Chapter 18: Sexy and Frisky (2)

Since their WeChat name was identical to their game crew name, it was extremely easy for Shi Yao to find it.

Even though it was a crew chat group, there were only five members.

[111111] was inside as well, but he was completely silent.

Shi Yao didn't recognize the person named [Tide], so she automatically typed on her keyboard to ask: [Tide is...?]

[Expert of the Monkeys]: He's from our dorm room too, but he doesn't play PUBG. He's not living in our dorm at the moment though. He found a girlfriend and moved out to live with her, so his bed became Juice's spare wardrobe.

Shi Yao was only curious about who [Tide] was, so she didn't expect [Expert of the Monkeys] to answer her with such detail. So, she made sure to add a few more words to her reply: [I see, so that's the case.]

After sending that message, Shi Yao couldn't help but ask another question: [Why did you guys choose such a...]

She ended with an ellipsis to search for a suitable adjective before continuing: [...an indescribable crew name?]

[Juice]: Oh, the boss came up with it.

[Expert of the Monkeys]: When we were creating the crew, Juice said that he wanted a sufficiently sexy name.

[Tide]: And Expert said that he wanted a playful and energetic name. So, the crew leader, which is our boss, decided on the name 'Sexy and Frisky'.

Shi Yao sent a "... " over and couldn't help but wonder what kind of group she just joined!

She knew that [111111] was a god amongst gods, but she didn't expect him to be such a god amongst gods !

After joining the WeChat group, they got to learn each other's WeChat ID, so Shi Yao swiftly received a friend request from the other members, with the exception of [111111].

Shi Yao accepted all of their friend requests.

Perhaps it was due to her Adonis Legend, but she had a teeny bit of interest in men who were capable gamers.

While [111111] didn't send her a friend request, she still couldn't help but enter the WeChat group and search for his profile.

Actually, she was hoping to see if she could enter [111111]'s Moments 1 page, but right after she tapped on his picture 2 , and before she could even look at his profile page, the door to the dormitory room suddenly opened, and He Tiantian's voice called out, "Yaoyao, we're back from the cinema! We brought you dinner..."

Dinner...

Without any hesitation, Shi Yao tossed aside her phone and rushed towards He Tiantian.

...

The next day, the first thing that Shi Yao did after waking up was to ask her dormitory mates which canteen they should have their breakfast in.

After brushing her teeth, and before heading off to the canteen, she fished out her phone to take a look at her messages.

Lin Jiage still hadn't replied to her yet.

She had sent him two consecutive messages, but he hadn't replied at all. Did he not see it or... Shi Yao thought about it for three seconds and decided that he probably hadn't seen it.

She immediately wanted to copy the message and send it to Lin Jiage again, but the next moment, she felt that it would be bad for her to message him too frequently, so she decided to adopt a 'wait and see' approach.

She had a total of four lessons in the morning for the entire day.

By the time her lessons were done, Liang Mumu was already waiting for her in her scarlet racing car at the entrance of G University.

Shi Yao proposed that they have lunch first before heading off to shop.
