

Winner Takes All Chapter 51-60

Chapter 51

Poof!

A cluster of blood splashed.

Chen Dong's eyebrows tightened and his face flushed with hostility.

On his left arm, a bloody gash was oozing blood.

Fortunately, he had dodged in time, otherwise this blow would have cost him an arm, even if he didn't want to die.

To Chen Tianyang, human life was really nothing.

"Tsk thought it was so powerful, but it turned out to be a piece of trash."

Chen Tianyang slowly turned around and stood in the doorway, blocking Chen Dong's way, smiling teasingly and coldly.

"Phew"

Chen Dong took a deep breath and stared intently at Chen Tianyang with a sullen expression.

Chen Tianyang suddenly lifted one leg to the door frame and said with a smile, "Actually you have a choice, as long as you crawl under my crotch, you will live, but you have to leave this woman behind for me."

"Then let's see who actually stays!"

Chen Dong's eyes flashed brilliantly, and in an instant he grabbed a chair and rushed towards Chen Tianyang.

In the dimly lit room, the two fought.

From time to time, there was the sound of a dagger hitting a chair.

Having experienced a real battle, Chen Dong's whole person had changed qualitatively.

But compared to Chen Tianyang, there was a gap after all.

Soon, he fell into a disadvantage.

Several times, the cold dagger brushed against his body, and if he hadn't reacted quickly and dodged each time, he would have been covered in blood after such a short while.

Poof!

Finally, the dagger cut through Chen Dong's right arm.

His brow furrowed and he retreated quickly in pain, the cut on his right arm was so deep that it could be seen through the bone, and blood was flowing everywhere.

Chen Tianyang stopped and gazed at Chen Dong as if he was watching a clown.

Chen Dong's change had indeed surprised him.

But it was only a surprise.

He did not think that Chen Dong had the ability to fight against him.

"A feral seed, is a feral seed, even if he turns over, then he is still a feral seed."

Chen Tianyang laughed coldly and shook his dagger, shaking off the blood on it, "If you don't want to leave, then I will leave you here, so that he can be completely cut off."

Chen Dong's face was as cold as frost, maintaining his composure.

But at this moment, his heart was racing uncontrollably.

This was because he really felt the threat of death.

The difference between his strength and Chen Tianyang's was a huge one, and at this juncture, it was simply not something that could be compensated for by any external force.

And Chen Tianyao exposed his killing intent, dripping with it.

This madman, perhaps next time, would stab the dagger into his heart.

But when he thought of the unconscious Gu Qingying outside, ruthlessness flashed steeply in Chen Dong's eyes, and he bit through the tip of his tongue with one bite.

With the help of the pain, he allowed himself to calm down quickly.

Grabbing the chair beside him again, he was ready to strike.

"Hm?!"

Chen Tianyang raised an eyebrow, somewhat stunned that Chen Dong could still have the will to fight in this situation.

The next second.

Chen Tianyang slowly raised his dagger and leaned his body forward in an attacking motion, "Once, you're dead!"

"Come on!"

Chen Dong roared, raising his chair to take the lead and rushing towards Chen Tianyang.

Ever since he was a child, he had taken one step forward and never backed down, despite his reputation as a wild bastard.

Now, when it was about Gu Qingying, it was even more impossible for him to retreat.

Swoosh!

The piercing dagger whistled and attacked.

Chen Dong's pupils tightened, but he did not dodge.

Poof!

The dagger pierced into his chest.

A cold smile had just appeared at the corner of Chen Tianyang's mouth, but it fiercely turned into panic.

Thud!

The chair smashed into Chen Tianyang's body in response, thumping and exploding.

Chen Tianyang's body shook as he stared at Chen Dong in front of him with a face full of shock, a strong sense of dizziness hitting him frantically.

"You"

Chen Dong grabbed the dagger with one hand, while his other hand fiercely grabbed Chen Tianyang's collar and said with a fierce smile, "I am not even afraid of death, would I be afraid of fighting for my life with you?"

Although he was laughing, the icy coldness in his tone made Chen Tianyang feel that the temperature around him had plummeted by a large margin.

His body couldn't help but tremble, and his heart banged faster.

At this moment, facing the smiling Chen Dong, Chen Tianyang had a rare feeling of intense fear, and his bones were terrified.

Chen Tianyang did dare to kill Chen Dong.

But how could he have not expected that Chen Dong would actually fight against him even though he had taken a dagger from him?

This was a life for a life fight!

“Die, you go to hell!”

Chen Tianyang suddenly went mad as his right hand grabbed the dagger and twisted it fiercely.

Squeak

A sound that made hearts tremble emitted from Chen Dong's chest.

It was the sound of the dagger tearing through flesh.

But Chen Dong, however, did not let go of his hand, even though his left hand was covered in blood from the dagger cut.

He stared at Chen Tianyang with his eyes full of ruthlessness.

Feeling the blood flowing rapidly out of his chest, his right hand also lifted up and grabbed the dagger, pressing it fiercely against his chest.

Only in this way could he delay as long as possible.

Only then could he save Gu Qingying.

“Lunatic, you're a fucking lunatic! Give me death! Give me death!”

Chen Tianyang's face was a little pale and his pupils were lax as he growled in anger.

Chen Dong's reaction had really scared him.

He wanted very much to pull the dagger out of Chen Dong's chest, but Chen Dong's hands were pressing down on the dagger with deadly force.

Was this madman not even afraid of death?

This is not the bloodiness of a wild bastard!

“Young master!”

Just at this moment, a roar as thick as thunder rang out.

Chen Dong’s expression suddenly relaxed and he smiled as if relieved, “Is Kunlun here?”

The reason why he chose to fight without a life was not because he really wanted to defeat Chen Tianyang.

The exchange of blows just now had shown him that it was impossible to defeat Chen Tianyang by fighting hard.

Therefore, pressing the dagger into his chest and stalling for time was the best option for him.

This was because when he came to the Tai Shan Hotel, he had informed Kun Lun.

As long as Kunlun arrived, then he would be saved!

Almost simultaneously, Kunlun’s lofty tower-like body rushed to the door.

Bang!

Kun Lun glared angrily and slammed his right hand fiercely onto Chen Tianyao’s back.

“Ah!”

Chen Tianyang let out a miserable cry and swept straight past Chen Dong, flying out and landing heavily on the ground.

“Young Master

Kunlun held Chen Dong in panic, looking at Chen Dong’s chest which had long since turned red, and could not help but feel a raging anger.

He was sent by the master to protect the young master.

But now, the young master had actually been injured like this by Chen Tianyang!

“Chen Tianyang, you are seeking death!”

Kun Lun gritted his teeth and was about to step forward.

However, Chen Tianyang abruptly chided, "Kunlun! You dog, don't forget whose family you grew up on, touch me and you'll fucking die!"

Kunlun's expression choked.

The room was filled with the smell of blood.

Silence could listen to needles.

Suddenly, a frail but murderous voice rang out.

"Breaking his leg won't be a problem, will it?"

Kunlun looked at Chen Dong in consternation.

Chen Dong smiled weakly.

He knew that Kun Lun was ultimately a member of the family, and Chen Tianyang was an elite trained by the family.

Letting Kunlun kill Chen Tianyang, even if Kunlun dared, the subsequent trouble would be enough to make Kunlun lose his life.

But scrapping a leg

"Understood!"

Kun Lun smiled morosely, let go of Chen Dong, and rushed towards Chen Tianyang with big strides.

The next second.

"Ah"

A miserable scream that sounded like killing a pig echoed within the Tai Shan Hotel.

Chapter 52

Chen Dong slowly opened his eyes.

A pungent smell of disinfectant water rushed into his nostrils.

He was in a bit of a trance, "I'm not dead?"

On the side, Kunlun, who looked grave, finally felt relieved and smiled, "Young master, that dagger avoided all the vital points, you just fainted from the haemorrhage, fortunately you were rescued in time."

Chen Dong smiled spontaneously, this was something he had not thought about.

At that time, he only wanted to protect Gu Qingying, even if he was really stabbed to death with a dagger by Chen Tianyang, he did not regret it.

As long as he could stall for time until Kunlun arrived to save Gu Qingying, it would be enough.

It was really luck to have the dagger avoid the vital point.

Chen Dong looked at the room and suddenly looked solemn: "Which hospital is this?"

If his mother knew that he had been injured, she would not be able to bear such great excitement.

"Young master, don't worry."

Kun Lun hurriedly reassured, "Elder Long explained this when he left, so I sent you to a different hospital."

Chen Dong let out a sigh of relief before speaking, "How is Qingying?"

At that time, before he fell into a coma, he had seen Kunlun break one of Chen Tianyang's legs with his own eyes, so Gu Qingying was definitely in no great danger.

However, she had been drugged by Zhang Heming, so he was not sure exactly what the situation was.

"She's fine too." Kunlun said, "Miss Gu has been looking after you for the past day and night."

A day and a night?

Chen Dong smiled, "This girl, she's all right and she's still by her side, how could she have ever suffered from this?"

Although he was not sure about Gu Qingying's family background, he knew that Gu Qingying's family was wealthy and gave him the impression of being a rich second generation Missy from college.

Having Missy at her bedside day and night to take care of her was really quite a burden on Gu Qingying.

The words just fell.

Creak

The door to the hospital room was pushed open.

Gu Qingying walked in with a face full of fatigue carrying a thermos bucket.

