Chapter 981: Barely Liking Daddy (1)

..

On the first of January, on the night of New Year's Day, Shi Yao woke up from her sleep with a start. She could vaguely feel that she was about to give birth, so she subconsciously gave Lin Jiage a kick.

After learning that Shi Yao was due to give birth in the next few days, Lin Jiage, who wore his clothes every night, instinctively jumped out of bed. After confirming that Shi Yao was about to give birth, he bent down to carry her and rushed to the hospital overnight.

A month before Shi Yao was due to give birth, old Mister Lin had already made arrangements for a doctor.

Thus, when Lin Jiage sent Shi Yao to the hospital, the Doctor was already waiting at the entrance of the hospital.

With the help of the doctor, Shi Yao successfully gave birth to a child when the eastern sky lit up.

Naming a child was an important matter. Everyone had prepared a name for the new member of the Lin family, but no one expressed their opinions. After giving birth, Shi Yao took a glance at the child, she turned to Lin Jiage and asked, "Is it alright to call him Lin Shi?"

Lin Jiage's Lin, Shi Yao's Shi.

These were two words that suddenly flashed through her mind when she was experiencing the pain of childbirth. She felt that they were the most suitable children for each other.

Shi Yao's casual words sent all of the names prepared by the Lin clan to the depths of Hell. Before anyone could even say the name they had prepared, they were already expressing their agreement with both hands and feet.

..

Three years and six months later.

As summer arrived, the weather in Beijing became hotter and hotter every day.

.....

The Little Young Master of the Lin family, Lin Shi, had recently learned a new skill, which was to keep a voice diary.

May 28th: "My Name Is Lin Shi. You can call me little bomb because my great-grandfather likes to call me that. You can also call me baby because Grandma Sun likes to call me that. You can also call me little bun because Grandpa and Grandma and Grandma Like to call me that. You can also call me little darling because Auntie likes to call me that. You can also call me little snack because mom likes to call me that. Of course, you can also call me little light bulb because dad always calls me that... I don't know why, but every time dad calls me that, he gets stared at by the whole family. I think the light bulb is pretty good.

It was invented by the great scientist Edison. It can emit light and heat. When I grow up, I want to be a person who can emit light and heat.”

May 29th: “Today, I discovered a pattern. When my great-grandfather brought me along, he always asked me if I was full, as if he was afraid that I would get hungry. When my grandparents brought me along, they always asked me if I was cold, as if they were afraid that I would get cold. When my aunt brought me along, she always liked to teach me martial arts. She told me that boys should kill a wolf with their bare hands and raise their feet to kick a tiger to death. When my mother brought me along, she always liked to change my clothes. She always took pictures of me and told me who had a beautiful son. When my father brought me along, he never cared about me. Occasionally, he would ask me if I was alive.”

May 30th: “I don’t know what diary I should write today. I thought about it and decided to write about my favorite people today. There are a lot of people in our family. Let’s start with my grandparents and aunts. I like them very much because they treat me very well and bring me many, many gifts every time. I like my mother more than them. For my mother’s sake, I reluctantly like my father. However, I like great-grandfather and uncle Xia the most. As for the reason, I’ll see you tomorrow in My Diary.”

Chapter 982: Barely Liking Daddy (2)

May 31st: “To pick up yesterday’s diary, the reason why I like great-grandfather and uncle Xia the most is that they have the most patience to accompany me. Great-grandfather will teach me to write calligraphy. Every time at this time, great-grandfather will always become very serious, but I know that he is doing this for my own good because Grandma Sun told me that great-grandfather taught my dad the same way when my dad was young. As for Uncle Xia, he is not a member of our family. He is my aunt’s assistant. I will tell you secretly that every time my aunt takes me, it is not my aunt who takes me. It is Uncle Xia who takes me. Uncle Xia will patiently accompany me to play games. He will even hold me and teach me to read. He will also teach me to recite Tang poetry. Every time I go home, I will tell my family what my aunt taught me today. Everyone in the family will praise my aunt. In fact, I want to tell them that it was uncle Xia who taught me, but Uncle Xia won’t let me. I don’t know why. Oh right, today I met Uncle Xia again. Uncle Xia taught me a new poem. I hope to win the heart of one person. The white-headed man will never part from each other. I asked Uncle Xia what this poem means. Uncle Xia said that I am still young. I will know in the future. This is about love. I asked Uncle Xia What Love Is? Uncle Xia said, Jiayi... Jiayi is my aunt’s name, when did my aunt become love? Alas, the adult’s world is really very complicated!”

