Chapter 451: The Feeling Of Their Wallets Bleeding! (1)

Two months? Two months later, the summer vacation would be over, and the young master would be going to school. In other words, their nightmarish days would be over?

“Alright, Young Master. We understand. We’ll get back to work right away.” After saying those words, one of the two maids rushed into the kitchen while the other ran upstairs.

Staring at the two figures who were running away with overwhelming joy, a hint of doubt surfaced in Lin Jiage’s eyes.

Is it just my imagination? Why does it feel like the maid is happy to hear that I’m not coming home for two months?

..

Not Too Long later, the maid came to call Lin Jiage over for lunch.

Influenced by the previous day’s question about whether Lin Jiage would like some fruits, the maid placed her lunch on the table and tried to slip away.

However, before she could get too far away from the dining room, Lin Jiage suddenly stopped her, “Oh right...”

The maid hesitated for a moment before turning around in trepidation, “Young master, is there anything else I can help you with?”

Lin Jiage sat elegantly before the dining table. He wiped his hands with a hot towel while appearing casual. However, as soon as he opened his mouth, his gaze softened as he asked, “What did Yaoyao say when she came over yesterday?”

Yaoyao?

The maid couldn’t help but take another glance at Lin Jiage. Since when did young master start calling Miss Shi Yaoyao so affectionately?

However, the maid didn’t dare to let her mind wander for too long. She quickly replied to Lin Jiage, “I’m not too sure about that. When Miss Shi was chatting with Miss Shi, she didn’t ask us to stay by her side.”

“Oh...” Lin Jiage replied calmly, but his heart suddenly skipped a beat.

This is bad! It feels like my wallet is about to bleed!

Seeing that Lin Jiage didn’t say anything else, the maid silently slipped out of the dining room.

Lin Jiage sat at the dining table and calmly ate his lunch for a while. In the end, he still picked up his phone and dialed a number for Lin Jiayi.

The call ended in an instant.

Lin Jiage had no choice but to send a wechat message instead:”?”

Lin Jiayi:”? ? ?”

Lin Jiage:”? ? ?”

Lin Jiayi:”? ? ?”

Lin Jiage: “I’m asking you why you’re not picking up the call. I’m not playing with your symbols.”

Lin Jiayi: “What a coincidence. I’m not playing with your symbols either. I’m asking you if there’s anything I can help you with.”

Lin Jiayi: “There’s no need to visit the three treasures hall for no reason. Tell me, what do you need my help with?”

Lin Jiayi: “Oh, I forgot to mention it in the message earlier. My help comes with a price. You have to pay the deposit first before you talk about your request. Of course, if your request isn’t resolved, the deposit will be non-refundable. So, make up your mind before you speak.”

This money-scramming technique was getting more and more infuriating..

If it was possible, from now on, he wouldn’t want to talk to Lin Jiayi anymore..

With this thought in mind, Lin Jiage tapped on his finger and sent a message over, “How much?”

Lin Jiayi: “888”

His intuition shouldn’t have been — ‘Oh no, it’s the feeling of my wallet bleeding’, but — ‘Oh no, it’s the feeling of my wallet bleeding profusely’.

Staring at the screen, Lin Jiage harrumphed before sending the message ‘888’over.

After collecting the money, Lin Jiayi replied, “No, it’s \$.”

Lin Jiage: “F * ck, are you trying to rob me?”

Lin Jiayi: “No, I’m trying to kill you! Don’t you know that acquaintances are the easiest to kill in this world?”

Chapter 452: The Feeling Of Their Wallets Bleeding! (2)

Lin Jiayi: “I’ll repeat what I said just now. First pay the deposit, then tell me what you want. Of course, if you’re not satisfied with the deposit, you can forget about it.”

If not for Soft Bun’s sake, he really wouldn’t have bothered with her..

Lin Jiage casually searched the exchange rate between the RMB and the US dollar for the day before transferring the small difference to Lin Jiayi.

Lin Jiayi received the payment in a split second.

Roughly ten seconds later, Lin Jiage received a message from Lin Jiayi: [please state your request.]

Lin Jiayi: [the price list is as follows: 2,888 yuan for the simplified version, 5,888 yuan for the detailed version, and 8,888 yuan for the premium detailed version.]

