Chapter 171 The Only Chance

Brenton's question hurt Alexa.

Alexa lowered her head guiltily, unable to say a word.

Why did she do so much for Terrence?

Alexa didn't know the reason.

Knowing that she would get nothing and hurt herself, she still went all out.

Alexa thought, maybe I'm just so stupid.

Before Alexa could answer, the person not far away suddenly shouted gloomily.

"Alexa!"

She turned her head in fear and the last glimmer of hope in her heart instantly disappeared.

"I'm going over. You should go back too."

"Alexa..."

Brenton took a big step forward and held her hand without hesitation. His eyes were full of concern and humility.

"Go with me, okay?"

Alexa glanced at Terrence, who was walking towards them, when she turned back to look at Brenton, there was no emotion in her eyes.

"No."

Hearing her brief rejection, Brenton felt that his heart instantly shattered to pieces.

"Alexa, this is the only chance."

As soon as Brenton finished speaking, Terrence had already walked up to them and held Alexa in his arms.

"Finished talking?" Terrence said, suppressing his anger.

“Yes, we’re done talking.”

Alexa weakly looked down, obediently staying in Terrence’s arms.

and

Seeing this scene, Brenton was so jealous that he was about to go crazy.

“If you’re done talking, then scram.”

Terrence stared at Brenton with dark eyes. If Alexa wasn’t present, he couldn’t guarantee what he would do.

Brenton’s face was pale, but a moment later, his hands hanging by his side slowly relaxed, and his expression returned to normal.

“Don’t be complacent. The days are still long,” Brenton said with a faint smile.

“But what can you change?”

Brenton didn’t reply to him and turned to look at Alexa.

“Alexa, I hope that you will be happy every day. See your again.”

After that, Brenton turned around and got into the car without looking back. He soon disappeared into the bright night.

Terrence’s face instantly turned cold, and he grabbed Alexa’s hand.

Alexa ran to catch up with his footsteps, and her eyes were still a little red.

Aron smiled and said goodbye to them. Before Alexa could respond to him, Terrence pressed her into the car.

After the door closed, his cold aura became obvious.

Alexa did not dare to meet his cold eyes and stubbornly leaned to the side, closing her eyes.

Terrence was about to explode from anger, but Alexa was so cold to him. He felt worse.

“Speak,” he said in a low and impatient voice. “Can’t you say anything in front of me?”

Alexa did not answer, and Terrence did not give her time.

“What did you talk to Brenton about?”

“Want him to take you out? How is that possible?”

Terrence kept talking and found that his anger was out of control.

He hated Alexa for having an affair with another man, for throwing herself at another man, and for secretly planning to escape him!

The hatred in Terrence’s heart was like an executioner, about to kill all of the hope of Alexa.

But before he could do anything else, Alexa suddenly sobbed weakly.

Terrence’s mind, which was about to collapse, returned in an instant, and he immediately sat up.

Alexa leaned against the seat and curled up tightly.

“What’s wrong?”

Terrence felt nervous somehow.

“My belly hurts...”

Terrence’s expression changed, and he quickly started the car.

“Let’s go to the hospital now. Don’t be afraid.”

Alexa breathed weakly and felt a wave of warmth slowly flow out of her body.

Terrence sped up all the way to the hospital, and when he got out of the car to pick Alexa up, he touched something wet and

warm.

A terrible idea occurred to him. Terrence did not have time to

hesitate. He picked her up and ran to the emergency room.

When Alexa woke up, it was already noon the next day.

The familiar smell of disinfectant greeted her again, and Alexa felt a little nauseous.

Someone sat by the bed. Noticing her movements, he immediately got up.

When Alexa saw Terrence, her sickly face showed a trace of fear.

But she soon discovered Terrence's strangeness.

His originally neat suit was a little messy at the moment, and there were dark circles around his eyes.

Alexa immediately knew that he didn't have a good rest.

"You have been here all this time?" Alexa asked tentatively.

Terrence did not answer this question but poured a cup of warm water for her.

"The doctor said there were signs of miscarriage, but it's fine now. Take care of yourself during this period of time," he calmly explained the situation.

Hearing this, Alexa unconsciously covered her lower abdomen with her hand under the quilt.

So this child was still in her belly.

Seeing that she was in a bad mood, Terrence did not say anything more.

"We'll see after the inspection report is out. I will go to the company to have a meeting."

"Okay."

Alexa nodded. Feeling the existence of the baby, she felt much better.

After Terrence took care of everything, he left the ward reluctantly.

Soon, he came back with an exquisite lunch box.

"I know you are not used to the food in the hospital. I asked

the chef at home to make it.”

While speaking, he placed a few bowls and plates on the table. in the ward. Then he pulled a chair and sat down on it beside

the bed.

“I’ll wait for you to finish eating before leaving.

Alexa gave a taste of the congee. It was indeed the taste of Duckdale Villa.

Her stomach was not feeling well, so she ate very slowly.

But Terrence was not impatient at all. Instead, he patiently sat there and watched her eat.

Alexa was a little perturbed. She put down the tableware and asked.

“Have you eaten?”

“No.” Terrence shook his head lightly, “I’m not in a hurry.”

Alexa knew that it was impossible for him to eat the food she had eaten, so she picked up the egg on the side.

After carefully peeling it, she tentatively handed it to Terrence.

He was obviously stunned. Looking at the egg in her delicate hand in front of him, he was somewhat at a loss.

Alexa thought that he was unwilling to take it and was about to take her hand back, but Terrence took the egg away to her surprise.

“You still care about me?”

Terrence said happily. He was in a good mood.

Alexa blushed at his words. She hurriedly shifted her attention and continued to eat the food in her bowl.

After the simple but warm lunch, Terrence picked up several calls and hurried to the company.

Alexa stood on the balcony and walked slowly. The door of the

ward was suddenly pushed open.

She turned around. She did not expect it to be Brynlee.

“Alexa, it’s so difficult to find you.”

Brynlee entered the room with a sneer and approached Alexa with a gloomy face.

“I heard you are pregnant?” Brynlee gritted her teeth and squeezed out a few words, “Is it Terrence’s child?”

“What does it have to do with you?” Alexa subconsciously took a step back. “Terrence is not here, and I won’t be polite to you.”

“Heh, how can Terrence let you give birth to this bastard?”

Brynlee smiled smugly and suddenly changed the topic.

“Let me take care of you for him.”

Chapter 172 On Purpose

“Brynlee...”

Alexa exclaimed in a low voice when Brynlee pounced on her viciously.

“Alexa, why don’t you die!”

Brynlee hysterically screamed and reached out to scratch Alexa with her sharp nails without hesitation.

Alexa tried her best to resist Brynlee. When they were in a deadlock, Brynlee suddenly kicked Alexa.

The sharp heel of Brynlee’s shoe hit Alexa’s leg. Alexa felt pain and then immediately fell to the ground.

Brynlee took the opportunity to grab Alexa’s hair and violently dragged Alexa from the ground.

“Alexa! Go to hell!”

“Alexa.”

1

A familiar voice came from the door. Brynlee was frightened

and instantly threw Alexa away.

Alexa hit the side of the bed squarely and broke out in a cold sweat from the pain.

Rebekah and Jason saw a mess when they entered the ward together.

“Alexa!” Rebekah exclaimed. She immediately ran to help Alexa up and asked, “Are you alright?”

“Rebekah, Jason...”

“What was going on?” Jason asked seriously.

Brynlee, having fallen to the ground, suddenly choked with sobs.

“Mr. Ramsey, Mrs. Ramsey, I need your help!”

“Brynlee, why are you here?!”

Rebekah appeared unkind and glared at Brynlee.

