Chapter 641: Husband-protecting Demons (1)

Soon, Juice and expert replied to Shi Yao's message.

Only Mister Numbers remained silent for a long time.

As it was getting late, Shi Yao thought that Mister Numbers was already asleep. Thus, after chatting with juice expert, she logged out of wechat.

She first went online and searched for the price of the hotel she was staying at. Then, as if afraid that she would forget about it later, she took out a small notebook from her bag and began writing on it with a pen.

Just as she was done writing, her phone suddenly rang. Shi Yao put down her pen and looked at her phone.

It was mister numbers who had replied to her wechat.

[111111] : "Un."

Such a simple reply... Shi Yao gritted her teeth and pondered for a moment, but in the end, she decided not to reply to Mister Numbers' message. Just as she put down her phone, it rang once more, "How did you spend your 11th Long Holiday?"

Shi Yao didn't think too much into it, so she just assumed that mister numbers was chatting with her. Thus, she tapped on her screen and replied, "I came to Chengdu to eat."

..

After taking a shower, Lin Jiage came out to see Shi Yao's wechat message. After replying to two of her messages, he began drying his hair.

Every Little While, he would stop to reply to Shi Yao's message.

When he saw the words 'come to Chengdu to eat', Lin Jiage couldn't help but smile.

Soft bun was indeed different from the rest. Everyone else came to Chengdu to play, but she came to Chengdu to eat..

Following which, he lovingly replied to Shi Yao with an "Oh".

..

Looking at the "OH" message sent by [111111], Shi Yao couldn't help but frown.

Er... It's such a simple reply again? How was she supposed to respond to that? Just as Shi Yao was considering whether she should reply to him with a "What about you?", a new message popped up on her screen.

[111111] : "Alone?"

[Yao loves ice cream] : "Nope."

After replying to that, Shi Yao typed in another message: "I'm here with a friend." However, before she could send that message, mister numbers had already replied to her message: "With your fiancé?"

She hesitated for a moment before retracting her fingers that were about to land on the message. She deleted the words that she had just typed out one by one and sent them over with an 'en ah' instead.

[111111] : "Not bad, a couple vacation."

Seeing this, Shi Yao's hand trembled, and she nearly dropped her phone on the bed.

[Yao loves ice cream] : "Don't spout nonsense. He's busy here, so I just came over to have some food."

[111111] : "Oh."

[111111] : "However, your relationship with your fiancé doesn't seem to be as bad as you say."

Shi Yao, who was unable to react for a moment, replied with a '?'.

[111111] : "Didn't you tell me earlier that your fiancé wouldn't like your style? You even said that he likes girls with big legs and big breasts, and that the most important thing to him isn't a woman's face, but a woman's butt. You even said that he's mentally unhealthy, and that the probability of you being with him is zero..."

Upon seeing this message, Shi Yao immediately understood what Mister Numbers meant.

In truth, she was the one who had told Mister numbers this message. In the past, she had said many bad things about Lin Jiage, but now that Mister Numbers had told her the exact same thing, she couldn't help but feel a little uncomfortable.

Perhaps it was because she hadn't replied to his message for a long time, but Mister Numbers sent another message over: "?"

The light on the screen woke Shi Yao up.

Chapter 642: Husband-protecting Demons (2)

Shi Yao blinked her eyes as she came back to her senses.

Just as she was thinking about how she should reply to Mister Numbers' message, she caught a glimpse of the water cup placed on the bedside table.

The boiling water in the cup was no longer steaming, but Shi Yao could still feel the warmth of the water cup through it.

Not too long later, she retracted her hand and typed a few words on her phone before replying to mister numbers, "Erm... can you forget what you just sent me?"

[111111] : "?"

[111111] : "If I'm not mistaken, you're the one who told me that? Why Do You Want Me to forget it?"

Shi Yao choked on her words, not knowing how to reply to Mister Numbers' message. However, she had no choice but to reply to him. She racked her brains for a moment, thus, she decided to reply irrationally, "I'm the one who told you this. That's right, but I can tell you that you can't remember it!"