This day and night of care had made her physically tired, but according to the doctor's prediction, it was almost time for Chen Dong to wake up.

So, she left the ward despite her exhaustion and went home to make soup for Chen Dong.

Chen Dong had been so badly injured, he must be properly tended to after he woke up.

As Gu Qingying swept wearily towards the hospital bed, her delicate body suddenly trembled.

The next second.

Her eyes swished red and she ran to the bedside in ecstasy, jumping into Chen Dong's arms, "Chen Dong, you've finally woken up!"

"Hiss"

Chen Dong's face changed drastically as he was pressed into Gu Qingying's wound with severe pain, he hurriedly said, "Xiaoying, it hurts, it hurts"

Gu Qingying was startled and hurriedly got up, touching his chest in panic: "Yes, I'm sorry, I was too excited, I didn't think of your wound."

"It's alright."

Chen Dong forced himself to endure the severe pain and squeezed out a smile.

Looking at the exhausted Gu Qingying, Chen Dong touched her head heartily, "Are you stupid? I'm fine, why do you still make yourself so tired?"

"What do you mean it's alright?"

Gu Qingying's beautiful eyes glared, but her eyes were filled with tears, "You were so badly injured in order to save me, it was worth it even if I was tired, you are the one who is stupid, the big fool!"

With that, she fell onto Chen Dong's arm and cried out loudly.

The sudden scene caught Chen Dong off guard.

Looking at the crying Gu Qingying in his arms, he was suddenly a little unsure of what to do.

Kunlun's face sank as he coughed lightly and left the ward without looking back.

"Big fool, you are a big fool, who asked you to save? Do you know it hurts to have a knife stabbed into your flesh, and you're bleeding so much, you're a big idiot."

Gu Qingying cried as she spoke.

Chen Dong smiled, "Because, you're my girlfriend."

"Then you are still a big fool." Gu Qingying complained.

Chen Dong smiled and did not say anything, but raised his hand and gently patted Gu Qingying's back.

He knew that Gu Qingying must have been terrified, and even more so, his heart ached for him, and it was quite good for Gu Qingying to cry out and let off steam at this time.

Gradually, Gu Qingying's cries weakened.

The day and night of sleeplessness had made her exhausted to the extreme.

In addition, after she had cried bitterly, her sleepiness had come.

Looking at Gu Qingying, who was sleeping in his arms, Chen Dong patted her back dotingly and murmured softly, "Silly girl, you have dared to bet your whole life, how can I let you lose? Protecting you is what I should do."

.....

In front of the bank counter, Lin Xue'er's soul was in disarray.

She had never expected that when she arrived at the Fish Dock last night, not only had she not seen Chen Dong, but she had seen Wang Nan Nan instead.

The image of their chance encounter is now embarrassing to think about.

Since the engagement party had gone badly, she didn't even see Wang Hao anymore, and she had no contact with the Wang family.

What happened on the scene at the time was, to outsiders anyway, the Wang family's fault.

And by not getting in touch, she was reasonably putting herself on a higher pedestal.

But in the face of Wang Nan Nan, she was still a bit overwhelmed after all.

And the way Wang Nan Nan looked at her was indeed full of resentment.

But because of Wang Hao, the two didn't tear their faces apart and sat peacefully and awkwardly chatting together for a while.

Only after she couldn't wait for Chen Dong, after she didn't reply to her WeChat messages and didn't answer her phone calls, did Lin Xue'er get up and leave.

"Teasing me?"

Lin Xue'er scratched her head in annoyance, she was able to meet Wang Nan Nan at the "Du Fish Pier", when she thought about it, it seemed that only Chen Dong could have manipulated all this.

With her teeth clenched on her red lips, Lin Xue'er was annoyed to the extreme.

She had considered letting Wang Hao take over, but she really didn't want to give up Chen Dong.

Especially after getting five million from Chen Dong, that thought of not wanting to give up kept swelling.

But Chen Dong's love for her made her a little apprehensive.

Wang Hao, the receiver, had to be held in her hands after all!

Having made her decision, Lin Xue'er looked at the lobby, which was not much occupied, and got up to ask the manager for a leave of absence.

Leaving the bank, she went straight to the nearby supermarket to buy some fruit, intending to visit Zhang Xiuzhi.

When she was about to pay, she suddenly remembered that Chen Dong's mother was also in hospital in Lijin.

After hesitating for a moment, Lin Xue'er turned back to the supermarket and bought a large pile of tonic products before paying for her trip to the hospital.

When she arrived at Lijin Hospital, Lin Xue'er deposited the pile of supplements at the doctor's desk before carrying a bag of fruit to Zhang Xiuzhi's ward.

When Lin Xue'er arrived, Zhang Xiuzhi, Wang De and Wang Hao were all overjoyed and happy.

Wang Hao even gathered around Lin Xue'er, shushing and asking for warmth.

However, this instead made Lin Xue'er feel that Wang Hao was a waste of time and could not help but frown and show her dislike.

The visit was short, but after a few minutes, Lin Xue'er said goodbye and left.

Wang De and Zhang Xiuzhi hurriedly asked Wang Hao to see them off, and Wang Hao followed in a frenzied manner.

Lin Xue'er frowned slightly, "Wang Hao, you take care of auntie, I have other things to do."

After walking out of the ward, Lin Xue'er took a deep breath, and a smile appeared on her originally frosty pretty face.

She walked quickly to the guide desk, carrying all the tonic products she had deposited, and walked quickly to Li Lan's ward.

Just as she walked into the ward, she was carrying water.

Not far down the corridor, Wang Hao, who had come out with a kettle to help Zhang Xiuzhi fetch hot water, froze in place with a stunned expression.

Chapter 53

Wang Hao rubbed his eyes incredulously.

How could Lin Xue'er enter Chen Dong's deadbeat old mother's ward?

At this moment, his entire body was in a trance.

Step by step, he slowly walked towards the ward.

And inside the ward.

Seeing Lin Xue'er, Li Lan smiled amiably and asked Fan Lu to greet Lin Xue'er.

It was different from just now in Zhang Xiuzhi's room.

At this moment, Lin Xue'er was like a new person, full of smiles, shushing Li Lan one after another, and even peeling an apple for her with her own hands.

There was a world of difference between the before and after.

In the ward, Lin Xue'er and Li Lan were happily chatting about family matters without the slightest disconnection.

While outside the ward, Wang Hao saw everything inside the house through the glass on the door.

At this moment, his mind was buzzing and he stood in the doorway in a daze.

It was even as if the computer was down, completely devoid of any thoughts.

What was in front of him left him in a daze.

He could never have imagined that Lin Xue'er, who was a high-cold goddess in front of him and his family, would actually be so gentle and lovely when facing Chen Dong's deadbeat old mother.

More crucially, how did Lin Xue'er know Li Lan?

Time passed slowly.

The people in the corridor looked at Wang Hao with eyes full of weirdness.

But Wang Hao didn't have the heart to care about anything else, all his attention was inside the ward.

Just like that, it was kept for half an hour.

Lin Xue'er finally got up with the intention of leaving, and when she opened the door of the ward and saw the dumbfounded Wang Hao, the smile on her face disappeared abruptly.

After a brief moment of panic, Lin Xue'er regained her composure and asked coldly.

"Why are you here?"

Wang Hao's heart fluttered for a moment, snapping back to his senses as raging anger erupted.

"I"

Not waiting for him to roar out yet, Lin Xue'er's face was steeply cold: "Don't disturb your aunt's rest, or don't blame me for being ungracious."

After saying that, she turned around and left.

Wang Hao became anxious and quickly chased after Lin Xue'er: "Xue'er, what's going on here? Shouldn't you explain it to me?"

"Explain what?" Lin Xue'er glanced at Wang Hao with disgust, she had never been in the habit of explaining to Wang Hao.

What's more, she couldn't explain what had just happened, goodness knows what, when Wang Hao had bumped into her.

"In the ward, that dead old lady, why did you go to see her?"

Wang Hao glared angrily, as if he was an exploding angry lion.

"Wang Hao, you've had enough! Do you have any more family education, what do you mean by dead wife?"

Lin Xue'er angrily rebuked, "She is at least your ex-brother-in-law's mother, what's wrong with me going to see her? Because of the two of us, your brother-in-law and your sister got divorced, I went to visit her with guilt, and you still have a point?"

Wang Hao's expression was choked.

Was that really the case?

Before he could react, Lin Xue'er stepped forward, hugged him, stood on tiptoe and nodded at his mouth, softly saying, "Alright, it's not what you think, I'm really just visiting with guilt, be a good boy and go back to take care of your mother, then get enough money for the bride price, and we can get married."

"Really?"

Wang Hao was instantly happy, "You, you don't blame us for what happened last time?"

"Fool, how could I blame you guys?" Lin Xue'er gave a scornful glance and waved her hand, "Alright, I'll go back to work first, don't think too much about it."

Looking at Lin Xue'er's back, Wang Hao stood frozen in place in shock and joy.

He was indeed angry about Lin Xue'er's visit to Chen Dong's mother.

However, in his heart, the highly educated Lin Xue'er was indeed more rounded and perspicacious than him in dealing with people, and more importantly, Lin Xue'er was kind-hearted.

Therefore, Lin Xue'er's casual perfunctoryness was indeed a good one in his heart to be able to explain the scene just now.

