

## Winner Takes All Chapter 201-210

### Chapter 201

Dumbfounded for a moment.

Chen Dong smiled.

Compared to the Zhang family's worship post, this post was refreshingly uncomplicated.

On the post, there was only a phone number and a line of words.

The wording read: There is a business deal.

The inscription was: Chu Reed.

Putting down the post, Chen Dong pondered.

Finally, he took out his mobile phone and dialed the number.

The call was answered.

"Hello, is this Mr. Chen Dong?"

A slightly high and cold voice rang out.

Chen Dong was a little taken aback, "It's me, may I ask what business Miss Chu Reed has for me to discuss?"

"Tonight at eight o'clock, Jade Spring Villa, Heavenly Pavilion to talk."

Pop!

The phone hung up in a crisp and decisive manner.

Chen Dong was a little stunned.

After reading the post, he knew that the purpose of the Chu family's visit was the same as the Zhang family's.

But unlike the Zhang family's twisted charm, the Chu family was too dry?

But in comparison, Chen Dong was more willing to meet this Chu Reed.

It was not because his curiosity was aroused by the other party's decisiveness and crispness.

Rather, it was because the Zhang and Chu families had very different styles.

The Zhang family's invitation made him speculate, and Zhang Yulan's posture made him discard the idea.

Chu Reed's post, on the other hand, was straightforward about collaborative business, so it would be harmless for the two sides to get closer by opening up.

"Brother Dong is going in the evening?"

Lone Wolf asked.

Chen Dong nodded: "It's business, of course I have to go to the appointment."

"Why don't I go along, after all, it's at Zhou Yanqiu's place this time." Lone Wolf was a little worried.

Chen Dong hesitated for a moment and nodded his head in agreement.

It wasn't that he was worried about Zhou Yanqiu, but he was thinking about Lone Wolf's image, so he wouldn't be mistaken for someone like Qin Ye, right?

Not long after Lone Wolf had gone out, a strange phone call came through.

Chen Dong picked up the phone.

"Mr. Chen, this is Zhang Taiyue from the Zhang family in Kyoto."

"Hello, Master Zhang." Chen Dong frowned.

Zhang Taiyue continued, "I am deeply sorry for the incident two days ago, which I did not expect my granddaughter to botch, so I am hosting a banquet for Mr. Chen at the Jade Spring Villa's Heavenly Pavilion at eight o'clock this evening, so that I can bring my granddaughter to make amends to Mr. Chen in person."

Jade Spring Villa?

The Heavenly Pavilion?

Both at eight o'clock?

Chen Dong smiled oddly, "Thank you, Master Zhang, for your kindness, but I have just promised the Chu family in Kyoto that it will also be at the Jade Spring Villa's Heavenly Pavilion at eight o'clock this evening."

"What?"

Elder Zhang let out a startled cry and busily said, "Sorry, Mr. Chen wait for a moment."

The phone hung up.

Chen Dong teasingly smiled, how deep a bond the two Zhang Chu families should have, coming with the same purpose and even inviting them to the exact same place.

On second thought, it seemed to make sense.

The city's Jade Spring Villa was already top-notch.

Of course there is the Four Seals Clubhouse up there.

But the special nature of the Four Seals Clubhouse made it obvious that not everyone could get in.

Zhou Yanqiu's Jade Spring Villa, on the contrary, is more universal.

It was not too surprising that the two Zhang Chu families in Kyoto could both be picked in the Heavenly Pavilion.

Rubbing his nose, Chen Dong murmured, "I wonder, whose house is it tonight?"

Saying that, he called Elder Long again and asked about the Chu family.

.....

Taishan Hotel.

Elder Zhang looked sullen, his phone clenched in his hand.

"Grandpa, what's wrong?" Zhang Yulan said in confusion.

Elder Zhang said, "That little girl from the Chu family, she has counted clearly, the person has not come yet, but she has already invited Chen Dong, and all at the same time as we chose the Heavenly Pavilion at the Jade Spring Villa."

"How could this be?"

Zhang Yulan covered her mouth with her jade hand in a burst of surprise.

Elder Zhang said indignantly, "Immediately go with me to Jade Spring Villa, let Zhou Yanqiu promise to only allow us to use the Heavenly Pavilion tonight, even the invitation to set up the banquet location, the old man to see how that Chu family girl can exert!"

.....

Off duty in the evening.

Chen Dong left work on time.

Kunlun had already driven and waited by the roadside.

After getting into the car with Lone Wolf, they headed directly towards the Jade Spring Villa.

Chen Dong did not care who was actually feasting at the Jade Spring Villa tonight.

If it was Chu Reed, he would sit down and talk.

And if it was Zhang Yulan, the big deal would be to walk away.

In the afternoon, through Elder Long, Chen Dong also knew something about the Chu family. The Chu family was also in film and entertainment, and in the industry, it was always pressed headlong by the Zhang family.

But the Chu family has other main businesses that even surpass the film and entertainment industry, so to be precise, the Chu family is actually a little stronger than the Zhang family.

However, the mere fact that they are both involved in film and entertainment is enough to make the two families rivals.

It was no wonder that both sides had come with the same goal in mind.

“Young master, now it seems that both Zhang and Chu families have come for the sake of friendship, so this fuss over the Li family should be considered beneficial to us, right?” Kun Lun joked as he drove on.

Chen Dong, however, shook his head, “The Zhang and Chu families are rooted in Kyoto, and although they are powerful families, they are not really the most prominent upper class, and the two of them do not yet represent the whole of Kyoto.”

Kunlun frowned, but felt that it made sense.

When the car drove into the Jade Spring Villa.

The time was also exactly eight o'clock.

After getting out of the car, Chen Dong led Kun Lun and Lone Wolf to walk directly towards the Heavenly Pavilion.

Meanwhile.

Inside the Heavenly Pavilion, it was as cold as frost.

The air seemed to freeze, suffocating people.

Zhou Yanqiu looked apprehensively at the three people in front of him, rubbing his hands together and rubbing them together, beads of sweat faintly seeping out of his forehead.

After he had built the Jade Spring Villa and established the rules of the Heavenly Pavilion, he had accepted a few powerful and wealthy families.

But this was the first time he had encountered such a scene tonight.

It left him at a loss for words.

The same two powerful families of Kyoto were also qualified to let him open the Heavenly Pavilion to receive them with the highest specifications.

But the key was that the Chu family had decided first and the Zhang family had forced their way in.

Although he was the city's biggest business tycoon, he was not foolish enough to touch the brow of both families at the same time.

Then there was this awkward scene in front of him.

The two families, Zhang and Chu, were sitting at the same table.

And both were there to feast on Chen Dong!

"Chu Reed, I invite Mr. Chen, you invite Mr. Chen too, since childhood, why do you have to do everything as I do?"

Zhang Yulan's pretty face sulked as she looked askance at the sinister figure opposite her and pouted.

Opposite her sat a girl dressed in black OL professional attire, with a tall and graceful figure, ponytailed and wearing glasses, showing all her competence.

With delicate features, like gelatin, she was also a stunningly beautiful person.

Compared with Zhang Yulan, she was a bit inferior, but with her outfit, she had more of a high cool and intellectual temperament.

"I just want to discuss a business deal with Mr. Chen." Chu Reed's voice was just like her high and cold temperament.

“Talk business? The sky is high and the water is far away, coming here to talk business?”

Zhang Yulan snorted and straightened her body, “You slutty hoof, you clearly want to come and get close to Chen Dong, what are you competing with me for? In terms of looks and figure, do you think Chen Dong will like you?”

“You’ve only had big breasts and no brain in your life.” Chu Reed’s willow brows knitted slightly in some disgust.

“You .....” Zhang Yulan instantly blushed.

The smell of gunpowder rose from the scene.

Elder Zhang’s face was gloomy, but he did not stop it.

Zhou Yanqiu looked dumbfounded, her heart beating wildly.

This ..... was the daughter of the two Zhang and Chu families, fighting over Chen Dong and jealousy?

As for what?

So unconcealed, disregarding the status face?

At this very moment.

Zhou Yanqiu three figures appeared in his line of sight.

He breathed a sigh of relief and smiled brightly, “Mr. Chen, you’re finally here.”

Zhang Yulan and Chu Reed, who were tit-for-tat, rose up at the same time, and even Elder Zhang also stood up despite his age and status.

## **Chapter 202**

Two families?!

Chen Dong was stunned in his heart and was not expecting it.

He cast a sidelong glance at Zhou Yanqiu.

Zhou Yanqiu understood and snatched over first, smiling awkwardly and said, “Mr. Chen, there is nothing I can do.”

“Go down first.”

Chen Dong nodded his head.

The simple words fell on the ears of Elder Zhang, Zhang Yulan and Chu Reed, but caused the three of them to be shocked at the same time.

This was clearly a command from a superior to a subordinate!

When they looked at Chen Dong again, the three of them all looked different.

Waiting for Zhou Yanqiu to leave.

Elder Zhang took the lead and walked up to Chen Dong, "Mr. Chen, please take your seat."

"Yes, yes, Mr. Chen, quickly take your seat."

Zhang Yulan greeted him with a playful smile, the wind between her brows was infinite, where was the disgusted disdain she had at first.

Chen Dong was speechless for a while, his gaze cast a sidelong glance at the woman opposite him.

This Chu Reed, was she that cold?

Faced with the double attack from Elder Zhang and Zhang Yulan, Chen Dong had no reason to excuse himself and sat himself down on the main seat between the two.

Kunlun and Lone Wolf stood behind Chen Dong.

Elder Zhang was busy pouring tea for Chen Dong.

Zhang Yulan, on the other hand, gave Chu Reed a provocative look.

With a disdainful look in her eyes, Chu Reed finally stood up and said with a smile, "Mr. Chen, I am very grateful that you took time out of your busy schedule to take a break and rush to this evening's dinner, it is just that the reed did not handle it properly, it is the reed's fault."

