

Winner Takes All Chapter 161-170

Chapter 161

"It's here, at the bottom of the hill."

Over the phone, Gu Qingying's voice was calm.

This caused Chen Dong to frown slightly, slightly puzzled.

Immediately after, on the phone, Gu Qingying's calm voice rang out again.

"Are you really going to propose to me?"

Chen Dong's frown deepened as he smiled, "That's for sure, I've been preparing for this day for a long time."

The words had just left his mouth.

On the phone, Gu Guohua's voice suddenly rang out.

"Chen Dong, what's with the photos?"

Boom!

Chen Dong was struck by lightning, his heart instantly sank to the bottom, and his eyes were even blackened.

Something was wrong!

In an instant, he was filled with depression and raging anger.

Gu Qingying and the others knew about it, so there was only one possibility.

Wang Nan Nan did not destroy the photos as promised!

Instead, he turned around and sent my photo to Gu Qingying!

Chen Dong hurriedly said, "Uncle, you guys wait for me, I'll come over immediately."

Hanging up the phone, Chen Dong hurriedly called for Kunlun to drive, leaving behind a crowd full of stunned eyes as he sped off towards the bottom of the mountain.

All along the way, Chen Dong looked furious, with raging anger in his eyes.

His hands were clenched into fists, and the bruises on the backs of his hands were prominent.

He had never imagined that he had thrown in the towel to satisfy the Wang family's greed, but in the end, he had failed at this crucial moment.

He had prepared for this proposal for a long time, arranging everything himself.

He would never allow anything to go wrong when he was about to make his marriage with Gu Qingying a reality!

On the mountain road.

The black Mercedes-Benz G was quietly parked at the roadside.

After passing through the encircling line of news media, the surrounding silence was awesome.

Gu Qingying sat despondently in the back row, looking out of the window, her eyes red and swollen.

She thought about going straight up the mountain and accepting the proposal ceremony, or at least letting it be over before asking the long-hidden doubts in her heart.

But no matter what she did, she couldn't convince herself.

It was like a hurdle she couldn't get over, the photo!

"Xiao Ying hasn't even spoken yet, why are you interrupting?" Li Wanqing looked at Gu Guohua angrily.

Gu Guohua looked solemn and was about to speak.

But Gu Qingying waved her hand and said, "Mom, it's alright, I'll ask even if dad doesn't say anything."

Her eyes flickered and her red lips mumbled, "Since he's going to propose to me, I want this proposal to be perfect, not always a little flawed and with a thorn in my heart when I recall it later."

Since it was a proposal ceremony, she wanted it to be perfect, so that in the days to come, every time she recalled it, she would be able to smile a sweet smile of happiness.

Li Wanqing's willow brows furrowed in silence.

Indeed, it was better for everyone to find out in advance!

One's own daughter could not suffer this indignity for no reason!

Gu Guohua hugged Gu Qingying: "Baby girl, with mommy and daddy around, no one can bully you!"

In the distance, the Rolls-Royce came speeding by.

Gu Guohua said with some dissatisfaction, "How many cattles do you have, and you're already learning to be so flamboyant?"

"After all, they are children." Li Wanqing let out a sigh.

Crunch!

The Rolls Royce came to a stop.

Chen Dong quickly got out of the car and walked towards Big G.

In the car, the three members of Gu Qingying's family, also got out.

Gu Guohua took the lead and slapped the photo in his hand, on Chen Dong's face.

"Chen Dong, this matter, how should you explain it?"

Looking at the photos scattered on the ground, Chen Dong's jealousy and anger turned over.

But he knew that the most urgent task was not to get angry, but to let explain to Gu Qingying.

"Uncle, I'm sorry, it was just a normal and short meeting, and I didn't know it would be used by people with ulterior motives."

Chen Dong said with a solemn expression, incomparably serious.

"Huh, being used?" Gu Guohua sneered, "Used by whom? Are you trying to tell me that it was Wang Nan Nan who used you, asked you to meet her and deliberately took the photos so as to break up you and Xiaoying?"

Chen Dong's gaze flickered and he was speechless.

Even if that was indeed the case.

But with Gu Guohua's reaction, even if he said it, it would be impossible to be believed!

“Little Shadow

Chen Dong wanted to walk towards Gu Qingying, but he was stopped by Gu Guohua raising his hand.

“Uncle, can you let me pass?” Chen Dong said almost pleadingly.

“If there’s anything, just say it here.” Gu Guohua was tough.

If his daughter had not stopped him, the first time he saw the photo that day, he would have come to question Chen Dong.

The Gu family had never been so stifled in their status!

“I

Chen Dong choked a bit on his words and looked at Gu Qingying with eyes full of tenderness, “Xiaoying, you think so too?”

“Chen Dong, I need an explanation from you!” Gu Qingying tightly obliterated her red lips, her red and swollen eyes once again flooded with tears.

“The Wang family did me so much harm, and Wang Nan Nan even almost killed my mother, how could I still go back to the past with her?”

Chen Dong had resentment in his heart, at this moment towards Wang Nan Nan, towards the Wang family, all he had left was hatred!

“That day we met, it was because Wang Nan Nan was leaving the city, so I wanted to see her one last time, I

“Oh? To meet one last time, so you went?”

Gu Guohua snorted, “Mouthing that the Wang family had caused you so much harm, you are generous enough to say meet for the last time and really went?”

Chen Dong instantly became anxious.

How could Gu Guohua be asking him to explain to Gu Qingying?

He was clearly pouring oil on the fire!

But he finally gritted his teeth and said, “Uncle and auntie, I’m sorry, I’m really sorry, I only thought it would be a simple meeting, I didn’t think things would become so serious at all.”

“Please believe me, I am serious about Little Shadow, I could never betray Little Shadow.”

With that, he pointed his backhand towards the top of Tianmen Mountain.

“There, tonight will be my promise to Little Shadow!”

“You brat is full of words, if you want to give me Little Shadow’s promise, why do you want to go see that Wang Nan Nan?” Gu Guohua was unrelenting, his expression angry.

Gu Qingying could not stop the tears from slipping down her eyes and snuggled into her mother’s arms.

Facing Chen Dong, Gu Qingying said breathlessly, “Chen Dong, is it so difficult to ask you to explain?”

Having been verbally squeezed by Gu Guohua, he now heard these words from Gu Qingying.

Chen Dong was on the verge of collapse.

With red eyes, he pleaded with Gu Qingying, “I’ve been explaining, do you believe me? Is it so hard to convince you for once?”

“What kind of explanation is that?” Gu Guohua angrily rebuked, “Empty words, who will give you proof?”

The words had just left his mouth.

Chen Dong’s body trembled and he roared, “Uncle, that’s enough! Are you asking me to explain, or do you want to break up Little Shadow and I?”

Boom!

A thunderstorm of words.

Gu Guohua was frozen.

Li Wanqing’s brow furrowed to the extreme.

Gu Qingying even raised her hand to wipe a tear from the corner of her eye: “Chen Dong, is this how you speak to my father?”

Chen Dong instantly woke up with a start.

Knowing his slip of the tongue, he hurriedly apologised, "Uncle, I'm sorry, I shouldn't have spoken to you in that tone."

"That's enough! Mum and Dad, let's go back."

Gu Qingying's words instantly made Chen Dong's eyes go black and he had the feeling of falling into the abyss.

By the time he came back to his senses, the three members of the Gu family had already returned to the car.

The big G turned around and drove off towards the mountain.

Chapter 162

"Little Shadow"

Chen Dong's face changed so much that his heart felt as if it was about to jump out of his chest.

He hurriedly chased after him.

But Big G was so fast that he could see that he was about to disappear into the night.

Suddenly, two strong beams of light came from the mountain path in the distance.

There was a crunch!

The two cars stopped at the same time as they were about to collide.

Chen Dong was startled and rushed over, but when the distance drew closer, he saw the people coming down from the cars.

He was dumbfounded.

After a short moment of dumbfoundedness, the heady anger that was still pent up in his chest exploded.

In an instant.

As if he was a man-eating beast, Chen Dong rushed towards the figure with red eyes.

At that moment, Gu Qingying in the big G also stepped down from the car.

Gu Qingying looked despondent and pale as she looked at the silhouette in front of her.

She smiled bitterly, "You made it!"

The one who came down from inside the car was none other than Wang Nan Nan!

Wang Nan Nan draped her long hair and looked at Gu Qingying with a complicated expression.

She was about to speak.

Chen Dong had already rushed up to the front.

Looking at Wang Nan Nan, all of Chen Dong's anger seemed like a flood that had broken the bank, raging out.

A design, a conspiracy.

It had made all his hard work go down the drain.

It might even make him lose Gu Qingying.

This was no longer touching his bottom line.

Rather, it was brutally and roughly blasting his bottom line to smithereens directly!

"Wang Nan Nan, you are so insidiously calculating, coming here now to watch a show?"

Chen Dong grabbed both of Wang Nan Nan's shoulders with a huge force, causing Wang Nan Nan to suffer pain and frown.

"Chen Dong, stop it!"

Gu Qingying chided with teary eyes.

Chen Dong's body trembled and he turned around expressively, glancing at Gu Qingying in bewilderment.

Immediately afterwards, he came back to his senses.

He hurriedly explained, "Xiaoying, it's really not what you think, it's my fault for being overly emotional just now, but you really have to believe me."

Saying that, he looked at Wang Nan Nan with red eyes.

"Your Wang family has harmed me for three years, do you want to keep on doing so? I've backed down enough from you guys every step of the way, why do I have to do this?"

