

Winner Takes All Chapter 281-290

Chapter 281

Only Qin Henian came to the Qin family.

Draped in mourning, Qin Henian's eyes were red and swollen, his face full of grief.

Behind him also stood a lawyer who had long served the Qin family.

When Chen Tong and the others arrived, there were no unnecessary words and everything proceeded according to the steps.

With Chen Tong arranging for all the contracts to be signed, there were no worries either.

The Qin family was so large that it could be ranked as the richest man in Western Shu, with countless industries under its command.

Even signing the contracts one by one was not a small amount of work.

By the time all the equity division contracts were signed, it was already three o'clock in the morning.

Qin Henian slowly got up and bowed to Chen Dong in a disoriented manner.

"Mr. Chen, from now on, don't worry, the Qin family will not have second thoughts about you."

This was Elder Qin's advice before he died.

Even if he had more resentment in his heart, Qin Henian was not stupid.

It was better to live under the hedge of others than to have the family destroyed.

Even if the glory was not there, even if it lingered on, the Qin family would still be there after all.

"Hm."

Chen Dong indifferently responded.

"If there is nothing else, I will return to the Qin family first, my father still has a funeral to attend to."

Qin Henian took the lawyer and the contract with him and left straight away.

“By the way!”

Chen Dong suddenly called out to Qin Henian: “From today onwards, the Qin family’s financial company is under Qin Ye’s management, so within a day, you will draw your Qin family out of the company.”

Qin Henian’s body shook and his steps stopped.

Rao Qin Ye was also surprised for a moment.

“Understood, Mr. Chen.” Qin Henian gritted his teeth and answered with a resentful gaze.

The Qin family, to be able to truly sit as the richest.

It was by relying on the finance company, or to be precise, by relying on Qin Ye’s ghostly ten billion dollar manipulation back then.

The other industries were the branches and leaves of the Qin family, the financial company was the main trunk of the Qin family.

After taking a deep breath, Qin Henian fought back the tears in his eyes and left with quick steps.

In the house, there was silence.

Qin Ye asked Chen Dong in shock, “Brother Dong, the Qin family’s financial company is a first-class giant in the financial world, are you really going to let me manage it?”

“What’s wrong with that? The Qin family’s financial company was originally set up because of your battle back then, now that it’s under your management, it’s a return to its rightful owner, right?”

Chen Dong smiled spontaneously and looked at Chen Tong, “Chen Tong, help me arrange a plane, we are returning.”

“Ah?!”

Chen Tong was surprised, “Young master, you’re leaving Western Shu so soon? Just now, Zhuge Qing called and wanted to invite you to the Zhuge family’s banquet tonight.”

“I won’t attend, their family banquet, how can it be as good as the food my wife cooks for me?”

Chen Dong got up and left.

Chen Tong was stunned and speechless, did the young master have some misunderstanding about family banquets?

A family feast is really not as simple as a meal!

Instinctively, Chen Tong wanted to speak up and persuade.

Put aside the fact that the Zhuge family is now pointing to the position of the richest man.

As the Consul General of the Chen Family Office in Western Shu, Chen Tong knew exactly what it meant that the Zhuge family was willing to invite Chen Dong to a family banquet.

With the Zhuge family's arrogance, it would normally be difficult for even a powerful giant in Western Shu to be invited to a family banquet.

This was the greatest courtesy the Zhuge family could offer!

But, a large hand pressed on Chen Tong's shoulder.

Kun Lun smiled and said, "In the young master's eyes, the Zhuge Family's family banquet is less than a bowl of vegetarian noodles for his wife, go and arrange it."

Chen Tong was a little stifled, but left quickly to make the arrangements for the trip.

An hour later, Chen Tong and the others rushed to the airport to take a special plane for their return trip.

Tianmen Mountain Villa.

In the kitchen, the heat was on.

Elder Long was still at Din Tai dealing with various matters.

Knowing that Chen Dong was already on his way home, Gu Qingying thought of organising a table of food to wait for Chen Dong to come home.

"Xiaoying, it's better for me to do it."

Fan Lu looked at the busy Gu Qingying and wanted to help.

In her eyes, it was too difficult for Gu Qingying, who had grown up with a lot of clothes and food, to organize a large table of food.

What's more, organising meals was her job.

Since Li Lan's death, the only thing she could do at home was housework and three meals a day.

If she couldn't even do these, Fan Lu even felt that she was somewhat dispensable in this family.

"It's alright Sister Xiao Lu, I'll definitely be able to do it well."

Gu Qingying was dripping with fragrant sweat, but she didn't even notice it, and while stirring the dishes in the pan, she said with a smile, "Da Fuzzy is too tired these days, I want to make a delicious meal for him to eat well, I'm his wife, it's my responsibility to make sure he's well fed."

"Eat up?"

Fan Lu was stunned for a moment.

Gu Qingying, who was stir-frying in front of the wok, trembled and instantly sensed that there was something wrong with the taste of those words.

Her beautiful face flushed red and she gave Fan Lu an annoyed glance, "Aiya, Sister Lu, what are you thinking about?"

Fan Lu covered her mouth and snickered, "I should, I should."

The more she said this, the more Gu Qingying's pretty face was so ashamed that it was bleeding.

However, Gu Qingying soon changed the subject, "Say, Sister Lu, how far have you and Brother Kunlun progressed?"

Fan Lu hesitated for a moment and rubbed her chin, "I can't tell, anyway, Brother Kunlun still won't let me cook for him right now."

Gu Qingying: "....."

She couldn't stand it anymore, she had obviously digressed, how come Sister Xiao Lu even digressed back?

clang clang

The spatula tapped on the side of the pot, and Gu Qingying said, "Sister Xiaolu, help me turn the pot, I'll cut another potato shreds."

"You're finally willing to let me help." Fan Lu smiled as she went to the wok and skillfully stir-fried it.

Gu Qingying, on the other hand, was busy cutting shredded potatoes, thinking about the conversation she had with Fan Lu just now, but her blushing pretty face was outlined with a sweet smile.

Isn't the best thing for a woman to do is to make sure her husband is well fed?

However, as soon as she was distracted, a sharp pain came from her fingertips.

Gu Qingying screamed, and the index finger of her left hand was already stained red with fresh blood.

"Little Shadow!"

Fan Lu was startled and hurriedly put down what she was doing and busied herself with bandaging Gu Qingying.

After working for half a day, Gu Qingying and Fan Lu had finally prepared a table full of delicious food.

Looking at the time, Gu Qingying reckoned that Chen Dong and the others should be landing soon.

She was busy saying to Fan Lu, "Sister Lu, you can't say anything to Big Fool about me cutting my hand, or he'll laugh at me again."

"Mr. Chen probably can't be more distressed." Fan Lu nodded her head.

At that very moment.

Gu Qingying's mobile phone suddenly rang.

It was the director of Lijin Hospital, Liu, calling.

Gu Qingying froze for a moment and picked up the phone, "Hello, Uncle Liu, what can I do for you?"

On the phone, Dean Liu's voice was low and strong.

"Xiaoying, is Chen Dong there? I can't reach him, you guys should come to the hospital soon."

"What's wrong?" Gu Qingying's expression was frozen.

"Elder Long was injured by someone and is now in the hospital."

Boom!

Gu Qingying was struck by lightning and her expression drifted off.

Wasn't Elder Long handling affairs at Dingtai?

How could he be injured by someone?

Besides, there was still Lone Wolf in the company!

"Okay, I'll be at the hospital right away." Gu Qingying answered and hung up the phone.

Chapter 282

Lijin Hospital.

Inside the VIP ward.

Jing can listen to the needle.

The monitoring instruments emitted sounds in an orderly manner.

Gu Qingying covered her mouth with her jade hand and looked at Elder Long on the hospital bed with disbelief, her eyes instantly a little red.

Fan Lu, who was accompanying her, was also shocked and terrified.

At this moment, Elder Long was lying on his back on the bed, still unconscious.

On his back, there were streaks of stinging bruises all over, and some of them were even skinned and split open, incomparably hideous.

"Uncle Liu, what's going on here?"

Gu Qingying took a deep breath and looked at Dean Liu.

While soothing, Dean Liu said, "Elder Long is no longer seriously injured, these injuries on his body are all caused by whipping, and the man outside who brought Elder Long to the hospital doesn't know exactly who injured Elder Long."

Whiplash?

Gu Qingying was pale.

Who on earth could lay such a heavy hand on an old man from Gu'ao?

"But the person who did it was also powerful, every inch of force was grasped with great precision, it wasn't even aimed at Old Man Long's life." Dean Liu couldn't help but sigh.

“Xiao Lu, you take care of Elder Long, I’ll go ask Lone Wolf.”

Gu Qingying turned around and walked out of the ward.

Elder Long was brought to Lijin Hospital by Lone Wolf, the reason why Dean Liu was the one who called was also because he was the only one who had time just now, and Lone Wolf was still busy pushing Elder Long to the resuscitation room.

Now that Chen Dong was not there, reason told Gu Qingying that he had to shoulder this responsibility.

Lone Wolf crouched by the corridor at the entrance in despair, his hands clutching his hair, incomparably guilty and blaming himself.

Seeing Gu Qingying, Lone Wolf hurriedly got up and said, “Miss Gu, it’s my fault, it’s my failure to protect Elder Long.”

