

Chapter 921: Unless you can be more shameless than Lin Jiage (1)

Shi Yao suddenly stopped writing. She stared at milk tea for three seconds before raising her head to take a look, only to see an unfamiliar male standing beside the table she was lying on.

Frowning slightly, Shi Yao took off her earpiece.

Before she could finish her sentence, the male smiled brightly at Shi Yao and said, "Senior Shi Yao, my name is Gao Hui. I'm a freshman in the computer science department."

As he spoke, his face reddened slightly. He then pointed at the cup of hot milk tea that Shi Yao had placed beside her and said, "Senior, the cup of milk tea in your cup is already cold. Drink this cup of hot milk tea..."

To be honest, Shi Yao had encountered such a scene many times in the past, but she had rarely seen it in the past year.

Initially, after she had gotten together with Lin Jiage, there were still quite a few male students in G University who had sent her messages, secretly wanting to chase after her. It wasn't until a year ago that a male student pestered her so much that he even chased her to the Lin family's old residence, but before she could go crazy from being pestered by that guy, her boyfriend, Lin Jiage, was the first to go crazy from jealousy. After which, that guy pestered her once more and followed her to Beijing Grand Hotel, after that guy went to the washroom, Lin Jiage also followed him to the washroom.

As it was a men's washroom, Shi Yao wasn't too sure what exactly happened inside. In the end, that guy was often taken away... the reason was.., lin Jiage said that the male student was plotting something against him in the washroom.

When the police arrived, they were rendered speechless by Lin Jiage's words. However, Lin Jiage asked with conviction, "Harassing a woman is considered sexual harassment, but isn't harassing a man considered sexual harassment?"?

Thus, the police, who had been rendered speechless by Lin Jiage's words, had no choice but to impartially take the male student away and head to the police station to investigate the matter.

Of course, that incident eventually reached the school, and the school's leaders were alerted as well. Even though no one knew the details of the incident, from then on, the boy avoided Shi Yao as soon as he saw her, in fact, he even warned all the boys in G University not to provoke Shi Yao, because they couldn't afford to provoke Lin Jiage.

In short, after that incident, Shi Yao's side had become much quieter.

"Senior?" Gao Hui, who had come over to strike up a conversation with Shi Yao, couldn't help but ask when he saw that Shi Yao had remained silent for a long time.

Shi Yao hurriedly put away her thoughts from the past and said "Thank you" to the male student. After which, she took out her wallet and said, "I'll keep milk tea. Take it as if you bought it for me. You can keep the money."

The male student shook his head and said, "Senior, I don't want money..."

With that, the boy glanced at Shi Yao's phone on the table before raising his finger and pointing at it. "Senior, can I add you on wechat?"

Shi Yao didn't reply to the boy. Instead, she raised her right hand in front of the boy and showed him the eight-figure diamond ring. "Junior, do you know what this means?"

"I-i know, but... but I still want to be your friend..."

This child is actually so stubborn? She already knows that I have a fiancé, but she's still so unwilling to give up?

Shi Yao twirled the pen in her hand and asked the male student, "Then, do you know what the first rule of G University is?"

"Yes, I know. The first rule is... never fall for Shi Yao unless you can be more shameless than Lin Jiage."

Chapter 922: Unless you can be shameless enough to beat Lin Jiage (2)

Those words were written by the young man whom Lin Jiage had sent to the police station for sexual harassment back then... it had been more than a year since then, and every time Shi Yao heard those words, she nearly burst out laughing.

"So, junior, are you sure that you still want to add me on wechat?"

The male student was already a little hesitant, but after struggling for a moment, he mustered up his courage and said, "Senior, I'm sure!"

No Way? You're still not giving up? Do you really want me to use my trump card?

Shi Yao pondered for a moment before taking out her phone and sending Lin Jiage a wechat message: [Where Are You?]

Soon, Shi Yao received a reply from Lin Jiage: [I'm on my way.]

Shi Yao didn't reply to Lin Jiage's message. Instead, she unfolded the content of their conversation before the male student: [junior, Lin Jiage will be here soon...]

As Shi Yao's voice trailed off, another line of words appeared on her phone screen.

[yaoyao, I've already parked my car and am heading to the coffee shop.]

The male student seemed to have received some kind of shock. He raised his head to look at the street outside the window, and in the next second, he picked up the milk tea placed in front of Shi Yao. Without saying a word, he hurriedly fled.