At this moment, Chen Dong panicked.

His expression was flustered, and he was even a bit at a loss.

Even when Dingtai had been in great crisis and the building was about to fall, he had never been so panicked.

Because in his heart, Gu Qingying was more important than Dingtai, more important than everything he had!

Seeing Wang Nan Nan's silence, Chen Dong almost growled, "Please explain to Xiaoying, please don't hurt me so much"

In the distance, Kun Lun inside the Rolls Royce saw this scene and was dumbfounded.

Was this really the young master?

In his impression, Chen Dong was not like this!

However.

Gu Qingying was stubbornly tilting her head up and wiping away the tears from the corners of her eyes.

"Enough, Chen Dong you do this, I feel disgusted instead, this is simply not the Chen Dong in my heart"

Chen Dong was dumbfounded, Gu Qingying's words, as if a sharp knife, stabbed him in the heart.

He let go of Wang Nan Nan in dismay and staggered back two steps.

At this moment, it was as if his soul had left his body.

His eyes were hollow as he looked at the silent Wang Nan Nan, his eyes red and faintly glittering with tears.

A strong sense of hatred, but full of helplessness.

At this moment, the silent Wang Nan Nan finally moved.

She smiled faintly and looked at Chen Dong softly, "I am sorry, I am the one who has wronged you, I have come, to explain and apologise."

Under the stunned gazes of Chen Dong and Gu Qingying.

Wang Nan Nan's body suddenly went limp and she knelt down on the ground with a poof.

Her voice was calm, but it was filled with indescribable grievances and apologies.

"I'm sorry, because of a simple farewell meeting, my family took advantage of it and almost ruined your marriage proposal ceremony, please forgive me.

"I rushed here tonight to tell you everything and ask for your forgiveness."

Originally, she did have to leave.

She had fainted on the spot that day when she learned the truth of what had happened.

After she woke up, she gave up the idea of leaving for the time being, because she knew that if she really left in one go, Chen Dong's elaborate proposal ceremony for Gu Qingying would definitely come to naught.

It would even, because of her mother's impulse, cause a rift between Chen Dong and Gu Qingying.

After waking up from her dream, she let go of the past on the verge of madness, intending to welcome the future.

To Chen Dong, there was no longer the same resentment as before, there was only guilt!

So, she stayed behind, just to explain herself tonight.

Chen Dong and Gu Qingying were frozen at the same time.

Chen Dong was not expecting Wang Nan Nan to come tonight to help him explain and apologise.

Was this really the Wang Nan Nan who was once as high and proud as a princess?

Gu Qingying was not expecting that the truth was really as Chen Dong had just said!

With this kneeling of Wang Nan Nan, all previous doubts had vanished!

What's more, she knew Wang Nan Nan's character well, if it wasn't something that was false and made Wang Nan Nan feel guilty, even if Wang Nan Nan appeared here, she would definitely tilt her head up high and proud.

At this moment, Wang Nan Nan slowly got up, her eyes were a little red and she looked at Gu Qingying and said heartily, "Xiao Ying, you are really lucky."

After saying that, she smiled sweetly, "I wish you all happiness."

Then, she turned around and got into the car and sped off towards the bottom of the mountain.

Looking at the car that quickly disappeared into the night.

The resentment in Chen Dong's heart had finally subsided.

Wang Nan Nan's appearance had taken him by surprise, but the outcome was moving in a good direction.

"So was really just a misunderstanding?"

Gu Qingying's voice rang out, soft and sticky, no longer as cold as it had been a moment ago.

Chen Dong stretched his hands.

"What else? To be exact, it was counted, it really was just a meeting and farewell, less than five minutes before and after."

The words had just fallen.

The Gu Qingying in front of him suddenly jumped into Chen Dong's arms and said with a sobbing voice: "Ooooooooooooo you big fool, I'm so scared, so scared that you don't want me anymore."

In the past few days, because of the photo incident, Gu Qingying was in constant torment, and her whole body was in a muddle.

Now that the misunderstanding was cleared up, all the grievances were instantly vented out.

He felt the trembling of his delicate body in his arms.

Chen Dong felt a pang of guilt and he said heartily, "I will never betray you, don't forget the promise I made to you."

The night breeze was slightly cool.

The image of the two embracing each other fell into the eyes of Gu Guohua Li Wanqing in the big G car.

The couple let out a sigh of relief at the same time.

Li Wanqing scolded Gu Guohua, "Look at you, you were over-excited just now."

"Blame me? Is it wrong for me, as a father, to care for my daughter?" Gu Guohua's face flushed a little red and his eyes glared obliquely.

For a long time.

Chen Dong gently pushed Gu Qingying away and smiled as he pointed to the top of Tianmen Mountain.

"So, are you willing to follow me up the mountain now and let me propose?"

Gu Qingying blushed shyly, lowered her head and nodded silently.

Chen Dong was instantly overjoyed, taking Gu Qingying's hand and sending her back to the big G car, he said seriously, "Everything tonight is for you!"

Winner Takes All Chapter 163-164

Chapter 163

Gu Qingying's pretty face was scarlet.

When the misunderstanding was cleared, the last hurdle in her heart was gone.

All that remained was the longing for the proposal.

She had waited three years for this scene!

Three years ago, as a bridesmaid, she personally escorted Chen Dong and Wang Nan Nan into the hall of marriage.

The next day, she travelled across the ocean.

For three years, the figure that haunted her mind had caused her to reject countless sons of the gentry and nobility.

Now finally got what she wanted.

"Xiao Ying you have to be more reserved, you can't lose the face of our old Gu family later." Gu Guohua suddenly said.

Li Wanqing on the side was furious, "How are you a father? What do you mean by "reserved"? Are you saying this because you have just reprimanded Chen Dong and now you can't pull your face back?"

In one word, he had broken Gu Guohua's mind.

Gu Guohua scratched his head and smiled nervously.

The summit of Tianmen Mountain.

At this time, the lights were lit up.

A stage had already been set up in the middle.

All the Din Tai employees were clustered together.

There were even people who had been kindly invited by Chen Dong.

However, as Chen Dong drove away, everyone looked at each other in disbelief, somewhat unprepared.

Tonight was Chen Dong's marriage proposal ceremony.

How come the leading lady hadn't arrived and the leading man had left?

"Old Meng, what is going on here?" Zheng Guote looked stunned, "Could it be that Old Gu has lost his temper?"

"Bullshit, do you think Old Gu has the same donkey temper as you?" Dean Liu gave Zheng Guote a blank look.

Lord Meng's gaze was profound as he sighed softly, "I hope Old Gu doesn't miss out on this opportunity."

At these words.

Dean Liu also nodded gently in agreement, while Zheng Guote was bewildered and puzzled.

All three of them had been invited by Chen Dong.

As Gu Guohua's closest friends, they were also considered Gu Qingying's elders.

They deserved to be present at this night's scene.

"Here it comes!"

Suddenly, someone in the crowd shouted.

On the mountain road, the Rolls Royce came driving with bright lights.

“On your marks!”

Pony ordered at once.

At once, the Din Tai staff spread out and got ready.

On the other hand, Long Lao, Li Lan and Fan Lu stood in the darkness.

Looking at the incoming Rolls Royce and the big G after it.

Long Lao quietly took out his mobile phone and sent a quick message: Master, everything is ready.

Crunch!

The car came to a halt.

Chen Dong was the first to get out of the car and quickly walked to the Big G to open the door.

“Little Shadow, come with me!”

He extended his right hand and led Gu Qingying out of the car.

The two then slowly walked towards the stage.

Gu Guohua and Li Wanqing then got out of the car, and at a glance, they saw the three of Lord Meng at the edge of the stage.

The two walked quickly and Gu Guohua said in shock, “You guys, why are you here?”

“Witnesses, of course.” Lord Meng smiled and said solemnly, “Tonight, you are perhaps the one who is laughing the most.”

Gu Guohua waved his hand with no good humour, “Don’t mention it, I just had a fit of anger at the bottom of the hill earlier.”

He didn’t wait for a few people to ask questions.

On the stage, the lights suddenly dimmed.

Chen Dong led Gu Qingying to the middle of the stage.

“Are you ready?” Chen Dong asked with a smile.

Gu Qingying took a deep breath and nodded her head.

“Look at the screen!”

Chen Dong raised his head to look at the screen on the stage.

Almost simultaneously, the screen lit up with light.

A picture leapt to the surface, slowly switching between them.

Looking at a picture on the screen, Gu Qingying first froze.

Then, she suddenly became surprised, her jade hand covering her mouth.

“This, this is a picture from our college days?”

“I’ve found them all!”

Chen Dong nodded solemnly.

Gu Qingying was stunned, looking at one of the photos on the screen with a feeling as if she was dreaming.

Some of the photos, even she herself could not remember.

Chen Dong must have gone to great lengths to put together these photos!

The proposal she wanted was not earth-shattering, it was exactly such a bit of memory, tender as water.

Along with the photo switch, ‘You at the Same Table’ rang out from stage left and right.

In a flash, the song pulled Gu Qingying’s memories back to her university days.

The floodgates of memory opened.

A scene from the past, like a photo on the screen, kept surfacing in her mind.

Gradually, within the already red and swollen eyes, they were once again moist.

Chen Dong raised his hand and gently wiped the wetness from the corners of Gu Qingying’s eyes, “Little fool, only this much, are you going to cry?”

“Isn’t that enough?” Gu Qingying asked rhetorically.

Some of the photos were not even remembered by her, so one could imagine how much effort Chen Dong would have to put in if he wanted to collect them all?

