

WITH YOU 901

Chapter 901: Because of you (1)

Lin Jiage's car was parked by the side of the road. When he reached out to grab his car keys, his fingertips touched the recording pen once more.

His body froze for a moment, and his footsteps suddenly came to a halt.

Shi Yao, who was being held by his other hand, noticed that something was amiss, so she stopped as well. "What's Wrong?"

As she spoke, Shi Yao turned her head to look at Lin Jiage.

Seeing that he was staring straight ahead, she followed his line of sight. Other than a few parked cars, there was nothing special about him.

Shi Yao frowned in confusion. She turned to look at Lin Jiage once more and asked, "What are you looking at?"

Lin Jiage snapped out of his daze. When he turned to look at Shi Yao, he caught a glimpse of the tiny diamond ring in her hand from the corner of his eye.

It was as if his heart had been soothed, and his heart instantly softened. Facing Shi Yao's gaze, he shook his head and said, "It's nothing. Let's go home."

He walked up to the car, but he didn't open the door for a long time.

He admitted that he was jealous. He wanted Soft Bun's first love to belong to him as well.

But it had already happened. Time couldn't be reversed, and no one could change it. He couldn't keep harboring such thoughts.

The past really wasn't that important, was it? At the very least, the current her truly liked him..

With this thought in mind, Lin Jiage put away the mixed feelings of sadness and joy in his heart. Raising his hand, he tried to pull the car door open.

But before his fingertips could even touch the handlebars, Shi Yao, who was standing beside him.., suddenly, she spoke up on a whim, "Lin Jiage, just park your car here. Don't let the chauffeur come all the way here to act as your chauffeur. Let's take a walk home..."

Take a walk?

Lin Jiage frowned slightly. It would take twenty minutes to drive all the way home. How Long would it take to take a walk?

Seeing the boy's reaction, Shi Yao could roughly guess what he was thinking, so she said, "Let's head home. If we get tired of walking, we can call a car home, Alright..."

There was nothing he could do to reject her coquettishness. Without saying a word, he withdrew his hand from the car and replied, "Alright."

It was already two o'clock in the morning, so there weren't many cars on the streets anymore. The pedestrians on the sidewalk were no longer busy during the day.

Not too long after the two of them headed home, Shi Yao released Lin Jiage's hand and held onto his arm, bringing her closer to him.

Perhaps it was because she had drunk a little, but even though she wasn't drunk, Shi Yao's words were much more than usual. "Beijing's winters are always cold... but this year, I'm not afraid of the cold. Do you know why?"

Lin Jiage didn't say anything, but he turned his head to look at Shi Yao.

"Because I have you..." after saying those words, Shi Yao giggled to herself.

The corners of Lin Jiage's lips curled up, and his eyes were filled with adoration.

Not too far ahead, there was a pedestrian street. Many shops were closed, and only one sweet potato shop still had its lights on.

Shi Yao asked Lin Jiage to wait for a moment before running over.

Not too long later, she returned with a paper bag in her arms.

The paper bag was steaming hot, and it contained a large sweet potato.

Shi Yao held the sweet potato in front of Lin Jiage, and Lin Jiage took a bite out of it symbolically before stopping. Holding the sweet potato in her arms, Shi Yao munched on it with Relish. However, just as she was about to finish the sweet potato, a thought suddenly struck her, she spoke up once more:

Chapter 902: Because of you (2)

"Now that I think about it, I haven't eaten roasted sweet potatoes in many years... the last time I did so was during my freshman year in high school..."

"It was also during the winter. There was an old man selling roasted sweet potatoes at the entrance of our school every day. I heard that his wife was sick, so I relied on selling sweet potatoes to buy medicine for her husband. At that time, I thought that he was quite pitiful. Every night, he would buy a sweet potato for his self-study session, and then... After that..."

Speaking of which, she started stuttering, "... After that, there was a boy from the class next door. He was chasing after me, so I don't know how he found out about this habit of mine, so he gave me roasted sweet potatoes three times a day. If I didn't want them, he would throw them away. You should know that I have always respected food, so I had no choice but to bite the bullet and eat them. But... you can't resist eating a few pieces of roasted sweet potatoes every day, right? I told that boy a few times not to give me roasted sweet potatoes again, but he refused to listen to me. In the end, I couldn't take it anymore, so I came up with a solution. Every time he gave me roasted sweet potatoes again, I would return the favor and tell him that it was a token of my appreciation. Then, within a week, he would hide from me..."

