

### **Chapter 951: The attitude of a Knight (1)**

Shi Yao recognized the man in question. He was the father of her student, Zhang Xiao. As for the woman... Shi Yao recognized her as well. She was Qin Yiran, whom she had met earlier in the morning at the jewelry shop.

“If you don’t get rid of the child, I’ll break up with you just like that. Everyone is saying that I’m cold-blooded and heartless, and that I’m not responsible for the child! “But even if you think that I’m going to become a father, you still have to get pregnant with my child. Do you really think that I’ll be coaxed by you just because you’re trying to fool me? “Let me tell you... I’ve been investigating you in private. If you don’t want people to know what you’re doing, you have to do it yourself. In short, you have to get rid of this child even if you don’t want to, because he’s a disgrace to me. How much money have you spent on me since I’ve been pregnant...”

The man became angrier as he spoke. He even slapped Qin Yiran mercilessly. Qin yiran began to SOB. As she sobbed, she stubbornly said, “This child is yours. I don’t want to get rid of it!”

The Man’s face turned red from her words and his neck became thick. He started to fight again. The two of them struggled together, and the scene was a complete mess.

After all, it was a hospital. There were too many people and too many people. There were also patients. In a short while, the two of them were pulled apart.

The man probably also felt that it was too embarrassing to cause such a scene in front of so many people. He pointed at Qin Yiran in anger and said, “Just you wait.”Then, he left without looking back.

Qin yiran covered her swollen face and squatted on the ground, sobbing softly for a moment. After calming herself down, she swiftly stood up and prepared to leave.

However, the moment she stood up, she saw Shi Yao and Lin Jiage standing right in front of her.

On Shi Yao’s neck was the necklace that Lin Jiage had bought for her at the jewelry store in the morning.

Behind her was the obstetrics and gynecology department, and Lin Jiage stood by her side, looking like a knight.

So... not only are Shi Yao and Lin Jiage getting married, they’re even pregnant?

In that short instant, many thoughts flashed through Qin Yiran’s mind.

But in that instant, Lin Jiage acted as if she didn’t exist at all. He switched positions between her and Shi Yao, hugged her, and left.

.....

The moment they stepped into the elevator, Qin Yiran turned her head to look in the direction they were heading in.

While she was trying to curry favor with Zhang Xiao, Zhang Xiao had addressed her as teacher Shi Yao. Shi Yao and she hadn’t gotten along in G University, so it must have been Shi Yao who instigated Zhang

Xiao to tell her that the child in her belly wasn't Zhang Xiao's or her father's, the child in her belly wasn't her biological younger brother or sister, which was why her father had to investigate her. When he found out that she was with him, she even got involved with several men, and he even found out the date of her pregnancy.., it wasn't like what she had told him..

It was like that, it had to be like that!

With such thoughts in mind, Qin Yiran went mad as she chased after Lin Jiage and Shi Yao.

Her speed was very fast, and Shi Yao and Lin Jiage were walking very slowly. It wasn't too difficult for her to catch up to them.

Perhaps due to the lack of parking spaces in the hospital, their car was parked outside, so they walked straight to the entrance of the hospital.

Qin Yiran whipped out her car keys and swiftly got into her car, rushing to the entrance of the hospital first.

Through the car window, she stared at the entrance of the hospital for a moment before noticing Lin Jiage and Shi Yao walking out.

Not knowing what the two of them were talking about, Shi Yao smiled, her eyes brimming with happiness. Seeing her smile, the corners of Lin Jiage's lips curled up as well..

This was the first time she had seen him smile. So, he knew how to smile, and he looked so good when he smiled, but his smile was only for her..

Looking at this sight, Qin Yiran felt her blood boiling, and her chest heaving up and down furiously.

She didn't know what was going on with her, nor did she know what she was trying to do. She only felt that the sight of them together was so glaring that it drove her crazy. As she stared at it, her entire body began to tremble, in the end, she only had one thought, and that was to destroy... She wanted to destroy his smile, and she didn't want him to smile..

As she thought about it, Qin Yiran suddenly stepped on the accelerator and rushed toward them without caring about anything else..

## **Chapter 952: Knight's Stance (2)**

..

On the way out of the hospital, Shi Yao asked Lin Jiage, "Do you like boys or Girls?"

"As long as it's yours, I'll like it." Lin Jiage didn't have any requirements on whether it was a boy or a girl. After replying to Shi Yao's question, he casually asked, "What about you? Do You Like Boys or Girls?"

