

Winner Takes All Chapter 1021-1030

Chapter 1030

Boom!

A loud, deafening sound.

Chen Dong clearly saw the behemoth figure in the darkness, struggling to lift the heavy iron door, which was not yet fully open, upwards with a hard arch.

With that.

“Ow-roar!”

As the lion’s roar exploded.

The behemoth, with a long leap, landed directly from the darkness, to where the lights shone.

“Hiss

When the Snowy Lion landed in the metal corridor leading to where Chen Dong was, a chilling sound resounded in the room.

All of them were so frightened and scared that even their gasps were deliberately suppressed to the faintest, fearing that a single movement would attract the attention of the Snowy Lion in the metal corridor!

Barbara was so frightened that she burrowed her face directly into Xixing’s arms, but worried about Chen Dong, she peeked out a little and quietly peered in.

Xixing’s flowery face was pale and her heart suddenly tightened into a ball at this moment.

Even if they were watching from afar, no one could ignore the overwhelmingly crushing beast king’s might!

Even the Hun King was shocked for three seconds before his gaze gradually became fiery and a fierce cold smile appeared on his face.

Chen Dong looked at the Snowy Lion at the end of the metal corridor, and at this moment, he suddenly felt a sense of despair as his feet hollowed out and he plunged straight into the abyss.

He was already trying to adjust his state, he was already prepared!

But as soon as the truly overwhelming contrast appeared, even the best preparation, even the best form, felt like it was faltering and crumbling.

In sight.

The Snowy Lion jumped out of the darkness and landed, not rushing towards him, but pacing in place, his cold lion eyes sweeping everything around him, as if he was searching for prey, or as if he was a king out of his cage, inspecting his territory.

As he paced, the space was filled with his fearful pressure, and all the beasts were silent, as if everything had fallen to death.

Even with its four feet on the ground, it was nearly two metres tall, a cut above Chen Dong's height!

The sturdy and huge body gave people a visual shock!

The snow-white fur, like satin, covered the huge body, expanding the sense of oppression even more.

The bearded hair is wild and majestic!

Such an existence, even from a distance, could feel the oppressiveness of the king's might.

What's more, there was no obstacle between Chen Dong and the Snowy Lion at this moment!

For as the Snowy Lion leapt out of the darkness, his four feet landed heavily on the floor, cracking it to pieces on the spot.

A terrifying physical intimidation, every move carried a terrifying killing power that would split one's liver and guts.

As the snowy lion paced, he could even see that the sharp claws on his four feet, sharp as if a curved battle knife, were set into the claws.

Did such a terrifying creature really exist in this world

The longer he gazed at the snowy lion, the more the confidence Chen Dong had just piled up seemed like an avalanche that was rapidly collapsing.

He was sweating profusely, and the chill entered his marrow.

Even his legs were faintly trembling while he was weak.

This great terror, born of instinct, was simply difficult to contain!

Suddenly.

The pacing Snowy Lion raised its right front paw and swung it violently at a metal tube, which was as thick as a man's leg, on the metal passage.

Bang!

The sound was like a thunderclap.

The metal tube, which was almost as thick as a man's leg, let out a sound that made people's teeth sore, and suddenly deformed.

This scene.

Chen Dong's heart was beating wildly as he watched.

Even the people present were shocked.

Immediately following.

The Snowy Lion suddenly became extremely agitated and rampant.

While pacing in place, the lion's roar reverberated in his mouth, and his sharp claws were slamming and scratching down on the metal channels around him.

Bang, bang, bang

The dead silence of the entire field, at once sounded explosive.

The metal corridor of a piece of metal fence, but also in the snow field male lion's sharp claws smashed, quickly twisted deformation.

This scene made everyone tremble with fear.

Some of the guards had even placed their hands on their hot weapons at their waists.

Faced with such an unparalleled beast, they did not even have the courage to step forward with cold weapons, only hot weapons at some distance apart could grant them a trace of courage!

"King, the Snowy Lion is agitated and violent, but doesn't seem to be interested in the Greedy Wolf?"

A guard standing beside the Hun king said apprehensively, "If we let the Snowy Lions rush out"

Not waiting for him to finish.

The Hun King then gave the guard a sidelong glance and said proudly, "The King is majestic, he would rather die than enter a prison! Such a supreme beast, proud of a hundred beasts, how could it be willing to be imprisoned here by this king?"

As a king, King Xiongnu was naturally aware of the Snowy Lion's temperament.

After a pause, King Xiong Nu raised his eyebrows and smiled, "However, this King is the King of Xiong Nu, he will definitely be able to tame this Lion King, just watch, when it is furious for a period of time and cannot get out of its trap, all its anger and fierce hostility will be poured onto Greedy Wolf, the longer the Snowy Lion struggles now, the more violent the fierce nature it will pour onto Greedy Wolf later, the more stormy and thunderous it will be!"

The guard's pupils tightened, and his expression was appalled to the extreme.

In its normal state, the Snowy Lion was already so domineering and overwhelming.

If it entered a state of rage

Sure enough.

As the Hun King's words fell.

The snowy lion inside the metal corridor had stopped attacking the metal corridor, and the thick metal around it was all twisted and deformed in a miserable way.

But the Snowy Lion, after struggling in vain, was now also slightly open its mouth, a trace of sticky saliva dripping down to the ground, the mouth was still dense with rolling hot air, the huge lion head, slowly turned its head to look at Chen Dong.

The fierce lion's eyes, however, were now filled with anger, and the orbs were covered with a dense layer of red blood.

The moment the Snowy Lion gazed at Chen Dong.

Everyone present, including Chen Dong, felt that time was silent.

The next second.

"Ow-roar!"

The lion's roar, filled with fury, exploded.

The lofty and massive body of the Snowy Lion fiercely moved its four feet and ran wildly towards Chen Dong.

As it ran wildly, the four feet landed on the ground, the earth trembled, and the loud sound shook his ears.

Chen Dong, who was standing in the cage, felt like he was facing the Snowy Lion, who was coming straight at him.

As the Snowy Lion ran wildly, it even set off a fishy, foul-smelling wind that swept through the entire Beast Fighting Cage!

“Come on!”

In a flash of lightning, Chen Dong's face steeped in fierceness, the corners of his eyes and the veins on his neck bulged out, his eyes tossed with killing intent, and his muscles even thumped up in a grave at this moment.

Even though he knew it was a dead end, he couldn't just sit there and wait for death!

Even if he died, he would die standing up, fighting to his last breath!

Clang!

The dagger in his right hand shot out a cold light.

“Dagger? Shying Star?”

The Hun King's face changed as he cast a sidelong glance at Xixing, who was already pale to the core by now, but then shook his head and returned his gaze to the beast fighting cage.

As the Snowy Lion rapidly approached, the contrast between the stature of one man and one beast came to the fore!

Chen Dong's body was not so sturdy as to explode, but after a long period of devil training, his body was still strong.

But even though he was still some distance away from the Snowy Lion, Chen Dong's figure looked small and weak compared to the Snowy Lion.

“So what if it's a dagger? Even if you, Demon Lady, gave him a gun, a Dragon Rider Battle Sword of the Great Snow Dragon Riding Army, he would be a certain death!”

The Hun King narrowed his eyes and smiled disdainfully, "Overrate the tree without measuring yourself, it's just a mantis"

Chapter 1022

Boom!

Boom!

Boom!

.....

Inside the deadly silent fighting cage, the Snowy Lion charged towards Chen Dong at breakneck speed.

At this moment, the sound of footsteps shook the earth.

The Lion King's mighty pressure swept across the entire field.

Terror, tension, resignation

All kinds of emotions haunted Chen Dong's entire body.

Chen Dong's eyes and neck were bulging with veins, and his muscles were thumping and ready to strike.

His gaze, however, was like that of a hunting falcon, unblinkingly staring deadly at the snowy lion that was getting closer and closer.

The chance may only come once!

To live to die!

And outside the fighting cage, everyone closed their breathing tightly and watched the scene in horror.

Only the Hun King had a disdainful smile on his face.

This was a deadly fight without suspense!

In his mind, the final outcome was in no doubt!

It was nothing more than enjoying a bloody tearing and devouring.

Rumble!

When the Snowy Lion burst out of the metal passage and into the fighting cage, it was as if space opened up, and its head, which had been slightly bent down, was once again raised a notch, and the terrifying oppression, which was like a mountain moving sideways, rose again by a large margin.

Without stopping, the Snowy Lion opened its bloody mouth, revealing its fangs, and charged directly towards Chen Dong.

“Come on!”

In the nick of time, Chen Dong, who had already built up his momentum to the utmost, let out an explosive roar, clutching his dagger tightly, and charged directly towards the Snowy Region Male Lion.

This scene.

Everyone’s pupils tightened as they watched.

My God!

This madman, when facing the Snowy Lion, actually had the guts to face up to it?

It was simply crazy beyond belief!

“Greedy Wolf

Shy Xing hugged Barbarian tightly, and Barbarian also hugged Shy Xing tightly.

At this moment, a large and a small two people, as if they were cheering for each other.

Barbara was even biting her lips tightly, forcing her eyes to be full of tears.

“Ow-roar!”

