

Wild Fire 781

Chapter 781 - Dark shooter

“This dragon is so cool.” Sun Yu said excitedly, he beckoned, and the pseudo-black dragon opened his wings and flew to his side.

Lu Yang snapped his fingers and said, “Good job, spray the animals next to you to see the damage.”

There are many small animals around the cliffs, and they are sometimes entranced by pseudo dragons.

Sun Yu nodded and ordered the pseudo-black dragon to release a dragon breath at a falcon.

The pseudo-black dragon’s eyes locked on the falcon standing on the cliff, and a black light and liquid appeared from the mouth full of fangs. Suddenly, he opened his huge mouth and sprayed a breath of dragon breath 150 meters away from the falcon.

The black dragon’s breath has a width of 3 meters and rushes to the falcon in an instant.

“10688”

The Falcon didn’t even respond, so it fell to the ground, spike!

“The damage is so high!” Sun Yu said.

The hunter players around were also stunned, with more than 10,000 injuries. This is a violent battle wearing immortal equipment, or can only be punished by angels.

“It’s almost the same as the boss’s attack. This hurts too much. How long is the cooling time?” Asked the shooter Yiye Piaoling.

Sun Yu looked at Yipiao Ling in shock, and said, “He has no cooling time, and can spray 8 dragon breaths at a time, and then every 30 seconds.”

All shooters were stunned.

“This skill is too strong.” Said Fengyingyingying.

Lu Yang said: “A group of 5 people go up to catch the dragon, one black dragon per person.”

“Good grin.” Yi Ye Piaoling and Feng Zunying and others ran forward excitedly and began to recruit the pseudo-black dragon.

In less than an hour, 150 people were recruited.

Lu Yang said: “Upgrade these pseudo-black dragons well, the power of dragon breath can be strengthened, and the number of breaths can be increased.”

A level 60 hunter can raise the baby to level 70 and can spray 7 dragon breaths.

“Boss rest assured.” Yi Ye Piaoling and others looked at the pseudo-black dragon around them as if they were treasured. This is the most precious summoned animal they have recruited so far, and they are more exciting than Thunder Eagle.

Lu Yang said: “Sun Yu asked the next group to come and continue to recruit the Black Dragon.”

“Yes,” Sun Yu said.

150 shooters, such as Yiye Piaoling, immediately used the fort to return to the city and flew to the Bone Fortress. This is currently one of the two best forts outside St. Gall.

The Bone Fortress is adjacent to the bug upgrade point. Players will come here to supply and trade equipment and materials after the upgrade.

Another fortress that makes money is the Blood Demon Fortress, which is adjacent to the Blood Demon Temple. There are two such fortresses in the Holy City, the Sea Emperor City, and Hannibal City.

Because of the addition of a pseudo dragon, Yiye Piaoling and other 150 shooters replaced 450 shooters who were being upgraded with a trumpet. One person used the original three.

It took Lu Yang a day to replace the 2,000 wind laser shooter’s pets with pseudo-black dragons, and the number of players they brought was three times larger than the original.

The next morning, Lu Yang called off the 2,000 wind and lightning striker’s lead mission and said, “All wind and lightning strikers gather at the Valley of the Evil Valley.”

The Valley of the Evil is adjacent to the City of Sin and is the third fortress to make money in the Holy City. At present, it belongs to the boundary of Sun Yu.

Tu Feng frowned and said, “Boss, you took these 2,000 people, which is equivalent to 40,000 people who can’t be upgraded.”

Lu Yang said, “Let them wait for one day. I need the pseudo dragon unit to do a task.”

“One day?” Tu Feng asked in amazement. He didn’t want to give Lu Yang for an hour now.

Lu Yang said: “If this task is completed, I will return you 5,000 shooter legions that are not inferior to the wind and lightning shooters.”

Tu Feng thought for a while and said, "This is all right."

With this reason, he could appease the brothers below, otherwise, let him directly appease the 40,000 people, and he would be worried.

Lu Yang flew to the inner city of the Valley of the Wicked, and Sun Yu and his army of 2,000 wind and laser shooters were all assembled.

"Boss, where are we going?" Sun Yu asked eagerly, knowing that his legion had to be strengthened again.

Lu Yang said: "Dark Abyss."

Dark abyss, level 60 map. At the far north end of Sin City, Lu Yang took more than 2,000 people including Sun Yu and ran for more than an hour to a cave entrance.

"flaming Phenix"

Lu Yang raised his hand and a huge fire phoenix appeared fluttering above him.

The fire phoenix comes with a fire light, which illuminates the area farther than the crystal lamp. It is more than 60 meters in length. Lu Yang flew into the cave with one finger.

Countless ordinary monster-shaped monsters along the way were stopped by the Phoenix, and the group walked for three hours to the depths of the ground, to the entrance of a maze, and the door was a black gate.

System prompt: you found the dark maze

Lu Yang said: "The road inside is not easy to go, everyone follow me."

He walked into the dark labyrinth, here is a promenade, where there are monsters such as level 60 worms and tongs.

Lu Yang took Phoenix all the way to clean up, walked for more than three hours, passed more than 20 entrances in a row, passed dozens of forks, and finally, after passing the next exit, came to a huge abyss

System prompt: you found the dark abyss

The dark abyss is not deep, only about 60 meters high. Underneath the abyss, there are black skeleton monsters all over the body. Each of them has a skull Kodo.

The health of Skeleton Monster is 30 million, and the health of Skeleton Kodo is 80 million.

Sun Yu asked, "Boss, shall I blame?"

Lu Yang shook his head and said, "Can't attract the monsters in this place, you can only let your dragons kill them. If people go to fight, these monsters can't be beaten."

Sun Yu raised an eyebrow and said, "Are there any special skills?"

"You shoot an arrow, then take a look at it." Lu Yang Sun Yu said.

Sun Yu raised his hand and hit the skull monster with an arrow.

"Roar ~!" The skull flickered with golden flames in his eyes, roared at Han Ying, and pointed at the skull Kodomon next to his right hand.

A purple-black light illuminates, the 80 million blood skull Kodo is broken into a bone scum, and the skeleton bone's white bone hair shines silver.

Covenant Skeleton (Elite)

Level: 60

Qi and blood: 120000000/120000000

“The Skeleton Monster actually ate the blood of the Skeleton Kodo?” Sun Yu stood up and said in surprise.

Lu Yang said: “After eating, he has the dual attack power of himself and Kodo, let alone us, even if Xiao Liang is here, he can’t carry it, don’t look at this strange level 60, level 80 overall excellence It’s possible to play with gold gear. “

This is not what Lu Yang said blindly. It was summed up by players who have been here in the last life. Before Lu Yang was reborn, the official did not give a detailed explanation of this place, and why this monster appeared.

Lu Yang raised his hand in a Pyroblast to bring this skull monster over. Han Sha and 12 others took turns using stun skills, and 12 people spent a lot of energy before killing them.

A skill book fell out.

Dark Contract

Class: Dark Shooter

Description: Use this ability to devour any summoned beast of non-elite level and above, gaining 1% health bonus and 2 % attack bonus.

Sun Yu looked at Lu Yang and said without tears: “Boss, I want to be a dark shooter.”

Lu Yang laughed and said: “Do n’t make trouble, the dark shooter is far from the wind and lightning shooter. In the future, you can summon real dragons. The dark shooter is a pure attacker and it is not worth your replacement. This skill can only devour non-elite. . “

Sun Yu took a closer look and found that it was non-elite. According to the current monsters, the most non-elite monsters at level 60 have the most herbivorous dragons. This kind of dragon monster has 1 million blood, and eating one can increase the shooter by 10,000 points. Qi and blood and 2000 attack power did not increase much.

Han Yu asked, “Brother, how do you change into a dark shooter.”

Lu Yang said: “Killing these skeleton monsters has a chance to burst out. The shooter team comes up, a group of 30 people, and kills these monsters with dragon breath.”

Sun Yu nodded, 2,000 wind laser shooters stood sideways, 100 people in each row, a total of 20 rows.

“Fake Dragon Attack”

2,000 pseudo-black dragons spread their wings and take off at the same time, swooping towards the skull monsters below. When they were 50 meters away from the skull monsters, they opened their mouths at the same time, and Dragon Breath sprayed a straight line, which will all the skull monsters along the way. Hit them all.

The Skeleton Monster and Skeleton Kodo were attacked. They raised their heads and ran after the pseudo-dragon. They were all in close combat. None of them could eat Kodo.

2,000 pseudo dragons flew around the site and returned to the cliff. After a while, countless skeleton monsters and skeleton Kodos chased near the cliff.

At this time, tens of thousands of skeleton monsters and Kodo were all gathered together.

Lu Yang ordered: “Flying dragons circled around the fire.”

2,000 flying dragons flew over the skull monsters, and at the same time spewed out flames. In less than 2 hours, all tens of thousands of skull monsters were killed.

System prompt: you get 3918 experience

...

After the sound of an experience reminder stopped, Lu Yang saw that there was no strangeness below, jumped to the cliff, and picked up a transfer certificate.

Dark Shooter Turnover Notice

Description: With this notice, the player can transfer to the Dark Archer Temple and become a Dark Archer. The range can be changed to 70 yards after the transfer, and the Dark Arrow skill can be learned.

Lu Yang shared the certificate to everyone ~ www.mtlnovel.com ~ and said: "This is the thing, Sun Yu asked 20 people to come down and pick something up."

"Yes." Sun Yu jumped under the cliff with more than 20 captains, such as Yi Piaoling, and packed the Dark Contract Skill Book and the Transfer Notice with Han Ying and others into the backpack.

At last, I checked the quantity, and there were more than 500 books.

Lu Yang said: "Go to the right and we continue."

The scope of the abyss is very large. In a whole day, Lu Yang cleared the abyss and finally obtained 5,000 Dark Archer transfer certificates and 5,000 Dark Contract skill books.

Lu Yang said to Sun Yu: "You have to discuss with Tu Feng about the selection of people, or the old saying, give priority to the old people who are loyal to the guild, and ask them again. If you are willing to change your position, change it, don't change it. "

Sun Yu nodded and said, "Boss rest assured."

Lu Yang didn't have time to control who the 5,000 shooters were. After giving it all to Sun Yu, he flew back to the main city to rest.

Chapter 782 - Mai Lizhe refers to Nikko

Early the next morning.

After Lu Yang exercised and entered the game, Tu Feng said to Lu Yang in a special space: "Boss, the dark shooter transfer certificate you hit yesterday is too great."

"What's wrong?" Zhang Zibo asked.

Tu Feng said: "The Dark Archer has a Dark Contract ability to devour ordinary monsters, and can also get 1% of the blood and 2% of the attacks of ordinary monsters. This morning, Sun Yu took the 5000 dark archer and caught a 60-level herbivorous dragon, After using the Dark Pact, each shooter has 10,000 more blood and 2,000 attack power. "

"This technique can be arrogant, but unfortunately it was given to the shooter. It would be invincible if given to melee." White Lion said.

Tu Feng said: "It is already very good. The 5,000 people can be used as 15,000 people, and the upgrade problem of 250,000 people has been solved at once. Our guild has increased to 60 players."

"It looks like Xiaoyu will become the first army commander of the whole army to reach level 60 this time," said Zhujiu.

Lu Yang said, "Yu Wei prepare, call Shang Hansha and his 500 elite thieves to gather at the porcupine fortress outside St. Gall."

The origin of the name of the porcupine fortress is that there are a large number of elite porcupines here. This fortress was pushed down by Xia Yuwei's team.

"Boss, is there anything good?" Xia Yuwei asked.

Lu Yang said, "Play a group attack skill book for the thieves."

"That's it," Xia Yuwei said.

At present Xia Yuwei has launched his first legionnaire, Xia Yuwei's loyal fan Hansha. This boy is a poor and sour boy. He knows that he is not worthy of Xia Yuwei, and would rather stay with Xia Yuwei.

Xia Yuwei felt sorry for Han Sha's feelings and promoted him to become the regiment chief. The two deputies were light and dark thieves. No one in the regiment had any opinions, including Zhang Zibo.

When Lu Yang came to the Porcupine Fortress, Xia Yuwei and Han Sha had brought 500 thieves, and Zhang Zibo had no time to lead the army.

"Boss, everyone is full." Xia Yuwei said.

"Boss, hello." Han Sha was a little embarrassed to see Lu Yang.

Lu Yang patted him on the shoulder and said with a smile: "You are doing well, you can be recognized by Yu Wei, you are very capable, and I welcome you to become the commander of the army."

A burst of excitement overflowed in Han Sha's chest, and he could be acknowledged by Lu Yang personally. There would be no objection from the guild any more, which was equal to Lu Yang's position as the commander of the army.

“Boss, I must work hard,” said Han Sha, and then he glanced at Xia Yuwei secretly.

Lu Yang nodded.

“Boss, and the two of us.” The thief Bai Hong looked up at the glimmer and the shadow thief Xia Ye Chenfeng and ran out of the team, and said to Lu Yang with a smile.

Lu Yang said with a smile: “I also welcome you two, smelly boy, go with me, the boss will equip you.”

“Thank you, boss.” The light and dark thieves said together.

At present, no one in the Jagged Brothers Alliance disagrees with Lu Yang. No matter how aggressive and respected before they entered the Jagged Brothers League, they have entered the Jagged Brothers League. Do n’t say that you saw Lu Yang, even if you saw the Flame Blade. No one at all levels dares to presumptuously.

Starting from the top of the Flame Knife, none of them have proven themselves in international competitions. In the first official global competition, the Flame Knife ranked 56th in China.

Further up are the two brothers Zhou Tianming, the three males of Bai’s family and the half-loving half-life. They are all top 10 players in the world, and Lu Yang is the first in the world.

Regardless of personal achievements, in leading the guild wars, the scenes of the battle between the three males of the Bai Family and the half-life of bitter love and so on have made all players enthusiastic. The scene of Lu Yang’s commanding a war of 5 million people is even more crazy.

The two proudly assassinated light assassins, who had been following the Jagged Brothers Alliance for less than half a year, were completely convinced by Lu Yang and Xia Yuwei and others. What did Lu Yang say and how did they listen.

“Brothers, go with the boss. This is a rare opportunity. Don’t miss it.” Shouted looking at Weiguang.

“Oh.” The 500 said in excitement, and went out to blame with the boss of the Jagged Brothers Alliance. This bull forced them to play for more than ten years.

Lu Yang shook his head while watching the boys excited. Maybe he was not as old as them. However, as a man of two lives, Lu Yang’s mentality was much more mature than them.

He replaced the Red Flame Lion King, took Xia Yuwei and others to run out of the Porcupine Fortress, and came to the level 60 elite map Porcupine collar.

Porcupines are scattered on Porcupine Ridge.

Stormy Porcupine (Elite)

Level: 60

Qi and blood: 16000000/16000000

The porcupine has a small amount of blood, but he has a characteristic. When you hit him, the damage is only 60% of the normal. When he hits people, he uses range attack skills and the porcupine stabs.

The damage of the Porcupine Spike can be superimposed. Each time, the damage is increased by 10% and the maximum is increased by 100%.

If you can’t stun him in melee, or kill him within 10 seconds, and then attack later, you will face a high-pricing acupuncture injury.

Lu Yang said: “A group of 5 thieves, discuss the shot order, control these porcupines, control them.”

The 500 thieves are the most elite of Han Sha’s masters. A group of 5 people, divided into 100 groups, select the target to attack.

Five thieves stunned, and the porcupine had no time to respond, and was easily charged to death.

System prompt: you get 3968 experience

...

After a series of experiences, Lu Yang walked into the middle of the crowd. There were scattered porcupine corpses on the ground. Some porcupines had silver skill books beside them.

Random Blade

Occupation: Rogue

Distance: 30 yards

Consumption: 30 energy

Description: Throw an energy flying knife at the target position. When the flying knife arrives at the designated location, it will fly away, causing an attack of 20% damage to the hit target, special attack, disregarding armor, cooling time 3 seconds, next time the damage increases 5%, can stack 10 layers.

Xia Yuwei picked up the skill book and said in surprise: "This skill ignores the armor?"

Lu Yang said, "That's right."

Xia Yuwei said: "It's more than good, it's just great, this skill has greatly improved the thief."

In the end, the chaos can make the damage reach 70% of the attack. At present, the rogue's attack power is above 8000 points, which means that each time the chaos is released, it can deal more than 5600 damage.

Lu Yang said: "The porcupines here have a chance to drop the random blade skill book. Today we are playing here, and each group can play freely."

Xia Yuwei asked, "How many skill books can I expect to explode?"

Lu Yang said: "Almost 5,000 copies."

"Then my army can upgrade faster." Xia Yuwei said, 5,000 thieves with group attacks can take 370,000 trumpet upgrades at once.

Lu Yang said, "I'll go out and find something for you. It will also make your thief team spend money faster."

Xia Yuwei nodded and said, "You're busy, I'm watching here."

Putting on a hood, Lu Yang flew back to the city of St. Gall using the scroll back to the city. Just after landing, he turned into an ordinary human appearance using a camouflage coat.

He sent a message to Jin Buhuan and asked, "Are there any special potions that increase the attack power?"

Jin Buhuan said, "Yes, I have a potion that increases 2000 attack power, about 5,000 bottles."

Lu Yang shook his head and said, "Too little has been added, has there been more?"

Jin Buhuan said: "There are 3,000 points added, but the duration is too short, only 2 minutes."

Lu Yang was still dissatisfied and said, "How much is the highest, don't care about time."

Jin Buhuan said: "The maximum increase is 10,000 points, but it can only last for 1 second."

Lu Yang said, "I want this, how many bottles do you have?"

Jin Buhuan said, "More than 30,000 bottles, all of them were triggered by special effects when I made the potion. I don't know what this thing is for."

Lu Yang said: "This thing is a treasure. It is very useful. It is sent to my storage box."

"Okay, no problem." Jin Buhuan used the system function and mailed 30,000 bottles of medicine to Luyang's storage box, which cost 6 gold coins.

Lu Yang bumped the medicine into the storage bag and took it back to the guild warehouse. Just after taking a rest, Han Zhong called and said, "Someone in Red Moon City has purchased our Blood Elf Island bulk."

Lu Yangmeng sat up straight and asked, "Do you know who the other party is?"

Han Zhong said: "In nominal terms, six middle-level guild bosses jointly purchased. In fact, the person behind the instructions was Li Xiuyu, and Tu Feng investigated."

Lu Yang patted the table and said: "Sell to them, sell as much as possible, and Ma Lizhe dares to dominate the bully, we will be able to hit Beifeng City."

Merritt's Red Moon City is next to Benliu City. Last time Lu Yang sold the three fortresses of Merritt and reported his revenge for interfering in his own life. Merritt must not be convinced. If Merritt doesn't go to play in Sun City, Lu Yang really didn't dare to start a war against Wang Teng and Li Xiuyu, but now he is not.

The old man in the twilight took the initiative to leave Nikko City ~ www.mtlnovel.com ~ Mai Lizhe has no worries, he can safely attack the hegemon, Li Xiuyu will not drag him back, Shadow City will not hit him, Binghuo City must first unify the two islands No time to control him.

Li Xiuyu is at his best now, and he can't help but fight against the hegemon.

Xiongba is not easy to provoke, the two sides fight, absolutely no difference in half a month, so Lu Yang can have enough time to fight Wang Teng and Li Xiuyu.

"I'll arrange it now," Han Zhong said excitedly, and suddenly he responded, saying, "There is one more thing, shall we set up an smithy on Binghuo Island?"

Binghuo Island is on the east side of Bingshan City and on the north side of Nikko City. It is an island hanging overseas, and there is a main city on it called Binghuo City.

The geographical location of this city is very special, which is equivalent to a crossroad. At the lower right of Binghuo City, there is a small island called Hot Spring Island, and there is a main city above it called Hot Spring City.

These two cities are far away from the inland and have not yet participated in the internal hegemony of the game. However, Lu Yang knows that the boss of Binghuo City is not a peaceful person, and it is estimated that he will soon enter the war.

Chapter 783 - Part 2 Expansion

Lu Yang said: "Don't arrange it in Binghuo City, put it in Bingshan City, if it is Binghuo City, it is easy to buy equipment in Hot Spring City."

Han Zhong said: "It makes sense, I'll arrange it."

Lu Yang said, shut down the phone, replaced the Red Flame Lion King, and took the three sisters Han Ying and Han Sha 12 people to the 70-level map between the city of St. Gall and Beifeng City.

In the game settings, the main arterial road in the middle of each main city is flanked by level 60 monsters. Walking from the main road to the inside is a level 70 strange area.

Lu Yang took them for more than three hours and came to a barren desert area.

System prompt: You have arrived in the desperate desert

“Wow, there is such a beautiful scenery.” Han Fei said in surprise.

The endless red desert really makes people feel like a long river is setting sun and the desert is lonely and straight.

At this time, at dusk, a round of red sunset light in the distance is dim, not so dazzling, and people can look directly at it. A few clouds are reflected in the red sun around the sunset, Han Ying and Han Sha, etc. People are infected by the beautiful scenery.

Lu Yang also likes the scenery here, of course, if there is no such powerful monster here.

“丝丝 ~ 丝丝 ~ 丝丝 ~”

A half-snake and half-human creature emerged from the desert. He was 3 meters tall, with long hair and a male face, with a serpentine pattern on his face, a high abdomen muscle, and a huge snake tail supporting his body, holding a giant sickle, the black and black sickle makes people feel full of poison.

“What a weird thing.” Han Yu frowned.

Lu Yang said, “Look at the name.”

Snake Warrior (elite)

Level: 70

Qi and blood: 100000000/100000000

“One hundred million blood, so much.” Han Fei said incredulously.

The level 60 steel hammer ogre elite has only 11 million HP, which has only increased by level 10. The elite monster has 10 times more health.

“He has as much blood as the lord in the 100-person Nightmare difficulty copy.” Han Meng said.

Lu Yang said, “Let’s not provoke him, just go away and enter the village in front of you.”

Looking deep into the desert, a small black spot can be seen with the naked eye, which is Hongsha Town.

Han Fei and others nodded.

Lu Yang led the team to bypass the snake demon warrior and evaded all the way to the door of Hongsha Town. A group of soldiers holding silver spears stopped Lu Yang.

“Who are you?” Asked the Captain of the Human Advance Guard.

Lu Yang took out a ring from his backpack and said, “Cavalido asked me to come here to find him.”

The captain of the guard saw the ring, and the vigilant look on his face disappeared and became much milder, and said, “Thank you for saving us, you can go in, but I hope you do n’t walk around. Cavaldo is on the left of the door. Inside the house. “

Lu Yang nodded and led the team into the village. This is a very humble village. It is surrounded by a stone wall. There are more than 100 houses in the wall. Most of them are barracks. The houses are made of stone and Made of yellow mud.

There are many people in the town, most of them are soldiers and magicians, and some people are wearing brown cloaks. These people are not friendly to Lu Yang and others, and their eyes are cold and alert.

Lu Yang looked at his reputation here, not even the most basic friendliness, shook his head, and walked into the first house door on the left side of the village.

Cava Lido was sitting at the door to heal his wounds. When he saw Lu Yang, he couldn't help showing an excited look and stood up and shouted, "My friend, welcome to my house."

Lu Yang laughed and walked in front of Cava Rido, and said, "Sit down and talk. Are you hurt?"

"The prophet told me that it would take another half a month." Cavallito looked at Lu Yang and took a box from his backpack. "Thank you for saving my life. This is my gift. Please take it. under."