"All in all, you have to forget what you said. Treat it as those words that I've never said to you before. This is the last time I'll ever speak of it to you. From now on, you're not to mention it to anyone. If I find out about it, I'll, I'll..."

In reality, she didn't know Mister Numbers either. Her usual threat, "Don't eat with him", was completely useless against him..

After some thought, Shi Yao changed her threat to another one, "... curse you, be careful not to starve to death!"

Be careful not to starve to death... those five words are so familiar... Shi Yao stared at the screen, tilted her head, and pondered for a moment. Then, she recalled that it was the first time Lin Jiage had taken the initiative to call her to meet him in the woods behind the school dormitory, he had ruined four of her cakes, and she had replied to him angrily..

For some reason, when she recalled that incident, Shi Yao's anger had disappeared, and she felt like laughing for some reason. It was to the point that her eyes and eyebrows, which were staring at the screen of her phone, had become so soft and curved.

..

After drying his hair and changing his clothes, Lin Jiage stepped onto the slippers in the hotel and walked out of his room. Just as he was about to enter Shi Yao's room, the phone in his hand suddenly vibrated.

Lowering his head, he saw a long speech from Shi Yao.

When he saw the words 'be careful not to starve to death' at the end, his footsteps came to a halt.

Clutching his phone, he stood in the middle of the corridor. He thought back to the time in the small forest when she angrily threw those words at him..

At that time, he had already wondered how such an adorable girl could exist in this world? She even scolded people so inoffensive. She probably grew up eating cuteness, right?

Now that he saw these words, he realized that more than half a year had passed since she entered his eyes..

During this half a year, although he had been depressed, angry, and sad because of her, he had also been happy, happy, and excited... his colorful emotions were far more exciting than the eighteen years he had lived in the past.

It was as if he had once been a blank piece of paper, but because of her appearance, he had become a colorful painting.

Lin Jiage stood rooted to the spot for a long while. Then, for some reason, a message suddenly popped up in his mind. Even though he hadn't known her for that long, to him, this period of time.., it was — time and you are both very beautiful.

A warm glow surfaced in Lin Jiage's eyes, and it took a while before he snapped back to his senses. He tapped his fingertip and replied to her message, "From your posture, I can see four words..."

[Yao loves ice cream] : "Those Four Words?"

[111111] : "Husband-protecting maniac."

Chapter 643: The Domineering Hubby Protector Demon (1)

..

Hubby, Hubby, Hubby Protector Demon? Mister Numbers is poisonous..

Shi Yao's face reddened, then, she hurriedly replied to [111111]'s wechat: [you, you're spouting nonsense! w-what Hubby Protector am I? Pah, he's my hubby, he's just my fiancé, fiancé, fiancé!]

..

Through the screen, Lin Jiage could already imagine Shi Yao's fuming expression in the room.

She's so adorable... but this isn't the time to be fuming. The reason why he was willing to chat with her so much tonight was because he wanted to know how much he meant to her right now..

Thus, Lin Jiage's reply made Shi Yao even more furious.

"My fiancé is also a husband. I wasn't wrong..."

After successfully sending this message, Lin Jiage took a screenshot of the long list of unreasonable words that Shi Yao had just sent him, he also circled a few key words in red: "I can tell you that you can't remember", "Today is the last time", and "Be careful not to starve to death" before sending them to Shi Yao, she then added another sentence: "Look at what you said just now. You were so fierce, and it was as if you were trying to protect your husband. It was clear that you were telling me that this is your man. You can say it, but I can't say it. Oh, no, it's not that you can't say it, but you can't remember it. Even if you heard it, you could only pretend that you didn't hear it. This isn't a hubby-hubby-hubby maniac, this is a domineering hubby-hubby-hubby maniac..."

..

This is your man... Lin Jiage is hers... err..

Shi Yao couldn't understand what was happening to her, and her face reddened even more.

She really wanted to refute mister numbers, but she couldn't find any words to refute him at the moment. In the end, she decided to focus on the message she had just sent him.

Was she really as protective of Lin Jiage as he said?