At those words.

Elder Zhang and Zhang Yulan's faces sank at the same time.

Zhang Yulan pouted, "Chu reed, what do you mean?"

Choking on fire so quickly?

Chen Dong was surprised for a moment.

Chu Reed raised a cold brow and stared at Zhang Yulan, "Zhang Yulan, I don't have the heart to bullshit with you, I am looking for Mr. Chen to discuss business, put away that jealousy in your heart."

The words were direct and unforgiving.

Looking at Chen Dong, he was stunned for a moment.

This was really an iceberg beauty that no one should enter!

Zhang Yulan's pretty face turned red.

Just as she was about to argue, Elder Zhang was the first to speak up.

"Little girl of the Chu family, how can you reprimand my granddaughter like that when the old man is still here?"

"I am here to talk business!" Chu Reed did not show any weakness.

Elder Zhang's brows twisted and his expression sulked, "I don't care what business you and Mr. Chen are talking about, but since everyone is present tonight, let's only talk about the wind and the moon, your business, let's talk about that later."

A single word, but it disrupted Chu Reed's plan, making it impossible for her to continue the conversation.

Chu Reed's brows knitted together, and she glanced at Zhang Yulan in exasperation.

If she was talking about the wind and the moon, how could she talk about it more than Zhang Yulan?

Pushing the glasses on the bridge of her nose, Chu Reed glanced at Chen Dong and helplessly settled down.

Chen Dong smiled bitterly in his heart.

He actually wanted to talk business with Chu Reed, and did not want to talk about romance with the young and old of the Zhang family.

The best of all was at Gu Qingying's!

The matter had come to this, and he could not say much.

Just now, the Zhang family and Chu Reed had a tit-for-tat, and he had no way to intervene.

Soon, the banquet was warming up.

Master Zhang was a very old man, and his words were funny, and he kept exchanging glasses with Chen Dong.

Zhang Yulan also poured wine from the side, laughing and echoing.

Chu Reed, on the other hand, did not drink a bit of wine from the beginning to the end, but only raised his glass in gesture and then put it down under the yelling of Elder Zhang and Zhang Yulan.

The atmosphere, not as gunpowder-intense as it was just now.

During this time, Zhou Yanqiu even brought good wine into the room, wanting to accompany the greeting.

However, after Chen Dong gestured to Kun Lun, he invited him away from the Heavenly Pavilion in a friendly manner.

Once disloyal, a hundred times unused.

By breaking Zhou Yanqiu's backbone, he was asking him to be a pug, not a chaperone.

After three rounds of wine, the dishes passed five tastes.

Chen Dong was already slightly drunk.

Master Zhang was also full of intoxication, and Zhang Yulan's eyes were hazy with drunkenness.

Even Chu Reed had taken a few sips under the coaxing of Elder Zhang and Zhang Yulan, and his face was flushed.

Master Zhang took advantage of Chen Dong's food to give Chu Reed a sidelong glance.

Another glance was exchanged with Zhang Yulan, and his gaze suddenly went from drunken and misty to determined.

Afterwards, Elder Zhang smiled playfully and said he had to go to the toilet, got up and headed out.

No one noticed anything unusual, including the wary Kunlun and Lone Wolf.

After walking out of the Heavenly Pavilion, Elder Zhang stretched and exhaled heavily from his wine.

At this moment, his eyes were clear and calm, where was the look of a drunken man.

Glancing back inside the Heavenly Pavilion, Elder Zhang's gaze was firm as he walked quickly towards the outside.

"Now, there is only a dangerous move to make, Chu Reed you can compete with Yu Lan, but you are not yet an opponent of the old man, you will lose tonight!"

Soon, he asked Zhou Yanqiu to bring a bottle of "Romanee Conti".

After Zhou Yanqiu left, Master Zhang took out a small medicine bag from his pocket.

After opening it, he poured some medicinal powder into the red wine bottle.

After shaking it, sniffing the red wine aura emitted, Elder Zhang was a bit distressed: "Alas ..... such a good bottle of wine, but it was spoiled a bit by this wine, but with this medicinal powder in, tonight Chen Dong will be Yu Lan's."

The essence in his eyes flashed, and Elder Zhang's gaze was firm as he walked towards the inside of the Heavenly Pavilion.

Meanwhile.

Outside the Jade Spring Villa.

Under the cover of the night.

A dozen of figures, like ghosts, were rapidly approaching towards the Villa.

Quick as lightning, yet eerily quiet.

In the blink of an eye, a dozen figures rushed under the courtyard wall of the Jade Spring Villa.

Clang!

One man kicked out a stone, shattering the camera on the courtyard wall with unerring accuracy.

Immediately afterwards, a dozen people cooperated with each other and quickly flipped over the courtyard wall.

After landing on the ground, they rushed towards the Heavenly Pavilion at the same time.

Zhou Yanqiu sat dejectedly in his office, smoking a cigar, his eyes wandering under his gold-rimmed glasses.

Chen Dong had asked someone to invite him out several times, and his attitude was already very obvious.

His Tear of the Blue Sea was not enough!

It was not that the Tear of the Blue Sea was the reason why Chen Dong had auctioned it for 200 million, even if he had given it to Chen Dong directly, Zhou Yanqiu would know that it was far from enough.

“General Manager Zhou!”

A mountain villa security officer rushed in hurriedly, “It’s not good!”

“What is it?” Zhou Yanqiu was a little annoyed.

The security officer said, “One of the surveillance lenses on the courtyard wall of the mountain villa is broken, artificially broken.”

Zhou Yanqiu’s body shook, his face steeped in gloom to the extreme: “What did you find out about the peripheral surveillance lens?”

“No!”

Zhou Yanqiu stood up with a start and ran straight out the door, “Tell everyone to go to the Heavenly Pavilion immediately, I don’t care if anyone else lives or dies in the Villa, the Heavenly Pavilion must be safe and sound for me!”

The voice was cold and stern, and it carried a sense of determination.

And within the Heavenly Pavilion.

Chen Dong and the others were not aware of everything.

When Elder Zhang walked in with his Romanee Conti, he poured a glass for Chen Dong.

Chen Dong could not push back, so he could only drink it in one go.

After drinking it, he became even more intoxicated at once.

His vision became blurred and he could see things with double shadows.

Master Zhang gave a wink to Zhang Yulan without a trace.

A touch of determination suddenly appeared on Zhang Yulan's pretty face.

"Yu Lan ....."

Elder Zhang spoke with a smile.

But the words were not finished.

Kun Lun, who had been standing behind Chen Dong guarding him, suddenly let out a startled eek.

His gaze was fierce as he looked outside the Heavenly Pavilion.

"Brother Kun Lun, what's wrong?"

Lone Wolf uttered in surprise.

This also caused Elder Zhang's words to swallow back.

Kunlun's brows furrowed as he looked alert: "The smell of blood!"

## **Winner Takes All Chapter 203-204**

### **Chapter 203**

As Kunlun spoke.

Inside the Heavenly Pavilion, the atmosphere froze abruptly.

"This is in the Heavenly Pavilion, how can there be the smell of blood?"

Elder Zhang harrumphed and cast a sidelong glance at Chen Dong, secretly delighted in his heart.

Now that the water was ready, all that was missing was the proverbial kick in the pants.

Chen Dong's dizziness was getting heavier and heavier, and he felt the sky spinning.

He shook his head, and the remaining shred of sanity made him speak, "Go and see, believe Kunlun."

Kunlun was once the king of mercenaries and was now the “chief instructor” of the Chen family, so he was more sensitive than anyone to the smell of blood.

Lone Wolf immediately walked towards the gate in a stony manner.

Kun Lun, on the other hand, subconsciously moved a step to protect Chen Dong’s side.

This scene.

It caused Elder Zhang and Zhang Yulan to frown slightly, a little bored.

On the opposite side, Chu Reed was frowning, her jasper nose wrinkling slightly twice.

She was considered to be the most sober person within this Heavenly Pavilion, apart from Kunlun Lone Wolf, but after a careful sniff, she did not smell the smell of blood.

Just as the lone wolf walked to the main door.

Suddenly.

A black shadow flew straight over from outside.

Lone Wolf’s face changed greatly, and caught off guard, he had no time to dodge.

“Run!”

With a roar, Lone Wolf directly raised his hands to block out.

Bang!

With a muffled sound, Lone Wolf staggered back and only then did he see that the person he was grabbing in his hands was actually a person.

A dead man!

The neck was slashed open, blood was like a fountain, long gone.

The smell of blood instantly filled the entire Heavenly Pavilion.

At this moment, even Elder Zhang and Zhang Yulan’s drunkenness disappeared and they sobered up violently.

“Lone Wolf be careful!”

Kun Lun bellowed angrily.

Lone Wolf's body shook as another black shadow suddenly flashed in his line of sight.

At the same time, there was even a flash of cold light against the light.

In an instant.

Lone Wolf's sweat and hair trembled, and his experience in life and death struggles made him instantly feel a strong threat of death.

Completely instinctively, he kicked the corpse in his hand with a thud.

The corpse flew out and crashed into the black shadow.

But as if he had expected it, the black shadow dodged easily with a dodge.

Poof!

The cold, sharp dagger sliced through the chest of the lone wolf.

Blood flew out.

The Lone Wolf staggered back, staring in horror at the wound on his chest.

If he hadn't reacted quickly and backed up while throwing the corpse, this dagger would have been enough to slice his chest completely open.

"Kill!"

Accompanied by a shout of killing as cold as bone marrow.

In an instant, more than a dozen assassins, oozing with power, rushed into the Heavenly Pavilion.

Quick as lightning, their killing intent soared.

Directly towards the dazed Chen Dong, they came around to kill him.

"Ah!"