Yet.

Chen Dong smiled faintly, "You are my Chen Dong's woman, how can such a little, be enough?"

The words had just fallen.

Boom!

In the distance, a blaze of fire rose into the sky.

As the fireworks shot up into the night sky, there was another boom and they exploded into a sky full of flowers.

Followed closely by.

Boom! Boom! Boom!

.....

All around the stage, a ball of fire shot straight up into the night sky.

In the night sky, it turned into a gorgeous mass of flowers.

It covered the sky.

It illuminated the entire Tianmen Mountain as bright as daylight.

Ten thousand rays of light, gifted only to a beautiful woman!

Chen Dong stood on top of the stage with Gu Qingying in his arms, looking up at the sky full of fireworks.

Gu Qingying looked stunned, completely immersed in the splendid and dazzling fireworks.

The crowd present also let out a gasp of awe amidst the ten thousand rays of light.

Not only that.

At the bottom of Tianmen Mountain, all media were not allowed to go up the mountain because of the control.

But as the night sky lit up like daylight.

All the media went crazy.

Long guns and short cannons were aimed at the summit of Tianmen Mountain to record this spectacular scene in its entirety.

Meanwhile.

The commotion on Tianmen Mountain even alarmed the whole city at the bottom of the mountain.

For the control of Heaven's Gate Mountain had long attracted the attention of the whole city.

Now that a ten-thousand-foot light was rising from Heaven's Gate Mountain, it had even shocked the whole city.

Everyone was wondering what was happening on Tianmen Mountain this night.

Until, the earth-shattering fireworks filled the sky.

After it finally transformed into a giant arrow through the heart.

The whole city was abuzz.

A marriage proposal!

It was someone proposing!

Goodness, who on earth was proposing on Heaven's Gate Mountain?

Not only had the mountain been closed, but they were showing it off to the world in such a big way?

At the top of Tianmen Mountain.

Gu Qingying looked in surprise at the radiant arrow piercing her heart, hanging in the night sky.

At this moment, her heart was beating wildly, as if it was about to jump out of her chest.

"So soon, has it proceeded to this scene?"

Even though she was already prepared, she was still a little nervous when she saw the arrow piercing through the heart and foresaw the next scene.

But, it was Chen Dong's gentle voice that rang in her ears.

"It's not enough, you like roses, how can you have less this time?"

The words had just fallen.

Rumble

In the distant night sky, there was the sound of propellers roaring.

Five helicopters, rapidly coming towards Tianmen Mountain.

Five beams of light, shooting down from the helicopters, enveloped Chen Dong and Gu Qingying on the stage.

The next second.

A rain of flowers fell in the sky.

The sky was covered in a shower of flowers.

Everything was like a dream.

Everyone was once again in awe.

Gu Qingying, too, looked up at the rain of flowers and was lost in thought for a while.

She did not notice that Chen Dong, who was beside her, slowly knelt down on one knee
.....

Chapter 164

“Little Shadow, thank you for your unfailing love.”

Until, Chen Dong’s gentle voice rang out.

Only then did Gu Qingying’s delicate body tremble as she came back to her senses.

Amidst the sky of fireworks and floral rain, she slowly lowered her head and looked at Chen Dong who was kneeling on one knee.

At this moment, Gu Qingying felt that only she and Chen Dong were left in heaven and earth.

Even the roar of the five helicopters overhead had all but disappeared.

“Three years of waiting, not to be outdone by the long love.”

Chen Dong was very serious, his voice was very gentle.

Xu Xu said, full of magnetism, but it hit Gu Qingying's heart straight away.

"I once said that you used your whole life as a bet, how could I let you lose?"

"In the future, I want to have you by my side all the time!"

As the last words were uttered, Chen Dong took out the diamond ring that he had already prepared long ago.

Under a shroud of light, he slowly opened the gift box.

In an instant, a gorgeous crimson light reflected out.

Gu Qingying was frozen, completely captivated by the diamond ring in Chen Dong's hand.

The blindingly gorgeous crimson light seemed to exist only in the world of fairy tales.

And not far away.

Gu Guohua and Li Wanqing's faces changed drastically at the same time.

Gu Guohua even blurted out, "A blood diamond? My goodness, a blood diamond of this size, at least several hundred million, this kid Chen Dong, has he gone crazy?"

"Insane? Hehe!"

Lord Meng laughed, "A few hundred million is nothing, even if it is a billion, there is no need for any surprise."

Gu Guohua's face turned red, puzzled.

It was at this moment.

On the stage, Chen Dong, who was shrouded in light, finally slowly spat out those words.

"Gu Qingying, please marry me, from now on, join hands with me until old age and have no regrets, you promise me that you will never leave me, and I promise you that you will live and die together!"

Boom!

Gu Qingying only felt a loud bang in her head.

In an instant, her beautiful eyes were hazy.

Waiting.

Three years of waiting.

All the time, she had been fantasising about this moment.

Now that the fantasy had become a reality, all her emotions finally exploded at this moment.

Without the slightest hesitation.

Gu Qingying nodded her head excitedly and extended her right hand.

Chen Dong smiled faintly and took out the blood diamond ring in the gift box and was about to put it on Gu Qingying.

Suddenly.

In the distant night sky.

The deafening sound of rolling thunder came.

It was so loud and overwhelming.

It was as if a thousand armies and horses were sweeping through the air.

A huge sound that not only echoed through Heaven's Gate Mountain, but also bombarded the entire city like thunder.

"What's going on?"

In an instant, on Heaven's Gate Mountain, everyone was dumbfounded.

Even Chen Dong was at a loss.

At that exact moment, Elder Long, who was hidden in the darkness, held a microphone and shouted.

"Young Master This is a small token of appreciation from the Master for you."

Father?!

Chen Dong was violently startled, and the diamond ring that he was about to put on for Gu Qingying in his hand could not help but give a lurch.

Also at this moment, not far away, Lord Meng's face suddenly changed drastically.

He exclaimed, "A warplane! This is the sound of a warplane!"

What?!

Hearing this alarming cry.

Everyone was struck by lightning and was dumbfounded on the spot.

Proposal How come there were still warplanes on the scene?

The thundering roar of the warplane, almost in the blink of an eye, had flown over Tianmen Mountain, higher than the hovering helicopter.

Even so, the crowd could vaguely see the huge figures of warplanes through the light.

A full twenty aircraft!

Boom!

The next second, twenty warplanes climbed vertically with a blast, the piercing tail flames lighting up the long sky.

And as the warplanes climbed, each of them spewed out bands of light of different colours from their tails, converging together in a more gorgeous and fantastic display than a rainbow.

There were twenty bands of light, standing in the sky, illuminating the heavens and the earth.

It was as if a curtain of light, covering the entire Heaven's Gate Mountain with radiance.

Wow

Everyone in the audience all shrieked and screamed in astonishment.

Such a scene was simply forceful compared to all that had just happened.

The radiance was so dazzling that it illuminated heaven and earth.

"Young master is waiting even longer?"

Under the envelope of light, Elder Long reminded Chen Dong who was lost in thought.

Chen Dong was dumbfounded and hurriedly put the diamond ring on Gu Qingying's ring finger.

After getting up, he swept Gu Qingying into his arms and smiled tenderly, "From now on, you belong to me only."

Gu Qingying looked at the scene in front of her like a dream.

The events of this night made her feel as if she was dreaming.

The warplanes roared, and the bands of light were in different colours.

Gathering together, it was like a seven-coloured auspicious cloud.

A scene like this was something she had only ever dared to fantasise about in her dreams.

She imagined that her intended man, clad in golden armour and with his feet on the seven-coloured clouds, would come to marry her.

Now, it had become real!

Chen Dong was not clad in golden armour, but in a suit.

But the seven-coloured auspicious clouds in front of him did exist.

When the fantasy became a reality, even if it was only half of it, it was enough to move Gu Qingying to tears.

She snuggled into Chen Dong's arms, her teary eyes hazily gazing at the seven-coloured band of light in the night sky as she murmured, "Thank you"

The band of seven-coloured light lasted for nearly ten minutes.

Finally, in the night sky, twenty warplanes roared at the same time.

The band of light disappeared, and the twenty warplanes even returned at the same time, disappearing into the night sky at great speed.

Once again, the darkness on Tianmen Mountain returned.

However, the warplanes' trip left an indelible impression on everyone's mind.

It was not only the employees of Din Tai who were dumbfounded.

Even Lord Meng, Gu Guohua and the others, who had seen a lot of the world, were shocked and lost their minds in dismay.

"A war machine, Chen Dong never hired a war machine?"

Gu Guohua was dumbfounded and murmured in shock.

Warplane, that is a war weapon!

How can it be manipulated by courting child's play?

Yet.

Lord Meng, however, smiled blandly, "If you had seen the Chen Dong family traveling with warplanes escorting them, you wouldn't have exclaimed so much."

Warplanes escorting?!

The two Gu Guowas, Dean Liu and Zheng Guote all looked at Lord Meng in astonishment.

At this moment.

Hidden in the darkness, Elder Long slowly walked onto the stage.

Li Lan, supported by Fan Lu, slowly followed.

"Ma, Elder Long."

Chen Dong brought Gu Qingying forward.

"Good, good, from now on we are all family, if Dong'er dares to make Xiaoying unhappy, don't blame me, as a mother, for being so righteous!"

Li Lan smiled gently and took Gu Qingying's hand, her eyes full of affection, "Xiao Ying, thank you for your unfailing love for Dong'er, Dong'er is lucky to have married you."

