

Chapter 671: I Don't Think I'm Good Enough (1)

"I've always felt that Lin Jiage and I aren't from the same world. Now that I think about it, I feel that the distance between us is even greater... I just want to return the money. Regardless of whether the engagement is annulled or not, I want to return the million that my parents took... it's not because I don't like money, nor is it because I'm being pretentious. I just feel that my parents shouldn't have taken that betrothal gift money in that kind of mentality and manner..."

"Nuannuan, you don't know how good Grandpa Lin and the others have been to me. When Lin Jiage ignored me in the past, be it Grandpa Lin or sister Jiayi, they were all on my side... I felt that my parents had let them down... and then, in just one night, even I felt that I wasn't good enough anymore..

"Then, a few days ago, I met Lin Jiage at the clubhouse. He thought that I was going to break off the engagement to work here, so he threw a tantrum at me. After which, he even promised to break off the engagement with me..."

Shi Yao, who had been muttering to herself for a long time, suddenly came to a halt.

"It's no wonder you weren't in a good mood when you came back that day..." Leng Nuan finally continued, "However, yaoyao, it's a misunderstanding. It'll be fine as long as you explain it clearly..."

"Forget it. In any case, i..." At this point, Shi Yao suddenly came to a halt.

She had actually nearly told Leng Nuan that she wasn't good enough and that he deserved better... why would she care so much about her own well-being?

"HM?" Seeing that Shi Yao suddenly fell silent halfway through her words, Leng Nuan couldn't help but ask in return.

Shi Yao shook her head and didn't say anything else. Instead, she lowered her head and began drinking her milk tea.

Since Shi Yao didn't say anything, Leng Nuan didn't pursue the matter either.

The two of them continued to remain silent as they sat on the field for a while. After Shi Yao finished her milk tea, Leng Nuan, who had been confiding in Shi Yao for quite some time, finally saw that it was getting late, she asked, "Nuannuan, shall we head back to the dormitory room?"

Leng Nuan nodded before standing up first. She reached out to pull Shi Yao along, and the two of them walked shoulder to shoulder toward the female dormitory building.

Just as they were about to reach the building, Leng Nuan suddenly spoke up, "Yaoyao, do you really care that you and Lin Jiage aren't from the same world?"

Shi Yao was stunned by Leng Nuan's sudden question.

Leng Nuan waited for a moment, but seeing that Shi Yao didn't speak, she spoke up once more, "Or, let me ask you another way. Do you feel that you're not good enough in front of Lin Jiage right now?"

Shi Yao was stunned once more. However, this time, it wasn't because of Leng Nuan's question, but because Leng Nuan was actually able to see through her thoughts.

"Yaoyao, there's no need for you to tell me this answer. You can just tell it to yourself," Leng Nuan added.

Perhaps, she was already moved, but she didn't know it yet.

However, it was no wonder that she was moved. After all, that man was so outstanding. No one would be able to resist him, right?

With this thought in mind, Leng Nuan sighed softly once more, "Yaoyao, actually, I'm quite envious of you..."

I'm envious that you can meet someone who really cares and likes you in your most beautiful years... you have to know that there are many people who don't have this kind of fortune, just like her... a long, long time ago, on that night.., on that nightmarish night that she didn't dare to face now, there was already no such opportunity..

Chapter 672: I Don't Think I'm Good Enough (2)

Shi Yao was perplexed by Leng Nuan's words of envy.

What was there to be envious of? In just one night, her family had fallen apart..

Seeing Shi Yao's perplexed gaze, Leng Nuan smiled faintly. "It's nothing. I'm just feeling it. Hurry up and leave. The doors to the dormitory building are about to be locked..."

After saying those words, Leng Nuan pulled Shi Yao and quickened her pace.

After stepping into the dormitory building, Leng Nuan turned her head to look at Shi Yao.

There are some things that when you no longer have any hope, you will wish for the happiness of the people around you.

Just like her, she might never have a beautiful love in her life, but when Shi Yao had a chance, she would grab it for her, as though she had fulfilled her own happiness.

Just as she was about to reach the entrance of the dormitory room.., leng Nuan asked, "Yaoyao, why didn't you ask me where I got a cup of milk tea from? You should know that the door closes at nine o'clock at one o'clock. When I went to look for you, it was already eleven o'clock. I don't have the ability to make a cup of milk tea for you..."