Lu Yang took the box, he was waiting for this gift, but he missed a level 80 lord monster, I do n't know what it was, he opened the box and looked at it, and a large flame with a flame appeared in front of him

Flame mark

Level: 0

Effect: Fire spell level +5 after wearing

Lu Yang saw the excited expression of this equipment changed, and fortunately said, "This gift is too valuable."

What is the concept of all fire spell levels +5, his phoenix is at the highest level 20, already 9 levels, plus this flame mark can reach level 14, the summoned phoenix spell damage will reach more than 20,000.

Originally, Lu Yang was still worried about **** the snake fighters outside to improve the friendship here.

Cavallido didn't care what he gave to Lu Yang, saying, "This treasure is meaningless to me. I entered the second-turn career. The original treasure has no bonus effect on the new skills, but instead Better give it to you brother. "

"Thank you very much." Lu Yang thanked again and asked, "Why are you stationed in this place, is there anything I can do for you?"

"This is a long story," said Cavalido. "In fact, all races on this planet are on the verge of extinction."

[System Channel]: The second expansion pack, the Battle for the Extinction, was officially opened. Congratulations to Huaxia Server for entering the second expansion pack for the first time.

Lu Yang watched the golden fireworks shining in the sky, and the golden characters of the system channel showed a surprise expression.

"The original second expansion was started this way." Lu Yang murmured to himself, he didn't know he could save the person before he could officially open the new expansion.

Han Fei said to Lu Yang with surprise: "Brother, you opened the second expansion film?"

Lu Yang smiled and said, "I don't know."

A flash of light flashed, and an old man in a brown cloak appeared in front of Lu Yang. His hair was gray, and his lean face had a pair of determined eyes.

"Young man, you started a new war, yes." Said the old man.

Cavaldo bowed respectfully to the old man and said, "Sir Prophet, hello."

Lu Yang looked at the prophet and said, "This is really my honor. I don't know what I can do for you?"

The prophet glanced at Lu Yang and said, "Prove your ability to me first, kill 100 snake warriors."

Quest hint: Dear warrior, it is time for you to show your strength. The Prophet orders you to kill 100 snake warriors. Are you willing to accept it?

whether

Lu Yang chose to say, "No problem, I'll go."

With the Flame Mark increased by 5 skills, would Lu Yang be afraid of those snake warriors outside? He said, "You stay here, I will go alone."

According to the information of the last life, the snake snake warrior contains highly toxic attacks, but does not have the ability to attack at a long range. Although there is a lot of blood, a 14th level phoenix is enough to kill them.

"Summon the Phoenix"

A huge red-red light emerged from the top of Lu Yang's head, and the light burst. A huge phoenix with wings spreading 60 meters and a length of 50 meters appeared in the sky.

Fire Phoenix (Level 14)

Attack: 18986—23698

Spell 1: Flame Splash

Spell 2: Phoenix Nirvana

Spell 3: Phoenix Blast

Flame Sputtering is the same as the previous skills. When Phoenix encounters a mortal attack, Phoenix Nirvana will turn into a Phoenix Egg, continuously inflicting 10,000 Fire damage per second to enemies within 100 yards.

The third Phoenix Shock is a continuous attack skill. The percentage of hits will cause the target's current upper blood limit to 5% damage per second, stacking 1% for each second, up to 10% for 10 seconds.

The first two skills don't matter. The third skill is a big killer. The strange amount of blood is 100 million. If you want to kill normally, how many people need to cooperate to play it. If you want to use it, you must have such skills. can.

10 seconds is equivalent to killing half of the opponent's health!

Lu Yang walked to the door and ordered the Phoenix to fly forward. As night fell, the villages and towns were filled with snake warriors. The Phoenix flew at random and attracted more than 500 people.

Serpent demon warriors gathered under the Phoenix and could not attack, but had to wait for the snake eyes to roar at the Phoenix in the sky.

Lu Yang felt almost attracted and ordered.

“Phoenix Shock”

The crimson phoenix exudes golden light all over, sweeping every snake warrior underneath it, inflicting high temperature damage on them.

“5000000”

“5700000”

...

Super high damage values appeared from the monster’s body, and Lu Yang stood in the distance and shook his fists with satisfaction.

Han Ying, Han Sha, and others all looked dumbfounded.

“More than 5 million damage, how could this Phoenix attack power be so high?”

“A bug has occurred.”

...

Lu Yang looked at them and said, “It’s not a bug. It’s a unique skill of Phoenix. It beats blood by percentage.”

Then everyone came to understand, they were even more excited.

“It’s great. It will be easier to kill monsters in the future.”

“Brother, can you fight boss and lord?” Han Fei asked excitedly.

Lu Yang shook his head and said, “The effect of playing boss is halved, and the lord is invalid.”

“That’s very strong, too.” Han Fei said.

Lu Yang looked to the distance. After 10 seconds, Phoenix killed more than 500 monsters with more than 50 million health.

The cool down time of this skill is only 2 minutes. After waiting for 2 minutes, Phoenix uses Phoenix Impact again ~ www.mtlnovel.com ~ and then picks up a few large fireballs. All 500 snake snake warriors are all killed on the ground.

System prompt: You killed the Serpent Warrior

You get 5018 experience

Your reputation in the vanguard +10

...

When the prompt was completed, Lu Yang's reputation with the advancers reached a level of friendliness. Lu Yang summoned Phoenix back to the prophet and said, "I've completed my mission."

The Prophet nodded with satisfaction and said, "The devil has stepped out of **** and has gradually invaded the soil in which we live. We must stop all this. There is a cave on the west side of Hongsha Town, where the snake devil is killed. General. "

Quest hint: Kill General Snake Devil, whether to accept it.

Lu Yang chose to say, "Okay, I'll go."

In the previous life, he was not qualified to kill General Snake Demon. This kind of map was monopolized by major guilds in the early stage, and ordinary players have no chance to come.

Chapter 784 - Written age

Lu Yang said to Han Ying and others, "Go back first, you can't help here."

Han Ying shrugged and said, "Okay."

The monsters have 100 million blood, killing them can be done with a stab, they not only have no use but also trouble Lu Yang. Several people took out the city rolls and returned to Hannibal City.

Lu Yang stepped out of Hongsha Town and headed for the West. Along the way, the number of snake demon warriors was very large. Lu Yang let the phoenixes be concentrated and destroyed. He went all the way to fight, and it took him more than two hours to reach the entrance of a cave.

System prompt: you found the snake hole

Although Lu Yang didn't know how to play the snake demon cave, when he was bored in the past, he would always look at the information of these special copies. For nothing else, I just like to see this kind of stuff.

The Snake Cave is very important in the official history. He is the first copy in the second expansion.

Inside the cave are not only generals of snake snakes, but also boss-level creatures such as five-headed snakes. After death, these creatures have a great chance to drop something called a rune. This thing is Lu Yang's capture of Beifeng City and Benliu. City key.

“丝丝~~”

The voice of a low but powerful snake vomiting came from the mouth of the cave, and Lu Yang stepped into the cave.

At the entrance of the cave, a man with a muscular upper body and a brown snake-tailed lower body holding a sickle blocked the way. The man's face was characterized by the fierceness of snakes.

Serpent Guard (Elite)

Level: 75

Qi and blood: 150000000/150000000

The snake devil guard is a relatively high-level monster in the snake devil cave, which can be seen at the entrance of the door. Lu Yang guessed that it was because of the wasteland. This snake devil guard may be the leader of the snake devil warrior outside.

“Human beings? Will you come over to die again?” The snake guard said scornfully at Lu Yang.

Lu Yang secretly said, looking around, he found a bump on the left wall.

“flicker”

With a flash of white light, Lu Yang jumped onto the bulge. He looked down from above. The snake devil guard didn't use him to attack him, and still looked at him with contempt.

Lu Yang looked at the front. The cave was very bright and there were light sources everywhere. There were about 100 snake warriors in the first half of the cave.

“Neighing ~~~”

Phoenix screamed and, under the command of Lu Yang, flew around the front half of the cave.

The snake demon warrior found the Phoenix and chased after him. When the Phoenix ran back to Lu Yang, the snake demon warrior stood under the wall.

Lu Yang raised his hand and hit a Pyroblast on the head of the Serpent Guard.

“10896” (Critical Strike)

The snake devil guard’s face showed anger, and he raised his sickle with his right hand and pointed at Landing Yang. “Since you want to die, I will fulfill you.”

Lu Yang watched the snake devil guard approach him without fear. The Raiders of the previous life wrote clearly that none of the snake devil’s family had the ability to attack at a long range.

Sure enough, the snake demon guard came to the wall where Lu Yang was located, and could only stand in the snake devil’s pile and stare at the landing sun.

“Phoenix Shock”

As soon as Lu Yang ordered, Phoenix glowed a red glow all over his body.

“7500000”

“7950000”

...

According to the current blood volume of 5%, the percentage of blood loss attack mode is gradually increased, and the snake demon standing below drops a lot of blood.

After the first use, the whole blood lost more than half. After the second use, the whole blood was left.

Lu Yang and the Phoenix attacked together. In less than 5 minutes, more than 100 snake warriors and snake devil guards fell to the ground.

System prompt: you get 70698 experience points

...

The experience value of each monster is above 70,000 points. Lu Yangshen's bottomless empty experience slot has begun to increase slowly.

“噫”

The last serpent guard fell to the ground, and a white rune fell to the ground.

Runes: Hold Fast

Level: 60

Position: Shield

Effect: Defense fighters have less than 70% health and an additional 15% armor.

Lu Yang saw the runic heart suddenly become excited, and said with a playful smile: “Luck is not good.”

The total battle defense of the Blood Demon Temple is more than 7,000, with an additional 15%, which is equivalent to more than 1050 defense.

Why is Blood Elf Island so far only a few teams have been able to fight the first few lords, and the latter are afraid to touch, in the final analysis, the defense of the shield war is not enough, and now it has been increased by 1050 points, the chance of resistance Greatly increased.

Lu Yang put the rune in the parcel and continued to look inside the cave. He probably remembered the walking route of the cave.

There are a total of 10 forks, and the third fork is a five-headed snake. This thing is a pet of the snake general and its strength is second only to the snake general.

The mobs in the first half of the cave were killed by Lu Yang. He walked into the third fork, entered the cave at the end of the road, and saw a red snake 5 meters tall with five heads. Stand not far away.

Five-headed snake

Level: 80

Qi and blood: 500000000/500000000

The five heads of this red five-headed snake are the non-toxic main head-giant bite, fierce toxin-instant kill, slow toxin-black water, burning toxin-lava, cold *-ice cold.

The famous five-headed snake didn't know how many players had been stumped in the last life. If Lu Yang didn't have the phoenix above his head, he wouldn't dare to fight.

“Go, Phoenix, kill him.” Lu Yang pointed with his left hand, and Phoenix flew towards the five-headed snake.

At a distance of 20 yards, the five-headed snake found the phoenix, and the stout snake tail flung it hard. The five-headed snake jumped in the air and jumped towards the phoenix.

Lu Yang immediately ordered the Phoenix to raise its height, and the Phoenix fluttered its wings. Unfortunately, the five-headed snake was too fast, and five heads bit the Phoenix's body at the same time. Only one moment, the Phoenix died!

“Neighing ~~”

The Phoenix wailed and fell to the ground.

“842”

“842”

The five-headed snake was about to leave, and was suddenly attacked by the flames of Phoenix's rebirth, turned around and came to the Phoenix, and the five heads bit together.

Broken egg, Phoenix died completely!

Lu Yang shook his head. Sure enough, this phoenix nirvana is easily unusable. If it doesn't work well, this is the end. He raised his right hand and summoned a phoenix again.

This time he learned to be clever, let the Phoenix fly to the highest point, and came to the top of the five-headed snake. This time the five-headed snake jumped without hitting it a few times, let Lu Yang relax.

“Phoenix Shock”

The flames ignited, the five-headed snake was a boss, and the impact of the phoenix was halved, but it still killed a lot of the five-headed snake's life.

After 10 minutes.

The five-headed snake fell to the ground, and a white rune and a pet egg fell out.

Lu Yang saw the pet eggs choked, pet eggs, but this is a baby, even if it reaches level 100, it is a rare thing, and it unexpectedly burst out here.

Pet Egg • Hydra

Lu Yang couldn't help but clenched his fist. It turned out to be the pet egg of a five-headed snake. This thing is not good. The toxin is not ordinary.

[Guild Channel] Lu Yang: Pet eggs, five-headed snake, good things are free to send, which legion leader wants, please hit 1.

[Guild Channel] Half a lifetime: I go, I want, 11111.

[Guild Channel] White Lion: Stare expression, boss, how did you get it, this game has been in service for so long, it is the first time I see a pet! 1111111111.

[Guild Channel] Zhang Zibo: Boss, I want it too, 111.

[Guild Channel] Mao Qiu: I'm a hunter. Don't grab it. I want 111.

...

Including shooting Sirius, the Eighth Corps Commander and a dozen deputy Corps commanders wanted it.

Lu Yang asked with a smile: "Cold sand, flame knife, black notes, light and dark thieves, you group leaders and deputy group leaders don't want it."

Han Sha certainly wanted it, but he was the later legionnaire. In fact, it was Xia Yuwei's small follower. Where did he dare to compete with Xia Yuwei? However, he did not dare to say this, but only sent a blushing and embarrassed expression. .

Flame Sword had a thick skin, and said, "Boss, how can you be so embarrassed, you are the bosses of yours."

Lu Yang laughed and said: "Since being a legionnaire commander, it is treated equally. I said that all legionnaire commanders can do it, and your later ones are included."

The black note said, "Thank you, boss."

Several people's hearts became much more stable. Obviously, Lu Yang really regarded them as the commander of the army.

Xia Yuwei asked, "How many pet eggs do you have?"

Lu Yang said: "Just one, I can't use this thing. You roll the dice. Whoever points it back to the big one, after hatching, this monster can spray four medium-level toxins, drop 3000 defense, drop 000 magic resistance, Rapid blood loss and continuous reduction of movement speed are considered a very overbearing pet in a heads-up. "

This reduced defense is a genuine reduction in defense. Unlike the magic sound reverberation, it can only reduce the strange magic resistance. It does not work for anyone. This can be used by anyone. At the same time, it can be superimposed with the magic sound reverberation.

After Lu Yang's explanation, all the chiefs of the army were not calm. With this pet, it is equivalent to an additional team that can play a copy of Blood Elf Island.

A group of people roll dice to size.

"86"

“68”

“92”

...

“100”

Everyone: “...”

Zhang Zibo smiled and said, “Sorry, everyone, it’s mine.”

The white wolf cried without tears and said, “Boss, is there still?”

Lu Yang said: “The explosion rate of this thing is too low ~ www.mtlnovel.com ~ it is estimated that it will be difficult to explode one for a long time.”

“Xiao Bo’s luck is so good,” said bitter love for a long time.

Zhang Zibo: “...”

Lu Yang laughed and said, “Although the snake is gone, there is still this thing.”

He sent Rune Perseverance to the channel, and it was Perseverance that just killed the five-headed snake.

“Boss, what a rune is this ghost? Bring it like this to increase the defense of the shield battle by 15%!”
The bitter love has exploded for a long time. It was so laborious to play the game before. Every time you kill a lord, you must master the various skills Difficult blocking skills and extraordinary concentration of mind can only be used. Now that there is such a rune, those are not needed any more. Is there anything more frustrating than this?

The white lion and muddy wine were also excited.

“Boss, how many such runes are there.” Zhuo Jiu asked intently.

Lu Yang said, “I ran this rune in a special map of level 70. Now I have just hit two. The copy I entered may be dedicated to defensive runes.”

Chapter 785 - Recruit Giant Wave Mage

“Let’s play this copy too.” Xia Yuwei said.

Lu Yang said, “Do n’t you come here, the copy I am here is an expansion film copy, this copy is special, an ordinary copy of 20 people, and an elite monster has 100 million HP. The boss monster I just killed, blood The amount is 500 million. “

Everyone: “...”

“Boss, then you come on, let’s roll this rune first.” He said bitterly for a long time.

The lord of the 100-man copy blame for less than 500 million HP. The 20-player copy of the 70-level expansion pack has such a high amount of blood. People who love half-life and the White Lion are very self-aware.

Lu Yang laughed and said, "I'm going back before the break to see how many I can hit."

Turning off the interphone, Lu Yang exited the Five-headed Snake Cave, returned to the exit along the original road, and entered the seventh fork.

Go straight along the fork road. At the end is a cave. When you walk into the cave, suddenly a different world appears.

There were birds and flowers everywhere, and there were humans in their servant's clothes who were busy everywhere, and when they saw Lu Yang, they all looked surprised, and then all bowed their heads, afraid to look at Lu Yang.

Lu Yang stopped a passing servant and asked, "Where is the General Snake Demon?"

The servant did not dare to speak, and hurriedly bowed his head.

Lu Yang found five servants in a row with the same attitude. He felt something wrong, and continued to walk inside. A snake three times larger than the snake devil guard, more than 10 meters high, wandered in the garden with a black sickle. .

Snake General (boss)

Level: 80

Qi and blood: 600000000/600000000

Lu Yang was looking for him. He searched left and right, and found a cliff with bumps. He jumped up with a flash and ordered the Phoenix to spit out a fireball to attack.

“1069”

The general snake snake was hit by a fireball, glaring at the Phoenix, and holding a sickle quickly approached, Lu Yang ordered the Phoenix to bring the general snake snake to the wall on the side of the cave.

According to official records, the General Snake Devil has a very high attack power. Only Level 80 wears dark gold equipment of a hundred-person nightmare copy, or excellent gold equipment, and is filled with gems. It can be resisted with various sums.

Lu Yang has a bug Phoenix here, omitting those procedures. After 10 minutes, the snake general fell to the ground and died, and a rune fell to the ground-Rune: Hold on.

Lu Yang said intently, this copy only dropped the anti-war rune. He picked up the rune and then quit the rune. Click to restart.

There are only three bosses in this copy, and Lu Yang brushes up very casually. From night to late at night, Lu Yang stopped and brushed a total of 330 sticking runes.

Inside the Hannibal City Guild meeting room.

Tu Feng and Zhuo Jiu and other corps leaders are meeting.

After Lu Yang entered the door, he handed the pet eggs to Zhang Zibo, and 330 runes were placed on the table, saying, “Let ’s share.”

“So much!” Zhou Tianming said in surprise.

Lu Yang said, “I brushed this one night.”

“Boss has worked hard,” Sun Yu said.

Lu Yang laughed. At present, there are 29 legions in the Jagged Brothers League.

The beasts that shoot Sirius are not counted for the time being. Take the tribe of the Bai clan of the human race as an example. The three men each lead a 200,000 army legion. The fourth legion is handed over to a person they think is qualified as the army legion.

Lu Yang promoted the original eight legionaries, including the White Lion, Muddy, Half-Life, Sun Yu, and other vice-chairmen. The power in his hands became the management of four legions.

Lu Yang sat down and watched the runes of the eight of them, asking, “Have you recruited enough troops?”

“All recruits, the card is upgrading.” Xia Yuwei said.

“We are all there, and we are upgrading.”

...

Recruitment of all 8 people was completed.

Tu Feng said: “I still have more than 500,000 idle players who have not been included in the official team, but the recruitment of personnel here is over, and no one wants to join our guild anymore.”

Lu Yang said: “We now divide the guild into three levels of management. The first level is our oldest group of players, 13,000 people. Starting tomorrow, these people will stop bringing trumpet and form a team to fight Blood Elf Island. A hundred copies. “

With Starfury Druid, Dark Shooter, and Rogue Blade Thieves, more than 1 million trumpet upgrades are solved at once, and each legion can draw the elite to fight a copy of Blood Elf Island.

“Tomorrow I will pass a copy of the game to them, and try to take them a dozen.” Zhuoju said.

With the defensive runes, Blood Elf Island is no longer so out of reach, even if the latter lords are not beaten, the former ones are still fine.

Early the next morning.

Zhuo Jiu and Xia Yuwei and others organized manpower to jointly form 150 teams to attack the Blood Elf Island.

White Lion and Zhuoju also personally led the team into the copy. Xia Yuwei didn't go. He wanted to assign a thief with the chaos blade skill to take the trumpet to upgrade.

Lu Yang stopped Xia Yuwei and asked, “How many thieves have the ability of chaos?”

“There are probably more than 10,000 people,” Xia Yuwei said.

Lu Yang handed a storage bag to Xia Yuwei and said, “There is a bug in the Chaos Blade ability. He only judges the buff stacking effect based on the player's first release of the skill's damage. There are 20,000 bottles and an instant increase of 10,000 points. Attack potions, you send them. “

Xia Yuwei took the potion, and after a moment of thinking, she understood it, and said with surprise: “When these thieves use the random blade, the combined damage is not calculated based on 20,000 damage.”

Lu Yang said, “Exactly.”

“Great, thank you.” Xia Yuwei said gratefully.

Lu Yang said, “Let's go outside, let's go.”

Xia Yuwei nodded and went looking for her hand.

Tu Feng called and said, “Boss, just got the news. The members of the 500 Great Wave Master Group that you noticed me went to Bingshan City, but were rejected by several powerful guilds in Bingshan City. It was a big blow, with fewer than 100 people left. “

Lu Yang froze and said, “I’ll be there.”

He hurried to ride the Red Flame Lion King to the teleportation array, and flew straight to the iceberg city. Through the coordinates sent by Tu Feng’s men, the door of the Deep Cold Guild saw the deep sea and his 10 brothers.

“Go out, go out, go out, and tell you a few times. What do we do for you, our Deep Cold Guild, do you want to buy magic sounds to reverberate like uncle?” Several people pushed the deep sea and others out.

The deep sea did not refute this time, nor was it angry. For nearly two weeks, they found Red Moon City from Benliu City, and then returned to Binghuo City, then to Binghuo City, and now to Bingshan City, all the large-scale cities in the five main cities. He found all his brothers in the guild, but unfortunately, none of them were willing to accept them.

At this point, Deep Sea’s face was more sluggish, and he had lost his direction for the long future, and did not know what to do next.

“Let’s go,” said the deep sea in a low voice.

“Go?” A giant wave mage said with a mockery: “Walking to complete the personal family, where can we go?”

Shen Hai glanced at him and continued to move forward indifferently. He didn’t want to quarrel with his men in the large court, which would only make people laugh more.

This giant wave mage saw that the deep sea ignored him, and also felt uninterested, and went along with him.

Vice Chairman Deep Cold glanced at the deep sea and others, shook his head and returned to the guild, saying, "Unfortunately, good skills have become useless waste."

Lu Yang sneered, followed behind the deep sea and others, and followed them to a remote corner, none of them found Lu Yang.

If it was usual, with the consciousness of the deep sea, it has long been discovered that Lu Yang can see that they have been tortured by the cruel reality and have lost their former sharpness.

Lu Yang knew it was time.

The white light flickered, and Lu Yang appeared in front of the deep sea and others.

Deep Sea is thinking about what to do after looking down. Unlike other people, this time he was fired by Li Xiuyu, and the person who hurt him the most was him.

Originally, he was the commander of the army. He led nearly 30,000 credit points every month. He received the most attention under Li Xiuyu's account. His girlfriend followed him and was honored. However, when Li Xiuyu fired him, he lost Economic sources.

He couldn't satisfy his girlfriend's needs. Now, his girlfriend has become the girlfriend of the first army commander of Li Xiuyu, and he hates it! He wants revenge, so he is so persistent.

Not only him, at least 10 of the 500 Giant Wave Master brothers had a similar situation to his. His girlfriend let the people in the guild pry away, which was an unbearable blow to the deep sea.