June 1st: “Today Is Children’s Day on June 1st. I wish everyone a happy children’s Day. I didn’t finish writing yesterday’s Diary. I still have a few uncles who are not bad. Uncle Liang always likes to take me to read manga, but my dad beats him up every time. Uncle Hunnian is very good at playing games, but he doesn’t teach me to play, so every time I have candy, I don’t ask him if he wants to eat it. As for Uncle Lu, he’s actually very handsome. He also buys me a lot of good food every time. I quite like him, but my mom always scolds him, so I can only follow my mother’s orders and don’t like him anymore. Oh, right, my mom often says one thing to uncle Lu: when Leng Nuan was by your side, you didn’t cherish her. Now that she’s gone, you want us all to accompany you to the bottom of the sea... What does Leng Nuan Mean? Are they all with you around the world? Are they all around the world? I like to eat the noodles in Haidilao the most, but they say children can’t eat hotpot, I’ve only had one bite...”

June 2: "In addition to a few uncles, I have two godmothers. I like my godmothers as much as I like them, but my mother told me that I have three godmothers. I asked her where the third one was, but my mother didn't say anything. Later, I secretly saw my mother wiping her tears. From then on, I didn't dare to ask my mother this question anymore. By the way, My mom is a middle school teacher and her students like me, but I don't think they are as good-looking as me."

June 3: "Today, my class transferred a student, is a girl, the teacher asked her to sit next to me, she is so cute, her eyes are black like grapes, I said I want to eat your eyes, she cried; her face is red, like an apple, I said I want to bite your face, she cried again; I saw her crying, I called her little cry bag, she cried again, and then I was criticized by the teacher... in short, I remember this little cry bag, her name is Cold Coco, I showed her my plane today, said it was my father gave me, she actually asked me a very stupid question, what is Dad? I said, you don't even know your father. You're so stupid. She cried and cried again. It's so annoying..."

Chapter 983: How tiring it is to be a child (1)

June 4th, June 5th, June 6th... In the blink of an eye, it was June 28th, and Lin Shi had already been writing his voice diary for a month.

June 28th was Lin Jiayi's birthday.

Lin Shi liked it the most when someone celebrated his birthday at home, because every time someone celebrated his birthday, he would be able to eat his favorite cake. Usually, no one would give him anything to eat, because it protected his teeth, even though he felt that his teeth were pretty strong.

Thinking of having cake to eat at night, Lin Shi was especially happy when he woke up in the morning. After breakfast, before going to kindergarten, he hid away from everyone in the house and hid in the closet in his bedroom, holding his phone, he started recording his voice diary in a childish voice.

"Yesterday, Little crying bag cried again. The reason was that she had five yuan worth of pocket money. I took it away and told her that I helped her save it. When she grew up, I gave this money to her as a dowry. After class, I went to buy snacks. Because I didn't have enough money in my pocket, I used fifty cents from little crying bag's five yuan. Then, little crying bag started to wipe her tears, saying that I lied to her. I told her that I didn't lie to her. I was seriously praising her dowry. When she grew up and married me, the dowry money would still be mine. I only spent a little in advance. I felt that I was right, but when little crying bag heard this, she cried even harder, saying that she would never marry me... depressed, what's wrong with me? "I think I'm pretty good... I have a beautiful mother, an amiable great-grandfather, and a great-great-great-great-great-aunt who dotes on me a lot, but my father isn't very reliable... I think it's probably because my father dragged me down, and being a child is so tiring!" "Oh, right, today is my aunt's birthday. I wish my aunt a happy birthday, and at the end, I hope my aunt will get married soon... This is my grandmother's wish, and because of this, my grandmother grew three gray hairs. Now that I think about it, old people and children are really tired!"