“I came to see Alexa. I didn’t expect her to fight me!”

Alexa had completely calmed down. Although she heard Brynlee’s complaint, she was very calm.

“Brynlee, it was you who attacked me.”

“Alexa, you lied!”

Rebekah felt heartbroken when she saw the scratches on Alexa’s wrist.

Rebekah swore angrily, “How could you say such nonsense! If we had not arrived in time, what would you have done to Alexa?”

“I...”

“Ms. Walton, Terrence is deceived by you. But we will not believe you.”

Although Jason did not show his emotions, he looked so authoritative that Brynlee felt guilty and unable to speak.

“Ms. Walton, if you do not apologize, you will be in court.”

“Alexa, Terrence won’t forgive you for harming me like this.”

Hearing Brynlee talk about Terrence, Alexa unconsciously wore a smile.

Jason was furious and asked, “How dare you talk about Terrence? Haven’t you broken up yet?”

“Mr. Ramsey, Terrence loves me very much. We will not be separated.’

“You are so stubborn!”

Tension was built up in the ward. Brynlee smiled proudly as if she would be certain to win.

Alexa whispered, “Jason, Rebekah. It’s my fault. Please don’t be angry anymore.”

“Alexa. Don’t say that. This is not your fault.” Rebekah defended Alexa.

Alexa glanced at Brynlee calmly, not taking her seriously at all.

“Actually, I am pregnant...”

“Alexa, what did you say?”

Rebekah stood up in surprise and looked at Jason with tears of joy.

Rebekah and Jason were so happy. Jason, who had always been calm, even looked very pleased.

“Alexa, is that true? That’s great!”

“Sure.”

Alexa smiled happily and glanced at Brynlee carefully.

Brynlee’s expression altered as if she had been slapped in the face by Alexa.

“Ms. Walton, are you very unhappy?”

“Alexa, you...”

Brynlee choked and felt herself looking disgraceful.

“Even if you are pregnant, Terrence will not admit it!”

Alexa froze and felt her heart being stabbed.

Rebekah pointed at Brynlee and cursed, "The matter of the Ramsey family is none of your business! Get out of here. Or I will call others to drive you out!"

Brynlee was so ashamed by Rebekah's words to lower her head and leave.

Alexa sat quietly, feeling very sorry for these two elders.

"Rebekah, your condition..."

"Don't worry about me. I have already been cured. Your Jason and I are very well. Why didn't you tell us such a big thing?" Rebekah kindly held Alexa's hand.

"Jason, Rebekah, I'm really sorry."

"We're a family. Don't regard us as outsiders. You don't have to worry about Terrence. We'll be with you." Jason knew Alexa's

worry.

"That heartless guy!"

Rebekah cursed angrily and immediately phoned Terrence.

"Alexa, don't be afraid. We will support you."

The call was then answered.

"Terrence! Get the hell back here!"

In the meeting room of Hudson Group on the other end of the line, the executives were all holding their breath and looking at Terrence's changing expression.

Terrence could not say a word until being scolded by his mother for three minutes.

He looked gloomy.

In the end, he answered, "Got it."

When Terrence arrived at the hospital, the three people in the ward were chatting and laughing.

Alexa often answered with a bright smile.

Terrence quietly stood at the door and watched for a while. Finally, he had to break the harmony.

He asked in a business-like manner, "What is it?"

Hearing Terrence's words, Alexa immediately stopped smiling and subconsciously looked down.

Alexa thought Terrence would be furious if Terrence knew that she chased away Brynlee with the child.

“What is it? Terrence, what were you saying? You are simply the greatest shame of the Ramsey family!” Jason slapped the

table in anger.

Terrence had long since been immune to these meaningless words and indifferently turned to look at Alexa.

Terrence thought, is she feeling guilty?

Terrence concealed his true emotions and silently listened to his nagging parents.

Rebekah shouted, “I have never met such a thing! Brynlee, a mistress, even dared to come to bully your wife!”

Terrence moved a chair and sat in front of Alexa. He looked straight at Alexa’s face.

“Why did Brynlee attack you?”

“Terrence!” Rebekah secretly threatened Terrence.

However, Terrence did not care. He was determined to get an answer from Alexa.

“Alexa,” Terrence said in a low voice.

“Alexa is in a bad mood right now. Don’t provoke her.” Jason tried to persuade Terrence.

Terrence turned angry. “Alexa, why don’t you tell me? Why don’t you say that you are bullied or unhappy?”

At Terrence’s constant questions, Alexa finally gave her reply.

“Fortunately, Rebekah and Jason arrived in time. I’m all right now.”

Hearing Alexa’s nonsense, Terrence couldn’t help but chuckle.

He said coldly, “I believe Brynlee didn’t do it on purpose. You should just be a little more careful.”

“Terrence, what nonsense are you saying!”

Rebekah instantly slapped the table and stood up, her chest

heaving violently.

Only Alexa was calm throughout the whole process. She seemed to care about nothing.

“Alexa, did you hear what I said?”

Chapter 173 Stop Crying

Alexa seemed to be unable to feel the noises.

She calmly met Terrence’s cold gaze, and the pain in her heart had already become numb.

“Ok, sorry to trouble you.”

After speaking, she saw Terrence’s face get sullen.

The two elders were extremely angered by him, so they sermonized Terrence for a while.

In the end, Rebekah forcefully said, “We will hold a dinner party tomorrow. You and Alexa have to attend.”

“Mom, what do you want to do?”

Terrence asked resignedly.

“What do I want? It is certainly to announce this happy event,”

Rebekah said firmly.

She also wanted Terrence to give up his wishful thinking.

Then, the two elders were busy learning the pieces of knowledge of nutritionists, childminders, and so on.

Terrence’s face was extremely sullen. Alexa looked away indifferently, and the ends of her eyes were faintly red.

After an intravenous drip, they went home together.

Under the supervision of his parents, Terrence did not speak to Alexa all the way.

Alexa sat in the front passenger seat, looking like a fragile porcelain doll.

“We have decided to give 15 percent of Hudson Group’s shares

to Alexa. What do you think?" Jason asked casually.

Terrence was expressionless as he replied indifferently.

"You can decide."

Alexa was in horror.

She said nervously, "Jason, Rebekah, I don't need shares. I..."

"Alexa, this is what you deserve." Rebekah nodded kindly, "After we pass away, Hudson Group will belong to Terrence

and you."

Alexa knew they did this for the sake of her baby, so she felt even more guilty.

My baby cannot even be admitted by its father...

Alexa refused in every possible way and did not notice

Terrence's face was getting more and more sullen.

On returning to the villa, Rebekah took Alexa to the room.

"Alexa, I have something to speak to you about privately."

Alexa looked up and gazed at her in surprise.

Rebekah took out a delicate agarwood box from her handbag. There is an elegant white jade bracelet inside the black box.

"Rebekah..."

"This bracelet was given to me by my mother-in-law."

As Rebekah spoke, she held Alexa's hand and put the bracelet on her wrist.

"Now I have passed it to you. It's pretty suitable for you,"

Rebekah smiled happily.

"Rebekah, I can't accept such a precious thing."

"Alexa, I want you to understand only you can be Mrs. Ramsey, the next hostess of the Ramsey family."

Alexa felt speechless as if a huge rock was pressing down on her heart.

“Your father and I promise you, no matter when, you are the daughter-in-law of the Ramsey family. You have suffered so much over the years.”

Alexa looked down and suddenly wanted to shed tears.

She certainly felt wronged. I used to be an apple of my parents' and brother's eyes, but now I'm in such a poor state.

“Rebekah, it's all in the past.”

“I understand your thinking.”

Rebekah suddenly changed the topic, and a shrewd twinkle flashed in her eyes.