“Now is not the time to pursue responsibility.”

Gu Qingying shook her head, “How exactly did something happen to Elder Long?”

Lone Wolf shook his head, “At noon, Elder Long told me that someone was looking for him and asked me not to follow, then he left alone.”

“After waiting for almost half an hour, Elder Long suddenly called and asked me to go to the hotel to take him to the hospital, and then it became like this.”

“The hotel?”

Gu Qingying’s eyebrows knitted together, could it be that Elder Long had “played” off?

It wasn’t her fault for thinking, but since Qin Ye had moved in next door, she had heard Chen Dong mention Qin Ye and Elder Long’s “hook-ups” a few times.

The old man’s body hides an unrestrained and unbridled heart that loves freedom.

But is this playing too hard to get?

Lone Wolf said helplessly, “When I arrived at the hotel, the first thing I did was to call up the surveillance, which showed a woman coming out of Long Lao’s room.”

Gu Qingying: “.....”

She really caught herself a bit blind.

Hesitated for a moment.

She took out her phone and looked at the time, Chen Dong should have almost landed by this time.

It wasn't good for her to handle this kind of thing as a girl.

Gu Qingying dialed the phone and told Chen Dong what had happened, asking him to come directly to the hospital.

.....

When Chen Dong arrived at the hospital with Kunlun and Qin Ye and Qin Xiao Qian.

Gu Qingying and Lone Wolf hurriedly welcomed them.

"Where is Elder Long?"

Chen Dong's face was sullen and somewhat sullen.

Back when he was in a desperate situation, it was Elder Long's appearance that dragged him and his mother out of the darkness.

And after that, Elder Long was even more of a teacher and friend to him.

Now that something like this had happened, Chen Dong always had a fire pressed inside him.

"Still in a coma, but things are a bit troublesome, should be playing something wrong." Gu Qingying's willow brows knitted together.

"Play something wrong?" Chen Dong was stunned.

When Gu Qingying's gaze glanced at Qin Ye, Chen Dong was instantly enlightened.

"Let's go and see Elder Long first."

Several people walked into the ward together.

When he saw Elder Long lying unconscious on the bed, Chen Dong's pupils immediately tightened.

Qin Ye even exclaimed, "Crap! When did old man Long's taste become so heavy?"

"Don't talk nonsense!"

Chen Dong gave Qin Ye a sidelong glance.

Gu Qingying lowered her head and said noisily, "It was Lone Wolf who went to the hotel to bring Old Man Long to the hospital, and Lone Wolf first transferred the surveillance, and a woman walked out of Old Man Long's room."

Chen Dong: "....."

Did it really play off?

"Tsk tsk Old man Long really impressed me with his three days of separation." Qin Ye looked like he had no conscience and tsked, "At an old age, he actually has such blood courage, what even a youngster like me wouldn't dare to play, he actually dares to play."

A word that made several girls in the ward blush crimson.

Qin Xiao Qian secretly tugged at Qin Ye, signalling him to shut up.

Chen Dong rubbed his nose and suddenly gave a cold laugh, "You also know that you don't even dare to play, and Elder Long still dares to play so big?"

Saying that, he looked at Kun Lun.

Kun Lun understood and went forward to check Elder Long's injuries.

Gradually, his brow tightened.

At this time, Gu Qingying said, "Uncle Liu said that the person who whipped Elder Long had mastered the power with great precision and was not running for his life."

The words had just fallen.

Kunlun turned around and said in a deep voice, "Indeed, Long Lao is so old, if they really wanted him dead, a few lashes would be enough, these wounds were grasped with extreme precision, and an ordinary woman would not be able to whip with such precise force at all."

"Then someone did it on purpose!"

Chen Dong let out a breath, his eyes steeply cold: "I'll turn the city upside down to find the person who injured Elder Long."

With a voice like a cold wind, the temperature in the ward seemed to have plummeted to freezing point.

When the crowd came back to their senses, Chen Dong had already turned around and walked out, "Kunlun Lone Wolf will follow me, Xiao Ying will take Xiao Qian home, Qin Ye Fan Lu will stay at the hospital."

The crowd's faces changed, but they did not say much.

Everyone knew the relationship between Chen Dong and Elder Long.

Even they had a lot of anger in their hearts.

Although the other party was not aiming for Elder Long's life, the whip marks all over his back was already a big crime for an old man from Gu'ao, and the slightest carelessness would be fatal.

After leaving the hospital.

Kunlun suggested, "Young master, why don't we ask Lord Meng to help track it down?"

"No need, I probably know who did it."

Chen Dong shook his head, looking cold and suppressing his anger, "With Elder Long's skills, if he doesn't want to, can you beat him up like this in a short time, Kun Lun?"

Kun Lun was horrified and stood frozen on the spot.

Chen Dong's words had enlightened Kun Lun.

Indeed, Elder Long's body was really no match for an ordinary young strong man!

And Chen Dong had indeed seen Elder Long strike.

An existence that cried out for an old man, but with his backhand could nullify a young strong man with a slap, if he did not voluntarily give up resistance, even a practitioner, no, even Kunlun, could not subdue Elder Long for a moment!

"Someone close to him did this?"

Kunlun sucked in a cold breath, that was the only possibility now.

Chen Dong smiled coldly, "The Qin family has been in a state of decline for three days, Old Lady Chen was forced by her father to watch the fire from across the river, unable to rescue her, it would be a lie if Old Lady Chen wasn't angry, now that the dust has settled, the old undead should start to show her might, right?"

Kunlun and Lone Wolf were struck by lightning as they listened.

At that very moment.

The three of them had already walked out of the hospital.

Kunlun suddenly saw a figure by the hospital garden, and his pupils immediately tightened.

Snapping!

Kunlun raised his hand and yanked Chen Dong and Lone Wolf.

Winner Takes All Chapter 283-284

Chapter 283

An abrupt scene.

It caused Chen Dong and Lone Wolf to be startled at the same time.

Both of them simultaneously looked in the direction Kunlun was looking.

A beautiful silhouette was imprinted into Chen Dong's eyes.

A tall figure, a plain white dress, a sun hat under the bright sun, and a fair and crystal face revealed under the brim of the hat.

Even as she stood there, she drew the prying eyes of everyone around her.

Such a superb girl, no matter where she went, gave people a kind of bright light in the dark night, glowing and attention-grabbing.

"A little familiar." Chen Dong frowned slightly.

Lone Wolf murmured, "Isn't this the big star Chen Yufei?"

Chen Dong instantly dawned on him.

Although he did not pay much attention to the entertainment industry, he had still heard of Chen Yufei's name.

This was because in the recent year, the name had been too loud and spread throughout the streets.

Chen Yu Fei appeared in talent shows as a newcomer and came out of nowhere, rocketing to fame at a breakneck speed, catching fire in the north and south of the country and causing major media to scramble for coverage.

And because she was born into poverty, she is a typical inspirational model. After she became popular, she never forgot her heart and worked hard for charity, even attracting reports from the official media.

There are even bigwigs in the entertainment industry who wave their flags for him, and literary giants who write stories about him.

In just one year, he has won numerous awards and is surrounded by glory.

It can be said that she is now the most popular female star in the entertainment industry.

“The Chen family.”

Kunlun’s face was sullen as he spat out the words, “The old lady’s most beloved granddaughter.”

Chen Dong was dumbfounded and lost his smile.

Sure enough, it seemed like hard work and inspiration, but in reality, fate had already arranged everything.

He was really born poor, so he knew how difficult it really was for a cold family to produce a noble son.

To put it bluntly, if it wasn’t for Elder Long’s appearance to help him “change his fate”, he would probably have been just a vice president or president of a company at the end of his life, and it would have been impossible for him to change more.

Kunlun’s words have revealed the real reason why Chen Yufei has become so popular in a year.

Even if Chen Yufei were to catch fire on the moon, Chen Dong would not be the least bit surprised by the distinction of being the most beloved granddaughter of Old Lady Chen.

Looking back at the Lijin Hospital.

The smile on Chen Dong’s face gradually disappeared and was replaced by a coldness like frost.

“Young master, she’s coming over.”

Kun Lun’s voice rang out by his ears.

Chen Dong turned around and saw that delicate figure walking with a noble pace, slowly walking towards this way.

A woman of the utmost quality, even in her words and actions, revealed an elegance like that of a noble peacock in every way.

Such an aura could never be cultivated by a person from a humble family overnight.

Everyone along the way couldn't help but stop and watch, and some of them had eyes full of fire.

Some even reacted to the fact that it was the big star Chen Yufei and hurriedly took out their mobile phones to take photos and videos.

Chen Yu Fei had already gotten used to this kind of scene and did not care at all.

When she walked up to Chen Dong, she smiled slightly and extended her crystal white sleeved long jade hand, "Brother Dong, my name is Chen Yufei."

This scene.

It immediately drew a gasp from the crowd of onlookers.

My God!

The big star Chen Yu Fei appeared here for this man?

However, when the crowd saw Chen Dong's appearance, their hearts were a little less shocked.

After all, Chen Dong's figure and appearance were by no means in the mundane and mediocre class.

But soon, everyone was excited.

News!

Big news!

The flashbulbs instantly lit up even more intensely.

Immediately following, what threw everyone for a loop was this.

Chen Dong did not reach out to shake hands with Chen Yufei, but calmly asked, "What happened to Elder Long, did you do it?"