As he was in a hurry, the male student nearly bumped into a chair.

Looking at his retreating back, Shi Yao couldn't help but burst into laughter.

"What are you laughing at?"

A clear and melodious voice suddenly sounded from behind Shi Yao.

She subconsciously wanted to turn her head back to take a look, but before she could do so, a warm hand was already placed on her head and gently rubbed it twice. Following which, the chair beside her was pulled back by a beautiful hand, accompanied by the soft sound of the chair rubbing against the floor, Lin Jiage sat down beside her.

Seeing Lin Jiage, Shi Yao shook her head and said, "It's nothing."

Lin Jiage didn't say anything, but his eyes were filled with disbelief.

"I just thought of something..." Shi Yao rolled her eyes, and she leaned closer to Lin Jiage's ear and whispered, "... Sir, I don't want to run into a wall anymore. I want to run into Sir's heart..."

Hearing those words, Lin Jiage was instantly delighted.

Seeing the disbelief on the man's face disappear completely, Shi Yao picked up her pen and said, "Wait for me for a moment. I'll finish the last few questions, and then we'll leave..."

After a brief pause, Shi Yao recalled how Lin Jiage had immediately given her the answer before she could even think of the answer to the questions she had previously asked, then, she turned her head around and glared at Lin Jiage, "... right, you're not allowed to speak."

Lin Jiage nodded with his mouth shut.

After which, Shi Yao began working on the question. Afraid that she wouldn't be able to help herself from answering the question, Lin Jiage began looking around. There were quite a few boys who accidentally glanced in their direction, and Lin Jiage would mistakenly think that they were looking at Shi Yao again, with a frown on her face, she glared at him viciously.

After which, the boys in the coffee shop started walking away one after another, as if afraid that they would get into trouble later on..

Shi Yao glanced at the coffee shop owner who was on the verge of tears, and unable to bear it any longer, she decided to stop working on the questions. Closing the paper, she pushed Lin Jiage aside and said, "Let's go, let's go. Let's go back to the old mansion to see Grandpa..."

..

At the same time, in the study on the first floor of the Lin family's old residence.

Auntie Sun, who had been called in by Old Mister Lin, followed his instructions and closed the door. After which, she turned to old Mister Lin and said, "Old Mister."

Old Mister Lin waved his hand at Auntie Sun, and after Auntie Sun came closer, he asked, "How's the preparation going?"

..

Chapter 923: Unspeakable things (1)

Old Master Lin waved at Nanny Sun. When she came closer, he asked, "How's the preparation going?"

Nanny Sun said, "Everything is ready. Whether it's the old residence, the things in the young master's room, or the things in the young master's apartment, I've already tampered with them..."

Old Master Lin naturally knew what Nanny Sun was talking about.

Even though everything was going according to his plan, he still asked worriedly, "Did you reveal any flaws?"

Nanny Sun said, "No, I followed your instructions and pricked the needle in the most inconspicuous place on the packaging of that thing. Moreover, Old Master... Under normal circumstances, when you use that thing, you wouldn't be in the mood to examine it carefully, right..."

"That's right, that's right, you're right... I've been keeping that Brat Lin Jiage in mind ever since he tricked me two years ago. I endured it for two years, and it was so unbearable that I felt as if my entire body was going to go moldy... it's finally time for Yaoyao to graduate... Yaoyao's ovulation period will be coming up soon. If everything goes smoothly, I'll be able to hear the good news in Yaoyao's stomach during the spring festival..." Old Sir Lin said, he chuckled to himself, "... look at the words I've chosen. What do you think? Are they especially good? Auntie Sun, you choose. Which word do you think would be a good name for my great-grandson?"

Auntie Sun came forward and glanced at the white paper that Old Master Lin was pointing at.

It was filled with dense black words... there were at least eighty of them, if not a hundred... it was just a name for the young master. Why did Old Master Lin prepare so many words?

Old Master Lin looked at the words he had carefully selected from the Xinhua dictionary over the past two years with satisfaction. Then, he found that Nanny Sun looked troubled, in the end, he waved his hand with compassion. "Forget it, forget it. I was careless. The question I asked you just now was too difficult for you. I'll give you some simple things to do..."

"... you can start preparing the things for the baby now. Remember to choose the best for everything."