The sudden scene caused Zhang Yulan to scream out in alarm.

In a panic, Zhang Yulan and Elder Zhang rolled and crawled to the side to dodge.

However, as if they did not see them, the dozen or so assassins directly swept past the two grandparents and ran towards Chen Dong.

Obviously, the dozen or so assassins all had Chen Dong as their target!

Kun Lun's face changed greatly, and his lofty and sturdy body took a step forward, copying the chair beside him with his hand and smashing it against the killers in front of him.

"Young master, run!"

Bang Teeny!

The chair exploded in response.

The two hit assassins staggered backwards.

But the remaining assassins, still like wolves, pounced straight at them.

Kunlun roared in anger and fought directly with a dozen of killers.

The wounded Lone Wolf also returned to his aid extremely quickly and fought alongside Kunlun.

Both of them were not good fighters, and both had honed their fighting skills between life and death.

For a time, they froze a dozen killers in place.

But what made the two anxious was that Chen Dong remained frozen in his chair, gently shaking his head, his gaze drifting.

"Damn it, move, can't move ....."

Chen Dong cursed, his remaining sanity making him clear how dangerous his current situation was.

He wanted to run too, but he couldn't!

His body was weak and numb, and his consciousness was even more blurred, so he could not control his limbs at all.

"Take the young master and run!"

Kun Lun kicked a killer away and rushed to Lone Wolf.

Lone Wolf's expression was hostile: "You can't stop me if I run!"

If it was all bare hands and empty fists, even if it was a dozen armed ordinary people, Lone Wolf would never have said a word or two.

But he knew very well how terrifying a dozen armed professional killers really were.

If Kunlun alone faced these dozen armed killers with his bare hands and fists, the final result would definitely be miserable!

“It doesn’t matter if I die, I want the young master to live!”

With a fierce expression, Kun Lun yanked up Lone Wolf by the collar and was about to throw him out of the encirclement.

“Watch out!”

Lone Wolf shouted and at the same time, his hands fiercely wrapped around Kunlun’s arms, lending his strength in the air and kicking the assassin behind Kunlun’s surprise attack.

Kunlun’s pupils tightened as he felt the cold wind slice through the back of his head.

Lone Wolf landed on the ground, but in a deep voice, he chided, “You three, take the young master away!”

Obviously, it was shouting at Zhang Yulan, Elder Zhang and Chu Reed.

However.

The scene was in chaos.

Zhang Yulan and Elder Zhang had already curled up in a corner.

Zhang Yulan’s eyes flickered and instinctively wanted to approach Chen Dong, but was pressed down by Elder Zhang with one hand.

Just at that moment.

“Not good!”

Kunlun and Lone Wolf let out a simultaneous cry of alarm.

An assassin had quietly bypassed both of their defences, holding a dagger and stabbing directly at the dazed Chen Dong.

It was a close call.

Whoosh!

Snap!

A teacup came flying across the sky and smashed into the killer's head.

The teacup shattered and the killer staggered back with his head tilted.

“Go!”

Chu Reed appeared beside Chen Dong, her thin body exploding with terrifying strength, stiffly setting Chen Dong up.

The high, cold, intellectual face was filled with coldness at this time, but not the slightest bit of fear.

“Xie, Xie .....

Chen Dong weakly shouted, but his face is gradually emerged two smears of red, just feel all over the body dry and hot.

“If you die, no one will talk business with me.”

Chu Reed racked Chen Dong and responded in a cold voice.

The two stumbled a little on their feet, but with Kunlun and Lone Wolf opening the way for shelter, they were finally making their way outside the Heavenly Pavilion.

A dozen assassins waved daggers in their hands, whirring with murderous intent.

Seeing that no one was paying attention to him and Zhang Yulan, Elder Zhang pulled Zhang Yulan along and quietly walked down the corner, towards the outside of the Heavenly Pavilion.

Bang!

Suddenly, there was a muffled sound.

A killer flew straight across the room and landed heavily in front of the grandfather and grandson duo.

Six eyes met.

The killer's eyes steeply surged with killing intent, and the dagger in his hand stabbed directly towards Zhang Yulan.

Zhang Yulan was so frightened that she lost her face and screamed as she ran directly towards Chen Dong and Chu Reed.

In fear, Zhang Yulan ran directly behind the duo and pushed hard with both hands.

Damn it!

This is fucking blocking the knife with Laozi?

Chen Dong's heart was beating wildly.

He and Chu Reed were pushed off balance by Zhang Yulan and lunged straight forward.

In the line of sight, the dagger in the hands of the lunging killer was bone chillingly cold.

Suddenly.

A silhouette crossed in front of Chen Dong's eyes.

It was Chu Reed holding her.

Chen Dong was instantly shocked.

This girl did not want to die?

At this moment, Chen Dong was so weak, his head was dizzy and everything seemed to slow down.

Seeing that the dagger was about to pierce into Chu Reed's body.

Chen Dong fiercely clenched his teeth and fiercely hugged Chu Reed tightly, flipping hard.

Poof!

Fresh blood, gushing out.

## **Chapter 204**

It was accompanied by a muffled grunt of pain from Chen Dong.

Kunlun and Lone Wolf, who were in the midst of a fierce battle, were greatly alarmed and their jaws were wide open.

"Young Master!"

The dagger that should have been stabbed into Chu Reed's back was at a critical moment, as Chen Dong flipped violently, and stabbed into Chen Dong's back with unerring accuracy.

As blood spurted out, Chen Dong tried with all his strength to dodge out of the way by holding Chu Reed.

But a large hand was suddenly strangled fiercely around his neck.

At the same time, Chen Dong clearly felt that the dagger at his back was turning ferociously.

“Roll!”

The cold-looking Chu Reed suddenly let out an explosive shout.

The seemingly delicate woman was swinging a fierce fist, smashing viciously on the killer's face.

The killer let out a muffled grunt and staggered back.

And at that moment, Kunlun and Lone Wolf finally rushed over.

“Lone Wolf, escort the young master away!”

Kun Lun was furious, and like a human beast, he directly picked up the killer by the waist.

Like a human stick, he swung up and rushed towards the group of killers.

Bang Bang Bang .....

There was a series of muffled sounds.

A dozen killers, froze, were forced back by Kunlun's wild and domineering aura.

Taking advantage of this opportunity.

Lone Wolf hurriedly picked up Chen Dong on his back and rushed out of the Heavenly Pavilion with Chu Reed in tow.

“Miss Chu, take my young master away, I want to break the back!”

After putting down Chen Dong, Lone Wolf did not even turn his head back and rushed straight back to the Heavenly Pavilion.

“Lone Wolf .....

Chen Dong’s face was white as he weakly murmured.

“Go!”

Chu Reed, however, spoke indifferently, her shell teeth clenching her red lips.

With a delicate body, she stiffly picked up Chen Dong on her back and ran towards the outside of Jade Spring Villa.

And at this time.

Zhang Yulan and Elder Zhang had also successfully rushed out of the Heavenly Pavilion.

Seeing the several corpses on the ground outside the Heavenly Pavilion, the two grandfathers and grandsons were horrified at the same time.

Looking back at the bloody and heated battle inside the Heavenly Pavilion.

“Yu Lan, it’s important to save your life!”

Elder Zhang tugged Zhang Yulan and ran towards the outside without looking back.

Inside the Heavenly Pavilion.

Blood filled the air.

The sounds of shouting and screaming were all over the place.

When Zhou Yanqiu arrived at the Heavenly Pavilion with the security personnel from the Jade Spring Villa.

The several corpses lying on the ground in a pool of blood made Zhou Yanqiu’s scalp tingle and his body chill.

And at that moment, peace had returned to the Heavenly Pavilion.

The nostrils were filled with the sickening smell of blood.

Under the bright light, he could clearly see the pools of crimson blood and corpses.

His body trembled and he was weak.

At this moment, he had the feeling that the sky was falling.

Zhou Yanqiu gritted his teeth and braced himself as he slowly walked into the Heavenly Pavilion with the security personnel.

As far as the eye could see, it was like a purgatory.

A dozen of corpses were lying across the pool of blood.

The blood was even flowing in a stream, extremely sticky to the feet.

“Come, so late?”

An icy voice suddenly sounded.

It frightened Zhou Yanqiu and a group of security personnel at the same time.

The eyes looked over.

In front of a pillar, two people were leaning on it, sitting on the ground in a pool of blood.

It was none other than Kunlun and Lone Wolf.

At this moment, the two men were covered in wounds, Kunlun more like a bloody man, his upper body clothes shattered into pieces and pieces.

The wound on Lone Wolf’s chest was still bleeding, and his face was already white, but his eyes were glowing with a bloodthirsty light.

Both of them stared at Zhou Yanqiu at the same time.

The bloodthirsty eyes made Zhou Yanqiu’s body shiver, like falling into an ice cave.

“Chen, where is Mr. Chen?”

Kunlun and Lone Wolf looked at each other and closed their mouths without making a sound.

Zhou Yanqiu instantly became anxious and stomped his foot fiercely, “No, I didn’t do it! How could I have set up such a trap to assassinate Mr. Chen!”

As he said this, Zhou Yanqiu was so furious that his voice was trembling.

It happened at the Jade Spring Villa, which was his territory.

If he couldn’t clear his suspicions at the first opportunity.

What happened tonight was enough to make him die eight hundred times over!

Kunlun and Lone Wolf laughed coldly, but did not speak up.

The odds were that Zhou Yanqiu would not have the guts to do so.

But by now the two were exhausted, and Chen Dong had been led away by Chu Reed, so they could not guarantee that they would not say one more word and have another accident.

Zhou Yanqiu was so anxious that he scratched his ears.

“Find it, go and find it for me! Even if you die, you must find Mr. Chen for me!”

Zhou Yanqiu glanced at Kunlun and Lone Wolf indignantly, “Send them to the hospital immediately, block the news, and investigate the incident tonight thoroughly for me immediately!”

