

Will Collide 14

Chapter 14 Pretend to Be Pluiful

“Why is she with you?”

Terrence did not hide the hostility in his tone at all. If not for the fact that they were talking over the phone, Kieran would definitely not stand while talking to him.

Even if Alexa did not love him, Terrence would never allow other men to get their hands on her!

Kieran calmly told Terrence an address, then he casually hung up the phone.

So noisy.

His eyes fell slightly, not taking Terrence to heart at all.

Troublesome.

Kieran walked gently to the door of the ward. After a second thought, he ultimately did not push the door open and . enter

“Dr. Powell.”

“Good morning, Dr. White!” Kieran greeted him politely.

“I have heard about what happened last night.” Dave White looked at Kieran with admiration. “You are indeed a top-level figure in this field. If it weren’t for you last night, her condition would have been really bad.”

“I only did my best.” Kieran said seriously, “Ms. Duran is not in a good condition. It seems that we have to gather the experts as soon as possible and come up with a new treatment plan.”

“That’s right.” Dave said, nodding, “That’s exactly what I am thinking. With you here, there will definitely be no problem.”

Kieran looked calm, but his heart was surging.

His research had been going on for more than ten years, and no matter what, he must rely on his own to cure Alexa!

Alexa, who was in the ward, had woken up, and with a slight movement, she immediately gasped in pain.

I’m simply a fool!

I shouldn’t have done such a childish thing, wondered she.

Sensing the abnormality in her chest, Alexa carefully undid the buttons of her collar and saw the inch-long scar that had been sewn in her heart,

Last night, she was too drunk She only remembered that she fainted from the pain and did not know what happened after that.

*How did I get this wound?*she thought.

Alexa could not help but feel a lingering fear, and at this time, someone knocked on the door.

“Come in.”

The door was opened, and a large bunch of fresh sunflowers came into her view first.

Kieran was wearing a white coat and looked more elite and mature than he used to be.

“Mr. Powell?” Alexa suddenly remembered. Thank you for sending me to the hospital last night. I have troubled you

again. I am really sorry.”

“Last night, your condition was terrible, so I did the surgery for you unasked.” Kieran explained seriously.” contacted your family member just now.”

“Family member?” Alexa immediately became nervous.

“Don’t worry.” Kieran smiled and said, “I helped you to keep it a secret. I even specially performed a minimally invasive operation. The wound will heal soon.”

“Thank you, Dr. Powell. I don’t know how to thank you.”

“Cooperate with the treatment. If we can cure the illness together, it will be the best gift for me.”

“Thank you.”

“After all, you just underwent an operation. You should eat something light.”

As Kieran spoke, he neatly placed the breakfast he had brought on the table,

“I’ve prepared some oatmeal for you and some snacks.”

Seeing that she was in good condition, Kieran put the food away and politely left.

Alexa looked at the food he sent, and a warm feeling filled her heart.

There were still many people in this world who cared about her, and she absolutely could not give up the possibility of living easily

Before breakfast, Alexa was full of energy as she arranged the flowers he sent into a vase.

There was a slight sound at the door. Alexa smiled, “Dr. Powell, is there anything else?”

With a click, the door was locked.

The person behind her did not make a sound, but Alexa had already sensed that extremely powerful oppressive feeling.

Could it be..

Her face immediately turned pale, her eyes filled with shock as she turned around and immediately saw Terrence standing behind her like an iceberg, his face gloomy.

Today, he seemed to be unprecedentedly angry.

“Why are you here?” Alexa held her collar and spoke with a guilty conscience, afraid that he would know her secret.

“Where were you last night?” Terrence questioned indifferently.

“Why do you ask me this question?”

“Where were you last night? who were you with?”

Terrence’s tone became colder and colder, even carrying a deep hostility.

Alexa had never heard him speak in this tone, and her eyes unconsciously reddened.

“Do you think you can control where I go?”

Alexa’s tone was suddenly filled with wrath as she clashed with Terrence in displeasure.

As she was too agitated, the sunflowers in her hand snapped in half with a “crack”.

Terrence became angry when he saw the flower.

“Who gave it to you?” he asked with a sneer.

“It’s none of your business,” Alexa retorted angrily.

“Good, Alexa.” Terrence was so angry that he laughed instead, “You’re cool. You spent my money hooking up with other men, right?”

Terrence’s mocking words immediately ignited the feelings in Alexa’s heart.

“Isn’t Mr. Ramsey very generous?” Alexa imitated his manner. “You can’t afford to play like this, can you?”

“Alexa, say that again!”

“You said that I seduced other men. Do you have any evidence?” She became more and more unable to control her emotions. “It’s totally slander!”

Terrence’s deep eyes became sharp and cold, and he pressed her against the wall.

His movements were extremely rude, his terrifying vibe wrapped around Alexa who was so scared that her body trembled slightly.

“You want evidence, right?”

Terrence laughed mockingly. In the blink of an eye, he reached out and loosened her collar.

“What are you doing?”

Alexa cried out in fear, her tone filled with a guilty broken voice.

She reached out and grabbed her collar while pushing Terrence.

“Why are you afraid?” The anger in Terrence’s eyes grew stronger and stronger. “Alexa, are you feeling guilty?”

“No!”

“Do you want to loosen your collar yourself, or do you want me to do it?”

“Let me go!”

Terrence was furious and pushed the vase off the table with a cold face.

The glass bottle shattered, and the sunflowers scattered all over the ground.

“Terrence, how could you do that?”

“How could I do that?” Terrence advanced upon her. “You come to the hospital often. What are you here for?”

Alexa seemed to have suddenly been grabbed by the neck, and her breathing became rapid. When the airflow entered her chest, it was as sharp as a knife, forcing her heart to ache.

Alexa leaned against the wall and fell to the ground, retching.

Terrence looked down at her from high above, unmoved.

Alexa was heartless. Maybe she was pretending to be pitiful again.

“Go back with me immediately.” He ordered mercilessly, “If you do it again, you’re doomed.”

“I didn’t...”

Get Bo

“From today onwards, without my permission, you are not allowed to step out of the villa.

Pretend to Be Pitiful

“Whether or not you can see Keyon depends on whether you listen to me or not. Do you understand?”

Terrence’s casual words were like a sharp sword that stabbed into her heart.

“What did you say?”

Alexa cried out in a daze. Her heart seemed to be bleeding.

“Do you know where my brother is?”

Terrence’s smile was cruel, and his tone was indifferent. “Yes, I do.”