“I promise you when this child is born, Terrence will definitely pay attention to your child and you.”

Hearing this, Alexa felt bitterly disappointed.

Although she said so much, her final intention was still to use my baby to threaten Terrence.

After telling everything necessary, Rebekah finally left at ease.

Alexa lay on the bed, and the waves of panic made it difficult for her to fall asleep.

Not long after, the door lock softly rang, and Terrence surprisingly came in and stood at the foot of the bed.

It was sunset, and the afterglow gently sprinkled into the room, and the coldness on him seemed to vanish.

Terrence saw the jade bracelet placed on the cabinet, and an unknown twinkle flashed in his deep eyes.

“Has mom given you this bracelet?”

Alexa turned her back to him.

“I won't accept it. You can take it away,” she said in a deep voice.

“Alexa, do you hate me so much?”

“Terrence, you are so strange!”

Alexa couldn't bear it anymore, so she sat up and looked like an angry little deer.

“From the beginning, you are always doing whatever you want! Why are you blaming me now?” she shouted in a low voice.

Terrence was surprised for seconds and took a few steps closer.

“I can do whatever I want? I asked you to have an abortion, but you didn’t do that.” He said in a cold and evil voice.

“No way!”

Alexa was so angry that she grabbed a pillow and threw it at Terrence.

Terrence did not dodge and took the chance to pounce on her.

Alexa was confined in a corner by him, and her tears dropped on her clothes.

Terrence sneered.

“You were very forceful just now! Why are you crying now?” he said in a half-joking manner.

“Go away!”

Alexa hit him with her palm and grabbed his tie angrily.

Terrence lowered his head.

“Mrs. Ramsey, what are you trying to do?” He teased her intimately.

“Terrence, I am not joking with you! If you don’t go away, I will...” Alexa threatened strictly.

“Strangle me?” Terrence looked up calmly. “Alexa, you are murdering your husband.”

Alexa was disgusted by him and shook off his tie with a cold face.

Terrence’s playful face returned to normal quickly. He sat at the bedside and dressed up, glancing sideways at Alexa.

Alexa’s eyes are still full of tears, and her pale face makes her look wronged and pitiful.

“Stop crying,” he said a little awkwardly.

Terrence knew he should please her, but he didn't know how.

"It's my fault. Don't cry."

Alexa wiped away her tears, then covered her mouth and ran into the bathroom.

When Terrence went over, he heard several painful vomiting sounds.

"I'll get you some water."

"No need..."

When Terrence came back, Alexa was leaning against the bed and swallowing a few pills.

"What are you eating?" He suddenly asked.

Alexa put away the medicine bottle indifferently.

"Medicine."

Terrence quickly walked over and stretched out his hand.

Alexa coldly refused, "No need, it's just the abortion prevention medicine prescribed by my doctor."

"Really?"

Terrence was still persistent.

"Let me have a look."

Obviously, he did not believe her.

Alexa was silent as she was in a deadlock with him.

Suddenly, she boldly said, "Terrence, you don't have to care so much."

After that, someone knocked on the door.

"Alexa, Terrence, it's time for dinner."

Rebekah's voice stopped Terrence's anger.

He glanced at Alexa coldly and turned to leave without a word.

Alexa followed behind him with a faint smile on her face.

No matter how apart we couples are, in front of the two elders, I must pretend to be a perfect daughter-in-law.

Chapter 174 Why Does She Always Want to Leave?

Terrence was walking in front of Alexa. Then, he suddenly turned back to grab her hand.

Alexa subconsciously wanted to shake it off, but Terrence grabbed it even tighter.

Jason and Rebekah were relieved to see them like this

“That’s right,” Rebekah smiled in delight. “Terrence, take good care of Alexa.”

“Got it.”

Terrence responded indifferently and carefully pulled up a chair for Alexa.

Alexa thought there must be something wrong with him.

She didn’t know what he was going to do. Suspicion filled her heart.

“You should prepare well for tomorrow’s dinner.”

“Got it.”

Rebekah looked at Terrence’s calm appearance and was not at ease at all.

“Terrence, don’t cause any trouble.”

“Mom,” Terrence said impatiently.

Alexa silently ate her food and observed them.

Weird silence took the place of the intense atmosphere.

Feeling a bit unpleasant, Terrence answered a call and then left in a hurry.

Alexa had long been accustomed to it, but Terrence’s parents were quite dissatisfied.

Rebekah sneered and said in a dignified tone.

“Since Terrence does not cherish this opportunity, then let us teach him a lesson.”

After Terrence left, Alexa felt a lot more relaxed.

Inspiration struck her. Alexa focused on her new design in a good mood.

It was midnight when Alexa received a call from Edwin.

Edwin said nervously, "I'm sorry to bother you, Mrs. Ramsey. Mr. Ramsey drank a little too much tonight. He's at the door now. Could you come out and pick him up?"

Alexa immediately ran to the window and saw Terrence's Rolls-Royce parked down there.

She had no choice but to go downstairs and help Terrence out.

Edwin looked at them curiously.

Terrence did drink a lot today. His smell of alcohol almost made Alexa throw up.

Terrence leaned on Alexa's thin body, but it seemed like he was holding her into the room.

"Alexa..."

"Keep your voice down. Jason and Rebekah already went to bed," Alexa nervously blamed him.

"OK."

Terrence responded in a low voice and stopped yelling.

Alexa was holding him and moved forward step by step. Soon, she felt exhausted.

"How much did you drink?"

"Are you worrying about me?"

Terrence teased her. Then he stopped leaning on her with all his weight.

Alexa frowned and said in a bad mood.

"I don't care about you. It's none of my business."

"Keep your voice down," Terrence mischievously said. "They will hear it."

Alexa was suddenly speechless and almost burst into anger.

She wondered, is he really drunk or is he just pretending?

Alexa wanted to send Terrence to his room, but Terrence didn't want to.

"What are you doing?" he asked unhappily. "You don't want to be responsible?"

"What am I responsible for?" Alexa said angrily. "Terrence, don't talk nonsense."

"Well."

Terrence snorted softly and walked into Alexa's room by himself.

"Terrence?"

Alexa immediately followed in. But Terrence lay on her bed without even hesitating.

"What exactly do you want?"

"Alexa, take care of me."

Alexa went speechless.

She really wanted to pick up a pillow and smash it on him.

She thought, how can he create trouble for me so blatantly?

"I can't do that," Alexa said nonchalantly. "But I can help you call Brynlee."

"Alexa!"

Terrence spoke with dissatisfaction, and he got up and stared at her.

A moment later, he suddenly softened.

"Can you not give me such a headache?"

"OK." Alexa nodded. "Do you need me to get you some painkillers?"

Terrence frowned deeply. He was really angry.

But Alexa didn't know how to drive him away, so she stood in the corner and looked at him.

She was wearing a set of close-fitting lingerie under her loose sleeping robe.

Terrence boldly looked down and fixed his gaze on her slightly bulging lower abdomen.

He was doing the calculation and concluded that Alexa was more than 3 months pregnant.

His gaze suddenly darkened, as if it was the rain that was about to pour down.

Only then did Alexa realize that something was wrong and hurriedly tied up the straps of her sleeping robe.

Terrence suddenly sobered up and put on a straight face.

“Alexa, I’ll say it first.” He stared straight at Alexa’s guilty expression. “You better not regret it.”

“What do I have to regret?”

“So what if you still have feelings for Brenton?” Terrence sneered cruelly. “Aren’t you still unable to escape now?”

Alexa knew that he was making a fuss about her child again.

The glimmer of hope in her heart was extinguished.

“Terrence, you won’t even let an innocent life live?”