After reading through the message she had just sent, Shi Yao wondered if Mister Numbers had brought her along. To her surprise, she also felt as if she was being a little brainless in protecting Lin Jiage..

Other than being brainless in protecting him, there was something else... She didn't want others to misunderstand Lin Jiage... or rather, she didn't want to have a bad impression of him.

She was well aware that there was no such thing as a perfect person in this world. Even those who were worshipped by the world had their flaws, and there would also be people who didn't like him. But why was she so foolish as to think that no one would like him, how could he be so foolish as to think that no one would like him? Even to herself, she is not so unreasonable?

Shi Yao, who hadn't figured it out yet, felt her phone screen light up.

[111111] : "Why aren't you talking?"

Shi Yao hurriedly collected her thoughts and replied, "I admit that I'm a little protective of him, but it's not exactly what you think."

"How can I explain it to you? It's just that the words you just sent me aren't true. At first, I thought that it was true, but later on, I realized that I had misunderstood him. He's not that kind of person. He doesn't have any fetish for big butts, and he's not mentally unhealthy either. On the contrary, I think that he's a pretty good person..."

"He was born into a good family. He looked like a spoiled child, but in reality, he was very capable and hardworking. He was much more serious than many people from ordinary families. He was not the kind of person who would take things for granted. He had a lot of strength and content, and he was very respectful, polite, and very good at taking care of people."

Chapter 644: The Domineering Hubby Protector Demon (2)

"Did you know that I suddenly had a stomachache tonight? He was the one who sent me to the hospital. He carried me and ran all the way. His shoes ran away and his feet were cut. Also, his mysophobia was very serious, but his clothes were dirtied by the wine. He didn't even change his clothes. He endured the dirty clothes and accompanied me for several hours..."

"Actually, he's not the only one who has a problem with me. I have a problem with him as well. He had a grudge with me in the past, and it left me with a bad impression of him. As such, I held a grudge against him from the very start, so there were a lot of personal feelings in my understanding of him. Now that I've realized my mistake, I have to correct it... in any case, I just hope that you can forget about those words in the future. I don't want others to misunderstand him just because of me..."

It was only after Shi Yao had finished what she wanted to say and sent the message out that she realized that she had unknowingly typed so many words into mister numbers.

Perhaps it was because she had said too much, but Mister Numbers didn't reply to her.

She lay on the bed, waiting for her drowsiness to strike. Finally, her phone screen lit up.

[111111] : Oh, I got it

What a concise reply... Shi Yao pursed her lips discreetly, but she didn't reply to Mister Numbers' message. Instead, she hugged her pillow, flipped over, and closed her eyes.

..

After replying to Shi Yao's wechat message, Lin jiage swiped his finger across the screen and read the message that she had sent over a few hundred words from start to finish.

He read it with utmost seriousness, as if he was picking out the words, carving each and every word into his heart. By the time he finished reading the entire message, a smile couldn't help but appear on his lips.

He had only wanted to test soft bun's weight in her heart, but he had not expected that he would actually test out such an ending.

It turned out that Soft Bun's opinion of him had changed so much. One had to know that he had thought that he would need to spend a very, very long time before he could move her..

Now it seemed that what he had heard her say at the capital airport did not need to be so sad.

Even though she had a man that she wanted to like, she was slowly changing her view of him. As long as he continued working hard and persevered, there would come a day when he would replace the man that she wanted to like, right?

With this thought in mind, Lin Jiage read through the long string of words Shi Yao had sent him once more. The more he read, the more agitated he became. In the middle of the night, he paced back and forth in the hotel lobby like a lunatic for quite some time, unable to hide his agitation, he eventually picked up his phone and dialed Xia Shangzhou's number.

Perhaps it was because he had fallen asleep, but no one picked up.

He switched to Lu Benlai's number, but no one picked up.

How could such joyous news be left to him alone? He had to share it with the rest of the world. Only when everyone was happy would he be called a brother..

Thus, when Lin Jiage saw that he couldn't get through to his phone, he immediately switched it to his dormitory room.

The first time, no one picked up.

Lin Jiage continued calling for the second time.