Even if Leng Nuan didn't say anything, Shi Yao didn't realize that her words had abruptly halted her footsteps. As if she had realized something, she turned to look at Leng Nuan.

"Do you already know what's going on in your heart..." Leng Nuan also halted her footsteps and asked with a smile.

Hearing Leng Nuan's words, Shi Yao was even more certain. She opened her mouth, and after a moment, she said two words, "It's... him..."

“UN, it’s him... he called our dormitory, and it just so happened that I was the one who picked him up. He was the one who asked me to visit you at the field, and he was also the one who sent milk tea over. He said that when you’re in a bad mood, you’ll want to drink milk tea...”

After saying all that she needed to say, Leng Nuan reached out and patted Shi Yao’s face. “Alright, I’m going to take a shower now. There won’t be any hot water in the dormitory room later...”

Leng Nuan knew that she had said enough, so she didn’t bother with Shi Yao who was still standing in the corridor. Instead, she took a few steps forward and entered the dormitory room.

It took Shi Yao quite a while before she finally entered the dormitory room.

Leng Nuan had already finished her shower and was leaning against the bed, reading a book.

With her pajamas and towel in her hands, Shi Yao entered the bathroom as well.

After she came out of the shower, she finally sobered up a little. However, just as she finished applying her face cream., leng Nuan handed her a cup of warm milk and said, “Here, I’ve been entrusted with this task. I have to fulfill my promise to you. He asked me to give you a cup of warm milk to drink, and he said that it will help you sleep more soundly...”

After saying those words, Leng Nuan returned to her bed to continue reading. On the other hand, Shi Yao was still hugging her cup of warm milk. Just like how she was in the corridor earlier, Leng Nuan’s words caused her heart to be thrown into chaos once more.

..

Leng Nuan continued reading until it was one in the morning before she switched off the headboard light.

Despite lying on the bed, she didn’t feel sleepy at all. Perhaps it was because she was trying to persuade Shi Yao, but she suddenly recalled that night in the past, and she found it hard to fall asleep. Thus, she picked up her phone and began flipping through it casually.

On the night that Lin Jiage pulled out the polygraph to scare Qin yiran, she met Lu Benlai while she was having a kebab with Shi Yao. After which, when Lu Benlai sent her, he tiantian, and Jiang Yue back to their dormitory, he asked for her phone number once more, she gave it to him.

Initially, Lu Benlai would call her, but since she refused to pick up, he decided to send her a text instead.

Chapter 674: I Was A Little Worried (2)

It was only after this apology that Leng Nuan spoke up, “I’ve already brought Yaoyao back to the dormitory room. However, I didn’t call you just to tell you this...”

At this point, Leng Nuan could vaguely sense that something was amiss with Lin Jiage’s side. She paused for a moment before confirming that something was amiss with Lin Jiage’s side. It was the howling of the wind.

It’s already so late... why is there still wind on my side?

Leng Nuan recalled that when he called her, he invited her to make a trip to the school gate. At that time, his car was parked by the side of the road. Could it be that.., leng Nuan asked,"... Senior Lin, you're not still at the school gate, are you?"

"UN," Lin Jiage replied softly. A moment later, he added, "I'm a little worried."

Even though his words were very reserved, Leng Nuan knew that the 'worried' he was referring to was none other than Shi Yao.

Just because Shi Yao cried, he was able to stay at the school gates for such a long time. If she were to tell him what happened next, then he... wouldn't just be worried, he would also be heartbroken, heartbroken, heartbroken..

However, since she had already decided to be a good person on this matter, she had to do it to the end... in any case, if Lin Jiage didn't feel heartbroken, heartbroken, and heartbroken today, he would find out the whole story some other day, he still had to feel heartbroken, heartbroken, and heartbroken.

Leng Nuan harbored the thought of letting Lin Jiage feel the pain sooner rather than later, so she said, "Oh, then you can rest assured now. Yaoyao has already fallen asleep..."

"Un..."

Even though Lin Jiage had only replied with a single word this time, Leng Nuan could sense that he had heaved a sigh of relief through his phone.