The voice was so soft that the onlookers could not hear it.

But when they saw Chen Yufei drop her right hand in disappointment, everyone exploded in shock.

“Oh my God! Who is this man, the big star Chen Yu Fei took the initiative to shake hands with him and actually refused just like that?”

“Tsk ruthless man, this dude must be a ruthless man, this is the first time I’ve seen Chen Yufei rejected by someone.”

“This is a bit of big news today, Chen Yu Fei appeared at the Lijin Hospital in a low profile just to meet this man, but this man is indifferent, MoFei

.....

Some even more good people, at this point, have already started to brainstorm the plot.

Chen Yu Fei looked around, her willow brows knitted slightly and said, “Brother Dong, there are many people here, let’s talk somewhere else.”

“Good.”

Chen Dong followed behind Chen Yufei with Kunlun and Lone Wolf.

Being enveloped by flashing lights along the way made Chen Dong very uncomfortable.

It felt like a monkey in a zoo being surrounded by people.

After sitting in Chen Yufei’s Toyota Elfa, the car started.

Looking at the leaving nanny car.

The entrance to the hospital was already full of people.

Those who had taken good photos and videos were even more impatient to post them on the internet.

.....

Chen Yu Fei found a high-end restaurant nearby and directly chartered it down.

The quiet and elegant environment was in keeping with her noble temperament.

After settling down.

Chen Yu Fei smiled and pushed the menu in front of Chen Dong: “Brother Dong, whatever you want to eat, just order, it’s on me.”

Chen Dong did not look at the menu, but gazed at Chen Yufei with a cold gaze.

“I only ask you one thing, the injury on Elder Long’s body, did you do that?”

The smile on Chen Yufei’s face froze and she did not rush to answer, but pushed the menu in front of Kunlun: “Brother Kunlun, it’s been a long time, why don’t you order the food?”

Kun Lun’s face was sullen and silent.

Finally, Chen Yu Fei glanced at Lone Wolf and silently took the menu back in front of herself.

With her small cherry mouth, she slowly exhaled a breath as Chen Yufei said, “You’ve upset Grandma, can’t I still take it out for her?”

“But Long Lao is too old to withstand you taking out your anger like this!”

Chen Dong’s face was as cold as frost, and hostility flashed in his eyes.

Chen Dong was not stupid, although Chen Yu Fei had acted like a little daughter from beginning to end, he was clear that the other party was not coming from a good place.

“He is a slave of the Chen family, why shouldn’t I take it out on him? Besides, it’s not like I beat him to death.” Chen Yu Fei muttered her mouth with an aggrieved look.

Pop!

The water cup in Chen Dong’s hand exploded with a sound.

He looked at Chen Yufei angrily, how on earth did she say such words with this tone of voice?

A precise control of power was indeed not enough to kill.

But Old Man Long’s age was there, and a woman, to actually lay that kind of vicious hands on an old man.

Without even considering that it was a human life!

“You are worthy of being the old lady’s most beloved granddaughter.”

Chen Dong said coldly, “Underneath the beautiful skin, there is a snake scorpion heart hidden, do you know the consequences of treating Old Man Long like this?”

“What consequences can there be?”

Chen Yufei was full of care, "He is a slave of the Chen family, his life is all the Chen family's, it is only natural for me to beat him."

Saying this, Chen Yu Fei leaned forward slightly, her right hand propped up on the tabletop as she looked at Chen Dong playfully, "Is it possible that Brother Dong still wants to beat me?"

Chen Dong suddenly laughed.

"Kunlun, take her away!"

Chapter 284

Kunlun was startled.

His lips mouthed, wanting to say something.

Chen Dong, however, spoke in a deep and strained voice: "I said, take her away!"

"Where is Brother Dong going to take me?" Chen Yu Fei stood up, her face full of smiles, without the slightest hint of panic.

Chen Dong did not say a word, turned around and walked away.

Behind him, Chen Yufei quickly followed.

Lone Wolf, who had fallen to the end, looked a little puzzled: "Brother Kunlun, Mr. Chen is really angry, and this Chen Yu Fei doesn't even notice?"

"Heh, she sensed it."

Kun Lun sneered, "But she's used to being well-behaved, because of the old lady's favor, even the old master couldn't possibly make a move against her since she was a child, so she is treating the young master as those within the Chen family."

"This"

Lone Wolf's eyebrows twisted and he was instantly a bit speechless.

"Let's go."

Kunlun sighed and followed quickly.

He was clear that when a person's character was well behaved to a certain extent, they would be domineering and selfish, and this was the case with Chen Yufei's character.

But Chen Yufei had overlooked the fact that Chen Dong had never lived in the Chen family, and that Chen Dong was an extremely protective person.

Her so-called “no one dares to touch” does not apply to Chen Dong.

Leaving the restaurant.

Chen Dong did not take a car, but turned the corner and walked into a hotel room.

After getting a suite, he said to Chen Yufei with cold eyes, “You have to follow him even if you don’t.”

“Don’t worry, Brother Dong.”

Chen Yu Fei waved her hand full of care, looking at Chen Dong’s back, her smile turned a little disdainful as she murmured in a low voice, “I’m grandma’s most favoured granddaughter, isn’t it just beating up a house slave, I still don’t believe you really dare to touch me.”

With this thought in mind.

Chen Yufei followed Chen Dong into the room.

With a face full of indifference, she walked to the window and opened the curtains to let the sunlight in.

Then she turned back and walked to Chen Dong in disgust, “Brother Dong, even if you want to beat me in a different place, at least find a more upscale hotel, right?”

Chen Dong suddenly said in a cold voice: “I don’t hit women.”

Chen Yu Fei raised her eyebrows and smiled, “Then why did Brother Dong bring me to this room?”

Snap!

Before the words left his mouth, a stab came across the air.

It landed hard on Concubine Chen’s face.

Caught off guard, Chen Yufei stumbled and fell to the ground.

She froze straight away, the sharp pain on her face making her feel like she was dreaming.

An ice-cold voice echoed through the room, “But not the snake and scorpion!”

At this moment, Kunlun and Lone Wolf, who had followed closely behind, walked into the room.

Seeing Chen Yufei sitting on the floor, the fingerprints on her fair face were clearly discernible.

Kun Lun was instantly shocked, "Young Master"

The words had not yet left his mouth.

What he was greeted with was Chen Dong's incomparably cold eyes.

"Elder Long is my man, I can't respect him enough, I will never allow anyone to touch him, not even the King of Heaven!"

The resounding words made Kun Lun's back shiver and the words that had reached his mouth were forcibly swallowed back.

"You, you hit me? You really dare to hit me?"

The dazed Chen Yufei finally came back to her senses, her fair and slender jade hand caressing her cheek, the sharp pain drilling through her heart, causing her beautiful eyes to flood with tears.

Ever since she was a child, she had been the jewel of the entire Chen family because of Old Lady Chen's favour.

Who in the entire Chen family did not hold her in the palm of their hands?

When she wanted to enter the entertainment industry and become a star in the limelight, Old Madam Chen ordered her to do so, and the Chen family used its enormous power to turn her into a top star in the entertainment industry within a year.

It was also because of Old Madam Chen's favour that when she learnt about Old Madam Chen's rage this time.

That was why Chen Yu Fei had rushed here, with the aim of asking Old Madam Chen to take a breath of anger.

But!

When had she, Chen Yu Fei, ever beaten a household slave and been treated like that?

"Is it because you don't believe it?"

Chen Dong's eyebrows were morose and hostility tumbled across his cold as frost face.

Coldly squatting in front of Chen Yufei, he pulled Chen Yufei by the collar with one hand, almost brutally dragging her to the front.

With that.

Slap!

Another slap fell down fiercely.

The crisp sound of the slap was accompanied by Chen Yufei's miserable scream.

It caused both Kun Lun and Lone Wolf to change their expressions.

Chen Dong slowly opened his mouth, as if a cold wind was blowing from the depths of the Nine Underworlds.

"If you have anything to do, come at me! But if you dare to touch those around me, not to mention you, even if it's Old Lady Chen, I, Chen Dong, will show her why the flowers are so red!"

Snap!

Chen Dong let go of Chen Yu Fei and let her fall to the ground, without any half-hearted thought of pitying her.

If this scene was seen by outsiders, their jaws would definitely drop in shock.

A top star in the entertainment industry would actually be beaten up so badly?

"Chen Dong, who do you think you are? You are just a wild child of the Chen family, the family head protects you, but the Chen family absolutely cannot tolerate you!"

Chen Yufei gritted her teeth and hurled an angry tirade, "If you make grandma angry, I, as a granddaughter, will definitely take revenge for grandma!"

Chen Dong suddenly felt a little amused.

Revenge?

Who should seek revenge from whom?

In his eyes, Chen Yufei's whipping of Elder Long this time was simply like the behaviour of a well-behaved bear child.

It was really hard to imagine that an adult in her twenties, who was supposedly seeking revenge, would actually do so in such a manner.

He rubbed his nose and smiled disdainfully, "Something like you, when the two brothers, Chen Tiansheng and Chen Tianyao, had also said that, but now, have they been injured?"

Chen Yu Fei's expression was stunned.

In her beautiful eyes, hot tears were swirling.

She gritted her teeth indignantly, "Don't be complacent, I will definitely make you pay the price!"

