

Winner Takes All Chapter 621-630

Chapter 621

Late at night.

Inside the Tianmen Mountain villa.

But it was brightly lit.

Gu Qingying, Fan Lu and Zhang Yulan were all sitting in the living room.

Every now and then, the three of them would look upstairs.

Elder Long and Qin Ye, were all in Chen Dong's study.

It had been like that for three days.

All forces were mobilised to frantically search for Chen Dong's whereabouts.

The two of them had to sit in front of their computers at all times, browsing through the intelligence information sent over from various places.

For Elder Long and Qin Ye, working round the clock was physically, mentally and physically torturous.

For Gu Qingying and the three of them, how could it be otherwise?

Suddenly, the sound of footsteps came from the stairs.

"They're coming down, I'll go and bring the soup over."

Fan Lu hurriedly got up and walked towards the kitchen.

Gu Qingying glanced at Fan Lu worriedly, her red lips mouthing.

For three days, she had been worried about Chen Dong.

And Fan Lu, how could she not have been worried about Kunlun in the ICU?

On the contrary, Fan Lu had always kept her emotions strong and ran the household.

"Little shadow, I, I suddenly find myself so useless"

Zhang Yulan suddenly nodded her red lips and blamed herself, "After such a big thing happened, I actually couldn't help at all, Chu Reed was even able to use her connections to help with the investigation, while I could only rely on our Zhang family."

"It's alright."

Gu Qingying shook her head, looking at Zhang Yulan's pretty face that was full of fatigue but still blaming herself, she subconsciously hugged Zhang Yulan: "With Qin Ye and the others around, it will definitely be fine, Chen Dong will definitely be able to come back, and Kunlun will definitely be safe and sound."

At this time.

Elder Long and Qin Ye, finally dragged their exhausted bodies down the stairs.

Both of them had red bloodshot eyes and their haggard and tired faces made both of them look extremely ugly.

Elder Long, in particular, was even a little unsteady on his feet as he descended the stairs, relying entirely on Qin Ye to hold him up.

"Have some soup and rest for a while."

Gu Qingying looked at the two of them and took a deep breath, forcibly suppressing the urge to immediately ask for clues and soothingly said.

She knew that the whole family had been firing on all cylinders for the past three days since Chen Dong and Kunlun's accident, and for Long Lao, it was burning for life.

Everyone had made it this far, and she did not have the slightest complaint.

On the contrary, as Chen Dong's wife, it was all the more important for her to steady the troops at this time. If even she was in a hurry and had no clue, it would only cause everyone to be in disarray.

Qin Ye assisted Long Lao to settle down on the sofa.

Fan Lu brought the chicken soup, and the two of them each had a bowl of it, drinking it straight from their heads.

Long Lao wiped the corner of his mouth and shook his head at Gu Qingying with a solemn expression, "Still no clues."

With a single word, Gu Qingying's heart instantly sank to the bottom of the valley.

Her beautiful eyes flushed red.

Her teeth clenched her lips.

In the living room, the atmosphere was heavy.

There was silence.

Elder Long and the others all looked at Gu Qingying worriedly.

Having witnessed Chen Dong and Gu Qingying's journey, they could all appreciate how anxious Gu Qingying was inside at this moment.

What's more, now that Gu Qingying was still pregnant, she could not afford to be tossed around.

A few seconds later.

Gu Qingying slowly raised her head and forced out a smile, "Alright, everyone is very tired, let's all rest tonight."

What?!

Long Lao Qin Ye and the others froze on the spot.

"People aren't made of iron, if you and Qin Ye keep staying up like this, Long Lao and you two will collapse before we can find Chen Dong."

Gu Qingying slowly got up, Fan Lu and Zhang Yulan on the side hastily assisted her, she always restrained herself, forced a smile and soothed the crowd, "Now the whole family is counting on you two to find Chen Dong, if you both collapse, what do you think the three of us women will do?"

"Young Madam, the old slave can still hold out, this old bone can survive for a few more nights without any problem." Long Lao said at once.

Qin Ye also said seriously, "Sister Xiaoying, the first priority is to find Brother Dong, we can all still hold up, those intelligence if we don't put together and sift through it as soon as possible, I'm afraid"

However.

The words were not finished.

Gu Qingying's expression was abruptly solemn, and she said in a stern voice.

"There is nothing to be afraid of! Chen Dong is my man, he will definitely be able to return, now in the name of the young lady, I order you all, to rest tonight!"

The sudden forcefulness took everyone by surprise.

Elder Long and Qin Ye were about to open their mouths to argue.

But Fan Lu duly rounded up: "Take a rest, Xiao Ying is right, if you two stay up like this, you two will be the first to get exhausted, many people can do the news aggregation, I'll do it tonight."

"Sister Xiaolu"

Gu Qingying looked at Fan Lu in dismay.

Her intention was to let everyone get a good night's rest, the three days of torment would be a huge burden on anyone.

But Fan Lu's decision had taken her by surprise.

"It's fine, all three of us women have rested in the past few days, not to mention, don't you forget I used to be a boxer, and I've even screwed steel bars on construction sites, it's easy to stay up for such a night."

Fan Lu smiled and gestured a fist at Gu Qingying.

There was Fan Lu in charge of summarising and sifting through the intelligence.

Long Lao and Qin Ye also stopped arguing, the three days of continuous work had indeed made them both exhausted to the extreme.

It was only because they were desperate to find Chen Dong that they were able to hold on.

Fan Lu helped Gu Qingying back to her room and left alone.

Gu Qingying sat down on the bed, but did not lie down immediately.

She could not sleep.

With Chen Dong's accident, she was always disturbed and apprehensive.

In the past three nights, although she had forced herself to sleep in consideration of the baby, she was always unsettled in her sleep.

The strong support she had just felt in the face of Qin Ye and Long Lao had all dissipated as she was alone in the room.

Gu Qingying's beautiful eyes flushed red and tears lingered, quietly sliding down her cheeks.

She raised her hand to wipe the corners of her eyes and said stubbornly, "No, I can't cry, he's my Gu Qingying's husband, he's the father of my Gu Qingying's child, he'll definitely be able to come back, and he'll take me and the baby into the Chen family openly and honestly!"

A murmur with a crying voice, but with an indescribable determination.

That was Gu Qingying, trusting Chen Dong!

Her man, there was no way something could happen to him so easily!

She believed in her own vision, and she also believed that Chen Dong, would be able to create miracles time and time again, just as he had done time and time again before.

In the bedroom.

It was dimly lit.

Only a table lamp above the bed blossomed with a dim light.

Qin Ye took a hot shower and walked out of the bathroom exhausted.

Zhang Yulan, who was dressed in pajamas, was waiting under the covers.

Qin Ye was a little helpless, but he got under the covers.

A pair of gentle and slender jade hands landed on Qin Ye's temples at the right time and pressed gently.

"Sleep, these three days, you are too tired for me to help, now I can only press them for you so that you can sleep well."

A gentle voice.

As if a warm spring breeze, it brushed into Qin Ye's heart.

It made his mind turn odd all of a sudden.

He closed his eyes and murmured, "Do you think Brother Dong will be alright?"

"No, it definitely won't be." Zhang Yulan carefully pressed for Qin Ye, this was also the first time she had done a massage, afraid that if she did not press well, Qin Ye would not feel comfortable.

“Yes, it will definitely not happen, he is my Qin Ye’s brother Dong, he is the person I admire the most in Qin Ye, he will definitely come back.”

Qin Ye closed his eyes and murmured in a firm tone, “If I were to take my life in exchange for Brother Dong’s return, I would be willing to do so.”

The words came out.

The hands pressing on Qin Ye’s temples stopped.

Zhang Yulan’s beautiful eyes contained tears as she said ruefully, “What about me?”

“Heh!”

Qin Ye pulled the corner of his mouth, not opening his eyes to look at Zhang Yulan, but sighed leisurely, “Do you know that he was the only person who gave me light when I was in the dark? If it weren’t for him, I would have died a thousand times over, how would I have had this sinful relationship with you?”

Chapter 622

The next morning.

Elder Long and Qin Ye, who had rested overnight, woke up early and walked into the study unannounced.

The two looked at each other and smiled at the same time.

“You guys are awake so early?”

Fan Lu, who was staring unblinkingly at the computer, said in surprise.

“Nothing, I’ve had enough sleep.”

Long Lao yawned and looked at Fan Lu but froze, “Xiao Lu, why are your eyes so red and swollen?”

Hearing that.

Fan Lu instantly panicked.

She hurriedly looked at herself in the mirror and then said incoherently, “It’s alright, it’s just like this when I stay up late.”

Long Lao smiled indifferently, “Go and rest first.”

When Fan Lu left.

Long Lao sighed helplessly, and Qin Ye, who was beside him, said despondently, "Sister Xiao Lu, I don't know how long I cried last night."

What was going on with Fan Lu's red and swollen eyes, they both could see.

It was just that at times like this, it was no good to poke holes in it directly.

The two of them sat down in front of the computer and sifted through all the "useful" information Fan Lu had collected.

The final result was a bummer.

The useful information that Fan Lu had compiled was, in the eyes of both of them, almost dispensable.

It was inconclusive!

Both of them leaned back in their chairs at the same time.

Qin Ye said with some irritation, "The city forces, even Lord Meng's side is helping, as well as the Qin family in Xishu, the Zhang and Chu families in Kyoto, and even the Clear Shadow International overseas, and the Chen family's intelligence forces, how come they just can't find out where Dong is? Even give us a hint of where he is!"

Three days of nothing.

This endless situation of not seeing any hope almost drove Qin Ye crazy.