Lin Jiayi: [the price unit above is \$. However, since you're my younger brother, I can give you a 10% discount.]

Lin Jiayi: "Oh, right, there's also a 10% service charge. I won't accept any discount."

Lin Jiayi: "Lin Jiayi will have the final right to explain this request."

This... an old single auntie is indeed the scariest!

However, he was only curious about what soft bun was doing at his house yesterday, so the simplified version was more than enough. Lin Jiayi's wishful thinking this time was probably wrong..

With this thought in mind, Lin Jiage transferred the sum of the simplified version to Lin Jiayi.

Just like before, Lin Jiayi swiftly collected the money and replied with an 'egg' emoticon.

What the hell? Just an emoticon?

Lin jiage: "That's it?"

Lin Jiayi: "That's it."

This isn't a F * cking robbery! This is clearly a robbery?

Lin Jiage suddenly felt an urge to smash his phone.

Lin Jiayi: "Excuse me, do you have any other requests? If not, then this transaction ends here."

Lin jiage furiously swiped the 'detailed version' of the money and counted it.

If I can't get an answer from the 'simplified version', then the 'detailed version' should be fine, right?

Following her usual style, Lin Jiayi collected the money in a second and replied.

Compared to her previous reply, this time, she was still sending two emojis.

One of them was 'egg', and the other was 'love'.

Love... egg... What does that mean?

Staring at the two emojis, Lin Jiage looked left and right in bewilderment. In the end, all he had to do was grit his teeth and transfer the money to Lin Jiayi for the 'Premium detailed edition'.

If Lin Jiage had collected the money at lightning speed the previous few times, this time around, Lin Jiayi had collected the money at the speed of light.

After collecting the money, about a minute later, Lin Jiage received a long message.

"Yaoyao arrived at our house at around nine o'clock last night. It was little song who opened the door. After little song informed me, I immediately went to welcome yaoyao, and Yaoyao handed me a basket.

She said that it was her mother, her mother-in-law, who had asked her to specially send us some eggs. From the depths of my heart, I express my deep gratitude to Yaoyao.”

Lin Jiayi: “After the thank you session ended, Yaoyao immediately asked, ‘where is Lin Jiage?’? ‘Is he home?’? ‘after that, I sent a servant upstairs to call for you. After that, you disappeared, so I chatted with Yaoyao for a while before asking a peeping tom to send her home.’

The Heck... just a simple question, soft bun’s mother sent soft bun over to deliver the eggs. Wasn’t that enough? Why did she have to be so long-winded?

Lin Jiage cursed inwardly. Just as he was about to log out of wechat, a new message appeared on his screen.

Lin Jiayi: “But, it’s a pity...”

Pity? What’s a pity?

Lin Jiage stopped his actions.

..

Chapter 453: Don’t Leave A Single One Behind! (1)

Ten seconds later, Lin Jiayi sent a new message: [you’re leaving today, right?]

If I’m leaving, what’s the connection between it and a pity?

Lin Jiage didn’t reply to Lin Jiayi.

But soon, he received a new message from Lin Jiayi: [in that case, you won’t be able to eat the eggs that my in-law asked Yaoyao to send over...]

Lin Jiayi: [it’s a pity for you, but it’s great for me!]

Lin Jiayi: [because your parents aren’t at home right now, and Grandpa is in the hospital, the eggs that my in-law asked Little Darling Yaoyao to bring over are all mine!]

Lin Jiayi: [I feel so cute after taking care of all the eggs...]

Lin Jiayi: “You can leave now. I’ll help you eat your share of eggs. Steamed eggs on the first day, fried eggs on the second day, scrambled eggs with tomatoes on the third day... in short, I’ll find a way to eat all of these eggs...”

In-laws? How could she be so thick-skinned? Did she lie to him? She immediately acknowledged him as her family..

And he thought that she was cute? He thought that she was more like a ‘hehe’..

As for those loving eggs, did they all end up in her stomach? In her dreams..

With this thought in mind, Lin Jiage called out to the maid.

About two minutes later, a maid slowly walked into the dining room, “Young Master...”