After finishing what he wanted to say, Lin Shi played the voice message again. After making sure that there was no problem, he put away his phone.

Before climbing out of the cupboard, he thought for a moment, picked up his phone, and changed his password again. Then, with a hundred hearts at ease, he carried his backpack and went to kindergarten.

In the afternoon, while playing games, Leng Keke cried again.

However, this time, it wasn't Lin Shi who was crying. It was Leng Keke who was playing with her toys when she was harassed by a boy. Then, the two of them got into a fight. When the boy grabbed a plastic building block to throw Leng Keke., Lin Shi, who had rushed over to watch the scene, stood in front of Leng Keke. Then, the plastic fell on Lin Shi's ear, causing a drop of blood. Seeing the blood, Leng Coco burst into tears.

At first, Lin Shi thought that the pain was nothing. He looked at Leng Coco proudly and said, "I'm fine."

Leng Coco pointed at his ear and stammered for a long time. Then, with a sobbing tone, she said, "Blood, blood..."

Lin Shi reached out and touched his ear. He saw a little red dot on his fingertip. Then, he, who had been suffering from hemophobia since he was young, fell to the ground.

Leng Keke was so scared that her face turned pale. Her cries were earth-shattering. As she cried, she shouted, "Dead man, dead man. Zhang Xiaoyu beat Lin Shi to death..."

.....

Chapter 984: Being a child is tiring (2)

Zhang Xiaoyu was the boy who had a disagreement with Leng Keke. After hearing this sentence, Zhang Xiaoyu was so scared that he started crying. Then, the originally peaceful kindergarten children looked at Lin Shi, who had fainted, they all cried in unison.

When Lin Shi woke up, he was in the Kindergarten's School Hospital.

Beside him stood a crying little bag and a very beautiful... big sister.

Lin Shi blinked and asked, "Big sister, are you the school's New School Doctor?"

When the big sister heard Lin Shi's words, she burst into laughter. "No, I'm Coco's mother. You have to call me Auntie."

Coco's mother... When Daddy Saw Mommy's mother, he was especially respectful, so..

Lin Shi rolled his eyes twice, he was the most obedient person in history. "Hello, Auntie. My name is Lin Shi. You can call me Xiao Shi, or you can call me snacks. That's how my mom calls me, and you can call me little light bulb. That's how my dad calls me. My mom is a teacher, and my dad runs his own company. I have great-grandparents, great-aunts, great-aunts, and great-great-great-grandmas at home... They all work in the company my grandfather founded..."

Upon hearing Lin Shi's introduction, the 'Big Sister' looked at him with a complicated expression. It was a mixture of surprise and delight.

After a while, she finally asked, "What's Your Mother's name?"

The family members had also told Lin Shi not to reveal his family's situation to strangers. However, after some thought, he realized that Keke's mother wasn't a stranger, but a member of the family, thus, he answered all the questions he had asked, "My mother's name is Shi Yao."

The 'Big Sister' looked at Lin Shi with a much warmer gaze. She even reached out to stroke Lin Shi's head and prepared some snacks for Leng Keke in her bag, she gave all of them to Lin Shi, "Auntie, thank you for saving Keke."

Lin Shi's eyes nearly popped out of their sockets when he saw so many snacks, however, he still held back and only took a piece of chocolate. "Aunty, you're welcome. Mom told me that I must help my classmates. Also, I don't need so many snacks. I only need one piece."

"It's okay. I'll give you all of these. You can keep them and eat them slowly."

.....

Hearing Coco's mother's words, Lin Shi nodded and acted like a little adult. "Alright then. I'll do as you say."

"Big Sister" was amused by the string of words coming out of his mouth.

Lin Shi also laughed. Then, as if he had thought of something, he tilted his head and asked, "Auntie, Will I be disfigured? My father said that he caught up with my mother by relying on his looks..."

"Big sister" laughed again. She reached out and patted Lin Shi's head again. "No, you're fine. If you're really disfigured, I'll marry Coco to you."