"Un..." Shi Yao tilted her head and pondered for a moment, she replied to Lin Jiage's question earnestly, "... I like boys and girls just like you, but I hope that it'll be a boy, because girls... are too dangerous..."

"Un?" Lin Jiage didn't understand what Shi Yao meant.

“Look, you’re so handsome, and I’m so beautiful. The child we’ll give birth to will definitely be very good-looking... everyone will definitely like such a beautiful little princess. Think about it, if everyone likes her, that means that everyone will miss her. How Dangerous is that...”

That made a lot of sense, but he preferred girls, especially daughters who looked like her... However, Lin Jiage only dared to think that way, but he didn’t dare to say it out loud. He actually wanted to agree with Shi Yao’s words, but before he could say anything, he saw a car heading straight for him and Shi Yao.

The car was moving very quickly, and it didn’t give him much time to think. He looked around before pushing Shi Yao into the arms of a man who happened to pass by them.

Only by allowing Shi Yao to crash into someone would she be able to avoid falling to the ground and danger..

Just as Lin Jiage was thinking this, he suddenly felt a powerful force crashing into him.

..

Shi Yao, who had been abruptly pushed out by Lin Jiage, was held up by the unfamiliar man she had crashed into. After a moment of shock, she finally said “Thank you” before furiously turning her head around to look behind her.

She had wanted to vent her anger on Lin Jiage, but she had never imagined that she would actually witness a scene that she would never forget for the rest of her life — Lin Jiage being sent flying by a car..

.....

Shi Yao couldn’t remember what happened after that. She stared blankly at Lin Jiage lying on the ground for quite some time, until the people around her gathered around to look at him, only then did she walk up to him.

She squatted beside Lin Jiage in a daze, looking at him. She had no idea what she should do at all. In the end, it was a kind-hearted person who went to the emergency department of the hospital to inform him of this matter.

The car that crashed into Lin Jiage was stopped by the hospital’s security. The security knocked on the car door for a long time, but no one opened it. It was only when the police arrived that the car door finally opened.

Qin Yiran’s terrified voice sounded from inside, “I hit someone! I hit someone! I killed someone! I killed someone! I didn’t want to do that! I don’t know why I did it! I don’t know! I don’t know anything...”

Soon, the hospital’s doctors arrived, and Lin Jiage was taken away. Shi Yao was like a puppet that had been manipulated, following around Lin Jiage stiffly.

Just as she was about to enter the emergency room, another ear-piercing scream sounded from behind her. She turned around and saw Qin Yiran clutching her stomach as she squatted on the floor. Beside her, someone was pointing at her skirt and shouting, “There’s blood, there’s blood...”

Following which, Shi Yao’s vision blacked out, and she fainted as well.

..

When she woke up, Shi Yao was in the hospital ward.

The room was very quiet, and there was only a lamp that was very suitable for sleeping.

It was as if a lifetime had passed. Shi Yao lay on the bed for a moment before she abruptly sat up.

### **Chapter 953: A Bottle of medicine (1)**

Lin Jiayi and Lin Guinan were in the ward when they saw Shi Yao waking up, and they immediately gathered around her.

“Yaoyao, how are you feeling?”

“Are you feeling unwell anywhere? Do you need a doctor to take a look?”

Shi Yao didn't reply to Lin Guinan and Lin Jiayi's words. Instead, she turned her head to look out the window. It was already very dark outside, so she abruptly lifted her blanket and asked as she got out of the bed, “Where's Lin Jiage?”

Lin Guinan and Lin Jiayi didn't say a word.

Shi Yao's heart skipped a beat, and she asked even more anxiously, “Where's Lin Jiage? where is he? How's he doing now?”

The last person to tell Shi Yao about the situation was Jiang Wangui.

She had everyone leave the room to talk to Shi Yao alone.

Lin Jiage's first surgery had been a success, but there was a broken rib that had been inserted into his chest. It was relatively close to his lungs, but he still had to be removed. The surgery wasn't too difficult, but the risk factor was very high.

The so-called risk was very high, but there was a high possibility that Lin Jiage wouldn't be able to leave the operating table during the second surgery.

After hearing Lin Jiage's condition, Shi Yao calmed down even more. She didn't say a word, but she asked Jiang Wangui, “Can I see Lin Jiage Now?”