"There must be a way, there is no perfect crime."

Elder Long's gaze was firm, "To injure Kunlun like that, the other party is either prepared or an expert in the field, it will definitely be troublesome for us to track it down."

Qin Ye scratched his hair in annoyance, "Isn't the mysterious person you guys are talking about suspected to have been snooping around Dong? Why the hell did he not move this time, could he be the one who moved?"

A single word instantly caused Elder Long's gaze to drift, hesitating.

If it was before, he would definitely believe Qin Ye's guess.

But the Desert North trip, if it wasn't for the mysterious man's divine army descending, the three of them would have had to die in Desert North.

With this incident in mind, even Elder Long could not be sure if it was the mysterious man who had done it.

At this very moment.

Elder Long's phone rang.

"It's from Lone Wolf."

Elder Long spoke to Qin Ye in a sullen manner.

Qin Ye's expression was abruptly gloomy to the extreme.

Lone Wolf was guarding Kunlun at the hospital, now he suddenly called, it must be about Kunlun.

Without waiting for Qin Ye to urge, Elder Long had already picked up the phone.

"Elder Long, Brother Kunlun has woken up!"

Boom!

The voice of Lone Wolf on the phone was like a thunderbolt from a clear sky.

It instantly made Elder Long ecstatic as he stood up with a start and laughed excitedly, "Really? Fine, fine, fine, we'll come over right away!"

He hung up the phone.

Elder Long almost jumped up, as soon as Kunlun woke up, they would be able to inquire about what had actually happened that night.

This was the only clue they had been waiting for!

It was just that Kunlun had been given critical illness notices time and time again, as well as Dean Liu's words, which had made Elder Long and Qin Ye despair long ago.

But to their surprise, the peaks and valleys turned around.

Kunlun had actually regained consciousness through his own tenacity!

"Awake, awake, Kunlun

In his excitement, Elder Long was even a little incoherent.

Qin Ye's eyes shone brightly and he immediately got up, heading out with Elder Long.

Lijin Hospital.

Outside the ICU intensive care unit.

Lone Wolf and Lin Lingdong were waiting with baited breath.

When they saw Elder Long and Qin Ye who came running wildly, their eyes shone brightly.

“Elder Long and Qin Ye, wait for a moment, Dean Liu and the others are examining Brother Kunlun inside, we have to get his permission before we can go in.”

Lone Wolf stopped the way of the two and admonished.

“Good, good, no rush, no rush, it’s good to be awake, it’s good to be awake.”

Elder Long rubbed his hands fiercely in excitement and sighed, “This kid is damn tough! Even the King of Hell doesn’t dare to accept him, hahaha

Looking at the ancient old man Long laughed like a child.

Qin Ye, Lone Wolf and Lin Lingdong also laughed.

This was, for the past three days, the only good news!

It was also that everyone laughed out from their hearts.

Soon.

The main door opened.

Dean Liu walked out.

Elder Long and the others hurriedly greeted him.

Dean Liu took off his mask and exhaled heavily, with a look of shock still remaining on his face.

“It’s really a miracle, a big miracle! He really did pull through on his own with one breath, the first time I’ve encountered someone with such a tenacious life force in all my years in medicine!”

After Kunlun was admitted to the hospital, it had been President Liu personally leading the treatment.

Therefore, Dean Liu knew more about Kunlun’s condition than anyone else.

Even the one sickness notice that was handed out was already a decision he made after considering the emotions of Elder Long and the others.

The real situation was far more desperate than that one sickness notice!

“Dean Liu, can we go in and see Kunlun now? Can he talk now?”

Elder Long asked as he opened the door.

Kunlun had awakened and was the only chance to obtain clues about Chen Dong.

For three days, Chen Dong’s whereabouts were unknown, as if the stone had sunk into the sea.

As for the causes and consequences, even after using all the power to investigate, nothing could be found.

At this juncture, there was no longer any time for Elder Long to consider the wording.

“Yes, but he is in an extremely weak state, I suggest you finish in three or two sentences, otherwise it is likely that he will run out of strength, and that would be troublesome.”

Dean Liu knew the urgency of the matter and could only agree to it with a frown.

“Three or two sentences?”

At those words, Elder Long and the others all froze.

How could Kunlun possibly give a clear account of what happened that night in just three or two sentences?

Dean Liu said solemnly, “Chen Dong is my niece-in-law, I also hope that he returns unharmed, but Kunlun is my patient, I have the responsibility to take care of his condition, it is already a miracle that he woke up, now all his strength has to be used to compete with death, three or two sentences, is the limit!”

“Good, Qin Ye come in with me.” Elder Long nodded solemnly.

Being able to say three or two sentences was better than not saying a word at all!

Dean Liu turned around solemnly and led Elder Long and Qin Ye to make preparations.

Elder Long was in a hurry, following closely behind Dean Liu.

Qin Ye, on the other hand, fell at the end, and as he was about to step into the ICU door.

His mobile phone suddenly rang.

As soon as he looked at the phone, Qin Ye's brow furrowed.

It was clearly Zhang Yulan calling.

"Kid Qin, hurry up!"

Elder Long, who was walking in front of him, urged.

"Coming right away."

Qin Ye answered and then pressed the answer button.

As soon as the phone was connected.

Without waiting for Qin Ye to speak, Zhang Yulan cried out.

"Qin Ye, something has happened, Little Shadow has been robbed, and Sister Xiao Lu has fainted from her injuries."

Winner Takes All Chapter 623-624

Chapter 623

Boom!

Over the phone, Zhang Yulan's wailing was like a bolt from the blue.

Qin Ye froze on the spot and stared in anger.

An unspeakable sense of panic crawled through his heart.

One second he was immersed in the joy of Kunlun, and the next there was such terrible news.

It was really heaven one second and hell the next!

In an instant, overriding killing intent was released from Qin Ye's body.

Lone Wolf and Lin Lingdong clearly felt this killing intent and instantly felt like they had fallen into an ice cave, their bodies were cold.

On the mobile phone, Zhang Yulan was still crying and howling, helpless to the extreme.

“What should I do? What should I do? You have to come back!”

“Okay, I’ll be right back!”

Qin Ye hung up the phone and glanced back at Lone Wolf and Lin Lingdong, “You guys help take care of Elder Long, I have to leave for a while for something urgent.”

He did not intend to tell Elder Long about the matter immediately.

It was because Elder Long also had important things to do.

Kunlun had awakened, and he held the clue to finding Chen Dong in his mouth.

If he missed it now, a minute later, Chen Dong might be in a bit more danger!

Blessings are not always followed by disasters.

Who could have predicted that just now, when the house was fine out, just on the way to Lijin Hospital, a fire started in the backyard?

Behind the ICU gate.

Long Lao had finished disinfecting under the guidance of Dean Liu.

When he looked back, there was no sign of Qin Ye.

He was instantly stunned, “Where is Qin Ye?”

“Elder Long, Qin Ye has left on an urgent matter.” Lin Lingdong said.

Elder Long’s eyes instantly exploded with a brilliant aura, and his brows knitted together.

An ominous feeling of foreboding swept through his heart.

“Elder Long, if you want to go in, you have to do it quickly.” Dean Liu reminded.

Elder Long took a deep breath, gritted his teeth and turned to follow Dean Liu into the ICU.

On the other side.

After Qin Ye hurriedly left the Lijin Hospital, he drove all the way towards the Tianmen Mountain villa area in a lightning speed.

The car quickly weaved through the traffic and ran the red lights as usual.

In his ears, it was as if Zhang Yulan's cries were still echoing, making it difficult for Qin Ye to maintain his composure and his whole body was in disarray.

The kidnapping of Gu Qingying was like a sharp sword against his throat.

Chen Dong's whereabouts had not yet been found, and now something had happened to Gu Qingying.

This made Qin Ye feel like the sky was collapsing.

The wind sped back to Tianmen Mountain Villa.

A crunch!

A tail-drift dashed into the villa garden.

Qin Ye got out of the car and immediately rushed into the house.

When he entered the garden, the iron gate at the garden gate was knocked down, causing his heart to sink to the bottom completely.

The other party had obviously come to rob someone blatantly!

Rushing through the villa area gate and then ramming through the villa gate again, with no thought of acting stealthily at all.

These were people who were vicious and had no scruples!

At the entrance of the villa, there was also an ambulance parked.

At this moment, there were already a dozen people standing in the villa.

It was the villa's property manager and security guards, who were cooperating with the medical staff to save Fan Lu.

When Qin Ye squeezed into the crowd, he happened to see Zhang Yulan sitting helplessly on the ground, sobbing as her face was lost in blossom.

He did not go forward immediately, but turned around and walked over to the stretcher.

Once he saw the extent of Fan Lu's injuries, Qin Ye's eyes burst with anger.

At this moment, Fan Lu was unconscious, and her chest was stained with a large amount of crimson blood, which was incomparably oozing.

Fan Lu's face was as pale as paper.

There were seven or eight stab wounds visible to the naked eye.

“Doctor, how is she?”

Qin Ye asked in a deep voice, trying desperately to restrain his anger.

“The situation is not optimistic.” The doctor returned in a sullen voice.

The words had just fallen.

Qin Ye then felt someone hug him from behind.

Immediately after, Zhang Yulan’s helpless cry rang out, “Qin Ye, I’m so scared, I’m so scared, it’s all my fault for being useless, Sister Xiao Lu was injured because she protected Xiao Ying and I. These stab wounds were all blocked by her for me and Xiao Ying.”

Qin Ye smiled sadly.

Of course he knew that.

Fan Lu’s skill was a terrifying existence that was the twentieth on the Hidden Kill Organisation’s Death Ranking.