Ignoring the maid, Lin Jiage stood up and walked over to the fridge. Opening the door, he asked, "Which of the eggs in here were delivered by Yaoyao Yesterday?"

Updates by . com

The maid pointed to the egg in the crisper on the middle layer, "That's the one."

"This one?" Lin Jiage asked.

The maid nodded, "That's right, young master."

Lin Jiage didn't say anything else. Instead, he took the box of eggs and studied it for a moment before turning around and asking, "How can the eggs not break?"

The servant replied, "Boil them."

Boil them? Boiled eggs in plain water? That was the thing he hated the most!

Lin jiage frowned slightly before passing the box of eggs to the servant, "Alright then. Boil all of these eggs and help me put them in the box. I want to take them with me."

"Boil them all?" The servant glanced at the box that contained at least sixty to seventy eggs and asked in disbelief.

"That's right! All of them! Don't leave a single one behind!" Lin jiage paused for a moment before continuing, "Remember to help me pack them up after they're done cooking. I want to take them with me."

Lin Jiage returned to the dining table and picked up his chopsticks. Just as he was about to start eating again, he saw that the maid was still holding onto the box of eggs. He couldn't help but frown, "What are you waiting for? Go boil the eggs..."

As such, the little young master was still the same as the previous night. He had a weird temper, and to think that they were still whispering about how the little young master seemed to be fine. Not too long later, he was already tossing and turning eggs around..

Sixty-seven eggs! Even if he ate two eggs a day, he would still have to eat for a month... just what was the little young master up to?

The servant only dared to mutter in her heart, but she didn't dare to say a word as she walked into the kitchen.

Only then did Lin jiage pick up the dishes and slowly continue eating.

What kind of joke was this? His mother-in-law, his future mother-in-law, had asked soft bun to send over some eggs for him!

As for Lin Jiayi, forget about the eggs, he wouldn't even leave her the eggshells!

Chapter 454: Don't Leave A Single One Behind! (2)

All in all, don't even think about getting your hands on his eggs!

Then, at one o'clock in the afternoon, the chauffeur pulled Lin Jiage's luggage, and Lin Jiage carefully left the Lin residence with a box of boiled eggs in his hands.

On the way to the airport, the box of boiled eggs never left Lin Jiage's hands, and Lin Jiage's gaze never left the box of boiled eggs.

..

Shi Yao had never counted the number of men who had confessed to her before.

But out of all the men who had confessed to her, Lin Jiage was the only one who had affected Shi Yao.

On the night she received Lin Jiage's message, Shi Yao had trouble sleeping until very late at night. When she opened her eyes the next day, the first thing that came to her mind was the text messages that Lin Jiage had sent her.

She really hoped that those text messages were just a dream she'd had the night before.

But when she picked up her phone from her desk and saw that those text messages were all real, she felt as if her hopes had been dashed. However, it wasn't as intense as she had imagined. Instead, a hint of anticipation surfaced in her heart, it was also an inexplicable feeling of nervousness.

Lin Jiage's 'It's alright. I'll ask you again later' made Shi Yao feel a little flustered when she thought about it.

Even though she had managed to deal with the sudden scene from last night, she was still afraid that Lin Jiage might do something next that she wouldn't be able to handle.

Perhaps it was because Lin Jiage's confession had given her too much influence, but on the first day after his confession, as soon as the message rang, her heart would immediately be on edge. Then, when she saw that it wasn't Lin Jiage who had sent the message.., she'll be relieved.

These days of anxiety lasted for about three to four days. Seeing that Lin Jiage still hadn't contacted her, Shi Yao gradually relaxed.

Because the weather was too hot, Shi Yao couldn't be bothered to go out. She would stay at home every day, eating, sleeping, watching dramas and playing games.

Updates by . com

Such lazy and easy days, always very fast, imperceptibly heatstroke summer vacation on the past one-third.

Compared to the initial period of time, Shi Yao would occasionally think of Lin Jiage's confession text messages, but the current her didn't really think about it.

It wasn't until July 22nd that she saw Lin Jiage's name while she was cleaning up the spam messages on her phone.

She hesitated for a moment before clicking on it.