"Do you know what I gave him in return?"

Shi Yao raised her head and glanced at Lin Jiage. Without waiting for him to speak, she burst into laughter before saying, "... it's stinky tofu, Haha..."

Hearing Shi Yao's answer, Lin Jiage couldn't help but burst into laughter.

As Shi Yao walked past the trash can, she tossed the roasted sweet potato bag into the trash can and held onto Lin Jiage's arm as they continued walking forward, after which, she said, "Now that I think back on it, I feel like a lot of things in high school were pretty funny..."

"Let me tell you, Lin Jiage, there was a boy who once chased after me, so I stayed in high school. After that, that boy planted cotton candy all over a tree in front of our dormitory. Now that I think about it, doesn't that sound rather romantic? "But, do you know how embarrassing I felt back then..

"When I was in my second year of high school, I got addicted to Soda, and a lot of guys gave me soda. That semester, I saved up several hundred bottles, and in the end, I used those bottles to exchange for a few dozen Yuan and bought a lot of snacks..

"The best time I ever did was during the first half of my third year of high school, Qixi Valentine's Day. I received sixty-eight love letters..."

"..."

Shi Yao's words didn't stop there. She was still recounting some of the more interesting things she remembered from the past, she couldn't help tilting her head to look at Lin Jiage, "Lin Jiage, what about you? Did you encounter many interesting things in your middle school and high school as well?"

"No."

"There must be. Tell me about it... I beg you... Lin Jiage..."

"Alright, Alright, Alright. Don't make a sound yet. Let me think for a moment..."

Shi Yao obediently shut her mouth, raised her head, and stared at Lin Jiage with eyes filled with anticipation.

Half a minute later, Lin Jiage spoke up, "I won the first prize in the violin competition on behalf of my school in the first grade."

"I won the first prize in the second grade in all of Beijing in Olympiad Mathematics."

"I was the first in China in the fourth grade in Olympiad Mathematics."

"I tried to do the middle school entrance examination in the first grade, but I was one point short of full marks in mathematics."

"I got a full mark in the middle school entrance examination, and I received an acceptance letter from an American University in the first grade. In the second half of the second grade, I represented my school in the Olympiad Mathematics Competition in Japan..."

Chapter 903: I Like Math, but I don't like you (1)

“You took part in a math competition in your third year of high school and won a huge sum of money... as the top scorer in the college entrance examination, you must have earned over ten million in your first year of high school...”

Hearing Lin Jiage’s nonchalant tone, Shi Yao:”...”

Shi Yao:”...”

Shi Yao:”...”

Shi Yao: “Why don’t you tell me the story of how you and Liang Xiao never left?”

Not leaving?

Lin Jiage was taken aback for a moment before he finally realized that she was referring to Liang Xiao.

Wasn’t she already in the past? Why did she find out about it now?

Lin Jiage replied honestly, “I don’t have anything to tell her.”

“You’re lying. Don’t think that I don’t know that she’s the only girl in your junior high school who’s tutoring you. When she left the country, you even went to see her off... on top of that, when she pursued you in junior high, she pursued you so vigorously that she even put up a banner to confess her love for you...”

Lin Jiage:”...”

He didn’t remember all of these things clearly, so how could she remember them so clearly?

“Lin Jiage, tell me honestly. Did you have any unspeakable secrets with Liang Xiao back in junior high?”

“No,” Shi Yao’s voice trailed off for a moment before Lin Jiage spoke up, “Liang Xiao did confess to me, but I rejected her.”

“How did she confess to you before meeting you?”

“How else could she confess to you? She said that I like you...”

“Then, how did you reject her?”

“Un...” Lin Jiage was a little confused. After thinking for a moment, he finally spoke up, “... it seems like I told her that I like math, but I don’t like you.”

Shi Yao:”???”

So, she was the one who lost to math? And she was the one who defeated Math?

Who would have thought that after so many years, she would one day be able to defeat the math subject that she feared the most.