"Thank you, auntie." Gu Qingying smiled shyly.

Even though she had met Li Lan countless times before, this time, it gave her a completely different feeling.

"Where are your parents? They'll all be in-laws from now on, we have to meet." Li Lan said with a gentle smile.

Gu Qingying turned her head to look at the other side of the stage: "They're over there."

Saying that, she raised her hand and beckoned.

At this moment, the two Gu Guowas were still immersed in the shock of Lord Meng just now.

They did not notice Gu Qingying's gesture in the slightest.

Instead, it was Lord Meng who patted Gu Guohua's shoulder: "Old Gu, go up and remember not to get too excited later."

"Heh, it's just meeting the in-laws, why should I be excited?" Gu Guohua raised his eyebrows, his face full of disbelief.

Lord Meng, however, smiled slightly, "You're the one who's having the most fun tonight."

Gu Guohua didn't care at all, taking Li Wanqing's hand and walking slowly towards the stage.

Only, as the distance drew closer.

The line of sight gradually became clear.

Gu Guohua's gaze, however, fell on Long Lao's body, and he could not move away.

His brow gradually tightened.

That feeling of déjà vu was getting stronger and stronger

Winner Takes All Chapter 165-166

Chapter 165

When the darkness faded away.

Gu Guohua finally looked at Elder Long when he could see clearly.

Boom!

Gu Guohua felt a thunderbolt from a clear sky and was dumbfounded on the spot.

In a short moment, his mind went blank and his heart set off huge waves.

This was Elder Dragon?!

Over the years, Gu Guohua had wanted to pay homage to the Chen family head more than once or twice.

But in the end, when he was based in front of the Chen family, the one who received him was all Long Lao.

He was no stranger to Elder Long.

The Chen family head's trusted servant!

But how could he be here?

In a trance, Gu Guohua's face was red.

Breathing heavily, his neck thickened.

Suddenly, his steps stumbled and he almost fell to the ground, thanks to the help of Li Wanqing next to him.

Not far away, Zheng Guote saw this scene and was filled with shock.

Lord Meng and Dean Liu, on the other hand, looked at each other and gave an odd smile.

As Gu Guohua's closest friends, they were naturally aware of Gu Guohua's repeated desire to pay a visit to the Chen family.

It was just that this destiny

"Old Meng, you were really right just now." Zheng Guote naturally knew what Gu Guohua was thinking, but he didn't know Elder Long.

Lord Meng smiled and rubbed his chin, "Old Gu's wish for many years was fulfilled by his daughter, do you think we should laugh?"

"Heart's desire?" Zheng Guohan looked blankly at the two Gu Guowas on the stage.

The lights were shrouded in light.

Chen Dong had his arm around Gu Qingying's waist, while Gu Qingying was holding Li Lan.

Long Lao was silent at the side, all looking towards Gu Guohua and Li Wanqing who were walking towards them.

Gu Guohua's steps were a little shaky, and if not for his wife's support, he would not have been able to take a step.

Elder Long was only a slave of the Chen family head.

But he knew very well the status of this slave.

In the Chen family, this servant was the only one who could act on behalf of the family head's orders!

This was proof of Long Lao's identity and status!

Doubt, shock, disbelief, all sorts of emotions crawled over his heart, and unknowingly, dense beads of sweat seeped out of Gu Guohua's forehead.

"Mom and Dad, this is Chen Dong's mother."

Gu Qingying greeted her with a smile and took Gu Guohua and Li Wanqing's arms as she took the lead in introducing them.

"My in-laws are very polite, I am Li Lan, Dong's mother." Li Lan smiled warmly, and spoke with dignity and proper manners.

"Good day in-laws, from now on we will be family too." Li Wanqing was still able to maintain her composure and responded to Li Lan.

This was because, every time she came back with Gu Guohua, but every time Gu Guohua paid a visit to the Chen family, she had only gone alone, so she did not know Elder Long either.

"Uncle and aunty, please be magnanimous about what happened just now."

Chen Dong said apologetically, his father-in-law and mother-in-law must have endured a lot of anger these past few days because of the photo, how could a parent not feel for their daughter.

"It's alright, since the misunderstanding has been cleared up, it's a case of clearing the clouds and seeing the sky."

Li Wanqing said with a smile, "Dong'er, since you have already proposed to Xiaoying, auntie must also remind you that in the future, the couple should support each other and move each other, I hope you remember what you just said, never leave each other and live and die together."

The words were earnest, and the tone of voice was without the slightest pause or hesitation.

It was both a reminder and a warning in disguise.

Chen Dong smiled spontaneously and nodded his head.

Only then did Li Wanqing scold Gu Guohua, whose legs were trembling and his face was red, "You're such a father, you didn't think to say anything to your in-laws' mother

and Dong'er Xiao Ying on such an important occasion as your daughter being proposed to?"

Gu Guohua's body shook and he nodded seriously, "Yes, it is necessary to say something."

As he spoke, his back couldn't help but hunch up a little.

Gu Guohua's body was originally of the tall and majestic type, but at this time, with his hunched back, he was a little bit constrained and naive.

Then, under the astonished gaze of the crowd.

Gu Guohua took two steps forward, but stood in front of Elder Long who had been silent.

He stretched out his hands, his face full of smiles.

"Elder Long, I never thought I would see you here, old man."

The way he spoke and behaved was humble.

This scene made Chen Dong's few jaws drop and they were dumbfounded.

Not far from the edge of the stage, Zheng Guote even shook his tiger's body and accused, "What the hell is Old Gu doing? When you see your in-laws, why are you running to greet the old man next to you?"

"That old man, of extraordinary origin!" Lord Meng smiled blandly.

And on the stage, Li Wanqing was the first to come back to her senses, she hurriedly coughed lightly and reminded, "Old Gu, no rudeness."

Originally, the couple had come on stage to meet the in-laws.

For Gu Guohua not to greet his in-laws first, but to greet the old man in front of him, this was simply rude!

However.

Gu Guohua, however, looked solemn: "A woman's family, what do you know?"

Li Wanqing's pretty face turned white and she choked on her words for a moment.

Long Lao glanced awkwardly at Chen Dong and Li Lan before smiling and shaking Gu Guohua's hand, "Mr. Gu, long time no see."

Gu Guohua was instantly excited and ecstatic and said, “No, no, actually this time

He didn't wait for Gu Guohua to finish.

But Long Lao turned to Chen Dong and bowed slightly, “Young master, the marriage proposal ceremony is over, it is almost time to leave.”

Boom!

The words were like a thunderstorm on a flat ground.

Gu Guohua's eyes were rounded on the spot and his tiger body shook.

Even with his experience and heart, it was hard to hide his shock.

He looked at Chen Dong with an almost fierce expression.

Young master?!

Elder Long actually called Chen Dong Young Master?

Good heavens!

Gu Guohua's heart thumped so fast that he even had the urge to jump out of his chest and pass out with a roll of his second white eyes.

He had made several visits to the Chen family for the sake of his business empire, only for Elder Long to show up and receive him.

Even so, each time Long Lao had treated him with condescension and posturing, turning him away with some excuses.

And now, the scene in front of him made him feel like he was dreaming.

The man he once looked up to was calling him his son-in-law Young Master?!

Soon, he reacted to the fact that Chen Dong was also surnamed Chen, and Long Lao was a slave of the Chen family yet he called Chen Dong Young Master.

Then Chen Dong

An extremely terrifying thought suddenly surfaced in Gu Guohua's mind, giving him a surreal feeling.

“Well, let's go home first.”

Chen Dong smiled and glanced at Gu Qingying.

Gu Qingying, however, lowered her head shyly and suddenly stood on tiptoe, exhaling hot air lightly in Chen Dong's ear as she whispered, "My parents are still here, so I will go home with you later."

This girl

Chen Dong laughed dumbly and rubbed his nose.

He nodded to Li Wanqing and the stunned Gu Guohua, "Uncle and aunt, it's over, we'll go home first, today's impact is too great, and the mountain is surrounded by major media, so please excuse the many inconveniences, tomorrow I'll still ask uncle and aunt to come to our door, I'll host a banquet at home."

"Fine, fine, we will definitely come on time tomorrow." Li Wanqing smiled and nodded her head.

Such a big commotion had been made tonight.

Tianmen Mountain had long been surrounded by the long guns of the major media and some anchors, if there was another dinner party to follow tonight, it was bound to be tracked by the long guns and trouble would be few and far between.

Chen Dong instructed Xiao Ma to arrange the follow-up.

Then he got into the Rolls-Royce with his mother and Elder Long, and Kunlun drove, heading down the mountain.

On stage.

Gu Guohua was frozen like a wooden chicken, his face red and motionless.

Looking at the Rolls Royce leaving.

Only then did Li Wanqing's face sink: "Old Gu, you're such a father, why were you so rude just now?"

Gu Guohua, as if he hadn't heard, suddenly opened his mouth and murmured, "The dragon son-in-law is really my Gu family's dragon son-in-law"

"Dad, what nonsense are you talking about?" Gu Qingying looked at Gu Guohua with shame and shock, she knew that the dragon son-in-law her father was talking about was Chen Dong, but was it too much to say that?

However.

Gu Guohua, however, suddenly turned around and looked straight at Li Wanqing with both eyes, "Wife, hit me!"

Chapter 166

Li Wanqing was caught off guard and was bewildered.

Gu Guohua fiercely glared, "If you don't hit me, wife, I'll hit you!"

Slap!

The sound of the slap was crisp and loud.