"Also... Yaoyao and Jia Ge's wedding has to be carried forward. Previously, when they were still in school, they refused to hold a wedding. Now that Yaoyao is about to graduate, they have to hold it as soon as possible. Furthermore, they have to hold it in a grand manner. Otherwise, outsiders will say that Yaoyao is following Jia Ge without a name or status... anything can be wronged, but Yaoyao can't be wronged..."

"Also, remember to get the kitchen to make something nutritious to send to Jiange every day. From now on, Yaoyao is no longer the same as before. You have to serve her carefully... treat her like two people, no, three, no, ten people..."

"Old Sir, don't worry. I've already memorized all of this. You've been repeating it to me many times over the past two years."

"Auntie Sun, you're getting more and more outrageous. Are you calling me a Nag?"

"No, no, no. Old Sir, how would I dare?"

"I don't think you would dare either..." Old Sir Lin repeated what he had just said from start to finish before waving his hand and letting Auntie Sun go.

..

There was a slight traffic jam on the way back to the old residence from school. By the time Lin Jiage and Shi Yao arrived, it was already half past six.

In the past, when Shi Yao came to visit old Mister Lin, old Mister Lin would always pull her along and ramble on. But for some reason today, after dinner, it was only 8 pm when old Mister Lin went to take a shower and said that he was tired and wanted to sleep.

Chapter 924: Unspeakable Events (2)

Worried, Shi Yao even went to ask Auntie Sun if old Mister Lin was feeling unwell.

Auntie Sun, who had been playing golf with old Mister Lin in the backyard in the afternoon, knew that old Mister Lin was itching to have his great-grandson pop out of Shi Yao's stomach so as to give Lin Jiage and Shi Yao some time, however, Auntie Sun naturally didn't dare to say such words, "Old mister isn't feeling unwell. Perhaps, he's tired from playing golf in the afternoon."

Hearing this reply, Shi Yao felt relieved.

Auntie sun asked, "Miss Shi, are you and young master staying at the Old Mansion Tonight?"

Shi Yao looked at Lin Jiage, and Lin Jiage shook his head. In that instant, Auntie Sun couldn't help but admire old Mister Lin from the bottom of her heart. As expected, the older the ginger, the spicier it is. She knew that tampering with the old mansion might not necessarily succeed.., thus, she had specially instructed her to deliver some things to the young master's room this morning on the pretext that there might be no food in the fridge when he returned from his business trip. At the same time, she also tampered with the items in the nightstand of the young master's bedroom.

After old Mister Lin had rested, Lin Jiage and Shi Yao didn't linger around the old mansion for too long before returning to Lin Jiage's apartment.

Even though Shi Yao and Lin Jiage had already been together for two years, the two years were just like two months. It didn't change anything for them, and they were just as lovey-dovey as before.., this made it so that Lu Benlai and Xia Shangzhou, even Huang Nian and Liang Jiusi, refused to have dinner with the two of them alone.

Lin Jiage had gone on a business trip for a week. As the saying goes, 'absence makes the heart grow fonder.'when he returned home at night, it was inevitable that he would... do something indescribable.

..

Xia Shangzhou had been working by Lin Jiayi's side for two and a half years.

In the past two and a half years, he had rarely taken time off. Even though Lin Jiayi was busy with work during the holidays, he still had to work overtime.

However, in the past few days, Xia Shangzhou had been using his annual leave to attend his sister's wedding.

Xia Shangzhou had ten days of annual leave, so he still had a week of free time after his sister's wedding.

He originally wanted to stay at home with his parents for a week, but because his sister was getting married, and he still didn't have a girlfriend, the two of them grumbled from the time he opened his eyes to the time he closed them at night. It was only for a day.., xia Shangzhou couldn't take it anymore. In the end, he simply booked a ticket to a nearby city and decided to go traveling alone to relax.

Xia Shangzhou took the train to go, and when he arrived, it was already midnight.

He had booked a hotel in advance. After he checked in, he ordered takeout and went to sleep after filling his stomach.

Because he was on vacation, he deliberately turned off the alarm that was always on. He thought that he could sleep until he woke up naturally. In the end, he received more than ten calls in the morning.

"Special Assistant Xia, how do you brew the tea that President Lin wants to drink? In the past, she was fine when I made tea, but today, I've brewed it eighteen times. She always finds fault with it..."