Jiang Wangui nodded and said, “Please wait a moment.” After which, she walked out of the ward.

Not too long later, the Doctor rushed over and helped Shi Yao put on a disinfectant suit and shoe cover before bringing her into Lin Jiage's ward.

.....

Lin Jiage was still conscious. When the Doctor brought Shi Yao into the ward, he was holding a pen in his hand and writing something down in a notebook. His every move was extremely strenuous.

It was only when Shi Yao got very close that Lin Jiage realized what was going on.

He took a glance at Shi Yao, and his first reaction was to hurriedly close the notebook and hide it under his pillow. Then, he turned his gaze back to Shi Yao.

He didn't say a word, but there was a look in his eyes that didn't match his personality.

He doted on her very much, and he treated her very well. However, he rarely looked at her with such a gaze..

Before Shi Yao came in, she had told herself not to cry, but Lin Jiage's gaze caused her nose to turn sour. She couldn't help but blink her eyes, and tears began streaming down her cheeks.

Shi Yao didn't stay in the ward for long before she came out.

Lin Gubei was signing autographs in the Doctor's room, and Shi Yao stood at the entrance for a moment. After which, she informed Lin Jiayi that she needed to go to the washroom, and she left alone.

She didn't go to the washroom, but instead, she left the hospital.

She glanced around the street and saw a 24-hour pharmacy on the right side of the road. She walked across the overpass and walked over.

She bought a bottle of medicine from the pharmacy, and when she came out, she received a call from Lin Jiayi. She lied and said that she was hungry, so she went out to buy something to eat before heading back immediately.

After hanging up the call, Shi Yao lowered her head to take a look at the medicine she had bought. Then, clutching the bottle tightly, she returned to the hospital as if nothing had happened.

..

Shi Yao's language results had always been the best in her class since she was a child. When she was in the first grade of primary school, she would speak a lot of idioms, such as beautiful days, beautiful flowers, a full moon, a match made in heaven, the warmth of spring, the blooming of flowers, and so on.., the two little wuji, and so on..

However, even though she could speak a lot of idioms, there were some idioms that she didn't really like, such as: narrowly escaping death, surviving a desperate situation, a false alarm..

At that time, she was still young, so she didn't know what she hated about it.

But today, Shi Yao realized that surviving a desperate situation, a false alarm, was such a beautiful phrase.

### **Chapter 954: A Bottle of medicine (2)**

Lin Jiage's second operation lasted for more than four hours.

During those four hours, Shi Yao wanted the doors of the operating theater to suddenly open, but at the same time, she was afraid that the doors of the operating theater would suddenly open.

In this fearful process, the only thing that kept Shi Yao alive was the bottle of medicine that she had bought.

She gripped the bottle of medicine tightly in her pocket, and layer after layer of sweat began forming on her palms.

Fortunately, the surgery was a successful one.

Lin Jiage was still asleep. Even though it was already very late, Shi Yao still went to take a look before returning home to rest.

The next day, she wanted to visit Lin Jiage early in the morning, but she tried her best to wake herself up early. However, by the time she arrived, Lin Jiage was already awake.

Still feeling a little weak, Lin Jiage called out to her, "Yaoyao." After which, he didn't say anything else. He simply extended his hand to her, and when Shi Yao held onto his hand, her eyes reddened uncontrollably.

..

A week later, Shi Yao finally allowed him into the ward to visit her.

He Tiantian and Huang Nian had arrived in the morning, and not too long after they arrived, Liang Jiusi and Jiang Yue had arrived as well.

Liang Jiusi and Lin Jiage had grown up together, and they had a close relationship with each other. After seeing the gauze wrapped around Lin Jiage's body, Liang Jiusi couldn't help but write a line on it with a pen: "Nine-nine multiplication table pen."

Lin Jiage really wanted to hammer this fellow to death, but the current him was unable to move at all. He could only furiously allow the other party to scribble on it.

.....

But even after Liang Jiusi finished drawing, he still refused to give up. He insisted on leaving a mark for Jiang Yue just like him.

Of course, Jiang Yue wasn't as brazen as Liang Jiusi. She only wrote the Word 'moon', followed by Huang Nian and he Tiantian. Huang Nian wrote it first, he Tiantian wrote it later, and both of them wrote their own names, however, he Tiantian wrote a 'heart' after her name. Her name and Huang Nian's were side by side, and at first glance, it looked like 'He Tiantian', 'heart', and 'Lin Wei'.