Leng Nuan intentionally waited for a moment, and halfway through Lin Jiage's sigh of relief, she suddenly caught her breath and asked, "By the way, do you know anything about Yaoyao's family?"

"Yaoyao's Family?" Lin Jiage's tone immediately tensed up. "What happened to her family?"

"You don't know... Then, back then, when you met her to confirm your marriage, your grandfather gave her family a million yuan. Do you know about that?"

"Isn't that a betrothal gift?"

"It's a betrothal gift, but do you know how Yaoyao's parents received that sum of money back then?"

Lin Jiage fell silent.

After about ten seconds of silence, the phone rang, leng Nuan spoke up, "Yaoyao's parents were getting a divorce back then, and her father was preparing to reject her mother and her... If your grandfather hadn't suddenly come to Yaoyao's house and told her that Yaoyao was engaged to you, Yaoyao would probably have lost her father by then..."

Lin Jiage's voice still didn't come through.

Leng Nuan knew that he was listening.

"Yaoyao found out about this some time ago, on the day she returned from Chengdu. Back then, Yaoyao's father owed a sum of money, and he needed the money as well. After that, he went back to her mother to continue living his life. After your grandfather gave the money to Yaoyao's parents, they split the money as though they were splitting the spoils..."

On Lin Jiage's end, it was still deathly quiet.

So quiet that for a moment, Leng Nuan thought that she was talking to herself.

"Yaoyao told me that when she heard the news, she only had one thought, and that was that her parents had sold her... sold her to your family. Yaoyao also said that she had to return the money no matter what. She said that the betrothal gifts shouldn't have been given to her parents..."

Chapter 675: In The Middle Of The Night, It’s Very Easy To Get Pregnant While Chatting (1)

“Yaoyao also said that the people in your family treat her very well. She feels that her parents have let her down, and she feels that she’s not good enough anymore...”

“You might not be able to understand her, but as a girl, I can understand yaoyao. If it were me, I would choose to return the money as well, because I want equality. I want our relationship to be clean and without any impurities. Money is a good thing, but sometimes, money isn’t really a good thing.”

Leng Nuan, who was about to finish her words, waited for a moment. Seeing that there was still no response from Lin Jiage, she spoke up once more, breaking the silence between them, she said, “Well, it’s getting late. I’m going back to rest now. If there’s nothing else, I’ll hang up now.”

After saying those words, Leng Nuan waited for a moment. Seeing that Lin Jiage was still silent, she prepared to take the phone down from her ear and cut off the call. However, just as the phone fell half an inch away., Lin Jiage’s voice sounded from the other end of the phone, “Thank you.”

Thank you... Even though Lin Jiage didn’t thank her for anything, Leng Nuan could guess that he was thanking her for telling him all of this.

Leng Nuan lowered her eyelids slightly and paused for a moment, then, she replied with a light tone, “You don’t have to thank me. I’m not telling you all of this to help you. After all, I’m not close to you, so there’s no reason for me to help you. I’m a person who doesn’t usually act like this. If a friend tells me

something, it's basically limited to me. The only reason I'm telling you all of this is because I want to help Yaoyao..."

"..." on the other end of the line, Lin Jiage was caught off guard by Leng Nuan's cold words. He was taken aback for a moment before saying, "Thank you."

This time, Leng Nuan didn't reply. Instead, she took her phone away from her ear and hung up.

While she was on the phone with Lin Jiage, there were two more missed calls and more than ten unread messages on her phone.

All of them were from Lu Benlai.

"Nuannuan, your phone is busy. Are you talking to Boss?"

"Nuannuan, boss is such a taciturn person. What's there to talk about with him? Talk to me. I'm the best at Chatting."

"Nuannuan, it's already been ten minutes. Why are you two still chatting? It's so late at night, and it's very easy to get pregnant while chatting."

Pregnant?

Leng Nuan's lips twitched as she put away her phone. Ignoring Lu Benlai, who was still muttering to himself, she headed straight back to her dormitory room and went to bed.

..

After hanging up the phone for a long time, Lin Jiage finally lowered the hand that was holding the phone down from his ear.

The words that Leng Nuan had told him echoed in his ears over and over again. It felt like a dream, and he found it hard to accept.