It was only when she saw the date of their last text message that she realized that it had already been almost twenty days since Lin Jiage confessed to her, and in those twenty days.., it was as if he had vanished from her world, and there was no trace of him at all.

So, his words, "I'll ask you again in a while..."were just a casual remark, weren't they?

It was fortunate that she didn't like him; it was fortunate that she had rejected him; it was fortunate that she had never dared to take his text message seriously; it was fortunate, it was fortunate..

Perhaps, to him, what happened that night was just a whim?

Thinking up to this point, Shi Yao couldn't help but frown as if she had encountered a difficult problem.

That's not right. Shouldn't such a situation put her mind at ease? Why does it feel like I'm feeling a little stifled?

Shi Yao thought for a long time, but she still couldn't find an answer. In the end, she was interrupted by her mother who was calling her for dinner.

After dinner, accompanied her mother downstairs for a walk, it is almost nine o'clock, she habitually took a look at wechat, and sure enough saw the [sexy and wild] group has new messages.

Chapter 455: Unable To Recover From A Setback, Suspecting life (1)

Shi Yao instinctively typed 'coming', and it was only when she clicked 'send'that she suddenly realized that other than Lin Jiage's disappearance, Mister Numbers hadn't been around for a very long time.

Before mister numbers disappeared into thin air, other than during the period of the final examination, he would take the initiative to look for her every day to play games. Under normal circumstances, he would ask her once or twice a day, most of the time, he would ask her four or five times..

But ever since the 29th of last month, when he urged her to hurry up and go to bed, he hadn't looked for her again.

At first, she had even asked him once or twice if he wanted to play games, but because she hadn't received a reply, she thought that he was busy with something. Later on, due to Lin Jiage's sudden confession, she hadn't played games for a few days, when she came back to play the game, she was the one who had been called out by the experts in the group chat. Thus, she didn't pay too much attention to it after forming a team with them..

It wasn't until today that she realized that Mister numbers and Lin Jiage had disappeared together.

It's a little strange... did the two of them make a pact? If they wanted to disappear, they would disappear together..

Shi Yao tilted her head and pondered for a moment before stuffing the peach into her mouth. At the same time, she tapped on the 'send' button and sent the word 'here'.

Shi Yao was just about to ask juice and expert where [111111] had gone to?

But before she could even type a word, [juice] shared the room with [sexy and lascivious] in the group chat: [Sis Yao, Hurry up, you're the only one I'm waiting for —]

Shi Yao could only stop typing and click on the room to share juice before entering the game.

A second before, she pressed prepare, and a second later, [juice], the owner of the room, couldn't wait to start the game.

With three people matching four people, the rate of eating chicken was 50-50.

About an hour later, the game ended, and Shi Yao returned to her room in the game hall. [juice] said that he needed to go to the bathroom, so he asked expert and Shi Yao to wait for him for a few minutes.

If she were to look at her phone for too long, her neck would feel a little uncomfortable. Shi Yao put down her phone and stretched her neck. Just as she was about to ask about expert and juice before the game started, she suddenly recalled something, so, she asked, "Right, where's your boss? It seems like he hasn't appeared for a long time..."

[expert of the monkeys] : "Boss? ER, if you didn't mention it, I wouldn't have noticed it. It seems like he hasn't appeared for quite some time."

[expert sent by monkey] : "It's possible. Boss has been busy with some important matters recently, so he doesn't have the time."

[expert sent by monkey] : "However, it's also possible that boss has suffered too much of a blow and is still in a slump, doubting his life..."

..

Lu Benlai brought his phone into the bathroom, but he left his bluetooth earpiece on the bed.

He first browsed through his wechat moments, and when he returned to the game page, he saw that [expert of the monkeys] and [Yao loves ice cream]'s microphones were blinking continuously. He knew that they were chatting.., just as he was about to disconnect his bluetooth to listen to what they were talking about, a message popped up on his phone screen: [111111] has applied to join your team.

Lu Benlai quickly agreed to the request.

It was only after Lin Jiage entered the room that he cut out his Bluetooth.

..