With an explosive roar from the Snowy Lion, its huge front paw, like a titanic mountain pressing down on top of it, brazenly slapped down towards Chen Dong who was close at hand.

The wind howled.

Chen Dong even felt that the top of his head had fiercely darkened.

“Ah!”

When he felt the Snowy Lion's sharp claws slap down, Chen Dong used all his strength and stomped his feet onto the ground, directly shooting out in the air as if a cannonball was discharged.

Wow!

The crowd was in an uproar and shouts of shock echoed.

Boom!

The snowy lion's sharp claws shattered the ground, sending smoke and dust everywhere.

The moment the Snowy Lion's claws landed on the ground, he also appeared in front of the Snowy Lion, his body bowed fiercely and the dagger in his hand sliced directly across the Snowy Lion's neck.

Poof

The moment the dagger cut into the Snowy Stallion's neck, a strong feeling of resistance was transmitted along the dagger to Chen Dong's hand.

"Damn!"

Chen Dong was instantly shaken to his core.

The dagger cut into the neck of the snowy lion, giving him the feeling of cutting into thick rubber, but it was only able to cut!

This is simply not enough to kill!

It didn't even break the Snowy Lion's defenses!

"Ow!"

Noticing the pain on his neck, the Snowy Stallion suddenly let out an angry roar.

Not waiting for Chen Dong to use his forward inertia to make the dagger inflict more damage on the Snowy Stallion's neck.

Boom!

Chen Dong's body suddenly stiffened as the howling wind sounded behind him, causing him to instantly lose his mind.

There was no time to dodge!

There was no way to dodge!

Bang!

Almost instantly, Chen Dong felt as if his back had been rammed by a speeding locomotive, and a sharp pain that tore through his flesh instantly swept through his body, and he flew backwards in the air.

Boom, boom, boom!

Chen Dong crashed heavily against the metal bars of the fighting cage and fell to the ground.

Upon landing, Chen Dong spurted out a large mouthful of blood, staining the beast's robe on his chest red.

But he didn't dare to slow down, so he raised his hand and grabbed the gap in the bars, using his strength to quickly get up.

Pain!

A huge pain!

It wasn't just the pain of his internal organs being shaken and tossed about.

It was also the pain of the flesh on his back being torn, which was like burning.

The Snowy Lion's claw had not only shaken his internal organs, but the sharp claws had also directly torn several bloody slashes on his back.

Even, if it wasn't for the angle just now.

Chen Dong had no doubt that this claw would have been enough to tear him into several pieces!

Even if he wasn't torn apart to the bone and flesh, it was probably just a layer of skin attached!

"Greedy Wolf!"

"Uncle!"

Xixing and Barbara screamed in fear at the same time.

"Don't come over!"

Chen Dong bowed slightly and let out a roar, his eyes narrowed into slits as a cold aura exploded, yet he was always locked on the opposite Snowy Lion.

He did not dare to be the slightest bit careless and was fully focused on the Snowy Lion on the opposite side.

This was a battle where the disparity was so great that it was desperate.

So great that it was a world apart, a difference of clouds and mud!

In just one encounter, a single swing of the Snowy Lion's claws left him seriously injured.

Careful what you wish for and you'll still be alive!

Whether it was size or strength, the two sides were simply not on the same level!

If it wasn't for luck just now, with a single swing of the Snowy Lion's claw, the outcome of the battle would have been known!

After slapping Chen Dong away with one claw.

The Snowy Lion did not attack immediately.

Instead, it stopped where it was, tilted its head sideways and stretched out its scarlet tongue, licking the wound on its neck, as well as the blood stains stained on its long snow-white fur.

The small dagger did not even cut its skin, and only a little blood flowed out, which was not serious to the Snowy Lion.

But, as a lion king, the king has his own majesty.

It may not allow its snow-white fur to be stained with blood.

The actual fact is that this is a very small human being, not even a little bit of caution, so you can lick your wounds and blood with such ease.

Tick tick

As time passed, Chen Dong's face always showed a painful look, and the lacerations on his back were dripping blood onto the ground.

Xixing and Barbara looked pale with pain and horror.

All those present were also silent and scared to death.

In their vision, they could clearly see three hideous wounds spread across Chen Dong's back, the skin and flesh turned outwards, and the blood-red flesh was flowing and staining the ground with blood.

The shock of blood made everyone's scalp tingle.

Even if these guards, all of whom were the best in the Hun army and had spent years in battle, could not help but smack their lips at the wounds on Chen Dong's back.

If it were an ordinary man, with such a serious wound, he might have lost his fighting ability long ago!

But the man in the fighting cage was still standing at this moment, even fully focused and ready to fight, a will to fight that was so terrifying that it sent chills down the spines of these guards.

"Actually not dead?"

The Hun King was also in the same state of shock, what he had expected, or Chen Dong being killed by a single blow from the Snowy Male Lion!

After all, when the Snowy Lion had been captured, the Snowy Lion had killed all the Huns, but to all the Huns, all beings were equal and killed in one blow!

Finally.

The Snowy Lion that was licking its white fur stopped and slowly raised its head, its eyes full of anger, staring at Chen Dong angrily.

It seemed to be angry at this mole-like human who had defiled its white fur.

The next second.

"Ow roar!"

The Snowy Lion suddenly opened its bloody mouth, and a heaven-shattering roar exploded in this side of the world.

Clanging

In an instant, the guards, who were already tense, were shocked by this roar, some even dropped the weapons in their hands, and some guards even fell limp on the ground on the spot!

Winner Takes All Chapter 1023-1024

Chapter 1023

With a roar from the Snowy Lion.

Outside the fighting cage, there was wreckage everywhere.

And inside the fighting cage.

Boom!

The Snowy Lion shattered the floor and leapt up in a single bound, directly pouncing towards Chen Dong.

The momentum of a tarzan crushing the ground was vast.

The bloodthirsty rage was overwhelming.

The wild wind howled.

Chen Dong's body swayed violently and a fishy odour instantly poured in between his mouth and nose.

His eyes were glued to the sky.

He looked at the snowy lion that was pouncing brazenly in the sky.

Run!

There was no other way but to escape!

In an instant, a decision was made in Chen Dong's mind.

He had the will to fight to his last breath deep into a deadly situation.

But he was not a reckless crossbreed who only knew how to fight to the death.

Given the disparity in strength, there was no other way but to delay and look for an opportunity.

If he fought hard, he would only die on the spot.

Even though he was prepared to die, he was not willing to die in his second fight with the Snowy Lion.

The moment the Snowy Lion came to his head.

At the same time, he stomped back with his right foot, using the metal bars of the fighting cage to give a fierce push, and shot out like an arrow from a string.

Bang!

Behind him, the Snowy Lion landed so hard that the ground crumbled, sending up a terrifying aura.

The terrifying Qi swept over Chen Dong's body, instantly causing the wound on Chen Dong's back to feel as if it was bitten by a million ants, and directly caused Chen Dong to lose his balance, and he was directly shaken by the Qi and fell to the ground, rolling around several times.

Bang!

Before he could stabilise himself, Chen Dong slapped his palm on the ground, stopping his tumbling momentum with the strength of one arm.

At the same time, he stomped the ground with his feet and, without looking around, relied entirely on his instincts to scamper a distance in another direction.

When he landed, he looked back and saw that the Snowy Lion had already appeared at the spot where he had just tumbled, and the Snowy Lion's huge eyes were obviously a little stunned.

Chen Dong did not stop and leapt out when the Snow Lion moved his paws.

He did not dare to stop, and could only rely on constantly moving his position to stay alive.

If he stopped for a moment, once the Snow Lion pounced on him, he would be killed in one blow!

In his current state, every time he struggled to run, his back was stretched with a huge pain that went straight to the marrow of his bones.

Not to mention that Chen Dong had never doubted the hunting ability of this kingly beast of the snowy plains!

Staying too long would only create the most perfect time for the snowy lion to pounce!

"Calm calm only absolute calmness can spy a ray of life in the midst of absolute death, no chaos, one chaos is death"

In the midst of exhaustion, even though the wound on his back hurt into his bones, but Chen Dong's expression remained cold all the time, only occasionally pulling the

corners of his mouth and eyes because of the huge pain, while his gaze, however, was a flicker of essence, as if flames were turning over.

While his battle intent was raging, he never looked the least bit flustered!

Because of Chen Dong's rapid escape, even the Snowy Lion was tired of chasing after him, and every time he built up his momentum to lunge, he fell short.

One fled, the other chased.

Inside the cage, the man and the beast were chasing each other, and the Snow Lion was constantly roaring in anger.

Outside the cage, everyone was dumbfounded, their minds blank as they watched the close calls inside the cage.

No one could have imagined that a game of certain death would turn into a hunt to the death!

No one could have imagined that a man could be so tough and tenacious in a situation where he would die.

In the eyes of the crowd, the Chen Dong in the cage could no longer be described as a wretched mess.

It could even be described as being like a stray dog on the street, using all his strength and recklessness as he prayed for his life.

But, it was such extreme wretchedness that did indeed make this deadly battle, a long and stagnant one.

“So strong, Heavenly Wolf is on top, worthy of being a Snowy Plains Junk who could enter the Heavenly Wolf Academy, such a will to fight is truly too terrifying!”

