

Wonder Doctor

Chapter 1001

“Lin Ran look, a group of people in red over there are sent by none other than the Fire Clan from the Imperial Capital! They’re also from the outer clan, and you know Fire One Sword from the inner clan!”

“And over there, they’re from the Li Clan of the Imperial Capital, the youngest is none other than Li Mu Di’s cousin, also a very talented person of the Li Clan’s generation, only that he hasn’t reached the qualification to enter the Inner Clan yet!”

“There is also this group of people from the Imperial Capital”

As Lin Ran and the others sat at the table, Qin Ji introduced them one by one to Lin Ran.

“Didn’t anyone from the Yue Clan come?”

Lin Ran suddenly asked.

The Imperial Capital Yue Family, that was an enemy that hung out in the open here in Lin Ran, except that after the Yue Family had tapped a killer to come last time, they were completely silent, and they didn’t know what was brewing in the dark.

“The Yue family?”

Qin Ji smiled at his words.

“Brother Lin Ran, you’re really a noble man who forgets things, last time you made a bet with that old boy Yue Shan in the imperial capital and he lost! Where else would you dare to come and spill your guts in Temperance City, this is your territory.”

“Ao, that’s right too!”

Lin Ran remembered this stubble and smiled without haste, Yue Shan’s current situation was satisfying to him, at least he wasn’t continuing to come looking for trouble.

“Hey hey, look at the door!”

Suddenly, Qi Qin pointed at the doorway and laughed.

Lin Ran looked, only to see another group of people coming in at the door, all dressed in elaborate clothing, with the word “Rang!” embroidered on the bottom left corner of their clothes.

“What kind of family is this? I’ve never heard of it!”

Lin Ran asked.

“This is the Imperial Capital Liang Family, it was a second-rate family before, but recently it has been supported by the Yue Family, this time they should also be here on behalf of the Yue Family!”

Qin Ji laughed.

“So!”

Lin Ran also found it funny, the Yue Family didn't dare to come over personally, but actually sent a puppet family over, it was really funny.

"Lin Ran Lin Ran, look, there's a lot of fruits being served over there!"

Suddenly, Qin Bing pulled Lin Ran and pointed to the side.

"Ao! That's what's served at every exchange, it's some low grade spirit fruits prepared by the Chao Heavenly Pavilion, you can go and try them!"

Qin Ji laughed.

"Come on, let's go often!"

Qin Bing looked like a little glutton, and Lin Ran was also interested, so at once Qin Bing walked over together.

"Wow, this one looks like a large size grape!"

Qin Bing immediately picked up a fist-sized fruit and ate it.

"This is a Bi fruit, it can be used for beauty and skin care eat more!"

Lin Ran laughed.

"This Chao Tian Pavilion is really rich, these herbal fruits would sell for tens of millions at least if they were outside, and they are actually offered directly for free!"

Looking at the mountains of fruits, Lin Ran couldn't help but shake his head.

"Hm?"

Suddenly Lin Ran's gaze landed on a fiery red fruit and followed it with a smile.

"Essence fruit, the Chao Heavenly Pavilion really knows how to play, they actually brought out this kind of fruit too!"

"Huh what's this? It's fiery red, just like the fire dragon fruit, it must be delicious!"

Qin Bing immediately took the fruit Lin Ran was looking at and was about to eat it.

"Don't eat it!"

Lin Ran was startled and hurriedly threw the fruit back.

"What's wrong?"

Qin Bing was puzzled.

"This is an essence fruit, you can't eat it!"

"Why can't I eat the Essence Fruit?"

Qin Bing looked puzzled.

“Because this fruit is just like spring”

Lin Ran was just about to explain, when suddenly a voice came from afar instead.

“Yo! Isn’t this the Qianjin of the Qin family? How come she’s eating fruit here? How come the Qin family doesn’t even have any fruit!”

Turning their heads to look, Lin Ran and Qin Bing were both stunned as the one who spoke was none other than the leader of the Liang family just now.

“What are you saying, Liangyu, what does my eating a fruit have to do with the Qin family!”

Qin Bing’s face was ugly, she knew this Liang Yu, she used to pursue herself in the imperial capital, only she didn’t pay him any attention, she didn’t expect this guy to climb up to the Yue family later.

“Is it okay? Why do I think it does!”

Liangyu laughed.

“The grand lady of the Qin family, actually bringing a poor loser here to eat fruit, how come you married a bad man? Can’t even afford to buy fruit?”

“Brother Yu, what are you talking about! Look at the clothes on that kid, they don’t even add up to a hundred dollars, I really don’t know how such a person can come here, if I were him I’d just kill myself! It’s a shame to be alive!”

Next to Liang Yu, a beautiful woman stood out, full of disdain.

“That’s right, some people, no matter how high they climb, they are still trash!”

Liangyu said as she also picked up a fruit and handed it to the gorgeous woman next to her, laughing.

“Here, take one darling!”

“Brother Jade is nasty!”

The woman pouted, then ate it anyway.

“Tsk! See! Same fruit eating, same woman, but how come the perception is so big!”

Lian Yu laughed triumphantly.

“That doesn’t depend on the person around you!”

The woman laughed too.

“I’m standing next to you, Brother Jade, and whatever I eat looks classy, while this one standing next to Miss Qin, I’m afraid it’s like eating abalone, but it’s like bubble noodles!”

“Haha, it’s still my dear who knows how to talk!”

Liangyu instantly laughed.

However, for the mocking of the two of them by Liang Yu, at this moment, Qin Bing actually didn't hear them at all, she was looking at the woman beside Liang Yu with a surprised face, while looking at Lin Ran.

This was because the woman, who was eating the very essence fruit that Lin Ran had not allowed himself to eat just now.

"Kid! What are you looking at, you've never seen a beautiful woman before!"

The woman was disdainful when she saw Lin Ran's mouth grow and look at herself.

"Guess I've never seen one as pretty as you!"

Liangyu was full of smugness, and her words still put Qin Bing down as worthless.

"I'm just curious, didn't any of you adults at home tell you what you could and couldn't eat when you went out?"

Lin Ran returned to his senses and could not help but laugh when he saw that the woman had already eaten the entire essence fruit.

"Who are you, what do I eat when I go out, and I still need you, a poor loser, to care!"

Lian Yu said in a cold voice.

"I'm too lazy to care if you ask me to, but you guys have really grown face for the Yue family this time!"

Lin Ran laughed.

"You What do you mean!"

Liangyu's face was ugly, not understanding what Lin Ran was saying.

"Still don't understand? Look at your family darling!"

Lin Ran suddenly laughed.

"Hm?"

Ryouyu's face sank and he was busy looking at the woman beside him, but with this look he froze in his tracks.

He saw that the woman's cheeks were flushed and her eyes were getting misty, her whole body was lying on top of Ryouyu, her mouth kept opening and closing, and she was actually exhaling mist.

"Xiaolan what's wrong with you?"

Liangyu was busy asking.

"Brother Yu, I I'm so hot"

"What nonsense! This is an exchange meeting!"

Lian Yu blushed hard and was busy scolding.

“Brother Jade, I don’t care! I I want so much Brother Jade let’s go back now, okay!”

“Shut up!”

Liangyu’s entire face had changed.

At this moment, many people were gathered around, which made Liang Yu’s old face redden and he wanted to find a crack in the ground.

And Qin Bing had even looked dumbfounded long ago, covering her mouth and unable to speak, fortunately she had not eaten before, otherwise she would have died of embarrassment.

“What the hell did you do to her!”

Liangyu turned her head to look at Lin Ran, her eyes cold.

“What does it have to do with me!”

Lin Ran spread his hands and pointed at the Essence Origin Fruit kernel that the woman had spat out next to him, laughing.

“Who do you blame for daring to eat even an Essence Origin Fruit!”

“What? That’s an Essence Origin Fruit!”

Liangyu was instantly shocked, and busily picked the woman up, turned around and ran out of the venue.

Chapter 1002

“Holy shit it’s actually an Essence Fruit!”

“I didn’t think there were actually Essence Fruits here!”

Qin Bing still wanted to ask Lin Ran what an Essence Fruit was, but following the chatter of the people around her, it made her understand.

“Holy shit, essence fruit, what a waste to have it eaten by a woman!”

“Who says it’s not? It’s good for men to eat it, but it’s a pity that a woman ate it!”

“She deserves it too, the effect of a woman eating the Essence Fruit is like an aphrodisiac!”

“That Liang Yu is also a fool, he doesn’t know the essence fruit!”

.....

“Here’s another one, do you want to eat it?”

A moment later, Lin Ran pointed to a fiery red fruit not far away and asked Qin Bing.

“You Stinking rascal!”

Qin Bing’s pretty face turned red as she gave Lin Ran a white glance.

“I see that you quite want to eat it!”

Lin Ran laughed.

“I’m not going to eat it, you’d better disabuse yourself of the idea!”

Qin Bing laughed as she tilted her head.

“I What thoughts can I have!”

Lin Ran was embarrassed for a moment.

“Don’t think I don’t know!”

Qin Bing, however, laughed.

“Xiao Nuan has told me that you can break your body now, so what do you want, can I not know?”

“Er Then you all know, and you still don’t give a chance one by one! Didn’t you take quite the initiative before!”

Lin Ran laughed.

“You think good, you gave enough chances before and you didn’t even grasp them, now that we’ve discussed it, we won’t give you a chance, hurry up and die!”

Qin Bing laughed heatedly, his face full of smugness.

“You guys! Are you still human!”

Lin Ran was speechless at once.

So many opportunities before he had failed to grasp, but now that he was ready, the opportunity was not given to any of them, himself this you are too difficult!