After three consecutive calls, he was finally picked up. Xia Shangzhou was yawning in displeasure, "Who is it? It's the middle of the night, are you crazy..."

Before Xia Shangzhou could utter a single word, Lin Jiage had already replied unhurriedly, "Me."

Xia Shangzhou's words disappeared without a trace.

Three seconds later, he chuckled gleefully, "Boss, why aren't you asleep yet? It's not good for your health to sleep late..."

Chapter 645: My First Love Is You (1)

Suppressing the ecstasy in his heart, Lin Jiage replied calmly, "Oh, there's something I want to share with you guys."

After a brief pause, Lin Jiage added, "It's a good thing."

“Good thing? What Good Thing?” Through his phone, Lin Jiage could clearly feel Xia Shangzhou’s agitation, “Boss, wait for me for a moment. Let me wake up Xiao Lailai. Xiao Lailai, Xiao Lailai, grandson...”

“F * ck! Who the hell are you calling grandson?” Following Lu Benlai’s displeased retort, Lin Jiage heard the sound of his footsteps approaching the plane.

Perhaps it was because he was woken up from his sleep, Lu Benlai’s voice sounded listless. “Boss, what good thing is it?”

After confirming that the two of them were already at the other end of the line, Lin Jiage spoke up leisurely, “Yaoyao praised me...”

Xia Shangzhou: “Isn’t it normal for her to praise you?”

Lu Benlai yawned, “What did she praise you for?”

“Praise me...” Lin Jiage intentionally paused for a moment, as if he was trying to keep them in suspense, then, he spoke up, “... she said that I’m a good person. She said that I come from a good family, and I might seem like a pampered and pampered person, but in reality, I’m very capable and hardworking. I’m much more serious than most people who come from ordinary families. She even said that I’m not that kind of pretentious person, that I’m very capable and capable, that I respect people, that I’m polite, and that I’m good at taking care of people...”

On the other end of the line, Xia Shangzhou and Lu Benlai were still trying their best to hold on to their drowsiness. It was only after Lin Jiage had finally finished speaking that they finally spoke up.

Xia Shangzhou: “So, boss... can you say something good now?”

Lu Benlai cooperated by saying ‘yes’ twice, but halfway through his final ‘Yes’, his voice was drowned out by a yawn.

Lin Jiage waited for Lu Benlai’s yawn to die down before saying, “I’m done talking.”

After a few seconds of silence, the conversation between Xia Shangzhou and Lu Benlai could be heard from the other end.

Lu benlai: “Did I miss something just now?”

Xia Shangzhou: “That’s What I wanted to ask you as well. Boss, what do you mean by ‘Good Thing’? Are we going to the golden waves or the Grand Beijing Restaurant? Why haven’t I heard those two words?”

Lu benlai: “If you ask me, who am I going to ask?”

Xia Shangzhou: “Then what exactly did you hear just now? Don’t you have ears?”

Lu benlai: “Didn’t you also not hear it?”

“...”

Facing the two of them bickering one after another, Lin Jiage cleared his throat.

The other end of the phone immediately fell silent.

Three seconds later, Xia Shangzhou weakly asked, "Boss, what is Your Good News?"

Lu benlai: "Old Xia kept squeezing me just now, so I didn't hear you clearly..."

Xia Shangzhou: "When did I squeeze you?"

Lin Jiage knew that the two of them would start quarreling again soon, so he didn't wait for Lu Benlai to speak up, he swiftly spoke up first, "I said that Yaoyao praised me. She said that I'm a good person, that I come from a good background, that I'm a pampered and pampered person, but in reality, I'm very capable and hardworking. I'm much more serious than most people from ordinary families, and she even said that I'm not just an ordinary person. She also said that I'm very capable, that I have a lot of depth, that I respect people, that I'm polite, and that I'm good at taking care of people..."

After Lin Jiage repeated every single word, Xia Shangzhou waited for a long time. Seeing that Lin Jiage didn't say anything else, he asked in disbelief, "That's it?"

Lin Jiage: "That's it."

Lu benlai: "That's it?"

Lin Jiage: "That's it."