If that's the case, that's all it takes. The most hateful thing is that the captain who snatched his girlfriend showed off his love with his girlfriend many times in the circle of friends.

The most hateful time was when the chief of the army drank too much and even called the deep sea, the kind of humiliation that made the deep sea think now is still angry.

Although his face was indifferent ~ www.mtlnovel.com ~, he was still resentful, and in order to get revenge, he even thought to take the initiative to find Lu Yang, even if he didn't need money, as long as he could get revenge.

“Who are you and what are we doing?” Deep Sea asked.

“Asshole, do you want to bully us? I'm not afraid of you.” Master Julang shattered Wushuang's finger, angrily, cursing.

After being expelled from Li Xiuyu, many guilds that did not dare to provoke Li Xiuyu cast their anger on the head of Julang Masters.

Along the way, they don't know how many times they have been attacked. Each time their enemies are blindfolded, but their equipment has been hit with water-resistant gems without exception.

The mighty giant wave masters are all level 60 players, but they cannot be found by the trumpet of more than 40 levels.

If a person has always been in a low place, it is not terrible. The terrible thing is that he fell down from the height and was stepped on by many people. That is the most painful.

Lu Yang turned slowly, watching Shen Hai and others said, “I'm not here to trouble you, I'm here to recruit you.”

Chapter 786 - Monstrous hate

“Recruit us?” Deep Sea's angry expression gradually turned to surprise, and asked, “You, who are you?”

Lu Yang used a camouflage coat. It was another look. Deep sea and others didn't recognize it. He didn't rush to remove the camouflage, but said with a smile: "I am a person who can make you avenge you, but again, I am in your hearts. Status is no different from enemies. "

Shenhai and others looked at each other. Soon, they understood the meaning of Lu Yang's words. Deep sea gritted their teeth and walked in front of Lu Yang, bowed deeply and said, "Boss Lu Yang, please accept our brother. "

Lu Yang was happy, removed the camouflage on his face, restored the original form, and asked, "Don't you hate me?"

Deep Ocean shook his head and said, "It has nothing to do with you. Master Mage Wave is born with defects. Even without you, we will be abandoned by Li Xiuyu at level 60."

Broken Wushuang gritted his teeth and said, "Boss Lu Yang, we just want to get revenge on Li Xiuyu, because he and our brothers have become so miserable. I don't accept it. I want to get revenge on him."

Lu Yang looked at the other eight people. They did not look at Lu Yang's eyes with disgust, and some were unwilling and angry with the king.

Looking at Lu Yang from the deep sea, he said anxiously, "Boss Lu Yang, we have joined sincerely. It is not easy for you to keep it up to level 60. We don't want to practice again."

Afterwards, the deep sea has choked. In the face of Lu Yang, he gave up his final dignity, and Lu Yang has become his last hope.

Re-numbering, from 0 to 60, there is no guild to carry, what a long process, especially now, the major guilds can not even take care of their own players, where can they take care of them No.

Lu Yang thought about it and asked, "I can recruit you. Actually, 500 of you are very powerful, but Li Xiuyu will not use it."

“Very powerful?” Shenhai and Broken Wushuang and others looked at each other. No one understood Lu Yang’s meaning. They knew how wasteful they were, or they would not be abandoned by so many people.

Lu Yang didn’t want to say more in this regard, and said to the deep sea: “Go to the hotel and call you 500 people together and sign a contract with me.”

“Okay, I’ll call them online.” Shenhai and Broken Wushuang and others immediately called and contacted.

“Boss, it’s true. Lu Yang of the Jagged Brothers League wants to recruit us?” Said a giant wave mage in surprise.

Deep Ocean said excitedly: “Tell you what to do, hurry up and help me contact the people under you, don’t blot out.”

“Well, well, I’ll find it.”

...

500 people were divided into 25 squadrons, and each squadron was divided into 2 squadrons. Captains at all levels contacted their subordinates. Soon 500 people knew the news and logged in to the game to see what was going on.

In the private room on the third floor of Fanyun Hotel, 500 people sat neatly on chairs, and each person had a contract in front of them.

Deepsea opened the contract and looked at it, saying in surprise: “I have a salary of 10,000?”

“Mine is 3000.”

“mine too.”

...

Everyone's salary is almost the same, although it is lower than Li Xiuyu's guild, but the fool knows that the iron brothers' union benefits are good, especially nowadays, as long as the guild points are sufficient, everyone can use the points for free to redeem excellent gold equipment.

Deep Ocean asked excitedly: "President Lu Yang, are you really willing to recruit us?"

Lu Yang said with a smile: "The contracts are all here, can there still be fake?"

The deep sea asked inexplicably: "But, we have become waste, or you have become it yourself. Why do you recruit us, do you feel sorry for us?"

When they heard the deep sea say this, everyone was nervous looking towards the deep sea and looking at Lu Yang. They were very satisfied to be able to get such income. They were very worried about Lu Yang being angry at raising questions at this time. gone.

Lu Yang said: "I just said, in fact, your giant Wave Master is very powerful, but Li Xiuyu will not use it, I have the ability to make you strong."

Deep Ocean thought about it, he understood that Lu Yang must have found a way to improve the strength of Master Julang. He gritted his teeth and said, "Boss Lu Yang, I followed you, but I have a request."

"What requirements?" Lu Yang asked.

With deep hatred in the eyes of the deep sea, every word popped out of the gap between his teeth and said, "I want to personally destroy Benliu and destroy Li Xiuyu's guild."

The head is green, and the other party not only in the circle of friends and his girlfriend's En Hai, but also called to humiliate him. The anger that has been suppressed for so long has finally erupted. He wants to find that person and Li Xiuyu.

Lu Yang's eyes glanced at the eyes of each giant wave mage, and there was nothing unbearable in the eyes of each of them, and some were just angry.

“Assault Li Xiuyu, you are my most important link. At that time, I will let you personally destroy a fortress of Li Xiuyu.” Lu Yang said.

“Thank you, boss.” Shen Haiti wrote his name on the contract.

The remaining 499 Julang Masters followed suit and wrote their names.

The system prompts: Your contract with Deep Sea is officially in force, and the contract period is five years.

...

After 500 reminders ended, the contract was automatically uploaded to the background.

Lu Yang said: “Since today, the deep sea is still serving as the head of the giant wave master group. Everyone applies to join the guild. I will join you in person.”

“Thank you, boss.” Shenhai clicked to apply.

System prompt: Deep sea joins Jagged Brotherhood

System prompt: Broken Warriors joins the Jagged Brotherhood

...

After 500 consecutive reminders, Julang Masters officially joined the guild.

Lu Yang handed them 500 fortresses back to the city and said, "From today on, you will be treated as the elite of the guild. The salary you receive is currently the lowest level. According to the standard I gave to all the elites of the guild, as long as You are doing well enough and I will give you a raise. "

"Thank you, boss." Shen Hai and others said together.

"Second, all of you will be eligible for elite treatment, and you can freely enter and exit all the inner city areas of the fortress," Lu Yang said.

This is the highest courtesy of a guild to the elite. Generally, the inner city of a guild is not eligible to enter except the guild boss and a limited number of people.

Shen Hai and others spent so long in Li Xiuyu 's guild. Even Li Xiuyu 's most important legion was ineligible. When he first came to the Iron Brotherhood, Lu Yang trusted them so much that he opened the inner city to them.

Deep sea and other people 's heart and Lu Yang 's gulf were instantly broken. Deep sea said gratefully, "Boss, thank you."

Lu Yang patted the shoulders of the deep sea and said, "I used to be an enemy. Most of them have offended. Don't blame me."

Shenhai and others laughed. Lu Yang was able to bow his head to admit their mistakes. What anger did they have? Besides, they became the elite of the Jagged Brothers Alliance.

"I've longed for the Brotherhood of the Iron Blood. I can join, and the crimes I suffered before are worth it." Broken Wushuang said.

"That **** is too hateful," Minghai said.

Lu Yang said: "Rest assured, sooner or later I will take you to revenge, and now follow me first, to the Sea Dragon Fortress of the Imperial City, to the inner city."

The fortress back to the city roll can be bought in the official mall. Deep sea and others still have some money in their hands. They bought the fortress back to the city roll and flew to the sea dragon fortress.

Lu Yang changed into the Red Flame Lion King and was about to run away, but found that Shenhai and others looked embarrassed. He asked, "What about your mounts?"

Shen Hai said: "I was taken back by Li Xiuyu when I left."

Lu Yang was speechless. Co-authoring Li Xiuyu was good when people were useful, and they were all taken back when they were useless.

"You are waiting for me, and the boss will go to the Imperial City to buy you a whip." Lu Yang said.

Shen Hai and others watched Lu Yang run away, and they had mixed feelings.

"Lu Yang was too strong by Li Xiuyu. When did Li Xiuyu care about us so much?" Broken Wushuang said.

"Oh, the boss personally ran for half an hour to buy a whip for us." Ming Hai sighed and said, "I knew I had joined the Jagged Brothers League, why bother with the bird's breath this half year."

The deep sea nodded and said: "Brothers, do your best. The boss of Lu Yang knows that he has not treated his brothers. We were blind before and followed Li Xiuyu. We must not go wrong again this time."

Everyone nodded.

Shenhai reminded: "One more thing, remember, now that we are members of the Jagged Brotherhood, no matter who of Li Xiuyu's men come to recruit us, think about how we looked for the guild two weeks ago."

All the giant wave mage had a look of hatred on their faces.

Broken Warriors scolded: "Who the **** dare to betray the Jagged Brothers Alliance, don't blame the brothers for not talking about their original love."

"Boss rest assured, Li Xiuyu invited me in person, I will not go back."

...

Sea Emperor City.

Lu Yang ran to the Imperial City in half an hour, bought 500 horsewhips, spent 50,000 gold coins, and sent 500 Red Flame Lions, as well as 500 Blood Demon Temple Sets, and the Mystery Tower. The five pieces of equipment, all the gems on the equipment are level 8 sapphires, and the enchantments are all played.

Deep sea and others took the equipment and the Red Flame Lion, and in a blink of an eye, changed from a grasshopper to a regular army.

"This is the Dark Gold Blood Demon Temple Set. It's so cool."

"It's still a Grade 8 French gem ~ www.mtlnovel.com ~ It's too expensive."

...

Deep sea and others are dumbfounded.

“Boss, these equipment are too expensive, and we can’t afford to lose one of them,” said Shen Hai.

Lu Yang said with a smile: “So you all got it. There aren’t many guilds in this stuff. I forced the vice presidents to pick it up for you.”

The 7 vice-chairmen were unwilling. The blood demon temple suits that were hard to play were just 500 sets that Lu Yang had to leave. Each of them took out more than 70 sets. Tu Feng was not satisfied. The 8th-level gem was given to the giant wave mage, he had never seen such a waste.

The deep sea said in distress: “Boss, or else I will give it back to you, we will use the next level equipment.”

Lu Yang shook his head and said: “Hold it down, boss, what am I going to come, do they dare not give it?”

“Then, okay, thank you, boss.” Deep Ocean said instead of everyone.

Chapter 787 - Advanced Skills-Tsunami

Lu Yang said: “Let’s go to the sea emperor to take the task. I think you are lucky. At present, I can only take this task. There is no way for the second person to turn over your 500 giant wave masters.”

Last time when Lu Yang was doing the task of the tavern’s daughter, the Captain Ruis he knew was one of the only NPCs who could make the sea.

Lu Yang grabbed the colorful pearls in the hands of the sea monster and gained the reputation of Captain Ruis, which has now reached friendliness.

When she came to the tavern, she just opened the door. Alice saw Lu Yang’s eyes light up, and Aimer went to Lu Yang and said, “My hero, you haven’t been here for a long time.”

Lu Yang said: “Always fighting, he is busy dying every day.”

Alice said with bright eyes, "I heard the legend about you. You are already the owner of four cities. If you have two more, you can be king."

This was a follow-up mission to the king. Lu Yang knew this. He didn't answer and looked at the people sitting in the tavern. Reese was sitting in the corner of the tavern and drinking spirits with the crew.

"As usual, I invite everyone to have a drink." Lu Yang said to Alice.

Alice jumped into the chair happily, raised her right hand and shouted, "President Lu Yang invites everyone to have a drink."

The people who were drinking all set their eyes on Lu Yang, and everyone raised their glasses to thank Lu Yang.

Reese came to Lu Yang in surprise and said, "Oh my friend, it's great to see you here."

Lu Yang asked, "What's wrong?"

"I have a big deal and need your help," said Rice.

Lu Yang guessed that he would come to post the task, followed him to his seat, and asked, "What's the matter?"

Reese clutched his head and said, "I'm going crazy. My seaboat has been attacked by some sea monsters inexplicably. By now I have lost three ships. Can you help me?"

Quest prompt: Siren's trouble, whether to accept

Lu Yang chose to say, "I took 500 water mages and got them on board. I'll help you get these sea monsters."

Reese said in surprise: "Great, let's go."

Lu Yang nodded. As Reese left the tavern, Shenhai and others stood outside the door waiting, seeing Lu Yang coming out, followed one after another.

A group of people came to the beach, and there were more than 20 sea boats waiting there.

Reese asked, "My boat can hold 500 people. Do I need to go separately?"

Lu Yang said: "A boat is just fine, ready to go to sea."

"OK." Reese sailed happily.

A few minutes later, the ship anchored off and set sail on the sea for about an hour. The ship's face became dignified. He went to Lu Yang and said, "I feel that the enemy is coming."

The breeze blew, and Lu Yang looked around. Suddenly, a sharp scream sounded in the sky, various poisonous sea snakes emerged from the water, and killer bees flew over in the distance.

Lu Yang looked at it. Both the poisonous sea snake and the killer bee were level 50 monsters, and they did not possess magic resistance. He said to the deep sea: "The people who took you are free to attack and kill these monsters."

"Okay." The deep sea shouted to Broken Warriors and others. "Divided into 25 teams, evenly distributed from the bow to the stern, kill the garbage."

"It's too easy to kill these, giant waves." Ming Hai beckoned, and a huge wave more than 80 meters suddenly appeared on the sea, smashing towards the killer bee in the distance.

“嘭”

As if the hammer hit the person's wood, a dull sound sounded, and everyone looked at the bee colony attacking Ming Hai in shock.

Killer Bee (Elite)

Level: 50

Qi and blood: 293986/300000

Each killer bee was killed by more than 6,000 health, and at the same time was hit back by a huge wave.

“Well, our attack has doubled in the sea, and the huge waves can actually deal all the damage from the magical injuries.” Ming Hai said with surprise.

The deep sea was also happy, and said, “What are you waiting for, hit them, and have a good fight.”

“Good grin.” 500 giant wave mage kept using giant wave skills, hitting sea snakes and killer bees could not approach the ship at all.

Lu Yang didn't have a chance to intervene. The huge wave attack distance was too far, and it could be hit from 150 meters away. He could only watch the show.

System prompt: you get 868 experience

You get 10 reputation with the Reese family

...

After 5 minutes, Lu Yang's call bar was swiped by experience. Soon, this wave of mobs was killed.

Reese went to Lu Yang and said, "My friend, your men are really too brave. I guess we have a chance to destroy these **** bugs this time."

"I think so too," Lu Yang said.

As soon as the words fell, another stern sound appeared, and the second batch of killer bees and sea snakes appeared.

Shen Hai and others haven't been so happy for a long time, without Lu Yang's reminder, they can use the giant wave skills to fight comfortably.

With the addition of the sea, the cooling time of the giant waves is 3 seconds. Because the surrounding sea is full of seawater, they do not need to condense the magical energy of the water system, they can be released indefinitely.

Ruiz said to Lu Yang: "It's really strange. When we came last time, there was only one wave of killer bees. Why are there two waves this time?"

Lu Yang secretly said, there are more than two waves, a total of 30 waves. This lack of ethics task will take nearly 2 hours, but for others, I do n't want to play anymore. Fortunately, the deep sea and other people have been beaten during this time. His anger was vented on these sea monsters.

Two hours later, the last wave of killer bees arrived, the sea tumbled, giant octopuses appeared around the ship, and dozens of whole-body green siren jumped onto the ship with steel forks.

Sea Soul Warrior (Elite)

Level: 50

Qi and blood: 500000/500000

Reese shouted in horror: "Oh my God, how could it be a sea soul warrior, helmsman, turn around and run away."

Lu Yang stopped Reese and said, "Afraid of what we have."

Reese remembered this time. He brought people this time and said, "Kill them fast. You do n't know. Sea Soul Warriors are the creatures that hate maritime merchants. They not only rob our ships, they also kill them. Everyone on the dead ship and demolishing the big ship is a nightmare for all maritime merchants. "

Lu Yang said, "I'll help you solve them."

"Fire Dragon"

Lu Yang summoned the fire dragon along the iron skin of the hull. The game is too realistic, but any flame can ignite the wood on the ship. If the fire dragon is called on the deck of the ship, it will be flooded by the sea or the ship will be destroyed.

Not long after, more than a hundred fire dragons were attached to the left side of the hull, just like a turret, but whenever a giant octopus and a sea soul warrior approached, the fire dragon would spit fire and attack.

"Summon the Phoenix"

Lu Yang raised his hand and ordered Phoenix to help the player on the right fight. He took this opportunity to summon 100 fire dragons on the right.

The sea soul warrior soon couldn't carry the attack and was killed on the ship. The octopus in the seawater couldn't resist quickly. The skill book fell out.

"flicker"

Lu Yang appeared on the sea instantly. After picking up his skills, he returned to the ship with his escape dagger, and his body was not wet.

“Boss’s move is beautiful.” Deep Ocean shouted as he attacked.

Lu Yang smiled and shared the skill book in his hand to everyone and said, “Look what this is.”

Tsunami

Occupation: Water Mage

Distance: 200 yards

Cost: 1000 Secrets

Description: Make a huge tsunami, which will cause spell damage * 75% of the damage to targets within 200 yards in diameter. It is affected by terrain conditions and used in seawater, the damage is doubled.

“There is also this skill book!” Shen Hai looked at Lu Yang with a surprised expression on his face.

The power and range of this skill are comparable to the secondary forbidden spell. The only disadvantage is the spell damage. However, if used in seawater, this skill has more damage than the secondary forbidden spell.

Lu Yang said: “Okay, this skill is an advanced skill of the giant wave spell, and must be learned before learning the giant wave skill.”

Only then did Shen Hai and others understand. No wonder Lu Yang wanted to recruit them, showing ecstatic expressions one after another.

“Let those **** look down on our giant wave mage and wait for our own copy to go back to revenge.”

“revenge.”

...

500 people shouted loudly, as if all the anger in their chests had been shouted.

Lu Yang said: “Keep on playing, the octopus burst rate is very high, 500 copies a day is not a problem.”

Deep sea nodded, and continued to fight with his men.

“Boss, let us see the effect with a tsunami.” Broken Wushuang said.

Minghai said, “Yes, brother, use it for a quick look.”

Deep Sea originally wanted to give the skillbook to the broken and unparalleled, and when he heard what his brothers said, he chose to study, pointed at the hundreds of killer bees flying over, and uttered a spell.

The spell has a total of 132 scales, which are spoken one by one in the deep ocean. When the first scale was spoken with energy, a low booming sound came from the sea around the ship.

In the eyes of everyone’s surprise, the sea level gradually increased and became higher and higher. When the height reached 200 meters, everyone was stunned, and every giant wave master was excited.

“Da ~ hai ~ xiao ~!”

The last scale of the deep sea reads out ~ www.mtlnovel.com ~ with one finger forward.

The 200-meter-high tsunami flew forward, smashing hundreds of killer bees into the sea water.

System prompt: you killed the killer bee

You get 3618 experience

...

NPCs in the game are just like players. They will also die when they are suffocated. After a series of experiences, the tsunami disappears and hundreds of killer bees all die.

Broken Wushuang and others cheered loudly and excitedly. With such skills and momentum, they finally believed that they had risen again.

“Brothers, kill the octopus and get one for each.” Shouted the deep sea.

The crowd nodded and returned to their positions to kill monsters. Soon, all 500 tsunami skill books were completed. The last octopus kill was over, the killer bees and sea snakes dispersed, and the mission was completed.

Chapter 788 - Millions of Siege

Rice said with satisfaction: “Let’s go back to the city.”

Lu Yang said, “Yes.”

“The ship turned around and we pulled back to the city,” Rhys shouted.

System prompt: task completed

Lu Yang has gained a lot of experience points, and he has less than 100 million experience in upgrading.

Shenhai brought the members of Julang Master to Luyang, and said, "Boss, thank you."

"Thank you, Boss," said Broken Wushuang and all the mages together.

Lu Yang said, "Beginning today, you are responsible for taking the level 40 trumpet in the guild to upgrade. When I hear from you, the war is not far away."

"Yes." Shen Hai and others said together, with a look of hatred on everyone's face.

Lu Yang returned to the shore with Reese, Reese said to Lu Yang, "Dude, thank you for helping me. In the future, you are welcome to visit the camp of our Caent family at any time."

System prompt: You have the Karnte family reputation

Your reputation in the Caent family is friendly

"OK." Lu Yang said.

The Kaent family is a shipbuilding family. After the opening of the second expansion, it is not far from the national war. One of the most important means of transportation during the national war is the sea ship.

At present, there are two places where national clothes are open for shipbuilding, one is Hot Spring City and the other is Ice Fire City. These two main cities are small islands, and ships are a must-have.

Lu Yang was a little curious. The naval battle between the two main cities, Binghuo City and Hot Spring City of the last life, was very fierce.

The number of spies under his control is limited. On the one hand, he must monitor the situation of his four strongholds; on the other hand, he must monitor the conditions of various hostile guilds in various places such as Tianyao, Benliu City, Beifeng City, Red Moon City, Iron King City, and Liu Jie. In this way, it is suspected that the staff is insufficient, and there is no ability to send someone to monitor it.

While he was thinking about it, Tu Feng called and said, "Boss, I have good news for you."

Lu Yang asked, "What news?"

"Just now, the two bosses of Binghuocheng and Hot Springs announced the merger of the guild. The two formed a joint army. I do n't know when they will build 100 warships. Each warship has 50 fortress guns. Just now The two announced their attack on Iceberg City, and 100 warships have set sail. "

Each battleship has 50 fortress guns, and 100 ships are 5,000. The two men equated their homes to build warships.

Lu Yang said, "The two presidents are so courageous that they are willing to merge."

Lu Yang guessed that it must have been caused by his rebirth, but this looks good. You have been fighting for the four fortresses of Bingshan City all year round, and have never developed well. The total fortress guns of the four fortresses are not enough. 100, and the four fortresses of Iceberg City have large rivers next to them, and their warships can easily drive to the fortress.

If they attacked with fortress cannons, the four fortresses would not be able to keep it. In that case, the iceberg city was beaten down, which was equivalent to breaking the path for Liu Jie, Li Xiuyu, and Wang Teng.

Tu Feng said excitedly: "Boss, when Li Xiuyu and Wang Teng are beaten, we can no longer help Liu Jie, our opportunity is here."

“We need to do something to help Binghuo and Hot Springs,” Lu Yang said.

“How?” Tu Feng asked.

“Call all the vice presidents Qi and have a meeting in the conference room in the Hannibal City Guild Hall.” Lu Yang said.

“Yes.” Tu Feng immediately sought someone.

Lu Yang took out the fort and returned to the city to roll back to Hannibal City. Just entering the lobby, half-life lovers and the White Lion ran in.

“Boss, we are late. We just came out of the copy,” said bitter love for a long time.

Is Lu Yang the kind of person with a small belly? As a guild boss, how can he not know that he cannot quit immediately when he makes a copy.

