Chapter 971: Groom and Bride (1)

Lin Jiage's reply stunned everyone.

About ten seconds later, the male host finally spoke up, "This... Groom, can you explain to me why you're calling the bride 21?"

Lin Jiage pondered for about five seconds before replying, "The stroke of deep love is 21, the stroke of happiness is 21, and Shi Yao's stroke is 21 as well. So, 21 means that Shi Yao is deeply in love and also happy."

Standing behind Shi Yao, he Tiantian couldn't help but exclaim excitedly, "Wow, I didn't expect that senior Lin's lofty nature would have such a flirtatious side to it!"

At the same time, the host in the banquet hall also began lamenting.

The male host: "To be honest, there are at least 800 weddings that I host. There's definitely only one who's as handsome and romantic as the groom!"

As the female host's voice trailed off, Shi Yao thought back to the summer vacation two years ago. She received a call from sister Jiayi, and after learning that Lin Jiage had lost his phone and wallet, she ran out and picked him up on the street.

He didn't have an identity card, so that night, he could only stay in her room. That night, she had been leaning against the sofa and falling asleep, but when he picked her up, she woke up. Without opening her eyes, she continued to pretend to be asleep, he leaned into her ear and said a lot of things.

He said, "Nice to meet you, the girl I like..."

He also said, "21,21,21..."

At that time, she was still secretly wondering if he was a fool. Why did he keep calling her second aunt?

At this moment, she finally realized that he wasn't calling her second aunt that night, but 21... he was calling her deep love, happiness, and Shi Yao.

As these thoughts flashed through Shi Yao's mind, memories of the past flooded her mind like a tidal wave.

Those scenes from the past were like slow-motion reruns of a movie, flashing past her mind frame by frame.

On the day of her birthday, Qin Yiran had a group of people stop them. Without any hesitation, he pushed her out of the courtyard house and used his body to block the door..

On Mother's Day, Liang Mumu had completely shed all pretense of cordiality with her. Even though she hadn't suffered any grievance, she still felt a little sad. After parting with Jiang Yue, he was the one who had called her. He didn't say anything, but he was careful to accompany her, he had even called Lu Benlai, Xia Shangzhou, and sister Jiayi over to sing in order to cheer her up..

..

As these images of the past flashed before Shi Yao's eyes, she heard the female host in the banquet hall speak up once more, she heard the female host in the banquet hall speak up once more, "This is the final segment. If everyone here is satisfied with the questions that the groom has answered, then we will welcome the bride onto the stage –"

The male host was very cooperative as he replied, "The last question is to ask the groom to give a speech!"

..

He confessed to her that he liked her, and she asked him if he was serious about it? He said yes, he was serious about it, he was serious about it..

In Chengdu, she had a stomachache in the middle of the night, and he was the one who carried her to the hospital without even putting on his shoes..

Before Shi Yao could stop recalling the past, Lin Jiage raised the microphone in the banquet hall and spoke up, his tone was one of rare seriousness and sincerity, "I've only dreamed of two things in my life. One is Shi Yao, and the other is Shi Yao's time

"Many, many days ago, there was something that I wanted to say to Shi Yao, but it wasn't until today, many, many days later, that I was fortunate enough to say it..

"Both Shi Yao and you are beautiful."

Chapter 972: Groom and Bride (2)

The moment Lin Jiage's voice fell, the wedding banquet hall was filled with deafening screams and jeers.

The emcee was very experienced, and the timing was exceptionally good. By the time Lin Jiage finished answering his questions, it was just in time for the auspicious occasion.

The music of the wedding march suddenly increased significantly. The door in front of Shi Yao was pushed open by the attendants, and accompanied by the bridesmaids, she slowly stepped into the wedding banquet hall.

On the small stage in the middle of the red carpet decorated with flowers stood her groom, Lin Jiage.

The guests around them were all wearing festive smiles on their faces.

Under the witness of all of her relatives and friends, Shi Yao stared intently at the man before her as she walked toward him step by step.

With every step she took, Shi Yao could recall a scene from the past.

He and she were standing at the peak of Changming Mountain, enjoying the beautiful sunset..