Chapter 646: My First Love Is You (2)

The other end of the line fell silent once more.

Three seconds later, Xia Shangzhou: "How is this a good thing? This is clearly dog abuse!"

Lu benlai: "The Heck! You made me jump out of bed so excitedly. I'm so disappointed! I'm so disappointed!"

Lin Jiage coughed softly.

The tone of the two on the other end of the line changed in an instant.

Xia Shangzhou: "Boss, this is really a good thing! It's a great thing! Hahaha, I'm so happy..."

Lu benlai: "Boss, do you know that I love dog food the most? Please feel free to feed me as much as you want!"

Only then did Lin Jiage hang up the phone in satisfaction.

He glanced at the time, and it was already very late. She didn't reply to his wechat message either..

Lin Jiage guessed that Shi Yao was probably already asleep, but due to her illness, he was still a little worried. Thus, he returned to her room, took out her room card, and swiped open her door.

The lights in her room were all switched on, so there was plenty of light. The curtains weren't drawn either, and she was curled up on the bed with her phone in her hand. Just as he had guessed, she was already fast asleep.

Lin Jiage first turned off the lights in the room, leaving only the two sleeping lights on the bedside table. Then, he pulled the curtains back, and he walked over to the bedside quietly and picked up the blanket

that she had kicked off the floor, he carefully covered her body with it, then took the phone from her hand and placed it gently on the bedside table.

Her sleeping face looked peaceful and beautiful.

Lin Jiage knew that she was no longer suffering, but he wasn't in a hurry to leave. Instead, he sat on the edge of the bed and gazed at her quietly.

It was late at night, and he was the only one here. As he gazed at her, he unscrupulously displayed the deep feelings in his heart to his heart's content.

He slowly reached out his hand and gently touched her cheek, his actions gentle and protective.

"You said that you have someone you want to like..."he lowered his eyelids slightly to hide the dimness in his eyes,"... I was really sad, but after some thought, I realized that it doesn't really matter..."

"Your first love isn't me..."at this point, Lin Jiage raised his eyelids once more, and a faint smile crept onto his lips,"... But my first love is you..."

As his voice trailed off, Lin Jiage's fingertip lightly brushed Shi Yao's cheek twice. After which, he stared at her for a while longer before withdrawing his hand.

It was really getting late. He stood up and prepared to leave, but before he could do so, his attention was drawn to a notebook on the bedside table.

Was that... a notebook or a diary?

If it was a diary, it wouldn't be right for him to make a move without her permission, right?

But if it was really a diary, would there be any records of the person she wanted to fall in love with..

Lin Jiage struggled for a long time in his heart, but in the end, he still reached out to grab the notebook.

There was a pen in it, and he casually opened it to find the page where the pen was.

Under the dim light from the bedside table, he saw a few lines of words on it.

September 30th, 2018. Air Fare: 2,680 yuan.

October 1st, 2018. Hotel fare: 2,800 yuan per night. Seven nights in total.

October 1st, 2018. Drip Fee: 1,500 yuan.

Lin Jiage frowned slightly as he stared at the three lines of words for a moment. Then, he realized that the air fare referred to the air fare from Beijing to Chengdu, and the hotel fare referred to the cost of staying here with her, the drip fee was the money that he had spent to bring her to the hospital tonight.

Chapter 647: Outsiders (1)

She hadn't asked him about the hotel fees before. It was likely that she had found out about the name of the hotel when she arrived at her residence, so she had gone to the Internet to look it up... As for the air fare and drip fees, she had actually asked him about them, but he didn't think too much into it... other than these, there seemed to be other things..

As if he had guessed something, Lin Jiage swiftly flipped through the pages of the ledger.

What he saw was one record after another.

He continued flipping through the pages until he saw a piece of paper pasted on one of the pages.

The paper was folded, and when he opened it, he realized that it was the names of some of the brands, with the prices marked on the back.