The moment he thought of her crying on the field, he couldn't imagine how Shi Yao would react when she returned home from Chengdu and heard the news about her parents.

She must have been devastated back then, right? She must have been even more pitiful and helpless than what he had seen tonight, right?

But he... he actually went along with his own understanding without even asking the truth, throwing such a huge tantrum at her in the clubhouse that day. In fact, he even said that.., "You've been the fiancée of the Lin family for six years, so it's only right for you to receive some compensation..."

Lin Jiage closed his eyes, and he suddenly felt like slapping himself in the face.

Chapter 676: In The Middle Of The Night, It's Very Easy To Get Pregnant While Chatting (2)

She must have been very unhappy recently, but when she was at her most unhappy, he didn't comfort her, but gave her a blow... he said he liked her, but when he saw her ledger.., after knowing that she went to work to pay him back, he didn't sit down calmly and ask her what she was thinking. He just assumed that she was trying to distance herself from him, and then he lost his temper at her..

Back then, he still thought that despite how good he had been to her, she wanted to distance herself from him. He felt as if the things he liked weren't worth it, as if he had suffered a great injustice. But now that he thought about it.., why would he feel wronged... the one who was truly wronged was her..

Lin Jiage gritted his teeth, thinking that he was truly a bastard! To think that I would say that I like her in my current state?

I've really insulted the word 'like'..

Lin Jiage felt as if something was gripping his heart with all its might, causing his teeth to tremble in pain.

He knew that he was feeling regretful and vexed. Indeed, how could he not feel regretful?

Back then... when she first entered his world, he wasn't willing to accept this fiancée who had suddenly appeared out of nowhere. He had said all kinds of harsh words to hurt her, and it wasn't easy for him to get her to trust him and get close to him, yet, due to a moment of unwillingness, he had once again said those harsh words to her..

But this time, it was still fine. Even though he was furious back then, he still managed to restrain himself and not allow himself to say those harsh words, causing him to fall into a state of eternal damnation once more.

This was the first time that he had hurt her on impulse, and this was also the last time.

Lin Jiage secretly swore to himself.

..

Three hours later, Shi Yao hung up on Shi Yao, and Shi tried to call her daughter a few more times. Seeing that her phone was still switched off, she pondered for a moment before making a call to the Lin family's old residence.

Elder Lin had already showered and was about to fall asleep when Auntie Sun knocked on his door. She said that the Shi family had called and asked him to pick up the call.

Elder Lin directly asked Auntie Sun to transfer the call to his bedroom. About ten minutes later, elder Lin's angry roar came from his bedroom. "Auntie Sun! Auntie Sun!"

Auntie Sun, who didn't know what was going on, hurriedly ran over. "Elder Lin, what's wrong? Why are you so angry all of a sudden?"

"What's wrong? What else could it be? ! It's still that scoundrel. Other than him, who else can make me angry? Do you know what Yaoyao's mother asked me when she called just now? She asked me if that scoundrel and Yaoyao had a fight? Yaoyao suddenly told her tonight that she couldn't get married anymore. Yaoyao's mother even told me that Yaoyao was insensible and offended that scoundrel. She told that scoundrel not to be angry... Hehe, do you know? My old face hurts when I hear it. People think that B * Stard Kid doesn't want Yaoyao, but Yaoyao doesn't want him. Hehehe..." Old Mister Lin scolded angrily, he walked around the room without stopping.

Just as he was about to make Sun's mother faint, old Mister Lin suddenly stopped and looked at the open door behind Sun's mother.

Seeing this, she quickly closed the door.

Old Mister Lin then moved closer to her like a thief. He lowered his voice and asked quietly, "How are you doing with what I asked you to do before?"

Chapter 677: Sent Miss Shi To The Young Master's Bed (1)

Auntie Sun didn't understand what old Mister Lin meant for a while. "What is it?"

Old Mister Lin's face instantly fell. "What do you think?"

Auntie Sun still didn't quite understand. She looked at Old Mister Lin in confusion.

Old Mister Lin saw that she couldn't figure it out, so he kindly reminded Auntie sun with two words, "It's... Raw Rice..."

Speaking up to this point, old Mister Lin even raised his eyebrows at Auntie Sun, revealing a wicked expression.

Auntie sun: "Raw Rice? What Raw Rice?"