"I've paid enough already."

Chen Dong smiled bitterly, his expression suddenly becoming despondent, "From now on, it's time for those who mess with me to pay the price."

He also stopped pestering Chen Yufei, turned around and headed out.

As he walked, he said, "This time is a warning, if there is a next time, don't blame me for destroying the flower with a hot hand!"

"How dare you!"

Chen Yu Fei stubbornly tilted her high and proud head, "I am also the heir of the Chen family, if you dare to break the rules, then it is you who wants to enter hell!"

Chen Dong was stunned for a moment.

Old Mrs. Chen had really treated Chen Yufei as her jewel.

The high and mighty Chen family, although different from other gentry, believed in the nurturing of the superior and the inferior, the winner being the king.

But the difficulty for a girl to qualify as the heir of the Chen family, even if Chen Dong did not look into it, he knew that it must be as difficult as climbing up the ladder.

By chance, Chen Yufei had this qualification!

"Kunlun, is this what you wanted to say just now?"

As he walked, Chen Dong asked.

With a complicated expression, Kun Lun nodded helplessly, "She is one of the two people from the Chen Family who obtained the qualification of successor in her daughter's body, and with her status, beating up Elder Long is nothing in her eyes."

“There is another person?” Chen Dong was stunned for a moment.

Looking at the three who had left.

In the room, Chen Yufei’s shellfish teeth clenched her red lips, and her hovering teary eyes were filled with resentment.

On her stunning face, the red marks of her five fingers were still clearly discernible.

However, as Chen Dong disappeared into the hotel corridor.

The corners of Chen Yufei’s mouth suddenly turned upwards, revealing a smug smile.

She slowly got up and closed the door of her room as she took out her mobile phone.

At this moment, there was an aura of indifference all over her body.

It was very different from the angry and resentful look she had just had.

Walking to the window, Chen Yu Fei looked out at the skyscrapers across the street.

The phone came through.

“Have they all been filmed?” Chen Yu Fei asked in a cold voice.

There was a pause of a few seconds.

The smile on her face became even more smug as her long, slender, jade fingers slowly traced across her cheeks, which were covered with fingerprints.

“Then, it’s time for the next step”

Winner Takes All Chapter 285-286

Chapter 285

Late at night.

All is quiet.

In the bedroom, the television set hanging on the wall is playing entertainment news.

In the news, it was the entertainment reporter interviewing Chen Yufei.

Chen Dong’s brows were slightly knitted as he gazed at the television, but he did not have the slightest intention of sleeping.

“Honey, it’s so late to sleep.” Gu Qingying snuggled into Chen Dong’s arms.

“I’ll watch for a while longer.” Chen Dong’s voice was a little low, his face was sad.

Gu Qingying cast a sidelong glance at the television and said somewhat helplessly, “The dust has settled and Elder Long has been discharged from the hospital after recovering from his injuries, why are you still worried about Chen Yufei?”

A week had passed since Elder Long was injured.

Fortunately, Elder Long was not seriously injured and had now returned home to recuperate.

The image of Chen Dong and Chen Yu Fei meeting at the Lijin Hospital that day soon swept the entire internet, causing quite a stir.

In order to allay Gu Qingying’s worries, Chen Dong also told her the whole story.

Like Chen Dong, Gu Qingying also thought that Chen Yufei was just a “bear child” who was used to behaving badly, and thought that by whipping Long Lao, who was Chen Dong’s sidekick, she was taking out her anger for Mrs. Chen.

Or rather, she was using it to beat up Chen Dong and embarrass him.

But this week, Chen Dong had to watch the video interview about Chen Yu Fei almost every night.

This gave Gu Qingying a feeling of being left out.

Who said that newlyweds sing night and day?

“I always feel that things aren’t that simple.”

Chen Dong lifted his finger and pointed at the television, “Look, Chen Yu Fei has never been calm and collected in the face of interviews, her words and mannerisms are not in the least bit misbehaving, nor can she find the slightest flaw.”

After leaving the hotel that day, Chen Dong had been thinking about his meeting with Chen Yufei.

Throughout the whole process, Chen Yufei was permeated with a sense of perversity and arrogance, with no one in sight, which even made people feel a bit absurd.

But it was this absurdity that made Chen Dong somewhat unable to let go.

Was Chen Yufei stupid?

Definitely not!

If she were really stupid, she wouldn't have been regarded as the jewel of Old Lady Chen's heart.

What's more, she was involved in the incredibly complicated entertainment industry.

Even if she has the backing of the Chen family, it would be difficult for her to survive in the entertainment industry if she doesn't have any real skills and if her personality is still arrogant.

On the contrary, Chen Yufei is doing very well.

Whether it's within the entertainment industry or the audience's popularity.

Gu Qingying's eyes were deep as she watched the interview video along with Chen Dong.

The truth, too, is just as Chen Dong said.

The fact is that even Gu Qingying can't do this.

It is simply watertight.

This is the kind of person that a phrase like "badly behaved" to describe is obviously biased.

"You are thinking that the day she met you, she was deliberately acting out?"

Gu Qingying was puzzled, "But if it was really a deliberate act, then it's been a week, so there should be something to follow."

"That's what I can't figure out."

Chen Dong scratched his head in annoyance, looking at Gu Qingying who was sleepy and yawning in front of him.

Chen Dong suppressed the doubts in his mind.

Gently nodding a kiss on Gu Qingying's forehead, he softly said, "Alright, it's been hard for you these past few days, staying up with me every day, I don't want to, let's go to sleep."

"Sleep?" Gu Qingying's delicate body trembled, feeling the hot air around her ears, a blush spread from the roots of her ears straight to her cheeks.

Chen Dong smiled wickedly, "Meat!"

.....

In the blink of an eye, another week had passed.

Everything was calm and quiet.

Life seemed to have returned to the right track.

Chen Yu Fei also stopped appearing, as if it was really the end after whipping Elder Long that day.

This made Chen Dong's wariness, too, slowly relax, and he began to devote himself to his work.

The problem with Din Tai had been almost dealt with by Elder Long.

The rest of the matters, in a fortnight' time, were also all dealt with clearly by Chen Dong.

The renovation project of the shantytown in the west of the city was nearing its end, and after the initial momentum was built up, the properties developed at the back were launched into the market at a high rate.

Even Zhou Zunlong and Zhou Yanqiu, who had taken up land in the west of the city in order to help Chen Dong get through the difficult times, also profited a lot from this wave of renovation.

On the other hand, Qin Ye and Qin Xiao Qian joined forces and also set up the finance company completely.

With the existence of the Qin family's financial company, this allowed Qin Ye and Qin Xiao Qian to become giants in the financial sector as soon as they started.

The two siblings swept through the financial world with great power and prestige.

Everything was in order and moving in a good direction.

It was early this morning.

Chen Dong had given a routine meeting to the middle level of the company and decided on the direction of Din Tai's subsequent development and expansion.

Just after he returned to his office, a phone call came through.

Looking at the unfamiliar number, Chen Dong frowned and pressed the answer button.

But the yellow warbler-like laughter that rang out from the phone made his brow instantly furrow into a frown.

“Brother Dong, what are you doing?”

Chen Yufei!

In a fortnight’ time, Chen Dong had almost forgotten about Chen Yufei.

Yet, to his surprise, it suddenly popped up again now.

“You seem to have forgotten my warning.” Chen Dong’s voice was cold and stern.

“Brother Dong, don’t be angry, it’s not like I meant anything else, it’s just that there happens to be an event this time and it’s going to be in your territory, so at least we’re all members of the Chen family, so it’s not too much to ask to have a meal together, right?”

On the phone, Chen Yu Fei’s laughing voice was still the same as that day, always giving people a feeling of indifference.

However, given the relationship between Chen Dong and Old Lady Chen, she would not be foolish enough to ask Chen Yufei out.

Even if Chen Yufei was stupid, she wouldn’t really have this kind of attitude, right?

“No time.” Chen Dong refused dryly.

He was about to hang up the phone.

Chen Yufei’s voice suddenly went cold: “Humph! If you don’t agree, I can’t guarantee that I will not do something excessive, Elder Long’s injury should have almost healed, right?”

“How dare you!”

Hostility instantly flashed in Chen Dong’s eyes.

“What wouldn’t I dare?”

Chen Yu Fei said arrogantly, “Anyway, I am the Eldest Miss of the Chen Family, if I beat up Elder Long again, he will still have to be obedient and let me do it.”

Chen Dong was silent, his face covered in frost and depressed anger.

This Eldest Miss, was she really going to play with fire?

Immediately after, on the phone, Chen Yu Fei's voice rang out again.

"Promise, just for tonight, I'm not going to eat you, look how scared you are, although I'm very close to my grandmother, but I'm a girl with the name of heir, frankly speaking, I can't compete for the position of family head, my target is a big star in the entertainment industry, I won't compete with you like Born and Raised in Heaven."

Chen Dong spoke coldly, "Time, place."

After hanging up the phone.

Chen Dong sat profoundly in his chair, but the phone in his hand was squeezed and clicked.

Chen Yu Fei's words had almost completely lowered his posture, not like the original Chen Tiansheng Chen Tianyao, who was a thunderstorm when he struck out.

Such a posture, on the contrary, made him somewhat constrained.