Lin Shi immediately beamed with joy. "Okay."

When Leng Coco heard this, she seemed to be stunned. She looked at her mother with wide eyes, then at the last moment. Then, she cried again and again, and it was the saddest cry she had ever cried. "I don't want -"

Soon, the teacher-in-charge appeared at the Kindergarten's School Nurse's office.

Coco's mother had something to attend to, so she took Coco along with her.

About ten minutes after the school doctor's office door was closed, it was suddenly pushed open.

"Lin Shi! Xiao Shi!"

As two nervous voices rang out, Lin Shi, who was eating chocolate, raised his head and saw Lu Benlai pouncing at him nervously.

Chapter 985: True love is parents. The baby was just an accident (1)

"Uncle Lu."

Lin Shi greeted Lu Benlai calmly. Then, he ignored the way Lu Benlai was checking him up and down and focused on eating the snacks that his mother had given him.

After he finished the pile of snacks, he raised his head and looked at Lu Benlai, who was running from the school gate. He was sweating profusely and his breathing was a little unstable, he asked, "Uncle Lu, why are you here? Where are my parents?"

"Your father received a call from the teacher. He heard that you had fainted, and then he received a call from your mother. Your mother said that her car was limited, and she asked your father to pick her up

to attend your aunt's birthday party. So, your father asked me to come to the school to see how you were doing, and also to pick you up to your aunt's birthday party, while your father went to pick up your mother..."

After hearing Lu Benlai's explanation, Lin Shi replied with an "Oh", not surprised at all. "As expected, parents are the true love, and babies are just accidents!"

Lu Benlai was immediately amused. "Where did you learn all these theories from?"

Lin Shi looked at Lu Benlai as if he was looking at an idiot. "Uncle Lu, these are all words that are very popular on the internet. Don't you know? Are you living in the last century? Let me tell you, the Qing dynasty is dead..."

Lu Benlai:"..."

Lin Shi tidied up his school bag, at the same time, he said, "If great-grandfather, great-grandfather, and great-grandmother find out about what dad did to me today, they'll definitely take turns to criticize him. Forget it, I'll let him off. However, Uncle Lu, having a father like this really worries me..."

At a loss for words, Lu Benlai fell silent for a moment on Lin Jiage's behalf,"..."

After which, he bent down to carry Lin Shi and left the school.

On the way to Lin Jiayi's birthday banquet., lin Shi told Lu Benlai about Coco's mother, "Uncle Lu, I met an extremely beautiful auntie today. I like her very much, but I like her daughter more... Her daughter's name is little crying bag..."

Hearing the words 'Little Crying Bag', Lu Benlai turned to Lin Shi and asked, "What?"

.....

"Oh, Uncle Lu, little crying bag is the name I gave Keke. Her real name is Leng Keke, she's three years old this year..."

Lu Benlai suddenly stepped on the emergency brake.

Lin Shi leaned forward and looked up at Lu Benlai. "Uncle Lu, what's Wrong?"

Lu Benlai didn't say anything.

Lin Shi continued, "Uncle Lu? Uncle Lu?"

Lu Benlai came back to his senses and replied with an "OH". Then, he stepped on the accelerator again and continued driving.

However, while he looked very serious as he stared at the road ahead, his mind was already in a mess.

It was really rare to see the surname Leng. For so many years, Leng Nuan was the only person with the surname Leng that he had seen.

Now, there was actually a classmate of Lin Shi whose name was Leng Keke.

Leng Keke... Keke... he had chatted with Leng Nuan before. He really liked the name of Keke. Unfortunately, he was a boy and couldn't use it anymore. If they had a daughter in the future, he would call her Keke.

However, he thought that it was probably because he was too sensitive, or perhaps he missed her too much.

That was why when he heard the name Leng Keke, his first thought was, could Leng Keke be Leng Nuan's child?

However, on second thought, he felt that it was unlikely... if Leng Nuan really had a child, it should be her husband's surname, right?

Chapter 986: True love is parents, and the baby is just an accident (2)

It has been four years since she left him, hasn't it?