If he was really alone, even dozens of professional killers would not be a match for Fan Lu.

Unless he had to protect Gu Qingying and Zhang Yulan, he would have been constrained at every turn, taking all the knives he shouldn’t have taken and being injured like this.

“Sir, we are already doing our best to rescue them.”

The property manager guiltily bowed his head to Qin Ye.

Qin Ye shook his head, not meaning to blame.

In broad daylight, swinging open the car door and rushing into the villa area to rob people, this was a group of brazen bandits.

Even if the security guards in the villa area were elite, they would not be able to stop a group of bandits.

After the ambulance and the security guards had all left.

Only then did Qin Ye turn around and soothe Zhang Yulan, who was crying like a tearful person.

“Don’t cry anymore.”

He raised his hand to wipe away the tears from the corners of Zhang Yulan’s eyes, but perhaps she was too badly frightened, Zhang Yulan looked terrified at this moment, and her tears still kept flowing down.

“Tell me, what exactly happened?”

Qin Ye swept Zhang Yulan into his arms and patted her back while asking in a deep voice, “These people dared to do this, they must have come with a purpose, otherwise they wouldn’t be so vicious.”

Now that Chen Dong has disappeared, the other party has clearly rushed into the villa and kidnapped Gu Qingying.

If he couldn’t guess what was going on here, Qin Ye wouldn’t have to be in the business.

It was just that there were a lot of people just now, so he did not ask straightforwardly.

Zhang Yulan’s delicate body trembled as she sobbed and extricated herself from Qin Ye’s arms, and with a trembling right hand, she pulled out an envelope from her jeans bag.

“This is what those people left behind, they came quickly, there were a dozen of them, after rushing into the villa, they entered the door and cut, after cutting down Sister Xiao Lu, they kidnapped Xiao Ying, Sister Xiao Lu took so many stabs in order to cover our retreat, but Xiao Ying was pregnant, we both didn’t have time to run out of the villa, we were already stopped.”

Qin Ye took the envelope, the top of which was still stained with blood.

He couldn’t help but breathe a sigh of relief, it was a good thing that Zhang Yulan hadn’t taken this envelope out even when she was in a state of panic just now, otherwise things would have been out of control.

Just as he was about to open the envelope.

Zhang Yulan suddenly sobbed and said, “I heard those people say, well, it seems like they are Chen Tianyao’s people.”

The Chen family?!

Chen Tianyao?!

Qin Ye's hands that were holding the envelope trembled violently.

He hurriedly opened the envelope, and when he took a look at the contents of the letter, he was instantly dumbfounded.

The letter read: Tell Chen Dong that if he wanted his wife and child to live, he should immediately withdraw the assassination mission of the Darknet Hidden Kill Group and come to pick up his wife and child in person at eight o'clock tonight, or else his body would die twice!

The signature was clearly Chen Tianyang, and incidentally there was an address at the end.

After reading the content, spare Qin Ye, his breathing became sharp and ragged.

His neck thickened.

His face was full of depression and anger.

"Exposed? How did it get exposed so quickly?"

Qin Ye looked at the contents of the letter with disbelief, Chen Tianyang's words clearly meant that he had discovered the assassination mission of the Darknet Hidden Kill Group.

However, this matter was extremely secretive when Chen Dong first did it, even when he went to the Desert North King's Landing Group, only the three of them, Chen Dong, Elder Long and Kunlun, went there secretly.

He knew that it was only after Chen Dong disappeared that Long Lao told him.

But even if Chen Tianyang had found out the end, it should have been directed at the Desert North King's Landing Group, so how come the gun was instantly pointed this way?

What exactly happened in it?

"Qin Ye, what should we do now?" Zhang Yulan asked in fear.

"Heh! Brother Dong is not here."

Qin Ye pulled the corner of his mouth and smiled bitterly, taking out a lighter and lighting the letter paper while saying coldly, "My sister-in-law and my eldest nephew have been kidnapped, so I, as a brother, have to go on Brother Dong's behalf!"

Chapter 624

Night falls.

The autumn breeze is sluggish.

Inside the Tianmen Mountain villa, the atmosphere was gloomy.

Qin Ye was sitting on the sofa, quietly smoking a cigarette, and in the cigarette jar in front of him, there were already cigarette butts stuck all over.

The air was filled with the thick and unpleasant smell of smoke.

Zhang Yulan sat on the side, her pretty face still remaining frightened, her hands clenched together, rubbing the corners of her clothes incessantly.

Every now and then, her eyes looked towards Qin Ye.

“Do you really want to go?”

Zhang Yulan gritted her teeth and finally broke the dead silence in the living room, “Maybe we can still discuss it with Elder Long.”

The scene of those people rushing into the villa and slashing indiscriminately was still like a nightmare at this time, constantly floating in Zhang Yulan’s mind.

Ever since she was a child, she had never experienced such a bloody and horrible scene.

Her heart was about to jump out of her throat at the thought that Qin Ye would have to face those people later on.

“It’s useless.”

Qin Ye stubbed out his cigarette and said calmly while pulling out a cigarette from his cigarette case, “Dong is missing and Chen Tianyang named him to pick up personally, even if we withdraw the mission to assassinate Chen Tianyang now, he won’t let it go.”

“But is it useful for you to go?”

Zhang Yulan suddenly whistled shrilly, the emotions she was holding back bursting out at this moment, her beautiful eyes swishing red, “Those people are capable of killing, they don’t take human lives seriously at all! You even know that Chen Tianyang has named Dong to go, what’s the use of you going now?”

Snap!

Faced with Zhang Yulan's tearful shrill whistle, Qin Ye acted unusually calm and slowly lit his cigarette.

Taking a deep puff, he exhaled the thick smoke at the same time.

His gaze became determined.

"It works!"

Slowly turning his head, he looked at Zhang Yulan and smiled evilly, "I'm going, of course, to pick up my sister-in-law and take her home!"

"But"

Zhang Yulan's expression choked, suddenly thinking that Qin Ye had gone out alone in the afternoon, in a flash she was shocked, looking at Qin Ye's calm and evil smile.

She clearly felt a decisive death wish!

Zhang Yulan's heart jerked hard and her voice trembled as she said, "You, what are you going to do? You went out this afternoon, what did you go for?"

The questioning voice caused Qin Ye to freeze.

Subconsciously, his left hand was placed to his waist.

This subtle movement was clearly captured by Zhang Yulan.

In an instant.

Zhang Yulan's gaze froze and as if she had gone mad, she pounced on Qin Ye and reached out to lift Qin Ye's clothes.

Qin Ye was caught off guard and the two instantly twisted into a ball.

"What the hell are you hiding?"

"Qin Ye, you madman, what the hell are you planning to do?"

"Qin Ye, let me see, let me see."

.....

With a shrill, harsh roar, Zhang Yulan desperately tried to lift Qin Ye's clothes.

But Qin Ye held it down with a deadly grip and tangled with Zhang Yulan.

Suddenly, hostility surfaced on Qin Ye's face.

Slap!

He backhanded a slap directly onto Zhang Yulan's face.

The pain was so severe that Zhang Yulan let out a miserable cry and staggered onto the sofa.

For a moment, Zhang Yulan's eyes were hazy with tears, and the hot and sharp pain on her face caused her to slump on the sofa, motionless and lost in a trance.

"It's none of your business what I do!"

Qin Ye glared indifferently at Zhang Yulan, fiercely slammed the cigarette on the ground, turned around and walked away.

As Qin Ye turned around, Zhang Yulan's gaze gradually regained focus.

She sat up and looked at Qin Ye, who was determined to leave, and wailed heartily, "You don't even care about me for the sake of your brother, are you going to leave me a widow?"

With the word "widowed", Qin Ye, who was about to walk out of the villa, stopped abruptly.

Inside the villa, there was silence.

On Qin Ye's cold, evil face, there was finally a change, his expression was complicated, and his eyes gradually rippled.

"Heh!"

With a snort of laughter from Qin Ye, the dead silence within the villa was broken.

"I am a patricide, how dare I mess with the girl's fame?"

In the next second, Qin Ye turned around abruptly and knelt towards the ground.

Bang Teen!

His knees hit the floor with a heavy thud.

At the same time, it also caused Zhang Yulan's delicate body to tremble, smashing against Zhang Yulan's heart.

Zhang Yulan's eyes were hazy with tears as she raised her hand to cover her red lips, at this moment, her heart ached so badly that her tears were even more like a broken river, gushing out.

"The name of the girl, not bearing my name, how can we talk about widowhood?"

Qin Ye pensively knelt straight on the ground, his eyes full of red bloodshot looking at Zhang Yulan, but the smile on his face was growing, poignant and determined: "It is I who have negatively affected the girl, so I am kowtowing to you to thank you."

The moment the words came out, Zhang Yulan was instantly struck by lightning and was dumbfounded on the spot.

Her beautiful eyes were rounded and she looked at Qin Ye incredulously.

The sound of laughter echoed.

While Qin Ye's face was filled with a smile, without hesitation, he heavily kowtowed his head on the ground.

Dang!

Thud!

Thud!

Each time his head hit the ground, it was like a heavy hammer, viciously smashing against Zhang Yulan's heart.

Her delicate body trembled and she had already turned into tears.

Qin Ye's words and actions were like a red-hot sharp knife, lingering on her body.

How could he be so desperate?

Zhang Yulan covered her mouth and forced herself not to cry out.

The eyes, blurred by tears, always gazed above the figure in front of the door.

But the tears were so raging that the figure became more and more blurred.