Gu Guohua covered his face and spun around, almost stumbling and falling to the ground.

He covered half of his face which was almost red and swollen, instead of being angry, he laughed out loud, "Hahaha really, it's all true!"

"You're the one who told me to hit you!"

Li Wanqing looked at Gu Guohua's laughing appearance and was apprehensive: "Xiaoying, your father wouldn't be crazy, would he?"

Gu Qingying was also full of shock and incomparably worried.

At this moment, Lord Meng and his trio walked over.

Seeing Lord Meng and Dean Liu, Gu Guohua suddenly went up with a smile and gave the two a fierce bear hug.

"Old Meng, old Liu, thank you for reminding them in the first place!"

Heartfelt thanks, excitement and ecstasy undisguised.

All these years, he had begged the Chen family for help, but never imagined that, in the blink of an eye, his own daughter had led the Chen family's dragon son-in-law to him.

Gu Guohua was even more aware that Lord Meng and Dean Liu must have known Chen Dong's identity when he first met him.

If the two hadn't mentioned it back then, he wouldn't be where he is today!

"Old Gu, it's not that we didn't know about it at first, it's really because Chen Dong wouldn't let us." Dean Liu smiled helplessly.

“It’s fine, it’s fine.” Gu Guohua smiled broadly and waved his hand.

Zheng Guote looked stunned, “Brothers, what exactly are you playing dumb?”

Gu Guohua took Zheng Guote’s shoulder with one hand: “Old Zheng, thanks to the advice of Old Meng and Old Liu, I suppressed my donkey’s temper, otherwise see, my son-in-law could even get a warplane to propose to my daughter!”

He said, he pointed to the sky.

Before seeing the proposal ceremony, Gu Guohua was shocked, but at this time, it was full of bragging and pride.

The old Gu family’s dragon son-in-law had arrived at the door, and even with Gu Guohua’s status and experience, it was hard to contain his excitement and ecstasy.

Zheng Guodian was dumbfounded, obviously still didn’t understand.

It was Gu Qingying who hurried up to him: “Dad, what’s wrong with you? Chen Dong has only proposed to me, there hasn’t been a wedding yet, why are you suddenly like this?”

“Good daughter, you’re really my precious daughter!”

Gu Guohua turned around and hugged Gu Qingying, but his eyes were slowly reddening, he exhaled heavily and said with a sense of relief, “Do you know how many years daddy has been tossing and turning for this matter? You helped papa to lead the dragon son-in-law to the front, papa is really too thankful to you.”

Gu Qingying was also confused.

Li Wanqing’s willow brows were furrowed in thought.

Finally, Lord Meng spoke up, “Old Gu, you’re not even on point with your words, is it so hard to say that Chen Dong is a Chen family member?”

Boom!

The words thundered out.

Zheng Guote’s face swished white as he said in shock, “Chen, a member of the Chen family? That, that Chen family?”

Lord Meng nodded his head.

Zheng Guote's body shook and almost fainted, followed by hurriedly grabbing the shoulders of Lord Meng and Dean Liu: "I really thank you two brothers for mentioning me in the first place, otherwise I'm afraid this name of National Hand would have disappeared abruptly!"

The Chen family's authority, Zheng Guodian has no doubt.

Even if he was internationally renowned, in the eyes of the Chen family, he was like an ant.

"Is it really that Chen family?" Li Wanqing shouted in surprise, her charming face full of surprise, and with her dignity, she could hardly care about her manners at this moment.

Gu Qingying's pretty face also changed drastically as she reacted violently, she was aware of her father's plans over the years.

She was aware of her father's plans over the years. Over the years, Qingying International had flourished, and in the eyes of outsiders, had indeed risen in the wind and grown stronger.

But she knew it well, and her father had mentioned it more than once.

Even if the international market is booming, it will not be able to break through that bottleneck!

And the Chen family was the best choice for Qingying International to break through the bottleneck!

In an instant, Gu Qingying's mind buzzed, her beautiful eyes flashed, and she heaved a breath of cold air.

Chen Dong is that Chen family?

God!

How long has that big fool been hiding something from me?

"Let's go, let's get out of here first, the reporters at the bottom of the mountain are probably long red-eyed."

Gu Guohua waved his big hand and took the lead in the direction of the car, "Dragon son-in-law on the door, the old Gu family ancestral virtue, ancestral grave smoke, today's matter, when floating a big white!"

.....

Everything on Tianmen Mountain was watched by the whole city.

Whether it was the fireworks, the rain of flowers brought by helicopters, or the colourful clouds swept by the roar of warplanes.

It was all heart-stopping!

The whole city was in awe.

Who had such great power to blockade Tianmen Mountain just for a marriage proposal?

There were even countless girls who were envious of the girl who was proposed to.

How happy must she be?

Which girl, let's ask, wouldn't want the man of her choice, blooming with flowers, to show her love in a high profile?

And while everyone was waiting with baited breath to find out who had caused such a sensation.

The media coverage, however, left the city dumbfounded and disappointed.

Whether it was the major media or the self-published anchors.

All the coverage revolved around the blockade of Tianmen Mountain and the sensational scene at the top of the mountain.

As for who the protagonist was, no one knew!

The major media outlets also had a hard time saying anything.

With such a sensational scene, who in the media didn't know that if the protagonist was caught on camera, it would definitely lead to a more sensational level of public opinion?

So when Tianmen Mountain was on lockdown, they came on the wind and set up their long guns early, forming another layer of blockade on Tianmen Mountain.

But until peace returned to Tianmen Mountain, none of the media ever blocked the main character on the mountain path.

The only thing that appeared on camera was a black Mercedes G that had never come down the mountain since it went up, and an ordinary car that had hurried up and down the mountain, as if it had been driven away.

Even so, it didn't stop everything on Tianmen Mountain from becoming the focus of attention and the talk of the town.

There was even no shortage of videos that quickly burst into flames after small self-publishing anchors put them online, drawing the envy of the entire internet.

By the time Chen Dong returned home, it was already early in the morning.

Long Lao smiled and said, "I guess all those media outlets have to go crazy tonight?"

"Hahahaha They are blocking us at the bottom of the mountain one after another, but they didn't expect us to live halfway up the mountain." Kunlun smiled spontaneously.

Chen Dong, who was still immersed in the joy of the proposal, however, smiled slightly, "It's just that when Little Shadow and the others come down the mountain, I guess it's a bit troublesome."

"Young master is worrying too much, it won't be blown out of proportion." Elder Long smiled meaningfully.

Back in his room, Chen Dong did not feel like sleeping.

Instead, he lay on the bed, remembering everything about the night, sweet and happy.

It was only when the fragment in his mind proceeded to the scene where the warplane roared that he was in a bit of a trance.

With deep eyes, Chen Dong rubbed his nose and smiled bitterly.

At this very moment.

Gu Qingying's WeChat sent a message.

Chen Dong picked it up and took a look, and instantly revealed a gentle smile.

The content of Gu Qingying's WeChat message was simple.

"Big fool, are you really the young master of the Chen family? How long have you been hiding this from me by treating me like a fool?"

Chen Dong smiled and replied back to the WeChat: My identity as the young master of the Chen family can be treated as if it is not there for the time being, get some rest and do not be rude to me in your dreams (cheap laugh).

Winner Takes All Chapter 167-168

Chapter 167

A night without a word.

The shocking scene on Heaven's Gate Mountain drew the attention of the whole city.

There was even no shortage of envious girls who stayed up all night.

When the sun rose.

Chen Dong had finished his devil training and returned home with Kunlun, just in time to meet Elder Long watching the morning news.

"Young master, the broadcast of last night's events." Long Lao said with interest.

Chen Dong shrugged, "I don't think it's on, there's nothing to see."

Long Lao smiled and picked up his phone, "The media can't broadcast anything, the young anchor can have something to make up."

Chen Dong took a closer look and instantly burst out laughing.

[Shock! Tianmen Mountain is a sensation overnight, the unknown protagonist leads people to wonder!

Apart from the fact that what happened on Tianmen Mountain was true.

The subsequent reports on Chen Dong, the subject, were made up.

It was even imagined that Chen Dong was a rich second generation with a family, who made such a sensational scene in order to make his mistress happy.

As for not daring to show himself, he was also afraid that the main family would find out.

Shaking his head, Chen Dong did not care, and after the family had breakfast, they headed to the office.

The Four Seals Clubhouse, the small bamboo courtyard.

Gu Guohua had stayed up all night in excitement, and his bloodshot eyes still could not hide his excitement and ecstasy.

Everything that happened last night, until now he had the feeling of dreaming.

He had been working so hard for so many years, knocking on the door of the Chen family to no avail and being turned away by Elder Long every time.

But then, in a twist of events, his daughter had attracted the Chen family's dragon son-in-law to his door.

With this relationship, he had no doubt that if the Chen family helped him, he would be able to break through the bottleneck of his group.

The Chen family was not the only one that could help him break through the bottleneck, but in his heart, it was the best and most suitable.

"You haven't slept all night, why don't you go get some sleep?"

Li Wanqing walked to the hall and looked at Gu Guohua heartily.

"Not sleepy, I'm in great spirits!"

Gu Guohua stretched his back and said in a refreshed voice, "Wait to get ready, we still have to go to our son-in-law's house for dinner tonight."

"Look at you, before you were shouting at Chen Dong, who was only proposing to Xiaoying, but now you are directly calling him your son-in-law." Li Wanqing scolded with a scornful glance and laughed.

"It's already a proposal, is it still far from marriage?"