The incident happened in his territory, he not only wanted to rule himself out of suspicion at the first opportunity, he also wanted to find out the truth at the first opportunity to give Chen Dong and the Chen family an explanation.

Zhou Yanqiu was so anxious that his eyes were red, and he wanted to bang his head against the wall.

He had just sent a Tear of the Blue Sea to Chen Dong, but how could he turn around and encounter this kind of bullshit again?

Under the night curtain.

The Jade Spring Villa was a solemn place.

It was as if the calm before the storm was approaching, so oppressive that it was suffocating.

Silently, the security system of the entire Jade Spring Villa went into full operation with Zhou Yanqiu’s order.

.....

On the road on the outskirts of the city.

The red Porsche 911 was like red lightning as it sped towards the city.

Inside the car, the blood was thick.

Chen Dong leaned back weakly in his chair, losing a lot of blood, instead of making him pale, a strange flush surfaced on his face.

His eyes fluttered as he looked at Chu Reed who was concentrating on driving.

The seat was already wet with blood, but at this moment Chen Dong, bizarrely, seemed not to notice it at all.

Feeling Chen Dong's strange eyes, Chu Reed's cold expression became a little unnatural.

She opened her mouth and said, "Hold on, hold on a little longer, we will be at the hospital soon."

Even if she was as cold as she was, her tone rose and fell a little when she said this at this moment.

But Chen Dong, however, did not respond.

Chu Reed took a palpitating glance at the rearview mirror, and only when she was sure that she was not being tracked, did she let out a long sigh of relief.

On her beautiful face, a touch of fear surfaced.

The situation just now was too dangerous.

It could even have been a tragic death on the spot.

She was able to remain calm, also because of her character from childhood and her family education.

But that didn't mean she wasn't afraid.

"For, why, to save me?"

Suddenly, Chen Dong spoke weakly.

Chu Reed's delicate body trembled, her eyes flickering as she shook her head, "I don't know, but something was wrong with you at that time, and I instinctively thought of that method, to save you."

"I, was drugged."

Chen Dong was not stupid, no amount of intense drunkenness could have brought him to the state he was in now.

It wasn't that he hadn't been drunk before, and the feeling of being drunk, even if it was the feeling of being drunk and broken, was clear to him.

Dizziness, blurred consciousness, weakness of the limbs.

There was even an intense dryness in his abdomen, like flames burning straight through his body and spreading to his face.

If it wasn't drugging, what else could it be?

"Drugging?"

Chu Reed gave a startled eek.

Pop!

Suddenly, Chen Dong's big hand landed on Chu Reed's thigh.

Chu Reed was wearing an OL professional outfit, so her legs were only a pair of thin stockings under the wrapping of her skirt.

The moment Chen Dong's big hand fell, it instantly caused her face to change greatly, with a feeling of electric shock.

Then, as she was shocked, Chen Dong's big hand, slowly attacked upwards .....

## **Winner Takes All Chapter 205-206**

### **Chapter 205**

Crunch!

The Porsche 911 suddenly snakes down the road, emitting an ear-splitting sound from the emergency brakes.

After snaking for a few dozen metres, it finally returned to normal.

Chu Reed sat on the driver's seat, her hands gripping the steering wheel tightly.

Her face was terrified and she was dripping with fragrant sweat.

Almost.

Just now, it was so close!

If she hadn't reacted quickly, she might have overturned the car.

Taking a deep breath, Chu Reed looked apologetically at Chen Dong beside her, "I'm sorry Mr. Chen, you forced me to do this, I was just talking to you about serious business."

At this moment, Chen Dong's head was already leaning back on the chair.

Although his face was still flushed, he had already passed out.

Just now, when Chen Dong's medicine kicked in, after Chu Reed panicked, she instantly struck out decisively, directly knocking Chen Dong out.

It was only a few dozen meters before and after the car snake walk.

In a panic, Chu Reed could not think of any other way to stop it.

She couldn't just let Chen Dong do what he wanted, could she?

She was not Zhang Yulan.

"Zhang Yulan, your Zhang family's tactics are really underhanded!"

After she despised the Zhang family, Chu Reed once again let the Porsche 911 speed up.

.....

This night, dark currents were raging throughout the city.

The furious Zhou Yanqiu unleashed all the power he could muster to thoroughly investigate the matter of the Heavenly Pavilion at Jade Spring Villa.

This matter was a matter of Chen Dong's life.

The dozens of killers were clearly aimed at Chen Dong.

If the investigation was not clear.

The Chen family would descend a monstrous amount of anger on him.

Even anyone present would not be able to escape.

Even if it was the Zhang and Chu families!

The only thing that made Zhou Yanqiu thankful was that the Kunlun Lone Wolf had escorted Chen Dong away in deadly combat.

Chu Reed had also successfully led Chen Dong out of harm's way.

Eventually, the intelligence network also fed back that Chu Reed had taken Chen Dong into the Lijin Hospital and that the person was safe and sound.

After hearing this news, Zhou Yanqiu finally breathed a sigh of relief.

But he still stayed awake all night.

When the next day came early in the morning.

Everything in the Heavenly Pavilion had been cleaned up.

Zhou Yanqiu did not dare to pause for a moment and hurried to the Lijin Hospital early in the morning.

Chen Dong was lying on the hospital bed, still unconscious.

Chu Reed was standing guard next to him, with Dean Liu and a group of leading doctors on one side.

The nearly midnight resuscitation had made Dean Liu and a group of main doctors as tired as they could be.

"Girl, Chen Dong is my niece's son-in-law, I have called on the elite forces of the entire hospital to do all the resuscitation, it's already fine, don't worry."

Dean Liu said to Chu Reed.

On one hand, he was placating, and on the other hand, he was also declaring his sovereignty in place of Gu Qingying.

After all, in Dean Liu's opinion, it was inherently odd for a lone man and a widow to enter a hospital in the middle of the night to be resuscitated.

Moreover, Chu Reed's looks were not much worse than Gu Qingying's.

"Thank you, Dean and all the doctors."

Chu Reed looked tired and got up to bow in thanks.

"You take care of Chen Dong for the night, I will inform his fiancée to come to the hospital as soon as possible."

Dean Liu said, and left the ward with the doctors.

Chu Reed sat wearily on a chair and looked at Chen Dong, lost in thought for a while.

In a trance, she thought of the scene that happened in the car when she brought Chen Dong to the hospital last night.

She could not help but blush slightly and clench her hands together.

But looking at the gauze wrapped around Chen Dong's body, she bit her red lips tightly with her shell teeth and murmured softly.

"You only asked me why I blocked the knife for you then, so why did you block the knife for me again?"

Thinking back to the scene last night, Chu Reed was inwardly moved.

At that time, she had acted purely out of instinct to protect the frail Chen Dong.

But Chen Dong was so weak at that time that he held himself together and blocked the knife for her.

If this was instinct, how much greater should it be?

After a while, the ward door was pushed open.

The one who ran in first was none other than Gu Qingying.

Seeing the unconscious Chen Dong on the bed, Gu Qingying's eyes instantly turned red, and with tears in her eyes, she pounced to the bedside and softly shouted, "Chen Dong ....."

Following closely in was the gloomy looking Elder Long.

The sudden intrusion made Chu Reed startled.

She quickly asked Gu Qingying, "May I ask who you are?"

"She is my young master's fiancée."

Elder Long glanced at Chu Reed: "Miss Chu Family?"

"I am Chu Reed, and you are?"

Chu Reed looked at Elder Long in confusion.

"My surname is Long." Elder Long smiled faintly, "Family master slave."

“Reed has met Elder Long.” Chu Reed hurriedly saluted.

At this time, Gu Qingying, whose eyes were full of pain, also stood up.

Gratefully, she nodded to Chu Reed, “Thank you for saving Chen Dong.”

On her way here, she had already learned the details of last night’s events from Elder Long’s mouth.

Of course, the reason why Elder Long knew about it was also from Kunlun and Lone Wolf’s mouth.

Who would have thought that a banquet would turn into an assassination?

Gu Qingying couldn’t even dare to imagine how dangerous the scene was last night.

Because, as she knew, not only was Chen Dong unconscious in the hospital, Kunlun and Lone Wolf were now lying in Lijin Hospital, in the next ward.

“I should have done it, I’m very sorry, I didn’t expect a banquet to turn out like this, it’s the reed’s fault.”

Chu Reed bowed his head, his face full of apologies.

“This matter has nothing to do with you for now.”

Elder Long spoke calmly, but his tone was cold and stern, “I will find out what happened, and I will not spare anyone who dares to harm the young master.”

Chu Reed’s eyes flickered, wanting to speak but not to.

This matter was unrelated for the time being, but if any clues were found out, then the Chu family would not be able to get away with it!

She understood what Elder Long was saying, but the situation was already like this, so it was pointless for her to say more.

At that moment.

The door to the ward was pushed open again.

Zhou Yanqiu walked in in a hurry.

As soon as she saw Elder Long in the room, her face turned white with fear: “Elder Long  
.....”

“I know all about it.”

Long Lao coldly scolded, “Now, what are you doing here in the hospital?”

“I, I am here to visit Mr. Chen.” Zhou Yanqiu looked flustered.

Elder Long snorted coldly, “Don’t you think a visit at this point is superfluous? What happened at your Jade Spring Villa, it is imperative that you find out everything as soon as possible and give the young master an explanation!”

His voice was as cold as frost, sending chills down one’s spine.

Zhou Yanqiu was busy explaining, “Elder Long, after the incident happened, I immediately made a response, and the intelligence system under my command started to investigate with full force since last night, but unfortunately, the people who committed the murder were extremely well hidden.”