"Special Assistant Xia, what exactly does President Lin need to prepare when she goes to meet a client? It's not like I've never gone with her before, but today, she keeps saying that I didn't do this well, that I didn't do that well..."

"Special Assistant Xia, when are you coming back? Our entire secretary office can't hold on anymore..."

"..."

In the end, Xia Shangzhou's phone rang the next second after he hung up.

It was really strange... why was the female Devil's temper so strange today?

Xia Shangzhou glanced at his notebook. It wasn't the female devil's menstrual period either... then Xia Shangzhou ran to check the date again..

Chapter 925: The anniversary of Qin Ting's death (1)

No wonder the demoness was so furious today... it turned out that it was the anniversary of Qin Ting's death once again.

In the first year, on the anniversary of Qin Ting's death, Lin Jiayi got drunk at her junior and Boss's singles' release party.

In the second year, on the anniversary of Qin Ting's death, Lin Jiayi went to a bar and drank herself to death. If it wasn't for the fact that he had something urgent to discuss with her at the last minute and the bartender had picked up his call, he would have rushed over, I'm afraid that she would have already been taken away by those malicious men who were surrounding her that night, right?

The third year is today..

As Xia Shangzhou was deep in thought, his phone rang once more. He picked up the call, and the new intern secretary inside was already crying, "Assistant Xia, CEO Lin told me that I can't make the tea properly, so I'll get lost later... sob sob sob sob sob..."

Through the cries of the intern secretary, Xia Shangzhou could also hear the sound of things being smashed, as well as Lin Jiayi's furious roar.

Even though he couldn't hear what Lin Jiayi was saying, he could feel that the scene... was extremely terrifying.

"... Special Assistant Xia, what should I do? I really have no other choice. It's only been two hours since I started working, and CEO Lin has already smashed two desks..."

Hearing the Intern Secretary's words once more..., Xia Shangzhou came back to his senses and said, "That... Little Qin, don't Cry yet, and don't go into the office either. I'll book a ticket back to Beijing right now... before you come back, I'll call someone over for you. As long as that person comes over, the demoness... no matter how bad CEO Lin's temper is, he'll be able to control himself..."

The intern secretary was still crying, but she didn't forget to gossip. "Special Assistant Lin, who is that person you're talking about?"

Xia Shangzhou: "You'll know when you see him later."

After hanging up the call, Xia Shangzhou immediately sent Shi Yao a message asking for help: [little junior, calling little junior...]

But the person who replied to his message was Lin Jiage: [Little Junior is taking a bath.]

Xia Shangzhou: "...the heck, am I just being sent to my doorstep to be abused?"

Xia Shangzhou took a deep breath, and after taking another deep breath, he decided to put up with it. "Boss, the handsome and rich boss, I want to borrow little junior for a while. Is that okay?"

Lin Jiage: "???"

Lin Jiage: "Do you want to die?"

"No, no, no. Boss, you've misunderstood. What I mean is that I'm not borrowing her, I'm borrowing her for your sister..."

"Of course not."

He knew that the answer would be like this... Xia Shangzhou replied straightforwardly, "Today is the anniversary of Qin Ting's death."

The other party fell silent for a moment before Xia Shangzhou received a message. "Got it. I'll bring Yaoyao over later."

Xia Shangzhou replied with a 'thank God'emOji before starting to book his flight.

The first flight back to Beijing was only left with first-class seats.

The price is a little expensive... Xia Shangzhou gritted his teeth, keyed in his password, and paid the bill. After which, he packed up his things and rushed to the airport.

After arriving in Beijing, Xia Shangzhou didn't even return home. Instead, he dragged his luggage and rushed straight to the LIN Corporation building.

By the time he arrived, it was already past one o'clock in the afternoon. Lin Jiayi was on her lunch break, and Lin Jiage and Shi Yao had already left. When the people from the secretary's office saw him, it was

as if they had seen a living bodhisattva, praising him at the same time, at the same time, Xia Shangzhou tossed the documents that Lin Jiayi had requested in the afternoon in front of him before returning to their respective posts to get busy.

Xia Shangzhou roughly took a look at Lin Jiayi's schedule for the afternoon, and after taking a look at the time, he estimated that Lin Jiayi was about to wake up from her lunch break. Thus, he got up and went to the pantry to make a cup of coffee, he carried the Cup into Lin Jiayi's office.