“Just take your time cultivating, maybe one day you’ll cultivate a child’s kung fu too! Haha! ”

Qin Bing laughed.

“Ai! A woman’s heart is a needle under the sea!”

Lin Ran shook his head helplessly, a woman’s mind still really can’t be guessed ah!

While the two were talking, Liang Yu who had run out earlier was running back again, only this time his face had two more lipstick marks in addition to his anger.

“What’s wrong Liangyu, that mouth of yours didn’t hold back, did it come twice on your face?”

Qin Bing laughed at the situation.

This also drew a group of people around him who couldn’t help but laugh out loud.

“Humph! Qin Bing, we’ll settle our scores later, now hand that brat over to me!”

Lian Yu pointed at Lin Ran, his eyes filled with killing intent.

If he hadn't discovered it in time and suppressed the medicinal properties within his woman's body, he would have been truly humiliated today.

"Hand it over? Just by virtue of you, Liangyu is also worthy?"

Suddenly a scolding voice came, followed by Qin Ji who walked over with a group of Qin family members.

"Qin Ji, you want to go against my Liang family for this one poor bastard?"

Liang Yu's face was ugly, the Yue family and the Qin family had fought for many years, so in the imperial capital, but he didn't expect it to still be like this here.

"The Liang family? You're worthy to call my Qin family's bluff even for a lapdog of the Yue family!"

Qin Ji had disdain on his face.

"Qin Ji, don't go too far, I only want that brat, you can take your granddaughter away!"

Liangyu pointed at Lin Ran and said.

"You're even less for him."

Qin Ji was just about to retort, but Lin Ran interrupted him.

"Elder Qin Ji forget it, it's better if I do it myself! After all, it's the Yue family's dog, and when a human dog jumps out, it's natural for me to take care of it as well!"

"Since junior friend is happy with it, then I naturally have no problem with it!"

Qin Ji smiled, ? immediately led his men to retreat.

Even Yue Shan was no match for Lin Ran, let alone Liang Yu.

Qin Qi was looking at Liang Yu with a hint of pity in his eyes at this point.

"Good boy! Rampant enough, I just don't know if you'll still be able to laugh later!"

Liang Yu sneered, and instantly lunged towards Lin Ran with a single stride.

"Give me death!"

Liang Yu acted like a madman and punched towards Lin Ran's head.

Liang Yu was also known as a ruthless person in the imperial capital, and this time he had climbed up with the Yue family, so his strength had improved greatly, while Lin Ran looked like a poor boy who had never seen the world.

This scene caused the other major powers around them to shake their heads.

"This kid looks quite smart, but he turns out to be so stupid!"

"Yes, it's a pity about a young life!"

"This kid is also too arrogant!"

Even people from the Fire Family as well as the Li Family shook their heads.

“Bang!”

Amidst the unimpressed eyes of the crowd, Lian Yu landed a punch on Lin Ran.

But then all of the people were dumbfounded.

They only saw that Lin Ran had only stretched out a palm and easily stopped the punch, even making it impossible for Liang Yu’s fist to advance even a fraction further.

“How is this possible!”

Lian Yu’s face suddenly paled and he struggled to retract his fist, but no matter how hard he tried, his palm wouldn’t budge at all.

“Who the hell are you!”

Lian Yu panicked at this point.

“You dare to make a move when you don’t even know who I am?”

Lin Ran laughed, following which he raised his foot and kicked Liang Yu in the chest.

“Bang!”

Liang Yu flew straight out of the room, and the sound of bones breaking was unmistakable.

“Who the hell are you!”

Rang Yu climbed up with difficulty, looking at Lin Ran with a face full of resignation.

“Who am I? You go back and ask Old Man Yue Shan!”

Lin Ran sneered.

“You dare to disgrace Elder Yue Shan’s name!”

Lian Yu was instantly furious, Yue Shan was the absolute core of the Yue Family, but now he was actually being scolded by a spearheaded kid.

“Elder Yue Shan? Oh, you go back and ask Yue Shan, see if he dares to come to Temperance City personally, and still Elder Yue Shan, in front of me, Lin Ran, isn’t afraid of being laughed at!”

“What! What did you say, your name is Lin Ran! It’s you!”

Lian Yu immediately panicked, how could he not have heard of Lin Ran’s name, this time when he came to the imperial capital Yue Shan had specifically explained that he should not be an enemy of Lin Ran, but now

“What! He is Lin Ran!”

“He is the Lin Ran that Mu Di said?”

“It must be him!”

At this moment, all the senior members of the Fire Family as well as the Li Family froze, looking at Lin Ran with fear in their eyes.

Fortunately! Fortunately, they hadn't offended Lin Ran before, otherwise they were afraid that the consequences would have been similar to those of Liang Yu.

"Get lost! Go back and tell old man Yue Shan that I, Lin Ran, miss him very much, and that if you let anyone come to Temperance City to cause trouble, I, Lin Ran, will definitely pay a personal visit later!"

Lin Ran said in a cold voice.

"Good! Good! I will definitely bring it!"

Liang Yu gritted his teeth and immediately turned around and left.

"Little friend Lin Ran is truly a hero!"

"Yes, little friend Lin Ran, you've really impressed the old man and the others!"

As soon as Liang Yu had left on his front foot, a group of people surrounded him on his back foot, and it was clearly the people from the Fire Family and the Li Family.

"And you are?"

Lin Ran swept his gaze across the crowd, although he knew that these were people from the two great clans, he didn't know any of them.

"It's normal for little friend Lin Ran not to recognise us, I'm the Fire Clan's outer clan's clan chief, Fire Qian! It was our inner clan's brat, Fire Yijian, who told us and others of little friend Lin Ran's reputation!"

"Yes, our Li Clan was also informed by Kid Li Mu Di!"

The patriarchs of the two great clans laughed.

"So it was Brother Fire and Brother Li who told us, I wonder how the two of you are doing after not seeing each other for half a year?"

Lin Ran laughed.

Fire Yijian and Li Mudi were also somewhat close friends, especially the latter, and the three Leng Zhan were still cultivating in Li Mudi's house right now.

"Thanks to little friend Lin Ran, Yijian and Mudi have already made a breakthrough with half a year ago and have now left the clan to pursue their dao outside!"

Fire Diver laughed.

"Earlier, I heard from Yijian that brother Lin Ran was also supposed to leave, why is he still in Temperance City now?"

"Some things have delayed me!"

Lin Ran said casually and perfunctorily.

Chapter 1003

Although he said this, Lin Ran's heart was a little surprised.

He didn't expect that Fire One Sword and Li Mu Di knew about his departure.

"Looks like they both should have been invited too! And they should have already gone to Qiong Hua Mountain half a year ago!"

Lin Ran thought to himself.

If he hadn't hesitated and proposed a one-year deadline, I'm afraid that he would have been at Mount Qionghua by now.

But until now Lin Ran hadn't even thought about it, and even in his mind he still tended to cultivate on his own, after all, the request made by Elder Feng was too harsh.

Just a heart-locking pill alone made Lin Ran very resistant.

"Alright, alright, let's all take our seats first, the auction will start soon, let's talk in detail when it's over!"

Qin Qi smiled and stepped forward to relieve the situation, he could tell that Lin Ran didn't really feel like dealing with these people.

"Good! In that case let's talk about it later!"

Fire Diver said with a smile, and then led the people back.

Soon the entire venue fell silent once again, and as the crowd looked on, the host took to the stage.

"Gentlemen, everyone should be well aware of this auction today, so I won't say too much, the auction will start at one million dollars, and each time the bid is increased by no less than one hundred thousand dollars, and the final winner will have the chance to receive a visit from the divine doctor, Mr. He Tian He!"

"Divine Doctor He Tian?"

Qin Bing was stunned to hear this.

Lin Ran, however, shook his head.

"It really is him!"

And at that moment, He Tian stood on the stage and swept his gaze over the crowd before finally landing on Lin Ran.

He Tian opened his mouth, as if to say.

"Kid, see, old me is not something you can compete with! A poor loser!"

"Heh!"

Lin Ran laughed, not bothering to pay him any mind, before this He Tian seemed quite normal, but he didn't expect that he would actually start playing the mocking set now, he didn't know if he had changed his nature or what.

"One million one hundred thousand!"

As the auction began, Fire Diver was the first to open his mouth and shout a bid.

"A million and a half! Old man Fire Dive, you're too stingy!"

Followed by the Li family patriarch who also spoke up.

"This"

At once the others looked at each other, no one had expected that right at the beginning, the Fire Family would go up against the Li Family, how else could they play.

The Fire Family and the Li Family definitely belonged to the big families, the Qin Family was inferior in comparison, not to mention the other families.

"Two million! Even if it's the Fire Family and the Li Family, they still have to try!"

Although their hearts were not willing, there were soon people from other clans who started bidding.

"Old man Fire Diver, if you don't bid again your chance will run away!"

The Li family patriarch laughed.

"Old man Li, don't be a shit-stirrer, today we want this spot, our Fire Family will take it!"

Fire Dive said helplessly, followed by a wave of his hand and directly quoted a price of three million!

"Three million!"

Lin Ran was speechless, it was only a medical treatment, but he was asking for three million, even if he was missing an arm or a leg, it wasn't worth that much!

Qin Qi saw Lin Ran's confusion and laughed beside him again.

"Little friend Lin Ran, you don't know, this Fire Diver's father is now a hundred and ten years old, but his health is deteriorating today, so this Fire Diver wants to ask the holy doctor He Fei to treat the old man!"

"One hundred and ten years old?"

Lin Ran was stunned at his words, this was really an old age.