After dropping his doubts, all Wang Hao was left with was happiness and excitement.

After the engagement banquet, Lin Xue'er had not seen him, and he knew that Lin Xue'er was angry, and was even trembling with fear of breaking up with Lin Xue'er.

But today, when Lin Xue'er came to visit her mother, and the words she just said, it was clear that she was no longer angry, and that there was still a possibility for the two of them to continue!

"Xue'er, don't worry, I will make my parents and sister get enough money to marry you as soon as possible."

Wang Hao clenched his fist and his gaze was firm.

When Wang Hao happily returned to the ward, both Wang De and Zhang Xiuzhi were frozen.

In the past few days, the two of them had never seen Wang Hao so happy before.

"Xiao Hao, what's so happy about it?" Zhang Xiuzhi asked first.

Wang Hao smiled and said, "Mom and Dad, Xue'er is not angry anymore, and she just told me that as soon as we get enough money together, we can get married."

"That's good, that's good." Wang De clasped his hands together in excitement.

Zhang Xiuzhi, on the other hand, looked as if she had expected this and smiled smugly, "This child Xue'er, ah, she is beautiful and well-educated, I knew she would be generous, Xiao Hao, you can't let her down."

"That's for sure, I will never marry Xue'er in my life."

Wang Hao clenched his fist, his gaze firm, and then his expression suddenly darkened, "Just, Mom and Dad, when will I get enough money for this bride price?"

At these words.

Wang De and Zhang Xiuzhi were stunned at the same time.

They glanced at each other, and Zhang Xiuzhi clenched her teeth in anger: "It's all your sister's fault, that dead girl has messed things up so badly, we still have to let her figure this out."

"It's not appropriate to push your daughter so much, is it?" Wang De was a little hesitant.

“If you can, why don’t you go get the money? You’re a stinking teacher, you’ve borrowed from everyone, but you still haven’t got enough?”

Zhang Xiuzhi glanced at Wang De, thought about it and made up her mind, “When I get out of the hospital, I will definitely find a rich man and marry that dead girl off, and ask for a large bride price so that Xiao Hao will have money to get married.”

“Hahahaha thank you mum.” Wang Hao happily hugged Zhang Xiuzhi.

Wang De, who was on the side, sighed and didn’t retort.

.....

It was getting late.

Chen Dong could not bear to continue to let Gu Qingying accompany him and suffer after him, so he let Gu Qingying go home.

The company’s main business is to provide a wide range of products and services to the public.

After Gu Qingying left.

Chen Dong moved his body and changed to a slightly more comfortable position.

The injury on his chest made it impossible for him to sit up for a while, and after being pillowed on Gu Qingying’s arm for so long, his back was going numb.

Only when he was more comfortable did Chen Dong then ask, “Kunlun, how did the follow-up matter work out?”

Kunlun said, “Zhang Heming has been brought to justice, and it’s definitely not light.”

“You know I’m not asking him about that.”

Chen Dong smiled, in his eyes Zhang Heming was nothing more than a jumped-up clown.

A mere pug who wanted to curry favour with Chen Tianyao by offering up Gu Qingying.

Kunlun looked a little helpless, “Chen Tianyang just ruined his leg and left the city.”

“Only second?” Chen Dong raised an eyebrow and gave a cold laugh.

“He doesn’t have enough evidence to be brought to justice.”

Kunlun's lips noodled, then said solemnly, "Young master, you may have been a little unclear about the Chen family's energy, Chen Tianyang is not even allowed to kill us, and if we did, even the master would not be able to protect us."

"Then he can kill me?"

Chen Dong looked huffy, hostility surging in his eyes as he snorted, "It's because I'm just a wild child, my name is not right, right?"

Winner Takes All Chapter 54-56

Chapter 54

Three days later.

Chen Dong then ignored the doctor's advice and insisted on going through the hospital discharge procedure.

Now that the shantytown renovation project in the west of the city had reached a critical moment and would soon be opened for pre-sale, he still had a lot of things to do.

Moreover, if he continued to stay in hospital and did not visit his mother at the Lijin Hospital, he would not be able to hide his injuries.

The gauze had not yet been removed from his body, but with a little care, it was not a big deal.

When Gu Qingying and Kunlun helped Chen Dong, who had been discharged from the hospital, back to his rented room.

Gu Qingying's entire body was stunned.

"Chen Dong, you've been living in a house like this?"

In her opinion, Chen Dong was at least the boss of Dingtai Real Estate, with an annual salary of over a million dollars, but he was actually living in this two-room house, which was still rented out!

Not to mention her, even other people would not believe it.

"I think it's fine."

Chen Dong laughed to himself.

Gu Qingying's red lips mumbled, looking at Chen Dong, whose face was still a bit pale and haggard, suddenly felt very heartbroken.

She suddenly reacted, where had all the money Chen Dong had earned over the years gone.

“I’m sorry, I shouldn’t have said such words.” Gu Qingying lowered her head, as if she was a small child who had made a mistake.

Her words just now were indeed a little abrupt.

Chen Dong shook his head and laughed, “It’s alright, what’s more, remember the surprise I said I would give you?”

Saying that, he winked at Gu Qingying and smiled noncommittally.

Gu Qingying’s eyes flashed and looked at Chen Dong in dismay, having a guess, but Chen Dong’s non-committal response made her give up asking.

Since it was a surprise he had prepared, then she would meekly stare at it as it came.

Wouldn’t asking more questions now take the meaning out of the surprise?

After Gu Qingying and Kunlun helped Chen Dong put away his traveling gifts, Chen Dong washed up again and changed into a suit.

In the mirror, his face did look a little pale and haggard, but his entire mental state was also a little better than it had been a moment ago.

“Kunlun, you are at home, after Xiao Ying and I went to see my mother at the Lijin Hospital, we went to the company.”

Chen Dong instructed and took Gu Qingying to the Lijin Hospital.

Visiting his mother, Chen Dong did not spend much time.

He was afraid that if he stayed by his mother’s side for too long, she would see the signs.

Ever since he was a child, everything he did could not escape his mother’s eyes.

In fact, as soon as he and Gu Qingying entered the room, Li Lan saw that his face did not look right and asked about it.

But Chen Dong gave a vague excuse by saying that he was too tired from work.

After making sure that his mother was getting better, Chen Dong was relieved. After giving Fan Lu a few words of advice, he and Gu Qingying left the hospital and rushed to Dingtai Company alone.

After seeing Chen Dong, the employees of the company obviously looked a little more relaxed.

They knew that Dingtai was now overloaded with the shantytown renovation project in the west of the city and had bet almost everything on it.

Chen Dong, as the owner of the company, was undoubtedly the company leader and the backbone of the staff.

During the three days he disappeared, the company was left without a leader.

If it wasn't for a few middle-level cadres who were running the company at full steam and controlling the project process, the staff would have been in a state of panic.

Chen Dong was naturally aware of the impact his sudden disappearance had on the company during these three days.

After a few simple words to calm the staff, he called a few of Xiao Ma's area heads into his office.

"I'm sorry, I've worked hard for you guys during these three days of my absence."

Without unnecessary courtesies and pleasantries, Chen Dong took the lead and got up to apologise to Xiao Ma's few staff.

Having worked in the workplace for three years, he was used to being thunderous in order to work efficiently, and was not like the older ones who were old-fashioned in the workplace, who were used to being vain and pushing and delaying.

"Brother Dong, you've been driving us crazy these past three days, and everyone is worried about what's happened to you." Xiao Ma said worriedly.

Chen Dong smiled, his heart warming.

He had brought Xiao Ma over with him, and he understood all the feelings that Xiao Ma had for him.

In fact, those who could be assigned to be in charge of various areas in this renovation project were in fact people who could be entrusted with important responsibilities in his heart.

"Ran some personal errands, it's fine now, so you guys report on the progress of the project."

Chen Dong digressed, he didn't want his staff to worry about his health.

After being stabbed, bleeding profusely and resuscitating a handful of times, he was discharged from the hospital in three days, and they might panic even more when he told them about it, Xiao Ma.

Xiao Ma did not pursue the issue, but began to report, "The progress of the various areas is progressing in an orderly manner, the pre-sale permits are being processed, and the pre-sale is expected to start in the middle of the month this month."

"Mid-month?" Chen Dong was instantly delighted.

When the pre-sales of the new buildings started, it would be the time for Dingtai to completely set sail.

After a pause, another person in charge said.

"However, Brother Dong, the plate in the west of the city is so big, I personally think it is better not to launch pre-sales for all of them immediately, as this will damage the property prices and cause confusion in the sales market."

Chen Dong nodded his head and pondered.

Indeed, the shantytown in the west of the city was an old town, famous for its filth and disorder, but the area covered was not small at all.

This time, when he split the area, he had even split it by ten out of ten.

The news of Yike Plaza moving in has caused house prices in the shantytown west to go up against the market.

If the listings in each of the slices were put up for sale at the same time, it would inevitably send the number of listings in the city skyrocketing, which would not only not achieve the desired pre-sale effect, but might even pull down the house prices.

Moreover, too many properties in the western part of the city will be on the market, which will surely lead to a rush by the public.

As soon as Yike moves in, property prices will have to rise.

"This way, we'll start with the pre-sales of the western-most plates, and slow down the pre-sales of the area where Xiao Ma is located and the area near the main city." Chen Dong clapped his hands on the decision, "Let's set the time on the 15th."