In any case, the doctor had already said that Lin Jiage would have to recuperate for at least two months. Liang Jiusi thought that even if Lin Jiage wanted to beat her to death, that would only happen two months later. Thus, she even called Shi Yao over to write something as a memento.

Lin Jiage was so furious that he bellowed at Liang Jiusi, "Scram!"

Liang Jiusi shook his buttocks and shook his head, saying, "I won't... I Won't... I Won't... If you have the guts, come and beat me..."

After which, Lin Jiage was so furious that he didn't even bother to look at Liang Jiusi anymore.

Seeing Lin Jiage in such a state, Shi Yao couldn't help but smile. She took the pen from Liang Jiusi's hand and walked over.

Seeing that Shi Yao wasn't stopping them, and that she was actually colluding with them, Lin Jiage's head immediately drooped down.

Seeing the look on Lin Jiage's face, the smile on Shi Yao's face deepened. She found the spot on Lin Jiage's left chest, picked up the pen, and unhurriedly wrote two small words on it: "Hubby."

A moment ago, Lin Jiage was still in a lifeless state, but upon seeing these two words, he suddenly felt elated. Pointing at his chest, he asked the entire room to take a look, "Did you see this? This is Yaoyao's handwriting..."

"Isn't our Yaoyao's handwriting beautiful?"

Along the way, even a nurse came over to change Lin Jiage's dressing, Lin Jiage didn't forget to point at the two words on his chest and brag, "This is Yaoyao's handwriting... do you know who Yaoyao is? She's my fiancée. Do you know who Yaoyao is in this room? The most beautiful one..."

Following which, Liang Jiushi and Jiang Yue left, and Huang Nian and he tiantian left as well.

### **Chapter 955: If I had more courage to hold his hand, would I have no regrets? (1)**

..

Lu Benlai was on a business trip, so he and Leng Nuan arrived two days later than he tiantian, Jiang Yue, and the others.

They arrived at noon, but due to Lin Jiage's weak body, he slept for a longer period of time every day. On the other hand, Shi Yao, who was pregnant, often fell asleep in the afternoon. As such, the two of them didn't stay for long, so they had no choice but to leave.

This was the first time Leng Nuan had seen Lu Benlai since the day he 'got drunk'.

The next day, when Leng Nuan woke up, she sent a text to Lu Benlai asking if he had woken up from his drunken stupor. Was he still feeling unwell?

Lu Benlai had replied to her message as well. Even though they had gone on a business trip, Leng Nuan wasn't sure if it was because of her psychological state, but she couldn't help but feel that Lu Benlai wasn't as warm to her as he used to be.

After leaving the hospital, Leng Nuan saw that the weather was very good. She could not help but ask Lu Benlai, "You... are you still going back to the office in the afternoon to be busy?"

Lu Benlai shook his head. "I don't have to go back..."

After a pause, Lu Benlai asked again, "What's Wrong?"

"Nothing much. I just feel that the weather has been good recently. Since summer has not arrived yet, I want to go to the Forbidden City for a walk."

"Sure, I'll accompany you."

Hearing Lu Benlai's usual obedient words, Leng Nuan's restless mood suddenly calmed down a lot.

Perhaps she was... sensitive and overthinking. He was afraid that he did something that he couldn't even remember when he was drunk..

.....

There weren't many people in the Forbidden City in the afternoon.

Leng Nuan and Lu Benlai strolled around the palaces one by one.

As usual, Lu Benlai would buy water for Leng Nuan, and he would ask her if she was tired. He would also ask her if she was hungry and if she wanted to eat something?

When Leng Nuan heard Lu Benlai's words, her heart slowly calmed down.

She thought... she was really thinking too much. She was too sensitive, and he was not unhappy..

However, she knew better than anyone that they did not seem to be a couple. She knew that she had wronged him, and she also knew that she was the one with problems..

However, she really did work hard. She had been trying her best to overcome those problems..

With this thought in mind, Leng Nuan tilted her head and glanced at Lu Benlai.

The current him was no longer the same as he was two years ago when he did not have hair. He had a very exquisite haircut, which made his entire person look bright and crisp. It was very pleasing to the eye.