Shi Yao didn't even look at her phone screen, so she didn't know that [111111] had already entered the room. After stretching her neck, she casually took out a bag of french fries from the snack box beside

her and tore off the packaging, while doing so, she asked doubtfully, “Unable to recover from a setback? Doubting your life? What did your boss go through? Why is he so negative?”

Chapter 456: Unable To Recover From A Setback, Suspecting life (2)

..

Xia Shangzhou, who had climbed out of bed to pour himself a glass of water, similarly did not look at his phone screen. After hearing the voice of [Yao loves ice cream], he answered while receiving the glass of water, “That must be one of the major tragedies in Boss’Life!”

“I’m telling you, Sister Yao, you definitely won’t be able to guess...”

After fetching the glass of water, Xia Shangzhou placed it to his lips. Just as he was about to drink it, he suddenly thought of something and added, “... in any case, if it were me back then, I wouldn’t be able to guess it even if you beat me to death.”

..

Hearing Xia Shangzhou’s words, Shi Yao’s curiosity was piqued, “It sounds very exciting. Hurry up and tell me, it’s making me excited... did your boss’s favorite restaurant close down? Or did your boss’s favorite snack stop producing?”

[expert of the monkeys] :” ...”

[expert of the monkeys] : “Sis Yao, is your attitude serious right now?”

Shi Yao: “Of course! It’s more serious than pearl milk tea!”

[expert of the monkeys] :” ...”

[expert of the monkeys] : “Alright then, Sis Yao. Since you’re so serious, I’ll get straight to the point!”

Get straight to the point... I used it correctly, but to get right to the point... What the hell?

Shi Yao silently cursed at the expert’s way of using words as though he was in a car accident, but she didn’t correct him.

[expert of the monkeys] intentionally lowered his voice in order to maintain his mysteriousness, “That means... boss, you’ve fallen out of love!”

Updates by . com

Fallen out of love?

Shi Yao’s hand which was about to pass a potato chip to her mouth froze.

When had mister numbers ever fallen in love? How could she not know..

Before Shi Yao could voice her doubts, [expert of the monkeys] suddenly spoke up mysteriously, “To be precise, it’s not exactly falling out of love. It should be... unrequited love...”

Unrequited love..

Shi Yao was even more perplexed. “What do you mean? The girl your boss likes has married?”

[expert of the monkeys] : “It’s not that bad...”

[Yao loves ice cream] : “Then... you have a boyfriend?”

[expert of the monkeys] : “It’s not that bad...”

[Yao loves ice cream] : “Then... You Don’t have a girlfriend, do you?”

[expert of the monkeys] :” ...”

[expert of the monkeys] : “Sis Yao, stop your nonsense. Please listen to me. Here’s the situation. Boss’s confession has been rejected!”

Mister Numbers’confession... rejected?

From their usual conversations, Shi Yao could tell that Mister Numbers wasn’t just a super-rich second generation, he was also a rich first generation..

Thus, rejecting him was tantamount to rejecting a mountain of delicacies, snacks, and fruits.

Shi Yao couldn’t help but feel a deep admiration for that young lady from the depths of her heart, to the point that she couldn’t help but speak once more.., there was even a hint of astonishment in her tone as she exclaimed, “I never thought that the day would come when Little Dragon Lady would be rejected by Yin Zhiping!”

[expert of the monkeys] : “Who said it wasn’t? That’s why I said that I wouldn’t believe it even if you beat me to death. After all, Boss’confession took two months of meticulous preparation. That confession scene was especially cool, and there were many, many delicacies...”

Plenty of delicacies..

Hearing those words, Shi Yao’s admiration for the young lady grew even more indescribable. “Even in front of so many delicacies, yin zhiping was able to reject Xiaolongnu unswervingly. What a Hero!”

Chapter 457: Husband, Long Time No See (1)

“This is simply my idol. My admiration for Yin Zhiping is like an endless river, or like the Yellow River flooding out of control. No, no, no, I’ve decided that my goddess is Yin Zhiping!”

..

Lu Benlai squatted on the toilet, his Bluetooth broken. After hearing the details of Xia Shangzhou and his junior sister’s conversation, he did not hesitate to pretend to be offline and directly logged out of the game from the background of his phone.