“Come and talk with me,” Lu Yang said.

“Okay.” The white lion and bitter love half-life took their seats. Soon after, Sun Yu and Zhou Tianming also arrived.

Lu Yang and everyone were seated. He projected a three-dimensional map onto an oval table, pointed to the northeast corner of the Terran Map, and said, “Emergency situations, the two main cities farthest from us suddenly rose. Then, the two guilds merged and formally attacked Iceberg City. “

Zhou Tianming was happy, and said, “They are not brave enough to dare to hit the iceberg city. Who gives them courage?”

The current balance of Bingshan City is based on the short-term peace of the four parties, Lu Yang, Liu Jie, Li Xiuyu, and Liangyun. Once there is a problem in Bingshan City, these four parties will be involved.

Zhuo Jiu asked intently, "What did they use to hit Bingshan City? Liu Jie crossed Tianji Mountain, and a wave of attack would defeat them."

Lu Yang said: "Don't talk about Liu Jie this time, even our Jagged Brothers League may not have done them."

"What?"

...

Everyone was shocked.

"Boss, aren't you joking, we can't beat our brotherhood?" Said bitterly unbelievably.

Lu Yang said, "Of course we are invincible on land, but they are playing naval battles. The two men worked together to build 100 warships, each with 50 fortress cannons, and a total of 5,000. "

The eyes of those who love bitter life and muddy wine have widened.

"5000 fortress guns?" Xia Yuwei said silently.

Lu Yang pointed to the four fortresses of Bingshan City and said, "These four fortresses are surrounded by wide river waters. If you think about it, if these 100 warships are standing in front of a fortress and 5000 fortress guns are firing at the same time, , What will be the result. "

"None of the 500 forbidden spells are as powerful as him." Sun Yu said, 5,000 fortress cannons can blast a fortress to the ground.

Lu Yang spread his hand and said, "So, Bingshan City can't be kept. They will play these four forts just like playing, unless they can also buy 5,000 guns for each fort."

Everyone shook their heads, what a huge amount of money this is. Liu Jie would not do such a stupid thing, not to mention Bingshan City.

The White Lion asked: "Boss, even if he hits, they can't defend, Li Xiuyu, Wang Teng and Liu Jie will not allow others to be taken away by the iceberg city."

Lu Yang said: "This is the purpose of my meeting with everyone today. I want to help Binghuo City and Hot Spring City, so that Wang Teng, Li Xiuyu and Liu Jie cannot send troops to fight against Iceberg City."

"How to do it?"

Lu Yang pointed to a 60-level map in the middle of Beifeng City, Benliu City, and Hannibal City, and said, "Here is a natural fortress called the Tumen Fortress. Now you each mobilize 10,000 troops. Follow me. Go fight this fortress. "

"Tumen Fortress?" Zhang Zibo asked, "Can this fortress threaten both of them?"

Lu Yang said: "The Tumen Fort is very special. In fact, this fort is already in the middle of Beifeng City and Benliu City. It is only 30 minutes away from the two forts, but it is 2 hours from our Hannibal City. Distance, as long as we occupy this fort, Ben Liucheng and Beifeng City will never succeed in attacking Iceberg City in the future. "

The Tumen fortress, the last life is also a battleground for soldiers. He is stuck in the middle of the six mountains. He can hit Wang Teng to the northwest and Li Xiuyu to the northeast. He is also in an easy-to-defend location.

After watching it, White Lion and Xia Yuwei and others nodded in agreement.

"Let's organize our staff," White Lion said.

The seven vice-chairmen immediately organized the men's regiment to mobilize their troops. Taking advantage of this time, Lu Yang flew to Bingshan City.

Just coming out of the safe zone, Lu Yang found that the number of players in the iceberg city was very small, and there were not many people in the distance.

He stopped a player passing by in a hurry and asked, "How come there are so few people in Iceberg City?"

A passerby player said, "You do n't know, all went to the Glacier Fortress to watch the artillery siege. Hurry up and you wo n't see it late. This game is great. Not only can people fight, but they can also fight with ships. The play is too novel. "

When Lu Yang let go of this player, Yi Rong became an ordinary human race player. Among the people who ran out of the city, he came to the glacial plain outside the Glacier Fortress.

At this time, more than five million players gathered on the large glacial plain, all standing on the ice field to watch the glacial fortress in the distance.

The Glacier Fortress is full of more than 3 million people. The president personally led the team to defend the fortress. On a vast river not far from the fortress, 100 warships had been lined up, with the sideboard facing the east of the fortress. Side city wall.

More than 1 million players have disembarked from the ship, arranged on both sides of the river bank, on the one hand, to prevent the enemy from sneaking in behind, and on the other hand, to be ready to attack the fortress at any time.

Above the middle ship of all the ships, there are more than ten people standing on the top floor of the ship, and the first two are discussing with their fingers at the fort.

"They are the boss of Binghuo City, Xiaoxiao Muyu and Changkong Xixi." There are players around to discuss it.

Lu Yang looked at the two.

“The players in the Glacier Fortress listen, I hope you leave the fortress immediately. We don’t want to kill people randomly, don’t force us to do it.” Xiaoxiao Muyu shouted with a big horn.

There was a riot of players above the Glacier Fortress, after all, 5,000 black cannons were facing them.

“Xiaoxiao Muyu, you have the courage to attack, and less to pose in there.” The boss of the glacier fortress hit back with a big horn.

Xiaoxiao Muyu said: “I said everything I should say ~ www.mtlnovel.com ~ Since you are still looking for death, then I will complete you.”

Changkong Shizui said, “Brothers at Glacier Fortress, I’m sorry.”

He raised his right hand, and the killing air spread to the entire glacial plain in an instant, and everyone stared nervously at the sky and drunk.

Suddenly, his right hand fell sharply.

“fire.”

Lu Yang could see with naked eyes that 100 warships emitted a fierce white light at the same time, and at the same time, the hull was tilted back almost 30 degrees.

With the deafening roar, Lu Yang looked at the city head. At that moment, the entire city wall seemed to be hit by countless meteors, and the blazing white light covered the entire city head.

Lu Yang couldn’t help covering his eyes with his hands. After the glare disappeared, he took his arm down and looked at the city head. At this time, there was no player standing on the entire city head, and there were more than 1 million players on the entire city wall. All turned into dead bodies.

Chapter 789 - Attacking Tumen Fortress

“Everyone at the city wall is dead. This is too scary.”

“Two million defenders, half dead at a time.”

...

Everyone looked dumbfounded.

In the last life, Lu Yang only saw this scene in the video, and now he saw it on the scene that this shocking scene made him feel blood.

The players in Glacier City were stunned by this round of attacks. When the players below the city did not know whether it was time to attack the city wall, the second round of artillery fire came on board.

“boom”

...

The violent roar reappeared with the dazzling white light. When the white light was over, the gate of Glacier City was blasted open. Players hiding under the city wall were shot by the fortress. Some players who had just reached the city wall were killed again. A part of the wall built by the player was also blasted away, revealing the frightened players inside.

On the boat, Xiaoxiao Muyu raised his long knife and shouted, “The whole army attacked and took the Glacier Fortress.”

One million players rushed towards the fortress. The boss of the Glacier fortress just returned to the fortress and encountered a third bombardment. The teleportation array was illuminated by fire, and hundreds of thousands of people who returned came to be annihilated.

Xiaoxiao Muyu led the team to easily occupy the Glacier Fortress.

“This attack is absolutely impossible. Even Liu Jie can’t fight with the troops himself.”

“Hey, don’t talk about Liu Jie, the Jagged Brothers Alliance is in vain.”

“The first guild of the national costume is going to change hands. The two leaders of Binghuocheng and Hot Spring City have become too fierce after the alliance.”

...

Players who were not optimistic that Neptune Guild was able to lay a fortress around them have discussed the position of this newly emerged Poseidon Guild in the national service.

Lu Yang looked at Xiaoxiao Muyu and others cheering on the city head, he knew he should go back.

“Boss, we’re ready,” said Duoju pouring.

Lu Yang used the fortress to return to the city and flew to the echo fortress. The vice presidents such as Zhuojiu and 70,000 players were standing in the outer city to get ready.

Lu Yang jumped down the city, replaced the Red Flame Lion King, and said, “Get off.”

All 70,000 people changed to mounts, and under the command of Xia Yuwei and White Lion, they followed Lu Yang and ran out of the fortress.

“Boss, how was the war over there?” The White Lion asked.

Lu Yang said: “It’s quite spectacular. The 5,000 fortress guns were fired together, killing more than one million people on the Dongcheng Gate at one time.”

“Killing more than one million at a time?” Sun Yu said in surprise.

Lu Yang said: “Don’t be too surprised, the output of the fortress cannon is normal. After all, 5000 gates, the other side has not yet sheltered.”

“This is too powerful.” Zhou Tianming said.

“Isn’t Glacier City already beaten?” Xia Yuwei asked.

Lu Yang said: “It has already been beaten down, Wang Teng and Li Xiuyu can’t sit still, and the two sides are gathering troops.”

Li Xiuyu and Wang Teng were afraid of Lu Yang’s sneak attack. They thought of a stupid method, and the two sides exchanged a fortress. It happened that Wang Teng replaced the fortress on the north side of Benliu City.

“Hey, I don’t think the Poseidon Guild is so powerful. Liu Jie and Li Xiuyu have a headache now.” White Lion said.

Everyone nodded.

Jiang Ze asked: “How do I feel that the Poseidon Guild will be able to go down the river after attacking the iceberg city?”

Lu Yang said, “This is not the case. The limitations of the Poseidon Guild are too great. Their ships cannot enter the Run-in City without special methods.”

The road from Bingshan City to Benliu City is not a large river running through. After passing through all kinds of dangerous mountains and rivers, the rivers passing through the mountains converge to the Longnu River above Benliu City.

Starting from the Longnu River, there is a vast river surface for ships to sail on, but the river surface is far from the wide river outside the glacier fortress. If you are not careful, the boat may be robbed.

“Then they can only hit one iceberg city, and the other fortresses are all right?” The White Lion asked.

Lu Yang said: “They can also make a half circle around the Terran Map to Lakeside City and Sea Emperor City through Hot Springs.”

There are a total of seven port cities on the Terran Map. These are the three cities in war: Binghuo, Hot Springs, and Bingshan City. The remaining four are Nikko City, Liberty City, Lakeside City, and Aqua City. However, the four main cities in the back None of the fortresses were near the sea and could not be hit.

“Oh.” Everyone nodded indifferently.

In the face of the Poseidon Guild, people like Xia Yuwei and Zhuojiu are not afraid, and there is no invincible game in the game.

Even if he has 100 battleships and 5,000 fortress guns, can these people participate in the war 24 hours a day, and the style of the war is ever-changing, they are confident that the ships of the Poseidon Guild will never come back.

Lu Yang said to Sun Yu and the White Lion: “Using the wind elves, all speed up.”

“OK.” Both Sun Yu and White Lion turned on the wind elves at the same time, and the speed of 70,000 players increased by 225%.

70,000 people skipped the echo plain like the same gust, and ran to the Tumen Fortress in just one hour.

The monster above the Tumen fortress is an ogre. When Lu Yang waved his hand, 70,000 players rushed into the fort to clean up the ogre.

On the other side.

Inside the running city.

Wang Teng and Li Xiuyu were already insane. The two players who originally thought that the Glacier Fortress could not fight, could stand still with the opposite side for a long time, but did not expect that this wave of attacks was defeated.

The two people who are gathering forces can only speed up the assembly of the troops. At the same time, the think tanks owned by the two and Liu Jie's think tanks work together to discuss ways to crack the warship.

Half an hour later, dead grass gave a way. Night battles and wheel battles. The players in Ice Fire City and Hot Springs are not as experienced as their players. They have adapted to wars that last more than a week and can be used every morning. Hit the night and even attack all night.

Players in these two main cities must not do this ~ www.mtlnovel.com ~ At most, they can persist for three days. After three days, they must return to Ice and Fire City because of their fatigue. If possible, they still have a chance to win the battleship. .

After setting this strategy, Li Xiuyu and Wang Teng put their most elite level 60 combat power into this war, bringing together a total of 2 million people.

Inside a special space.

Liu Jie said: "Anyway, grabbing back Iceberg City, there are cool clouds on my side, and I can't easily start a war. Wang Teng relies on you and Li Xiuyu this time."

"Jie Shao rest assured." Wang Teng gritted his teeth and said, "I will take back Iceberg City."

“Nothing will happen,” Li Xiuyu said.

The two were very clear that Bingshan City was the only way Liu Jie went south, and the only way for the two men to flee north. This fortress cannot be lost.

The light flashed.

Wang Teng withdrew from the special space, and his troops and Li Xiuyu’s troops were assembled, and they each brought out 1 million people, a total of 2 million, and the army ran towards the iceberg city.

Chapter 790 - Terran melee

Lu Yang easily got the marching dynamics of Wang Teng and Li Xiuyu. During the half-hour period, the monsters in the Tumen fortress had been killed almost cleanly. Lu Yang took out eight goblin robots and began to build the fortress.

It takes at least a day to build the fortress. At this time, Lu Yang and his army began to clean up the mobs around the fortress.

The Tumen fortress is surrounded by mountains on three sides, and there is only a 500-meter long passage in the northeast direction. At the end of the passage is a crossroad from which you can access the three main cities.

For the sake of safety, Lu Yang built a section of city wall and a gate before the crossroads at the end of the passage and sealed the passage to death.

Sixteen sentry towers were built outside the city gate, extending beyond the crossroads. Lu Yang pointed at the newly-built sentry towers and said, "Each sentry tower must be inspected 24 hours a day, and you can stick to your post for 2 hours. Get 20 points, and find the enemy rewards 50 points. "

The white lion smiled and said: "The boss gave enough points to make this errand break the head."

"It is estimated that these boys are looking forward to the enemy." Said bitterly for a long time.

Everyone laughed.

Lu Yang said: "In the future, this is a nail. I want him to nail it to the bones of the nose of Wang Teng and Li Xiuyu, so that they can see it when they open their eyes, but they cannot pull it off, even with their hands. Going to pull, they also shed blood and tears. "

"I'm here to defend myself," said Dusty.

Lu Yang said: "The Starfury Druids are under your command, and you can always mobilize them to leave the copy to build your troops."

Zhuoju poured his eyes and said, "Thank you, boss."

Xia Yuwei, White Lion, and others looked at the muddy wine enviously.

"Ah, it's a step slower." The bitter love half regretted.

"The turbid wine is getting rich this time, Star-Druid Druid, but I have been staring for a long time, and I have no idea to tell the boss." Zhou Tianming said with a smile.

The turbid wine is also very happy. He was able to get this army. His strength was improved by more than a star. At the time, the 500-star Fury Druid was able to defend a fortress. Liu Jie's army of 3 million was not broken.

“Hey, transferee.” Zhuojiu was very happy.

Lu Yang said, “Be sure to hold on to this fortress. If this fortress is lost, we will lose a lot.”

Dusty Wine nodded, his face became serious, and said, “Boss rest assured.”

Lu Yang secretly sent a message to Zhuo Jiu while no one noticed it. After seeing the news, Chuo Jiu’s face was dumbfounded, and he recovered as before.

Lu Yang patted his shoulder, came to Tu Feng’s side, handed him eight Goblin robots, and sent him a message, Tu Feng left without expression.

While Lu Yang was busy building the fortress here, Zhang Qiang, the only eyeliner left by Huang Xiang inside the guild, found an abnormal movement within the Iron Brotherhood, and he was curious to investigate.

Lu Yang has strict rules within the Jagged Brothers League. For example, his classmates such as Zhang Qiang and Huang Xiang are strictly forbidden to contact the players in charge of combat and logistics inside the guild. This is not only for them, but also for Mo Long and all his classmates.

Because of this, everyone in the guild was convinced by Lu Yang, and the guild did not have any troubles such as various factions.

This rule was set by Lu Yang as early as they joined, and Huang Xiang and Zhang Qiang did not consider it to be against them.

Zhang Qiang is currently only responsible for docking with Huang Xiang inside the guild. He is completely unclear about the internal situation of the guild. He can only privately ask some people he knows, and the results obtained are astonished and he reports to Huang. Xiang.

Huang Xiang quickly reported this to Liu Jie.

“What?” Liu Jie looked at the three-dimensional map in front of him in shock, pointing at the location of the Tumen Fortress. “Lu Yang actually took this opportunity to sneak up here to build the fortress?”

Huang Xiang said: “It is true that Lu Yang sent more than 100,000 people to open up this fort, and it can be completed in up to two hours.”

The dead grass said: “You must not let Lu Yang build a fortress in this place. If it is completed, Wang Teng and Li Xiuyu will be in danger.”

Liu Jie nodded and immediately called Wang Teng’s phone.

Wang Teng and Li Xiuyu are running forward with 2 million people and have reached the Moss Plain, which is only one hour away from the Glacier Fortress.

“Let’s go back?” Wang Teng said in surprise on the phone.

“Go back immediately. Lu Yang built a fortress underground in your eyelids, knocked him out and went immediately.” Liu Jie passed the picture to Wang Teng.

Wang Teng and Li Xiuyu were stunned when they saw the location of Lu Yang’s fortress in the picture.

“Asshole, the army stopped moving forward.” Li Xiuyu and Wang Teng shouted together.

The **** organized the troops at the end of the battle. When they learned that the troops had stopped moving forward, they sent a message and asked why they knew what happened. They immediately shouted, “The rear team changes to the front team, and the whole army advances.”

People like Qu Han and Qiansi, as well as Eternal Spirit and the like immediately formed the team. Fortunately, a few of them were behind, and the troops organized quickly, and the large troops ran towards the Tumen fortress.

Just after Lu Yang built the sentry tower, Tu Feng reported to Lu Yang: “Wang Teng and Li Xiuyu turned around and came towards us.”

Lu Yang smiled. He dialed Liangyun’s intercom and said, “Brother, it’s your turn.”

Liang Yun smiled and said, “I’ve been prepared for a long time. If Liu Jie dare to send someone to fight Iceberg City, I will take his old nest.”

1 million players to level 60 are gathering behind Liang Yun, he said, “Going into the Star Fortress.”

One million people walked out of the city gates, marching towards the Star Fortress.

King of Purple Gold.

Liu Jie is gathering troops. Wang Teng and Li Xiuyu cannot participate in the battle. He can only dispatch troops from the Elves to attack the Glacier Fortress.

The troops had just assembled to 500,000 people, and their spies reported: “Boss, the cool cloud of the Emerald City, personally brought 1 million people towards our starlight fortress.”

“What?” Liu Jie froze.

Dead grass frowned.

“Asshole.” Liu Jie cursed: “Lu Yang and Liang Yun must be intentional, they must have deliberately refused to let us go to save Bingshan City.”

The dead grass thought for a while and said, “Keep the Star Fortress first, Bingshan City can only give up.”

Liu Jie resentfully led soldiers to Liangyun.

Liang Yun wasn't stupid. As soon as he got the news that Liu Jie had brought his troops, the whole army stopped opposite a large river, just not to take a step forward.

Liu Jie stood at the head of the starlight fortress and looked at Liang Yun's army across the river. He could only yell at Liang Yun for shamelessly, but there was nothing he could do.

Frost Fortress.

Xiaoxiao Muyu and Changkong Xizui stood on the top of the ship and looked at the garrison in the icy fortress in the distance, and a smug smile appeared on their faces.

"I thought how terrible Iceberg City was. It turned out to be so vulnerable. My two brothers had done so much preparation work before." Xiaoxiao Muyu said with a lip.

Changkong Xi laughed drunkly: "Blame our brothers, we blame us for underestimating our strength. Haha, I knew it would be so easy that 10 ships would be able to attack."

The two laughed at each other, not knowing that because of the two of them, the national service almost caused a decisive battle.

Lake City.

Wuji knew about Lu Yang's fight with Wang Teng and Li Xiuyu for the first time.

"It's great. The opportunity for Laozi to occupy the lakeside city is here. The whole army gathers, and the goal is to kill the world. I will kill this **** first." Wuji said.

"Yes." His six vice-chairmen and dozens of legionnaires immediately reorganized the army.

As with Wuji, his domineering complacent opponent said, "The whole army gathers, I want to destroy the romantic assassin, I let him follow me."

...

Iron King City.

Sitting in the room, the sword killer was trapped. He never thought that he would lose the fortress one day. In his mind, since he joined Merritt's Quartet Alliance, and trusted in Wang Teng and Liu Jie, he considered himself This step by step is beautiful.

Every day, he fantasizes that he can walk between the surrounding three super guilds in a leisurely way, which can help Wang Teng to control Lu Yang and Mai Lizhe to control Wang Teng. Li Xiuyu of the running city is grateful to him, Jianyang The city and the lakeside city also need to go to the Iron King City if they want to communicate with the Red Moon City. He is the central point of all forces, and everyone wants him to help.

He thought that Liu Jie was being restrained by all parties in the Elf clan, and was unable to launch another large-scale battle against Lu Yang. He could only let Wang Teng and Li Xiuyu find a way. Wang Teng and Li Xiuyu were not strong enough and must seek his help. So much so that when he thought about laying down three main cities in Luyang in the future, he asked Wang Teng to give him at least one main city.

But the cruel reality let him know that he was betrayed, and the person who betrayed him was either others or lonely for half a month. He hated that he wanted revenge and he wanted to recapture everything he lost.

“噤”

The door opened, and teams of armored players rushed in.

“Boss, here we are,” said several vice-chairmen of the sword killing **** and dozens of legions.

“Are you sure Lu Yang is fighting with Wang Teng and Li Xiuyu?” The sword killer asked.

“I’m bound to fight, this time Lu Yang will bury a nail on the bones of the nose of Wang Teng and Li Xiuyu ~ www.mtnovel.com ~ How can they sit still and ignore them,” said a legionnaire.

The Sword Slayer also knew this, stood up and gritted his teeth, and said, “Okay, then we will take revenge, gather all the troops, attack the black iron fortress, and take back everything we have.”

“Yes.”

There are more than 2 million players under the sword killing gods. With his command, more than 2 million people quickly gathered outside the city.

Lonely for half a month occupying Iron King City, sitting and collecting money every day to receive soft hands, when he heard the news, he stood up and scolded: “The sword kills you asshole, you want to come and hit me, I am completely destroyed about you.”

Lu Yang was mobilizing his troops to prepare for a defensive battle with Wang Teng and Li Xiuyu at the Tumen fortress. Tu Feng came to his side and said, “The civil war on the lakeside has begun, and the four fortresses will fight each other.”

Lu Yang said, “I knew the four of them couldn’t help it.”

Tu Feng said, “The good news is that the sword killing **** is gathering troops to attack the Iron King City.”

Zhuojiu and White Lion admired Lu Yang.

Chapter 791 - Red Moon City declares war

“Boss, you guessed right, the sword did not give up,” said White Lion.

Lu Yang said: "The sword is rich in money. He has at least 200 million credit points. How can he just give up?"

"What shall we do now?" Zhou Tianming asked.

Most of the human races are involved in the war. As the center of the whirlpool of war, it is possible to lose everything by one step, and neither Zhou Tianming nor the White Lion will play.

Lu Yang said: "The Starfury Druid is coming here. These 500 people have arrived. The muddy wine can easily hold the fortress by virtue of the terrain. The rest of you continue to lead the team to upgrade, regardless of other things."

"Yes." Zhou Tianming and others were right when they thought about it. Starfury druids ignored natural resistance in a natural spell. Under this terrain, a team of druids defended, and the opponent could never attack.