In the past, she never thought that she would be with a boy one day. She also never thought that she would fall in love with someone. Now, every time she saw something that belonged to a man, she would imagine if it looked good on him, would it be suitable for him? Would he be happy if she bought it as a gift for him

Leng Nuan could not help but smile. When she retracted her gaze, her gaze fell on Lu Benlai's hand. She hesitated for a moment, then moved closer to Lu Benlai. She moved again, and when the distance between the two of them was much closer.., she tried to reach out to hold his hand..

Before she could touch his hand, her fingertips had already begun to tremble uncontrollably.

She tried hard to convince herself. She mustered up her courage again and again, but every time she was just a little bit away from touching his fingertips, she pulled back.

..

Many years later, at three o'clock in the morning at night, Leng Nuan recalled this scene for the umpteenth time. She would always ask in her heart, if at that moment, she had more courage and worked harder to hold his hand.., would they have no regrets?

### **Chapter 956: If I had more courage to hold his hand, would I have no regrets? (2)**

That afternoon, the atmosphere between Leng Nuan and Lu Benlai had always been good.

Before they left the Forbidden City, Lu Benlai had patiently accompanied Leng Nuan to the shops in the Forbidden City to choose the surroundings.

There was no way to park near Chang 'an street. Lu Benlai and Leng Nuan walked for about half an hour before they reached the parking lot.

It was dinner time. When Lu Benlai opened the door for Leng Nuan, he naturally asked, "Are we going to eat Hunan Cuisine?"

"Sure..." that was Leng Nuan's favorite flavor.

At that time, Leng Nuan and Lu Benlai were still fine. Even when they went to the restaurant they often went to, Lu Benlai ordered Leng Nuan's favorite dishes. After the waiter left., lu Benlai was still the very competent boyfriend. He helped Leng Nuan remove the disposable chopsticks and the wet paper towels to wipe her hands... everything was as usual. Everything was still fine.

After dinner, it was almost eight o'clock in the evening. After strolling around the Forbidden City for a long time in the afternoon, Leng Nuan was indeed a little tired. After Lu Benlai paid the bill and asked where she was going, she replied, "I want to go home."

Lu benlai replied, "Okay." When he and Leng Nuan reached the first floor of the restaurant, he asked Leng Nuan to wait for him for a while before he went to the bathroom.

People kept coming in and out of the restaurant. Leng Nuan did not pay much attention to her surroundings. She held her phone and looked at the messages for a while before she felt that it was about time. She raised her head and looked in the direction of the bathroom, seeing that Lu Benlai hadn't come out yet, she withdrew her gaze and prepared to continue looking at her phone. However, when she jumped over the entrance of the restaurant, she caught a glimpse of a familiar figure.

Her fingertip shook, and her phone fell to the ground with a "PA" sound.

She seemed to be in a great shock. She was in a daze and panicked. It wasn't until Lu Benlai's voice came from behind her, "Nuan Nuan?"

Seeing Leng Nuan's pale face, Lu Benlai's expression turned serious. "What's Wrong?"

Leng Nuan then looked up and glanced at Lu Benlai. She calmed herself down and shook her head. "No, nothing..."

.....

"Then why do you look so pale? Also, why did you drop your phone on the ground?" Lu Benlai asked as he bent down to help Leng Nuan pick up the phone.

The screen shattered..

Lu Benlai saw that Leng Nuan still looked a little pale and thought that she was worried about her phone. "It's okay, it's not too late. We'll stop at the phone store on the way home to pick up a new one..."

Leng Nuan did not understand what Lu Benlai said at all. She just nodded her head randomly. Seeing that he was walking towards the door, she followed him.

Before she left the restaurant, she thought of the familiar figure that had just disappeared here. She stopped and stared at the outside through the glass door for a long time before Lu Benlai walked out, seeing that she didn't come out, she turned to look at her and asked through the revolving door, "Nuan Nuan, why aren't you coming out?"

Only then did Leng Nuan lift her feet and walk out of the restaurant. When she stood outside the door and realized that the familiar figure had long disappeared, she secretly heaved a sigh of relief.

In the end, Leng Nuan did not buy a new phone but went straight home.

She maintained a calm appearance and said goodbye to Lu Benlai at the entrance of the rented house. When Lu Benlai stepped into the elevator a second ago, she closed the door the next second and picked up her phone to check the calendar.

One year, two years, three years, four years, five years, six years... only seven years had passed. There were still three years before that person was released..

### **Chapter 957: If I didn't have low self-esteem when I was young (1)**

So, the person she saw at the entrance of the restaurant today, was it her illusion?