A woman who had dropped her posture and acted harmlessly, it was impossible for him to counter with a thunderstorm, and if he did not comply, the woman might have to show her snake side again.

That was the hard part.

Rubbing his temples, Chen Dong leaned back in his chair, "Tonight, let's see what kind of tricks you're going to play."

Meanwhile.

On the other hand, inside the presidential suite of the Tai Shan Hotel.

After hanging up the phone, Chen Yu Fei smiled lightly, "Men, it's really too easy to pin down, if I solve you, it's one step closer to me becoming the Chen family head, there are countless ways to kill people, born and bred in heaven you are really silly men."

Chapter 286

Nightfall.

Chen Dong took Lone Wolf with him and arrived at the place he had agreed with Chen Yu Fei as promised.

It was a private restaurant, extremely upscale and luxurious.

The melodious music and charming lights.

The atmosphere was set to the extreme.

But at this moment, the restaurant was silent, the music echoed, and there were no guests.

“Mr. Chen, please follow me.”

A waiter greeted him.

“You know me?” Chen Dong was a little surprised.

The waiter smiled faintly, “The entire restaurant has been chartered by Miss Chen tonight, so the one who can walk into the restaurant must be Mr. Chen.”

Saying that, he looked at Lone Wolf again, “Sorry sir, Miss Chen only invited Mr. Chen, please wait outside.”

Lone Wolf nodded, turned around and walked to the chair at the entrance and sat down.

He was originally there to protect Chen Dong, so it was fine if he entered the restaurant or not.

“Prepare a dinner for my friend with the code 6 of 6.”

Chen Dong handed the bank card to the waiter and then walked into the restaurant.

The restaurant was right in the middle, surrounded by lights.

Chen Yufei, who was dressed in a long red evening gown, was sitting at the table, her back showing a perfect S-curve.

There was extreme elegance between her eyebrows.

It was as if she was a noble peacock.

The long and slender jade fingers gently traced the rim of the red wine glass.

This scene, under the lighting and music, printed into a painting.

Even Chen Dong, at first glance, could not help but be lost in awe.

It had to be said that even without the big backing of the Chen family, if Chen Yufei really wanted to push her way into the entertainment industry, her beauty would be enough to become her unbeatable weapon.

“Brother Dong.”

When Chen Yufei saw Chen Dong, her willow brows turned upwards and she smiled sweetly.

The dull, deep eyes instantly glowed with brilliance.

Everything was as if she was a little girl.

But in Chen Dong’s eyes, there was a cold laugh in his heart.

He walked indifferently to the table, and after taking his seat, he asked directly, “What exactly is the reason for you asking me to dinner?”

“What? When people come to your place and invite you to have a meal, they still have to have a purpose na?”

Chen Yu Fei gave a strange smile and pointed to the wine glass in front of Chen Dong, “This is a classic grade red wine, it has been woken up and it is the best time to drink it, I hope Brother Dong will not mind.”

Chen Dong looked at the red wine in the glass and did not move.

“Afraid of me poisoning it?”

Chen Yu Fei saw through Chen Dong’s mind and smiled as she picked up Chen Dong’s glass and drained the red wine in it with a single drink.

She then drained her own glass of red wine in one go.

Pouring the two glasses in the air, she winked, “Can you believe it now?”

Chen Dong was silent, but his gaze was directed towards the red wine bottle.

“You are so paranoid.”

Chen Yu Fei sighed helplessly and simply picked up the wine bottle directly and poured a large gulp into her mouth.

Such a way to drink red wine was obviously rude.

But it was Chen Yu Fei who made this action, but it revealed another set of different charm.

Putting down the bottle, drops of crystalline and crimson wine flowed slowly down the corners of her white mouth, accompanied by red wine stimulation to resist frowning, giving a sense of pitiful heartache.

“It’s okay now.”

Chen Dong calmly took the bottle, poured a glass of red wine into his own cup, shook the glass skillfully a few times, and then drained it in one go.

After tasting the red wine for a few seconds, he slowly said, “Great red wine.”

“That’s for sure, it’s a collector’s grade, I specially brought it from the Chen family cellar.”

As if she was a child who had done something wrong, Chen Yufei sneaked closer to Chen Dong and said quietly, “This bottle of wine costs hundreds of thousands of dollars, if grandma found out, she would definitely be scolded again.”

Chen Dong sniggered, “Now, can we talk about things?”

“It’s really alright.”

Chen Yu Fei scolded Chen Dong and poured herself a glass of red wine before she parted and ate her steak.

Such a woman, is she really just inviting me to dinner?

Chen Dong frowned, but did not continue to pursue the matter, instead, he sullenly drank his wine and ate his steak.

In the restaurant.

The melodious music echoed.

At the table, there was silence.

There was only the slight sound of knives and forks rubbing against the plates and the occasional clinking of glasses between the two.

Soon, Chen Yufei’s pretty face was flushed with two shades of drunkenness, and she was already a little bit drunk.

“Brother Dong, I actually think you’re quite handsome.” Taking advantage of her drunkenness, Chen Yufei seemed to have opened her mouth as well.

With her jade hand propped up on her chin, she looked at Chen Dong with a smile on her face, her eyes curved into two moons.

“So, you like me?” Chen Dong responded indifferently.

Chen Yu Fei snorted and poured herself a glass of wine, drinking it down in one go, “You’re really right na.”

Snap!

Chen Dong put down his knife and fork and frowned at the Chen Yufei in front of him.

Even with his experience and temperament, he really couldn’t understand Chen Yufei at this moment.

This girl, she couldn’t see the bottom!

She was more sophisticated than Chen Tianyang, no, even more sophisticated than Chen Tiansheng!

Chen Yu Fei mumbled to herself as she sipped her red wine and shook her red wine glass, as if she was talking to herself after being drunk.

“Actually, right, although I am also the heir of the Chen family, I am a girl, I know very well that there is no hope for me to be the head of the family, and the reason why I have the status of heir is probably because I was forcibly given by my grandmother’s favour.”

“Even, I think my heirship qualification, is not as good as yours huh sorry, forgive me for being presumptuous, is that you are in the Chen family they say is a wild seed heirship qualification, I am not as good as you.”

Chen Dong frowned, his heart was depressed.

The word wild seed, he did not mind.

It was because this was how he had been called over since he was a child.

But coming from Chen Yufei’s mouth, it always made him a little uncomfortable.

As if she did not notice Chen Dong’s displeasure, Chen Yufei continued to talk to herself.

“In my life, my biggest wish is to become a big star in the entertainment industry, and that’s enough, it’s good to be noticed by millions.”

“Moreover, when I heard them mention brother Dong at home, I also felt that brother Dong didn’t deserve to be the successor, but when I saw brother Dong, such thoughts changed.”

As she spoke, Chen Yufei’s right hand fell seemingly at random, but it landed on the back of Chen Dong’s hand.

Her jade fingers gently traced the back of Chen Dong’s hand as she softly said, “I think, right, those so-called heirs in the family are not as good as Brother Dong, no matter whether it is in terms of ability or appearance, anyway, although Brother Dong and I are both members of the Chen family, there is still a difference in bloodline, so it doesn’t stop me from liking Brother Dong, does it?”

Snap!

Chen Dong opened Chen Yufei’s hand with one hand.

Rising to his feet, he angrily glared and said in a stern voice, “I have already warned you, if you do not want to be my enemy, then stay away with me.”

With that, Chen Dong turned around and was about to leave.

But as soon as his body moved, a strong feeling of dizziness swept over his head.

His body swayed and his right hand hastily held onto the chair as he stared at Chen Yufei in shock and anger: “This wine

Chen Yu Fei smiled flirtatiously and pointed to the wine glass, “I won’t spoil the classic-grade red wine, but my lipstick is

With that, she slowly got up and walked over to Chen Dong, pouring hot breath into Chen Dong’s ear, “Brother Dong, forgive me, I really like you too much, I want to eat you up tonight.”

“Shameless!”

Chen Dong cursed through clenched teeth.

He wanted to leave, but the dizziness was getting stronger and stronger, as if the floodgates had opened, unstoppable.

What made him even more terrified was that a wave of heat rose up in his abdomen.

At this moment, he felt that the sky was spinning and the lights in the restaurant were reflecting beams of light, and the charm was even more intense.

And the Chen Yufei in front of him was even more beautiful, making one's heart pound and one's mind wander.

“Stay.”

Chen Yu Fei smiled sweetly, reached out and gently wrapped her hand around Chen Dong's waist and gave it a gentle tug.

The limbless Chen Dong lost his balance in a flash and fell into Chen Yufei's arms, his vision gradually blurred

Winner Takes All Chapter 287-288

Chapter 287

Click!

The lighter rose to flame again and lit the cigarette.

Guarding the doorway, there was nothing left to do but smoke to relieve the boredom.

Lone Wolf glanced at the ashtray beside him, it was already full of cigarette butts, the box of cigarettes had already been smoked, this one in his mouth, the last one.

It had already been two hours, even if it was a French meal, it should have been finished, right?

Looking back at the restaurant, the charming light was faintly yellow, the restaurant was somewhat dim, and the central area could not be seen.

Lone Wolf yawned and stretched his back.

At this moment, the music in the restaurant suddenly stopped.

The waiter who had led the way for Chen Dong earlier walked to the door, holding a chain lock ready to lock it.