“If it were me, perhaps, perhaps even if I survived the first paw of the Snowy Field Lions, the latter, I would already be desperate enough to wait for death, but he is still desperate to live!”

“Not just the will to fight, you see his escape route, although haphazard, but his eyes are always firm, no panic, and even several times I feel like he predicted where the snowy lion pounced, terminated the forward route in advance and changed direction, this combat instinct, if not against the snowy lion, but fighting with people, it is estimated that estimate are able to ignore a cut-off strength gap, right?”

.....

A group of guards, at this time gazing at the incredible scene within the fighting cage, have been unable to contain, horrified to discuss up.

And listening to the crowd's chatter.

The Hun king's face was as gloomy as black charcoal, gritting his teeth and gnashing his teeth, his tiger's eyes swelling with depression.

Quietly.

His hands clenched into fists and clicked.

"Gryphons seeking survival? Is that how desperate you are? Why waste time when you are doomed to die?"

The Hun King murmured softly, his voice sounding as if he was squeezing it out of his teeth with all his might.

And on the other side.

Shying and Barbara were both pale, terrified and nervous as they watched the desperate scene in the beast fighting cage.

"Uncle aunt, please find a way to save uncle."

Barbara clung to Xixing with both hands and begged bitterly, "Auntie, why don't you let me go and replace uncle? Barbara no longer has a home, Barbara is willing to go to heaven to be with her father, mother and brother"

Xixing's delicate body trembled.

At this moment, there was no more panic or nervousness on the pale and stunning face.

She gritted her teeth and said firmly, "Barbara, Uncle is Auntie's husband, Auntie will definitely save him!"

She said.

She was the one who carried Barbara and quickly walked to the Hun King.

Sensing Xixing approaching, the Hun King laughed disdainfully, "Demon Lady, the sharp sword you are looking for down south is no more than that, facing the Snowy Lion, he is still struggling for his life and is in a mess like a dead dog, since he is that strong, why don't you let him kill the Snowy Lion?"

The strong teasing, at this moment, made the Hun King's chest incomparably smug.

However.

The words had not yet ended.

There was a poof!

Xixing directly knelt down on both knees, her beautiful eyes instantly filled with tears, banging her head on the ground, tearfully crying and begging, "Father, please, let Greedy Wolf go, my daughter has begged you for two things in her life, the first one is to order all the clans to join forces on my daughter's behalf, the second daughter begs you to let Greedy Wolf go! "

Almost at the same time.

A barbarian also knelt in front of the Hun king, crying pearly tears, head more than a smash on the floor.

Bang Bang Bang

"Great King Xiong Nu, please spare Uncle Barbarian, Uncle has misbehaved, Barbarian is willing to take Uncle's place in the fighting cage, I beg King Xiong Nu's grace to allow it!"

A series of kowtowing was soon causing Barbarian's forehead to be stained with blood, pitiful to the extreme.

Boom!

A sudden scene.

It was like an explosion of thunder, instantly causing the Hun King to freeze, and causing everyone present to look over in horror.

Looking at the large and small ones kneeling on the ground, everyone but ignored Barbara and instead stared at Xixing in horror.

When did the demon lady humble herself to such a degree?

Chapter 1024

As the princess of the Huns, the jewel in the palm of the King of the Huns.

From the moment she was born, Xixing was surrounded by stars and starlight.

Even if she wanted the star Sirius in the night sky, the King of Xiongnu would find a way to satisfy her.

In everyone's eyes, Xixing was the pride of the heavens, a woman who was loved by all, and there was never a time when she was so humble.

What's more, it was for a man!

If word of this scene got out, it would definitely shock the whole Great Snowy Plain, and even the clan leaders would be stunned and dumbfounded.

The pride of heaven, whom they treated like a wolf, was now kneeling down several times for a man, humbly begging?

This is simply sensational!

The Hun king's gaze was dumbfounded as he looked at Xixing on the ground, his eyes were red.

At this moment, it was as if the chest cavity was piled up with depressed qi, blocking it, and his voice was hoarse as he scolded, "Demoness I am your father!"

At these words, the faces of the people present also swooned and changed greatly.

It was clear to everyone that the man in the fighting cage, the reason why he ended up in his present state, was because he had just threatened to provoke the King of Huns in public.

The King's majesty is not to be desecrated!

To threaten the life of the King of Xiongnu was a great calamity, even if it was to be punished by the nine clans.

It was because of Xixing's pleading that the scene in the cage now came about.

But now, in the cage, that arrogant man, who knew not what he was doing, was in a stalemate with the Snowy Lion, but no one doubted the final outcome.

On the contrary, Xixing once again begged the Hun King?

This is nothing short of disobedience!

To disregard the love between father and daughter!

Was that man really worth the cost to Shying?

Faced with the King's hoarse question, Xixing's eyes filled with tears and her red lips trembled as she said, "But he really can't die in the cage, I hope father will think of the bigger picture!"

After saying this, Xixing slowly leaned down and knocked her head on the ground.

This scene caused the crowd's eyes to widen to the extreme, and their eyeballs were about to fall to the ground.

Crazy!

It was insane!

Such a big thing, not to mention the high and mighty King of the Huns, even an ordinary man could be magnanimous enough to forgive after being threatened with his life!

On the contrary, in the eyes of everyone, the Hun King was merely upholding his kingly majesty as a matter of common sense, yet he was stopped so decisively by his own daughter, which was simply ridiculous!

"Xixing, do you think that because the king has pampered you too much since you were a child, you think that the king has no bottom line in front of you and can do whatever you want, when you want it?"

The Hun King's eyes were wide with anger and his body was trembling, his heart was like a knife and his body was like oil cooking at this moment.

Rage.

The ultimate rage.

It was as if a volcano had built up in his chest and was about to burst out in a fury at this moment.

He was the King of the Xiongnu!

The supreme ruler of Xiongnu, above all others.

The majesty of a king is not to be desecrated.

This is the majesty that has been built up over thousands of years in Xiongnu, the absolute arrogance that has been put on generations of Xiongnu kings.

If the majesty of the king can be desecrated at will, then what is the meaning of the existence of the Xiongnu king?

An inlander had touched his boundaries.

Now his own daughter wanted him to lower his limits for the sake of an inlander, this was like tearing his scales!

A dragon's scales will kill him if he touches them.

The king's scales will also kill him if he touches them!

"Father, please father, promise Xixing"

Xixing prostrated himself on the ground and pressed his head against the floor, oblivious to the mind and tone of the Hun king.

At this moment, no one was paying attention to the life and death chase in the fighting cage anymore.

Everyone's eyes were on the Hun King and Shying Xing.

The air seemed to freeze completely, suffocating people to the extreme.

One by one, the guards were even more chilled and frightened, their scalps exploding.

The tit-for-tat between father and daughter, and with such a stalemate about Xiongnu's majesty, the slightest slip of the tongue and a single shock of the King of Xiongnu's anger would be enough to bring them, the guards, into the fray.

But.

Only one person did not know how dangerous the situation really was.

That was Barbara!

Barbara's little pink face was already brimming with tears as she whimpered and sobbed.

After taking a look at Xixing, who was kneeling and kowtowing, Barbara knelt down and moved forward, crying while approaching the Hun king, while whimpering and praying: "Woooooooooooo great Hun king, please, please let uncle go, as long as you can let uncle go, Barbara is willing to go in for uncle to come out of the whimpering"

The Hun King's eyebrows were knitted, and his sullen, hidden fierce face showed a strong impatience.

He suddenly felt very noisy.

The scales had been touched, and he was already irritated to the extreme himself.

Now the whimpering and crying sounded like a million sharp needles stabbing him in the eardrums.

But the Hun King paid no attention, still staring deadly at Xixing on the ground: "Raise your head!"

The voice was low, but it smacked of determination.

Xixing's delicate body trembled and she slowly lifted her head.

As she did so, two lines of tears covered her beautiful face.

This scene made the Hun King's heart cringe even more, and that indescribable pain became more and more fierce.

"Good, good, good!"

A series of three good words spat out from the King of Xiongnu's mouth through clenched teeth, the King of Xiongnu's body swayed and staggered back: "O demon mother ever since you were ten years old, the King has never seen you cry once again, finally ah, finally after this ten years, I see you crying again, good, really good, the King has worked so hard The daughter that the king has worked so hard to raise and treat like a pearl, now that she has grown to adulthood, she has started to push her father back at all costs for the sake of an inlander, haha hahaha"

The sound of laughter echoed in everyone's ears.

Yet it contained endless pain and self-deprecation.

The crowd was in a state of horror.

The next second.

The smile on the Hun King's face abruptly disappeared and was replaced by no longer the slightest suppression of majestic anger.

"This is not only the majestic face of the king, but also the majesty of the king and the face of the king that Xiongnu has accumulated for thousands of years. The king will never accede to your unreasonable plea, even if you force him to do so with your life!"

The voice burst out in anger, resounding and resolute to the point that no one could refute it.

But.

Clang!

The cold light was bitterly cold.

With a speed so fast that no one could react, Shying turned around and drew the battle sword on the guard beside her, and then, with determination on her stunning face, the battle sword in her hand slashed brazenly towards her thigh.

Poof!

Blood splattered.