Yes... it must be... she must have been seeing things.

Leng Nuan leaned against the door, holding the broken phone in one hand, and touching her beating heart with the other, secretly comforting herself.

..

After sending Leng Nuan home, Lu Benlai was not in a hurry to go home. Instead, he drove to the company.

Actually, he still had some things to do today. Tomorrow morning, he had to meet a very important client. He had not prepared all the materials up to now.

On the way to the company, Lu Benlai passed a traffic light and saw a shopping mall by the roadside. The most conspicuous spot on the first floor was an international brand jewelry store, on the Billboard was a promotional photo of a popular actress wearing bright diamond jewelry.

Lu Benlai stared at the big, shiny diamond ring on the actress's finger for a while. In the end, he hesitated for a moment before turning the car around and turning into the underground parking lot of the shopping mall.

He admitted that the business trip was one of the reasons. On the other hand, he also wanted to calm himself down and think about the problem between himself and Leng Nuan. However, when he left Beijing and had not seen Leng Nuan for so many days, he would think of her every day... he even talked about her when he was drinking with his clients.

He thought that he probably fell into the hands of this girl named Leng Nuan for the rest of his life..

Just like this afternoon, she easily asked him to skip work and accompany her to the Forbidden City. She was knowledgeable, and when she told him some historical stories, he felt very comfortable listening to her, he also inexplicably liked that feeling... only then did he realize that he probably couldn't live without her. Since he couldn't live without her, then he didn't want to live without her..

In fact, Lu originally wanted to take the postgraduate entrance exam and go abroad, but because of Leng Nuan, he eventually gave up on the life plan that he had originally planned.

He was the same as his boss. He had come out to do things on his own. He had a very good idea and obtained the investment of a large company. He was doing very well at the moment. He had bought a house in Beijing and a car, now, he could even afford to buy her a big diamond ring..

.....

The life he had envisioned was for himself, but he had been living for her these two years. He wanted her to graduate and not linger because of the pressure of life, he wanted her to feel safe in such a big city.

Unconsciously, she had already penetrated so deeply into his life. He had no choice and did not want to choose.

Lu Benlai was holding the wrapped diamond ring. When he came out of the mall, his mood was inexplicably good.

Even when his car music played the song “Young and promising”, he could not help but hum a few lines along with it.

If I did not feel inferior when I was young... Lu Benlai thought that it was fortunate that he was young and promising. Otherwise, in such a society where money was needed everywhere, he might not even have the ability to maintain a relationship.

When he arrived at the company, Lu Benlai took the elevator and went to his office. He made a cup of coffee and sent a message to Leng Nuan to ask if she was asleep. After chatting for a while, he turned on his computer.

When Lu Benlai was done with his work, it was almost 11:30 pm. He rubbed his sore neck after working for a long time before he got up and left the company.

He came to the underground parking lot and walked to his car. Just as he was about to pull the door open, someone called out to him from behind, “Are You Leng Nuan’s boyfriend?”

### **Chapter 958: If I don’t feel inferior when I’m young (2)**

Leng Nuan... Such a familiar name made Lu Benlai instinctively turn around and look at the source of the sound.

It was a man squatting in the dark. When he noticed that Lu Benlai was looking at him, he stood up and walked out from the dark.

The clothes he was wearing were from many years ago. The top of his head was bald, like a prisoner who had just been released from labor camp.

Lu Benlai did not speak from the beginning until the man walked up to him. Only then did he say in a gentle and elegant voice, “May I ask, who are you?”

“It doesn’t matter who I am. The reason I called out to you was to see who had asked for a second-hand item.”

Second-hand item?

Such insulting words made Lu Benlai feel a hint of displeasure. "Sir, please speak with a little more respect."

"Respect? is that little B \* Tch Leng Nuan worthy of my respect?"

The man's words became more and more outrageous. Lu Benlai could not stand it anymore and raised his fist and swung it at the man's mouth.

The man who was hit did not get angry nor did he have any intention of fighting back. Instead, he raised his hand and wiped the blood from the corner of his mouth. Then, he spat on the ground, then, he spoke again, "It's meaningless for you to beat me up. It's meaningless even if you beat me to death. Anyway, it won't change the fact that you picked up a broken shoe... I followed you guys for a long time in the afternoon. I saw that you treated her pretty well. When you went to the Mall at night, were you buying her a ring?"