“A dozen killers, a large part of them were killed by Kunlun and Lone Wolf, but the remaining few, when they were captured by Kunlun Lone Wolf, also bit through the poison hidden in their teeth and committed suicide, so it will take time to find out.”

“Dead soldiers?!”

Elder Long’s eyebrows knitted together and a cold light erupted in his eyes, “Old man, young master, and the family head don’t have time to wait quietly, you don’t have much time, if you can’t find out the mastermind, then dispose of all those who have some connection to this matter!”

“I would rather kill the wrong person than let them go!”

Boom!

Zhou Yanqiu, Gu Qingying and Chu Reed were all stunned.

Those who had a slight connection would not be spared.

Wouldn’t that mean that even the two Zhang Chu families were among them?

Was this a bloodbath?

## **Chapter 206**

Inside the ward.

With Elder Long’s words, the temperature plummeted to the freezing point.

Not only did Zhou Yanqiu and Chu Reed's backs chill.

Even Gu Qingying's eyes were flickering.

It was conceivable that if it was as Old Man Long had said, this time it would be very involved.

A storm would surely sweep through the city!

It would even spread to places farther away.

Elder Long's face was sullen, his expression stern: "If you dare to assassinate my young master, then the world will know the wrath of the Chen family!"

Zhou Yanqiu's lips mumbled, but in the end, he chose to remain silent.

Bowing his head in response, he turned and walked away quickly.

He did not want to be part of the "killing mistake".

Chu Reed looked at Gu Qingying, and then at Elder Long.

She slowly spoke, "Since you are here, then reed will take her leave."

Gu Qingying nodded her head.

Chu Reed left at once.

When it was time to walk to the door, Long Lao's cold voice suddenly sounded behind him.

"Before the water settles down, please ask Miss Chu to continue to stay in the city for a few days, and all the expenses of living in the Jade Spring Villa will be borne by the old man."

Chu Reed's delicate body trembled as she bit her red lips and nodded, "As Elder Long commanded."

She had come here because she wanted to get closer to Chen Dong, to take a chance on Chen Dong, the "wild" successor, to finally leap the Dragon Gate with a carp.

Even if the chances were slim, they were always there, better than nothing.

And now, it was clear that Elder Long's words were no longer on behalf of Chen Dong.

Rather, it was the Chen family behind him!

After waiting for Chu Reed to leave.

Gu Qingying spoke in a soft voice, "Elder Long, isn't this too cruel?"

"Cruel?"

Elder Long smiled faintly, "Young Madam is too well protected by her parents, if it wasn't cruel, wouldn't it tell those who harbour evil intentions to continue assassinating Young Master next time?"

Young Lady?!

Gu Qingying's gaze flickered as she glanced at the unconscious Chen Dong and nodded, "Elder Long is right."

After a pause, Gu Qingying asked again, "Didn't you say that there was also the Zhang family from Kyoto as well?"

The corners of Elder Long's mouth sketched a cold smile, "Old man is thinking of going to see the Zhang family, and asking young madam to take care of young master."

Gu Qingying nodded and watched Long Lao leave the ward.

.....

Jade Spring Villa.

Elder Zhang and Zhang Yulan had been terrified all night.

Last night's experience was too bloody.

Even if Elder Zhang had been through the mall and was used to seeing the storm, he could not face it calmly.

Only those who have experienced death will know how horrible it is.

But terrified as he was, Elder Zhang quickly analysed the situation.

Go!

It was imperative to go!

The assassination was momentary, involving the Chen family, and it would certainly stir up a bloody storm.

If he were to stay here, he would certainly be imprisoned until the water came to light.

So, early in the morning, he greeted Zhang Yulan and packed up.

“Grandpa, shouldn’t we go to the hospital to visit Chen Dong?” Zhang Yulan was a little puzzled.

“Silly girl, this is now the centre of the whirlpool, if we don’t leave now, we won’t be able to get away!”

Elder Zhang sighed alas, “What’s more, don’t forget what you did last night!”

Thinking of the scene last night when Zhang Yulan pushed Chen Dong and Chu Reed out to block the knife, Elder Zhang’s heart was twitching.

With this matter existing, even if the assassination had nothing to do with them, Chen Dong would never let the Zhang family off the hook after he woke up.

Not to mention continuing to pull Chen Dong’s strings.

Zhang Yulan’s delicate body trembled and her face turned pale as she panicked and explained, “I, I didn’t mean to do it, I was also scared and anxious, so in my haste, I just .....

“You are willing to explain, but does it make sense?”

Elder Zhang sighed helplessly, “The same is afraid, the same is in a hurry, how did Chu Reed do?”

With a single word, Zhang Yulan’s face changed dramatically.

It was as if a certain nerve had been stirred.

Zhang Yulan stomped her foot indignantly, “That slutty hoof, she must have been faking it at that time, she deliberately faked it, she must have been even more scared than me!”

Saying that, she clenched her silver teeth.

Ever since she was little she and Chu Reed had always fought, and she had always disobeyed Chu Reed.

Pretend?!

Elder Zhang was a little surprised by what Zhang Yulan said, and his heart was melancholy, how good would it have been if his granddaughter had also pretended last night?

But that scene, how can a mere word “pretend” explain it?

Even at his advanced age, he could not pretend to be in a scene like that because it was instinctive!

What’s more, even if he was pretending, he was still pretending to the point!

“Let’s go, if we don’t go, we shouldn’t be able to leave.” Elder Zhang sighed.

Zhang Yulan did not dare to say more, and hurriedly followed his grandfather, escorted by his bodyguards, towards the outside of the Jade Spring Villa.

And at this moment, Zhou Yanqiu was heading back.

The security personnel at Jade Spring Villa had not received any orders either.

Under the deliberate protection of the bodyguards, the grandfather and grandson were finally leaving the Jade Spring Villa.

“Hoo .....

After getting into the car, Elder Zhang secretly breathed a sigh of relief.

Zhang Yulan asked with trepidation, “Grandpa, we should be able to walk away, right?”

“It’s only after we get to the sky that we can really walk away.” Master Zhang’s gaze burned, “After we return to Kyoto, in our own territory, even if the Chen family raises questions, our family can still have room to manoeuvre, instead of being as we are now, languishing.”

The airport on the outskirts of the city.

After the car arrived.

Master Zhang and Zhang Yulan were escorted by their bodyguards and entered the airport directly, boarding the private plane that had been prepared in advance.

Without the slightest pause, the plane took off directly.

At the same time, Zhou Yanqiu also returned to the Jade Spring Villa.

When he found out that the Zhang family’s grandchildren had left, Zhou Yanqiu’s face changed dramatically and he hurriedly reported to Elder Long.

After knowing the situation on the road, Elder Long directly turned around and headed straight for the airport on the outskirts of the city.

As he hurried, he made a phone call.

“Lord Meng, the young master has been assassinated, please do one thing.”

After a pause, Elder Long said in a cold voice.

“Tell that private plane that took off just now to return and land immediately, otherwise, Old Slave doesn’t mind using tactics and just shoot them down!”

After hanging up the phone.

A cold light flashed in Elder Long’s eyes and his face was sullen, “Before the matter is clarified, the King of Heaven will not be able to run away!”

On the plane.

Looking out of the window at the sea of clouds.

“Yu Lan, you can rest easy now, you haven’t slept all night, grab some rest.” The big stone fell from Elder Zhang’s heart.

“Grandpa, will there be a change of heart?” Zhang Yulan was still a bit uneasy.

Elder Zhang smiled lightly, “This is our Zhang family’s own plane, after take-off, even if there are changes, the plane will have to do as I order.”

The words had just fallen.

A flight attendant hurriedly came over.

“Master and Miss, we have just received the air traffic control, asking us to return and land immediately.”

Master Zhang’s heart sank as he said, “Ignore it and fly directly to Kyoto.”

What a fear.

Zhang Yulan’s pretty face was pale and a little frightened.

However, her grandfather’s words made her feel calm inside.

However.

Five minutes later.

A loud boom exploded into the sky.

This woke up both Elder Zhang and Zhang Yulan, who were drowsy, at the same time. The two looked out of the window and were instantly stunned. Two warplanes, one on the left and one on the right, were flying with the private plane. And the ammunition landing gears of the warplanes had been lowered. It was aimed squarely at their private plane.

## Winner Takes All Chapter 207-208

### Chapter 207

Inside the private jet, there was dead silence.

The roar of the warplanes was as deafening as the sound of a hypnotic Sanskrit.

“Grandpa .....

Zhang Yulan’s pretty face was devoid of a trace of blood as she clutched onto Elder Zhang’s arm.

Elder Zhang’s expression was torn, his gaze flickering.

As the head of the Zhang family, even though the Zhang family’s status in Kyoto was not considered prominent and top, he had never experienced such treatment.

Looking out of the window at the ammunition landing gear of the warplane.

It was as if it was the maw of an abyssal beast, leaving no doubt that it was large enough to swallow the aircraft.

After taking a deep breath, Elder Zhang clenched his fists tightly and lowered his head and said in a deep voice: “Return to flight and land!”

The two warplanes “escorted” the private jet to land before it roared into the sky and disappeared into the sea of clouds.

It was only a few minutes before and after.

But Master Zhang’s back was completely drenched with sweat.

He smiled to himself, “I never thought that in my lifetime, I would still be able to enjoy the treatment of a warplane escort.”

Zhang Yulan said in panic, "Grandpa, we, what will happen to us?"

"We didn't do the deed, find out what happened, and we can naturally pull out."

Elder Zhang looked pensive, "Yu Lan don't need to worry, you pushed that hand, at most, it will just make our Zhang family and Chen Dong have no chance and pay some price, what really kills us this time is the assassination!"

At those words.

Zhang Yulan's heart was greatly relieved.

But when she thought of her performance last night, she felt a pang of guilt: "I'm sorry grandpa, it's my fault."

After the incident with the Li family in Kyoto.