Shying's stunningly beautiful face even revealed a painful look.

"Princess!"

"Demon Lady!"

The sudden scene caused everyone present to turn pale and terrified.

Even the thunderous and furious King Xiongnu, who had not expected this, was now showing a look of fear and heartache.

"Father, my daughter's life, and his life, are tied together!"

Blood gurgled from her thighs, but Xixing looked determined as she slowly crossed her blood-stained sword in front of her neck: "If he dies, I die, if he lives, I live!"

The Hun King's body shook and he was completely frozen, his face only filled with shock and disbelief.

And all the guards present, moreover, with these words of Xixing, prostrated to the ground in unison, trembling.

"Auntie"

Barbara was so frightened that her pretty face turned white and her cries grew louder: "Woooooooooooooooooooo, King Hun, please, woooooooooooooooooooo, Aunty is already like this, please let my uncle go... ..oooooooooooo"

The cries and howls echoed in the frozen King Hun's ears, causing the King Hun to be annoyed and his mind to churn as if it were lava.

A pair of angry eyes, moreover, were quickly covered in scarlet.

"It's noisy, it's annoying, you're simply noisy!"

The Hun King stepped forward, and with a scream from Barbara, he lifted her straight into the air.

“Father!”

Shying’s face turned pale with fear and she immediately tried to stop it, but the tremendous pain in her thigh made her just about to stand up, and immediately her features twisted again and she fell to the ground with a poof.

At this moment, the Hun King was as angry as he could be, so angry that he was mad.

His eyes were scarlet red and he stared at Barbara with endless madness and ferocity, “If you want to die so badly, then go and die and feed the snow lions with that man!”

Winner Takes All Chapter 1025-1026

Chapter 1025

Ah~”

Barbara was completely dumbfounded, held high in the air by the Hun King, screaming in terror and struggling desperately.

But, how could a thin and frail body match the strength of the Hun King?

“Die if you want to die, if you want to die so badly, then go inside for me, and I will send you inside myself!”

The Hun King was full of fierce madness, holding up the desperately struggling Ah Barbarian with both hands, and striding towards the beast fighting cage.

“Ah Barbarian!”

She tried to get up to stop it, but the slash on her thigh made it difficult for her to even stand up at this moment.

In a panic of fear and panic, Xixing hurriedly turned her head and barked at the guards who were prostrate on the ground, “Save her, save Ah Barbara, go and stop my father!”

Only.

But... the order was not answered.

Not only did the guards present remain indifferent, but one by one they pressed their bodies even lower.

In the outer world, where slaves still existed, the system of the hundred tribes was almost feudal, and the king was like the gods, with the most supreme power.

The king wanted his subjects dead, and they had to die.

When the king kills a man, who dares to stop him?

Even though the guards present were aware that the Hun king was acting like a madman, no one dared to stop him!

“Auntie, Auntie

Barbara, who was struggling in vain, was full of fear at this moment, and hissed as she stretched out her right hand towards Xixing, begging for help.

Shying’s face was pale and her heart was beating wildly.

At this moment, she too could hardly contain her tears, crying and wailing, “Father, let her go, she is still just a child

While wailing, Xixing struggled to get up.

Pestling his battle sword to the ground, he forced himself to his feet, ignoring the blood running down his thighs, and stumbled but firmly towards the Hun King and Barbarian in pursuit.

“Spare? The child?”

The Hun King kept on his feet, the mad fierceness on his face growing thicker and thicker, pulling at the corners of his mouth and snorting, “I, the Hun King, want to kill, what do I care if she is a child?”

As he spoke, the Hun King had already stopped at the entrance of the fighting cage with a dragon stride.

At the same time, inside the fighting cage, Chen Dong, who was tired of fleeing for his life, also noticed the Hun King and Barbara.

“Ah Barbara!”

In an instant, Chen Dong’s entire body exploded in shock, his jealousy splitting and his hostility rising.

After a moment of dumbfoundedness, Chen Dong’s face instantly tumbled with anger, his features fierce while the veins at the corners of his eyes and neck bulged out.

“Let her go, give me

While running away to avoid the snowy lion, Chen Dong burst out a roar like a beast's roar.

"Let go of her? Who is this king to be driven by you? In this Hun territory, no one can drive me!"

The Hun King's face flopped wildly as he violently raised his hands, pushing the struggling and fearful Barbara straight into the door of the beast fighting cage.

There was a thud!

A scream of misery from Barbarian echoed at the same time.

"Father!"

"Barbarian!"

Xixing and Chen Dong shouted at the same time.

But the Hun King ignored them, fiercely grabbed Barbara's neck with one hand, and looked at Chen Dong in the cage with fierce fury: "The King kills you and this child just like crushing an ant. You think that because of my daughter, you are above this king?"

"Barbara!"

Chen Dong's jealousy cracked as he looked at Barbarian, who was being choked by the Hun King and held against the beast cage, and his movements all gave a lurch.

"Watch out!"

Almost at the same time, Xixing let out a fierce blast.

Chen Dong's face changed drastically and his feet stomped the ground brazenly, directly moving out sideways towards the side.

Boom!

Just as he moved out, the huge body of the Snowy Lion fell like a meteorite and landed with a bang on the spot where he was standing before.

The ground cracked inch by inch, and the terrifying impact set off a gust of wind that swept out in all directions.

Chen Dong was pushed by the wind and lost his balance, staggering and tumbling out.

Without waiting for the tumbling momentum to stop, Chen Dong slammed his palm on the ground, forcibly stopping the tumbling momentum, while bracing his hands on the ground and leaping out in the other direction.

Boom!

The Snowy Lion once again landed not far from where he had just tumbled.

“Ow-roar!”

The Snowy Lion was furious as he fell short again.

As the king of all beasts, the prey in front of him had already worn out his patience by running away and making him pounce time and time again.

When it landed again and missed, the Snowy Lion did not chase after Chen Dong again with a roar.

Instead, it raised its majestic lion's head and locked its gaze on Barbarian, who was being held against the door of the beast fighting cage by the King of Huns, in a flash.

The next second.

The Snowy Male Lion pounced directly towards Barbarian outside the fighting cage door.

After dodging the Snowy Male Lion's lunge once again, Chen Dong did not wait for the Snowy Male Lion's next lunge, he could not help but turn back in shock, and when he did, he saw that the Snowy Male Lion was heading towards Barbarian.

Boom!

Chen Dong's body shook violently as a thunderclap exploded in his mind.

At the same time.

The Hun King stood madly and hideously at the entrance of the beast fighting cage, his right hand was like an iron vise, strangling Barbara's neck and slowly applying force.

“Uncle uncle”

The barbarian instinctively struggled, hands and feet scratching and stirring, but the strength and the Hun king is simply a world apart, can not break free.

Instead, as the Hun King's right hand slowly exerted force, a strong sense of suffocation, swept away.

Barbara opened her mouth wide and cried out while desperately trying to breathe.

But it was still like drowning, the air in his lungs being rapidly squeezed out, but it was difficult to draw in fresh air.

Her face was gradually turning white, her lips were turning purple and her consciousness was rapidly blurring.

Even the struggle of his arms and legs was getting smaller and smaller.

At this moment, time seemed to be slowed down inside this beast-fighting fortress.

The Hun King alone was in charge of the whole scene, and his right hand was slowly applying force to Barbara's neck.

The guards were all prostrate on the ground, trembling.

From her angle, she could just see Barbara's face, the quick pale face and purple lips, and for a moment, her mind went blank and her body felt like a knife.

The snowy lion gave up on Chen Dong as a target and also ran quickly and wildly towards Barbara.

Chen Dong was left standing in place.

He could not see Barbarian's face, but he could make out Barbarian's arms and legs, which were swinging more and more slowly, like black clouds above the sky, rapidly pressing down on top of his head.

This made Chen Dong feel like the sky was falling, and his whole body was in a trance of fear.

In his mind, however, it was as if electricity was passing through him, and a scene of being with Barbara and Barbara's brother quickly came to mind.

He had been dug out of the snow by the slave caravan, but he had survived under the shelter of Barbara and Barbara's brother.

The two children, relying on their frail bodies, survived the desperate situation by shielding him hard.

Barbara's brother, for his sake and Barbara's, had died a horrible death in the streets the night he escaped the nightmare of slavery.

He remembered the words Barbara's brother had said when he had shoved the blood-stained crumbled cake into his hand.

“Your life, my sister saved, please don’t, don’t leave her behind, take her, well, live”

These words were spoken at the time when Barbara’s brother was on his deathbed.

Yet at this moment, it was like a shocking thunderstorm, booming in Chen Dong’s mind.

Everything, as these words surfaced in his mind, all became fast.

Chen Dong’s eyes steeply narrowed into slits, his killing intent blazing, his body even more blood boiling.

“No one, can hurt Barbara, I want to bring her to life!”

Bang Teen!

Chen Dong’s feet fiercely stomped the ground, his momentum was like wild thunder, and he dashed towards the Snowy Lion with determination.

“Even if there are mountains of corpses and blood, and heavenly dangers ahead, for Barbara’s sake, I have to go forward!”

Chapter 1026

Snowy Lion, come on!”

Inside the beast fighting cage, Chen Dong’s roar shattered time that seemed to be slowed down.