Four years... For more than a thousand days and nights, he had been thinking about her and searching for her, but it was as if she had vanished into thin air. No matter how hard he tried, he couldn't find her.

..

Beijing Grand Hotel.

Xia Shangzhou had been busying himself with Lin Jiayi's birthday party since noon.

"That purple thing is gone. She hates that color the most."

"The lilies are gone as well. Remember, don't let any lilies appear in the places where she will appear. She doesn't really like the smell of lilies, so she finds them pungent."

"Try to preserve the flavor of this dish as much as possible. Don't put too much seasoning on it. She likes the original taste of this dish."

"When the dishes are served, this dish must be placed closest to her. She likes it... and this winter yin kung fu soup must also be placed next to her. She doesn't like it, but this soup is good for her body. If it's placed next to her, she will drink a little... hold this blanket for me first. The air conditioning here is sufficient at night, so it will definitely be cold. She will need it..."

"Help me put away this pair of flats first. Remember to bring it to me as soon as the banquet is over... also, I want piano music. She likes piano music... There are almonds in the cake, right? "She likes to eat... Remember to use less soy sauce in all the dishes. She's been whitening recently because she went to the beach a while ago and got a tan. She said that she wants to keep it back and not touch soy sauce..."

"Oh, and..." Xia Shangzhou was about to continue when he thought for a moment and stopped." ... I forgot. Let me think about it first..."

The manager of the Beijing Hotel next to Xia Shangzhou jotted down the details of what Xia Shangzhou said one by one, he could not help but say half-jokingly, "Mr. Xia, you've always been so attentive to Miss Lin. Those who don't know would think that you like Miss Lin."

Hearing this, Xia Shangzhou laughed as if he had heard a funny joke. “You also know, but you don’t know. She’s the boss. I have to kneel down to her.”

.....

The manager said a few “Yes, yes, yes” and then left to do his work.

When there was no one around, the smile on Xia Shangzhou’s face instantly disappeared, and a touch of sadness appeared in his eyes.

Was his expression that obvious? It was as if he had heard more and more similar words in the past year..

However... he had never dared to expect anything from her. He treated her well, but he only liked her well.

With this thought in mind, Xia Shangzhou walked out of Beijing Grand Hotel and headed to the supermarket beside it. He picked out a pack of sanitary pads that Lin Jiayi liked to use.

He had wanted to ask the hotel manager to prepare them for him, but when the words were on the tip of his tongue, he realized that it was a private matter and inappropriate.

Her period was coming up in the next two days, so she would never prepare these things in advance.

..

Lin Jiayi’s birthday banquet was scheduled for 7 pm.

But it was already 7:30 pm, and Lin Jiayi still hadn’t shown up.

The whole family called Lin Jiayi one by one, but no one picked up.

It was already 8 pm, but there was still no sign of Lin Jiayi.

With Lin Shi around, it was impossible for them to go hungry. Thus, old Mister Lin ordered everyone to start eating.

However, Xia Shangzhou wasn’t in the mood to eat. He secretly called Lin Jiayi several times, but she still couldn’t be reached. Thus, he took advantage of the fact that no one was paying attention to him and left Beijing Grand Hotel, driving over to look for her.

Chapter 987: His nightmares and her beautiful dreams (1)

Xia Shangzhou searched every single place that Lin Jiayi liked to go, frequented, and possibly visited, but he still couldn’t find her.

On the way, apart from Xia Shangzhou calling Lin Jiayi a few times, he also called Lin Jiage to find out that Lin Jiage and the others hadn’t been able to contact Lin Jiayi in the entire time he had been out, and Lin Jiayi hadn’t appeared at his birthday banquet either.

As it was already very late, Lin Jiage told Xia Shangzhou that they were about to leave. Before hanging up, Lin Jiage could tell that Xia Shangzhou was too nervous, so he even consoled him a little, nothing would happen to Lin Jiayi. Even if someone really did harbor ill intentions, the one who would end up in trouble would still be the one who did. In the end, Lin Jiage even added that the fact that Lin Jiayi's call could be connected could only mean one thing.., lin Jiayi was the one who didn't want to pick up the call. If anything were to happen, she would be the first to be unable to get through.