Although people who cultivated would also have an extended lifespan, that was also extremely limited, unless their strength was exceptionally high, it was rare for them to live beyond a hundred years old.

"Human life has its own destiny, it's not necessarily a good thing to be so greedy for life!"

Lin Ran thought to himself.

Naturally, Fire Submarine didn't care about this, and as the price of three million was quoted, the anger in the field soon scorched.

Apart from the Fire Family, there was another family that was also raising their bid, only this family didn't seem to be well known, so there really weren't many people who knew them.

"The Nanyang Dragon Family, bid four million!"

As the host shouted out, the entire venue was instantly silent.

Four million to bid for a place, that was really a big deal.

"Chief Fire Diver, why don't you let my Long family bid for the spot this time, after all, this is the first time my Long family has bid for such a spot!"

A fiery red robed Long Pingtian spoke up, he was the clan leader of the Dragon Family.

"Long Pingtian, your Long Family has always been secluded, why do you want to go up against my Fire Family this time? Are you still not clear about my Fire Family's situation!"

Fire Qian's face was gloomy.

Although the Dragon Family was not famous, the Fire Family was aware of this hidden family and could not really not be in the eye of the beholder.

"Since that's the case, then let's each go by their own abilities!"

Long PingTian was not talking nonsense.

"Hmph! It's fine too!"

Fire Qian sneered without speaking and directly extended his palm.

"Five million! The Fire Family bid five million!"

The host's words instantly drew the entire atmosphere of the auction to a fixed point, as several other clans were no longer making offers, and it was clear that the competition belonged to the Dragon Family and the Fire Family from now on.

"Six million!"

Long Pingtian said blandly, as if the six million was not money at all.

"Patriarch, Long Pingtian's youngest son is already gifted, and I'm afraid that this time he wants to ask Divine Doctor He Fei to see his youngest son!"

An elder next to Fire Dive said in a low voice.

"It seems that's the case!"

Fire Qian nodded, Long Pingtian's youngest son was very famous and powerful at a young age,? It was no wonder that Long Pingtian valued him so highly and did not hesitate to spend a large sum of money to bid for the qualification.

"But the old man can't wait for the next time Chao Tian Pavilion comes out to bid!"

Fire Dive's eyes chilled as he instantly deepened his palm!

“Ten million! My Fire Family bids 10 million!”

“What! The Fire Family is bidding ten million dollars! My goodness, the last time the Chao Heavenly Pavilion Divine Doctor bid, it was only eight million!”

“This time the price is going to set a new record!”

“What a big deal!”

The crowd was chattering.

Long Pingtian, on the other hand, was silent, 10 million was already more than his budget!

“What about the patriarch?”

An old man next to Long Pingtian spoke up.

“Forget it! We have more important things to do this time, and Xiao Yue’s condition is still stable, so let’s wait for the next opportunity to bid!”

Long Pingtian gritted his teeth and said.

Although 10 million was nothing for the Long family, it was not worth it to spend it for a single opportunity.

Besides, Long Pingtian did have other more important things to do this time.

“Fire Diver, this time it’s cheaper for you, but the next Chao Heavenly Pavilion auction slot, my Long family will take it!”

Long Pingtian said in a cold voice, following which he got up and led his men away.

“Hey! It’s finally done!”

Fire Qian let out a long sigh, this Dragon Family was a hidden mad dog that even the Fire Family didn’t want to mess with too much.

“This Dragon Family seems to have some strength!”

Lin Ran frowned as he watched, Fire Diver’s reaction also seemed to be somewhat scornful of Long Pingtian, he just didn’t know just how strong this Long family was.

“Little friend Lin Ran let’s go, soon divine Doctor He Tian will be attending to the Fire family, let’s go with him too!”

Qin Ji came over and greeted him.

“We can go too?”

Lin Ran was stunned, according to reason this Chao Tian Pavilion should be a very strict matter when it comes to seeing patients, how could it be possible for people to go forward and visit.

“This is something that the Chao Heavenly Pavilion doesn’t care about, it mainly depends on the Fire Family’s wishes, our Qin Family and the Fire Family have a good friendship, plus you, little friend Lin Ran, have a relationship with Fire One Sword, so naturally you can go and see it!”

Qin Jie said.

“Good! In that case, then let’s go!”

Lin Ran nodded, and immediately rushed over with Qin Qi and Qin Bing.

As for Dean Yang, there was nothing he could do himself, after all, he was already embarrassed to be able to go, and there was really no way he could drag Dean Yang along with him in a hard way.

But then again, it was the same whether Dean Yang went or not, after all, he had given him the pharmacopoeia booklet.

Lin Ran believed that his own Xuan Yang Pharmacopoeia would definitely not be much worse than Chao Tian Ge’s Chinese medicine.

Chapter 1004

Half an hour later, within a villa somewhere in Temperance City, Fire Dive brought a group of people to the place.

As a prestigious family in the imperial capital, they naturally had a place to stay in Tamagawa City, and at this moment, Huo Qian’s father, Huo Xia, was sitting in the courtyard.

The fire summer a year over a hundred years old, at this time sitting in the courtyard the whole person does not move, if not know beforehand, I am afraid that anyone will think that this is a statue.

No way,? Because of his age, Huixia’s skin was unusually dry and shriveled, and it would not be too much to describe it as skin and bones.

“Father, I am fortunate to bring the Chao Heavenly Pavilion Divine Doctor He Tian here!”

Fire Qian stepped forward and saluted respectfully.

“Hmm!”

The old man nodded slightly and slowly opened his eyes.

At this moment the crowd present felt two brilliant lights shoot out, it was hard to imagine that these were the eyes of an old man who was over a hundred years old.

“This old man is somewhat uncomplicated!”

Lin Ran frowned slightly, the gaze of the fire summer had just swept over him, causing him to feel a palpitation in his heart.

That feeling was not so much about how terrifying the other party’s strength was, but a feeling as if he was being seen through, as if anything could be seen through at a glance in front of Fire Xia.

“You are Divine Doctor He Tian, right?”

Fire Xia looked at He Tian and said indifferently.

“It is none other than the late generation!”

He Tian bowed slightly.

“The Chao Heavenly Pavilion is really full of talents, although I am a little disappointed that it is not the elders themselves, but I am already satisfied that the Chao Heavenly Pavilion has come!”

Fire Xia nodded.

He Tian listened but smiled coldly in his heart.

“Elders? With your Fire Family’s outer clan, you still want the elders to come out? I’m afraid that the Fire Family’s inner clan’s clan leader may not even be qualified!”

“Alright, you come and see for the old man!”

Without any nonsense, Fire Xia directly lifted up his sleeve, and a black silk thread on his dry right arm was directly exposed to the sight of the crowd.

The silk thread was like a small, sinuous snake, coiled on Firexia’s right arm only, and had reached the joints of Firexia’s arm, obviously not a good thing.

“This

He Tian frowned as he watched, this situation reminded him of He Fei, because He Fei’s situation was very similar to that of Fire Summer.

“Brother Tian, this

On the side, He Fei was also a bit puzzled.

“Senior Fire Summer,? Can I ask you how you got this?”

He Tian asked busily.

“I don’t know!”

Fire Summer shook her head.

“Don’t know?”

He Tian was stunned, this was obviously poisoning, but Fireshire herself actually didn’t know?

“Technically speaking, not only do I not know, even the entire Fire Clan doesn’t know what’s going on, because I haven’t been walking around outside for the past ten years or so, but this kind of thing still appeared!”

“That’s strange!”

He Tian frowned and pondered for a moment.

“How about this, Senior Fireshire, can you let me check it out for you first!”

“Yes!”

Fire Summer didn't hesitate and agreed straight away.

He Tian quickly stepped closer and put his hand on Fire Summer's pulse, following which he closed his eyes.

But the more he checked, the more his heart sank, and gradually his face turned ugly.

He waited for a full ten minutes before He Tian opened his eyes and withdrew his hand.

“How is Divine Doctor He Tian?”

Fire Qian was busy stepping forward and asking.

Fire Summer was also looking at him with a hopeful expression.

“The situation is very bad!”

He Tian shook his head.

“This kind of poison, I've never seen it before at all, there's no way to do it!”

“What! Even you haven't seen it before!”

Fire Diver was instantly baffled, Chao Tian Pavilion was the most powerful medical organization in the entire Great Road, but even he said he had never seen it before, wouldn't his father's illness be incurable.

“Don't worry, just because I say I haven't seen it, doesn't mean that the rest of us in the Chao Tian Pavilion haven't seen it!”

He Tian suddenly said.

“What do you mean, divine Doctor He Tian?”

Fire Submarine asked, now if there was the slightest way to save his father, he would take the risk to try it.

“This time I came to see senior Fire Summer, after all, it is a qualification that our Chao Tian Pavilion sold out, so this is something we are bound to manage, but now I can't cure this poison, so I can only go back and get the elders to come over, but before that, I need”

He Tian said and took out a silver needle.

“I need to do a little acupuncture on Elder Firesia's arm right now,? Obtain a bit of venom to go back to the elders!”

“Father!”

Fire Qian was busy looking at Fire Xia, asking what he meant.

“Just take it!”

Fire Xia waved his hand, not seeming to care too much either.

“Many thanks!”

He Tian nodded in satisfaction and followed, about to drop the needle.

But at this moment, a helpless voice came from the side.

“Hey, if you drop this needle, in less than a minute, Huo Xia will surely die!”

“Who! Who’s talking!”

He Tian and the others were all startled, and were busy turning their heads to look, only to find that the one speaking was actually Lin Ran.

“Little friend Lin Ran?”

Fire Qian was a little confused.