Old Mister Lin angrily gave her a look that said, "You're so stupid!" Then, he opened his mouth and shouted, "Raw rice, cooked rice, raw rice!"

Auntie Sun suddenly came to a realization. "Oh, I get it, old Mister Lin. You're talking about giving Miss Shi..."

Old Mister Lin glared fiercely at Nanny Sun and roared angrily, "Lower Your Voice. Are you trying to shout so that everyone in the world will know that I did such an unspeakable thing? That Bastard Brat is shameless, and I'm Shameless Too!"

Your voice is much louder than mine, and it's about to tear the roof off... Nanny Sun dared to be angry, but she didn't dare to speak. She could only lower her voice, "Are you asking about the matter of drugging Miss Shi and sending her to the young master's Bed?" "This matter was already settled when you instructed me at the beginning of the month. The medicine was received last week and is now in the bedside cabinet in my room. As for Miss Shi's period, I've also found out that it's the end of every month..."

"The end of every month. In other words, Yaoyao is currently in a state where it's very easy for her to get pregnant?" Old Mister Lin stroked his chin and chuckled.

Nanny Sun: "Old Master, do you mean that you're going to make a move now?"

"Do you know how to speak? What do you mean by making a move? I'm... This is... What's the phrase on the internet? Assist... Assist?"

"It's assist..."

"Yes, yes, assist. I'm assisting. Forget it, you wouldn't understand even if I told you."

It's always the same sentence, but every time, he still doesn't ask me if I'm willing to listen, he also wants to tell me... Auntie Sun silently swallowed her grievances. "Old Sir, your plan is quite good, but what do you need to do to send Miss Shi to the young master's Bed?"

"Is that so..." old Sir Lin leaned on his walking stick and walked around the room, then, he thought, this is easy. Isn't it Xiao Rui's birthday in two days? It's her birthday. Can't we just call them over?"

Xiao Rui was elder Lin's wife who had passed away many years ago... nanny sun said, "Elder, the old lady passed away many years ago. How are you going to celebrate her birthday?"

"So what if she passed away? Can't she celebrate her birthday after she passed away? Who said that birthdays can only be celebrated by people who are still alive?"

Nanny Sun was rendered speechless.

Old Mister Lin felt that his arrangement was particularly good. "It's settled then. You'll be in charge of Xiao Rui's birthday banquet. Remember to inform them tomorrow and have them all be present..."

Nanny Sun: "Yes."

Old Mister Lin waved his hand, indicating that nanny sun could leave.

When Nanny Sun reached the door, old Mister Lin suddenly chuckled.

Nanny Sun turned to look at Old Master Lin. The expression on old master Lin's face immediately became serious. Nanny Sun pretended not to hear anything. She opened the door and walked out. When the door was closed.., she heard Old Master Lin's laughter again. His laughter was mixed with "Great-grandson" ..

Chapter 678: Sent Miss Shi To The Young Master's Bed (2)

..

After ending the call with Leng Nuan, Lin Jiage stood at the school gate until nearly three in the morning before returning home.

After taking a shower, he didn't sleep for the entire night. It wasn't until daybreak the next day that he finally closed his eyes and barely managed to fall asleep.

He hadn't been able to sleep well, and Shi Yao's shadow would occasionally flash in his dreams. The scene of her being put in a difficult position while working in the clubhouse, the scene of her squatting on the playground and crying her heart out.., and the scene he imagined of her falling apart in disbelief after hearing his parents' conversation..

Such a dream had always surrounded him, lingering in his mind. In the end, even in his dream, he felt as though he was suffocating. After which, he opened his eyes and stared at the ceiling in a daze for a moment, only then did he prop himself up and sit up. He took out his phone by the bed and glanced at it. It was already three in the afternoon. He casually ordered some food on the internet, then lifted his blanket and got out of bed to wash up.

After filling his stomach, it was already five o'clock in the evening.

The weather today was exceptionally good. As the sun set, the scenery outside the floor-to-ceiling windows of the study room was exceptionally beautiful.

Lin Jiage stared at the setting sun outside the window for a long time. It wasn't until the sky turned gray that he returned to his desk. Pulling out his chair, he sat down before his desk and turned on his computer.