"Okay."

Xiao Ma and the others answered at the same time and left the office with fighting spirit.

As the head of the area, no, even the employees of the company knew that Din Tai had a hit this time, and everyone had a good deal to gain.

After all, Chen Dong had never been a stingy person back when he was the vice president.

“Let’s set it for the 15th.”

Chen Dong rubbed his chin, a glint in his eyes and a faint smile.

Then, he picked up his phone and called Kun Lun, asking him to find a design company and pick the right furniture to move into the Tianmen Mountain villa after viewing it on site.

After hanging up the phone, Chen Dong sent a message to Gu Qingying again.

“Little Shadow, on the 15th, I’ll give you a big surprise.”

“Okay yeah.”

Gu Qingying’s reply was simple.

Chen Dong smiled spontaneously, he knew that Gu Qingying’s heart to return to China was for him, moreover, he wanted to pull him up when he was deep in the mud.

Since he and Gu Qingying had established a boyfriend/girlfriend relationship.

Then he, he had to give the best to Gu Qingying.

The 15th day was not only another answer sheet for his father, whom he had never met.

He wanted to let the whole city know that Gu Qingying was his girlfriend.

What’s more, he wanted to let Gu Qingying know that he would not let him lose the bet she had made with her whole life!

Rubbing his nose, Chen Dong suddenly felt some small anticipation, “I also wonder what kind of reaction Xiaoying will have on the day of the 15th, under a heavy surprise?”

Chapter 55

In the evening of the same day.

A news item was released on local television.

“Dingtai Real Estate will pre-sell the property in the west of the city on the 15th of this month.”

This news, once again like a heavy bomb, bombarded the city.

The whole city shook and people were moved.

When the news of Yike’s announcement to move in was first announced, it made the property prices in the shantytown west of the city go up against the market.

Many people sighed and sighed that they did not rush to buy houses in the old city as early as possible.

This time, the new listings after the renovation have come on the market, making those who were sighing with sorrow have their minds racing.

As long as they get their hands on the west side of the city, the price of housing in the west side of the city is bound to rise after Yike officially moves in.

After all, over the years, where EVERYONE has passed, house prices have risen in response!

Invariably, a wave of home buying has quietly coalesced among the city’s citizens.

Chen Dong leaned back on the sofa and watched the news playing on the television.

He smiled confidently.

This momentum had been gathering for more than a month, and next, he was just waiting for the 15th to completely explode.

At this time, the phone rang.

Looking at the caller ID, Chen Dong revealed a gentle smile.

“Hello, Little Shadow.”

“Congratulations, Mr. Chen, the 15th is going to be the pre-sale of the house in the west of the city, I’ve seen it all on the news.”

Chen Dong smiled spontaneously, “Xiaoying, can you take a day off that day?”

He knew that Gu Qingying was working after returning to China, but it had only been a few days, and so many things had happened in it that he now had no idea where exactly Gu Qingying was working.

“It’s a must! My boyfriend’s company is bursting at the seams with pre-sales, so I’m sure I can knock a big bonus from my boss, so I must let you treat me!” On the phone, Gu Qingying’s voice was happy, “By the way, the big surprise you said at noon for me on the 15th, it wouldn’t be about the bonus, would it?”

This girl, still haven’t reacted by now?

But it was good, so that the surprise on the 15th would be more shocking and exciting!

Chen Dong gave an odd smile, “Pretty much.”

“Hee hee I’m going to Genting Sky, plus I’ve got a surprise for you that day too.” Gu Qingying said with a mysterious smile.

A surprise?

Chen Dong was stunned for a moment.

As for Genting Sky, he didn’t care at all.

It was a top-notch private restaurant, situated on the top floor of the city’s tallest building, overlooking the whole city, and even when he was lucky enough to encounter fog condensation, he could feel like he was on top of a sea of clouds.

This is how the Genting restaurant got its name.

It is said that the lowest price there is in the six-figure range.

This also led to only a very small number of people in the city being able to go to the Genting Restaurant.

Even if Chen Dong used to be a vice president with a million annual salary, he would not dare to spend so much.

However, now he was indifferent.

“Good.” Chen Dong said with a smile.

On the phone, Gu Qingying was full of anticipation, “Yada yada yada, how should I dress up that day, I must dress up beautifully, going to a fancy place like Genting Sky, I can’t lose my boyfriend’s face.”

Chen Dong smiled, in fact, Gu Qingying was really beautiful, even if it was just a simple casual dress, the temperament she had cultivated since she was a child was enough to overpower some celebrities.

What's more, would Gu Qingying have never been to Genting Sky?

He knew that Gu Qingying was only saying that as a girlfriend who was deliberately being cute and pampered in front of him.

Chen Dong was about to return a rainbow fart.

On the phone, Gu Qingying's voice suddenly rang out, "What's more, it's such a solemn thing to slaughter big money, so if I don't dress nicely, I'll be sorry for big money too."

Chen Dong suddenly couldn't laugh anymore.

This girlfriend, I'm afraid she is not to be taken seriously, right?

After chatting with Gu Qingying for a few minutes, Chen Dong hung up the phone.

On the other hand, after Gu Qingying hung up the phone, she was looking forward to the 15th with great joy.

She smiled quirkily, "Big fool, I don't think he even knows I'm Yingli's boss now, right? Tell him on the 15th, it's sure to surprise him out of his mind, right?"

As she murmured, she couldn't help but brainstorm Chen Dong's dumbfounded look, and the smile on her face got even sweeter.

.....

The Wang family.

At this moment, the air seemed to be freezing.

The air pressure was so low that it made people suffocate a little.

The four members of Wang Nan Nan's family sat on the sofa, watching the news playing on the TV with different faces.

Wang De and Zhang Xiuzhi's faces were iron blue, and Zhang Xiuzhi's fists were clenched, gritting her teeth as if she wanted to eat someone.

Wang Hao's face was full of anger as he stared intently at the television.

Wang Nan Nan, on the other hand, was sitting on the sofa with her head bowed, her beautiful eyes filled with tears and she was crying.

"Sister, why didn't you advise us more before?"

Wang Hao's crying voice broke the dead silence in the living room as he said pleadingly to Zhang Xiuzhi, "Mom do you still want Xue'er and I to get married or not?"

With one word, Zhang Xiuzhi completely exploded.

She said, "Wang Nan Nan, do you still have this family in your heart? If you had persuaded me and your father to buy a flat in the west of the city, Xiao Hao would be married to Xue'er by now.

The words were harsh, mean and biting.

Wang Nan Nan looked at Zhang Xiuzhi with a dismayed face.

When she saw the news just now, she had a premonition that there would be something like this now.

But there was really no way she could accept that after all these days, the whole family was actually blaming her for not buying a house.

"Mom Why should I be blamed? Haven't I done enough for this family?"

Wang Nan Nan couldn't hold back her tears and cried and begged, "Please let me go, I really really did my best, how much money did I take to the family in the three years of marriage with Chen Dong? How many times have I helped Xiao Hao, isn't that enough?"

"Bullshit!"

Zhang Xiuzhi said fiercely with a hostile look on her face, "You are the older sister, that is what you should take from the family, do you still think you are honourable? You can't even help with something as big as your brother's wedding, what are you talking to me about?"

Wang Nan Nan was full of exhaustion and desperately bowed her head and cried out.

"Cry, cry, cry, just know how to cry! If you had listened to me and your father and found a rich man to marry, how could our family have been reduced to this state? But you had to marry that son of a bitch Chen Dong!"

Zhang Xiuzhi scolded relentlessly, without any regard for Wang Nan Nan's feelings at the moment.

Wang Hao, who was full of aggression, was furious when he heard the word "Chen Dong".

He blurted out, "Mom and Dad, Chen Dong has money! I saw his dead mother at the Lijin Hospital, and the nurse told me that his mother had recently undergone a liver transplant and was now getting better.

"What?"

Wang De and Zhang Xiuzhi's faces changed dramatically.

Zhang Xiuzhi said, "Xiao Hao, what are you talking nonsense about, how could that loser still have money?"

Immediately afterwards, Wang Hao gritted his teeth and said, "It's true, would I, as a son, lie to you? He must have planned this long ago and used the 200,000 yuan as an excuse to divorce her!"

At those words.

Wang De and Zhang Xiuzhi were instantly filled with anger.

Zhang Xiuzhi was struck by lightning and sat down on the sofa, pounding her chest and crying, "Aiya God damn it, how can that wimp be so vicious, did our family plow his ancestral grave?"

"Wang Nan Nan, I don't care what you use, you must give me another few hundred thousand back from Chen Dong, otherwise, I'll die in your face as a mother!"

Chapter 56

"Mom"

Wang Nan Nan broke down, teary-eyed, looking at Zhang Xiuzhi in despair.

Zhang Xiuzhi, however, scolded with disgust, "Cry cry cry cry, just know how to cry, get the hell out of here!"

"Nan Nan, don't irritate your mother, she has just been discharged from the hospital." Wang De couldn't bear to watch and said to Wang Nan Nan in a deep voice.

Waiting for Wang Nan Nan to leave.

Only then did Wang De sighed and complained to Zhang Xiuzhi, "Tell me about you, why do you always bring everything up on your daughter?"

"You blame me? Then you should find a way to raise money!"

Zhang Xiuzhi's words caused Wang De's face to turn red.