Whoosh!

As he roared, Chen Dong dashed towards the Snowy Region Lion without fear of life or death, while the dagger in his hand, directly broke through the air and shot at the Snowy Region Lion.

“Eh?!”

The sudden scene caused a few moments of clarity to fiercely return to the Hun King’s crazed and bloodthirsty eyes.

He looked in shock at Chen Dong, who was running wildly towards the Snowy Male Lion after the Snowy Male Lion, and inexplicably, his heart suddenly throbbed.

Was there suddenly such a great blood courage?

“Greedy Wolf”

Xixing, who was approaching towards King Hun and Barbarian, was also completely frozen when he saw the scene in the beast fighting cage.

This was the first time, after Chen Dong had been chased by the Snowy Lion for so long and fled for his life, that he had actually met the Snowy Lion head on.

The reason for Barbara?

Xixing's gaze drifted and her heart seemed to stop beating for a few beats.

A man, for the sake of a child, so unhesitatingly choose to meet death?

Boom!

The dagger that broke through the air stabbed the Snowy Lion in the side, penetrating a few points and bringing up a cluster of blood splashes.

"Ow!"

The Snowy Lion stopped dead in its tracks and roared in pain.

Its huge body shook violently, sending the shallowly penetrating dagger crashing to the ground.

At the same time, it turned back in anger, but its eyes glowed with a sharp look.

In its sight, the prey that it had been pouncing on but could not get, was now charging towards it.

This caused the Snowy Male Lion to instantly drop all of its attention on Chen Dong and ignore Barbarian at the entrance of the beast fighting cage.

"Come on, your prey is me, don't you want to eat me? Then get me killed and feast on me!"

At this moment, Chen Dong's expression was cold and stern, his eyes full of determination, and even though he was locked by the gaze of the Snowy Region Lion, his wild running steps did not slow down a single bit.

This was the only way he could save Barbara outside the door of the fighting cage.

For he knew clearly that the Hun King dominated everything, even if he was deliberately dodging after attracting the attention of the Snowy Lion.

But as long as the Hun King had a stranglehold on Barbara in his hands, he could force him into submission again and again.

His counterweight is Barbara!

Although he had lost his memory, he was still clear that a great man stands between heaven and earth, a promise is like a mountain.

This was what he had promised Barbara's brother when he was on his deathbed.

His life was also given by Barbara and Barbara's brother, or rather, it was Barbara's brother's death that brought back his life.

If he really had to give up this life today in order to save Barbara, he would not hesitate to do so.

“Ow-roar!”

The ferocious aura in the Snowy Lion's eyes burst out abruptly.

In the next second, his four paws fiercely propped up the ground, and his huge body, with a fishy wind, rushed directly towards Chen Dong as if it were a tarzan moving across the ground.

Chen Dong, on the other hand, was also in a determined stance to die, and his speed increased instead of decreasing, like an arrow off the string.

“Heh

The corner of the Hun King's mouth pulled, and his right hand, which was strangling Barbara's neck, slowly relaxed some of its force.

Getting the slightest hint of rarefied air rushing into his lungs, Barbara's consciousness suddenly regained some, just a little.

His arms and legs were no longer struggling and swinging, and his eyes were closed.

It was only the purple lips that murmured softly, “Uncle

“Greedy Wolf!”

Xixing's teary eyes looked at the miserable and decisive scene of the fighting cage.

In her opinion, Chen Dong had rushed straight towards the Snowy Lion, completely seeking death on his own in order to save Barbara.

He was simply no match for the Snowy Lion!

This was simply a desperate, and unsuspecting battle!

In a flash of lightning.

Dang jang

The battle sword in Xie Xing's hand slipped to the ground.

With a poof, Xixing knelt on both knees, teary-eyed and pearly-eyed as she begged the Hun King not far away, "Father, how, how on earth can you spare Greedy Wolf and Barbarian? Demon Mother, can give everything!"

It was clear that she was crying and pleading, but when it fell on the King of Xiongnu's ears, it was like a needle and a knife cutting.

He was the King of the Huns!

The daughter he had doted on and held in the palm of his hand had done all this today, all of which had swept away his majesty and made his heart cut like a knife, cold as ice.

Shame!

Anger!

Even to the point of losing his mind and becoming mad.

Never before had he wanted to kill a man so badly at this moment!

"My king, as long as he dies!"

The Hun King did not even turn his head back, his gaze fixed deadly on the scene in the fighting cage, and decisively squeezed out a sentence from between his teeth.

Shy Xing completely went limp on the ground, pearly, her shellfish teeth clenching her red lips, forcing back her sobs, but her teary eyes were staring intently at Chen Dong in the fighting cage.

Is there really no way out?

Since childhood, she has never experienced this kind of helplessness and despair at this time.

Proud as she was, the first time she was in such a state was no less than the sky falling!

"There is a chance, there must be another chance!"

As Chen Dong rushed towards the Snowy Lion, he was still constantly admonishing himself in his heart, "If you are still, you will live, if you are chaotic, you will die."

Even he himself was not sure why he was in such a state.

It was as if there was an inexplicable thought in his mind that was always controlling him, keeping him calm and collected.

In a flash of lightning.

A man and a beast were already close at hand.

A sharp aura burst out of Chen Dong's eyes.

As the Snowy Lion swung its right front paw, his legs lashed out and he directly lunged forward, using the inertia of his wild run, his chest beast robe pressed against the ground, directly and narrowly avoiding the falling paw of the Snowy Lion and sliding underneath it.

In a snap of his fingers, Chen Dong tugged on the white fur on the Snowy Lion's abdomen with both hands, then with a knee strike, he thumped the Snowy Lion's belly, and with a wail from the Snowy Lion, his hands and feet fired at the same time, instantly pulling himself out from under the Snowy Lion's abdomen and quickly backing up towards the Snowy Lion's side, pulling away.

The abdomen is the softest part of the animal, and also the biggest fatal point.

At this moment, this was the only way Chen Dong could think of to traumatise the Snowy Lion!

Apart from trading his own death for Barbara's life, the last resort, that was for him to beat the Snowy Lion to death!

And this kick had indeed done its damage.

As Chen Dong drew back and flew back, the Snowy Male Lion's wailing did not come to an abrupt end, and its huge body trembled and twitched violently because its abdomen had been hit.

And this scene.

The only people who saw this outside the beast fighting cage were the Hun King and Xixing, both of whom had their hearts and souls shaken.

Is this all still able to fight back?

The king of the Huns, in particular, had hostility in his eyes, and while he was shocked, his anger was skyrocketing like a rocket.

The scene just now was like a heavy hammer hitting his heart hard.

Judging from his martial arts realm, what Chen Dong had done just now could already be described as the highest level!

Every inch of it had been grasped to the extreme, with the intention of killing him before he could live!

But at such a cost, the consequence could be that the slightest mistake would mean that there would be no life after death!

When ordinary people face the Snowy Lion, they would have already been scared and frozen in fear.

Anyone who could face such a ferocious beast and still have the will to fight was already a man of strong will.

To be able to do what Chen Dong did, to fight like a trapped beast in a situation of certain death, to show a desperate counterattack when he was threatened with death.

Even if the Hun King had seen countless people, in his entire life, he was the only one in the cage to have done so!

However, the Hun King no longer had the heart to care about all this!

The so-called genius, when it offends the king's majesty, becomes no longer precious, and death is the final destination.

"What I want is not for you to resist, but for you to die!"

The Hun king murmured fiercely, then snarled in anger, "The king wants you to die, you must die, if you don't die, then this girl's neck, the king will immediately break her neck!"

Winner Takes All Chapter 1027-1028

Chapter 1027

The threatening and angry rebuke sounded as if it was a life-threatening Sanskrit sound.

In an instant, it drove Chen Dong to a point where he had no way out.

His expression was cold and stern, hostility tumbling in his eyes.

The Hun King's words had even cut off the deadly solution of beating the Snow Lion to death in order to obtain a reversal.

What to do?

What the hell should I do?

The first thing you need to do is to take a look at the king of the Huns.

That face, full of fierce anger, was engraved into his eyes.

It only lingered for a moment before Chen Dong dropped his gaze to Barbara.

That delicate and thin back made Chen Dong's heart toss and turn in huge waves at that moment.

A sourness ran through his nostrils.

The bloodshot eyes were even dense with fog.

"Greedy Wolf"

Xixing was lost in thought at this moment, as if his three souls and seven bodies had all left his body.

That unprecedented sense of frustration made her nearly faint at this point.

But she was still holding on, holding on strong to see the final outcome.

Her father's determination had killed all her hopes.

It was clear to her that only one outcome awaited the man before her.

And her plan to unite the Hundred Clans would be put on hold once again with the man buried in the lion's mouth.

Anger, resentment, grumbling, resignation

All sorts of emotions, like a haze from the sky, enveloped Xixing.

She couldn't let go of the man in front of her, and she resented her father for being too small-minded and short-sighted.

The wolves have blessed her, and the gods have personally delivered such a great star to her, but because of a few threatening words, she wants to kill him in order to maintain the majesty of the Xiongnu king she is?

This is ridiculous!