At this moment, for the sake of his long-lasting friendship with Xia Shangzhou, he decisively abandoned him and chose to protect himself!

That was because, if Xia Shangzhou died, he would still be alive, and he would be able to reminisce about his friendship with Old Xia alone.

If he didn't run away, his friendship with Old Xia would die together with him.

..

Outside the washroom, Xia Shangzhou finished his drink and climbed back onto his bed. As he picked up his phone, he replied to Shi Yao, "That's right. I admire yin zhiping just as much as you do. She's simply me..."

Before he could finish the word 'goddess', Xia Shangzhou's face fell as he looked at his phone screen.

S-boss... When did he enter the room? Also, did he hear the content of his conversation with his junior sister? How much did he hear?

Xia Shangzhou's heart trembled for a while before he started to save himself."... Mom!"

"Yes! Yin Zhiping... Oh, no! That's wrong. I really admire the girl that boss likes. She's practically my mom!"

After replying with certainty, Xia Shangzhou realized that that B * Stard Lu Benlai had actually gone offline..

Otherwise, should he just steal his idea and escape?

Even though it was a little immoral to betray his junior, it didn't matter what she said. Her boss wouldn't kill her, and she might even kill him.

But he was different... in the eyes of her boss, there was still a huge gap between them..

With this thought in mind, Xia Shangzhou steeled his heart, gritted his teeth, and turned off his phone.

..

After finishing the last potato chip, Shi Yao licked her fingers with a longing look on her face, after which, she continued Xia Shangzhou's words, "Expert, I'm not as Shameless as you! At most, I can only treat Yin Zhiping as a goddess and a mother... forgive this glutton for not being able to do so!"

"However, Yin Zhiping is really very, very, very, very handsome..."

"Eh? "Expert, don't you think it's not too good for us to be like this? Xiaolongnu spent two months and failed in her carefully prepared confession, yet here we are, admiring yin zhiping. One treats her as a goddess, while the other treats her as a mother..."

"If Xiaolongnu finds out, will she be very sad? Besides, in the game, I'm in a relationship with Xiaolongnu. From the perspective of the game world, Xiaolongnu and I are a family. Isn't it not too good for me to be so indirect... However, Xiaolongnu and yin zhiping are already together. Then what Am I, Yang Guo?"? Doesn't that mean that little dragon lady has become my aunt

This glutton is unable to accept it. Compared to Guo'er and aunt, I can accept husband and wife more... Heh, I'm husband? Little Dragon Lady is a wife

Shi Yao couldn't help but chuckle as she rambled on.

However, before her laughter could stop, a pleasant and soothing voice sounded in her ears, “Husband, long time no see.”

?

Chapter 458: Husband, Long Time No See (2)

“Husband, long time no see.”

Husband?

These two words were like a bolt of lightning, exploding right beside Shi Yao’s ears, causing her mind to go completely blank.

She instinctively picked up her phone and glanced at the screen, only to realize that [111111] had entered the room at some point in time.

As for [juice] and [expert of the monkeys] , they had gone offline at some point in time.

Traitor!

Shameless traitor!

Shameless traitor with capital letters!

Didn’t they say that they would be each other’s little angels? How did those two become little demons in the blink of an eye?

But then again, just how many words did mister numbers hear from her?

Shi Yao felt uneasy for quite a while, but when she saw that the earpiece was very quiet, her heart gradually calmed down.

She was hoping that she would be lucky... perhaps mister numbers had just walked in and coincidentally heard her last sentence..

Yes, that must be the case. If he had heard the first part, he wouldn’t have been so calm..

She couldn’t afford to lose her composure..

With this thought in mind, Shi Yao opened her mouth, “Mother, wife...”

Pah... what a banana peel!

Shi Yao hurriedly changed her words, “Numbers first...”

Before she could finish the last word, Shi Yao couldn’t help but want to bite her tongue off.

Did I eat a walnut from the door? Why did I almost call out the nickname that I sneakily gave him?

Shi Yao took a deep breath before opening her mouth once more. Compared to the previous two times, her voice this time around was much softer and more obedient, “Almighty, tycoon, long time no see...”