Xia Shangzhou knew that Lin Jiage was right, and he was well aware that the security in the capital had always been very good. It was unlikely that anything would happen even in the middle of the night, but for some reason, his heart was filled with uneasiness, he had a nagging feeling that something huge had happened that night.

After hanging up on Lin Jiage, Xia Shangzhou sat in the car for a while. Thinking that he wouldn't be able to fall asleep even if he were to go home, he decided to drive around the streets of Beijing in the middle of the night, he wanted to see if he could find Lin Jiayi.

Perhaps the heavens had seen through his sincerity, or perhaps he was just lucky. When it was nearly half-past eleven, just as Xia Shangzhou was thinking that he should find another route and give up on going home if he still couldn't find her.., at the entrance of a clubhouse, he saw Lin Jiayi's figure.

She was wearing a black gown and a pair of sky-high heels. She stood by the roadside, glancing at the clubhouse door from time to time as though she was waiting for someone to come out.

It was summer now, so it wasn't too cold at night. However, she had probably been standing there in her high heels for a long time, so her feet weren't feeling too well. She would change her stance frequently, and from time to time, she would even bend down to rub her calf.

Upon seeing this sight, Xia Shangzhou didn't hesitate to slam on the brakes.

He unbuckled his seatbelt and swiftly jumped out of the car. Without even calling out her name, he dashed to the back of the car, opened the trunk, and took out a pair of comfortable slippers.

He pressed the lock on the trunk and grabbed the slippers. Just as he was about to walk over to Lin Jiayi, he saw Lin Jiayi pacing back and forth at the entrance of the clubhouse. Suddenly, as if she had seen a ray of hope, her eyes lit up, she seemed to be anxious about something. After a moment of hesitation, she lifted her foot and stomped on the ground, heading straight for the entrance of the clubhouse.

Lin Jiayi was usually a person of high spirits and ferocity. It was rare for her to be so hesitant.

Seeing the look on her face, Xia Shangzhou frowned slightly. Instinctively, he stopped in his tracks and turned his gaze to the direction she was heading to.

.....

A few men dressed in leather walked out of the clubhouse.

One of them was a man that Xia Shangzhou had never seen before, but he was exceptionally familiar with him. This was because he had once seen a photo of him in Lin Jiayi's office. Even though many years had passed, and his appearance had changed slightly, he was still able to recognize him, he could still recognize who he was.

That man was his nightmare, her dream.

That man was her first love, the one she'd said so many times when she was drunk.

That man was Qin Ting.

Chapter 988: His nightmares and her beautiful dreams (2)

Qin Ting... wasn't he dead? But how did he end up here alive? Lin Jiayi had told him that Qin Ting had died in a tourist accident, and there wasn't a single corpse left behind... could it be that Qin Ting wasn't dead at all at that time? But... the two of them had cut off contact?

It was no wonder Lin Jiayi didn't pick up her phone and even disregarded her own birthday. So, it was him who had appeared..

While Xia Shangzhou was still in shock, Lin Jiayi had already walked up to Qin Ting and stopped him, "Qin... Qin Ting?"

He wasn't too far away from her, so he could clearly hear her voice and feel the tremors in her voice.

He thought that even though she had tried her best to keep herself calm, she still couldn't hide the excitement in her heart, could she?

Qin Ting stopped in his tracks and stared at Lin Jiayi, his face filled with confusion and confusion.

Before Qin Ting could speak, one of the people beside Qin Ting, CEO Chen, had worked with Lin Enterprise before. He knew Lin Jiayi, so when he saw her, he immediately said, "CEO Lin, what a coincidence. You're here too?"

As he spoke, CEO Chen turned to look at Qin Ting. "Mr. Qin, so you know CEO Lin?"

"President Lin?" Qin Ting finally spoke.

"Yes, the heiress of the Lin Corporation, Lin Jiayi. My Company's most famous project is a collaboration between President Lin and me. Mr. Qin, if you hadn't told me earlier that you knew President Lin, I would have considered collaborating with you for the sake of President Lin. I'll have my people evaluate the project you mentioned tonight when I Get Back..."