While she was playing the game, she kept on saying that she was Yang Guo and that he was Xiaolongnu. After eavesdropping on her conversation for quite some time, he suddenly called her husband..

At the KTV, she and Leng Nuan were bullied by Liang Mumu's friends, and he was the one who rushed over to save her. That day, he even said to her, 'I'm your 110...'

On the street beside G University, in the quiet night, he called out to her and apologized to her. He told her to get to know her again, Shi Yao..

He created the snack kingdom that she yearned for, and he gave it to her..

After she understood her heart, she ran to his company and pestered him. She even told him that she held his hand and said that she was his dog..

Han Jing was filled with love and hatred, and he said that he had slept with her before. When he saw her, he said without hesitation, "I only believe in you..."

She proposed to him in the Golden and resplendent Merlin..

On the night of the PGI World Championship, he had fulfilled her childhood dream..

By the time Shi Yao stood before Lin Jiage, her eyes were already filled with tears.

Through the mist, she gazed at Lin Jiage, who was right before her eyes, and the corners of her lips curled up.

This is the man I Married... This is my lover... I don't want a prince riding a white horse, I just want Lin Jiage.

With this thought in mind, the corners of Shi Yao's lips curled up once more. Then, she grabbed onto Lin Jiage's wrist and walked up to the stage amidst the waves of applause.

The emcee had already begun reciting the toast lovingly.

It was only after the newbie stood on the stage that the male emcee finally spoke up, "Mr. Lin Jiage, do you take Miss Shi Yao to be your wife, to love and accompany her, to be faithful to her, to never leave her, no matter how old or sick you are?"

Lin Jiage turned to look at Shi Yao, and without any hesitation, he replied, "I do."

The female host asked, "Miss Shi Yao, are you willing to marry Mr. Lin Jiage, love him, accompany him, and be loyal to him? No matter how old or sick you are, will you never abandon him?"

Shi Yao turned to look at Lin Jiage, and the happiness in her eyes seemed to be overflowing, "I'm Willing."

Another round of thunderous applause.

However, after the round of applause quieted down, the host's words weren't to ask the couple to exchange rings, instead, it was to ask a new wave of questions, "We've just interviewed the groom, but we haven't interviewed the bride yet. So, before we exchange our rings, we have to interview the groom and the bride..."

Hearing those words, Lin Jiage blinked his eyes, "..."

Didn't we already interview the groom? Even if we were to do another interview now, they would still be the bride... why the groom and the bride?

Chapter 973: The World is filled with all kinds of emotions. Thank you for the sweetness you gave me (1)

Male host: "We all know that the fate between the groom and the bride begins in the game, so we would like to invite the groom and the bride to use a sentence related to the game to describe what you want to say to each other..."

Er... who asked this question? It's obvious that they're trying to make things difficult for each other... Shi Yao held the microphone that the host stuffed into her hands and pondered for a moment before turning her head around and asking, "Are the lines in the game okay?"

The male host: "Yes."

Hearing this answer, Shi Yao tilted her head and fell into deep thought for a moment. Then, she said a line from Zhuge Liang in 'King of Glory': "Flowers Don't Bloom for more than ten miles. Hongyan is perfect alone."

Shi Yao's words caused the crowd to burst into laughter.

The female host also laughed along, "The bride is really cute. This is the first time I've seen a bride refer to the groom as Hongyan..."

Another round of laughter erupted from the crowd. After the crowd calmed down a little, the host passed the microphone over to Lin Jiage.

Lin Jiage took the microphone from her without much hesitation. With a calm tone, he said, "I'm willing to be your level 3 head. Even if I'm rotten, I can still block a fatal shot for you."

The female host exclaimed in shock, "The groom can do it!"

The male host took the lead in clapping his hands. After which, he took a look at the question written by his friends and relatives before asking, "Second question, what are the three sentences that the other party said that left the deepest impression on you?"

The microphone was still the first to reach Shi Yao's hands. She tilted her head and pondered for three seconds before saying, "The first sentence, what do you want to eat today? The second sentence, do you want to eat anything else? The third sentence, are you hungry?"

Shi Yao's reply had already caused the crowd below the stage to fall on their knees in laughter.