Perhaps it was because they had been discussing too much about mister numbers, Shi Yao felt a little guilty. After greeting him, she turned to mister numbers and asked, "Mister Numbers, how are you?" She added sweetly, "Almighty, have you been very busy recently? Why do you suddenly have time to play today? Do you know that without you, the difficulty of this game has increased by dozens of times..."

"There's no need to be so polite..." mister numbers' voice finally came through the earpiece once more, slowly and seductively.

Shi Yao's heart skipped a beat upon hearing those words.

"... After all, from the perspective of the game world, we're family..."

Shi Yao's heart trembled violently for a moment before completely stopping.

Did he just hear everything that she had said just now? Then, when she heard that he had fallen out of love, not only did she not sympathize with him, she even admired Yin Zhiping's words?

Just as Shi Yao's thoughts flashed through her mind, [111111]'s lazy voice sounded through her earpiece, "Right? The... husband of a true hero goddess?"

A real hero?

!!!

That's what she said... how much did he hear?

Shi Yao chuckled dryly before saying with a hint of embarrassment, "That... you've heard so much..."

[111111] : "Not much..."

Shi Yao believed it and was just about to heave a sigh of relief.

Then [111111] opened his mouth again, "... that is to say, from husband's attitude than pearl milk tea really... Oh, no, from husband's concern about why his wife is depressed, doubt life began to listen..."

!!!!!!

Wasn't that a lot? She had clearly heard everything!

If she were to be caught in the middle of a discussion... what should she do if she were to log off and escape?

Especially when he kept calling her husband..

Just as Shi Yao was on the verge of a breakdown, [111111] spoke up once more, "... Thank you for your concern, husband."

Chapter 459: Where There Are Plenty Of Fish In The Sea, There's No Need To Fall In Love With A Simple-minded Person (1)

This time, mister numbers intentionally emphasized the word 'husband'.

Shi Yao's hands trembled upon hearing those words, and she nearly dropped her phone on the ground.

What should she do now... she had listened to everything that she shouldn't have, and everything that she should have listened to... er, it seemed like there wasn't a single word that she should have listened to... should she just follow the wind and run away? But wasn't this a little inappropriate? After all, she and expert were the ones who first discussed mister numbers... experts had no moral integrity, so she was different from him. She was a person with moral integrity... besides., mister numbers had given her so many red packets, brought her to eat so many chickens, and more importantly, Grandpa Lin's Inkstone was all thanks to him..

Thinking up to this point, Shi Yao gritted her teeth and braced herself to speak up, "That... God, Tycoon, I was just joking with you... Let me tell you, I stand by you from the bottom of my heart!"

"Actually, I don't admire yin zhiping at all... No, no, no, it was the girl you wanted to confess to... I was just teasing an expert back then..."

"You should know that we're family in the game, so how could I possibly help others? Rejecting you is tantamount to rejecting me! All I can say is that that girl doesn't know what's good for her! Such poor taste! It's simply, it's simply..."

Shi Yao was stumped for a moment. She repeated 'it's simply' several times before saying, "... tofu pudding!"

[111111] didn't say anything, but a message from him appeared on the game's screen:"?"

Shi Yao understood what he meant, and she knew that he was doubting the tofu pudding she was referring to. Thus, she quickly explained to [111111], "Tofu pudding means that even tofu has brains, but she doesn't!"

The moment Shi Yao's voice fell, she heard mister numbers chuckle softly through her earpiece.

Does this mean that my remedial policy is effective?

With this thought in mind., shi Yao quickly struck while the iron was hot, "God, think about it. As an outstanding person, are you afraid that you won't be able to meet a good girl? So, don't be sad about it, and don't doubt your life over it. Don't be so depressed that you won't be able to recover! There's no need for that! Besides, there are plenty of fish in the sea in life, so there's no need to fall in love with a simple-minded person!"

"Think about it. If a person who can forgo mountains of delicacies, seafood snacks, and fruits isn't a simple-minded person, what else could he be?"

"Let me tell you, if you don't want such a person, it will affect the IQ of your descendants..."

At first, Lin Jiage had heard the words 'lack of taste' and 'lack of taste', but the more he listened to it, the more he found it hard to bear to listen to it anymore.

Soft bun is really... merciless when she scolds me!