The Zhang family was the first of all the Kyoto gentry to make the decision to come to Chen Dong.

On the contrary, a good hand of cards had been played to the ground.

And this, Zhang Yulan took the greatest credit.

Master Zhang's heart was bitter, but he still shook his head to indicate that it was alright.

The aircraft hatch opened.

"Let's go."

Elder Zhang got up.

When the two grandchildren walked off the plane.

Elder Long had already been alone, standing in the clearing and waiting.

"Welcome, welcome the two of you back to the city."

Elder Long stepped forward, arching his hand and smiling, full of banter.

Elder Zhang laughed bitterly, "Elder Long, if you want to keep us, a greeting will suffice, why do you need to send out a war machine?"

The smile on Elder Long's face disappeared, "If it wasn't for the warplane treatment, I'm afraid the plane would have already gone straight to Kyoto, right?"

Elder Zhang's expression choked.

"Before things come to light, I hope that Elder Zhang can take your good granddaughter and stay at the Jade Spring Villa in good order."

Elder Long's voice lowered, "Otherwise, the war machine escorting the line just now is a rite of passage, and the soldiers in the back, old man will not dare to guarantee it."

The tone of his voice was so cold that it sent chills down people's backs.

"No matter what, I am also the head of the Zhang family, why is this so?" Elder Zhang's face was gloomy.

However, Elder Long laughed disdainfully, "The Zhang family of Kyoto, a family that thrives on theatrical children, has a lot of face?"

"You ....." Elder Zhang's face turned red.

In ancient times, opera singers were the lower ninth grade.

Elder Long's words were just like despising the titled Zhang family to the lower ninth grade.

"Go back to the mountain villa!"

Elder Long shouted in a deep voice.

Elder Zhang's face turned deathly pale before he finally bowed his head helplessly, "Thank you, Elder Long, for taking the trouble."

He watched the Zhang family's grandchildren leave the airport.

Elder Long's expression gradually sank, "Do you all think that because the young master is a stray heir, he is inferior to the heirs in the family? If there is no one to repay the young master for this slash, then we will cleanse it with blood!"

Killing intent surged.

From Elder Long's point of view, Chen Dong's assassination this time around was a close call, but it was also a rare opportunity to make his name right!

It was the right time to use this time to show the world that Chen Dong was the heir to the Chen Family, and that his position was not inferior to anyone else's.

The Li family's fiasco made Chen Dong appear in the sight of the giants of the major giants in Kyoto.

There are those who are scornful and those who want to pull in ..... In short, the giants are each harbouring their own suspicions among themselves.

The reason is that the giants know that the real heir to the Chen family has always been high up in the world and it is difficult to get close to him.

A “wild” Chen family heir is obviously easier to “get” than the real Chen family heir in the eyes of those giants with ulterior motives.

This is why the two Zhang and Chu families arrived one after another, and this is why this assassination took place.

Not only did Elder Long think that this was the case, but even Chen Daolin had ordered it himself last night.

It was a good opportunity to tell those giants that even the “wild” Chen family heir was not something they could just approach and desecrate!

The assassination could not be investigated clearly.

Then let's use blood to wash it away!

Let those people know that Chen Dong, as the heir apparent, had to pay for countless lives with just one slash!

Let those people be emboldened and fearful, not daring to act recklessly against Chen Dong again!

Jade Spring Villa.

Zhou Yanqiu was so anxious that he was sweating profusely and breathing heavily.

Looking at a report that was presented to him, he gritted his teeth in anger.

“Rubbish, a bunch of rubbish!”

Snap!

Zhou Yanqiu cursed and threw the information straight out.

“One night, one whole night and still can't find out anything, how did I raise this bunch of trash like you guys in my day-to-day life?”

Cursing, with Zhou Yanqiu's literacy and character, rarely appeared on a normal day.

Obviously, he was really anxious and on fire.

Because Zhou Yanqiu knew very well that Long Lao's phrase "I'd rather kill a mistake than let it go" also included him!

The assassination mastermind had obviously planned well, and the dozen or so assassins were all dead soldiers, and once the dozen or so assassins died, all clues were cut off.

Knock, knock!

There was a knock at the door.

"Who is it?"

Zhou Yanqiu growled impatiently.

"Mr. Zhou, it's Chu Reed."

Zhou Yanqiu's expression eased a little and said, "Miss Chu, come in."

Chu Reed pushed the door in.

"Any eyebrows?"

Zhou Yanqiu pointed to the information report on the floor, "Once the dozen dead soldiers died, the clues were cut off, and what my intelligence network has investigated are only insignificant skins, so there is no way to find out the mastermind."

Chu Reed frowned and sighed, "Don't worry, I have already informed my family and activated the Chu family intelligence network to investigate together."

"I'm afraid it's a bit difficult."

Zhou Yanqiu sighed helplessly, "The other side didn't give us the chance to investigate clearly at all, do you believe it or not, those dozen dead soldiers, regardless of the success or failure of the final assassination, will swallow the poison hidden in their teeth and commit suicide?"

Chu Reed nodded in silence and suddenly smiled: "Mr. Zhou is right, but what about the forces that can gather a dozen deadly soldiers, that can pay for a dozen lives and still dare to bear the price they might pay for provoking the Chen family? At least our Chu family would not dare."

Zhou Yanqiu froze for a moment, and then woke up as if from a dream.

"Thanks to Miss Chu's reminder, now that we have the direction, it will be much easier to investigate."

Chu Reed nodded, "Now that we are all in the same boat, the Zhang family should have activated their intelligence network as well."

Zhou Yanqiu looked uplifted.

.....

In the afternoon.

Chen Dong finally woke up.

Looking at Gu Qingying beside him, Chen Dong was in a bit of a trance: "You know about it?"

"How could I not know about such a big matter?"

Gu Qingying was full of worry and angrily pinched Chen Dong's arm, "You big fool, why did you get yourself into such a mess? Don't you know that your mother isn't the only one worried about you now?"

I'm fucking confused too!

Chen Dong was helpless for a while, who knew that he would encounter an assassination when he went to a banquet?

Only, looking at the worried Gu Qingying, Chen Dong suddenly recalled a scene from last night before he fell into a coma.

In a flash, he was in a trance.

Last night and Chu Reed ..... could .....

Chen Dong suddenly had the trepidation of being a thief.

## **Chapter 208**

It was a good thing that Gu Qingying did not notice his strange look.

Chen Dong felt a pang of guilt and self-condemnation.

But the memory of last night in his head was also a bit fuzzy.

It was not certain whether something had happened with Chu Reed or not.

It seemed that he would have to ask Chu Reed sometime, but how ..... should he ask about such things?

Take a deep breath and press down the messy thoughts.

Chen Dong eyes gradually cold down.

The Zhang family!

Last night, his strange appearance was clearly drugged.

If it was the killers who had drugged him, would they have given him that kind of drug that made his body so hot?

Obviously, only the Zhang family had done it.

“The Zhang Family’s tactics are too despicable, if it wasn’t for a fluke last night, I was afraid that I would have died on the spot at that time, right?”

This was what was going through Chen Dong’s mind.

At that time, his medicine had kicked in and his limbs were weak, if it wasn’t for the Lone Wolf of Kunlun desperately guarding him and Chu Reed stepping forward at a crucial moment, he would have definitely died.

If the Zhang family had not administered the medicine, with his battle prowess, would he have been hit by this slash?

“What are you thinking about?”

Gu Qingying sensed the coldness emanating from Chen Dong’s body and was a little scared.

Chen Dong shook his head and asked, “Where is Elder Long?”

“He’s gone to investigate what happened last night.”

Gu Qingying paused and added, “You recuperate at ease, we didn’t tell Auntie, Kunlun and Lone Wolf are also fine, they are in the next ward, they will investigate the matter of the assassination, Elder Long.”

Knowing that Kunlun and Lone Wolf were fine, Chen Dong secretly breathed a sigh of relief.

At this moment, the door of the ward opened.

Elder Long walked in and was visibly relieved to see the awakened Chen Dong.

“Elder Long, how is the investigation going?” Chen Dong asked.

Elder Long shook his head helplessly, "It is very difficult to investigate, not only is it Zhou Yanqiu and the others who have a big head, even the family head has enabled the Chen family's intelligence network, but he is also in two minds."

With such a big incident happening, he certainly could not just force Zhou Yanqiu and the others to give an account.

In fact, when something happened to Chen Dong, as soon as he received the news, Elder Long reported back to Chen Daolin.

The Chen family's intelligence network had blasted into action last night.

"Even the Chen Family couldn't find out?"

Chen Dong smacked his lips in shock.

The Chen family held all the world's wealth and had a supreme position, and the power of the intelligence network was even more unimaginable to ordinary people.

"The dozen or so assassins were all dead soldiers, when Kunlun and Lone Wolf killed a large portion of them, the remaining captured ones also swallowed the poison hidden in their teeth and committed suicide, the trail was cut cleanly."

Elder Long frowned and said in a deep voice, "Not only that, no one knows the origin of those dozen killers, as if they were a dozen people who didn't exist at all and suddenly appeared out of nowhere."

"There's no news from the underground world?" Chen Dong's eyebrows furrowed into a Sichuan frown.

Elder Long nodded, "Nothing."

In the ward, there was silence.

A few seconds later.

Chen Dong suddenly smiled.

"Those who can make the first and the last so clean are afraid that their energy is not small."

Chen Dong raised his eyebrows and looked at Elder Long: "Elder Long, do you think it is the Li family, or the ..... Chen family?"

When the word "Chen family" was uttered, a brilliant aura erupted in even Elder Long's eyes.

“Young master means ..... black under the lamp?”

Long Lao woke up with a start, no matter if it was the Chen family’s intelligence network or the intelligence networks of Zhou Yanqiu and Zhang Chu, this point had never been considered.