Vaguely, she saw the figure stand up and, without hesitation, turn around decisively and leave in strides.

When Zhang Yulan raised her hand in a panic to wipe away the tears on her eyes, Qin Ye had already disappeared from sight, while outside, in the garden, the roar of a car engine rang out at the same time.

“Qin Ye

In the villa, a shout that tore Zhang Yulan’s heart to pieces echoed violently.

Gradually, the villa fell into dead silence.

Zhang Yulan sat painfully on the sofa, her shellfish teeth clenching her red lips, no matter how much she endured, but tears still kept coming out of her eyes.

Qin Ye’s desperation had cut her heart like a knife.

But at this moment, as Qin Ye left, Zhang Yulan’s mind gradually calmed down.

When she struggled to lift Qin Ye’s clothes, she was stopped by Qin Ye’s slap, but when she fell down, she still saw a little something under the corner of her clothes.

That thing, gave her a feeling of déjà vu.

“What the hell is it? What the hell is it?”

Zhang Yulan was so anxious that her silver teeth had bitten through her red lips, and the slightest bit of blood seeped out.

Suddenly.

Zhang Yulan’s mind exploded and her whole body froze.

She thought of what it was!

Although she had little experience, she had seen the movie.

The scene in the movie was the same as the thing Qin Ye had strapped around his waist.

“Explosives!”

At this moment, Zhang Yulan panicked, her beautiful eyes full of tears instantly rounded up, “He wasn’t there to save people, he was there to trade lives, damn it, damn it, this bastard!”

In her panic and anxiety, Zhang Yulan slammed the sofa indignantly.

After reacting, she no longer cared about Qin Ye's desperation towards her just now.

In fear and panic, Zhang Yulan took out her mobile phone with trembling hands and dialed Long Lao.

As soon as the call was answered.

Zhang Yulan cried out, "Elder Long, Little Shadow has been taken away, Qin Ye him, he's going to trade his life!"

Winner Takes All Chapter 625-626

Chapter 625

The night was as dark as ink.

The sky was drizzling with rain.

The car sped along the road, weaving through the traffic, heading towards the address left on the letter.

Qin Ye drove the car, his hands clutching the steering wheel.

His eyes, red with tears, were filled with determination.

A dense sense of death filled the car.

He thought back to the way Zhang Yulan had bawled in the Tianmen Mountain villa.

Qin Ye pulled the corner of his mouth and smiled sadly, "I'm sorry lah, I failed you, but Brother Dong is the only person who has ever given me light in the darkness, without him, I wouldn't be where I am today, and my life was saved by him time and time again."

"Although I, Qin Ye, am a patricide, I know how to be grateful. When Brother Dong disappeared and my sister-in-law was arrested, I, as a younger brother, should have gone to save my sister-in-law. If I didn't even protect my sister-in-law when Brother Dong was away, how will I face him when he returns?"

It seemed to be a murmur, but it also seemed to be an explanation made to Zhang Yulan from afar.

The forlorn smile on his face grew thicker and thicker.

Qin Ye lowered his head, slowly pulled up his shirt, looked at the explosives wrapped around his waist, and once again murmured, "Silly girl, if I can come back this time, I will marry you."

The words were as low as a mosquito's whisper.

But inside the car, it was like loud thunder, resounding.

When Qin Ye raised his head again and gazed ahead, his expression was cold to the extreme, his eyes determined, without the slightest ripple.

He switched on the car radio.

It so happened that the radio station was playing 'Heaven's Will'.

The melodious tune, with a thick and magnetic voice, unfolded.

"Perhaps this is the will of heaven."

Qin Ye gently patted his waist with his left hand and slammed the throttle to the bottom with his right foot.

Huisen Mountain Resort.

A mountain resort located in the near suburbs among the mountains and forests.

It was remote and secluded, and not conspicuous among the many mountain villages in the city.

At this moment, there was a villa in the villa.

The lights were on.

Chen Tianyang was sitting quietly in his wheelchair, a cigarette in his hand, smoke lingering.

Even though he was sitting in silence, his gaze was still mad and bloodthirsty, with no sense of calm.

Behind him stood eight slave guards, and around the villa, there were more than thirty more slave guards arranged.

This was all the close slave guards he could muster when he left the Chen family, and it was also the only force he used to defend himself against the assassination of the Hidden Murder Organisation's assassins.

Before, if this was all the protection he had, Chen Tianyang would have been in a state of panic and his mind would have been unsettled.

But now, he suddenly looked down on it.

At this moment, Chen Tianyang had nothing to worry about once he thought of the scene that was about to occur.

Life and death were indifferent, and he would do it if he didn't take it.

As long as he could kill Chen Dong, he would be able to rest in peace even if he died.

On the sofa not far away, Gu Qingying was tied up and sitting against the sofa, and even his mouth was taped shut, unable to make a sound.

At this moment, Gu Qingying was in an incomparable state of disarray.

Her eyes were red, still tinged with fear and lingering tears.

On her face, there was some redness and swelling, and fingerprints could be vaguely seen floating up.

It was from Chen Tianyang's beating!

She tried to struggle, but with the five flowers tied up, she could not break free at all.

"Tsk"

Chen Tianyang's gaze landed on Gu Qingying's body and smiled teasingly, "That wild bastard Chen Dong is really lucky to be able to marry a beautiful woman like you."

As he spoke, his gaze was undisguised, with a strong lust, invading Gu Qingying up and down.

At once, Gu Qing Ying was so frightened that she lost her face and let out a "whimper" from her mouth.

Chen Tianyang shook his right hand with the cigarette in it: "Don't worry, I'm not interested in women who are pregnant."

At these words.

Gu Qing Ying secretly let out a sigh of relief and gradually calmed down.

But the next second.

Chen Tianyang's hideous cold smile instantly sent Gu Qingying's soul into a frenzy.

He sneered, "But these servants and guards of mine shouldn't care about whether you are pregnant or not."

Boom!

Gu Qingying was struck by lightning and tears burst from her eyes.

In panic, she suddenly got up and ran outside.

But as soon as she got up, she was immediately pinned down on the sofa by a servant and guard.

Gu Qingying screamed and struggled desperately.

At this moment, her body was cold, tears were flowing, and she was desperate to the extreme.

Baby, husband

In the midst of her struggle, Gu Qingying's eyes suddenly appeared determined to die.

Slap!

Chen Tianyang waved his hand and slapped Gu Qingying on the face.

The pain on her face could not cover up the despair and fear in her heart.

She tried to curl up into a ball, the blood gushing out of her throat, which was unable to be spat out because of the tape, and she was choked up and coughed violently.

Snort!

Chen Tianyang signaled his slave to rip open the account on Gu Qingying's mouth.

"Poof!"

The blood that had already built up in her mouth spurted out at once.

Gu Qingying's eyes tumbled with endless hatred as she stared deadly at Chen Tianyang, gritting her teeth and saying, "Even if I die, I won't let you get away with it, my husband will definitely kill you and make you die without a burial place!"

"Oh, I was going to die without a burial place, still afraid of your husband's wild son?"

Chen Tianyang looked hideously mad as he rose up, his face full of a fierce smile, "But don't worry, if Chen Dong doesn't come, I won't let these servant guards do anything to you yet, after all since I want to take revenge, it has to be painful and quick, how can I let that wild bastard Chen Dong witness the big show? "

Finished saying.

Chen Tianyang smiled fiercely and raised his right hand, slowly pointing at each one of them.

“One, two, three

Gu Qingying did not care to pay attention to Chen Tianyang’s counting, but instead froze on the sofa.

Did he not know that Chen Dong had disappeared?

Then who exactly would come later?

At this time, Chen Tianyang finally finished counting, he raised his hands and put them in front of his face, pretending to be frightened and said, “My God, there are more than 40 of them, can you stand it? This is a big show!”

The insult was undisguisedly playful.

It was like countless sharp needles piercing Gu Qingying’s eardrums.

Gu Qingying instantly exploded.

Her eyes rounded and she hissed hideously at Chen Tianyang, “You’re shameless!”

“Hey, I’m still shameless, why didn’t you call your husband shameless when he issued the mission to kill me in the Darknet Hidden Kill Organization?”

Chen Tianyang was unperturbed and was full of a smug smile, “That bastard Chen Dong is so shameless, I surely can’t lag behind ah, you prepare well, more than forty people, your child will definitely not be saved, you prepare, you can probably still live, when the time comes, I can still be merciful and let you and Chen Dong hug together when you die.”

Gu Qingying’s delicate body trembled, and her eyes, red with tears, were filled with anger and killing intent.

She had never felt such a strong urge to kill someone before.

No, even she had never had such a paranoid thought of killing desire for anyone.

But now, she hated to skin Chen Tianyang!

Boom, boom

At this time, outside the villa, a roar of car engines came.

A slave escort ran in and reported, "Young Master Tian Yang, Chen Dong is here."

Chapter 626

Chen Dong?

On the sofa, Gu Qing Ying was shocked in her heart.

"Damned wild bastard, finally here."

Chen Tianyang smiled fiercely and rubbed his chin, his gaze slanting to the left and right with murderous intent.

The content of the letter he had left behind was written very clearly.

Chen Dong had withdrawn the Darknet Hidden Killers' mission to assassinate him, and had personally come to fetch Gu Qingying.

But no matter what the final result was.

Chen Tianyang had no intention of returning to the Chen family alive on this trip.

Whether Chen Dong withdrew or not the mission of the Darknet Hidden Kill Group, when he learned that the mission of the Hidden Kill Group was issued by Chen Dong, he no longer cared.

What he wanted was Chen Dong to die!