Fire Xia also looked over, while somewhat puzzled as to who this kid was.

“Father, this person is Lin Ran, the little divine doctor of Temperance City, but he won’t be from the Chao Heavenly Pavilion!”

Fire Qian busily explained.

Fire Xia nodded and didn’t say much.

“Lin Ran, what do you mean!”

He Tian’s eyes were cold and stern as he looked directly at Lin Ran.

“Did I not say it clearly enough? Then I’m repeating it!”

“If you go down with this injection, within a minute, Huo Xia will surely die!”

Lin Ran said indifferently.

“You!”

He Tian’s fists were clenched, and the veins on his neck had already burst.

“What are you, and how dare you speak so shamelessly here!”

He Tian said angrily, deep down he looked down on Lin Ran.

After all, he was a disciple of the Chao Heavenly Pavilion, and you? Just a small country boy, what can you compare yourself to.

“What kind of a thing am I?”

Lin Ran smiled at his words.

“What kind of thing do you think I am? The poison I put down on He Fei, you should have helped to solve it quite a few times, right? Did you solve it? You can’t even solve the poison I put down, and you still want to solve this Red Cold Poison, if you say I’m not considered something, then aren’t you even considered something!”

“You!”

He Tian’s face was ugly, and He Fei at the side was somewhat invincible and indulgent.

“What? Red Cold Poison? Lin Ran you know what kind of poison my father has?”

Fire Diver’s face instantly showed joy at his words.

“Little friend Lin Ran, you say this is the Red Cold Poison?”

Firesia listened but frowned slightly, the vitality in her eyes clearly diminished.

“This is not the place to talk, if senior Fireshire trusts me, I can cure this poison!”

Lin Ran said indifferently.

Although he didn’t have much of a friendship with Fire Xia Fire Diver, the latter had treated himself with a smile before after all.

Moreover, there was still some grudge entanglement between himself and Fire One Sword, so it was right to consider it as a favor he had returned to him.

Previously, at the Ten Thousand Treasures Spell Formation, he had robbed others of their Martial Dao secrets, and in the end, he had been a bit overbearing in this matter.

“Good! I beg for it!”

Fire Diver was filled with excitement and immediately arranged for someone to go down and prepare.

“Lin Ran! It’s my Chao Heavenly Pavilion that’s seeing patients today, do you really want to make an enemy of my Chao Heavenly Pavilion!”

He Tian’s face was icy cold as he stared angrily at Lin Ran.

Originally, he had planned to anger Lin Ran earlier so that he could use the old ghost’s hand to get rid of him.

But now there was no need to do so. If word of this got back to the Grand Elder’s ears, he was afraid that he would have a word with Lin Ran.

Chapter 1005

“Divine Doctor He Tian, I know that this is the fault of our Fire Family, but can we wait until little friend Lin Ran has finished treating my father!”

Fire Qian was busy persuading, he was truly afraid that He Tian would fight Lin Ran right now, after all, only Lin Ran could save his father now.

“Clan Chief Huo Qian, are you not trusting our Chao Heavenly Pavilion?”

He Tian said in a cold voice.

“I dare not! But human lives are at stake!”

Huo Qian said helplessly.

It was true that he couldn't afford to offend the Chao Heavenly Pavilion, but now that Lin Ran had said that he could help his father with his illness, he naturally didn't want to take any chances.

"Ai! I should have known to go straight to little friend Lin Ran!"

Fire Qian regretted it in his heart.

"Clan Chief Fire Qian, this matter concerns the reputation of my Chao Heavenly Pavilion, senior Fire Xia has borrowed this illness from my Chao Heavenly Pavilion, and Lin Ran has already antagonised my Chao Heavenly Pavilion disciples by poisoning them, so this matter of beauty is up for discussion! When I have abolished him first, I will personally go back and ask the elders to come over and treat the old man!"

He Tian said aloud.

"No way!"

Fire Diver still tried to persuade, but He Tian just gave him a glance and followed before lunging towards Lin Ran.

"Still coming? Can you beat me?"

Lin Ran saw this and helplessly stretched his hands, he had just taught him a lesson before, why didn't this guy grow a memory.

"Bang!"

Soon, the two exchanged blows.

And this time there was still not the slightest surprise, He Tian was still knocked out with a single punch and even spat out blood.

"Still playing?"

Lin Ran looked at He Tian with disdain in his eyes.

"Lin Ran, do you really want to make an enemy of my Chao Heavenly Pavilion!"

He Tian chided angrily, his voice loud not knowing who he was trying to say it to.

"I'm not interested in your Chao Heavenly Pavilion, so don't come messing with me again!"

Lin Ran said in a cold voice, before turning around and preparing to leave.

"Stop right there! For the sake of the Chao Heavenly Pavilion's reputation, I will absolutely not allow you to mess around!"

He Tian roared angrily and actually lunged over once more.

And this time, Lin Ran's eyes had clearly taken on an extra layer of killing intent.

He didn't want to kill, but that didn't mean he didn't dare to kill either.

With a flip of his palm, a silver needle had already appeared in Lin Ran's hand, and the next moment, he slapped it towards He Tian's chest.

“Stop.”

Just in the nick of time, a dull rebuke suddenly appeared.

Like a ghost, a black shadow quickly appeared in front of He Tian and met Lin Ran’s slap.

“Bang!”

In an instant, dust filled the air, and there was a haze of smoke and dust everywhere, while Lin Ran was also shaken by the slap, causing him to retreat several steps back.

“A Heaven Seizing Realm expert!”

Lin Ran was secretly shocked, he already had an understanding of his opponent from that exchange just now, at least his strength was at the peak of the Heaven Seizing Realm, otherwise with his own Medical Dao True Qi, he definitely wouldn’t have been at such a disadvantage.

“What a man!”

Fire Qian chided coldly, but how could he not be surprised when such a powerful person suddenly appeared in the territory of their Fire Family.

“I, Grand Elder Sitting Old Ghost, just now I struck with no intention to offend, it was all for my Chao Heavenly Pavilion!”

The black shadow man said in a cold voice, then looked towards Lin Ran.

“Kid, you are very strong, but you are definitely not my opponent, hand over the antidote and this matter will be settled, otherwise you will be responsible for the consequences!”

The old ghost said in a cold voice.

“Threatening me? Sorry, I grew up being threatened!”

Lin Ran said indifferently, actually not caring at all.

“Fine!”

The old ghost’s voice sank as his body moved and lunged towards Lin Ran.

“Little friend Lin Ran, the other party is a strong person at the early stage of the Realm of Creation, do not be reckless!”

Suddenly, Fire Xia who was on the side spoke up.

Lin Ran was even more stunned to hear this, early stage of the Creation Realm, shit that wasn’t a big difference from himself.

“Shit, kid, what’s wrong with you! Master Book I just went to pooh-pooh Little Nine for a while, how did you mess with a strong person of the Realm of Creation!”

Suddenly, Pillow Book’s voice popped up as well.

“Cao! How did I know he was so powerful!”

Lin Ran was also speechless.

“Alright cut the crap, what now!”

Lin Ran asked busily.

“Use silver needles!”

The pillow book was busy saying.

“I’ve used it, it won’t work on him at all!”

Lin Ran was busy explaining.

“Stupid! What I told you to use was the silver needle in the bracelet!”

“The silver needles in the bracelet?”

Lin Ran was stunned, back in the Ten Thousand Treasures Spell Formation he had obtained the silver needles of his senior sister, the Nine Spectral Maiden, hidden precisely within a bracelet.

These silver needles were different from ordinary silver needles, so they were used one less than the other, so no longer in a critical situation Lin Ran would not use them at all.

“Damn it,? Use one!”

The situation was so critical that there was no time to think about it,? Lin Ran immediately activated his bracelet and raised his hand at the old ghost who had already lunged in front of him.

“Bang!”

With a loud sound, the old ghost flew backwards and slid several meters on the ground before stopping.

“This is!”

The old ghost slowly spread out his hands, and a white silver needle was lying quietly inside, but at this moment, he could clearly see that there were countless dots on the needle, and these dots seemed to form a pattern of a phoenix flying in the sky.

“Collect!”

The old devil was looking at it in awe when Lin Ran, who was at the side, made a move with his palm and directly collected the silver needles back.

He naturally collected such silver needles when he could, after all, if they were taken away by others, it would be difficult to get them back.

“Let’s go!”

The old ghost’s face had changed, and he was ready to leave with a wave of his hand.

“Old Ghost, you’re leaving now? That kid is no match for you, kill him quickly!”

He Tian hurriedly urged.

“Ah hey never Ghost Elder, capture him first and let him cure me of the poison!”

He Fei, on the other hand, was busy urging, he was still poisoned.

“Shut up!”

The old ghost swept his gaze coldly over the two men and instantly turned around and walked away.

“Hey hey! Wait for me!”

He Tian hurriedly chased after him, and He Fei saw this and gave Lin Ran a resigned look before he also had to follow.

“Fire Submerged Clan Chief, the Grand Elder will arrive in a moment!”

Before leaving, the old ghost said one last thing, following which he disappeared into thin air.

“Why did he run away?”

The crowd was puzzled, and even Lin Ran was a little puzzled.

Although this silver needle of his own was powerful, it obviously didn't hurt the old ghost, after all, the difference in strength was too great, but why did he suddenly leave.

“Just forget about leaving, Master Shu I'm going to find Xiao Jiu, that little ninny is more interesting than your stinky brother!”

Said the pillow book and there was no movement.

“Shit!”

Lin Ran couldn't help but curse.