The so-called king's majesty, in Xie Xing's opinion, was the Xiongnu in its heyday thousands of years ago, when the Xiongnu was trampling on the snowy plains and crushing all the tribes.

The years have gone by, and in the course of time the Xiongnu have flourished and declined, developing step by step to the present day, what majesty of a king is left?

There are still subordinate tribes, and there are no shortage of tribes that might be able to compete with the Huns in the Great Snowy Plain today!

For the sake of a ridiculous, self-deceiving majesty, they were determined to give up the glory of the Xiongnu's return to its former heyday?

Shying stood lost in thought, exhausted as never before at this moment, his gaze slanted to the Hun king, full of disappointment and loss.

The Hun King met Chen Dong's gaze, his scarlet eyes narrowing slightly as he chided, "This King wants you dead!"

The voice echoed within the beast fighting cage.

The determination was incomparable, domineering and brutal.

As for the prostrate guards on the ground, they had already dared not raise their heads to look.

This is because everyone is clear that their status as mere guards is simply not enough to intervene, and even to look at them would be a sacrilege.

"Hehe"

Chen Dong pulled the corner of his mouth and smiled ruefully, "I hope you can spare Barbara after upholding the King's majesty."

After saying that, Chen Dong's expression gradually became cold and determined.

His bloodshot, foggy eyes slowly looked towards Xixing, "I also beg you to treat Barbara well."

Xixing's silver teeth clenched her red lips as she nodded her head forlornly.

"As long as you die, this king will never go back on his word!"

The Hun King's voice was cold and stern, and there was even some impatience in his eyes.

Chen Dong indifferently swept a glance at the Xiongnu King, then one pair of eyes once again looked at Barbara, then it was slowly closed, no longer lingering, slowly turning around to face the Snowy Lion who was trembling and suffering not far away.

As he turned around, the breeze blew Chen Dong's hair and took away the last trace of his face.

When the horrific wound on his back was dripping with blood in the sight of Xixing and the Hun King, Chen Dong's face facing the Snowy Lion was already determined to die, so calm that he did not even open his eyes to take a look at the Snowy Lion opposite.

It is easy to die, but it is difficult to live!

Feeling that strong death intent coming from Chen Dong's body.

The smugness on the Hun King's face grew thicker and thicker, and even his right hand, which was strangling Barbara's neck, relaxed its force once again, merely hoisting it around Barbara and holding her against the door of the fighting cage so that she would not fall.

This also allowed Barbara, who had almost fainted, to quickly fill her lungs with air.

Shying, on the other hand, staggered back two steps in a dishevelled manner, tears flowing as if they were broken pearls, only to bite her red lips with her silver teeth, forcing back her sobs even though blood was already seeping out.

Meanwhile.

The snowy lion in the cage also sensed the deadly intent of this difficult prey at this time.

In terms of sensitivity to scent, beasts were always stronger than humans.

Sensing Chen Dong's deadly intent, the Snowy Lion seemed to have lessened the severe pain in its abdomen, and its bloody mouth bared its fangs, dripping out crystal fishy saliva, while its eyes revealed greed and excitement.

As a top predator, it knew that when its prey showed such deadly intent, it was already at its mercy!

At this moment.

The Snowy Male Lion, on the contrary, was in no hurry, moving its limbs and slowly coming towards Chen Dong.

One reason was that in its eyes, Chen Dong was already a piece of meat on the chopping block, and all it needed to do was open its mouth and bite and swallow it.

Secondly, it was because Chen Dong's desperate counterattack had really hurt it, and the pain in its abdomen was unbearable.

The low, greedy roar of the beast echoed inside the cage.

Because of the stalemate tangle between Chen Dong and the snowy lion just now, the roar of the snowy lion time and again had long since shaken this side of space, deterring all the beasts and silencing them.

"Dying is really an easy thing, living is the hardest!"

Chen Dong murmured softly, his eyebrows slightly wrinkled, he could clearly feel the fishy wind from the snowy lion's mouth pounding and raging savagely into his nasal cavity, which made him nauseous.

But now there was no need to be concerned.

Finally.

In the midst of the silence, the snowy lion stepped in front of Chen Dong.

Its lofty and massive body made Chen Dong seem to shrink in size in front of it.

Like a victor, it looked down at the human in front of it.

The fire and greed in its eyes exploded to the limit under this momentary gaze.

In the next second.

"Ow-roar!"

The snowy lion fiercely raised its head and let out a lion's roar that shook the heavens and the earth, as if it was declaring the majesty of a king.

It even brought up a fishy wind, blowing its own white fur to shake violently and majestically.

As the beast's roar echoed.

A ruthless look fiercely appeared in the Snowy Lion's eyes as its huge beast mouth humongously opened to its limit, dropping down in the air in a brutal stance and swallowing straight down towards Chen Dong's head.

“It’s over

Chen Dong’s heart instantly sank to the bottom.

This moment of waiting for death, however, seemed to become extraordinarily slow.

So slow that he could feel it all clearly, and even force down the instinctive urge to resist for his life.

A fishy wind was raging overhead, and death was about to come

However.

“Uncle, Barbara wants you!”

At this moment of declining and waiting to die, Chen Dong’s ears suddenly rang with Barbara’s weak with crying voice.

Boom!

This extremely slight voice fell on Chen Dong’s ears, but it was as if thunder boomed.

Suddenly, his heart clenched fiercely.

Slap!

A slap sounded out, along with a miserable cry from Barbara.

In this instant, Chen Dong instantly felt his chest clogging up.

Anger, resentment, hatred, all sorts of emotions, as if the floodgates had opened and released, kept on top of his head.

The moment the snowy lion’s bloody mouth came to his head.

The eyes that Chen Dong had been tightly closed, at this moment, suddenly looked up and opened his eyes.

A sudden change of events.

The snowy lion’s whale swallowing motion was abruptly stopped.

In the lion’s eyes, there was even a rare look of fear.

At this moment, it met Chen Dong’s eyes, but it was as if in those cold and stern eyes, it saw a monstrous sea of blood and a mountain of corpses

Chapter 1028

Quiet.

Deadly stillness.

As Chen Dong opened his eyes, it was as if the freeze button had been pressed inside the entire beast fighting cage.

The Snowy Lion suddenly stopped, causing the Hun King and Xixing to simultaneously freeze in their tracks, their hearts and minds shaking.

What happened?

What has happened?

The two were shocked, but at the same time, they could clearly see the intense fear that quickly surfaced in the Snowy Lion's pair of lion eyes.

It was as if they had seen a natural enemy!

It is the kind of fear that comes from the suppressed fear of the bloodline under the law of survival of the weak and the strong.

But how is it possible?

The lion itself is at the top of the food chain among the hundred beasts.

Not to mention a fae species like the Snowy Lion!

Such a fierce beast of a different species really had a weakness for fear?

The Hun King's heart was beating like a drum at this moment, outwardly merely showing his shock, but in fact, his heart was already in an uproar.

He had personally commanded the 10,000-strong team to capture the Snowy Lion, and no one knew better than him how terrifying it really was.

How could a fierce beast that had never shown fear and terror in the face of a 10,000-strong army and countless hot and cold weapons, show such fear of its food when it was about to "eat"?

As the Huns and the star were shocked.

An even more shocking sight struck the two men like a bolt from the blue.

Eyes gazing down.

The Snowy Lion, who had stopped moving, had eyes full of fear as he slowly took a step back.

This scene.

It left the Hun King terrified and disoriented, his face full of disbelief.

Xixing was even more dumbfounded, her bloodstained red lips slightly open.

At this moment, Chen Dong's back was turned to the two of them, but they could not see the situation.

But at this moment, as Chen Dong's eyes opened, the majestic and vast Yin Qi tumbled out, not only did he let the Snowy Lion see the mountain of corpses and the sea of blood in his eyes.

It was not just that the Snowy Lion saw the sea of blood in his eyes, it was that the Snowy Lion saw the veins and veins on his neck and face, which were like earthworms and gnarled, hideous and terrifying.

At this moment, even as Chen Dong stood in place, he gave people a terrifying feeling of a mountain of corpses and a sea of blood on his head.

The Hun King and Xixing, who were standing outside the cage, trembled at the same time, clearly sensing a horrific chill that pierced to the bone and marrow.

The moment this vicious chill appeared, Xie Xing's sweat stood on end and a look of horror abruptly appeared on his face.

"Alone I have no king?"

Hearing these four words that Xie Xing squeezed out from his teeth.

The Hun king's face twisted in steep horror, and his tiger torso trembled viciously.

"Impossible, the last time he fought against Kui Gang and entered this state, he was not this calm at all!"

Even the King of Huns could not help but question in a low voice at this moment.

He had seen Chen Dong enter the state of the One Self, No King, which was a state bordering on madness, so how could he stand still like this now?

Offset.

The fear in the Snowy Domain Lion's eyes, and the step back, were the ones that kept overlapping reality towards Xie Xing's guesses.

Apart from that state, what else could possibly be in this man of the domain that would terrify even a fey beast such as the Snowy Lion?

It was also at the time when the Hun King was in awe and uncertainty.

In the beast fighting cage, Chen Dong, who was standing majestically, slowly raised his head.

The next second.

"Ow-roar!"

The sound rushed to the ninth heaven and split the sky!