At first, he was a little confused as to what kind of account this was. It wasn't until he saw the date that he realized that this was the first half of the semester. On the day of her French class, he had followed her over and said that her clothes were ugly, her grandmother had snapped back at him fiercely, saying that even rats would run away in tears when they came to my house, dismissing my clothes as ugly, so, you bought me clothes... and then, he really did buy her a box of clothes... and this piece of paper was the price of those clothes.

Not only did she record down the money he had spent on her, she also recorded down every single one of them. Even her grandfather, parents, and the pocket money that Lin Jiayi had given her were all recorded in detail. From now until six years ago..

It was only when Lin Jiage flipped through the first page of the ledger that he realized that his hands were trembling, and his heart was in a state of panic.

She had memorized every single cent that everyone in his family had given her, as well as every single cent that they had spent on her. Why was that so?

Even if she didn't ask, the answer was obvious... she was thinking that one day, she would be able to earn some money... should she return all of this to him?

Lin Jiage stared at the ledger in his hands like a statue for a long time before he finally came back to his senses.

He turned his head to look at the sleeping girl, and a complicated look appeared in his eyes.

Why did she return all of this money? Was it because from the very beginning, she didn't want to have too deep a relationship with their family? Was it because from the very beginning, she wanted to cut ties with their family one day in the future?

Lin Jiage felt as if something was gripping his heart tightly, causing him to feel a deep pain as well as a bone-chilling chill.

He didn't dare to look at her for too long, so he quickly retracted his gaze.

He hurriedly flipped the ledger back to the last page, put the pen back, closed the ledger, and placed it back on the bedside table.

He stood up in a panic, not daring to stay in her room for even a moment. He took a slightly disorderly step and left.

He returned to his room without turning on the lights. In the darkness, his eyes stared straight at a certain place in the air for a long time before he lifted his feet, dragged his suddenly heavy steps, and walked to the bedside, he lay straight on the bed.

His mind was blank as he stared at the ceiling for a long time before he gently blinked his eyes.

Just now, when he saw those wechat messages from her, he was very happy... he thought that there was hope in the end... now it seemed that he realized that he was too optimistic.

In her heart, from the past until now, she had never once thought of him as... No, to be exact, she had never thought of him as her fiancé.

He had always been an outsider to her.

Chapter 648: Outsiders (2)

He was ecstatic because of her compliment. He thought that he had given so much and waited so long for hope, but the ledger was like a basin of cold water, pouring down on him, it made him realize the reality.

She had calculated the account so clearly, what did this mean? It meant that no matter how much she changed her view of him, she had never once thought of wanting to be with him. In the end, he was just a friend to her..

Lin Jiage didn't know how long he had been lying there like an idiot. All he knew was that when he came back to his senses, he realized that his heart was in a lot of pain. It was heart-wrenching, bone-piercing pain... it was even more painful than when he had confessed to her back then, after being rejected by her, it was even more excruciating than before..

That's right, how could it not hurt?

He was thinking about the future between her and him, but she was thinking about the end between them.

Lin Jiage's throat felt as if something was clutching onto it, suffocating him. He slowly raised his hand and placed it on his chest. He could feel his heart beating rapidly.., it was a deep pain.

..

Due to the fact that she had slept late the previous day, it was already close to noon when Shi Yao woke up the next day.

Starving, she jumped out of bed and washed up. After which, she changed her clothes and ran over to the other side to knock on the door.

Perhaps it was because Lin Jiage was still asleep, but after Shi Yao rang the doorbell three or four times, the faint sound of footsteps could be heard from behind the door.

The door opened, and before she could see who it was, she spoke up first, "Lin Jiage, we..."

At this point, she suddenly paused.

She stared at the person who had opened the door for quite some time before speaking up in a daze, "Sis... Sis Jiayi, why... Why is it you?"

With that, Shi Yao stretched her head into the room and asked, "Where's Lin Jiage? Is He still asleep?"

Lin Jiayi, who had been woken up by Lin Jiage the entire night, took the morning flight over. Yawning, she tugged at her pajamas and gestured for Shi Yao to enter the room, at the same time, she replied, "Atm? He called me in the middle of the night, saying that he had something urgent to attend to and that he had to go to Shanghai. He said that he brought you to Chengdu to play, but he couldn't accompany you. He was worried about leaving you here alone, so he asked me to come over to play with you..."