Wang De's tone softened a little: "But what if Chen Dong doesn't have any money?"

"Dad, how can Chen Dong not have money? How could he save his deadbeat mother without money?" Wang Hao shouted at the top of his lungs.

"Shut up, don't you think this family is messy enough?"

Wang De glared angrily, scaring Wang Hao into stopping his shouting.

Turning to Zhang Xiuzhi, Wang De said, "After Nan Nan and Chen Dong got married, all the bank cards were held by Nan Nan, how much money the family had, Nan Nan knows best, she shouldn't be able to be cheated."

"If I were to say so, Chen Dong has money to cure his mother, he should have borrowed it from his company, at least he is a vice president, it shouldn't be difficult to borrow some money."

The analysis made even Zhang Xiuzhi's anger calm down a little, and she frowned and pondered.

After a few seconds, Zhang Xiuzhi jerked her neck up and said with a savage face, "I don't care if he has money, since he can borrow once at his company, he can borrow a second time, back then my family didn't mind him and let him climb high, now he's ungrateful and divorcing Nan Nan, 200,000 and he wants to get rid of Nan Nan?"

"You"

Wang De's face turned red for a while and he was speechless.

Zhang Xiuzhi unrelentingly crossed her arms: "I what I? You still have to listen to me on this matter, for the sake of our Xiao Hao, let Nan Nan gouge out another few hundred thousand from Chen Dong, this is only fair to Nan Nan, that phoenix man wants to send Nan Nan off with two hundred thousand, no way!"

Wang De sighed and sat down on the sofa, bowing his head and not arguing any more.

It was Wang Hao who happily took Zhang Xiuzhi's arm, "Thank you, mum, mum is the best for me."

Zhang Xiuzhi dotingly rubbed Wang Hao's hair: "Pity the parents' hearts, you are my own son, can I not love you?"

.....

Boom click!

Thunder streaked across the night sky.

Heavy rain drizzled down.

Wang Nan Nan walked desperately through the streets, drenched in rain.

Her vision was blurred, and she was not sure whether it was tears or rain.

After walking for a short distance, she could not walk any further and sat down on the side of the road.

The road was empty and the street was dimly lit.

When no one was looking, Wang Nan Nan's emotions broke down, as if the river had broken its banks.

She had never imagined that after divorcing Chen Dong, her life would be such a chicken-and-egg affair.

Regret came rushing in.

She took out her mobile phone several times to find someone to talk to, but in the end, she put it down helplessly.

Because she violently discovered that after three years of marriage, she was used to the affluent life Chen Dong gave her, and after her life changed, her nature became more and more spoiled, causing her former friends to stay away.

Finally, Wang Nan Nan picked up her mobile phone anyway and tearfully found Chen Dong's WeChat.

"Chen Dong, I want to see you"

After waiting for half an hour, there was no reply.

Wang Nan Nan was a little exasperated and stubbornly sent a WeChat over again.

"You said you would see me last time, why did you avoid seeing me? I gave you all I could, even my body, is it so hard to see you now?"

After sending one WeChat, Wang Nan Nan felt that it was not enough and quickly edited up a third WeChat.

"You're just cheating on me, you're a scum! You deliberately cheated me out of my divorce in order to be with that green tea Gu Qingying, Chen Dong, you won't see me tonight, I will make you regret it!"

After the message was sent, there was a response soon after.

Ding!

The WeChat message alert tone lifted Wang Nan Nan's spirits.

But when she saw Chen Dong's reply, she instantly fell into a cave of ice, feeling her already damp whole body so cold that it stung her bones.

Chen Dong's reply was simple.

"I can't hold it up!"

After a few seconds had passed, a frantic look gradually emerged in Wang Nan Nan's eyes.

Her silver teeth clenched as she squeezed out a sentence from between her teeth.

"You forced me, you all forced me, all of you forced me! Chen Dong, neither you nor I will have an easy time, you were the first to be unkind, don't blame me for being unrighteous, aren't you having a smooth ride at Dingtai? If I make a scene at your company's pre-sale launch on the 15th, I'll see how you can still be this vice president in your company!"

In the rented room, after sending the message, Chen Dong laughed disdainfully.

He was not a character that dragged his feet, since he had already divorced Wang Nan Nan, it was time to break it off cleanly.

Otherwise, he would be sorry for what Gu Qingying had given now.

Besides, a serious illness of his mother had allowed him to see the Wang family and Wang Nan Nan clearly.

The way they were eating, it was too ugly!

For three years, he had tolerated every step because of Wang Nan Nan, but in return, the Wang family had become even more aggressive.

Some things could be tolerated, but some things were his bottom line, and there was no turning back, no enduring!

As for giving, she, Wang Nan Nan, has given a lot, but what about him?

Chen Dong also lost his sleep.

He had no pity for Wang Nan Nan's harassment. Wang Nan Nan's current situation was entirely due to herself and her family, and had nothing to do with him.

What he did have was anger.

Anger that Wang Nan Nan had disturbed his sleep.

Picking up his phone again, he dialed a number for Long Lao.

The phone was still off as prompted on the other end.

This caused Chen Dong to frown and worry.

Since Elder Long had left, he had tried to contact him several times as he wanted to find out what had happened.

But without exception, Elder Long's phone had been switched off ever since he had left.

He had also asked Kunlun a few times, but the answers he received were all stumped and mum.

A sigh of relief.

Chen Dong put down his phone, the appearance of Chen Tianyang had given him a vague perception of the family.

It was precisely because of the perception that he felt horrible.

How powerful should a family that held the world's wealth in its hands and treated people's lives like weeds be?

One thing he could be sure of was that if that father, whom he had never met, had not sent Kunlun to him in advance.

Perhaps, he would have been killed by Chen Tianyang when he met him for the first time.

And then there would be no more then.

After thinking about this, Chen Dong understood somewhat what Elder Long had said to him back then.

However, he was still a little confused as to what had happened back then that had caused that father to abandon his family.

Chen Dong got up and went into the bathroom and splashed a handful of cold water on his face.

Any remaining sleepiness was gone.

He changed into his gym clothes and tiptoed out of his rented room to train in the park next to his neighbourhood.

The only thing he could do, until he knew the full extent of the situation, was to be strong.

Not only in business and power and money, but even his body was not allowed to slacken.

It was also at the same time that Chen Dong left his rented room.

The guest room where Kun Lun was sleeping quietly opened a crack.

Looking at the door of the room that had just closed, Kun Lun smiled appreciatively, "Young master, it does look like the old master."

After saying that, the smile on his face faded away and he looked down at the phone he was clutching in his hand, a little worried.

In these days, not only was Chen Dong calling Elder Long.

He was also calling, and he had also called the old master.

But whether it was the old master or Elder Long, the phones contacted were all switched off.

This made Kunlun very apprehensive.

Something should have happened at home!

Winner Takes All Chapter 57-58

Chapter 57

The following days.

All of Chen Dong's energy was focused on the preparation for the pre-sale of the property in the west of the city.

Having built up momentum for a month, he would not allow any negligence in this battle.

As time passed, the posters advertising the pre-sale of the City West property in the city's streets and alleys gradually increased.

And the topic of the City West property seemed to become a theme on the lips of young and old as they chatted.

It was as if the attention of the whole city had fallen on the west side of the city.

All those who can afford to buy a property are rubbing their fists and jumping at the chance.

Because they all knew that if they bought a property in the west of the city before Yike moved in, the property prices would definitely rise again after Yike moved in.

This is a money picking affair.

For picking up money, anyone would be enthusiastic.

There are even quite a few connected households who hold their own connections and have started to secretly make connections with the intention of making insider purchases.

Chen Dong had expected such a thing to happen.

Having been immersed in real estate for three years, he knew a lot about in-buying, which could not be avoided.

However, he did not intend to in-buy too many houses out, this was his first battle and he wanted to hit the city with a bang.

If most of the houses were bought in advance, how would the west side of the city still explode on the opening day of the pre-sale?

Once the in-buying thing was publicised, with the expectations people have for the city's west property today, it would inevitably affect Din Tai's reputation.

Therefore, he asked Xiao Ma to screen out some of the connected households who were so connected that their company could not avoid the in-buying, and refused all other in-buyers.

The news of Din Tai's "refusal to buy" soon spread through the public.

This in turn created a buzz in the community.

You know, there are a lot of people who want to buy a house in the west of the city, but the connected people are only a part of it, and the more part can only be grabbed by themselves.

Dingtai refuses to buy inside, clearly wanting everyone to have a fair competition for the property.

This is a company of conscience!

As soon as the news spread, it made those home buyers without connections excited and even more determined to grab a set in this purchase.

And those real estate developers, in this atmosphere, were all red with envy.

When they sold their homes in the past, which time did they not have to work hard to create momentum and create public opinion?

And this time what about Dingtai?

A contract that was not favoured by everyone in the west of the city, a contract that was inflated by 30 million dollars made Din Tai the joke of everyone in the industry.

And yet, it has intensified and created a fever in the city.

Tianmen Mountain Villa.

Zhou Yanqiu looked at the news about the property in the west of the city in his mobile phone and smiled as he pushed the gold-rimmed glasses on the bridge of his nose.

“Is a golden scale not a thing in a pool, once it meets the wind and clouds it turns into a dragon, Chen Dong ah Chen Dong, Dingtai, the mu and three parts of the land where I gave Li Dabao a pension, I’m afraid it’s going to rocket up to nine heavens with this true dragon of yours.”