Lone Wolf froze for a moment, “Dude, my boss and the others are still eating inside, why are you locking the door?”

“Boss?”

The waiter smiled, “Oh, Mr. Chen and the young lady, they left an hour ago.”

Boom!

Lone Wolf was horrified, "That can't be, I sat right here at the door and didn't leave a single step, I didn't see them both come out at all."

"Sorry sir, they left from the freight lift inside our restaurant."

The waiter responded with a smile, bowing his head and locking the restaurant door.

The freight lift?

There's another way?!

Lone Wolf froze in place, his eyes full of horror and his mind even more rumbling.

Could something have happened to?!

His pupils gradually tightened to the extreme, and a strong chill ran from the soles of his feet to the sky.

But what made him wonder was, hadn't Chen Dong always been very wary of Chen Yufei, how could he have left alone with Chen Yufei without greeting him?

However, this was not something he should consider right now.

Lone Wolf hurriedly took out his mobile phone and dialed Chen Dong's number.

A few seconds later, his face changed drastically, and on the phone, the message that came through was that he could not be reached.

Really something had happened!

With the Lone Wolf's experience and city, he quickly judged the conclusion.

He hurriedly dialed Kunlun's number again.

"Brother Kunlun, it seems that something has happened, Mr. Chen has been taken away by Chen Yufei!"

Lone Wolf said taken away, not followed and left, because he was clear that with Chen Dong's wariness and vigilance towards Chen Yufei, there was no way he would follow her and leave, let alone leave quietly without hiding it from him.

"How could this happen?"

Over the phone, Kun Lun cursed angrily, "Damn it! What are you doing for food?"

"I" Lone Wolf's face turned red.

Without waiting for him to explain, Kun Lun said in a stern voice, "I'll report to Elder Long immediately, even if I have to turn over the whole city, I'll find Young Master."

Tianmen Mountain Villa.

After hanging up the phone, Kun Lun hurriedly found Elder Long.

After recounting the matter once again.

Elder Long immediately knitted his brows together and said in a deep voice, "Find it immediately! There is absolutely nothing good about the young master leaving after Chen Yufei, they are both heirs and are simply in competition with each other, why is the young master so careless this time?"

At this moment, neither of them bothered to look deeper into why Chen Dong and Chen Yufei had come together.

This was because it was clear to both of them that they were both heirs to the Chen family and were in a state of competition with each other like water and fire.

Now that Chen Dong had disappeared under Lone Wolf's nose, then something must have happened!

"This matter is not to be told to the young lady." Elder Long rose and said in a deep voice, "Follow me to Lord Meng."

As one of Elder Long's orders was arranged.

The whole city seemed to rage under the night.

But to the despair of Elder Long and Kunlun, one message after another came together and all they got was no trace!

Chen Dong and Chen Yu Fei, it was as if they were mud and cattle that had gone up in smoke.

Even under the dispatch of Lord Meng, the entire city surveillance could not find any trace of them!

After investigating around the restaurant, Lone Wolf also found that all the surveillance cameras had long since been destroyed or diverted.

Such a result made Elder Long and Kunlun nearly frantic.

This was clearly premeditated.

It was also because of such premeditation that the two of them became more and more apprehensive and panicked.

It was as if in an instant, all clues were cut off, leaving Elder Long with no place to exert his strength.

And Chen Dong's well-being was even more untraceable.

Overnight.

The whole city raged, and at Elder Long's insistence, all the forces continued to probe relentlessly, even if there were no results.

Even, officers from the office were transferred from the next city overnight to join in the search.

At the edge of the sky, the white of a fish's belly was gradually appearing.

It was finally dawn.

Long Lao sat wearily in front of the terrace, with a dozen mobile phones in front of him.

Kunlun and Lone Wolf were also at the side, their faces also unable to hide their exhaustion.

A night without sleep and a painstaking search had left the three of them exhausted and terrified to the extreme.

Until now, there were no clues.

"Elder Long, could the young master have been"

Kunlun murmured in despair, the words only half spoken, but the meaning was clear.

Magnificent feuds, rivalries between heirs, anything could really come to fruition.

For example, back then, Chen Tianyang and Chen Tiansheng were brutal in their methods and could even be described as having no limits.

Elder Long smiled ruefully.

"In that case, the three of us will be ready to be martyred for the young master."

With a single word, the terrace, which was enveloped by the rising sun, was no longer half warm.

.....

The hotel room.

Thick curtains blocked out the early morning sunlight.

A faint scent pervades.

The bed was in disarray, and there were ladies' clothes scattered on the floor.

Chen Dong opened his eyes, his head swollen and aching as if he had had a hangover all night.

His eyes dully swept over everything in the room, and memories slowly came flooding back.

His body shook and he was violently startled.

“Last night Chen Yufei”

Looking at the empty room with only himself in it, the messy and wrinkled bed seemed to tell something.

Suddenly, he noticed the lady's intimate clothing on the floor, and his pupils immediately tightened.

Could

A horrible thought popped into his head.

Chen Dong shook his head incredulously, “No, it must not be”

He staggered up and scrambled to put on his clothes.

But when he caught a glimpse of a used item in the trash, his mind exploded and he sat down on the edge of the bed as if his soul had been instantly drained away.

The only determination left was shattered by the eye-catching item in the bin.

Last night

Chen Dong was terrified and disoriented, such a state of affairs was hard to come by in him.

But with everything that was happening in front of him, he could even brainstorm what Chen Yufei had done to him after being dazed last night.

This, how should this be explained to Gu Qingying?

He and Gu Qingying had come full circle so easily, why would something like this suddenly appear?

While secretly chagrined and blaming himself, Chen Dong was full of anger.

“Chen Yu Fei

Gritting his teeth, he squeezed out a sentence from between his teeth.

Chen Dong found his mobile phone, in the off state.

Lost overnight, Elder Long and the others must have gone crazy looking for it.

It was imperative to report a safe death first, and then it was time to ponder on what was to follow.

But when the phone was switched on, a push news leapt to the surface in front of Chen Dong's eyes.

It was like a bolt from the blue, blasting Chen Dong dumbfounded on the spot.

[Shock! Popular star Chen Yufei was kidnapped and abused late at night!

Chapter 288

A simple, brutal headline.

Yet every word was like a heavy hammer, blasting hard at Chen Dong's eyeballs.

He was dumbfounded for a moment.

A thick depression surfaced on Chen Dong's face.

Such a ruthless calculation?

Is it to make me

Thumbing off the pushing news gently, Chen Dong did not click on it.

It was because after a brief moment of shock and disorientation, he had already reacted to the fact that it was all Chen Yufei's plot before and after.

And this news was the fatal blow to him!

A well-behaved woman who pretends to be harmless, but behind the scenes, she is deeply sophisticated.

Chen Yu Fei is a popular star who has become famous in the entertainment industry in a year's time.

Every move she makes attracts media coverage.

Being kidnapped and abused was simply explosive news.

The mere words of the headline would be enough for people to plough him out and then nail him directly to the pillar of shame, regardless of the original story.

His eyes swept over the messy house with a cold, stern look.

The clothes on the floor and the used items in the rubbish bin.

At this moment, when they fell into Chen Dong's eyes, they all became ridiculous.

Would Chen Yufei really put down such blood money?

Obviously not!

A serpentine woman with a profound sense of calculation, who would only harm others and benefit herself, would use layers of calculations to protect herself extremely safely.

Perhaps all this in the house is just to make the "truth" more real.

Perhaps, in the news that had just been tweeted, there was a picture of the scene that he had seen before him?

Chen Dong rubbed his nose, and at this moment he suddenly felt a sense of disillusionment and powerlessness.

Such a calculation was more than a little bit superior to the two brothers Chen Tianyang and Chen Tiansheng.

After taking a deep breath, Chen Dong suppressed his confused thoughts.

He dialed Elder Long's number.

As soon as he got through.

A relieved sigh came from the other side: "Thank God, young master, you really scared the hell out of me, where are you now? Old slave will send someone to pick you up right away."

"I don't know where I am now, I'll go home myself, Elder Long you have to help me with a very important matter now." Chen Dong's voice was low.

"A matter of news?" Elder Long said bluntly.

At dawn, the news push then bombarded like a storm.

When he saw the news, Elder Long knew that Chen Dong was safe and sound.

But what was really tricky now was the pushing news!

"Well, firstly, immediately use all your power to PR this matter, and secondly"

Chen Dong's expression became complicated, his tone low and tinged with guilt, "Help me calm Xiao Ying, I'll be right back."

Hang up the phone.

Chen Dong was filled with guilt.

Whether he and Chen Yufei had done it or not, this matter was a great debt to Gu Qingying.

He had promised Gu Qingying that he would give her all his happiness.

But now, such a thing, happening to any woman, would be unbearable.

The whole world slandered him, he could care less.

But Gu Qingying, was the only exception!

Leaving the hotel, Chen Dong was dismayed.

Because this was at the Taishan Hotel, in other words, after Chen Yufei had taken him away last night, she had come straight to the Taishan Hotel and had not gone anywhere else at all.

He did not doubt for a moment that Elder Long and the others had looked for him after he had disappeared.

By preference, such a short journey and a seemingly unobtrusive place had left Elder Long and the others unable to find him overnight and having to wait until he made contact.

The arrangements involved made Chen Dong's scalp tingle when he thought about it.