Lin Jiage, who had already gotten used to the situation, took over the microphone, he spoke unhurriedly, "First sentence, if you eat my candy, you'll be mine. Second sentence, if you hold my hand, you'll be my dog. Third sentence, Lin Jiage, I'm Shi Yao..."

When Lin Jiage said the first two sentences, the crowd burst into laughter. However, when he said the third sentence, the crowd didn't find anything funny, so their laughter was much quieter, but Shi Yao turned around and glanced at Lin Jiage.

That was a sentence that she had rushed over to say to him back when Lin Jiage had been itching to strangle Han Jing to death..

It was that sentence that had saved him, and it had also saved her and him. Otherwise, if he had really caused something to happen to Han Jing, no one would know what kind of situation they would be in now.

While Shi Yao was deep in thought, the female host asked a third question, "The third question is for the newbies to say some threatening words of love to each other."

After taking the microphone, Shi Yao blinked her eyes and said, "I want to be your sun. When I'm happy, I'll warm you up. When I'm not happy, I'll burn you to death."

Another round of laughter filled the hall. Amidst the laughter, Shi Yao passed the microphone to Lin Jiage. After which, Lin Jiage took the microphone and asked, "Can I reject this question?"

Everyone below the stage spoke up in unison, especially Lin Jiayi, who was seated in the first row. Her voice was the clearest, "You can't!"

Lin Jiage looked at Shi Yao with a troubled expression, and then at the people below the stage who were waiting to watch a good show, he pondered for a few seconds before saying, "I want to make you happy every day. If I dare to make you unhappy one day, I'll beat myself to death!"

The female host: "I have to say, the groom's desire to live is perfect. Even a threat is a threat to himself."

Chapter 974: The World is filled with all kinds of emotions. Thank you for the sweetness you gave me (2)

"Alright, the last question is for the bride alone. The groom has just given his speech, so I wonder what the bride would like to say to the groom on such a memorable day?"

Holding the microphone in her hands, Shi Yao thought for about half a minute before replying, "I would like to say a sentence and a poem."

"Those words are: 'The world is full of all kinds of feelings. Thank you for the sweetness you've given me.'"

"That poem is a three-line love letter. The first line: Lin, the second line: Jia, the third line: Song."

That's right. The most beautiful three-line love letter is just your name.

Finally satisfying the wishes of all the guests present, the host solemnly asked the bride and groom to exchange their rings, and then the groom and Bride kissed.

Shi Yao had thought that Lin Jiage would be just a casual kiss, but who would have thought that he would actually shamelessly stick his tongue into her mouth in front of the entire hall of guests..

She wanted to struggle free, but as if he had predicted it beforehand, he hugged her even tighter. Resigned to her fate, she gave up. Amidst the cheers of the entire hall, two words flashed across her mind.

Thank you.

Thank you, Lin Jiage.

Thank you for coming to my world that year.

Thank you for liking me that year as well.

..

A second ago, Han Jing alighted from the car and landed at the entrance of Beijing Grand Hotel. A second later, he saw the familiar names written on the sign that was surrounded by fresh flowers: Lin Jiage, Shi Yao.

It had been many days since he had returned to Beijing. If not for his performance, he probably wouldn't have set foot in Beijing, right?

Maybe there was a plan in the dark? Otherwise, why did he happen to see their wedding today.

"Han Jing, what are you looking at?"

A colleague who was performing with Han Jing couldn't help but ask when he saw Han Jing stop.

Han Jing didn't say anything. His colleague came up to him and looked at the wedding card he was staring at. He couldn't help but ask, "Do you know them?"

Han Jing came back to his senses and shook his head. "No."

Then, he took his things and entered the Beijing Grand Hotel. He checked in and entered the hotel room.

There was a wedding today, so the hotel room had specially put wedding candies in it.

Han Jing subconsciously threw the wedding candies into the trash can. After a while, he picked them up again.

He opened the package, took a piece of candy, and stuffed it into his mouth.

The candy was very sweet, but his heart was very bitter.

Have you ever done something that you regret the most? Do you think about that incident in your dreams in the middle of the night and keep feeling upset?

He really liked her. He liked her to the bone, but he also really let her down. He had never done anything particularly wrong in his life. The only thing he did wrong was to do it to her.