This roar was like rolling thunder, echoing through this part of the world within the fortress.

It was even more deafening than the roar of any of the fierce beasts held within the fortress, or even the lion's roar of the Snowy Region.

The King of Huns and Xixing revealed a painful look at the same time, as if their eardrums were about to be shattered through.

The many guards who were lying prostrate on the ground were equally immersed in this pain, and some of them even directly muffled a miserable scream.

Even if it was the Snowy Lion.

With this long whistle from Chen Dong, he no longer had the mighty, domineering and fierce manner he had just had, and his huge body quickly took a few steps backwards, pulling away from Chen Dong, the fear in his eyes quickly disappearing, replaced by caution.

Even as it retreated, the white fur on the Snowy Lion's body, trembled a little.

Boom!

With this long whistle, Chen Dong's body shook violently.

A strong wind blasted from the bottom of his feet, sweeping across all directions.

Boom!

The beast robe on Chen Dong's upper body was shattered to pieces in this instant.

As the tattered robe flew in all directions, Chen Dong's perfectly strong muscles were exposed to the light.

Only under the shocked gaze of King Xiong Nu and Xixing.

His muscles, however, seemed to be alive at the moment, slowly squirming while emitting a "creaking" sound.

"Really is in that state!"

The beautiful eyes of Xixing were rounded, at this moment, as if a dying man had grabbed the last straw: "Father, what if he really came out?"

"There is no if, Snowy Lion"

The Hun king denied in one breath, but before he finished his words, his gaze was noticing the Snowy Lion and he could not help but hesitate.

"Ow-ho!"

It was also while the Hun King was hesitating.

The Snowy Lion, whose eyes were full of caution, suddenly tilted its head and let out a lion's roar.

The sound was deafening.

But it was as if it was responding to Chen Dong's previous roar.

It was just like a battle of momentum between wild beasts before they fought against each other.

This made the Hun King's heart and soul certain as he gave Xixing a sidelong glance and said, "This King, is asking for his death, do you think the Snowy Lion will let him walk out?"

The excitement on Xixing's face abruptly dissipated as he stared apprehensively at Chen Dong in the beast fighting cage.

Father was determined to let this man die.

In Shying Xing's eyes, perhaps only if this man relied on the state of Dok I No King and, within a very short period of time, killed the Snowy Lion in return, would it be possible to give Father a shock that would loosen his determination to kill.

But was it really possible?

“Hmm?!”

Suddenly, Xixing, who was watching Chen Dong closely, let out a startled eek as her delicate body trembled and her willow eyebrows jumped upwards, her expression turning even more quickly to one of horror and horror.

At the same time, the Hun King also redirected his gaze from Xixing to the beast fighting cage.

Only when he saw Chen Dong, he also revealed the same shocked and horrified look as Xie Xing.

At this moment, Chen Dong was still standing in place, maintaining the motion of tilting his head.

It was only when the shattering of the beast's robe caused a muscle to squirm while at this moment it was undergoing a mutation!

As the muscles squirmed, a blood vessel slowly graved up and protruded from the muscle.

Each blood vessel was intricately intertwined along its course, appearing to be incomparably complex.

But in the midst of the complexity, a closer look gives a sense of shock that is unfailingly tiresome, even striking.

The veins, intricately intertwined and covered underneath the muscles, appear unmistakable at this point.

It was also at the same time that Shying Xing and the Hun King noticed this strange change.

The veins that were protruding from the body suddenly glowed with a dark red light in the bright light.

It was like a blood light, wrapping around a blood vessel.

For a moment.

Whether it was Xie Xing or the Hun King, both were shocked by the scene in front of them with trepidation and numbness in their skulls

Winner Takes All Chapter 1029-1030

Chapter 1029

The scene was sensational.

Looking at the Hun King and Shying Xing, their scalps tingled and they were dumbfounded.

Deep in their hearts, an unspeakable fear rose up.

The transformation in Chen Dong's body at this moment was so shocking that it was just beyond the changes that might occur in a normal person, so much so that it gave King Hun and Xixing a sense of trance-like unreality.

"What, what's going on? Did the king's eyes see wrongly?"

King Hun's heart was beating like a drum as he murmured offhandedly.

Xixing shook his head dumbfoundedly, "No, no, I saw it too, did we both see it wrong?"

A split second later.

The Hun King and Shying Xing looked at each other.

The Hun King's pupils shrank and he turned his head to the guards and beast slaves who were prostrate on the ground behind him and chided.

"All raise your heads and look!"

A command was given.

The people who were originally prostrate on the ground, not daring to raise their eyes, raised their heads one after another.

Only.

When all eyes saw Chen Dong standing in place in the beast fighting cage, they all revealed a look of appalled horror.

There was a pause for a second.

Hiss

A neat and unified sound of sucking in cold air echoed through this side of the space.

All the guards and beast slaves revealed shocked, disbelieving expressions.

No blurry eyes!

There was no misreading!

Seeing this scene, King Xiong Nu and Xixing immediately had a judgement in their hearts.

But when they got the confirmation, the two of them were even more shocked beyond words.

Is this really a change that can appear on a human being?!

Chen Dong's change did not stop, but was slowly advancing, advancing towards an even more shocking mutation.

The Hun King and Shying Xing were able to maintain restraint.

The guards present, however, could no longer contain the horror in their hearts and murmured.

“What’s going on? What the hell is going on with those veins in his body that are changing?”

“My god, it’s fine if the muscles are writhing, I’ve heard martial arts masters say that they are indeed able to control their muscles after progressing to a certain level in martial arts, but the veins on the muscles are bulging and emitting a bloody light, what the hell is going on?”

“Heavenly Wolf in the sky, how much of a shocking secret does this heavenly man from the Heavenly Wolf Academy have in his body? This, this isn’t even a change that a human being has, right?”

.....

The chatter was like a tidal wave.

Within the entire Fighting Beast Fortress, however, the atmosphere was already very different from the previous one.

Shock!

An unspeakable shock!

It even made these guards, ignoring the Hun King and Xixing who were present, speak straight up.

Inside the beast fighting cage.

The snowy lion's pair of lion eyes, with Chen Dong's change of heart, the pupils contracted visibly.

The huge body, moreover, slowly bent down, which was the standard stance of a fierce beast hunting beast.

The only difference was that the white fur on the Snowy Lion's body was faintly trembling as it felt the majestic and powerful Yin Qi emanating from Chen Dong's body.

Chen Dong stood in place.

Even he himself was not sure of his own change.

As soon as he entered a state of madness, his sanity was immediately lost.

But this time, the madness was obviously very different from the previous times.

There was no frenzy, no killing machine.

Instead, he stood calmly in his place.

As the muscles squirmed, one by one, veins protruded, glowing with a dark blood light.

The very faint blood light was somewhat dull, which is why it gave people an unrealistic feeling that they were seeing things.

But such a change is real.

The inhuman mutation is mind-boggling.

As more and more blood vessels protruded from beneath the muscles, blossoming with dark blood light, Chen Dong's body was just like being covered to the brim.

It was intricate, crisscrossed and intertwined.

On the contrary, it gave the impression of being completely uncluttered and unorganised.

On the contrary, there was a sense of the ultimate intertwining and crisscrossing perfect visual experience.

This feeling is like that of a talisman, where it is clear that the talisman is drawn in a chaotic manner, but when an ordinary person looks at it, it is frostily orderly in the midst of chaos, miscellaneous but not chaotic, and it even feels like that is how it should be.

The veins that Chen Dong's body was now highlighting gave such a feeling to King Xiong, Xixing and all the people present.

It was also with this change in Chen Dong's body.

It was as if each of the muscles exposed on the upper half of his body had instantly surged to an extreme state of explosive power.

It was as if under every muscle, there was a terrifying explosion that could make people despair.

This scene did not last long.

It only felt long because it was in a state of shock and horror for the crowd.

When a vein protruded out.

Chen Dong, who had been tilting his head, suddenly opened his mouth and exhaled.

“Ho

The low exhaling sound echoed within the beast fighting cage, sending chills and chills down the spine of the crowd.

The next second.

“Look, look at his eyes, am I blurry eyed?”

A cry of alarm exploded.

Everyone panicked as the dao stared in horror at the place where Chen Dong's eyes were.

In a trance, it seemed as if a faint blood light was blossoming out from his eyes.

Boom!

This scene shook everyone present, causing their minds to go blank.

Even the Hun King was so immersed in Chen Dong's inhuman transformation that even his previous determination to kill seemed to have dissipated.

There was nothing else to think about but shock!

In full view of the crowd.

As Chen Dong exhaled, the breath that was visible to the naked eye because of the cold still remained in the air.

Chen Dong, however, slowly lowered his head.

The movement was slow.

But it gave off a domineering and violent feeling.

Just this bowing of the head, in the eyes of the crowd, is like a titanic mountain overturning, a great prison across the pressure

That kind of extreme oppression.

Not to mention the guards and beast slaves present, even King Xiongnu and Xixing, at this moment, were suffocating to the point of being stuck in their throats.

The moment Chen Dong's scarlet gaze locked eyes with the Snowy Lion.

"Ow-roar!"