"Hey, it's time for Wang Teng and Li Xiuyu to chat. How could they not know that the Tumen Fortress would be such a map?" Said bitter love for a long time.

Everyone laughed.

Zhuo Jiu poured out, "Boss rest assured, I must hold on to the fortress."

Lu Yang nodded. He believed in the defense ability of Zhuojiu. Among the brothers in Iron Blood, the most stable one was Zhuojiu.

"Some of you have withdrawn, 10,000 people are enough to defend this fort." Lu Yang said.

"We go back to speed up the upgrade." Xia Yuwei said.

The heads of the six regiments left with 60,000 troops, and the fortress was deserted for a moment.

Lu Yang and Zhuo Jiu both chatted and waited. After a while, De Bu tasted the corpse and became upset with 500 star druids to support him.

After more than half an hour, the vanguard of Wang Teng and Li Xiuyu finally found the location of the Tumen Fortress.

When Li Xiuyu and Wang Teng came to the crossroads to see the fortress they were about to attack, they both looked at the man-made city wall that was lying between the two steep mountains.

“How to fight this.” Wang Teng said.

The silk language said solemnly: “Only this wall is covered with forbidden spells and intensive skills, otherwise as many people will run over, you will have to die.”

Wang Teng gritted his teeth and cursed, “Then bang, I won’t believe it, I can’t fight here.”

Qu Han stopped Wang Teng and said, “Slow.”

“What’s wrong?” Wang Teng asked.

Qu Han said, “If you look at this wall, there is a problem.”

Wang Teng, Li Xiuyu and others looked closely, only to find that the color of this section of the city wall is different from ordinary city walls, exuding purple fluorescence, as if made of purple jade.

The silk language said in horror: “This is a city wall made of purple magic jade. How much did Lu Yang spend?”

The role of the purple magic jade is to ignore magic attacks, it can completely prevent spell damage, and its physical defense is three times harder than the conventional city wall. It is the perfect material for building a fortress, but a purple magic jade stone costs 10 gold coins to build a fortress At least several

million pieces of jade are needed, and no one can afford the money, so far, no one has used purple magic jade to make the city walls.

It takes at least 20,000 Lu Yang to complete such a small section of the city wall, which is converted into credit points. This section of the city wall cost Lu Yang 60 million credit points.

Li Xiuyu was anxious and cursed: "This bastard, Lu Yang, I must kill him."

"Look, Lu Yang is at the top of the city." Qu Han said.

Over the city.

Lu Yang watched Wang Teng, Li Xiuyu and others standing at 200 meters away and sneered, "Sirs, we have met again."

"Lu Yang, are you a hanged ghost, and the ghost bites us all day long, you crazy dog, what are you doing?" Li Xiuyu cursed.

His heart was scared. Before that, Li Xiuyu was just a male brother, relying on the prestige of the family, everyone gave him a three-point face. After that, he also successfully built a fortress. With a powerful guild, everything was so smooth. Shun Shui, but here to Lu Yang, when he and Lu Yang several times have been beaten by Lu Yang's nose and swollen face, he was really scared.

Lu Yang looked down at Li Xiuyu and said, "My goal is very simple, just get out of this game."

"You?" Li Xiuyu was furious.

"Lu Yang, don't go too far!" Said Lu Si sternly, referring to Landing Yang.

Lu Yang said, "Did I go overboard, where did I go overboard, did he not know what Li Xiuyu did, is it really overkill for me to do this?"

In Belgium, Li Xiuyugang and Yansi proposed to marry him, turned his head back to the feelings of deceiving Lan Yu in China, and the last one was deceived by him. In this life, Lu Yang did not let Li Xiuyu feel more painful. Capable of rest.

Li Xiuyu didn't feel aggrieved by what he did. He pointed to Lu Yang and cursed: "Let's fight and see who can fight who, and the whole army will attack me."

"Kill ~!" Lu Siyu personally commanded the troops to attack. In her opinion, Li Xiuyu did everything for her.

Lu Yang watched the troops approaching each other, with a sneer on his face, turned and walked down the wall.

The height of the city wall is 60 meters. It is impossible for the opponent to jump up. In order to prevent the opponent's mage from jumping into the city wall at short distances, Lu Yang deployed a large number of troops behind the city wall. All of them are within 50 yards. Classes are shield warfare, anti-riding, healing and shooter, mage.

Inside the city wall, there are Tibetan soldier holes in the upper part of the city wall, all 500 druids stay inside the Tibetan soldier holes.

De Bu tasted the corpse and saw the enemy's troops approaching 200 yards from the shooting hole. He became upset at the side and said, "You are the first to use Starfury."

"Look at me." He became upset and read the spell, standing in front of the shooting hole and aiming at the crossroads ahead.

"Star Fury"

Clouds fused in the sky, and thousands of starlights formed into glowing spheres and fell from the sky, hitting the people who were on the charge.

"3868"

“3786”

...

The silk language looked at his injuries with a horrified look, and said, “This is Starfury. The army stopped attacking and retreated.”

Unfortunately, Starfury Druid’s attack was very high. At this time it was said that the retreat was too late, and a large number of players died in the attack.

Wang Teng and Li Xiuyu, who stood in front of the scene, also watched.

“After Shenhuang was defeated by Jie Shao, his angered Druids disappeared, and they were all recruited by Lu Yang.” Qu Han said.

“So what else is going on? Jay is 3 million people. The fortresses that couldn’t be defeated before were all because of these Starfury Druids. Now the terrain occupied by Lu Yang is so dangerous, just such a 50-meter-wide passage Mouth, if his 500 Starfury Druids are all here, what else do we fight. “Wang Teng said excitedly.

Li Xiuyu was speechless, and Qu Han and Shenhun Eternal didn’t know what to say. Wang Teng’s words were right. Liu Jie was surrounded by great gods like dead grass, as well as commanding masters such as Yaowu Yangwei and Yue Taishan. , So many top talents take Starfury druids, let alone them.

The silk language led the soldiers back to Li Xiuyu, saying: “There is only one way, just like the original way of dead grass, to attack the fortress in a 24-hour turn, until they are tired and see who can’t carry it first.”

There is no better way for Li Xiuyu and Wang Teng, and they can only adopt the method of filigree. Several people discussed a tactic of offensive attack, only sending a small number of people to attack each time, forcing Druid to release Starfury skills.

Lu Yang and Zhuo Jiu both worked in shifts, one with 250 druids for half a day.

The two sides remained deadlocked for a full 10 days and still did not separate the victory and defeat. At this time, Wang Teng and Li Xiuyu couldn't support it, and the two retreated with their troops.

"Lu Yang, you remember, I will never let you go." Li Xiuyu pointed out before landing and cursed.

Lu Yang sneered and said, "I won't let you go, it's up to us who can reach my wish first."

Li Xiuyu and Wang Teng left in anger.

Zhuoju asked, "Boss, what shall we do next?"

Lu Yang said: "The Tumen fortress has been established, and all the level 60 monsters are around, ordering a thief team under your command to upgrade around here, and pay attention to the enemy's development at any time. Your five brothers are here to guard."

"Yes." The turbid wine poured out immediately.

Lu Yang flew back to Hannibal's Echo Fortress using a teleportation scroll,

Love half a life and 2,000 warlocks have been waiting there.

"Follow me." Lu Yang said.

Two thousand people rode the Red Flame Lion, waved their bitter love for half a lifetime, and ran out of the fortress together.

Originally, according to the plan, the 2,000 people had to go out to fight special skills with Lu Yang as early as 10 days ago. Only the sudden emergence of the Poseidon Army to attack the iceberg city was delayed.

After these five days, Lu Yang attracted the main force of Li Xiuyu and Wang Teng at the Tumen Fortress ~ www.mtlnovel.com ~ Liang Yun attracted Liu Jie's main force at the Starlight Fortress, Xiao Xiaoyu and Drunk Sky and Tide 100 battleships and 2 million players swept the four fortresses of Iceberg City.

Two battered guilds occupying the fortress are about to be disbanded. The original players have joined the Poseidon Army. Now, Bingshan City has officially become the Poseidon's territory, blocking Liu Jie, Wang Teng and Li Xiuyu's long snake array. Cut off.

On the forum, when Liu Jie was forced to accept this fact, he broke the virtual helmet worn on his head in anger.

On the Iron King City, the sword kills God to attack Lonely for half a month. The two men fight for five days in a row, the sword kills one soldier to be exhausted, and the lonely half month also becomes the end of the crossbow. Finally, the sword kills God and learns that the war over Luyang is over. He also stopped fighting, and brought all his level 60 players into Benliu, attached to Li Xiuyu.

In the lakeside city, the war between the four bosses, such as Promise and Extinction, is still not over. The four of them fought real fire, ordering their men to upgrade, and fighting, as long as the level reached 60, they went to Luyang to buy equipment. , It is likely that the other party will not stop dead.

"Drip, drip, drip"

Tu Feng sent a call application.

Chapter 792 - Iron ghost battle

Lu Yang clicked on and asked, "What's the matter?"

Tu Feng said with a smile: "Good news, Ma Lizhe has started."

Lu Yang's eyes lit up sharply, and he said, "Who hit?"

"Nikko City, just now, Mai Lizhe announced that he was officially attacking Nikko City, and the army is gathering." Tu Feng said.

Lu Yang said: "This little **** will really pick a time, Li Xiuyu can't fight again, can't pose a little threat to him, what is his strength."

Tu Feng said: "There are 500,000 players wearing Blood Demon Temple equipment above level 60, and the rest are players wearing Level 50 dark gold equipment. This kid is very smart, knowing that all players with level 60 are too late, please find a studio in advance Got a level 50 dark gold gear. "

Lu Yang asked: "How many people can he send?"

Tu Feng said: "A minimum of 2 million and a maximum of 3 million is possible. This is a Red Moon City mobilization order. All players within his guild and affiliated guilds will participate in this war. It is considered that Red Moon City is playing Sunlight City. "

Lu Yang said: "We have to speed up too. The hegemony must not beat Ma Lizhe. If this kid swallows the Sunshine City and the City of Freedom, his strength can quickly reach 5 million people."

Tu Feng asked, "Is it time to fight?"

Lu Yang said: "It's coming soon, we're ready for the material, and it won't be long before we can start a war."

"Boss rest assured that there is absolutely no problem in logistics." Tu Feng said excitedly.

Lu Yang also had an excited expression on his face. After closing the intercom, he came to a volcano with his bitter love for half his life.

The volcano is reddish overall, and the smoke is billowing, as if it is in danger of erupting at any time.

System prompt: You found Dosla Volcano

“Boss, is this where you say it?” Asked bitterly for half a life.

Lu Yang said: “Dismount collectively and follow me into the volcano.”

Painful love scratched his head for a long time and said, “Boss, don’t go, I’ll take the team, it’s too dangerous.”

Lu Yang laughed and said, “You still think about it for me. Come with me and tell me what happened to you and Han Liu recently.”

“Ah?” Bitter love blushed for a moment, scratched his back and said with a smile: “What, hey, thank you, boss.”

Lu Yang said, “Thank me.”

Suffering for half a life said excitedly, “Boss, I accompanied Han Liu a few days ago to go home.”

Lu Yang said excitedly: “Brother, you succeeded.”

“I succeeded. Han Liu’s parents agreed with me. Boss, thank you very much. Without you, I would never get the approval of the Han Liu family.”

The most grateful person who loves half a lifetime is Lu Yang. If Lu Yang hadn't given him so many shares and so many fortresses, Han Liu's parents were worth hundreds of millions. Wouldn't he agree with the poor and sour boy who loves half a lifetime.

Recalling the situation that he followed Lu Yang at the beginning, although he agreed with Lu Yang's ideals, he was more bullied and desperate.

Why is he called bitter love for half a life, because the person he loves is by his side, but he knows his status is low, thinking that he will never be worthy of her, so he would rather stay beside Han Liu, look at her, hope She is happy.

To this day, he still remembers the day when the account was established. The name that he made made the dumb and handsome guy and others who laughed at me mad and ridiculed, but Han Liu was expressionless.

But now it is different. Lu Yang has established 256 outdoor fortresses. He has devoted half of his life to taking away 12 fortresses. The net income of each month is more than 30 million, which can exceed the total of Han Liu's parents in half a year. Assets, Han Liu's parents have nothing to disagree with.

Lu Yang said: "This is what you deserve. The development of the Jagged Brotherhood cannot be separated from your hard work."

Suffering for half a life, he shook his head and said, "Seriously, boss, this guild only has you, you can't be less. The other 8 vice presidents of ours are the same as whoever you come from. I can get so much today.

He was telling the truth. Everyone knows that only Lu Yang is indispensable in the Jagged Brotherhood. They help Lu Yang fight the world. If Lu Yang is a little bit unjust, in the current good situation, they will be suspended. Or under what name they were fired, they have no way.

With so many top masters under the Jagged Brothers League, anyone can take their place. Lu Yang is not chaotic, and Jagged Brothers is not chaotic.

Lu Yang said to bitter love for a long time: "No such thing is allowed to be said in the future. I will definitely do it when I say Lu Yang. When I am all of you, I will not say two things."

"Well," bitter love nodded hard for a long time, he could feel that Lu Yang was sincere to them.

Lu Yang said, "I said a while ago that the two of you secretly ran out during the day. It turned out to be home. Let's talk, when will it be public."

Bitter love half-life blushed and said, "I don't know, I didn't dare to tell everyone."

Lu Yang said, "Stupid brother, don't you tell me about this, but let Han Liu take the initiative to tell them. I guess he's angry with you every day now."

I have been bitter for a long time, and thought about it, and said, "Oh, I said why Han Liu has always talked and talked to me, it's the reason."

Lu Yang laughed and said, "Stupid boy."

"I'll talk to her when I go back," bitter love said excitedly for a long time.

Lu Yang laughed.

"Boss, there are many two-headed monsters in front of me." Who rushed back from the front despite my life.

Lu Yang led the team to the front. Inside the volcano, there were a lot of weird people with black bodies. They had two upper bodies, shared one lower body, two heads and four arms, each holding a gold ring machete. .

Iron ghost (elite)

Level: 80

Qi and blood: 8000000/8000000

“So little blood?” Bitter love said for a long time.

Lu Yang said, “Don’t underestimate them, I’m bringing you here this time for these iron ghosts.”

He took out 2,000 bottles of premium rum from his backpack and said, “Drink, then summon these iron ghosts.”

Premium rum can reduce the level of players looking at monsters by 20, 80 to 60, which is exactly the level they can recruit.

Whoever tried to recruit rum for my entire life, it was easy to recruit Iron Ghosts. He opened the Iron Ghost’s panel and looked at it, but when he saw it for the first time, he was stunned. .

“What skills?”

“How many attacks?”

“Are you crazy?”

...

Everyone asked.

Xun responded fiercely, looked at Lu Yang, and excitedly looked at a number of warlocks, shouting: “This summoning beast is too great.”

The madness of anxiety stunned everyone and said, "What the **** is going on, tell me."

He said madly: "This is a strange physical immunity, 8000 magic defense."

"I go."

...

All the warlocks were stunned.

"Is there such a summoning beast?" Bitter love asked for half a life.

Xun Kuang shared the attribute pictures to everyone, saying: "Not only that, this thing has an attack power of 12,000, but also comes with infinite whirlwind chop. The only drawback is that there is less blood, only more than 3000."

"Enough is enough," said bitter love for half a life.

"Don't say 3000 blood, even if it is only 1000 blood, it is invincible, who will lose the defense and magic resistance." A warlock said.

Lu Yang said: "Divide your team to summon, exactly 2,000 iron ghosts, one of you."

"Thank you, boss."

...

All the warlocks ran to summon.

Lu Yang took advantage of Han Liu's intercom at this time.

Han Liu was leading the team in the copy to upgrade. When she saw Lu Yang's phone, she pressed the connect button and asked, "Boss, what's the matter?"

Lu Yang said with a smirk on his face: "Han Liu, has something been hiding from me lately?"

Han Liu blinked and said, "No."

Lu Yang said, "Yeah, but how do I hear someone say you took him to see your parents?"

Han Liu's face turned red instantly, biting her red lips and saying, "I've talked about this stupid bitter half-life."

Lu Yang laughed and said, "What's the embarrassment with me, call my uncle every day, I don't recognize you at this time."

Han Liu and Lu Yang gave Lu Yang a unique title in private. Because Lu Yang was too mature, when Han Liu was upset, he would talk to Lu Yang to talk about something, and he would call Uncle Lu Yang over time.

"I'm sorry, I just don't want all of you to know, I'm afraid you are joking." Han Liu said.

Lu Yang said, "What's the joke about this, who doesn't know how much this silly kid who loves half a life likes you, it's good to be public, so let's find a time with him for you and everyone This news."

"Oh." Han Liu said embarrassedly, "I listen to you."

Lu Yang said: "Sister, I wish you happiness, and love half a lifetime is a good person, this boy has been with me for almost half a year, I can see that he will be good to you for life."

Han Liu said, "I just chose him because of him ~ www.mtlnovel.com ~ Otherwise I don't want him."

Lu Yang laughed, coaxed the shy Han Liu a few words, then closed the intercom, and said to the monkey's anxious bitter love for a long time, "You will say something to everyone for a while, and everyone will celebrate it with you."

"Thank you, Boss," said bitterly and half-happy.

"Boss, the recruitment of Iron Ghosts is complete." Who ran over in a frenzy and said, "I'm mad."

"Well, what are you two happy about?" Who asked me madly forever.

Lu Yang shook his head with a smile and said, "You, too, a dumb kid."

This idiot knows to play games and doesn't care about emotions at all. Generally speaking, a woman like Han Liu definitely has more than half a life of love, and there will be many people who pursue her by her side. Even those brothers who love bitterly for half their lives may have a crush on him.

It is a pity that this is the general situation. I have a bitter love for my half-life brother, a dumb handsome guy who is too young, and another loving person, as well as this idiot, whose head is full of games, all brothers.

Chapter 793 - Skyfury Elixir

"Boss, why do you say I'm stupid, I'm quite smart." Who said insults and dissatisfaction throughout my life.

Lu Yang laughed and said, "Yes, you're very smart. Let's go. Let's go back this time with an iron ghost and a trumpet."

"I'm going. This is not the same as the wind. I just experimented. This thing turned up and hit 4 times in 1 second, and the attack power burst." Whoever insulted me the whole time and forgot about Lu Yang just saying he was stupid.

The Iron Ghost holds four machetes in four hands, each of which hurts 12 thousand, and spins up to spike.

Lu Yang said: "This is an elite monster at level 80. At level 60, he is invincible."

"Hey, if this is a battle with Wang Teng, these iron ghosts are not invincible." Who said enthusiastically throughout my life.

Lu Yang said: "The time for the war is not too long, you must be prepared."

"Yes," the crowd said together.

The bitter love half-life and others took the team back and continued to carry the trumpet upgrade. For every 2,000 people, they can take an upgrade copy of 100 people, and 2,000 people can bring 100,000 people to upgrade.

So far, the team that upgraded nearly 6 million people within the Jagged Brothers League is complete. As long as there is another week, 6 million people can all be promoted to level 60.

Now the problem is the equipment.

Lu Yang changed his appearance and flew to Bingshan City. After getting out of the teleportation array, he put on a mount and ran to Tianji Mountain.

Tianji Mountain, a special existence, it is said that the high mountains here have been climbing up to the heaven.

This is what every NPC in Iceberg City likes to say. In fact, there is no paradise on the top of Tianji Mountain. However, there is a race there called the wing tribe.

The winged clan is a branch of the elven clan. Each of them has a pair of wings. According to the previous strategy, there is a mission that can get special potions.

The difficulty of the winged princess.

The wing family has always been ruled by the queen. The queen of this generation is on the verge of death and needs the queen to choose a new king among many children.

There are two eligible candidates. One is called Lianna, and the other is Madeleine. Among the winged clan, Princess Lianna is the loudest voice, and the Queen also intends to pass the throne to Lianna.

Madeleine had hatred in her heart, and secretly imprisoned Liana in an underground prison in Tianji Mountain. All Lu Yang had to do was save the princess.

The specific coordinates of Lu Yang can not remember, just remember the approximate location, Lu Yang came to the mid-mountainside of Tianji Mountain and searched according to the location in his memory.

After searching for a long time, I finally found the black wing mark on the rock wall. This is the prison's open button.

Lu Yang clicked on the black wing sign, Tianji Mountain was shaking violently, and the prison was opened.

The system prompts: The rescue mission is started. The princess must be rescued within 10 minutes, otherwise the wing soldiers will come.

The wing tribe soldiers are all 80, still flying in the sky, Lu Yang can not beat at this level, he ran into the cave quickly.

The inside of the cave is very bright, and a bright light illuminates the hall every 10 meters to the left and right and the upper wall.

“Guga”

A strange sound came from a distance. Lu Yang looked up, and several dark trolls were walking towards this side.

Dark Troll (Elite)

Level: 80

Qi and blood: 1100000/1100000

This is not a hundred-person nightmare-level copy or an expansion pack copy, and the strange health is not much.

Lu Yang made a move with his hand, and the phoenix flew forward. After entering the cave, he pulled out hundreds of dark trolls and ran out.

“The Great Lord of Fire ...”

Lu Yang read the spell, and pointed a finger in front of him. The huge fire meteor fell into the strange group and stunned all the hundreds of dark trolls.

“Phoenix Shock”

The phoenix emitted a fiery flame from all over the body, and the dark troll quickly shed blood.

“Inflammation”

Lu Yang turned into a fire demon.

“Meteorite Impact”

Huge meteorites descended from Tianer over these trolls. Within two minutes, all the trolls were killed.

Lu Yang went deep into the cave and found the trapped winged princess in the innermost prison. He opened the prison door.

“Who are you?” The winged princess asked Lu Yang.

Lu Yang said, “I’m here to save you. Come with me. With less than 6 minutes left, the Yi soldiers will be here.”

The winged princess nodded quickly, and ran out of Tianji Mountain with Lu Yang. The winged princess stared confusedly at the white snow outside.

“Why should I escape, and where can I escape?” Said the princess of the Yi clan to herself.

“By the way, the Yi clan has been ruled by that **** woman, and I will die if I go back.”

“I can’t die yet. Obviously I should be the queen of the Yi tribe, but he has occupied my place and imprisoned me. I want revenge.”

...

Lianna’s face became crazy.

In the distance, countless winged warriors were flying here. These were Madeleine's elite guards, and even her family guards. It was these people who had imprisoned Liana.

"Lianna, Her Majesty the Queen, forgive you for your life. Not only are you grateful, but you defected out of prison. You will be tried." Said the winged warrior headed proudly.

Lianna looked up at the winged warrior. At this moment, there was no longer the princess's weak expression on her face, and some were just angry and crazy.

"Damn traitor, how dare you speak to your queen like this, you have to pay for it." Lianna's body glowed silver.

Wing warriors just flew to Lianna to surround him. Seeing this, all wing warriors were shocked.

"You, what are you doing?" The winged warrior headed asked.

"What?" Lianna smiled wildly and said, "I'm doing what every queen would do, would you like to know?"

The reason that Madeleine imprisoned Lianna was to seize the Queen's ultimate secrets, and all the wing soldiers showed excited expressions.

"If you are willing to tell this secret, Her Majesty may spare you." Said the winged warrior headed.

"Oh, forgive me, is he worth it?" Lianna suddenly screamed, her body completely turned into silver and transparent, but the wings behind him gradually disappeared.

"Damn, you, what are you doing, what about your wings?" Wing warrior asked.

With a sneer on her face, Lianna opened her right hand, and a group of silver magical energy exploded with him as the center. All the wing warriors around were all knocked to the ground.

