

Rebirth of Wild Fire - Chapter 4

Chapter 4 – Handy

After walking through the golden trees, a huge cave appeared in front of it. In the cave, there was an old man with a pale face and grey hair on his back.

The old man had only a rag on his body, his limbs were already skinny, but he was locked on a dark red rock trapped in the cave by four huge dark red chains.

Don't look at the old man's disappointment now, but the old man's identity is quite powerful. According to the information collected by Lu Yang from various aspects in his life, the old man in front of him is the blaze **** Caldas, one of the four devil gods in hell.

Caldas, who has an undead body after the defeat of the demon, was locked by the gods. The tree with golden fruits at the door is the energy incarnation of Caldas. As long as someone picks the fruit and gives it to Caldas to restore his energy, He will give the player a treasure that can grow into god-level equipment-the heart of the demon god.

Just like in his previous life, Lu Yang walked to the old man and said compassionately, "Old man, why are you trapped here and need help?"

The old man didn't speak, but just stared at the fruit on the doorway of the door in a craving.

"Do you want those fruits? I'll get them for you."

Lu Yang walked to the side of the fruit tree, reached out and picked all the golden-yellow fruits, and then returned to the old man, saying, "Old man, I'll pick the fruits for you, eat them quickly."

Looking at the tempting fruits in front of him, the old man couldn't keep calm, with one mouth, he sucked all the fruits picked by Lu Yang into his mouth and chewed.

After eating all the fruits in one breath, the old man showed a satisfied expression on his face, looked up at Lu Yang and said, "Young man, who are you, why did you come here?"

Lu Yang scratched his head in embarrassment and said, "I am an adventurer and accidentally fell off the cliff. Fortunately, the branches on the cliff helped me, so I didn't fall to death."

The old man froze and said, "I can't think of you as a lucky person. Since you came here, it means that it is the will of the Supreme God. You helped me find the energy and saved my life, then I will give you a gift as well. Thanks, pick it up. "

A red heart appeared in front of the old man, and Lu Yang held it with his hands.

After getting the heart of the devil, he didn’t take it seriously. With the continuous urging of the gold medal team’s leader, the ice studio’s employees urged Lu Yang to stop staying and talk to the old man. “Old people, don’t worry, when I reach the 200 level, I will come to rescue you.” Lu Yang said.

“Yes, I have to run back.” How about half an hour away, why did Lu Yang abdomen send himself back to the safety zone of the square.