“Little friend Lin Ran, now I wonder if I can”

Fire Dive was a little embarrassed, just now the old ghost had suddenly struck and they hadn't helped, but now they were still looking for Lin Ran's help, it was a little embarrassing!

“It's alright, he's very strong, unless your inner clan members come, it's useless in more than one person!”

Lin Ran said with relief.

“In that case, thank you little friend Lin Ran, the room is ready, I wonder when”

Fire Dive asked busily.

“Right now, but you need to be preparing one thing!”

Lin Ran said.

“What is it? I'll send someone to find it immediately!”

Fire Diver said seriously.

“Living wood!”

Lin Ran said indifferently.

“Living human wood?”

Fire Dive was stunned, although this kind of thing was precious, it was still quite common, and he had it at this landing place.

“I’ll send someone to fetch it immediately!”

“Good!”

Lin Ran nodded, and immediately followed Fire Diver to the prepared room.

Chapter 1006

In the room, Lin Ran was holding the living wood sent by Fire Diver, and his heart was filled with emotion.

The last time he saw this thing,? It was still for Ling Sa’s healing, but in the blink of an eye, more than half a year had passed, and there was still no news of any Ling Sa, and I didn’t know how this nun was doing lately.

“Forget it, don’t think about her!”

Shaking his head and adjusting his thoughts, Lin Ran then began his treatment.

The Red Cold Poison was the most difficult type of poison Lin Ran had seen so far.

In the beginning, he had gone through a lot of trouble to treat Ling Sa for this poison, and in the end, it was the Living Wood that helped to solve it.

He just didn’t expect to see it this time, but it was actually on the Fire Elder Patriarch.

As time passed, Lin Ran’s treatment became more and more crucial.

But soon he realised a problem.

Compared to the fire cold poison on Lin Ran’s body, the toxin in Fire Summer’s body while more difficult and deeper at the same time.

The treatment that Lin Ran had originally planned to solve in half an hour took two hours.

What he didn’t know was that outside the house, He Tian’s group had returned again, only this time there was an old man with a wrinkled face.

They stood in the doorway without saying a word.

.....

The time went back two hours, the old ghost brought He Tian and the two of them back to the Chao Tian Pavilion’s landing place and immediately went to see the Grand Elder.

“Old Ghost, what’s the hurry!”

The Grand Elder sat down in his chair and put the book in his hand down, puzzled.

“Grand Elder! The divine Needle is out!”

The old ghost saluted respectfully.

“What did you say!”

The Grand Elder’s originally calm face suddenly changed dramatically, and his body could not stop trembling.

“You said that the divine Needle has come out? Where is it? When?”

“Just a moment ago, at the landing place of the Fire Family in Temperance City, and it was a youth who used it! The name is Lin Ran!”

The old devil said respectfully, and then told the whole story of what had happened before.

“These two bastards, we’ll settle the score with them when we get back, quickly take me to see Lin Ran!”

The Grand Elder hurriedly got up and said.

“Yes!”

The old ghost immediately led the Eldest Elder to run to where Lin Ran was.

.....

“Whew!”

In the room, Huo Xia revealed a rare look of relief, having been plagued by the Red Cold Poison for almost ten years, today he was finally completely free of it.

“Little friend Lin Ran, thank you so much!”

Fire Xia got up and saluted respectfully at Lin Ran.

Lin Ran, on the other hand, looked a little pale and nodded slightly.

“Senior Fireshire, can you tell us when you discovered this poison?”

Lin Ran asked.

“It must have been ten years ago, that time I was wandering the streets and ran into an old man, I didn’t care at the time, but after I returned my body started to feel ill!”

Firesia gritted her teeth and said.

“Senior Fireshire, it is my humble opinion that you had better thoroughly investigate the entire family to see if there is still this poison, and if there is solve it as soon as possible, otherwise the consequences will be endless!”

Lin Ran said.

“Yes!”

Fire Xia naturally didn't dare to be lazy.

“Right, little friend Lin Ran, you asked me to find a place to hide this living wood, why is that?”

Fire Xia wondered.

Lin Ran smiled bitterly and said.

“Because this living wood is now carrying the Red Cold Poison on your behalf, so if there is the slightest mistake, the poisoner will be able to detect it, and the person who is poisoned will only need a thought from him to die immediately!”

“What! So terrifying!”

Firesia sucked in a breath of cold air, no wonder Lin Ran had just asked him to thoroughly investigate who else in the entire clan had been poisoned with this poison.

“Alright, I've done everything that needs to be said and done instead, it's time to leave!”

Lin Ran slowly got up and dragged his limp body out.

Fire Summer's poison was too difficult to cure, and he was already exhausted after this trip.

“Coming out!”

As soon as the two Lin Ran came out, He Tian's voice rang out.

“Grand Elder, that boy has come out!”

He Fei was also busy shouting.

“Old man saw it!”

The Grand Elder said without good grace.

“Father!”

Seeing that Huo Xia had also followed him out, Huo Qian immediately greeted him.

“Father you!”

Fire Qian was a little excited, and at this moment he could clearly see that Huo Xia's face was even more rosy than before.

“It's alright! Thanks to little friend Lin Ran, the poison has been completely resolved!”

Firesia smiled.

“Little friend Lin Ran, from now on you will be a valued guest of my Fire Family!”

Huo Qian was thrilled, he didn't expect this poison to be solved by Lin Ran in the end.

“Little friend Lin Ran!”

Suddenly, the Grand Elder spoke up.

“You are?”

Lin Ran frowned slightly, the old man in front of him wasn't very strong, probably at the peak of the Heaven Seizing Realm, but at this moment, the old ghost was standing next to him, very respectful.

To be able to make a strong person of the Creation Realm, be his attendant, this skill was not something that anyone could achieve.

“I am the Grand Elder of the Chao Heavenly Pavilion, and I have a matter that I would like to confirm with little friend Lin Ran today!”

The Grand Elder arched his hand and said.

“Grand Elder, why are you being so polite to him!”

He Tian was full of confusion.

“Yes, Grand Elder, this brat has poisoned me!”

He Fei was also puzzled.

“Shut up!”

The Grand Elder turned his head with an icy gaze.

“The two of you will settle your scores when you get back!”

Said the Grand Elder with a wave of his hand, and the old ghost immediately retreated with the two.

“Little friend Lin Ran, do you need to be accompanied by old me?”

Firesia asked at the side.

This time Lin Ran had helped him greatly, if Chao Tiange wanted to do something wrong to Lin Ran, then he would have to protect Lin Ran even at the risk of his old life.

“No need, I believe that the Grand Elder of the Chao Heavenly Pavilion doesn't yet care to do a sneak attack!”

Lin Ran laughed indifferently.

In fact, at this moment, he didn't have much fighting power at all, and he was already very weak in order to detoxify Fire Summer.

At this moment, if the Grand Elder were to strike, he would not have the strength to resist at all.

“You guys are thinking too much, I only want to find little friend Lin Ran to make sure of one thing, I have no intention of making a move!”

The Grand Elder said blandly.

“In that case, let's go!”

Lin Ran shook his head helplessly, then turned around and returned to the room again.

The Grand Elder then followed him in as well.

However, just as he entered, the Grand Elder flipped his palm and a black bead was crushed by him.

“This is a shielding formation, now the conversations inside can’t be heard outside!”

The Grand Elder explained.

“Is it necessary to be so careful?”

Lin Ran laughed helplessly.

“There is a lot at stake, we must be careful!”

The Grand Elder had a serious face.

“I wonder what it is that has made the Grand Elder come personally?”

Lin Ran asked with a smile, since he had already entered, he could only listen to the fate of the heavens.

“Little friend Lin Ran, when you struck out at the old ghost earlier, you used a divine needle!”

The Grand Elder didn’t bother with nonsense and asked directly.

“Divine Needle? Never heard of it!”

Lin Ran frowned.

“It doesn’t matter if you haven’t heard of it, can you show me the silver needle!”

The Grand Elder’s eyes were filled with hope.

Lin Ran frowned slightly, this was his magic weapon, how could he easily show it to others.

“Grand Elder, don’t you think you’re asking too much? Is it appropriate to easily ask to see someone else’s magic weapon?”

Lin Ran’s voice turned a few degrees colder.

The Grand Elder was stunned, and was busy laughing.

“Little friend Lin Ran has misunderstood, I am not trying to snatch it, I just want to confirm one thing!”

“That won’t work either, unless you kill me!”

Lin Ran’s eyes became sharp.

The Grand Elder was in a bit of a quandary, pondering for a moment before suddenly speaking.

“In that case, then dare I ask little friend Lin Ran if he has ever seen the Nine Spectral Maiden!”

“Weng!”

As soon as those words left his mouth, Lin Ran was instantly shocked, the Nine Spectral Maiden turned out to be known by others as well.

“It seems that little friend has seen it before!”

There was wild joy in the Grand Elder’s eyes.

“I wonder if little friend and

The Grand Elder was about to ask, but Lin Ran interrupted him first.

“What is your relationship with the Nine Spectral Maiden?”

Chapter 1007

The Grand Elder was stunned, not expecting Lin Ran to make the first move.

However, on second thought, he was relieved, the current strength of the Chao Heavenly Pavilion was simply not something the youth in front of him could think of, so it was normal to be a little wary.

“Little friend Lin Ran, before answering your question, can you let me have a look from a distance, just one look and I will answer the question!”

The Grand Elder said.

“Is it so important to take a look?”

Lin Ran frowned slightly.

He didn’t want to say it first simply because he didn’t understand whether this Grand Elder and the Nine Spectral Maiden were enemies or friends, and once he said it first and it turned out to be a hostile relationship, he was afraid that it would be very troublesome.

“Yes!”