“As for what you said, the rest of the tutoring and sending her to the airport were all misinterpreted by others. She and my sister are on very good terms, but Lin Jiayi is good at everything except for her poor grades. She’s at the bottom of the class, and her mathematics exams are in the single digits from primary school to high school. Grandpa couldn’t stand it anymore, so he asked me to tutor her. Liang

Xiao happened to be listening in, and that was when the rumors started. As for her going abroad, it was all because my sister wanted to send her off, and my grandfather happened to use the chauffeur at home, so I was ordered around by Lin Jiayi as a chauffeur. That day, there were a lot of cars entering the airport. As soon as I parked my car in the parking lot, Lin Jiayi had already bid farewell to Liang Xiao and called to ask where I was..."

Hearing Lin Jiage's long explanation, Shi Yao's face lit up in delight. However, she still tugged on Lin Jiage's arm curiously and asked, "Could it be that you've never had a crush on a girl before you got to know me?"

Lin Jiage: "No."

Seeing that Shi Yao wasn't speaking, Lin Jiage replied, "I really haven't."

Lin Jiage replied once more, "I'm not lying to you. Putting aside our former classmates, even the girls in our class are about to graduate, and I still can't tell who's Who."

Shi Yao smiled in satisfaction, but even after taking advantage of the situation, she still pretended to be obedient and said, "Lin Jiage, I didn't know that your desire to live was so off the charts!"

Lin Jiage didn't say a word.

The two of them continued walking forward for a moment before Lin Jiage turned his head to look at the smiling girl. Recalling the recording pen in his pocket, he hesitated for a moment before asking, "What about you?"

"What?"

"Before getting to know me, have you ever had a crush on a guy?"

Chapter 904: I Like Math, I don't Like You (2)

Shi Yao, who was walking forward, suddenly stopped in her tracks.

Lin Jiage followed behind her and stopped. He didn't know what he was afraid of, but his breathing had also slowed down, and even his heart was beating non-stop.

He didn't know how much time had passed. In fact, it might have only been ten seconds or so, but Lin Jiage felt that this period of time was incomparably long. Then, he heard her voice.

"There's one..."

Lin Jiage didn't dare to look at Shi Yao.

The two of them were completely silent.

Around four seconds later, Shi Yao spoke up once more, "Lin Jiage, I don't want to lie to you... I really did meet someone whom I once wanted to fall in love with."

He knew the answer to this question, but when he heard it from her mouth, he still found it hard to digest it.

Lin Jiage felt as if something was blocking his throat. After a long while, he finally replied with an 'Oh'.

Shi Yao knew that Lin Jiage was unhappy, so she leaned her head on his shoulder and rubbed it gently like a docile little kitten, after which, she continued, "But that kind of liking is different from what you think it is

"I don't know if you have a female celebrity that you like very much. It's the kind that when you daydream, you can't help but imagine that one day you'll be together with her..."

"Yeah... just like sister Jiayi, who always says that some male celebrity is very handsome. Every time I see his photo, she'll say that he's my husband. or like Jiang Yue, who always holds Li Yifeng's pillow and says that he's her favorite... and the person that I once wanted to like, to me, is this kind of existence."

"I'm not sure what you guys think, but almost all girls have such a young dream, dreaming of being together with their idol. However, all the girls are also very clear that this is just a dream, and it won't come true... After all, like Chairman Zhou, isn't Madam Chairman Zhou his fan? "In the end, she became his wife. Such a thing is really rare..."

So, after all this time, the person soft bun had once wanted to fall in love with was a certain celebrity? Which celebrity? Could she be more handsome than him?

Lin Jiage couldn't help but ask with a hint of jealousy, "Which celebrity do you like?"

From now on, Lin Enterprise would no longer invest in any of that celebrity's advertisements!

"He's not really a celebrity, but in my heart, he's far more radiant than a celebrity!" At the mention of the person she adored, Shi Yao's eyes lit up, "He's my idol, and he's also my idol... if I were to say it out loud, you'd surely be scared to death..."

"He's an esports player and a gamer. Up until now, I still have no idea what he looks like. Un... I think I've mentioned him to you before. He's that hundred-yuan male idol of mine, Legend, and Team Ae... He's also the person who has been suppressing you all year round on the leaderboard... he's the person I once wanted to fall in love with..."

From the moment he asked Shi Yao this question until now, Lin Jiage, who had never dared to look at her, slowly turned his head to look at her.

