.”

Lu Yang froze, then reacted, and laughed and said, “I forgot, our little shadow is already a celebrity in the game.”

In the first battle of Mount Serger, Han Ying Gu Pan, who released the hellfire lord at the top of the mountain in red, was imprinted in the hearts of countless players, and was regarded as a goddess by countless people.

At that time, there were many voices on the Internet saying that Han Ying just had a good skill. He was good-looking and had little ability. The sour grape sounded a bit.

Lu Yang Qi was incredible. Just when he was going to fight back with Han Fei and Han Yu, some fans on the Internet took the initiative to send out the video of the Han Ying customs clearance clown emperor SSS-level mission, all the doubts disappeared, and only the praise .

At that time, many fans hoped that Han Ying could broadcast live on the Internet or in games, and many platforms actively found Han Ying, but they were all rejected by Han Ying.

However, Han Ying already has a lot of fans in the game, and every time he recognizes it, it will cause players to be crazy.

Han Ying said shamefully, “Brother ~~ , make fun of me.”

Lu Yang laughed and said, “No more teasing you, let’s go quickly. It happens to be the middle of the month, and the chance to go in is only once.”

“What place?” Han Ying asked.

“A very magical place.” Lu Yang said with a smile.

In ancient times, there was such an organization. They never considered the gods of the other world to be true gods, but regarded them as ordinary creatures of the other world. However, the creatures of that world were stronger than the creatures of this world.

They searched for ways to connect different worlds, and set up many teleportation arrays in a hidden underground palace to experiment.

After several years of hard work, they successfully connected to 200 different worlds and summoned the so-called gods in the mouths of more than 200 indigenous people.

Sure enough, these so-called gods are not true gods, but ordinary creatures in their respective planes, which can summon a lot of them at will.

Later, this organization had problems in its research. The portal was inexplicably chaotic. Countless alien creatures entered the palace through the portal. The members of the organization remaining in the palace couldn't resist being killed.

However, before dying, they closed the underground palace's access to the outside world, leaving only one portal, which was only opened at 6 pm on the middle of each month.

It is only open for 4 hours at a time, and then stays inside, and stays there all the time. If you do n't go in, you have to wait a month for it.

In the previous life, this map was not discovered before level 50. Many people found this teleportation array at the bottom of the death cave, but they did n't know how to open it. It was not revealed until a player accidentally entered it.

Lu Yang flew to the city of Saros with the two sisters using a teleporter and ran to the southwest corner to enter the death cave.

After 10 days, the cave was covered with black tongs.

“Brother, it’s so scary here.” Mu Yumeng said with a small expression of fear.

“Don’t be afraid, these monsters are easy to fight.” Lu Yang summoned Phoenix.

The 8th-level Phoenix is powerful and can spit out a black evil tongue 2 times with a fireball spit out. Han Ying summons a hellfire, and the three of them go all the way to the map-death coffin.

At the deepest point of the map, Lu Yang found this simple teleportation array painted with a circle of white paint. It was exactly six o’clock, and Lu Yang was standing with two people on it.

An inexplicable moonlight was refracted from the top of the cave to the teleportation array, the light flashed, and the three disappeared in place.

System prompt: You have found a dungeon

“Hoo ~” Countless roars rang in the ears of Lu Yang, Mu Yu and Han Ying.

Just after landing, I saw the corpse king holding a steel chain, the tyrant with a soul stick, the demon leader with two-handed lightning and the ancient demon leader with two-handed flames and other bosses and lords rushed towards them ~ [www.mtnovel.com](http://www.mtnovel.com) ~ Ah, so many lords. Mu Yumeng’s big eyes were stunned.

“Brother, what should I do?” Said Han Ying Huang Zhuang.

Lu Yang also had a scalp and said, “Don’t worry, let me try.”

The fire phoenix hissed towards the skeletal tyrant and the ancient demon lord running in front, spitting fireballs in his mouth.

“4867” “4686” ...

A number of high-injury numbers lighted up. Then, monsters that should have one or two million blood, majestic, superb skeleton tyrants, and ancient demon lords, just died on the ground.

System prompt: You killed the Skeleton Tyrant

System prompt: You killed the ancient demon lord

...

In less than 30 seconds, more than 20 lord monsters and boss monsters were killed by the Phoenix.

Chapter 300 - Another world ring

“Eh ?!” Mu Yu blinked his eyes, staring blankly at the skeletal tyrant and saying, “Brother, why are they so bloody, so weak.”

Han Ying also looked at Lu Yang curiously.

Lu Yang said with a smile: “This place is amazing.”

This is the magic of the experimental dungeon. As the official description given him, the creatures of the other world are like the creatures of this planet. They are strong and weak. The huge summoned by the mysterious organizations has also caused these creatures to have varying strength It’s different, some extremely powerful are no different from the gods, some are weak, and even the indigenous people can’t beat them.

Briefly explained to the two sisters, and then they understood.

Mu Yu suddenly drummed his mouth and said, "Brother, you bully people. Did you mean it just now?"

Lu Yang smiled and said, "No, absolutely not."

There are two such cute little sisters in the family. It would be a pity not to bully and bully.

"I don't believe it, my brother is becoming more and more unreliable." Mu Yumengmeng said, for Mu Yang's other kind of love, makes Mu Yu, who considers himself an adult, very worried.

Lu Yang laughed.

Han Ying reluctantly said, "Brother, how can you tell if these bosses are real or fake?"

Lu Yang said: "This is really no way, you can only know after you type."