He browsed through the Internet for a long time before copying a link and sending it to his phone.

..

On Sunday, Shi Yao didn't need to make up for her lessons. In the afternoon, she washed the dirty clothes that she had accumulated over the past week, and in the evening, she went to eat fried noodles with Leng Nuan, Jiang Yue, he tiantian, and the others. After returning to her dormitory, she finally had some free time, she logged into the game that she hadn't seen for a long time.

It was quite a coincidence that [juice] was online. Upon seeing her, he decided to team up with her in the game.

As Shi Yao had gone to the bathroom to wash her apples, she didn't see it. When she returned, a few messages appeared in the [sexy and frisky] group chat.

[juice]@[Yao loves ice cream] : "Sis Yao, come and play the game."

[expert of the monkeys] : "I'm coming too."

[expert of the monkeys]@[111111] : "Boss, are you coming?"

Mister Numbers didn't show up, but when Shi Yao logged into the game and entered [Juice]'s invited party, she realized that the three of them were already online.

As usual, Mister Numbers remained silent throughout the game. Juice and expert were still in the same mode of interacting with each other, while Shi Yao was still following the three of them with a dumbfounded expression, from time to time, she would ask, 'who hit me? 'where is the person? 'what should I do now?'

Thinking about it carefully, it seemed like it had been a while since the four of them had gathered together to play games together... Shi Yao realized that she still missed this simple yet willful atmosphere.

With mister numbers around, Shi Yao lay on her back happily... time flew by quickly in the game, and in the blink of an eye, it was already eleven o'clock in the evening.

There was a class on Monday morning, so Shi Yao had to restrain herself and end today's game time.

However, just as she was about to log off after saying goodbye to the three of them, during the entire game night, [111111] suddenly spoke up, [111111] , who hadn't said a word all this while, suddenly spoke up, "Oh right, there's something that I was wondering if you're interested in."

Shi Yao was just about to ask him what it was about when Mister numbers spoke up once more. "I've sent the details to the wechat group. Take a look."

Chapter 679: A Lot Of Small Money (1)

Shi Yao replied with an “Oh-oh” before she felt her phone vibrate.

She hurriedly ran from the game to wechat and saw a link sent to her by Mr. Number in the group.

Curious, she clicked on it and found out that it was an online competition for ‘Survival of the Jedi’ hosted by a certain live streaming platform. The first prize was 500,000 in cash and four mobile phones.

Shi Yao was aware of such online competitions. It could be a promotional event organized by a live streaming platform, or it could be an event organized by some big streamers to gain fame... But, what did this have to do with her?

With this thought in mind, Shi Yao replied in the group, “What’s Wrong?”

[shishi juice] : “Boss means to ask if you’re interested in joining us to participate in this online competition?”

Shi Yao felt like she had just seen the funniest joke in the world, so she sent out a series of question marks without thinking twice: “? ? ? ?”

[Yao loves ice cream] : “Even though your joke was pretty good, I really didn’t laugh. I only felt cold.”

[juice] : “...”

[expert of the monkeys] : “Hahaha, you’re being despised, aren’t you? Grandson?”

[juice] : “Who the F * ck are you calling grandson? Grandson!”

[expert sent by monkey] : “I’m calling you grandson, grandson, grandson, grandson, grandson...”

[juice] : “My grandson is a repeater!”

“...”[111111] popped up in [expert and juice’s N + 1 exchange of blows.

[111111]@[Yao loves ice cream] : “It’s not a joke.”

Perhaps it was because of [111111]’s words that juice and expert stopped bickering and returned to the main topic in the group chat.

[expert of the monkeys] : “That’s right, Sis Yao. It’s not a joke.”

Shi Yao casually typed: “If it’s not a joke, then it’s a joke.”

[expert of the monkeys] : “...”

[juice] : “Hahaha, grandson, the wheel of fortune has turned. Are you now walking down Grandpa’s path of retreat?”

Probably afraid of those two fools, [111111] started bickering with them once more. But before the expert could reply, [11111] suddenly popped up again: “We’re serious. We’re serious about inviting you to join us.”

We're serious about inviting you to join us... looking at those words, Shi Yao couldn't help but think back to the message Lin Jiage had sent her many days ago — 'we're serious, we're serious about liking you.'