That's right. When his colleagues asked him if he knew them, he said that he didn't know them, so how could he have the face to say that he knew them? She must hate him to the core, right?

Han Jing shifted the candy in his mouth from his left cheek to his right cheek.

I'm sorry, the girl I truly liked all those years ago.

I wish you all the best! I wish you a happy marriage and a happy marriage for a hundred years.

..

The wedding banquet didn't end until three o'clock in the afternoon.

Accompanied by HE Tiantian and Jiang Yue, Shi Yao went upstairs to change.

Leng Nuan didn't follow her and went to the washroom instead.

While she was sitting on the toilet, her phone suddenly rang. She picked it up and took a look. It was a reminder from the flight that there were only two and a half hours left before the boarding time, reminding her to go to the airport to wait for the flight earlier.

Leng Nuan pursed her lips and called for a car. After coming out of the washroom, she didn't go upstairs and planned to leave first to inform Shi Yao and the others.

When Leng Nuan walked out of the washroom, she didn't notice Lu Benlai walking out of the men's washroom.

?

Chapter 975: Last Look at him (1)

?

When Leng Nuan walked out of the washroom, she didn't notice Lu Benlai walking out of the men's washroom.

Upon seeing her, Lu Benlai subconsciously stopped in his tracks.

Today was Lin Jiage and Shi Yao's wedding. As the best man, he had to take care of many of his classmates and business partners, so he was indeed quite busy. Even though the two of them had bumped into each other several times, neither of them had spoken to the other.

Upon seeing her, Lu Benlai instinctively moved his lips.

The 'Nuannuan' that he had called out countless times in the past was now like a heavy lead stone, pressing down on his lips and teeth. No matter how hard he tried, he couldn't bring himself to spit it out.

In the end, he still didn't have the courage to do so. For example, over the past month, he had tried to look for her countless times, but because he didn't dare to give up on the idea, he had even gotten someone to block her from looking for him, he also did not dare to answer her calls..

Because he was afraid, afraid that once he opened his mouth, he could not help but ask her about her past.

Yes, everyone had a past, but he was afraid that if she replied to him, it would be the result that he did not dare to face. He was afraid that she really loved someone else, afraid that she really did not love him, that was why she kept such a distance from him..

Lu Benlai looked at Leng Nuan's back and his Adam's apple rolled up and down several times. In the end, he swallowed the words that he wanted to call her back.

She didn't notice him at all, so it didn't take long for her to disappear into the entrance of the washroom in her high heels.

As if his acupoints had been struck, Lu Benlai remained rooted to the spot in a daze for a moment before walking over to the sink and turning on the tap.

After returning to the banquet hall from the washroom, Lu Benlai subconsciously looked around for Leng Nuan, but he didn't see her anywhere.

He thought that she might have gone back to the bride's room upstairs, so he put away his messy thoughts from the unexpected encounter with her in the bathroom and continued helping Lin Jiage send off the guests.

..

When Leng Nuan walked out of Beijing Grand Hotel, she turned her head to look at the Grand Hotel lobby behind her, as if she was looking at her past through such a bustling scene.

It wasn't until she was waiting for her car at the entrance that she impatiently honked the horn. It was only then that Leng Nuan retracted her gaze, opened the car door, and got into the car.

The car door closed, and the driver immediately started the engine.

As the car drove out, Leng Nuan's sharp eyes caught sight of Lu Benlai and Lin Jiage walking out of the elevator with a few people in bright clothes.

Lu Benlai was too engrossed in his conversation with the people around him to notice the car at the entrance.

Leng Nuan didn't respond. Instead, she calmly sat in the car, staring at Lu Benlai with a calm expression.

It didn't take long before the car reached the side of the road. Lu Benlai also walked out of the revolving door and stood at the entrance of the hotel.

Leng Nuan swiftly turned her head around. Through the window behind her, she only managed to catch a glimpse of Lu Benlai. Then, the car turned a corner, and his figure completely disappeared from her sight.

She knew... that this glance was the last time she would look at him.

She knew... that this farewell would probably mean that they would never see each other again in this lifetime.

Because it was not the weekend, the traffic conditions in the afternoon were still pretty good. Not long after, the car arrived at Leng Nuan's place.