When people are broken and at the end of their rope, what they want is no longer to live, but how to die together.

Just.

When the person outside the house, slowly walked into the house.

Chen Tianyang froze at once.

He looked at Qin Ye who walked into the house in dismay and chided incredulously, "How is it you? Where is that wild bastard Chen Dong? I asked him to come over personally, you guys are fucking playing with me?"

In an instant.

Chen Tianyang brazenly pulled out a pistol, quickly loaded it and aimed it directly at Gu Qingying.

The killing intent was overwhelming and raging.

In his fury, Chen Tianyang's face even showed a crazy and hideous look.

What he wanted was Chen Dong's life!

Not the life of a random cat or dog!

As Chen Tianyang drew his gun.

The forty or so servants and guards suddenly drew their swords.

In an instant, the room was filled with cold flashes of light.

The killing intent filled the entire living room, like a mane like a sword, making people's bones shiver.

Qin Ye stood in the doorway with a cold expression, calmly looking at Gu Qingying.

At this moment, Gu Qingying, too, looked at Qin Ye in astonishment.

How could she not have expected that Qin Ye would actually come over!

"Sister-in-law, I've come to pick you up and take you home."

Qin Ye smiled faintly.

"You shouldn't have come."

Gu Qingying tightly obliterated her red lips, her delicate body trembling as she cried in despair, "They are a bunch of shameless lunatics, you will die if you come!"

She was already prepared to die.

But Qin Ye's arrival again made Gu Qingying panicked and apprehensive.

This was going to send one more human life!

"Hehe"

At this time, Chen Tianyang suddenly sneered as he slowly pointed his gun at Qin Ye: "Who the hell are you, since you're here, wait for me, call Chen Dong to come over immediately or die here!"

Qin Ye looked indifferently at Chen Tianyang and shrugged, "Brother Dong won't come, I'm the only one who can come today."

What?!

With a single word, it instantly caused Chen Tianyang's face to change drastically, his anger tumbling and his features almost twisted.

Almost simultaneously.

The two slave guards standing beside Qin Ye simultaneously wielded their swords and rushed towards him.

The sudden scene scared Gu Qingying into a scream.

Qin Ye, however, had a cold light blast in his eyes.

His body shifted sideways and kicked one of the slave guards in the stomach, and as the slave guard bent over with a scream, he stepped forward and snatched the long knife from the slave guard's hand.

Poof!

The long knife brought up a large amount of fresh blood.

It burst onto Qin Ye's face, instantly turning Qin Ye's aura into a terrifying bloodthirsty one.

Lightning flashed.

"Qin Ye beware!"

Gu Qingying, who was terrified, let out a cry.

As if he had expected this, Qin Ye turned around brazenly and swung his long knife violently in his hand.

Poof!

Blood sprayed out.

The two slave guards fell to the ground in a pool of blood almost simultaneously.

"Damn it, kill him for me!"

Chen Tianyang's features were twisted and he looked like a madman.

The words had not yet fallen.

The surrounding slaves and guards immediately pounced towards Qin Ye like a tidal wave.

The long knives in each of their hands were all glowing with a bone-chilling coldness.

When they fell together, they would be enough to instantly cut Qin Ye into meat paste.

Gu Qingying was so frightened that her face turned pale and her whole body was dumbfounded.

However, in the face of the magnificent, killing intent crowd.

Qin Ye was lofty and unmoving, the corners of his mouth curled up in a disdainful smile.

The next second.

When clanging

He directly threw the long knife in his hand on the ground and then lifted his clothes.

When the explosives were revealed, everyone present was dumbfounded.

The tide of people who had been rushing towards Qin Ye instantly stopped, and each of the slaves and guards stared at Qin Ye in horror.

Even Chen Tianyang's face changed drastically and his pupils tightened.

"Come on!"

Qin Ye's face was steeply fierce, his eyes scarlet, as if he was a lion raging to death, and he roared sternly, "If I dare to come, then I dare to die! I want to take my sister-in-law away today, and whoever dares to stop me will die together!"

While roaring, Qin Ye's right hand directly grabbed the fuse of the explosive.

Silence.

The originally noisy living room was suddenly plunged into dead silence.

The raging killing intent that filled the living room quietly turned into a thick, great fear.

Everyone was in the living room.

The explosives on Qin Ye's waist, once detonated, were enough to instantly send everyone to the road to yellow spring.

Snapping snapping

Qin Ye straightened his back, grasped the fuse with one hand, and slowly walked towards Gu Qingying with unhurried footsteps, as if he was walking at leisure.

His face was full of a blazing cold smile, and there was a crazed look between his brows.

At this moment, Qin Ye's aura was like that of a great mountain, crushing the entire field, making everyone not dare to step forward.

Even, as he stepped forward.

The few servants and guards who were a little closer to him even stepped back quietly in fear, making way for Qin Ye.

The pounding death intent emanating from Qin Ye's body made everyone have no doubt about the truth of Qin Ye's words.

This madman in front of them really dared to detonate the explosives!

"Do it, all of you fucking do it for me!" Chen Tianyang roared in anger.

But the forty or so servants and guards were terrified and chilled, but none of them dared to go near Qin Ye.

Sitting in his wheelchair, Chen Tianyang struggled furiously to get up, but the pain from his injuries caused him to sit heavily on his buttocks, and he immediately raised his gun and pointed it at Qin Ye.

"Who the hell are you scaring? Do you think I'm scared? Do you believe that I'll shoot you to death?"

"Exactly, you're not afraid of death, I'm not afraid of death either, you shoot, I'll detonate, let's go to heaven together?"

Qin Ye's footsteps did not stop, his face was full of disdain, but in his eyes was an endless deadly intent, "I dare to come, I came to play with my life, you actually fucking threaten me with your life, stupid or not?"

As he spoke.

Qin Ye calmly sat down next to Gu Qingying.

“Qin Ye

Gu Qingying was terrified and confused, looking at Qin Ye with teary eyes.

Qin Ye glanced at Gu Qingying, his gaze was fixed, and while signaling Gu Qingying to shut up, he smiled faintly, “Sister-in-law, Brother Dong is not here, I, as a younger brother, will take you back!”

The words had not yet fallen.

Qin Ye picked up a knife on the table in front of him and directly cut the rope tied to Gu Qingying’s body.

From the beginning to the end, he was calm and collected, as if no one else was around.

Neither Chen Tianyang nor any of the forty or so servants and guards stopped him.

After untying Gu Qingying’s rope.

Qin Ye slowly turned his head to look at Chen Tianyang and said with a cold smile, “I even dared to kill my father, you shouldn’t still be doubting whether I dare to detonate this explosive, right?”

Chen Tianyang’s pupils tightened to the point of no return.

The pistol held in his hand, his index finger quietly fell on the trigger.

“Now I’m going to take my sister-in-law away, which one of you has a problem with that?” Qin Ye’s face was filled with a look askance cold smile as he swept across the entire room.

“You, do you really think I don’t dare to shoot? Old me isn’t afraid of death either!” Chen Tianyang narrowed his eyes, a crazy bloodthirsty light bursting out.

He hadn’t wanted to return to the Chen family on this trip!

Inside the living room, the smell of gunpowder was strong.

Killing intent was raging.

The silence was silent.

Even the sound of Chen Tianyang’s index finger slowly squeezing down the trigger of his pistol could be faintly heard.

Suddenly, one of the slave guards wailed.

“Young Master Tian Yang, our target is Chen Dong, we don’t want to die yet.”

This one sentence echoed through the living room.

Chen Tianyang’s index finger, which was about to snap down, gave a violent lurch.

The mad, bloodthirsty light in his eyes fiercely darkened.

The next second.

Bang!

Chen Tianyang slammed his pistol down on the table.

Then he stared at Qin Ye in an imposing manner, gritting his teeth and squeezing out a sentence from between them, “Fine then, I’ll gamble with you on your life! If you win, you take her away, if you lose, you die.”

Winner Takes All Chapter 627-628

Chapter 627

On this trip, although Chen Tianyang was prepared to not be able to return, and even came with the belief that he would die together.

But he was not stupid.

His target was Chen Dong, he wanted Chen Dong’s life!

Now Chen Dong hadn’t come.

Even if he killed Qin Ye and Gu Qingying, he would not be able to achieve his goal.

Even if Qin Ye detonated the explosives, it would only bury everyone present with him and do no harm to Chen Dong.

“Okay, how do I bet?”

Qin Ye asked calmly.

Chen Tianyang smiled fiercely, waved his hand, beckoned a slave guard and whispered a few words to him.

The slave guard quickly turned around and walked out of the living room and went to another house.

The living room.

The atmosphere was morose and silent.

However, Chen Tianyang's change of mind still made the dozens of slave guards look relieved and secretly breathed a sigh of relief.

Although they were slaves, they were also afraid of death.

What's more, it was because of Chen Tianyang's impulse that dozens of people were buried with him.

Gu Qingying sat on the sofa, terrified and uncertain.

Fear, worry and resentment were all intertwined.

It made her feel like she was on pins and needles.

If not for Qin Ye sitting beside her, she would have had the urge to rush out.

Even if she was shot to death, it would be better than what Chen Tianyang, the shameless beast, had said before.

But Qin Ye, from the beginning to the end, his expression did not change at all.

He settled down on the sofa, calm and collected, as if no one was watching.

That majestic intention to die was like a big invisible hand, strangling the throat of everyone present.

"That bastard Chen Dong, how could he have a little brother who is so willing to fight for his life like you?"

Chen Tianyang leaned back on his wheelchair and stared at Qin Ye: "You, the man who killed his father, are really a madman who is not afraid of death.