There was no trace of warmth in Terrence’s cold eyes.

It had been so long that Alexa thought that this matter had been over.

Unexpectedly, Terrence was still scheming against her baby in secret.

“Terrence, how can you be so ruthless!”

Terrence said coldly, “Alexa, I said it before. As long as you give up on him, I can let bygones be bygones. You will still be my wife.”

Alexa burst into laughter.

She sneered disdainfully with tears in her eyes.

Alexa thought, Terrence, why are you so cold-hearted?

“How is it?” Terrence pressed on step by step. “You should know how to choose, right?”

“Terrence, how generous of you to offer me a choice.” Alexa stared at him coldly. “Do you really think I want to be your puppet?”

“You don’t want to? I think you don’t know what’s good for

you.”

Terrence stood up. His drunkenness vanished.

“I’ll give you time. Think about it again.”

Alexa stood there motionlessly. Terrence left coldly and angrily slammed the door shut.

The sheets of paper she had placed on the table were blown to the ground by the cold wind.

Alexa squatted down and spent a long time picking them up.

Then she shredded them.

She thought she was not worthy of having any hope in her miserable life.

Terrence sat in the study, holding an old bronze ring in his hand.

This was given to him by Alexa when they got married.

But Terrence had never worn it once.

The cold wind with the night rain poured into the room. He fiddled with the ring several times and sincerely put the ring on the ring finger of his left hand.

The ring was nothing fancy, but it was very good.

Terrence tried to numb himself with alcohol again. But Alexa’s stubborn and cold face became clearer and clearer in front of his eyes.

He had been forced to give up a lot of things and always wanted to catch something.

He wondered why Alexa always wanted to run away from him.

The lights in the study were on all night.

The next morning, Alexa did not see Terrence in the living room.

Did he leave last night?

When Alexa was wondering, Rebekah casually said.

“What is Terrence doing? Why hasn’t he gone downstairs yet?”

Alexa understood and nodded lightly.

“Rebekah, I’ll wake him up.”

Chapter 175 How Can You Be Bullied?

Having said that, Alexa was not willing to call Terrence.

Alexa knocked on the door of the study and waited for a long time, but there was no response.

It seemed that there was no need to call Terrence.

Alexa was about to leave when the door suddenly opened slightly. A strong arm immediately pulled her in.

“Terrence!” Alexa grunted in anger.

“What are you making noise about?”

The man’s voice was hoarse, with a hint of morbid exhaustion.

Alexa sensed that something was wrong and looked at Terrence awkwardly.

“What happened to you?”

“Nothing.”

Terrence frowned and turned away somewhat impatiently.

“Are you sick?”

“No.”

Terrence casually tidied up the desk as if he was looking for something.

“Don’t delay if you are not feeling well.” Alexa paused and said, “Mom and Dad will worry about you.”

Terrence threw away the document in his hand carelessly, and a strange look flashed in his eyes.

“You don’t care about me, do you?”

“I...” Alexa pursed her lips, “I just want you to see a doctor.”

Terrence chuckled and pulled a chair over to sit down in front

of Alexa.

“Who are you to make me go to a doctor?”

Alexa was speechless.

It was simply ... impossible to communicate with him!

Alexa turned around and left. She hadn't gone far when Terrence caught up and grabbed her hand.

“Did I give you permission to go?”

Feeling his hot body temperature, Alexa was startled.

“What are you trying to do?” Alexa asked, puzzled.

“I want to take medicine.”

Alexa was completely speechless.

Why was Terrence like a willful child?

“What is ailing you?” Alexa asked patiently.

Terrence did not answer. He directly grabbed Alexa's hand and pressed it on his forehead.

“I'm not feeling well all over.”

Alexa quickly retracted her hand and muttered in shock.

“Got it.”

Terrence clenched his hand tightly as if he could still feel the cool scent of bellflower.

Not long after, Alexa returned with the medicine.

“Hurry up and take the medicine.”

“My hands are weak. Feed me.”

Alexa did not expect Terrence to be so insatiable.

Wasn't he very strong when he grabbed her just now?

Alexa was about to simply leave, but Terrence came forward to hold her wrist, and he made her feed him the medicine in this

way.

“Thank you, Mrs. Ramsey,” Terrence said half-jokingly and half-honestly.

“I’m leaving.”

Like a satisfied cat, Terrence was finally willing to let Alexa go.

Alexa immediately left without looking back, the suspicious blush on her face simply trying to cover up the obvious.

“Alexa, how is Terrence?” Rebekah asked.

Alexa was like a thief who had been caught on the spot and suddenly became nervous.

“He... is much better.”

“Yes, she is right.”

The warm palm suddenly pressed on top of Alexa’s head, and Alexa immediately froze.

Terrence looked at Alexa with a smile and said in a cool and ambiguous tone.

“Mrs. Ramsey, thank you for taking such good care of me.”

“You’re welcome,” Alexa mumbled.

Rebekah and Jason looked at each other and smiled. The air was suddenly filled with sweetness.

Alexa was angry but did not dare to say anything. Terrence was totally laying a trap for her by doing this!

“Alexa, how do you feel about it?”

Terrence leaned close to Alexa’s ear and said in a lowered voice.

“Not so good.”

11

Alexa replied unhappily and boldly pushed Terrence away.

“Boring.”

When Terrence heard her evaluation, he smiled brighter and brighter.

After breakfast, Terrence went to the company with Jason.

Alexa accompanied Rebekah to the coffee shop together.

Rebekah lived a very delicate life. Alexa was ashamed of herself in front of her.

“Alexa, for tonight’s banquet, I sent invitations to the Walton family.”

Alexa was calm as she gently curved her lips.

“I will follow your arrangements.”

“Alexa, I will only teach you once. You have to watch carefully.”

After drinking the coffee, Rebekah took Alexa to the top-level Haute Couture Club.

Alexa wanted to keep a low profile, but Rebekah picked a slim fishtail dress for her, which could show the curve of Alexa’s lower abdomen.

“You must make Alexa the most amazing person at the banquet.”

“Got it.”

The designer responded confidently. Not long after, more than ten assistants carefully carried out a set of jewelry.

“Mrs. Ramsey, this is Mr. Ramsey’s custom-made ‘Kiss of Rose’ for you, worth 32 million dollars.”

Alexa knew that Rebekah did it instead of Terrence.

However, Rebekah only nodded and smiled faintly. She did not feel that there was anything wrong with it.

After the design was done, the luxurious Rolls-Royce fleet slowly started and set off for the brightly lit Caiden Hotel.

Terrence was already prepared, but when he saw Alexa, he was a little surprised.

The delicate fishtail dress made Alexa’s figure and temperament very fantastic. Alexa walked over from the bright red carpet like a deity descending to the world.

The flashing lights around were so bright that it was like daylight, but Alexa was not shy at all and walked to Terrence's side in a natural and graceful manner.

Terrence quietly hid his emotions and entered the hall with Alexa in a noble and cold manner.

As soon as she entered the hall, Alexa felt a calm gaze.

Alexa slightly tilted her head and met Kieran's smiling eyes without any precautions.

Terrence felt that Alexa was in a daze, so he gritted his teeth and said.

"Alexa?"

Alexa calmly retracted her gaze with an indifferent smile.

"You better not think about anything else," Terrence threatened coldly. "Otherwise, I will deal with Kieran in person."

Alexa lowered her eyes and a beautiful figure suddenly stood in front of them.

Brynlee wore a purple gold dress and looked pitifully at Terrence.

Alexa glanced at Brynlee lightly and stared at the jewelry that she was wearing.

There was actually a second set of "Kiss of Rose" that was worth 32 million dollars.