She asked the driver to wait for her downstairs for a while and went upstairs alone. Not long after, she came down with two suitcases.

Returning to the car, the driver asked, "Beijing International Airport?"

Leng Nuan replied with a very soft "HMM" and did not speak again.

Chapter 976: Last Look at him (2)

The driver did not say anything else. He started the car and drove along the navigation route towards the airport.

It was very quiet in the car. Leng Nuan leaned back in her chair and stared out the window. She closed her eyes as she watched.

Her expression was very calm and there were no fluctuations on her face. However, when the driver stopped the car and told her that they had arrived, she opened her eyes and realized that her eyes were wet. When she got out of the car, she glanced at the rearview mirror, she saw that her eyes were red.

After entering the airport, Leng Nuan quickly checked in her boarding pass and luggage. After passing through the security check, she waited in the rest area for less than ten minutes before the broadcast began to inform her that the flight was boarding.

Leng Nuan got up and before she went to the boarding gate to line up, she took out a paper clip from her wallet and poked open the SIM card slot on her phone. She took out the SIM card from inside and held it at her fingertips for a moment. Then, she forcefully broke the SIM card into two halves, she casually threw it into the trash can that happened to pass by, put the phone into her bag, handed the boarding pass directly, and entered the boarding passage.

After sitting on the plane for about fifteen minutes, the cabin rang with safety instructions.

Soon, the flight attendant began to check the passengers' seatbelts.

Not long after, the plane slowly moved. After about ten minutes, the plane's speed became faster and faster. When the plane took off into the air and there was a slight sense of overweight, she sat by the window and looked out the window at Leng Nuan the whole time, tears fell like rain.

..

Lu Benlai only returned home at 11 o'clock at night.

He had drunk and did not drive. He directly asked someone to send him to the entrance of the residential area.

Following the small path in the residential area, Lu Benlai took a few turns before walking to the building where he lived.

The security guard on duty on the first floor was still Xiao Chen. When he saw him, he called out, "Mr. Lu."

Lu Benlai nodded slightly. Just as he was about to swipe his access card for the elevator, he realized that he seemed to have forgotten to bring his access card with him. He could only stop and say to the security guard, "Please swipe the elevator for me."

"Okay, Mr. Lu..." after Xiao Chen responded, he took the access card from the table and walked toward the elevator, Lu Benlai, who was following behind him, spoke in a familiar voice, "... Mr. Lu, have you been drinking again today?" "No, not as much as yesterday. Yesterday, you were completely drunk. I

called you several times, but you didn't respond... If your girlfriend hadn't sent you back, I'm afraid you would have found a place to sleep yesterday..."

"Girlfriend?" Lu Benlai caught the sensitive words.

"Yes, it's Miss Leng. Didn't you say that she was your girlfriend? You even told me that if she came, I had to let her pass..."

He had indeed drunk too much last night, so much so that when he woke up this morning, he could not even tell what day it was.

Not only did he not remember how he got home, but he also did not remember when he took off his clothes... in his blurry memories, he remembered that he seemed to have done something with a woman, but his home was empty, other than him, there were no other clues. He thought it was a dream... but now Xiao Chen told him that Leng Nuan had sent him home yesterday..

Thinking about it, Lu Benlai asked again, "When did she leave last night?"

"Well... why did she stay upstairs for two or three hours before she left... Oh, right, before she left, she left me something to pass to you. If I didn't mention what happened last night, I would have forgotten about it..."

Chapter 977: Meeting You and Losing You (1)

Xiao Chen asked Lu Benlai to wait for a while. Then, he ran back to his work and took an envelope from the drawer, he handed it to Lu Benlai and said, "... Miss Leng gave this to me and asked me to pass it to you. Speaking of which, I was quite curious. I asked her why she didn't send it upstairs herself. She said that the car she called for had arrived and she had been waiting for her for quite a while. She had to leave as soon as possible. Sorry to trouble you..."

Lu Benlai didn't respond to Xiao Chen's incessant chatter. He just pinched the envelope and felt something hard.

He frowned slightly and seemed to have sensed something. He opened the envelope and saw a bank card and a key card inside.