Gu Guohua harrumphed and turned to say with a sullen face, "You can't say anything about me on this, I'm Xiao Ying's father, even if I knew before that Chen Dong was the young master of the Chen family, I still had to shout at him, a matter of principle!"

"Fine, fine, I know you care for your daughter, alright?"

Li Wanqing said and sighed, "You two, father and daughter, one has slept until now and one has woken up until now, I really can't do anything about you."

Knock, knock!

There was a knock on the door from the outside courtyard.

Gu Guohua hurriedly went to open the door.

Outside the door, there was Lord Meng.

"Old Meng, is there something early in the morning?"

Gu Guohua was a little puzzled, Lord Meng had a lot of power and was busy with many things every day.

Even if his late friend was at the Four Seals Club, it was usually difficult to see him, let alone this early in the morning.

Lord Meng smiled, "I've come to talk to you about something."

When the two of them entered the hall, Li Wanqing had already made tea and set out a few snacks.

After sitting down, Lord Meng picked up a piece of dim sum and ate it, eating it in a bit of a hurry, obviously not having eaten breakfast.

After two pieces of dim sum had gone down, he felt a little full, and only then did Lord Meng hold his cup of tea and drink it lightly.

Gu Guohua and Li Wanqing waited quietly.

Finally, Lord Meng spoke, "Old Gu, there are actually a few words about Chen Dong that I want to pass on to you."

"But there is no harm in saying them." Gu Guohua said.

Lord Meng pondered for a moment and said, "You should know the rules of the Chen family's successor, right?"

Gu Guohua frowned, "From the younger generation, an elite generation is selected to cultivate, and then from the elite generation, heirs with qualifications are selected to compete with each other, and the best heir is the future Chen family head, as the saying goes, the winner is the king."

"Since you know that, that's good to know."

Lord Meng nodded, "Although Chen Dong is the young master, in reality, his name is not right because he is an illegitimate son! An illegitimate son who is not recognised by the Chen family!"

Boom!

Gu Guohua and Li Wanqing were struck by lightning.

They were from a powerful family, so they naturally knew the importance of a proper name in a powerful family!

The Chen family had all the money and power in the world, so the word "righteous" was even more important!

An illegitimate son who is not recognised by the family is, to put it bluntly, a person who carries the family name but has no hope.

Not even considered a member of the Chen family at all.

Lord Meng clearly caught the shock of Gu Guohua's couple, which was expected.

He was clear about Gu Guohua's goal, so it was only normal for Gu Guohua and his wife to have such a look after informing Chen Dong of the truth about his identity.

This was tantamount to dousing the flame of hope that Gu Guohua had just kindled.

After a pause, Lord Meng continued, "However, Chen Dong's illegitimate son is different from ordinary illegitimate sons, as his father is the current Chen family head. And the Chen family head, is the one who approves of this real son, even if everyone in the Chen family does not."

There was no hint of concealment, the door was opened and the words were straightforward.

Lord Meng and Gu Guohua were old friends, so he had thought about it all night and felt it necessary to tell Gu Guohua the truth.

It wasn't so much that he wanted Gu to weigh the trade-offs, but he was worried that Gu would immediately stir up a storm over his business plans after learning the brief information that Chen Dong was the young master of the Chen family.

If that were to happen, it would inevitably offend those in the Chen family.

The magnificent Chen family, even if the Chen family head ignored it, would be enough to knock Gu Guohua into the abyss of ten thousand feet even if the Chen old lady, no, any one of the Chen family stood up and manipulated the power of the Chen family.

Gu Guohua's expression began to tangle: "Are you trying to persuade me, to let Xiaoying and Chen Dong break up?"

Lord Meng froze for a moment and laughed bitterly, "I would rather tear down ten temples than destroy a marriage, I am reminding you that before we settle down, don't rush to carry out your business plan, otherwise you will be in big trouble if you piss off the Chen family."

"But you've made it so clear that Chen Dong is hopeless, and it won't help if the Chen family doesn't approve of him, even if his father, the head of the family, does."

Gu Guohua sighed despondently, "You know, among the gentry and noble families, even the head of the family is never a man of one word!"

“So that’s the choice you have to make, either Xiao Ying and Chen Dong break up or it’s a big gamble!”

Lord Meng’s gaze was profound, “But even if it is a big gamble, you are not without hope of winning, because in the Chen Family, even the mere approval of Chen Dong by the Family Head is enough, because the Chen Family Head has granted Chen Dong the qualification of successor!”

The tone of his voice was low, but powerful.

As he spoke, the image of that day when Chen Daoling lived behind the bamboo fence and coldly threatened the Chen family’s old lady came to Lord Meng’s mind.

With the Chen family head desperately trying to shelter him, Chen Dong did have hope, and was indeed a true dragon!

The successor qualification was in place, and there would be a chance to compete before that Qiankun was determined.

In the hall room, there was dead silence.

Gu Guohua and Li Wanqing were both caught in thought.

Half a day later.

Gu Guohua laughed: “How else can we choose? Xiao Ying has already chosen for us, a big gamble is a big gamble, I, Gu Guohua, have gambled all my life to reach this point and change my fate against the heavens, so why not accompany that boy Chen Dong to gamble once more?”

Lord Meng smiled faintly and got up, “Your business plan should be put aside for now, the most important thing in front of you is this big gamble, winning the gamble is a merit from the dragon, plus you are still the father-in-law of the true dragon, there is no shortage of you in the future.”

Seeing Gu Guohua nodded.

Lord Meng then walked out, smiling as he did so, “In fact, old Gu, if it were me in this matter, I would also choose Chen Dong, his heart and talents far surpass those of the Chen family heirs I have seen, if he is not the head of the family, it is time for the Chen family to decay!”

Chapter 168

Lord Meng was gone.

Gu Guohua, however, sat on a chair with a complicated look on his face, showing his exhaustion.

The exhaustion after a night of ecstasy was all revealed as Lord Meng told the truth.

Li Wanqing said comfortingly, "Alright, Old Meng is just telling us the truth, even if Chen Dong is not the heir to the Chen family, he is still our son-in-law, as long as our daughter likes it."

"Well, this I know."

Gu Guohua stretched, "Old Meng told us the truth because he was afraid that I would get into trouble for being hasty, now that we know the truth, let's just gamble, since our son-in-law is one of the Chen family heirs, it's not hopeless, whether he is a dragon or a worm, we have to compete with those elites of the Chen family to know."

Click!

The sound of the door opening rang out.

Gu Qingying walked out from the bedroom.

She looked at Gu Guohua and Li Wanqing, she was actually awake, it was just the arrival of Lord Meng that made her choose to stay in the bedroom for a while longer.

And the talk in the hall room, she heard it all.

"Mom and Dad, " Gu Qingying said carefully, "I heard it all."

Gu Guohua and Li Wanqing looked at each other, a little stunned.

Li Wanqing hurriedly stepped forward to reassure, "It's alright Xiaoying, even if Chen Dong can't become a Chen family member in the future, then he's still a member of our family."

Touched, Gu Qingying nodded, "Thank you, mother."

Glancing at her despondent father, Gu Qingying said, "Dad, Chen Dong will definitely not let you down, he is no worse than those Chen family heirs."

"That's for sure, the person my daughter chooses, that must be a dragon among men."

Gu Guohua smiled, his gaze was deep, but a key point came to mind in his mind.

That was the big crisis in Din Tai this time, first Yike left the scene, and around the same time he helped Chen Dong save the day, Yike entered again.

Yike was owned by the Chen family.

When he thought of Lord Meng's words just now, he instantly realised that the great crisis at Din Tai was simply a contest between the Chen family head and the Chen family members about Chen Dong.

And in the end, it was clear that the Chen family head had won!

With a family head father who could help Chen Dong fight against the Chen family, Chen Dong's chances of winning weren't too small!

It is true that among the powerful families, the head of the family cannot speak with one voice, but he is also the one in control of the greatest power.

.....

It was late afternoon.

The big black Mercedes G drove into the Tianmen Mountain villa area.

Chen Dong was waiting early. This was considered the first official meeting between the two families after the marriage proposal ceremony.

In terms of etiquette, Elder Long had controlled it impeccably.

During the meeting, the two families talked and laughed, and Gu Guohua and Li Wanqing did not mention what Lord Meng had said, as if it had never happened at all, and did not show any signs of impropriety.

This made Gu Qingying relieved, she was worried that her parents would change their mind about Chen Dong after they found out the truth about him.

As for herself, she never minded whether Chen Dong was the young master of the Chen family or not!

What she liked was Chen Dong.

She likes him from the beginning.

No matter how high or low he was, he would always be there.

After three rounds of wine, five tastes of food were served.

The dinner party was over.

Gu Qingying drove the car and took her parents away.

Chen Dong accompanied Gu Guohua and drank a lot of wine. After sending off Gu Qingying, he went back to his room to sleep by himself.

Fan Lu and Kun Lun busied themselves with cleaning up the dishes.

Long Lao, on the other hand, sat aside and rested. At the dinner table earlier, he had also drunk some wine and was a bit overwhelmed by it at his age.

Li Lan sat alone at the side.

She was still full of smiles during the meal, but at this moment she had her head bowed and her face full of sorrow.

The mobile phone was slowly fiddling in her hand, but Li Lan's face was becoming more and more ugly.

Eventually, she tucked the phone away and got up to walk out: "Elder Long, I'm going for a walk, don't alert Dong'er."

Long Lao opened his eyes and looked profoundly at Li Lan who left.