Seeing that they were all familiar faces, CEO Chen was delighted. He rambled on for a long time before looking at Lin Jiayi and Qin Ting as if he had thought of something, perplexed, he replied, "... It's fine if you don't tell me. But now that you mention it, I'm curious. Mr. Qin, since you're so close to CEO Lin, why don't you consider CEO Lin First..."

Qin Ting didn't respond to CEO Chen's question. Instead, he turned to look at Lin Jiayi.

His pitch-black eyes stared at Lin Jiayi for a moment before he asked, "Miss Lin... may I know if we know each other?"

.....

Upon hearing Qin's question, CEO Chen was dumbfounded. "Eh? You Don't know each other? No, how did CEO Lin Know Your Name?"

Hearing those words, Lin Jiayi pursed her lips slightly and ignored CEO Chen, she stared intently at Qin Ting and continued, "You went to university in the United States? Your only son is from Shandong province and was born and raised in Shanghai. Your Birthday is August 24th and you're 31 years old this year. Your English name is Aaron. When you were 19 years old, you had an accident while traveling. It was September. When you woke up, you were in the hospital, right?"

As Lin Jiayi spoke, Qin Ting's expression grew more and more shocked. "M-miss Lin... H-how do you know so much? Did you and I really know each other in the past? and are we very close?"

Lin Jiayi didn't reply to Qin Ting's question. Instead, she asked, "It's fine if you don't remember Lin Jiayi. Do you still remember Estelle?"

Qin Ting seemed to be trying his best to recall her memories. After a long while, he shook his head and said, "I'm sorry, I really don't remember her."

"You and Estelle met at the entrance of the church. You were together at Christmas, you chased after Estelle, and you even took her on a bicycle outing... think about it, think about it..."

Chapter 989: As Long As you turn your head around, you'll always see him behind you (1)

"You also bought a pair of rings with Estelle. They're made of silver, and they're not worth much. This is the pair you bought by the roadside..."

As Lin Jiayi spoke, she took out an old ring from her bag and said, "... I have the female ring, and you have the male ring... Do you remember now?"

Qin Ting took the ring and examined it carefully. Then, as though he was trying his best to search through his memories, he finally shook his head and said three words to Lin Jiayi, "I'm sorry."

Those three simple words almost caused Lin Jiayi's eyes to turn red.

However, Lin Jiayi held it in because there was someone else beside her. After calming herself down for a moment, she asked, "You really don't remember anything?"

Qin Ting shook his head once more, but he still replied apologetically, "I'm sorry."

However, this time, he didn't give Lin Jiayi a chance to speak, following which, he spoke up, "Miss Lin, even though I don't really know what you're talking about, it's still a pleasure to meet you. I have other matters to attend to later, so if there's nothing else, I'll take my leave first..."

After saying those words, Qin Ting returned the ring to Lin Jiayi, smiled politely at her, and walked past her to leave.

The others greeted Lin Jiayi, but since Lin Jiayi ignored them, they stood by the side for a while before finding excuses to leave as well.

Soon, Lin Jiayi was the only one left on the side of the road. She stood there in a daze with the ring in her hand, staring at it with her head lowered.

..

Qin Ting's car was parked by the side of the road, and the man closest to him opened the door for him. After he got into the car, he walked around the front of the car and sat in the driver's seat.

Before the car slowly drove away, Qin Ting turned his head to look at Lin Jiayi through the car window.

.....

But soon, the phone in his pocket rang. He retracted his gaze, took out his phone, and took a look at the caller ID, then, he answered, "Honey, why are you still up so late? Me? "I just finished my business and was about to go back to the hotel. I'll go back the day after tomorrow. I have a plane ticket in the afternoon, and I'll go back to have dinner with you tonight... en... you should go to bed early. Good Night..."

After hanging up, the secretary who was driving in front said, "CEO Qin, is that Mrs. Calling?"

"Yes." Qin Qin listened as he put away his phone.