Han Ying said with a black line on his brain, "Brother, Xiao Yu is right, you are becoming more and more unreliable."

Everyone knows how powerful the blame blame is. It is no different from trying to kill.

Lu Yang laughed again and said, "Look at me."

The Phoenix groaned and flew towards the front. Any bosses and collars encountered on the road sprayed, and it quickly killed an 80-yard road.

"It's all fake." Mu Yu said stupidly.

"Oh my god, it's too fake." Han Ying was speechless for a while.

Lu Yang said with a smile: "It's still easy to see it."

"Roar ~!" A roar came from a distance.

System prompt: your phoenix is dead

Lu Yang's eyes lit up and he said, "Come on, I've met a real boss, come and see with me."

After walking 50 yards towards the front, Lu Yang saw the corpse of the phoenix that was gradually melting away and a demon lord with both fists flashing flames.

"Wow, good luck." Lu Yang said to Han Ying and Mu Yu: "My phoenix was exploded by killing him, and see if I can explode another for Mu Yu."

"Brother you are so nice." Mu Yu said.

Lu Yang was exulted by the sweet voice of the little girl, and said, "Look at my brother."

With such a long tunnel, Lu Yang decided to use the most primitive method, with a spell in his mouth, and a 50-yard-long fire wall was put out by Lu Yang.

When he walked in front of the demon lord, Lu Yang said a spell.

"Burning"

A crimson flame ignited the demon lord, causing more than 500 damage.

"Hello ~!"

The demon lord roared with a phantom and launched the charge ability towards the landing sun.

How can Lu Yang dare to let the demon leader hit him, and his right hand staff points to the demon leader.

“Flame Shock”

With a bang, the charge of the demon leader was interrupted and stunned for 0.1 second.

“Hello ~!”

The demon master launched his interception skills and rushed to Lu Yang again.

“Flame Storm”

Lu Yang pointed his finger at the ground, and a demon lord rushed towards the center of the sky pillar of light, as if the demon lord entered the flame storm actively.

A stun symbol flashed on the head of the demon cult and the interception skill was interrupted. However, only 0.1 seconds later, the demon lord reacted. At this time, he had no charge skills, and an angry roar ran towards the landing sun.

The lord’s monster moves at twice the speed of the player. Lu Yang dares not to grow up. He turns on the hot and swiftly turns and runs into the fire wall corridor.

The demon lord can only be low, chasing Lu Yang on the fire wall, and according to the rules of the game, every time he passes the fire wall, he is injured.

The demon lord can run across three walls of fire in almost 1 second. When he ran to the end of the wall, Lu Yang threw back the escape dagger. The dagger carried blue light through the body of the demon lord and landed 10 yards behind the demon lord. position.

As it happened, the demon lord came to Lu Yang and was about to punch him. Lu Yang flashed behind him.

“Hello ~!”

Unwilling to roar, the demon leader chased Lu Yang again.

...

After five consecutive trips, Lu Yang’s blazing rapids and rocket thrusters were used up before stopping. At this time, the blood of the demon lord 1.5 million was killed by 200,000, leaving 1.3 million.

“Lord of Hellfire picks up monsters,” Lu Yang shouted.

Han Ying issued an instruction, and the Lord of Hellfire slammed in the direction of the demon lord chasing Lu Yang and issued a taunting skill.

The demon lord gathered his hands in flames and punched the hellfire lord with two consecutive punches.

“2868”

“2888”

20 demon guards appeared in the flames.

Lu Yang’s mouth spelled out that Blazing Birds hit 20 demon guards, causing them and the demon lord to charge towards Landing Yang together.

While the demon guard blocked the gap of the demon leader, Lu Yang repeatedly used the running position to block the demon leader behind the guard. At the same time, Lu Yang took them to the transfer position, and surrounded him with 7 fire walls. .

The demon guard dreads the flames stopping in front of the fire wall. Even if there is only a 2 yard interval, they do not take a step forward. The demon lord stands behind the demon guard, and no matter how much roar, Lu Yang cannot be beaten.

“Brother is awesome.” Mu Yu and Han Ying shouted together. The two did not expect Lu Yang to have such an operation, and they both applauded Lu Yang.

Lu Yang gave the two men a proud look, and the words in their mouths read out, one by one, the Pyroblasts fell on the demon lord.

Ten minutes later, the demon lord wailed, and his body fell to the ground.

A ring made of a phoenix egg and a black bone spur fell to the ground.

“Is there a Phoenix Egg?” Mu Yu jumped up in surprise.

Lu Yang summoned the Phoenix to clean up the surrounding demon guards, picked up the Phoenix egg and gave it to Mu Yu, saying, “Learn it.”

Mu Yu did not answer, but Mengmeng said: “Brother still give the fire method in the guild, it is the thunder system ~ [www.mtnovel.com](http://www.mtnovel.com) ~ to use this waste.”

Lu Yang laughed and said, “So what?”

He gave Mu Yu the heart of the demon, the emblem of eternal life and the ring of flames together, and said, “Putting on this equipment and calling again, you can recruit a level 7 phoenix, which is better than transferring.

“Really?” Mu Yu took the equipment in surprise, learned the Phoenix skills after changing, clicked on the call, and a level 7 phoenix appeared beside Mu Yu.

“Thank you brother.” Mu Yu said.

Lu Yang said with a smile: “You’re welcome.”

Han Ying saw the rings and guards made of four or five black bone spurs falling on the ground, and he picked up curiously and asked, “Brother, what kind of equipment is this?”