"Terrence, I received an invitation from Mrs. Ramsey. She has already accepted me, right?"

Terrence's face was as cold as ice, without a trace of emotion.

"Why are you still with Alexa tonight?" Brynlee was about to cry. "Did I do something wrong to make you angry?"

"Brynlee, why do you have such a shameless nature?"

Terrence listened with great interest when he heard a cold question from his side.

“Alexa, what are you saying? I don’t understand what you mean.”

“You are a shameless home wrecker, understand?”

Alexa said word by word clearly, without the slightest timidity of backing down.

Brynlee almost killed her child!

“Are you mistaken?” Brynlee looked at the people around her awkwardly. “Terrence, we are about to get engaged. How can I

be a home wrecker?”

The more Brynlee spoke, the more aggrieved she became. In the end, she directly cried.

Alexa coldly looked at Brynlee and did not feel that she was pitiful at all.

“Brynlee!”

The Walton couple aggressively stepped forward to protect Brynlee.

“Brynlee, you are the apple of our eye. How can you be bullied here!”

Emely hinted, staring meanly at Alexa.

Chapter 176 Who Are You to Lecture Her?

“Ms. Duran, how can you be so cruel?” Emely whispered sadly “Brynlee just lost her child with Terrence, and now you can’t wait to show off

Alexa smiled disdainfully She looked ruthless

“Terrence,” Alexa said intimately, “what do you think:

Terrence looked down at Alexa’s brilliant smile

One became who he spent his time with

“What’s going on over here?”

There came a clear voice. Rebekah held Jason’s hand and walked over in a high profile manner, attracting almost all the attention

“Hey, isn’t this Emely?” Rebekah greeted Emely familiarly

With that, Brynlee stepped forward She nodded obediently

“Hello, Rebekah Hello, Jasoli.”

Jason kept looking at Rebekah fondly, ignoring Brynlee

Rebekah smiled at Emely and said sarcastically.

“You’re a different person these days. You are the legal wife You’re talking to us with such confidence.”

Emely looked down sullenly. She felt hatred and anger, but she didn’t dare to burst out.

Emely lived in the shadow of Rebekah because she didn’t succeed in seducing Jason before. Then, she became Gavyn’s lover!

“You owe it all to your parents.

Brynlee swallowed the anger indignantly. Tears ran down her cheeks.

Rebekah looked on coldly and sneered.

“Terrence...” Brynlee said carefully, “Why don’t you talk?”

“Terrence, she is talking to you.”

Alexa looked innocently at Terrence.

“Today, you must give me an explanation!” Gavyn suddenly shouted in a threatening manner. “You dare to bully the Walton family!”

Terrence’s eyes became a bit colder. He stared at Gavyn in a threatening manner.

“Alexa, how can you be so shameless!”

“Who do you think you
dre?”

Terrence asked coldly.

Gavyn did not expect that Terrence would pull the rug out from under. He was speechless for a long time.

“Are you lecturing her?”

“Terrence

Emely smiled obsequiously and was frightened by Terrence’s cold eyes

“You think you are somebody?”

Terrence’s coolness was overwhelming, and he was furious

Gavyn stubbornly put on airs, but his tone was much softer

“You proposed the engagement, and now you regret it?”

Rebekah smiled, and her tone became subtle.

“Of course, we will repay you for your kindness. Let’s make it clear on the spot about the engagement.”

Alexa’s eyelids gave a sharp jerk.

“Ms. Walton, this way, please.”

Suddenly called by Rebekah, Brynlee was happy

In front of so many people, they would not dare to break the marriage!

Thinking that Alexa would have an egg on her face, Brynlee smirked

Rebekah held her hand and brought Brynlee to Alexa and Terrence.

“From today on, we are a family”

“Rebekah .”

Brynlee was a little surprised She did not expect Rebekah to be so straightforward.

But Rebekah calmly looked up and smiled

From now on, you are our foster daughter. Terrence and Alexa are your brother and sister in law”

What?

Brynlee was taken aback and broke down

People around started gossiping Emely was furious.

“How can you go back on your word?” Gavyn cursed “You said Brynlee was Terrence’s fiancée, and now she is your foster daughter!”

“Yes.” Jason nodded slightly “It’s high for you

“Terrence!” Brynlee grabbed Terrence’s arm in exasperation Terrence tell me That’s not true!”

Terrence coldly tilted his head and pushed Brynlee’s hand away

“We’ll settle it like this. That’s it,” Terrence said coldly.

Brynlee glared at Alexa angrily.

The guests around couldn’t stand it either

“You are too unreasonable! How can you have the cheek to go on for so long?

“That’s right Mr Ramsey and Mrs Ramsey live a good life. Why do you want to be his fiancée?”

“What do you know?” Brynlee screamed in anger. “Terrence, I have once been pregnant with your baby. But Alexa killed our baby!”

With that, all around was miffed.

Those who were speaking up for justice just now were shocked and speechless.

In the awkward silence, Rebekah suddenly laughed loudly

“Brynlee, how long are you going to play?”

“Rebekah, how can you say

that...”

“Oh, I was afraid you’d forget the truth, so I brought your diagnosis report

“Impossible.”

Brynlee weakly took a few steps back. She did not dare to look at Terrence.

“Impossible?” Terrence smiled faintly.

Rebekah frowned and handed over the report in her hand.

The minute Terrence looked at the report, everyone was very nervous.

Alexa glanced at it inadvertently and happened to see the conclusion

“Not pregnant

Terrence casually read out these words Gavyn and Emely were shocked.

“What can you say now that it’s done?”

“Terrence, it’s not like this! The hospital must have made a mistake Terrence, you have to believe me!”

“You probably don’t know “Terrence smiled faintly, that night, I wasn’t drunk at all.

“Terrence You You lied to me.

Brynlee fell to the ground with a trembling voice All the plans in her mind fell apart.

“How shameless you are!”

With that, the bodyguards on standby rushed forward to chase them out

After the farce ended, the surrounding guests also dispersed, as if nothing had happened just now

Alexa looked on indifferently

Alexa did not pity Brynlee, but she was even more afraid of Terrence

Brynlee boasted that she was Terrence’s beauty, but in the end, Terrence could cleanly give up her

From the way he reacted, it was clear Terrence knew about it

When Alexa came back to her senses, she was alone with Terrence

“What are you thinking about? Terrence asked calmly

Terrence Lam thinking

Alexa uttered with difficulty and looked up at Terrence

“Did you love her

Terrence did not answer and just took a sip of champagne

Alexa, you shouldn't ask that question ”

Chapter 177 Old Sweetheart

There was no disappointment on Alexa's face but the loneliness that she hid silently.

Terrence suddenly grabbed Alexa's hand and saw a middle aged man in a white suit

“Mr. Winston.”

“Terrence.”

Mike Winston patted Terrence on the shoulder and then looked at Alexa briskly.

“This is your wife, right? Terrence, you are lucky

Terrence nodded faintly and did not answer anything else

As Terrence was not going to introduce Alexa, she felt very helpless.

Mike had a strong background and was on a different level from the other guests

Even if Terrence did not want to cooperate with Mike, it was bad to offend him

With that, Alexa lit up her courage and calmly said

“Hello, Mr. Winston. I am Alexa Duran.”“

“Alexa,”

“Mike said in a subtle tone and nodded happily “Good name

However, Terrence looked cold. He took Alexa into his arms possessively

Before Alexa could react, she heard Terrence coldly say.

“We have to go Excuse me.”

Mike was not angry. He remained calm

Alexa was taken to the lounge by Terrence in fear.

“Terrence, what are you doing?” Alexa complained. “That's Mr. Winston. You...”

“Idiot!”