Only after the door closed did he say, "Kunlun, follow Madam to check it out."

"Elder Long, it's not good to follow Madam, is it?" Kunlun was a little embarrassed.

Elder Long's eyes were stern, "It's not for you to follow, it's for you to follow behind for protection."

"This" Kun Lun was stunned.

Elder Long said in a deep voice, "If someone is against the madam, you can kill them first and then tell them later!"

Kunlun's expression froze, nodded, and went out the door.

Fan Lu was a little worried, "Elder Long, nothing will happen, right?"

"It's fine."

Elder Long shook his head and laughed, "It's just that I'm worried that Madam has been bitten by a wild dog; Madam is kind-hearted and will inevitably not bother with a cat or a dog, so I'll just have to let Kunlun guard behind."

Although he was laughing, Elder Long's eyes were so stern that they gave Fan Lu a hairy feeling.

The Tianmen Mountain Villa under the night was still brilliantly lit up.

After Li Lan hurriedly stepped out of the door, her pace darted towards the front door, which was not half as good as a walk.

Kunlun went out and followed quietly.

As a former mercenary king, stalking on the battlefield was one of the mandatory lessons.

What's more, Leland was only an ordinary person and hadn't thought of any counter-surveillance methods.

Leaving the Tianmen Mountain Villa.

From a distance, Kunlun saw a black Maybach parked by the roadside, hidden in the darkness under the shade of the trees.

He stopped and frowned as, in his line of sight, Leland walked at a rapid pace to the car and without the slightest pause, opened the door and got in straight away.

As he watched, the Maybach turned around and drove off down the hill.

Kunlun hurriedly found a car to borrow from the property and followed after it.

Under the night.

The Maybach sped along the mountain road.

In the back row of the car, an old voice rang out beside Leland.

"You, how are you thinking about it?"

"No fair!" Leland spoke with a sense of resentment.

"Is that the tone you take when you talk to me?"

The old man's voice grew a few degrees colder, accompanied by a few coughs as he spoke again, "What happened back then, can't you still look away even now?"

Li Lan's brow furrowed and her fists clenched.

Facing this man beside her, she seemed a little nervous.

But she, still gritting her teeth, said, "Why should I be allowed to look away? Back then, I was told to look away, and now I am being told to look away?"

“Is it possible that the explanation I am giving you now is not sincere enough?”

The old man’s voice rose a few notches, “Is this not enough to forgive the sins of that year? Do you still want me to die in front of you before you can see the light of day?”

After saying this, the man coughed violently again.

Li Lan’s expression changed greatly and hastily patted this man’s back, but said, “I don’t need you to die, you can even live a long life, but you took me then and now you want to take my son, I will not allow it!”

“You

The figure’s body trembled violently, furious to the core: “Is this not a pinch? This is an invitation!”

“I think, let’s leave it at that, my Dong’er is excellent today, he doesn’t need your invitation.” Leland said in a deep voice.

Seeing the silhouette about to speak again, she suddenly said coldly and sternly, “If you keep pestering me, don’t forget that I’m not one to put up with anything!”

“You beast!”

Slap!

The slap sounded crisp and loud.

Under the dim streetlight print, Leland’s head deflected and hit the glass with a thud.

“I want to get out of the car!” Leland forced his voice.

“Tell her to get out!”

Crunch!

The Maybach came to a halt.

Leland got out of the car, half of her face was already swollen under the street light, and her eyes were full of anger.

And this scene was watched by Kun Lun who came closely behind.

Kunlun was a little puzzled. He was obviously heading down the hill, but how did he get halfway down and the lady got out of the car?

He did not stop, but drove slowly towards Leland to see what was going on.

As it was a borrowed vehicle, there was no fear of being spotted.

As he drew closer, the redness on half of Leland's face fell into Kunlun's line of sight.

He even saw Leland gently wiping the corners of his eyes.

Kunlun's expression snapped and a surge of anger rose up.

He glared fiercely at the Maybach parked at the curb and slammed his right foot down.

Boom~

The throttle roared.

The car accelerated directly and crashed into the Maybach.

Winner Takes All Chapter 169-170

Chapter 169

Bang Teen!

Two cars rear-ended.

The bonnet of the vehicle driven by Kunlun buckled and the airbags all blew out.

Smoke and dust rolled from the scene.

Leland was dumbfounded and blanched in fear.

Immediately afterwards, Kunlun kicked open the car door with a furious kick and walked straight towards the Maybach.

Elder Long had asked him to follow and guard Li Lan, and now that Li Lan had been slapped, what kind of following and guarding would it be if he didn't do something about it?

"Kunlun?!"

Li Lan let out a startled cry, seeing Kun Lun walking towards the Maybach, she instantly understood what the crash was all about.

She hurriedly and quickly ran over to him, while shouting, "Kunlun, stop!"

Kunlun didn't pay any attention and yanked open the car door.

With a large bushy hand, he yanked the person in the back straight out.

"You, what are you doing?"

In the light, the person yanked out was an old man with white hair.

The old man's face was full of furrows, but his suit was straight, but he was dragged out by Kunlun, showing all the wretchedness, and coughing violently in the midst of his frightened cry.

"You insulted my wife, you should be beaten!"

Kunlun's voice was stern, and his big fan hand swung down brazenly.

Slap!

The sound of the slap was crisp and loud.

The old man's head tilted and his whole body was dazed, blood spilling from the corner of his mouth, his face full of shock.

With this slap, even Li Lan, who had come running, was also dumbfounded.

She was frozen in place, her right hand covering her mouth, almost screaming out.

And at that moment, the driver in the Maybach finally reacted, opened the door and rushed towards Kunlun in an aggressive manner.

"Dare to hurt my master, you want to die!"

Buzz!

The wind of the fist buzzed.

Kun Lun faced the driver's fist, but he did not dodge, his eyes narrowed, and his big bushy hand blatantly stretched out, lightly squeezing the driver's fist directly.

"Whoever you are, the king of heaven shall not touch my lady!"

Kunlun's fierce cold voice, but his right hand was fierce.

Ka!

The bones of the driver's right arm broke in response.

With that, a pig-like scream echoed across the mountain path.

After Kunlun released the driver, the driver staggered backwards with a painful look on his face and fell to the ground.

This scene, however, caused the white-haired old man's pupils to tighten and his heart to grow fearful.

But he was still strong and calm, and said in a cold voice, "Young man, do you know who I am?"

Facing such a reckless man, the old man knew very well that there was no other way but to use his power to oppress others, and the result of violence had been fulfilled in his driver.

Yet.

Kunlun, however, revealed a look of disdain.

"Heh~ The sky and earth are not as big as my lady!"

He had once been the king of mercenaries, and had seen countless powerful magnates, if he was truly scrupulous about oppressing people with his power, he would not have had the chance to traverse the mercenary battlefield back then.

This life was given to him by Chen Daoling.

He had given it to Chen Daoling when he had saved him from the danger he had faced alone.

He did not even bother to pay attention to the white haired old man's words.

"You" The white-haired old man's face turned red, with a sense of suffocation as a showman encountered a soldier who could not be reasoned with.

He didn't wait for his words to come out.

With a wave of his big hand, Kunlun directly threw the white-haired old man at the dumbfounded Li Lan.

"Make amends to my lady, or don't blame me for not respecting the old and the young!"

The voice was icy cold and unabashedly threatening.

Under the huge force, the white-haired old man stumbled and fell to the ground with a miserable scream.

This miserable scream finally brought the stunned Leland back to her senses.

Her lips mumbled, and after glancing at the white-haired old man on the ground, she busily said to Kunlun, "Kunlun, forget it, let's go."

Kunlun, however, looked solemn: "Madam, if the young master were to find out, then the young master would not forgive me."

He had been sent to Chen Dong's side by Chen Daolin in order to shelter Chen Dong's life.

When he was at Chen Daolin's side, he had secretly solved countless life-and-death killing situations for Chen Daolin.

Even so, Chen Daolin had sent him to Chen Dong's side, as if Chen Daolin valued Chen Dong's life more than anything else.

And Li Lan is Chen Dong's mother, if he endured the humiliation of the slap and did not resist, then what did he come to Chen Dong's side for?

"But"

Li Lan's face was torn and her heart was apprehensive.

How could she not have expected Kun Lun to follow her, and she was also clear that this should have been arranged by Elder Long.

On the contrary, Kunlun's first time of stalking, he encountered something like this!

"Houshang boy, you are truly lawless, did you not think that your young master, that little Chen Dong, could topple the heinous disaster for you?"

The white-haired old man was also furious at this moment, his eyes glaring round, his jealousy wanting to crack.

Given his status, even if he slapped him, even if he pointed his finger at him and shouted at him, he would not dare to have anyone in his face.

Kun Lun took a step forward, his lofty tower-like body exerting tremendous pressure on the white-haired old man.

He smiled coldly, "If my young master were here and witnessed you slapping his mother, you would have broken at least one arm and leg by now, just like him."

With that, Kun Lun raised his finger and pointed at the driver with the broken arm not far away.

The young master's filial piety was clear to him.

The mother was the young master's scale of adversity.

The young master could insult, but the young master's mother could not be insulted!

Whoever insults his mother, the young master dares to pay with his life!

"You"

The white haired old man's face turned red as he locked eyes with Kunlun, only to have his back chill and his heart beat wildly under Kunlun's fierce cold intent.

After taking a deep breath, the white-haired old man turned to look at Leland angrily and gritted his teeth, "Leland, are these dogs taught by your family?"

The tone of his voice was cold and full of contempt.