Lianna came to the winged warrior headed, and said lightly, "Go back and tell Madeleine, it won't be long before I go back to get her revenge."

The silver light lit up, and the winged warrior saw in horror that his arms and legs were separated from his body, but there was no blood dripping from the cut-off gap, only the silver light shrouded.

"Ah ~!" The pain caused the winged soldiers to pass out.

Lianna smirked at the corner of her mouth and killed the remaining wing tribe soldiers. Then he came to Lu Yang and said, "Thank you for saving me, human."

Lu Yang watched this scene a bit embarrassing. The Raiders of the previous life were not so recorded. The Raiders only said that Liana was rescued and got a reward.

"Passing by chance," Lu Yang said.

Lianna covered her mouth with her right hand and smiled gently, "Don't panic, I won't kill my life-saving benefactor, this is for you."

A scroll appeared in front of Lu Yang.

Recipe: Elixir of Skywrath

Effect: Increases 3000 Holy spell damage for 30 seconds and cools down for 30 minutes.

What Lu Yang wants is this. With this, and the ability to mutate without gold, the properties of this potion will show unimaginable strength.

After Liana gave the scroll to Lu Yang, the light flashed and disappeared into the air. Lu Yang returned to St. Gall with the formula of the Skywrath, found Jin Buhua and said, "This is for you."

Jin Buhuan was also stunned when he saw the recipe of the potion. He added 3000 Holy spell damage. There is no reason for it, he directly ignored the opponent's 3000 magic resistance.

Lu Yang said, "Try it out with your mutation ability and see if you can make a better effect."

"I'll try." Jin Buhuan learned the formula and went to the pharmacy to test it.

After a flash of light, Jin Buhuan quickly learned how to make this potion, and he began to try a lot of production.

Using a large tank to make 500 bottles at a time, his chance of mutation of the potion is 2%, and 10 bottles of special potion appear in one pot.

Skywrath Elixir (variation)

Effect: Increases 4500 Holy damage for 30 seconds and cools down for 30 minutes.

10 consecutive bottles all have the same effect.

Lu Yang said: "It can increase by 50%. Your mutation effect is really strong."

Jin Buhuan said, "Unfortunately, it has not increased 100%."

Lu Yang said with a smile: "Be content, make it fast, it's up to you to make this stuff. The scroll is unique, there is no second one."

"This material is not easy to get, but we have it in stock, and it is not difficult to get 10,000 or 20,000 bottles." Jin Buhuan said.

Lu Yang said, "Not enough. Get more, at least 500,000 bottles."

Jin Buhuan said, "I try my best."

He knew that Lu Yang was going to hit Beifeng City and Benliu City, and he had been working on it for a whole week.

Lu Yang purchased herbal medicines between major cities, spent hundreds of thousands of gold coins, and made 500,000 bottles of special potions one week later.

"Boss, my players are all level 60." Xia Yuwei said.

"Mine has arrived, too," said bitter love for a long time.

"My last batch is also complete."

...

Early morning on Monday.

At the same time, Zhuo Jiu Qing Duan, Xia Yuwei and others reported to Lu Yang that all their players had risen to level 60 ~ www.mtlnovel.com ~ a total of 5.6 million level 60 players.

Lu Yang was full of excitement in his chest and said, "How is the equipment?"

"300,000 Blood Demon Temple Sets."

"291,000 sets."

"290 thousand sets."

...

All seven vice-chairmen are equipped with nearly 2 million sets.

Lu Yang asked, "How many immortal suits?"

Xia Yuwei shook her head and said, "There are less than 2,000 sets."

"Me too."

"1700 sets."

...

"Blood Elf Island has too high requirements for equipment." Sun Yu said.

Chapter 794 - Zheng Yuan?

Lu Yang took out the potion of Skyfury and said, "Give you the last week, with this potion, each team will give me 20,000 sets, can you do it?"

Seeing the properties of Skyfury's potion, Xia Yuwei said, "Boss, how much is this potion."

Lu Yang said: "500,000 bottles."

“No problem, I will do 20,000 sets.” Xia Yuwei said.

“We are fine.”

...

Everyone said.

Lu Yang said, “Seven of you will give me 10,000 sets and give them to me, and I will be useful.”

“Boss, I can’t bear it,” said bitter love for half his life.

Lu Yang laughed and said, “What’s unwilling about a bunch of level 60 equipment, so you can’t be willing, and the level 80 equipment is not much better than this.”

“Right.”

Everyone nodded.

This 10,000 immortal suit was prepared by Lu Yang for the old man of the twilight, and the lakeside city has already become a dead hatred, not far from the old man of the twilight.

Xia Yuwei looked at Lu Yang with awkwardness and said, “Boss, and brothers, I have something to ask you for help.”

“What’s the matter?” Lu Yang asked.

Everyone was also curious. Xia Yuwei never asked for help. This was the first time.

Xia Yuwei was a bit difficult to talk about, hesitated for a long time, and said, "Boss, can I add Zheng Yuan to our guild."

"Zheng Yuan?" Lu Yang said in surprise. "Why do you want to add him?"

Xia Yuwei looked at Lu Yang's eyes and said, "I will definitely control him so that he will not make mistakes."

Zhang Zibo said, "Boss, please promise."

Lan Yu said, "Brother, you promise, we're all wrong."

Lu Yang said, "What's going on?"

Lan Yu said: "Our parents and Zheng Yuan's parents are good friends. Now a few of us are getting better and better, but Zheng Yuan has been decadent all day long. Uncle Zheng personally begged us a few and we couldn't help it. "

Zhang Zibo said, "Our parents are asking us for help this time. Uncle Zheng will give us a few bows. As soon as I can't hold back, I promise."

The white lion and the muddy wine are frowning a bit. Zheng Yuan's behavior has been heard for a long time. It is definitely not a good thing for such people to be placed in the guild. Several of them look at Lu Yang.

Lu Yang said to Zhang Zibo, "You are right in this matter. You cannot let the elders bow to our juniors."

Zhang Zibo said, "Boss, I'm sorry."

Lu Yang shook his head and said, "Don't say sorry, to be honest, Zheng Yuan is not qualified to join the Jagged Brotherhood. He came in. It is not a good thing for our guild, but what do I do, my boss is doing it for you Responsible, let him in. "

When the boss, at this time can only be braised.

Xia Yuwei said sorry, "Boss, can you give him a fortress?"

Lu Yang scratched his head. Originally he wanted to give Zheng Yuan a logistical position. I never expected that Zheng Yuan's requirements were quite high.

"Boss, if it's not easy to handle." Xia Yuwei said.

Lu Yang thought about it and said, "To be honest, Zhang Zibo and I really owe this to Zheng Yuan."

Xia Yuwei looked startled and said, "Why did you two owe him?"

Zhang Zibo's face turned red, and he was a little embarrassed and said, "My boss and I really owe him."

Lu Yang said to Xia Yuwei with a smile: "Who was Zheng Yuan pursuing at first, you and Lan Yu? As a result, I chased Lan Yu into my hand, Zhang Zibo chased you, Zheng Yuan was empty-handed, how pathetic . "

Xia Yuwei flushed and said, "Otherwise I wouldn't like Zheng Yuan."

Lan Yu nodded and said, "I won't."

Lu Yang said with a smile: "But we still owe him a little bit. It's not good to talk about this afterwards. The boss of the Brotherhood Brotherhood has robbed someone's beloved one and has not given compensation to the other. Not nice."

Everyone: "..."

Zhuo Jiu said, "It's really like this. After a few years, the boss became a crossbladder in everybody's mouth, and Zheng Yuan became a victim."

Zhou Tianming nodded and said, "That's right, that's what the human heart is."

White Lion, Sun Yu, bitter love half-life and Jiang Ze know nothing about this, but just nodded.

Lu Yang said, "Let's do this, I will give him an errand, a very important errand."

Xia Yuwei asked, "What errand?"

Lu Yang said: "I asked him to pour instead of the muddy wine to defend the Tumen fortress."

"What?" Everyone looked at Lu Yang in shock.

"Boss, this isn't okay," said Zhuo Jiu, pouring out.

"This is absolutely not possible." Xia Yuwei said.

What is the Tumen Fort? It is a nail on the bones of the nose of Wang Teng and Li Xiuyu. Give it to someone like Zheng Yuan, and you do n't have to think about losing it.

Lu Yang said, "This is the case. You add Zheng Yuan to the guild and come to me."

"This ..." Xia Yuwei kept talking, and he knew that he could not stop Lu Yang, and could only add Zheng Yuan to the guild.

"Zheng Yuan, don't conflict with Lu Yang. His status is not as it is now. This time we asked him for help." Zhang Zibo said.

At the gate of the guild, Zhang Zibo personally greeted Zheng Yuan and spoke to him carefully.

Zheng Yuan's eyes were bright, and he changed his former ancestor's breath, and said with a determined expression, "I know that I have been lacking before, and I will change."

At first Zheng Yuan looked down on Lu Yang. Nowadays, Lu Yang is worth billions. He has four main cities and more than 200 fortresses. The only ones that can compare with Lu Yang are Tianyao of the orcs and Liu Jie of the elves. Yuan Zheng Yuan can't compare, he knows it.

Zhang Zibo was relieved. He was really afraid that the fault of Zheng Yuan's second ancestor would be suddenly committed. At that time, he, Xia Yuwei and Lan Yu would not see Lu Yang.

conference hall.

Zhang Zibo took Zheng Yuan into the door, Zheng Yuan looked at Lu Yang, who was standing not far away, with a stunned look.

I still remember that at the beginning of the game, Lu Yang was sitting on the ground grilling fish alone. At that time, Lu Yang was so downcast. Later, they asked Lu Yang to help fight monsters. Lu Yang was also a role of a mercenary. Selling technical life is still tattered.

Looking at it now, Lu Yang has become a boss with 6 million members, and he can only feel the charm of this game.

"Zheng Yuan, Zheng Yuan." Zhang Zibo patted his shoulder.

"What's wrong?" Zheng Yuan asked.

"You go in, what are you looking at?" Zhang Zibo said.

Zheng Yuan reacted this time, and he was disoriented. He blushed and approached the meeting room and came to Lu Yang. He bowed respectfully and said, "Boss Lu Yang, I have offended a lot before, thank you for forgiving me. . "

Lu Yang said: "Don't hesitate, let's meet each other too, sit down first."

Zheng Yuan nodded and sat on the chair.

Lu Yang found a chair and sat down, asking, "Yu Wei, Zi Bo and Lan Yu all told me, they all believe in your ability. Since there are three guarantees for them, I will give you a chance to let you Be the fortress boss. "

Zheng Yuan's eyes brightened and he said excitedly, "Thank you, boss."

Lu Yang said: "Don't be so thankful to me, you know, suddenly promote a stranger to be the boss, and other leaders in the guild will not be convinced, you have to make some achievements."

Zheng Yuan patted his chest and said, "No problem, you can do anything you want."

Lu Yang opened a three-dimensional map, pointed at the fortress in Tumen, and said, "I want you to bring Xia Yuwei's troops to guard this place."

The name of the Tumen fortress Zheng Yuan has long heard that this fortress is typically easy to defend and difficult to attack. Wang Teng and Li Xiuyu did not fight for 10 days, while Lu Yang's actual defensive combat power was only 500 Starfury Drew. Yi.

Zheng Yuan said excitedly: "Thank you Boss Luyang, I will definitely hold on to this fortress, and never let the enemy have a chance."

Lu Yang said: "I believe you have this ability, go, people and equipment are looking for Xia Yuwei to go."

"Yes, I'll go now." Zheng Yuan left with excitement.

Zhang Zibo looked at Lu Yang and asked, "Boss, is Zheng Yuan really OK?"

Lu Yang smiled and said, "You called Xia Yuwei and Lan Yu."

Zhang Zibo nodded and sent a message to the two. After a while, they entered the conference room.

"Boss, are you looking for us?" Xia Yuwei asked in surprise. He had just left and didn't know what Lu Yang called him back for.

Lu Yang motioned to the two of them, and said, "Only four of us know about this today. There isn't any one more. Are you absolutely not allowed to go out and know?"

Xia Yuwei nodded.

"What is it?" Xia Yuwei asked.

Lu Yang said: "I can be sure that Zheng Yuan can't hold the Tumen fortress."

"Ah?" Lan Yu said in surprise: "Brother, then you still ask him to go."

Lu Yang said, "That's why I asked you to come."

Xia Yuwei said: "I know he can't keep it, boss, what are you going to do with him?"

Lu Yang said: "I will use him to set a trap ~ www.mtlnovel.com ~ to lure Li Xiuyu and Wang Teng to send troops to attack the Tumen fortress, so as to destroy their main fighting power in the Tumen fortress in one fell swoop."

"What are you going to do?" Xia Yuwei asked.

Lu Yang said: "According to the reliable information received by Tu Feng, the silk language has spent a lot of amazing girls to prepare to seduce the Iron Blood Brotherhood League players to betray.

The geographical location of the Tumen fortress is special. If Zheng Yuan goes, the silk language will definitely make the girl she hired to seduce Zheng Yuan. With Zheng Yuan's determination, he can't bear it.

At that time, Zheng Yuan and Li Xiuyu would definitely send elite troops to sneak attack. This number must be at least 800,000. This is the best number to prevent the Brotherhood of Iron Man from fighting back, and these people must also wear the suit of the Blood Demon Temple. "

Xia Yuwei said, "Boss, will this be too cruel to Zheng Yuan."

Lu Yang said, "The purpose of calling you over is here. If you are let go, it is cruel to him. If you go, you can cover it up for him and give him a good reputation."

Chapter 795 - Talking to Zheng Yuan

Xia Yuwei nodded clearly and said, "Thank you, boss."

Lu Yang smiled and said, "This is my responsibility, go ahead. The three of you are not allowed to reveal any news to Zheng Yuan. If the news leaks a little bit, we can only beat Ben Liu City and Bei Feng City. You know how much that would cost. "

They nodded solemnly and said, "We know."

Lu Yang leaned his body on the back of the chair, looking at the white ceiling, and said, "Everything is ready, it's just the east wind."

After such a big game, even Lu Yang was very troubled. He tried to kill Wang Teng and Li Xiuyu here, and they were trying to kill Lu Yang.

Tianyao of the Orc was not idle, and was trying to attack the Wolf.

“Drip, drip, drip”

Send a call to Sirius to call.

Lu Yang pressed the connect button and asked, “What’s the matter?”

Shooting Sirius said: “Tian Yao just found me and he said he wanted to negotiate with you.”

Lu Yang smiled. He knew what Tianyao wanted to talk about. It was nothing more than peaceful negotiations. He said, “You open a special space invitation, and I will meet him in person.”

“Okay, I invite you,” said Sirius.

When Lu Yang saw the prompt of the special space, he clicked and agreed, and the light flashed into the special space like the office.

Tian Yao was standing on the other side of the table and saw Lu Yang with a smile on his face, saying, “President Lu Yang, thank you.”

Lu Yang smiled and arched his hand and said, “President Tian Yao, long-awaited name, finally met today.”

Tianyao knew that Lu Yang was talking about prison heaven and said with a smile: “I won’t tell you more, I will come to you for a deal.”

“What deal?” Lu Yang asked.

Tianyao said, "I know you are going to hit Wang Teng and Li Xiuyu recently. Let's make a deal between us. When you are attacking them, I promise not to hit you."

Lu Yang asked, "What do you want?"

Tian Yao said, "I want the Blood Wolf Fortress."

Lu Yang smiled and said, "Your chips are not enough. You are in a similar situation now. A bunch of small cities around you have formed an alliance. Do you even want my fortress?"

Tianyao didn't mind, with a smile on his face, saying, "The transaction is just that the two sides say that the chips are compared with each other's weight. If it is appropriate, the transaction is made. If it is not suitable, let's talk about it. President Lu Yang, you open a condition Let me see if I can accept it. "

Lu Yang opened a three-dimensional map and said, "To be honest, there is no contradiction between you and me, and there is no need to meet with swordsmen. The national war is not far away. It will be opened at level 100, but it will only take half a year. If you and I go to war, it will be far from over in a few months. When the national war begins, we will both be unlucky. "

Tianyao nodded and said, "I think so too, I'll send you an inside message. The national war may be opened at level 90. This is the news that my family heard."

Lu Yang said: "Let's make an agreement, and don't talk about the hypocrisy of alliances. Starting today, you and I will not attack each other. You take the soldiers to the east. First, you will destroy the entire territory of the orcs. Do n't fight, lay down the whole territory of the human race. At that time, you have an idea to share with me, it is not too late. "

Tianyao looked at the map and thought for a while, and said, "It looks like you really want to die with Liu Jie to the end. Are you so confident in defeating him?"

Lu Yang shook his head and said with a smile: "I'm not confident, but it's a feud between Liu and Jie. He and I must die, either because I destroyed his family or because he killed my whole family."

Tian Yao looked at Lu Yang with amusement. He never thought that he could say such words in Lu Yang's mouth. This is just a game. Lu Yang actually had to fight with Liu Jie in reality. He couldn't be sure that Lu Yang said True and false.

"Well, I accept your agreement. I won't fight the wolf race. Go to the east fortress first. You can't fight my orc race. If you dare to break the agreement, I must attack you with Liu Jie."

Lu Yang said, "I can't defend the Terrans. What can I do to fight your Orcs, and how many strong enemies do I have to stand up for?"

"It looks like we both think the same." Tian Yao said with a smile.

Lu Yang said, "That's the case."

Tian Yao arched his hands at Lu Yang and left a special space.

Shooting Sirius said: "Is he credible?"

"Credible." Lu Yang said, "The Refraction Shield has already made 20,000 faces, and the offense is not good. If it is used for defense, how many people come to prison will be in vain."

Shooting Sirius nodded and said: "It is true, this shield is too domineering, and it is 100% reflective attack."

Lu Yang asked, "How many totem shaman do you have?"

"About 5,000 people," said Sirius.

Lu Yang said, "In the next war, you will take these 5,000 people into battle."

The totem shaman used to attack the city is a sharp weapon. As long as it is shielded, it can easily wipe out enemies on a wall.

“Yes,” said Sirius.

Lu Yang asked Sirius to leave. He dialed Mufeng’s phone and asked, “How many nine-color dragon skins have been hit?”

The 150 Sword Knights of the Holy Sword Knights have been playing the nine-color dragon skin in the copy of Blood Elf Island after leaving Lu Yang. This is the best material for level 60 enchantment, which can increase the resistance of the whole system.

Mufeng said: “It was only 210.”

This shows that Mu Feng has hit the Blood Elf Island 210 times. It can be seen how hard he has been during this time. For nearly a month, he must hit at least 7 copies a day.

Lu Yang said, “I’ll fight with you.”

Jin Buchang bought the recipe for a 2,000 defense defense increase, so he didn’t need to fight. He only needed to raise the reputation of Blood Elf Island to the highest level and get the entire resistance enchantment.

“Boss, you are finally free.” Mu Feng said in surprise, Lu Yang had not played a game for a month.

Lu Yang said, “Yeah, I’m finally free. Now I’m the boss, I just owe everything, and some of them have time to play with you.”

“Welcome the boss to return to the team.” Mufeng said happily.

...

For the next one and a half months, Lu Yang upgraded equipment in the copy, and Xia Yuwei and Bai Shi and other vice-chairmen were also carrying copies, and the entire 6.5 million participating players in the Iron Brotherhood were in the copy.

Among them, 20,000 masters were responsible for hitting the Blood Elf Island. With the help of Skywrath Elixir, it took only 5 days to successfully hit 50,000 sets of equipment. After another 5 days, it hit 90,000 sets of equipment. Million sets.

Shooting Sirius with Orc players also hit 10,000 sets.

On the other side.

Wang Teng and Li Xiuyu stood still during this time, and they were figuring out how to destroy the Tumen Fortress every day.

“It’s really a bastard. How can this newly-changed man called Zheng Yuan defend so seriously, he inspects the fortress every night without any chance.” Wang Teng cursed.

Li Xiuyu said: “How about dead grass, haven’t thought of a way?”

Wang Teng said: “Counting dead grass can count the grass as dead. He is not a dead stone. What is the purple magic jade? That thing is free of magic and defense, whether it is frontal attack or sneak attack. The surrounding mountains are high Steep, no chance to airborne from above. “

Li Xiuyu sighed heavily and said, “Then we are completely dead. Do you know that, in order to prevent Lu Yang’s sneak attack, I have to arrange tens of thousands of people to fight near the fortress every day, which will delay my level , Now the guild complains, I can only use points to calm down, do you know how much I lose every day? “

Wang Teng said, “What can I do, am I not the same as you now? Wait, wait for dead grass to come up with a solution, or else you’ll find a solution, I’m okay.”

Li Xiuyu sat next to Wang Teng and said, "I need a way. I'll come to you and complain, and I'll do it early."

The two sat together and sighed.

"If I can know how good Lu Yang lives, I will send someone to kill him directly." Li Xiuyu said with gritted teeth, he now hates Lu Yang.

Wang Teng said, "I can use him if I can find him."

The two sighed again.

Pedal, pedal, pedal

A sound of high heels came from a distance, and a whisper came to the door and looked at the two men and said, "I don't have to be so troublesome, I can deal with them."

Wang Teng looked up at the slang words and asked, "I can't think of a way out. What can you do?"

Li Xiuyu also did not believe that there was a way for the silk language, saying, "Silk language, don't make trouble."

The silky words proudly said, "Xiuyu, I really have a way. You know, there are many things you men can't figure out, and we women can do it right away."

"What do you mean?" Wang Teng asked.

The silky words proudly said, "I have found Zheng Yuan's life door."

Wang Teng frowned and asked, "What life gate?"

“Women,” she said.

“Women?” Li Xiuyu asked puzzledly, “Zheng Yuan’s family is rich. I’ve seen many beautiful women. Will he be fascinated by this?”

The silk language said: “A woman can’t do it anymore ~ www.mtlnovel.com ~ But, what if this woman is like Xia Yuwei?”

“What?” Li Xiuyu and Wang Teng stood up at the same time.

“Where is this woman, how did you find it?” Li Xiuyu asked excitedly. When Zheng Yuan took office, the two investigated Zheng Yuan’s details and knew that Zheng Yuan loved Xia Yuwei and Lan Yu. No one got it, so I sorrowed for a long time.

The silk language did not answer the two questions, and continued: “Man, this is the way, the most beautiful is the one that is unavailable. Unfortunately, no one feels sorry for my hard work.”

Li Xiuyu knew that she had neglected this time, and quickly asked for it. After a long time, she said: “This woman is a webcaster, and I found it by accident. I gave him 3 million. Let her take the female player I trained into Tumen Fortress, and we will start on that day. How about that? “

“Great.” Wang Teng said excitedly: “I immediately reported this to Jie Shao and let him plan the plan more carefully. Silk rain, you did a great job, Jie Shao also this time Will appreciate you. “

Chapter 796 - Despicable beauty

The silk language said: “It’s not rare, my family Xiuyu loves me enough.”

Li Xiuyu laughed and held on to the silk language, and said, “You are indeed my blessing. I must marry you.”

Li Siyu lay in Li Xiuyu's arms, her face full of warmth.

Soon, Liu Jie got the news, calculated dead grass and talks carefully and came up with an optimal plan.

Tumen fortress.

Zheng Yuan was sitting in the city, watching the girl who was on the video with his eyes, showing infinite tenderness. The girl was beautiful. She looked 90% similar to Xia Yuwei. This girl named Meimei is playful and cute.