Chapter 926: The anniversary of Qin Ting's death (2)

Just as Xia Shangzhou had predicted, Lin Jiayi had already woken up. She sat at her desk with a furious frown on her face.

Back when he had first started his internship with Lin Jiayi, he had truly been afraid of her. Every time he saw her, he wanted to run away. But now..., however, Xia Shangzhou calmly placed his coffee cup in front of Lin Jiayi and said, "CEO Lin, there's a video conference in twenty minutes. You can go and freshen up your makeup now. I've already prepared the information for the conference for you. It's all here..."

Lin Jiayi picked up the coffee cup and took a sip. It was the taste that she liked. She flipped through the information that Xia Shangzhou had prepared, and it was clear that it was the style that she liked.

The rage on her face vanished in an instant. "Aren't you on your annual leave?"

"Er... my younger sister got married, and my parents kept urging me to get married at home. I couldn't take it anymore, so I came back to work..." Xia Shangzhou hid the fact that he wanted to go on a vacation, but before he could do so, someone called him back to Beijing.

Lin Jiayi replied with an "OH" and drank half a cup of coffee before standing up to go to the bathroom to freshen up.

Xia Shangzhou left Lin Jiayi's office to attend to her client matters after the end of her video conference.

At 3:30 AM, Lin Jiayi's conference ended, and she was about to meet her client. Xia Shangzhou had already prepared the car in advance and placed flat shoes in the car, so that Lin Jiayi could wear them when she returned to the car after meeting her client, this was to make her heels feel more comfortable.

Since Xia Shangzhou was back, it was naturally him who accompanied Lin Jiayi to meet the client. Before leaving the office, Xia Shangzhou took a look at the temperature at night. It was a little low, so he went to Lin Jiayi's closet and rummaged through a down jacket and a blanket, while he was at it, he took a few warmers and warm water bags. After which, Xia Shangzhou went to his desk and took out his phone and wallet. He didn't forget to open his drawer and take out a box of stomach medicine and hangover medicine.

Lin Jiayi was afraid of the cold, but she was also a person who didn't care about the temperature. Those few days of the month were always excruciatingly painful, but she didn't have a good memory.

Her stomach wasn't that good, and she loved to eat spicy food. Sometimes, she would suddenly have a stomachache, so the stomach medicine became a regular item in his desk drawer.

As for the hangover medicine... since Lin Jiayi was with him, he wouldn't let her drink. Even if she was forced to drink at a social gathering, he would still force her to drink. Thus, he prepared the usual hangover medicine for himself, but today was different, today was the anniversary of Qin Ting's death, so she would definitely drink. Thus, she would prepare some hangover medicine in advance so that she wouldn't have a terrible hangover the next day.

Xia Shangzhou had prepared everything well, and even though Lin Jiayi had a fiery temper today, she was still more docile than before.

By the time she finished meeting with her clients, it was already 7 pm.

To be exact, Lin Jiayi didn't have any social engagements today.

Xia Shangzhou knew that Lin Jiayi would be going out for a drink after they parted, so he took the initiative to ask, "CEO Lin, I'm free today. Do you want to go to Wiks, Liang Jiusi's new bar? I heard that it's pretty good..."

Everything was under Xia Shangzhou's control, but Lin Jiayi nodded her head and replied, "Alright."

It was still early, so there weren't many people in Wiks.

Liang Jiusi wasn't around either, but the waiter knew Xia Shangzhou and Lin Jiayi, so he arranged for them to have the best and most hidden seats.

Since Lin Jiayi didn't intend to speak, Xia Shangzhou didn't speak either.

Chapter 927: Pregnancy (1)

The two of them sat in their respective seats in silence, sipping on their wine.

After a long while, Lin Jiayi raised her head and suddenly asked Xia Shangzhou, "GPS, how Old Are You?"

"I'm a year older than boss."

"That means you're two years younger than me..." Lin Jiayi's lips curled up into a faint smile, but a dazzling light shone from her eyes, "... brat."

"..."brat? This title isn't even as good as a navigation device..

"Hey, Little Bro, have you ever liked someone?"

Xia Shangzhou:"..."little bro? This title isn't even as good as a brat..

Xia Shangzhou fell silent for a moment before shaking his head, "No."

He used to think that his junior was his goddess, but that kind of feeling wasn't even enough to move his heart, much less like her.