Chen Dong nodded: “If we talk about hiding the first and the last, many forces can do it, but without hatred or grudges, they will not target me, and more crucially, they must also have that guts!”

Elder Long frowned in contemplation.

If one had hatred and grudges and the guts to do so, indeed the Li and Chen Clans were the most suspicious!

“Old slave will report back to the family master.”

Elder Long turned around and walked out of the hospital room.

Chen Dong sat on the hospital bed, his gaze deep.

On the side, Gu Qingying’s eyes flickered and her red lips mumbled, “Chen Dong, is it really possible?”

Obviously, she was referring to the possibility of the Chen family’s assassination.

Chen Dong smiled meaningfully, “The outcome might be different from what we expected.”

Gu Qingying was somewhat puzzled and did not pursue the matter.

The latter two days were spent.

Under Zhou Yanqiu’s all-out pursuit, the whole city seemed to be stirred up.

Subsequently, Zhou Zun Long also received orders from Elder Long to launch his intelligence network into action.

The seemingly calm city was secretly in turmoil.

Even, because of the joint investigation of the Zhang and Chu families.

Even Kyoto, too, had become unsettled.

Kyoto had only experienced the huge change of the bombing of the Li family in the first place, and it was in turmoil.

The joint investigation by the two Zhang and Chu families has pushed the storm in the imperial capital to an even higher level.

The giants of the powerful families were shocked when they learned of it.

The assassination of the Chen family heir was a direct declaration of war against the Chen family!

Soon, not a few giants locked their suspicions on the Li family.

In terms of grudges, it was clear that the Li family and Chen Dong were the biggest.

After all, Chen Dong was directly trampling the Li family's towering face of the richest man into the mud.

The Li family's ancient castle manor.

Master Li sat forlornly by the window, looking at the workers in the garden who were busy restoring it.

Behind him, Li Deshan looked solemn: "Father, many people in the outside world are now talking about us being the mastermind behind Chen Dong's assassination."

"Investigate! Investigate to the death for the old man!"

Master Li spoke angrily, "The Li family cannot accept this kind of dirty water, and since I still have Chen Dong at the helm of the Li family, I would not dare to pick up the Chen family's fronts."

Chen Dong and Chen Daolin had indeed torn the face of the Li family as the richest overnight.

But Old Master Li was not stupid.

He hadn't thought of assassinating Chen Dong.

It would be tantamount to splitting up with Chen Dong and Chen Daoling, one way or the other.

"The two Zhang Chu families have almost turned Kyoto upside down, and they have all come up empty." Li Deshan said helplessly.

"Even if our family also finds nothing, we must still investigate, it's a matter of attitude!"

Elder Li's gaze was like a torch, at this time when dirty water was pouring in, if he didn't show his attitude, wouldn't he be acquiescing to the outside world?

“Understood.” Li Deshan hurriedly left.

On the third day.

Chen Dong, who was recuperating from his injuries and peacefully enjoying Gu Qingying’s attentive service, was suddenly interrupted by Zhou Yanqiu who barged in.

“Don’t you know how to knock?”

Chen Dong looked cold and somewhat irritated.

“I’m sorry Mr Chen.”

The corners of Zhou Yanqiu’s eyes jumped wildly and she hurriedly apologised.

“What is it?” Chen Dong asked.

“It’s found out!”

Zhou Yanqiu said, causing Chen Dong to sit up.

Immediately after, Zhou Yanqiu directly handed a piece of information to Chen Dong.

At the same time, he said, “This is not just what I found out, including the Zhou Zunlong and Zhang Chu families, and even the Li family, the richest man in Kyoto, all the intelligence results are just the same.”

The same thing?

Chen Dong’s pupils tightened for a moment.

Immediately afterwards, he picked up the information and read it.

At this very moment.

Elder Long walked into the ward and saw the situation in the ward.

Elder Long smiled helplessly and said, “Young master, there is no need to look, it is a scapegoat.”

Scapegoat?!

Chen Dong was stunned.

Zhou Yanqiu’s face changed drastically as he looked at Elder Long incredulously.

Elder Long rubbed his chin and said in frustration, "To be able to make a family a scapegoat, how powerful should the mastermind behind this be?"

## Winner Takes All Chapter 209-210

### Chapter 209

A single word made the ward as cold as an ice cellar.

Chen Dong, the three of them, were all stunned.

A family was the result of the efforts of several generations over many years.

Whether it was financial power, status, or anything else, it was the work of several generations.

And to have a family become a scapegoat, to have generations of hard work go down the drain, how horrible should the mastermind behind this be?

At least, Gu Qingying was already astonished jade hand covering her mouth.

"Phew ....."

Chen Dong exhaled and picked up the information again and read it.

"The Zhou family of Xishu?"

The information showed that the Zhou family was just a small family in Xishu.

Not to mention compared to the Li, Zhang and Chu families, even compared to Zhou Yanqiu, it was still a mole's existence.

They live in a remote area, and are a complete snake in the ground.

The entire family's assets are only 300 million.

How could he be qualified to be the mastermind behind this?

Even if there was a grudge, this Zhou family would never have the guts to do so!

Even less could they have the energy to conceal it for three days under the full pursuit of several major powers.

"Funny!"

Chen Dong snapped the information shut and threw it into the trash.

Zhou Yanqiu looked at the trash can and said somewhat reluctantly, "But so many forces are tracing ..... at the same time"

"Checking the exact same thing, that's what's fishy."

Long Lao directly interrupted Zhou Yanqiu's words, "If there are differences, it's still possible, but exactly the same, isn't it like copying an examination paper?"

Zhou Yanqiu looked dumbfounded, speechless.

"The mastermind behind this is also hilarious, in three days' time, he has froze a scapegoat, how on earth did he manage to make this Zhou family, willing to die for him?"

Chen Dong was full of doubts.

The efforts of a family for several generations had ended up as a scapegoat and the family could be overthrown.

Could such a price be willingly paid for by a mere pressure of intimidation?

It was clearly impossible.

"Young master, what do you plan to do now?"

Chen Dong shrugged his shoulders and smiled helplessly, "Do as father does."

"Understood."

Elder Long turned to leave.

Zhou Yanqiu hesitated for a moment and also followed to leave.

In the ward, silence could be listening to the needles.

The smile on Chen Dong's face disappeared, leaving only endless coldness and depression.

It was interesting to be able to manipulate a family to be a scapegoat.

If a fox's tail can be hidden once, can it be hidden forever?

"Chen Dong ....."

Gu Qingying spoke up.

Chen Dong waved his hand, "Xiaoying, bring me the information, I want to take another look at it."

After getting the information, Chen Dong directly took a photo of the first page and sent it to Qin Ye.

"You are from Xishu, how much do you know about this Zhou family?"

"I'll talk to you at the hospital." Qin Ye replied in seconds.

.....

Jade Spring Villa.

Inside the Heavenly Pavilion.

Chu Reed and Elder Zhang and Zhang Yulan sat opposite each other.

It was the same time, checking out the same results.

With Elder Zhang's experience, how could he not detect something fishy?

"The intelligence is not right!" Chu Reed said.

Elder Zhang nodded, and at this moment, he also said, regardless of his former suspicions, "The identical results of several major powers, how it looks like the mastermind behind the curtain deliberately laid out the answers for us to see."

"Moreover, that Zhou family in Western Shu has no reason to make a move, much less the guts to do so." Chu Reed said.

"What if it is them?" Zhang Yulan suddenly said.

Chu Reed's willow brows furrowed as she gave Zhang Yulan a cold stare, "Big breasts and no brains."

"You ....." Zhang Yulan was furious.

"Yu Lan, shut up!"

Elder Zhang stopped Zhang Yulan with a drink.

Immediately after, he smiled in relief, "However, since the answer is there, it is time for our two families to be able to return to Kyoto."

In the past few days, Elder Zhang had trouble sleeping at night.

All his energy was focused on investigating the mastermind behind the crime.

Because he knew that once he failed to find out, no one could afford the Chen family's wrath!

However.

The words had just fallen.

Zhou Yanqiu was walking into the Heavenly Pavilion.

It was just in time to hear Elder Zhang's words.

Zhou Yanqiu said coldly, "Sorry, the three of you cannot leave yet."

"What do you mean?" Zhang Yulan instantly became a little anxious.

Zhou Yanqiu's expression was solemn: "After Mr. Chen is discharged from the hospital, I still have to have a conversation with the three of you."

At these words.

Elder Zhang and Zhang Yulan's faces sank at the same time.

After the autumn reckoning?

Chu Reed's willow brows knitted together, "This matter has nothing to do with me, I was kind enough to save him, he had to take that stab himself, can't I go too?"

Such a thing had happened.

The two families had already given up on pulling Chen Dong in for the time being.

The most urgent task was to pull out and return to Kyoto as soon as possible.

As for pulling the strings, they could only think about it in the long run.

"Miss Chu has misunderstood, Mr. Chen has something he wants to ask you."

Zhou Yanqiu explained, then swept a glance at the three people and said, "Therefore, before Mr. Chen leaves the hospital, please ask the three of you to stay at Jade Spring Villa for some more days, I, Zhou Yanqiu, as the host, will also provide good hospitality and will not neglect the three of you."

The words fell.

Zhou Yanqiu turned around and left without stopping in the slightest.

Not to mention that he had no intention of making friends.

“Grandpa, what should we do?”

Zhang Yulan lost her expression and grabbed Elder Zhang’s arm.

Master Zhang let out a sigh and said decisively, “What’s coming will come after the autumn reckoning, and the Zhang family can afford to pay some price.

“But .....

Chu Reed shook his head, did not say more, turned around and left.

“Slut!” Zhang Yulan cursed indignantly.

.....

Lijin Hospital.

Inside the ward, there were only Chen Dong and Qin Ye.

Gu Qingying had been taking care of Chen Dong in the hospital for three days.