Lin Ran thought about it and agreed, it was only a glance from afar, not enough to reveal anything.

Moreover, the other party had come up and asked the Nine Ghostly Maidens, and the divine needles, so they obviously knew those silver needles within the bracelet.

Since such silver needles had already been exposed, it would be better to dig out more information by taking advantage of the situation.

Lin Ran stretched out his palm, and an exquisite bracelet immediately appeared in front of the Grand Elder’s eyes.

“This

The Grand Elder’s body stirred, almost sitting on his butt in excitement.

“What is this?”

Lin Ran was puzzled and even more puzzled, just looking at a bracelet! As for being so excited.

Moreover, at the Grand Elder's age, Lin Ran was really afraid that he might get too excited and have an accident if he couldn't get his breath back, then he would be too wronged.

"Little friend Lin Ran, did you get this bracelet from the Nine Mystical Girls?"

The Grand Elder's face was eager as he looked at Lin Ran.

"You're asking too much!"

Lin Ran's face sank as he became somewhat displeased.

"Sorry sorry sorry, I was too reckless, I should have answered you first!"

The Grand Elder gathered his thoughts and spoke.

"It's like this, I'm a named disciple of Senior Nine Specters, that's why I'm so excited to see Master's things!"

"Named disciple? What's your name!"

Lin Ran asked with a frown, though the look of caution between his features had become a few points less.

"I don't have a name!"

The Grand Elder said awkwardly.

"Actually, I'm an orphan, I was taken in as a name-bearing disciple by the Nine Ghosts female senior at first, she just called me Da to save me the trouble, it's just that later on Master she disappeared, so I became the Grand Elder that others talk about!"

"This"

Lin Ran was embarrassed for a while.

"Little friend Lin Ran, I don't ask for anything else, I just hope that you can tell me where Master she really is!"

The Grand Elder had a pleading face.

Lin Ran, however, frowned slightly, contemplating the authenticity.

"Little friend Lin Ran, I know it is hard for you to believe, but everything I said is true, I am willing to make a blood oath, I only hope that little friend can tell me where my master has gone!"

The Grand Elder had a serious face and followed, actually making a blood oath.

"Ai! Alright, I'll tell you!"

Lin Ran was helpless, someone had made a blood oath, what else could he say.

"The Nine Ghostly Maidens are already dead!"

"What?"

Hearing those words, the Grand Elder almost didn't faint.

"Where did her old man die?"

The Grand Elder's face was shocked, and tears even appeared in his eyes!

"The Ten Thousand Treasures Spell Formation!"

Lin Ran said indifferently.

"No!"

Suddenly, Lin Ran remembered a question and busily asked.

"The Nine Spectral Maiden has been dead for at least a few hundred years, you're her named disciple, so why are you still alive now?"

Thinking about this question made Lin Ran feel a chill down his back, could it be that the one standing in front of him was still a thousand year old demon?

"This"

The Grand Elder was a little embarrassed, pondering whether to say it or not.

"I can answer this question, but I need to confirm your identity!"

The Grand Elder looked towards Lin Ran.

"My identity?"

Lin Ran frowned slightly.

"What is your relationship with the Nine Mystical Maiden Master? This divine needle is impossible for others to use, but now that you can use it, you must have a relationship with Master!"

The Grand Elder said.

"You make a blood oath not to tell a second person about today's conversation, and I will tell you!"

Lin Ran thought about it and said.

"Yes!"

The Grand Elder didn't hesitate, and immediately made a blood oath.

He had come to Temperance City almost every year in order to find news of the Nine Ghostly Maidens, and now that he had easily waited for news, he would not hesitate.

Even if he was asked to give up his position as the Grand Elder of the Chao Heavenly Pavilion, he would not even hesitate for a moment.

"The Nine Spectral Maiden is my senior sister!"

Lin Ran spoke after a moment of silence.

“Senior sister?”

The Grand Elder immediately had that bag explode, but then he calmed down.

“No wonder! No wonder! No wonder you can use the divine Needle, it seems that it was all predestined in the underworld!”

The Grand Elder was thrilled.

“You still haven’t said why you’ve lived for so many years!”

Lin Ran asked, frowning.

“Actually, this is a very simple question!”

The Grand Elder cried and laughed.

“Back then, Master she drifted away and didn’t return for many years, while I was facing a big deadline, but I was never able to see Master again!”

“At that time, the Chao Heavenly Pavilion had just recently been established, and I was needed to preside over everything, so I had no choice! I chose this path!”

The Grand Elder said and took out a pharmacopoeia, on which were written four big words “Xuan Yin Pharmacopoeia”

“This is what Master gave me before she left, the last sheet on it contains a magical needle technique that can make a person stay at a certain stage forever without dying, but the corresponding strength will not increase either!”

The Grand Elder said here, with relief in his eyes.

“After all these years, I’m still a Heaven Seizing Realm, but now that I’ve been able to meet my master’s senior brother, I’ve also let go of my obsession!”

“Right, little friend Lin Ran, now that I’ve seen you, I can hand over the stuff like this!”

The Grand Elder said as he actually fished out a card from his pocket and handed it to Lin Ran.

“What is this thing?”

Lin Ran was a little puzzled as he held the card.

The card was four square and somewhat like a bank card, but there was no reason for this old man to give himself the same bank card.

Could it be that his senior sister used to be a big tycoon?

Was he going to inherit a hundred billion dollars of family wealth?

Lin Ran laughed in his heart.

“Lin Pavilion Master!”

The Grand Elder had suddenly even changed his title.

“This is the Pavilion Master Card of the Chao Heavenly Pavilion, holding this card is a symbol of status, seeing the card is like seeing the Pavilion Master himself!”

The Grand Elder said busily.

“Pavilion Master? What are you giving it to me for?”

Lin Ran was stunned, he was still a little surprised that Chao Tian Pavilion was Sister’s property.

But since it was senior sister’s, why did he need himself to be this so-called Pavilion Master.

“You don’t know, Pavilion Master, Master once said that if he was gone, in the future, this Pavilion Master’s position would be her fellow disciples’, that is, Master’s Master’s Master’s, but unfortunately, Master never appeared, so now this Pavilion Master is naturally yours, Senior Brother!”

Said the Grand Elder and smiled,? continued.

“In addition Pavilion Master, this card is actually also a special bank card, all the funds of the Chao Heavenly Pavilion are on it, exactly how much I have not counted, as for some other assets such as precious medicinal materials, they are all inside the headquarters!”

“Alright, alright, no need to talk to me about that, I’m not interested in money!”

Lin Ran said helplessly, daring to say that he had really guessed right, this was the entire inheritance of his senior sister.

“Alright let’s not talk about that, right Pavilion Master! There is something I must remind you of!”

The Grand Elder’s face suddenly became serious.

Chapter 1008

“Although our Chao Heavenly Pavilion is now a great power, and we don’t even fear any power in the slightest, there is one thing you should beware of!”

Grand Old Zhang said and lowered his voice, saying mysteriously.

“You have to be careful of the people from within!”

“People from within?”

Lin Ran was stunned, what did this mean, could there be people within the Chao Heavenly Pavilion who would turn against him?

“Indeed!”

The Great Battle Elder nodded his head and then explained, and only then did Lin Ran understand.

It turned out that the Chao Heavenly Pavilion wasn’t as calm as yo seemed on the surface.

The more massive the power, the more complicated the internal feuds and entanglements, and even the interests were complicated.

There were actually a total of eight elders in the Nine Mystical Maidens, all of whom were orphans that she had adopted back in the day.

The three most famous ones are the Second Elder, the Third Elder and the Fourth Elder.

When they were first found by the Nine Specters, they were abandoned because they were suffering from a bad disease, but they were later rescued and treated.

Later on, these three showed great talent and were deeply committed to the Nine Mystical Maidens, but there was nothing they could do. With the disappearance of the Nine Mystical Maidens, these three regretted the last stitch of the Xuan Yin Pill Canon when it was first administered, and have always wanted to continue their cultivation against the odds.

So they secretly had ties with a hidden family, only that they had never succeeded.

“Our Chao Heavenly Pavilion’s power is mainly dependent on the attachment of strong people, of which the Second Elder has the most followers and is the strongest!”

The Eldest Elder said helplessly.

“Moreover, after so many years, he has coveted this position of Pavilion Master for a long time, so I don’t think it’s appropriate to disclose your identity as Pavilion Master for the time being!”

“Mm, I understand this!”

Lin Ran nodded, it was also true that he had no desire to reveal his identity right now.

The old ghosts around the Grand Elder alone were all Creation Realm powerhouses, he wasn’t foolish enough to mess with the even more terrifying Second Elder right now.

“But don’t worry, Your Highness, I will send Old Eight over when I return, so that he can be based in Temperance City and we can contact each other in time if anything happens!”

The Eldest Elder said.

Lin Ran nodded slightly, it wasn’t that he was afraid for his own safety, the main reason was that the four daughters were all living in Temperance City, if the Second Elder were to find a hidden family to make a move on the four daughters, he would inevitably not feel at ease.

And now that he had the Eight Elders sitting in Temperance City, he could breathe a sigh of relief.

“Right, Pavilion Master, when do you plan to make this identity public? I will give you a reception at that time!”

The Eldest Elder asked.

“Not for now, at least until I reach the Realm of Creation!”

Lin Ran said.

He himself was currently only at the Heaven Seizing Realm, and although he was only one realm away from the Realm of Creation, he didn’t know how long it would take.

The two of them chatted for a little longer before they left the room one after the other.

“Eldest Elder!”

Seeing the elder come out, He Tian He Fei both had an anxious look on his face.