Shi Yao didn't notice Lin Jiage's gaze, but she was still immersed in her own thoughts, she continued, "He's very strong. Ever since he debuted, he has won many championships. However, what touches me the most about him isn't how strong he is in games, but the depth and purity of his character. He plays games because he loves them. In this world, there are very, very few people who are willing to do something for the sake of their love..."

Chapter 905: I have accompanied you through your youth (1)

"And let me tell you, my Prince Charming's hands are very beautiful, so beautiful that... they're just like the hands of the male protagonist in a manga, with distinct joints... abstinence and eroticism..."

Lin Jiage:"..."

Abstinence and eroticism... what kind of description is this?

“Oh, you probably don’t understand what that means. Let me tell you, this is a little secret between us girls. It’s to describe those guys who look abstinent and clean, and the more they look, the more evil thoughts they’ll harbor in their hearts. They’ll be curious to see what he looks like in bed... So, to say that my Prince Charming’s hands are abstinent and erotic means that his hands are very beautiful. Everyone is curious to see what he looks like when he touches a girl’s body...”

Lin Jiage:” ...”

So, girls are that perverted as well... I’ve learned a lot.

“Hah! Lin Jiage, do you know that I overheard some girls secretly discussing what you’ll look like after you take off your clothes...”

Lin Jiage:” ...”

As expected, when girls became hooligans, there was nothing more to be said about boys.

At this point, Shi Yao couldn’t help but feel pleased with herself, “But it’s such a pity that they won’t be able to see it for the rest of their lives.”

Hearing those words, Lin Jiage couldn’t help but chuckle softly.

Hearing those words, Shi Yao turned around and saw that the male student’s eyes were filled with an unconcealable joy.

To be more precise... it was a pleasant surprise, a wild joy. It was just like the excitement and joy she felt when she dreamed of a mountain of snacks.

She didn’t say anything. All she said was that the girls in the notebook wouldn’t be able to see him take off his clothes, so why was he so happy?

Shi Yao tilted her head and pondered for a moment. She felt that Lin Jiage’s ecstasy was a little strange, so she asked, “What did I say to make you so happy?”

“Nothing...” Lin Jiage’s tone was indifferent, but the smile on his face grew even more brazen.

“It’s really nothing?”

“It’s true.”

“You lied to me about being a puppy.”

“UN,” Lin Jiage replied, thinking that he was a dog after all, her dog.

Shi Yao held onto Lin Jiage’s arm once more and walked forward. After walking for some distance, she suddenly recalled the memories she had shared with Lin Jiage earlier, she couldn’t help but feel a little sad, “Lin Jiage, do you think that if we had been in middle school or high school, we would have gotten to know each other better? Wouldn’t we have been together then?”

Before he fell in love with Shi Yao, he didn’t think that he would have any interaction with her at all.

After falling in love with her, Lin Jiage couldn't help but fantasize for a moment in his mind. If he had gotten to know Shi Yao earlier, he would have gotten to know her earlier, and a hint of regret suddenly surfaced in his heart.

However, Shi Yao's sadness only lasted for a few short seconds, she quickly dispelled it, "However, it doesn't matter. We walked together at the end of our youth, so we can be considered to have accompanied each other through our youth..."

As she spoke, Shi Yao couldn't help but find a resonance with her intelligence, "Lin Jiage, do you think I'm right?"

"No..."

Facing Lin Jiage's denial, Shi Yao turned her head away in displeasure.

"I've accompanied you through your youth."

HM? What does that mean? Shi Yao turned her head to look at Lin Jiage in confusion, and after a moment of contemplation, she finally came to a realization, "Oh, I understand. You mean that I'm younger than you, so you've accompanied me through my youth, but I haven't been able to accompany you through your youth, right?"

Chapter 906: I have accompanied you through your youth (2)

That's not what he meant... but Lin Jiage didn't say a word.

Shi Yao thought that he had tacitly agreed to it, but after thinking for a moment, she realized that Lin Jiage was two years older than her. It seemed like he had lost quite a bit of himself, thus, she consoled him, "Don't worry. Even though I haven't been able to accompany you through your youth, I can accompany you through your old age. I promise that when you fall seriously ill and lie on the bed, unable to move, I will do my best to serve you. I Won't pull out your oxygen tube..."

