## Chapter 16

In addition, Zhao Tongxin did not ignore that there was a small white medicine bottle on the tea table.

"This is the agreement I worked out after three hours of thinking, and this is a bottle of contraceptives." Jin Zhengting's voice didn't change much. His slender fingers pushed the small white medicine bottle in front of Zhao Tongxin.

When hearing the word "contraceptive", Zhao Tong made a small fold just after receiving the document from his palm.

"I know that contraceptives are very harmful to women's health. You can choose to take them or not. No matter what kind of contraceptives, you will get a large amount of assets that I assigned to you. I have indicated the specific details in the documents!"

today's scene is as clear as if Jin Zhengting came to Li to find her three years ago, as if it happened yesterday.

Ghosts, Zhao Tong heart slightly with cool fingertips open the document, at a glance to sweep down.

The general meaning of this document is: if she took contraceptives, as an apology for last night, Jin Zhengting will put the villa under her name, in addition to giving her a Ferrari luxury car. If she doesn't want to, Jin Zhengting will not force her to have an abortion if she is pregnant in the future for her health.

The child will stay in the Jin family and become the young master of the Jin family. He has the right of inheritance next only to Jin Zhengting!

No matter from which angle this document is viewed, it seems that the latter is better for her!

But Zhao Tong Xin also clearly understood that Jin Zhengting wanted her to choose the former!

"If you think about it, sign the document!" The man turned his back to her and didn't look back at Zhao Tongxin.

He raised his hand and pinched the bridge of his nose, looking tired.

To my surprise, the clear female voice behind me was resolute -

"I'm sorry, I won't sign this document no matter what it is!" Crisp close the document, Zhao Tong Xin face emerged a touch of firmness.

She stood quietly behind Jin Zhengting, looking at the back of his head with short black hair and broad shoulders, and took a deep breath for a time.

Did not ignore is, in the moment of her refusal, the man's tiger body seems to be a shock.

She knew that Jin Zhengting must be very surprised.

He is a man who likes to hold everything firmly in his hand. No mistake is allowed. Her refusal is equivalent to a slap on his face!

"Why?" The man sitting suddenly turned his head and looked up at her. His tone was much colder than before.

Rare, that a few silk unhappy mood was caught by Zhao Tongxin!

In such a deep gaze, Zhao Tong Xin appears nowhere to hide, but she is not weak enough to lose self-esteem!

Zhao Tong Xin quickly looked away and said with an unnatural look, "I have an agreement with you, pretending to be your fiancée, or even marrying you, but our transaction does not involve the body. But... "

She has concerns.

"But what?" Jin Zhengting's brow jumped down, and his face seemed to freeze.

"But men and women love each other and get what they want!" Face up, delicate face appeared a touch of Fei color, but Zhao Tong Xin very good restraint, pretending to be calm!

God knows how hard it took her to say that!

"Oh..." A smile, accompanied by the empty and desolate bedroom, like a very sarcastic voice.

Listening in Zhao Tongxin's ear is also extremely harsh.

"If you must think you owe me, well Then one report for another! "

His eyes stay on Jin Zhengting's handsome side face. His noble and reserved temperament surpasses that of the most popular king in the entertainment industry. After only one more look, he will blush and heart beat.

But in such an awkward and tense atmosphere, Zhao Tong Xin took a deep breath and let himself calm down again and again. He stepped on the cool floor and walked quickly to Jin Zhengting.

When the man was still frowning and thinking, she suddenly bent over, raised her arm around his neck, lowered her head, red lips printed on his cold lips.

Jin Zhengting was so stiff that he was caught off guard by this little woman.

Astonishment, surprise, shock, all the emotions are integrated in his deep eyes, and in addition, there is the white tender muscle close at hand.

He could see clearly that she closed her eyes nervously, and her long and thick lashes quivered gently.

Two thin lips gently fit, Zhao Tong heart full nose is that light tobacco flavor.

So for a moment, she quickly took back her arm, regardless of the memorable touch, she took a step back.

"Now, we don't owe each other!"

After that, she felt that something was missing. The little woman pinched her pink fingernails in her palm. "But there's a word I want to remind you that it wasn't Xu Yanke who slept with you last night! It's me - Zhao, Tong, Xin! "

The whole living room seemed quiet because of her words.

In Jin Zhengting's eyes, there was a dark light floating. Not daring to look at Jin Zhengting's face, Zhao Tongxin turns around in a hurry, hoping to think that the sentence just now is just her soul out of the body!

"And I'm going to be late! I Go to work first

She just don't want to continue to stay, face the man's eyes lingchi!

Zhao Tongxin turns around and trots to pick up the bag. He rushes to the shoe cabinet to put on his shoes. When he leans his back against the board, he gasps. His face is hot as if it is about to burn.

Until the moment of opening the bronze gate, the cool wind blows.
