

WITH YOU 17

Chapter 17: Sexy and Frisky (1)

“So,”—Lin Jiage intentionally paused for a moment before continuing calmly—“all that praise you had for her voice, those weren’t your true thoughts either?”

Lu Benlai pointed a shaking finger at Lin Jiage and said, “You, you, you—”

Xia Shangzhou dropped his phone to the ground in shock. “I, I, I—”

Glancing at the incoherent duo, Lin Jiage left the game and threw aside his phone. He stood up and massaged his sore neck, grabbed his towel and pajamas by the side, and leisurely entered the bathroom.

The moment the bathroom door closed, as Lin Jiage expected, the miserable howlings of Lu Benlai and Xia Shangzhou rang from within the dormitory room.

“The heck, did we grab the wrong script? Weren’t we supposed to mock the boss? Why is he mocking us instead?”

“Who’s the screenwriter? Drag him out and pummel him to death!”

“Sis Yao, let me explain. I wasn’t speaking against my true thoughts. I honestly feel that your voice sounds beautiful...”

...

On the other hand, Shi Yao had already heard the conversation between the three dormitory mates.

Hearing [Expert of the Monkeys] and [Juice] desperately trying to explain themselves, her lips couldn’t help but curl up.

Who could have thought that the cold and reticent ‘god of gods’ would have such a vicious mouth!

Apparently, everything she had seen so far was just a facade. His true self was undoubtedly a vindictive person.

Otherwise, he wouldn’t have returned such a heavy blow to [Expert of the Monkeys] and [Juice] as soon as he got the chance...

As their gaming journey for the night came to an end, Shi Yao didn’t immediately exit the game. This was because [Expert of the Monkeys] had sent her a private message. [Sis Yao, are you still playing tomorrow night?]

[Yao Loves Ice Cream]: I am, but I’m not too sure when I’ll be online.

Last week, she’d promised Liang Mumu that she’d go shopping with her tomorrow afternoon, so she wasn’t too sure when she’d be free.

[Expert of the Monkeys]: You’re not sure?

[Expert of the Monkeys]: We won't be able to see your messages unless we're in the game. How about this? If you're okay with it, why don't I add you to our crew? Once you join our crew, you can just join our team's WeChat group. This way, you'll be able to find us through the group whenever you feel like playing.

[Yao Loves Ice Cream]: Sure.

It was simply too exhilarating a gaming experience when she played with them, so Shi Yao was unable to resist the temptation.

Soon, she received a notification in the game: [Expert of the Monkeys] has invited you to join the Crew [Sexy And Frisky] 1 .

This crew name...

Shi Yao hesitated for a very long time before she could bring herself to accept the request. After which, following [Expert of the Monkeys]'s instructions, she joined their crew and— di di —she received a notification from her WeChat.

Shi Yao opened her WeChat and saw that there were messages from the [Sexy And Frisky] WeChat group.

[Juice]: Welcome, Sis Yao.

[Expert of the Monkeys]: A very warm welcome to Sis Yao!

[Tide]: Who's Sis Yao?