As Lin Jiayi spoke, she walked into the bathroom and squeezed some toothpaste into her toothbrush before asking, "Little Darling Yaoyao, the ATM told me that you were sick last night. How are you feeling now? Are you feeling better?"

Shi Yao nodded and replied, "I'm fine now."

Lin Jiayi, who was brushing her teeth, didn't say anything. Instead, she pointed to her room and gestured for her to find a random spot to wait for her.

After brushing her teeth, Lin Jiayi washed her face, at the same time, she said, "Yaoyao, we're going to have skewers for lunch, and the ATM will pay for it. Don't worry, enjoy yourself these few days. Before I came here, the ATM had already arranged for us to eat, sleep, eat, and have fun... I'm the best at having fun, so just follow me and watch how I bring you to Chengdu to have fun..."

..

Shi Yao had sent a message to Lin Jiage asking if he had arrived in Shanghai yet.

Perhaps it was because he was too busy, so he didn't reply to her.

According to Lin Jiage's original schedule, Shi Yao and Lin Jiayi had been in Chengdu until the end of the 11th long holiday before returning to Beijing.

Shi Yao had planned to head straight back to school the next day, but after returning from Chengdu, she brought some specialty products for her parents. After a moment of hesitation, she decided to return home.

Chapter 649: 1,010,000(1)

Many a time, there were many coincidences. Shi Yao didn't expect that with just a moment of hesitation, she would stumble upon a huge secret on her way home.

Lin Jiayi had a dinner party that night, and Shi Yao was heading home. As it was already 4 pm when she arrived at the Capital International Airport, Lin Jiayi had Xia Shangzhou pick her up and accompany her to meet a client, meanwhile, the Lin family's chauffeur was responsible for driving Shi Yao home.

The airport was located in the suburbs, and it wasn't too far from Shi Yao's house. On top of that, there was no traffic jam. In just twenty minutes, the Lin family's chauffeur had already brought Shi Yao home.

Initially, the chauffeur wanted to help Shi Yao carry her belongings upstairs, but since there was an elevator, Shi Yao didn't trouble the chauffeur. After thanking the chauffeur, they parted ways downstairs.

Shi Yao dragged her luggage up the stairs, and when she reached the door, she knocked on it. Seeing that no one was opening the door, she thought that her parents weren't home, so she took out her keys and opened the door.

Pushing the door open, she was just about to pull her luggage into the house when she heard her father's voice coming from the half-open door of the master bedroom.

There's someone at home, so why didn't they open the door for me?

Shi Yao was just about to call out 'daddy' when the two words were barely on the tip of her tongue, she suddenly heard her mother's sobbing voice coming from the room, "Do you think that I want to live with you? I don't want to live with you anymore! Let me tell you, if it weren't for the sudden visit of the Lin family six years ago, I would have left with Yaoyao at that time!"

I don't want to live with you anymore... leaving with Yaoyao... what is the meaning of this?

Shi Yao stopped what she was about to say and stood at the entrance with her luggage in her hands.

"You can leave! You can leave now too! But Yaoyao, you have to stay behind for me!" Compared to her mother's crying voice, her father's voice was much fiercer.

"Why should I? Yaoyao was born to me. After she was born, did you ever manage her? It was all under my control. Back then, when you wanted to divorce me, you also said that you didn't want Yaoyao. wasn't it because the Lin family came to find you and said that there was a child marriage? You saw that Yaoyao was going to marry into a rich family, so you knelt down and begged me not to divorce you. To Be Frank, weren't you only willing to keep Yaoyao because she was useful? Don't think that I don't know that it was you who owed someone money back then. The Lin family sent a betrothal gift, 1,010,000 yuan. You couldn't wait to get that money, so you came to me. Tell me yourself, all these years, have you ever thought of living a good life with me? All these years, we pretended to be in love with Yaoyao. You pretended to be a loving father, but in reality? Is That So?"