For some reason, her relaxed mood from playing the game tonight suddenly turned a little gloomy.

By the time she came back to her senses, there were already a few more messages on her phone screen.

[juice] : "That's right, Sis Yao. We're serious about inviting you to join us and compete with us in the tournament."

[expert of the monkeys] : "Sis Yao, we need four people to register for the tournament. So, right now, all we need is the east wind, and you're the East Wind."

Even though they had already confirmed that they were really trying to recruit her as a teammate, Shi Yao still felt that it was a little ridiculous. She couldn't help but reply, "Are you sure you're here to find teammates and not opponents?"

[shi juice] : "How can you say that about yourself? Sis Yao, you're very important, alright? Without You, we wouldn't be able to form a team. Without You, we wouldn't be able to obtain the 500,000 yuan prize money!"

[expert of the monkeys] : "That's right, that's right! 500,000 yuan! With the four of us, we'll split it equally, and it'll be 125,000 yuan for each of us. That's a lot of money..."

Chapter 680: A Lot Of Small Money (2)

125,000... putting aside the fact that she was now a private tutor, even her previous job at the Guild Hall was worth two years of her salary..

It had to be said that Shi Yao was truly enticed by the expert's last sentence, "A lot of small money".

However, Shi Yao was still able to recognize the words 'self-awareness'. Putting aside competing, she didn't even dare to say that she knew how to play the game, even though she really wanted that 125,000, however, Shi Yao still endured the pain and replied, "Stop fooling around. I really can't do it. I'll be a burden to all of you. Don't be so stubborn and ask me to compete with all of you. I think you're just looking for trouble..."

Shi Yao had thought that the person who would reply to her would be juice and expert just like before.

But to her surprise, not long after the message was sent, a new message popped up on the screen. It was from Mister Numbers.

[111111] : "Don't worry, I'm afraid that the person who can humiliate me in the game hasn't appeared yet."

[tide] : "666"

[juice] : "66666"

[expert of the monkeys] : "99999"

[juice] : "What the Hell Are you spouting? Idiot!"

[expert of the monkeys] : “Isn’t a 6 a 9? Idiot!”

It had to be said that Mister Numbers’ words were really arrogant and arrogant... Even Shi Yao wanted to call him crazily and flood the screen with 6.

But before she could do anything, [juice] spoke up once more, “Little Sis Yao, don’t reject us. Even if you despise the three of us, you can’t be so stubborn as to despise 125,000!”

[expert of the monkeys] : “That’s right, Sis Yao. You should know that our boss is ranked second on the entire server. He can be used by four people at once!”

[111111] : “That’s right. I’ve brought these two outsiders with me. There’s no reason for me not to bring my family members with me.”

Family... family members? Wait a minute... this family member was referring to her?

Before Shi Yao could recover from her shock, Mister Numbers sent her a new message.

[111111] : “What’s that saying? Don’t let the good water flow to others’ fields. You Can’t just let our family’s money... flow to other people’s houses, right...”

Why did Mister Numbers’ words seem so out of place the more he spoke? How could they be related?

Just as Shi Yao was about to send a message to remind mister numbers to stop, she saw another message from mister numbers: “Right, husband?”

It was only after seeing the word ‘husband’ that Shi Yao realized that Mister Numbers was referring to the fact that they had become a couple in the game. Back then, she had jokingly referred to him as her wife..

Shi Yao: [o (͡ ° □ □) O]

Shi Yao: [Alright then, I’ll just join in on the fun.]

[juice] : [then let’s discuss what we should do with the prize money now, shall we?]

[expert of the monkeys] : “I want a new computer!”

[it’s juice] : “I want to buy a new set of clothes from the Gucci family!”

Shi Yao: “...”

They had only just confirmed their participation in the competition, and they hadn’t even signed up yet. Before they could even make a name for themselves, expert of the Gucci family and juice of the Gucci family were already daydreaming... what a pair of idiots..

However, if she were to follow Mister Numbers and win first place, she would be able to save up a hundred thousand yuan to return the money. Then, she would use the rest of the money to buy a present for Lin Jiage, who was nearing his birthday, after which, she would invite the people in her dormitory room to have a sumptuous meal together. After which, she would go online and buy all the snacks she wanted..