It was really a case of letting Chen Yufei calculate everything.

Just as Chen Dong returned home.

The media had already gone crazy, with the news of the popular star being kidnapped and abused sweeping through all media channels.

The overwhelming news swept through the entire territory like a mountain overwhelming the sea.

No one in the streets and alleys was not talking about the incident.

The culprits were even more vociferously abused.

In matters such as men and women, women inherently carry disadvantageous attributes.

This is also the key reason why Chen Dong is terrified of Chen Yufei's calculations.

Nowadays, the internet is developed and self-publishing is rampant.

As the news broke, the internet was a huge wave.

Countless people have swept through the major entertainment channels, and some have even started a human flesh search to look into the matter in detail.

In just a year's time, Chen Yufei had already accumulated a huge amount of fan traffic as she roamed the entertainment industry.

This huge amount of fan traffic is Chen Yufei's sword that will break the sky!

The public opinion is astounding, forming a monstrous momentum.

No one could stop the sword when it was wielded!

When Chen Dong returned home.

Everyone was sitting in the living room, a sad and gloomy atmosphere.

"Young master, you've finally returned!"

Elder Long was the first to rise, his brows locked in a frown as he said gruffly, "The old slave has done all the things you ordered."

"Mm."

Chen Dong calmly responded and waved his hand, "Elder Long, you all should take refuge for a while, I would like to talk to Little Shadow."

At this moment, Gu Qingying's head was hanging low and her hands were clenched together.

However, Chen Dong could still see that that stunningly beautiful face was covered with desolation and sadness.

This caused him immense heartache, as if countless sharp needles were poking hard at his heart.

After Elder Long and the others had left.

Chen Dong walked over to Gu Qingying's side.

Squatting down on the ground, he placed his hands on Gu Qingying's clenched hands.

But as soon as he touched them, Gu Qingying moved her hands away as if she was electrocuted.

"I'm sorry."

Chen Dong said guiltily as he knelt down on both knees.

There was gold under a man's knees, kneeling to the heavens and the earth and his parents, as well as being able to kneel to his wife.

"I believe in you."

Gu Qingying suddenly raised her head, her beautiful eyes red, holding tears in her eyes, and said in a trembling voice, "But I'm worried about you, there was no news of you the whole night, and Long Lao and the others are still hiding it from me, if this news hadn't exploded so much, I would still have been kept in the dark."

"I" Chen Dong was not expecting this, and while he was stunned, the guilt in his heart grew stronger and stronger.

Suddenly, there was a darkness in front of his eyes.

The fragrant breeze puffed.

The first thing you need to do is to go and do what you need to do, and when the dust settles, you can tell me if you want to."

Every word was heartbreaking.

It was as if a sharp red-hot knife was stabbing Chen Dong in the heart.

At this moment, Chen Dong's heart set off huge waves.

Guilt, self-blame, anger and hatred were all tangled together, and it was incomparably difficult.

But this hug from Gu Qingying suddenly made him feel like he had found his backbone.

What more could a man want than to have a wife like this?

Gu Qingying let go of Chen Dong.

She got up and smiled grimly, "Go do your thing, I'll be fine."

"Xiao Ying" Chen Dong still wanted to explain.

Would Gu Qingying really be fine with this kind of thing?

Obviously it was impossible!

He did not want to see Gu Qingying suppressing herself, nor did he want Gu Qingying to misunderstand, all the more reason to explain clearly at such a time.

However, Gu Qingying turned around abruptly and went straight upstairs.

From beginning to end, she didn't give Chen Dong a chance to explain at all.

Winner Takes All Chapter 289-290

Chapter 289

Gu Qingying's reaction made Chen Dong grateful and ashamed at the same time.

Looking at the despondent figure hurrying upstairs.

Chen Dong clenched his fists, burning with anger.

Chen Yu Fei!

Hostility flickered in his eyes.

At this moment, Elder Long and Kunlun, Lone Wolf and Fan Lu all walked over.

"Sister Xiao Lu, please go up and keep Little Shadow company for me."

Chen Dong took a deep breath and forcibly suppressed the anger in his heart.

At this moment, Gu Qingying really needed someone to keep her company.

But before he could explain clearly, Gu Qingying would obviously not let him keep her company.

Waiting for Fan Lu to go upstairs.

Lone Wolf suddenly fell to his knees, "Mr. Chen, I'm sorry, last night was my fault."

"Nothing to do with you, it was my carelessness in the first place."

Chen Dong waved his hand and looked at Elder Long gruffly, "How is the PR situation?"

Long Lao was filled with clouds of sorrow and smiled helplessly.

"It is completely impossible to do so, the public opinion on the internet has formed a monstrous momentum, the moment the PR tactics appeared, they were drowned out by the overwhelming curses, moreover, your personal information has now been fleshed out on the internet, Young Master."

The voice was heavy and full of a sense of powerlessness.

For Elder Long, who was as light as water, to reveal such a tired state of mind, things had really reached a near desperate situation.

"Is Chen Yufei trying to use a monstrous power to slap me into the abyss with a single slap?"

Chen Dong's eyes were deep, his heart surging with remorse, he could not wait to slap himself twice.

If he had been resolute enough yesterday, then there would not have been the monstrous disaster in front of him at all.

However, Chen Yufei used the people around him as a threat, and he had to give in.

"Now public opinion is raging, swords pointing at the young master and Dingtai, and even those related to the young master are also suffering huge ripples, as soon as the market opened this morning, Zun Long Real Estate's share price dropped straight to a halt in just half an hour."

"Chu Reed in Kyoto has also sent news that his work has been hindered and affected by public opinion."

“There is also Qin Ye’s side, the matter of the financial company has been temporarily shelved, now Qin Ye and Qin Xiao Qian are on their way here, they should be arriving soon.”

Long Lao’s low, feeble voice was like a bolt from the blue.

It made Chen Dong feel a blackness in front of his eyes and a sense of despair as he plunged straight into the abyss.

This was the power of public opinion!

The shocking sword that Chen Yufei unleashed by mobilizing all her fans at the expense of her own reputation really left him with a sense of disillusionment that he was powerless to resist.

The monstrous momentum came overwhelmingly.

It had already made Chen Dong feel the panic of a building falling.

“How about asking your Lordship to step in and find Chen Yufei to make peace? If she can step in and clarify, this matter will be over.” Kun Lun suddenly suggested.

Chen Dong and Elder Long looked at each other and revealed a bitter smile at the same time.

“She wants to deal with me even at the expense of ruining her reputation, she already has the idea that either I die or she lives, it is impossible for her to come out and clarify.” Chen Dong rubbed his face.

Long Lao also said helplessly, “Now that Chen Yu Fei has come forward to clarify, she is digging her own grave, the persona she has established has collapsed, not only will she not be able to deal with Young Master, but her great situation in the entertainment industry will also collapse!”

In the living room, there was a dead silence.

The air was suffocatingly oppressive as everyone was in a state of gloom.

“Wouldn’t that be a desperate situation?” Kunlun said.

Chen Dong nodded, “Pretty much.”

Jingle bell

The doorbell rang.

Lone Wolf quickly went to open the door.

Qin Ye and Qin Xiao Qian both walked in with sullen expressions.

Seeing Chen Dong, Qin Ye shrugged his shoulders and said with a feigned lighthearted smile, "Brother Dong, played off, this bitch is not a good person."

"Don't be poor, the priority is to find a way to suppress this monstrous situation." Chen Dong was filled with bitterness.

"It can't be suppressed!"

Qin Ye stretched his hands and settled down next to Chen Dong, taking out the tablet in his bag and handing it to him, "Take a look at the current situation on the internet."

Chen Dong frowned as he took the tablet.

He probably expected what would happen on the internet, so when he initially saw the push news he did not click in to check it.

But now that Qin Ye had asked him to look at it, he should also find out about it.

The large, bold headline was the same as the previous push news headline.

But when Chen Dong clicked on it, the explicit and exciting picture was like a needle point, stirring every nerve in his brain.

The photo at the top of the news was of Chen Dong standing in a hotel room, while Chen Yufei was sitting on the floor, and a crimson palm mark could be vaguely seen on her pretty face.

"This is"

Chen Dong's mind sounded and his jaws were burning, "This is the photo from the first time I saw her!"

The words had just fallen.

Kunlun and Lone Wolf also hurriedly leaned over.

As soon as they saw the photo, both of them paled at the same time.

"What I remember, this is when you slapped Young Master Chen Yufei and warned her back then." Kun Lun looked stunned.

Chen Dong's face was gloomy to the core.

Quickly, he scrolled down.

The more he looked at the photos, the more his pupils tightened, and the depression on his face grew heavier and heavier, finally turning into a thick hostility!

One by one, there were photos from when he first met Chen Yu Fei in the hotel room.

In the photos, he was standing tall and domineering, showing his look of dominance.

And Chen Yu Fei, dishevelled and fallen to the ground, pitiful.

She looks like a weak woman under pressure and helpless.

And a few pictures at the back.

They were taken in the room of the Taishan Hotel.

Only the photos are somewhat dimly lit, and the environment in the room is extremely messy.

Chen Dong is lying on top of Chen Yufei, while Chen Yufei's eyes are hazy with tears and pears, and her face is written with fear.

There were even a few live photos of clothes being torn to pieces!