Lin Jiage:"..."

Should Soft Bun's words of comfort be touching or... breaking down?

..

By the time Lin Jiage and Shi Yao returned home, it was already 3:30 AM.

After taking a shower, Shi Yao was starting to regret having a heart-to-heart talk with Lin Jiage.

From 4 am until daybreak, Lin Jiage had been torturing her in various ways.

And while he was torturing her, his words were never idle.

"Yaoyao, have you ever fantasized about what I would look like after I took off my clothes?"

"Then... have you ever fantasized about how I would kiss you like this?"

"Have you ever fantasized about how my hands would slide across your skin like this?"

“Have you ever fantasized about how I would love you so much? Have you ever fantasized about how we would look like this... and look like this... and look like this... and look like this?”

..

Lin Jiage woke up at 10:30 in the morning. Recalling everything that had happened the previous night, his mind was so excited that he couldn't fall asleep. In the end, he took out his phone and ran to the family chat group to send a message: [I've encountered a very happy event.]

Half a minute later, no one popped up in the family chat group.

Thus, Lin Jiage sent a message to his father, mother, uncle, aunt, and Lin Jiayi.

His father, Lin Gubei, was the first to pop up.

[eat, sleep, beat your son] : “Wait Until I ask your mother for her opinion.”

His uncle, Xia Yang, followed closely behind.

[Shuaiyangyang] sent an 'un un'emoji.

His aunt, Lin Gunan, was probably busy at the moment, so she didn't show up.

Half a minute later, [eat, sleep, beat your son] : “Your mother nodded, so what happy event did you encounter?”

Finally, someone answered his question. Lin Jiage raised his fingertip and was just about to type when Lin Jiayi suddenly popped up, “Atm, if you dare to mention Yaoyao's proposal to you again, I'll come right in front of you and beat you up!”

[eat, sleep, beat your son] : “Daughter, I support you!”

Auntie Lin Guinan finally popped up, “Oh, so the so-called happy event is yaoyao proposing to him. That's something to be happy about...”

With sharp eyes, Xia Yang noticed that Lin Guinan's wechat name had changed from [not losing 20 Jin, not changing his name] to [not losing 24 Jin, not changing his name] : “Honey, why did you change your name again?”

[not losing 24 Jin, not changing your name] : “I gained another four Jin...”

[eat, sleep, beat your son] : “Don't lose weight. You Won't be able to lose any more weight.”

“...”

Seeing the message in the group chat, Lin Jiage immediately changed the topic. He hurriedly changed the topic back to the main topic: “What I want to talk about isn't Yaoyao proposing to me. What I want to talk about is something else that I'm very happy about.”

[not losing twenty-four kilograms, not changing my name] : “What is it?”

[handsome Yang] sent an 'I'm all ears'emoji.

[eat, sleep, beat your son] : “I went to ask your mother again. Your Mother asked me to ask you, what is it?”

Satisfied with everyone’s attention on him, Lin Jiage leisurely tapped on his keyboard a few times, “I guarantee that none of you will be able to guess this matter!”

Chapter 907: Christmas Present (1)

[no weight, 24 jin, no change in name] : “We don’t want to guess, just tell us the main point.”

[handsome ocean] sent an emoji saying, “What the person above wants me to say is what he wants me to say.”.

[beating my son while eating and sleeping] : “Your Mother says that if you have something to say, say it quickly.”

[Lin Jiayi] : “Mother is wise!”

Lin jiage continued typing on the keyboard, saying what he wanted to say: “To be honest, I’m afraid that I’ll scare you if I say it out loud.”

[not thin, twenty-four pounds, not changing my name] : “Your Aunt has always been the only one who scares me, and no one else has ever scared me. So, feel free to say it!”

[Shuaiyangyang] sent another emoticon: [what the person above wants me to say is what he wants me to say -RSB- .

[pummeling my son while eating] : [your mother said that if you can’t scare her, I’ll beat you to death.]

[Lin Jiayi] : [I’ll go pummel her!]

Immersed in his own emotions, Lin Jiage continued to slowly advance his feelings, [speaking of which, I can’t believe that such a wonderful thing could happen. Up until now, I still feel like I’m Dreaming.]

[not thin, twenty-four pounds, not changing my name] : “What a load of Crap.”