Even though he had been reigning in the mall for so many years, he had never encountered such a hot pre-sale period.

With the whole city buzzing, no one would even doubt the outcome of this pre-sale.

Apart from exploding!

It would still be explosive!

Sighing, a puzzled and stony look appeared on Zhou Yanqiu’s face: “Just what has happened with this Elder Long’s sudden departure? Was I right or wrong in betting on the treasure last time?”

With Zhou Yanqiu's energy in the city, he naturally knew exactly what had happened to Chen Dong, and even more so, he knew who was behind the material merchant boycott.

Before Chen Dong came to beg for his help, he had already made his decision.

But he was also clear about Chen Tianyang's background, which he could not afford to mess with.

If he lost the bet, it would undoubtedly be a heavy blow to him.

Shaking his head, Zhou Yanqiu suppressed the worry in his heart, "This battle on the 15th, I'm even waiting for you a bit."

And at the Wang family.

With the whole city buzzing about the property development in the west of the city in the past few days.

Wang De and Zhang Xiuzhi, Wang Hao, all regretted their guts.

Zhang Xiuzhi even had to complain about Wang Nan Nan when she thought about it.

If they had bought a suite in the west of the city, they would have really made a fortune according to the current fever.

Not only would they have been able to make up for Wang Hao's wedding dowry, they would even have had a surplus.

But all this was just a luxury.

Today, the price of housing in the west of the city is so high that the family can only look up.

Wang Nan Nan was forced to stay in a hotel and did not dare to go home.

She knew that if she went home, she would be blamed and resented by her parents and brother.

Hiding in the hotel, on the contrary, was a quiet place to stay.

It was just that with all the buzz in town, her emotions gradually became overwhelmingly remorseful.

In her heart.

Chen Dong was the vice president of Dingtai.

The west side of the city was developed by Dingtai.

After the 15th, not to mention how Chen Dong would be treated at Dingtai in the future, that bonus alone would definitely not be less.

If she could do it all over again, Wang Nan Nan would never have divorced Chen Dong so dryly and decisively at that time.

And all this, for her, was just something to think about when she regretted it.

As she regretted, her whole person gradually went crazy.

The 15th!

On the 15th, she wanted Chen Dong to lose his reputation, and she wanted the whole city to know what a piece of trash the vice president of Dingtai really was.

If you can't get it, destroy it.

He was the one who was unkind first, so she couldn't blame her for being unrighteous.

There was a price to pay for lying to her!

As she saw the 15th approaching.

The entire Din Tai Company went into a frantic mode of operation.

Chen Dong, with all his staff, worked through the night, striving for perfection.

No one complained, and everyone worked as if they had been beaten by chicken blood.

It was a turnaround for Din Tai.

It was the moment when everyone had been working hard for over a month and was about to reap the fruits of their efforts.

That night, Chen Dong sent everyone home from work early to rest.

It was the 15th tomorrow. After so much preparation, the night before was a good time to get in the best shape to face the pre-sale tomorrow.

The continuous all-nighters had left Chen Dong exhausted as well.

He dragged his tired body to the hospital to visit his mother, and then returned home.

While lying in bed, Chen Dong was somewhat unable to sleep.

Perhaps it was a common problem for people who continuously overdosed their bodies.

When one stops, one will lose sleep instead.

Chen Dong picked up his mobile phone and called Gu Qingying.

Just after a ring, the call was answered.

“Mr. Chen, you finally remembered that you have a girlfriend?”

Chen Dong smiled, “I wouldn’t forget about you, haven’t you been busy with work these days? The pre-sale is tomorrow.”

“Big fool, I’m just kidding with you, I know you’re busy these days, I don’t dare to contact you, you sound so tired, take a rest, I’ll make soup and bring it to you later.” Gu Qingying said.

Chen Dong paused for a moment.

In his heart, he suddenly felt happy to be cared for like this.

These past few days, he was indeed very tired.

But in three years, there were times when he was more tired than these few days.

But he had never received such simple and happy care.

He didn’t care if he was tired or not, it didn’t matter how hard he suffered for himself and for the people around him.

Because this was how he had been suffering since he was a child.

But with these words from Gu Qingying, he suddenly felt all the tiredness, all of it, was much easier.

In a trance, Chen Dong’s eyes got a little wet.

“Hey, big fool, why aren’t you talking? Couldn’t have fallen asleep, could you?” On the phone, Gu Qingying’s voice rang out.

Chen Dong wiped the corner of his eyes and smiled, “I haven’t slept, I got some dust in my eyes, I’m rubbing them, don’t come over, remember our appointment tomorrow, you go to bed early.”

“Okay I guess, good night.”

After hanging up the phone, Chen Dong wiped the wetness from the corners of his eyes, closed his eyes and fell into a deep sleep.

There were no words all night.

When the first rays of sunlight sprinkled the earth.

Chen Dong woke up from his sleep, having rested all night, allowing him to regain his energetic state.

Looking out of the window at the slowly rising sun.

Chen Dong revealed a confident smile, “The 15th, it’s here.”

Chapter 58

Longting Garden.

It is a pre-sale property in the west of the city today.

Early in the morning, the luxurious and atmospheric sales centre was already crowded and surrounded by people.

In fact, many people have been lining up in front of the sales centre since yesterday evening in order to buy a property and “pick up some money”.

Who would have thought that a place like the west side of the city, which has always been abandoned by the city’s people as a dirty and untidy place, could be the highlight of the day?

Even though the number of people in the queue had already exceeded the number of households in the development, the long queue could not resist the enthusiasm of those who wanted to buy a home.

The queue was getting longer and longer.

The site in front of the sales centre was packed with people and cars had already been arranged to park a kilometre away.

In order to maintain the order of the site and not to risk a gathering, the city’s functional departments had even sent people to the site.

The city’s major media had already moved into the exclusive area, with their long guns and short cannons already set up and ready to go.

Such a scene was unprecedented!

Even the top ten real estate companies in the city had never had such a sensational effect.

“Brother Dabao, we’re going to have a busy day today.”

In the sales centre, a young salesman looked at the sea of people outside and said to Li Dabao with some trepidation, “Do you think, when so many people rush in later, will they trample me to death?”

“Look at you, I brought you here to help with sales and gave you the opportunity to collect money for nothing, and you are still afraid of being trampled to death?”

Li Dabao gave the young man a blank look and looked at the sea of people outside, his heart was full of mixed feelings.

The main reason why he was here was that the number of sales at Din Tai was not enough to cope with today’s scene, so Chen Dong had asked Zhou Yanqiu to borrow troops and horses in advance.

Thinking back to a month or so ago, the Din Tai was still in his hands then.

Now, in just over a month, his and Chen Dong’s status had changed drastically.

Not only that, Chen Dong had even brought Dingtai to where it was today, despite the fact that he had pitted it against him.

Thinking back to the past, Li Dabao’s old face turned red and he laughed to himself.

The young man at the side did not notice Li Dabao’s difference and rolled up his sleeves with a smile, “What Brother Dabao said is true, we don’t need to rub our noses in these houses today, just sign the contract, the more you sign the more commission you get.”

As soon as the words left his mouth, Xiao Ma, who was in charge of this sale, hurriedly ran outside with his people.

“Hurry up, the boss is here!”

Li Dabao returned to his senses and raised his eyebrows, leading the young men to follow the salesmen as they quickly ran outside.

The wide road outside the sales centre was already flooded with people by now.

But with the functionaries maintaining order, a lane that could fit a car through was still separated on the wide road.

Here we go!

Media people with a keen sense of smell have aimed their long guns in the direction of the passageway.

And the queue of homebuyers all focused on the past.

And then.

A yellow and green taxi came slowly.

Everyone's eyebrows were raised at this scene.

How could another taxi break in?

Crunch!

The taxi pulled up in front of Pony, who had already lined up for them.

Xiao Ma quickly stepped forward and opened the rear door.

"Brother Dong, it's all ready, and all the leaders have arrived."

The suit-clad Chen Dong got out of the car and glowed as he took a glance at the sea of people.

Such a scene made him very satisfied.

It wasn't that he liked such a huge sound, but the current scene was worthy of the more than a month of day and night work he and his staff had been doing.

"Let's go."

Chen Dong took the lead and walked towards the sales centre.

Xiao Ma and a group of other sales followed closely, lining up in two columns, like two long, dark dragons.

This scene made the media and homebuyers present look confused.

When Chen Dong led the salesmen into the sales centre.

A shout of surprise suddenly rang out from the media squad.

“Crap! That, that seems to be the current owner of Din Tai!”

A thunderous word.

Everyone’s faces changed drastically, revealing expressions of disbelief.

“Din Tai’s boss? Coming in a taxi? Did I just get misty-eyed?”

“This boss is too low-profile, he can’t even afford to buy a car after developing the hen that lays golden eggs in the west of the city?”

“It’s over, it’s over, I forgot to film it just now, if this was filmed, it would definitely be another big news story.”

.....

The chatter rose and fell, like a tidal wave.

With Chen Dong’s arrival, the presale emcee soon took to the stage and began to host.

This also announced the official start of the pre-sale.

There was no excessive dragging, let alone the usual singing and dancing that goes on during a property pre-sale.

This was because Chen Dong knew what the home buyers, who had queued up all night, needed most.