Terrence gritted his teeth and looked at Alexa sullenly.

“You are the idiot!” Alexa retorted. “Brynlee was driven away, so you vented your anger on me, right?”

What the hell was this?

Terrence sighed helplessly and pressed Alexa against the wall.

“What are you thinking?”

“What am I thinking about?” Alexa looked away “thit the nail on the head, right? If you dare to do anything to me here...”

Before Alexa finished, Terrence sneered. She fell silent.

After a moment of silence, Terrence tapped Alexa’s forehead with his finger

“Stop talking nonsense. You don’t even know when people are plotting against you

“I’m not that stupid.’

Alexa gave a blunt explanation and understood that Terrence was talking about Mike just now

Terrence was very serious.

“Mike is not a good person. Don’t get involved with him.”

“What is his background?”

“Want to know?”

Terrence looked at Alexa’s curious expression and did not know how to answer her

Alexa was protected very well, and she always thought about things so simply.

“You don’t need to know so much. Just listen to me ”

Alexa hummed and compromised.

When they pushed open the door and came out, they happened to meet Kieran standing at the door.

Terrence calmly looked at Alexa with a playful smile on his face

Alexa silently looked at Kieran for a few seconds.

“Kieran.”

There came a gentle female voice. Rita Bailey quickly walked over to Kieran and held onto his arm

“Hello, my name is Rita Bailey.”

With that, Rita looked back at Kieran.

“Kieran, let’s go.”

Kieran did not say anything and left with Rita indifferently

Until Kieran and Rita disappeared around the corner, Alexa still did not know what was going on.

“You are loath to part with him?”

Terrence sneered sarcastically.

Alexa calmly withdrew her gaze and glanced at Terrence indifferently.

“Do you know that girl?”

“Alexa!” Terrence said in a dissatisfied voice. “Is it my duty to know your old sweetheart?”

“It’s not what you say,” Alexa explained calmly “Can’t you give me some trust?”

“Trust? You are pregnant with Brenton’s child, and you want to talk about trust with me?”

As soon as Terrence mentioned it, Alexa felt a burst of nausea.

Alexa covered her mouth and retched in panic. Terrence suddenly became cold

“Since this baby is none of your business, you have no control over my decisions.”

“Alexa, don’t forget that we have not divorced yet.”

Alexa choked and did not say anything more. She left gloomily

Terrence followed behind Alexa gloomily.

After they came out, the banquet was close to the end

“Mrs. Ramsey.” The waiter hurried over. “Someone is looking for you outside.”

“Chase him out,” Terrence ordered coldly. “We don’t want to see him.”

Alexa pursed her lips in embarrassment and quietly glanced outside the door.

After they got in the car, Alexa noticed a voice in the distance.

Terrence stood in front of Alexa coldly.

“Get in the car.”

“Terrence...”

Alexa muttered. Her eyes fixed on the figure in the distance.

It was that man...

“Alexa, get in the car.”

Terrence became a little urgent. He was always in Alexa’s way and refused to let her see that person

“Terrence, let me go over

Alexa's voice was trembling. She pushed Terrence away with all her strength and ran over with hurried steps.

"Stop her!"

Terrence gave the order, and a large group of bodyguards blocked Alexa

Alexa finally saw Keyon's face across the crowd

Keyon was wearing a deep black trench coat, which looked particularly lonely in the bright night scene. The wide brim of his hat was slightly raised, and his hideous scar looked even more terrifying.

Alexa looked at Keyon, but she was very nervous.

Alexa had confirmed many times that it must be Keyon

Keyon stood alone in the light, slowly looking up in this direction

Keyon

The name came back to life now, but it stuck in Alexa's throat like thorns

"Keyon, is that you?"

Alexa steadied herself and shouted.

With that, Alexa fell into Terrence's arms and was carried back by him.

"He has nothing to do with you. You are mistaken."

"Terrence, let me go!"

"He is Keyon, my brother, right?"

Asking this question, Alexa didn't believe it very much.

If that was Keyon, how could he be indifferent?

"No."

Terrence answered decisively.

The dark car window blocked the scene outside. Alexa trembled coldly, and her heart ached.

"Of course, I will tell you when I find Koyon."

Terrere's words made Alexa even more frantic

"Sorry, I was impulsive just now."

Keyon did not have a scar on his face.

Terrence's face seemed dull and unclear in the dim carriage. He took off his coat and put it on Alexa

The car suddenly shook violently.

“Sorry, Mr. Ramsey,” the driver said nervously. “There’s a car following us.”

Chapter 178 It’s All Like a Dream

Terrence frowned and he was furious.

“Take the back roads,” Terrence ordered coldly. “Have Edwin send more people

“Yes.”

Cold sweat was seeping out of the driver’s forehead. Although he looked calm, he was nervous

For so many years, this was the first time they had encountered such a troublesome situation!

In the rearview mirror, there were more and more ghost like black cars, closely following behind them.

They pretty much got rid of all of Terrence’s guys

So silent! How powerful he was!

The driver pressed the accelerator to the floor with feigned composure. The atmosphere in the car was oppressive

Terrence, however, did not let go of Alexa for a moment. His deep eyes were fixed on her hand.

“Are you afraid?”

“Life and death are decreed by fate.” Alexa’s pale little face was suffused with a light smile. “I have nothing to be afraid of.”

“Don’t you care about your baby either?”

Alexa smiled helplessly and sorrowfully. It had exhausted all of her strength.

“It was a misfortune that I brought it to the world”

This child was destined to have no parents’ love in its life.

Alexa suddenly felt that she was stupid. Why did she want this innocent child to become her spiritual sustenance?

But... Why was Alexa reluctant?

Alexa was cold all over her body, but her eyes watered.

“Don’t be afraid,” Terrence said softly but firmly. “You’re gonna be fine ”

The car shook for a long time Alexa did not know what was going on outside until the driver stopped the car smoothly.

“Mr Ramsey, we have gotten rid of them”

2

The driver got out of the car and opened the door, but this was not the entrance of the villa

Alexa got out of the car with Terrence and looked around tentatively

There were dense forests everywhere The trees were tightly grown. There was no road in front

There was a loud explosion in the distance as if the two forces were fighting

“Don’t be afraid.”

Terrence clenched Alexa’s hand and subconsciously blurted out

Alexa had never experienced such a situation. She was afraid

“Mr. Ramsey, you and Mrs. Ramsey leave first I will cover the rear

Terrence did not hesitate and calmly brought Alexa into the jungle

In the quiet dark forest, there were only their footsteps, which sounded eerier and eerier

“Terrence...”

“I’m here.”

“Who sent those people?”

When Alexa finished, Terrence was silent for a long time

“If you can’t tell me, then forget it.”

“There are many people who want to kill me,” Terrence teased. “Do I need to know who it is?”

“But...”

“In any case, I will take revenge indiscriminately.”

That was right...

This was Terrence.

Alexa endured the discomfort and followed Terrence’s footsteps, stopping her words in time.

Terrence suddenly stopped and squatted down, not allowing Alexa to refuse.

“Come up, I’ll carry you.”

“No need,” Alexa refused stubbornly. “I can do it myself.”

“In a big forest, there are all sorts of birds,” Terrence whispered. “There may be mice, poisonous Snakes”

There was a rustling sound behind them Alexa obediently got on Terrence’s back

“Don’t scare me,” Alexa grunted

Terrence snickered and took a quick step

“Let’s talk about it when we get home

“Go home?” Alexa was very surprised “Go back from here?”

“Our home is over there”

“OK.”

Alexa replied softly, feeling, a sense of security

The world was so big, and there was a place called “home” waiting for Alexa

Terrence’s pace was not fast, but steady

After a long time, there was a glimmer of light in the forest

“Is it going to be dawn?” Alexa asked.