Having taken care of his mother who was hospitalised before, Chen Dong knew exactly how much he suffered from taking care of a patient in the hospital.

Even if Gu Qingying didn’t care, he was still heartbroken.

Qin Ye’s voice echoed in the ward.

As Chen Dong listened, he looked at the information on the Zhou family in Xishu.

His expression, however, grew colder and colder, and the smile outlined at the corners of his mouth, grew thicker and thicker.

When Qin Ye stopped.

Snort!

Chen Dong directly tore the information to pieces.

With a voice as cold as frost, he said, "Awesome, the mastermind behind this is really a god, actually the information revealed about the Zhou family is similar to what you said, this is practically an endorsement, a ghost would believe this result!"

"Ghosts definitely don't believe it either."

Qin Ye shrugged his shoulders and deflated his mouth, "If it was the Qin family of Xishu messing with you, I could still accept it, a fart-sized Zhou family trying to assassinate you? Look at what his family can do."

"However, this is the result of that one deliberately handing over, what are you going to do?"

"Endure!" Chen Dong spat out the word, anger surging in his eyes.

"This can also be endured?" Qin Ye was stunned, "Let me remind you, endure a moment of peace and quiet, retreat a step and end up with hatred, if it were me, I would just chop the fuck up!"

Chen Dong shook his head, "He has the intention to kill me, if he fails once, there will be a follow-up."

Rubbing his nose, Chen Dong suddenly smiled, "However, I'm still a little curious, this mole Zhou family, just how much smoke has risen from their ancestral graves to be chosen as the scapegoat, and they are willing to bury their own family?"

Qin Ye also frowned in contemplation as his eyes rolled.

A family with three hundred million assets was indeed a magnate in the eyes of ordinary people.

But in the eyes of a true magnate, it was a mole.

Out of countless mole crickets, how could they have picked this mole cricket, the Zhou family, to bear this heaven-shaking sin?

A long time later.

"Can't figure it out."

Qin Ye shook his head, his eyes lit up and he smiled playfully, "But I did just think of something even more interesting about the Zhou Family ....."

## **Chapter 210**

"What is it?"

Chen Dong looked at Qin Ye in confusion.

Qin Ye stretched out, dropping his feet onto the hospital bed and folding them together, leaning his body back slightly as he looked at the ceiling.

Smiling teasingly, he said, "If this wasn't about that little Zhou family in Xishu, I wouldn't have remembered it if I hadn't thought about it carefully just now."

Chen Dong did not press on, waiting patiently.

"That Zhou family, right, although it's small, I've still had a few encounters with their family, because the Qin family in Xishu has a little business in cooperation with the Zhou family."

"The most recent face-to-face I remember was at a dinner party before I hacked my dad to death."

The corner of Chen Dong's mouth twitched.

Qin Ye, however, said as if nothing had happened, "At that time, I saw a junior standing behind the Zhou family head, and I didn't take it seriously at all before, even the Zhou family head I didn't take it seriously ....."

Saying that, Qin Ye suddenly sat up.

His eyes stared straight at Chen Dong.

"But after knowing you, I suddenly remember now that that guy seems to be very similar to you."

"Very similar to me?"

Chen Dong was stunned.

Qin Ye nodded seriously, his smile always teasing, "If it wasn't for the fact that this incident involved that little Zhou family, I would have really forgotten about this interesting incident, if that kid knew that because of you, someone who resembles him, caused their family to be wiped out, I wonder how he would feel?"

Chen Dong said, "Is there a photo?"

He was genuinely curious.

If they were twins from the same father and mother, it would be fine if they looked like each other.

But with very different identities, backgrounds and family backgrounds, and even thousands of miles apart, how could two people look alike?

He had invited Qin Ye before, but it was the first time he had gone to Xishu.

“I’ll look for it.”

Qin Ye took out his phone and flipped up the photos in it.

However, as if he was deliberately avoiding Chen Dong, he turned his body around, not allowing Chen Dong to see the phone photos, not even the afterglow.

“As for being so mysterious?”

Chen Dong deflated his mouth.

Qin Ye flipped through them while saying, “A selfie with a technical exchange.”

“Nima .....,” Chen Dong cursed.

For a long time.

Qin Ye suddenly shouted, “Found it! Luckily, I always had a backup when I changed my phone, and I got all the miscellaneous ones into the new phone.”

As he said that, he handed the phone to Chen Dong.

When Chen Dong took a look, he was stunned.

The photos had obviously been taken at a banquet.

The scene was grand, with lights and lights and people swarming around.

The main character in the photo was a very innocent beauty.

The angle was obviously a stolen shot.

And in the corner of the crowd, Chen Dong saw a face.

A face that didn’t look much different from his!

If not for Qin Ye’s reminder in front of him, he would have even wondered when he had attended such a banquet when he saw this face.

“Isn’t it very similar?”

Qin Ye looked at the photo and then at Chen Dong: "It's at least a 90% resemblance, do you want to go back and ask your parents if they had a twin back then and kept you and sent this one away?"

"That's not a funny joke."

Chen Dong rolled his eyes and digressed, "I didn't expect a rich young man like you to go and secretly take pictures of this beautiful girl, how lewd, the girl is so innocent looking, if you knew about it, you would definitely be disgusted."

"Che ....."

Qin Ye smashed his mouth: "Innocent? Hand-held tractor, more ruthless than even Laozi!"

Chen Dong: "....."

This was the end of the conversation.

Chen Dong also did not dwell on this extremely similar looking person.

It was as if he and Qin Ye treated this as a joke and a curiosity.

With a population of several billion, finding two people who resembled each other was not too sensational.

Moreover, the Zhou family had now become the scapegoat, taking on the crime of shaking the heavens.

The subsequent thunderbolts of the Chen family would be something that a mere mole could definitely not afford.

Everything had gone up in smoke, and there was no point in pursuing too much.

"You really don't intend to pursue this?" Qin Ye suddenly asked, his words somewhat reluctant.

"It's impossible to find out." Chen Dong shook his head, "We can only wait for next time."

The mastermind behind this could sacrifice a Zhou family as a scapegoat, with such energy, unless he wanted to tell you who he was, it would be impossible to find out.

"Alright."

Qin Ye nodded, and suddenly his eyes flickered, "Then how do you plan to treat the two Zhang Chu families?"

"What do you think?"

Chen Dong gave an odd smile.

Qin Ye rubbed his hands together and said with a hopeful face, "How about you give me a chance to save a hero? I'll have Zhang Yulan at my fingertips, ah."

"Beast!"

Chen Dong laughed and cursed, "I can help you save the beauty by being a hero, but it's impossible to wipe over the entire cost of the Zhang family."

That night, Zhang Yulan rushed behind him and Chu Reed and gave them a vicious push, taking the two of them to block the knife was not something that could be wiped out with just a few words from Qin Ye.

It was also in that push.

Chen Dong understood which of the two Zhang Chu families was worth befriending.

The situation at that time, Chu Reed was able to protect him on the top and meet the sword with his back, and Zhang Yulan's way of doing things was worlds apart.

"I just want Zhang Yulan, feel free to do anything else." Qin Ye waved his hand.

Chen Dong thought about it, "You help me contact Chu Reed, let her come to the hospital for a while, I have something I want to ask her."

"No problem, I'll go directly to the Jade Spring Villa."

Qin Ye got up with a start and ran off in a huff.

Chen Dong froze for a moment and looked down at the thick gauze wrapped around his upper body.

It seems ..... I'm still a fucking wounded person!

Qin Ye the grandson has to stay here to take care of me, right?

"Seeing sex and forgetting righteousness."

Chen Dong cursed fiercely.

.....

It was almost evening.

Chu Reed finally pushed open Chen Dong's ward door.

Chen Dong, who had been waiting for a long time, secretly cursed Qin Ye a hundred times more.

This grandson, definitely did not greet in advance, but only said it to his face when he arrived at the Jade Spring Villa.

He even suspected that the beast had teased Zhang Yulan first and suddenly remembered before saying something to Chu Reed on the spur of the moment.

Otherwise it wouldn't have been so late.

"Mr. Chen, you're looking for me?"

Chu Reed was still high and cold, but the look in Chen Dong's eyes changed somewhat.

"Have a seat."

Chen Dong pointed to the chair beside the bed.

After Chu Reed settled down, she did not ask any questions.

Chen Dong was also hesitant for a while.

This kind of thing, how on earth should one ask out?

In the sickroom, it was very quiet.

The atmosphere was a little awkward.

After almost ten minutes, Chu Reed spoke up and broke the silence.

"Does Mr. Chen have anything to ask?"

Chen Dong let out an "ah", somewhat flustered.

His eyes subconsciously looked at Chu Reed's long and slender legs wrapped in thin stockings.

The same OL black professional dress, the same thin stockings.

Exactly the same as the last memory of that night in his mind.

“Mr. Chen .....

Seeing Chen Dong staring at his thighs lost in thought, Chu Reed's willow brows knitted, somewhat displeased.

Chen Dong busily withdrew his eyes, met Chu Reed's gaze, took a deep breath and asked seriously.

“That, that night, I was drugged, did I do something very excessive to you?”

Chu Reed's expression was stunned, her pretty face was steeply scarlet, she lowered her head, and her hands were even clenched together.

It was going to be bad!

Chen Dong's heart stuttered, he wanted to bang his head against the wall.

He hurriedly said, “That, I, I didn't mean to ask, but I, I do have a vague memory of that night, so I want to confirm it.”

“Good, then I'll tell you what happened that night when your medicine kicked in.”

Chu Reed suddenly stood up, her pretty face scarlet and her gaze like water, leaning down directly towards Chen Dong.

The sudden scene frightened Chen Dong, his face changing and his heart beating wildly.

“No, no, I, I just want to ask, just say it, no need to operate on the spot!”