[handsome ocean] sent another emoji, [what the person above wants me to say is what he wants me to say -RSB- .

[eat, sleep, beat your son] : “Your Mother said that you don’t feel like you’re dreaming. You’re just itching for it.”

[Lin Jiayi] : “No one can stop me. I’m going to kill him right now!”

Lin jiage: “But I’m sorry to tell you this, but I can’t tell you about this for the time being.”

[bu Liang 24 Jin] : “Then why are ?”

[Shuai Yangyang] continued sending an emoji that said, ‘what the person above wants me to say’.

[eat, sleep, beat your son] : “Your Mother said that she doesn’t have a son like you anymore.”

[Lin Jiayi] : “If I F * cking said that I’m Your Grandpa, would anyone mind?”

[not thin, twenty-four pounds, not changing my name] : “What do you think?”

[handsome Yang Yang] continued sending an emoji that said, “The person above wants me to say it.”.

[eat, sleep, beat your son] : “Jiayi, your mom wants you to pay attention to your manners.”

[Lin Jiayi] : “This group can’t stay here any longer.”

Lin Jiage didn’t care about the others who were already on the verge of breaking down. He continued typing: [because I have to share something that makes me happy with Yaoyao first. Once Yaoyao finds out about it, you’ll be able to find out about it.]

[not thin, twenty-four kilograms, no change in name] :”...”

[Shuai Yangyang] continued sending an emoji that said ‘what the person above wants me to say’.

[eat, sleep, beat your son] : [the son who got married splashes the water.]

[Lin Jiayi] sent a series of ‘Furious’emOjis.

Lin Jiage: [I just came to tell you guys in the group that I met a very happy event.]

Lin Jiayi invited [Yao loves ice cream] to join the group chat.

[Lin Jiayi]@[Yao loves ice cream] : [Yaoyao, take care of Lin Jiage!]

Lin Jiage unhurriedly picked up Shi Yao’s phone and used her fingers to unlock the screen. After which, he entered wechat and sent a voice message to the family group chat: [Sorry, Yaoyao is sleeping.]

Jiang Wangui, who hadn’t shown up at all, left the group chat.

[eat, sleep, beat up your son] the couple immediately left the group chat.

[Lin Jiayi] left the group chat.

[not thin, twenty-four kilograms, no change in name] left the group chat.

[handsome Yang] left the group chat.

Lin Jiage, who had been deserted by the crowd, watched as everyone left the group chat one after another. Then, he stood guard over the family chat where he and Yaoyao were the only two people left. With a smile on his face, he thought to himself.

Chapter 908: Christmas Present (2)

However, with a smile on his face, Lin Jiage turned his head to look at Shi Yao, who was still sleeping soundly beside him.

There was something that he had to make proper arrangements for... she would definitely be very happy when he told her about it.

With this thought in mind, Lin Jiage took a look at his calendar. There were still more than twenty days before Christmas... so, he could give her a Christmas present that she would never forget for the rest of her life?

..

Lin Enterprise.

Lin Jiayi, who had a terrible hangover, ended up leaving the group chat. Recalling Lin Jiage's contemptuous attitude in the group chat, she couldn't help but toss her phone onto her desk with a 'Pa'.

Xia Shangzhou, who had just pushed open the door, saw this sight and instinctively turned around to leave.

"Stop!" The sharp-eyed Lin Jiayi shouted at Xia Shangzhou.

Xia, Shang and Zhou were like puppets being manipulated, and they stood still immediately.

"Come here!"

Hearing Lin Jiayi's command, Xia Shangzhou turned his back to Lin Jiayi and took a deep breath before slowly turning around and shuffling to his desk. He placed the document in his hand on the table, he immediately bounced back a metre.

Lin Jiayi Strange swept two eyes Xia Shang Zhou, inexplicably feel today's navigator is very strange.

After she signed the document, she gestured for Xia Shangzhou to take the document away. As she walked forward, she kept her distance from him and extended her arm to take the document away.

Why is the navigation device hiding so far away from me? Could it be that something happened last night?

Lin Jiayi tried her best to think through the matter, but all she could remember was that she was already in a daze at the Golden Lounge. She couldn't remember anything else at all. Thus, she raised her eyebrows at Xia Shangzhou and asked, "Did I beat you up yesterday?"