“Alright, things have been said, we’ll clean up after you two when we get back!”

The Grand Elder said in no good humour.

“But Grand Elder, the poison in my body”

He Fei was a little embarrassed, after all, the poison hadn’t been cured yet.

“I will help you solve it later, let’s go!”

The Grand Elder greeted him and left with his people at once.

Lin Ran then also bid farewell to Fire Diver and left with Qin Bing.

As for Qin Ji, he directly got into his car and returned to the imperial capital, this exchange meeting had ended and there was nothing for him to do if he stayed behind, so he naturally went back.

“In a few days, I’ll introduce someone to you!”

In the car, Lin Ran laughed.

“Who is it?”

Qin Bing was stunned and a little curious.

“The Eighth Elder of the Chao Heavenly Pavilion!”

Lin Ran laughed, while handing the Xuan Yin Pill Canon to Qin Bing, although he naturally tore the last page, the needle technique on the last page was too bizarre and he needed to study it properly.

“This Pill Dictionary!”

Qin Bing was instantly taken aback.

“This Pill Dictionary is more suitable for you, but remember that in the future, when you use the methods on this Pill Dictionary, you must use them alone and not let outsiders see them!”

Lin Ran reminded.

“Why?”

Qin Bing did not understand.

Lin Ran, however, did not explain too much, and only said blandly.

“Do as I say, it’s right!”

“Er”

The next few days were peaceful for Lin Ran.

Soon after, he also received news of the arrival of the Eighth Elder.

Lin Ran personally entertained him, introduced Qin Bing and the Eighth Elder, and instructed him to call on the Eighth Elder if he needed anything in the future!

After settling in with the Eighth Elder, the thread that was hanging in Lin Ran's heart was finally settled.

Especially after learning that the Eighth Elder had brought with him three strong people from the Creation Realm, Lin Ran was completely relieved.

For the next month, Lin Ran did not contact Song Jian, but it seemed that this kid was also saving his breath and preparing to start a business.

It was said that he had already looked into several projects and would start investing in them in the near future.

In the past month, Lin Ran has been making a lot of moves, helping Luo Ran Finance to expand its business, and the business is getting bigger and bigger, even to the extent that it can vaguely compete with the Luo family.

After all, Luo Qiqi was his own daughter, and the bigger her business with Lin Ran became, the more it would help him.

And with the Chao Tian Ge bank card in hand, Lin Ran could be said to have now got hold of fifty percent of the world's money.

This was something Lin Ran would only learn later, the power of the Chao Tian Pavilion was truly terrifying.

They only saw patients for the great families and were all cultivators, so the money was simply staggering to Lin Ran.

It was not even too much to say that he was super rich now.

Still, openly these things couldn't be said.

Moreover, knowing that there were many conflicts within the Chao Heavenly Pavilion, Lin Ran was helpless to feel that this Pavilion Master was not a good one to be.

.....

Three months later, in February after the New Year, there was only one month left before Lin Ran's one-year appointment.

And Lin Ran is getting more and more worried about this time, do not know how to choose.

On this day, Song Jian, whom he had not contacted for a long time, suddenly came to call.

"Ranzi, are you free tonight, come out and get together!"

On the phone, Song Jian's voice was a bit low, as if he had come across something.

"Location!"

Lin Ran asked directly without any nonsense.

“The restaurant next to the university!”

Jian Song said.

Lin Ran nodded his head and hung up the phone immediately.

At eight o’clock in the evening, Lin Ran appeared on time.

But what surprised him was that? Not only did Song Jian come, but even Liu Chen Zhang Xu and Liu Yusong, who were fighting in the imperial capital, had come.

And looking at the cars the three drove, it seemed that business was doing quite well.

“Old Six!”

“Ranzi!”

When the classmates met, there was no shortage of pleasantries, and Lin Ran realised that Liu Chen and the others were already doing quite a big business, and were even very famous in the imperial capital.

“Well let’s not bullshit, this time I’m back mainly because of Lao Wu’s matter, I’ve already got the information!”

Liu Chen said as he directly placed a pile of documents on the table.

Lin Ran, however, frowned slightly.

How come he didn’t know anything about Old Fifth.

“Old Fifth, what’s wrong with you?”

Lin Ran asked as he busily looked at Song Jian.

“It’s not really about me, it’s my parents’ company that’s having some problems!”

Song Jian said with a frown.

“What’s going on, say!”

Lin Ran frowned even harder, Song Jian’s parents’ company was in trouble, such a big matter had actually not been told to himself before.

“Ranzi, don’t be angry, I was too busy and dizzy to tell you first some time ago, and I didn’t really want to bother you at the time!”

“But now this is something we’re afraid we can’t handle anymore, so we can only look for you!”

Jian Song said with some guilt.

“If you consider me a brother, just say so!”

Lin Ran cut to the chase.

Chapter 1009

Under Lin Ran's questioning, ? Only then did Song Jian reveal the truth.

It turned out that a company run by Song Jian's parents had recently been forcibly acquired by an outside force.

Originally, his own private company did not want to make a bid, and there was almost nothing the other side could do.

But the opponent was too strong, whether in terms of capital or connections, and was not something that Song Jian's parents could counter, which led to the company being unable to function properly for a while.

"I don't know who the other party is, I just know it's someone called Long Fei!"

Jian Song said helplessly.

"This Long Fei we have checked with our connections in the imperial capital, it is said that he is the young master of a big family, and all the signs can show that this is afraid to be true!"

Liu Chen said with a frown, while taking out a pile of documents.

"This is the information we found out in the past few days, it is said that this Long Fei is quite generous in his spending, and he has also toyed with quite a few ladies from big families in the imperial capital before, but in the end those big families actually chose to put things to rest!"

Zhang Xu also frowned.

"Originally, we wanted to settle this matter ourselves, but now we feel that the other party is afraid that they are very big, so we have no choice but to look for you!"

Liu Chen sighed.

"Long Fei?"

Lin Ran frowned slightly, he always felt as if he had heard this name somewhere before.

Long Fei Dragon Fei!

"Hm?"

Suddenly, Lin Ran remembered someone.

"Long Yue!"

Long Fei and Long Yue were too similar, both had the surname Long and both had the same name in one word, and the key thing was that this Long Fei was also from a large family.

"Could it be someone from the Nanyang Dragon Family?"

Lin Ran's heart rose in suspicion, while feeling that things were a little uncomplicated.

"In that case, you guys wait for now, I'll go and ask about the situation!"

Lin Ran said, while getting up and going out to call the Eight Elders.

“Pavilion Master!”

The Eighth Elder was very respectful, especially after learning that Lin Ran was the Nine Spectral Maiden’s senior brother, he was already dead set on following Lin Ran.

“Eighth Elder, let me ask you a question, does the Long Pingtian of the Nanyang Dragon Family have a descendant named Long Fei among his descendants?”

“Long Fei? That’s Long Pingtian’s eldest son! What is it, Master? Did he provoke you?”

The Eighth Elder asked busily.

“No, messed with my friend!”

Lin Ran frowned and said.

“Your Highness, according to the reports from the spies we put out, the Nanyang Dragon Family has been making a lot of moves recently and seems to have plans to make an appearance!”

“Out of this world?”

Lin Ran’s frown tightened.

“Yes! In the past, the Long Family never got involved in matters in the mundane world, but recently we found out that Long Pingtian’s three sons have appeared in various major cities one after another and purchased a large amount of company assets, as if they are preparing to make an appearance!”

The Eighth Elder said busily.

“Good! I got it!”

Lin Ran nodded his head.

“Right, Pavilion Master, this Dragon Family is not to be underestimated, so you should be careful! Call out to me immediately if there’s a problem!”

The Eighth Elder busily said.

“I know!”

Lin Ran said and hung up the phone.

The Nanyang Dragon Family was indeed not to be underestimated, although there weren’t many strong people from the outer clan, what really made Lin Ran fearful was the inner clan of the Dragon Family.

Just like the Li family and the Fire family, the inner clans of these families were all bound to be cultivators and should be extremely strong.

As for the Qin and Yue families, Lin Ran was not sure if they had inner clans, but it was clear that these two families should be weaker in front of the Li family or even the Fire family and the Dragon family.

“I’ve checked this matter, it’s the Nanyang Dragon Family!”

Lin Ran said directly when he returned.

“The Nanyang Dragon Family? Is it very powerful?”

The three of them, Liu Chen, frowned slightly.

Especially Song Jian looked at Lin Ran with a nervous face, there was no way he wouldn't be nervous when it was about his parents.

“The Dragon Family is very strong, I just didn't expect them to come after your parents this time!”

Lin Ran said helplessly.

“But since they've found them, then we don't have to be afraid, we're brothers, I'll take care of this!”

Lin Ran said seriously.

“Ranzi, or else”

Song Jian hesitated.

“Or else forget about it, if the other party is really coming from a big place? Or else we'll just admit it!”

Song Jian was not really afraid, but did not want to involve Lin Ran, after all, Lin Ran from nothing in college, so easy to have today's status, he really did not want to let Lin Ran be implicated because of his own affairs.

As for his parents, to put it bluntly, acquisition is acquisition, anyway, there is still money to take, the big deal is to change the place and open a company again.

“Does the other side coming from a big place have to be naturally unlucky?”

Lin Ran looked at Jian Song.

“If your parents really had the intention of selling the company, I wouldn't ask a word, but your parents don't want to sell! What's the difference between them not wanting to sell and you not wanting to sell!”

Said Lin Ran, an icy coldness appearing in his eyes.

“In my life, I, Lin Ran, had no friends in primary school, no friends in high school, as long as I met a few of you in college!”