Beyond words, he also had the intention of bribing.

However.

Qin Ye, however, shrugged his shoulders and deflated his mouth with a smile, "Not much, he just gave me a few lives."

“You’re fucking playing me?” Chen Tianyang’s eyes glared as he snapped.

“I don’t play with men.” Qin Ye gave Chen Tianyang a contemptuous look.

At this moment.

The slave guard who had left earlier came back hurriedly holding a tray.

On top of the tray, there were three glasses of foreign wine.

In full view of everyone, the servant-guard placed the three glasses of foreign wine on the coffee table in front of Qin Ye, lining them up in order.

Qin Ye looked at the three glasses of foreign wine in front of him and frowned slightly.

Chen Tianyang smiled solemnly, narrowed his eyes at Qin Ye and pointed at the three glasses of foreign wine on the table, “Inside these three glasses of foreign wine, two of them are poisoned, choose one and drink it, and take her away if you don’t die.”

Boom!

The moment the words were spoken.

The terrified Gu Qingying’s delicate body trembled and her face changed dramatically.

She grabbed Qin Ye’s arm, “Qin Ye, you can’t bet!”

Three glasses of foreign wine, two of which were poisoned, the slightest mistake would result in poisoned wine!

Bang!

Chen Tianyang blatantly slapped his palm on the coffee table and angrily rebuked, “Gu Qingying you bitch, you won’t even let him gamble with his life, then damn it all to death here, Chen Dong Laozi will kill again every other day!”

Wild and domineering, crazy and ruthless.

It made Gu Qingying’s heart beat wildly.

But she, still, did not let go of Qin Ye’s right hand.

“Sister-in-law, it’s alright.”

Qin Ye twisted his head and smiled faintly at Gu Qingying as if comforting her.

Then it was time to twist his right hand and forcibly break free from Gu Qingying.

Looking at Qin Ye reaching for the wine glass, Gu Qingying's entire body was in a state of panic and disorientation.

Her red lips were mumbling and her eyes were hazy with tears.

But at this moment, there was nothing she could do but rely on Qin Ye.

Qin Ye's right hand landed on one of the cups, but he did not pick it up immediately, but raised his eyes to look at Chen Tianyang and the servant-guard who had brought the wine just now.

The next second.

Qin Ye's gaze snapped.

Both hands quickly grabbed the three cups of wine on the table and exchanged them back and forth.

This scene stunned Gu Qingying, and in an instant fear and despair enveloped his entire body.

Even the dozens of servant guards looked dumbfounded.

This guy, was he crazy?

Did he look at death so casually?

The whole room was in dead silence.

Qin Ye's movements jerked and his right hand quickly grabbed one of the glasses of foreign wine.

With a determined and firm gaze and a ruthless expression, he tilted his head and drank the wine from the glass in one go.

Bang Teen!

Qin Ye casually threw the glass of wine onto the paved carpet.

At this moment, everyone held their breath.

Gu Qingying even raised her hand to cover her mouth, almost screaming out.

Chen Tianyang, on the other hand, smiled and raised his right hand, looking at the watch on his wrist.

Time passed slowly.

In the living room, it was always as if it was standing still.

As each second passed, the smile on Chen Tianyang's face disappeared and was replaced by a strong sense of anger and horror.

When thirty seconds had passed.

Chen Tianyang gritted his teeth and reluctantly lowered his right hand.

And Qin Ye finally moved.

He lifted his right hand, wiped away the wine stain from the corner of his mouth and smiled wickedly, "I won the bet!"

At this moment, he was in full bloom and springing to life.

There was a world of difference from the angry, shocked and resigned Chen Tianyang in the wheelchair.

Immediately following, Qin Ye directly pulled Gu Qingying to his feet and walked towards the outside.

The atmosphere in the solemn living room was eerie.

Gu Qingying followed beside Qin Ye, trembling with trepidation, her footsteps faltering, her expression terrified as she kept looking around.

She was afraid that Chen Tianyang would suddenly turn against her and order these slave guards to come at her with their swords.

She could even feel Chen Tianyang's cold gaze behind her, like a mane on her back, making her body freeze and stiffen.

Finally.

When Gu Qingying followed Qin Ye out of the living room, the eerie coldness that surrounded her body dissipated quite a bit.

Finally was saved?

Gu Qingying's gaze drifted, somewhat lost in thought, and the scene before her eyes made her feel like a dream.

Suddenly.

"Sister-in-law, take my arm."

Qin Ye's low mosquito-like voice rang out.

Gu Qingying woke up with a start, and when she took a look at Qin Ye's face, she instantly lost her blossom.

At this moment, Qin Ye's face was blue and white, and his gaze was even a little dull, while at the corner of his mouth, crimson blood was like a sharp needle, viciously stabbing Gu Qingying's eyes.

Poisoned!

In an instant, Gu Qingying reacted.

Not daring to scream, she hurriedly raised her hand to hold Qin Ye's arm, her entire body pressed against Qin Ye's body.

Doing so, although it was too intimate.

But she was clear that at this moment, Qin Ye could only be held in such a position!

"Don't speak, don't shout, pretend that nothing is wrong, let's go"

Qin Ye held on strongly, his eyes staring straight at the McLaren sports car parked in the distance, clenching his teeth and forcing the blood that was churning out of his throat to slowly trickle out from the corners of his teeth and mouth.

Gu Qingying's face was pale and bloodless, and her body was weak.

But reason made her clench her teeth and brace herself to support Qin Ye with all her might, while still putting on an effortless look for Chen Tianyang and the others behind her.

If she showed the slightest sign of a breakthrough at this point, Chen Tianyang would definitely have everyone swarm her.

The leisurely stroll he took just now.

At this moment, he also became a step forward.

One step, one step, one step towards McLaren.

Gu Qingying's body was cold and even a little tingly.

She always watched Qin Ye's state as more and more blood continuously flowed out of Qin Ye's mouth.

Even though she could see that Qin Ye was already gritting his teeth and forcing himself to spit out blood, the blood that was gushing out continued to grow uncontrollably, silently already staining Qin Ye's chin and staining his white shirt on his chest.

Finally.

Amidst the torment, Gu Qing Ying assisted Qin Ye to walk in front of the McLaren.

"Get in!"

Qin Ye pushed Gu Qingying away, "You drive."

Then, he braced himself, opened the door and got into the car.

Meanwhile.

In the living room.

Angry and appalled, Chen Tianyang had been watching Qin Ye and Gu Qingying, who had left, from beginning to end.

When he saw the two walking to the car, he instantly exploded.

Bang!

Chen Tianyang kicked over the servant and guard who had just served the wine, acting like a madman and gnashing his teeth, "Didn't I fucking tell you to poison all three cups? You, you dare to go against my orders?"

He hadn't even thought of gambling with Qin Ye's life, he had only wanted to take Qin Ye's life!

But he never expected that Qin Ye would not be poisoned after drinking a cup of wine!

However.

The slave guard was the one who wailed in horror, "Young master, I listened to your orders and indeed poisoned all three cups of wine!"

What?!

Chen Tianyang, who was furiously about to kill the slave guard, was horrified, and in an instant, he roared and growled, "Bring them both back for me!"

Chapter 628

A command was given.

In an instant, dozens of slave guards, armed with swords like a tidal wave, rushed outside the house.

Chen Tianyang sat in his wheelchair, trembling.

Because of the anger and at the same time there was a hint of fear.

A man, who drank poisoned wine, could actually hold back the poison and leave peacefully?

How ruthless should this person be?

This is not a fucking human being at all!

The first of these is the McLaren.

The company's main business is to provide a wide range of products and services to the public.

Only just before she reached the car door, the sound of Chen Tianyang's roar rang out from inside the living room.

She looked up sharply and saw a huge crowd rushing over.

Gu Qingying was so frightened that her delicate body trembled and she hurriedly opened the car door and got into the car.

The car started up and the powerful engine roared like a wild beast roaring.

But at that moment.

Qin Ye's body on the passenger side trembled violently, his face swooshing white and bloodless.

"Poof!"

A large mouthful of blood spurted out, staining the front windscreen red.

The car was instantly filled with the rich smell of blood.

And with that, Qin Ye's body went limp and collapsed on the passenger seat.

"Qin Ye!"

Gu Qingying was stunned, and after coming back to her senses, she looked at Qin Ye in horror.

Outside, the sound of shouting and killing was deafening.

Qin Ye leaned back in his seat as if he was out of breath, blood flowing out of his mouth while pulling up the corners of his mouth and smiling, "Sister-in-law, are you trying to make me die for nothing?"

Boom!

A word that instantly brought Gu Qingying back to his senses.

Gu Qingying hurriedly put it in gear and blasted up the throttle.

When the McLaren roared and reversed out of the parking space, the rabble of slave guards had already rushed closer wielding long knives.

A ruthless look flashed across Gu Qing Ying's eyes.

The car's throttle was kicked, knocking over a few of the servants and guards, then quickly shifting gears and blasting the gas.

The McLaren shot off like an arrow from a string, leaving the forty or so servants and guards behind.

The difference between man and car.

The crowd of people stopped in their tracks in resentment.

The few servants and guards who had been knocked over by the car were now lying on the ground, screaming and wailing.

The McLaren sped off the road and out of the Huixen Hills.

It soon drove onto the highway.

Gu Qingying, however, did not relax.

Instead, she was breathing heavily, growing more and more tense and fearful.

Her eyes were staring straight ahead, but her delicate body was trembling non-stop.

“Qin Ye, hold on, I’ll, I’ll take you to the hospital now.”