The bank card was his secondary card, and he insisted on giving it to her, even though she had never spent a penny of it.

The Access Card was the key to his building, and he only gave it to her... because when he bought the house, he had thought that she would be the only mistress of the house.

Now that she had returned all these things to him, what did she mean? Was she going to break up with him and completely cut off all ties with him?

But last night, she had gone upstairs and stayed for so long, so the erotic dream he thought was not what he thought was a erotic dream, but actually happened..

Thinking of this, Lu Benlai suddenly felt a burst of anger in his chest.

How could she do this? After sleeping with him, she refused to admit her debt?

“Mr. Lu, I’ve swiped your card for the elevator...”

“Mr. Lu? Mr. Lu...”

Xiao Chen opened his mouth and called Lu Benlai several times. Only then did Lu Benlai come back to his senses.

He ignored Xiao Chen’s words. Instead, he took out his phone and called Leng Nuan.

“Sorry, the number you have dialed is switched off.”

He called her several times, and it was the same answer.

A bad premonition suddenly struck him. Without thinking, he turned around and ran out of the neighborhood. He hailed a taxi and went to where she lived.

On the way, he called he Tiantian and Jiang Yue. The answer he got was that Leng Nuan had disappeared since the afternoon. They were also looking for her, but they couldn’t find her no matter how hard they tried.

After Lu Benlai hung up, he urged the driver to drive faster.

He did not know what was wrong with him. His heart was beating very fast.

It was only a ten-minute journey, but when he reached Leng Nuan’s building, he felt as if a century had passed.

He threw the driver a piece of money. Without even looking for the change, he rushed into the building and rushed to the floor where Leng Nuan lived. He pressed the doorbell again and again anxiously, but the door in front of him did not move at all, there was no sign that it was going to open.

In the end, he rang the doorbell too frequently and woke up the neighbor.

The neighbor was Leng Nuan’s landlord and knew Lu Benlai. When she saw him, she was stunned, then she asked, “Are you looking for Leng Nuan? Don’t you know? She told me early this morning that she doesn’t live here anymore. She didn’t even ask me to refund her rent and deposit, and she left...”

Left?

Lu Benlai’s heart skipped a beat. “Where did she go? Did she tell you?”

“That’s a funny question. You’re her boyfriend. You Don’t even know where she went. How could I know?”The landlord said, he yawned. “Don’t look for her here. She took the things away this afternoon and returned the keys to me...”

Chapter 978: Meeting you and Losing You (2)

As he spoke, the landlord took a bunch of keys from the shoe cabinet and waved them at Lu Benlai.

Lu Benlai was very familiar with the stuffed toy hanging on the keys. He had spent ten yuan on it with Leng Nuan at the roadside of the night market.

He knew that the landlord was not lying to him. He knew that she really did not live here anymore. He also knew that regardless of how much he did not want to face such a situation, she still left..

Lu Benlai apologized to the landlord and did not say anything else. He directly stepped on the stairs and headed downstairs.

“Mr. Lu, this is the 30th floor. Why did you leave the elevator and not go? Why did you take the stairs... Mr. Lu...”

The landlord chased after him and reminded him a few times. Seeing that he had no reaction, he gave up and let him go.

After coming out of the residential building, Lu Benlai walked aimlessly along the street for a while. When the night wind had calmed him down, he found a bench by the roadside and sat down.

Taking out his phone, he did not give up and continued to call her.

One, one, one... no matter how many times he called, the reply was always, “Sorry, the number you have dialed is switched off.”

He did not know how many calls he had made until he suddenly stopped, exhausted. Only then did he realize that in his phone records, there were many, many missed calls from her.

One, two, three, four, five... Forty-seven, forty-eight... seventy-three, seventy-four... Eighty-six, eighty-seven... ninety-five, ninety-six, ninety-seven, ninety-eight..

The more he counted, the more flustered Lu Benlai became.

He wished that the number could stay at ninety-nine, but after counting for a full hour, the number of missed calls from her was still one hundred.

“Lu Benlai, have you heard of such a story?”

“There was a couple who had a conflict. Every night, the boy would come downstairs to coax the girl. He came for ninety-nine days in a row. The girl thought that as long as the boy came back tomorrow, she would be with him again. On the 100th night, the boy came, but when the girl ran downstairs, the boy told the girl that they were over.”