Mei Mei smiled inadvertently, even with a look, the playful and cute look hit Zheng Yuan's heart like a heavy hammer. He knew that this girl was not Xia Yuwei, but he just couldn't extricate himself from this girl, even if it was like, He also loves.

"Brother ~~ , why are you mad again?" Mei Mei said coquettishly.

Zheng Yuan's thoughts were pulled back, seeing Meimei biting her red lips and pretending to be angry, her heart seemed to be hit by something again, and her heart was already soft without any courage to win.

"What did you just say?" Zheng Yuan asked.

Meimei asked: "I said when you can come out, it is not fun to meet online every day."

Zheng Yuan looked at the fortress, remembering the promise to Xia Yuwei and his father, and said sorry, "No, I've been busy recently and can't go out."

Mei Mei said unwillingly: "I don't. I don't see real people every day. People thought I was cheated by a liar. You won't be a liar. You deliberately lied to me."

Zheng Yuan felt guilty and quickly said, "I'm sincere to you. If you believe me, I just can't leave here."

Mei Mei's small face immediately smiled and said, "Of course I believe you, so you can't leave, I can always go to you." [! * Iqi Literature Free Reading]

Zheng Yuan thought about it, only one outsider could enter the fortress, it was still okay, and said, "Also ... well, then come on, I'm in the fortress in Tumen, I will send you the coordinates, and you run over."

Meimei looked at the coordinates and said coquettishly, "Oh, so far away, you can't add me to your guild, so I don't want to run."

Zheng Yuan was right when he thought. Tu Feng had been recruiting people. He should have no problem adding a person. He said, "You click and accept, I will join you in the guild."

System Tip: Player Mei Mei joins the Jagged Brotherhood

As soon as Mei Mei joined, Zheng Yuan agreed. At the same time, Xia Yuwei and Zhang Zibo, who were responsible for monitoring the incident, immediately discovered the problem.

Just three days ago, Lu Yang ordered all positions above the legionary commander to strictly prohibit players from joining the club without permission. Personnel below the legionary commander were never eligible. At this time, only Zheng Yuan who did not know the rules.

Tu Feng said, "The fish is hooked."

Xia Yuwei originally had some illusions about Zheng Yuan, but the reality made him have to admit that Lu Yang was too accurate to see people. Zheng Yuan's entry into the Jagged Brothers Alliance would only be a scourge.

"This time, I must have expelled Zheng Yuan from the guild personally." Xia Yuwei said to Lu Yang in anger.

Lu Yang shook his head and said, "Don't be so sure, just look at that girl."

He sent Mei Mei's photo to Xia Yuwei.

"This, isn't this sister Yu Wei?" Lan Yu said in surprise.

Xia Yuwei said, "This is Zheng Yuan, this ..."

Lu Yang said: "You can't blame Zheng Yuan for this incident, but you can only blame the siblings for being too jerk. He deliberately found a girl similar to you on the Internet to approach Zheng Yuan. Zheng Yuan regarded him as your substitute. Why? May not be hooked. "

Xia Yuwei gritted her teeth and said angrily, "How can you do this kind of thing with silliness? This is just a game."

Lu Yang said, "Where is this game? This is reality, but here is the reality of another world, don't forget, this is called the second world."

Xia Yuwei sighed and said sadly, "How do I face Uncle Zheng?"

Lu Yang said: "Zheng Yuan's father will not blame you. When he allowed Zheng Yuan to join the guild, he believed that you would give Zheng Yuan a good position, no matter what the position was, or the fortress owner. Silk can use this trick to make Zheng Yuan lost.

There are only thousands of days to catch thieves, how can there be thousands of days to prevent thieves, once the fortress controlled by Zheng Yuan was successfully attacked by slang when we were fighting the enemy, did you think what would happen? "

The Iron Blood Brothers League has a Wolf Tribe on the left, Red Moon City, Shadow City, and Green Jade City on the right, with Beifeng City and Benliu City on it.

If you make a mistake, you may lose the entire game!

How did Xia Yuwei lose in the last life? I didn't just believe in Zheng Yuan. Zheng Yuan was deceived by the meme found by the silk language. As a result, Xia Yuwei lost a total of 7 fortresses and lost 6 of them. After the last one, however, Xia Yuwei also lost her heart and lost her ability to compete for the world.

Lu Yang knew that Zheng Yuan was about to join the guild, and guessed that he would still be deceived by Meimei like the last generation, and sure enough, he was guessed.

Zhang Zibo said angrily: "This woman and Li Xiuyu are too jerk. First, Li Xiuyu cheated Lan Yu, and now she finds a girl like Yu Wei to cheat Zheng Yuan."

Xia Yuwei said angrily: "Boss, I want to personally lead the team to eliminate Yusi and Li Xiuyu."

Lu Yang said: "The war will not start immediately. Meimei has to enter the Tumen fortress at least three times to make everyone familiar with her. She no longer has doubts before she will start.

Today's incident is out of my mouth, and you are not allowed to mention it. You must also pretend that you know nothing about it. You must also send someone to inspect Zheng Yuan every day. There must be no flaws. "

Xia Yuwei said, "Boss rest assured, I know what to do."

Lu Yang nodded and went on fighting.

...

Tumen fortress, teleport array.

A flash of light flashed, a beautiful girl appeared from the inside wearing an office ol suit. His figure was very tall, his legs were long, and his appearance was 90% similar to that of Xia Yuwei. Players chatting around the teleportation team saw this girl exposed With a stunned expression.

“so pretty.”

“Are we new to the guild?”

“Beauty, goddess.”

...

A player boldly walked to Meimei and asked, “What is your name, beauties?”

“Meime.”

“Who are you looking for?” The player asked.

Mei Mei said, “Zheng Yuan, where did he go, he knew I wouldn’t pick me up.”

Zheng Yuan ran away from a distance and saw his girlfriend surrounded by a group of guild boys, and shouted, “Let’s get out of here. This is my girlfriend, the famous flower owner.”

The crowd gave way to Zheng Yuan. Zheng Yuan ran into the circle, holding Mei Mei’s *, and said proudly, “See, there is a master, all are scattered, all are scattered.”

“Cut ~~!”

A group of players despised and walked away. Their relationship with Zheng Yuan during this time was very good.

Zheng Yuan was extremely satisfied, and said to Meimei, “Let’s go to the fortress hall. This is the fortress where I defend. How is it?”

Mei Mei looked at the fortress with a capacity of 2 million people and said, "It's really big. It's so beautiful."

"I'll show you everywhere." Zheng Yuan pulled Mei Mei around to watch the fort.

"Okay." Meimei said happily, her face full of happy expressions for her boyfriend to achieve success.

On the other side.

Inside a special space.

Senior leaders of the guilds such as Liu Jie, Shoucao, Wang Teng, Li Xiuyu, Qiansiyu, such as Yue Taishan and Apache were gathered together to watch each part of the fortress carefully through the live broadcast angle sent by Mei Mei.

"I was still worried that this Meimei could not complete the task. I never thought that Zheng Yuan was really a fool. He didn't use Meimei to ask, and took Meimei to walk around the fortress actively." Wang Teng said with a smile.

"The three million invited, how can it be so useless," she said proudly.

Liu Jie said with satisfaction: "I will reimburse you for this money, and do a good job."

"Thank you, Jie," she said happily. Li Xiuyu had already reimbursed him for the money, and Liu Jie gave him back his pocket money.

Li Xiuyu said with a smile: "Let's go on and see how Meimei plays this poor worm."

Everyone laughed.

They never thought of what kind of consequences this would bring to Zheng Yuan. They only knew that they would get benefits by doing so.

Tumen fortress.

Zheng Yuan took Mei Mei to walk around every corner of the fortress. He deliberately let everyone see Mei Mei, seeing that he has such a beautiful girlfriend, second only to Xia Yuwei, more beautiful than Lan Yu.

He wants everyone to envy him!

The fortress hall.

Zheng Yuan was sitting on a chair, Mei Mei snuggled in his arms, Mei Mei didn't mind Zheng Yuan holding her, even in the game, she could feel, but Mei Mei knew that this was a game, and he wasn't taken advantage. This level can be changed to 3 million, he willingly.

"I'm exhausted ~ www.mtlnovel.com ~ Walked a big circle, this place is too big." Mei Mei stretched a lazy waist in Zheng Yuan's arms.

Zheng Yuan sniffed the scent of Meimei, which was exactly the same light scent as Xia Yuwei's body. Although not as elegant as Xia Yuwei's, it was refreshing.

"Meimei, when I'm done here, how about I take you on a tour, let's travel around the world." Zheng Yuan said proudly.

"Okay." Mei Meixin was overjoyed, and looked very much in love with Zheng Yuan, and continued to lie in Zheng Yuan's arms like a cat.

Zheng Yuan spent the first day.

Zheng Yuan spent the next day.

On the third day, Zheng Yuan had fallen into Wenrou Township, and he had become coping with the inspections, only to mingle with Mei Meiyu.

The fortress belongs to his subordinates, and he is no longer allowed to enter the inner city, where Zheng Yuan and Mei Mei are happy.

“It’s almost ready for the second step,” said the dead grass, holding a wine glass, watching the synchronous video sent by Meimei.

Chapter 797 - Steal a beam

Mei Mei was instructed, holding Zheng Yuan’s neck, and said, “My husband, we are happy here every day, it seems to make our brothers outside happy.”

Zheng Yuan discovered it long ago, but he had forgotten what Xia Yuwei had promised for this woman, and now he just wanted to not lose face in front of his own woman.

He said indifferently: “They are a group of workers working for the Jagged Brothers Alliance. Don’t bother them, we both play ours.”

Mei Mei sat upright, looking at Zheng Yuan with a thoughtful look in her eyes, and said, “How can it be, they are all under your control, and they all rely on them for fighting, or to take care of their emotions.”

Zheng Yuan thought Mei Mei was leaving, and anxiously said, “Mei Mei, don’t leave.”

Mei Mei smiled softly and said, “Why am I leaving? There is such a spoiled husband, I want to stick to you every day.”

“That’s good.” Zheng Yuansong breathed.

“But you can’t help comforting those people,” Meimei said.

“What to do then?” Zheng Yuan asked.

Meimei had a playful look in her eyes and said, “So they don’t just see you with someone, and they’re unhappy with no one. I’ll just ask my sisters to dance for them.”

“Do you still have sisters?” Zheng Yuan asked puzzledly.

“Of course, there are many talented sisters in the Internet celebrity company where they are. First of all, you can’t look at them.” The sister said jealously.

Zheng Yuan laughed and said, “I only love you in this life, and never look at them.”

Meimei said: “It’s almost the same. You can pay for it. I’ll find 20 sisters to come and perform a dance for everyone. You just look at the hard work that cost thousands of dollars.”

This money was nothing to Zheng Yuan at all. His original doubts were counted by people such as dead grass and slang, and passed on to Mei Yuan through Mei Mei’s mouth, so that Zheng Yuan was completely eliminated. Doubts.

“Well, I’ll give ten thousand, let them come.” Zheng Yuan said.

“Then I let them apply to join the guild.” Mei Mei said happily.

Zheng Yuan said: “This is not okay, the guild rules that no one other than the vice president can recruit players. I didn’t know before. Xia Yuwei blocked it for me. I can’t commit it again.”

There is a detailed system record of those who added to the guild channel, and repudiation cannot be denied.

The dead grass and the silk language originally thought that when adding more people, they directly added a large number of female spies to the Iron Brotherhood. When fighting in this way, these people

were rebelled on the battlefield, sometimes a defeated slogan. It can make one side defeat, which is very useful.

“I can’t think of Lu Yang being so strict with this.” The dead grass frowned and said: “Send a message to Meimei so that he doesn’t tangle this matter.”

The whispered nod.

Mei Meizheng and Zheng Yuan coquettishly, seeing the news, said with a smile: “Never mind, just let my sisters take a trip, all are a bunch of 0 trumpet, and I don’t know what you are afraid of.”

Zheng Yuan was blushing, and the manly man didn’t dare to add a group of 0 trumpet. He felt that he was not a man, which made him slandered at Lu Yang’s regulations.

He didn’t report this to Xia Yuwei. On the same day, he sent his 50 confidants to Meme to return to Hannibal City, and took 20 net beauty to the Tumen Fortress.

The Tumen fortress has only 2,000 defenders on weekdays. Although it is rotated every day, each shift must be from 6 to 12 pm, which is tedious.

It was already 8 o’clock when Meimei came back with these sisters, and it was just the evening in the game. Most of the players were online at this time. After logging in the game, they were guarded on the city wall for 2 hours. It’s boring not to move.

In the distance, 20 beautiful, playful, elegant and slender beauties returned to the fortress with Meimei and a group of soldiers, and the iron-blooded brother players standing on the city’s head were dumbfounded.

“Open the door, quickly open the door.” The captain of the guard came to the city below and shouted at the players in the city.

The players in the city deliberately raised their chests, posing handsomely and asking the captain of the guard: “Sunny day, how do you go out and bring back 20 girls, they are all so beautiful.”

“Brother is good.” More than 20 girls beckoned and beckoned to the players on the city’s head, and the 200 soldiers on the city’s head were stunned on the spot.

“Well, okay, okay.” The player asked, “Who are you?”

The captain of the guard said unpleasantly: “Hurry to open the door. This is our boss who invited us to perform songs and dances for you. All of them are young and beautiful girls. These 20 people spent tens of thousands.”

“Oops, the boss is so interesting, this is the door.” Players kept opening the city gate and put 20 girls into the gate fortress.

Qing Qing Ge Yan is currently one of the hottest Internet celebrities in Hannibal City. The beauties inside are all beautiful women who can sing and dance. Although the opening time is short, it has attracted many rich players.

“Brother, are there any monsters in the fortress, we are all 0-level trumpet, you have to protect us.” The lead pink girl looked at the player cutely.

The player’s chest, which had already been raised, was already very strong, and he patted his chest and said, “Rest assured that no one can hurt you when you enter the fortress.”

The momentum seemed to be stronger than the guild boss, and it seemed ridiculous, but at this time no one joked at him, and the rest of the players were anxious to be favored by the beauties.

For a time, the Tumen Fortress became an ocean of joy. Zheng Yuan stepped out of the inner city and stood on the observation platform of the training ground. He said aloud, “I announce that tonight will be held at the training ground. Let’s After so long, the enemy didn’t even have a shadow. He would roll the dice for a while, and continue to inspect the city with the fewest points. The rest came here to watch the performance. “

“Boss is interesting.”

...

More than 2,000 players shouted. They only had 2,000 people. They sat around the stage in the middle of the parade ground, and everyone could watch the beautiful women's performances up close.

Mei Mei said happily using the loudspeaker: "There will be interactive programs for a while. If you are lucky, you can get our sister's chat account. You need to know that if you want to add our sister in the live broadcast, you have to call A reward of 5,000 yuan is free today. "

Cheers were higher.

De Bu tasted the corpse and became upset. The two looked at each other. De Bu tasted the corpse secretly and said, "Fortunately, the boss reminded us, otherwise, I have to fall in. This beauty is too overbearing. "

He became upset and said, "Who can think of a beauty like Meimei as a beauty spy? This game is too scary. Fortunately, we followed the boss, otherwise I would rather be a casual player."

De Bu tasted the corpse and nodded and said, "Now I'm still scared. My heart is pounding. I hope this Zheng Yuan can withstand the blow. In my case, I can't bear it. Wang Teng and Li Xiuyu are really unbearable. Bastard. "

He became upset and said, "You can send a message to the boss. It is estimated that the enemy is coming soon. I will go out of the city to take a look."

De nodded without a corpse, he said to Lu Yang, "Boss, these girls are here."

Inside the St. Gall's Guild meeting room.

All senior officials including Lu Yang, Xia Yuwei, White Lion, and Tu Feng are gathering for a meeting.

“Just got news, 20 beauty spies have entered the Tumen fortress.” Lu Yang said.

Tu Feng said, “It’s weird. The spies we arranged with Wang Teng and Li Xiuyu didn’t return the news that they had assembled their troops.”

Lu Yang said, “It’s been assembled long ago, but you don’t know.”

“Where?” Tu Feng said in horror. If this happens, he is seriously misconducted.

Lu Yang pointed at two 60-level maps outside the rushing city and the northern city and said, “Remember these two places?”

Tu Feng said: “These two places are where Li Xiuyu and Wang Teng arranged for the trumpet upgrade, and they can also monitor us.”

Lu Yang said: “I bet that the upgrade in these two places is no longer a trumpet, but a senior player wearing a level 60 blood demon temple suit.”

“This, how is this possible?” Tu Feng said.

Lu Yang said: “I guess your spies have been screened out several times by the masters under Liu Jie’s use of maneuvering troops. Maybe they haven’t found a specific person, but they can probably determine which tens of thousands of people. You ask, are all those people you bought through playing in the copy? “

Lu Yang can do this, too. He wants to make it very simple. He can’t help those retired officers hired by Liu Jie.

After questioning each other, Tu Feng raised his head and said, “It’s true. They have been playing strange things in the copy for several days. They are all discussing the copy. They don’t know what’s going on outside.”

Lu Yang sneered and said, "Sure enough, the enemy attacked us tonight ~ www.mtlnovel.com ~ It is estimated that their troops have now adopted a silent method and are heading towards the Tumen Fortress."

The so-called silent mode is to close all chat methods for all members, including team and group chat methods. Only players above the group leader can send messages in a special channel.

In fact, this is indeed the case. In order to identify the gaps in the guild, Wang Teng and Li Xiuyu used the method of dead grass. During several consecutive attacks, each attack gave orders to a group of 10,000 people.

Once the Jagged Brothers Alliance made preparations in advance, they could determine that there were gaps in the regiment. Tu Feng had cultivated more than 30 gaps in total, and this time all were locked.

In the recent days when Mei Mei was entangled with Zheng Yuan, Wang Teng and Li Xiuyu secretly transferred the guild trumpet to the bug copy, and then sent the top 60 players to the place 2 kilometers outside the Tumen fortress.

These level 60 players are all wearing junk equipment, so people can't see a little flaw.

If they say that they can succeed in attacking others with this method, it is only useless to Lu Yang. Every strategy used by Liu Jie and dead grass in the last life is well known to him, because every time they succeed, Can cause a great sensation.

Chapter 798 - Tumen trap

Lu Yang said: "Inform all members of the elite group, stop copying, and immediately report to the Red Fort."

“Yes.” Tu Feng immediately sent a message.

Like Wang Teng and Li Xiuyu, Lu Yang took a large number of transfers and skill books with his subordinates during this time, with the goal of liberating more than 10,000 elite players who are most loyal to the Iron Brotherhood.

The white lion asked in confusion: “Boss, how can we go to the Tumen fortress, why don’t I understand how to play?”

Lu Yang said with a smile: “On the day when Tumen Fort was built, I arranged for Tu Feng to find a player of the Holy Knight Knight with 8 goblin robots to build another fortress on the top of the mountain on both sides of the fortress.”

“I haven’t seen our fortress on the map?” The White Lion asked.

Lu Yang said with a smile: “Of course you can’t see it. I haven’t covered it. Now I can finish it with the last stone.”

“Boss, this is a terrible trick.” White Lion said.

The crowd then came to understand, no wonder Lu Yang was so confident.

“It’s good to be able to keep the fortress,” said bitter love for a long time, “how can we fight?”

Lu Yang said: “There is no way to play, all of you will respond to the attack. Once there is an enemy attack, you will immediately call the Brotherhood of the Iron Brothers in the copy to fight back, the more real the better.”

The more real you can deceive Wang Teng and Li Xiuyu’s main force into the pocket array of Tumen Fortress.

“OK.” White Lion and others said together.

Lu Yang's eyes suddenly became sharp, saying, "Remember, starting tonight, it will be our decisive battle against Li Xiuyu and Wang Teng. I will destroy both of them in the running city and in the next week. Beifengcheng. "

"Boss rest assured," the White Lion exclaimed.

The flame in each person's chest was ignited by Lu Yang, and the 7 regiment leaders left the hall and went back to prepare.

Tumen fortress.

Twenty stunning women danced in shifts for an hour, and more than 2,000 players in the city were all fascinated, staring closely at the girls' long legs and beauty.

Meimei saw that the timing was almost the same. After counting the heads, it was determined that except for the two who were on duty in the city tower, they sent two words to the silk language.

"Quick attack."

Tumen fortress outside.

More than 1.6 million players are led by Qu Han and Li Siyu among others in the endless plains of goat plains.

After getting this news, the silk language gave Qu Han a look, and Qu Han beckoned, and the 10 thieves disappeared and ran towards the city wall made of purple magic jade.

Above the city wall, there were only two players standing there alone, and the two of them slanted out of the city wall with flares. According to regulations, they shot every 2 minutes. Both of them focused on the beauties on the training ground. After talking for 2 minutes, firing a flare every 5 minutes counts as two people remember what they did.

The defenders of the Jagged Brothers League are equipped with goggles produced by the blacksmith shop. These goggles have the effect of a telescope, and the two hold the telescope to see the beauty.

The five beautiful women dancing on the stage seemed to be intentional. The eyes always looked at the two people who guarded the city, making them more focused.

“Hey, he looks at me, looks at me.”

“Look at me, look at me.”

The dancing beauty suddenly showed a sweet smile to the two and made a kiss kiss.

Just when the two were extremely excited, what they didn't know was that a wave of space appeared in his two hands, and ten thieves were divided into two groups. Five people in each group inserted the double stabs in their hands at the same time. neck.

They died on the ground without a reaction!

Until this moment, the two did not respond. The beauties on the stage did not make air kisses to the two of them at all, but faced 10 space thieves appearing behind them.

Only this kind of special professional player will be worthy of their favor. How can they look after two miscellaneous soldiers?

The space thief headed took a look at Yanwu Stadium. No one noticed the situation here, sneered, and said, “Open the gate and let the brothers enter the city.”

Nine thieves came to the winch at the head of the city, pushed the winch, the rumble sounded, and the slang words waiting under the city saw the gate open, raised their staff and shouted, “Kill! Capture the Tumen fortress.”

Qu Han shouted: "Kill ~! Capture Tumen Fortress."

1.6 million people rushed into the gate in an orderly manner. Until this time, the players who watched dancing in the city did not react. They followed the sound and looked back, seeing the enemies who had rushed into the fortress.

"An enemy attack, there is an enemy attack, the fortress door was broken by the enemy." Shouted the player with the Brotherhood of Iron Blood.

Zheng Yuan was sitting in a chair watching the dance. He heard the sound of standing up. When he saw the enemy, two defenders sent a message at the same time.

"Boss, someone killed us, watch out for enemy attacks."

Zheng Yuan's frightened soul flew into the sky and shouted loudly: "Quickly block them, rush up to kill them, you can't let them enter the fortress's teleportation array."

2000 players immediately turned back and started to defend.

Zheng Yuan quickly dialed Xia Yuwei's intercom, but did not wait for him to dial out. Meimei appeared behind Zheng Yuan. The legendary double-stabbed sword, hate oath sword and Li Jian sword pierced Zheng Yuan's neck at the same time.

Zheng Yuan was equipped with a blood jewel. He was still so dead after being hurt in this way, but his blood was bottomed out. He quickly turned back and looked at the man who attacked him. When he discovered that it was Mei Mei, Zheng Yuan's eyes were full of incredible Look.

"Meimei, you, how are you?" Zheng Yuan said.

Mei Mei's face still had such a playful smile, tilted her head and said, "Sorry, don't remember to hate me, I'm just hired by the slang, you can find him if you have any hate."

As soon as the words fell, Meimei immediately jumped behind Zheng Yuan, and the double stab was another hit, killing Zheng Yuan.