With the momentum of the pre-sale, any pre-sales launch was just a gesture to add to the situation and would not be of any use at all.

After the Master of Ceremonies warmed up the venue with a speech, the ribbon cutting ceremony was soon announced.

Chen Dong had already finished meeting and exchanging pleasantries with the major leaders in the sales centre.

As the MC announced the ribbon-cutting ceremony, the crowd walked onto the stage.

In an instant, countless long guns were pointed at the people on the podium, and the flashing lights were switched on in unison.

The homebuyers gathered at the sales centre were also watching with anxious eyes.

The dignified and elegant concierge quickly presented the scissors to Chen Dong and each of the ribbon-cutting guests.

Just as the Master of Ceremonies was about to announce the ribbon-cutting.

However, Chen Dong suddenly stepped forward and said to the MC, "Excuse me, please wait a little."

The master of ceremonies looked choked.

Everyone in the audience also looked at each other, somewhat unsure of what to do.

On the ceremony platform, the guests who had been invited to cut the ribbon also frowned.

Xiao Ma, who had been standing behind Chen Dong, instantly changed his face and hurriedly walked behind Chen Dong.

"Brother Dong, what's going on? This is a ribbon-cutting ceremony, there are still so many leaders of functional departments waiting on stage!"

Chen Dong smiled faintly and said in a low voice to Xiao Ma, "My girlfriend hasn't come yet."

Boom!

Xiao Ma was struck by lightning and was dumbfounded on the spot.

Was Dong crazy?

If his girlfriend hadn't come, he had left the leader and thousands of others out to dry?

In this very short time, the media's long guns were flashing their flashing lights wildly, even more intensively than earlier.

The owner of Din Tai, in spite of the thousands of people at the ribbon cutting ceremony, suddenly called a halt.

Chen Dong ignored the flashing lights from the media and smiled noncommittally at Xiao Ma.

He then walked to the microphone in front of the auditorium and bowed in apology, explaining.

"Sorry guests, I am deeply sorry to trouble you to wait a little, because there is someone else who is very important to me who is not here, and I would like to share this moment with her and witness it with her today."

The sincere explanation made everyone in the room look slightly slower.

At the same time, everyone was puzzled as to what kind of important person could make the owner of Din Tai act so rudely at this time?

Subsequently, Chen Dong walked to the side, took out his mobile phone and sent a WeChat to Gu Qingying.

“Have you arrived yet?”

“It’s here.”

Chen Dong smiled gently and turned around to sweep his gaze over the sea of people.

When he saw the gorgeous silhouette in the crowd that was walking quickly, the smile on his face was gentle to the extreme as he slowly raised the microphone.

“Everyone, the person I’m waiting for, has arrived.”

In an instant, the whole room was silent.

All eyes simultaneously looked in the direction Chen Dong was looking.

Within the media square, all the long guns and short cannons, bursting with eye-catching flashing lights, were aimed in unison.

Winner Takes All Chapter 59-60

Chapter 69

In a flash.

Gu Qingying in the crowd was surrounded by all eyes and flashing lights.

Gu Qingying lowered her head, two blushes appearing on her stunning face.

Even though she had experienced many of the same scenes since she was a child, her heart was still beating wildly, with a feeling of jumping out of her chest.

For, the scenes she had experienced since she was a child were dependent on the glory of her father.

This time, however, it was her boyfriend, Chen Dong, who brought it to her.

“Wow she’s so pretty.”

Upon seeing Gu Qing Ying’s appearance, an awe-inspiring praise rose from the automatically dispersed crowd.

“No wonder, I have such a beautiful girlfriend, I’m willing to wait too!”

“Mr. Chen is really great, he has such great achievements at a young age and such a beautiful girlfriend, he is simply a winner in life!”

.....

This caused Gu Qingying to lower her head even further, her oniony jade hands couldn’t help but nervously clutch the hem of her skirt as her pace quickened.

Ever since she was a child, she really hadn’t had such a nervous moment.

As she reached the edge of the ceremony platform, a large hand reached out in front of her.

Gu Qingying looked stunned and stopped in her tracks.

“Nervous?”

A familiar, gentle voice rang out.

Gu Qingying looked up at Chen Dong with a scarlet face, nodding her head as she tightly mouthed her red lips.

Then, she stretched out her hand and landed on Chen Dong’s palm.

Being held by Chen Dong’s large hand, Gu Qingying’s rapidly beating heart suddenly eased down, and her nervousness calmed down considerably.

This feeling was so wonderful that she couldn’t help but be stunned for a moment.

All eyes were on them, surrounded by light.

Chen Dong, who was dressed in a suit, and Gu Qingying, whose white dress was like a fairy, slowly walked to the middle of the ceremony platform.

“Aren’t you afraid that your boss will scold you for doing this?”

Gu Qingying asked in a low voice as she looked to her left and right.

Chen Dong smiled spontaneously, “How could I scold myself?”

Gu Qingying’s delicate body trembled as she looked at Chen Dong in shock.

She did not wait for her to recover from the meaning of the words.

Chen Dong then picked up the microphone and announced with a smile, "A grand introduction for everyone, this is Gu Qingying, my girlfriend."

In an instant.

Thunderous applause rang out.

Earlier, everyone was wondering what kind of person Chen Dong was waiting for when he was so rude.

But when they saw Gu Qingying appear and heard Chen Dong's introduction, the only remaining trace of dissatisfaction disappeared.

A handsome man and a beautiful woman, a talented man and a beautiful woman.

Isn't that what men work hard for, to share the glory with the woman they love and witness it together?

What's more, Gu Qingying's looks had convinced everyone present.

Anyone else who had such a girlfriend would have made the same choice as Chen Dong, right?

"Mr. Chen, this is unkind of you, such a beautiful girlfriend, we have seen her so many times, and you have been hiding her until today?" On the auditorium, a functional department leader joked with a smile.

Chen Dong responded with a smile, "Elder Zheng, didn't I just want to show off my love on such an important occasion today?"

A remark amused the crowd on the ceremonial platform with smiles on their faces.

Gu Qingying looked at that Zheng Lao in a dumbfounded manner, as she had not yet returned to China and knew very little about the city.

But she knew that he was a very important leader of the city!

There were few people in the city who could talk and laugh with him!

Subconsciously, she looked at Chen Dong, her red lips mumbling.

Without waiting for Gu Qingying to speak, Chen Dong turned his head to indicate to the MC, "It's time to start."

"Good! Next, I would like to invite Mr. Chen from Din Tai and leaders from all walks of life to cut the ribbon for Long Ting Garden!"

The emcee's voice was broadcast through the microphone, stopping Gu Qingying from asking her doubts.

However, the emcee's words confirmed what Chen Dong had just said to Gu Qingying.

Astonishment was written all over Gu Qingying's pretty face, and she even felt a sense of dumbfoundedness after being surprised to the extreme.

She could not believe it.

The person she had returned to China to help had actually quietly become so powerful!

Was this the surprise Chen Dong had given her?

The concierge lady quickly pulled up the red ribbon in front of the crowd.

Chen Dong led the shocked and dumbfounded Gu Qingying to the back of the ribbon, then picked up the scissors and handed them to Gu Qingying, encircling her from behind.

At this moment, all eyes and flashing lights were focused on the ceremony stage.

Or rather, focused on the two of them.

Gu Qingying's mind went blank, surrounded by Chen Dong, and a sweet smile unconsciously appeared at the corners of her mouth, as if she was wrapped in happiness and sweetness.

Even before she could react, the ribbon-cutting ceremony was over.

Dang!

A salute exploded, resounding through the long sky.

Followed by.

Knock, knock, knock

The 72 cannons that had already been set up to the left and right of the sales centre rang out simultaneously.

The sound was as loud as a thunderclap.

Gu Qingying, who was caught off guard, shrank into Chen Dong's arms.

"Look up at the sky."

Chen Dong's voice rang out in Gu Qingying's ears.

As if she was a frightened kitten, Gu Qingying slightly poked her head out of Chen Dong's arms and looked up at the high sky.

As the salute exploded, countless flower petals were sent up into the air and were now drifting down in the sky.

The petals of all colours, multi-coloured, were illuminated by the sunlight as they floated down, gorgeous and romantic.

Gu Qingying stared blankly at the roaming flower petals.

At this moment, she forgot her identity, forgot her background, just like a little girl, tears flooded her eyes.

Raising her hand and cupping a petal, Gu Qingying murmured, "A rose?"

"I knew you liked roses, so I had someone find roses of all colours."

Chen Dong looked at Gu Qingying tenderly and smiled lightly, "Such a shower of flowers, do you like it?"

He understood all of Gu Qingying's affection for him.

To be able to pounce on him without knowing, then she was worth all he had to give.

Your joy, I do my best!

"Love it, love it too much"

Gu Qingying's beautiful eyes were red as she flung herself into Chen Dong's arms with tears in her eyes, "Thank you."

This scene was watched by everyone present.

It was even recorded by all the media with long guns.

No one resented this scene of flowers raining from the sky to express their feelings, and even gave their blessings from the bottom of their hearts, and many girls even cast envious glances at Gu Qingying.

Rumble

At this very moment, a booming sound rang out in the sky.

Instantly, it attracted everyone's attention.

"Look! Helicopters!"

Someone exclaimed, and then thunderous shouts of surprise erupted from the scene.

Amidst the rain of flowers in the sky, three helicopters flew in from afar.