“Do you know why?” “Because in love, two people can not always be one person to give infinitely, so for a boy, he is willing to give 100% , but he will not love a person who does not love him at all. So, 99 times is to keep him, and the 100th time is to give up.”

She actually called him so many times, but he actually did not pay attention to it... 99 times, she was the one who urged him to stay, she gave him 99 chances... until in the end, she completely gave up.., only then did he recover..

They had clearly been fine all along, he and she had never quarreled, just this once, just this one conflict, how did it end up like this?

All these years, he had been fighting for her, he wanted her to live the best life in this most prosperous city, he did not sleep at three in the morning, but he was still working hard, he slept four hours every

day to struggle, he had braved a high fever to talk about cooperation... he had worked hard to finally conquer an entire country. He wanted to send it to her, but she was no longer there..

As these thoughts flashed through Lu Benlai's mind, his fingers that were holding the phone began to tremble.

He tried his best to control his near-collapse state of mind, but there was still a teardrop that fiercely fell on the phone screen.

The world is too big to meet you. The world is too small to lose you.

Chapter 979: On the first day of married life, take the blame for your wife first (1)

Lin Jiage and Shi Yao's wedding night was spent in the Lin family's old residence.

The wedding room was a bedroom that old Mister Lin had ordered his men to renovate. Due to Shi Yao's pregnancy, there was a need to pay extra attention to it, so they didn't add any new furniture to the room. Even so, they still put in a lot of effort into the room.

Under the bright red bedsheets were peanut seeds, lotus seeds, longans, and red dates. Auntie Sun had lit a pair of red candles in advance, and the dancing flames made the entire room seem even more festive and warm.

The entire wedding ceremony was truly impeccable.

The only thing that made Lin Jiage feel regretful was that on their wedding night, there were only flowers and candles in the room, but there was no way for them to consummate their marriage.

But even so, Lin Jiage still spent quite a bit of time with Shi Yao that night. After all, he wouldn't be able to eat any meat, but at least some meat soup would satisfy his cravings.

In truth, the two of them didn't sleep too much last night, and they didn't have much time to rest today. They were already very tired, but even as they lay on the bed, they were so excited that they couldn't fall asleep.

There were a lot of things that happened yesterday, but in the blink of an eye, they had already become a legal couple.

From the school uniform to the wedding dress, it seemed like it had happened in the blink of an eye..

"I can't help but feel that time has passed by so quickly. In my memory, you were still the little fiancée that my grandfather had forced on me... how long has it been since you went from Shi Yao to Yaoyao, and now, you've become my wife..."

"That's right, that's right. I can't help but feel that you're still the same guy who threatened me in the corner of the backyard of the old mansion. Do you know that on the day I enrolled in university, a senior saw you and greeted me. She pulled me over excitedly and told me that you were the campus belle of G University. At that time, I was extremely calm, and the senior even asked me curiously, 'why are you so calm?'. It's rare for a girl to see you so composed. I didn't say anything, but do you know what I'm thinking? What I'm thinking is that you're the kumquat. Looking at the golden fruit, it tastes sour and astringent..."

Lin Jiage: "..."

Shi Yao: "By the way, when did you notice me?"

Lin Jiage: "Take a guess."

"MHM... the second half of my freshman year?"

"No."

"MHM... the second half of my first year?"

"It's a little earlier than that. It was when you first started your first year, in the elevator at SPK Mall..."

"..."

Just like that, Lin Jiage and Shi Yao continued chatting until they fell asleep. The two of them didn't have much of an impression of each other anymore.

The next morning, the family was about to have breakfast together, and Shi Yao woke up first. Taking a look at the time, she realized that it was almost time for breakfast, so she hurriedly woke Lin Jiage up.

After washing up, they were just about to leave the bedroom when Auntie Sun knocked on the door and came in. "Little young master, Little Madam, you're Awake? Perfect timing, I'll help you pack your things..."