"That brand seems to be quite expensive. Seeing that you can be so young and promising, there were so many good girls that you didn't want. Why did you choose such a broken shoe?"

"I'll F \* cking tell you again. You'd better be more polite!" Lu Benlai said as he attacked the man in front of him again.

After the man took a punch, he subconsciously moved back to avoid Lu Benlai's kick, "What's the point of being so anxious?" "When I saw you guys walking around the Forbidden City, you weren't intimate at all. Could it be that you and that little B \* tch, Leng Nuan, were having a relationship and didn't have a relationship?" However, I'm still quite curious. If they had a relationship, would you still treat her as well as you are now if you knew that you weren't her first man

.....

"Don't stare at me like you want to kill me. It's useless even if you stare at me. You Can't change the ending. Let me tell you, I'm Leng Nuan's first man. When I slept with her, she wasn't even an adult yet. If you don't believe me, you can go and look for a scar on her inner thigh. There's a mole on her abdomen right here..."

As the man spoke, he tapped on the right side of his lower abdomen.

"Do you think that your beloved girlfriend is pure just because she looks clean? "I'm telling you, you're wrong, and it's a big mistake... she won't let you touch her because she doesn't want you. When she was underage, she didn't stop me from touching her..."

"Get lost, get lost!" Lu Benlai was like an angry lion, baring his fangs and brandishing his claws as he pounced on the man who was full of nonsense.

The man seemed to be really frightened by him. He subconsciously took a few steps back, then muttered, "Get lost then," and then took two steps back, he turned back and threw a smile at Lu benlai, "Hey, don't forget what I said just now. Whether it's true or not, you'll find out by yourself. One in the abdomen, one in the inner thigh..."

Lu Benlai looked as if he was going to chase up and chop that man up.

The man ran away quickly. After throwing those words, he disappeared without waiting for him to make a move.

### **Chapter 959: Time and you are both beautiful (1)**

..

Leng Nuan was tired, but she closed her eyes and did not sleep for long before she started having nightmares.

She dreamed of the year when she was 15. One summer, she was completing her lessons and it was already very late. She waited for a long time, but her parents did not come to pick her up. She thought that perhaps they were too busy with work, and she saw that the sky was getting darker and darker, so she decided to go home by herself.

That day, she wore a very beautiful dress. It had a red base, white polka dots, and a doll collar. Even the teacher who was tutoring her praised her dress.

From her teacher's home to her home, it was not far. It was only twenty to thirty minutes' walk, but in those twenty to thirty minutes, her life was completely ruined.

She would always remember that when she passed through a small alley, she was stopped by a boy.

She knew that boy. Although she had only met him a few times, that boy was her tutor's nephew. Those few times they had met were at the tutor's house, and they had not even spoken, he did not usually look that terrifying.

But that boy that night was so scary that it made her feel like a demon from hell. She was extremely scared. She cried and begged him, saying that she could give her pocket money, she thought that he might be the kind of boy who liked to threaten students to get money, but she didn't expect that all her escape routes were useless, that boy had no intention of letting her go... Her beautiful dress was torn, and he left a lot of bruises on her body..

She was extremely afraid. She had never been as afraid as she was at that moment since she was young.

Even now, she was asleep, but her body was still shaking, and the shaking was getting stronger. In the end, she began to cry and woke up from her dream.

She looked at the time. It was only eleven o'clock.

But she was not sleepy anymore.

She turned on all the lights in the room, hugged the quilt, and curled up on the bed. Her body trembled for a while before she calmed down slightly.

.....

She knew that the scenes in the dream were not dreams. They had really happened.

It had been many years since she had dreamed of those terrifying scenes. Perhaps it was because she had accidentally caught sight of that familiar figure at the entrance of the restaurant today that she had such a nightmare again.

After the incident, she did not go to school again. That boy was already an adult and had been sentenced. Because the incident had caused a stir in the place where they lived, her parents had taken her away. Her mother had also left after that, she quit her job and did not work anymore. She stayed with her all day, but the environment could be changed, the school could be changed, and the people she knew in the past could not meet. However, the things that happened could never be changed.

As she got older, she became more and more afraid. She was afraid of all men, including her father. There was even a time when she was afraid of even girls.

The vibration of the phone in her palm brought back Leng Nuan's memories.

She took a look and saw that it was a call from Lu Benlai.

