

Will Collide 16

Chapter 16 Watch Your Manners, Mrs. Ramsey

Alexa was tired and did not understand what Terrence was doing

The operation consumed too much of her energy, and Alexa was not in the mood to let him arrange

But even though she was very tired, she did not reject him.

Terrence rarely took the initiative to go shopping with her.

“What do you want to buy?” Terrence asked.

“I don’t know.”

In fact, Alexa had never been interested in dressing!

Before the Duran family collapsed, her daily life was taken care of by someone, and she didn’t need to worry at all.

Hearing her answer, Terrence frowned slightly and looked disgusted with her. “Why don’t you even know how to shop?”

“Ah?” Alexa said softly, “I never went shopping before.”

They could not communicate at all.

Terrence sighed and naturally held her hand, pulling her whole body over.

“Let’s go, I’ll teach you.”

Terrence said this confidently. Alexa was slightly surprised.

A supreme being like him who stood at the peak did not seem to have any emotion or desire at all. Let alone shopping

However, very quickly, Alexa felt that his words were not convincing.

Terrence didn’t know what she needed, so he simply took Alexa to every shop for shopping.

Halfway through, Terrence made a call to Edwin. When Edwin rushed over with a group of bodyguards, he only asked Uliem to carry the shopping bags. However, why did everyone have to take dozens of bags?

A dozen bodyguards walked side by side behind them and immediately attracted the attention of all the passers-by.

Alexa felt the envy or contempt of others and wished she could escape immediately.

Her current image was no different from those girls who tried their best to get a sugar daddy.

Anyone who saw this scene would definitely feel that she was eye candy.

Terrence acted as if nothing had happened and did not feel that it had troubled her at all.

“The clothes are enough. Let’s go back.”

“Enough?”

After Terrence finished speaking, they stopped in front of a lingerie shop.

Alexa suddenly had a bad feeling.

“I don’t think so,” Terrence said.

As expected....

Terrence immediately brought her in.

Alexa was simply embarrassed. Although she was not a conservative woman, the one who accompanied her to buy underwear was Terrence!

What could he know about it?

As soon as the two entered the shop, the salesperson welcomed them enthusiastically.

Alexa couldn’t hear anything at all. Her cheeks were flushed, and her ears were red.

Terrence’s eyes swept her back and forth like a scanner.

He finally said, “36B, pack all the warm colors.”

Puff!

Alexa almost spat out a mouthful of blood.

She thought, is he joking? How does *he* know *my cup*?

The salesperson did not expect Terrence to have such a strange way of thinking, but since he had spoken, they would do as he said.

This time, Terrence did not let Edwin and the others carry the shopping bags but personally carried them.

Looking at his arrogant appearance, Alexa had completely speechless.

“Are you hungry?”

“A little,” Alexa replied honestly.

“Then let’s have lunch outside.”

Alexa was only thinking about eating, completely unaware that Terrence was talking about “Let’s”.

Edwin’s efficiency was very high. After Terrence finished speaking, he quickly contacted the best restaurant in the city and asked them to prepare for the reception.

After arriving at the restaurant, Alexa finally found herself hungry.

After the dishes were served, she did not mind that Terrence was still present and immediately started eating without caring about her image.

Terrence was still very angry in the morning, but now he was actually in a good mood.

Probably it was because Alexa was still his, and no one took her away from him.

“Are you that hungry? Haven’t you eaten for hundreds of years? Watch your manners, Mrs. Ramsey.”

“I haven’t eaten this morning.”

Alexa vaguely said and took a mouthful of soup.

She did not notice at all that Terrence’s face suddenly turned a little cold.

He thought, *did* she refer to the mess on the table in the morning?

It was not delicious.

She mentioned it because *Kieran gave it to her?*

Terrence was faintly angry now, and he even felt some regret.

He should not have taken her to the party that day, then those messy people would not have suddenly intruded into her life.

He thought, *I was clearly the one who arrived first, so why was there no place for me in Alexa’s heart at all?*

“There is a chef at home. Why do you want to eat those things?”

Terrence raised his head and glanced at her coldly.

His tone was unpleasant, and even if Alexa was insensitive, she could tell that he was talking about the thing that happened in the hospital.

Unexpectedly, he aimed at Kieran again. This time, Alexa planned to explain it to him thoroughly.

“Give me a little more trust, okay? There’s really nothing going on between Kieran and me. He’s a doctor, and I’m a patient. That’s all,” Alexa said sincerely.

“Yes, so?”

He asked, “What does this have to do with me?”

She was speechless.

She could not understand him clearly.

Obviously, he was the one who inexplicably brought up this topic, and she explained it to him. The one who didn’t care was also him..

Alexa felt like a clown being toyed with in the palm of his hand. Terrence's attitude was like slapping her face.

Thinking that this topic ended like this, Alexa pretended to calmly pick up the tableware again, but she found that she had no appetite at all.

However, Terrence sat opposite her, and Alexa did not want to make a fool of herself.

Terrence elegantly held his wine glass, a sneer on his face.

“There are so many doctors in the hospital. Why him?”

Alexa became absent-minded and pressed the knild and sork on the ceramic plate, making an abrupt and ear-piercing noise.

Terrence already had an answer in his heart.

Waiting for her to explain?

What else could she explain?

“...”

“Terrence!!

A fainiliar female voice sounded!