Xia Shangzhou hurriedly shook his head. "No, no, no."

If he didn't beat him up, why did he look as if he was trying to avoid him?

With this thought in mind, Lin Jiayi waved her hand at Xia Shangzhou, signaling for him to move closer.

Xia Shangzhou stood rooted to the spot.

Lin Jiayi raised her hand and slammed her palm onto the table with a resounding 'Pa'. Before she could say a word, Xia Shangzhou darted right up to her. "CEO Lin..."

Faced with Xia Shangzhou's fawning tone, Lin Jiayi didn't say a word. Instead, she grabbed his tie and dragged him to her side before raising her head to scrutinize him.

As she drew closer, he could clearly smell the faint fragrance on her body. The image of her kissing his cheek in the wee hours of the morning surfaced in his mind once more..

For some reason, his heart began to race. However, the moment she opened her mouth, he didn't even listen to a single word she said before he abruptly raised his hand and pushed her hand away. Taking two steps back, he didn't say a single word, then, he ran out of the office.

As the door slammed shut, Lin Jiayi furrowed her brows. Propping her chin on her hand, she stared at the spot where Xia Shangzhou had left, deep in thought.

The navigation device was indeed a little strange... but the strangest thing was that he actually had the guts to defy her..

..

This time, Shi Yao didn't stay at Lin Jiage's house for three days like the last time.

That afternoon, after she woke up, Lin Jiage had accompanied her to lunch and told her that he was going on a business trip. The duration of his business trip might be a little longer, and he might be a little busy, so he might not be able to contact her every day.

Since Lin Jiage was busy with his work, Shi Yao naturally wouldn't stop him. Thus, after lunch, he went on business trips and returned to school.

This farewell lasted for more than twenty days. As the final exams were approaching, Shi Yao was immersed in her textbooks every day, so she didn't feel that her days were that difficult. It wasn't until December 23rd that she received an unfamiliar call..

PS: this baby will give everyone a three-line love letter:

Me

Love

You guys.

Do you think this three-line love letter is good?

Chapter 909: Even more convenient than instant noodles (1)

This farewell lasted for more than twenty days. As the final exams were approaching, Shi Yao spent every single day immersed in her textbooks, so she didn't feel that life was too difficult. It wasn't until December 23rd that she received an unfamiliar phone call.

Looking at the phone number, Shi Yao's first instinct was that it was a scam or a sales call, so she instinctively chose to ignore it.

However, five seconds after she hung up, her phone screen lit up once more.

Are all scammers and salesmen so diligent these days?

Shi Yao stared at the flickering screen for a moment, and seeing that the call was still coming, she pressed the answer button.

Unsure of the other party's identity, Shi Yao weakly replied with a 'hello', but she didn't reveal her identity.

After a few seconds of silence, a gentle female voice sounded, "Excuse me, are you Miss Shi Yao?"

"Yes... And you are?"

“Hello, Miss Shi Yao. I’m a staff member of AE Battle Team.”

AE Battle Team... wasn’t that her idol’s battle team?

Shi Yao immediately became a passionate lackey, “Hello, Hello. May I know why you are calling me?”

Perhaps it was because Shi Yao’s tone was a little different from before, but the girl on the other end of the line couldn’t help but burst into laughter at her words, after which, she said, “It’s like this, Miss Shi Yao. You were at the SDL Finals, and you even interacted with Legend. I wonder if you still remember!”

“Of course I remember! Of course I remember...”the Prince Charming who never spoke in public even spoke to her that day, even though he only said the word ‘yes’.

“Back then, you told Legend that you were cheering for him in the PGI World League, hoping that he would be able to win the First World Champion title in the game ‘survival of the Jedi’... it just so happened that Christmas night was the final of the PGI World League, and the venue was in the bird’s nest. I wonder if you have the time to come and watch Legend’s match?”

Many days ago, she had already begun paying attention to the tickets for the finals... but it was a pity that she didn’t even manage to get the most ordinary tickets, let alone the most VIP tickets..

With such thoughts in mind, Shi Yao said with a tinge of regret, “I definitely want to go, but I don’t have a ticket, so... perhaps, I’ll have to support legend in front of my phone...”

“Oh, you don’t have to worry about the tickets. I’ve been instructed by Legend to call you to tell you that Legend has prepared a ticket for you, so take a look. is your time convenient...”