After hearing Xia Shangzhou's reply, Lin Jiayi gulped down a large glass of wine in disappointment, "I thought that you had someone you liked. That way, I could still hear your story..."

As she spoke, Lin Jiayi turned her gaze to her wine glass. Her fingertips gently caressed the wine glass, "I once liked someone very much... so much so that... I want to spend the rest of my life with him."

Xia Shangzhou knew that Lin Jiayi was referring to Qin Ting, but he pretended not to know. "What happened after that?"

"After that... After that, he died... he died in a car accident eight years ago... It was a car that fell off a cliff, leaving nothing behind..."

So, that's how he died... Xia Shangzhou pinched the wine glass in his hand and said, "CEO Lin, I'm sorry for your loss. If he were still alive, he would definitely want you to be happy."

"I am very happy. I think that making money will make me happy, so I've been making money crazily all these years... I think that buying and buying will make me happy, so I've been trying my best to buy and buy all these years... I can only allow myself to be sad for one day, and that's today..."

Out of the four people in Room 501, Xia Shangzhou knew that he was the one with the dumbest mouth. He didn't know how to console Lin Jiayi, so he thought for a long time, finally, he said, "CEO Lin, you'll meet a better person in the future."

"I'll meet a very good person every day. Look, there are so many people chasing after me. It's not like you don't know that they're all very good, but... Do you know? "Gps. After he left, I didn't think about getting married. I just wanted to die alone."

Hearing those words, Xia Shangzhou chuckled. "CEO Lin, you won't die alone. I'll be by your side."

Lin Jiayi felt that Xia Shangzhou was joking, so she chuckled lightly. After a moment, she said, "The navigation device is a comforting word, but I still have to thank you..."

As she spoke, Lin Jiayi stared at the navigation device and said, "I think your parents are right. You're not young anymore. You should find a good girl, have a good relationship, and live a good life..."

Xia Shangzhou didn't say anything but smiled.

Lin Jiayi poured herself another glass of wine and said, "Navigation device, I'll keep an eye out for you. Once I meet a good girl, I'll introduce her to you."

Xia Shangzhou didn't reject her offer and simply replied, "Thank you."

Lin Jiayi didn't say anything else and just poured herself another glass of wine.

Xia Shangzhou didn't say anything else either. He knew that she would get drunk, so he restrained himself.

He did not look at her in front of him. His eyes were staring out of the window, but her figure was reflected in the window.

He looked at her figure and said quietly in his heart, no, I don't have a girl I like, I Have Someone I love.

Chapter 928: Pregnancy (2)

Staring at her figure, he said in his heart, 'No, I don't have a girl I like. I have someone I love.'

'however, the person I love... I don't deserve her... So, I'll always be by her side. If she dies alone, I'll die alone with her.'

Before ten o'clock, Lin Jiayi was already drunk as a skunk.

Xia Shangzhou sent her home. As usual, he tidied up her messy home and went to the kitchen to prepare a pot of porridge. After warming it up, he sent a message to Lin Jiayi, after reminding her to drink it the next day, he took a taxi back to his rented house.

It was already three in the morning. Xia Shangzhou took a shower and lay on his bed. Just as he was about to fall asleep, his phone screen lit up.

He picked it up and took a look. It was a text message.

"Mr. Xia, I sincerely invite you to join my company. If you are not satisfied with the annual salary I gave you last time, I can double it and give you shares of the company. I can also give you some say in the company."

Xia Shangzhou almost did not consider it and rejected the message. "No need. Thank you for your favor."

"Mr. Xia, according to my understanding, the salary that CEO Lin gave you was average. With your ability, it's a little overkill to stay by her side and get a job as a special assistant. Look at you, you've stayed by her side for so many years, and now you can't even afford an apartment in Beijing. The salary that I gave you is really enough. Or you can give me your conditions, and I'll consider it."

"I don't have the qualifications. I Won't change jobs." After replying to this message, Xia Shangzhou immediately blocked the other party's message. Putting down his phone, he lay down on the single bed in the rented apartment, closed his eyes, and fell asleep.

..

After the end of the final examination, Shi Yao began looking for an internship.

She had always dreamed of becoming a teacher, so the positions she applied for were all teachers.

In the end, Shi Yao's internship position was as an English teacher at G University's high school affiliated to Renmin University of China.

However, due to the upcoming winter break, Shi Yao's internship would be held after the spring festival.