I wonder if one day, when I find out that [111111] is him, and that the person I'm indignantly scolding right now is myself, Will I blame him? Or will I blame him?

Thinking up to this point, Lin Jiage couldn't help but speak up, "Life is full of grass, but I just like this stupid person."

..

Er..

Shi Yao blinked her eyes.

Did I overstep my boundaries for a moment?

Shi Yao blinked her eyes once more before saying, "Actually, it's quite cute for a girl to be a little stupid and simple-minded

"In any case, no matter what decision you make, I'll support you unconditionally. If you choose her, then I wish you all the best: Red Dates, peanuts, longan, and lotus seeds."

Chapter 460: Where There Are Plenty Of Fish In The Sea, There's No Need To Fall In Love With A Simple-minded Person (2)

[111111] : "HM?"

Shi Yao replied with a 'hm?', and it took a second before she realized what she meant. Mr. Numbers didn't seem to understand what she meant, so he hurriedly said, "That's right, it's the intention of having a son early..."

Before Shi Yao could finish her words, a voice came through the other end of [111111] : [attention, passengers on flight CA0001. The flight from Shanghai to Shenzhen is about to board. Passengers, please hurry and board the plane.]

Shi Yao was just about to say something when she suddenly paused. After listening to the voice, she asked curiously, "You... aren't in Beijing right now?"

[111111] : "Un."

[111111] : "I have something to attend to. I've been in Shanghai for the past few days... But I'm going to Shenzhen today."

Wasn't Mr. Numbers a little too detailed in his explanation? It was as if he was reporting his whereabouts to his girlfriend..

Shi Yao was startled by her own thoughts, and she hurriedly replied with an 'oh'.

On Mr. Number's end, someone was probably urging him to board the plane. Shi Yao could only hear a single word vaguely, and it sounded like either 'yes' or 'Dui'. In any case, while she was still in a daze, Mr. Number.., mister numbers had probably turned off the microphone, so his side fell completely silent.

About half a minute later, the logo of the microphone lit up behind Mister Numbers' profile picture. "I have to log out of the game."

Shi Yao replied with an "OH" before giving it some thought before adding, "Goodbye then."

[111111] didn't say a word. He had probably found a quiet place to stay, and the noise could only be vaguely heard through the earpiece.

Shi Yao waited for a moment, but seeing that mister numbers still showed no signs of speaking, she thought that he might have already logged out of the game. Just as she was about to log out as well, Mister Numbers' voice sounded through her earpiece, "Yao XI."

His tone sounded a little serious for some reason, and Shi Yao couldn't help but feel nervous as well.

[111111] : "I'm in Shenzhen. I'll have to stay until the 23rd or 24th of next month before I can return to Beijing."

How long he stayed in Shenzhen didn't seem to have anything to do with her... why did he have to be so specific with her?

That newly-formed feeling of her boyfriend reporting his whereabouts to his girlfriend once more surfaced in Shi Yao's mind, and it grew even stronger..

Shi Yao couldn't help but tighten her grip on her phone.

Perhaps, she was too sensitive?

Shi Yao pondered for a moment before replying with an 'Oh'. Then, she suddenly recalled that the 23rd of next month.., it was the final day of the SDL competition of the game she played every day... and it was in Shenzhen..

Her idol, Legend, would be participating as well. She had thought that if her idol made it to the finals, she would have to go to Shenzhen to watch him compete..

At this thought, Shi Yao suddenly spoke up, "Eh? I just realized that Shenzhen... I was thinking of going to Shenzhen for the next two days next month..."

[111111] : "HM?"

[Yao loves ice cream] : "The SDL competition. If Legend reaches the finals, I'll go and watch it. I just don't know if I'll be able to buy a ticket. There was a lucky draw on Legend's Weibo a while ago, and the prize was a ticket to the finals. I wonder if I'll win..."

[111111] : "Oh..."

[111111] : "Good luck, then." Then, she logged off.

"..." Shi Yao stared at the room where she was the only one online for a moment before logging off as well.

..

That night, after Mr. Numbers' fleeting appearance, he didn't appear for a very long time, and Lin Jiage was still nowhere to be found.