“When I was at my most desperate, you guys didn't even dislike me a single word, I, Lin Ran, swore at that time that you guys were my brothers for life, no matter what you guys encounter in the future, as long as I can help out there will be absolutely no second thoughts!”

“Maybe you think it's just an ordinary thing, but to me at that time, it was a great help, even if it was just a kind smile, to me at that time, it was a spring breeze!”

“No more nonsense today, I, Lin Ran, will leave it at that, your business is my own!”

Lin Ran said looking towards Song Jian with a serious face.

“I only ask you one thing, do your parents want to sell this company or not, if you want to sell it, forget about it! If you don’t want to sell it, I, Lin Ran, will take care of it!”

“Ranzi!”

Song Jian was a bit moved by what he heard, the company that he had worked so hard to run, who would want to sell it until he was playing it to his heart’s content.

“It’s worth it for me, Song Jian, to have a brother like you in this life!”

Song Jian said with a bitter smile.

Liu Chen and Zhang Xu and Liu Yusong at the side also laughed.

If there was no Lin Ran, I’m afraid they would still be living one day at their respective posts.

But now they were all together, starting a business!

As for the oldest three Wang Yi, the crowd did not want to disturb his life, after so many trials and tribulations, always living with the woman they love most, peace is rare and precious.

That night, Liu Chen three people went back to the imperial capital in the night, this time the opponent of the matter was the Long family after all, Lin Ran did not want to let the boss and the others to trip this messy water.

Moreover, this time, I am afraid that it will not be too easy, so Lin Ran did not want too many people to get involved.

Before leaving that night, Lin Ran and Jian Song agreed to go to Jian Song’s parents’ company tomorrow to check out the situation.

After bidding farewell to Jian Song, Lin Ran left alone and called Wang Yifeng halfway.

It had been a few days since he had last let this guy leave with Fei, and he didn’t know what this guy was up to.

“Ranzi, what’s wrong?”

On the phone Wang Yifei’s voice stuttered, obviously drunk again.

“Why are you and the rotten drunk again!”

Lin Ran said helplessly.

“Master Fatty, I’ve lost my love! Xiao Cui has officially left Temperance City today!”

On the phone, Wang Yifeng was very lost and said.

“Fine, keep drinking then, but from tomorrow onwards, adjust your mind for me, we’re going to do something big!”

Lin Ran said.

“Fine! Let me not get drunk tonight first!”

Wang Yifeng said and hung up the phone.

Lin Ran shook his head helplessly, he used to think that Fatty Wang was joking, but now it seemed that he was afraid that he had really fallen for that Xiao Cui.

Chapter 1010

Qin Bing has just taken over as hospital director, and with Li Zheng's help, Lin Ran does not need to worry too much.

Luo Qiqi manages Luo Ran Finance, and with Luo Ming's guidance there is naturally no need to worry.

Su Rou has been teaching at the school for a long time, so she is the most reassuring.

Song Nuan is the only one, this girl is not sure what she is doing these days, ever since she came back from Lin Jia Wan, she seems to have found her purpose in life, she is busy every day not knowing what she is doing.

.....

There was no talk all night.

The next morning, Lin Ran went to her parents' company with Song Jian early in the morning.

It was a medium-sized stationery company, and almost all the products it produced were sold in the city.

But who would have thought that such an insignificant company would become the target of the Long family's snatching.

This was what Lin Ran couldn't figure out. It was reasonable to say that the Long family was a big family, even if they wanted to come out of the world, they would just buy a few big properties.

There was no need to come out and show their faces for some small businesses.

With thoughts in mind, the two had already arrived at the company office.

"Mum! This is my classmate Lin Ran, here to help!"

Song Jian said, while somewhat puzzled.

"Where's my dad?"

"Your dad he hasn't come back yet!"

Song Jian's mother Lin Ran said worriedly, then remembered something and revealed a bitter smile.

"Song Jian, I've known Lin Ran for a long time and it hasn't been a day or two, this time our family is in this mess, even your Uncle Liu can't help, it's better to let Lin Ran go back!"

Lin Mei lamented.

Lin Ran could tell that Lin Mei did not mean to look down on her in her words, purely because she did not want to be distracted by this.

"Mom, actually Lin Ran is"

Song Jian just wanted to explain, but suddenly there was another knock at the door.

“Who is it!”

Song Jian was impatient.

Opening the door to the room to see that he actually did not recognize it.

“Who are you?”

Jian Song frowned slightly.

“Mr. Lin, this young master must be your son, he’s quite handsome!”

A twenty-seven or twenty-eight year old youth at the door sneered, he had a scorpion tattoo on his face and looked very grim.

“Scorpion, I’m warning you! Business is business, but don’t hit on my son! Or I’ll fight you!”

Lin Mei was so eager to protect her calf that her face turned a few shades grimmering.

“Don’t worry, Mr. Lin, I’m not interested in your son!”

Scorpion said as he raised said bag of documents and dropped it directly on the coffee table.

“I’m just an errand boy, take a look for yourself!”

After saying that, Scorpion turned around and left the office.

“This is outrageous!”

Lin Mei clenched her silver teeth, but quickly suppressed the anger in her heart, picked up the document bag and opened it.

There was only one piece of A4 paper in the file bag, and when Lin Mei picked it up and took a look, her whole body was suddenly stunned.

“Mom what’s wrong?”

Song Jian was startled and was busy coming over to take a look, and suddenly his whole body was also confused.

“Mum! How come this contract is a complimentary contract!”

That’s right, the contract was exactly a gift contract, not even an assignment, but a gift.

“Those bastards!”

Lin Mei’s eyes instantly turned red before she then spilled the beans.

It turned out that when Long Fei had first approached their company, he had proposed an assignment, which was a way to give money.

Only at that time they didn’t agree to it, and they hadn’t really come across anything in Tamkang City that forced them to sell and buy the company, so they didn’t care.

But who knew that this time what they were sending was actually a gift contract, which was simply trying to force Lin Mei and the others to death.

“Mum! Or we should call the police!”

Song Jian was full of worry, this was obviously no longer a business war, it had evolved into a forced takeover, what else could they do if they didn't call the police for this kind of thing.

“Yes! Call the police!”

Lin Mei also reacted.

But before she could get to the phone, the office landline was already ringing.

“Mr. Lin, long time no see!”

As soon as the phone was connected, a young man's low voice came from inside.

“Long Fei, what the hell do you want! I'm just a small company, why do you want to cross us!”

Lin Mei questioned angrily, she was only a small company, why did she have to find herself.

“You've really asked me that question!”

Long Fei laughed.

“To be honest, you can only manage your bad luck, you picked a random one and it found you, that might be God's will!”

“What bullshit luck, you just did it on purpose!”

Tears had appeared in Lin Mei's eyes.

Song Jian looked heartbroken and directly grabbed the phone.

“What dog than Long Fei is it, I tell you, you never want us to sign the contract,? You are threatening believe it or not we call the police!”

“O? You should be Song Jian, right!”

There was no change in Long Fei's voice, as if he had expected it.

“Exactly your grandfather!”

Jian Song said angrily.

“Oh, young man, it's useless to put harsh words, if I dare to send you a contract, I can naturally make you sign it honestly!”

Long Fei said blandly, followed by a murmur on the phone, followed by the angry voice of a middle-aged man! ”

“Who are you guys? What do you want!”

“Let go of me, you're kidnapping!”

“Dad!”

Song Jian’s eyes turned red even as he heard this, a voice he was all too familiar with, it was the voice of his own father, Song Changshan.

“What the hell have you done!”

Lin Mei hissed, her entire body going limp on the sofa.

“Nothing!”

Long Fei said blandly.

“Just want to advise you to get the contract signed as soon as possible, I’ve thrown you a farewell reception tonight, bring the contract to the Regal Hotel at 8pm and your family of three can be reunited.”

“Remember, 8pm, Regal Hotel, if you don’t show up! Your good father, good husband will have to vanish into thin air!”

After saying that, Long Fei directly hung up the phone.

“What to do!”

Lin Mei sat on the floor, her whole body already lost in thought.

“Mom!”

Song Jian also fell into tears, his father, who had always been like a big mountain, had actually been kidnapped, he felt like the whole family’s sky had collapsed.

“Ranzi! Ranzi, what to do! What to do!”

Song Jian suddenly looked at Lin Ran, I’m afraid that Lin Ran was the only one who could save his father now.

“Hold on guys, let me check your father’s location first!”

Lin Ran said, while taking out his mobile phone and calling the Eight Elders.

The information soon came back.

“Well?”

Song Jian asked busily.

Lin Mei, on the other hand, was not too hopeful.

She knew Lin Ran’s family history very well, and she hadn’t had much hope since Lin Ran appeared.

“Song Jian, call the police! Call the police, your father has been kidnapped!”

“Mum! Calm down, the only one who can help us now is Lin Ran!”

Song Jian was busy advising.

“How can he help? Don’t I know what Lin Ran’s situation is? How do you want him to help?”

“Mum! Lin Ran is not the same person he used to be, Luo Ran Finance is his!”

“What did you say?”

Lin Mei froze, looking at Lin Ran with a bewildered expression.

Luo Ran Finance, who in the entire Temperance City business community didn’t know that it was a company that had more potential than even the Luo family, but his own son actually said that it was Lin Ran’s company, how was that possible.

“Auntie, there are some things that are long, let’s talk about them later, for now, I have found out where uncle is!”

Lin Ran didn’t bother to explain and went straight to the point.

“Ranzi, then let’s hurry up!”

Song Jian said busily.

Lin Ran, however, shook his head and said.

“You guys can’t go, I’ll go on my own in this matter!”