The rich smell of blood stirred Gu Qing Ying’s nerves all the time, causing her to restrain herself from shedding tears, her voice trembling, “Why are you so stupid, why did you come, why did you drink the poisoned wine?”

“Big brother is not here, sister-in-law is in trouble, I should come!”

Qin Ye leaned on the seat, blood kept gushing out of his mouth, at this moment, it was as if his internal organs were burning up, his body had to convulse every now and then, “Chen Tianyang, won’t let us live, those three cups of wine are all poisoned, which one I drank would have killed me, fortunately, I, I held on

As he spoke, Qin Ye suddenly spurted out another mouthful of blood with a “poof”.

His body jerked twice, his head tilted to the side, and his eyelids fell, leaving only the whites of his eyes as the only slits were exposed.

“Qin Ye, Qin Ye!”

Gu Qingying shouted while reaching out to slap Qin Ye’s face, “Don’t sleep, don’t sleep! You hold on, we’re already on our way to the hospital, it’s going to be fine, don’t sleep!”

In fear, Gu Qingying no longer cared about anything else and pushed the accelerator hard to the bottom.

Qin Ye’s lack of response made her heart keep falling towards the bottom of the abyss.

The thick smell of blood that kept pounding into her nostrils was like a knife, cutting into her body fiercely.

This was a life exchange!

Qin Ye was exchanging his life for hers!

Suddenly.

Suddenly, Gu Qingying glanced at the corner of her eyes and saw a strong light in the rear-view mirror.

She jerked her eyes up to look and was struck by lightning.

In the rear-view mirror, a dozen cars, all with their bright lights on, had brutally occupied the entire lane and were chasing after the McLaren.

“It’s Chen Tianyao’s men?”

Gu Qing Ying instantly got a chill down her back.

But in the next second, her silver teeth ruthlessly bit her lip, which instantly cracked and dripped with blood.

The pain instantly made Gu Qingying keep her composure.

She gripped the steering wheel with both hands and throttled down.

Run!

To get Qin Ye to the hospital, to escape!

For her and Qin Ye to survive, even more so, to escape!

Once Chen Tianyang caught up with her, it would be the end of her!

On the road.

The McLaren was like a yellow lightning bolt, speeding along with its engine roaring.

Behind it, a dozen cars were in hot pursuit.

It was a good thing that the McLaren’s performance made up for Gu Qingying’s lack of driving skills and kept the gap between the two sides at a certain distance.

Silence inside the car.

“Cough cough

There was a violent and sharp coughing sound.

Qin Ye, who was originally almost unconscious, slowly opened his eyes at this moment.

Immediately following, Qin Ye slowly sat up, making his body struggle to maintain a straight posture.

His eyes brightened like never before as he slowly twisted his head and looked towards Gu Qingying.

“Sister-in-law

When Gu Qing Ying heard the voice, she was instantly overjoyed.

But when she saw Qin Ye, who was even more energetic than he had been a moment ago, suddenly tears came out as if a river had broken its banks.

Her red lips trembled.

Gu Qingying suddenly thought of a medical possibility.

Return of light!

Four simple words that not only appeared countless times in film and television dramas, but also in reality at all times.

And Qin Ye's current state was exactly the same as a flashback.

"Don't say anything, hold on, I'm, I'm taking you to the hospital, we're almost there, we're almost there."

Gu Qing Ying was in tears, her heart was like a knife.

But Qin Ye shook his head, his gaze looking out the car window at the fast receding night: "Brother Dong, will definitely come back, sister-in-law, you have to believe in him, he is a man who will never lose."

"I know, don't say anything, save some strength, make sure you hold on." Gu Qingying's delicate body trembled, at this moment she even forgot about the dozen of cars chasing behind her, only one thought remained in her mind.

Despite everything, send Qin Ye to the hospital!

"Sister-in-law look at that star, it's so bright."

A smile spread across Qin Ye's face, while blood kept gushing out, "It's like, back when I was carrying the name of patricide and was stuck in a depraved state, the brother Dong who came into my life."

"I can have today's achievement, can let the Qin family fall bankruptcy revenge, is thanks to brother Dong, my life, brother Dong also saved several times, I this life, is brother Dong, brother Dong is not, everything he has, is worthy of my life to guard"

"I, Qin Ye, have not, failed Brother Dong"

In a trance, Qin Ye's gaze gradually drifted up.

Past memories, as if they were slides, quickly passed before his eyes.

His gaze, too, gradually obscured

“Shut up! I am your sister-in-law, I told you to shut up! Chen Dong will definitely come back, all these words of yours, save them for when he comes back, and you will say them to him yourself!”

Gu Qingying’s face was pale and covered with grief, tears had even filled her face earlier, hissing and crying, “Pull yourself together, you must hold on, you must not only wait until Chen Dong returns, there is still Zhang Yulan waiting for you at home!”

Boom!

The memory in Qin Ye’s mind was abruptly fixed on Zhang Yulan’s voice and appearance.

For a split second.

He froze for a moment, and the smile at the corner of his mouth gradually became bitter.

“Before sister-in-law came, I even said that if I didn’t die, I would marry her when I returned.”

Qin Ye’s eyelids slowly closed and his voice, full of guilt and weakness, echoed in Gu Qingying’s ears, “Tell her for me that I have failed her, that I am guilty in this life and can only repay it in the next, that in the next life I want her to be my, bride

The words fell.

Qin Ye’s head, slowly tilted to the side, and his eyes were completely closed

Winner Takes All Chapter 629-630

Chapter 629

“Qin Ye Qin Ye

Gu Qing Ying’s flowery face lost colour, pearly blossoms.

But Qin Ye, whose eyes were closed, had no more response.

At this moment, Gu Qingying’s delicate body trembled and she was completely panicked.

It was only with a loud “boom”.

The speeding McLaren trembled violently, and when it was caught off guard, it snaked down the road for some distance.

Luckily, Gu Qingying quickly reacted and immediately took control of the steering wheel.

When she raised her teary eyes, she saw in the rear-view mirror that a dozen cars were already speeding up to the front.

Gu Qingying's body was cold and desperate to the core.

Her right foot pressed hard on the accelerator and brought the McLaren up to speed again.

If she was surrounded by a dozen cars and collided repeatedly, even if she wouldn't be caught back, she would be crushed to death.

At that time, she and Qin Ye would be completely finished.

Gu Qingying gripped the steering wheel with both hands and stared intently ahead, constantly breathing deeply to maintain her composure.

In her teary-eyed haze, her gaze cast a sidelong glance at Qin Ye, who had fallen on the passenger side.

"Sister-in-law will definitely save you!"

The words were resounding, as if they were a vow.

If onlookers were to see it, their jaws would definitely drop in shock.

It was hard to imagine that the gentle and considerate Gu Qingying would have such a tough and strong side.

The McLaren was like yellow lightning as it raced through the traffic.

And a dozen cars, like hunting dogs on the African savannah, chased after them, trailing closely.

At this moment, Gu Qingying had only one thought.

That was to go to the Lijin Hospital!

As long as she reached the Lijin Hospital, there would be many people, not only would she be able to give Qin Ye a chance to be rescued, but she would also be able to get rid of Chen Tianyang and the others.

It was just that this thought did not last long.

As to the left and right, two cars caught up at the same time, going hand in hand with the McLaren.

The despair in Gu Qingying's heart swelled to the breaking point completely.

There was no escape!

"There's got to be help, there's got to be help!"

Gu Qing Ying gripped the steering wheel with both hands, her silver teeth fiercely biting through her lips, using the pain and the smell of blood to keep the last shred of sanity in herself.

But feeling the pressure of the cars on the left and right, and the dozen of cars chasing after her.

Gu Qingying's mental defences were crumbling rapidly.

With tears streaming down her face and her blood-stained red lips trembling lightly, she stubbornly said, "If my husband can do it, I am his wife, I must be able to do it too!"

Strong, resilient and defiant

A woman is weak by nature, but a mother is strong.

But now Gu Qingying thought of Chen Dong, of the child in her belly, of Qin Ye whose life was hanging by a thread on the passenger side, and her will seemed to explode with potential.

She did not want to stop, let alone give up.

Even if she had to die, she would fight into the last chance!

However.

Bang Teen!

Bang Teen!

The two cars driving side by side, left and right, suddenly and without warning, crashed into the McLaren at the same time.

A loud roar.

The car was shaken.

Gu Qingying, who was driving the car, screamed in terror, her already weakened psychological defences completely collapsing with the impact.

She tried to turn the steering wheel, but the McLaren was squeezed between two cars, making it impossible for her to steer, and she could only keep going.

“Chen Dong where are you? I need you!”

Broken and desperate, Gu Qingying burst into tears and turned to the sky with a wail that tore her heart out.

.....

Inside the dimly lit container.

Chen Dong lay silently on the ground, struggling to keep himself awake and sane.

The annoying sound of dripping water echoed in his ears as if a magic sound was filling his ears.

Bai Qi and the others had not thought to give him food and water.

At this moment, a wave of dizziness hit Chen Dong, and his eyes were even darker.

It was not the darkness inside the container that caused it, but the dizziness caused by the extreme physical exertion.

Such a feeling made him feel as if he was in a half-asleep, half-awake trance.

Suddenly.

“Wife!”

Chen Dong’s body jerked violently, as if he had awakened from a nightmare, and his blurred eyes exploded with a sharp aura.

He came to his senses completely.

Heart palpitations.

Heart palpitations like never before.

It was as if red-hot needles, with countless needle tips, were slowly cutting across the surface of his heart.

Pain!

An indescribable and severe pain.

Chen Dong's body kept trembling as he began to draw in cold air.