“It’s still early ‘

“Someone is coming!”

Alexa cried out in a panic. A roar hysterically tore through the silence of the night.

The white light hit them. Terrence reacted and quickly dodged it

Alexa’s stomach was in turmoil. She was so uncomfortable that she almost vomited.

But the chill on Terrence’s body made Alexa shiver.

A heavy motorcycle was arrogantly stopped in front of them. The man straddled the motorcycle, and the black mask of his helmet made him look dangerous and mysterious.

“It’s you!” Alexa was nervous. “You were the man...”

“What do

you

want?”

Terrence faced the man and asked coldly, blocking in front of Alexa.

“What?”

The man chuckled and tore off his helmet.

The man’s pale face was engraved with a ferocious scar that ran from his temple to his jaw.

However, the man looked gentle. If he had changed into a suit, he would have been a gentleman

“Terrence, you tell me what I want to do!”

Seeing Keyon, Terrence restrained the surprise in his eyes.

Alexa couldn't control herself and staggered back a few steps in shock

"You..."

Alexa's voice trembled. She was speechless. Tears welled up in her eyes

"Keyon!"

Alexa called the name through her gritted teeth and sobbed weakly.

Keyon restrained his hostility, and his firm eyes were filled with a touch of heartache

"Alexa.

"

Keyon called Alexa like before. Between them stood Terrence, and everything had changed.

Seeing Alexa's slightly swollen belly, Keyon wanted to rush up and kill Terrence

This bastard'

"I came back to pick you up." Keyon looked at Alexa dotingly "From now on, I won't let you suffer anymore."

"Who allowed you to take her away?"

Terrence said coldly.

"Terrence, you have no business getting involved in our family affairs."

"We are legally married," Terrence sneered. "You have no right to take care of our affairs, right?"

"You..."

In an instant, the atmosphere was tense. There was a timely movement in the depths of the forest.

Keyon instantly changed his attitude and looked at the person with cold arrogance and dignity.

"Mr. Duran, we have cleared out those people."

"Well." Keyon slowly nodded. "Retreat."

Alexa subconsciously took a step forward, seemingly wanting to call Keyon, but Terrence stopped her.

Dozens of people silently disappeared into the dense forest, like a fading night.

"It's all like a dream..."

Alexa murmured in a low voice and hugged herself with her arms crossed.

Alexa had imagined her reunion with Keyon many times.

But Alexa never expected to meet Keyon in this way, and to leave in this way.

Alexa didn't even have the time to call Keyon.

"Terrence."

"Huh?"

Terrence stepped forward to press Alexa's shoulder, but Alexa quietly dodged and stood opposite him.

"I hope you can tell me the truth"

"Is the truth important to you?"

Chapter 179 Wherever You Are, It's My Home

Alexa hesitated before saying, "It is very important

It felt like she had a stone pressing on her, and she could hardly breathe

"You already knew it, right?"

Terrence replied coldly, "The truth doesn't really matter Whether you know it or not you can't change anything"

With her tears streaming down her cheeks, Alexa retreated a few steps in despair

didn't intend to help me at all, did you

Terrence looked at her distressed expression and could no longer remain calm either

"Alexa, this matter is not as simple as you think.

"I see I shouldn't have overestimated my place in your heart

"Keyon has changed a lot. He is not the same man as he used to be, okay

"It has nothing to do with you. Anyway, he is my elder brother I can handle our relationship myself."

"What do you mean by that? I am an outsider, right?"

Alexa pursed her lips and didn't say anything else.

Terrence waited for Alexa's response, but the latter kept silent. As time went by, Terrence couldn't help feeling increasingly disappointed.

"When will you let me go?"

Terrence didn't expect that Alexa would say these words in the end.

In an instant, he became irritated. He turned around and gave a mocking smile

He sneered, "Do you think he is able to beat me now?"

Alexa lowered her head and did not make a sound.

Terrence squinted at her.

Then, he said in a cold voice, "Alexa, are you kidding me?"

Alexa was confused by Terrence's reaction.

She wanted to say something, but Terrence ignored her and turned around to leave directly.

Being at the edge of the forest, it would take about another ten minutes to go back to the villa

Instead of following Terrence, Alexa stood barefoot on the ground with shoes in her hand

Keyon's reappearance was like a dream for Alexa. She failed to regain her composure for a while. She felt alternately hot and cold, and she was so dizzy that she wanted to vomit.

Soon, Terrence disappeared into the forest, and the morning light dripped through the leaves

Alexa stood in place. After waiting for a long time, she heard the roar again.

Not long after, Keyon appeared alone in front of her

"Why don't you go with him?"

Alexa looked at the person in front of her with red eyes. She could hardly hold back her tears.

anymore

"Keyon..."

As soon as Keyon heard Alexa's voice, he failed to keep cold

He had no time to care about the subordinates behind him and got out of the car to put Alexa in his

Arms

"Alexa..."

Being in Keyon's warm embrace and hearing his hurried call, Alexa could no longer suppress her sorrow. She burst into tears.

"Where did you go? Why did you come back so late?"

Keyon felt bitter for her and whispered, "It's my fault. Many things have happened over the years.

I'll tell you slowly in the future."

Alexa looked up at the scar on Keyon's face with pity.

Keyon subconsciously lowered his head to avoid Alexa's gaze

He said in a low voice, "Alexa, let's leave here."

Alexa silently shed tears and nodded sadly.

Without hesitation, Keyon gently picked Alexa up and walked out of the forest.

He made up his mind not to let go of Alexa's hand anymore.

When Terrence reached the villa, he didn't enter it.

As he paced around the entrance of the forest, his face turned gloomy.

He wondered, it has been a long time Why hasn't Alexa caught up yet?

It's a short distance, isn't it? Will she get lost?

The more Terrence thought about it, the more worried he became However, he was still angry at

Alexa

It was she who did not understand his kindness and had been wanting to escape

Terrence was so furious that he decided to leave her alone for a while to calm herself down He wished that she could realize how stupid she was

Surprisingly, half an hour had passed, but Alexa did not appear

Terrence dialed Edwin's number in anger

He ordered with a serious expression, "Go and ask someone to find Alexa Bring her back to me right now!"

Edwin immediately did as Terrence said. However, no matter how hard he and others tried, they were unable to find Alexa. As the sun went down, he came to report to Terrence

Edwin said in a trembling voice, "Mr. Ramsey, Mrs. Ramsey has been taken away.

"What did you say?"

Terrence asked through his gritted teeth. Hearing his words, Edwin felt under huge pressure and could hardly breathe.

He said in a flurry, "We discovered many tire tracks in the forest"

Edwin wondered who exactly took Alexa away How dared the person offend Terrence?

Alexa woke up and found herself lying in bed.

She was in a strange room, but she had a good rest.

Just as she washed up and got changed, Alexa heard someone in the kitchen.

When Alexa went into the kitchen, she saw Keyon, who was dressed in casual clothes and an apron, cooking frantically.

There came clanks now and then. Alexa could tell that his cooking skills had not improved at all.

"Keyon .."

Hearing Alexa's voice, Keyon turned around and smiled apologetically.

"I'm sorry, I..."

Whenever he had mood swings, the scar on his face would twist.

Whenever Alexa looked at it, she felt heart wrenching.

Keyon whispered apologetically, "I just bought the house, and I haven't prepared anything yet. I'm sorry."

"It's fine."

Alexa held his arm and put on a tender smile.

"What are you talking about? I am truly satisfied that we can meet again

Keyon was pleased to hear what Alexa had said.