After the lantern festival, it was almost time for Shi Yao to go to work. As she had never lectured before, she was still a little nervous. Thus, before she reported to school, she took Lin Jiage as an experiment subject and tried lecturing for two periods, however, the results weren't too good either. In the end, as the lecture continued, the teacher ended up sleeping on the bed.

Not too long after the spring festival ended, spring arrived.

Having already interned for more than half a month, Shi Yao was already able to deal with her students with ease.

She had a good personality, was beautiful, and was the teacher of one of the school's top classes. As such, there wasn't anything troubling her at all. On the contrary, she was especially well-liked by her students.

As such, Shi Yao learned a lot of things about the students' families.

For example, Wang Xiaoning said that her mother was pregnant with a second child, and the results were just out.

Another example was Zhang Xiao, who said that her father had found a stepmother for her, and she was pregnant.

Another example was Xia Tingting, who said that her mother was pregnant again, and because it was her third child, she had to abort it.

Every day, after Shi Yao finished her lessons, she would return home and chat with Lin Jiage about school matters. As they chatted, she came to a conclusion — there were a lot of people who had gotten pregnant recently..

A moment ago, she was curled up on the sofa in Lin Jiage's embrace, munching on the grapes he had stuffed into her mouth as she shared this conclusion with him. A moment later, she suddenly felt a wave of nausea in her stomach, and she abruptly leaped up from the sofa, she rushed to the bathroom and began retching into the sink.

Chapter 929: Is he going to suffer from malnutrition (1)

Shi Yao's series of reactions were swift and unexpected.

Lin Jiage, who had been caught off guard, only realized what was going on when he heard Shi Yao's vomiting. He swiftly stood up and rushed to the bathroom, "Yaoyao, why did you suddenly vomit? Are you feeling unwell somewhere?"

Shi Yao, who had stopped vomiting, raised her head and shook her head at Lin Jiage through the mirror in front of her. She was just about to reply to him, but before she could do so, another bout of intense nausea struck her, causing her to bend over and start vomiting again.

Lin Jiage hurriedly reached out and patted Shi Yao's back lightly. Seeing that she had been vomiting for a long time, but nothing came out of her mouth, he couldn't help but frown, "This won't do. Let's go to the hospital to take a look..."

As he spoke, Lin Jiage pulled Shi Yao's hand.

Shi Yao resisted Lin Jiage's force for a moment, and after the feeling of vomiting subsided a little, she finally spoke up, "There's no need to go through so much trouble. I'm fine. It's just that I ate a little too much in the school cafeteria in the afternoon, and I've been feeling a little nauseous ever since I got home from school in the afternoon..."

"Did you eat something dirty? Or did you suffer from a Stomachache?" Lin Jiage asked, but he still insisted on his own opinion. "No matter what, it's better to let the Doctor take a look at you..."

"I don't have a fever, nor do I have diarrhea. I definitely didn't eat something bad, and my stomach doesn't hurt either. It's even more unlikely that I have a stomachache. It's too troublesome to go to the hospital in the middle of the night. I still have an early morning class tomorrow, so I'll have to waste a lot of time..." Shi Yao turned on the tap, she took a cup of warm water and rinsed her mouth, only to realize that she was fine again. Putting aside vomiting, even the discomfort in her stomach had disappeared

completely, thus, he became even more adamant on his decision," ... Besides, look at me. I'm fine now, so I really don't need to make a trip to the hospital anymore..."

Lin Jiage was still a little worried. He stared at Shi Yao and asked a few more times to make sure that she was really fine, and only then did he give in to her wishes, but in the end, he still said, "Let's get something straight first. If you're still feeling unwell, you'll have to go to the hospital."

Seeing that Lin Jiage had given in to her, Shi Yao nodded furiously. After saying 'Un un un un' a few times, she washed her hands and returned to the sofa with Lin Jiage to continue watching television.

After dinner, she suddenly felt a sudden urge to eat grapes, so Lin Jiage specially drove to a nearby supermarket to buy them.

Right now, after Shi Yao came out of the bathroom, she was staring at the grapes. For some reason, she suddenly lost her appetite, and she felt a slight urge to eat a watermelon.

Fortunately, when Auntie Sun came over a few days ago, she brought a large watermelon with her. Thus, Lin Jiage didn't need to make another trip in the middle of the night. Instead, he got up and went to the dining room to help Shi Yao cut the watermelon.