"This is,," Gu Qingying looked at the scene in the air in dismay.

Chen Dong dotingly scratched the bridge of Gu Qingying's nose and smiled, "This is also a surprise for you."

Gu Qingying's delicate body trembled and her heart beat faster.

Soon, the helicopter flew over the sales centre.

Under the focus of everyone's horrified gazes and countless long and short guns.

The three helicopters opened their hatches and countless colourful balloons, accompanied by three long banners, fell down.

"Classmate Gu Qingying."

"You bet your life on it."

"How can I let you lose."

Three banners, three words, but it was as if they were thunder, exploding on everyone's heart.

Boom

Exclaims of shock erupted from the scene once again.

Gu Qingying's delicate body trembled, and at this moment, tears seemed to gush out like a broken river.

She looked at Chen Dong in surprise, but Chen Dong smiled gently, "This is my vow to you, thank you for not abandoning me, from now on, I will not leave."

Not forsaking, not leaving

Gu Qingying immediately flung herself into Chen Dong's arms, burying her head, her delicate body trembling lightly.

“You bastard, you said it was a surprise, why did you make me cry?”

The seemingly complaining words made Chen Dong smile slightly, his right hand gently patting Gu Qingying’s back, his lips slowly nodding on Gu Qingying’s head.

It was as if this scene was frozen in time.

Amidst all the envious and awe-struck gazes.

Countless long guns and short cannons quickly recorded this scene.

And at the same time as this happy scene was happening.

A silhouette was quickly running towards the sales centre from afar

Chapter 70

With red eyes and tears in her eyes, Wang Nan Nan ran quickly towards the Dragon Court Garden in a trance.

In the distance, the sky was filled with a shower of flowers.

And the long banners hanging from the three hovering helicopters.

It was as if a bolt from the blue had blasted through her body.

She could even imagine how happy Chen Dong and Gu Qingying looked at this moment in the limelight.

And all this

“Mine, it should all be mine!”

Wang Nan Nan said with a sobbing voice and gritted her teeth, “Chen Dong, you bastard, you’re a big liar! You once said you loved me, but you actually used such underhanded tactics to divorce me for Gu Qingying.”

Jealousy, resentment, anger and all sorts of emotions intertwined together.

It made Wang Nan Nan almost on the verge of breaking down and going crazy.

“I can’t let you get away with this, I’m going to expose your human face in front of the whole city, Chen Dong you forced me to do this!”

Finally Wang Nan Nan ran close to the Long Ting Garden sales centre.

In the line of sight.

Chen Dong and Gu Qingying were embracing each other, enjoying the attention of all the people and the focus of all the flashing lights.

An enraged Wang Nan Nan took a step forward and stepped out of the crowd, hissing and shouting.

“Chen Dong, you negative-hearted man!”

The sudden roar, as if it was a heavy hammer, brazenly fixed and shattered the happiness in front of the sales centre.

Everyone simultaneously looked towards Wang Nan Nan in shock.

The long guns that were originally focused on Chen Dong and Gu Qingying were also aimed at Wang Nan Nan.

The media were abuzz.

Today they had only been covering the news of the first property to be renovated in the west of the city, but to their surprise, one news item after another came.

With their keen sense of news, they could already foresee that after reporting these stories tomorrow, they would definitely set the city ablaze.

The owner of Din Tai makes a high-profile courtship of his girlfriend on site, and the mystery woman suddenly shows up to call the shots!

This is the kind of news that good people love to see!

The auditorium.

Chen Dong looked huffy and his eyes looked coldly at Wang Nan Nan.

Was it to cause trouble?

He knew Wang Nan Nan's character, and it was definitely not good to show up here now.

But he didn't care, he was just angry that Wang Nan Nan had shown up and broken the beautiful atmosphere he had created for Gu Qingying.

“Chen Dong

Gu Qingying burst out of Chen Dong's arms, and when she saw Wang Nan Nan, her heart immediately sank.

"I'll take care of it, don't forget about Genting Sky later."

Chen Dong smiled gently, then gestured for Xiao Ma to take Gu Qingying away.

He then turned to the several functional leaders and said, "Leaders, trivial and minor matters, I will handle them, Dingtai will have staff to arrange for you."

Under the auditorium, when Wang Nan Nan saw that Gu Qingying was leaving, she immediately became anxious.

She rushed towards the stage like a madman: "You fox spirit, stop right there!"

Beside the auditorium, the security guards all stepped forward and stopped Wang Nan Nan who was desperately rushing forward.

"Chen Dong, you bastard, you're a big liar!"

Wang Nan Nan cried hoarsely, as if she was a victim, tearing her heart out and cursing, "In vain I married you three years ago, is this how you repay me with such results?"

Boom!

In front of the sales centre, there was an uproar.

Everyone all revealed a shocked look.

Is this junior on the top?

The media staff instantly became red-eyed, with long guns and short cannons snapping at Wang Nan Nan.

Big news!

This is big news!

The first time I heard Wang Nan Nan's angry scolding, my beautiful face was covered with a layer of cold frost.

Today was the pre-sale opening of Longting Garden, and Dingtai and Chen Dong were being watched by the whole city.

At this moment, Wang Nan Nan came out and made a fuss.

Not only would it damage the image of Dingtai's company.

It would even bring Chen Dong into disrepute.

This is going to ruin Chen Dong!

She knew about Chen Dong and Wang Nan Nan's past, and the Wang Nan Nan family had already done enough damage to Chen Dong.

Now that they are divorced, they still want to throw dirty water on Chen Dong?

Immediately, Gu Qingying was about to walk up to the stage and argue for Chen Dong.

However, a gentle voice suddenly came out.

"I will take care of it, don't spoil your mood, wait for me at Genting Sky."

Gu Qingying's expression choked as she hesitantly glanced at Chen Dong.

In the end, she still chose to follow the pony and leave.

She believed that Chen Dong would be able to handle it.

After seeing Gu Qingying leave, Chen Dong slowly walked down the auditorium.

Under the attention of countless gazes and flashing lights, he swept past the security guards and walked up to Wang Nan Nan who was already squatting on the ground and bawling like she was in despair.

With a faint smile, "We're all over, and you're doing this now, do you want me to lose my reputation?"

Wang Nan Nan struggled to stand up, her eyes red and tearful, and she gritted her teeth as if she were mad, "I just want to ruin you, just want to make you lose your reputation, this is the price you pay for lying to me!"

Chen Dong's heart raged with anger and looked at Wang Nan Nan with a cold expression.

"Your family, I really can't afford to support them!"

"What can I do?"

Wang Nan Nan said desperately, "They are my parents and my brother, am I not going to help at all?"

Chen Dong stopped arguing and smiled to himself.

He felt simply silly when he asked that.

If Wang Nan Nan could really understand, there wouldn't be this whole divorce thing after three years of marriage.

“Say ah? Why don't you say something?”

Looking at the silent Chen Dong, Wang Nan Nan thought she had mastered morality and ethics, and her temper rose: “Chen Dong, I'm telling you, I dumped you for the divorce, but I, Wang Nan Nan, will never allow you to cheat me like this, you want to be with that green tea Gu Qing Ying, fine, give me one million, I'll leave right away!”

“Otherwise, don't blame me for telling your bestiality in front of the whole city!”

“Beastly deeds?”

Chen Dong narrowed his eyes and said indifferently, “If you have the guts to lose face, you are the one who came up to lose face!”

After saying that, he gestured for the security guards to move aside.

Then he made an inviting gesture towards Wang Nan Nan.

Wang Nan Nan froze, not expecting Chen Dong to let him on stage at all.

It was at this moment.

Chen Dong spoke in an angry voice.

“You go up there and tell the whole city, let them know how exactly you took the money I gave my mother to save her life and went to buy a house for your brother, if it wasn't for someone helping me, my mother would have died in the hospital icu!”

Boom!

A thunderstorm of words.

Everyone in the room was frozen.

In just a few seconds.

The scene exploded into an uproar.

“My God! In order to buy a house for his brother, he even took Chen Dong’s mother’s life-saving money?”

“Eye opening, I’ve fucking really seen what it means to help my brother’s devil today, this woman is so shameless!”

“Even the life of their own husband’s mother does not care, such a wife, not divorce is not left for the New Year?”

.....

Listening to the tidal wave of chatter.

Wang Nan Nan’s pretty face turned white and she stood in place as if she was a wooden chicken.

She didn’t expect that Chen Dong’s words would instantly make her the bad party.

What kind of sense was this?

Countless flashing lights flashed intensely on Wang Nan Nan’s body.

Wang Nan Nan stomped her foot fiercely in anger and roared loudly, “Why are you all saying this about me? I’ve done nothing wrong, it’s clearly this slag who is ungrateful!”

“Heh!”

Chen Dong laughed disdainfully, “You are so reasonable, I don’t mind if you go on stage and give a speech.”

After saying that, Chen Dong turned around and left.

The pre-sale had already opened, and there was no need for him to remain here.

The fact that Wang Nan Nan was here made him not want to face Wang Nan Nan for one more second.

As for whether Wang Nan Nan’s fuss would affect the sales of Long Ting Garden, he didn’t consider it at all, as buying a house to “pick up money” was not something that he could affect the enthusiasm of home buyers with a “negative news”.

And his own image

The man who grew up with the reputation of being a “wild child” doesn’t give a damn about gossip!