The entire container reverberated with the sound of ragged inhalation as if a beast was breathing.

Half asleep, half awake, Chen Dong suddenly felt like he heard Gu Qingying's screams, it was the kind of feeling that was hard to describe.

Perhaps this is telepathy?

When two people really intermingle to a certain degree, the feeling of being able to sense each other's well-being will appear?

Chen Dong was not sure, but at this time his only remaining sanity could only attribute his current physical state to telepathy.

He did not dare to bet on it.

For when he had awakened after being captured by the Twelve Golden Guards of the Great Snow Dragon Riding Army, he had already anticipated the danger that might be brought to his family with his disappearance.

It was only the reaction in his body now that took his original prediction and magnified it even more.

"Wife I want to go back, wife"

Chen Dong made a ragged backwards sound while forcing back the sharp pain and convulsions in his heart and slowly squirmed on the ground like a dead dog, heading towards the direction of the remembered container door.

His hands were tightly tied, and even more damnably his legs were tightly held after being exposed.

Making it extremely difficult for him to move at this point.

Finally Chen Dong felt his head hit the top of the container.

He clenched his teeth, lifted his upper body violently, and then slammed his head hard into the container in front of him.

Dang!

A loud sound echoed inside the container.

Chen Dong's body trembled, clearly feeling a sharp pain like tearing in the top of his head, followed by feeling a hot, sticky liquid flowing down his cheeks.

The rich smell of blood poured into his nostrils.

Chen Dong paid no attention to it, the sharp pain in the top of his head could not compare to the sharp pain in his heart.

He opened his mouth and let out a roar that was like a beast's roar, "Let me out, let me out!"

Bang!

Outside the container, a loud bang rang out violently.

Immediately after that, there was Bai Qi's cold and stern voice: "The master has not yet arrived, so you stay inside honestly, do you really think I dare not let you die before the master arrives?"

Death?

Chen Dong's features were hideously twisted, compared to his own death, he was more worried about Gu Qingying at this moment.

The palpitating feeling grew stronger and stronger, like a monstrous wave that rolled in.

It almost made Chen Dong faint from the pain.

He was not afraid of dying!

If he was afraid of death, he could choose a more comfortable, safer way of life.

Like abandoning his status as the heir to the Chen family!

But he didn't.

Since he had embarked on this path, he had already anticipated all his endings.

But he could never bear it, something happening to Gu Qingying!

No matter if the current feeling was true or not, he had to get out even if he died!

"Ah!"

Chen Dong roared violently.

The next second.

Like a madman, he fought to blatantly slam his head into the container.

Dang!

Thud!

Thud!

Chapter 630

Wide road.

A dozen cars rampage across the road.

The yellow lightning McLaren, at this moment, was squeezed dead in the middle by two cars, and there was nothing to do but to move forward.

Gu Qingying was quietly gripping the steering wheel, but her delicate body kept trembling.

Beneath her teary eyes, there was desperation.

But she still did not dare to let go of the accelerator.

Because she knew clearly that once she lowered the speed, she would not even have the chance to fight for her last dying breath.

The collapse of her psychological defences made it impossible for her to maintain her composure.

Fear, panic and resignation enveloped her whole body.

Suddenly.

A flash of pain fiercely surfaced on her pretty face.

Her eyebrows knitted together fiercely.

Her right hand even quickly covered her heart.

A strong heart palpitation caused her breath to lurch in this instant.

It was as if her heart was experiencing death by a thousand cuts in this instant.

In the midst of the severe pain, Gu Qingying mumbled out of her mouth, "Husband"

The pain came as quickly as it came, but it also came as quickly as it came.

But the palpitating feeling was still there, and it was incomparably strong.

Gu Qingying's delicate body kept trembling and she breathed hard and deep to alleviate the palpitating sensation.

And at that moment.

The windows of the cars on the left and right were lowered at the same time.

The two long knives stabbed the left and right door glass of the McLaren with their tips.

Click

The glass on both sides instantly spread out like a spider web with the knife tips as the centre, rippling out in layers.

"Ah!"

Gu Qingying, who was already invaded by heart palpitations, instantly lost her voice in fear and screamed.

But the two long blades did not stop in the slightest.

Time and again, they viciously stabbed at the glass of the left and right doors of the McLaren.

A fierce and brutal attack.

The glass on both sides of the McLaren was so badly damaged that cracks covered the entire glass, and countless tiny grains of glass broke out.

It was shaky and precarious!

Terrified, Gu Qingying tried to stop it.

But she desperately found that there was no other way but to sit inside the car and silently wait for the glass to shatter and die!

"Is it really" going to be the end?"

This was the only thought left in Gu Qingying's mind amidst her despair.

The thought had just appeared.

Bang Teeny!

The rear of the car was hit hard once again.

The two sides of the glass, which were already shaky, were finally overwhelmed by this impact and shattered completely.

Fine glass fragments splashed onto Gu Qingying's body and face.

Although it was not so much as to cut the skin, it was still painful.

But Gu Qingying didn't care anymore.

She slowly closed her eyes, revealing a sad and desperate smile, and murmured softly, "Chen Dong I really tried my best"

However.

Waited for a few seconds.

The expected long knife slashing body did not come.

What's more, there was not the slightest sense of a scramble for the steering wheel.

It was as if the slave guards inside the left and right cars shattered the glass and really just shattered the glass.

Strange?

Gu Qing Ying's heart sounded doubtful.

Rumble

Almost simultaneously.

The sound of the helicopter propellers was accompanied by a roar.

Gu Qingying's delicate body trembled violently, she clearly felt a beam of bright light enveloping her body, incomparably blinding, even with her eyes closed, she could still feel the bright light.

Suffice it to say, Gu Qingying opened her eyes straight away.

When she looked into the bright light, Gu Qingying's mind exploded and she was frozen on the spot.

In the night sky.

Three helicopters, emitting bright lights, their propellers roaring, were flying towards this direction.

They were flying in tandem, making a huge noise.

As they arrived over the front of the car, a great invisible pressure swept down.

And at that moment, the slave guards inside the two cars in which Silk squeezed the McLaren were stunned by the scene before them.

Under the envelope of the three helicopters, the slave guards had for a moment forgotten about Gu Qing Ying inside the McLaren.

And at that moment.

In the distance the engines roared like beasts attacking.

Even though the propellers of the three helicopters roared, the roar of the car engines was still ear-splitting.

The next second.

Gu Qingying's eyes flashed, and she vaguely saw that a Rolls Royce, like a supercar, roared, and in an almost brutal and rampant state, rushed directly towards this way against the clock.

"This is"

As the Rolls-Royce drew closer, Gu Qingying's pupils tightened, and the moment she saw the license plate, she burst into a frenzy of joy, "Elder Long's car!"

The words had just left her mouth.

On the passenger side of the Rolls-Royce, a dark and thick gun barrel came straight out.

With that, inside the Rolls-Royce, the voice of Elder Dragon, amplified by the loudspeaker, rang out violently.

"You deserve to die for hurting my young lady!"

The majestic killing intent was like ringing the death knell of death.

It was domineering and eerily cold.

Da da da da da

The barrel of the gun protruding from the passenger window of the Rolls Royce spat out long tongues of fire.

A storm of bullets rained down.

Bang, bang, bang, bang

Machine gun bullets instantly pierced through the cars to the left and right of the McLaren.

Sparks erupted, sweeping both cars straight into a hornet's nest in just two seconds.

The sudden and dramatic change.

The dozen or so cars that were following them scattered in an instant, all backing up quickly.

The cars were already close to each other during the chase, but now they were in a mess and crashed into each other.

Inside the Rolls Royce, Long Lao's voice was overbearing and stern: "Give it to me, kill them all!"

Rumble

The three helicopters hovering in the air immediately chased after the fleeing cars.

It was a huge and terrifying sight.

And as the two cars squeezing the McLaren were swept into a hornet's nest, the two cars also quickly slowed down at the same time, veering off to the sides and crashing out.

After regaining control, Gu was overjoyed.

But the McLaren was badly damaged, and with Elder Long present, she was completely at ease.

Soon, the car came to a halt.

In the distance, the helicopter was already far away.

But the roar of the propellers could still be heard faintly.

Gu Qingying sat frozen in her seat, her pretty face above shock and joy.

This sudden change, which took place in just a dozen seconds, gave her a sense of unreality that was like a dream.

Originally she had been ready to die

Crunch!

The Rolls-Royce car stopped.

Long Lao took the lead and stepped down from the driver's seat.

On the other side, Lone Wolf also opened the door and got out of the car.

Ignoring his body, Long Lao ran quickly towards the McLaren.

When he opened the door, Gu Qingying, who was still as if she was dreaming, finally shuddered in her delicate body and snapped back to her senses.

There was a poof!

Elder Long and Lone Wolf knelt down at the same time.

Elder Long said with a face full of guilt, "Old slave is guilty of putting young madam through life and death risks, and is late in saving her!"

Looking at Elder Long and Lone Wolf.

Gu Qingying was horrified.

She fiercely screamed, "Get up, get up, save Qin Ye! He's dying!"

Qin Ye's flashback just now was like a branding iron, deeply imprinted in Gu Qingying's mind.

After such a long stalemate, if we didn't get Qin Ye to the hospital as soon as possible, then it would really be too late for everything!

At the sound of his words.

Elder Long and Lone Wolf got up at the same time.

When the two saw Qin Ye in the passenger seat, their faces changed drastically at the same time.

“Lone Wolf, carry Qin Ye to the car and go to the Lijin Hospital immediately!”

Long Lao looked at Qin Ye, whose face was already deathly white, and his jealousy almost hissed out.