The Secretary drove the car for a distance before asking, "CEO Qin, do you really not know that Miss Lin?"

Qin listened did not say anything. He looked through the car window at the night view that was continuously retreating. After looking at it for a while, he replied, "I don't remember."

"That's a pity. Miss Lin of the LIN Corporation, if you still remember, our company will definitely be able to get through this difficult time..."

Qin Ting did not continue, and the car fell into silence.

Qin Ting stared out the window, his fingers occasionally swiping the phone screen.

He did not remember... how could he not remember? Estelle was his girlfriend in America... he pursued her, but it was a pity that when he was in America, he only thought of fooling around with her. He did not think that in the future, he would think that she was just from an ordinary family, so, after his family introduced him to a rich daughter, he used such a golden cicada to escape from his shell. He left the United States, came back to marry, and married his current wife.

Chapter 990: As long as you look back, you can always see him behind you (2)

Actually, it was quite good to marry the daughter of a rich family, especially for someone like him who came from an ordinary family. He really didn't struggle for many years, but the good times didn't last long. His wife's family's company.., in the past few years, it had started to go downhill, especially this year, it was already on the verge of collapse..

The reason why he came to Beijing this time was to attract investment. If he couldn't get any more investment, the company would only face one outcome — bankruptcy.

Actually, he was quite surprised to meet her today. Fortunately, CEO Chen was a chatterbox and revealed her identity first.

Lin Corporation... It was such a big company, but he didn't even dare to think of a company that he could work with.

Lin Jiayi up to now, still remember him, still keep that worthless ring, presumably her heart is his..

Just as the Secretary said, if he knew Lin Jiayi, he would be able to tide over the crisis... Yes, it was him, but he was alone, not him and his current wife... After all, a company that was on the verge of collapse, how could it be compared to the LIN Corporation, whose market value was rising by tens of billions every day?

At this thought, Qin Ting suddenly spoke up, "Right, don't tell anyone about what happened to Miss Lin today, especially not madam."

Afraid that the Secretary would think too much, Qin Ting added, "Madam is easily jealous. If she were to find out about this, who knows what kind of tricks she might pull. The others are fine, but the people from Lin Corporation shouldn't be provoked."

Hearing this, the secretary, immediately, he spoke up, "CEO Qin, you're right. Even though we can't work together right now, it doesn't mean that we can't work together in the future. If madam gets jealous and offends Miss Lin, then there won't be any chance for us to work together at all..."

..

He didn't remember her... he actually didn't remember her... she had loved him wholeheartedly for eleven years, and he, who had remembered her for eleven years, actually didn't remember her..

An indescribable pain and agony pressed down on Lin Jiayi's chest, suffocating her.

Like a fool, she stood by the side of the road in a daze.

.....

She didn't know how long she had been standing there until a cold breeze blew over. She shivered slightly before slowly regaining her senses. She stared at the ring on her finger for a moment, and the more she looked at it, the more her eyes ached. She raised her head and gazed at the sky, pushing back the tears that were about to flow down her face, she put away the ring and turned around to leave. However, when she turned around, she saw Xia Shangzhou standing behind her.

He was holding a bottle of mineral water in one hand and a pair of slippers in the other. Paired with his neat suit, he looked comical no matter how she looked at it.

However, when Lin Jiayi saw Xia Shangzhou in such a state, she was taken aback for a moment before her heart suddenly felt at ease.

She didn't know when it started, but the navigation device was becoming more and more manly. It was no longer the little boy she had found in university, who would always ask for her opinion whenever he encountered a problem, and would run away when he saw her angry.

She didn't know when it started, but there were a few times when she could always see him behind her whenever she turned her head.

While Lin Jiayi was distracted, Xia Shangzhou walked up to her and placed his slippers in front of her. "Let's change your shoes."

Lin Jiayi had stood there for too long, and she nearly fell to the ground as soon as she lifted her foot.

Xia Shangzhou managed to support her in time. After she stabilized herself, he walked behind her and squatted down with his back facing her. "Sit on my back and change your shoes. This way, you won't fall..."