The white hair on the huge body of the Snowy Region Male Lion fiercely curled backwards as a beastly roar was blatantly emitted.

"Ow-roar!"

Blood light erupted in Chen Dong's eyes, but he opened his mouth to respond with a roar.

A man and a beast confronted each other with a roar, which seemed extremely absurd.

However, in the hearts of the crowd, they did not feel the slightest bit absurd.

This was because everyone could clearly see that the Snowy Lion's huge head, when Chen Dong's roar appeared, bent down a little.

This was clearly a sign of showing cowardice!

Boom!

As Chen Dong's body shook once again, the violent wind suddenly swept in all directions.

The ground beneath Chen Dong's feet, however, cracked inch by inch amidst a loud explosion, and even pieces of powder swept out with the wind.

At this moment.

It was as if Chen Dong had become the only focus of attention in this part of the world.

Whether it was the Hun King, or Xixing, or even the Snowy Lion, they had all become the accompaniment.

Bang!

Suddenly, there was a loud bang.

Chen Dong, who was standing motionless, was like a cannonball in front of everyone's eyes, rushing towards the Snowy Lion with lightning speed, even trailing a streak of shadow behind him.

"Ow!"

In a flash of lightning, a fierce and ferocious look appeared in the Snowy Lion's eyes, and with a roar, all four limbs fiercely powered up, while running wildly towards Chen Dong.

In this instant.

Everyone's scalp tingled and they held their breath.

Under everyone's gaze.

The completely asymmetrical bodies of Chen Dong and the Snowy Lion were close at hand in the snap of a finger.

"Roar!"

As Chen Dong let out an explosive roar, one of the bulging veins on his body simultaneously blossomed with a dark blood light.

His body resembled a red pale dragon as he bent down fiercely, the muscles in his back and waist squirming rapidly at this moment, his power building up rapidly.

Even the sound of his back and waist muscles squirming was clearly heard by all.

It was a very slight sound, but as the focus of the whole audience, with everyone's full attention, this slight sound was like thunder.

Only, everyone, however, did not know the purpose of Chen Dong doing so.

But if Kunlun was present.

He would definitely drop his jaw to the ground in shock, shocked beyond words.

Because this was exactly Kun Lun's sure kill technique Python Bird Swallowing Dragon!

It's just that when Chen Dong wanted to steal it and let Kunlun perform it again, Kunlun hadn't recovered from his injuries and couldn't perform it a second time, and the Python Bird Swallowing Dragon itself was a sure kill move that hurt the enemy a thousand times and hurt the enemy eight hundred times, with both advantages and disadvantages and high risks, so Chen Dong didn't learn it.

At this moment, Chen Dong had performed it.

In the state of madness, the mutated Python Bird Swallowing Dragon!

Chapter 1030

Time seemed to be slowed down.

At this moment, Chen Dong's fists were clenched together and he blasted at the Snowy Lion, who was close at hand, with a domineering force.

At the same time, the Snow Lion roared and swung its right front paw down at Chen Dong.

Bang Bang Bang

A terrifying force erupted.

The floor beneath both Chen Dong and the Snow Lion cracked, not enough to withstand the terrifying force of the man and beast's full outburst.

A roar rang out.

Even as Chen Dong's fists clenched together and rushed out, a spiral of air currents swept out above the fist blades, visible to the naked eye, and the air currents turned scarlet under the light of blood in the veins.

This scene.

Everyone's liver and guts trembled as they watched, enveloped in a trance by an invisible great terror.

Was this really the kind of battle power that a human being could explode into?

Compared to the shock and fear of the crowd.

The Hun king at this time even had a feeling of his scalp exploding.

The tiger's eyes stared round as if they were about to fall out of their sockets, staring deadly at the shocking scene inside the fighting cage.

He was well aware of the battle power of the Snowy Region Lion.

The size alone of the fierce beast of a different species gave it an even more terrifying destructive power than an ordinary lion king.

Just could anyone really stand up to such a fae existence with a single blow?

Even he himself was in a trance at this moment, speculating and uneasy.

The capture of the Snowy Lion back then cost the Xiongnu a huge price, and the fact that a future Xiongnu general star with profound potential was buried in the mouth of the Snowy Lion was proof enough of the terror of the Snowy Lion.

But the state Chen Dong displayed in front of him was also clearly not that of a normal human being.

The result of a foreigner versus a fierce beast of a different species made even the Hun King become unable to guess.

Boom!

In a flash of lightning.

Inside the beast fighting cage, there was a shockingly loud sound that was like a bomb explosion.

Chen Dong's fists were wrapped in scarlet air currents, blatantly blasting right into the centre of the Snowy Lion's sharp claws.

The terrifying impact instantly set off a wave of air visible to the naked eye, sweeping in all directions.

The ground was cracked, and even crushed pieces of dust were swept out along with the wave of air.

Who lost and who won?

In an instant, everyone's hearts were in their throats.

Although the various proportions between Chen Dong and the Snowy Lion were not on the same level.

But the extraordinary change that had just occurred in Chen Dong's body still made the crowd, at this moment, preserve a sense of anticipation for the final result.

What an inhuman change can bring is a very different result!

Just as the crowd was waiting with baited breath.

"Ow-ho!"

Amidst the smoke and dust, the roar of a snowy lion suddenly echoed.

A beastly roar, however, caused an expression of disappointment to appear on the faces of all the guards.

Even Xixing, at this moment, felt a blackness in front of his eyes and almost fainted.

The Hun King, on the other hand, with this beastly roar, the apprehension in his eyes was gone, replaced by complacency.

"After all, it's an overrate, a mantis."

This was the thought in the Hun King's heart.

However.

"My God, what is that, look!"

A shocked scream suddenly exploded from the crowd.

What?!

The Hun King, who was in the midst of his complacency, was instantly startled and snapped to look inside the beast fighting cage.

As he did so, his body was struck by lightning and he trembled violently.

In his tiger's eyes, there was a frightened expression as if he had seen a ghost.

At the same time.

The desperate Xixing also came back to her senses and looked at the scene unfolding in the beast cage.

It was all in the blink of an eye.

From the time everyone thought the end had come to the guards' cries of surprise, it didn't even take a second.

And at that moment, inside the beast fighting cage.

There was still smoke and dust sweeping around, blurring the vision.

But everyone could vaguely see that a huge behemoth was slowly rising in the air at that moment.

This scene was extremely shocking.

Even with the smoke and dust covering it, one could still see that it was the Snowy Lion in the air, but the Snowy Lion's posture was extremely bizarre, with its head facing downwards, as if it was a broken pocket that was about to be thrown out.

At the same time.

“Roar!”

A loud roar sounded like thunder.

The snowy lion that had been thrown into the air made an arc in the air and was thrown out with a bang.

Rumble

The huge body raised a gale of wind, instantly blowing away the smoke and dust around it.

After landing on the ground, the Snow Lion tumbled and rolled, crushing the ground along the way, tumbling out a dozen metres again and finally, with a “thud”, twisting the metal bars of the cage.

The ground seemed to have been ploughed and swept away.

But the crowd had no time to care about the Snow Lion that had been thrown out of the cage, as the smoke and dust were so thick that it was hard to see clearly for a while.

The shocked eyes of the crowd fell on the man in the cage.

An indescribable chill swept through the crowd, and everyone was plunged into absolute dead silence out of shock.

As the smoke and dust cleared, it soon revealed Chen Dong in the centre.

At this moment, Chen Dong stood majestically in place, bowing and facing the direction in which the Snowy Lion had flown, his hands also hanging down, his body still in the same posture as it had been after the powerful throw.

The eyes that glowed with blood, the dark blood light that bloomed all over his body, and the hideous face that was covered with veins and veins, at this moment, all seemed like a nightmare, etched into the deepest part of everyone's heart.

Is this man really something that could possibly exist in the human world?

Can a mortal body really be compared to that of a god?

An invisible great terror enveloped everyone. Chen Dong was clearly just standing there, but the majestic sinister aura emanating from his body seemed to drag everyone into the abyss of the Nine Phenomena in this moment of attention.

Even the Hun King's face could not help but turn pale without a trace of blood when he saw Chen Dong.

The outcome before him was beyond everyone's expectations!

An existence destined for death and about to become dead, no one had expected that such a shocking reversal would actually occur!

What was even more shocking was that with the strength of his body, Chen Dong had actually thrown the Snowy Lion, which was several times bigger, out of the sky.

This throw was even more overwhelming!

“Ho

Also just as he was being watched by the crowd, Chen Dong's mouth suddenly let out an exhausted out-breath, and curls of smoke lingered in front of his mouth and nose.

Immediately afterwards, his body shook violently, the veins protruding from his muscles quickly converged, and the dark blood light disappeared at the same time.

Not waiting for the crowd to regain their senses.

There was a poof!

Chen Dong's body went limp and fell straight to the ground, but he directly fainted.

“Greedy Wolf

Xixing's delicate body trembled, and she immediately wanted to push the Hun King away and open the door of the beast fighting cage.

But just as her hand, lifted up to land on the Hun King's shoulder.

“Roar

A low beast roar suddenly came out from the smoke and dust rolling around.

This beast's roar instantly made Xixing's face pale, as if a pot of cold water had poured over her, plunging her straight into the abyss of despair!