"Let me tell you, if you really can't stand it, then go. The door is right there. Go, go, I definitely won't keep you. Anyway, you have to keep my daughter!"

"She's also my daughter. Why should I keep her for you!"

"After all, didn't you see that your daughter was worth money and you weren't willing to let go of that money? "That's right. You said that I went to beg you for a million dollars back then, but later, didn't I still give you 500,000 dollars? "We'll split it 50-50. What right do you have to criticize me? "Moreover, this child marriage was set up by my father and uncle Lin. It was my father who saved Uncle Lin's life. It wasn't your father. Without my father, would yaoyao have such a good life?"

"That daughter was also born by me. Without me, would you have been able to give birth to Yaoyao by yourself?"

The cries of his mother, his father's roar, and the quarrel between the two of them became more and more intense.

Chapter 650: 1,010,000(2)

Shi Yao stood at the door, staring in the direction of the master bedroom. Her fingers gripped tightly onto the handle of her luggage.

She didn't hear what her parents were arguing about, but she could tell that they seemed to have made a move. Something fell to the ground, producing a sharp cracking sound.

Shi Yao pursed her lips silently, as though she had never returned home before. She closed the door softly, pulled her luggage, and entered the elevator.

After exiting the residential area, Shi Yao randomly found a direction and dragged her luggage along aimlessly. She didn't know how long she had been walking for, nor did she know where she was going., it was only when she was too tired to continue walking that she finally stopped.

At this moment, the sky was already dark, and the streetlights by the street lit up one after another.

Shi Yao stood by the side of the road, staring at the traffic on the street before her. She suddenly felt a little lost.

She felt as if everything she had just heard was a nightmare.

But no matter how much she tried to avoid it, no matter how much she didn't want to face it, she couldn't help but realize that the family harmony that she had always thought of, and the atmosphere that her parents doted on, were all illusions.

To them, what was she? Was she a tool for them to rise to fame?

If not for her grandfather's guidance, would she have lost her father six years ago? Would she have lost her so-called family as well?

She had always thought that her engagement with Lin Jiage was the result of her grandfather's generation placing great importance on relationships. However, the quarrel between her parents today made her realize that it wasn't as simple as she thought..

The Lin family treated her really well. Be it grandfather Lin, Lin Jiage's parents, Lin Jiage's aunt or uncle, sister Jiayi, or even the servants and chauffeur of the Lin family, they all treated her really well, so well that she felt that they treated her even better than her parents did. It was precisely because they treated her so well that she felt that they were doing their best to give her something good. She couldn't accept it with a clear conscience. She had to remember that she had to return it to them..

But what about her parents? To think that they would take away a million from the Lin family with such a clear conscience... she did have an engagement with Lin Jiage, but that was just an engagement. She didn't marry Lin Jiage, so the money didn't belong to her. Even if she did., but even so, she couldn't spend the Lin family's money like that..

Shi Yao couldn't tell whether she was mentally or physically tired. She slowly squatted down and buried her head in her knees.

Honestly speaking, she couldn't accept such a truth..

The scene she had accidentally knocked over in the afternoon had not only overturned her understanding of the Lin family, but it also made her heart feel as if it was weighed down by a stone. The thought of the Lin family weighed heavily on her heart, and what made her even sadder was.., did her parents really love her? Or did they have a daughter in their hearts? What was she to them? A money tree? A welfare lottery ticket?

Shi Yao squatted on the main road for a long time before she got up and dragged her luggage to the nearest subway station to return to school.

Leng Nuan, Jiang Yue, and He tiantian were all in the dormitory room. Upon seeing her return, they immediately began pestering her for gossip.

Jiang Yue: "Yaoyao, hurry up and tell me. What did you and senior Lin Do When you went to Chengdu?"

He tiantian: "Yaoyao, how far have you gotten with senior Lin?"

Leng Nuan: "After a while, Yaoyao, Can We Eat Wedding Candies Now?"

From the start to the end, Shi Yao didn't make a single sound. She simply found a random spot to put her luggage down, threw a towel and pajamas, and said, "I'm going to take a shower." Then, she went into the bathroom.

[my heart aches for Yao]