Zheng Yuan's guard pointed at Meimei in panic and said, "You, you turned out to be a master at the stealth academy, you deceived us all."

Meimei showed a trace of bloodthirsty and said, "I just do this."

As soon as the words fell, Meimei disappeared in situ, and all 6 guards beside Zheng Yuan were killed by Meimei's back stabbing.

Mei Mei glanced around proudly, the 2000 soldier was blocking the unit of the slang, and there were no enemies around him, saying proudly: "It seems my mission is over and I can leave."

"Really?" A long-haired female player stepped out slowly, not far from the fortress gate. He was holding a holy sword and wearing an immortal suit.

"Who is it?" Meimei looked warily into the dark.

When the long-haired woman stepped out of the darkness, Meimei saw the other person's face, with a surprised expression, and said, "You, are you?"

"I'm Xia Yuwei." Xia Yuwei was already furious. This Meimei not only used Zheng Yuan's love for herself to deceive Zheng Yuan's feelings, but also shot Zheng Yuan. He couldn't believe that there were such ruthless people in this world. .

"Why are you here?" Meimei said incredulously.

Xia Yuwei said, "I came here specifically for you."

Memehaha smiled, showing a playful expression, and said, "Oh, the icy queen of ice will not think that I robbed you of the curtain, and the guests will be unwilling, hide and peek."

Xia Yuwei did not want to disclose that he was worried about Zheng Yuan and intentionally broke Lu Yang's scheme, and said coldly, "You remember, starting today, you will be hunted down by the Brotherhood of Iron and Blood."

Meimei laughed again and looked at Xia Yuwei and said, "I'm so scared. I have the ability to kill you first and let me talk."

The blue light flashed and Meimei disappeared invisibly.

A bottle of medicine appeared in Xia Yuwei's hand, and he threw it according to where Mei Mei had just disappeared.

“嘭”

The bright white powder flashed half the size of a football field, and Mei Mei was walking towards the back of Xia Yuwei's body.

“Women, you're looking for death.” Xia Yuwei was furious, holding the holy sword to open the flames and chopping fiercely.

Meimei immediately stepped back in horror and said, "What is this?"

Xia Yuwei came again with a sword and said, "Do you know the inside story of the Jagged Brotherhood, do you know how many special bosses and copies of our 6 million members have played, you dare to use such a mean scheme to harm people, I Let you know how stupid you are. "

This is to deal with the powder potions specially made by the stealth college thieves, it is one of the few items that can crack the stealth of the stealth college thieves.

Xia Yuwei was born from fencing. Although he used some big swords, he was still very strong. He usually had the guidance of Lu Yang and the light and dark thieves, Hansha and others to accompany him. His strength has already entered the realm of first-class masters.

Meimei is just a space thief. She was broken by space stealth. She just used a flashing assault to kill Zheng Yuan's men. All her special skills have entered the cooling time. Facing Xia Yuwei's fierce battle, even if he has a hatred sword and From the sword, still can only escape.

Inside the main hall.

Light and Dark Thieves and Hansha are watching the battle.

He looked up at Weiguang and said, "It turned out that our queen was so fierce when it broke out that it would be better not to mess with him in the future."

Han Sha said with a cold face, "Usually you like to make Yu Wei angry. It seems that he usually indulges you both too much."

The light and dark thieves were both embarrassed at the same time ~ www.mtnovel.com ~ They found that it was true.

"Hey, in order to be worthy of the queen's love, this time I die. Brothers, come on, don't let the queen die." Looked at Weiguang.

In the distance, 2,000 people have been killed, and Lu Siyu and Qu Han personally led the army towards the gate.

Han Sha felt that time was running out, and shouted, "Brothers, protect the fortress, kill."

10,000 rushed out of the inner city gate and ran towards Yanwu Stadium.

The lingering language and Qu Han looked at the enemy's troops with a proud smile.

“Kill me, take down the fortress,” shouted Yoshi.

“Kill ~!”

1.6 million people have 300,000 rushed into the fortress, and the people who rushed out couldn't stop them at all. Both the silk language and Qu Han felt that they would win this time.

Chapter 799 - 1.6 million people entered

“Strange, where are Xiuyu and Wang Teng?” Wu Siyu asked.

Qu Han glanced back at the city wall made of purple magic jade, and said, “Then they dredged the team on the city wall.”

He shook his head and said, “Two cowards, attack and break into the fort.”

300,000 people shouted and stormed the gate of the fortress.

The light flashed in the teleportation array.

The White Lion ran out of the teleportation array first, and shouted, “Protect the teleportation array, rush with me.”

“Kill ~!” Shouted White Wolf.

The bitter love came out of the teleportation array, and the commander shouted, "Kill, don't let the enemy approach here."

There is a chaos within the Jagged Brothers League. All the players who are playing the copy havelily rushed out of the copy to assemble in the city, and in a chaotic manner, hundreds of people used the fort to return to the city and roll to the Tumen fort.

Hundreds of thousands of rays of light were on for a while. Although there were a large number of people who could come, under the random transmission of the security zone, the long-range and melee positions were chaotic, and the treatment and the defense could not find each other.

Huang Xiang shared the guild chat box with Liu Jie, Summa, and others. Seeing the panic inside the Jagged Brothers League, Summa said: "This time, Lu Yang must have never thought we would be attacked by us."

For example, Yue Taishan proudly said, "Lu Yang has never been defeated, but the last time we defeated Lu Yang when we attacked Shenhuang. This time, Wang and Li Xiuyu defeated Lu Yang and defeated Lu Yang. This time, the Iron Brotherhood His undefeated true body is completely broken, and confidence in the entire Jagged Brotherhood will cause an incalculable blow. "

Yaowu Yangwei said: "Without the Tumen fortress, Lu Yang is a tiger without paws, and he has no ability to attack us."

Everyone laughed.

Liu Jie said: "Tell Wang Teng and Li Xiuyu that the Brotherhood of the Jagged Brothers has been chaotic. Let him attack with all his strength and don't hesitate."

The dead grass sent a message to Wang Teng.

At the gate of the Purple Devil Jade City, Wang Teng and Li Xiuyusheng were afraid that it was Lu Yang's plan again, and did not dare to let everyone in. Just when the two were curiously watching the slang and Quhan's attacking forces, the two At the same time got the news of dead grass.

“In this case, we will attack all members.” Li Xiuyu said.

Wang Teng looked at the troops behind him and said with a wave of his hand, “All attack and break into the fort.”

The remaining 1 million players flocked.

The silk language was about to send a message to Li Xiuyu to mobilize the follow-up troops to participate in the attack. When they saw the two people let in the others, their faces showed a proud look, facing the muddy wine that suddenly appeared with 5,000 anti-riding, he said : “Turbid wine, this time you are destined to fail.”

Zhuoju poured his face with anger and pointed at the silky words and cursed: “You should use this dirty scheme, you are not worth playing this game.”

Just after the silk language sent someone to slay Xia Yuwei, the holy sword burst out. She said proudly, “So what, I am the winner, you lose.”

“Kill ~!”

Wang Teng personally took the lead and rushed up with 1 million people. Li Xiuyu was in the middle of the team and was responsible for central scheduling.

“What can we do? We can’t keep it.” Flame Knife asked, looking at the white wolf beside him.

The protection circle of the teleportation array is gradually shrinking, and it is only a matter of time before it is captured. This sudden attack cannot be restored by the discipline of the Brotherhood.

The white wolf gritted his teeth and said, “Don’t worry about those and continue to fight. This is intentionally arranged by the boss. The longer we delay, the better for us.”

“Boss deliberately?” Flame Knife asked in surprise.

The white wolf said proudly: “The boss knew about the enemy’s sneak attack long ago, and deliberately set up such a pocket array. Look at it, the enemy will soon be unlucky.”

The Flame Knife said in surprise: “That’s what happened, I really thought I couldn’t beat it.”

“How is that possible,” said White Wolf, hacking an enemy.

“Isn’t it acting? Look at me.” Flame Knife lifted the holy sword with a sad face and shouted, “Brothers, protect the teleportation team, Jagged Brotherhood!”

“Kill ~!”

Hundreds of thousands of shouts sounded at the same time, as if they were born in the same way, the morale of the players in the outer protection circle of the entire teleportation array has soared, and there is no longer confusion and fear in everyone’s eyes, all with murderous murder.

The offensive team of the slang immediately felt the obstruction and looked at the situation in front of them and cursed: “I really don’t know how this kind of murder was cultivated. In one sentence, it can have such great power. Forbid the cursed mage team, let them quickly Click here, and the wave of attacks is over. “

Wang Teng said, “It’s all about Li Xiuyu. I’ll transfer it here.”

Worried that the sneak attack was unsuccessful before, Wang Teng and Li Xiuyu placed the members of the Forbidden Mages in the middle of the team, so that they could have a chance to counterattack even if they were attacked suddenly.

Now seeing that the enemy did not have any tactics, Wang Teng was daring, and immediately called Li Xiuyu and the Forbidden Spell Masters to the front.

“Put a curse, as long as you grab the teleportation array and then enter the inner city, we win.” Wang Teng said.

Li Xiuyu nodded in agreement, waved his hand, and 50 mages who knew the secondary forbidden spell appeared behind him.

Overcast clouds appeared around the teleportation array. Thirty seconds later, countless flames, frost, cold winds, fissures in time and space, and ground spikes appeared around the teleportation array.

More than 200,000 players in the Jagged Brothers League were attacked at the same time. In a single moment, more than 200,000 people were killed.

Wang Teng said in surprise: “How so easy.”

Li Xiuyu said: “These people are all blood demon temple suits, it’s strange to die.”

The silky words frowned a bit. These 50 forbidden spells are not overlapped. The enemy should not die so fast. Just when he was confused, a shout came from the inner city.

“Not good, Lu Yang’s main force must be assembled in the inner city, go and attack the inner city, and leave two fewer people to defend here.” Qu Han shouted.

The reverberation came over. Among this group of people, the first batch may be elite players, and the rest are ordinary players. The true elite players gather in the inner city.

“Forbidden spell troops, aim at the inner city and hit me.” Wang Teng shouted.

“Are they all playing?” Li Xiuyu asked.

“Half will do, the enemy will have the inner city, half will be enough to cover.” Wang Teng shouted.

Li Xiuyu nodded, and ordered 100 spell-casting mages behind him to release their skills at the same time.

The range of the inner city is not large. Just 100 of the forbidden spells are covered. Wang Teng and others outside the inner city wall did not see the situation inside, but listening to the voice knew that the players inside were looking at death.

“Mortar of the soil system, paving the road with the land dragon, everyone rushed into the inner city and occupied the fortress.” Wang Teng shouted.

The **** made by more than 100 ground dragon earthquakes is directly connected to the inner city wall from the ground, and more than 1 million players rush to the inner city wall along the slope.

There were parts of Blood Elf Island everywhere on the ground, and all the players who rushed in were crazy, desperately picking up equipment on the ground.

Seeing his players look like this, he shivered and shouted, “Don’t grab the equipment, stabilize the defense first.”

No one listened to him at all, and all were picking up equipment on the ground.

Wang Teng, Li Xiuyu, and Qu Han came to Li Siyu, and Qu Han took a piece of equipment and said, “No, I feel we’ve been cheated.”

“What’s going on?” Wang Teng asked.

Qu Han pointed to the equipment in his hand and said, “Look what is this?”

“Isn’t this a 30-level gold uniform? Where did you pick it up?” Kusi recognized it at a glance.

Qu Han said: “On the ground, these dead players picked up the equipment on the ground except for the mouth, which is the superior gold, and all the trash below. This is not right, there must be a problem.”

Wang Teng looked at the fortress that he had occupied and frowned. "What can be wrong with this? We have taken the fortress."

Qu Han didn't understand, if he knew Wang Teng had already been told.

"We won't get into Lu Yang's scheme again." Li Xiuyu said.

He guessed right, they did it again, there are not many senior players in the inner city, most of them are new players who have just joined the Jagged Brotherhood.

Under the leadership of the old players, these people quickly flew from the copy to the Tumen fortress to participate in the defense, but in fact, in addition to 10 old players in each copy, the remaining 90 people are new players, with only a small amount of Blood Elf Island parts, The rest of the equipment are all level 30 junk gold military uniforms.

The true 3 million elite troops are being mobilized by the vice presidents such as Xia Yuwei and White Lion at the Echo Fortress, Falling Rain Fortress, Hessen Fortress, and Lanshan Fortress.

Red fortress.

Lu Yang is sitting on the steps of the fortress hall in the inner city area. In front of him is a corpse with a druid with 500 stars, a druid with a giant 500 waves in the deep sea, who insulted me with the 2000 Iron Ghost Corps, Sun Yu took the 500 Puppet Dragon Legion, Hei Yan took 326 forbidden spell mage, and the remaining more than 10,000 transferred mage.

Everyone looked at Lu Yang in surprise. They didn't know why the Tumen Fortress was in such a critical moment. Lu Yang was still sitting here, and they were not allowed to participate in the battle.

"Boss, let's go. The fortress is lost."

"Boss ~ www.mtlnovel.com ~ I'm so anxious, you say something."

...

System prompt: Tumen fortress is occupied by Wang Teng

“This?” Hei Yan punched the ground with an angry punch, and he was terribly distressed.

Lu Yang looked at Hei Yan and his men and said, “Do you want to retake the fort?”

“Of course I think.”

“Boss, why didn’t you send us early? You shouldn’t lose it.” Some players cried.

Many people were crying. They watched the Brotherhood of Jagged Brothers grow up. The Brotherhood of Jagged Brothers had never had such a terrible defeat. The entire fortress was robbed. The strong sense of honor made them unable to endure this insult.

Lu Yang came to this crying player and patted him on the shoulder. “If I tell you, I lost it on purpose, do you believe it?”

The crying player raised his head, looked at Lu Yang in shock, and said, “Boss, you did it on purpose.”

Chapter 800 - massacre

All crying players are looking at Lu Yang. So far, the Iron Blood Brothers League has been weaker and stronger each time. The most famous is Lu Yang’s war strategy. Without Lu Yang’s repeated attempts

to calculate each other, the Iron Blood Brothers League has long been defeated. Now, they all believe in Lu Yang's strategy.

"Boss, are you intentional?" Hei Yan asked excitedly.

Lu Yang slammed a finger, a player far from the top of the cliff on the left side of the Tumen fortress, immediately ordered his goblin robot to load the last stone on the shrine.

System prompt: Brotherhood of Iron and Blood has successfully built Fortress 257.

Lu Yang said, "Look where the fort is located."

Everyone quickly opened the map, and a huge red exclamation mark appeared on the cliff on the left side of the fortress. At this moment, all players present were scalp.

Heiyan asked incredulously: "Boss, our new fortress is on the Tumen fortress?"

Lu Yang said, "Yes, it's right there."

This sentence is also in the mouths of Xia Yuwei, White Lion, Muddy Wine Pour, Sun Yu, Jiang Ze, bitter love half-life and Zhou Tianming.

The original 6 million Iron Blood Brothers League players who were in a state of depression all looked up in shock, and even more shocked was Huang Xiang who was beside Liu Jie.

He said in horror: "Jie Shao, quickly order Wang Teng and Li Xiuyu to run away, and we have a plan."

Liu Jie, Shuang Cao and others looked at Huang Xiang, who seemed crazy, a little confused.

For example, Yue Taishan stopped Huang Xiang and said with a smile: "Brother, wouldn't you want to speak for Lu Yang, I can tell you, you can't turn your elbows out of the salary you get now."

Apache said: "Yeah, the fortresses have been beaten down, and you want to help Lu Yang too late."

From the bottom of the hearts of the two soldiers, Huang Xiang looked down on such a villain.

Huang Xiang pushed away Ru Yueshan's arm excitedly and said, "What Lu Yang can I help? This is Lu Yang's strategy. Lu Yang has just completed the construction of Fortress 257, just above the Tumen Fortress. The fortress is actually a trap for Lu Yang, a trap. "

The dead grass and Liu Jie instantly widened their eyes, and the scalp shouted in unison, "Show me what's going on."

Such as Yue Taishan and Apache no longer intercept Huang Xiang, let Huang Xiang come to the two.

Huang Xiang cast a three-dimensional map on the table, pointed to the fortress in the upper left corner of the fortress in Tumen, and said, "Here, Lu Yanggang has taken it, let them withdraw. It's too late now."

Liu Jie immediately saw the fortress No. 257 and immediately called Wang Teng. Unfortunately, Wang Teng did not connect.

Over Tumen fortress.

500 pseudo-black dragons roared in the sky, hovering above the inner city of the fortress in the moonlight hanging high above the sky.

Countless stars in the sky emit dazzling golden light. It is night outside, but inside Tumen Fortress is like day.

莘莘 Si Yu and Wang Teng and others stared at the vision in the sky and all the 500 black dragons.

“What’s going on, how can there be so many dragons,” Wu Si asked.

The spirit said forever: “Beware of sneak attacks by the Brotherhood of Iron and Blood.”

Wang Teng smiled and said, “Are you frightened by Lu Yang, can he summon 500 black dragons? This is a level 100 lord monster.”

The pseudo black dragon is not much different from the real black dragon when it flies in the sky.

“It’s not going to be any big bosses here.”

“It is estimated that the vision in the sky is too obvious, and everyone is ready to deal with it carefully.”
Li Xiuyu said.

1.6 million players are paying attention to the surroundings.

Suddenly, the 500 black dragons in the sky circled a few laps and turned into 10 horizontal rows, each with 50 black dragons, swooping towards the fort.

“Not good, the black dragon collar is mainly down, run away.”

...

Countless players shouted to evade, scattered and ran away. Is the black dragon lord of level 100 an ordinary player can play, the difference between the levels is 40, and all the breath of dragons is dead.

芊芊 Siyu and Li Xiuyu and other people quickly evaded the entrance of the fortress hall. When they looked at the sky again, the first batch of 50 black dragons had swooped down to 50 yards from the ground.

The shrill screams sounded, and stunners and Li Xiuyu and others saw in horror that 50 black dragons opened their mouths at a crowded place, and the black dragon surged out in breath.

The dragon's breath was 3 meters wide and 150 meters long. 50 black dragons were sprayed at the same time. At least 20,000 people were sprayed by the dragon's breath. When the dragon's breath passed, only anti-riding and shield battles were left alive.

“It really hit us, run away.”

...

1.6 million people are messed up, all crowded inside this pocket fortress, there is not much place to run. The black dragons all spray dragon's breath at an altitude of more than 50 meters, and they don't lower down at all. Only a few shooters can hit, but this At that time, the short-sighted shooter will actively attract the hatred of the Black Dragon Lord.

The 500 black dragons are like death, and they constantly spit dragon breath to attack the players below. After each upgrade, they can spray 7 dragon breaths and damage 12,000.

When the pseudo-black dragon attacked here, on the side of the mountain, under the bright starlight, there were constantly black objects jumping down the cliff.

They lowered their steel knife into the cliff every 30 meters, and soon, these strange creatures landed.

The silk language noticed the situation on the rock wall. She looked at these black objects with a confused look, not knowing what it was.

“Be careful of the rock wall on the left. Something has come down,” shouted Sisi.

Everyone looked to the left. 1.6 million people were mainly concentrated in the outer and inner urban areas. It was still far from the cliff on the left, and it was not clear what it was.

As they watched carefully, the first batch of black objects jumped down, just landed, and shrill screams came, and they ran madly towards the crowd gathering area.

The player has fear in the face of unknown darkness, and constantly retreats to the lighting of the torch in the outer city.

At a time when players feel a little bit more secure inside.

“Hello ~!”

With a sudden roar, creatures 30 meters away jumped into the crowd facing the fire.

“Roar ~!” The iron ghost with four machetes holding two heads and two bodies roared, and spun wildly around the players around him.

In just one moment, all 8 surroundings fell to the ground, with an attack speed of 4 knives per second and an attack power of more than 10,000. No one can resist except the defense.

“Hell, where are the monsters that come out, hit them, hit them.” Black blood shouted in the crowd.

Warriors and mages wearing blood demon temple suits rushed forward to attack.

“Physical immunity?”

“Magic MISS.”

“Unable to hit, what the **** is this?”

“No blood.”

...

There was chaos.

With the current player's attack power, the Iron Ghost does not drop blood at all, and the only one who can move the Iron Ghost is the priest and Paladin's Holy Light spell.

Most of the Paladin's skills are blood added, and attack spells are particularly rare. From the 30th level, no one has used the Paladin as a mage. It is only used for blood addition and defense or attackers.

In this kind of team war, the priest is even considered as the best candidate to add blood to the group. There is no real punishment for the priest army.

“And the iron ghost.”

“There are also here.”

“I have it too.”

...

2000 iron ghosts came down the cliff, 500 of them hit the inner city, 1,000 hit the outer city, and 500 jumped to the purple demon jade wall, completely sealing the return of 1.6 million people.

At this time, Wang Teng found that his interphone had been ringing several times. Seeing that it was from Liu Jie, he quickly pressed the interphone, and said apologetically, “Sorry Jie Shao, here it is. Click on the situation. “

Liu Jie shouted angrily and shouted excitedly: “Quickly take people away, you are in a good position. There is a newly built fortress in Lu Yang at the upper left of Tumen Fort. He is mobilizing the army. You may be attacked from above. run.”

Wang Teng hit a cold war iron ghost looking at the distance, and shouted quickly: "Everyone goes back to the city, and the whole army uses the city to roll back to the city. The fortress is gone."

When Li Xiuyu saw Wang Teng, he asked, "What are you crazy about?"

Wang Teng excitedly shouted above the cliff on the left: "There are people in Lu Yang. This is a trap set by Lu Yang. We have fallen into the trap and run away."

Li Xiuyu, Zhisiyu and others instantly understood the reason, and sent a frantic message to the commander of the army, ordering all members to retreat.

For a time, the light of Tumen Fortress's back to the city was shining.

Lu Yang stood on the cliff, looked at the enemies counting down below, and said, "It's boring. I've reacted so quickly. I want to play a bit more."

German heads such as Dead Body, Hei Yan and Deep Sea spread their hands.

"Boss, can't fight." Hei Yan asked.

Lu Yang said: "Hit, destroy these 1.6 million people."

"Yes."

Hei Yan, De Bu taste the corpse, and the deep sea simultaneously raised their right hands.

"Rage of the Stars"

"Tsunami"

“Hei Yan prison”

“Icy Roar”

“Black hole”

“Crazy Thunder Prison”

“Space-Time Cutting”

...

More than 300 secondary forbidden spells, 6 forbidden spells, 500 rage of the stars, 500 tsunami and more than 10,000 fire-based group magic spilled inside the gate fortress below ~ www.mtlnovel.com ~ millions of stars The Tumen fortress is illuminated like daylight. Vice-chairmen such as Xia Yuwei, White Lion, Zhuojiu, and Zhou Tianming took 5.6 million players out of the four gates of Fortress 257 and looked at the starry sky. Swallowed.

“That’s horrible.”

“Slaughter, 1.6 million people are afraid that the dead one is left.”

“The Brotherhood of Jagged Brothers really deserves its reputation, and it’s a good thing to join. This battle is too cool.”

“The enemy is miserable.”

...

These 5.6 million people flew to the fortress No. 257. When they saw Lu Yang and more than 10,000 people standing on the top of the Tumen fortress, they knew what was going on. All of the originally low morale rose to the peak.

Who would have thought that the originally attacked fortress was actually a trap designed by Lu Yang, which successfully deceived Wang Teng and Li Xiuyu, killing all of their most elite 1.6 million players wearing blood demon temple suits.