The photos, coupled with the textual descriptions, rendered the matter to the point of outrage.

Chen Dong knew very well that the latter photos were clearly posed by Chen Yufei after he had passed out.

But desperately, now he couldn't wash away even if he jumped into the Yellow River!

Two meetings, different photos, grafted together, completely cooking things to death!

"I'm dropping yellow mud into my trousers, it's not shit anymore."

Chen Dong put down his tablet and leaned back on the sofa.

At this moment, he felt as if a thousand boulders had been stuffed into his chest, depressing him to the core.

There was even an impulse to laugh in anger.

"This bitch is really ruthless na."

Qin Ye sighed heavily, "These photos are enough to make a showbiz drama, she has even sold her reputation and chastity to deal with you, directly using these 'solid' evidence, so that you don't even have a chance to fight back!"

With that, he pointed to his tablet, "Now all the major portals, all the media channels, just click in, the majority of them are the content of the news you just saw, the whole world is cursing you!"

The whole world is calling you names?

Everyone scorned?

Chen Dong's gaze became somewhat hollow.

A strong sense of powerlessness, as if he was a drowning man slowly sinking into the water.

Depression, suffocation, panic, came rushing in.

Was there really nothing that could be done this time?

Chapter 290

In the living room, there was silence.

It was oppressive and suffocating.

Everyone was helpless and in despair.

Chen Dong was in an unprecedented state of despair, like a drowning man who is trying to grab a life-saving straw, but even when he looks around, there is nothing.

The stunning sword was aimed straight at his throat.

There was no room to dodge and resist, but he could only meet it with his throat.

The phone rang.

The desperate Chen Dong picked up the phone and looked at it, and his eyes immediately glowed.

It was his father calling!

Maybe can still save him!

Chen Dong picked up the phone.

On the phone, Chen Daolin's magnetic voice was low and powerful: "I know everything, but the old undead is protecting Chen Yufei, and I cannot use the Chen family's power to forcefully suppress the entertainment public opinion. I can try my best to help you."

The final query made Chen Dong smile.

Only the smile was endlessly bitter.

Even my father had to ask if there was anything I could do, so obviously the situation was really beyond control.

In normal times, such public opinion was no more than a minor wind and wave in front of the magnates and giants.

When public opinion was just rising, as long as the Chen family's power moved, it could easily make the entire network of public opinion disappear and cover the whole thing.

But now it was different.

Public opinion has been raging for just how long? Already the whole internet was vociferous.

The Chen family's power is obviously impossible to eliminate the public opinion.

Old Madam Chen and Chen Yufei are probably laughing with their mobile phones right now, right?

Chen Dong thought to himself.

Instead, Chen Daolin's low voice rang out in his ears, "Dong'er, I'm sorry, it's dad's incompetence."

"Dad, it's alright, let me think again, there is no way out of this, there must be a way." Chen Dong said.

For his sake, Chen Daoling even dared to directly ask Old Lady Chen to die.

If there was really a way, Chen Daoling would have done it long ago.

Now that this monstrous situation was beyond Chen Daolin's power to stop, Chen Dong did not care at all.

"Let's work together, dad will do everything he can to help you."

Chen Daolin's voice perked up a little: "With dad around, no one can ruin you!"

After hanging up the phone.

Chen Dong's gaze flickered, sometimes bright, sometimes dark.

Although Elder Long and the others did not know the content of Chen Dong and Chen Daoling's call, they knew from Chen Dong's expression that the outcome was not too good.

"Young Master."

Elder Long spoke in a soft voice.

"It's alright, there will definitely be a solution, let's take one step at a time, solutions are always thought out and walked out."

Chen Dong stretched his back and patted his stomach in a pretend relaxed manner, "What about that, is there anything to eat at home? I haven't eaten breakfast, I'm so hungry that my stomach hurts."

"I'll go and make breakfast for Brother Dong." Qin Xiaochen got up and walked towards the kitchen.

"Thanks Xiaoxian."

Chen Dong said with a smile, then shrugged at Elder Long and the others, "You guys don't have to look so sad, things haven't gotten to the point where I'm going to die right away, Old Lady Chen and the Qin family teamed up to assassinate me, and I even went to a desperate place like Black Prison, but didn't I come back all the same?"

Anyone could see the smile that was pretending to be easy.

But now Chen Dong did not care whether his acting skills were superb or not.

He was not one to admit defeat easily, and he had no habit of waiting for death in his dictionary.

There was always a chance of survival before there was a certain death.

Just like in the black prison.

What's more, he was at the centre of a whirlpool, surrounded by people who were worried about him and trying to figure out what to do for him.

If he, the person in question, was now ready to draw his neck, what would happen to those around him?

“Say did you and that bitch do it or not?”

Qin Ye suddenly raised his eyebrows and asked with a burning gaze, “If you really did, you wouldn’t be at a loss, Chen Yu Fei is a big star, that face and that body, you wouldn’t be at a loss even if you died under the peony flower as a ghost.”

“Fuck off!”

Chen Dong suddenly couldn’t laugh anymore and angrily glared at Qin Ye.

Qin Ye stretched his hand, “I’m not thinking the same as you, to lighten everyone up a bit and liven up the atmosphere.”

“Sigh

Chen Dong sighed and glanced upstairs with guilt.

A short day.

The public opinion has grown to a point of fear and despair.

The whole network attacked, the sky was full of insults.

The momentum was overwhelming, like a landslide, destroying the earth.

The army of human flesh quickly stripped Chen Dong of all his details, except for his status as the heir to the Chen family, the rest of his information was listed on the internet in full detail.

The excellent life history, the tragic married life, the sudden metamorphosis rocketing upwards.

Even if it was not enough to pick up Chen Dong and Wang Nan Nan’s unfortunate three-year marriage, even some of the details, including the marriage between the Wang family and Wang Hao, etc., were all picked up as well.

This also made Chen Dong a “beast of burden” in the eyes of everyone.

As public opinion rose, anger spread to the sky.

No one cared about whether the information was true or not, and most of them, led by those who had a heart, were indignant and went with the flow.

Time passed.

Public opinion was also in a frenzy.

The next day, some of Chen Yufei's fanatic fans blocked Dingtai's gates and went on a vandalism spree.

The major companies in Chen Dong's hands were also shaken by such a tidal wave.

The opening of Zun Long Real Estate fell again, causing Zhou Zun Long to pound his chest.

Chu Reed's entertainment company directly stopped working altogether, and the big news in the entertainment circle also caused Chu Reed, who was in the entertainment circle, to suffer a huge ripple effect.

Qin Ye and Qin Xiao Qian's financial company, on the other hand, is still barely functioning, but the news that Qin Xiao Qian returns to Chen Dong is also a head-scratcher, as the company's security guards, have spotted some unknown people roaming around outside the company.

And what makes Chen Dong even more frantic is this.

The public opinion was even informed by Gu Qing Ying's parents.

On the second day of Wild Hope, Gu Guohua called an ocean-going phone, questioning in a stern voice, and if Gu Qingying hadn't stood up and refuted her father, Chen Dong would have collapsed by then.

The third day.

Public opinion was already fermenting like the sky was falling, beyond anyone's imagination.

Chen Yu Fei's huge fan base exploded into a frenzied and terrifying battle at this point.

Even people from vaguely powerful families and giants with power in their hands began to denounce Chen Dong, and the titanic figures from all walks of life also tended to join in the denunciation.

From the beginning to the end, Chen Yufei had not issued any response.

But a silent response is the best response.

Anyone who suffered such a horrible encounter would not have the heart to respond, right?

This was undoubtedly right on everyone's speculation.

Even though Chen Dong had remained safe and sound at home for three days.

But in everyone's eyes, it was Chen Dong who was relying on his connections and was secretly operating to set things right.

Three days.

Chen Dong had barely slept, watching the ferment of public opinion on the internet and listening to the reports of the vandalism from his company, and he was almost on the verge of collapse.

Powerless and desperate, two words that best describe his mood at this moment.

"Young master, it's late at night, go and rest for a while." Elder Long walked onto the terrace and looked at Chen Dong with a pang of heartache.

"I'm not sleepy."

Chen Dong shook his head, "Where is Qin Ye and the others? The house has suddenly been quiet these past two days."

"Lone Wolf is guarding Din Tai, Kunlun and Qin Xiao Qian have gone to Xishu to see if they can mobilise the Qin family's forces, and Qin Ye has gone to Kyoto to find the two Zhang Chu families, after all, they are both giants in the entertainment industry and have authority in this area."

Long Lao said one by one, "Young Master, don't worry, everyone is working hard, there will definitely be a turnaround."

"There really is?" Chen Dong smiled.

"Master must be thinking of ways to help you too."

Elder Long's brow was furrowed and his face was sullen as he was about to open his mouth to continue his persuasion, but the appearance of a delicate figure beside him interrupted his words.

This was the first time in three days that Gu Qingying had stepped out of her bedroom.

Before that, even the three meals were all prepared and brought in by Fan Lu, just like a self-contained state.

Under the night breeze, with a robe, Gu Qingying's green silk was flying, but her pretty face was a little white, haggard and tired.

Looking at Chen Dong, there was some intolerance in her red eyes.

Smiling sadly, she softly said.

“Husband, you haven’t slept for three days, go and take a rest, I’ll help you think of a solution.”