As Auntie Sun spoke, she walked into the bedroom. Last night, Shi Yao and Lin Jiage had slept on the bed, so it was impossible for the lotus seeds, peanuts, red dates, and longans to be on the bed. She saw the bed cover on the sofa, and she flipped through it, but she couldn't find any of those things, thus, she walked around the bedroom, looking left and right. She even looked under the bed. Putting aside the pile of peanuts, longans, lotus seeds, and longans, she couldn't even find a single peanut. This was really strange. There were so many items.., how did they disappear overnight?

Auntie Sun couldn't help but frown in bewilderment as she asked, "... eh? Where did those peanuts, lotus seeds, longans, and Longans go?"

Chapter 980: On the first day of married life, take the blame for your wife first (2)

Lin Jiage replied with an "HMM?" As he recalled that he had placed all of those things on the table, he subconsciously raised his hand, wanting to point at the table beside him and say, "Aren't they right there?"

But before he could finish his words, Shi Yao, who was standing beside him, pointed at him and spoke up first, "So, Auntie Sun, you're here to collect those things. There's no need to look for them. Lin Jiage ate all of them."

Hearing those words, Auntie Sun turned to look at Lin Jiage with a strange expression on her face.

Receiving Auntie Sun's gaze, Lin Jiage was taken aback for a moment before turning to look at Shi Yao.

In the middle of the night, when he went to the bathroom and saw the table full of food, he couldn't help but want to try one of them. However, Shi Yao, who had already eaten all of them, smiled sweetly

at Lin Jiage, she continued to shift the blame, “He was hungry last night, so he ate all of it. There wasn’t a single thing left, right, Lin Jiage?”

Lin Jiage was about to say something when he heard Shi Yao’s question. He nodded stiffly and said, “Yes...”

Seemingly dissatisfied with his reaction, Shi Yao pouted her lips.

Without any hesitation, Lin Jiage subconsciously continued, “Yes, yes, yes. I ate it last night in the middle of the night...”

Hearing this, Auntie Sun took his words at face value and replied with an ‘Oh’. After which, she instructed them to quickly head downstairs for breakfast before leaving the bedroom.

After Auntie Sun closed the door behind them, Lin Jiage immediately turned to look at Shi Yao.

Shi Yao’s eyes darted back and forth as she faced Lin Jiage’s gaze, with a very logical tone, she said, “Why are you looking at me? Look at me, I’m also the one you ate... it’s the one in my stomach. He kept nagging daddy that I’m so hungry and Daddy that I’m so hungry, so I had no choice but to feed it to the one in my stomach. Since he called me daddy, I fed it to him on your behalf. Since I fed it to him on your behalf, it means that you ate it... So, is there a problem?”

“No, no problem at all.”

What problem could there possibly be? What problem could there possibly be?

Hearing those words, Shi Yao immediately burst into laughter. Grabbing Lin Jiage’s arm, she excitedly headed downstairs for breakfast.

The entire family was already seated in the dining room. Upon seeing Shi Yao and Lin Jiage walking over, everyone shouted, “Yaoyao, have a seat!”

However, the rules still had to be followed. Before eating, Shi Yao and Lin Jiage offered old Mister Lin a cup of tea.

Of course, after the toast was over, the elders had to give him a red packet. Old Mister Lin had prepared two red packets, and each packet was heavy and heavy.

“Yaoyao, this is for you.”

“Thank you, Grandpa.” Shi Yao accepted the red packet with both hands.

“Jiage, this is for you,” Grandpa Lin said as he placed the red packet into Shi Yao’s hands.

Lin Jiage: “? ? ?” Wasn’t it for him?

After toasting the tea, Lin Jiage and Shi Yao sat down. The table was filled with people asking Shi Yao for more food and what she wanted to eat. Only after Shi Yao moved her chopsticks did everyone turn to look at Lin Jiage.

Old Mister Lin: “Auntie Sun said that you ate all those peanuts, longans, and whatnot in the middle of the night?”

Lin gubei: "So, you ate all of them, and you didn't even leave a single one behind?"

Jiang Wan returned Lin Jiage a look, allowing him to comprehend the situation.

Lin Jiayi: "It's fine if you didn't leave a single one behind, but you still ate them while Yaoyao was sleeping? You're too much!"

Lin Jiage: "..."

On the first day of their married life, he had to take the blame for his wife.