“Convenient, even more convenient than instant noodles!”

The female staff member on the other end of the line was once again amused by Shi Yao’s reply. “Alright then. Leave me your address, and I’ll mail the tickets to you.”

Shi Yao replied with a “Thank you”and reported the school’s address to the female staff member. She waited for the other party to verify the information before hanging up.

Not too long later, Shi Yao received a notification on her phone.

Delighted, Shi Yao took a screenshot and sent it to Lin Jiage’s wechat, “Lin Jiage, I feel like I’m going to cheat on you. What should I do?”

He had been really busy these past twenty days. His replies were always late, and sometimes, he could only reply to her once every few days.

Thus, in the face of the silence on her phone, Shi Yao continued typing, she sent her own message: [my idol still remembers me, and he even prepared a ticket for his finals for me. What do you think I should do if he invites me to a meal after the competition ends? What if I can’t help but agree to his request?]

“But don’t worry, Lin Jiage. I’ll try my best not to make a fool out of you so easily...”

As she typed, Shi Yao couldn’t help but hold onto her phone and giggle in delight.

..

As it was mailed from the same city, Shi Yao received the tickets to the PGI finals the next morning.

It was Christmas Eve that night, and Lin Jiage was so busy that he didn't even send a message to Shi Yao.

The PGI Finals began at six o'clock in the evening. As it was Christmas on that day, the traffic in Beijing had already started to become extremely congested before four o'clock in the afternoon.

The journey from G University to the bird's nest took roughly ten minutes, and Shi Yao had to walk for nearly an hour.

Just like the last time she was in Shenzhen, the line to enter the stadium was extremely long, and she had already reached the side of the road.

The ticket that team AE had sent her this time around was still a VIP seat. She easily entered the stadium through the VIP passageway where there weren't many people.

Even though there were still so many people who hadn't entered yet, the bird's nest was already packed with people, and it was extremely noisy.

Shi Yao searched for a long time before she found her seat and sat down.

She was still in the first row, the kind of seat where she could see the competitors on the stage as soon as she raised her head.

There were still about twenty minutes before the start of the match. Shi Yao sat in her seat, holding her phone in the dormitory chat group. She chatted with Leng Nuan, he tiantian, and Jiang Yue for a while, then, she suddenly heard a girl behind her blurting out, "Legend has posted on Weibo. He said that today is his last match..."

There were quite a few fans of Legend in the crowd. Even though they didn't know each other, there were still some who managed to chime in.

"Is this for real? is God L about to retire?"

"Previously, on the forum, I saw someone saying that God L was going to retire after his summer SDL match. However, for some reason, he decided to play in the PGI World Series. At that time, there was no official announcement, so it was probably just a rumor. But now, God L himself has spoken..."

"..."

After hearing the discussions around her, Shi Yao was taken aback for a moment before she clicked into Weibo.

Upon entering Legend's main page, Shi Yao immediately saw the Weibo post that he had posted about fifteen minutes ago: "Thank You Ae, Thank you teammates, thank you all.

The PGI World League will be my final battlefield.

I want to say, I'm leaving

I want to say, I'm Coming."

In just ten minutes, the number of comments on this Weibo Post had already exceeded 10,000.

Shi Yao clicked on it and took a look at the trending comments. There were some who were reluctant to part, some who were sad, some who were wishing, and some who were remembering.

In truth, she had come to watch Legend's match today with the intention of bidding farewell to her youthful infatuation with him. But now that she saw that he was really going to retire., she couldn't help but feel a little sorrowful as well. For a moment, the excitement and passion in her heart suddenly turned into disappointment and sorrow.

Shi Yao stared at Legend's Weibo for a moment. She wanted to make a few comments, but a thousand words gathered in her mind. In the end, she only replied with a few words: "Goodbye, Young Dream."

She had thought that her reply would be the same as before, like a stone sinking into the ocean, and no one would notice it. But who would have thought that not long after she successfully posted this comment, she would receive notifications on her Weibo.

She clicked in curiously and found that in just a few minutes, she had received over a hundred replies and over a thousand likes. She was shocked and looked carefully. Only then did she realize that it was Legend who had flipped through her card three minutes ago.

The content of Legend's reply was very simple. There were only two words: "Goodbye."