She swallowed a few mouthfuls of saliva before answering the call. Perhaps it was because she had completely recalled that nightmare, but for some reason, she felt a little guilty. "You... you... are you done?"

"Yes..."

Lu Benlai's voice was very normal. Only then did Leng Nuan secretly let out a sigh of relief.

"Aren't you sleepy? Why aren't you asleep yet?"

Hearing Lu Benlai speak again, Leng Nuan said, "I was half asleep when I woke up..."

#### **Chapter 960: Time and you are both beautiful (2)**

"Why did you wake up all of a sudden? Did you have a nightmare?"

"MHM..."

"Did you really have a nightmare?" Lu Benlai's tone was obviously filled with concern. "... just in time. I've just finished my work and bought some supper. I'll go over and check on you..."

Leng Nuan replied with an "Okay".

After hanging up the phone, Leng Nuan was once again caught in a whirlpool.

In the beginning, she had never thought of telling Lu Benlai about these things, because at that time, she had never thought of going out with him for the rest of her life. Later, when she fell in love with him, she did not dare to tell him, because she was afraid.., afraid of being despised by him, afraid that he would abandon her... she knew that it was caused by the deep-rooted inferiority complex of these years.

Not long after, Lu Benlai arrived. He brought the midnight snack that she liked the most.

During the midnight snack, Leng Nuan looked at Lu Benlai several times. One or two times, she called his name, but in the end, she did not dare to tell him about the past.

On the third time, when Leng Nuan called Lu Benlai's name, Lu Benlai asked her, "Nuan Nuan, do you have something to tell me?"

When she met Lu Benlai's eyes, Leng Nuan became timid again. "No, no... I was... I wanted to say that I had a nightmare and broke out in a cold sweat. I want to take a shower first, you eat first..."

“Okay.”

After Leng Nuan entered the bathroom, Lu Benlai sat in the living room for a while. Then, he suddenly stood up and walked out of Leng Nuan’s house.

He opened the meter box in the corridor and stared at the best switch for a while. Then, he raised his hand and turned on the electricity in Leng Nuan’s house.

.....

Just as he had guessed, soon, a scream came from Leng Nuan’s house. He returned to his room, closed the door, and went into the bedroom in the dark. “Nuan Nuan, are you okay?”

“Why did the electricity suddenly run out? I...”As Leng Nuan said that, she bumped into something and made a messy sound.

Lu Benlai took this opportunity to kick open Leng Nuan’s door without thinking. Then, he turned on the flashlight on his phone and rushed in. “Nuan Nuan, are you okay?”

Leng Nuan, who was naked, shrank back in fear. Then, she shook her head and said, “I’m fine.”Then, she rushed out of the shower and wrapped herself in a towel.

Her series of reactions were swift, but Lu Yuan had come prepared. No matter how fast she was, he could still clearly see a mole on her waist, and there was really a very long scar on her inner thigh..

..

In the blink of an eye, it was the day that Lin Jiage was discharged from the hospital. At the same time, it was also the day that Shi Yao graduated from university, and it was also the day of Lin Jiage and Shi Yao’s wedding.

On the morning of his discharge from the hospital, Shi Yao was the one who had helped Lin Jiage pack his things.

The Germaphobe Lin Jiage was finally able to soak himself in water. After entering the bathroom, he didn’t come out for an hour.

During that one hour, Shi Yao found a notebook on her bed.

The notebook looked very familiar to Shi Yao, and there was a pen in it. Out of pure curiosity, she casually flipped it open and saw a few lines of words:

“..

Shi Yao:

From many, many days ago, I had something that I wanted to say to you.

But it wasn’t until many, many days later that I was fortunate enough to say it —

Shi Guang and you are both very beautiful.

Lin jiage.

“..

The other page of the diary was a suicide note.

It was clearly written in the suicide note that his company, his real estate, and his current assets were all left to her.

The date was the day of his surgery.

[ note: Leng Nuan's setup was foreshadowed by many people. This kind of character design comes from the news of many girls' accidents this year. When I wrote about Leng Nuan's character, I didn't mean that everyone would despise her because she was mentally clean, or that she wasn't good enough for Lu Benlai or something like that. What I wanted to express was that a person who experienced such a nightmare could meet a person who truly liked her, bring her out, and start a wonderful life again. So Leng Nuan and Lu Benlai were definitely comedies, but they still had to experience what they should experience! I hope you can understand. ]