Recalling how she had vomited a little too much back then, after cutting the watermelon, he specially brewed a cup of warm milk for her.

By the time Lin Jiage returned to the living room with the watermelon and milk, Shi Yao, who had been lying on the sofa with a pillow and watching the television with great interest not too long ago, had already fallen asleep on the sofa.

Lin Jiage didn't wake Shi Yao up, so he carefully placed the things in his hands on the table. After which, he bent down and carried Shi Yao into the master bedroom.

As he placed her on the bed, Lin Jiage thought back to the past week, and it seemed like soft bun had been sleeping too much..

He was the one who would pick her up after work every day. On the way home, even though it was only a thirty-minute journey, she was still able to rest on the passenger seat for a while.

Chapter 930: Is he going to be malnourished? (2)

Every day when she went to work, he would send messages to her. Occasionally, when he was free, he would call her, but recently, she replied to his messages very slowly, and answered his calls very slowly. Then, she would explain to him, she was just a little sleepy and fell asleep on the table for a while. She always used this excuse to reply to him, causing him to think that she had a new lover at school. The day before yesterday, he had even armed himself tightly, he secretly ran to her school and observed her for a while. When he found that she was really sleeping, he felt relieved and returned to the company to continue his meeting.

It was really strange. In the past, she would not sleep at one or two o'clock at night. In the recent week, she was so sleepy that she could not open her eyes before ten o'clock. At nine o'clock in the morning, she had already tidied up, yet, she still refused to get out of bed..

Logically speaking, Soft Bun's body shouldn't be in any sort of condition. Before she joined the company, he had accompanied her for a full-body checkup, and she was extremely healthy... could it be that spring had come, and Soft Bun was so tired?

With this thought in mind, Lin Jiage carefully tucked shi yao under the blanket. Then, looking at her sleeping face, he suddenly recalled that he had a meeting with a client the night before yesterday. After sending her home, he went back to his company to work overtime, and when he returned.., she was already asleep.

At 9:30 yesterday, he received a call from overseas, and by the time he hung up, she was already asleep again.

Today..

It couldn't be considered as a good day, but considering the past few days, he hadn't paid her a proper visit..

It was no wonder he felt that something was missing recently. It turned out that he had been buying condoms less often. If this continued, he was afraid that he would suffer from malnutrition, right?

No, no, no. Tomorrow, he would have to accompany soft bun to grade the students' homework. After that, he would have to coax soft bun to bed early so that she could replenish her nutrition before she fell asleep..

..

The next day, Shi Yao was still not woken up by her alarm, but by Lin Jiage's wake-up call.

Having slept for nearly ten hours, she still felt that she wasn't getting enough sleep. However, when she thought about going to work, she still perked up and climbed out of bed to wash up in the bathroom.

While brushing her teeth, the feeling of vomiting from last night reappeared once more.

Shi Yao vomited into the washbasin for a moment, and when she finally recovered, she couldn't help but frown.

What's wrong with me? From yesterday onwards, I felt an inexplicable urge to throw up... It's already the second day, and this feeling still hasn't disappeared... could there really be something wrong with my body?

"Yaoyao? Yaoyao?"

The sound of Lin Jiage calling Shi Yao out for breakfast could be heard from outside the bedroom.

Shi Yao hurriedly collected her thoughts and replied to Lin Jiage. After which, she quickly rinsed her mouth and washed her face before walking out of the bedroom.

There were meat buns and tofu pudding that Shi Yao loved the most for breakfast, but not only did Shi Yao not have the slightest desire to eat them, she even felt nauseous just by looking at them. On the other hand, it was the pickled cucumber that she usually didn't like to eat that she was eating, and she

was eating the millet congee instead, she actually ate a huge plate of it. It wasn't until Lin Jiage noticed that she was eating too much of this pickled food and stopped her that she finally gave up.

After breakfast, as usual, Lin Jiage drove Shi Yao to school first.

It had only been half an hour since Shi Yao woke up and finished her breakfast. However, as she sat in the car, she felt a little lazy and sleepy under the Warm Spring Sun. In fact, she even felt a little tired.

Arriving at the entrance of the high school affiliated to G University, Shi Yao alighted from the car and watched as Lin Jiage's car left. Only then did she turn around to head back to school.