Kunlun's face sank and his fists clenched and clicked.

The torn Li Lan's body trembled and his eyes met the white haired old man's angry gaze with determination: "Only an old stubborn man like you would see his family as dogs that everyone can control!"

The white-haired old man's expression choked and his eyes suddenly became complicated.

Li Lan, however, swept right past the white-haired old man, walked over to Kun Lun and grabbed his arm, "Kun Lun, listen to your aunt and come home with me!"

"Madam, this old undead" Kunlun's expression eased slightly, but he was indignant.

"Come with me!"

Li Lan let out a stern shout, causing Kun Lun to swallow back the words that were coming out of his mouth.

Kun Lun glared at the white-haired old man fiercely and helplessly followed Li Lan towards the Tianmen Mountain villa area.

But just as the two turned around.

A low, cold voice of the white-haired old man suddenly came from behind them.

“Li Lan, if you don’t want to eat your wine, this old man’s bones can still stand up to a few years of beatings. If you and your son don’t appreciate it, don’t blame me for fighting your son to the death!”

The threat was undisguised!

Moreover, Chen Dong was the direct target of the threat!

Li Lan’s body trembled, and his face turned gloomy to the extreme, but he still kept his lips tightly shut and kept silent.

On the contrary, Kun Lun, with a fierce expression, wordlessly shook off Li Lan’s hand and turned towards the white-haired old man.

As he walked, he said coldly, “The lady begged you for mercy and you didn’t appreciate it, if you want to honor the wine and not eat the punishment, you can’t blame me for being ruthless!”

Buzz!

With a roar.

Kun Lun directly struck a whip leg in the air, sweeping across the body of the white-haired old man.

It was so powerful that there was no doubt that even if the old man didn’t die, he would be seriously injured by this kick.

The old man’s face turned pale as he felt the slashing wind coming at him, but he was too old and weak to dodge.

He was filled with hatred and fear.

He had forgotten to lower his stature to speak, and his words had come out of his mouth out of pure anger.

In a flash of lightning.

Leland turned around violently, and just as Kunlun’s right foot was less than one hand away from the white-haired old man’s body, she shouted violently.

“Stop it! She’s my father!”

Chapter 170

Buzz!

The strong wind of the whip leg blew the old man's white beard and white hair.

Kunlun's right leg came to an abrupt halt beside the old man and slowly fell to the ground.

"Madam's father?"

Kunlun was filled with shock and disbelief as he looked back at Leland.

Li Lan looked torn, looking at the white-haired old man with a mixture of anger and intolerance, her reddened eyes brimming with tears.

Eventually, she nodded to Kunlun.

Kunlun stood frozen in place, looking back and forth at Leland and the white-haired old man with a complicated expression.

For a moment, he was somewhat at a loss for words.

It was Li Lan, on the contrary, who slowly walked up to the white-haired old man, her expression abruptly stern.

She said in a cold voice, "I hope your words just now were just spoken out of anger and not sincerely, otherwise I could have saved you at the foot of Kunlun just now, and I could have made you pay the price again!"

The icy killing intent was like a cold wind blowing out of the Nine Underworlds.

The white-haired old man's body trembled, pained, "This, is the tone you take when you talk to your father?"

Li Lan smiled spontaneously and straightened his back, looking down on the white-haired old man from above, his eyes no longer carrying the slightest bit of emotion.

"I am also a mother. You may have thought I was easy to bully back then, but you never thought that a woman is weak, but a mother is strong!"

"If you hadn't thought of Dong'er's youth, do you think the Li family would have gotten away with it so easily? Now that Dong'er has grown up, if you want to see if I'm easy to bully, go ahead!"

The words were cold, but powerful.

It was hard to imagine that this could come from Li Lan's mouth, who was always kind and gentle.

Kunlun was completely confused, and his eyes were filled with astonishment as he looked at Li Lan.

He had the illusion that the madam looked like a different person.

“Kunlun, go!”

Li Lan let out a cold cry, turned around and left.

Kunlun came back to his senses, but dared not disobey again and followed quickly.

On the mountain path, the light was dim.

The night breeze was cool.

The white-haired old man sat down on the ground in dismay, looking profoundly at the departing Li Lan.

Finally smiling bitterly, he muttered, “Back then did it wrong ah.”

.....

Tianmen Mountain villa area.

Kunlun arranged for the property to go to the mountain road to deal with the accident and compensate for the damage.

By the time he returned home, the living room was still lit up.

Elder Long and Li Lan were sitting opposite each other in silence.

Kunlun stepped forward and whispered, “Elder Long”

Elder Long raised his hand, interrupting Kun Lun’s words.

With a faint smile, “I know all the things.”

Saying that, he looked profoundly at Li Lan, “Madam, you really can’t solve it!”

“You followed me!” But Leylan digressed and looked at Elder Long with a cold and stern expression, “If I say I can solve it, I can solve it, there is no need for you and Kunlun to interfere!”

“Tonight, is the proof that Madam can solve it?” Elder Long smiled teasingly.

Li Lan’s expression became even more gloomy.

But there were no words to refute Elder Long.

Because she knew clearly that if Kunlun hadn't tracked down the direct action tonight and pushed the situation to the point where the gunpowder was strong, her slap would have been in vain.

And she, too, would have opted for the softer, yet more time-consuming, patient and still unknown outcome of the sleight of hand.

Kunlun's strike made her use a more decisive, but the best kind of manoeuvre to achieve results.

"Madam, a tree attracts the wind, and for the first twenty years or so, Madam and the young master were dependent on each other, so that wind would not blow since."

Long Lao's voice was low, meaningful: "And now, the young master has risen to the top, this big tree has grown, that gust of wind is naturally attached to it, with the involvement of the madam and that gust of wind tied, it is impossible to do a quick cut and erect a wall to block the wind!"

The living room was silent enough to listen to a needle.

Kunlun stood to one side, his brow furrowed, sometimes puzzled, sometimes contemplative.

He was not clear about the Lady's past.

It was because the lord had only taken him under his wing after he had returned to the Chen family and become its head.

Therefore, only Elder Long, the only person who was truly in the know about the past of the Master and Madam.

For a long time.

Leland finally sighed, "It's just that Kunlun appeared tonight, and it was for me to show the bottom line, and perhaps things are over as of tonight, and there will not be this gust of wind to follow."

"Still not telling the young master?" Elder Dragon raised an eyebrow.

"I'm resting."

Leland got up and went upstairs, the words were an answer to Elder Long.

Long Lao leaned back on the sofa, smiled helplessly and watched Li Lan go upstairs before he murmured softly, "The heart of a man is not enough for a snake to swallow an elephant, how can a greedy heart be ended by this mere wrist? Otherwise, it wouldn't have been like that back then."

"Long Lao what exactly happened back then?" Kunlun asked suspiciously.

Long Lao's right hand gently tapped on the sofa, his gaze deep, as if he was reminiscing.

In the end, it was a quiet light sigh and a helpless smile, "The twenty years of embarrassment and misery for Madam and Young Master was created by Madam's father, the old man you beat, himself!"

Kunlun's pupils tightened and his brow furrowed.

The tiger's poison had not yet eaten his son.

What had really happened back then?

The lady's father, the young master's grandfather, such a first blood relative, personally pushed the two to the point where they were dependent on each other for food and shelter?

What kind of kinship is this?

.....

The matter of Li Lan, Long Lao and Kun Lun finally chose to conceal Chen Dong.

In the following days, Chen Dong was preoccupied with his work.

With Elder Long helping to cover for Li Lan, it was difficult for Chen Dong to get the truth even if he intended to keep an eye on his mother.

A week passed and the glory of Din Tai was about to come.

At noon, it was supposed to be closing time.

Both Chen Dong and Xiao Ma were still in the office.

"Brother Dong, the property prices in the west of the city tend to stabilise, the follow-up should still be around 30%, but it has nearly doubled compared to the initial prices!"

Xiao Ma reported with a smile, his face full of red, after experiencing the great crisis of Dingtai, at this time, looking at the house price of the west of the city, let him have a kind of raised eyebrows and a sense of joy.

“Then let’s release the purchase restrictions and start full pre-sales.” Chen Dong said.

Is this because Dong didn’t hear me?

Xiao Ma froze for a moment.

He was busy saying, “Brother Dong, the current property prices are only stabilising, there should still be room for a 30% increase, I think it would be in the company’s best interest to wait until the highest point to pre-sell.”

“The most beneficial is the most harmful. It’s true that you can get the most benefit from exhausting the water and fishing, but what about exhausting the water and drying up the fish down the road?”

Chen Dong raised his eyebrows, his gaze brightening, “Dingtai still has a long, long way to go, releasing the last 30% of the profits to the homebuyers in order to soothe the resentment in their hearts towards our restrictions.”

Xiao Ma pondered, nodded and smiled, “Thanks to Brother Dong for pointing it out.”

“Prepare for the pre-sale.” Chen Dong waved his hand and added, “By the way, let’s open the pre-sale directly this time, don’t hold a pre-sale conference, I won’t attend either.”

He did not want to create another spectacle that would be unprecedented and sensationalise the whole city.

This would not bring more benefits to Din Tai other than pushing it to the limelight.

With Yike and Qingying International in the picture, what need was there to create momentum for the property in the west of the city?

When Xiao Ma left, Chen Dong was planning to go out for lunch.

A phone call suddenly came in.

“Elder Long, what’s wrong?”

On the other end of the phone, Elder Long’s voice was low: “Madam has gone missing, only you, Young Master, can find her!”