He broadened into a smile. "How about we eat out? The restaurant you like should still be

"Alright."

"Wait for me for a second."

After he finished speaking, Keyon quickly returned to his room.

open"

When he came out again, he got changed into a suit. His handsome face was covered with a black mask.

Keyon said with a smile, "Alexa, I covered the scar. In this way, I won't bring you any trouble."

"Keyon, don't say that anymore. In my mind, you are as good looking as before

Alexa stepped forward and held his hand.

She said with her tearful eyes, "I'll never feel embarrassed because of you.

"

Keyon patted the back of her hand to soothe her, but he didn't take off his mask.

By the time he drove to the restaurant from memory, he saw a mall.

Alexa exclaimed, "It has changed into a mall. There are great changes in the city."

"You have been in New York for three years, haven't you come here?"

} Alexa didn't get his unspoken message and replied, "No, Terrence didn't allow me to go out."

In an instant, Keyon put on a long face.

"Alexa, it was all my fault. I didn't protect you well."

Alexa pushed open the car door and said casually, "Let bygones be bygones. We can go to the mall to buy some food I haven't eaten at home for a long time."

Mond behind her.

He explained timely, "I am communicating with the court. We can move back to our villa soon."

"It doesn't matter."

As she spoke, Alexa held his hand.

"Keyon, I'm so happy that you came back. Wherever you are, it's my home."

Just then, Terrence's luxury car stopped at the side of the road. When he saw Alexa and Keyon, his face was dark with rage.

He wondered, Alexa, how dare you! How could you flirt with another man in public?

Chapter 180 I Can Hardly Breathe

Alexa and Keyon on the opposite side of the road didn't notice Terrence's gaze. It didn't take long before they disappeared into the crowd.

Alexa hadn't been shopping in the mall for a long time, let alone with Keyon

She walked carefully and her attention was always focused on Keyon.

"Alexa, I suppose you didn't have a happy life these years."

Keyon raised the topic, his expression complicated as he looked at Alexa's lower abdomen.

Alexa noticed his gaze and inadvertently forced a smile.

"It's Terrence's child."

Hearing this, Keyon stopped. The darkness in his eyes deepened.

"But I didn't tell him. I think he has always thought that it's Brenton's child."

"Alexa, Terrence is not your Mr. Right."

"I understand, so I don't have too many expectations."

Keyon frowned, obviously unable to accept this situation.

Alexa put on an easy smile and held Keyon's hand tightly.

"Keyon, I am hungry. Let's go to the mall quickly." Alexa acted cute.

Keyon sighed helplessly and reluctantly stopped talking.

After entering the mall, Alexa began to be in a good mood.

She carefully selected a lot of ingredients. Because she just moved into a new house, she picked up some daily necessities.

“Keyon, you did not take good care of yourself.”

Alexa tried her best to keep calm, but tears welled up in her eyes.

In the last three years, they had all changed a lot.

Keyon followed by her side. He was tall and he became mature and calm.

“From now on, we will never be separated again.”

“I want to give birth to this child...”

Alexa knew that it was too irrational for her to do this. Now that Keyon had returned, she hoped this child could comfort him.

Keyon was surprised, but he quickly relaxed.

“I respect your decision.”

As long as Alexa was happy, no matter what, Keyon would do his best to satisfy her.

“Nothing is going on between Terrence and my child,” Alexa said firmly. “It is my child.”

“Yes.”

Keyon smiled with indulgence and soon accepted the child.

When passing by a maternal and infant store, Keyon took the initiative to walk in.

“Keyon...” Alexa blushed and said in a low voice, “It’s too early.”

“I’m going to be an uncle. I have to get ready early.”

“We don’t know if it’s a girl or a boy.”

“It doesn’t matter.”

After Keyon finished speaking, an enthusiastic saleswoman came up to greet them.

The two distinguished customers were a beautiful couple, and the young saleswoman couldn’t help but admire them.

“Mr. and Madam, are you preparing for your baby girl or baby boy?”

“Baby girl.” Keyon blurted out without thinking. “She is as smart and beautiful as my sister.”

When Terrence caught up with them, he happened to see Alexa pick up a baby suit with a smile.

He gritted his teeth and quickly stepped forward with anger.

“Alexa!”

Hearing this low shout, Alexa and Keyon looked over at the same time. Keyon instantly became

gloomy.

The bodyguards brought by Terrence immediately surrounded the store, and the atmosphere was deathly silent.

The saleswoman was frightened by this scene and looked at Alexa and Keyon in confusion.

“Get out!” Terrence ordered in a cold voice.

The others in the store immediately ran out in silence, and the mall was quickly clear.

Alexa was still holding the cute baby suit, and she looked at Terrence calmly.

“What do you want to do?”

Keyon asked coldly, standing in front of Alexa firmly.

“Get out.”

Terrence said coldly, glaring at Keyon with hostility

“Keyon.”

Alexa whispered worriedly and subconsciously grabbed Keyon’s arm.

This action completely drove Terrence out of his mind.

“Alexa, come here.”

“Terrence, I won’t go with you anymore.”

Alexa said those decisive words, but her tone was a bit weak.

Terrence sneered, his eyes dark with ruthlessness.

“It seems that you have someone protecting you. How dare you talk to me like this?”

“Terrence, pay attention to your words!”

Keyon growled in anger, his eyes red.

After being tortured for all these years, Keyon had been rough and tough.

As long as Alexa asked, he could rush up and knock down Terrence at any time.

“My words?” Terrence sneered, “You are not qualified to challenge me. You can’t stop my taking her away.”

“Alexa, don’t be afraid. I won’t let him take you away.”

Alexa took a step back and looked at Terrence in despair and indifference.

Terrence was sick!

It was he who had abandoned me as though I am nothing, and now he is forcing me back in public. Terrence's bodyguards were all well-trained mercenaries. If Terrence was completely angered, then Keyon would be in danger.

Alexa quietly groped around the table. When she touched something, her eyes were suddenly filled with hate.

Terrence noticed her movements, but he did not have the time to stop her.

The next second, a sharp knife was held to Alexa's throat.

"Alexa!"

"Alexa!"

Terrence and Keyon shouted at the same time, but Alexa took a few steps back and pulled away from them.

"Alexa, put down the knife." Keyon begged nervously, "We can talk."

"Alexa, put down the knife."

Terrence took a tentative step forward, but Alexa roared emotionally.

"Terrence, don't come over!"

"Put the knife down. It's very dangerous."

"Don't force me!"

Alexa felt a dull pain in her lower abdomen and some warm liquid was slowly seeping out of her lower body.

However, she could not care about so much but be on guard against Terrence.

"Let my brother go."

"Alexa..." Keyon was worried.

Looking at the interaction between the siblings, Terrence felt like he was an unpardonable sinner.

However, Terrence was getting more furious.

"Terrence..."

Alexa repeated in a threatening manner. The knife was pressed closer to her throat, and her delicate neck was hurt.

"Let my brother go!"

"Alexa, don't be silly!"

Terrence's face was livid, and he clenched his hands so tightly that their knuckles were white.

"Don't force me... Otherwise..."

"What else?"

"Otherwise, I'll die in front of you!"

"Alexa!" Keyon became more and more worried. "There will be a way. Don't be like this."

"Keyon..."

Alexa closed her eyes, tears streamed down her face.

"I can't stand it anymore. I can hardly breathe..."

"Keyon," Terrence said to Keyon with hatred, "Get away, don't you understand?"

"Terrence! You have no right..."

Keyon got closed unwillingly, his eyes filled with rage.

Keyon hated himself for not being strong enough to protect his sister!

"Keyon, hurry up and go away." Alexa calmly said, "We will meet again, we will!!"
